Answers Lodge and Knox. Before conferring with the president, Senator Hitchcock made a lengthy speech in the senate in reply to recent attacks on the treaty...

The so-called "mild" and "strong" reservations among the republicans continue efforts to secure a compromise agreement and Senator Lodge was said to have approved three of the former's proposals...

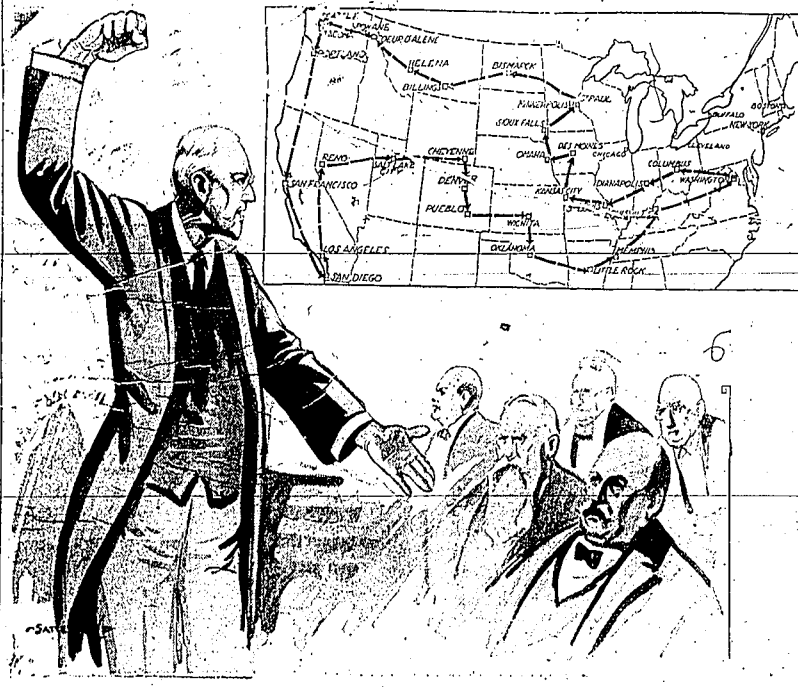

The president and Senator Hitchcock were said to be in complete agreement that the immediate fight should be pressed against the five amendments...

Wilson Is Gratified. "The president," said Mr. Hitchcock after leaving the White House, "was gratified that the issue has been drawn on amendments. He believes the people realize the danger of adoption of any amendment or of a reservation which would have a killing effect."

PROHIBITION IS NEXT ON SENATE CALENDAR. Its consideration will be started when the senate reconvenes tomorrow.

TREATY FIGHT TAKEN TO THE PEOPLE

THE "SWING AROUND THE CIRCLE"

WILSON WILL EXPLAIN ACT ON BIG TOUR

Most Arduous Trip Taken by Any President Started Last Night.

FIRST ADDRESS TO BE GIVEN AT COLUMBUS, O.

High Cost of Living and Other Domestic Problems to Be Touched Upon in Talks.

By the Associated Press. WASHINGTON, Sept. 3.—President Wilson left Washington tonight for a country-wide speaking trip to tell the American people first hand of his part in the peace negotiations and to make a personal appeal that the peace treaty be ratified without amendment.

The president's special train on which he will carry all of the time for the next twenty-five days, departed at 7 o'clock. The first leg of the trip of nearly 10,000 miles will be completed tomorrow morning in Columbus, Ohio, where he will make his first of his thirty scheduled addresses.

Is Given An Ovation. The president and his party reached the station at 6:30 o'clock and were given an ovation by the crowd. After escorting Mrs. Wilson to the private car the president returned to the platform where he chatted with friends until the time for his train to leave.

Accompanying the president in addition to Mrs. Wilson, were Joseph P. Tumulty his secretary, and Rear Admiral Cary T. Grayson, his physician. Nearly thirty newspaper correspondents also were aboard the train in addition to the force of official stenographers and secret service men.

Trip An Arduous One. The trip, perhaps the most arduous ever undertaken by a president, will carry Mr. Wilson and his party as far west as the Pacific coast, almost to the Canadian border on the north and almost to Mexico on the south. He will speak in every state west of the Mississippi except four, and will make up for the omission of these speeches in Ohio, Indiana, Kentucky and Tennessee.

Although the detailed schedule was held in confidence in the interest of safety to the presidential train, it is understood that most of the stops will be for three or four hours. In Des Moines, Seattle, Los Angeles and Louisville, however, where Sunday stops are made, the president will have opportunity for brief evening talks. In Seattle he will review the Pacific fleet.

Vigorous From Start. The speech-making schedule is a vigorous one from the start. After his address at Columbus tomorrow, Mr. Wilson will go to Indianapolis in time for an evening meeting. Then he will continue westward to Des Moines Saturday for the weekend.

The following week will take him far into the west by the northern route, with speeches at Omaha, Sioux Falls, St. Paul, Minneapolis, Elmwood, and Billings, Helena, Coeur d'Alene, Spokane, Tacoma and Seattle. After that will come Portland, San Francisco, San Diego, Los Angeles, Reno, Salt Lake City, Cheyenne, Denver, Pueblo, Wichita, Oklahoma City, El Paso, Memphis and Louisville. The return to Louisville will be on September 10.

To Make Shorter Speeches. In addition to these scheduled addresses Mr. Wilson is expected to make shorter speeches from his train at intermediate stops. Although it is expected that the president will devote most of his attention to the peace treaty, he probably will also touch on the high cost of living and other domestic problems. It has been pointed out that much of his itinerary lies through the...

SHANTUNG TO BE RETURNED SOON PROMISE

Japanese Peace Delegates Declares County Will Keep Its 'Sacred Pledge.'

PROVINCE WAS TAKEN FROM HUNS, NOT CHINA

Declares Action Must Follow Receipt of Documents From the Germans.

By the Associated Press. NEW YORK, Sept. 3.—Restitution of the province of Shantung to China and Japan within a year was predicted here today by Yosuke Matsuoka, secretary in the foreign department of Japan, and a member of the Japanese peace delegation.

"I should not be at all surprised," he said, "if our government opened within a very few months or even a few weeks, negotiations with the Chinese government with a view to settling the Shantung question in a way satisfactory to all concerned."

Mr. Matsuoka's Statement. In a statement on the Shantung question Mr. Matsuoka said: "To those of us who have participated in the peace conference, there is not the shadow of a doubt that Japan will withdraw from Shantung at the earliest possible moment. The peace treaty requires Germany to hand over to Japan all the documents relative to Shantung within three months after the treaty comes into force. When this is done, Japan will immediately take steps toward the restitution which Japan has pledged herself to make in favor of China."

World Knows Terms. "The terms on which Japan will renege, Shantung are now fairly known to the world. Briefly stated, the main points of these terms are: Continued on Page Eight.

FAMOUS DIVISION REACHES STATES

By the Associated Press. NEW YORK, Sept. 3.—Four thousand officers and men of the famous First division of the regular army, veterans of some of the bloodiest victories which ever crowned American arms, returned home today on the transports Amphion, Swanee and Mohic. The little strips of vari-colored ribbons that decorated the tunics of hundreds of the returning soldiers, whose silent testimony to the deeds which have made this division historic.

As far as individual decorations were concerned the pill was born to the 18th infantry, every man of which were the four-square of the Legion of Honor, conferred by the French government just before the unit boarded the Mohic at Brest. But the 18th had little to boast of over their comrades, notably the second machine gun battalion, 40 per cent of whom had been decorated. This battalion suffered seventy per cent casualties.

The honorward voyage of the Mohic was saddened by the death of one member of the 18th, Private Floyd La Cutter, O. On the Mohic was Brigadier General Frank Barber, commander of the First infantry brigade. General Barker, whose home is in Charleston, S. C., was with Paris in 1914, a military attaché and was in temporary command of the First division in October, 1918, until relieved by Major General McGehee.

FIRST AIRPLANE FUNERAL HELD

By the Associated Press. TORONTO, Sept. 3.—What is believed to have been the first airplane funeral ever held occurred here today when a coffin, bearing the body of Leonard Allen, a 6-month-old baby, was conveyed to Mount Pleasant cemetery in a plane piloted by Harry Smith, formerly of the royal air force. The "flying hearse" was closely followed by a second plane bearing assistants of the undertaker.

CORRELL MURDERERS ARE CAPTURED, MEXICANS CLAIM

By the Associated Press. WASHINGTON, Sept. 3.—Outlaw responsible for the murder of John W. Correll, an American officer, has been arrested and will be placed on trial at Tampico, the Mexican embassy today announced. The arrests were made near Los Mochis and included Ramon Diaz, chofetan, and his followers Rafael Ruiz, Francisco Gamboa, Blas Vidal and Francisco Valverde.

LAND LEASING BILL PASSED BY SENATE

Long Debated Measure Provides for Opening of Coal, Oil and Other Lands.

By the Associated Press. WASHINGTON, Sept. 3.—Without a record vote, the senate tonight after a 12-hour session, passed the bill to make possible the leasing of public lands having deposits of oil, coal, gas, phosphate and sodium.

In passing the measure, the senate approved amendments offered by Senator Harris, Democrat, Georgia, which would provide that under the Clayton anti-trust act all companies may not charge different prices in various parts of the country.

Another amendment which its author, Senator Harris, said would cause the constituent companies of the Standard Oil company soon to become independent in ownership by feel, as well as in name, was adopted. This amendment would prohibit the stockholders of corporations producing petroleum and its by-products from acquiring stock in another corporation similarly engaged if both corporations have been created in conformance with a court dissolution decree or for the purpose of avoiding prosecution under anti-trust acts.

With the exception of the Harris amendments, the fate of which are uncertain in the home, the leasing measure as to important features was passed as reported by the public lands committee.

VIRGINIA LEGISLATURE FAILS SURVIVE RESOLUTION

By the Associated Press. DISQUE REPLIES TO G.O.P. CONGRESSMEN

Declares He Alone Was Responsible for Putting Eight-Hour Day in Effect in Woods

PORTLAND, Ore., Sept. 2.—Ilyse P. Disque, head of the spruce production division of the war department during the war with the rank of brigadier general, had no secret agreement with Samuel Gompers, president of the American Federation of Labor, regarding the introduction of the eight-hour day into logging camps and lumber mills of the northwest, he testified today before the congressional subcommittee investigating war time airplane spruce production. It had been charged that such an agreement existed.

Mr. Disque, who, upon taking the

Coming to America For "Possibilities"

The Marquis of Hanford, eldest son of the Duchess of Marlborough, who was Miss Constance Vanderbilt, is planning to visit America and may return with one of the "possibilities" he has in view. Two of them are Miss Edith Gould (first) daughter of George Gould, and Miss Flora Payne Whitney, daughter of Harry Payne Whitney.

...declared he was prepared to improve every charge brought against his administration of the spruce production division and added that a letter sent by the committee to Secretary Baker was composed largely of "unfounded evidence and that part which is correct is largely falsehood." He assumed full responsibility for reducing the hours of spruce workers from ten to eight a day. He said the lumber operators were divided as to the wisdom of this course, but that it was his belief the lumber industry would have been abandoned for months if the eight-hour day had not been granted.

Responsibility for giving the soldiers of the spruce production division civilian pay was also assumed by Mr. Disque.

When reminded by Representative James Frenn, chairman of the investigating committee, that forty per cent of the airplane lumber produced was for instead of spruce, the witness replied that spruce was not immediately available in sufficient quantities.

The Moral Risk

When the time comes to seek credit, a bank will want to know what you ARE as well as what you HAVE.

That's where the moral hazard comes in. And you can't establish credit over night. Rather, it is a matter of becoming KNOWN at your bank of establishing confidence by the way in which you have kept your account, regardless of the amount you have to your credit.

Get acquainted—that's the first thing. Then develop that acquaintance into friendship. It will stand you in splendid stead when the time comes. Remembering also, that this bank offers you a complete banking service.

A summary of the more important business transactions by the convention follows:

Approved political freedom for Ireland and India. Declined congress for declining to select Victor Berger, socialist of Milwaukee...

Endorsed the plan for a general industrial strike October 2, to complete the release of Emma Goldman...

The delegates applauded for several minutes when a report was read that Emma Goldman had been released from prison two weeks ago.

The new communist labor party of America adopted a platform declaration of the party in full harmony with the revolutionary working class parties...

"We fully recognize the crying need for immediate change in the social system. The time for parting and compromise has passed and now it is only a question whether the full power remains in the hands of the capitalist or the working class."

"The communist labor party of America has as its ultimate aim the overthrow of the present system of production in which the working class is mercilessly exploited and the creation of an industrial republic."

"To this end we ask the workers of America industrially and politically in the struggle for the conquest of the state and the powers of government in the establishment of a co-operative commonwealth."

John Reed of New York presented the report of the committee on the general and labor which was said to be the most radical declaration of principle ever issued by a political party in the history of this country.

The lengthy document is said to have been largely copied from the program of the socialist republic of Russia. Action on the report was deferred until tomorrow.

CELEBRATES 181ST BIRTHDAY; PREDICTS HIS OWN DEATH

By the Associated Press. LEXINGTON, Ky., Sept. 3.—John Shelt, said to be the oldest living man in the United States today celebrated the 181st anniversary of his birth here.

The aged mountaineer celebrated his birthday by making his first automobile ride. He told friends that this was the first birthday on which he did not work and said he was anxious to get back to his farm, on which, he said, there is a mortgage.

Shelt told newspaper men that he does not expect to live to see another birthday. "I am getting old now," was his explanation. He came from Leslie county to attend a fair.

PALMER IS DEPENDANT IN BALTI. SUIT FOR \$850,000

By the Associated Press. NEW YORK, Sept. 3.—Attorney General Palmer and Allen Custodian Curran were jailed as defendants in four federal suits filed in federal court here today by James Foreman and the Foreman & Huffman company. Suit for \$850,000 are demanded. The suits are based on articles written by Mr. Palmer for the Saturday Evening Post and Sunday Magazine and by Mr. Curran for the New York Tribune. The three publications also are made defendants.

These articles, the complaints allege, charge the complainants with disloyalty during the war and with being enemy-work and operated in the interest of Germany. These charges, the complaint alleges, are wholly false.

SEATTLE'S SEATTLE QUESTION. HARRISBURG, Penn., Sept. 3.—(On Board President Wilson's Special Train, Sept. 3)—President Wilson definitely decided tonight that he will not attend the Pacific first at Seattle, about which some uncertainty and action would take place at 3 p. m. on Saturday September 13. This arrangement will give him two days at San Francisco, September 17 and 18, as originally planned.

As finally agreed on, the plan is the same as in the president's itinerary as originally announced. Uncertainty regarding local arrangements on the Pacific coast, had led the president to consider postponing the visit until Monday, September 15, and cutting a day from the stop, in San Francisco. That suggestion was abandoned after receipt of additional information by the president tonight.

Offered Sandwich, Refused. As bedtime when the train stopped for a few minutes, some Red Cross workers offered the president a sandwich, but he smilingly declined. He also turned down an offer for cigarettes and nodded to the workers that he was quite well satisfied.

SUGGESTION BOXES PART OF BIG FLEET

To Work for "Contentment and Comfort of All Hands" on the Mississippi

WITH THE PACIFIC FLEET, Sept. 3.—Suggestion boxes have been established aboard the dreadnaught Mississippi, of the Pacific fleet, for the purpose of adding, according to Captain W. A. Moffett, to the "contentment and comfort of all hands."
An order recently issued by Captain Moffett contains the following on this subject:
"All suggestions will be made in writing and will be addressed to the commanding officer and placed in one of the suggestion boxes. There is a suggestion box in the crew's reception room and another on the main-deck bulkhead forward on the main deck.
These boxes will be opened as often as practicable, not less than an interval of once a week, by the executive officer; and the suggestions considered by him and forwarded to the captain.
"All suggestions will be signed by the writer in each case."

GINGINATI PROVES RIGHT TO PENNANT

Sports Writer Reviews Invasion of the East by Fast-Growing Moran Reds.

By FRED TUDHOPEVILLE

The Reds are men of steel. They are imperturbable. They have beaten through the fire and have come out without losing a tall feather. They've played the steadiest ball exhibited by any big league team this year. With the team in even better shape now than at any previous stage of the game, with a winning streak on their score unapproachable, it is hard to figure how they will be handling the ball kept on winning and enter the world's series against the best the American league has to offer, at its head which may carry them to a world's championship. The Reds speed which has hurried them into possession of the den and turned it around side out. They finished an invasion of the east—New York, Brooklyn, Boston and Philadelphia—winning 15 games and losing three. They scored 65 runs to their opponents' 52. They played .533 baseball.
It was one of the most remarkable road trips in the history of baseball. It probably was the most talked of. It began at New York August 13, where three double headers were played, the Reds downed their opponents regularly. New York won two games from them and Brooklyn won one.
One of the victories in the credit of the Giants was a 14-inning affair, ending 2 to 1 for the McGrawmen. But for a muffed throw at the plate in the ninth inning the Reds would have won five of the six games played.
The Reds played six double headers—six extra games and they fastened on the menu. The faster they came the better they liked 'em. There was no stopping the Moran crew. In the 14 days they were in the east they played ball on 12 days. They had just two days of rest.
Sceptical fans and critics feared the Reds would crack in the crucial period. If the eastern invasion wasn't executed then there is no living illustration of the term. The stage was set against the Reds—hostile hordes in New York, piled up postponed games, strenuous opposition, etc. And they didn't crack.
If the Reds keep up this gait in

Jan't going to be a cinch this year for the American champs, the fact it looks as if they were up against it.

THE UNIVERSAL CAR

Out of the more than 3,000,000 Ford cars now in use, about 60% have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farmer for the pleasures of living, and by the same token the Ford Touring car has brought just as much pleasure to the residents of the towns and cities, because it is an every-day in the demand of quick transportation at low expense. MORE PROTEST KENYON BILL AS UNNEEDED

Largest Independent Packing Concerns Against Regulation of Industry.

PATERNALISM IS NOT NEEDED IN PEACE TIME

Denver Man Denies That Cudahy Owns House which He Runs in Colorado City.

By the Associated Press. WASHINGTON, Sept. 3.—Representatives of the largest independent packing concerns in the United States outside of the "big five," a scattering of stock raisers and meat dealers, and a representative of the Chicago board of trade were among opponents of the Kenyon and Kenrick bills for the regulation of the packing industry heard today by the senate agricultural committee.

Senator Kenyon, republican, Iowa, cross-examined W. D. Reynolds and E. H. Hall, two Fort Worth, Texas, ranchmen, bringing out testimony that they had been paid expenses by the packers after appearing before congressional committees on a previous occasion, but both men insisted they did "not" expect reimbursement for this trip.

Grave Specific Argument. L. P. Gates, for the Chicago board of trade, gave the committee a specific argument in opposition to the bill. "This is a law of rules and executive orders," he said referring to the Kenyon bill, "rather than a law of specific provisions. A change of executive means a change in the requirements of the law upon the citizen. Men cannot tell from day to day what is legal under it."

Opposes Paternalism. "There are no conditions within my knowledge which make it seem necessary for the federal government to interfere in the production and distribution of meat," said Gates. "Legislation of this kind should be a serious attempt to solve definite problems by definite means."

Denies Alleged Agreement. "I deny it," he said, "that comes about because my clients there are of equal capacity. If Cudahy were in one day and logs the market he knows that the next day we'll make

him pay for his staff, so we run along that way.

Chattanooga Grouse inserted into the record a telegram from W. W. Blayney of Denver, denying that the Cudahy company owned the packing house of which he is manager. The charge was made by letter to the committee this week in connection with Mr. Blayney's recent testimony before the committee as an independent packer.

WOULD DESTROY INDUSTRY. Legislation Sept. 3.—Representatives concerning the pending Kenyon and Kenrick bills for licensing of the packers, and opposing the publication of the character of the charges against business concerns under the charges have been previously adopted today by several important organizations and forwarded to congressmen and government officials at Washington.

"Regulatory or restrictive legislation of the character proposed in the so-called Kenyon and Kenrick bills has no other effect than to throttle, if not eventually destroy the industry they are designed to correct," said the resolutions passed by the Association of Commerce of the National Industrial Club, the Illinois Manufacturers' association adopted similar principles.

The board of managers of the Union League Club stated that "it is an unfortunate tendency to legislate against business concerns which can have no other effect than to injure industry. Particularly do we protest against continual condemnation of great business enterprise in the public press before the actual facts are known."

PRESIDENT CONFIDENT OF RATIFICATION

Continued From Page One. event in every address of the day. Senator Hitchcock said he had promised to analyze the treaty in detail and emphasize that delay in its ratification was holding up return to the country of normal conditions and also was blocking many reconstruction projects. He pointed out that the treaty was holding up return to the country of normal conditions and also was blocking many reconstruction projects.

Will Not Follow Wilson. Senator Hitchcock said he told the president that the plan of ratification to follow the executive on his trip and reply to his speeches had been abandoned because, Senator Hitchcock said he understood "immediate ratification in the republican party had killed the plan."

G. O. P. Makes Promise. The president's treaty announcement on his trip are expected to be followed by prompt replies from republicans in the senate. The final step of committee action—consideration of a resolution of ratification with reservations—is planned for Friday and submission of the treaty for open senate debate is to follow as soon as possible.

Denies Alleged Agreement. "I deny it," he said, "that comes about because my clients there are of equal capacity. If Cudahy were in one day and logs the market he knows that the next day we'll make

that by congress as required by the constitution. The three reservations on which the radical and moderate republican groups are said now to have reached an agreement are said to propose to declare that the United States shall be the sole interpreter of the Monroe doctrine, shall decide all domestic policies such as tariff and immigration without intervention by the judge and shall establish without judgment of the league all national obligations have been fulfilled, should be obliged to withdraw from the league upon notice.

MUST PUT FEAR IN HEARTS OF TROOPS

Resolution That Foul Haint will Follow A. W. O. L. Before Battle Makes Men Fight

By the Associated Press. WASHINGTON, Sept. 3.—Military authorities today have the power of bringing summary justice to men who show a tendency to quit their commands on the eve of battle. Major General John F. O'Bryan, commanding the New York national guard, declared today before a senate military sub-committee considering the Chamberlain bill, proposing a general revision of the system of military justice.

General O'Bryan was a member of the board headed by Major General Kermon of the regular service which had submitted a report endorsed by the war department proposing modifications of the articles of war and the court-martial system, but disapproving the radical changes outlined in the Chamberlain bill.

Speaking of his experience in command of the Twenty-Seventh division in France the officer said the greatest men who shirked battle by being absent without leave without any intention of deserting. Many of the severe sentences imposed, he said, were due to the fight against that element of the force.

The great fear, General O'Bryan thought, had been laid on military legal procedure by persons far from the actual battle front. When the troops had felt appalled at the task of training and maintaining order among such numbers of utterly undisciplined men, general sentences were dealt out to offenders, he said, for the purpose of "terrorizing" the mass and he added that this question of disciplining the mass was the real object of the whole army legal system.

VALUABLE TIMBER LAND BEHIND IN COAST FIRE. By the Associated Press. POINT TOWNSEND, Wash., Sept. 3.—Fire workers today succeeded in putting out the fire on the north bank of the Duclachan river, near Brim, Wash., has been laid to waste by a forest fire which is still burning, according to reports brought here tonight. It also was reported the fire had crossed the river, and was making toward the national reserve. Several hundred men are fighting the flames. Sixty men, surrounded by the fire last night, escaped today, many having their hands burned, feet and clothing scorched. Homes of several farmers were reported destroyed.

EQUITY AWAITS WORD OF MEETING OF THE MANAGERS. By the Associated Press. NEW YORK, Sept. 3.—Striking actors of the Actors' Equity association and their rival in the Actors' Fund, Equity League tonight were anxiously waiting for word of a meeting of the managers of the Actors' Protective association, which, it was reported, would have an important bearing on the future of the strike. It was the first meeting of the managers since the strike began which has been attended by all the city's old members.

The Equity association, however, was not so overcome with interest in the meeting that its officials neglected to make an announcement regarding their national production plan, by which it is proposed to open theaters from coast to coast under management of the Equity.

By the Associated Press. DUBLIN, Sept. 3.—Ireland's abnormal prosperity is reflected in the half-yearly reports of the Irish banks. MORE PROTEST KENYON BILL AS UNNEEDED

Largest Independent Packing Concerns Against Regulation of Industry.

PATERNALISM IS NOT NEEDED IN PEACE TIME

Denver Man Denies That Cudahy Owns House which He Runs in Colorado City.

By the Associated Press. WASHINGTON, Sept. 3.—Representatives of the largest independent packing concerns in the United States outside of the "big five," a scattering of stock raisers and meat dealers, and a representative of the Chicago board of trade were among opponents of the Kenyon and Kenrick bills for the regulation of the packing industry heard today by the senate agricultural committee.

Senator Kenyon, republican, Iowa, cross-examined W. D. Reynolds and E. H. Hall, two Fort Worth, Texas, ranchmen, bringing out testimony that they had been paid expenses by the packers after appearing before congressional committees on a previous occasion, but both men insisted they did "not" expect reimbursement for this trip.

Opposes Paternalism. "There are no conditions within my knowledge which make it seem necessary for the federal government to interfere in the production and distribution of meat," said Gates. "Legislation of this kind should be a serious attempt to solve definite problems by definite means."

Denies Alleged Agreement. "I deny it," he said, "that comes about because my clients there are of equal capacity. If Cudahy were in one day and logs the market he knows that the next day we'll make
