

NEW AUSTRIA HEARS FATE FROM ALLIES

Some Modifications From Original Are Made in New Treaty Draft.

HAVE FIVE DAYS IN WHICH TO GIVE ANSWER

Reparations Must Be Made by the Austrians—Must Aid New Nations' Coal Supply Insured.

By the Associated Press. PARIS, Sept. 2.—Chancellor Karl Renner, head of the Austrian peace delegation, left tonight for Vienna with the peace treaty, which was handed to the Austrians today.

Must Make Reparation. In their covering letter the allied and associated powers explain the impossibility that the people of Austria do not share the responsibility of the government.

Until the signing of the peace treaty, Austria is considered an enemy state. Control of the situation, it is declared, has been given to the counter proposals of the Austrians.

No Frontier Charges. The allied powers have studied the frontiers of the future republic of Austria from an historical, geographical, ethnological, economic and political point of view.

In defining the boundary of Czechoslovakia, it is pointed out, they have tried to assure this state a complete system of communications and have therefore departed from this historic frontier of the crown of Bohemia.

Czechoslovakia. With respect to the frontiers between Austria and Hungary, the allied and associated powers have desired to guarantee access to the sea of the Czechoslovak state.

Most important change in the treaty, however, is a provision for nationalities. All persons possessing rights of citizenship as a native in territory which forms a part of the territories of the former Austro-Hungarian monarchy.

Provisions are made to insure to Austria supplies of coal from Czechoslovakia and Poland, in return for supplies of raw materials.

Provisions are made to insure to Austria supplies of coal from Czechoslovakia and Poland, in return for supplies of raw materials.

Provisions are made to insure to Austria supplies of coal from Czechoslovakia and Poland, in return for supplies of raw materials.

DECLARES WILSON SHOULD NOT GO

By the Associated Press. WASHINGTON, Sept. 2.—Criticizing President Wilson's plans "to tour the country for political reasons with no clear and definite end in the industrial world," Representative Roddenberg, republican, Illinois, told the house today that present conditions were more critical than they were last month.

In his Labor day message Roddenberg said the president appeared for teamwork. "How can you have teamwork," he asked, "when the lead horse goes galloping around the world?"

Representative Henry T. Hodenberg, democrat, Illinois, replied to Roddenberg, said the republicans were responsible for the high living cost.

Representative Henry T. Hodenberg, democrat, Illinois, replied to Roddenberg, said the republicans were responsible for the high living cost.

ON WILSON'S TRAIL

Hot on the heels of President Wilson, in his tour of the west and middle west for support of his peace treaty, Senator Hiram Johnson, advocate of California, will try to kill the document tonight.

Rate was general except on the Montana-Idaho border of the Bitter Root forest where the Bear creek fire is still blazing.

NATIONAL GUARDSMEN ARE WITHDRAWN FROM KNOXVILLE

By the Associated Press. KNOXVILLE, Tenn., Sept. 2.—National guardsmen who have been on duty here since the riots of Saturday, were withdrawn today and the regular police force assumed control.

Sixteen men and one woman have been arrested in connection with the rioting and a grand jury investigation will be started tomorrow.

WILSON SEEKS SOLUTION OF LABOR UNREST

Will Call Conference of All Affected After Return from Swing Around Circle.

COMPLETE PLANS FOR EXECUTIVE'S TRIP

Every Precaution Planned Against Accidents—President Rests Before Starting.

By the Associated Press. WASHINGTON, Sept. 2.—Before leaving Washington tomorrow night on his speech-making tour of the country, President Wilson will invite invitations to labor leaders, financiers, manufacturers and farmers to attend a conference early in October.

The president, it also was learned, plans to complete all arrangements for the conference before his departure so that the meeting may be held promptly upon his return the last of this month.

The entire labor situation and also arrangements for the conference were understood to have been discussed at today's cabinet meeting.

The president has scheduled thirty-six speeches in the principal cities of the west and south, and in accordance with it he will be compelled to deliver short platform speeches at smaller towns along the route.

The first speech will be at Columbus, Thursday morning, and the last at Louisville, Ky., September 25. The president will return to Washington the next day.

To Be Well Protected. The presidential train will be composed of the president's private car, another for the stenographers and secret services and one for the correspondents, also a dining car and baggage car.

Members of the party will live on the train practically during the 27 days of the trip, only a few overnight stops being planned.

NEW YORK SHIPMEN WILL STAY OUT ON STRIKE

By the Associated Press. BUFFALO, N. Y., Sept. 2.—A meeting tonight of 804 shipmen who went on strike this morning at the New York Central docks at Depew, it was voted unanimously to continue the strike "until granted some better inducement to return to work than the rate of four cents an hour offered by the railroad administration."

KAISER BILL GETS READY TO MOVE TO NEW HOME

By the Associated Press. AMSTERDAM, Sept. 2.—The Hand-embled says the baggage of former Emperor William of Germany will be transported during the coming week from Germany to Boorn, Holland, where the former emperor has purchased an estate and purposes to reside. The train, the newspaper adds, will be a special one of five cars.

Eddie Enjoys the Fair

The Prince of Wales opened the annual exposition in Toronto, which was shown this year on the largest scale ever, in his honor.

FREILINGHUYSEN IS BITTERLY GRILLED

Attack On Palmer Results in Strong Defense Being Made By Underwood, Allen, Williams.

By the Associated Press. WASHINGTON, Sept. 2.—Sharp criticism in the senate today by Senator Frelinghuysen, republican, New Jersey, of Attorney General Palmer drew a vigorous defense of Mr. Palmer from Senators Underwood, Alabama, and Williams, Mississippi, democrats.

The New Jersey senator replying to accusations made against him by Mr. Palmer in a recent statement, assailed Mr. Palmer's administration of the alien property custodians office and flatly charging him with having protected German sympathies before the entrance of this country into the war.

Senator Williams asserted charges against the senator impugning another's motives, but Senator Williams replied that he thought the New Jersey senator had been involved in the attack on Mr. Palmer "quite unwittingly" after it had been begun by German interests.

Senator Frelinghuysen introduced a resolution, introduced by Senator Phelan, democrat, California, authorizing the senate immigration committee to investigate alleged violations of the immigration laws on the northern and southern borders and report remedial legislation.

By the Associated Press. WASHINGTON, Sept. 2.—The senate tonight adopted a resolution, introduced by Senator Phelan, democrat, California, authorizing the senate immigration committee to investigate alleged violations of the immigration laws on the northern and southern borders and report remedial legislation.

By the Associated Press. SEATTLE, Sept. 2.—Nearly 400 job printing shops in Seattle were closed by a strike of between 350 and 400 job pressmen, press feeders and women bindery workers today.

By the Associated Press. SEATTLE, Sept. 2.—The first contingent of German prisoners have arrived at Colona and Duval from the British camp at Calala. The men appeared to be well fed and they were good clothing.

By the Associated Press. SEATTLE, Sept. 2.—The first contingent of German prisoners have arrived at Colona and Duval from the British camp at Calala.

COMMISSION WANTED TO RUN PACKERS

Plan Suggested During War Is Made Public by Texas Cattleman.

SUGGESTS "BIG FIVE" BE BUTCHERS ALSO

Declares That With Elimination of Small Shops Profiteering Could Be Easily Discovered.

WASHINGTON, Sept. 2.—Plans for governmental operation of the plants and distributing systems of the "big five" packers during the war received serious consideration but were dropped when a majority of a special committee reporting on the subject to President Wilson rejected the proposal.

Cattleman Tells Story. Mr. Sanson, a Texas cattle man who served on the committee as a representative of the agriculture department appearing at the hearings to oppose passage of the Kenyon and Kendrick bills for the federal regulation of packers, stated that Mr. Sanson's objections to discussing the matter because the president had not published the report, questioned him until they got the full story.

"After the federal trade commission studies its report upon the packing situation, a committee was appointed to go into the subject for the president which had on its representatives of the agriculture department, the food administration, labor department, and the interstate commerce commission," Sanson said.

"You say they were prosecutors?" Senator Russell, democrat, Louisiana, inquired. "Well, I hardly meant that," Sanson replied. "They were not prosecuted perhaps because of their investigations."

Develops Novel Plans. Mr. Sanson in opposing the regulatory bills, also developed an entirely novel plan for the high price of meat problems.

"My investigation has convinced me that the packer hasn't gone as far with the meat and food business as he ought to go," he said. "I think the way to carry the meat straight through to the consumer and cut out the retailer. They could do it cheaper and better. I've found that it takes from 50 to 100 per cent increase to get the meat through the butcher shop."

"If the packers did the retail business with more efficiency, fewer shops, and we got complaint on high prices as we are getting them now, it would be a simple matter to find out then who was profiteering?"

A conflict as to the motives of witnesses who have appeared during the hearing, was precipitated earlier in the day, when Senator Kenyon, republican, of Iowa, asked of the principal bill at issue, introduced two letters for the record. One was from J. G. Miller, of Denver, and asserted that Colorado packers who claimed themselves as independents in opposing the legislation had written two letters to Harry Nickolls, owner of a plant at Pueblo, Colo., was named as one of those having such connections.

Henry Vedder, counsel for Swift & Company, interrupted the proceedings in a letter to the committee for all of the packers, and introduced Nickolls, who also denied it. The second letter, from C. M. Morrow, of Alliance, Neb., said that cattleman from that state who have supported the regulations had written two letters to Harry Nickolls, owner of a plant at Pueblo, Colo., was named as one of those having such connections.

By the Associated Press. WASHINGTON, Sept. 2.—Despite food containers, some of which have been found to be half filled and are declared by officials to permit "cover increases in the cost of food" would be demba transportation in interstate commerce under amendment to the pure food and drug act proposed today by Chairman Houghton of the house agriculture committee.

MANAGERS READY TO OPEN THEIR HOUSES

Method to Break Strike Has Been Found According to An Announcement of Produce.

By the Associated Press. NEW YORK, Sept. 2.—Definite plans to break the strike of the Actors Equity association and the sympathetic strikers of the stage hands and musicians' unions, were announced tonight by one member of the Producing Managers' Protective association and four other managers.

The Producing Managers' Protective association which was organized as a result of the strike tonight appointed a committee which will endeavor to obtain from the striking unions a formal agreement not to tighten on a close of play. It was reported in an authoritative quarter tonight that the managers stood 3 to 6 in favor of recognizing the Equity.

"RIGHT WILL PREVAIL" AND BURBANK WILL GO

By the Associated Press. WASHINGTON, Sept. 2.—The day is coming when "right will prevail" and Postmaster General Burleson "will be gone and forgotten," E. L. Ryan, president of the Railway Mail association, declared in an address at today's session of the 11th convention of the National Federation of Federal Employees.

By the Associated Press. NASHVILLE, Tenn., Sept. 2.—After working on several theories, the police finally admitted tonight they were without single clue in the baffling case of the murder of a woman attorney, whose body was found Saturday morning with the skull crushed in Richland creek near his home in the fashionable Bell Meade park.

By the Associated Press. WASHINGTON, Sept. 2.—Despite food containers, some of which have been found to be half filled and are declared by officials to permit "cover increases in the cost of food" would be demba transportation in interstate commerce under amendment to the pure food and drug act proposed today by Chairman Houghton of the house agriculture committee.

RAISE VALUES OF ALL BUSINESS LOTS

County Residents to Pay More as Result of Rise of State and County Property.

Residents of Twin Falls county will pay more than double the amount of taxes this year than they paid last year and this tax will be on an increased valuation, in which both city and town taxpayers will feel the increase.

This information was received yesterday by C. C. Higgins, county clerk and recorder. The state board of equalization raised agricultural lands of the county 25 per cent, a total of \$1,182,561, to \$10,714,806, while business lots were raised 10 per cent, to \$33,407, to \$313,517. This makes the assessed value of real property in

the county \$21,630,788 compared to \$12,414,786, which the rolls carried before being acted upon by the state board.

The state levy is 7.6 mills compared to 2.5 mills which obtained last year. The predatory animal levy will be the same as last year, three mills on sheep and one-half mill on other animals.

The county levy has not yet been made. That of Twin Falls will be 27.8 mills compared to 15 mills last year, while the school district in which Twin Falls is a part will remain the same. The levy in Idaho will be 29 mills compared to 25 last year.

Following is the valuation placed on all but personal property in Twin Falls county, real, \$21,630,788; railroads, \$2,017,766; telephones, \$279,560; telegraphs, \$5,741,76; power lines, \$652,371.05; private cars, \$31,287; taxicabs, \$5,114; a total of \$24,559,352.87. Personal property is expected to reach a value of nearly \$3,000,000, making the county's value \$27,000,000, a large increase over last year when the assessed value was approximately \$24,000,000.

DO YOU KNOW

That, the Canadian Pacific irrigated farms are selling at \$50 per A. with \$5 per A. cash and 20 years on the balance?

That, the interest is only 2 per cent per annum for the first two years where improvement work is done, and 6 per cent from then on?

That, the altitude is 2400 feet to 2600 feet (1400 feet lower than Twin Falls) and the average annual rainfall is 17 inches?

That, the Dominion government controls all water rights in Canada and guarantees two acre feet for this particular tract?

That, the water is measured and delivered on your land and not three or four miles up the ditch?

That, this body of rich land lies down the Bow River valley about 150 miles southeast of Calgary and only 120 miles from the U. S. line?

That, wheat, oats, barley, field peas, beans, alfalfa, clover, beets and all grasses do as well there as in Southern Idaho?

That, the C. P. R. will loan you \$2000 for improvements in same terms as land?

That, there is no tax on personal property or improvements and only Thirty to Forty Dollars tax on 160 acres?

That, the Province of Alberta embraces 145,165,200 acres and supports a population of less than half a million?

That, you should join one of our parties, spend a week's time and \$75, and investigate this proposition?

Local Briefs

Mrs. Madeline Bakke and J. H. Nichols have as their house guests Mrs. Knockel and daughter, Miss Gertrude, and Miss Schneider of Crookston, Minn., who are here for a few weeks' visit.

Dr. and Mrs. Johnston have as their house guests Mrs. May Haynes and niece Dorothy, of Billings, Mont.

Mr. and Mrs. C. E. Chasped and family returned recently from a short trip to Salt Lake City and Bear Lake.

Mrs. Carl E. Painter, who has been visiting her parents, Dr. and Mrs. Dwight, left yesterday for Okanogan, where she will join her husband, Mr. Painter is well known in the young set in Twin Falls.

Dr. and Mrs. H. W. Sawyer and family returned Sunday evening from a year's absence in the east. While away Dr. Sawyer studied in the clinics in Kansas City and New York, while Mrs. Sawyer and the children visited with her parents in Walperton, North Dakota. Dr. Sawyer has taken up his practice again. He will be located at his old office rooms over the Model shoe store.

Misses Palthe and Cleo DeWitt are leaving today for Idaho where they will enter an academy for special school instructions. Mr. and Mrs. DeWitt will go with them to Boise.

Mr. and Mrs. Charles S. James of Eden are the proud parents of a baby boy born Monday morning. Both mother and son are progressing nicely.

J. W. Tracey, who has been with the Skeels-Wiley Drug company during the summer months in to return to McPherson College, McPherson, Kansas, where he will enter his sophomore year in the pre-medical school. On his way, Mr. Tracey will stop in Salt Lake City and Beatrice, Neb., where he will visit with the roommate, Paul Parr, before they go on to the university.

Arvilla and Hazel Woods of Kimberly motored to Twin Falls yesterday for a short shopping trip.

Mrs. George Harner of Filer was among the Twin Falls shoppers yesterday. She returned to her home last evening.

Miss Heda Hanson and Leo Polson were married yesterday afternoon by Rev. and Mrs. W. R. Malloy. Both are well known in Twin Falls.

Hattie Hensley of Rogerson motored to Twin Falls yesterday for a short business trip. While here she visited with friends.

Fay Pierce of Buhl was among the Twin Falls shoppers yesterday afternoon.

Mrs. A. W. Lickley of Jerome motored to Twin Falls yesterday for a brief shopping trip.

Mrs. J. L. Liu of Huzetion was in Twin Falls Tuesday afternoon for a brief shopping tour.

J. H. Starker of Buhl was a business visitor in Twin Falls yesterday afternoon.

Miss Finke of Pawnee, Neb., arrived last evening to visit with friends.

Lorrie Mullaugh of Jerome motored to Twin Falls Monday for the day's visit with friends.

Mrs. Moorman and daughter, Miss Ora, of Jerome were in Twin Falls yesterday for a brief shopping trip.

Mrs. Van Tassel of Wendell motored to Twin Falls yesterday for a short shopping tour. She returned to her home late last evening.

Mr. and Mrs. J. B. Crawford of Buhl are in Twin Falls for a few days on a business trip.

Mr. S. R. Richardson of Jerome motored to Twin Falls yesterday for a short trip. She will return today.

Mr. and Mrs. D. E. Chipman of Filer were in Twin Falls yesterday for a brief business trip.

Shelby Whitney of Welser returned home yesterday after having visited with friends and relatives for the past few days.

L. L. Holloway and J. F. Anderson are building beautiful new homes on their farms near Null.

Miss Frances Butterfield left last Monday evening for New York City to take a position in the public schools.

Mrs. J. J. Dinn and daughter, Miss Mary, motored to Twin Falls yesterday for a short shopping trip. They returned to their home late last evening.

E. J. Ostrander and son, Eugene, and daughter, Miss Beatrice, returned Monday evening from Robinsons Bar where they have been for the week-end.

Mr. and Mrs. J. F. Patton, who have been in the east for the past few weeks visiting friends, returned to Twin Falls last evening. While gone they visited at St. Joe and Marysville, Missouri.

Miss Ella Carlson, sister of Mrs. Fred Harder, left yesterday for Still Water, Oklahoma, where she will teach music in the public schools.

Melvin Doud and family arrived unexpectedly Monday afternoon from Seattle to visit with friends and relatives.

Rev. and Mrs. Jones of Robert, Idaho, arrived yesterday at Null where he has been given the pastorage of the Baptist church. Rev. Jones is recently from Erie, Penn.

Miss Gladys Harrison, who has been in Twin Falls for the past few days visiting with friends and relatives, returned to her home in Rogerson.

B. F. Allen returned yesterday from his short trip to Salt Lake City.

A. H. Berry and wife inspired to Hoffer yesterday on business. They will return today.

Miss Iola Licholter of Onnatt is here to resume her studies in Twin Falls school.

Alan Lund of Jarbridge is in Twin Falls for the winter months to resume study in the Twin Falls schools.

Two of the best known returned service men of Twin Falls have formed a partnership and gone into business for themselves. They are F. L. ("Syke") Putnam and J. W. Kendall, son of former Sheriff Frank Kendall. The two young men have secured a lease on the soda fountain at the Skeels-Wiley drug store. They have already taken charge of the fountain and are now meeting their friends at their place of business.

GENERAL PERSHING RECEPTION PLANNED

Will Head Parade of First Division Next Tuesday in New York City.

By the Associated Press. NEW YORK, Sept. 2.—Arrangements for the reception of General Pershing and the parade of the First division of the regular army, with the American commander in chief at its head on next Tuesday, were completed today. General Pershing's ship, the Leviathan, is expected to reach New York Sunday or Monday and from the time he lands until he leaves for Washington a few days later, he will be the first of the city of New York.

A patrol boat carrying the reception committee and a number of high officials, who are expected to include Secretary of War Baker and General March, chief of staff, will meet the Leviathan at the entrance to New York bay and will escort the liner to a Hoboken pier. After exchanging greetings with the reception committee on the pier, General Pershing will be taken on board the patrol boat and brought to the Battery, where he will be met by detachments of police mounted on horses and motorcycles, who will escort him to his hotel.

In the First division parade General Pershing will have his staff with him. He has also commanded the famous unit since the declaration of war.

One of the most interesting features of the parade will be the presence of the American flag gun fired in the great war and the first American colors borne on the front.

Announcement

Have moved my auto painting establishment from the Twin Falls Auto Company to the northwest half of the building formerly occupied by the Gooding Motor Company.

Have now the largest and best equipped Auto Paint Shop in Idaho. Equipped with dust proof, steam and electric heated varnish room. I use nothing but the highest priced paints and varnishes.

Auto painting is not an experiment or side line with me. I have been in the auto and carriage painting business for twenty-two years, I use nothing but the highest priced paints and varnishes.

Come and inspect my new shop, where I can give old and new customers better service than ever before.

The Moral Risk

When the time comes to seek credit, a bank will want to know what you ARE as well as what you HAVE.

That's where the moral hazard comes in.

And you can't establish credit over night. Rather, it is a matter of becoming KNOWN at your bank, of establishing confidence by the way in which you have kept your account, regardless of the amount you have to your credit.

Get acquainted—that's the first thing. Then develop that acquaintance into friendship. It will stand you in splendid stead when the time comes. Remembering also, that this bank offers you a complete banking service.

SALVAGE WOULD BE AID IN COST-FIGHT

Kahn Declares That Such a Plan Would Help in This Country As It Has in England.

NEW YORK, Sept. 1.—Creation by the United States government of a bureau of salvage similar to the one in England, which in three years saved to the nation \$50,000,000 worth of materials, usually consigned to the scrap heap, is recommended by Otto H. Kahn, financier, in a memorandum on a non-partisan basis would be of great advantage by the country at a time when grave economic, social and financial problems are pressing for solution.

Other suggestions include appointment by the government of a non-political body of experts "to study the effects of the various kinds of taxation which have been in force during and since the termination of the war and to make recommendations to congress based upon such study."

Mr. Kahn, analyzing the effect of the excess profits board said a British investigator found that labor received 67 per cent more than before the war, the state through taxation 40 per cent more and capital three per cent more. He says the enhanced cost of living and the diminished purchasing power of the dollar affected the owner of industrially invested capital no less than they do other callings.

Declaring that "one of the most valuable by-products of war is the promotion of thrift. Mr. Kahn charged that the income tax "by reason of the kind and manner of its graduation, instead of promoting more frugal living, is a breeder of extravagance and thus of higher prices."

The investor, in order to recoup a portion of his income tax, he said, demands higher rates of interest, thus enhancing the cost of capital, which

again makes for high prices. "Or he buys tax-exempt municipal, state or government bonds, thus diminishing the quantity of funds available for private enterprise."

"The house-famine and high rentals, Mr. Kahn, attributed to the fact that the private investor generally speaking, has withdrawn from the field of the private real estate mortgages, because they do not yield him a sufficiently attractive return after taking into account the income tax."

In conclusion, Mr. Kahn says, the appointment of one or more non-political commissions consisting of business men, working men, farmers and economists, for the purpose of making studies and recommendations on a non-partisan basis would be of great advantage by the country at a time when grave economic, social and financial problems are pressing for solution."

STOP HIDE EXPORT TO LOWER PRICES

SYDNEY, Sept. 2.—A step toward lowering the high cost of living was taken by the New Zealand government by passing a law restricting the exportation of hides.

Manufacture of shoes with standards, and the use of all hides within the country is expected to lower the official prices of shoes considerably.

UNPARH CHURIOUS TABLET

VANCOUVER, B. C., Sept. 2.—Workmen engaged in road making near the Indian village of Klappan, B. C., nine miles from Hazelton, have unearthed a sandstone tablet. It is curiously engraved and is proving of considerable interest to the scientists.

The Indians are unable to trace in the figures any resemblance to any of their totem signs.

Champaign was invented in 1668 by a Benedictine monk by long experiment in combining wines.

SURPLUS IS SHOWN BY THE RAILROADS

Deficit of Month Ago Is Changed to Surplus in July Freight Traffic Decreases.

By the Associated Press. WASHINGTON, Sept. 2.—For the first time in many months government operations of the railroads in July showed a surplus instead of a deficit.

Director General Hines announced today that preliminary figures of the month's business indicated net operating income of \$17,000,000. After allowing one-twelfth of the amount for seven months is \$124,525,000. The net gain is about \$2,000,000, as compared with a deficit of \$2,031,000 the preceding month and \$65,000,000 in February, the largest deficit of the year. The net loss to the government for seven months is \$124,525,000.

In calculating the surplus, however, no account was taken of the wage increase offered the shipmen and which has not yet been accepted by them. It has been estimated that the four cents an hour although based amount to about \$16,000,000 a year; and as it is retroactive, the surplus for July may become a deficit of approximately the same amount.

Mr. Hines pointed out that the falling off in freight business continued to be a big factor in the railroad deficit. "The freight business has grown steadily since February. As compared with July, 1918, the decrease in operating income was about 40 per cent. Ten million per mile of road per day in July of this year 5,487. The freight traffic was about 25 per cent larger than the average of July of the three years last period, on which the returns to the roads are computed, but expenses likewise were greater. The increase amounting to \$17,000,000 of 95 per cent, much of it in wages. Passenger traffic also allowed a substantial increase.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat If Kidneys Feel Like Lead Or Bladder Bothers.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithin, and is harmless to flesh, cleans the kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

DISQUE WILL GIVE EVIDENCE IN PROBE

Head of Spruce Production to Be Given Opportunity He Asked for to Tell Story.

By the Associated Press. PORTLAND, Ore., Sept. 2.—Brigadier General Bruce P. Disque, former head of the United States Spruce Production corporation will testify before the congressional sub-committee investigating airplane spruce production here, probably tomorrow.

Congressman James A. Frear, the sub-committee chairman, announced today, General Disque asked that he be permitted to testify to correct alleged false impressions which he said were being given the public by the investigation.

J. B. Miller, a lumber operator from Toledo, Oregon, told the sub-committee that two railroads and a large sawmill built in the Yaquina district by Brigadier General Disque constituted an "unwarranted expenditure of public money, in his opinion. Ample spruce to meet war demands, he said, could have been procured by a similar extension of the road of the Fisher-Story Lumber company, into the Sitka country.

That the spruce operations of General Disque were attended by gross incompetency and inefficiency were other statements by Miller, who said this was because the soldier crew who did the work were composed of "soap merchants, lawyers, doctors and dentists" instead of skilled lumbermen.

No spruce logs, Miller asserted, were transferred over either railroad and both were unnecessary.

CHOLERIA SPREADING THROUGH SIANGHAI

TOKYO, Sept. 2.—Owing to the growing intensity of the cholera epidemic in Shanghai, the Japanese government has proclaimed that port and interior infected and simultaneously announced its decision to enforce strictly port regulations for all steamers coming to Japan by way of Shanghai. Reports from the investigators show a remarkable rapid spread of the epidemic.

BYVINK IN NEWS AGAIN: TAKEN BY THE HELMS. By the Associated Press. LONDON, Sept. 2.—The Bolshevik forces have captured the city of Forth (Dunaburg) according to a Russian Bolshevik communication received here. Dyvink lies to the right bank of the Duna, where it is crossed by the railroad from Petrograd to Warsaw.

WETS LAST STAND IN AMERICA THREATENED

OTTAWA, Ont., Sept. 2.—Canadian prohibitionists are demanding federal legislation to compel the province of Quebec to halt wine and beer sales. That province is now the only "wet" port in North America north of Mexico.

Let three (12), block one hundred six (102), lot 2 (2), block one hundred twenty-one (121), all in original townsite of Twin Falls, Twin Falls County, Idaho, according to final amended plat thereof of record, together with the appurtenances, be and all persons having claim against the same, to appear and answer to the said notice of sale at the Court House in the City and County of Twin Falls, State of Idaho, on the 27th day of August, 1919, at 10 o'clock, a. m., of said day, at the front door of the Court House in the City and County of Twin Falls, State of Idaho, in and to the above described property, at public auction, to the highest bidder, for cash, to satisfy the plaintiff's decree.

Dated August 23, 1919. A. N. SPRAGUE, Sheriff. By H. G. DIETRICH, Deputy.

Asher B. Wilson, Attorney for Plaintiff, Twin Falls, Idaho. 4th-A-29-S-12

NOTICE

In the Probate Court of Twin Falls County State of Idaho. In the matter of the estate of Mary B. McNeill, deceased.

Notice is hereby given by the undersigned administrator of the estate of Mary B. McNeill to the creditors and all persons having claims against the said decedent to exhibit them with the necessary voucher within four months after the publication of this notice to the said administrator at the office of Messrs. James R. Bothwell and W. Orr Chapman, in the City of Twin Falls, County of Twin Falls, State of Idaho, the same being the place for the transaction of the business of said estate.

Dated this 23rd day of August, A. D. 1919. J. M. VAN HOOK, Administrator.

James R. Bothwell, W. Orr Chapman, Attorneys for Administrator, Residing at Twin Falls, Idaho. Sept. 19.

ALIAS SUMMONS

In the District Court of the Fourth Judicial District of the State of Idaho, in and for the county of Twin Falls.

Justus J. Frichard, plaintiff, vs. George Frichard, defendant. The State of Idaho Sine Qua Non. To George Frichard, the above named defendant:

You are hereby notified that a complaint has been filed against you in the District Court of the fourth judicial district of the State of Idaho, in and for the County of Twin Falls, and you are hereby directed to appear and answer the said complaint within the time herein specified, the plaintiff will then judgment against you as prayed in said complaint.

Said action is brought for the purpose of obtaining a decree dissolving the bonds of matrimony between plaintiff and defendant and that plaintiff is awarded certain property described in the complaint for general relief, upon the ground that defendant has willfully neglected to provide for plaintiff the common necessities of life, defendant having the ability to do so, and willfully and without cause deserted and abandoned plaintiff.

Witness my hand and the seal of said District Court, this 22nd day of August, 1919. (SEAL) C. C. SIGGINS, Clerk.

By C. L. BOWEN, Deputy. Homer C. Mills, Attorney for plaintiff; Residence, Twin Falls, Idaho. Oct. 3.

THOSE NEW ORPHANAGES

Three orphanages in widely separated cities have recently announced drives to raise funds for the construction of better buildings and the extension of their service to the children who come into their care.

This is a wholesome indication of the growing interest in the care of orphaned children, and also a sad indication of the increased number of orphans in our communities, since present quarters are not large enough to house them.

It is to be hoped that every such appeal will meet with generous response, that sums will be realized sufficiently large to provide light and airy quarters such as children need for their best growth; and food, wholesome and plentiful, without which they cannot have strong healthy bodies, which in later years they will sorely need. Along with the funds for food and shelter there should be money enough to clothe them becomingly and properly so that they may learn the importance of personal appearance as an asset to success.

And far more important than any other thing, the money provision should be large enough to pay wise mothers and instructors to oversee the lives of these little ones. There is an army of them sooner or later to take their places as citizens of this country, and the kind of citizens they will be depends for them, as for any children, upon the training they receive in the days of their youth.

NEED DOCTORS IN SMALL PLACES

The medical men as they return from overseas duty show a decided preference for settling in the cities with the result that there is a dangerous lack of doctors in the rural districts.

Many small towns, where fairly good roads would make a large country practice easily accessible, are entirely without physicians, though they offer better hopes to the young doctor than the crowded districts where there is a physician in every block.

This probably is one of the deformities of the war which time will heal. The doctors will see for themselves the folly of the situation and little by little take up these

outlying practices which mean hard work, perhaps, but none the less a good, substantial living.

There is no class of men more beloved than that of the country doctor, who is physician, father confessor and elder brother, all in one, to a host of grateful people. Also no branch of the profession offers wider experience or greater opportunity for development in skill and versatility.

The situation is not entirely up to the doctors. The rural district which lacks good medical service must do its part by improving its roads, stirring its population to such payment of its bills as will make life possible for the doctor. It must also develop its social life along lines which will make residence among its people attractive to the man of high mental attainments such as the good doctor must be.

THE MORGUE CURE

A Chicago judge hit upon the cheerful idea of sending auto speeders to the morgue to view the bodies of persons who had come to their death from some driver's carelessness or mania for speed. The result is said to be satisfactory in every case.

Nothing could bring home with greater solemnity the danger which exists in careless driving than to see the victim of such carelessness lying still in death. The man who has killed a fellow being perhaps needs no further lesson, but the incorrigible speedster who has escaped serious accident to himself or others, and upon whom neither fine nor imprisonment has any effect is another matter. For him the morgue cure should be a salutary experience.

It is not considered in good taste for strangers to intrude upon the house of mourning, but the particularly vicious breaker of traffic rules might well be sentenced to attend the funeral of some child who has been run over, or some man who leaves a widow with a family and no means of support.

Speeding is an aggravated form of selfishness. The way to cure it is by arousing the idea of other people so strongly in the selfish breast that never again can it forget the rights of others.

A Massachusetts farmer refused a bequest of \$25,000, saying, "I don't want it. If I start spending money I will lose my interest in life." Any way, that is a better attitude than refusing to spend money because it will mean losing the interest on the money, which is some people's idea of thrift.

Brewing stocks are showing a slight advance, due to the prevailing belief that the amendment permitting beers and light wines will soon be voted upon. Will their holders be subject to arrest for being in rising spirits?

The average man thinks it's outrageous for anybody to charge high prices and make excessive profits—except him.

HUNGARIANS OPPOSE PROPOSED TREATY

Object to Disincorporation of Their Country—Also Register a Kick.

By the Associated Press.
WASHINGTON, Sept. 2.—Objectors of Hungarian and Albanian sympathizers to the proposed treaty which would disincorporate the country and place it to be negotiated were held today before the senate foreign relations committee. At the suggestion of Senator Knox, republican, Pennsylvania, Charles W. Russell, former minister to Persia, appeared before the committee and presented for its consideration a copy of the recently negotiated treaty between Great Britain and Persia under which Mr. Russell said Great Britain would be given rights and powers in Persia. Discussion of the Persian treaty which followed, former minister Russell's suggestion that the senate make a "written protest" against the pact was the only enlightening feature of the treaty controversy today, either in the committee or on the floor of the senate. Senator Hitchcock of Nebraska, leader of the administration forces,

postponed his speech replying to recent attacks on the treaty and issues of national covenant by Senator Knox and Chairman Lodge, of the foreign relations committee, until tomorrow and on the eve of the president's departure on his speech-making tour of the country in the interests of the treaty there was no apparent change in the senate situation.

Some members of the foreign relations committee expressed the belief today that the treaty might be reported to the senate before the week-end and Chairman Lodge indicated a desire to speed up action by holding all of today's witnesses to the time allotted them.

Representatives of the Hungarian-

American and Albanian-American organizations who were heard admitted that their contentions had little direct bearing upon the pending German treaty, except that Germany was bound in advance to accept any decision that might be made in the Australian and other treaties as to national boundaries. Both groups expressed the conviction, however, the most extreme demands of nationalities having claim to areas of Hungary and Albania were to be granted.

FIRE RAGES A WEEK

"LONDON," Sept. 2.—For nearly a week a fire has raged on the peak moors at Findon, Gloucestershire.

Do You Know Your Own Business?

If you own shares in a business do you want a Government employe to tell your executives how to run your business.

If you are a loyal employe, do you want a political appointee to have the power to injure your concern by hampering its operations or by interfering with its efficiency?

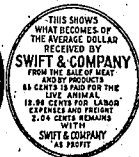

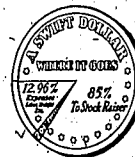

Perhaps you have noticed the effect of Government control on the railroads, telegraph, and telephone.

Bills have been introduced to license and regulate the packing industry—perhaps your business will be next.

You would probably dislike to have this happen to your business even more than you would dislike to have your daily supply of meat interfered with.

TWENTY DEGREES COOLER THAN THE STREET

MOTHER GIVES ALL IN THANKSGIVING

...Contributes \$50 to Salvation Army After Boy Tells of His Work in France.

Chaplain Harry W. Jones, who thrilled the folks of the state of Washington—with his heroic—of—Salvation Army service recently found in the state of Washington just as fine a tribute to the Salvation Army and its service as any he can pay after more than a year with the Salvation workers in France.

The chaplain, after speaking to the folks at their state convention at Yakima, went to Spokane to deliver a special address. After meeting a little, timid, gray haired woman, waited patiently after the meeting as they got a word to the chaplain. Finally she got to him.

Her eyes still glistening with the tears that had come when the chaplain told the story of his own boy going overseas, of the boy's being reported dead only to be found by "Dad" alive and well five months after the report of death came. The story he had told of his boy's appeal for him to do something for the Salvation Army that was ministering to the boys at the front was still fresh in her mind, for she said:

"Chaplain, I, too, had a boy over there, and he, also, couldn't say enough for the Salvation Army. He came home safe and sound, and when he got back to me, and I had taken him in my arms, and had prayed to God my thankfulness for his safe return, I told him I wanted to make some sort of thank offering for his safe return.

"Mother, you can't afford it," he said. "Oh, but I must," I replied, and then he said:

"Mother, if you must make such an offering, give it to the Salvation Army. Let me tell you those leaders over there were real people. You give it to them."

"And so," continued the mother, "when I read that you was to speak in Spokane, I came over here to hear you, and I have brought with me a heart for \$50. It's all my own savings. I want to give it to the Salvation Army. It's my thank offering."

And Chaplain Jones who goes about daily bringing tears to other people's eyes with the patios of his war heroes, found himself in a world of grief when ever he met pathetic audience. The tears were as big in his eyes as any he had ever seen in the eyes of his audiences. He didn't want to take the money, but the little mother was insistent, so the chaplain took the money and gave it to the Spokane campaign committee, and the little mother's name was taken by the Salvation Army corps. If ever she or her boy want for anything the Salvation Army is going to see that they get it.

committee open to the charge of sponsoring licensing of the liquor traffic through taxation. The resolution as adopted urged Representative Charles H. Randall of California, the only member of the prohibition party in congress, to "persist in his work until all necessary enforcement legislation be adopted to put into operation the constitutional amendment," and to urge a prohibitive tax should the law on liquor be lifted.

SEVERAL COUPLES ARE GIVEN MARRIAGE LICENSES

Four couples were granted marriage licenses yesterday by clerks of the county recorder's office. Those securing the permits were Raymond T. Caraly and Elsie T. Baker; both of Twin Falls; Raymond F. Rugg, 23, Rita E. Patten, 17, Dahl; Marie R. Dubois, 19, and Irene Aronett, 12, both of Eden; Leo Paxon and Joda Hanson, both of Twin Falls.

IRRIGATION COURSE AT IDAHO PLANNED

W. G. Steward, Inventor of Water Meter, Will Be in Charge of Work At State School.

Announcement that irrigation methods will be taught in the University of Idaho this coming year are of great interest to citizens of Twin Falls, especially with the prospective enlargement of the irrigated areas in this territory.

W. G. Steward, for several years assistant engineer for the U. S. Reclamation service, inventor of the current meter, widely known among irrigation engineers for highly important investigations on duty of water, drainage, discharge of water, flow of underground waters, goes to the University of Idaho September 1st for teaching and experimentation. His work will be in the college of agriculture, an associate professor of agricultural engineering.

PHILIPPINE CHOLERA EPIDEMIC IS SERIOUS

By the Associated Press.

TOKYO, Sept. 2.—A consular dispatch from Manila states that between July 15 and July 26, 41 new cases of cholera occurred in that city, including 33 cases which resulted fatally. The cases elsewhere in the Philippines total 1750, including 1251 which resulted in death.

Word has been received in Twin Falls by E. J. Ostrander from Mrs. Ostrander, who with her brother-in-law left for the bedside of her sister, Mrs. Dingler, a week ago, of the death of Mrs. Dingler last Sunday. Mrs. Dingler was taken to La Porte, Ind. for her health some months ago.

REELECT MEMBERS OF SCHOOL BOARD

E. A. Bryant and V. H. Decker were yesterday re-elected members of the school board to succeed themselves.

But little interest was manifested in the election, there being but 28 votes cast. Mr. Bryant received 24 votes, Mr. Decker 16, and E. J. Finch 16.

MISS ELSIE BAKER IS MARRIED TO H. T. LAMAR

Miss Elsie Baker became the bride of Raymond Laramy yesterday afternoon at the home of her mother. Miss Baker was charmingly clad in a beautiful going-away suit of blue. Only the immediate families and a few friends were present at the wedding which took place at 2 o'clock. After the ceremony the young couple motored to Murtaugh where they took

the trail for Salt Lake City where they will spend two weeks on a honeymoon. Miss Baker has a host of friends in Twin Falls where she is well known, while the groom is also well known here.

SUIT IS FILED TO RECOVER ON NOTE ALLEGED OVERDUE

Ed Tolbert yesterday filed suit in the district court against Anthony M. Sande to recover \$225 and interest on a note alleged to be unpaid.

PROHIBITION SENSE INFERRED TO JAMAICA

By the Associated Press. KINGSTON, Jamaica, Sept. 2.—As a result of the prohibition law in America, several financiers of that country together with Jamaican businessmen, have formed a company for the manufacture of beer and other malt liquor here.

A Heritage to those Who Act

A Boon to the Afflicted

Humanity is brought day by day face to face with evidences of the beneficial work of Chiropractic. Humanity realizes, and mankind concedes, that no modern advancement has been of greater help. It has saved for usefulness those who have despaired of the return to health. It has added cheer to the homes; it has yielded confidence where was utter loss of hope. For it has restored vigor and health, and happiness has followed as the night the day. Have you suffered long? Do you despair? Call and see me. Consultation is free. Let me tell you about Chiropractic. Let me advise you frankly what it will do for you.

Health is Nature's Expression through the physical organism as discovered by—
CHIROPRACTIC

DRYERS ARE URGED TO BACK WORLD DROUTH

Convention Votes Down Resolution Against Activity Outside of the United States.

By the Associated Press. CHICAGO, Sept. 2.—A resolution proposing that the prohibition party "have no connection with the so-called world work" was rejected today by the national committee of the party after a heated debate. In its stead was adopted an amendment recommending that individual members of the party be urged to "give active assistance in the world prohibition work through the instrumentality of the prohibition foundation."

The foundation is an organization composed of members of the prohibition party.

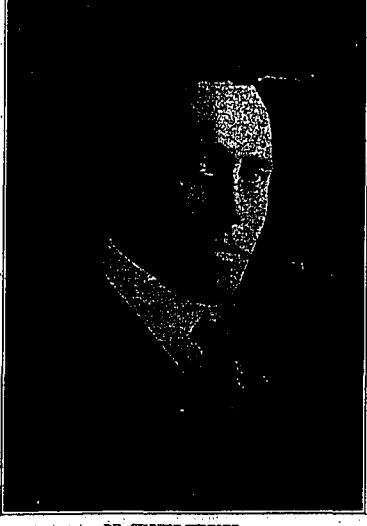

The national committee adjourned its two days' meeting tonight without outlining a definite policy for the future of the party. It adopted a resolution authorizing a national convention at a time and place to be determined by the executive committee. Speakers said it should be understood that the convention would be held subsequent to the conventions of the republicans and democrats and that action taken by the prohibitionists would be determined to a large extent by the courses pursued by the two larger parties.

A resolution was adopted recommending that the party unite with other parties "when for the good of the cause."

Hewson L. Pecko of Sandusky, O., chairman of the sub-committee on resolutions, whose reports urging opposition to participation in the world prohibition alliance were rejected, led the fight in the committee against the amendment which was adopted.

"What right have we to go to other countries and interfere in their domestic questions?" he demanded. "It is infernal interference on our part."

Another bill developed in the committee meeting over a proposal favoring a prohibitive tax on liquors should "demobilization" be complete and saloons permitted to re-open during the interim between war time prohibition and constitutional prohibition. It was urged by members that such action would lay the

DR. GILBERT TELFORD.

Good Conscience Demands

That You Restore Your Health

Chiropractic

Makes It Possible For You to Do So

THE NERVE FORCES ARE VITAL

The nerve forces are vital to human health. Science has long known this fact. Radiating from the spine, the great nerve-system reticulates the body, and impels functions. Life itself is dependent upon nerve-action. But, although these facts have been known for generations, skill had not until recently developed to the point of determining how to safeguard the nerves and preserve their forces for the direction of organic functions.

Then came Chiropractic, a science which has revolutionized treatments and proven the salvation of suffering humanity. Twisting, constant pressure from sitting or unusual position—these or other causes have forced the spinal vertebra from their proper positions, and have caused pressure upon the radiating nerves. Chiropractic restores the vertebra to its proper position, thus relieving the hampered nerve of the distressing pressure. Nature does the rest. THE RESULTS ARE POSITIVE. HEALTH COMES.

Bodies twisting by contorting pain are made well and strong.

HAIRY WEAVER SUSPENDED

OAKLAND, Sept. 2.—Harry Weaver, pitcher for the Oakland team of the Pacific Coast league and formerly with the Chicago Nationals, was suspended for the remainder of the season because of his inability to meet Coast league standards. Manager Del Howard of the Oakland team announced here today. Weaver will be eligible to play next season when he will be given another chance, Howard said.

PHILADELPHIA GARDENERS WIN 12 OUT OF 17 RACES

PHILADELPHIA, Sept. 1.—Philadelphia gardeners won 12 of the 17 races which made up the annual middle states repuda association program rowed on a one mile straightaway course on the Schuylkill river today. Jack Kelly, of the Vesper Boat club, Philadelphia, after winning the quarter-mile dash also captured the senior-singles race—and stroked the winning senior double and quadrup row. Quarter Rigging, of Vesper, after winning the intermediate single sculls race reported 23 minutes later in the association single event.

In the feature race, the United Barge club senior eight of Philadelphia, beat the Flak Red Tops of Chicago, Falls, Mass., by half a length in 5:8, falling by a scant margin throughout. Outcomes of Washington won the Junior eight race in 5:1 and Union of New York captured the intermediate eight race in 5:0, and the intermediate four oared six race. New Poche captured the Junior four-oared eight event.

Score: R. H. E.
Washington.....2 7 4
Philadelphia.....4 10 2
Batteries: Erickson, Zachary and Agnew; Kinney and McAvoy.

WOULD MAKE SERIES 9 GAMES THIS YEAR

Demand for Seats Causes Herrmann to Have Commission Re-examined Plan.

CHICAGO, Sept. 2.—Because of the unprecedented demand for world's series seats this fall, the National baseball commission today recommended that the series be increased to nine games instead of the usual seven. The proposal was sent tonight to the club owners of the American and National leagues for immediate ratification.

Under the proposed plan, the rival clubs would share in the receipts of the first five games, instead of four, as in former years, and the victorious team would have to take five of the nine contests to win the world's championship. Herebefore the championship was decided when one of the clubs won four of the seven contests. The players would divide their apportioned share of the five game receipts on a 60 and 40 per cent basis, 60 per cent going to the winning club.

August Herrmann, chairman of the commission, explained that the recommendation was made for no other reason than to benefit the public by permitting a larger number of persons to see at least one of the games. Although the Cincinnati club has not clinched the National league pennant, Chairman Herrmann, who also is president of the Reds, said he had received 22,000 applications for seats outside of Cincinnati.

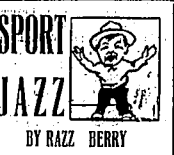

Chairman Herrmann announced that plans for the series would not be made until the pennant race are definitely decided. Club owners of the National and American leagues will not draft star players from the minor leagues this fall.

This was decided tonight when the National commission recommended the privileges of the draft be suspended for 1915 because of the "unmajority now existing" between the major and minor leagues of the country.

The commission ruled, however, that the major league clubs be permitted to continue the purchase of players if suitable arrangements could be made with the minor league clubs.

A. R. Tearney of Chicago, president of the Three-I and Western leagues, who led the fight against the practice of the major leagues in drafting minor league talent, was elated with the action of the commission. He was chairman of the committee which effected the break in relations with the major leagues last winter, and the subsequent abrogation of the National agreement.

"The action means that the minor leagues will now be able to build forces for themselves instead of for the major leagues," Tearney said.

Har, Har, Har.

Right back at you Sim.

Lookout what our Reds did yesterday, and then lookout what you Sox did.

Har, Har, Har.

So they are going to increase the world's series to nine games.

But they might cut it to four games and have enough to show which team is champion this year.

Sim says we had two circuses here Monday.

Well, from what we saw of both of 'em they were mighty poor circuses.

Yet while Monday's barstools made good copy 's' something there in this much about it. The fans don't deserve anything better. Burley, Rupert and Paul have forked over the "jack" to give their towns the right end of teams, while the Twin Falls fans have been slugged. One defeat and half the fans were off the bench for life. That's poor sportsmanship. Stuff like that has kept the big league out of pennants.

The baseball season is nearly over this year and Twin Falls hasn't an enviable record. But there is another year coming. If Twin Falls finishes this season even though way in the hole, the team can build for next year. George Hart took over the job of managing the outfit under adverse circumstances and he has stuck through it—just for one thing. To save Twin Falls' baseball face.

Fans, and ball players and Sim Smiley and Razz Berry can show their appreciation of Hart's efforts by showing themselves at the next two games and yes, by rooting for the home team.

Here's hoping we can finish this year.

The problem of transforming Rugby players into a winning American football team is faced by Bob Harrson, coach of the Santa Clara University. The Rugby veterans expected back this fall include Scholz, Diaz, Korte, Jackson, Roy Fowler, Ferrario, Muldoon, Amaral, Wheelan and George Noll, all holders of varsity letters. New material for the football team, it was announced, is offered with the registration of Pelouze and Hoador of Oregon Agricultural college, Larry

Fanny Durack and Miss Wylie, Australian woman champion swimmers, Ethelda Blebyer of New York and Mrs. Frances Cowella Schroth of San Francisco, are expected to meet in the national 100 yards outdoor swimming championship for women off Ventura Beach, across the bay from San Francisco, on October 13.

In addition to these Dorothy Burns, the Los Angeles Athletic club swimmer, and Lott Dunkum of Stockton, Cal., are to enter. The Alameda, Cal., Yacht club expects to enter Ruth Cane, Lillian Snowgrass and Iston Marbury.

Grasshoppers have their ears on their front legs.

APPLE PICKERS

I want to employ several persons for the apple picking season. Active workers can make good money. Make arrangements at once by calling at my office or planning.

Ford
THE UNIVERSAL CAR

Out of the more than 3,000,000 Ford cars now in use, about 60% have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living, and by the same token the Ford Touring Car has brought just as much pleasure to the residents of the towns and cities, because it is an every day in the year utility, answering the demand of quick transportation at low expense. A family car without an equal in low cost of operation and maintenance. We solicit your order for one. We have the full line of Ford cars. We carry the genuine Ford Parts, and assure you the best in mechanical service and the most reasonable prices.

AVIATOR IS WOUNDED BY MEX SNIPER

Volley Poured on Two American Patrol in Laredo Section.

OFFICERS TO AWAIT DICKMAN'S ORDERS

Indications Point to Fact That Greasers Committing Act Were Under Some Military Orders.

LAREDO, TEXAS, Sept. 2.—Word upon from the Mexican side of the Ilo Grande, Captain David W. McNabb, United States aviation corps, was lightly wounded today while on aerial patrol duty along the international boundary northwest of here.

With Lieutenant Von B. Johnson, Captain McNabb was flying slowly up the river close to the water, when suddenly a group of Mexicans fired a volley of shots at the airplane, wounding McNabb near the ear, while several shots pierced the canvas wings.

Near Federal Outpost, Colonel Beaumont B. Buck, commander of the Laredo district, with headquarters at Fort McIntosh here, said tonight all that is known of the attack is that the firing was from a point where an outpost of Mexican federal soldiers was known to be located.

No additional statement would be made by Colonel Buck, who forwarded promptly a report on the attack to Major General Joseph T. Dickman, commander of southern department at San Antonio. It was indicated no action by officers here likely would be taken except on instructions from General Dickman.

Does Not Believe It. The Mexican consul here declared tonight that he had heard a "detrimental rumor" to the effect that Mexicans had fired on an American airplane, but said he "did not believe it."

There have been unofficial reports for several days that Mexican airplanes have fired at patrolling airplanes.

Captain McNabb, and Lieutenant Johnson reported fully on the attack to Colonel Buck, neither would make a statement to the press early tonight. McNabb's wound is not serious.

AWAIT OFFICIAL REPORT. WASHINGTON, Sept. 2.—The war department will await an official report from Major General Dickman, commander of the southern department, Secretary Baker said today before considering the question of whether punitive action shall be taken against the Mexicans who fired upon an American army airplane on the Ilo Grande, wounding one officer. Until some report was received Mr. Baker declined to speculate on what the department's action might take.

Is Serious Matter. In military circles, the firing upon army fliers was considered far more serious than the recent detention of two aviators for ransom. Airplane machines are plucky mired. It was said, and the press reports from the border would indicate that Captain McNabb's airplane was either on the American side or was following the river, the international boundary at this point, in either case it should have been immune from hostile attack.

The fact that press dispatches referred to repeated "volleys" from the Mexican side was also considered significant inasmuch as the Mexicans were under some sort of military command.

Reports persist here that General Dickman has authority to meet such situations, without waiting on his superiors, by sending columns across to capture or recede the offending band and to clean up the district in which they committed the objectionable action. It would not come as a surprise to many officers if dispatches related to a southward move by cavalry.

MAY PUT CLOSURE ON LA FOLLETTE

Makes Another Long Talk on Land Legislation, Delaying the Final Vote.

WASHINGTON, Sept. 2.—When further prolonged debate, particularly by Senator La Follette, republican, Wisconsin, held up today for the fifth consecutive day a final vote on the oil, coal and mineral land leasing bill, Senator Thomas, democrat, Colorado, gave notice that unless the bill was disposed of tomorrow he would seek to invoke the cloture rule.

As soon as the notice was given by Senator Thomas, Senator Smoot, republican, Utah, who is in charge of the measure, announced that unless disposed of sooner, he would keep the senate in session tomorrow night until a final vote was had.

The threat to invoke the cloture rule which would limit debate to one hour for each senator came after Senator La Follette had debated the measure for two hours a day, making his total speaking time since last Wednesday 18 hours. The Wisconsin senator, in opening his attack on the bill today, defended his lengthy discussion, saying he was so actuated by a desire to represent the public interest.

The senate, however, was able today to adopt an amendment by Senator La Follette prohibiting public land deposits of coal, oil, gas, phosphates, or sodium being controlled by combinations in restraint of trade and authorizing the revoking of leases in such cases.

H. E. CUTTING MOVES TO GOING MOTOR BUILDING

H. E. Cutting has announced the removal of his auto painting establishment from the Twin Falls Auto company building to the northwest half of the Gooding Motor company building on Main avenue west.

PHILIPPINE HOMESTEAD LANDS

MANILA, Sept. 2.—Two thousand acres of government land on Kauai will be open for homesteading in 1920. This announcement was made by Land Commissioner C. T. Bailey upon his return from the Garden Island today. The land in question is in the Waia district, where there is still a considerable number of homes to be made. The opening of the Kauai land, says the commissioner, is directly in line with the policy of the present administration to open at least one homestead area each year.

GERMAN FINED FOR ACTIVITY

COBLENTZ, Sept. 2.—Before the American military court here, one man was unfortunately enough to receive the two highest sentences for espionage and a \$1250 fine for attempting to recruit men for the German army with the occupied district.

WOULD PLACE BAR AGAINST R. R. STRIKES

Cummins Railroad Bill, Submitted to Senate, has a Novel Plan

TERMINATE CONTROL BY THE GOVERNMENT

Carriers to Be Divided Into Regional Systems—No Trace of the Plumb Plan.

WASHINGTON, Sept. 2.—The senate today received and discussed for several hours a bill outlining a permanent railroad policy as evolved by a bi-partisan interstate commerce subcommittee.

Essential among the features of the new measure which will be known as the Cummins bill, Senator Cummins, republican, Iowa, having acted as chairman of the subcommittee, are provisions for termination of government control of the railroads, their return to private ownership and operation under rigid federal control and consolidation into regional systems and prohibition of strikes and lock-outs of employees. The measure contains none of the fundamental features of the Plumb Cummins Expiration Provision.

Chairman Cummins in presenting the bill explained its provisions at length. He, with Senator Robinson, Arkansas, and Pomeroy, Ohio, democratic members of the drafting subcommittee, laid especially stress on the proposal to penalize strikes and lock-outs, declare the plan, although novel, was necessary to protect the public. The employees, the three senators explained, are protected under the bill by a provision that their wages shall be fixed by government agencies.

The bill, Senator Cummins told the senate, represents a new consideration by the subcommittee. Its purpose, he asserted, is in the plan to terminate government control and with concentration of the nation's railroads into twenty to thirty-five regional systems provide for strict government

supervision of virtually all railway affairs. Among the new agencies the bill proposes are a railway transportation board, largely to supervise railroad operations; a committee on wages and working conditions and an employees' advisory council. The interstate commerce commission also would be given greatly increased powers and representation on all railroad directorates of employees and the government would be required.

Has'Long and Short Haul

The Cummins bill as referred to the full interstate commerce committee railroad experts here pointed out tonight contains the long and short haul provision embodied in the Plumb-Cummins bill, which now is pending and which was the subject of recent hearings with western shippers as witnesses. The act to regulate commerce would be amended by the Cummins bill to provide that railroad could not charge less for a longer haul than for a shorter haul over the route.

The most poetically named railroad is the Queen & Crescent. R. G. Hull, piano tuner, Phone 84, Ferguson Hotel, Sept. 3

BIG INCREASES IN SCHOOL ENROLLMENT

Largest Number of First Graders in History of the System—Fifteen Seven Rooms.

	1919	1918
High school	522	476
Lincoln	756	651
Bickell	694	622
Washington	372	239
Total	2275	1918

Schools opened in Twin Falls yesterday with the registration far exceeding any expectations of the authorities. With an increase of the teaching force to meet expected enrollment, Superintendent Blue found that to segregate the children in proper proportion, with not more than 25 under one teacher, on the opening day, it would be necessary to have four more teachers. Whether or not this will have to be done will be decided later. All of the rooms are overcrowded. With expected additions to the classes it is anticipated that 2500 pupils will be enrolled.

The figures received by Mr. Blue from the schools disclose 255 beginners in seven 1-B classes. This is the largest number of first graders in the history of the local school. Of this number, 124 are in the Lincoln school, 83 in the Bickell school and 58 in the Washington school. Not only is there a large increase in grade school, but also in the high school, where all classes are larger than last year.

Mr. Blue stated reports received indicated that Twin Falls is fortunate in being able to have a teacher for every available room on the opening day of school.

INSECTS RUIN JAPAN TEA CROP

YOKOHAMA, Sept. 2.—The activity of a certain rice insect is responsible for the decrease of this year's tea crop in Yamashiro province by about 30 or 40 per cent. The insect commenced its damage about the first of June, but has steadily increased during July. Tea fields have been entirely ruined by the insects and the tea planters in collaboration with the government are doing their utmost to exterminate the pest.

Time SAVE Fuel MONEY

The old range, with its waste of fuel, its contrariness at the time most is required of it, is a heavy and needless expense. An old, worn-out stove or range burns twice as much fuel as it should, shatters nerves, and all you get out of it is poorly cooked foods. Good cooks do their best when they have the best range to cook with.

The important part of a home equipment is the cooking range. Look at the range your wife or mother is using. Ask her if she is perfectly satisfied with it. Then come and see us. You know a good thing when you see it. You know how to make comparisons between the high grade and that which is just ordinary. You will find THE SOUTH BEND MALLEABLE RANGE above the ordinary. We have found it the triumph of range construction. We are sure there is nothing like it on the market today. If you buy one of these ranges for your home you will make your wife or your mother the happiest woman in your vicinity. Take as much interest in your home equipment as you do in that which has to do with your comfort and efficiency in your work.

Experts from the factory are now demonstrating this range in our store, and during this demonstration we are giving FREE a set of pure aluminum cooking ware with each South Bend range sold.
