COMPLIMENT LOCAL VOCATIONAL WORK

Twin Falls High School Has Much Success Under Smith-Hughes Act.

Twin Falls high school is recognized as having one of the best examples of the success of vocational education in the state of Idaho, under the Smith Hughes act, according to information received by George E. Denman, who is in charge of the agricultural department at the local high school.

Letters have been received by Mr. Denman from the state department commenting on the favorable reports sent in by C. B. Wilson, state supervisor, who was recently in Twin Falls on a tour of investigation concerning

the accomplishments of this and other local vocational departments.

Following is one of the letters received by Mr. Denman:

"Mr. Wilson, supervisor in agriculture, has recently been in this office and commented very favorably on the work in agriculture in the Twin Falls high school. The fine character of that work and the large and growing enrollment are matters I feel you are to be congratulated upon."

"You are, I believe, in one of the best communities of the state for the development of a very strong department of vocational agriculture, and I am glad to see that its possibilities are being realized and made the most of. You have a very able and progressive superintendent and board, and one of the richest and most forward looking agricultural districts in the entire west in which to work. It seems to me that there is opportunity for a splendid extension of the type of work in agriculture you are doing down there."

"If you have close to seventy-five boys in this work, as Mr. Wilson's report indicates, it seems to me that you will soon have more people than one teacher can handle properly in this work of this character. How do you manage to get all the members of your larger classes out for field trips?"

"May I ask, too, if you have given any thought to the possibility of providing some winter course work in agriculture for those boys or farmers who do not get to high school? I believe that such work might be profitably undertaken for five or six of the winter months. Those interested in it might not be required to take any other work except the special thing they were after in agriculture. It will be well to have you talk this over with Mr. Blue and let me know what you think of it."

The home of Mrs. Allen P. Senior was the scene Wednesday afternoon of the meeting of the Wednesday Bridge club. Mrs. C. E. Lavering was successful in carrying off the honors of the afternoon. The next meeting of the club will be held at the home of Mrs. Spafford on February 18.

The Shamrock club was entertained at the home of Mrs. Skillman yesterday afternoon. Owing to the influenza there were only a few members at the meeting. The afternoon was spent with a musical program consisting of both vocal and instrumental, while Mrs. McCoy gave an excellent reading. The hostess served delicious refreshments during the afternoon. The next meeting will be held at the home of Mrs. Peterson.

Mrs. John Costello delightfully entertained the M. C. K. club at her home Wednesday afternoon. The thing was spent with bridge at which Mrs. Ramsey was successful in taking the first prize. The guest list included Mesdames Kelly, Erickson, Jack Shroat, Tom Reed, Willett Hance Sr., Johnson, Ramsey and Aarsp.

The members of Mrs. Ray Colson school class is entertaining the boys class this evening with a valentine party.

CONFISCATE RED PAMPHLETS. GENEVA, Switzerland, Feb. 11.—Large numbers of Bolshevik pamphlets, urging a revolution in Switzerland in the hope that it might spread to neighboring countries, have been confiscated by the government.

RAISE NEAR EAST FUND FEBRUARY 20

Intensive Campaign to be Carried On By Committee Throughout the County.

Plans to raise the county's quota for Armenian and Near East relief were completed last evening at a meeting of the county committee called by the chairman, E. L. Ashton. It was decided to devote one day to the campaign—Friday, February 20. An intensive drive will be made in all parts of the county.

Twin Falls is asked to raise \$5,000 as its quota. It is anticipated that this amount will be quickly raised.

Governor Davis recently issued a statement endorsing the movement.

"There is no one who has not deeply felt the wrong suffered by the people of Armenia," said the governor's statement. "In spite of the shocking tales which we have heard, there are few in this country who realize the depth of wrong and woe which has befallen the stricken country."

While I know that countless drives have tended to make people hesitate to give more at this time, yet I would hesitate. My belief is that Idaho people would give, even though it be little to the 'Near East Relief Fund,' authorized by congress. Headed by men of high character and humanitarian leanings, the 'Near East Relief Fund' is in good hands and the cry of hundreds of thousands of suffering women and children of Armenia comes across the sea to soften our hearts. My belief is that Idaho people will give this altogether worthy cause what they feel they can afford."

The members of the Twin Falls committee are: E. L. Ashton, I. P. Constant, Ralph A. O. McManis, F. H. Denton, Kimberly, H. M. Smith, Hansen, and W. G. Hall, Murtagh.

MOTHER OF HOMER C. MILLS DIES FROM PNEUMONIA

Mrs. Lola May Mills, mother of Homer C. Mills, a well known lawyer of Twin Falls, died yesterday afternoon at 4 o'clock at the local hospital as a result of an attack of pneumonia. Mrs. Mills was 67 years of age and her death is mourned by five sons, Terry, Homer C., Martin, Clyde and Delbert, and three daughters, Marie, Inelach and Mrs. J. H. Rice. Funeral services will be held Saturday, February 14, at 2 o'clock.

Local Briefs

Mrs. Olive Haggell, who was called to Blux City by the death of her sister, returned to Twin Falls the forepart of the week.

H. M. Van Eaton of Contact stopped in Twin Falls yesterday afternoon on his way to Nunn, Colorado. He is called there by the sudden death of his brother, which happened Wednesday afternoon.

John Taylor of Salt Lake City arrived in Twin Falls yesterday afternoon on a business trip.

Sidney Graves is leaving this afternoon for Shoshone where he will remain for a short time looking after business interests.

W. H. Jones of Kimberly motored to Twin Falls yesterday forenoon for the days business trip returning home in the evening.

Mrs. Minnie Petersen left yesterday evening for Burley where she will visit for a few days with her daughter.

G. K. Hunt of Boise was among the Twin Falls arrivals yesterday for a few days business trip.

N. H. McClary of Boise arrived in Twin Falls yesterday forenoon for a brief business and pleasure trip. Charles H. McQueen of Buhl motored to Twin Falls yesterday afternoon for a short trip, called here by urgent business matters.

George Carman of Pocatello was among the out of town visitors in Twin Falls yesterday afternoon.

Mrs. Hoyle of Jerome motored to Twin Falls yesterday forenoon for a brief visit at the home of friends.

Henry Matthews of Boise was among the Twin Falls arrivals yesterday afternoon and will remain for a couple of days looking after interests here.

C. E. Reed arrived in Twin Falls yesterday afternoon for a few days business trip. He will go to Pocatello upon leaving here.

Ivan J. Lincoln of Piler, president of the Twin Falls Chamber of Commerce, arrived in Twin Falls yesterday afternoon for a short business trip.

Mrs. Fern Lee of Hazelton is in Twin Falls spending a few days visiting with friends and shopping.

Ray M. Beaumont of Buhl motored to Twin Falls yesterday afternoon for a combined business and pleasure trip.

W. H. Shriver of Buhl, accompanied by his wife, arrived in Twin Falls yesterday afternoon for a few days business trip. Mrs. Shriver will shop while here.

Miss Lillian Graybill of Piler motored to Twin Falls yesterday afternoon for a short shopping expedition.

W. T. Herbert of Hansen motored to Twin Falls yesterday afternoon called here by urgent business matters.

Irby McFarland, who has been

spending the past few days in Chicago on business returned to Twin Falls yesterday afternoon.

Mr. and Mrs. D. T. Turner of Kimberly motored to Twin Falls yesterday afternoon for a brief business and shopping trip.

Mr. and Mrs. John C. Harvey are the proud parents of a baby girl, born Wednesday night. Both mother and baby are doing nicely.

Mrs. Marion Beatty and little son of Rupert, have been called to Twin Falls by the illness of her mother, Mrs. J. R. Conway.

C. A. Colburn, car demonstrator and salesman for the Reynolds Bros. hardware and farm implement dealers, who are also agents for the Stephens automobile, is attending the auto show at Salt Lake. He expects to be home again Saturday.

HOLD SERVICES TODAY.

Mrs. May Drennon, whose husband recently took over the Stewart homestead near Twin Falls, passed away early yesterday morning after an attack of influenza. She was 20 years of age and is survived by her husband and a little girl, a year old. Funeral services will be held today at 2 o'clock at the DeWitt chapel. The body is to be buried in the local cemetery.

LIBRARIES LACKING FUNDS.

By the Associated Press. BERLIN.—German libraries and scientific publications are suffering from the lack of funds. The Privy Councillor, von Harnack announced at a meeting of the Berlin University that the state library could no longer purchase any books and magazines. He said that scientific magazines in Germany are gradually dying, that scientific monographs could no longer be published, since the support of the academies has ceased and that German scientific books were going abroad in great numbers.

SEEK STATE AID FOR TUBERCULAR TESTS

Chamber of Commerce Writes State Officials of Needs of This Section.

Efforts to secure continuation of tubercular testing of cattle in Twin Falls county even though the government withdraws its aid in this section, are being made by the chamber of commerce. The attempt will be made to obtain state aid for this work. It is understood that the state is contemplating putting men in the field and the needs of this county are being urged on state officials.

Several letters have been sent by the agricultural department of the chamber. Following is one forwarded to Miles Cannon, commissioner of agriculture of Idaho:

As you are probably aware, a sudden and serious situation has arisen within our community because of the fact that the government is contemplating cutting off our support in the matter of bovine tubercular eradication.

We have learned that there is still money available for this same kind of work. Dr. J. D. Adams, of your department, advises us that two state men are about to be placed in the field. We wish to ask you and sincerely urge that you use your influence to place one of these parties in this Twin Falls country.

Our pure blood stock growers here are in a serious plight. They agree with the state and the government to have their herds tested and certified. In most of the instances the first test has been made, and the second is yet to come.

Our pure blood stock growers here are in a serious plight. They agree with the state and the government to have their herds tested and certified. In most of the instances the first test has been made, and the second is yet to come.

to follow before certification may be secured. Our stockraisers are rightfully aroused over the possibility of having this work so suddenly terminated without securing the results desired.

As you must certainly know this section of the state has the reputation everywhere, not only in the state of Idaho, but throughout the entire west, for its high quality pure blood cattle. Our banks in this county are putting up the money and financing the arrangement of securing and placing in the hands of the Boys and Girls' clubs over \$15,000 worth of pure blood live stock for the purpose of encouraging these young farmers to keep up this present high standard and reputation which our community has earned.

Also, as you undoubtedly noted in the newspapers, our recent Shorthorn and live stock sales here showed plainly the quality of our stock, prices running the highest on an average of any sales in the northwest this season. Very many of these contracts at present are still pending, awaiting the complete tests and certifications. Many of these sales may be virtually ruined if this test work is not completed. Hence, another injustice possible to our local stockmen.

We cannot help but feel that considering our livestock situation in this community, our high agricultural development, our great number of stockmen, interests, and population at large, that your department will deem it advisable to continue this tubercular eradication work here even though we are entirely cut off from any federal assistance.

YUPEL SILENT, REPORT

By the Associated Press.
BERLIN, Wed., Feb. 11.—The German military evacuation of upper Silesia, preparatory to the plebiscite, has been definitely completed. It is announced in advices from that province.

A special dispatch to the Tugitche Rundschau from Oppeln charges that General Lerond, head of the inter-allied administrative commission, deliberately ignored the German civil authorities who reported for the reception formalities in response to the instructions of the commission. Herr Ditta, the first president of the province, and the heads of the local governing boards were among the men who responded to the summons to the reception which, says the dispatch, resolved itself into a military demonstration and speech making. General Lerond referred to the peace treaty provisions and promised to practice justice in his administration. It is announced that French troops are arriving in upper Silesia in large numbers.

WILLIE IS SERIOUS.

By the Associated Press.
THE HAGUE, cWd., Feb. 11.—It is declared in reliable quarters that former Crown Prince Frederick William was serious in making his offer to the entente governments to surrender himself in place of the Germans on the extradition list and that he is inclined to believe that the allies will accept his plan.

It is learned here that former Emperor William is strong in his disapproval of his son's action. Nothing was known at Wierongen of the ex-crown prince's intentions before his messages to the heads of the various governments had been dispatched, and the only notification given by Frederick William was one to the Dutch government when he sent the communication abroad.

BOMB JUST A HOAX.

By the Associated Press.
RENO, Nov. 12.—The "infernal machine" which was found in the mails here yesterday, causing consternation among postal employees, who opened it prior to consigning it to the dead letter office, proved by chemical analysis to be a hoax. The sinister looking containers within were filled with common black dirt and a soldering compound used by plumbers.

TO GIVE DIPLOMAS TO BIBLE STUDENTS

School Methods to Be Closed This Evening With Special Exercises at Christian Church.

Announcement was made last night that graduation exercises for those who have earned International school methods diplomas at the schools which have been conducted at the Christian church during the past week will be held this evening at 8:45 o'clock. It is expected that fully thirty people will have completed all of the requirements for the diploma. The work has been intensive and the pupils will do special assigned work during the next ninety days.

Following the close of the school here tonight the four members of the faculty will leave Saturday morning for Missoula, Montana, where the Montana School of Methods will be held beginning next Monday afternoon. A training school of the same character will be put on in Seattle and Walla Walla, Wash. The team will then go to Oregon and California for similar training school work. During their stay here, the faculty made their headquarters at the Rogers hotel.

The enrollment of the school was reported as 115 last night. There are representatives here from churches in Boise, Nampa, Caldwell, Rupert, Klamath, Jerome and Emmett. The Brethren, Baptist, Methodist and Presbyterian churches are represented in the school along with the entertaining Christian church.

Roy K. Roadruck, dean of the faculty, is regional secretary of religious education in the northwestern states with headquarters in Spokane, Wash. He has been conducting the course in administration of the church school. Mr. Roadruck also arranged the "Keeping Fit" exhibit for boys and young men. Scores of boys and young men, as well as parents and teachers of young people, have viewed the exhibit in the basement of the church. This will still be open until afternoon today.

Miss Cynthia Pearl Maus, national superintendent of young people in the Christian church, is another member of the faculty and is giving the work in principles of teachings and teen age specialization.

Miss Ida May Irwin, elementary

specialist and editor of Bible school literature of the Christian Board of Publication, St. Louis, Mo., has been leading the elementary specialization work of the school, as well as the course in missionary methods and instruction. Miss Irwin at one time was director of religious life of the leading churches of Seattle, Wash., and has had both practical and theoretical knowledge of her work.

Charles Darale, the national adult superintendent of the department of Bible schools, is the fourth member of the faculty. He served overseas with the Y. M. C. A. during the war and is now leading the nation in the great adult mobilization campaign, which he originated. His work in the school of methods in the adult specialization course and teacher training. Last night he was the chief speaker in the adult luncheon at six o'clock and laid before the local people a most comprehensive plan of organization based upon the unselfish service aims.

YOUNG MEN SHOULD BE MARRIED AT 21. GIRLS AT 18

CHICAGO, Feb. 12.—Young men of America should marry at the age of 21 and the girls they marry should be 18, Mrs. F. Josephine Stevenson, of California told the Woman's National club association, in convention here today. She read a paper on "Marriage and divorce."

If the girls are engaged in business at the time of the marriage they should continue their work, Mrs. Stevenson said. "Young people are capable of making up their minds at these ages, said Mrs. Stevenson, and from a hygienic standpoint, and from the viewpoint of developing better progeny, these are the best ages. Happier homes result from early marriages and there are fewer divorces."

HEAD OF ROTHSCHILD BANKS IS CALLED BY DEATH

By the Associated Press.
NEW YORK, Feb. 12.—A report of the death of Baron Edmond De Rothschild has just been received from Paris by the Zionist organization of America, according to an announcement made by the organization here. Baron Rothschild was 74 years old and the head of the French branch of the famous banking house. The activities of the late baron in helping Jews from Russia and Rumania, establish colonies in Palestine made his name widely known.

His most successful achievements

in the Holy Land were the founding of Tel-Ach Tikvah and Rishon Le Zion colonies, noted for their grape growing industry. As an aid to his colonies he established his famous wine cellar in the latter colony, from which some of Europe's finest wines are supplied. As an educator Baron Rothschild left the Jewish world "Mikvah Iareh," a great agricultural school of Palestine.

The American Zionist medical unit was given a large share of the baron's support in recent months. A hospital he had established in Jerusalem was turned over to the unit recently and through supreme court Justice Brandeis, honorary president of the Zionist organization of America, a fund of \$50,000 also was given by Baron Rothschild for medical work in Palestine.

NO PREFERENTIAL PRIMACY. By the Associated Press.

TAMPA, Fla., Feb. 12.—There will be no preferential primary in Florida this year, the democratic state committee having made no provisions and the republicans having already named delegates to the Chicago convention. The republicans are not instructed.

HITS PRESS USE WIRELESS. DANZIG.—The first German paper to install a wireless plant for the collection of news is the Danzig

Poste. The first dispatches have arrived without interruption. This is the first concrete result of the German plan to establish an entire chain of wireless stations connecting the German papers of Germany.

Every Day

Express packages arrive from New York filled with new Spring merchandise. With six expert buyers now in the market, buyers who have had years of experience in their respective lines, we can promise the people of Twin Falls the very latest and newest that Fashion has to offer.

Wright's

A GOOD PLACE TO TRADE

Your New Spring Suit

Should have smart lines and perfect finishing, making elaborate trimming unnecessary, simple braid binding forms, in most cases, the only adornment. The jackets are handsomely lined. Skirts are a trifle wider, than last season, with scarcely any trimming. The navy blue tricelines will be very popular.

Flare Coats

—are some of the secrets this advance showing reveals. Backs swinging free from the shoulders are allowed to gracefully hang.

The Eton

—has come to its own and certainly with its help, it will be no task at all for the most of us to look youthful.

Short Sleeves

—say these new frock arrivals, "have come to stay." That's one reason why you will want to choose a new frock immediately. Be one of the first.

Pleated Skirts

Fashion has decreed that pleated skirts are good. Yes, even the suits and frocks come with both wide and narrow pleats. For sport wear the pleated plaids are good.

Bags

Beaded Bags, leather, silk and velvet bags—all are here. You will need one to complete things. The prices are special this week.

Ribbons

There are so many things that ribbons can be used for in adding the finishing touch to the Spring wardrobe. Some fresh stock has arrived in the newest shades and colors.

Blouses

The vogue for hip band blouses is increasing. Almost every day new models are added to our already fine display. Ask to see some of the latest creations.

Valentines

Nowadays it is proper to give practical gifts. May we suggest a pair of silk hose, perhaps a pair of gloves, or a

LINCOLN IS HONORED AT MANY PLACES

Continued From Page One.

gle duty in furthering world civilization. His heart would have rejoiced as our part in halting the military autocracy of Germany in its ruthless pursuit of world domination.

"I am very certain he never would surrender the nationality, for which he sacrificed and fought, to any super-government of the world no matter what its title or its purpose might be. He would cling to the American citizenship as the guiding light of a confident republic."

SAYS U. S. UNPREPARED.
JERSEY CITY, N. J., Feb. 12.—A warning that the United States may be "up against it" in the next war if she has to face an enemy's navy single handed, was uttered tonight by Rear Admiral William S. Sims in an address delivered before the Jersey City Lincoln association.

"We got away with this job this time," he said, "but we may be up against the next time with a navy that is not busy fighting the navies of other countries at the same time."

The admiral declared that any criticism he had ever made had been made for the benefit of the navy, but that Americans do not like to be criticized.

"America cannot and does not ask for criticism," he declared. "You know that. They argue: 'We're all right and if we're not we don't want to hear it.' This is a dangerous attitude and has cost us thousands of lives. Assumption has been made that I have criticized the record of the navy. I have gone beyond the limit in praising the men for their work. I have told the truth—some of it was not liked."

ATTACKS RADICAL DOCTRINES.
ST. LOUIS, Feb. 12.—WILLIAM H. Hays, chairman of the republican national committee, in an address here tonight denounced Abraham Lincoln and made a plea for the eradication of radical doctrines.

Mr. Hays reiterated his plea for "patriotism in peace" and urged everyone to take an active part in politics. Anarchy flows before patriotism, he asserted, and declared if the people would continue to work for the country in peace time as they did in war time, the government would not have to concern itself with radicalism.

"Lincoln's true greatness," continued the speaker, "consisted in the fact that he died a martyr to the great cause. There goes the spirit of Lincoln at the head of the great army of England when he saw the advance guard of American soldiers sweeping forward over Florida fields. And when the awful carnage caused the foremost of his officers to perish, gazing into the troubled future, murmured despairingly 'what Europe needs now is a Lincoln.'"

WOOD MAKES SPEECH.
CLEVELAND, O., Feb. 2. Observance of the one hundred and eleventh birthday of Abraham Lincoln today by the presence of the Lincoln American alliance ended tonight with a banquet at which Major General Leonard Wood was the principal speaker. Various labor business and university leaders discussed reconstruction problems at today's sessions.

SAYS HE WAS PAID PRICE FOR HIS SUPPORT

Continued From Page One.

what I would do, because he would know by watching the returns."

"After this talk what did you do?" asked Judge Johnson.

Plays Safe Side.

"Why, I figured it was safer to play on the safe side of it so we kind of decided we would be for Newberry," said McKeligan. "Two of my main supporters in the different elections happened to be in the front part of the store and I walked out in front, told them of the conversation, we were making the way it was put to me. Now, I says, 'We better see to that'."

LEADERS OF AMERICAN RED CROSS

Newberry gets a very good vote up here; I don't care whether he wins or not.

"Was the district carried for Mr. Newberry?"

"It was."

"What became of your cue?"

"It was reversed."

On cross-examination Martin W. Littleton had the witness relate that he came to Michigan from Cleveland, had been in politics six or seven years and beside the assault and robbery conviction had been arrested two or three years previously for illegal sale of liquor.

WILSON WILL MEET UNION HEADS TODAY

Continued From Page One.

upon pending decision of the president.

Cue Is Unsettled.

Differences between the railroad administration and the station employees and longshoremen were understood to have been settled several weeks ago, but Mr. Hines told them that time he would discuss their grievances further whenever they desired. J. J. Doyle, president of station employees, said after the conference he had not been given what he "intended getting," but that the question had not been disposed of finally.

The maintenance employees representatives presented a statement from their president, A. E. Barker, the contents of which were not disclosed. J. P. Mallory, vice president, who headed the delegation, however, declared the agreement which railroad administration officials claimed would be broken by the proposed strike, contained no provision with respect to wages which required a notice of 30 days before cancellation. The construction of the agreement was only that the 30-day clause applied only to "hours of service and working conditions." On this basis, he contended, official notice was unnecessary.

Conference Deferred.

A conference had been tentatively arranged between Mr. Hines and W. G. Lee, president of the Brotherhood of Railroad Trainmen, but it was deferred pending the White House decision.

While House officials indicated strongly their feeling that the strike has not passed even though the negotiations thus far have been harmonious. Developments have come so rapidly in the last 48 hours that further change—and at one of several might prove serious—would not be surprising.

Country to this, however, was the suggestion offered in many quarters that regardless of the outcome, rumors of a general strike of all rail workers were not to be regarded seriously at this time because of the pending legislation. It was pointed out that federal wage boards have failed to satisfy few of the organizations which would come before them with grievances and that the railroad employees generally have confidence in any report which such a body as is proposed in the Committee-Each bill would make in their case.

ACCEPT ANY FAIR PROPOSITION.
DETROIT, Mich., Feb. 12.—Any "fair proposition" put forward by President Wilson in the railway wage controversy will receive the serious consideration of officers of the Brotherhood of Maintenance of Way and Railway Shop Laborers. It was announced at headquarters here tonight. The statement was also attributed to President Allen E. Barker.

FIND REMAINS OF HERMANDO CORTES

Body of Spanish Conqueror Believed to Be in Temple of Jesus in Mexico City.

MEXICO CITY.—After almost 100 years of consistent search it now appears that the remains of Hernando Cortes, Spanish conqueror of Mexico, have been definitely located in the Temple of Jesus, one of the many Catholic churches in Mexico City. A gold key which can unlock the marble vault containing the dust of "the conquistador" and the funeral garments in which he was buried is said to be in possession of Senor Borneque de la Barra, a resident of Paris, and efforts are being made to obtain it. The key comes to Senor Borneque as a heritage.

Newspapers have agreed in this connection to give absolute credence to the testimony of a direct descendant of the keeper of the hospital of Jesus, an annex to the temple of the same name. He claims to have documentary evidence that in 1823, when patriotic zealots planned to take forcible possession of Cortes' remains they were saved from violation and were later returned to their original resting place beneath the main altar of the temple.

It was this acquisition in 1823 that enabled students to conduct a search for the hiding place, many asserting it was in Old Spain and others in Naples, Italy.

The restlessness which drove Hernando Cortes, Spanish courtier, to New Spain and culminated in the conquest of Mexico from the Aztecs in 1521, after one of the most brilliant campaigns in all history, apparently continued after his death near Seville, but in 1562, in accordance with his will and by order of his son the remains were taken to Mexico, not to the Mexico City suburb of Coyacan, which had been Cortes' headquarters during the memorable siege of Mexico City, but to the monastery of St. Francis in Tezcuacan, another village near the Mexican capital.

The remains were moved again in 1623, this time to the church of St. Francis in Mexico City. The transfer was accomplished by the most lavish religious pomp and ceremony ever recorded in the country. In 1784 the remains were again given a new resting place—the Hospital of

Jesus of Nazareth, an institution founded and endowed by Cortes. There was no period of interruption until a crowd of demonstrators in 1823 wished to scatter the remains as a token of their independence when a secret removal was made until the flame of revolution had died down.

It is in this hospital or church, as it is now, that the historic crystal coffin secured by bars and plates of silver and containing the dust of Cortes was wrapped in linen embroidered with gold was deposited and now is believed to await the return to Mexico of the golden key with which its hiding place may be unlocked.

GOES TO PALESTINE.
LONDON.—Herbert Louis Samuel, formerly British postmaster general, has left London for Palestine, which he has been invited by Field Marshal Lord Allenby to advise on questions of administration and finance in the development of that country.

HOUSES HELP HUNTERS.
MANCHESTER.—Complaint has been made here that poachers are using automobiles driving along the roads, shooting within reserves and sending dogs for the game.

NEEDS TIME.
CHATTANOOGA.—"Judge," said the man who was charged with immediately imbibing, "Judge, you oughta make allowances for a guy until he gets used to this prohibition booze. I only had one nip and it laid me out."

A "NEST-EGG" FOR THE BABY

People who save money for a definite purpose find the services for a good bank of great assistance.

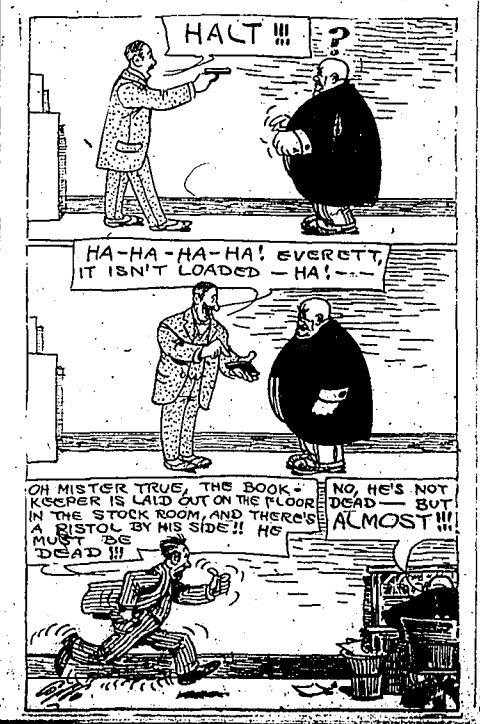

Savings accounts are often opened at this bank for the purpose of taking care of vacation expenses, endowments to children, the winter coal bill, taxes to be met, insurance, college expenses of the children, etc.

A moderate sum, deposited in the name of a child, will grow to be a tidy sum in twenty years. Open an account as a "nest-egg" for the baby. This bank will pay 4 per cent interest compounded semi-annually.

PLUMB PROPOSES NEW TAX METHOD

Wants Capital Levy Made On Property
Similar to German
Method.

By the Associated Press.
CHICAGO, Feb. 12.—Discharge of the national debt by a capital levy upon property, not necessary, Glenn E. Plumb, president of the Plumb Plan League for a tripartite control of railroads said in an address here tonight before the All-American Farmer-Labor Co-operative conference.

"Our problem in meeting the admitted national indebtedness of \$20,000,000,000," he said, "is to adjust our affairs that the two per cent of the people owning 60 per cent of the wealth shall pay their proportionate amount of this indebtedness."

"If we meet this indebtedness by a tax on industry we distribute the liability to each man in accordance with his purchasing power. When all is said and done we may be compelled to accept the solution already adopted in Germany, and now considered as in-ordinarily in Grant Britain—the discharge of the entire national debt by placing a capital levy upon property."

"I do not say that this is the method that must be adopted. But in our interests we must study this question and determine upon the method which we unilaterally recommend for the solution of this problem."

"The Farmer-Labor conference looks to the establishment of a co-operative enterprise," Plumb said, embracing every step from the production of raw materials to collection, manufacture, storage and distribution to the ultimate consumer. It is hoped to include for millions and millions of people, upwards of 20,000,000 citizens, in the project.

"We are striving to escape from the duress imposed by a government of a small group of dominant men," the speaker said, "to free ourselves from a monopoly and central credit—to obtain for ourselves independence in many fields of endeavor from which we are now barred."

The present monopoly of credit, he continued, "has projected us into a crisis, economic, industrial, political, that convicts the administration and both political parties of absolute impotency."

Mr. Plumb said those holding the credit monopoly were "able to exhaust the taxing power of the government and devote funds raised for purely governmental expenditures to the profit of private industrial control. He cited the operation of the federal reserve system in illustration, saying:

"Member banks absolutely control the distribution of credit which they make of individuals in the community and directors of the member banks are usually composed of a group of men who control the great industrial enterprise of that community. Such enterprises naturally have a preferential call upon the credit of the bank within their control. This, if not aided by real value, is an inflation of the volume of currency, an inflation based upon a liability."

"I am reliably informed that the banks of this country have advanced a billion and a half on credit on representations made of supposed government liability to the insurer of the note. These occurrences do not represent goods received by the government or services rendered to it, and the treasury has refused to acknowledge any governmental liability at all. Yet hundreds of millions of dollars of federal reserve notes have been issued against such bills."

The recent treasury department ruling that federal reserve banks might carry liberty bonds as assets at the price paid when purchased was an "abuse" of national credit, Mr. Plumb said, as many capitalists subscribed for bonds at par but had never paid for them. Such holders have deposited the bonds with their notes for re-discount and federal reserve notes have been issued against these credits, he said.

Disproportionate value of liberty bond issues had caused member banks great distress, he said, and "to favor these small groups" the treasury order was promulgated, at the same time permitting them "to compel less favored customers to put up with lower margins to protect dispossessed values."

Mr. Plumb expressed the belief that the action for the treasury was unconstitutional, and added that the retirement of all reserve notes issued against these obligations would deflate the national currency by a billion and a half.

Mr. Plumb vigorously attacked pending legislation as "the first time the law has undertaken to declare that an injury to property or an act of hate against property constitutes sedition against the government."

"The people have the inalienable, unalienable and indefeasible right to change or alter their form of government whenever the happiness, peace and prosperity of the people require it," he said. "That unalienable right"

is now threatened. It must be preserved."

WANT CO-OPERATIVE BANKING.
CHICAGO, Feb. 12.—Co-operative banking to keep the money of farmers and working men within their own ranks was one of the wants which most of the speakers voiced today before the All-American Farmer-Labor congress. Glenn E. Plumb, brother of the Plumb plan for tripartite control of railroads, discussed the "sinister concentration in the control of the country's business."

Chains of co-operating stores with a highly systematized method of operation were advocated by Duncan McDonald, president of the Illinois Federation of Labor.

These stores, he argued, could have the benefit of central buying and general supervision. There should be a simple and uniform system of bookkeeping and the whole fabric of business should be made proof against lean clockmaker's skill.

discovery by the bonding of the store managers, he said.

O. C. Trunk said the maintenance of way employees and railroad shop workers have five factories, turning out products for them at less than wholesale prices. Co-operative buying gives members of this union a thirty to forty per cent reduction on other products, he said.

"We turn out good socks for 25 cents a pair in our factory," he said, "socks, underwear and clothes are among the products."

OLD CLOCK IS FOUND.

RIVERSIDE, Cal.—A grand father's clock, 180 years old and still ticking strong, has just been presented to P. T. Evans of Riverside by Frank A. Tolley, who obtained it 75 years ago in Pittsfield, Mass.

It is said to be one of the earliest examples of the early colonial American should be made proof against lean clockmaker's skill.

TWO JACKS MAY "SPLIT" IS RUMOR

Loss of Prestige May Mean a Change
In the Management of
Dempsey.

By FRED TURBYILLE.

CHICAGO:—Unless Jack Dempsey can prove a lot of charges untrue, he's out of luck as a drawing card in this country. Jack Kerns, his manager, realizes this.

They are fighting back now and pulling all the strings in sight to put the champion in the good favor of the public once more.

Maxine Dempsey, former wife of the champ, won't testify against her divorced husband. And she had de-

clared to reporters time and again that she had no involvement with Kerns.

But there are plenty of other things to the case and even Mrs. Dempsey may face a rigid investigation before the affair is dropped.

If Dempsey fails to get the coat of whitewash he seeks there is another way he thinks he can get out of the mess.

A majority of the critics of Dempsey feel that he was a victim of Jack Kerns' influence; that he would have been in the service if he had followed his own counsel in the matter.

Therefore Kerns may be clever enough to stage a withdrawal, with a publicity battle, of course, and let some other man replace him as the manager-in-name.

Rumor reaches us to the effect that the champion and his manager will "break" and that Dempsey will put his affairs into the hands of others.

One of them mentioned, as Kerns' successor is Tommy Walker, who in partnership with Nala Lewis looks after such boys as Joe Bonomo, Paul Moore and others. Kerns and Walsh has been friendly in the past.

TO BRING OUT MUCH TIMBER.

HANCOCK, Me.—Lumbermen of northern Maine expect to cut and haul out to the mills this winter about 1,000,000,000 feet of timber and pulp wood; which is the record for the Maine cut. This, however, is contingent upon weather conditions and upon the sufficient fall of snow enough to stage a withdrawal, with a publicity battle, of course, and let some other man replace him as the manager-in-name.

Under the French regime a system of modern roads is being built in Morocco and the coast towns and principal interior cities already are connected.

The Chance that the Army Offers YOU

"As a corporal I was drawing down \$38.10 a month every time the bugles blew 'Pay Day'."

"And when I read in the papers about the big civilian pay envelopes, civil life opportunities looked pretty good to me!"

"I took up my old job when I got back and when they raised my pay to \$35.00 a week—almost as much as I got every month in the Army—well, I thought I was sitting on the world."

"But times have certainly changed! Thirty-five a week today goes like a breeze. Food has advanced, shoes cost more, and every time I buy a suit I think I'm paying for the war as well as fighting it."

"I'm classed, I guess, as just an unskilled worker, I left school too early and I'm sorry for it now."

And where'll I be ten years from now? Answer me that! Working for day wages, making a living and nothing more? I guess not—for I'm going back to join the Army!

"I'm going to take a job that will give me more free cash than I get today—a job that'll mean all my expenses paid—a training that will make me the kind of man who succeeds and a life that'll keep me feeling fit and fine."

Health, Travel and Training

Congress has appropriated \$2,000,000.00 to be used in the Army Schools. In many schools and posts you will have the opportunity of being trained in the skilled trades and at practically all Army stations, schools are in operation in which you can improve your education.

You'll have enough out-door work to keep you in perfect trim. You'll learn the sort of discipline that makes a man able to handle other men. You'll have a fine crowd of buddies. You'll live a fine healthy life—no soft snap about it, but it will be a life that will make you a regular man.

You'll learn how to hold up your end in any company. You'll have an increased ability—a sure self-confidence on your return.

You'll be a part of America—one of its fighting men—its bulwarks of defense. If there's any trouble that the Army has to settle you'll have a red-blooded man's chance to do your share of the settling.

And three years from now, when the men who are working besides you now are still working for day wages, you will step out with a training that will command real money.

Think it over. The next three years at home; and no further along at the end.

Or the next three years in the Army, and a training that you can cash in on for the rest of your life. It's worth investigating, isn't it? Worth stopping in at the recruiting office to talk to the man in charge.

THE 14 ARMS OF THE SERVICE

The Recruiting Sergeant can give you the information that will help you decide which branch fits you best. In all of them you will get the fine training as a soldier that the United States offers all its men—in many branches you can get highly specialized training.

INFANTRY—The men who have made the name of "doughboy" feared and respected throughout the world welcome you to the comradeship. Fine fellows—good fun and good training in any school at the post you go to.

CAVALRY—When the horses are clamping at the bit and the "yellow legs" mount up and the troop rides forth, there is a thrill that no old cavalryman can ever forget. A horse of your own—a good outdoor life and training for future success.

FIELD ARTILLERY—"Action Front" comes the command to watch the boys with the red hot cord snap into it. A happy outfit—with the dash of mounted service added to interesting work that calls for head and hand. Motors if you wish.

CORPS OF ENGINEERS—Army engineering is known the world over for its excellence and an enlistment in the engineers can be the start of a young man's training in the various branches of engineering and in the mechanical and building trades.

COAST ARTILLERY—Living on the sea coasts, guarding big cities with big guns, getting time for study and a wide and good technical training, the C. A. C. man is preparing for a useful life and good pay and is having a good time while he's learning. The C. A. C. also mans the mobile big gun regiments throughout the country.

AIR SERVICE (including BALLOON CORPS)—The man who gets the early edge in experience with aeroplanes and balloons has a chance to cash in big on his army training. For flying is only in its infancy and it's going to be a profitable business for men with the right experience.

ORDNANCE DEPT.—The ordnance is appealing to the studious young American. To wide opportunities for study, it adds a business as well as a technical training.

SIGNAL CORPS—Whether it's laying a wire from a reel-cart at a gallop or installing a wireless station that will flash its message half around the world, the Signal Corps is there, and a man who learns radio telegraph and telephone work in the Signal Corps is always valuable.

MEDICAL DEPT.—Good experience, good pay, and training in all branches of hospital work. Excellent opportunity for future success. The Veterinary Corps teaches the care of horses well as meat and milk inspection.

TANK CORPS—The man who knows gas motors and tractors or who wants to know them is invited to join the Tanks. Radio, machine gun and ordnance work are all parts of the Tank Corps work.

QUARTERMASTER CORPS—The Corps that feeds and clothes the Army offers a valuable training for future business. Interesting work for the man who likes horse sense in the Remount Service.

CONSTRUCTION DIVISION—Practical work in the many trades is part of the every day life of the Construction Division. Many opportunities to learn the trades of highly-paid specialists.

CHEMICAL WARFARE SERVICE—For a man with a little knowledge of chemistry or for any ambitious young man who would like to get that knowledge, there is interesting work and rapid advancement in the C. W. S.

MOTOR TRANSPORT CORPS—A thorough practical training in motors and their accessories, and in driving as well, is given in the well-equipped schools of the Motor Transport Corps.

MAJORS AND MINORS NEAR AN AGREEMENT

Written Understanding May Be With-
held Until Disposed of in
Federal Suit.

CHICAGO, Feb. 12.—Prospects of drawing up a new working agreement between the major and minor leagues which have been out for a year brightened today following a double session between a committee from the majors and one from the National League. The American League was represented at the meeting but did not have an official committee present because most of the magnates had left the city.

No definite action was taken during the day, but it was announced that the meeting between the National League and the Minor League committee was progressing satisfactorily.

The American League will not enter into any written agreement until after the disposal of the Baltimore Federal League suit. It was said at the forenoon session by Connie Mack, president of the Philadelphia club.

The Baltimore suit now is pending in court. It was said that this suit, which is stopping any legal agreement between the majors and minors, charges that the old agreement between the two bodies was proof that organized baseball was a trust, and they base their demand for an injunction on that point.

This was outlined to the members of the minor league committee and at the forenoon session, when Mr. Mack addressed them. He declared that he believed he expressed the views of his league saying that the organization would not sign any written agreement until after the disposal of the Baltimore suit.

The sense of opinion at the forenoon gathering was that the draft should be restored. Several of the members on the minor league committee, declared, however, that they were not certain of the restoration of the draft. The American League also declared for appointment of an arbitration board consisting of two members from the majors and minors. In one case this board could not agree on a point under discussion, it was declared that a third party outside of baseball should be named to decide.

The optional agreement also was discussed, but everything was put over until tomorrow. John Heydler, president of the National and Aus-

THE GREAT AMERICAN HOME

ust Herrmann, retiring chairman of the national commission, presided at the forenoon session.

Albert Tarnoy, president of the Three-I League, was informed by Mr. Herrmann that the major leagues were not in the position to take official action and it was decided to appoint a committee from the National and the American leagues to go into session in the afternoon with a committee from the minors. The National League appointed Mr. Heydler, Charles Elbeeth, Brooklyn; Barney Dreyfus, Pittsburgh, and August Herrmann of Cincinnati. This was impossible to get in touch with President H. B. Johnson of the American League. However the conference in the afternoon was attended by Harry Grabner, secretary of the Chicago White Sox, and William Richardson of the Washington club. The minor league committee was composed of J. C. Fox, manager of the Pacific Coast League, Albert R. Tarnoy of the T-I; E. J. Hanlon of the Western; J. D. Martin of the Southern; David Faltz, International; T. J. Hickey, American Association; J. W. Morris, Texas League, and J. H. Farrell, chairman of the National Association of Professional Baseball clubs.

will go to Cleveland, and then return home on April 22, for its first game at the forenoon session.

Farrell, chairman of the National Association of Professional Baseball clubs.

Washington has drawn the plum in regard to the greatest number of Sunday games. The senators have been given 14 Sunday dates, Chicago and Detroit each have 13, while St. Louis, Cleveland and New York have been awarded 12 apiece. Philadelphia and Boston have no Sunday games at home, however, baseball is forbidden there on the Sabbath.

Houston, Detroit and Washington share alike in the distribution of Saturday games, each being scheduled to

play 13 week-end games at home. The other five clubs have been given 12 Saturdays each at home.

Independence Day, July 4, falling on Sunday, the schedule makers have arranged holiday bills for Monday, July 5. Games on that day will be played at Chicago, Detroit, Washington and Philadelphia.

Decoration day, May 30, also falling on a Sunday, enabled the framers of the playing chart, to book holiday bills for the following day. These games will be played at St. Louis, Cleveland, New York and Boston.

The Red Sox have been awarded a holiday bill for April 19—Bunker Hill day.

Chicago, Cleveland, Washington and New York are scheduled to play labor day games at home on September 6.

There are four conflicting dates with the National League, and these are in Chicago, on May 29, June 27, September 5 and September 24, when the Chicago Cubs are scheduled to play at home.

The Western clubs start their in-

vasion of the east on May 11. Chicago will be at New York; St. Louis at Philadelphia; Cleveland at Boston and Detroit at Washington.

The eastern clubs will make their first western trips on June 6, with Boston appearing at Chicago, Washington at St. Louis, New York at Detroit and Philadelphia at Cleveland.

PLAN BIG AIRDROMES.

By The Associated Press.
LONDON.—Two large international airdromes are to be constructed by the Dutch government, one in The Hague and the other in Amsterdam. It is stated in a dispatch received here. The cost of the venture will be more than 165,000 pounds.

AMERICAN LEAGUE ANNOUNCE SCHEDULE

Season to Open On Both Ends of Circuit of Young League.

CHICAGO, Feb. 12.—The American League baseball season will open April 14 and close October 3, according to the official 920 schedule tonight by H. B. Johnson, president of the league. The schedule shows a restoration of the 154 games chart, which was curtailed last season because of the world war. An innovation in this year's schedule is the listing of Sunday games at Washington and New York. This is the first, time in the history of the league that this has been done at the time the schedule was drafted. The world war was responsible for this. Last season games were permitted in Washington and New York, but the schedule made no provision for those contests. As a result the schedule was revised and a number of games were advanced in order to play on the Sabbath.

The four western clubs will open in the west, while the clubs of the east will migrate the season at the end of the circuit.

Opening games are listed as follows:

Detroit at Cleveland.
St. Louis at Cleveland.
New York at Philadelphia.

Washington at Boston.
Boston is scheduled to close the season before the other clubs. The final curtain for the Red Sox will be rung down on September 28. A double header, with Washington billed as the opponent is on the program for that day. The following day, September 29, New York will close its season at Philadelphia. The last of the eastern clubs to quit for the season are the Senators and the Athletics, who meet at Philadelphia on October 2.

The four western clubs are scheduled to close the season on Sunday, October 3. The White Sox will finish at St. Louis and Cleveland is slated to close at Detroit.

The schedule, as in former years, calls for three swings around the circuit.

Detroit after opening at Chicago

Potatoes—Steady; arrivals, 38 cases; Northern sacked, \$4.15 @ \$4.30; Northern bulk, \$4.25 @ \$4.45; Western Russets, \$4.65.

THROW AWAY GOING TO SHOW EMPLOYEES WASTE

By the Associated Press.
NORTHAMPTON, Mass., Feb. 12.—Silver and gold coins were thrown away here yesterday to illustrate a talk on the waste represented by the alleged carelessness among the factory workers. The treasurer of a hosiery company told the operatives that in a week 11,760 needles, worth 1-1/4 cents each, had been lost.

The effect was the same, he said, as if \$147 were thrown from the shop window, whereupon the treasurer took from his desk a pile of 147 silver dollars and tossed them out of the window.

50K scattered under foot was as much thrown away as it thrown away, he added. Estimating the amount of loss from this cause last week at \$50, he tossed gold coins among the workers.

Some listened to the treasurer's later remarks, others scrambled for the gold, while many rushed out of doors to search for the silver in the snow.

PLAN EXCHANGE OF GOODS.

By the Associated Press.
THE HAGUE, Feb. 11.—According to the Nieuwe Courant, the Netherlands bank and other great Dutch financial interests are planning an international exchange of goods at Amsterdam, with the object of relieving the necessity for the use of gold. Direct exchange of goods will be made and it is hoped in this way to aid in the resuscitation of Europe's financial and commercial activity.

HAWLEY IS ENDORSED.

By the Associated Press.
BOISE, Ida., Feb. 11.—Idaho's legislature, meeting in special session yesterday, passed a memorial to President Wilson urging him to appoint James M. Hawley of Boise as secretary of the Interior when Secretary Lusk leaves the cabinet. Mr. Hawley, a prominent man, formerly secretary of the state, and two years ago was a candidate for the senate.

PROPOSES MANY EFFECTIVE REFORMS

Director of Operations for Railroad Makes Many Suggestions in His Report.

By the Associated Press.
WASHINGTON, Feb. 9.—Reviewing "efficiency and economies accomplished" various phases of railroad operation by the director of operation, W. T. Tyler, director of operation, recommends in his annual report, today to Director General Hines that "many effective reforms" be continued after the roads are returned to private control, March 1. His recommendations included:

That arrangements be made to set up, at least in skeleton form, the organization necessary to control movement of traffic to and via ports wherever traffic conditions warrant by the placing of embargoes and the issuance of permits.

That every effort be made to continue and extend the pooling of lake and tidewater tolls; the railroads maintaining the necessary organizations to handle such traffic.

That the railroads continue to establish uniformity in rules governing car supply for various important commodities handled.

That the campaign for the more effective utilization of equipment by heavier loading be continued.

That the co-ordination of terminals be made a continuing policy.

That the centralized control of cars be continued under proper limitations and the central organizations of the railroads themselves.

Mr. Tyler emphasized benefits derived from the permit system for control of the freight shipments. He pointed out the congestion which results from indiscriminate efforts to move freight for which the roads have no outlet.

The remedy, he said, is the control of this freight at its source through the permit system of the consignee's ability to accept, the railroads' facilities, or the ports' capacity.

Referring to the common use of cars, Mr. Tyler said this was successful not only with reference to box stock, particularly so in the case of refrigerator cars, the movement of fruits and vegetables having increased more than 20 per cent in 1919.

Mr. Tyler said locomotives were in better condition as a whole than ever before during the period of heavy business, and that while they numbered for new power should be adopted, he said.

"The benefits from the unification of terminals," said Mr. Tyler, "are so many that it is to be hoped that there may be serious consideration given to each case of consolidation, unification or co-ordination before it is discussed."

He added that 344 terminals had been consolidated during federal control.

NEWLY MARRIED SOLDIERS ARE BARRED FROM GERMANY

AMERICAN HEADQUARTERS, COBLENZ, Feb. 11.—Two hundred and fifty soldiers of the American forces in Germany, who have married European girls, have been instructed to remain in Germany with their wives, in accordance with a recent order of Major General Henry T. Allen, in command.

It was also announced that army authorities would not consent in future to marriage of American soldiers on duty in the Rhine area, since Germany are better soldiers.

About 200 soldiers have married German girls since the American forces reached the Rhine, the others have married principally French or Belgian girls.

OBTAIN SALARY INCREASE.

By the Associated Press.
CHICAGO, Feb. 11.—Teachers in the Chicago elementary schools today obtained a salary increase of \$450 a year and high school teachers an increase of \$500.

NOTICE OF WRIT OF ATTACHMENT.

In the District Court of the Fourth Judicial District of the State of Idaho in and for Twin Falls County. Consolidated Wagon and Machine company, a corporation, plaintiff, vs. Mrs. "A. H. Hulse, defendant.

Notice is hereby given that on January 21st, 1920, a writ of attachment was issued out of the above entitled court in the above entitled action, attaching the property of the above named defendant for the sum of \$111.68.

In witness whereof, I have hereunto set my hand and the seal of my office this 21st day of January, 1920.

(REAL) C. C. SIGGINS, Clerk of the District Court.

NOTICE OF WRIT OF ATTACHMENT.

In the District Court of the Fourth Judicial District of the State of Idaho in and for Twin Falls County. Miller-Cahoon Company, a corporation, plaintiff, vs. R. E. Betson, doing business under the firm name and style of Castelford Seed Company, defendant.

Notice is hereby given that on January 19th, 1920, a writ of attachment was issued out of the above entitled court in the above entitled action, attaching the property of the above named defendant for the sum of \$154.64.

In witness whereof, I have hereunto set my hand and the seal of my office this 21st day of January, 1920.

(REAL) C. C. SIGGINS, Clerk of the District Court.

ALIAS SUMMONS.

In the District Court of the Fourth Judicial District of the State of Idaho in and for Twin Falls County. Thomas H. Irwin, plaintiff, vs. C. W. Parks, W. L. Cherry, C. Vera Parks and C. W. Parks, Administrators of the Estate of Agnes E. Parks, deceased, defendants.

The state of Idaho sends greetings to W. L. Cherry, one of the above named defendants.

You are hereby notified that a complaint has been filed against you in the district court of the fourth judicial district of the state of Idaho, in and for Twin Falls county, and you are hereby directed to appear and answer said complaint within 20 days of the service of this summons. If served within said judicial district and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

You are further notified that by his said complaint the plaintiff asks that his title to the whole of the southeast quarter of section seven, in township ten, south, of range eight, east of T. 12S. and R. 8E., be quieted in him as against you and all adverse claimants of you and the other defendants; and that all rights held by you under a certain contract entered into by Thomas Woods and Hesterita Woods as first parties and you and C. W. Parks as second parties, affecting a portion of the said land, be annulled, rescinded and recorded in Book 2 of Contracts, Agreements and Bonds of Deeds, at Page 623, of the records of the county recorder of said Twin Falls county, be terminated and extinguished.

In witness my hand and the seal of the said district court, this 22nd day of January, 1920.

Order to Show Cause Why Order of Sale of Real Estate Should Not Be Made.

In the probate court of Twin Falls County, State of Idaho.

In the matter of the estate of Mary B. McKell, deceased.

J. M. Van Hook, the administrator of the estate of Mary B. McKell, deceased, having filed his petition praying for an order of sale of the real estate of said decedent, for the purpose therein set forth.

It is therefore ordered, By the said court, that all persons interested in the estate of said deceased appear before the said probate court on Wednesday, the 23rd day of March, 1920, at 10 o'clock in the forenoon of said day at the court-room of said probate court, in the county of Twin Falls, to show cause why an order should not be granted to the said J. M. Van Hook, administrator, to sell so much of the real estate of the said deceased as shall be necessary.

And that a copy of this order be published at least once a week for not less than four successive weeks in the Twin Falls Chronicle, a newspaper printed and published in Twin Falls county, Idaho, and that said publication be completed at least 10 days prior to said 23rd day of March, 1920.

That said real estate is situated in the county of Twin Falls, state of Idaho, and more particularly described as follows:

The East Half of the Southeast Quarter of the Southwest Quarter (E1-2 SE1-4 SW1-4) section 13, T. 11 south, range 18 E. B. 31, and the West Half of the Northeast Quarter (W1-2 NE1-4), section 13, T. 11 south, range 18 E. B. 31, together with all water rights thereunto appurtenant or in anywise appurtenant.

(REAL) C. O. P. DUTVALL, Judge of Probate.

Dated January 19th, 1920.

ONE PLANS FOR OLYMPIC GAMES

Official Governmental Sanction Is Given to American Team.

By the Associated Press.
WASHINGTON, Feb. 12.—Official government sanction and support for the team which will represent the United States in the Olympic games at Antwerp next summer was obtained by the Olympic committee in a series of conferences today with high officials of the government.

The position of honorary president of the American Olympic committee was accepted provisionally by Secretary Tamm on behalf of President Wilson. Secretary Hughes and Daniels were made honorary vice presidents of the committee.

The Olympic committee also met a number of officers of the army and navy in a conference at which the assistance and co-operation of both branches of the service was pledged. Tentative plans were discussed for the inclusion of athletes from both the army and navy in the team of more than 200 which will sail from New York in July and ways and means were considered for the formation of the team.

The American Olympic committee was represented in the conferences by Gustavus T. Kirby, president; F. W. Rubien, secretary, and Colonel Palmer E. Pierce, president of the National Collegiate Athletic association.

In discussing the acceptance of the honorary presidency for President Wilson, Secretary Tamm assured the committee of the president's approval of United States participation in the international games to be staged in Belgium.

Secretaries Daniels and Baker became vice presidents in formally written acceptance. The delivery of which was recorded in motion pictures which later will become part of the film history of the American Olympic team of 1920. Secretary Baker's letter of acceptance addressed to President Kirby follows:

"I accept with pleasure an honorary vice presidency in the American Olympic committee. The work of the committee both in physical education and in the cultivation of international good feeling is of great importance and I am happy to be associated with it."

Mr. Daniels wrote:

"The navy is deeply interested in

wholesome athletics and will gladly do all that is possible to make America's part in the Olympic games at Antwerp a great success. With thanks for the honor of appointing me as an honorary vice president and with every root wish for national and international development of games testing skill and courage, I am yours sincerely."

Among the officers of the army and navy at the conference to discuss plans for co-operation in the formation of the team are: Commander C. H. Mayo, and Lieutenant Commander J. G. Ware, and Major General W. M. Wright, Brigadier General F. H. Phillips Jr., Colonel M. W. Honeycutt, Colonel Douglas McAnisley, Lieutenant Colonel Townsend Whalen, Major G. V. Henry, Major Walter C. Johnson, and Major E. V. Grannis.

STECHER THROWS WLADEK ZYTSKO IN HOUR AND HALF

By the Associated Press.
BOSTON, Feb. 12.—Joe Stecher, world's heavyweight catch-as-catch-can wrestling champion, successfully defended his title here tonight by defeating Wladek Zyzko, whom he downed in one hour, 32 minutes and 30 seconds. The fall was made by a full body seizure and a wrist lock.

Stecher while wrestling under Zyzko's attack secured the hold that resulted in the fall. For five minutes before he had been held in too hold, after he had gripped Zyzko for an equal length of time with the head lock. Stecher used principally the head lock and seizure while his opponent relied upon the too hold.

SKEYHILL TO RETURN FOR ANOTHER DATE

Soldier Poet to Again Speak Here—To Be At High School Auditorium.

Arrangements were completed yesterday for a return visit to Twin Falls of Tom Skeyhill, soldier-poet, who delivered an address at the Lavering theater Wednesday evening.

Mr. Skeyhill will deliver a free lecture at the high school auditorium next Sunday afternoon at 3 o'clock. Those who heard Mr. Skeyhill Wednesday evening declare that he is one of the best speakers that has ever appeared in Twin Falls.

Blind for two years from wounds received in Europe, Mr. Skeyhill's sight was restored by an operation by famous surgeons in the east. During this time Mr. Skeyhill helped the United States put over several liberty loans. "The Liberty Loan," Tom said of him, "I am prouder to be on the stage with Tom Skeyhill than any other man I know."

Yesterday Mr. Skeyhill was the guest of several Twin Falls residents at a luncheon at the Portline hotel. Those who were present included: W. E. Nixon, John E. Davies, Douglas Thomas, C. E. Butler, J. E. White, J. C. Beauchamp, Dan Lydegaard, Zenas Smith, E. J. Finch, Taylor Johnson, E. C. Watson and Dorman Johnson.

JEWISH BEST MOTIERS ON LONDON EAST SIDE

BROWNVILLE, Tex.—General Louis Caballero, who recently surrendered to Mexican federal troops after a two-years campaign against the Carranza government, will go to Cuba to regain his health. It was stated at the Mexican consulate here. It has been announced that Caballero would go to San Antonio, Texas, for medical treatment, by special permit from Mexico City.

POINDEXTER TAKES FLING AT UNIONS

Declares American Federation Political Plans Scheme of Small Coterie.

By the Associated Press.
UTICA, N. Y., Feb. 12.—Charges that behind the announced plan of the American Federation of Labor to obtain the election of a congress and a president favorable to its policies existed a sinister movement of a small coterie of labor leaders, who have grown powerful by the contributions they have levied upon labor, to set up "a government within a government" were made here tonight by United States Senator Miles Poindexter of Washington in an address before the Utica Republican club.

"The future of laboring men of America," he asserted, "have in every crisis been the great bulwark of our free institutions, and they will not follow the mistaken leadership which would place the government under the despotic control of 'government within the government'."

"This government within the government" is not ruled by labor, but is an autocracy of a few leaders who would not only impose their will upon labor itself, but would extend it, not only by the ballot, but by strikes and attacks of the entire people of the United States. It is an insidious and 'invisible government' against which the people protested in 1912.

"There is no question of the right of the American Federation of Labor to secure control of congress and of the presidency by way of the ballot. It can be done in accordance with the constitution as it has just been used. It will be an evil for the United States and most of all for labor itself if any class 'in this nation, whether employers or employees in industry, capital or labor should succeed in any such program; but that is one of the perils the nation must face as the price of free government."

Mr. Poindexter's charges, he continued, "but is not specific in his complaints. On the contrary the announcement states that 'all of the essential legislation in labor's bill of grievances of 1912 was enacted.' This proclamation states that the 'free institutions of the country are menaced' but the only specific reference is to the proposed anti-strike legislation. The right to throttle the transportation of the nation on which the lives of the people depend is not one of our free institutions."

ELECTRICAL WORKERS IN IDAHO MAY GO ON STRIKE

By the Associated Press.
SAN FRANCISCO, Feb. 12.—Providing their demands for a wage rate of from \$5 to \$8 a day are not granted by Friday night the 2000 electrical workers employed by the Pacific Telephone and Telegraph company in California, Oregon, Washington, Nevada and Idaho will go on strike Saturday, according to an announcement by representatives of the International Brotherhood of Electrical Workers here today.

SUFFRAGISTS OPEN CONVENTION TODAY

Activities of Republican Women Arouses Democratic Supporters in Chicago.

CHICAGO, Feb. 12.—Six conferences, attended by 2,000 delegates and alternates, representing women voters of the north, south, east and west, held today preliminary to the opening tomorrow of what is expected to be the final convention of the National American Suffrage association, and the initial congress of the League of Women Voters.

The purpose of the conferences was the formulation of a legislative program, and the topics discussed today were: "American Citizenship," "protection of women in industry," "child welfare," "food supply and demand," "social hygiene," and "unification of laws concerning women."

The resulting program adopted by each conference will be presented to the convention of the League of Women Voters at the Monday session for consideration.

The sessions tomorrow will be the formal opening of the convention and Mrs. Carrie Chapman Catt, president of the association will deliver her annual address. The victory convention, which ends fifty years effort to procure votes for the women of America will close Saturday evening with a ratification banquet. On Sunday, memorial services will be held for Dr. Anna Howard Shaw. The sessions will continue until Saturday night.

Before the convention, Mrs. Catt predicted several states would have to ratify the suffrage amendment.

"The dissolution of the suffrage association does not mean that the work of obtaining the necessary six states, as thirty have now ratified, would be stopped. Our head quarters will remain intact until the 35 states are secured. We expect Arizona, New Mexico and Oklahoma to ratify before the convention closes."

and Delaware, West Virginia and Connecticut are our hope for the additional three states," said Mrs. Catt.

"Lobbying for the various republican candidates for president, was carried on today, while the democrats also had workers among the women. The advertisements of two presidential candidates are prominently displayed as advertisements in the official program handed out to the thousands."

Chairman Will H. Hays of the republican national committee sent a statement to the women in which he pointed to the passage of the equal suffrage amendment in congress by a republican majority.

Later in the day Mrs. George Haas made a number of addresses to sympathetic to protest against the republican moves.

SALARY INCREASE NOT LARGE ENOUGH FOR PROPS

By the Associated Press.
SEATTLE, Wash., Feb. 12.—Disappointment over the size of salary increase granted faculty members of the University of Washington was expressed in a statement issued here today by the Association of Instructors of the University.

HAIT GRADING INCREASE

SAN FRANCISCO, Feb. 12.—The California Cattlemen's association announced today it had received a telegram from Congressman Henry C. Osborne that the association had won the right to prevent an increase in the grading fees for cattle, horses. The fees were left practically as at present, the association reported.

LEGION PRESENTED AN AMERICAN FLAG

Captain Longley and Leo Bracken Make Splendid Speeches at Ceremony.

Before a small crowd the Twin Falls post, American Legion, was last night presented with a large beautiful American flag, presentation conference in the auditorium of the Twin Falls high school.

Captain C. L. Longley, representing the Grand Army of the Republic, movement to give the local post the "movement to give the local post a flag was inaugurated by the U. S. A. R., who secured the necessary funds from the citizens of Twin Falls. Captain Longley made a pleasing presentation speech.

The speech of acceptance was made by Leo Bracken, one of the leading members of the American Legion. In well chosen words Mr. Bracken paid a great tribute to what the flag stands for and what it means to the veterans of America's two wars.

Three legion members, dressed in their uniforms, and representing the three branches of the service—soldiers, sailors and marines, received the flag.

Mayor W. H. Eldridge, presided, while the Twin Falls band provided the music.

The legion appreciated the gift of the flag and Leo Bracken, devotion last night. "The flag represents the best in American traditions and ideals. The G. A. R. has carried the burden of pure Americanism for the last half century. The patriotism of these glorious men was manifested last evening when out of their membership of twelve, eight of the veterans were present. I certainly wish that we had as large a number of legion men present."

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts If Your Back Hurts or Bladder Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by some other annoying condition, eat meat and get about four ounces of Red Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Red Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which every one should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.

TAKE STEPS TO BRING BACK DEAD

Commission Appointed by Americans to Co-operate With the French.

By the Associated Press.
WASHINGTON, Feb. 12.—Definite steps looking toward the return of America's soldier dead from France were taken today when Secretary Baker appointed Colonel Henry H. Hays, head of the graves registration service in Europe, and Colonel Bentley Mott, military attaché at Paris, as American members of the Franco-American commission, which will have charge of the work.

The appointments were made in accordance with an agreement with the French government concluded in August, 1918, providing for the creation of the commission immediately after repatriation of all American troops in France. The agreement authorized the commission to "examine measures to be taken to insure in conformity with French laws and police regulations regarding hygiene, the return to America of American dead. The French members of the commission, the war department has been advised, will be chosen soon."

The French government, in the opinion of the state and war department officials, will be bound by the agreement to permit the return of the bodies buried in France, although up to this time disinterment in the battle field zone has been refused.

Ralph Hayes, assistant to the secretary of war, will sail for France soon to arrange for the return of bodies interred in the rear areas. He also will inspect sites for American fields of honor, where the bodies of soldiers, whose nearest of kin desire

reinterment overseas, will be given a permanent place of rest.

"Tablets of stone looking toward carrying out the agreement will eliminate the necessity for passage of congress of a resolution directing the return of the bodies," Chairman Porter of the house foreign affairs committee, said today. The fact that France, he said, had asked for the appointment of the commission shows she has no desire to object to the exhumation of our dead.

PLAY IS BRILLIANT ONE

Margaret Anglin, the brilliant American actress will be seen here at the Lavering theater on February 14 in her new play, "The Woman of Bronze," by Henry Kistemacher and Eugene Dolar.

To describe the play briefly, it is a brilliant one, replete with scintillating dialogue and with, dramatic to an extreme. Other than to disclose it as a strictly modern play with cuts out a slice from real life for presentation back of the footlights, would be to deprive its audience of much of the pleasure in story for them.

If the words of hundreds of critics may be taken "The Woman of Bronze" is most decidedly worth while. It is a gem of the finest cut, dramatically, and the theatrogoers of Twin Falls will do well to mark carefully the date of its presentation. They should not miss it.

HER COIDAL ENDORSEMENT

Ella was left alone with her grand-mother for the night. An aunt, upon her return said, "Did you have a nice day, Ella?"

"O, yes," she replied. "I had a fine day—grandma just intined me perfectly."

A HOUSE PIONEER

The first structure built with stone saved by artificial means is in Avondale, Pa.

Coming Soon

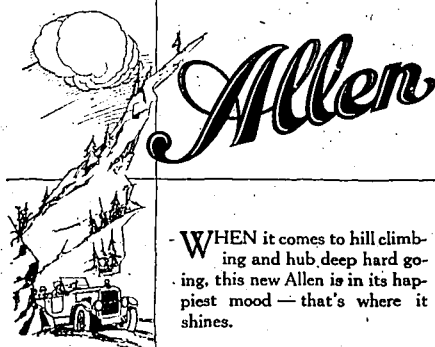

TODAY AND TOMORROW

is the advertisement you read about the pictures at the shows. But what you have to offer is here all the time.

A dependable line of drugs and drug sundries. Whatever and whenever you want it we have it. Keep it in our medicine. Prescriptions, we specialize in, and in sundries we can't be beat.

Remember the place.

Majestic Pharmacy
PERRINE CORNER

WHEN it comes to hill climbing and hub deep hard going, this new Allen is in its happiest mood—that's where it shines.

Also, in traffic it's a great advantage to be driving an Allen.

Wouldn't you like to take a test ride in this Allen?

The Bank

For Farmers and Stockmen

The progressive business man wouldn't think of trying to run his business without a reliable banking connection.

Neither would the business-like farmer or cattleman. It provides a safe depository for funds; makes for efficient management of home, personal, farm and ranch finances; strengthens credit and insures financial assistance when needed.

Farmers and Stockraisers—this is the bank for you.
