

SAN FRANCISCO YARDMEN JOIN IN THE STRIKE WITH THOSE OF LOS ANGELES

Leave Work Without Any Warning—Results in Canceling of Trains.

WITHOUT SANCTION OF NATIONAL OFFICERS

Southern Pacific and Santa Fe Lines Affected—Southern California Still Isolated.

SAN FRANCISCO, Aug. 26.—Plans to tie up rail transportation throughout California south of San Francisco and for a considerable distance inland were made tonight by yard employees who quit work in every local yard Sunday late in sympathy with the union railroad men on strike at Los Angeles, but without orders from union officers.

The men, at a meeting which local union officers did not attend, named a committee to take steps toward attending the strike to neighboring railroad divisions east and south of here, individual strikers said. No statement was issued from the meeting, nor, according to men who attended it, was formal organization effected. The men, they said, will meet tomorrow to begin action.

The men were unanimous in declaring their walk-out was without the sanction of union international officers. A few said the men had "ignored" the local officers.

TRAINS ARE STOPPED.

SAN FRANCISCO, Aug. 26.—Railroad administration officials announced tonight as a result of the strike of yardmen in Oakland and San Francisco no trains would be moved from San Francisco tomorrow unless conditions changed.

Yardmen employed here by the Southern Pacific Railroad company went on strike late today. The strike, which involves men employed in caring for engines in the yards here as well as switchmen, went into effect as the shift went off duty and, railroad officials said, unexpectedly to them. The men agreed to leave a sufficient number of workers on duty to care for the evening rush of commuters to near-by points.

Because of this, railroad officials said, it would be impossible to tell definitely how many men were involved in the strike for some hours. They had said at first that all the yard employees had quit work.

No statement of the men's reasons for quitting work was made when they walked out. Some of the strikers said they had no knowledge of the reason for the strike other than they were following the lead of the international strikers, as they gathered for a meeting tonight, declared they had left their work in sympathy with the striking employees of the Pacific Electric company at Los Angeles and that their action was taken without the sanction of the international brotherhood officers.

They said slightly more than 1000 men in the San Francisco yards had quit work.

They declared the strike was a "spontaneous affair," arranged by the men themselves and that the local union officers had not called it. No officers of the local yardmen's unions attended the meeting, which was executive, so far as could be learned.

San Fe Is Affected.

Men employed at the San Francisco yards of the Atchafalaya, Topoka & Santa Fe road also left their work, it was learned tonight. Railroad officials said all the men, about fifty, quit work. They also said officials of the local union with which the men were affiliated, which has its headquarters at Richmond, about twenty miles from here across San Francisco bay, had informed them the men's action was unauthorized.

Freight trains over the Western Pacific, third of the three lines reaching San Francisco, are handled through the Southern Pacific yards.

COSTS \$1,000 TO BE RID OF FLIES

BAHANAC LAKE, N. Y., Aug. 26.—Health authorities of Bahanac lake declare that the probably is the first "fly-less town" in the world. Health officer Tremblay reports that, despite unusually hot weather in June and July, there are hardly any more flies here than most places have in August and that next year there will be none at all.

It cost the town about \$1000 to eradicate the fly nuisance which was accomplished by requiring that manure be screened and frequently removed. Dr. Tremblay reports that the fly campaign is a success and says the only way to eliminate flies is to put a ban on all their breeding places and he adds, that this can be done.

MISSING AVIATORS REPORTED FOUND

Reliable Mexican Official Makes Report Wilby, Is Accepted As True by U. S. Officers.

By the Associated Press. EL CENTRO, Cal., Aug. 26.—Mexican cavalry under the command of Captain Trujillo, late today reported to be escorting to the International boundary frontiersmen Frederick Waterhouse and "Geoff H. Connelly, American pilot, who have been missing from Rockwell field since last Wednesday.

Captain Trujillo reported by courier to Colonel Ippolito Baranca, chief of the military forces of Lower California, who has directed a search for the men for the past five days, that he had found them alive in Lower California about 200 miles southeast of San Diego, California. No further word has been received. The country where the men were found is mountainous and inaccessible.

It is expected the men will be brought to Theendad, the capital of Lower California or to Mexicali, whence they will be taken to the United States.

Colonel Baranca dispatched a courier with a request for details to the cavalry band that found the officers and declared he expected further news of the aviators' rescue some time tonight.

IS BELIEVED OFFICIAL. SAN DIEGO, Cal., Aug. 26.—While the official confirmation regarding the finding of the two airmen had reached Rockwell field here tonight, the report received from Colonel Ippolito Baranca was accepted as true.

Additional credence was given Colonel Baranca's report because it was he who sent the first word to North Island regarding the finding of Major William Robertson and Colonel Harry Blower following their flight over Lower California in January, 1918.

Colonel Baranca, except one, sent to search for the missing men have been recalled. That one will be recalled tomorrow, when it is possible to communicate with it. Detachments of troops engaged in the search have also been recalled and orders for the sending of naval vessels to act as search bases, for airplanes used in the search, have been countermanded.

"SHORTY DAN" MEETS HIS WATERLOO; WOMEN VICTORS. DENVER, Aug. 26.—A man giving the name of "Shorty Dan" was overpowered and badly beaten by a crowd of women here today, after he had asked what shot up a pool hall, the proprietor of which was a son of one of the women who attacked the robber.

"Shorty Dan" was attacked as he was taking the pool room proprietor to the latter's home for the robbery of a gun to get more money. The robber was rescued by the police and arrested.

TWO ARE KILLED IN LABOR RIOTS IN PA. COAL FIELDS. PITTSBURGH, Aug. 26.—Two persons were shot to death and a number of others injured in an labor riot at the entrance of the Allegheny Coal and Coke company mine near Krackville late today. The trouble was caused by mine guards attempting to disperse miners who have been on a strike for six weeks.

POOR OLD UNCLE SAM

OPEN STORES FOR SALES OF ARMY WARES

War Department Will Make an Effort to Break Down Prices.

MAIL ORDER SALES ARE TO BE CONTINUED

Dr. Wiley Is Heard on Question of Storage of Foodstuffs—Apple Growers Heard.

WASHINGTON, Aug. 26.—Further steps to bring down soaring prices were taken today by the government the war department announcing plans for opening retail stores in a number of cities through which surplus household commodities and clothing will be made available to consumers throughout the country.

Meantime, congressional committees continued consideration of legislation designed to reduce the high cost of living. This included amendments to the food control act to punish profiteering and hoarding; bills to regulate food storage; and appropriations for the federal trade commission to investigate stores and give the information to the public.

Through the retail stores to be opened by the war department, the army's large surplus stocks of socks, underwear, shirts, raincoats, blankets, gloves, tobacco, soap and other commodities will be sold. Consumers in the large cities where the stores will be opened will be able to purchase over the counter, but the stocks also will be made available to persons in other communities through the parcel post.

Price lists are being prepared and these will be furnished to all postoffice for the convenience of the public. While no announcement has yet been made, it is expected that the foodstuffs prices, like those on the foodstuffs now being disposed of, will be considerably below the prevailing market.

Present plans are to open stores in the fourteen zone supply centers and it is expected that in those sections of the country in which large areas are embraced in zone boundaries, additional cities will be selected as sales centers.

In considering legislation for regulating food storage, the house agriculture committee heard several witnesses. Dr. Harvey W. Wiley, formerly chief of the bureau of chemistry, told the committee storage of products should not be uniform, but should depend on the food stored. Fish and eggs, he said, could not be stored without material deterioration, while meats and other foods were improved by storage.

R. S. French, representing the International Apple Shipment association while not opposed to the suggested limit of 12 months for storage of foodstuffs, said production would be stilted if fruits and vegetables could not be returned to storage if they became a drag on the market.

Testimony regarding profiteering and hoarding in many of the basic industries was given to the house appropriations committee, which was considering appropriations for the federal trade commission.

Commissioners William B. Colver and Victor Mordock were witnesses. Mr. Colver told of numerous re-sales of the 1919 vegetable pack which is not yet completed and said many of these were used for speculative purposes. He suggested that this condition be corrected by enactment of appropriate legislation.

WANT WILSON TO MAKE AN INVESTIGATION OF HOBBY. BY THE ASSOCIATED PRESS. NEW YORK, Aug. 26.—On the ground that William P. Hobby of Texas "approves and condones" the assault made by public officials and others in Austin, Texas, last Friday on John R. Bliffitt, secretary of the National Association for the Advancement of Colored People, the association tonight adopted resolutions calling upon congress to investigate the case, and urging President Wilson to appoint a committee to report on the "outrageous" attack.

ESTABLISH NEW GRADE OF WHEAT

M'CUMBER AND BORAH CLASH OVER TREATY

Former Declares Colleagues Want to Really Kill League of Nations.

SWEEPING CHANGE IN PACT NOW PROPOSED

Would Eliminate United States From Representation on Many International Commissions.

WASHINGTON, Aug. 26.—Provision for American representation on a score of international commissions to carry out details of the peace settlement would be stricken out of the peace treaty under a sweeping amendment adopted today by the senate foreign relations committee.

Later in the senate itself the committee's previous decision to amend the Shantung section rated a whirlwind of debate with Senator McCumber, North Dakota, bitterly attacking the committee's course and Senator Borah, Idaho, defending it. Both are republican members of the committee. Predicts Ratification.

At the end of the day Senator Hitchcock of Nebraska, the democratic leader, talked over the possibilities of the situation with President Wilson at the White House and predicted afterward that all amendments would be defeated eventually and that the treaty would be ratified during September.

In its decision regarding American participation in the reconstruction commission, the committee divided on party lines, the nine republicans present standing as a unit for the amendment and the seven democratic votes all being recorded in the negative. Senator McCumber, who voted with the democrats against the Shantung amendment, was absent.

Makes Many Changes. Although the committee's action

By the Associated Press. MISSOURI, Aug. 26.—The crop of the exceptionally high proportion of "rusty" or defective wheat in this year's crop, the United States grain corporation has decided to fix immediately a schedule of prices at which the lower grades will be purchased.

Mr. Barnes stated that the minimum following a conference with United States representatives, vice presidents of the corporations and representatives of farmers.

Mr. Barnes stated that the minimum prices probably would be made public tomorrow.

Prices for other than first grade wheat are being fixed for the first time in order to protect "unfor-

tunate" growers against a price lower than the relative value of rusted wheat. The price will be fixed "as near the number one grade as the character of its crop warrants," Mr. Barnes said.

These prices will bear a relation to the announced price at the terminal markets only, and not to the current price in such markets as Minneapolis, where grain is bringing from 30 to 40 cents a bushel more than the government figure.

Mr. Barnes added that any producer who felt his was not being fairly dealt with, would be privileged to send samples of his crop by mail to the grain corporation for a decision as to its value, and that this decision would be binding upon the buyer.

FLAMES APPROACH BLACKFOOT VALLEY

Swan River Country Is a Mass of Spreading Flames—Situation Is Serious.

By the Associated Press. MISSOULA, Mont., Aug. 26.—The Swan river country in the north Blackfoot valley is a mass of flames which are spreading rapidly, according to messages received today by district forest service headquarters here. Firefighters now are devoting their efforts to stopping fires from drifting down into the Blackfoot and Hattieshake country.

Several serious new fires were reported in the Missoula forest, fanned by high winds into great activity and now blaze of serious proportion were reported from the Bitter Root forest. The St. Joe forest, in northern Idaho, has several bad configurations and conditions in other north Idaho forests were reported unimproved.

MORRO CASTLE HAS GUNS ON BOARD FOR MEXICANS

JAVANA, Aug. 26.—The steamer Morro Castle, which according to reports from New York, had on board ten trunks filled with arms and ammunition bound from New York for Mexico, arrived here today. The Morro Castle was not held up on the voyage by American warships.

The manifesto of the Morro Castle shows that the vessel has in her cargo a quantity of arms and ammunition for the Panama canal with a little less than three days enroute at her port of destination. The steamer, Caribbean, which left Cristobal, this morning for Colombia, has been ordered to search for the steamer. The Middlebury is a 1400-ton vessel.

INVITE PRINCE; LOCK HIM OUT

By the Associated Press. TORONTO, Aug. 26.—The Prince of Wales enjoyed the novel experience of being "locked out" of Toronto university today, when the royal party drove to the building, where a deputation of doctor of literature and law was to be conferred upon him.

Members of the official party were at considerable discomfort, but the prince seemed thoroughly to enjoy the experience and laughed heartily when attendants of the building explained that in their excited efforts to keep the huge crowd from entering, they had forgotten to request his royal highness to use one of the inconspicuous side entrances, which had been left unlocked.

MOTION PICTURE MEN TO DEFER THEIR STRIKE

By the Associated Press. CHICAGO, Aug. 26.—Motion picture operators voted tonight to postpone the threatened sympathetic strike in support of actors who have caused every legitimate playhouse to close by striking two weeks ago. Fear of alienating the public by depriving it of all amusement was the reason given.

STEAMER OVERDUE; HURT IS STARTED FROM PANAMA

By the Associated Press. PANAMA, Aug. 26.—The American steamer Middlebury bound from Panama for New York, which was due here three days overdue at her port of destination, the steamer, Caribbean, which left Cristobal, this morning for Colombia, has been ordered to search for the steamer. The Middlebury is a 1400-ton vessel.

COUNCILMAN URGES WORK ON STREETS

Breckenridge Tells City Engineer People Have Kick Coming on Paving Program.

CALL FOR BIDS TO START REPAIRING

C. H. Mull Is Given Sewer Contract at a Cost of \$38,429.05 After Reducing Original Bid.

Citizens are complaining at the slowness with which the paving program is going forward and I believe they have a right to be so.

"I have told several citizens who have asked me," continued Mr. Breckenridge, "that the contract would soon be let for the repaving of the streets."

"Why, we haven't made any plans to call for those bids," stated Mr. Berg.

"What?" asked Councilman Breckenridge. "Why, you've done it."

"I don't remember it," said Mr. Berg.

Councilman Breckenridge then called for a reading of the minutes of August 11. The minutes stated that the city engineer was to be instructed to prepare plans so that the work of repaving could be done this year, if possible.

Calls for Bids September 8. Council then passed a motion that the engineer prepare specifications immediately and call for bids on September 8.

The first contract awarded by council to start improvement work provided under the last year was let last night. This is for the trunk line sewer. C. H. Mull secured the contract, his bid being the low of four submitted. Mr. Mull originally bid \$39,821.39 for the work under the estimate but after several amendments council he lowered his bid to \$38,429.05.

May He Show Book. Mr. Mull made this decision after council declared that it was possible there was much more work excavation to do than the specifications as prepared by Engineer Berg called for.

Mr. Mull's bid on the various miles called for in the specifications follows: 5 1/2-in. pipe, 1500 ft., estimated, \$60 a foot; 10-in. pipe, 1485 ft., estimated, \$52; 12-in. pipe, 5460 ft., estimated, \$50; 15-in. pipe, 5242 ft., estimated, \$1.25 excavation and back-filling. 4 feet and under, 1160 ft., estimated, \$1.50; over 5 ft. to 5 ft. 9.885 ft., estimated, 750 a foot, same 8 to 12 ft., 2850 ft., estimated, \$1.20 a foot; same, 12 to 16 ft., 1160 ft., estimated, \$2.70 a foot; rock trenching, 760 cubic yards, estimated, \$1.75 per cubic yard; manholes, any depth to 4 ft., 31 manholes, \$67 each; manholes below 5 feet, 840 each. Work will start in 10 days and must be finished in 160 days.

Totals in the other bids were: Lundstrom & Son, Idaho Falls, \$42,754.25; Charles W. Hinnebeck, Portland, \$42,102.27; H. M. Hurdson & Co., Rupert, \$42,483.

To Include Typ Blocks. An intentional ordinance creating improvement district 37 for paving of certain streets was laid over until next week to permit the inclusion of two blocks of Second street north, which are already paved, but which council wishes to widen.

An extended debate as to the method to be used in making assessments against property for the paving program was held. The committee was divided, no decision reached, two members of council believing that the assessment should be made according to the front footage and the other two members desiring that a proportionate share of a block in which there is no paving, but which would be benefited by paving of streets abutting on a corner lot in that block, being assessed by proportion to the benefit derived.

LONDON PRESS LAUDS HOOVER FOR WAR WORK, DIPLOMACY

By the Associated Press. LONDON, Aug. 25.—On the eve of his departure for America Herbert Hoover, director general of the international relief organization, has been lauded by the British press, freely of gratitude for his achievements in averting famine in Europe and secondly as a potent influence against reactionary tendencies. He is credited by the papers for having directly responsible for lessening the Hunanian coup in Hungary and for the overthrow of the archducal regime.

AMERICAN TROOPS ORDERED TO SILENSIA, IS REPORT

COLUMBIA, Aug. 25.—The Fifth and Fifteenth United States Infantry regiments, which are now in the United States, have been ordered to Silensia. They will come direct to Coblenz to be equipped before proceeding across Germany, according to word received at headquarters here today.

It is expected that the two regiments will remain in the Coblenz region for at least a month before leaving for Silensia. The equipment to be given them will include field and hospital outfits and two months' rations.

HIGH DEVELOPMENT IS PLAN OF FINANCIERS

BELFAST, Aug. 25.—An Irish developer scheme is being planned by a group of financiers who are of the opinion that the present position of Ireland is due to industrial causes and not political causes. The group is said to be headed by P. Kieran of London. The project comprises the situation of fish culture, forestry and a general scheme of social and industrial reconstruction.

Women Fight Forest Fires in Michigan

Peoples of All Nations Are Invited to Bring Their Burdens.

TIES UP ACTION ON QUESTION OF TREATY

Lodge's Committee Will Hear From Italians, Jugo-Slavs, Esthonian, Letts and Others.

By the Associated Press. WASHINGTON, Aug. 25.—Extending the scope of its public inquiry regarding the peace treaty, the senate foreign relations committee announced today a schedule of hearings that promise to occupy most of its time for the next two weeks, and to lead into the intricacies of political and territorial problems in several parts of the world.

On the list of witnesses are representatives of the Italian, Jugo-Slav, Hungarian-American, Greek, Irish, Lithuanian, Ukrainian, Estonian, Letts and American peoples.

Under the arrangement the time to be devoted to work on amendments to the treaty will be reduced from three days to two. Thursday having been set aside to hear the negro delegation on the question of the African colonies.

Lodge Announces Decision. Chairman Lodge, announcing the decision after consultation with other committee members, said the hearings seemed essential to an intelligent judgment on the manifold problems of the treaty.

Democratic members, however, who said there had been an understanding that the committee would complete its report at the same next week, charged again that the treaty was needlessly held up by the committee majority.

It was generally agreed that if the plan were carried out the treaty probably would not come out of committee before the end of the week.

Today President Wilson drove to the capitol and conferred about a half an hour with Senator Swanson of Virginia, a democratic member of the committee, and it was assumed they discussed the committee situation and the new line of action. Senator Swanson declined to talk about the conference. It was reported that the president desired to see also Senator Hitchcock of Nebraska, the democratic leader, but he was not in town.

At today's committee hearing the case of Egypt was presented by Joseph W. Polk, counsel for the Egyptian peace delegates, who, he said, were

In virtual imprisonment in Paris. He declared Great Britain had seized Egypt without excuse and was seeking by the treaty to legalize her act.

OLD WALTZ IS COMING BACK, DECLARES MASTERS

NEW YORK, Aug. 25.—Modesty and respectability will prevail in dancing from now on, according to the official forecast of the convention of the American National Association of Masters of Dancing today. Fenton Dot, president of the association, voiced the prediction.

"The old waltz is coming back—it already has," he said "and there will be no fast dances, only a few modifications. For instance ladies who have been pushed backward over the ballroom floor so much will go forward on a fifty-fifty basis with the men."

PACKET-STEAMBOAT HITS ROCK, BUT IS SAFE

HALLIFAX, Aug. 25.—The Royal Mail Packet company's steamer Chaudiere struck a rock in two fathoms off the port of Bermuda today, tearing a hole in her starboard side, but made good safely, according to messages received here. Considerable water entered number one hold and the steamer will be unable to continue her voyage to Barbados and Demerara.

The Chaudiere left here Friday with 55 passengers, most of them destined for Bermuda.

SEVEN DAYS LATE

PLACERVILLE, Cal., Aug. 25.—The official check-off of the army transportation motor truck convoy arrived here today seven days late on account of difficulties encountered crossing the Nevada desert.

COMBBS LEADS FIRST LEG OF AERIAL DERBY

Covers 500 Miles, Toronto to Mineola, in 3 Hours 35 Minutes.

DH-9 PLANE DRIVEN BY LIBERTY MOTOR

Robbs and Schroeder are the Second to Cover the Distance to Roosevelt Field.

By the Associated Press. MINNEOLA, N. Y., Aug. 25.—Three fast airplanes swooped down on Roosevelt field here tonight completing the first leg of their round trip flight between Toronto and Mineola, in the first international aerial derby.

Reginald C. H. Combs, an American aviator, flying a DH-9, with 400-horsepower Liberty motor, was the first arrival, landing at 7:11 o'clock—just six hours and 11 minutes from the time he started on the 500-mile contest at Toronto. His actual flying time, however, was only 3 hours 35 minutes, stops having been made at Buffalo, Syracuse and Albany.

Robbs and Schroeder, famous American test pilot, who was the first flyer to "hop off" at Toronto despite the fact that he had previously suffered a spill when his plane turned tumbled at 7:15 o'clock, and Major R. M. Schroeder, another American flyer, who had elected to start the race at the Toronto end, arrived four minutes later. Robbs gave his time from start to finish as 6 hours 25 minutes.

Major Schroeder gave his as 6 hours and 22 minutes, but neither announced their time in actual flight. Plan Early Return. The three flyers who to start the return trip to Toronto between noon and one o'clock tomorrow, provided their machines can be given a thorough overhauling by that time.

A large crowd which had turned out to greet the racers, remained for several hours after their arrival, hoping to witness other arrivals or to part of the landing at Toronto.

The start from the Roosevelt field end of the race was scheduled for 8 o'clock this morning, but it was 1:55 o'clock before Major General Charles T. Mencher, chief of the United States army air service, gave the signal that

sent the planes off. Bad weather necessitated postponement. Gets Away First. Lieutenant P. H. Logan was the first to get away, being followed by a check by Captain J. H. Foster, who gave a letter from President Wilson to the Prince of Wales; at 2:04 by Major Elliott Springs; at 2:07 by Lieutenant Colonel H. E. Hartney; at 2:10 by Colonel H. C. Glegg. The other flyers, who got off in one to five minute intervals were:

Captain A. E. Smonin; Lieutenant Charles Cole; Captain J. O'Donohue; Captain Harry Smith; Lieutenant W. P. Brown; Major R. H. Underhill; J. H. Hill; Lieutenant W. T. Steward; Lieutenant R. E. Midart; Major J. W. Simon; Captain Steinhil, Captain Loy W. Brown, Lieutenant Ben Adams, Captain Kinsey, Lieutenant M. J. Flynn, Major A. B. Dickinson, Captain W. E. Schneider, Lieutenant N. R. Taylor, Lieutenant L. W. Hornum, Captain Hitchcock, Major J. L. Lyon, Lieutenant Steery and Lieutenant J. G. Jones.

COMB DESERTS AND MOUNTAINS FOR TWO MISSING AVIATORS

By the Associated Press. SAN DIEGO, Cal., Aug. 25.—All of the troops of Governor Dabney Call in Lower California, have been ordered to participate in the search for Lieutenants Fred H. Conroy and Brock B. Waterhouse, army aviators, who have been missing since last Wednesday and are believed to be lost in the mountains of Lower California or the desert bordering the Gulf of California. A letter from Governor Call to this effect was received today at Roosevelt field from the being directed by airplane and by troops in the search.

BLOODED BUCKS TO WE IN SALT LAKE

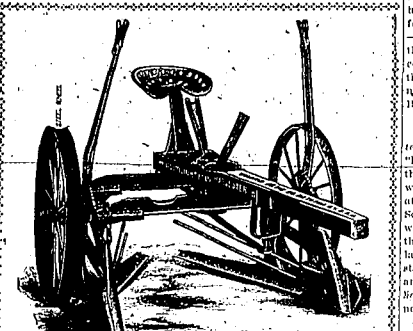

Animal Fair Sale Draws Fine Stock From Salt-Country of the World.

By the Associated Press. SALT LAKE CITY, Utah, Aug. 25.—Sheepmen representing every part of the United States are gathered here to attend the fourth annual ram sale of the National Wool Growers' association which will open tomorrow at the state fairgrounds and continue Wednesday, Thursday and Friday.

It is expected more thoroughbred animals will be entered this year than at any of the three previous sales offered by the association. Sheep from New Zealand, England, Canada, Kentucky, Ohio, Michigan, Oregon, California, Idaho, Wyoming and other states have arrived for the exhibition.

PHINOT HAS BUSY DAY

By the Associated Press. MONTREAL, Sept. 2.—The Prince of Wales will make a flying visit to Montreal on September 2, in addition to his official longer stay in that city next October. It was announced tonight, after a day spent in attending patriotic ceremonies and shaking hands the prince attended tonight a great public reception in his honor at the city hall.

SAN FRANCISCO YARDMEN JOIN IN THE STRIKE WITH THOSE OF LOS ANGELES

Leave Work Without Any Warning—Results in Canceling of Trains.

WITHOUT SANCTION OF NATIONAL OFFICERS

Southern Pacific and Santa Fe Lines Affected—Southern California Still Isolated.

SAN FRANCISCO, Aug. 26.—Plans to stop rail transportation throughout California south of San Francisco and for a considerable distance inland were made tonight by yard employees who quit work in every local yard suddenly late today in sympathy with the union railroad men on strike at Los Angeles, but without orders from union officers.

The men, at a meeting which local union officers did not attend, named a committee to take steps toward extending the strike to neighboring railroad divisions east and south of here, individual strikers said. No statement was issued from the meeting, nor addressed to men who attended. It was formal organization effected. The men, they said, will meet tomorrow to begin action.

The men were unanimous in declaring their walk-out was without the sanction of union international officers. A few said the men had "ignored" the local officers.

TRAINS ARE STOPPED.

SAN FRANCISCO, Aug. 26.—Railroad administration officials announced tonight that as a result of the strike of yardmen in Oakland and San Francisco no trains would be moved from San Francisco tomorrow unless conditions changed.

Yardmen employed here by the Southern Pacific Railroad company went on strike late today.

The strike, which involves men employed in caring for engines in the yards here as well as switchmen, went into effect as the day shift went off duty and, railroad officials said, unexpectedly to them. The men agreed to leave a sufficient number of workmen on duty to serve the evening rush of commuters to near-by points. Because of this, railroad officials said, it would be impossible to tell definitely how many men were involved in the strike for some hours. They had said at first that all the yard employees had quit work.

No statement of the men's reasons for quitting work was made when they walked out. Some of the strikers said they had no knowledge of the reason for the men who struck elsewhere.

Individual strikers, as they gathered for a meeting tonight, declared they had left their work in sympathy with the striking employees of the Pacific Electric company at Los Angeles and that their action was taken without the sanction of the international brotherhood officers.

They said slightly more than 1000 men in the San Francisco yards had quit work.

They declared the strike was a "spontaneous affair" organized by the men themselves and that the local union officers had not called it. No officers of the local yardmen's unions attended the meeting, which was executive, so far as could be learned.

Santa Fe Is Affected.

Men employed at the San Francisco yards of the Atchison, Topeka & Santa Fe read also left their work, it was learned tonight. Railroad officials said all the men about 1000 quit work. They also said officials of the local union with which the men were affiliated, had been in headquarters at Richmond, about twenty miles from here across San Francisco bay, had informed them that their action was unauthorized.

Freight trains over the Western Pacific, third of the three that reached San Francisco, are handled through the Southern Pacific yards.

ONE STRIKE IS ENDED YUMA, ARIZ., Aug. 26.—The strike

COSTS \$1,000 TO BE RID OF FLIES

SAHANAC LAKE, N. Y., Aug. 26.—Health authorities of this lake declare that this probably is the first "fly-less town" in the world. Health officer Trumbull reports that, despite unusually hot weather in June and July, there are hardly any more flies here than in places here in January and that next year there will be none at all.

It cost the town about \$1000 to eradicate the fly nuisance which was accomplished by requiring that manure be screened and frequently removed. Dr. Trumbull remarks "that the fly campaign are useless and says the only way to eliminate flies is to put a ban on all their breeding places and he adds, that this can be done."

MISSING AVIATORS REPORTED FOUND

Reliable Mexican Official Makes Report White Is Accepted As True by U. S. Officers.

By the Associated Press.

EL CENTRO, Cal., Aug. 26.—Mexican cavalry under the command of Captain Trujillo, late today reported to be escorting to the international boundary Lieutenant Frederick Waterhouse and Cecil H. Connelly, American aviators who have been missing from Rockwell field since last Wednesday.

Captain Trujillo reported by courier to Colonel Hipolito Baranca, chief of the military forces of Lower California, who in a message for the men for the past five days that he had found them alive in Lower California about 200 miles southeast of San Diego, California. No further word has been received. The country where the men were found is mountainous and inaccessible.

It is expected the men will be brought to Escondido, the capital of Lower California or to Mexicali, whence they will be taken to the United States.

Colonel Baranca dispatched a courier with a request for details to the cavalry band that found the officers and declared he expected further news of the aviators' rescue some time tonight.

IS BELIEVED OFFICIAL.

SAN DIEGO, Cal., Aug. 26.—While no duty to serve the evening rush of commuters to near-by points. Because of this, railroad officials said, it would be impossible to tell definitely how many men were involved in the strike for some hours. They had said at first that all the yard employees had quit work.

No statement of the men's reasons for quitting work was made when they walked out. Some of the strikers said they had no knowledge of the reason for the men who struck elsewhere.

Individual strikers, as they gathered for a meeting tonight, declared they had left their work in sympathy with the striking employees of the Pacific Electric company at Los Angeles and that their action was taken without the sanction of the international brotherhood officers.

They said slightly more than 1000 men in the San Francisco yards had quit work.

They declared the strike was a "spontaneous affair" organized by the men themselves and that the local union officers had not called it. No officers of the local yardmen's unions attended the meeting, which was executive, so far as could be learned.

Santa Fe Is Affected.

Men employed at the San Francisco yards of the Atchison, Topeka & Santa Fe read also left their work, it was learned tonight. Railroad officials said all the men about 1000 quit work. They also said officials of the local union with which the men were affiliated, had been in headquarters at Richmond, about twenty miles from here across San Francisco bay, had informed them that their action was unauthorized.

Freight trains over the Western Pacific, third of the three that reached San Francisco, are handled through the Southern Pacific yards.

ONE STRIKE IS ENDED YUMA, ARIZ., Aug. 26.—The strike

POOR OLD UNCLE SAM

MCCUMBER AND BORAH CLASH OVER TREATY

Former Declares Colleagues Want to Really Kill League of Nations.

SWEEPING CHANGE IN PACT NOW PROPOSED

Would Eliminate United States From Representation on Many International Commissions.

WASHINGTON, Aug. 26.—Provision for American representation on a score of international commissions to carry out details of the peace settlement would be stricken out of the peace treaty under a sweeping amendment adopted today by the senate, foreign relations committee.

Later in the senate itself the committee's previous decision to amend the Shanghai section raised a whirlwind of debate with Senator McCumber, North Dakota, bitterly attacking the committee's course and Senator Borah, Idaho, defending it. Both are republican members of the committee.

Preceded Ratification.

At the end of the day Senator Hitchcock of Nebraska, the democratic leader, talked over the possibilities of the situation with President Wilson at the White House and predicted afterward that all amendments would be defeated eventually and that the treaty would be ratified during September.

In his decision regarding American participation in the reconstruction commissions, the committee divided on party lines, the nine republicans present standing in a unit for the amendment and the seven democrats voting all but one in the negative. Senator McCumber, who voted with the democrats against the Shanghai amendment, was absent.

Makes Many Changes. Although the committee's

ESTABLISH NEW GRADE OF WHEAT

By the Associated Press.

NEW YORK, Aug. 26.—The "largest of the exceptionally high proportion of 'rusty' or defective wheat in this year's crop," the United States grain corporation has decided to fix immediately a schedule of prices at which the lower grades will be purchased.

Mr. Barnes stated that the minimum prices probably would be made public tomorrow.

Prices for other than first grade wheat are being fixed for the first time in order to protect "inferior"

growers against a price lower than the relative value of rusted wheat. The prices will be fixed "as near the number one crop as the character of its crop warrants," Mr. Barnes said.

These prices will bear a relation to the guaranteed price at the terminal markets only, and not to the current prices in such markets as Minneapolis, where grain is being bought from 30 to 40 cents a bushel more than the government figure.

Mr. Barnes added that any producer who felt he was not being fairly dealt with, would be privileged to send samples of his crop by mail to the grain corporation for a decision as to its value, and that this decision would be binding upon the buyer.

FLAMES APPROACH BLACKFOOT VALLEY

Swan River Country Is a Mass of Spreading Flames—Situation Is Serious.

By the Associated Press.

MISSOULA, Mont., Aug. 26.—The Swan river country in the north Blackfoot valley is a mass of flames which are spreading rapidly, according to messages received today by district forest service headquarters here. Fire fighters now are devoting their efforts to stopping fires from drifting down the Blackfoot and Bitterlake country.

Several serious new fires were reported in the Missoula forest, fanned by high winds into great activity and two new blazes of serious proportions forest. The St. Joe forest, in northern Idaho, has several bad conflagrations and conditions in other north Idaho forests were reported unimproved.

MORRO CASTLE HAS GUNS ON BOARD FOR MEXICANS

HAVANA, Aug. 26.—The steamer Morro Castle, which according to news from New York, had on board ten trunks filled with arms and ammunition bound from New York for Mexico, arrived here today. The steamer to Castle was not held up on the voyage by American warships.

The manifesto of the Morro Castle shows that the vessel has in her cargo

INVITE PRINCE; LOCK HIM OUT

By the Associated Press.

TORONTO, Aug. 26.—The Prince of Wales enjoyed the novel experience of being "locked out" of Toronto university today, when the royal party drove to the building, where a degree of doctor of literature and law was to be conferred upon him.

Members of the official party were at considerable discomfort, but the prince seemed thoroughly to enjoy the experience and laughed heartily when attendants of the building explained that in their excited efforts to keep the huge crowd from entering, they had forgotten to request the royal highness to use one of the inconspicuous side entrances, which had been left unlocked.

MOTION PICTURE MEN TO DIFFER THEIR THIRK

By the Associated Press.

CHICAGO, Aug. 26.—Motion picture operators voted late tonight to postpone the threatened sympathetic strike in support of actors who have caused over legitimate playhouse to close by striking two weeks ago. Fear of alienating the public by depriving it of all amusement was the reason given.

STEAMER OVERDUE; HUNT IS STARTED FROM PANAMA

By the Associated Press.

PANAMA, Aug. 26.—The American steamer Middlebury bound from Coahuila for the Panama canal with a cargo of three day's work at her destination. The steamer, Caribbean, which left Cristobal this morning for Panama, has been ordered to search for the steamer. The Middlebury is a vessel of 1469 tons net.

OPEN STORES FOR SALES OF ARMY WARES

War Department Will Make an Effort to Break Down Prices.

MAIL ORDER SALES ARE TO BE CONTINUED

Dr. Wiley Is Heard on Question of Storage of Foodstuffs—Apple Growers Heard.

WASHINGTON, Aug. 26.—Further steps to bring down soaring prices were taken today by the government the war department announcing plans for opening retail stores in a number of cities through which surplus household commodities and clothing will be made available to consumers throughout the country.

Attention was given to the continuing consideration of legislation designed to reduce the high cost of living. This included amendments to the food control act to punish profiteering and hoarding; bills to regulate cold storage and appropriations for the federal trade commission. Investigate stocks and give the information to the public.

Through the retail stores to be opened by the war department, the army's large surplus stocks of socks, underwear, shirts, raincoats, blankets, gloves, tobacco, soap and other commodities will be sold. Consumers in the large cities where the stores will be opened will be able to purchase over the counter, but the stocks also will be made available to persons in other communities through the parcel post.

Price lists are being prepared and these will be furnished to all post offices for the convenience of the public. While no announcement has yet been made, it is expected that the prices listed on the foodstuffs now being disposed of, will be considerably below the prevailing market.

Present plans are to open stores in the fourteen zones which centers and it is expected that in those sections of the country in which large areas are embraced in zone boundaries, additional cities will be selected as sales centers.

In considering legislation for regulating cold storage, the liquor advertising committee heard testimony yesterday. Dr. Harvey W. Wiley, formerly chief of the bureau of chemistry, told the committee storage of products should not be uniform, but should depend on the food stored. Fish and eggs, he said, could not be stored without material deterioration, while meats and other foods were improved by storage.

R. S. Prentiss, representing the International Apple Shippers' association, advised that the government suggested limit of 12 months for storage of foodstuffs, said production would be stifled of fruits and vegetables could not be returned to storage if they became a drug on the market.

Testimony regarding profiteering and hoarding in many of the basic industries was given to the house appropriations committee, which was considering appropriations for the federal trade commission.

Committee Chairman B. Colver and Victor Murdock were witnesses. Mr. Colver told of numerous re-sales of the 1919 vegetable pack which is not yet completed and said many of these were made for speculative purposes. He suggested that this condition be corrected by enactment of appropriate legislation.

WANT WILSON TO MAKE AN INVESTIGATION OF HOBBY

By the Associated Press.

NEW YORK, Aug. 26.—On the ground that William P. Hobby of Texas "approves and condones" the action made by public officials and others in Austin, Texas, last Friday on the National Association for the Advancement of Colored People, the association tonight adopted resolutions calling upon congress to investigate the case and urging President Wilson to appoint a committee to report on the "outrageous" attack.

PROPOSE ELECTION OF IRISH CONGRESS

Convention of Delegates From All Counties Would Dispose of Self-Government Issue

DUBLIN, Aug. 26.—The latest proposal put forward with a view to settling the Irish question is to have a new convention, and to make it an elected constituent assembly to prepare and publish a detailed scheme for Irish self-government. This suggestion emerges from the office of the Irish Proportional Representation society.

The last convention was a nominated body chosen by the government and, though it included many men of representative position, the people had no voice in its selection. The new convention is urged, should give real self-determination by letting the people choose their own representatives.

The argument that Ireland has already chosen its representatives and made them mostly Sinn Fein republicans is met by an examination of the figures of the last election with a view to proving that the result greatly exaggerated the preponderance of the republicans.

The contention is that the only true way to arrive at Irish opinion is by proportional representation. It is suggested that the new convention should consist of 105 members elected by the existing constituencies so grouped as to have ten members for each group, each elector having a single transferable vote. The sole function of the convention would be to prepare a scheme of self-government.

In Sinn Fein quarters the plan finds no favor, and there is no reason to suppose that they would officially recognize the new convention any more than the old one. The United party, which came into the old convention, would be hostile to the new one. The antagonists on both extremes "stand pat."

FUNERAL SERVICES ARE HELD FOR H. E. RHINEHART

H. E. Rhinehart, who passed away Sunday morning, from cancer of the stomach, was buried yesterday afternoon from the DeWitt undertaking parlors. The funeral was largely attended. Mr. Rhinehart was a member of the Old Old Fellow Lodge and the members turned out in a body to participate in the last rites. Rev. Owen of the Baptist church officiated at the services. Interment was made in the Twin Falls cemetery.

TO CUT TAXES IN HALF

FRANK, Aug. 26.—In the opinion of one of the Austrian employes of the cargo men, paid out about a quarter of their income in taxes. Czechoslovakian expects to cut that in half, war debt and all.

Mr. and Mrs. H. J. Hodd of Filer returned to Twin Falls yesterday for a visit with friends.

Hubby Is Back From the War

The happiest star in movie-land is Marguerite Clark. In real life Mrs. H. Palmerston Williams. For her hubby a first lieutenant in the engineers, is back home. Here they are after their separation.

WELD GROWS BOLD IN HIS CRITICISM

Declares Report of the Federal Trade Commission Is Full of Mistake-ments of Fact.

WASHINGTON, Aug. 26.—Reports of the federal trade commission on the five large packers and their alleged control of the industry are "absolutely untrue as a basis for passing legislation," L. D. J. Weld, representative of the Swift & Company, issued the senate-mercantile committee today. Summing up his two day argument against federal regulation of the industry as proposed in the Kenyon and Kendrick bills, he challenged the truth of the commission's findings in half dozen particulars and ended by assailing the commission itself.

"Don't you rest having this sort of evidence put before you?" he asked the committee members. "Do you think you ought to allow a government bureau to make this unjustified assault on a useful and a necessary industry?"

Mr. Weld said he had demonstrated before the committee that the five packers, far from controlling 25 per cent of the wholesale grocery business, did not have three per cent of it; that they did not control prices either for livestock or for meats; that their pack-

ets were no moderate at most 150,000,000 of any other industry, and that in numerous details, as to capital investment, operations in England, "dividend" to the commission, and especially Commissioner W. B. Colver who opened the hearings, had "fallen in mistatement, inaccuracy, inattention, inattention and inaccuracy."

"What possible motive can a public body have for doing the sort of thing you say the commission has done?" Senator Harrison, democrat, Mississippi asked.

"I prefer not to go into personalities," Mr. Weld replied, "but theories of members of the commission on economic subjects are just what I fear. There is not a business man off the commission, but they are newspaper men."

Several other opponents of the regulation legislation were heard during the day and the federal trade commission made public a report recommending that operation of refrigerator cars and of cars used in meat transportation be declared a government monopoly.

Everett C. Brown, president of the National Live Stock Exchange, which is composed of cattle brokers, said the packers did not control the market, and that commission men did not need license.

John Walters, manager of a farmers' co-operatively society in Iowa, expressed the opinion that the legislation would be "detrimental to production and distribution of live stock."

H. E. Holmson, a Portland, Me., independent packer, announced that "we want no licensing system" as the big packers, though furnishing considerable competition, were not intent on putting the independents out of business.

Mr. Weld incidentally told the committee that Swift & Co. spent \$1,500,000 in advertising to keep up their efforts in that line in an endeavor to educate the public and eliminate the unjust prejudice against the packer. "When Senator Harrison asked if that sort of expenditure was not the price of 45 per cent of the total sales and that it would justify itself by adding to the cost of operation."

Ownership of stockyards, Mr. Weld said in discussing a joint proposal in the trade commission report, was not particularly important to the packers "if we can get the yards run as efficiently." He fixed the proportion of the leather business of the country controlled by the packers at "less than 45 per cent" and said that Swift & Co. was engaged in divesting itself of its tannery holding, by organizing a separate corporation.

LATE JAMES TOLLIVER REMAINS LADY TO REST

Remains of the late James Tolliver, who was killed in an automobile accident last Saturday morning, were laid to rest yesterday morning in the Twin Falls cemetery. Funeral services over the remains of the deceased were held from the DeWitt Undertaking parlors, being under the auspices of the local teamsters' union. W. A. Moore of the Christian church officiated.

PAK EAST TRADE BEGINS

VANCOUVER, Aug. 26.—The inauguration of a direct steamer service to Singapore by the Canadian Pacific Ocean Service, Ltd., indicates that the company is reaching out with bold initiative to develop trade between Canada and the farther east. One of the most important features of this new service is the fact that it will

WIRE ROOSEVELT TO VISIT TWIN FALLS

Gen Come to Twin Falls After Speaking at Hamilton, Meeting Large Number of Struck Men.

"Hilarity for your trip just received. Notice you are in Pocatello, Idaho, September 22, your last date. Twin Falls post, largest in Idaho, and meeting place next state convention, invite you to visit here on September 22. Could leave Twin Falls morning of twenty-fourth. Chance to meet more than thousand service men in largest and widest awake legion post in Idaho."

The foregoing telegram was forwarded last evening to Colonel Theodore Roosevelt Jr., by Paul Taler, adjutant-finace officer of the Twin Falls post American legion. Copies of the telegram were also sent to J. E. J. Herbert head of the legion's national speaker bureau, E. C. Hoan, state commissioner, and Lawrence Collier, state adjutant-finace officer, urging their aid in securing Colonel Roosevelt here at a big meeting that will be held at that time if the date can be secured.

Colonel Roosevelt is due to be in Pocatello on September 22. This is the last date that he is scheduled to meet.

His tour will be one of the features of the national membership drive as well as the speaking tour of J. J. Herbert of Massachusetts, head of the Speakers' bureau, and John W. Lizer of Alabama, who is to coordinate the work being done by state organizations, to assist state officials of the legion on behalf of the national executive committee and to tell the country at large about the inception streets.

Mr. Roosevelt will cover the states of Michigan, Indiana, Illinois, Wisconsin, Minnesota, Nebraska, Iowa, Kansas, Colorado, California, Oregon, Washington, Montana and Idaho. In each of these states he will deliver addresses and attend conferences with American Legion officials in one or more of the large cities where it will be possible for him to meet the largest possible number of ex-service men. Several states have arranged to hold their first annual conventions on dates when he will be able to attend the opening sessions.

In addition to the Roosevelt tour, the speakers' bureau will arrange to send Chaplain Lizer of Alabama on an extended trip through the southern states. Mr. Herber himself, will speak for the Legion in New England and other eastern states.

COLD STORAGE TURKEY DEATH OF COL. WEYBRIGHT

By the Associated Press. ALABAMA, Oct. 26.—Colonel Charles C. Weybright, who returned only three weeks ago from France where he commanded the 14th Infantry, died here this morning as a result, physicians believe, of eating cold storage turkey at dinner last Saturday night at the Lakeview Country club, Guntersville.

Mrs. Helen Sebring Gahrts, 35, wife of William F. Gahrts of Sebring, Ohio, also is dead, and Mr. and Mrs. John C. Sharer, are reported and their recovery is said to be extremely doubtful.

POGROM AT WOMEN'S BATH

LONDON, Aug. 26.—Jewish women bathers have been driven naked through the streets of Chloin by laughing, shouting soldiers, according to a program stolen received from Poland by Zionist headquarters here. The troops, say the dispatches, entered the baths set aside for women and with whips and with the butts of their rifles drove the women into the country at large about the inception streets.

RED PROPAGANDA SPREAD IN ITALY

League, Trotsky and Bela Kun Are Boldly Pursued in Public Point.

ROME, Aug. 26.—Bolshevik and anarchist propaganda is being poured into Italy through the extreme radical socialist Italian organs which have a large circulation.

On the eve of the recent general strike a special edition of the Avanti, the most radical of all the revolutionary journals, was published. It praised the work of Lenin and applauded the socialist movement in Italy. It had large photographs of all the Bolshevik and Spartacist leaders in all the countries. Bela Kun, then the leader of the Hungarian Soviets, was given especial prominence.

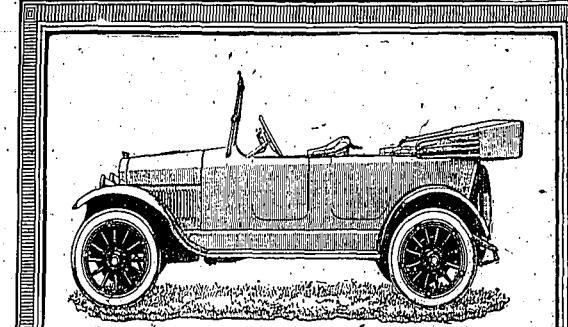

IN HANSHUITY NO. 1147. In the District Court of the United States for the District of Idaho, Southern Division. In the matter of John Finko, Bankrupt. Notice of application for discharge in bankruptcy.

Notice is hereby given that John Finko has filed in the United States District court for Idaho his application for discharge in bankruptcy, and that all creditors and other persons in interest are required to show cause, if any they have, why the prayer of said petitioner should not be granted, by entering their appearance in said proceedings on or before the 8th day of September, 1919, and within ten days thereafter filing the particular grounds of their opposition, in the office of the clerk of said court.

Given under the authority of the general order of said court, and by a special order of the undersigned, this 1st day of July, A. D. 1919.

W. ORR CHAPMAN, Referee.

There Are to Be 100,000 of These Post-War Maxwells, But These Will Not Be Enough

MAXWELL merchants throughout the U. S. A. have bought to date more than \$100,000,000 worth of these Post-War Maxwells.

We believe there will not be enough to supply the demand.

No Maxwell has ever caught on so quickly as this one, and the public has in 5 years paid \$200,000,000 for them.

Everywhere the wonderful developments in fine engineering in this Post-War Maxwell have been talked about; and men who pride themselves on inside knowledge about a car have taken their hats off to it.

So we say, if you are going to buy a car this year, take a look at

Remember, this Post-War Maxwell is basically like the 300,000 that have preceded it. Only it's more modern; more developed; so therefore a greater car. Also equipped with Hot Spot and Ram's Horn.

\$985 f.o.b. Detroit.

COAL PRICES ARE PROBED BY SENATE

Car Shortage Plus Labor Troubles Is Blamed for Increasing Costs to Consumer.

By the Associated Press.

WASHINGTON, Aug. 26.—Entering on an investigation of the increasing price of coal, a senate interstate commerce sub-committee today brought testimony that a shortage of cars and labor difficulties were hindering coal production, that certain elements in the miners' union were intent on nationalization of the coal mines with adoption of a six hour day and a five day week plus a wage increase and that such problems of production were being solved the country would be brought face to face with a coal famine in the coming winter.

So emphatic were the witnesses that the railroads were at the bottom of the present low production that Senator Prolinghuyzen, chairman of the committee and head of the committee's effort of bringing Director Gander of Hollands Hines into the hearing.

After detailing the effects of labor difficulties, and alleged car shortage on coal production, Harry N. Taylor, president of the National Coal Association, an organization of operators, declared a bill he had introduced for the nationalization of the mines. He added that what the miners wanted was not only that the government should own the properties but that the mines should be turned over to them for operation. He insisted that the more radical of the miners appeared to be gaining control in certain districts and that there was a serious danger that those elements would make an earnest effort for the institution of something approaching "soviet methods" in conducting the properties.

Fear was expressed by Mr. Taylor that at the miners' convention September 9 in Cleveland and at the joint conference of miners and operators in Buffalo September 25, action might be taken to further endanger production. He told the committee that the strikes in Illinois, Kansas and Missouri were in violation of the Washington agreement which provided for the continuous operation of the mines until peace definitely is established. The conduct of the strikes in the middle west, he said, were in many cases influenced by radical elements. He

said it was known generally in the industry that an attempt would be made at the Cleveland meeting to put through a nationalization program with a six hour day, a five day week and an increase in wages.

The possible execution of the coal price hearing into an investigation of the efficiency of the railroad administration was indicated during the testimony of John Callahan, traffic director of the coal association. Both Mr. Callahan and J. D. Morrow, vice president of the association, had supplemented the statements of Mr. Taylor that a car shortage was the most important single factor delaying delivery. Senator Prolinghuyzen asked Mr. Callahan if he would obtain for him certain specific information regarding idle cars and other features of operation, adding that he wanted that information in order to question Director General Hines.

Local Briefs

Captain and Mrs. C. I. Longley arrived here Monday afternoon from Pocatello where they were married last Friday afternoon. They will make their home at the Episcopal rectory.

Mrs. Tertha Dunlap, who has been in Twin Falls for past two weeks, the guest of her brother, E. P. Dunlap, left for her home Monday afternoon.

Mrs. R. C. Corcoran and two children of Eagle Butte, Mont., who have been in Twin Falls for some time, the guests of Mr. and Mrs. P. T. Kemoko, and sister-in-law, Mrs. Roy Corcoran, left for their home last Monday morning.

Mrs. J. M. Williams of Gooding is in Twin Falls, the guest of her daughter, Mrs. Frank Magel.

A lawn social will be given Thursday evening at the home of Mrs. M. B. Corcoran by the Altar society of the St. Edward's church. Lunch will be served at 6 o'clock, after which a program will be given.

The C. O. D. club will entertain its members with a dance Friday evening at the Cotton Hill.

Last Tuesday evening the Salmon Club honored Mrs. J. T. Windth with a surprise birthday party. A well arranged program was given during the evening. A birthday shower was given for Mrs. Benton.

The Salmon club met at the home of Mrs. Frank Fuller last Thursday. Mrs. M. A. Maunum, who is in Twin Falls, the guest of her daughter, Mrs. Owens, was the honor guest of the club. Music and speaking were the entertainment of the afternoon. The

"Rocking" General Pershing

While General Pershing is known to many service men for his soldierly appearance at all times, students at Oxford University, England, demonstrated that the American officer could enjoy the fun of youth when

they "rocked" him at the time General Pershing received an honorary degree. "Rocking" is the most ancient of Oxford University customs. General Pershing is designated by the

next meeting of the club will be held at the home of Mrs. Ernest Koller September 4th.

The Methodist choir entertained last evening at the home of Mrs. J. M. Wright at her home of Blue Lakes boulevard with a lawn party and picnic. A miscellaneous shower was given during the evening for Mrs. Haughtaling.

Mrs. Mary Melissa and daughter Miss Barbara returned to Twin Falls Monday from a three weeks' trip to the western coast. While they visited at Seattle, Portland and Tacoma.

Mrs. L. P. Haggard of Kimberly was among the Twin Falls shoppers yesterday. While here Mrs. Haggard visited with friends.

Mr. and Mrs. Harry Munson of Wallace are in Twin Falls for a few days prior to a trip to the eastern coast. While away they will visit relatives and friends in New York, Elizabeth, N. J., and in Portland, Ore. They will make the return trip in about a month.

Mrs. E. G. Inger of Kimberly motored to Twin Falls yesterday for a brief visit with friends and for a shopping trip.

Mrs. H. F. Deppen of Kimberly was among the Twin Falls shoppers yesterday. She returned to her home late last evening.

Mr. and Mrs. Alfred Carlson and son Carl of Buhl motored to Twin Falls yesterday for a short trip.

E. P. Wilson of Kimberly was in Twin Falls yesterday on a short business trip. He will return to Kimberly today.

Mr. and Mrs. William Thomas of Coeur d'Alene motored to Twin Falls yesterday for the day. Mrs. Thomas stopped while here.

Mrs. Edgar Moorman of Milner was among the out-of-town shoppers in Twin Falls yesterday afternoon. While here Mrs. Moorman visited with friends.

C. P. Brown of Kimberly motored to Twin Falls yesterday for a short business trip. Mr. Brown will remain in Twin Falls for a few days before returning to his home.

Mr. and Mrs. F. C. Mayard of Rexburg motored to Twin Falls for a few days' visit with friends.

William Kerr, aviator specialist, is in Twin Falls for a few days' visit with the farm bureau.

Z. Fay Fowler, assistant leader of the boys' and girls' clubs in Idaho, is in Twin Falls from Boise for a short visit with the clubs in the community.

Inez M. Pomeroy of Kimberly motored to Twin Falls yesterday for a short shopping trip.

Edmond L. Turner, Jr. had his tonsils and adenoids removed yesterday. He is reported to be doing well.

Mrs. M. A. Robison of Burley motored to Twin Falls yesterday for a short shopping tour.

Word has been received in Twin Falls from Campbell, Mont. to the effect that Miss Lena Stahl became the

EXCURSIONISTS TO VISIT CLUBS TODAY

Trip Arranged by County Leader Promised to Be Largely Attended.

One of the most unique excursions held in this section will be that which will start from the farm bureau office this morning. It is the "excursion among the various boys and girls' clubs of this section.

A. I. O'Reilly, recently appointed boys and girls' club leader, is father of the idea. For the past week Mr. O'Reilly has been working overtime with the boys and girls in an effort to have all clubs in a position to put forward the best possible front before the visitors.

The public has been invited to participate in the event and present indications point to a large number of acceptances of the invitation. Members of the board of county commissioners, of the city administration, farm bureau officials and members will make the trip around the circle.

One of the big events of the day's work will be the selection of the boys and girls who will be sent to Idaho to participate in the state contest in judging mice, pigs, cattle, goats and in cooking. This will take place at the Piler fair grounds.

MIMIC BATTLE IS STAGED BY TROOPS

Fifth and Eleventh Cavalry Troops Are Working Out Military Problem at Marfa.

By the Associated Press.

MARFA, Tex., Aug. 26.—For six days the headquarters of the punitive expedition into Mexico, Marfa today suddenly became the objective of a minute battle between a blue and brown army of Fifth and Eleventh cavalry troops, working out a military problem.

The troops marching home from Ruidosa, under Major James P. Yancy, are the attacking force, and Major C. C. Smith in command of the Third Cavalry, is in charge of the defense.

R. N. Berry, who has been in Twin Falls for the past two weeks the guest of his daughter, Mrs. Charles Ambrose, left yesterday afternoon for his home at La Junta, Colo.

was sent out from Marfa. The "enemy" is expected here tomorrow.

With the departure for El Paso of Lieutenant Davis and Peterson, whose capture by bandits in Mexico precipitated the punitive expedition, the fourth expedition into Mexico today was considered closed. Davis and Peterson were transferred from the Marfa to El Paso, where they arrived on September 29, as their rank is temporary.

JEALOUS OF MEN DOCTORS

CONSTANTINOPLE, Aug. 26.—Women doctors are not to be tolerated in Constantinople, where it is considered improper for a woman to capture by bandits in Mexico precipitated the punitive expedition, the fourth expedition into Mexico today was considered closed. Davis and Peterson were transferred from the Marfa to El Paso, where they arrived on September 29, as their rank is temporary.

R. H. Miller of Pocatello is in Twin Falls for a short business trip.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Sals to Flush Kidneys if Bladder Bothers

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat creates uric acid. This uric acid is most generally sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, indigestion, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Sals from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous Sals is made from the acid of grapes and lemon juice, combined with bicarb, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acid in the urine so it no longer irritates, thus ending bladder disorders.

Sals Sals cannot injure anyone; makes a delightful effervescent lithic-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

ALLAS SUMMONS

In the District Court of the Fourth Judicial District of the State of Idaho, in and for the county of Twin Falls.

Alfred J. Pritchard, plaintiff, vs. George Pritchard, defendant.

The State of Idaho Sents Greeting, To George Pritchard, the above named defendant:

You are hereby notified that a complaint has been filed against you in said District Court of the fourth Judicial District of the State of Idaho, in and for the County of Twin Falls, by the above named plaintiff, and you are hereby directed to appear and answer the said complaint within twenty days of the service of this order, which is served with said judicial district, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as provided in said complaint.

Said action is brought for the purpose of obtaining a decree dissolving the bonds of matrimony between plaintiff and defendant and that plaintiff be awarded certain property described in the complaint for general relief, upon the ground that defendant has been willfully neglected to provide for plaintiff the common necessities of life, defendant having the ability to do so, and willfully and without cause deserted and abandoned plaintiff.

Witness my hand and the seal of said District Court, this 22nd day of August, 1919.

(SBA.) C. C. SIGGINS, Clerk.

WHAT THE RAILROADS WANT

Since the railroad employees submitted to congress, with their endorsement, the so-called Plumb plan for the government ownership of the transportation lines, another plan has been submitted by the Association of Railway Executives, representing the present owners of the railroads. This plan is more broad and liberal, and more in line with present public opinion, than anything previously suggested by the railroad interests. It flatly opposes government ownership but provides for a much larger share of government control than has yet been exercised in normal times.

The railroads would be obliged to incorporate under a federal act, and would have their stock issues and general finances controlled by governmental authority.

Their operation would be under the general supervision of a "secretary of transportation" with a place in the president's cabinet. This official would take over some of the executive and administrative duties of the interstate commerce commission, which admittedly is overworked under the present arrangement. The commission would retain its authority over rates, and would be responsible for valuations and other accounting work. It would have the assistance of "regional commissions" representing the various sections of the country and having first-hand jurisdiction over their local transportation problems.

The railroads, could still initiate rates, but the secretary of transportation would pass on them before they became operative, and the interstate commerce commission would have power to review them on complaint or on its own initiative.

Consolidations would be permitted to a greater extent, competition being encouraged only "in so far as it was in the interest of the public."

Labor questions would be taken up between representatives of the railroad properties and the labor unions, with final jurisdiction exercised by a board of arbitration acting under the secretary of transportation.

Most citizens having no direct interest in the railroads are likely to consider this plan more favorably than the federal ownership plan of the employees. The latter, at best, would involve a big leap in the dark and a big break with past policies. The railroad executives' suggestions seem to represent a more natural step in the course of railroad evolution. But there must be no guarantee of earnings.

NATIONAL GAMES

In spite of the serious attempts that have been made to introduce American baseball with all its attendant excitement and thrills into European countries, only partial success has been achieved. The English have shown a genuine interest in the game. The French have not. They simply do not care for it at all.

A similar difference is said to have been observed in the forms of relaxation indulged in by English, American and French soldiers behind the lines during the war. The two former sought active, strenuous exercise as a rule. The poilu preferred smoking, reading or day-dreaming.

The play of any people or nation, says

J. R. Hindebrand, writing on the "Geography of Games," in a current magazine, is a key to the geography, history and racial characteristics of that people.

He suggests that the English, being phlegmatic about their business, turn to active sports for recreation. The French, more animated in their daily routine, seek reposeful recreation. Just how the American games are explained by this method is not clear.

It is a true and interesting fact, nevertheless, that all peoples and races do play. Our ancient histories tell us that Greeks, Romans, Persians, Phoenicians, all had their athletic sports and competitive games. Many of our modern games may be traced to an origin in the games of many centuries ago, and they have their counterparts in games played by savages today. Geographically, of course, snow, mountains, plains, rivers and the sea itself have all influenced the plays of the people. And although there are many games in common, there are also games which seem particularly adapted to individual nations and peoples and to the state of development of their civilization. If the French did take up baseball they would probably refine it and alter it until the most enthusiastic American "fan" would fail to recognize it.

HOME RULE FOR KOREANS

Most of the recent discussion of Japanese affairs has involved critical references as to the tyrannical way in which Japan has treated the Koreans, since she annexed that country a few years ago. The Japanese government has now formally announced an entirely new policy, calculated to change the status of Korea from that of a subject province to that of a self-governing, equal member of the Japanese empire.

It is stated that the military government of Korea has been displaced by a civil one, and a system of municipal government based on popular suffrage is to be installed. Koreans are to have the same privileges and legal rights as the Japanese. The latter have been heretofore a privileged class.

These reforms, if carried out in the spirit of the proclamation, will go far toward restoring American confidence in the good faith of the Japanese government and its understanding of modern democracy. The announcement makes more credible Japan's promises of good intent regarding the Shantung peninsula.

WHAT IS A FAIR PROFIT?

An amendment to the food control act now pending in congress provides a fine of \$5000 or imprisonment for two years, or both, for the making of "unjust and unreasonable prices."

This is good as far as it goes. But what are "unjust and unreasonable prices?" The act in question does not appear to furnish any criterion.

The question as to what is a just and reasonable profit will receive an astonishing variety of answers if put to the business men who make prices. There will be another set of answers, much lower on the whole, from consumers. Estimates will vary, too, in different sections. How is a judge or jury going to decide?

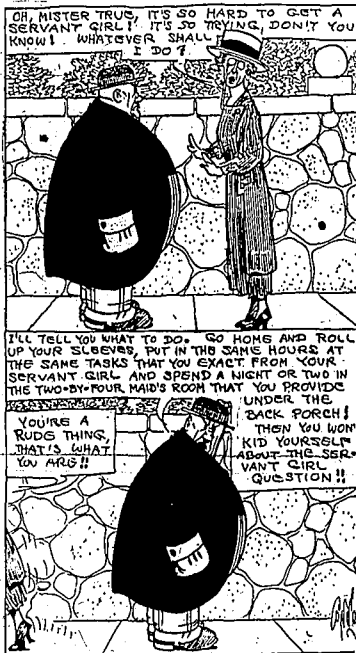

What is a fair percentage of profit, in the general run of production and trade, and what variations, if any, must be allowed in the different industries and businesses? Let congress wrestle with that problem, until it realizes the folly of the entire proceeding.

Communists won the recent election in Petrograd with ease. Those who had government jobs voted to hold them, and the other six people were afraid to vote.

It begins to look as if, after a few more million words on the subject, that peace treaty will be ratified.

At last the country is getting some action on that peace treaty. Chins are mov-

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness

Almost everyone knows that Sage Tea and Sulphur, properly compounded brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is many and troublesome. Nowadays, by asking at a neighborhood drug store for "Weyth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't say "grah!" Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking care to reach the scalp, and wash the hair as usual. In a few applications or two, your hair becomes beautifully dark, glossy and attractive. Weyth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of dandruff, and after another lot of disease.

ALIAS SUMMONS.

In the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls.

J. P. Swank, plaintiff, vs. Thomas A. Gibson and Mrs. Thomas A. Gibson, his wife, defendants.

The State of Idaho sends greetings to Thomas A. Gibson and Mrs. Thomas A. Gibson, his wife, the above named defendants.

You are hereby notified that a complaint has been filed against you in the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls County by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within said Judicial District, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time here specified, the plaintiff will take judgment against you as prayed, in said complaint. And you are further notified that said action is brought to foreclose a material man's lien against Lot 23, Block 89, Townsite of Twin Falls, for the total sum of \$285.35.

Witness my hand and seal of said District Court, this 30th day of July, 1919.

(Seal) O. C. BIGGINS, Clerk.

By C. L. BOWEN, Deputy. James R. Rothwell and W. Orr Chapman, Attorneys for Plaintiff, residing at Twin Falls. AUG. 1-31-5.

IS TO MAKE TRIP TO PACIFIC COAST

President-Candidate Speaking Tour More Important Than Reception of General Perishing.

By the Associated Press. WASHINGTON, Aug. 26.—President Wilson's prospective trip to the Pacific coast in the interest of the peace treaty is "more important than it has been in the past few weeks" in the view of administration officials.

An between going to New York to meet General Perishing or reviewing the first division in Washington as the camp may be, and going before the country, it was said by persons close to the president that he would consider the speech-making tour of more importance.

Secretary Tammity was expected tonight or tomorrow to discuss with the president the feasibility of "making the swing around the circle" even at the expense of being unable to greet General Perishing or to review the first division.

It is considered probable that the president will be able to leave Washington in time to review the Pacific fleet at San Francisco the middle of September. The date of the first review has been postponed twice to coincide with the president's expected arrival on the Pacific coast.

THREE TO FIGHT DIVORCE SUITS

Steps were taken by three defendants in the district court yesterday to defend divorce actions against them.

Robert Shierp asked for a change of venue in the action for divorce recently brought against him by Emma Shierp. Martin W. Krumm, whose wife, Marie Krumm declared had failed to properly support her and had treated her cruelly, filed an answer in which he denied every allegation made by his wife. He also denied that he was penniless and in debt when the couple were married and that his wife had aided him financially. James Riets entered a demurrer to the action of Estelle Steele for a divorce. Estelle Steele filed her suit for divorce last week withdrawing the papers set forth the alleged cause of action.

FIVE MILLION HUNS SEEK TO GO TO SOUTH AMERICA

By the Associated Press. BERLIN, Monday, Aug. 26.—Five million Germans have filed with the central bureau of immigration and its sixty-four sub-stations applications for permission to leave the country. The majority of the intending immigrants are turning their eyes towards South America. A large number also have indicated their desire to settle in Palestine.

MEXICAN SENATE HOLDS SECRET OIL SESSIONS

By the Associated Press. MEXICO CITY, Aug. 26.—The senate held a secret session Monday at which there was a discussion of article 27 of the constitution concerning the constitution of oil lands and regulations which may clear up misunderstanding. The committee on foreign

affairs made a report on its first investigation of the international situation.

The correspondent of the Excelsior at Tampico says that oil companies operating in the region north of Vera Cruz have placed orders for \$5,000,000 worth of improvement and development machinery. The newspapers think this indicative of the belief of the oil companies in an ultimate satisfactory settlement of the petroleum regulations.

GOMPERS PLEDGES HIS AID TO STRIKING THRESHOLD

By the Associated Press. NEW YORK, Aug. 26.—Samuel Gompers tonight pledged "every acre and aid" of the American federation of labor to the actors Equity association, "until there comes an honorable and justifiable end" to the actors' strike.

He appeared unexpectedly at a meeting of two thousand members of the association and delivered his promise of unstinted assistance in person from the speakers platform urging a "fight to the finish." He was given an enthusiastic ovation.

Following Mr. Gompers address the "Prohibiting Managers" association issued a statement declaring that the labor leader "had not fully informed himself on the strike before talking about it."

SPITZBERGEN TO BE GIVEN TO NORWAY BY THE COUNCIL

PARIS, Sunday, Aug. 24.—The Spitzbergen treaty has virtually been completed and probably will be approved this week. This treaty gives to Norway the entire Spitzbergen archipelago.

Stockholm, Sweden, Denmark and several other countries claimed Spitzbergen, but practically all of them have waived their claims.

FAIL TO FIND CLUE TO BODY'S IDENTITY

Reports From Rogerson and Jarridge That Much Speculation Rife as to Discovery.

Further evidence that the skeleton found on Devil's creek Sunday by W. L. Johnson, highway commissioner, was that of a member of Uncle Sam's army was obtained yesterday, but nothing as to the possible identity of the body could be learned. Investigation by the sheriff's office failed to disclose the name of any soldier disappearing from this section.

Mr. Johnson reported to the sheriff yesterday that in addition to the service button which he found in the grave and the pieces of khaki, there was a piece of heavy blue woolen cloth similar to that once worn by the soldiers. This fact seems to indicate that the body of the dead man was placed there about three to five years ago. When the government turned from the blue uniform to that of khaki many of the men continued to wear skirts of blue, being able to do so when the blues were plentiful and many of such shirts were issued. Another indication that the body was that of a young man is from the condition in which the teeth were found. None of them showed decay and none were missing.

Members of the sheriff's office yesterday sent the details gathered here from Messrs. Johnson, Larsen and McDilda to Sheriff Joe Harris of Elko county, Nevada, so that Sheriff Harris could follow any clues that he may have when he visits the McMillan ranch to investigate the affair.

SPECULATION AT ROGERSON.

ROGERSON, Aug. 26.—Speculation as to the identity of the body found southwest of here and near the Nevada state line was general today, but no definite clue was developed. Information here is that the skeleton was covered with lava rock and that across the chest a large flat rock had been laid.

Manifestly then this body was taken to its isolated resting place and the stone piled upon it to prevent crows dragging it about in a way to induce discovery.

In these circumstances it was not expected here that anyone would be found who would admit knowledge of the body. Speculators therefore run to inquiry as to those who may be visiting. The presence of the army button and the khaki cloth limits inquiry to one who wore these, in the most natural process of reasoning. No former soldiers from this community is missing, so far as known.

The conclusion therefore is that the body is that of some one passing through the country and in this connection Twin Springs, Jarbridge and Canby are mentioned. Speculation is that an ex-soldier passing either into or out from a Nevada point, met his death; that there was reason to conceal the body and therefore its

burial on the desert beneath the heap of basalt.

CLUE IN JARRIDGE.

JARRIDGE, Nev., Aug. 26.—Nothing is known here which will shed light on the mystery surrounding the finding of a skeleton near the state line Sunday. It is said, however, that careful investigation is being made by Elko county sheriff and officials in connection with those of Twin Falls county.

One story current here, but which lacks confirmation is to be investigated carefully. It pertains to a former gambler and a young man wearing army trousers about 17 months ago. The man wearing the army clothes has never been seen in these parts since the two left together. The gambler is not in this camp now and inquiry has failed to elicit any information as to his whereabouts.

MCUMBER AND BORAH CLASH OVER TREATY

Continued From Page One.

would change the language of the treaty in more than fifty places, scattered through many sections, an exception was made of the reparations commission which is to have charge of the collection of Germany's indemnity bill. Senator Fall, republican, New Mexico, who presented the amendment, said he had not proposed taking the American representative from this commission because he felt American interests might be directly involved in its work.

Americans not interested. In the commissions which are affected by the amendment, Mr. Fall said, American interest would be so indirect as not to compensate for the dangers of becoming hopelessly involved in European affairs. Among these commissions are the bodies set up to rectify the boundary between Denmark and Germany, to establish the free city of Danzig, to supervise numerous plebiscites and to take care of various other details under the treaty.

The amendment also omits reference to the commissions that are to be appointed by the league of nations committee members saying that was a subject to be dealt with after action had been taken regarding the league covenant itself.

Drives Poisoned Blade. In his speech in the senate, Senator Mcumber declared the committee majority really intended the Shantung amendment to drive a "poisoned blade" into the treaty with the purpose of killing the league of nations. He asserted that the change would give to China instead of to Japan the German rights in Shantung province, was actually a blow at China because it could accomplish no result but to drive Japan out of the league and leave her free to pursue a course of spoliation against Chinese territory.

Borah Takes Issue. Senator Borah replied that China had nothing to hope for under the league because the same powers which will control its decisions already had decided her case in favor of Japan. He reviewed the history of Japanese diplomacy in the East and said the facts argued against Japan's keeping her promise to return Shantung to China.

In the general debate which developed several other republicans attacked the poison taken by Senator Mcumber, and Senator Fall announced that he would reply to the North Dakota senator at greater length tomorrow. Republican leaders declare the amendment is assured of senate acceptance, but after his White House conference today Senator Hitchcock declared it would be beaten decisively and that there would be a dozen republican votes against it.

President Is Pleased. The president, Senator Hitchcock is believed well pleased with the senate situation and with the fact that the treaty would be ratified without any amendment or reservations that would reopen negotiations.

Tomorrow the committee will resume consideration of the Fall amendment, the specific application of which to the treaty text was not embraced in today's blanket decision. It is hoped to complete this work tomorrow, as the committee begins on Thursday an eight day schedule of hearings. Today it added to the waiting list of witnesses representatives of the India home rule league.

Knox Will Talk. Senator Knox of Pennsylvania, a republican member of the committee, and former secretary of state, announced today he would speak in the senate Friday on the treaty. He is regarded as one of the bitterest opponents of unqualified ratification. "In his speech today, Senator Mcumber said:

"If this amendment, you make it almost impossible for Japan to comply with her own agreement with China without suffering humiliation and by sacrificing the respect and natural pride of her people. By this amendment, a third power—the opponents of the league insist should never interfere with the affairs of the eastern hemisphere—proceeds to not only a compact entered into between two nations of the eastern hemisphere in which we were in no way concerned and performing this act with an arrogance no white nation would ever submit to so long as it had a drop

SAN FRANCISCO YARDMEN JOIN IN STRIKE WITH THOSE OF LOS ANGELES

Continued From Page One.

The railroad men have thirty-six in number, who went out in sympathy with the strike in California, went back to work tonight on the understanding that they were to handle only inbound trains, and not trains bound west for California points.

HINES APPEALS TO MEN.

SAN FRANCISCO, Aug. 26.—Director General Hines of the railroad administration tonight appealed to members of the four railroad brotherhoods whose strike virtually has paralyzed steam transportation in southern California to return to work. The appeal was made in a statement given out here, in which the director general declared the government was powerless to act in the dispute between the Pacific Electric lines and their employes out of which the strike of steam employes grew.

The statement said: "I have great confidence in the intelligence and fair mindedness of the yard, train and engine employes and sincerely regret the strike which is open to give this matter his personal consideration and give the government the support it is entitled to on every account in operating steam railroads in and about Los Angeles and California generally. The railroad administration has been handling this matter with the chief executives of organizations of train and engine men, and I am making this statement after consultation with them, on the subject."

"I wish to ask every railroad employe involved in any way in the strike on the steam railroads in Los Angeles to give his personal consideration to the real facts of the situation as far as the government of the United States is concerned. The United States railroad administration has no complete control over the Pacific Electric railway than over any or all of the street car lines throughout the United States."

The federal control act did not contemplate that the government should take possession and control of any such line and the government did not do so and has no statutory power to do so. Therefore, employes who have been led to believe that the government can and ought to deal with this situation in any way, are resting under an entire misapprehension of what facts.

"The men in train, engine and yard service on the steam railroads have service into or out of

CHIROPRACTORS TO MEET.

On September 22, 23 and 24 the annual convention of the chiropractors' association will be held in Twin Falls, was the announcement made yesterday. Dr. A. I. Forster of the National School of Chiropractors will lecture during the convention.

COMING TO THE IDAHO WATCH FOR DATE

Adolph Zukor presents JIMMY AMIVA EMERSON LOOS PRODUCTION OH YOU WOMEN! A Paramount Picture with BARBARA FRUHI and LOUISE HUBB

Ford THE UNIVERSAL CAR

During all the years the Ford Model T One Ton Truck has been on the market, we have never had one complaint of rear axle trouble. We have had no complaints of motor trouble. As the motor and the rear axle are the vital fundamentals in a motor truck, we have the right to conclude that the Ford One Ton Truck has not only met the demands of business, but has done so in a satisfactory and economic way. There is no other evidence so convincing as that which comes from long practical experience. Ford One Ton Trucks are serving along all industrial and commercial lines. You will find them everywhere. If these statements were not facts, the demand for the Ford One Ton Truck would not be as large as it is, because people are not buying trucks which do not give service. Coupled with the dependability of the Ford One Ton Truck in all classes of usage, comes the economy in operation and maintenance. On the farm, in factory delivery, for the merchant, manufacturer, and contractor, in these days of modern business methods, this worm-drive One Ton Ford Truck has become an actual necessity. Leave your orders with any of the Authorized Dealers mentioned below, and you will be assured of prompt attention.

Western Auto Co.

SPORTS

CINCINNATI FANS ARE GRINNING SO WIDE THEY CAN WHISPER IN THEIR OWN EARS.

After forty years of groping Cincinnati has discovered the National League. Packed right at the front door. After four decades of hounding they've finally wanted the ball on the lawn. And the old rusty ten-penny is sticking like a pin. The red-hoss ballplayers have rattled past the rest of the ball troupe like a motorman with a broken watch. On the road they went like an imperialist—attacking at—winning—gain busts loose at quitting time. On the home pasture, the dust can't settle any place but on the roof of the grandstand. Groundkeeper instead of cutting the grass is feeding it. Same fact! The peanut shock lumpy they fans so hard they even applauded prohibition!

GOLD HUNTERS STRANDED IN STEVENSON'S SCHOONER CASCO?

By the Associated Press. NOME, Alaska, Aug. 26.—A Siberian trader, who recently crossed the Bering sea to Nome, reported Robert Louis Stevenson's old schooner, the Casco, bearing a party of gold hunters to Siberia, was stranded or wrecked near Khatkayun bay, on Siberia's Arctic coast. Another report, from Anadyr, Siberia, said the Casco reached its destination and was being unloaded. Neither report could be confirmed.

JAPANESE ORGANIZE

By the Associated Press. HONOLULU, T. H., Aug. 26.—One hundred and fifty Japanese carpenters, painters and plumbers have organized a union here. They have announced that after October 1 they will only work eight hours a day and demand time and a half pay for overtime.

and B. Kuhlto all advanced without meeting among opposition. Two of the Australians, Patterson and Lyceet, whose names were drawn in the second sixteen, were to oppose each other tomorrow, but Lyceet announced that he would default instead of trying to eliminate his countryman.

IDAHO "U" READY FOR THE GRIDIRON

Many Letter Men—Including Bull Boy—Are Expected to Don Molestins.

MOSCOW, Idaho, Aug. 26.—Active football practice will start by the University of Idaho team September 15, giving Coach W. C. Hoelmueter more than a month to whip his men into shape before the first important game of the season, a clash with the University of Oregon October 18.

The letter men expected back are Arren Barber, Boise; Harry Hartwell, Bull; Leon Perrine, Nez Perce; Felix Pinatino, Pocatello; Marvin, Carman, Kennewick; Boyd Coruella, Moscow; Justin Gowen, Caldwell; Grover Brown, American Falls; Richard Fox, Nez Perce; Paul Chick, Evans, American Falls; Lacey Thompson, Holm; Nell Irving, Rupert; Ralph Brashers, Caldwell; Tillman Gorlow, Boise; Boyd Brigham, Moscow; Albert and Fred Graf, Coeur d'Alene.

MIGNOLA IS AN EASY WINNER

By the Associated Press.

BOZEMAN, Aug. 26.—The Redwattle purse for 216 class horses, the feature event of the opening day of the grand circuit meeting at the Redwattle track, was easily won by Mignola, marking his eighth successive victory this year. At the end of each race Cox was heard to bark at the field. Time 2:08 3/4.

The best race of the day was the two-year-old trot. Natalie the Great, driven by Thomas lost the opening heat through a break at the distance flag, Mrs Dudley taking it in 2:12 1/2. Natalie won the second by a short neck from Mr. Dudley in 2:10, the fastest heat by a two-year-old trotter this year. In the final heat the Thomas entry was only a nose in front of Mr. Dudley at the finish, the time being 2:11 1/2.

Charles King was easily the best of the lot in the American horse breed, or futurity for three-year-old pacers, winning the 2:09 1/4 and 2:08 3/4. Millie Irwin won, over the favorite, Peter Hopeful, in the 2:18 trot, in 2:10 1/4, 2:12 1/2 and 2:10 3/4.

TEAMS TRADE PITCHERS.

ST. LOUIS, Mo., Aug. 26.—Pitcher Dave Bierforth of the Chicago Cubs today was traded to the Columbia team of the American Association for Huber Williams. Manager Gleason of the White Sox announced here tonight.

MOOSE TAKE NOTICE.

Meeting nights, second and fourth Wednesdays of each month. All men out to meeting in L. O. O. F. hall on Wednesday, August 27. This is an important business meeting and needs your attention. D. C. GRAYHUAL, Dictator. F. A. ZUMBE, Secretary.

SPORT JAZZ

BY RAZZ BERRY

A new lunality has arisen on the horizon.

It is Cleveland, which has caught up with Detroit and can kill the hopes of the Detroit outfit by winning the series today between the two teams.

The outcome of the American league race might be definitely decided by Labor day. The four first division teams will have it out among themselves until after Labor day. Chicago goes to Cleveland after finishing with St. Louis today.

No matter what the outcome fans in these big league towns will certainly be furnished some hair raising baseball.

Bertha Keller, girl swimmer, has been declared an amateur by the Pacific Northwest association of the Amateur Athletic union. The young woman had been employed as a life guard at the University of Washington in Spokane, for which she received a compensation.

The University of Oregon will acquire one of the finest football fields on the Pacific coast during the 1919 season. If present plans are carried out the dedication will be held Home Coming day, November 15. The University of Oregon and the Oregon A. C. are scheduled to play on that date.

Walter C. Scott, educational director at Camp Lewis, has been secured by the School of Mines at Butte, and will supervise athletics during the coming season.

NO ANAESTHETICS.

WARSAW, Aug. 26.—Surgeons in the military hospitals of Poland wear cotton gloves or work with bare hands. There is no ether and no nitrous chloroform, so many operations must be performed without anaesthetics.

AUSTRALIANS SHOW TENNIS TURF FORM

Win Their Matches in Devisive Fashion Over Six American Players.

By the Associated Press.

FOREST HILLS, N. Y., Aug. 26.—With one upset and several hard fought sensational matches, the initial round of the thirty-eight annual singles turf tennis championship of the United States opened on the courts of the West Side club here this afternoon. Great interest centered in the work of visiting Australian players and the expert on Down Under justified the reports which preceded them from England by winning their matches in decisive fashion. Gerald L. Patterson, defeated Fred B. Alexander of New York, who ranked third among the national tennis stars of 1918 by scores of 4-6, 2-6, 6-1, 6-2, 6-2. The veteran Norman E. Brookes, holder of the present Davis cup championship won in straight sets from Walter Pate of New York, 6-0, 6-3, 6-1. Randolph Lyceet disposed of Harold Goddall, Los Angeles, 6-6, 6-8, 4-6, 6-6, while R. V. Thomas disposed of W. P. Compton of Cedarhurst, E. S., 6-1, 6-1.

Alexander was the only opponent against the Australian who was able to give the invaders from Australia a real battle. He swept into Patterson, holder of the English single championship, in impressive fashion and for two sets appeared in the light of a winner. Patterson, however, settled down to hard play at the beginning of the third set and taking his stand at the net unopposed or placed with such speed and accuracy that the New Yorker was completely baffled and as the match wore on lost his endurance.

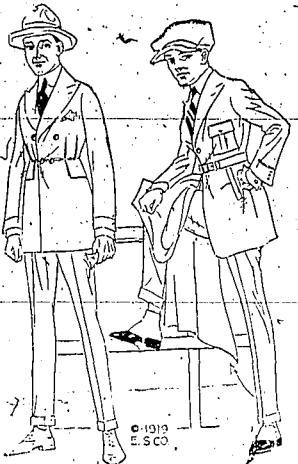

The only other outstanding match resulted in the defeat of S. Edward Voshell of Brooklyn at the hands of C. B. Doyle of Washington, 4-6, 6-3, 6-2, 6-7, 6-4.

Both players were at the top of their form and so equally matched that four rallies were frequent in every set. The gallery, which late in the afternoon exceeded 5,000 spectators, was kept in a continual roar of applause. Service and volleys were made at top speed and both favored their way to the net at every opportunity. In the fourth set Doyle was four times within a hair of the match, but was unable to clinch the contest against the determined play of Voshell. In this set Doyle was called from 3 to 4 times in several games. Doyle opened the final set handsly and it took him several games to get steadied. In the end his greater endurance and accuracy in shooting through small openings was the slight margin which gave him victory.

Champions of former years including Maurice E. McLaughlin, H. Lindley Murray, William M. Johnston, H. Norrie Williams' 2nd, and the two Japanese entrants, Ichiyae Kumagae

LIKLY LUGGAGE STETSON SHOES

MAXIMUM Clothes Satisfaction At Minimum Cost.

Is found in getting the best quality; and that's our specialty. You can't buy better clothes than these; we guarantee satisfaction or money back.

Young Men Want Double Breasteds This Fall

The new fall fashions are now ready for you. Special designs developed exclusively for this store by Ederheimer, Stein & Co.

They embody all the high principles of quality in fabrics and tailoring which have made these makers famous. Detachable belts and half belts; new features in lapels, shoulders, pockets, sleeves. New single breasted types. We can fit any type of figure.

The Moral Risk

When the time comes to seek credit, a bank will want to know what you ARE as well as what you HAVE.

That's where the moral hazard comes in.

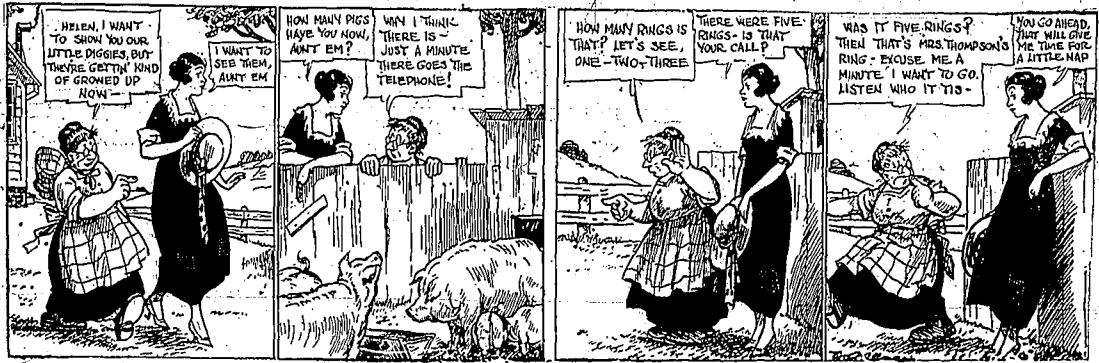

And you can't establish credit over night. Rather, it is a matter of becoming KNOWN at your bank, of establishing confidence by the way in which you have kept your account, regardless of the amount you have to your credit.

Get acquainted—that's the first thing. Then develop that acquaintance into friendship. It will stand you in splendid stead when the time comes. Remembering also, that this bank offers you a complete banking service.

WE SHIP GOODS. Wash the poisons and toxins from system before putting more food into stomach. Says inside-bathing makes any one look and feel clean, sweet and refreshed. Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness while the bowels remain so. For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, more and toxins which are absorbed or sucked into the blood stream, through the lymph ducts, which should seek only nourishment to sustain the body. A glassful of health measure is to drink before breakfast each day a glass of real hot water with a teaspoonful of limestone phosphate in it which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels. This cleaning, sweetening and flushing the bowels with real hot water can be done by putting more food into the stomach. A quarter pound of limestone phosphate costs but very little at a drug store but is sufficient to make any one an enthusiast on inside bathing. Men and women who are accustomed to wake up with a dull aching head or others who have bilious attacks have furrowed foreheads, bad taste, heavy, shallow, complexion and stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

FOR SALE—GOOD RANGE and washing machine. 236 Seventh avenue E. A-19. FOR SALE BY OWNER: \$2000—1-4 section of land, north of Bonners Ferry, Idaho; 1 mile from school house and railroad. For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, more and toxins which are absorbed or sucked into the blood stream, through the lymph ducts, which should seek only nourishment to sustain the body. A glassful of health measure is to drink before breakfast each day a glass of real hot water with a teaspoonful of limestone phosphate in it which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels. This cleaning, sweetening and flushing the bowels with real hot water can be done by putting more food into the stomach. A quarter pound of limestone phosphate costs but very little at a drug store but is sufficient to make any one an enthusiast on inside bathing. Men and women who are accustomed to wake up with a dull aching head or others who have bilious attacks have furrowed foreheads, bad taste, heavy, shallow, complexion and stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

TO ANY PLACE ON EARTH. Come right to your door, take away the case or cases and deliver them to the railroad. We do a general transfer business and will undertake to transfer anything from a single package up. Would be glad to act as your transfer people. Shall we call and talk it over?

SHOPMEN ARE TO VOTE UPON WILSON PLAN

Action Will Determine Whether or Not They Will Strike.

REFUSAL TO STRIKE WOULD DETER OTHERS

Gompers Home From Europe

Refuses to Discuss the Question With Reporters.

By the Associated Press. WASHINGTON, Aug. 26.—Railroad shopmen throughout the United States will begin voting immediately on whether they will accept the wage proposals made yesterday by President Wilson and Director General Hines to go out on strike to enforce their demands for a general advance in pay. Industrial Peace Hinges.

On the outcome of the balloting hinges industrial peace on the government controlled railroad. If the 500,000 shopmen decide to accept the President Wilson's demand that there shall be no general wage advances until the government shows what can be done to control the rising cost of living, sufficient time to effect some changes in the price levels, probably will elapse before other unions press their demands for more money.

Course Is Uncertain. What action the government may be expected to take in the event of a vote by the shopmen to strike for an immediate increase in wages, which President Wilson has said would have a disastrous effect on efforts to bring down prices, has not been disclosed. If indeed it has been considered.

Will Advise Gompers. Indefinite of the determination of Director General Hines and the railroad administration to deal fairly with all classes of employees the director general today instructed the board of railway wages to consider promptly any demands that might be made and to report recommendations for correcting any inequalities found to exist, though general advances for any class will not be made until it has been proved that the present level of prices is permanent. In that case, both the president and Mr. Hines have given assurance that railroad workers would receive early readjustment of their wages.

Will Hurry Voting. The taking of a strike vote ordinarily requires about three weeks. In the present instance, however, it is believed the vote will be completed earlier, as instructions were given by the international officials to the unions to announce meetings if necessary and to telegraph the results of the balloting.

Call for Strike. Announcing that they had refused the proposal of the director general,

the committee of 100 representing the shopmen made public a letter sent to the various bodies calling for a strike vote. The committee was in session today, debate becoming bitter at times, it was said, the more radical of the members demanding a strike to compel some money. In the letter, however, the various bodies called for a strike vote. The committee was in session today, debate becoming bitter at times, it was said, the more radical of the members demanding a strike to compel some money. In the letter, however, the various bodies called for a strike vote.

Asking "every serious consideration" of the question, the committee told the various bodies calling for a strike vote. The committee was in session today, debate becoming bitter at times, it was said, the more radical of the members demanding a strike to compel some money. In the letter, however, the various bodies called for a strike vote.

COMBERS REACHES HOME. NEW YORK, Aug. 26.—Declining to discuss current labor problems in detail on the ground that he had had not time to familiarize himself with them during his absence abroad, Samuel Gompers, president of the American Federation of Labor, who arrived here from France on the transport George Washington today, said that he wished to make plain that he did not come home to interfere with the program of labor but to help my fellow laborers.

Members of the Twin Falls Post, American Legion, both as individuals and as members of the organization, will stand for no disrespect of the uniform. One young man who was wearing part of a uniform without authority was so informed yesterday.

Questioned by reporters, the labor leader hoped to be exempt from commenting on the president's statement on the merits of the railroad shopmen's demands, the actors' strike, the plumbers plan for the nationalization of railroads and the proposed steel workers' strike on the ground that he had not had time to study them. He admitted, however, that urgent telegrams from Washington, whose source he did not disclose, prompted him to hasten his return home by air from a week.

Today Mr. Gompers based a statement on the "prevalence of labor" at the International Trades Union congress convention in which he said that the congress for the "first time approximates the democratic conception of the international union."

Attending to the overwhelming head by the congress of a resolution calling for organized labor's support of soviet revolutions Mr. Gompers effluently: "The defeat of this proposition means the definite and final repudiation by the organized labor of Europe and America, not only of Bolshevism, but of the whole effort to involve labor unions in international revolutionary movements of any kind. It is in this that the majority of the delegates profess more or less exclusive loyalties."

but they have finally repudiated the political and convulsive effects of the soviet party to utilize the unions for a revolutionary catchword. "Mr. Gompers characterized the recent socialist proposal for an "international and revolutionary" strike throughout Europe and America last July as "most Bolshevistic" and expressed his satisfaction that "the labor unions in every country of Europe turned it down with the partial exception of Italy. This proposal general best hope of the pro-Bolshevik and other revolutionists in western Europe and proved an absolute fiasco."

"At Amsterdam," continued the statement, "the neo-Bolshevik type of socialists were represented by the called Free Trade unions of Germany with 60,000 members and the national secretariat of Holland with 45,000 members. The two organizations together represented 105,000 out of a total of 17,000,000 labor unions represented. These figures accurately represent the relative force of labor unions and Bolshevism in the European labor union movement."

SERVICE MEN WANT UNIFORM HONORED

Will Not Stand for Disrespect of Young Man Is So Informed.

Members of the Twin Falls Post, American Legion, both as individuals and as members of the organization, will stand for no disrespect of the uniform. One young man who was wearing part of a uniform without authority was so informed yesterday.

Following his noticing the shirt on the man, the former soldier called the attention of two other service men and a member of the local recruiting office to the condition. The recruiting officer asked the young man if he had ever been in the army and when told that the man had not he was informed that the army indigna immediately. He did so.

MEMBERS OF THE M. E. CHOR ENTERTAIN AT PICNIC

Members of the Methodist choir entertained at a picnic and shower last evening at the home of Mr. and Mrs. J. M. Wadell on Howe Lake boulevard in honor of Miss Lucile Houghaling. The evening was enjoyably spent by those present, the choir members taking this occasion to pay honor to the faithful friends of Miss Houghaling who has been a prominent member of the church organization for the past year.

NOW-LEAT VEMISON

WHAUGH, Aug. 26.—"This winter we shall eat venison," say the Delimitans. Deer abounds in freed Czechoslovakia. Despite the terrible starvation rate among the peasantry during the last three winters Austria didn't allow them to kill deer.

AMERICAN AVIATORS FIRST TO FINISH

Complete Round-Trip, Mincola to Toronto—Elapsed Time Not Yet Known.

MINCOLA, N. Y., Aug. 25.—Three entrants, all American air service pilots, had finished in the international race between Mincola and Toronto, at 6:44 o'clock tonight. Lieutenant M. J. Plumb and C. W. Maynard, completing their round trip here and Major R. W. Schroeder ending his at Toronto.

Lieutenant Plumb was the first to finish, landing at Roosevelt field at 5:50 p. m. after a gross time of 26 hours, 38 minutes since his start here yesterday afternoon at 3:12.

Major Schroeder the second to finish, landed after the elapse of a gross time of 26 hours 41 minutes since his start here yesterday afternoon at 3:03. In announcing the first three aces to complete their trip, the American Legion stated that actual flying time would not be known for many days, as all stations along the route had reported arrivals and starts at their points. The winner of the derby will not be known until official reports are all in, it was added.

Lieutenant Plumb and Maynard both used the Haviland "Twin" airplanes, with 400 horsepower Liberty motors. Major Schroeder used a Vought.

It took Lieutenant Plumb 29 hours and 15 minutes to reach Toronto from Roosevelt field on the first half of his flight, arriving at the Toronto landing field at 11:27 a. m. today. He made the trip back in five hours and 50 minutes, starting from Toronto at noon, he said.

Major Schroeder consumed about 150 gallons of gasoline on his flight from Toronto to Mincola, getting away from the local field at about 11 a. m. today after spending the night here. He arrived at 7:22 last night, six hours and 57 minutes after he left Toronto.

WAGE PROBLEM SOLUTION LIES IN LIVING COSTS

By the Associated Press. CLEVELAND, O., Aug. 26.—"The solution of the wage problem, not only for the railroad but for other lines of business, lies in a reduction of the living cost, not in increased wages," said Warren S. Stone, head of the Brotherhood of Locomotive Engineers, commenting here tonight on the railroad wage policy set forth in a statement by President Wilson Monday.

Mr. Stone added that the engineers are not satisfied with their present wages, but are hopeful that the living cost will soon decrease sufficiently to make living conditions easier, but if there is a continuation of the present price for food and other necessities the engineers will ask for an increase in wages, Mr. Stone said.

ADVISERS FARMERS TO GROW CONSIDERABLE GRAIN IN 1920

WASHINGTON, Aug. 26.—Farmers of the country were advised today by the department of agriculture to maintain grain and live stock production as all available information now indicates that there will be continued strong demand for these products.

While the exact world food conditions for 1920 cannot be forecast with accuracy at this time, the department said it considered it a wise policy "to maintain normal acreages of fall wheat and rye on native west lands adapted to these crops." Adding that "the need is for well balanced, sane and efficient production of staples, the demand for which is reasonably certain, judging from existing domestic and foreign conditions."

FAIL TO REACH AGREEMENT ON THE AUSTRIAN TREATY

By the Associated Press. PARIS, Aug. 26.—The supreme council today did not finish its consideration of the reply to the Austrian counter proposals. The all-time will be resumed tomorrow. It is not expected that the council will be able to hand the completed treaty to the Austrian government before the end of the week, it then.

DENY AGREEMENT MADE FOR CROSSING BORDER

MEXICO CITY, Aug. 26.—There is no formal agreement between the United States and Mexico allowing of the free passage of troops through their respective territory, according to General Alvaro Obregon, former minister of war, in a telegram to El Monitor Republicano in refuting an assertion made, recently by El Universal that such a pact was signed by Gen-

eral Obregon and General Scott of the United States army at the time of the withdrawal of the Pershing expedition from Mexico. Secretary of War Baker was quoted by El Universal to that effect, and General Obregon's telegram to El Monitor Republicano says: "I cannot believe that Secretary Baker has made a declaration which is lacking in foundation."

YOUTHS READY TO DON MOLESKINS

With New Field to Play On and With Good Material, Twin Falls Out-Look Is Promising.

The mole skin will soon take the place of last and fall in the hearts of Twin Falls sport fans. The high school youngsters, who provide the gridiron sport in this section are already making plans for the coming season. The coach-Naefler is already laying his twin falls for the season's work.

Twin Falls has won several football championships in the past and it is the belief of those who have looked over the material for the coming season that the team taking the premiership this year will have to defeat the local eleven to do it.

One of the things that will be of a help to the Twin Falls warriors is the new playing field near the Lincoln school. This field, with a seating capacity of 1,000, provides a new field for the Twin Falls schools. Long wanted, the field was constructed after a petition was received from the school youngsters by the lumber board telling of the need. The lumber used in building the stands for the stands was purchased at the mill and constructed and fenced under the direction of Coach Naefler.

WAGON DRIVERS HOLD MEETING

Drivers of school wagons for the Twin Falls school district met last evening with Superintendent Hart to discuss the methods to be followed during the coming year and to take up general problems. There are 30 school wagons to be used this year and Mr. Hart announced that all drivers had been selected. Following the meeting last evening contracts for the ensuing year, were signed. Following are the men who will drive the wagons this year: J. W. Smith, L. S. Jones, M. E. Staley, W. J. Derry, Drady Wiley, George Heer, W. Villers, C. Osterloh, J. V. Hoeg, C. C. Paulson, Frank Johnson, R. W. Egleston, J. P. Gubbins, R. H. Patton, George Miller, Otto Shriver, Arthur J. Hequa, C. R. Shipman, E. E. Corey, Paul Kopf, Orson Strong, Fred Blackburn, Ed Vance, Leo Paulson, N. W. Arrington and Pete Swenson.

NO COAL; HUN NO TRAINS

By the Associated Press. BERLIN, Aug. 26 (Havas)—According to the Berlin Lokai Anzeiger all express train service, and probably all passenger train service west has suspended to these crops. Adding that "the need is for well balanced, sane and efficient production of staples, the demand for which is reasonably certain, judging from existing domestic and foreign conditions."
