

MEXICO MAINTAINS ITS POSITION REGARDING THE GUILT OF U. S. CONSUL

Answers United States in Po- lite Tones, Contending Case Requires Court Action.

HOPES JENKINS' RELEASE COMPOSES DIFFERENCE

Indicates That American Offi- cial Must Eventually Stand Trial for Charges Made At Puebla.

By the Associated Press. MEXICO CITY, Dec. 16.—The release of William O. Jenkins, American consul agent at Puebla, has removed all motives for misunderstanding between the Mexican and United States governments regarding the Jenkins case, according to the reply of the Mexican government to the second American note. The Mexican reply was handed to the American chargé d'affaires this evening.

Note Is Polite. The note declares the Jenkins case has taken on an altogether different aspect since the American agent's release. In polite terms it differs with the American objection to former legal technicalities, reaffirming that the Jenkins case is entirely a legal one. Moreover, the Mexican ambassador's statement in Jenkins' innocence of the charges against him is not enough to warrant setting aside Mexican law.

The last paragraph of the note which I am answering, says the Mexican reply, "and which is founded on the belief of the American government that the charge of false testimony of the American government against Jenkins is unfounded, nevertheless the belief of the American government in the innocence of Jenkins is not sufficient, according to Mexican law, to establish such innocence and avoid legal consequences; and the Mexican government cannot accept this point of view as a sound basis to remove foreign citizens from the jurisdiction of Mexican tribunals."

Must Usher Law. "The belief of the American government is founded on reports received about the case, reports which, aside from the cause which they have and which this ministry does not deem it convenient to discuss, lack the proofs of impartiality which are demanded by Mexican tribunals and consequently do not constitute plain proof according to the Mexican penal law. The Mexican government cannot admit that American citizens can be tried and convicted on simple reports from the state department nor on recommendations or suggestions from the United States instead of trying them by Mexican courts and according to Mexican law.

Jenkins having been granted freedom by the Puebla court, which case now is being considered by the highest court of the republic in order to determine which judge is competent to try him, the Mexican government takes the liberty to hope that this case shall no longer disturb the good relations which it sincerely hopes exist between American and Mexican peoples."

The communication is signed by Hilario Medina, who is in charge of the foreign relations department and is addressed to George T. Summerlin, in charge of the American embassy.

L. W. W. REST THEIR CASE; GIVE NO EVIDENCE

KANSAS CITY, Dec. 16.—Counsel for thirty-two members of the Industrial Workers of the World, on trial in federal court in Kansas City, Kan., charged with violation of the espionage act, suddenly rested their case late today without offering any testimony. The government had rested shortly before noon.

By agreement, arguments were then begun, each side being allotted four hours. Fred Robertson, United States district attorney for Kansas, opened for the government. Action of the defense, government attorneys said, was a great surprise to them as it had been expected that thirty or more witnesses would be called.

Before resting, Fred Moore of Seattle, chief counsel for the defense, filed a motion asking that 12 of the defendants be discharged on the ground that they had not been connected by the evidence with the alleged conspiracy. The motion was overruled by Judge Judge John C. Pollock.

PUBLICITY HANDICAPS DEPARTMENT OFFICIALS

By the Associated Press. WASHINGTON, Dec. 16.—Numerous conferences were held today by officials of the department of justice in an effort to develop if there really was anything—officially—in altered tenets of the supreme court decision. Official comment was refused, but it was made clear that the government regarded the premature publication of its investigations as having done considerable harm. It has been discovered to warrant the prosecution of any persons investigated, and it was said further inquiry into statements by individuals that they had advanced information of decisions by which they could make fortunes in the stock market, had been handicapped by the publicity.

SUPPORTER OF LEAGUE WINS OVER OPPONENT

By the Associated Press. CHARLOTTE, S. C., Dec. 16.—In a special session in which the league of nations was one of the leading issues, the vote of the ninth North Carolina congressional district today chose Clyde Hoey, democrat, and supporter of the league, over John M. Morehead, republican, an opponent of the league, to fill the vacancy caused by appointment of Representative E. Yates Webb to a federal judgeship. Practically complete returns indicated a victory for the democratic nominee of from 1,500 to 2,000.

INDUSTRIAL CONFEREES TAKE CHRISTMAS REST

By the Associated Press. WASHINGTON, Dec. 16.—The second national industrial conference, now in session, rested today, from December 15 to January 12 for the Christmas holidays. The entire conference, it was said, would not reassemble January 12, the work of the body having been arranged so that details may be worked out by committees, which will report later. The conference will issue a statement next week as to the progress made prior to the recess.

HUGO REFUSES TO TALK OF HIS KIDNAPPING

EAGLE PASS, Tex., Dec. 16.—Flatly refusing to answer the direct question as to the conditions of his release, and whether the money had been paid, Fred G. Hugo, the American ranchman abducted last week by Francisco Villa and held for \$10,000 ransom, said today he had no reason to complain and had outgrown hardships. He arrived in Eagle Pass last night and said today he would return in a few days to his home in Coahuila, of which he is manager.

INCREASE SUBSCRIPTION PRICE

Beginning January 1, the subscription price of The Twin Falls Chronicle, including the paper daily except on Sundays, will be \$7 per year. Until that date, subscriptions will be taken at the old rate, \$6 per year, \$3.75 for six months; \$1.75 for three months. The advance in rate is due to the unprecedented price publishers are compelled to pay for print paper. If you want The Chronicle at the old rate, send in your subscription now.

PREDICTION OF DISASTER PRONOUNCED ABSURD

By the Associated Press. WILLIAMS LAKE, Wis., Dec. 16.—Predictions of a crash of planets tomorrow which might put an end to the world were characterized as "absurd and most miserable nonsense," by Prof. E. B. Frost of the Williams lake observatory today. "There is absolutely no foundation," he said, "for any such tommyrot as a forecast that a world disaster is in prospect. The planets have been in the position they will assume tomorrow at least a thousand times during history and harm has never come to the world."

URGES CAUSE OF DISABLED SOLDIERS

Legion Heads Call Upon Congress to Act On Swept Bill. Immediately. By the Associated Press. WASHINGTON, Dec. 16.—The American Legion, through Franklin D'Olier, its grand commander, tonight called on congress for immediate enactment of legislation giving former servicemen the consideration they deserve at the hands of their government. Mr. D'Olier, in a formal statement, warned that no policy of false economy should be pursued now with respect to the disabled servicemen if serious difficulties are to be avoided later by the government.

Principles upon which the present government insurance laws were founded, were described by Mr. D'Olier as being "entirely sound" but the existing legislation "entirely inadequate." He added that as a result of informed conference today between members of congress and delegates to the convention, it was evident that congress is not yet alive to the necessity of the situation.

"It is plainly evident to the conference of American legion representatives," the legion's commander's statement said, "that if the disabled service men and their families and all ex-service persons in the United States are to receive just and liberal consideration at the hands of the government, which the people of this country intended they should receive, immediate action on the part of congress is absolutely necessary. Each state service man and his family, and the senators and congressmen from his state, specific legislation embodied in amendments to the Sweet and Watson bills, which, if enacted, will secure to the veterans of the great war adequate and liberal service from the federal government for vocational education and the public health service.

"It is of vital importance not only to ex-service persons, specially the disabled and their families, but also to the people of the country that this legislation be enacted without delay. Ex-service men and women are not satisfied with existing legislation and regulations affecting their welfare. Only through such measures as are now recommended by the American legion and approved by the responsible government officials of the business community, can the disabled men and women obtain adequate treatment and efficient services."

DEBATE ON RAILROAD BILL CONTINUES IN THE SENATE

WASHINGTON, Dec. 16.—The bill embodying permanent legislation to meet the situation with the return of the railroads to private control, continued today before the senate, but with senators still divided in all days as to the time President Wilson plans to turn back the roads. Director General Hines has sent to the senate new recommendations as to ending government operation, but he would not discuss them today and White House officials professed to have no information.

SAYS WILSON AGREEMENT TO RAISE WAGES

Operator Declares One Clause Indicates Doubling of 14 Per Cent Given Miners.

GARFIELD FIGURES ARE EXPLAINED BY EXPERT

Miners Taken Too Many Holidays Is Charge—One Works 187 Days, and Clears \$3,070

WASHINGTON, Dec. 16.—The senate coal investigation committee, resuming today its inquiry into the administration strike settlement agreement, was told by Tracy W. Guthrie, president of the Hillman Coal and Coke company, that one clause in the proposition advanced by President Wilson and accepted by the miners, would "bring about an increase in the miners' wages at least doubling the 14 per cent, which J. A. Garfield, resigned fuel administrator, thought justified.

While the senate committee was pursuing its inquiry, the railroad administration withdrew the last sentence of the restrictions on fuel resulting from the strike and began delivering coal to the original consignees instead of distributing it to points of greatest need. It rescinded the embargo on the movement of fuel out of the west, and the orders reducing the amount of coal permitted to go to ending-ovens.

At the White House today it was said that President Wilson would not appoint the commission provided in the strike settlement proposal until Attorney General Palmer returns from the west, late this week. Reptorial inquiry was requested with the calling of R. V. Norris, engineer for the fuel administration, who was conducted by Senator Frelinghuysen, republican New Jersey, chairman of the committee, and Senator Townsend, republican, Michigan, through a mass of statistics bearing on labor costs and prices of necessities.

"Secretary of Labor Wilson proposed that the miners be given an increase of 21.67 per cent," Mr. Norris explained, "because he based his calculations on the pay paid pick miners in 1917, when the coal mine wages were reinstated, the pick miners were getting the greatest amount, and the scales were balanced up by giving them a lesser increase than other classes of labor around the mines. This was necessary in order to induce men to do other work."

Dr. Garfield decided that a percentage of 20 per cent was not to serve as a basis for calculations, and took the average wage of all workers. After arriving at that, he found that an addition of 14 per cent to their earnings would compensate them for the cost of living since the last adjustment was made. Mr. Guthrie was called to present actual facts from payroll books. "About 20 per cent of miners are idle all the time, according to our experience with 23 mines," he told the committee. "That is, we have to have 120 names on the payroll in order to employ 100 men in the job as a constant factor. Miners like to celebrate a few American holidays and a lot of foreign ones. They had Mitchell day on April 3; in honor of the late John Mitchell. They have 'rabbit day' on November 10 when everybody adjourns to shoot a rabbit. I can't remember, he read the record of one mine who in 127 days of the present year, earned \$3,070, an average of \$18.50 per day. He paid \$72 rent for a 'company house' during the period, and his fuel bill was \$4. Other records furnished showed earnings during the first nine months of 1919 ranging from \$7.00 to \$2,000, for 100 men on machines miners."

TO DIVIDE SUGAR

BEOKAN, Wash., Dec. 16.—Three and a half million pounds of sugar belonging to the Utah-Idaho sugar company, seized December 6 under libel proceedings brought by the government, will be distributed in cities of Washington and Oregon.

HOUSE PASSES M'NARY SUGAR CONTROL MEASURE

By the Associated Press. WASHINGTON, Dec. 16.—The house today passed the senate bill continuing the sugar rationing board through 1920, amendments varying in force the war-time powers of the government for controlling prices and movements of sugar were approved, necessitating the expiring of the measure to conference committee of the two houses.

COAL RESTRICTIONS FOR NORTHWEST REMOVED TODAY

By the Associated Press. CHICAGO, Dec. 16.—All restrictions and regulations on the movement and delivery of coal and coke were today removed at 12:50 p. m. tomorrow in the northwestern railroad region. The announcement of R. H. Ashton, regional director, means a return to normal methods of shipping and delivering fuel in that region which includes Chicago.

PADEWSKI RESIGNED ACCOUNT OF DIFFICULTIES

LONDON, Dec. 16.—The resignation of Ignace Jan Paderewski as prime minister of Poland was the outcome of administrative difficulties. During his occupancy of the premiership, M. Paderewski is declared to have demonstrated more ability as a statesman and negotiator than as an administrator, this being especially apparent in his dealings with the supreme council in Paris.

HARDING WILL RUN FOR PRESIDENCY

Ohio Senator Agrees to Make Race—For Nominating by R'publ- ican Party. By the Associated Press. WASHINGTON, Dec. 16.—Senator Harding of Ohio, formerly announced tonight his candidacy for the republican presidential nomination in 1920. The announcement was made in a letter to Chase Hughes of Plain, Ohio, doctor and Johnson of the republican committee authorizing the use of the senator's name in the choosing of delegates to the national convention.

Senator Harding is the third republican senator to make known his presidential aspirations. Senators Pendergast and Johnson of the southwest already have formally announced their candidacy and a formal boon for Senator Sutherland of West Virginia, also has been inaugurated. In his letter Senator Harding said he had "no personal preference in the matter," but gladly would cooperate in "making effective the manifest wish of the republicans of the state."

He added, however, that he would announce no platform, as that was the duty of the national convention. The senator said he would not make a personal pre-convention campaign because it would necessitate neglect of his other duties. "A previous communication to our state organization and many letters to political friends, have expressed my real reluctance to permit the use of my name in this connection," the letter said, "and it was genuinely sincere and expressed both my personal and public preference. I do not forget, however, that my first obligation politically is to the republicans of my state, who have so generously honored me."

The senator added that he realized the wish of Ohio republicans to present a candidate, and that the "fortunes of politics" were his "incident of political fortune" had suggested the name. Formulation of the law, would be written at the proper time. "One thing that should be stated," he continued, "we are all agreed that a thing worth doing at all is worth doing with all one's might. I could not assent to an enterprise designed merely to control Ohio's representation in the national convention. This undertaking is not without encouragement beyond the borders of our state and we must play a worthy part, securing our fellow republicans of other states to follow the lead of Ohio, our belief that party success is of first importance when republican restoration is so vital to the nation."

"I venture to announce now no platform nor to emphasize any previous policy. Men in congress make records which speak for them. Moreover, I still believe in party responsibility, better than in party expediency. I believe the republicans of the nation should make platforms, that should cover the things that are expected of such platforms and that such declarations as 'unyielding' covements to the people."

PALMER MAPS OUT PROGRAM AGAINST H. C. L.

Would Make Fair Price Committees Part of Government Machinery.

BLAMES DISTURBANCES IN INDUSTRIAL FIELD

Production Must Be Accelerated—Predicts Real Relief—If His Plan Is Carried Out Thoroughly.

By the Associated Press. CHICAGO, Dec. 16.—Attorney General A. Mitchell Palmer today mapped out the program of the department of justice to bring down the cost of living at a meeting of 400 city officials, head of civic organizations and club women of Illinois, called by Governor P. G. Lewden.

"Judging the full power of his department in the prosecution of hoarders and profiteers, Mr. Palmer called for the assistance of every man and woman in the country for a national fight against high prices.

Urges Fair Price Bonds. Explaining the plan of action, whereby fair price committees in every community become agents of the federal government in enforcing its decrees, Mr. Palmer laid down a program of five courses of action, which, if carried out, would amount to a death blow to the high cost of living, they are:

- 1. Organization of fair price committees in every city and county, backed by mayors and prosecuting attorneys, with the committees supporting United States district attorneys.
- 2. Organization of women to refuse to buy anything but actual necessities until prices come down.
- 3. Holding of "conservation and economy meetings" in every community under the auspices of civic bodies.
- 4. Influence of mayors and prosecutors to be brought to bear on "warring elements" to prevent "industrial disturbances in industry."
- 5. Urgency to bring about an actual peace of at least six months duration.

Renovates Four-Minute Men. 6. Remobilization of the "four minute men" to deliver "work and save" addresses in theaters each night.

"I propose all objections and objections, I suppose to go through with this campaign," Mr. Palmer told the delegates. "If industrial conditions do not too bad during the next few months, we can bring real relief."

The wage earners were in the class of the rich, in that their income, as a rule, had kept pace with the rapidly mounting cost of living, Mr. Palmer added. The salaried worker was the man who had felt the brunt of higher costs, because he had been slow to obtain relief. Gives Cause of H. C. L. The chief cause of the high cost of living, he pointed out, were decreased production, incident to the war, inflated currency, due to government borrowings and heavy taxes, which he charged were passed on by business men to the ultimate consumer. "In every line of trade there are selfish and greedy men who have taken advantage of after-war conditions to add a bit to their prices and profit," Mr. Palmer said. "Such men are the profiteers, and I propose to devote all the power at my command to root them out and expose them to public scorn and, if necessary, to public prisons. The profiteer works than unpatriotic, he is criminal, and he has had his share of the blame for the high cost of living. He is the man who has added a bit to his prices and profit, and I propose to devote all the power at my command to root them out and expose them to public scorn and, if necessary, to public prisons. The profiteer works than unpatriotic, he is criminal, and he has had his share of the blame for the high cost of living. He is the man who has added a bit to his prices and profit, and I propose to devote all the power at my command to root them out and expose them to public scorn and, if necessary, to public prisons."

HIGH SCHOOL HAS 689 ON ITS ROLL

Washington Class Largest—Older Statistics On School Year Made Public.

There are 689 pupils attending the Twin Falls high school, according to a recent report of enrollment at the Twin Falls high school. Of this number 238 are boys and 451 girls. The freshman class is the largest and has 261 pupils to its credit divided between 126 boys and 136 girls. There are two boys and two girls unknown post graduate work.

The total days absence during the first period of this year's work shows 451 and for the second period 484. There were 158 cases of tardiness during the first period and 166 during the second. There were 283 boys and 375 girls enrolled during the first period and 16 boys and six girls during the second period. Seven boys and 12 girls withdrew from school up to the end of the second period.

ISSUE DOMESTIC LOAN

TOKIO — A syndicate of Japanese bankers had decided to issue a \$25,000,000 domestic loan so as to absorb the funds derived from the redemption of a similar amount of British treasury funds which mature on December 15. The new loan will be handled as part of the \$25,000,000 war loan and is expected to check a deflation of currency.

TELLS STORY OF THE DEATH OF McMASTER

Chaplain Gives Definite Information of Loss of Local Boy Duffing Battle of the Argonne.

Definite information has been received here of the death of William G. McMaster in France. As there has been no doubt as to his death the information heretofore given by the government has been very meagre.

Representative Addison T. Smith has been making inquiries in behalf of C. A. McMaster, father of the boy, and has forwarded a letter concerning the lad's death written by Chaplain Thomas M. Kriete to the family, in response to a request by Mr. Smith and is as follows:

"Your letter dated October 20th, in which you make inquiry regarding your son's death, Private William G. McMaster, a member of Co. C, 305th Infantry, was received. Pvt. McMaster was seriously wounded on the third day of the Argonne attack—about September 29th, 1918. All through that particular area was infested with Bosch snipers generally lodged in trees. McMaster was wounded by a sniper's bullet and carried to the first aid station. From there he was sent to the hospital but never really rallied and on October 28th, passed into the world beyond. Sergeant Arthur Kriete was a witness to his injury. The map reference of his grave was La Haute Chevaneche 00,470-K. I remember him as a splendid soldier, in dutiful and courteous manner, and I am sure if I can be of any further service to you."

PREMIER CLEMENCEAU UN-COOPERATIVE OVER ELECTION

PARIS — Clemenceau entirely uncooperative in the results of the voting. Premier Clemenceau attended the performance of the Opera Comique on election night and appeared to enjoy it greatly. The opera, every now and then the messengers would rush up to the premier's box and hand to General Mordacq slips of paper giving early returns. General Mordacq then would pass them over to M. Clemenceau, who, after a glance threw them to the floor. When bulletin number six or seven reached the box, the premier waved it off, saying: "Don't bother me, Mordacq. I tell you the race is in, Nationalists first, the others nowhere."

HISTORICAL PERSIAN RUG IS BROUGHT BACK

SAN FRANCISCO — The historical Korhan Persian rug, upon which Marshal Foch and General Petain stood when they received their awards from the French government and which covered the floor of the room in the Palace of Versailles where the peace treaty was delivered to the Germans, has been returned to San Francisco. It is on exhibition at the museum at Golden Gate park. The rug, according to Thomas Kullerjan, its owner, is more than 100 years old.

TAXPAYERS FACE POSSIBLE PENALTY

Saturday Last Day in Which to Make Payment to Avoid Six Per Cent Addition.

Taxpayers of Twin Falls will have to make payments more rapidly if they wish to save themselves from a penalty, according to Mrs. E. L. Warren, ex-officio tax collector.

The law as changed by the last legislative session makes December 29 the last day of grace in which to make the payment. Taxpayers have failed to realize this, although all tax statements contained a notice of this, according to county officials with the result that many will be forced to pay 6% per cent on their taxes, as well as interest on the delinquent taxes. It was announced yesterday that checks mailed on December 29 will be accepted.

RACE HORSE FALLS AS RUNNER, SOME JUMPER

PARIS, Dec. 15 — A race horse which was purchased for 500 francs and which proved a rank failure at flat racing, has won for his owner 90,000 francs in six races this season over steeple chase courses of France. The horse is M. Guillot's Hippoclos. Yesterday at Autuil the "timber topper" achieved his 6th consecutive victory and brought to his owner a purse of 15,000 francs. M. Guillot refused an offer of 150,000 francs for the animal.

BRITISH Y. M. C. A. GETS AID FROM AMERICAN

TORONTO, Dec. 15 — The international council of the Y. M. C. A. of the United States has contributed \$500,000 towards the reduction of the war debt of \$7,000,000 of the British Y. M. C. A. according to a cable message received at the Canadian national

council of the organization today. The message says that the gift was made in recognition of the services rendered to the overseas forces of the American army and navy by the British Y. M. C. A. and that a further gift of a similar sum had been promised.

FEW JAPANESE IMMIGRANTS TOKIO

TOKIO — The number of Japanese laborers going abroad, mainly to South America, has considerably decreased, says a semi-official announcement. This is attributed to the business boom which took place in Japan during the war and which opened up opportunities for industrial and commercial activities here.

The London Times stated recently that 14,000 passengers for South Africa were still in the United Kingdom awaiting steamer accommodations.

BUHL WILL SOLICIT FEDERAL ROAD AID

Movement Is Launched by Chamber of Commerce—Hard Surfaced Pavings Required.

BUHL, Dec. 16.—At a largely attended meeting of the chamber of commerce Monday evening steps were taken to secure if possible federal aid for the construction of a highway in the Buhl district.

The Buhl highway district was represented by Chairman Ernest Molander, Secretary J. C. Finch and George Childs. Correspondence was presented from the state highway department to show that federal and state aid could not be received for the construction of gravel roads now under construction and being contemplated because of the heavy traffic which comes through this country.

It was suggested by Commissioner Hall that in order to come within the requirements of the state and government that the district consider the matter of constructing a state highway of hard surface. It was stated by Chairman Molander that the cost of constructing the gravel and hard surface highways differed only to the extent of about \$3,000. The matter of holding a bond election to provide sufficient funds to build a state highway of hard surface construction for 12 miles through the Buhl district and also complete the roads now under construction by the district was proposed to the gathering.

This proposition received the favorable endorsement of the chamber of commerce. The amount of the bonds to be requested will be governed by the valuation for the year 1919. It is estimated that the increase over the last valuation will permit a bond issue of \$200,000 for the improvement contemplated. A representative of the highway district will go to Boise at an early date to confer with Commissioner Hall and ascertain whether or not federal and state aid will be furnished to meet the efforts of the Buhl district should the bonds carry.

The chamber also considered action necessary to protect Buhl residents from suffering from frauds at the hands of itinerant peddlers. On recommendation of the mercantile bureau of the chamber, city council was petitioned to raise the fee for itinerant merchants from \$25 to \$50. The chamber also endorsed the blue card system which will provide peddlers and others with a blue card from the

chamber before the committee their activities. Failure to have such a card will mean that the peddler has not been endorsed by the chamber and the citizens will thus be warned not to purchase from such person.

SEEK TO HAVE EDWARDS PROMOTED

New England Division Head's Cause Is Urged by Senator Lodge and Others.

By the Associated Press. WASHINGTON, Dec. 16.—Recent promotions to the grade of major general in the regular army were intended as a reward for exceptional services in France, Secretary Baker explained today to a delegation of New England senators and representatives who called at the war department to give their personal support to a proposal that Brig. Gen. Clarence Edwards, commanding the northeastern department and senior in the list of brigadiers, be raised to the next grade. All of the recent promotions made were of officers junior to General Edwards in lineal rank, but senior to him in the overseas organization.

Explaining that General Edwards' service abroad had been chiefly as commander of the Twenty-Sixth division, Mr. Baker said it "no far had been impossible to consider a division commander for promotion last all since there still was a number of corps commanders to consider."

Of the three officers nominated for promotion over General Edwards, Major General J. T. Dickman, head of the southern department, was first in rank and then a field army commander in France; Major General James G. Harbord, now at Camp Travis, Texas, was in charge of the organization of the American expeditionary forces as General Pershing's chief of staff, and afterwards commanded the Service of Supply with a personnel of 500,000; and Major General Francis J. Kernan, at present commanding the Philippines organization, the service of supply in France and served on the mission which negotiated important armistice matters with the Germans.

The department viewed the services of these three officers as of greater responsibility than that of a division commander. Secretary Baker said and was pleased to be able to reward them with the first available vacancies in the higher grade. Senator Lodge, of Massachusetts, who headed the delegation, declared there was no intention to criticize the selections which had been made, all of the nominees, he and his associates recognized to be men of unusual ability. He declared, however, that "all

of New England" was interested in the future of General Edwards, and that it was "very possible to do so the delegation would like to assist his promotion."

EXPECT TO DISPOSE OF MUCH LIQUOR FOR MEDICINAL USE

By the Associated Press.
 BALTIMORE, Md., Dec. 16.—The demand for whiskey for medicinal purposes is expected by Baltimore distillers to furnish the field for the disposal of the stores of whiskey now in bonded warehouses, according to an official of the Maitland Distilling company, who said today that the medicinal demand will probably prove better than export business.

 PRINCETON, N. J., Dec. 16.—Princeton's freshmen eleven won the inter-collegiate, freshmen soccer championship today by defeating the Pennsylvania freshmen, four goals to 0.

A PUBLIC VICTORY

The great coal strike, as now adjourned, differs from nearly all other strikes in one very important respect: it has been won by the public.
 The miners profess their satisfaction, and it is fortunate that they feel that way about it; but it is not a victory of the miners. The extravagant demands are ignored. Their one hour week is forgotten. Instead of a 40 per cent raise they get 14 per cent. They may get more. If an impartial commission decides that they deserve it. But starting out with an ambitious profiteering enterprise, they are held to the minimum required to meet their higher costs of living.

The operators say they are satisfied, and that, too, is fortunate; but likewise the operators have not won. Expecting as usual to pay any wage increase by passing it on to the consumer, and probably profiting as usual in the transaction, they are obliged to meet the raise out of their own pockets.

The public is to have coal at the same price as before, and if the miners are eventually given some slight additional increase to square their pay fully with their living expenses, there will be no multiplication of that increase to the consumer.

It has been an unpleasant experience for the public, but such an outcome is worth what it cost. When the public, usually the under-dog in an industrial war, can for once assert its supremacy over quarrelling capital and labor and emerge on top, there is some reasonable hope of putting American industry straightened out.

ALLEGED MURDERER OF SON ABANDONS KIDNAPING STORY

By the Associated Press.
 ATLANTIC CITY, Dec. 17.—Mrs. Esther Miller Blake, a prisoner in the city hospital, charged with the murder of her five-year-old son, has abandoned her story that the child was kidnaped by two negroes in Ventnor last Friday night, according to Dr. J. R. Souder, county physician. She told the doctor at another interview today that the kidnaping story was a "delusion."

"I have had delusions before and I guess I had one this time," Mrs. Blake remarked to me," said Dr. Souder.

LOWDEN FILES AS G.O.P. CANDIDATE

Keats Have in South Dakota—Wood To Show On His Attitude in Campaign.

By the Associated Press. PIERRE, S. D., Dec. 16.—Governor Frank O. Lowden of Illinois late today filed as an independent republican candidate for president at the state primaries to be held next March, making the third independent candidate to file in South Dakota. Woodrow Wilson and Major General Leonard Wood were endorsed for president at the democratic and republican state proposal meetings, respectively, while James W. Gerard, democrat, of New York, and Senator Miles Poinsette, republican of Washington state, have filed as independents.

Governor L. J. Frazier of North Dakota is the Non-Partisan league candidate.

Today was the last day minority preference and states could file. Under a ruling by the state attorney candidates nominated by the conventions have until January 1 to send in their acceptances. However, the attorney general held that the section of the primary law compelling persons nominated or endorsed by the convention to sign an agreement to be a candidate is not constitutional when it applies to officers serving government under oath, and therefore Mr. Wilson and General Wood cannot be compelled to formally notify the secretary of state that they will be candidates.

Governor Lowden's nominating petition was filed by a group of republican proposal men who "protested" the endorsement of Wood.

The keynote of Governor Lowden's platform is "economy, efficiency and business administration of public affairs, and abolition of the numerous agencies for war purposes which have

been continued at enormous cost in times of peace."

The platform further favors: A protective tariff, measure by the difference in cost of production at home and abroad; a rigid insistence upon the principle of government by all the people and not by any class; ratification of the peace treaty with reservations substantial as presented by the foreign relations committee of the senate; encouragement of agriculture and recognition of the principle that it is and must remain our most important industry; the exclusion or deportation of aliens who place real estate or any other flag above our own. According to word today from New York, Mr. Gerard said he would not be a candidate if President Wilson decided to run again. His filings here yesterday was only a "preliminary measure so that he could not South Dakota's vote on the first three roll calls in the national convention if President Wilson should not seek the third term.

DENVER, Colo., Dec. 16.—General Leonard Wood, who arrived in Denver late today, declined to discuss a dispatch from Pierre, S. D., outlining Attorney General Payne's ruling that the general would be violating his constitutional oath of office if he signed acceptance of the republican nomination for president in South Dakota.

The general was asked: "Will you accept the party nomination general, if it is offered to you at the national convention?"

The general replied: "I can't answer that. I know the position a newspaper man is in and just what you'd like to have me talk about, but I cannot talk politics. I haven't done so, and I won't. If any politics comes from me, it's entirely by inference."

General Wood said he planned to move federal troops from the Kansas coal fields beginning tomorrow as Governor Allen of anaaki had told him the "situation was tranquil."

He will speak tomorrow at the Colorado farmers' congress at Fort Collins, Colo., and on Thursday will address the Colorado legislature by invitation.

ANARCHY BILL IS GIVEN TO HOUSE

Will Force Deportation of Allen I. W. W. DeClares Chairman of Drafting Committee.

By the Associated Press. WASHINGTON, Dec. 16.—Legislative proposals of the house immigration committee to aid in ridding the country of alien radicals, framed after prolonged hearings here and in New York, were presented to the house today by Chairman Johnson, republican, who declared the bill was so drawn as to force the department of labor to act against alien agitators.

Secretary Wilson has held, Mr. Johnson said, that mere membership in the I. W. W. or kindred organizations was not sufficient under the law, to warrant deportation. The committee's bill, he added, made the "letter and intent of the law plain and unambiguous" as under it affiliation or any financial connection with organizations teaching radical doctrines, without the commission of any overt act, meant deportation. At the same time, the house judiciary committee began work on various proposals aimed at suppression of radical activities generally to reach citizens as well as aliens. Representative Whitson, democrat, Texas, declared the department of labor was "honeycombed" with "the spirit of anarchy" from Secretary Wilson down, and Representative Davey, democrat, Ohio, warned the committee that the public would take matters into its own hands and "string these wild eyed radicals to telephone poles throughout the country" unless congress hastened to act.

Franklin County Irrigation District No. 1

—a municipal system of Franklin County, Wash.

UNLIMITED WATER SUPPLY:

These lands have recently been included under the irrigation system of the Franklin County Irrigation District No. 1, which obtains its water supply from the Columbia river, the second largest river in the United States.

PRODUCTION:

These lands equal in fertility the choicest lands of the Yakima valley or of those of any other irrigation project of the continent. Throughout the district eight tons of alfalfa to the acre is the rule with four unailing crops. Fruits and vegetables of every variety known to this latitude grow in abundance. The farmers of the district are almost uniformly successful. In recent years one season's crop has often been sufficient to pay the price of of this land.

LOCATION AND CLIMATE:

The district is bounded on two sides by the Columbia and Snake rivers and lies opposite the mouth of the Yakima river. It is commonly known as the Three Rivers country. No land offered lies

PRICES AND TERMS:

Prices range from \$45 to \$125 per acre. Their value is easily equal to or greater than irrigated lands that are selling at prices ranging from \$200 to \$300 per acre. The low prices offered are made solely to obtain rapid settlement. No land will be sold except to those who will improve and put it in crop. To such buyers terms can be made ranging from one-fifth to one-tenth of the purchase price per annum.

All lands will be open to settlement on December 20, 1919, but selections may be made prior to that date and will be accepted in order of application.

more than three miles from the Columbia river. The land is approximately 350 feet above sea level, which is the main cause of the mild winters, and long growing seasons, which prevail as evidenced by the four regular cuttings of alfalfa, and the fruits and vegetables which, with those of the immediately surrounding district, are the earliest for this latitude on the American continent.

TRANSPORTATION AND MARKETS:

Three transcontinental railway systems serve Franklin County Irrigation District No. 1. At its center and within four miles of the most remote acre we offer for settlement is the division point of the Northern Pacific railway. The district is traversed by the Yellowstone trail and the Evergreen highway as well as the Inland Empire and Central Washington highways. The Columbia river is navigable to the sea. Such are the transportation facilities. No other irrigation district in the country has such advantages. The district is seven hours from Portland, Tacoma and Seattle and five hours from Spokane, with many through trains daily.

CHICAGO, Dec. 16.—Unusual strength in the corn market today resulted largely from anticipation of the big 1920 foreign finance bill. Prices buoyant, 1 1/2 to 2 1/2c net higher, with January, 1 1/2 3/4 to 1 3/8 1/4; and May 1 1/4 1/4 to 1 1/8 1/4. Oats gained 1 1/2 to 2 1/4c, and provisions 50 cents to \$1.00. Bullish sentiment as to corn began to move up as soon as trading opened. At first, the chief factor was the message of receipts, together with the prospect that owing to preference given to coal on the extreme no in-crease of supplies would be looked for in the immediate future. Higher quotations on hogs tended further to lift prices, and so likewise did an advance in sterling. Then came gossip that the enactment of the Edges bill was assured. At once demand broadened out, especially as it was announced that the president would sign the bill without delay and that export sales of wheat and oats to France had already commenced.

Heavy buying on the part of houses with seaboard connections made oats even stronger than corn. Cash lots commanded the best figures yet this season. Provisions scored the steepest advance in some time. The calves were the same that ran impetuous to grain.

CATTLE — Receipts 5,600; killing classes steady to 25c lower; stockers and feeders steady. By the Associated Press. **CHICAGO, Dec. 16.**—District Attorney Cline tonight said he would investigate the nature of utterances of Victor Berger, one of five socialists under sentence of 20 years in prison for violation of the espionage act, in an address at Milwaukee Monday night. If it were true that his remarks were of the sort which Berger and his four companions agreed to discontinue while on bail pending the result of the appeal, Mr. Cline said he

WINS FIELD TRIALS

By the Associated Press. **MONTGOMERY, Ala., Dec. 16.**—Robert Peckham, blue, and white pointer bitch owned by L. L. Hargen, of Lexington, Ky., won the continental field trials club derby stake at Calhoun today, completing the 1919 program. The Ace, a black and white pointer, owned by A. G. Gage, of New York, ran second, and G. I. Dimpshire, a lemon and white pointer bitch, owned by William Ziegler, of Naroton, Conn., finished third.

CARRANZA IS TO RUN FOR OFFICE IN HIS OWN STATE

By the Associated Press. **MEXICO CITY, Mex., Dec. 16.**—President Carranza probably will be a candidate for governor of his native state of Coahuila at the next election. It is understood here. A special commission, from Honor Carranza's home state is expected in Mexico City shortly to tender him the candidacy. In view of Carranza's illness it is said the president will accept. He served in a similar capacity before, becoming the first governor of the republic.

would ask Judge Alschuler of the court of appeals to cancel Berger's bonds. It had been expected that Berger said he was not tried fairly and that Judge Landis was an autocrat.

Scientists say that an ordinary whale lives to the age of 500 years, while some whales have been caught whose appearance denotes them to have lived as many as 1000 years.

Mr. Land Seeker And Investor

Do you know that land on the Twin Falls Tract, the Lindoken and Curley Tracts, the Eden and Haxelton Counties, in the Boise Valley, has advanced from 50 to 100 per cent during the past two years? Do you know that land on the NORTH SIDE TRACT has not advanced anywhere in proportion to these others and that it will undoubtedly do so in the very near future? Do you know that most of the sales of land on the North Side tract during the past three years have been to the farmers and renters on the tract who know what they are buying? Do you know that the principal buyers from outside the tract have been Twin Falls business men such as J. S. Keel, M. A. Strunk, W. H. Wilkinson, Carl Hahn, John M. Maxwell, J. A. Steele, C. A. Robinson and others, and a number of the Wise Farmers from the Twin Falls Tract. These men are not investing blindly. You can talk to the farmers who have invested here personally when you come over.

YOU WHO HAVE NOT INVESTED here had better get busy and investigate now, before this advance that is sure to come, arrives. We have a good listing and some very attractive buys and we are entirely at YOUR SERVICE if you want to look them over, and you had better do so now. **COME OVER AND SEE US. WE WILL SHOW YOU. WE HAVE THE GOODS** and it is no trouble to show them. **THE TRAFFIC-GREENSBACK REALTY & INVESTMENT COMPANY.** Telephone 115 JEROME, IDAHO

FIRE THREATENS CLEANING PLANT

Blaze, Resulting From Short Circuit, Confined to Boiler Room at Stratton Plant.

Fire, caused presumably by a short-circuited wire, threatened for a time last evening to destroy the entire plant of the Stratton French cleaning plant on Shoshone street. The damage was undetermined last night.

The blaze was discovered shortly after 5:30 p.m. in the boiler room of the plant. Two men were working in the fore part of the establishment and when they discovered the fire the alarm had already been turned in by outside parties. The fire had gained considerable headway by the time the fire department arrived but prompt work soon placed the blaze under control.

Damage was confined for the most part to the boiler room and rear parts of the building. Some of the machinery was destroyed. Clothing held by the firm suffered but little as most of the work on hand was taken from the building.

The building is owned by George W. McKean, who also has an interest with M. G. Bailey in the cleaning firm. All damage was fully covered by insurance, including the clothing.

CLEO BUSH FOUND GUILTY BY JURY ON LIQUOR CHARGE

Cleo, "Slim" Bush was yesterday found guilty of illegal possession of liquor by a jury in the district court. The case was concluded yesterday morning. Sentence will be passed Friday.

HOPES FOR RATIFICATION OF PEACE BY CHRISTMAS

By the Associated Press.

PARIS, Dec. 16.—Baron von Lucerna, head of the German delegation, said that hope was entertained in certain circles that ratifications would be exchanged and peace would become effective before Christmas. He added:

"I share that hope which I trust is founded on an accurate interpretation

and possible acceptance of our reply to the supreme council's note. I have been ready and willing to sign the protocol since October 18, and I even hope now that ratifications may be exchanged before the end of the week.

HAVE TO DRINK BOOZE TO GET AWAY WITH IT

CHICAGO, Dec. 16.—Attorney General Brundage of Illinois today announced that the Illinois search and seizure act, which prohibits transportation of the contraband alcoholic beverages, forbade carrying flasks upon the citizen's person, who could not therefore remove part of his private stock for Christmas and New Year's day celebrations to hotels or elsewhere from his own home.

The only way liquor can be carried outside the home without violating the law, according to Mr. Brundage, is within the body.

ACQUIT ELEVEN JURORS IN THE NEW MURDER CASE

LOS ANGELES, Calif., Dec. 16.—Eleven jurors had been accepted tentatively when adjournment was taken late today in the trial in the superior court here of Harry New, alleged son of Senator Harry S. New of Indiana, charged with the murder of Miss Freda Lesser, his sweetheart. Two were women.

Lecompt, Davis, leading counsel for New, made it clear the defense offered would be insanity.

SINCLAIR IS SENTENCED.

J. C. Sinclair was yesterday sentenced from one to 14 years in the penitentiary for grand larceny. Sinclair was convicted by a jury in the district court of having purloined \$300 worth of seed from a Duhl seedhouse.

HAVE NEW FACTS.

In a petition filed in the district court yesterday, the Lincoln Produce company asks the judge permitted to again amend its complaint against the Freese Short Line, stating that new facts had been uncovered.

CHARGES HIS PLEA.

J. K. Henley yesterday changed his plea of not guilty to guilty in the district court on a charge of illegal possession of liquor. He will be sentenced Friday.

See the New Kozy Wrap

The only garment given to the world that Grows—First a Wrap, then a Coat, Five Garments in One.
A practical garment for every day in the year—the Kozy Wrap grows with the baby, first it's a Wrap, then it grows into a Coat.

The Kozy Wrap Really Five Garments in One

When you buy a Kozy Wrap you really get five garments in one—
An ideal sleeping garment—
A perfect outdoor coat—
A carriage or auto robe—
A sanitary detachable pad—
Coat, hood, leggings, mittens and sanitary garment—all in one.
As baby grows, you simply let out the wrap to fit. When baby is large enough to wear a coat, simply turn under or cut off the bottom of the wrap and you have a handsome coat!

Made with or without sleeves

An Ideal Gift for Any Little Tot

Few things would make us handsome, practical and useful a gift for the little tot as a Kozy Wrap. When you see them—see how pretty they are—how splendidly they are made—how handy, warm and comfortable they are—you'll agree that the Kozy Wrap is the ideal gift for baby!

From corduroy, eiderdown or chinchilla

It is Warm, Comfortable and Sanitary

There is no chance for a draft to touch baby, yet baby gets the fresh air and is kept nice and warm. In the Kozy Wrap baby can be taken out early in the morning or late in the evening without any danger.

The waterproof, detachable pad prevents soiling the wrap, making it sanitary. The pad can be removed for washing.
