

## BIGGER LOSS IN STORM IS DEVELOPING

### Death List Mounding by Leaps While Property Damage Over \$10,000,000.

## BODIES BLACKENED WITH OIL ARE FOUND

### Many Pitiful Scenes Enacted At Sinton Where Relatives Are Seeking Lost Ones.

By the Associated Press. CORPUS CHRISTI, Tex., Sept. 16.—Forty-seven victims of the tropical hurricane which swept Corpus Christi and the section early Sunday morning had been brought to the temporary morgue in the county court house tonight. In addition to the deaths in this city, 65 were reported dead in the vicinity of Portland, across Nueces bay from Corpus Christi.

With the death list mounting by leaps and the property loss now placed in the neighborhood of \$10,000,000 dollars the people of Corpus Christi tonight, 35 hours after the passing of the storm, seemingly were just coming to a full realization of the catastrophe through which they passed. Every industry in the city is prostrated, business at a complete standstill, communication of all kinds down and the food and housing problems acute.

Messia to Health. With the sanitary situation in the city already acute as the result of the mass of debris and silt covered the wrecked area, a menace to health appeared today when the bodies of several hundred cattle drowned when the water swept Mustang Island west of Corpus Christi bay, began floating into the city. The task of removing and disposing of these bodies will tax the resources already stretched almost to the breaking point.

Reports received today indicate the tidal wave which accompanied the storm-swept island at least eight miles from the head of Nueces bay.

Many of those reported missing have been found although the list is still large.

The army relief train from San Antonio reached here at 9 o'clock tonight. It carried supplies to 10,000, 5,000 cots, 5,000 blankets and a large number of tents. Forty enlisted men and three army physicians with a full complement of quartermaster's experts were brought along to take up relief work and operate the food distribution depot which will be opened Wednesday.

More than 20 men at the soldiers' rest camp, maintained by the government at North Beach as a recreation spot over the week-end for troops in border service, were swept into the bay when the Sunday was wrecked by the hurricane. They were learned tonight.

## BODIES ARE WASHED ASHORE

DALLAS, Tex., Sept. 16.—A staff correspondent of the Dallas News sends the following dispatch tonight under date of Sinton, Tex.: "Seventy-seven bodies, black with oil which could not be distinguished, bruised, broken and torn, where they had been pumiled against rocks and floating wreckage, were washed ashore on the north side of Nueces bay today.

"Of the 77 bodies recovered from this side of the coast county today 35 were taken from West Portland, 25 from White Point, nine from Sinton and many from Odessa.

"Many pitiful scenes are being enacted in Sinton. Relatives weeping, hunt the improvised morgues by the sea for dear faces; friends frantically search for friends. Many bodies, many to be white, many black, many negro—there is no way to tell—will be buried without identification."

## SIX DEATHS AT ARABAS.

BROOKSVILLE, Tex., Sept. 16.—There were only six deaths at Fort Arbans today Sunday's storm, according to a wireless report given out at Fort Brown here tonight and which had been picked up from a steamer in the Gulf.

## BIFF! BANG!

## CAPITAL READY FOR SPECTACLE

By the Associated Press. WASHINGTON, Sept. 16.—Washington is in full holiday dress tonight, waiting the culminating military spectacle of the great war tomorrow when General J. Pershing leads the First division up Pennsylvania avenue in the national victory parade. Approximately 25,000 veterans will follow their chief in this last appearance of the American Expeditionary force, soon to go out of existence completely. They will be officially reviewed by Vice President Marshall in the absence of President Wilson and unofficially by nearly half a million citizens of Washington and surrounding towns. The military proceeding itself, General Pershing is unable to make at this time his planned visit to his boyhood home in Missouri and has declined all of the invitations which have been tendered him.

## SAVS SOCIALISM BANKRUPTS SELF

Hoover, Declares American Must Not Endeavor to Experiment in Social Disease. NEW YORK, Sept. 16.—Two "dominant" convictions in the mind of Herbert Hoover after his first "service abroad," are that socialism is "bankrupting itself" and that America must not abandon its moral leadership in restoring order in the world or permit itself to be used for "experiment in social diseases."

In an address at a dinner tonight of the American Institute of Mining and Metallurgical Engineers, at which he was the guest of honor, he declared that the philosophy of the Lenin and Trotsky was destroying itself "from a starting quarter in the extraordinary lowering of productivity of industrial commodities to a point below the necessity for continued existence of their willings of people."

Referring to the revolution in Russia, he said: "Although socialism has now proved itself with rivers of blood and suffering to be an economic and spiritual failure and to have wrecked itself on the rock of production, I believe it was necessary for the world to have had this demonstration. It is not necessary, however, that we of the United States, now that we have witnessed these results, need plunge our own population into these miseries and into a laboratory for experiment in foreign social diseases."

"The narrowness of business of American today in this business of finding a solution to these issues, but this solution must be found by Americans, in a practical American way, based on the American philosophy of life. A selfish American substitute is needed for these disintegrating theories of Europe. It must be founded on the national instincts and upon the normal development of our national philosophy."

## HYLAN WARNS NEW YORK POLICEMEN NOT TO STRIKE

NEW YORK, Sept. 16.—Mayor Hylan emphatically informed a committee of policemen who called upon him today to ask for pay increases that he would not tolerate a police strike in this city and a repetition of the trouble in Boston. He also asserted that strikers and troublemakers in the police department must be suppressed.

## OFFERS REWARD FOR THE RECOVERY OF MEN'S BODIES

By the Associated Press. SAN DIEGO, Calif., Sept. 16.—The war department has authorized the payment of a reward of \$1,000 for information leading to the discovery of the bodies of Lieutenant Frederick Waterhouse and Cecil H. Connally, taken by Colonel H. L. Watson, commander of Rockwell field, the United States army, who were killed in Lower California.

## MAXIMUM SUGAR PRICE IS SET AT 11 CENTS A POUND

By the Associated Press. SPOKANE, Wash., Sept. 16.—Establishment of a maximum retail price of 11 cents per pound on sugar and announcement of the discovery in the ownership of a local wholesale firm of 60,000 pounds of dry beans in a hidden pile at Rockwell field, the federal plates, disappeared August 21 in Lower California.

## DEMOCRATS IN SENATE FORCE WORK ON PACT

### Majority's Plans to Wait Until Next Week Blocked by Minority.

## CROWDS CHEER LODGE; CALLED DOWN BY CHAIR

### Johnson Amendment Reached But Vote on It Is Delayed at the Republicans' Request.

By the Associated Press. WASHINGTON, Sept. 16.—Formal reading of the German peace treaty for amendment was begun today in the senate after a sharp parliamentary wrangle and demand by democrats for an avowed republican leader lodge that the pact be kept continually before the body.

It had not been the intention of opponents of the treaty to take it up this week, as was indicated by a motion of Senator Simon, republican, Utah, to consider other legislation after a four hour discussion. Senator Hitchcock, of Nebraska, leader of the administration forces, insisting the treaty was emergency business and pointing out that one-third of the senate had been read, drew fire from Senator Lodge by asking if in all good faith it was his purpose to expedite consideration.

Will Do It Own Way. "My good faith and what I intend to do is my business," Senator Lodge replied with feeling and the crowd in the senate chamber exploded with the first real fight over the treaty. Senator Hitchcock thereupon again asked Senator Lodge if he intended to carry out his promise and keep the treaty before the senate.

"I will do it in my own way without advice from the senate from Nebraska," Senator Lodge declared.

The answer was hurled by the senator with so much emphasis and feeling that the galleries broke into applause and the senate chamber was the product of the crowds coming out daily to hear it.

President Pro-Tempore Cummins declared that while visitors had been permitted at the end of an address, in violation of the standing rules of the senate, which prohibited the presence of show partisan feeling by noisy demonstrations, Senator Hitchcock said the galleries generally were not aware of the rule until it had been broken, and Senator Williams, democrat, Massachusetts, insisted the rule ought to be abolished so that visitors could give expression to their feelings.

## Claim No Quorum.

The democrats' boost for the eyes and nays on the Smead motion to take up other business and this was met from the republican side by the claim that there was no quorum. Before the count was announced Senator Smead withdrew his motion, and reading of the treaty was begun.

The reading clerk started through the preamble, with its list of all the signatures, difficult to pronounce. The clerk had read through article 3 of the league covenant when he reached the amendment by Senator Johnson, republican, California, to equalize the vote of Great Britain and the United States.

Senator Lodge, who as chairman of the foreign relations committee, is in charge of the treaty, asked that the amendment be passed over as senators who desired to be heard on it were absent.

Will Do No Discussion. Senator Hitchcock and Senator Lodge then engaged in another colloquy, the latter protesting that he would not attempt by artificial means to delay consideration, but that there would be "due consideration" so every body could be heard. There was objection in the end and the amendment was temporarily passed over.

## CARDINAL MERCIER AGAIN THANKS U. S.

### Praises Nation's Honesty — Declares America Final Factor in Victory.

By the Associated Press. BALTIMORE, Sept. 16.—In an address to an assemblage which packed the Lyric theater tonight, Cardinal Mercier, primate of Belgium, thanked America for its great support of his country in time of trial and appealed for the continuance of this help. It was Cardinal Mercier's first formal address in this country. He came here, he said, first, to express his admiration for America; second, to express his gratitude; and third, to express the "need of American help for the social reconstruction of Belgium."

America is honest, he declared. "America," said the Belgian prelate, "has the strongest financial or political interest in the war; rather was she bound by her traditional policy to keep herself aloof from every European conflict; America had in her bosom a proportion of citizens of German origin, and appeared to a foreign observer, rather, as a cosmopolitan agglomeration of one homogeneous unit; but this wonderful country allowed herself to be animated by one soul, permeating all the parts of her immense organism, and giving all the individuals the same high ideal, the strongest bond of social unity and above all, honesty."

"America saw Belgium struggling and suffering for honor; America could not help extending, loving, aiding Belgium in the extreme loved and admired Belgium not in words but in deeds.

"Our brotherhood in the worship of the same ideal brought our nations nearer to each other and my desire to clear your mind over this common cause of eternal justice is the first reason for my coming here."

## America's Final Factor.

"As Belgium was in '14, the provisional instrument to bar the way to the invaders, in order to allow France and England to concentrate their forces against the German coalition, so was America in '17 the master providential factor in our final victory.

## FIND GIRL'S BODY MAY BE FROM HERE

At a late hour last night Sheriff A. N. Sprague received a telephone message from Salt Lake City stating that the body of a girl about 16 years of age was found on the Lincoln highway near Provo. Several identification marks were found on the girl indicating that she was from Twin Falls, but Sheriff Sprague knows of no one missing from Twin Falls. Owing to the weather conditions affecting the wires an accurate description was not obtained, but the sheriff will make a diligent effort today to ascertain whether the dead girl is from this community.

## BULLITT'S STATEMENTS ARE CONDEMNED BY GEORGE

By the Associated Press. LONDON, Sept. 16.—The Press association has issued the following apparently authorized statement from Downing street, where Premier Lloyd George returned tonight: "William C. Bullitt's statements appear to be a garbled account of a private conversation with Mr. Lloyd George at a breakfast, after Mr. Bullitt's return from Russia, together with a mixture of conversations with other people.

"In the opinion of the premier the suggestion of the statements are so ridiculous as to carry their own refutation on the face of them, as, for example, the suggestion of an intention to send Lord Lansdowne to Russia as ambassador.

## EXPECTS GERMANS TO ACCEDE TO DEMANDS OF THE ALLIES

By the Associated Press. BERLIN, Sept. 16.—The Zoffingen Am Mittag says it is confidently expected that the German government will accede to the demands of the permanent council in Paris that Germany shall submit a written agreement of protocol that article 14 of the German constitution relating to a union between Germany and German Austria is not to be considered as transcending the section of the peace treaty containing such a union.

## SEAMEN FACE MUTINY CHARGE.

By the Associated Press. WASHINGTON, Sept. 16.—Eighteen seamen have been arrested on the United States steamer "Kamohi," charged with mutiny of the high seas, and a dispatch from Bermuda to the state department.

## LEGION MEASURE IS SIGNED BY WILSON

### Soldier Organization Incorporated—President Meets California Crowds.

By the Associated Press. ON BOARD PRESIDENT WILSON'S SPECIAL TRAIN, HORN BROOK, Cal., Sept. 16.—President Wilson today signed an act of congress incorporating the American Legion, an organization of veterans of the war with the central emblem of the American Legion, the first California crowd at Hornbrook when the train was met by a crowd of town folks and many school children. He stood on the rear platform for several minutes, shaking hands. The crowd cheered him.

## Oregon for the Legion.

Oregon is for the legion of nations, President Wilson was told by Mayor C. D. Lambkin of Ashland, the last town in the state the president's train stopped before crossing the boundary into California.

"There is no participation in it either," the mayor added. "I am glad to hear that." President Wilson replied. "There ought not to be."

Many children were on hands to welcome the president and Mrs. Wilson, including a pair of three-month-old twins. Mrs. Wilson and the president took great interest in the twins and when the parents started to leave the car Mrs. Wilson called out: "Don't take the infants away from me."

An elderly woman told the president the northwest was greatly interested in the legion of nations.

"Every mother in is favor of the legion covenant," the president said. "Yes we are," the woman replied. "I wish you could vote on the question forty times for it!"

## Stops at Shasta.

Late in the afternoon the president's train stopped at Shasta Springs at the foot of Mount Shasta and Mr. and Mrs. Wilson took a short stroll. The place was almost deserted except for members of the presidential party and the president and his wife were allowed to go for their walk without the usual guard of secret service men. Before the train started the president and Mrs. Wilson went to see Robert T. Small, correspondent of the Philadelphia Public Ledger, confined to his waterpump on the train by influenza. He received in yesterday's automobile accident at Portland. They expressed a hope for his quick recovery and Dr. Grayson, the president's physician, assured them Small would be all right in a few days.

### MAKE PUBLIC THE COUNTY'S LEVIES

Larger Amount of Revenue to be Received by All Governmental Departments.

Deputy County Auditor Frank Lynch yesterday completed the compilation of the various levies to be made against Twin Falls county property this year. Practically every levy has been raised. That of the state of Idaho is practically tripled, while the levy for Twin Falls is nearly double that of the year ago. What the levy for Twin Falls county is the same as last year there is practically no road levy this being absorbed by the Twin Falls and other highway districts.

With an increased valuation in both town property and agricultural lands over last year a much larger amount of revenue will be received by all departments of state, county, school and city governments.

Following are all levies to be made in the county: State, 6 mills; county, 15 mills; Twin Falls highway, 2.25 mills; Buhl highway, 2.5 mills; Filer highway, 6 mills; Laramie high, school, 16 mills; Independent school district, No. 1, 16 mills; No. 2, 19 mills; No. 3, 18 mills; No. 4, 4-1/2 mills; No. 5, 10 mills; No. 6, 17; No. 7, 14; No. 8, 15; Twin Falls City, 27-1/2 mills; Buhl, 29 mills; Filer, 23 1/2 mills; Kimberly, 15 mills; Hollister, 10 mills; Haansen, 16 mills. In addition to these levies have been made for all common school districts. District No. 5 at Hook Creek has the lowest of these, while the highest levies are 12 mills in District No. 43 near Filer and in District No. 52 near Buhl.

In addition to the regular levies are several special assessments for improvement districts. In Twin Falls there will be special assessments for sprinkling, sewer district No. 26, sewer district No. 31, sidewalk district No. 32, sidewalk district No. 36, paving districts No. 29, 24, 25 and 37.

In Buhl special assessments will be made for sprinkling and two sewer districts while special assessments have been levied in Kimberly for sprinkling and sidewalk.

### FUNERAL SERVICE TO BE HELD FOR BUTLER TODAY

The funeral services of Earl H. Butler, who died last Saturday at the Boyd hospital, will be held today at the Christian church at 2:30 o'clock. Butler had been in failing health ever since last winter when he had a severe

attack of flu with complications. He was 51 years of age and has been a resident of Twin Falls county for 12 years, being on a farm five miles south of Hilsen. He leaves a wife, and one son, Raymond, and three daughters, Vera, Ruby and Opal.

### BANKS ARE ASKED FOR STATEMENT OF CONDITION

The federal bank commissioner has sent out a call to all the local national banking officials for a statement of condition. Statements are to be made up to and including September 12. Along with the call is a questionnaire which if completed by the bankers will mean a complete check on the operation and financial condition of the banks. The state bank commissioner at Boise has sent similar calls to all the state banks. The statements must be completed and returned without delay.

### CONTRACTORS TO BE HALTED BEFORE CITY POLICE JUDGE

Complaints have been filed with Police Judge W. A. Minnick against A. B. Widner and J. C. ### PUBLISH AMERICAN NOTES IN MEXICO

Will Probably Become Part of the Records of Senate Committee Today.

By the Associated Press. WASHINGTON, Sept. 16.—Practically the entire file of correspondence between the Mexican and American governments, it is expected, will become a part of the records of the senate foreign relations sub-committee investigating the Mexican situation.

Chairman Fall of the sub-committee, disclosed today in the course of his examination of Frederick Watrous, an attorney representing oil and land interests in Mexico that the committee had asked the state department to produce protests made by the United States to Mexico's answers and such other correspondence and documents as might serve to clarify the situation. Senator Fall added that he knew of no reason why the department would withhold any information at its disposal. But that a part of it, especially that relating to certain claims, might be held in executive session.

The committee suspended its work today until Thursday on account of the first division parade tomorrow. Witnesses heard today that Charles H. Boynton, executive director of the Society for the Protection of American Rights in Mexico, Georgia, Edmunds, a newspaper man once connected with Carranza's publicity organization, and Mr. Watrous. Mr. Boynton denied his organization was engaged in efforts to bring about intervention in Mexico and Mr. Watrous defended the Association of Oil Producers, limiting that it was attempting only to gain for the owners of oil lands in Mexico the right to which their titles entitled them.

### TO OFFER LANDS GARRY HERMAN'S CHAMPIONSHIP

By the Associated Press. CHICAGO, Sept. 16.—Federal Judge Kewanee Mountain Lands of Chicago will be offered the position as chairman of the national baseball commission to succeed August Stern-

man, at a special meeting here tomorrow of representatives of the National and American leagues. It was said tonight by a member of the committee which will make the nomination, Mr. Herrmann's term of office ex-

pires in January.

It was declared that no other name would be proposed. Ever since the suggestion was made to have the chairman of the commission, a non-

owner, the name of the judge has been frequently mentioned for the position, because of his reputation for fairness and his deep interest in the national pastime. It was not known whether the jurist would accept the position.

WEDNESDAY HOLIDAY IN CAPITAL FOR PERSHING

By the Associated Press. PORTLAND, Ore., Sept. 15.—President Wilson today signed here the senate joint resolution declaring next Wednesday a holiday in the District of Columbia in honor of the return of General Pershing.

DECLINING BIRTH RATE IS WORRYING FRANCE

PARIS, Sept. 15.—France's declining birthrate has lately been a source of much concern but a distinct improvement has been noticed during the present month.

birth in 1918 was shown in official figures for the district of the Seine which includes the city of Paris, which showed that there are only 1,430 births registered in this district in 1918 as compared to the 707,599 in 1911.

The infantile death rate given by statisticians is 40 per cent of compared to ten per cent before the war. This has been attributed to the scarcity of wet nurses and to an unusually short shortage of milk for bottle-fed babies.

However, all the maternity hospitals in Paris reported increased births this far for the present month. In one hospital the number has doubled those of last year and it is declared that babies are remarkable for size, weight and general health.

COAL MINERS TOWN DOWN PLAN FOR MOONEY STRIKE

By the Associated Press. CLEVELAND, O., Sept. 15.—The suggested national political strike October 8, which western labor men yesterday held before President Wilson as a possibility in case Thomas F. Mooney is not released, the political background of the Illinois miners' strike now in progress and a demand of the radical element for a withdrawal of

the miners from the American Federation of Labor, but fail to occupy the attention of the United Mine Workers of America almost all this week.

SUPPORT UNION HEADS UPHOLD BY CONVENTION

By the Associated Press. CLEVELAND, O., Sept. 16.—The convention of the United Mine Workers of America today disposed of the Illinois strike problem, refusing seats to the contesting delegates and thereby sustaining the action of international and state mine officials in their charter for indulging in unauthorized strikes.

John Fitzpatrick, chairman of the national committee for organizing the iron and steel workers, and "Mother" Jones, the aged mine worker representative, appealed to the convention to support the steel workers in the projected lock strike. Head of the strike call, "Mother" Jones declared, would wreck the confidence of the steel workers in their organization.

Mr. Fitzpatrick refrained from mentioning directly the question of a new organization in the case of the but-in-conventions with delegates who declared himself firmly opposed to postponement as "weakening the chances of success."

SAYS \$10,000,000 A DAY LOST BY MANY STRIKES

NEW YORK, Sept. 15.—Ten million dollars a day has been the cost to the United States of strikes and threatened strikes in the last eight months, asserts Stephen C. Mason, president of the National Association of Manufacturers, in making public today an industrial peace plan.

He proposes that an armistice agreement shall remain in effect until such time as President Wilson shall declare the period of readjustment in industrial relations passed. The plan is designated for possible adoption at the industrial conference in Washington called by the president for October 6th.

"The first game I ever enacted is mentioned in Deuteronomy, 5: 22: 'If a thorn not chance to be before thee in any way or in any tree, and the dam sitting upon the young or upon the eggs thou shalt not take them from the young, but shalt let the dam go free and take the young.'"

OPPOSE PLANS TO CALL OF STRIKE

Important Meeting of 24 Union Heads to Gather in Pittsburgh for Consideration Today.

PITTSBURGH, Sept. 16.—Supporters of the plan to postpone the steel workers' strike called for next Monday will oppose the industrial conference to be held at Washington, October 6, will encounter firm opposition when the subject is brought before the national committee for organizing iron and steel workers, at its meeting here tomorrow, according to some union leaders.

The meeting, which will be attended by representatives of 24 labor unions interested in the iron and steel industry, was called primarily to make final plans for initiating the strike in all parts of the country not working under union agreements. But since the call was issued a movement has been started to have the strike deferred.

The Amalgamated Association of Iron, Steel and Tin workers, one of the largest organizations among the affiliated unions, will enter the meeting supporting the strike. The executive board of the Amalgamated association met today and it was decided that the settlement of the meeting was that now is the time to strike.

Year was expressed by some union men that if the strike is postponed the leaders could not prevent a walkout. Union members of the Amalgamated association said that certain steel companies are discharging men for union activity and that they did not feel they could support a postponement while this alleged discrimination is going on.

On the other hand, there are elements in the committee that considered it a matter of wisdom to follow the wishes of President Wilson.

Samuel Gompers, president of the American Federation of Labor, who is a member of the national committee, will not attend the Wednesday meeting, but will be represented. Mr. Gompers is reported as favoring postponing the strike if it will not bring injury to the workers.

WILSON REFUSES TO MEET ANY MORE LABOR LEADERS

PORTLAND, Ore., Sept. 15.—No more labor committee will be granted interviews with President Wilson on the subject of the strike. This was made known today following his refusal to meet a committee named by the Portland labor council to ask questions regarding policy of the United States in Russia.

Since the president met a delegation of labor men in Seattle recently requests for similar conferences have come from many of the points in the visit.

## THE "REBELS' UNION."

One of the most recent interesting developments in Mexico is the organization of a sort of a union by the various rebel chiefs and a joint demand on the United States for official recognition.

The demand is not really so rash as it might seem at first thought. There are half a dozen of these chieftains who have held out successfully against the "federal government," and who together control territory which in extent, and possibly in population and wealth, is about equal to that held by Carranza. They seem, too, to exercise pretty nearly as effective control over their half as Carranza does over his, though unlike him, they do not go through the motion of formal government.

It is hardly necessary to say that there is mighty little prospect of their being recognized as they desire. Recognition of their group would surely result in a new struggle among them for the mastery, and probably throw into chaos the rather large section including Mexico City which has really evolved some sort of orderly administration.

If there is any hope of Mexico working out her own salvation in the near future; it seems to lie rather in the approaching national elections. Carranza has given his oath that he will not be a candidate and will under no condition remain in office later than the end of 1920. He has been the great stumbling block to the restoration of internal orders and better international relations.

It may be that a successor will arise able to subdue or conciliate the rebels and willing to deal honorably and reasonably with the United States and other nations. If not—General Pershing may have to go to Mexico again. And if he does, he may be depended on to finish the job.

The National Association of Retail Clothiers, after taking counsel for a week as to ways and means of reducing the price of clothing, announced that clothing is going to be higher next spring. Which was to be expected, of course; but why take a week for it?

The Ten Biggest American Cities are quarreling about their population again. The salient fact, to outsiders, is that every one of them is overgrown, disorganized and nearly bankrupt, and pitifully incapable of taking care of the population it brags about.

After all, there is a certain fitness in the fact that the "stick" put into otherwise harmless drinks by experimental topplers so often consists of wood alcohol. And it certainly knocks its victims out.

After reading a few hundred columns of these league of nation speeches, pro and con, a helpless citizen is prone to agree with the oriental sage that "truth is hidden at the bottom of a well."

Horoscope for today: This is a rarely fortunate day—for everybody who keeps calm, minds his own business, hangs onto his money and does a full day's work.

## OLD POST ROAD MADE NEW.

Automobile truck and tourist traffic is stimulating the improvement of many of the old pike and post roads which had been abandoned or fallen into disrepair as the railroads developed their keen competition with the stage-coach. One of the most interesting improvements of this kind is the proposed completion of the old National Pike, a highway laid out in 1820, and planned to extend from the Potomac to the Mississippi.

Part of the road is already in good condition, but west of the Indiana line it deteriorates into stretches of badly worn macadam or dirt which are impassable for a great portion of the year.

The completion of this road under the federal road act is interesting both from the point of its history and because when completed it will hold the record for length and costliness for some time to come. The pavement is to be monolithic brick and concrete, and is to cost an average sum of \$30,000 per mile.

Records have been kept in various localities of the amount of traffic over this old highway in its present condition, and it is found to be approximately 700 motor and 50 horse-drawn vehicles per day, ordinarily, with about 20 motor trucks and 200 passenger automobiles besides, during the summer months.

There can be little doubt of the wisdom of improving such a main traveled road as this. Further investigation will disclose hundreds of such post roads laid out by our forefathers, the importance of which to moderns traffic is an eloquent testimonial to the engineering foresight of those old road-builders.

## THRIFT LESSONS CONTINUE.

The interest in thrift and the purchase of the little thrift stamp which is such a handy investment for small savings is not to be allowed to perish from the life of the school child just because the war is over. Regular lessons in thrift, in economical buying and systematic buying, are a part now of most school courses.

Instances showing the waste of national resources, of oil, gas, lumber and coal, so appalling to the mind of the mature thinker, are to be used as examples in the education of the children now in school. The coming generations of Americans are not to be noted the world around for reckless extravagance as have their forebears.

There is no danger that they will swing to the opposite extreme of miserliness, for spending is the thing they are to be taught—spending which covers all necessary and legitimate pleasures, and also provides for the little corner of the future which belongs only to the man who has put aside a part of his income regularly for that purpose.

As a nation, Americans are far behind in the practice of true economy. The thrift lessons, the saving to buy the stamps which represent thrift, are among the best things the modern child will learn.

The crown-princess of Germany, after applying for a divorce, is visiting the crown prince. Probably, to see if he is as bad as she thought, or only worse.

Anyway, there is one mitigating circumstance in this cost o' living business. There hasn't been any appeal yet to do your Christmas shopping early.

Laugh and grow fat has been demonstrated as a scientific truth. Now all that remains is to find something to laugh about.

An airplane has been used as a hearse in Toronto, serving for the first time in just this connection as a funeral adjunct.

Don't listen to what they call the other fellow; listen to what they say about the treaty. That is the real issue.

The message from Port Aransas, Aransas Pass and Rockport were completely destroyed and that the loss would run into millions. No further details were given.

### SCHOONER IS LOST.

GALVESTON, Tex., Sept. 18.—Loss at sea of the Gulf Fisheries schooner Cape Horn off Point Isabel was reported to coast guard headquarters here today. None of the crew was lost. The crew was taken off the Cape Horn by the coast guard crew after she had been damaged and sprung a leak.

### NO LOSS OF LIFE.

PORT LAYACA, Tex., Sept. 16.—There was no loss of life at Seadrift, Port O'Connor and Port Lavaca in Sunday's tropical hurricane. Port O'Connor and Seadrift were considerably wrecked. The probable damage at Port Lavaca will not exceed \$100,000, principally to shipping and the bay front. Telegraphic communication was re-established here today.

### LOUIS MAYORS GILDED

#### BARGE SOLD LONG AGO

LONDON, Sept. 16.—London's lord mayor has no official barge, despite the numerous river events in which he must take part. The lord mayor's barge built in 1816 at a cost of over £15,000 was sold 60 years ago. It was a gilded craft and 140 could sit aboard it. It brought one-eighth its cost.

### JOHNSON CONTINUES ATTACK ON WILSON

Declares President Would Change Form of Government of United States.

By the Associated Press.

STOUX FALLS, S. D., Sept. 16.—Speaking before a large audience here tonight Senator Hiram J. Johnson of California, charged that President Wilson seeks to establish substantially a new government for the United States by the provisions of the league of nations covenant.

Senator Johnson's stirring appeal for the radical amendment of the peace pact was enthusiastically received by the crowd.

floor of the hall and the crowd remained standing while the senator spoke.

Among those on the stage were: Mayor George W. Burnside, W. C. Cook, republican national committeeman for South Dakota, and Former Senator Robert J. G. Gamble.

The speaker was introduced by Charles M. Day.

Commenting up on the president's insistence that the treaty should be ratified immediately, Senator Johnson said:

"The only country that has so far ratified the treaty is England, France, most interested in it, Italy, tremendously interested in it, Japan, vastly interested, have not yet acted. All over the world, nations get enormous gain. The only country which takes burdens alone is our country.

"Since three of these nations have not ratified the treaty, why should we be haste to act?"

"In his White House conferences with the foreign relations committee, the president said, that, the treaty with Austria and Turkey contained provisions as important and perhaps more so than the German treaty."

"The senators asked for information on these treaties and the president flatly refused to give the senate or the American people any information on them. They contain commitments of tremendous magnitude. We ought to know all the commitments he has secretly put on us before we act on any."

### SAYS BOLSHEVİK MAY HIT STEEL

By the Associated Press.

NEW YORK, Sept. 16.—The finance committee of the United States Steel corporation met today. At the meeting Elbert H. Gary, chairman of the board of directors, was asked if the threatened strike had been discussed. He refused to answer directly, but remarked:

"The wave of Bolshevism may yet strike us."

### FRENCH NOTABLES ARE HELD IN WINE CRUIZES

PARIS, Sept. 16.—Wine frauds in France have netted operators about \$7,000,000, it is estimated. The frauds began with the sale of Spanish cargo of 400 barrels of wine wrecked off the Spanish coast and sold in Paris under altered labels, in spite of French prohibition of foreign wine imports.

### GRAIN BY BOAT AGAIN

MONTREAL, Sept. 16.—During the war grain was rushed by rail to the coast to make time, but with return of peace, lake boats are bringing millions of bushels to Montreal to be put into the ocean bottoms before navigation closes.

### ADM. JELICOFF TO BE GUEST OF HONNOLULU

HONNOLULU, Sept. 16.—Admiral Sir John Jellicoff will visit Honolulu October 12 to November 4 when the British battleship New Zealand which was in the battle of Jutland, carried

him on a cruise around the world. The British club and civic organizations are making great plans for entertainment of the admiral and the 900 officers and men with him.

### 'SIAMSE TWINS' IN HOLYOKE, MASS.

HOLYOKE, Mass., Sept. 14.—Mary and Mrs. John Gibbs, daughters of Mr. and Mrs. John Gibbs, daughters of Mr. and Mrs. John Gibbs, the Blamee twins with a strip of flesh. They are now seven years old, and are wheeled about in a large twin carriage. They never have been exhibited, nor have they been photographed.

### MUSKIEAT SKINS JUMP FROM 100 TO \$240

VANCOUVER, Sept. 16.—Muskieat skins which sold ten years ago for four to ten cents each, are now worth \$24.00 each. The price was set at an auction sale of 8,000 skins, sent down by a Yukon trapper, which netted the trapper \$19,200. New York, Chicago, London and other cities were represented among the bidders.

**CINCINNATI 4; NEW YORK 3.**  
**CINCINNATI, Sept. 16.**—By beating New York today before a crowd of 19,000 people the Cincinnati club clinched the pennant in the National League, the first which it has ever won in that organization. The Reds have seven more games to play and even if they should lose all of them while the Giants won all of the 11 games remaining on their schedule, the local club would finish in first place. The score today was 4 to 3. Hutcher pitched the full game for the Reds and was hit hard, being frequently saved by sensational support. Tony pitched well for New York after the first inning, but his support was faulty. He was taken out in the sixth and Neft finished the game without allowing a hit.

New York scored twice in the first inning on a pair to Burns and singles by Knuff and Blatz. In the first half of the game round the Reds scored three runs on Fletcher's wild throw on Rath's grounder and hits by Roush, Kopf and Neale. New York tied it in the fourth on successive hits by Burns, Knuff and Preich. The Reds won in the seventh when Schröder opened with a double over first base. Harden bunted a fly to ward first base which Kelly muffed and threw to third in an attempt to get Schröder but was too late. Tony was then relieved by Neft and Schröder scored the winning run on Brother's grounder to Doyle over which Harden was forced at second. It was announced by Chairman Hererman today that the National commission will meet here at 10

o'clock next Monday morning to complete the arrangements for the world's series.

## BOSTON 8-2; ST. LOUIS 4-3.

St. Louis, Sept. 16.—Extra base hitting featured today's double header between Boston and St. Louis which the two teams divided. Boston easily won the first, 8 to 4. The locals took the second game 3 to 2, a triple by McHenry, tying the score in the sixth and his second triple ended the game by Lavan, winning the game in the ninth.

## PITTSBURG 3; BROOKLYN 3.

**PITTSBURG, Sept. 16.**—Pittsburg defeated Brooklyn today four to 3 in 11 innings. Miller and Pfeffer were hit hard at times, but it was Schmandt's error that permitted the Pirates to tie the score in the sixth. In the 11th Bligoe, the first man up, beat out a fly that bounced off Pfeffer's hand and went to second on Carey's sacrifice. Southworth singled to right, sending Bligoe over the plate with the winning run.

## JAY JOHNSON WILL BE INVESTIGATED BY MEXICO.

**CHICAGO, Sept. 16.**—A complete investigation of the financial affairs of the American league was ordered today at an executive session of a majority of the board members. Charles A. Comiskey, president of the Chicago American league club was authorized to proceed with the inquiry. Dan H. Johnson, president of the league, was requested last month to furnish this information to the board but he has failed to do so.

The question of gambling at baseball parks also was considered and Mr. Johnson was bitterly assailed for his failure to give the board of directors information which he is said to have in his possession in regard to gambling at the games. The board declared that everything possible had been done by club owners to stamp out this evil, but criticized the league executive for his failure to cooperate.

## MCGREGOR THE GREAT WINS ANOTHER RICH PURSE

**By the Associated Press.**  
**COLEMBUS, O., Sept. 16.**—McGregor the Great, star trotter of the year, won another rich stake today when he had no difficulty in landing in straight heats the 2:04 trot, the M and M purse, \$4,000. He had to stop no faster than 2:03 3/4 to keep in front of Ramco, his nearest competitor.

Prince Lorce easily disposed of his field in the Capital City trot, the 2:06 class. Wilkes Brewer, the original

favorite, broke in the stretch the first two miles. In the third heat also made Prince Lorce trot in 2:05 3/4 to win.

Periscope, 2-year-old filly owned by J. H. Dodge, of New York City, won the 3-year-old trot, the Horse Review futurity purse \$4,000. When Brother Peter took advantage of her stretch to break the first heat and won, a long shot, went over. There was but one holder of a \$5 mutual ticket on him and he cashed to the extent of \$452. Time 2:07 1/4.

The 2:37 class pace was won by John Quick. Best time 2:33 1/4.

Byurus, Ohio, reported the first snowfall of the season on the afternoon of August 31.

 THE UNIVERSAL CAR

Probably there is no other car that every day in the year meets the demand of the Physician quite so satisfactorily as does the Ford Coupe, with its permanent top, its broad seat and deep upholstery, its sliding plate glass windows, by which in a minute the car is changed from a closed car to an open car. While in inclement weather it remains a closed car, dust-proof, water-proof, storm-proof. Equipped with electric starting and lighting system. Demountable rims with 3 1/2-inch tires all around, tire carrier, and embodying all the established merits and economies of the Ford car. Low in purchase price; low in cost of operation and maintenance; simple, yet sure in operation, and durable beyond any other make of car. Just as useful to the Traveling Salesman, Real Estate Man, Contractor, Builder, and a two-seated family car. Leave your order with any of the dealers listed below.

I SEE BY THE PAPER THAT YOUR FRIEND JOHN BLAKE IS BEING SUED FOR BREACH OF PROMISE BY SOME GIRL IN CHICAGO.

IF HE'S WISE HE'LL PAY IT.

IT SAYS HE OFFERED HER TWENTY FIVE THOUSAND DOLLARS TO SETTLE IT BUT SHE WASN'T SATISFIED.

OF COURSE NOT—SHE WANTS TO GET EVEN.

WELL, WOULDN'T YOU THINK \$25,000 CASH WOULD BE PUNISHMENT ENOUGH TO SATISFY A WOMAN FOR A BREACH OF PROMISE?

# BOSTON FIREMEN WILL NOT STRIKE

### Inform Mayor That They Will Not Follow Action of the Unions' Police Force.

By the Associated Press.

BOSTON, Sept. 16.—The outstanding question today in the situation resulting from the police strike was the declaration of the city's firemen that they would remain on duty. The supporting of the strike was the former police on the question of the vetoing of the latter continued methodically and there was doubt of the outcome. Officials realized the danger still confronting the city, but hailed with satisfaction the attitude of the fire fighters.

Yesterday upon learning of the action of the firemen's union Governor Coolidge addressed a letter to Fire Commissioner John H. Murphy, saying:

"It is with a great deal of satisfaction that I am informed that the men in your department have taken no part in the strike which I am sure they and an overwhelming preponderance of our citizens would take, in their decision to remain at their posts and perform their duty of providing for the public safety.

The action of your department will materially assist in giving the firemen the support of the public in

whatever response they make for increasing their welfare."

Guy Oyster, secretary to President Samuel Gompers, who conferred with officials of the firemen's union today, left for Washington tonight after expressing the opinion that a general strike here was not imminent.

Four thousand girls, members of the Telephone Operators' Union, were voting today and tonight upon the question of a sympathetic strike.

The Telephone Union, the Station and the Webb Pressmen's Union also were voting tonight.

The machinists union and the machine machinists will vote Thursday.

Brewery workers, bottlers, drivers, the bartenders and the United Hebrew Trades Union already have voted in favor of striking in support of the former police.

Bilgaard General Sweeten announced today that the old Massachusetts volunteer militia as a "reserve force of trained men would be immediately available in case the present emergency becomes more serious" and that recruitment had been successful so that he expected 11,000 men would be enrolled by next Saturday.

Meantime the recruiting of a new police force continues. Discharged men are accepted as present members of the force without examination.

A marked decrease in crime since the state guard took control was reported, but the number of arrests for drunkenness was said to have been greater.

The first of a number of claims against the city for damages resulting from the lawlessness in the early days of the strike was filed at the city hall today when a South Boston clothing company presented a bill for \$2,595.

## VERDICT AGAINST CITY AS RESULT OF MAIN BURST

A verdict was rendered in probate court by a jury yesterday in the sum of \$250 against the city of Twin Falls.
