

LAYS BARE HUN PLOT IN MEXICO

INVASION OF U. S. PART OF GERMAN PLAN

Dr. Altendorf, American Secret Service Agent, Tells the Story.

CARRIED MESSAGES BETWEEN PLOTTERS
Hired as Spy for the Kaiser, He Turned Information Over to American Officials.

NEW YORK, Aug. 23.—Revelation of extensive German plots in Mexico during the war, which included a proposed invasion of the United States by a German Mexican army of 45,000 men, at the same time that the Germans intended their last drive on the western front in July, 1918, was made here tonight by the National Association for the Protection of American Rights in Mexico, which gave out a statement by Dr. F. B. Altendorf, formerly agent of the United States military intelligence department, reciting his experience as an American secret service agent in that country.

Hired as a Spy.
Dr. Altendorf, the son of a Polish nation in Crecow, Austrian Poland, abandoned a medical course in the University of Vienna at the outbreak of the war and fled to Mexico, where he was offered a position as a German spy to operate against the United States by John Jabnik, head of the German secret service in Mexico.

With pretended reluctance, he said, "and at once found myself in a position to render valuable service to the allies in general and to the United States in particular."

Warns American People.
He opened communication with the border as a volunteer worker to the military intelligence department, he claims, and later was sworn in as a special agent of the military intelligence department.

Dr. Altendorf warns the people of the United States against a proposed German commercial conquest of Mexico.

"Within six months after the United States ratifies the treaty," he says, "Germany will have complete economic control of Mexico. Within a very few years, if they are permitted to carry out the plans they have formulated, we are now negotiating, as fast as they can, the Germans will have absolute economic, political and military control of Latin America with headquarters in Mexico."

Helped Train Reservists.
Referring to the proposed invasion of the United States, Dr. Altendorf sets forth that in his capacity as a captain in the German army, he was helped to train 900 German reservists in Sonora, who were to form the nucleus of the proposed German Mexican army and that in his true character as an American secret service agent he persuaded the road from being carried out.

"This ambitious scheme," he said, "was financed by von Eckhardt, German ambassador to Mexico, and was undertaken with the cooperation of Carranza."

Tests of Service.
Dr. Altendorf, enumerating his services in Mexico, says in part: "I delivered into the hands of the United States military authorities the German Agent Lathar Witke, alias Pablo Wabinski, the most important individual capture of the war so far in the forests of the Pacific northwest. Wabinski was a man who had boasted to me that he had blown up several munition plants and stores of explosives, including the Black Tom explosion in New York; blew up some ships and caused disastrous fires in the forests of the Pacific northwest. Wabinski was on his way to the

ARCHDUKE JOSEPH QUILTS GOVERNMENT

By the Associated Press.
Effort to Reestablish Hapsburg Control in Hungary Comes to an End.

BUDAPEST, Aug. 23.—Archduke Joseph and the cabinet of Premier Friedhofel have resigned as a result of the refusal of the peace conference to recognize them.

RESIGNATION IS FORCED.

BUDAPEST, Friday, Aug. 23.—In order to force the situation, a meeting of representatives of the different Hungarian parties was held here yesterday at which it was decided to request of the entente direct declaration of their attitude toward Archduke Joseph and whether he is persona grata.

Meanwhile, the Hungarian propaganda continues. The unfavorable reception of envoys toward joint action with Rumania is pronounced in Hungary that the Hungarian agents have taken another tack, pointing out the advantages of an economic alliance—enraged, because degree of political harmony along certain lines. The attitude of Premier Friedhofel in the present situation is another factor giving the entente representative some concern. It is believed to be the guiding spirit in the machinations and political moves with the Hungarians, resulting in hindering negotiations for the establishment of an acceptable government.

CARRANZANS CAPTURE 8 OF REUTERIA LOT

Bandits Are Rounded Up in a Dance Hall at Coyanne.

WORK OF EXPEDITION COMES NEAR ITS END

One More Dash to Be Made, Following Which Withdrawal of Troops Is Expected

MARFA, Tex., Aug. 23.—Eight bandits believed to be part of the Jesus Reuteria gang, which kidnaped Aviators Peterson and Davis, have been captured by Mexican federal troops at Coyanne, Chihuahua, according to a report to Colonel George F. Langhorne from Mexican Consul Cosme Benavente at Presidio tonight.

The bandits were captured in a dance hall after the federal troops had surrounded it, the report says. The bandit march to Coyanne from Chihuahua City.

The prisoners were taken to Chihuahua by General Manuel Dieguez's cavalry, the report said.

Army headquarters here announced the Mexican cavalry troops had been seen by aviators marching toward Coyanne. The time of the capture was not given.

The airplane which Lieutenants Davis and Peterson were forced to abandon in Mexico has been located far up the Conchos river, according to reports brought to the border tonight by a Mexican.

Six Mexican suspects were picked up below the border today and brought to Coyanne, Tex. for examination. Some of them may be delivered to civil authorities on charges of violating state laws.

Gang Broken Up.

Army officers here tonight say the arrest of the eight bandits at Coyanne probably means that the Reuteria bandit gang has been broken up. Reuteria's home is said to be near Coyanne and the troops have been instructed to search there for him.

Unless the American troops pick up a hot trail, it is believed they will return before they have been a week in Mexico.

The final dash after the Reuteria bandit will be begun at dawn tomorrow. The cavalry is now in the vicinity of the homes of Jesus and Joseph Reuteria and Jesus Moravia, three leaders of the gang. If the bandits are not found tomorrow it was said the order for withdrawal could be expected Monday.

MEXICANS ARE THROUGHT PRESIDENT.

PRESIDENT, Tex., Aug. 23.—The capture of the eight bandits at Coyanne evidently has resulted in the end of the Carranza "federal troops" pursuit of the Mexicans. Colonel Bondonchea tonight received word from General Francisco that his troops were returning to Olancho.

There was no indication of any hostility to the Americans, his reports said.

He had not received until reaching here tonight any report on the progress of his troops in the Rio Grande near Candalaria.

General Dickman said that he hoped to be able to make a more definite statement regarding the pursuit tomorrow.

Three Hundred Regulars Unfit for Service, They Say.

The soldiers, who had been on leave, are for the most part veterans. They objected to embarking because they had heard they would be sent to the Black Sea after their arrival in France, whereas they had received promises that no one would be sent to Russia unless he volunteered.

The men are quartered in a public park. Perfect order prevailed. A war office statement tonight says that the men were being sent to Turkey, not to Russia.

MAN'S DEATH A MYSTERY; 3 ARE IN JAIL

Spree Ends With J. M. Tolliver, Pool Hall Employee, in the Morgue.

TWO WOMEN AND FERRY OWNER UNDER ARREST

Women Declare Blow by Timber Killed Man—Kingswold Says He Fell From Car.

James H. Tolliver, aged 42, a dead, and Irma Bowen, May Marshall and "Andy" Kingswold, the latter of the Shoshone Falls ferry, are in jail as a result of a "spree party" which started Thursday night. The three who are under arrest will be held pending the results of an inquest and autopsy into the causes of the death of Tolliver.

The whereabouts of \$450 which the divorced wife of the dead man declared was in Tolliver's possession Thursday morning before he started the trip that ended in his death is a mystery.

Identify Mystery At First.

Arrest of the trio followed an all-attorney investigation by Sheriff Sprengle and his force, and the police department as to the identity of J. E. DeWitt was called to Kimberly to bring a man who had been injured in an automobile accident to the hospital. The call was placed by Dr. Davis of Kimberly. DeWitt brought the injured man to the county hospital telling the attendants that the fellow's name was James Tolliver. In less than two hours DeWitt was called to take the body to the undertaking parlor.

This commenced the search for relatives of the dead man. DeWitt had been told that Tolliver had been staying with Kingswold and two friends, and that Kingswold had said that the man had been employed at a local pool hall.

A visit was made by the police to all the pool halls, but that of Mike Turner under the Hill white store, but no information could be secured that Tolliver or Tolbot was in any of them.

Discover His Name.

Last evening Canner's establishment was visited and it was then that the name of the man was found, he having worked there since July 5 this year. Shortly after the police had been there a brother-in-law of the divorced wife of Tolliver entered the establishment run by Canner and was informed of Tolliver's death. Mrs. Tolliver and the couple's two children were then notified and went to the undertaking establishment.

At 8 o'clock a representative of The Chronicle called up Kingswold on the phone and asked him how the accident occurred. He said that he had met Tolliver in Twin Falls for the first time Thursday night. Tolliver had been taken riding. He said that they went to his place at the ferry and stayed all night and then decided to go to Arden City with a couple of friends of Tolliver. He said that they hit a soft place in the road and that the car skidded throwing Tolliver out.

Bottle to Dinner.
"Tolliver had a bottle," said Kingswold, "and he was pretty well 'tossed up' and fell out of the car striking his head. We took him to a doctor and I wanted to take him back to Twin Falls, but the doctor said he'd call an ambulance. We then went to an Arden City. How is the fellow?"

Terms of Tolliver's Death.
"Why, he's dead," was the reply. "Was, good God, no," said Kingswold. "Jim, that too bad!"

"Who were the friends with you?" was asked Kingswold.
"I don't know, they were friends of Tolliver."

SPORT JAZZ

BY RAZZ BERRY

A good game is promised at West today. Both Twin Falls and the West-end aggregation are going to fight it out for the fourth place in our little league and today's game will just about settle the standing of these aggregations when the final comes.

Two good pitchers will be in the second Frankford for Rupert and Anderson for both.

Twin Falls originally brought Anderson to this part of the country. But he arrived too late to participate in the game that was of all importance to Twin Falls—the last one with Barney.

Es. Grant drew another hit today over coffin yesterday when they lost one while Cincy was winning two.

The Reds are now eight games in the lead—three and half more than they were when they started out. They have 12 more days of the contest to be spent on the road. Several postponed games will be played in addition to the series with Philadelphia (Chicago and St. Louis. An even break would let the Reds come home with confidence. Deal to 6-0, set 6-3 in the pennant fight.

Speaking of runs, that in the Coast league, is some beauty.

It started Tyler Christian to thinking of the old days when he was home pumpkins in the Coast League himself.

"The race in 1912 was the best even" said Tyler yesterday. "Two weeks before the contest ended Oak-

land was in first place, Los Angeles second, and Vernon third.

"The Los Angeles team seemed to have the best chance against us but they ran into a streak of hard luck and were eliminated when the last week's series started. We also had a hard time of it and while Vernon had to have a clean sweep of the last two weeks and we had to lose half of our games and it air looked like we were due to win, the Vernon outfit managed to come across with the "impossible." They played Portland last week and we played Los Angeles, they had pickings and we had to fight it out with a recent pennant contender.

On Wednesday we were half a game behind. They kept the lead through Saturday when we went in the lead by half a game. Both were to play double headers in the morning. We beat Los Angeles and when we left the ball park the score board showed Portland ahead of Vernon by seven games. We thought we had the pen-

nant clinched, and we planned a luncheon that afternoon. Just before the game started we found that Vernon had come from behind and that we would have to win that afternoon game to be sure of the tag. We made four runs in the first inning, won the game, and the pennant, but there never was a bunch of mugs fanned out ball players in the world when the last Los Angeles man went out in the ninth.

"Eddie Miller story is an example for the cigar-chewing fans who believe Cincy and Chicago are certain of that pennant. Of course we think CINCY is sure, but we can't help but be doubtful about Chicago.

Eddie Miller, the star pinch hitter of the Chicago White Sox, is topping the American league batters with a mark of 476, according to averages. He beat Los Angeles and when we left the ball park the score board showed Portland ahead of Vernon by seven games. We thought we had the pen-

Ty Cobb, of Detroit, is the real leader, some 150 points behind Miller. The Detroit had an average of 374 made in 90 games. Jacobson, of St. Louis, is the runner up to Cobb with 352.

George Staber, star of the St. Louis club, is showing the way to the big leaders with 29 thefts. Staber also is in front in total bases with a mark of 210.

AMEND TREATY PROVISION AS TO SHANTUNG

Strike Out Word Japan and Substitute the Word China

COMMITTEE DELAYS BY ASKING DOCUMENTS

Lodge Declares That the Loss of Time Is Due to Absence of Needed Records.

By the Associated Press.

WASHINGTON, Aug. 21.—After voting to amend the present treaty by striking out Japan's title to the German rights in Shantung, the senate foreign relations committee notified President Wilson today that it could not intelligently proceed with its work on amendments until it furnished additional information.

The action on the Shantung provision was taken in short order, Chairman Lodge proposing the amendment and the committee adopting it virtually without debate. The vote was 9 to 8, with all the moderate Republicans and Senator McClure, republican, North Dakota, voting in the negative.

Documents Are Needed.

Then the point of inadequate information was raised by Lodge, declaring there were in the presidents hands important documents which were absolutely essential to the re-consideration of questions involved in the committee's work. During its entire consideration of the treaty, the chairman said, the committee had been hampered by lack of information that should have been given it weeks ago.

Want Prompt Action.

Democratic members are understood to have expressed general opposition to any extension of the committee's plan for prompt action, but finally on motion of Senator Williams, democrat, Mississippi, and without a record vote, the chairman was instructed to ask the president for the treaty with Poland signed on June 28, two documents regarding the Russo treaty as they are, and that the States was a party, and such information as may be available about the treaties now under negotiation.

with Austria, Hungary, Bulgaria and Italy.

Take Short Cut.
In amending the Shantung provision, the committee took the most direct method. Chairman Lodge immediately moved to strike out the word "Japan" wherever it occurred in the article relating to the German Shantung rights and to insert instead the word "China." The effect would be to restore to China all the German holdings in Kiao-Chow and vicinity.

With the committee's action the fight over the Shantung settlement transferred to the senate floor. Republican leaders say they have no votes to uphold the committee amendment but administration senators appear equally certain that it will be beaten.

No Debate Needed.

Members said their vituperation was a disposition of the proposal when it came before the committee today, those on both sides having made up their minds and the subject having been debated at length in the senate. Senator Brandegee, republican, Connecticut, asserted all of the American voters to appear before committee on believing the award of the Shantung rights to Japan was wrong, and asked that the committee vote for what it believed was right. Senators Hitchcock, Nebraska, Pittman, Nevada, and Shields, Tennessee, denunciations were absent but their votes were recorded in the majority.

Have Hearing on Treaty.

All of the documents asked for by the president, republican members declared, had a direct bearing on the treaty now under consideration and should go before the committee officially when it acted. The Treaty and the Hlbin agreements had been submitted to the British house of commons some time ago, it was asserted and British prints had been received unofficially by committee members and put into the senate record.

What effect the request for information might have on the hopes of some members for a committee report next week was a matter of wide speculation. Chairman Lodge declared that consideration of the treaty was progressing as rapidly as possible and that any delay had been due to an inability to get information. Some democratic members on the other hand, openly charged that committee action was being unscrupulously delayed by the treaty's opponents.

TWIN FALLS MAN ASKED TO TESTIFY

American Legion Adjutant-Financier Office Suggests Committee at Wadsworth's Request.

Vernon Callier, state adjutant-in-chief of the American Legion. The committee will consist of Chief Justice William M. Morgan, former Governor James H. Hawley, Frank Estabrook of Nampa and E. C. Boom of Moscow.

The committee was elected after the receipt of a telegram from Henry D. Lindsay, national chairman of the Legion. The telegram says: "Senator Wadsworth desires names and addresses of representative citizens to appear before committee on military affairs to obtain their opinion regarding military legislation pending before congress. The person will in no way represent or act in name of the American Legion, but will visit Washington solely in personal capacity."

CARRANZA MEN CAPTURE

EIGHT OF RENTERIA LOT

Continued From Page One.

into Mexico against Fabens. Tex, this morning in pursuit of Mexican cavalry, they were ordered out late this afternoon by Brigadier General James H. Irwin, district commander. Failure to locate the trail of the bandits was given as the reason for the withdrawal. The bandits had a stout camp on the American troops and their trail was lost by the Americans near the border.

"The mission for which the troops were ordered into Mexico could not be accomplished," General Irwin said. "I have ordered the troops to return. They probably will reach their stations tonight."

But One Remains.

"Of the three aviator detachments which were on Mexican soil today in search of missing landing camps, only one remained before the border tonight. Two which were sent across today were ordered withdrawn a few hours later.

Far below the border, south of the head of the Rio Grande, a group of American aviators is still combing the Mexican hills and plain for the bandits that last week captured and held for ransom Aviation Lieutenants Paul H. Davis and Harold G. Peterson.

Troops E and G of the Seventh cavalry made up the column that crossed the border this morning under direction of General Edwin, following an investigation of the raid yesterday afternoon. The detachment was in command of Major Adolphus W. Roffe, who is in command of the El Paso-Fort Hancock border patrol. Troop E was commanded by Captain Lathan Collins and Lieutenant Herbert Gay commanded troop G. The former troops crossed the line at Fort Hancock, fifty miles southeast of El Paso on the Southern Pacific railway and the latter at Juarez, a distance from here in the same direction.

Old Villa Gnomid.

Fabens is opposite the country in which Francisco Villa, Felipe Angeles and Martin Lopez made their headquarters before they attacked Juarez on June 14 and over which they were chased in rout by the cavalry brigade under command of Colonel S. R. H. Tompkins, which was sent to disperse them.

Andrews G. Gareth, Mexican consul general here, announced tonight that a Regiment of Mexican "Pinos" would arrive at Juarez tomorrow morning on a special train from Chihuahua City for the purpose of helping to rid the border district of Mexican bandits.

No Cavalry at Juarez. The Mexican country south of Fort Hancock is under the jurisdiction of General Francisco Gonzalez, commander at Juarez, but there are no cavalry troops in the Juarez territory now.

Company C and D of the Ninth Aero squadron, which is stationed here for border patrol duty, were ordered to Fort Hancock and Fabens this morning to replace the border patrol of cavalry troops that crossed the line.

The Third detachment which crossed the Rio Grande in the big border country in search of lost army mules returned with the missing animals.

CARRANZA FORCES ACTIVE

ALBUQUERQUE, Aug. 21.—General Antonio Pruneda, former commander of the Carranza forces in the Ojinaca district, is moving from Chihuahua City, according to Mexican Consul General Andrews G. Gareth at Presidio, Texas. Coyote returns to the American aviator fell last Sun-

day. The consul said Pruneda had 200 troops in his command. He left the Ojinaca garrison with a cavalry column soon after the American troops crossed the border.

The American expedition is continuing the march south today and is believed to be getting close to the hiding place of the remaining bandits of Jesus Hernandez's gang.

Continues On Trail.

Nothing has been heard here regarding the withdrawal of the expedition and preparations are being made to continue the pursuit, although it is trailing the bandits.

Thought of a clash with Villa followers under Hipolito Villa, brother of Francisco Villa, is regarded here as an improbability now as Hipolito Villa and his band are now believed to be in the southeastern part of the Ojinaca district, far distant from the zone of operations of the American expedition.

In Bandit Hunt.

The Mexican consul's telegram said the information came from General Antonio Pruneda, in the field near Coyote. The general also said he was going in pursuit of other bandits.

Pruneda also asked that American aviators reconnoiter the country near Las Palomas, Chihuahua, where Villa bandits had been reported.

The reported capture of the bandits is taken to confirm earlier reports that the Mexican cavalry were cooperating with the American expeditionary forces. It was believed here that the bandits would be executed at Chihuahua City after capture, as General Diegoz has been conducting a vigorous campaign against banditry in Chihuahua.

Continues Its March.

The American punitive expedition today continued its march toward its objective, which was a new trail base, that is being established. It was the first time the entire expedition has marched in one column as the troops have been operating in separate columns to run down reports of bandit location.

Scouts are searching in the mountain country as they march, but it was admitted here that the belief is that the bandits are further south. The troops will spend their first Sunday in Mexico in the saddle, as it is planned to make a forced march to reach the new base tomorrow.

RENEW SEARCH FOR MISSING AVIATORS

Report of Sighting of de Havilland Planes Cites a Rescheduling of Hunt Abandonment

By the Associated Press.

SAN DIEGO, Cal., Aug. 21.—Shortly after six o'clock tonight the search for "outcast" Frederick Waterhouse and Cecil H. Connel, army aviators missing since last Wednesday, was abandoned, a report was received that de Havilland airplane had been seen Wednesday 40 miles below the Mexican border and flying southward.

The report was made by Lt. J. Adams, an American mining man, employed 40 miles south of Campo, California. He said the course followed by the airplane would carry it toward the Gulf of California.

Upon being informed of the story by Adams, officials at Rockwell fled, from which the search for the missing aviators has been conducted, announced a search would be conducted tomorrow southward from Campo to toward the Gulf of California.

SEARCH DRIFTS NO RESULT.

CALIFORNIA, Cal., Aug. 23.—All Mexican cavalrymen who have been searching in Lower California for the two lost American aviators have returned without any trace of the men except one patrol which was successful in tonight or tomorrow. The missing men are Lieutenants Fredk. B. Waterhouse and C. H. Connelly, both seen Wednesday.

The cavalrymen, who are a part of Governor Clinton's forces, have been operating under the direction of Colonel Hipolito Baranca with headquarters at Mexicali, directly across the line. They have been searching the northern part of Lower California but the country is very rough, devoid of communication systems and with few roads. Hence the search, according to Colonel Baranca, has been greatly handicapped.

The American army forces here reported no news of the missing aviators as yet, a dispatch today.

EXTREME CRUELTY CHARGE OF WIFE

Chas. Mann yesterday filed a suit for divorce against her husband, John Mann, charging extreme cruelty. YARDS ARE CONGESTED

By the Associated Press.

LOS ANGELES, Aug. 23.—Although officials of the three railroad companies whose lines run into Los Angeles tried frequently to disperse trains today, accurate advertisements on freight trains and only two passenger trains, one on the Southern Pacific and the other on the Santa Fe, were moved. As the result of the stoppage of switchmen and brakemen which entered its third night tonight, freight yards here were congested, live stock in cars in the yards were said to be suffering and a shortage of mail was imminent.

SECURITY LICENSE TO WED.

A marriage license was issued yesterday to Amos Frank Pitt, 30, of Twin Falls, and Nan Isabel Pleson, 28, also of Twin Falls.

ROBINSONS

SCHOOL DAYS MEAN SHOE DAYS

This year it means trying days for the parents on account of the higher prices of foot wear. You will find shoes here at reasonable prices. In many instances my prices are less than the manufacturers are now asking.

CANVAS SHOES are being worn more this year than ever. They are good looking, durable and practical for late summer and early fall.

In all white and black with white tops for girls: A really good thing to buy for wear during the next two or three months.

In brown, for men, women, boys and girls. Good looking, good wearing and comfortable, and the prices are surprisingly low.
