

HOW TO BUILD NINE BUNGALOWS

See Our Building Permit. Worth \$40,000—Will Construct Several Others.

A. Mon, local contractor, yesterday secured ten building permits of a value of \$40,000. Nine of these will be for the construction of bungalows in different parts of Twin Falls, while the tenth was for the improvement of his establishment on West Main street. The structures to be constructed range in value from \$100 to \$4000. It is the plan of Mr. Mon to dispose of all the buildings in the near future. He has also announced that he expects to build at least 2000 houses.

Following are the permits granted yesterday:

Four buildings on lots 2 and 3, in block 4, and on lots 7 and 8, in block 4, New School addition; on lots 4 and 41 in Blue Lake addition; on lot 7, block 12 of Bickel addition; on lot 12, block 4, Golden Rule addition; on lots 701 and 12, block 3 Jones addition, and the addition to his present shop on West Main on lot 1648, block 100.

The total expenditure for these will amount to \$40,000. Individual houses will range from \$2000 to \$6000 for construction.

Local Briefs

Among the Twin Falls automobile mechanics leaving yesterday afternoon for Salt Lake city to attend the auto show was Frank Magel.

R. H. Stevenson left yesterday evening for Salt Lake city, where he will look after business interests and attend the auto show. He will return this latter part of the week.

An Appreciation!

Success Is Not An
Accident

—but is attained only through an untiring effort to serve, a fixed and steadfast desire to prove a benefactor to the community you serve, an honest and sincere purpose to fair and unbiased treatment alike to all.

—Our standard of Merchandise begins where Merit does and ends with the best. Our Prices you will invariably find lower than elsewhere—on Highest Quality, Newest Style, Lowest Price and Best Service; but Quality FIRST.

—Do you realize our store today is more than double in size and volume of business what it was two years ago? THE SAME FORCES WHICH HAVE CAUSED IT TO GROW SO RAPIDLY IN THE PAST, STAND OUT MORE PROMINENTLY NOW THAN EVER BEFORE.

—We are pushing ahead because the people like our Progressive way of doing business. We are doing our best, and our best is getting better every day. The store is going ahead in service as well as in business. These two must go together.

—We are a bit proud of our Store and the way we have linked high qualities to low prices, and our hearty thanks go out to those who have assisted us in building a successful business on these lines. OUR POLICY IN SHORT—Do unto others as you would have them do unto you—

We Never Compromise.

MORE NURSES WANTED.

San Francisco reports a serious shortage of nurses. Other localities have felt the same pinch in recent weeks, and many calls have been issued urging former professional nurses who have taken up other work, to return to nursing.

During the war emergency many women studied nursing, preparatory to serving at home and abroad. What became of them after the war? A great many of them simply returned to their former occupations. They regarded the nursing only a war service, which they abandoned when the emergency was past.

There is still a special need for skilled nurses. It would be also a patriotic service to help relieve the suffering and distress which are prevalent in many parts of the country.

There are probably a good many women who are fitted for this calling, both in physical strength and temperament, but who for various reasons have never taken up nursing. Sometimes the obstacle is parental objection, sometimes it is the long period of training. Sometimes it is the nursing.

None of these reasons should be allowed to stand in the way of a nursing career. Today the profession is pretty well paid. The duties need not be unbearably arduous. Nurses may specialize just as do others. A young nurse with special interest in any phase of the work may develop her talents along this line, and may confine her work to the branch of nursing she finds herself most interested in and to which she is most suited. A nurse's training opens the way to many forms of social service and to health work in public school, and industry, etc.

Today nursing offers more opportunities to the capable and ambitious girl than it ever did before. If this were more generally recognized by parents and schools there would not be an acute shortage.

A LESSON IN TRADE BALANCES.

A striking commentary on the present demoralization in international exchange appears in the recently published official returns of this country's foreign commerce for the full year 1919. With December's contribution of \$681,000,000, domestic merchandise exports last year reached the unexampled valuation of \$7,922,000,000, while the imports, with December providing \$381,000,000, set a new precedent at \$3,904,000,000 for the twelve months' period. It is thus shown that the 1919 exports over imports is more than \$4,000,000,000, which is not only \$900,000,000 greater than that of 1918, but is by far the largest on record. Such comparisons as these afford the fundamental explanation of the sensational depreciation of the European exchange, although they do not wholly account for it. What the export and import figures at the end of 1920 will disclose, and what then be the position of exchange on London, Paris, Berlin, Rome, and other leading centers abroad, are highly significant questions. That a narrowing of the disproportion between American exports and imports may before long be witnessed, seems not impossible; and the effect on prices here of such a movement, if it occurs, will be watched with much interest.

PERSONAL WEALTH.

The old nursery jingle which explains that little girls are made of "sugar and spice and all that's nice" and that little boys are made of "rats and snails and puppy dogs' tails" may perhaps have some slight foundation in fact. For here comes some one who professes to know what human beings are made of. As quoted in The survey, the ingredients are something like this:

"The average man of 150 pounds contains constituents equivalent to 100 dozen eggs, enough iron to make four ten-penny nails, fat contents sufficient for 75 candles and a good sized piece of soap; phosphorus for 8,064 boxes of matches, enough hydrogen (in combination) to fill a balloon and carry him about the clouds, and besides all this, ten gallons of water, six teaspoonfuls of salt and a bowl of sugar."

Of course, these are only "equivalent constituents," but is not the reader reminded of a grocer's and chemist's inventory?

There is an element of comfort in it, too. At present prices, the poorest man must be worth a very respectable sum of money.

GRAFTING ON ALIENS.

While the sins of the alien are being catalogued, it is just as well to take note of the sins committed against him. One set of iniquities has been given a special airing in an inquiry conducted by a bar association in a city having a large foreign population.

Instances were found in that city where aliens had been charged \$40 for assistance in making out citizenship papers, \$50 for drawing the simplest form of contract and \$50 for promised services in obtaining a divorce which was never obtained.

These were but three of the varied types of legal malpractice discovered in the dealings of notaries with persons of foreign birth. Most of the offenders have been natives, and all of them citizens. As a result the bar association is demanding closer supervision of the notaries, and also of such occasional shyster lawyers as follow their pernicious example.

In this line, as in many others, there is plenty of opportunity to impress the alien more favorably with "American institutions."

A Chicago theatre has installed a smoking room for women, at a cost of \$10,000. From which we gather that the play is no longer the thing—the cigarette's the thing. And the "cigs" are probably no worse than the plays, either.

Wilhelm writes that he is thoroughly discouraged. Oh, cheer up. A man is never down until he is strung up.

It is reported that 375,000 Austrian prisoners in Russia died of smallpox and typhus. And Bolshevits.

John Barleycorn's estate has been inherited by two very distant relatives, Patent Medicine and Hair Tonic.

Paris whispers that the wasp waist is coming back. Doubtless Paris will sting the buyers as usual.

You needn't ask a man whether he likes his job. Observe the quality of his work and you will know.

Congressional "pork," we opine, is a public improvement that goes to some other district.

Moses was lucky. He didn't have to submit the Ten Commandments to any senate.

The flu comes back, but it isn't the same old flu. Even epidemics grow weary.

WALKOUT OF RAILROADERS IS LOOMING

Continued From Page One.

plete stop of traffic could be the only result. The thousands of engineers, firemen and conductors could not operate the trains for in many states they would be forbidden to work under "full crew" laws unless all trainmen required were on duty. It was explained. Union by-laws also prohibit other employees from taking out trains not manned by the regulation number of brakemen.

Not Supporting, Lee.
Officials of the other three train operating unions were declared not to be supporting Mr. Lee aggressively in his demands, although he was said to have communicated with each of them before notifying Mr. Hines of his intention to cancel the wage agreement. These leaders are understood to have replied they had no objection, but declined to commit themselves as to supporting the proposed move.

The action of Mr. Barker of the maintenance of way employees was declared again by railroad administration officials to be in violation of his wage agreement.

EXISTENCE OF GOVERNMENT AT STAKE ASSERTS HISHOP

By the Associated Press.

BALTIMORE, Md., Feb. 10.—"The very existence of our republican form of government in this country is seriously threatened because of the attempt of organized labor to dominate the halls of congress," declared Bishop William A. Quayle, of the Methodist Episcopal church in an address at Mount Vernon place church tonight. "Labor's threat is a challenge against all we have and are in government," he maintained, "and as such it is our duty as American citizens to accept the challenge and in our strength rise up and crush the foe to our most cherished ideals. Our government is for all the people, not for any one class or faction."

ARREST BANK CASHIER.

By the Associated Press.

DENVER, Colo., Feb. 10.—It is B. Lower, former assistant cashier of the Valparaiso State bank at Valparaiso, Neb., was arrested here tonight by police detectives on a charge of embezzlement of \$17,000 of the bank's funds. Lower was about to take a train leaving Denver when arrested. He was turned over to Gus A. Myers, chief of the Nebraska state

law enforcement department, who has been looking for Lower since last October.

CENTURY OLD WOMAN DIES.

By the Associated Press.

BERKELEY, Cal., Feb. 10.—Mrs. Harriet Seeber, aged 103 years, died last night in the home of her daughter as the indirect result of a fracture of the leg sustained in a fall several days ago. Mrs. Seeber was born in New York. She came to California 20 years ago. Her father was a widely known minister of his time, Rev. John Finnegun, who came to New York City from Ireland. He was a protégé of Dr. John Wesley.

PRESBYTERIANS DEBATE INTER-CHURCH MOVEMENT

ATLANTIC CITY, N. J., Feb. 10.—The executive committee of the Presbyterian general assembly in session here today discussed the advisability of the denomination enlisting its forces in the program of world evangelism planned by the Interchurch World movement. No decision was reached. The denomination is enlisted in the movement at present only to the extent of survey and publicity with an authorized expenditure of \$200,000.

Announcement was made that the business boards of the church are asking for approximately \$19,000,000 for the evangelistic and benevolence budgets for the ensuing year regardless of whether Presbyterians go into the Inter-Church movement. This sum is more than three times the sum annually appropriated prior to the war.

CAN OWN MORE THAN \$1000 IN STAMPS, RULING

By the Associated Press.

NEW YORK, Feb. 10.—Violation of an order of the secretary of the treasury is not a criminal offense, United States Judge C. M. Hough declared

in federal district court today, directing the jury to find not guilty several persons charged with trafficking in war savings stamps. The order of the secretary of the treasury, forbidding the sale of stamps for more than \$1,000 worth of stamps. Judge Hough ruled that a person could traffic in and own as many as he liked.

ARREST CLERGYMEN FOR VIOLATING FLU RESTRICTIONS

By the Associated Press.

PRESNO, Cal., Feb. 10.—Three clergymen, accused of having held services in their churches last Sunday in violation of an ordinance prohibiting public meetings as an anti-influenza measure, were arrested here tonight.

OTTO BRINGS IN 5 HIGH PRICED HOGS

Pays Close to Five Thousand Dollars to Have Duroc-Jerseys on His Farm Near Filer.

L. S. Otto, Idaho's premier Duroc-Jersey hog breeder, returned yesterday from Nebraska, where he spent five days on the Nebraska state circuit of Duroc-Jersey sales. This circuit, consisting of 14 sales, is held to be the greatest circuit of its kind in the country. While on the circuit Mr. Otto purchased five sows bred for a March litter. The five animals cost Mr. Otto just short of \$5,000 placed on his property near Filer.

"It was a wonderful sale," declared Mr. Otto. "The best known breeders of Duroc-Jerseys in the world were present at the sale. More than half a million dollars' worth of Duroc-Jerseys were sold."

"Extended eleven of the sales. There I met with the leaders of this industry in the country. I was fortunate in securing five animals that will stand out in the northwest as the greatest combination possible to be secured from proper stock. These animals come from the blood-line of such well-known families as the big-bone Giant family, Pathfinder, Critter, O'Brien and Sensations."

"I saw many high-priced sales there. I saw boys' pig clubs pay \$1,500 for an animal. I saw other breeders pay as high as \$25,000 for a pig. It was a trip well worth while."

Mr. Otto, as president of the Idaho Duroc-Jersey breeders' association, is striving to bring the breeding of this class of pigs to the front ranks. He announced that the Idaho Duroc-Jerseys will have a \$400 national future at the Twin Falls county fair this fall for the Duroc-Jersey class.

GREAT INTEREST IS SHOWN IN SCHLESWIG PLEBISCITE

By the Associated Press. AGENFELD, Schleswig, Monday, Feb. 9.—A Danish official with whom the correspondent of the Associated Press motored today through the first zone of the plebiscite district, pointed to the beautiful country side and exclaimed: "All this will be Danish tomorrow. It will be a great day for Denmark."

"For you Americans," the official added, "this plebiscite should be of much interest as it will carry out President Wilson's principle of self-determination."

Beyond Flensburg, after crossing the "old" frontier almost everywhere along the road to Apenrade, the Danes, usually Danish, but in Apenrade the German and Schleswig-Holstein colors competed with the Danish flag in every street.

WANT INVESTIGATION OF THE U. S. POSTAL SERVICE

By the Associated Press. NEW YORK, Feb. 10.—The Merchants' association of New York announced tonight that a congressional investigation of the "causes which have brought about the breakdown of the postal service" has been requested through Senator Charles E. Townsend, chairman of the committee on postoffices and post roads. Numerous and continuous complaints as to mail delays, it was stated, show that the postal service "is now, and long has been at a low level of efficiency in speed and regularity of movement."

The points essential to an adequate investigation by congress of the post office department's efficiency are summarized in a letter to Senator Townsend as follows:

"Reduction of the railway postage service; concentration of mail

OSBORN TRIED TO BE GOVERNOR, HE ASSERTS

By the Associated Press. GRAND RAPIDS, Mich., Feb. 10.—Chas. S. Osborn testified in the Newberry election conspiracy trial in federal court here today. He told the jury that he had once "tried" to be governor of Michigan and "thought" he was a candidate for the United States senate in 1918 when the principal defendant, Senator Truman H. Newberry, defeated him and Henry Ford in the primary.

Although Mr. Osborn's appearance as a witness had been heralded and the defense had announced it was "ready for him," his cross-examination was deferred.

Mr. Osborn said C. A. Daniels, a Grand Rapids politician, told him that Mark T. McKee, law partner of Paul King, manager of the Newberry campaign, had "possibilities of an organization which could deliver the senatorship for \$150,000."

The former governor told of a conversation with Milton Okunich, a Detroit political leader. He said he told Okunich to "make it cost them what you are worth."

BORAH STARTS DEBATE UPON PEACE TREATY

Continued From Page One.

proposal they could be expected to do so again, while Senator Knox declared that while the German reparations bill could be increased under the treaty's provisions by a majority of the reparations commission, it would take unanimous consent to reduce it.

Mr. Hoover's statement Sunday night that he was for the treaty without any reservations necessary to safeguard the constitution and the nation's traditions, was declared by Senator Borah to put Mr. Hoover apparently in the same attitude as the irreconcilables.

Resurrects Old Reservation.

During discussion of Mr. Hoover's statement, Senator Borah resurrected a reservation to article 10, which he said Senator Hitchcock submitted in

the senate last November. The only difference between the reservation and the one drawn by Senator Lodge, the Idaho senator declared, was that the former contained the word "unless," where the latter used the word "until."

"And Mr. Hoover doesn't tell us," he continued, "whether he belongs to the unlikes or the unlikes. Doesn't he know the intellectual battle that is going on here divide the world between these two factions?"

Authorship of the reservation promptly was disclaimed by Senator Hitchcock who told the senate it had been "erroneously sent to the desk" along with others he proposed.

PHILIPPINE LEGISLATORS APPROPRIATE SEVEN MILLION

By the Associated Press. MANILA, P. I., Feb. 10.—Seven million dollars was appropriated for public works by the Philippine legislature which adjourned its regular session today. An extra session has been called for February 25.

Major General Frank McIntyre, chief of the bureau of insular affairs, who came here from Washington to inspect the Philippine islands left Manila today on a tour of the province.

EARTHQUAKE REGISTERED BY GEORGETOWN OBSERVER

By the Associated Press. WASHINGTON, Feb. 10.—An earthquake of considerable intensity, having its center approximately 1,600 miles from Washington was recorded tonight at the Georgetown university seismograph observatory. The disturbance was first recorded at 5:18 o'clock and continued until 6:40 o'clock, reaching its height at 5:25 o'clock. Indications were that the quake occurred in Mexico or Central America.

BRITISH QUIT BATUM

LONDON, Feb. 10.—Premier Lloyd George announced in the house of commons today that the British were evacuating Batum.

British forces occupied Batum and Baku last December for the purpose of preventing the Turks from penetrating the Caucasus region.

MILITARY RETAINS ITS CONTROL OF LEXINGTON

LEXINGTON, Ky., Feb. 10.—No lessening of military precautions to prevent a recurrence of mob violence in Lexington was apparent today. Federal soldiers continued to surround the Fayette courthouse where Will Lockett, negro, slayer of Geneva Hardman and center of the disturbance, Monday in which five persons lost their lives, was confined. Patrols guarded every avenue to the city.

Brig. Gen. F. C. Marshall characterized these measures merely as precautionary and said he was satisfied army.

with the situation and that one-half of the mob would intrude for Louisville tonight. General Marshall paid a visit to the people of Lexington and county for their ready submission to martial law and characterized it as "the first evidence of a big reaction in the whole country, which is beginning to switch back from Bolshevism to law and order."

FAMOUS CONFEDERATE DIED CHICAGO, Feb. 10.—Charles Fredrick Gunther, 82 years old, pioneer candy manufacturer, died today of pneumonia. He was born in Germany. He served in the Confederate army.

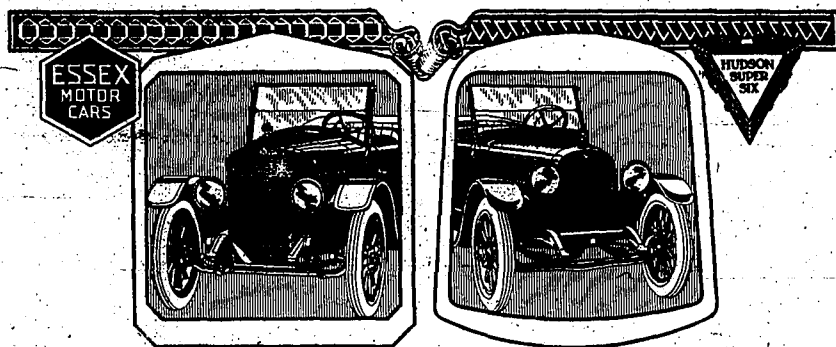

Wright's A GOOD PLACE TO TRADE FORMERLY HART'S Skirts

No matter what the season, a smart, tailored skirt is a necessary part of every woman's wardrobe. The Spring offering is genuinely interesting, for we have skirts depicting individual ideas, made of most any fabric one could desire.

Silks, Serges, Plaids, Pleats

In an assortment of colors bound to please. The business women, or athletic girl will delight in the pleated models that combine the brown, yellow or gray so well.

The new silks are marvels of beauty and style.

Only Essex Shares Hudson's Qualities

They Show Why Essex Went 3037 Miles in 50 Hours, and is Rightful Runner-up to the Super-Six Performance

A critical public has judged the Essex. In the year past it set a world's sales record.

More than \$35,000,000 was paid for 22,000 Essex cars now in service.

That shows how men wanted what Essex offered.

Now Essex proves the accuracy of motorist's judgment.

Let the official tests speak:

On the Cincinnati Speedway a stock chassis Essex made a new world mark of 3037 miles in 50 hours, under observation of the American Automobile Association.

With other trials the same Essex ran a total of 5870 miles in 94 hours, 22 minutes driving time, averaging over a mile a minute.

Both Have This Motor Heat Control

Still another Essex phetion holds the world's 24-hour road mark of 1061 miles. The Essex and Hudson are of course totally different types.

But note the advantages Essex shares with Hudson.

For instance, the radiator shutters by which efficient operating heat is maintained in coldest weather. They mean everything to satisfactory winter driving. Closed, they keep the heat in.

No unsightly hood covers are needed. They give summer efficiency to gasoline. They end hard starting. And in warm weather, opened, they give the maximum cooling.

The Performance Leaders in Every Community

The Essex, of course, does not cost as much as the Hudson, and though it is admittedly the runner-up in performance, it can never be all the Super-Six is.

In speed—in acceleration—in hill-climbing—in endurance—no stock car ever matched Hudson's famous records.

In every community you will find the two cars most noted for performance are the Hudson Super-Six and Essex.

Demand for both is so large that only by placing your order ahead can you insure delivery when you want it.

CONVINCE OFFICIALS OF TRUTH OF CARRIZAL ATTACKS

By the Associated Press. EL PASO, Tex., Feb. 10.—Testimony taken today in executive session by the senate sub-committee investigating the Mexican situation convinced its members of the truth of accounts of atrocities previously declared to have been committed at Carrizal.

The bodies of the negro troops and the two officers who fell there were reported to have been mutilated, the gold teeth of one offered for sale after all had been thrown in the same ditch.

The witnesses declared Mexicans in most of the agricultural districts are dissatisfied with the rule of the Carrizal authorities as well as that of bandits.

OUT OUT GUARD AT NOGALES

NOGALES, Ariz., Feb. 10.—All military guards, supplementing the customs service on the international line here, were relieved from duty today by order of Colonel E. C. Carnahan, in command of the United States troops here. Colonel Carnahan said the friendly attitude of the Mexicans opposite here made maintenance of a guard no longer necessary.

DATE IS NOT SET

PARIS, Feb. 10.—Premier Millerand yesterday sent notice to Germany that the date from which the Rhineland occupation period is to be counted has been deferred. This action was taken, the premier said, because of Germany's failure to accept the terms of the Locarno pact.

PEACE RULES IN NATIONAL LEAGUE

Finish Business in Big Time—American League "Harmonious."

By the Associated Press.

CHICAGO, Feb. 10.—Club owners of the American league met in a long discussion tonight in an attempt to end the factional fight which has claimed the attention of the major league since Rubeen Carl Mays was purchased by the New York club from the Boston Red Sox last summer. After several hours' debate, no decision was forthcoming and none seemed in sight before tomorrow.

An informal meeting, which was limited to the club owners, was held this evening and, according to some of those who attended it appeared that the "dove of peace" would be present at the night session, which was called to order at 10 p. m. The informal gathering followed the regular meeting, at which time a schedule, calling for 164 games during the 1920 championship race was adopted. The rules which were amended at the meeting Monday of the joint rules committee of both leagues were approved.

While several trades were en-

gaged by National league managers and owners today there was little talk regarding trades in the ranks of the younger organization.

CHICAGO, Feb. 10.—Peace and harmony reigned in the ranks of the club owners of the National league at their meeting today, but in an adjoining room at the same hotel, American league managers were unable to finish their business and it was necessary to extend that session into the night.

National league owners in addition to adopting a schedule of 168 games for the 1920 season, accepted the new rules agreed upon at a meeting of the joint rules committee of the American and National leagues Monday. The new rule regarding spitball pitchers was contested by St. Louis and instead of limiting each club to two such pitchers, as will prevail in the American league this season, it was decided that all clubs will be permitted to play ball every spitball pitcher now on their roster. A list of recognized spitball pitchers was presented and these men will be allowed to use the "spitball" during the championship race.

Boston: Rudolph, Pillingim, Kent-

ing. St. Louis: Dock, Goodwin, Tuero. New York: Longins. Brooklyn: Mitchell, Gelmes. Philadelphia: Huggs. Cincinnati: Fisher. Chicago: Hendrix.

Pittsburgh: None. After the league directors inspected the books of the organization, President John Heydier stated that six umpires have already signed contracts for 1920. They are:—Rube Baskie, William H. McConville, Charles Moran, Peter A. Harrison, L. C. Fye, who last season handled the Indians in the Michigan-Ontario league and who previously worked in the Central and Western leagues, also signed; Charles Richter and E. C. Galtley have not signed contracts, but their signatures are expected shortly and said President Heydier. William Byron has retired from the league. The salary for umpires, which was cut in 1918 and 1919, has reverted back to the 1917 standard, according to Mr. Heydier.

The club owners also decided to limit the number of players on each team to 25 between May 15 and August 31, but after that date and until the end of the season each club will be allowed to carry 35 men on the roll. The waiver rule, which permits \$1,500 to \$2,500 and the president of the league was given the power to name the waiver price on a free agent, but this price will not be over \$1,500.

Admission prices to the championship games were also discussed but no final action was taken. The managers also entered into a discussion regarding a marker or memorial to be placed at Cooperstown, N. Y., where the first game of baseball is said to have been played in 1937. Final action was referred to President Heydier.

There was some discussion of the Mays case at the meeting of the American league but, the opposing factions announced at the close, the session was "harmonious" throughout.

The rules drafted yesterday by the rules committee were read and adopted.

Just before the close of the meeting the club owners adopted a resolution relating to the games or games postponed because of rain or legal causes. Such games shall be played off on the ground where postponement occurred on some open date during the season or any subsequent series, the date to be optional with the home club. The date for the game must be set and the opposing club and the president of the league notified before 8 p. m. on the day on which the postponement occurs. The other clubs are also to be notified and the date set will become a part of the regular playing schedule. The only exception will be in cases where the season has closed in the city of postponement, in which case the game will be transferred under the resolution previously adopted.

Open dates between series will be considered as belonging to the club having the preceding series, except in cases where either club needs the open date to meet its regular schedule requirements.

UNANIMOUS IN OPINION MATHIESEN WAS VICTOR

By the Associated Press.

CHRISTIANIA, Feb. 10.—The newspapers are unanimous in this opinion that Holger Mathiesen, the Chicago skater, was beaten by Oscar Mathiesen of Christiania in the ten thousand meter race Sunday. One of the papers says "that nobody saw an incorrect signal at the curve, which Mathiesen claimed was the cause of his mistake in taking the wrong course. It is related that that protest must be lodged immediately after a race and that neither Mathiesen, the American referee or Vice Consul Petersen made such a protest.

Mathiesen said today that if the moving pictures of the events showed the blame for the mistake did not rest with him, he would challenge for another 10,000 meter race.

Gate receipts for the races are figured at about \$100,000, of which \$80,000 will be divided equally between Mathiesen and Mathiesen.

FAN TO HAVE CHANCE TO SEE CARPENTIER IN ACTION

By the Associated Press.

PARIS, Feb. 10.—Americans will have an opportunity to see Georges Carpentier, the French fighter, in action before he meets Jack Dempsey. Carpentier's manager has affixed his signature to a contract calling for a ten-week's warfare of the Frenchmen in the United States.

Carpentier and his trainer, Laenerta will give sparring exhibitions and, with Laenerta playing the part of Beckett, will reproduce the now famous fight in London last December, in which Beckett was knocked out.

Carpentier, according to the terms of the contract, will receive something more than one million francs for his American tour. Passage has been booked for America for about the middle of March.

THICH RETAINS HOLD ON INTERSTATE TARGET CUP

KANSAS CITY, Mo., Feb. 10.—

Frank Troch of Vancouver, Wash., retained the interstate target challenge cup today at the sixteenth annual interstate trapshooting tournament here. Troch outshot to challengers and scored 96. Eight challengers started but six withdrew after 50 shots. The team cup was taken from Missouri, the holder, by Iowa, score 80 to 87. E. F. Elbert, Des Moines, won the individual interstate filler cup from

C. C. Watson, Philadelphia, breaking 25 straight. There were 14 challengers in that event.

Troch also captured the 125 target contest and a diamond medal. He tied with George Grubb of Wetmore, Kansas, with 121 and won the shoot-off 45 to 48.

MRS. DEMPSEY TO TELL HER STORY TO THE JURY

SAN FRANCISCO, Feb. 10.—

Maxine Dempsey, former wife of Jack Dempsey, world's heavyweight champion, appeared before the federal grand jury here today to be questioned regarding alleged charges she made and afterward repudiated to the effect that Dempsey falsified his selective draft records. Frank Speltz, representative of a moving picture company employing Dempsey, also was summoned to appear before the jury.

BOYLE TO RUN TEAM

CHICAGO, Feb. 10.—Frank Boyle,

veteran minor league manager today signed a contract to manage the Cedar Rapids team of the Three-I league during 1920. Boyle, in 1919 managed the Regina, Sask., club in the Western Canadian league. He handled the Waterloo, Iowa, Three-I league team in 1910 and 1911 and has also managed several Iowa teams in the Central association.

CHARGE JENKINS LETTER CHANGED FROM ORIGINAL

MEXICO CITY, Feb. 9.—Charges

that a copy of a letter written by connection with the charges of William O. Jenkins, United States consular agent at Puebla to his wife, on the charges and other details delivered by the American embassy to the Puebla state authorities differed materially from the original, are made by Julio Mitchell, Puebla state prosecutor in an interview published today. Mitchell also reiterated his charges published previously, including one that Jenkins arranged for false kidnapping as part of an interventionist plot.

George T. Summerlin, charge d'affaires of the American embassy, declined to make a statement today in

connection with the charges of Mitchell. He asserted that a report would be made from the state department at Washington.

Matthew E. Hansen, first secretary of the American embassy, who represented the investigation of the Jenkins affair is preparing an elaborate review of the entire case which will be forwarded to Washington.

To facilitate serving several persons at once a double decked tea tray has been invented.

ARMOUR CO. PLANS LEATHER CONCERN

Segregation of Business From That of Packing Is Decided Upon.

By the Associated Press.
CHICAGO, Feb. 9.—Armour and Company, meat packers, tonight announced plans for the segregation of its leather business from its packing business as part of the separation of the concern's affairs, in conformance with an agreement made with the attorney general some time ago.

The Armour Leather company, incorporated in Delaware last week, will have \$25,000,000 of seven per cent cumulative preferred stock, \$10,000,000 to be issued now, \$15,000,000 common (par value \$15) and 100,000 shares of founder's stock with no par value, the latter classed as the least valuable from its small quantity.

The founder's stock, having ten votes for each share, will be held by Armour and Company to bind the new company to the present concern. It will be taken by Armour and Company at \$5.00 a share, but will not draw dividends in 1920, unless earnings are available for dividends equal \$4,000,000 and its income is restricted in succeeding years.

On earnings above \$4,000,000, founders' stock and common stock will share equally in earnings and the income on the founder's stock will go into the surplus of Armour and Company.

Earnings of the leather interests of the company, after the federal tax had been paid, was \$6,195,824 in 1919; \$7,707,145 in 1918; \$2,656,168 in 1917 and \$4,472,701 in 1916. The stock of the leather company will be offered to the preferred stockholders of Armour and Company and the general public until February 25 in blocks of one share of preferred and seven shares of common at \$200 a block. This is equivalent to \$25 for each share of leather preferred and one share for each of the seven shares of common stock. The public will be offered the same opportunity of subscribing to the leather company stock as Armour preferred stockholders, subject to preference allotments to preferred stockholders.

The properties controlled by the company include the Badger State Tanning company, Wisconsin; Cappon and Borsch Leather company, Michigan; Empire Tanning company, New York; J. K. Mosser company, Pennsylvania; J. K. Mosser company, West Virginia; Sylvia Tanning company, Delaware; a cut, sole, factory, sales stores, and nearly seventy per cent of the common stock of the Eastern Leather company which in turn owns various subsidiaries.

Frank G. Allen, president of the Eastern Leather company of Boston, is chairman of the board of directors.

Henry W. Boyd of Chicago is president. Other board members are M. C. Wolmer, Chicago; P. C. Von Der Hyde, Boston; M. T. Brennan, Olean, N. Y.; Philip L. Reed, Boston; and three vice presidents of Armour and Company, W. F. Croft, R. J. Dunham and F. Edson White, all of Chicago.

ROAD BUILDERS GATHER IN LOUISVILLE FOR CONVENTION
By the Associated Press.
LOUISVILLE, Ky., Feb. 10.—Delegates representing practically every state in the union, and a few from Canada attended the opening business session of the seventeenth annual convention of the American good roads congress today.

A program of extensive highway improvement is expected to be mapped out. Both sessions today were principally occupied in discussion of state supervision of road building and informal talks on new developments in types of construction.

FIGHT TO RETAIN HOG INSPECTION

Plan to Discontinue Fight on Cholera Starts Campaign for Retention of Appropriation

Information received yesterday morning by Dr. W. A. Sullivan, hog cholera specialist for southern Idaho from Congressman Addison T. Smith, indicating the withdrawal of this work from this state resulted yesterday in the inauguration of a campaign to secure the retention of the appropriation which keeps up this work in southern Idaho.

P. C. Meredith of Buhl, Minn., secretary of the National Association of Agriculture, is the author of the bill which would discontinue the appropriation for the retention of the appropriation.

L. R. Otto, president of the Bureau of Agriculture, is another who added his protest to the proposed suspension of the work.

Mr. Otto declared that the industry in Idaho, which is just being built to a substantial stage cannot be maintained if hog cholera is again permitted to become prevalent in this territory.

Telegramms were also sent by southern Idaho commercial organizations to the senate.

Following is the telegram received from Mr. Smith by Dr. Sullivan:

"Determined fight being made against appropriation for hog cholera work; present appropriation being reduced over two hundred thousand; have Maxwell, president commercial club and county agent, who needs of the service southern Idaho and what has been accomplished in extending the hog industry through the activities of the bureau.

The protest against the movement made by L. W. Coleman, county agent, is as follows:

"Twenty-six per cent of all hogs in 1914 in Twin Falls county were infected with hog cholera. Vigorous campaign by bureau of animal industry has reduced disease to less than one per cent. Swine industry can not be administered by farm bureau unless we are assured government will continue support in hog cholera eradication.

The board of county commissioners added their bit to the campaign to retain the bureau in the state by the following telegram:

"The bureau of animal industry's activities in this county in the hog cholera control work has stimulated the swine production two-fold and it is felt that any decrease in the appropriation for this work will greatly menace the swine industry not only of the county of Twin Falls, but of all Southern Idaho where cholera is now present.

SENT TO INSANE ASYLUM.

At an insanity hearing yesterday morning in the probate court before Judge O. P. Duval, testimony was introduced that committed Joe Loneragan to the state asylum at Blackfoot. The case is said to be curable. Loneragan has been living at the Waverly hotel.

MARGARET ANGLIN COMING.

Margaret Anglin, the distinguished emotional actress will appear at the Lavering theater on Saturday, February 14, in a modern play entitled "The Woman of Bronze" by Henry Kleinsmeyer and Eugene Deland. It is a three-act drama with a story that has human appeal and is filled

with intense moments. Miss Anglin in the role of "Vivian Hunt" will again give evidence of her wonderful ability as an emotional actress. It will be quite a change of atmosphere from her play of last season "Billeted" and in the undertaking of an emotional role after playing successfully a light comedy she will give further proof of her versatility. Miss Anglin has personally directed the presentation of "The Woman of Bronze" and has selected a cast which will measure favorably with the personnel of her former companies. Fred Frie, who has been Miss Anglin's leading man for a number of years, will again be seen in a part in which he is said to excel.

AUSTRALIAN POET SOLDIER PRAISES YANKEE WHITEHEAD

"Tom Skeyhill, Australian poet, speaker, poet, a young man with several bullet holes gained on the Hindenburg line, presented a new side of his character to a large audience at members' forum of the chamber of commerce at noon Monday when he spoke on "Your America," and made much humor from the great American "language," as he had learned it from the Portland and Skayhill will be here tonight at the Lavering theater.

Reviewing the new status of world affairs, Skeyhill deprecated the spread of Bolshevism, declaring that by discrediting Trotsky and Lenin and their sending agents and money to America the root of evil might be stamped out in this nation.

"Your own have not been won or lost on the battlefields so much as during the period of reconstruction. That is true of all the wars of all peoples and will be true of the coming war. Only by the realization of the fact that it were better never to have started a rehabilitation program than to chicken now can you accomplish the rebuilding of the shattered world. Everyone, quite off, sleeve up, must get into the big work."

The young poet-soldier, said brilliant tribute to American fighting men. "The American doughboys stand in front of all the people and all the fighters I have known. Through all his virtues and all failings he remains, without a doubt, the greatest of England was a brain in the situation along the line that he owned the thing. But the American came in and swayed through the trenches and over the fields as if he didn't give a damn who owned them."

C. W. & M. COMPANY ASKS \$27,000 FROM M. L. SCOTT

The Consolidated Wagon and Machine company yesterday filed suit in the district court against Milton L. Scott, seeking to recover \$27,000 alleged due on account.

JUDGMENT BY PROTESTED.

Suit was filed in the district court yesterday by Ethel Webb against the First National bank of San Francisco seeking to prevent execution against a judgment given the bank against her husband for \$4025.29 by a jury in the district court last month. The claim is for that the property against which an execution would be made is the separate property of the plaintiff and is not that of the defendant.

ROGERSON SCHOOLS CLOSE.

Because of the prevalence of tuberculosis the school at Rogerson has been suspended. There are a number of cases in the town. Miss Laura Hanson, one of the teachers in the school, is confined to her home in Twin Falls suffering from the disease.

SUSPENSION OF MINES FORCED BY WOBBLIES

By The Associated Press.

BINGHAM, Utah, Feb. 10.—Two of the six copper mining companies operating in the Bingham area suspended work today because of the strike of miners affiliated with the United Mine Workers of America, 800, Industrial Workers of the World, here today. Three hundred men failed to report for work this morning, and to report many more had joined the ranks of the strikers.

The union demand a flat wage increase of \$1 daily and betterment of working conditions and also stipulate that their eight-hour work day must begin when they reach the mine entrance and not the workings as heretofore. They claim that in some instances the underground workers lose two hours daily coming to and from the mine entrances.

About 2,000 of the 5,000 miners in Bingham are said to be affiliated with the I. W. U. union, and tomorrow it is expected more will strike. Six alleged agitators were arrested early today on open charges but were released early tonight on the stipulation that they leave Bingham immediately. One additional alleged agitator picked up tonight. He is held in the county jail.

Authorities do not expect trouble, but have taken precautionary measures to prevent and also to protect property. It is rumored the Bingham strike is the first of a series the Industrial Workers may try to start in various Utah mining camps, in some of which they have large memberships.

CLARK AND BRACKETT ASK GIVEN \$50,000 VERDICT

The jury, which for the past week has been hearing evidence in the case of the Idaho Farm Development company against Irvin Brackett and Frank Clark in which the plaintiffs were contesting the award of appraisers last evening returned a verdict awarding Brackett \$32,918 and Clark \$19,224. The verdict was within \$52 of that of the appraisers while the amount given to Clark is \$4001 less than the appraisers award. Clark will retain his home, 115 inches of water and 500 acres of land of his property, while Brackett will have but 57 acres of land left of his original holdings.

The case of the Development company against Fred Walters will start today. The appraisers in this case favored the payment of \$41,000 to Walters.

WATCH IS DISCOVERED BY SHERIFF'S OFFICE

On a recent investigation in connection with the disappearance of some merchandise belonging to a millinery establishment in Twin Falls, Sheriff A. N. Sprague, seemingly unraveled a mystery concerning a valuable woman's watch that was lost last November at Blue Lakes. The watch was advertised as having been found and a young woman has worn it as her own since that time the sheriff stated.

The watch has been recovered and is now at the sheriff's office awaiting the original owner to identify it. The young woman admitted that she did not own the watch, it is said, and the true owner will be sought.

STORING WATER IN WEST END HOSE, Idaho, Feb. 10.—The Twin Falls West End project near Buhl has a promising outlook for this season, which will be its first season under its new development, according to John Bradley, Chief act engineer in the state reclamation department, who has just returned from an inspection trip to the project. The water above the outlet tunnel on Cedar creek has reached a height of 17 1/2 feet he reports. The country is enjoying lots of warm sunshine, and in some places the roads are already a little dusty.

SECURE BIG CONTRACT.

Kunkle & Bonfiller, local decorators and painting contractors, have recently secured large contracts in Burley for modern decorating and repairing in the Pixon confectionery, National hotel lobby and the New Theater. They have a considerable number of men on this work at present.

JOHNSON CANCELS HIS SPEAKING DATES IN N. W.

By The Associated Press.

WASHINGTON, Feb. 10.—Senator Johnson of California, recovering at his home here from an attack of influenza has cancelled his campaign speaking dates for this week and next week in Minnesota and North Dakota. It was said tonight, however, that his condition should be constant improvement and that he probably would be able to be out within a few days.

SOUTHERN WHOLESALES FORM A GIGANTIC NEW CONCERN

By The Associated Press.

RICHMOND, Va., Feb. 10.—Formation of a great mercantile corporation planned to be capitalized at three quarters of a billion dollars, was announced here today by officers of the Southern Wholesale Dry Goods Association. The new combination is said to have purchased within the

past few weeks approximately 1,600

holdings of the corporation were announced by Southern Wholesale Dry Goods association officials as including the Montgomery Ward Company, the United Candy company and the Marier-Dalton-Gilmer company. George J. Whelan, of the United States Stores, the United Retail Stores corporation of New York and James B. Duke, of the American Tobacco company, are said to be the backers of the new corporation, for which an application for charter with an initial capitalization of \$60,000,000 has been filed in Delaware.

In addition to the numerous retail stores, it was said the corporation had gained control of several well known textile mills the names of which, were not announced.

MASSACHUSETTS TOWNS VOTE FOR WET CLAUSE

By The Associated Press.

BOSTON, Feb. 10.—Although town meetings nowadays have only an academic interest in liquor license, three towns in this state reported today a shift in sentiment from abridgment of long standing to theoretical license. Provincetown yesterday returned the first license majority in its long history with a record of "yes 205; 'no' 102, as compared with last year's vote of "yes 60; 'no' 150. Tisbury in the western part of the state also went license for the first time, and Stockbridge, one of the fashionable summer resorts in the Blackheath which have been a steady advocate of no license, voted license 112 to 79.

COMMENCE PREPARATION FOR THE REPUBLICAN CONVENTION

By The Associated Press.

CHICAGO, Feb. 10.—A. T. Hort, chairman of the committee on arrangements for the republican national convention, arrived in Chicago today to prepare for the gathering June 8. He will be joined tomorrow by Will H. Hays, national chairman. The two party leaders plan a conference with Fred W. Upson, formerly national treasurer.

Mr. Hays will be a speaker tomorrow at the national convention of the Lincoln league, an organization of negro republicans.

YOUTHFUL BANDIT CAUGHT WITHIN A SHORT TIME

By The Associated Press.

LOS ANGELES, Feb. 10.—Within three hours after four young masked bandits had held up officers and customers of a branch of the Home Savings bank late today the police arrested Charles Scott and recovered

more than \$1,000 of the \$11,000

taken. Two women customers, fainting when the robbers shouted "handy up" and were not revived until carried to a nearby drug store after the robbery. The police said Scott had confessed participation in today's robbery but refused to explain how a quantity of jewelry found in his room came into his possession. The police believe this was taken in a recent robbery in San Francisco. Scott was traced through an agency where he rented an automobile said to have been used by the robbers in escaping.

NOTED SPECIALIST DIES.

By The Associated Press.

PASADENA, Cal., Feb. 10.—Dr. John Walton Lane, noted yellow fever specialist who aided General George in conquering the yellow fever peril in Panama, died at his home at La Granda Park near here today. In recognition of his services in the Spanish-American war Dr. Lane was made medical adviser of the navy by a special act of congress.

DRUGGISTS PROFITEERING.

SAN FRANCISCO, Feb. 10.—Retail

druggists are taking advantage of the influenza epidemic to charge exorbitant prices for whiskey prescribed by physicians, selling it for from \$25 to \$30 a gallon, according to reports which Justice S. Wardell, collector of internal revenue, said today were reaching him. He said he saw no way to "stop this kind of profiteering."

MEASURE TO CONFERENCE.

WASHINGTON, Feb. 10.—Carrying

approximately \$6,641,637, the diplomatic and consular appropriation bill was passed by the senate today and sent to conference.

GOMPERS' OPEN CAMPAIGN FOR POLITICAL ADVANTAGES

By The Associated Press.

WASHINGTON, Feb. 10.—Organized labor's campaign to elect a congress friendly to it was opened formally today by Samuel Gompers, president, and J. A. O'Connell, vice president, of the American Federation of Labor, in addresses before a shipbuilders trade convention here. Both speakers vigorously assailed the present congress as the "most reactionary in the history of this country," and declared that from it labor need expect not the slightest assistance in the shape of "remedial legislation."

Inviting the representatives of 600,000 shipyard workers present to join the federation in its fight to "reward our friends and defeat our enemies," Mr. Gompers promised them every assistance of his organization in forcing the government to continue the war time ship construction program to its logical conclusion, giving the United States the "greatest merchant marine in the world."

"We propose to move ahead no matter what obstacle is placed in our way," said Mr. Gompers, referring to the campaign. "The labor movement cannot stand still it must of necessity progress."

TOM SKEYHILL

POET—SOLDIER—LECTURER

Lavering Theater Tonight

SEVENTH NUMBER LYCEUM COURSE

Subject, "Your America and Reconstruction"

Tom Skeyhill, the Australian poet, and lecturer, is only 33 years old, and yet he has spoken on the same platform with Roosevelt and Taft, and before President Wilson. He has filled to overflowing all the biggest and best auditoriums in America, including Carnegie Hall, Metropolitan Opera house, and Brooklyn Academy of Music, in New York; Medina temple and the Auditorium in Chicago, the Tabernacle in Salt Lake City, and the immense auditorium in San Francisco. He has spoken to bigger and better audiences than any other war speaker.

On the third anniversary of the sinking of the Lusitania, he spoke in Carnegie hall, New York, with Theodore Roosevelt. At the conclusion of his address "Teddy" rushed across to him and said: "You have the best story that has come out of the war and I am prouder to be on the stage with you than any other man I know."

On one notable occasion the young poet spoke before President Wilson on Fifth avenue, New York. A tremendous audience was present and at the conclusion of his address, the president stood up and saluted him.

The Cleveland Plain Dealer names him as "The most effective war speaker in America;" the Cincinnati Enquirer refers to him as "The silver-tongued master of eloquence;" The Literary Digest, in a long article, calls him "A Knight of the Holy Grail, a young crusader and a man well worth reading about." The New York Times says he is "an eloquent speaker who thrills his audience," and the New York Globe refers to him as "The greatest inspiration."

The Australian's subject is "Your America and Reconstruction." Incidentally he gives in an extraordinary "over the top story" of how the Allies fought the Turks at the Dardanelles; of how they landed, fought a great fight for eight months, and then slipped away. This campaign has been constantly referred to as the classic of the war.

Young Skeyhill also fought on the Western front, and gives us an interesting estimate of the American doughboy, although these are but incidents in his lecture.
