

PLAN DRASTIC ACTION TO STOP THE STRIKE

FULL SERVICE IS PROMISED BY R. R. HEAD

Brotherhood Officials to Co-Operate in Breaking Illegal Walk-Out.

DIRECTOR GENERAL OUTLINES HIS PLANS

Declares Men Have Violated Own Rules and Contracts With Carriers and Government.

By the Associated Press. WASHINGTON, Aug. 28.—Director General Hines tonight served notice on "public officers, railroad officers and employees and citizens generally in California, Arizona and Nevada, that the railroad administration would undertake to restore full railroad service in those states on and after seven o'clock next Saturday morning, and that all striking employees who do not return to work by that time, will find their places filled.

This action comes after the announcement by the four brotherhood chiefs that the brotherhood would assist the railroad administration in operating the lines if the illegal strike was not terminated, is the most drastic order taken by the government in a labor controversy.

Any one who interferes with or impedes the use of railroad property, Mr. Hines said, would be dealt with, for

WALKER D. HINES

having committed an offense against the United States.

Hines asks cooperation from Mr. Hines, in addition sent telegram to the governors of California, Nevada and Arizona, and the mayors of principal cities in those states asking cooperation in maintaining traffic and in preventing interference with the movement of trains.

At the railroad administration, Director General Hines made public the following:

Hines' Statement.

"To public officers, railroad officers and employees, and citizens generally in California, Arizona and Nevada:

"A strike is in progress on the part of the train and engine men and porters on the steam railroads being operated by the United States government in parts of California, Arizona and Nevada. This strike began at Los Angeles purely as a sympathetic strike on account of a controversy between the Pacific Electric Railway company and certain employees of that company. The property of that company is not in the possession or control of the United States government. The strike of the employees on the steam railroads was entered upon without any grievance being presented or alleged. The strike was and is a violation of the agreements between the striking employees and the steam railroads upon which they worked and also of the national agreement between the United States railroad administration and the chief executives of the organizations to which the strikers belong, such national agree-

WESTERNERS OPPOSED TO KENYON BILL

Ammons, Former Colorado Governor, Declares Country Lacked Enough.

CLAIMS PACKERS DO NOT STIFLE INDUSTRY

Southern Witness Asserts His Sections Has Been Aided by Meat Companies.

WASHINGTON, Aug. 28.—Westerners opposed to regulation of the packing industry proposed in the Kenyon and Kenrick bills occupied almost the exclusive attention of the senate agricultural committee today in its hearings on the two measures. A large delegation of Colorado citizens, led by E. M. Ammons, former governor, who is the author of the bill, commenced most of the day and the delegation leader wound up the hearing with a speech which, contrary to custom, was applauded warmly in the committee room.

Says Packers "Are the Goat."

"The agitation against high prices has developed an interest to find a goat somewhere, and this legislation would make the packers the goat," the former governor said. Touching upon experience with forest land leases, and the national experience with railroads, telephones and war restrictions, he asserted that there was "a deadly fear of any nurse of life."

Senator Kendrick, democrat, Wyoming, and Kenyon, republican, Iowa, argued points which the members of the delegation brought up. The latter read at some length to H. G. Hays, department commission man, evidence taken from the federal trade commission report, stating that other Denver citizens had testified under oath that the five big packers secured advantage in the Denver stockyards recently.

Mr. Hays, in reply intimated that the senator would attach less weight to these arguments if he knew the witnesses the commission proposed.

W. H. Olson of Coakville, Wyo., read a commercial club resolution against the bill and said himself that "the summary inaccuracy of law already to control the situation,"

South, stands by the Big Packers.

The geographical source of opposition was witnessed in the month before the day when C. D. Thomas, a Prichard, Alabama, banker said that the packers have "brought" prosperity wherever they have come in the southern country."

"We fear that restrictions in our territory," he said.

W. H. Smith, a producer in the same locality, was even more emphatic.

DECLARE WAR ON "WILDCAT" OIL

By the Associated Press. COLORADO SPRINGS, Colo., Aug. 28.—The appointment of a committee of three members of the American Petroleum Institute to investigate and draft a law prohibiting the sale or advertising of "wild cat" oil stocks was made at the closing session of the institute today. The committee is composed of H. L. Welch, general secretary of the institute, James C. D. Glavin, general counsel for the General Petroleum Association, Cleveland, and R. W. Stewart, chairman of the board of directors of the Standard Oil company of Indiana.

The institute also informed the plan for the formation of a \$1,000,000 research bureau, offered by Dr. Van H. Manning, a director of the United States bureau of mines, yesterday. The institute adjourned to meet in New York three months hence.

NEGROES ARE HEARD ON RACIAL-EQUALITY

Townsend Speaks Against the Pact—Senator Knox to Make a Speech Today.

By the Associated Press. WASHINGTON, Aug. 28.—Coupling its public hearings with consideration of proposed amendments to the peace treaty, the senate foreign relations committee plans an extended session tomorrow to hear Townsend on his report to the senate.

After completion of its open meeting during the morning, the committee will close its doors and take up pending amendments. It is likely that the first to be considered will propose elimination of the international labor section and reduction of the representation of British dominions in the league of nations assembly.

Here Negro Delegation.

Today the committee heard several negro delegates who proposed amendments guaranteeing race equality and providing for an American mandatory over Germany's African colonies.

A number of several mid-European nationalities will be presented at tomorrow's hearing.

In the senate during the day, Senator Williams, democrat, Mississippi, a member of the committee, criticized the committee's course in its hearings which had to do, he said, not so much with settlement of the war as with the "proposals to alienate the countries which were our allies."

He referred to the hearings granted Egyptian, Irish and Italian representatives and predicted that the French estimates next month will be heard.

Senator Kluge, democrat, Utah, asked when the committee expected to hear from the Philippines, the American Indians and "the sections of New York City inhabited by Russian Jews" and Senator Williams replied that "probably the only reason they haven't been heard is because they haven't asked."

Stands for Reservations.

In a short speech on the league of nations, Senator Townsend, republican, Michigan, announced that he could not vote for the treaty "unless it can be made clear, or by reservation, if that can be done, or if necessary, by amendment, that we engage only for those things which we can perform without injury to our own country."

GOMPERS TAKES HOLD AT ONCE

By the Associated Press. WASHINGTON, Aug. 28.—Samuel Gompers took immediate hold of the restless labor situation on his return to American Federation of Labor headquarters today from Europe.

Spent all day with the executive council of the federation, Mr. Gompers declined to make any statement as to what course would be pursued in dealing with the many problems pressing for attention. In the case of the New York union organizations, within the time limit previously fixed.

Officers of the railway shop unions talked over their wage demands and the administration's compromise offer with the federation president. Representatives of the striking actors in New York were met by Mr. Gompers, but no information as to the conference was given out.

BREAK COMES IN RANKS OF STRIKING MEN

Vote to Return to Work in San Francisco—Some Answer Calls in South.

UNION LEADERS URGE END OF THE WALK-OUT

Call Attention That Refusal to Do So Would Result in Loss of Positions—Signs Are Hopeful.

By the Associated Press. SAN FRANCISCO, Aug. 28.—Striking San Francisco yardmen decided tonight to return to work at 8 o'clock tomorrow, according to T. A. Harris, superintendent of the coast division of the Southern Pacific.

The decision of the San Francisco yardmen to return to work promised return of rail transportation conditions in central California to normal before Saturday morning, at which time Walker D. Hines, director general of railroads, served notice tonight the railroad administration would undertake to restore full railway service.

Preparations have been made to run trains on the Southern Pacific lines out of Los Angeles, starting Saturday morning at 7 o'clock, whether switchmen and other trainmen who are on strike return or not, according to an announcement made by G. H. Dyer, general manager of the Southern Pacific railway, late tonight. If the men who are out do not return to work, emergency crews which are now being gathered together will take the trains out, Mr. Dyer said.

Threatened With Expulsion.

Telegrams signed by the presidents of the four big railroad brotherhoods were received by chairman of the board today, stating it became known. The messages urged the men to return to work before Saturday morning and emphasized that expulsion from the various brotherhoods await failure who fail to obey.

OUTLOOK IS BETTER.

LOS ANGELES, Aug. 28.—L. L. Sanford, general chairman of the Brotherhood of Locomotive Engineers, shortly before midnight, expressed the opinion that trainmen and members of the "Big Four" who are on strike here will return to work before Saturday morning.

I feel very confident that the matter will be adjusted all around," Mr. Sanford said. "The matter is clearing up."

LOS ANGELES, Aug. 28.—The first break in the ranks of the striking trainmen came late today when about a dozen engineers and conductors reported for duty at the Santa Fe depot. Santa Fe officials said they had a train made up, ready to move and lacked only the breakdown of having a full crew for it.

TO CLARIFY SITUATION.

SAN FRANCISCO, Aug. 28.—An announced determination of the government to restore full railroad service in California, Arizona and Nevada by 7 o'clock Saturday morning expressed in Washington tonight by Walker D. Hines, director general of railroads, was generally accepted here as meaning the strike situation would be cleared in the next few hours.

I feel before the announcement of Mr. Hines, strikers at practically all points except in Los Angeles territory are dropping the arms of strike of the "big four" railroad brotherhoods and were returning to work.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat If Kidneys Feel Like Lead Or Bladder Bothers.

Most folks forget that the kidneys, like the lungs, get sluggish and clogged and need a flushing occasionally, else you have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to "flush" clogged kidneys and stimulate them to normal activity. It also takes away and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

AMAS SUMMONS

In the District Court of the Fourth Judicial District of the State of Idaho, in and for the county of Twin Falls.

Luinda J. Frieland, Plaintiff, vs. George Frieland, Defendant.

The State of Idaho sends Greetings.

To George Frieland, the above named defendant:

You are hereby notified that a complaint has been filed against you in the District Court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls, by the above named plaintiff, and you are hereby directed to appear and answer the said complaint within twenty days of the service of this summons if served with said judicial district, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

Said action is brought for the purpose of obtaining a decree dissolving the bonds of matrimony between plaintiff and defendant and that plaintiff be awarded certain property described in the complaint for general relief, upon the ground that defendant has willfully neglected to provide for plaintiff the common necessities of life, defendant having the ability to do so, and willfully and without cause deserted and abandoned plaintiff.

ROBINSONS

SHOES

SHOES that are comfortable,
SHOES that are stylish,
SHOES that will wear well,
SHOES that are priced reasonable.

You will find these features in the shoes in this store.

A particularly good number for girls for late summer and early fall is a brown leather-oxford with a round toe, low heel, with leather back stay to prevent ripping, for the smaller girls at \$2.75, is wonderful value.

The same shoe with modified toe, medium heel, for the larger girl at \$3.50, is a remarkable value.

This same shoes with low Cuban heel and modified toe for the big girls at \$3.75, and in young ladies' sizes at \$4.00 seems hardly possible in these days of high priced shoes, but they are here in good quality, due to a last winter's purchase and with no desire to profiteer.

BREAK COMES IN RANKS OF STRIKING MEN

Continued From Page One

the statement of Mr. Hines that all men who did not return to their posts by the time set would find their positions filled.

The first break in the ranks of the strikers came when the Oakland worker and his friends reported for work at midnight last night, enabling the transportation lines to re-establish full schedules.

Reports throughout the day to the United States railroad administration here were that the men were reporting for work or pending to do so.

What brotherhood clubs considered one of the first hopeful signs from the south was an announcement from Louisville that the Southern Railway officials had received a telegram purporting to have been authorized by 200 strikers at Bakersfield...

A. F. Whitney, a vice president of the teamsters' brotherhood, and Nelson Savage, chairman of the brotherhood here were making determined efforts here and in the southern part...

of the maid to end the strike. They expressed confidence they would succeed.

Among the developments of the day was the dispatching of telegrams by striking trainmen here to President Wilson and Mr. Hines, urging them to take over and operate the lines of the Pacific Electric railway system radiating from Los Angeles.

The strike of employees of that company was said to have contributed to the disturbances on the steam lines.

The railroad in Los Angeles began calling their men back to work early today, but some reported railroad officials said. Strikers there held a meeting to discuss the announced determination of brotherhood officials to break the government in no effort to break the strike, but no announcement had been made early tonight as to what action the men had determined on, if any.

Edward D. Nolan, secretary of the International Workers Defense league, denied truth of reports the strike was planned as part of a proposed nationwide labor day demonstration planned in behalf of Thomas J. Mooney, convicted of complicity in a bomb plot here.

A general meeting of striking employees of the electric railways was held this morning until late in the night, but adjourned until evening before receipt of Mr. Hines' order.

The meeting was closed to all except strikers and no formal statement was issued from it. In addition, however, stated that the temper of the men appeared to be against returning to work at this time.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness

Almost everyone knows that Sage Tea and Sulphur, properly compounded brings back the natural color and luster to the hair when faded, streaked or gray. Yours are the only way to get this mixture to make it to become, which is misny and troublesome. Specially, it adds to the hair naturally, so you will get a large bottle of this famous old recipe, improved by the addition of our ingredients, at a small cost. Don't say gray? Try it! No one can possibly tell that you had no gray hair, as it does it so naturally and evenly. You stamp a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray disappears as you, you will find beautifully dark, glossy and attractive. Weyth's Sage and Sulphur Comp. is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease, and after another sign of disease.

MILWAUKEE R. R. SAID TO BE GAINER

Consenters on Spruce Investigation "Unknet" Claim to Have Found Evidence of Graft

PORTLAND, Ore., Aug. 28.—Charges that approximately \$5,000,000 of government funds has been squandered, misapplied and converted to the prospective uses of the Milwaukee railroad interests, were contained in a report telegraphed today to Secretary of War Inaker by the congressional committee investigating operations of the spruce production division.

The report declares that the expenditures of the spruce production division were "wasteful and unnecessary" and concludes by saying that "further investigation may disclose conditions upon which a recovery can be had against John D. Ryan and others who are responsible for this wasteful expenditure of public funds." The report was signed by Representatives James A. Frear, of Wisconsin, chairman, and Walter W. Magee, of New York. Representative Clarence F. Lea, democratic member of the committee did not sign the report.

The committee recommends because of "additional facts" before it that the proposed sale of railroads, mills and timber tracts acquired by the spruce corporation be postponed until further inquiry can be had and that any bids which may be received for such properties be held subject to final decision by the proper authorities.

"I would rather see this railroad scrapped than to have the government sell them to the Chicago, Milwaukee and St. Paul railroad for an insignificant percentage of their cost," reads the report in reference to the historic mill the built by the Siemens-Carey-H. S. Ketchum corporation of New York and Duquesne Junction on the line of the Chicago, Milwaukee and

St. Paul via Lake Crocuet to Lake Fremont, Clallam county, Wash. "The report declared that this line was built not to carry spruce logs but as an extension of the Milwaukee railway for commercial purposes and as a short cut to Grays Harbor."

COSSACKS SPLIT RED FORCE IN TWIN, REPORT

By the Associated Press. LONDON, Aug. 28.—The Cossacks under General Khamovnikov who succeeded in breaking through the Red army, captured 13,000 Bolsheviks and dispersed 20,000 mobilized but untrained men. A detachment has been reserved to this effect from General Khamovnikov, which refutes the Bolshevik claim that his "communicate" have been cut.

A Red regiment with forty officers deserted to Khamovnikov, who is forming a division made up of former Bolsheviks. He has evacuated Tainov and is proceeding northwest towards Kolov.

LACK OF EVIDENCE IN ALLEGED OIL FRAUDS

By the Associated Press. LOS ANGELES, Aug. 28.—Holding that the evidence of fraud was inconclusive, Judge Herlihy in F. Bledsoe, in the United States district court, dismissed today the consolidated suit filed by the government against the Southern Pacific company and 221 other companies and individuals, seeking to have set aside patents to various oil lands in the San Joaquin valley.

ment providing for the adjustment of all cases of complaint in an orderly manner without suspension of work. The strike is also of legal status under the laws of the organizations to which the strikers belong, and has been so characterized by the chief executives of those organizations.

Strike Is Illegal

"The chief executives of these organizations stated that they believed they could induce their men to go back to work and urged that they be given time to enable them to do so. The railroad administration has given the time for this purpose. The director general also has by publication in the newspapers of San Francisco and Los Angeles, urged upon the strikers the absence of justification for their action and the importance of returning to work. Nevertheless, many of the strikers have not yet returned to work and to a large extent the public service which the government must render to the public is at a standstill. It follows that the only course which the government can adopt is to exercise its entire power for the purpose of restoring the public service and the president has so instructed."

"All striking employees who did not report for duty on and after seven o'clock on Saturday morning, August 29, when and as called for duty, will be regarded as having terminated their employment and their places will be filled."

"Anyone who interferes with or impedes the possession, use, operation, or control of any railroad property, or railroad under federal control, commits an offense against the United States, punishable by fine and imprisonment and will be arrested and prosecuted accordingly. Anyone who obstructs or attacks persons assisting or endeavoring to assist in the possession, use, operation or control of any railroad under federal control, will be

guilty of the offense described and will be dealt with accordingly. Anyone who obstructs or attacks the possession of the mail or any vehicle or person carrying the same, in violation of an offense against the United States punishable by fine and imprisonment and will be arrested and prosecuted accordingly. Instructions have been issued to the United States district attorneys for the United States marshals to take the necessary steps to enforce these provisions of the statutes of the United States.

Officials Must Act

"The governors of the states involved, the mayors of the cities involved, and all other state and local peace officers are called upon to lend assistance in the performance of the public service as above outlined in every possible manner, including giving aid in the enforcement of the statutory provisions above referred to, and also in enforcing all state and local public regulations which will aid in protecting the railroad property and its operations and in protecting those assisting or endeavoring to assist in the operation of the railroads."

REFUSE TO COMMENT

LOS ANGELES, Aug. 28.—Representatives of the engineers, conductors and trainmen declined to comment upon the warning issued tonight by Walter D. Hines, director general of railroads, to striking railway employees in California, when it was transmitted to them by the Associated Press.

L. L. Sanford of the engineers, an spokesman for the strike committee said:

"We have been consistently misquoted and our remarks garbled and we decline to comment on this matter to any newspaper or The Associated Press or anyone else."

AVIATORS EXPERIENCE MANY HARSHIPS ON SCOTT TRIP

By the Associated Press. SAN DIEGO, Cal., Aug. 28.—An experience replete with hardships and dangers was described tonight by Major Theodore MacCauley and Captain

S. S. Eberle, North Island military aviators, on their return from an aerial trip into the trackless wastes of Lower California, Mexico, in search of Lieutenants Frederick Waterhouse and C. S. Connelly, missing aviators who were finally found by Mexican soldiers. They left North Island August 24. While flying over the Pedro Martes mountains Major MacCauley and Captain Eberle sighted a group of Indians who had never seen an airplane before. An the machine swooped low the Indians prostrated themselves in a though praying. The aviators later learned the Indians believed them to be some great unknown gods.

FRANCE IS STRONG AFTER PROTESTERS

PARIS, Aug. 28.—Cheap fixed-price restaurants are to be established by the French government, and surplus war food stocks will be placed at the disposal of the public through cooperative societies. Steps will be taken to suppress illegal speculation. A bill to be introduced increases the penalties and deprives the offenders of all civil and political rights, which at the same time provides for the temporary or permanent closing of their establishments.

FIGHT JAPS WITH INDUSTRY

PEKING, Aug. 27.—While diplomats, secret services men and general observers have been predicting an early war with China and Japan, the industry which Chinese men pose about his business preparing what he believes will ultimately be far more effective than a gun. An inventory has been taken of all goods imported from Japan, and Chinese capitalists are establishing factories to substitute all products.

HASTEN WORK UPON TREATY FOR SENATE

STARS EASILY WIN IN NATIONAL MATCH

One Exception Is Contest Between Australian and Washburn of New York.
 By the Associated Press.
FOREST HILLS, N. Y., Aug. 28.—
 Straight set victories for the leading
 players in the final round of the 36th
 national tennis championship here
 was the outstanding feature of today's
 play. With one or two exceptions these
 recent winners who have been favored
 by various tennis factions to win their
 way well toward the final round dis-
 posed of their opponents in rather easy
 and in some cases aggressive fashion.
 The one exceptional contest was the five-
 set struggle between Gerald Patterson
 of the Australian team and Watson
 Washburn of New York.
 This pole spent close to two hours
 in the final match in a struggle in
 which Patterson finally won by scores
 of 7-5, 1-6, 6-4, 2-6, 6-4 and 23 games
 to 19. A gallery of over 7,000 spec-
 tators watched the match.
 The Anzac was the better player
 of the two, but his margin of victory
 was not particularly impressive. He
 played under the hammer of an in-
 jured racket some which, being ham-
 pered his strokes to some extent,
 but left him the better and stender
 hander of the ball whenever a court
 crisis arose.
 Washburn showed to the better ad-
 vantage when he was able to keep his
 opponent in deep court, but much of
 his lobbing was short and Patterson
 coming into the forecourt was able
 to employ his deadly overhead stroke for
 killing returns.
 Patterson's play was the victory of
 H. N. W. Williams, 2nd, of Boston,
 singles champion in 1914 and 1915,
 Williams eliminated Willis E. Davis of
 San Francisco, last season's clay court
 title holder, in three straight sets of
 6-2, scores with a rapidity which ex-
 ceeded his defeat of Venozi Hel-
 land yesterday. The victor in this
 match today was simply unaffable,
 his look-out and placement of the ball,
 degree of pace and court strategy being
 of the highest order. Many close
 followers of tennis express the opinion
 that his play during the last two days
 has been of an order which would
 have made him invincible against any
 opponent in recent years. Certainly
 Davis was an helpless before Williams
 some today as Richards was 24 hours
 earlier.

PERSHING PREPARES TO LEAVE FOR U. S.

Prepares to Return for Unveiling of Monument on First Landing.

PARIS, Aug. 28.—"When one has known the generous French people, when one has seen them in trial and in time of rejoicing, one cherishes such respect and friendship for them that one parts from them with real sorrow," said General J. Pershing to a representative of the Journal today.
 "I regret exceedingly that I shall be unable to be present at the unveiling of the monument September 6th at Pointe de la Grave, but it is common sense the arrival of the first American troops in France, unfortunately my departure cannot be postponed, the United States cannot having expressed a wish to receive me as soon as possible."
 General Pershing is expected to sail for home from Paris September 1. The monument at Pointe de la Grave, which is situated at the mouth of the Gironde river northwest of Bordeaux, is near the spot from which LaFayette sailed for the United States. The unveiling of the monument will take place on the anniversary of the birth of La Fayette.

MENTIONED FOR PRESIDENT

WASHINGTON, Aug. 28.—General Pershing will undoubtedly be given an official name here at a joint session of congress, leaders said tonight. A resolution providing that the speaker of the house appoint a committee from the senate to arrange the welcoming session, was adopted by the house today by a unanimous vote. The resolution will be sent to the senate tomorrow and its prompt adoption is predicted.
 So far as leaders tonight know, the senate has no direct request that General Pershing be received as 23th as a public man stated in an interview with the Paris Journal by the American commander. It was thought that General Pershing referred to the decision of the senate military affairs committee to hear his view as soon as possible in the framing of pending legislation outlining the nation's permanent military policy. General March, chief of staff, Secretary Baker and other military leaders who served both at home and overseas, already have been heard and committee members are known to desire the appearance of General Pershing at an early date.
 First mention in congress of General

Pershing for president was made during the debate by Representative Campbell, Democrat of Pennsylvania. He said, "the country cannot pay too great an honor to him."
 "I would like to see the people of this country and this house put aside our partisanship, our adherence to democracy and repudiate the old plan of Mr. Chamberlain and make him the unanimous choice of the conventions that assemble next year and elect him president of the United States."

The Moral Risk

When the time comes to seek credit, a bank will want to know what you ARE as well as what you HAVE.

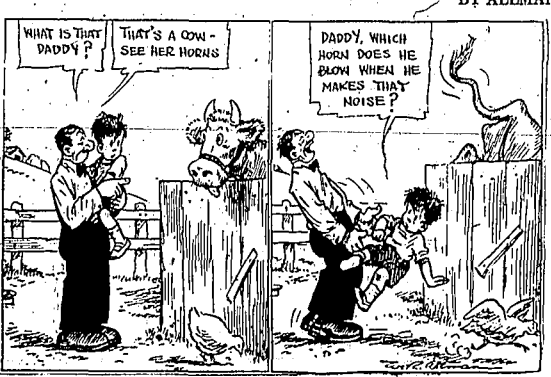

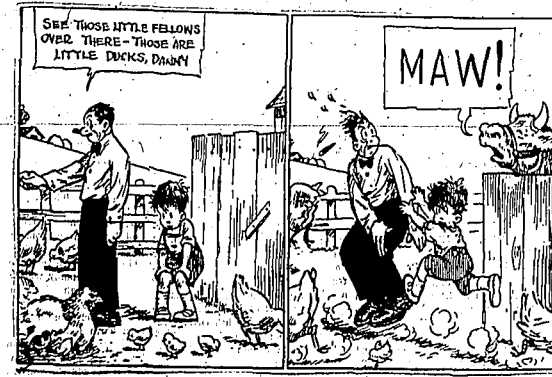

That's where the moral hazard comes in.

And you can't establish credit over night. Rather, it is a matter of becoming KNOWN at your bank, of establishing confidence by the way in which you have kept your account, regardless of the amount you have to your credit.

Get acquainted—that's the first thing. Then develop that acquaintance into friendship. It will stand you in splendid stead when the time comes. Remembering also, that this bank offers you a complete banking service.

LABOR PEACE TO DEPEND ON PRICES DROP

Shop Crafts Would Give Wilson Ninety Days to Show Results.

WOULD INCLUDE ALL WORKERS IN WALK-OUT

Letter Composes Uneasiness Evident in Government Circles During the Past Few Days.

By the Associated Press. WASHINGTON, Aug. 28.—Industrial peace in the United States according to the legislative council of the railroad shop crafts, depends on the results the government can show in the next 90 days in its campaign to reduce the cost of living.

That time limit was tacitly set today by the legislative council in supplanting to union leaders throughout the country that President Wilson's compromise offer in response to their demand for higher wages should be accepted pending the outcome of the effort to restore a normal price level.

Lower Living or Higher Money. If the cost of living does not come down, the 600,000 members of the shop crafts would renew the right to strike for money; and with them probably would be associated the remainder of the 2,500,000 railroad employees all of whom have been considering the same problem.

This letter of the executive council served to compose somewhat the uneasiness felt in official circles over the immediate labor situation and to focus attention on the legal measures being directed by Attorney General Palmer and his assistant, Judge Ames, to take the inflation out of dollars, to punish hoarders and profiteers.

"In our opinion," the letter said,

"the next 90 days will bring the entire attention to a head—and if a strike is to take place every class of railroad employees should be ready. It is the men might not be willing to accept the proposition, share their full measure of responsibility and not leave the issue to be decided by the 25 per cent of the railroad employees represented by the federated trainmen."

Fear Bullfights Will Act.

"Apprehension was evident, however, both in the letter and in the emergence of the international officers, that the men might not be willing to accept the suggestion that the question of a strike be left in the hands of the executive council and a suspension of work to be ordered only after a "reasonable time" had made it clear that such a strike was necessary to afford relief. The letter said the proposal was certain to draw criticism from individuals "who have not as yet indicated a desire to listen to reason" and that it was conceivable some men would want to go into a strike without the sanction of the union directed to hazard a guess whether the advice would prevail, but hoped that the more moderate element would dominate the deliberations.

Conventions Will Bring Results. Attorney General Palmer had said that a few conscientious for significant cases of profiteering and hoarding would and that treatment within 60 days in order to obtain criminal convictions for such persons, whom the administration believed to be guilty of bringing the country into more serious danger even than the war with Germany. "Provision for the food material is necessary. The legislation to impose a \$5,000 fine or two years' imprisonment or both for violations of the law has been reported out in both house and senate, but neither has acted on it.

FEEDING THE EYES CAUSE OF H. C. L.

Rye Flour Cited As Example—As Good As Wheat and Much Cheaper.

CHICAGO, Aug. 28.—The eye is a considerable extent, feeding the eyes instead of the stomach is considered one of the high cost of living, according to authorities here in the milling and grain trade. They cite the fact that rye flour is \$2.55 a barrel cheaper than white flour although, except for loafs the rye flour is equally good or better as food.

Unusual cheapness of rye flour at this time is ascribed to two causes—the shortage of whiskey distilling and the substitution of white bread for rye bread by thousands of workmen, who, until the era of high wages, used rye bread as a rule.

It is said also by the milling experts that so far as known here the United States government is purchasing only white flour for shipment to Europe notwithstanding that the bulk of the population across the Atlantic is far more accustomed to eye bread than white.

SEVERAL ACTIONS ARISE—FILED IN DISTRICT COURT

Several actions were filed in the district court yesterday. The Mutual Oil company seeks condemnation of several acres of land belonging to the Twin Falls North Side Land and Water company in connection with a pumping plant for use in reclaiming 7,000 acres of land. The Twin Falls Canal company is also named as a defendant.

Mary Josephine Madigan filed suit for divorce from J. J. Madigan, alleging cruel treatment, declaring her husband had called her vile names. She seeks the custody of a three-year-old child.

The Twin Falls Bank & Trust company seeks a prior right to a lien on property now belonging to Lorenzo Greid and later conveyed to Daniel and Mary Carr. It is alleged that Greid gave a mortgage to the property as collateral for a loan of \$1,000. The Gen State Lumber company filed a suit to recover \$505.53 on two notes alleged overdue.

SEVENTEEN OF PLANES HAVE FINISHED AERIAL MARCH BY THE ASSOCIATED PRESS.

MINNOCOLA, N. Y., Aug. 28.—Eighteen of the airplanes which left Roosevelt field in the New York-Toronto derby, had completed the round trip and were safely back at Roosevelt field tonight. It is expected that four or five more pilots will have finished the race tomorrow in time to be officially "welcomed" before midnight.

The rules of the contest require that a round trip shall have been completed before tomorrow night at midnight.

Seven pilots finished their trip today. They were: Lieutenant J. H. George, Lieutenant Ross Kirkpatrick, Captain Richard Dewar, Lieutenant W. T. Croyles, Lieutenant L. W. Herford, Lieutenant Charles R. Coar, Lieutenant F. C. Hoatsinger.

HEAVY FIRE LOSS IN LOS BANOS, CALIFORNIA

By the Associated Press. MERCED, Cal., Aug. 28.—Fire originating in the rear of a former saloon wiped out two square blocks in the heart of the business section of Los Banos, 35 miles from here, last night, causing between \$250,000 and \$1,000,000 in losses and destroying the habitations of at least 200 people.

When the flames were checked approximately forty-eight buildings and places of business had been wiped out, that including the Postoffice, American and First National banks, the Bank of Los Banos, the brick postoffice, the new opera house, two big warehouses and numerous hotels and lodging houses.

For hours after the fire Los Banos was cut off from all wire communication with the outside. A telephone service was restored late today.

The cause of the fire was unknown.

JOHNSON SAYS SENTIMENT FOR NATIONS LEAGUE PAST

By the Associated Press. BALTIMORE, Aug. 28.—Senator H. W. Johnson, republican, of California, in an address tonight in support of the league of nations, declared that sentiment for the league covenant was passing, as more information on the terms and provisions of the league was

known. He assailed the secret treaties of England—France—Italy and Japan and the Shanghai provision of the league treaty and concluded by urging adherence to the "American way" in foreign policy.

"The pitiless logic of events is gradually dispelling the halo with which its advocates have enveloped the so-called league of nations," Senator Johnson declared. Continuing, he said: "The unbridled and irrational emotionalism which greeted—the suggestion of a league of nations before the nation was known and the provisions understood in with the lapse of time gradually, passing.

ARMY PLANS CRASH IN DAIK DESTROYED; NONE HURT

By the Associated Press.

MARFA, Tex., Aug. 28.—Two airplanes, piloted by Lieutenant Eaton and St. John, crashed together in the darkness near here tonight while returning from Presidio, Texas. One ship burned following the crash and the other machine was totally wrecked.

Major Hill and Captain Taylor, who are stationed here, accompanied the wreckage today on their patrol to the border as military observers, but none of the four was badly injured in the accident. "The crash occurred as the planes were returning to their stations at Royce field."

WHITE FEATHERS HINT TO QUIT MANCHESTER, ENG., AUG. 28.—(AP) Women working on the street car line.

WOMEN WHO BEAT BANDITS "DEFEATED" BY AMERICAN. MARFA, Tex., Aug. 28.—After pursuing Jesus Hester's bandits band far into Mexico and killing five, Major Joseph P. Yancy's command was "defeated" in Pinto canyon yesterday by a squadron of cavalry from Marfa. This was a part of the problem given the troops of the Eighth cavalry returned to Marfa from Mexico.

The Marfa squadron left here at 12:15 Wednesday morning, marched 25 miles under cover of darkness, engaged troops supposed to be advancing on Marfa and, according to the chief supply, "defeated" these troops and returned to Marfa at 5:45 p. m. yesterday.

representatives of capital, labor, industrial managers and the public to meet in Washington in the new future to discuss overhauling economic problems confronting the nation. Secretary of the Interior Lane declared in a statement today. Hereafter, only capital and labor have been considered in discussions of vital economic questions, he asserted, but the time has come when the public must be given a voice as well as the business managers and executives who are "the brains of modern industrial organizations."

ADOLPH ZUKOR Presents JOHN EMERSON-LOOS ANITA PRODUCTION "OH, YOU WOMEN!"

with ERNEST TRUOX and LOUISE HUFF Friday and Saturday

Now! The end of an old world; the beginning of a new! And woman queen of the earth! What will she do with her power? What of her place in the family? In politics?—Will she keep the doughboy's job, or the doughboy's heart, or both? In "Oh, You Women!" John Emerson and Anita Loos tackle this great timely problem and mould it into a film story that glows with humor and throbs with power and human sympathy.

You'll laugh—and think—when you see "Oh, You Women!" A remarkable picture—one which has won its way in the east.
