

MODIFIED R.R. BILL PASSED BY THE HOUSE

Measure Is Approved After Four Hours of Heated Debate on Floor.

MAJORITY OF DEMOCRATS VOTE AGAINST THE ACT

Gloomy Picture Is Painted By Those Wanted Earning of the Carriers Guaranteed.

By the Associated Press. WASHINGTON, Feb. 21.—The compromise Each-Cummins railroad bill was approved late today by the house, which adopted the conference report after four hours of debate. The house adopted the conference report by a vote of 249 to 150. Defeat Motion to Recommend. Adoption of the conference report came after the house had defeated, 228 to 171, a motion to recommend, Chairman Each, of the interstate commerce committee, in charge of the fight on the floor then called for the previous question and there was a huzz in the chamber as the voting began. There never was any doubt as to the outcome, leaders said, although the effect of pressure from labor leaders against adoption of the bill was variously interpreted. Representative Kitchin, democrat, North Carolina, in the closing argument against the bill, declared that labor leaders had caused at least a dozen members who were opposed to it to rally to its support.

Go Back Anyway. During the debate, in which more than a score of representatives took part, Chairman Each declared that the roads would be handed back to their owners on March 1 regardless of whether congress enacted legislation meanwhile, but he warned the house that defeat of the bill at this stage would put half the roads of the country in the hands of receivers in three months.

Pictures Gloomy Picture. Representative P. Pop, democrat, North Carolina, painted a more gloomy picture by declaring that the country would see the greatest financial disaster in years if it gave up the railroads without amendment of laws which would give them the right to carry a fair return.

Representative Kitchin said his opposition was not in "complacency to the demands of Mr. Gomper." He attacked the "insidious propaganda" which, he said, railway owners had conducted and declared the question of government ownership was not involved.

"Whether this report is adopted or rejected," he said, "we have it from Mr. Each that the roads will go back to their owners on March 1." The vote for the conference report of the conference report showed 294 republicans and 46 democrats supporting it. The opposing vote included 152 democrats, 23 republicans, one independent and one prohibitionist.

ARGENTINE COMMERCE IS BADLY CRIPPLED BY STRIKE

By the Associated Press. BUENOS AIRES, Friday, Feb. 20.—The strike of the steamship crews of the Mihanovich Steamship company, which has been in progress since last Saturday, is causing heavy losses to shippers, having virtually paralyzed Argentine commerce with the coast and River Plate ports. Many perishable cargoes have been ruined while others are piled up in the warehouse.

The company is demanding government intervention, its officials saying they are permitting 3,000 strikers to remain aboard their ships. If the men will not work Monday they will discharge them and lay up all the vessels of the line, numbering 23.

MAS SURVIVORS ON BOARD.

By the Associated Press. RIO DE JANEIRO, Friday, February 20.—The British steamer Carraonah, which arrived today, had on board 13 survivors of the Greek steamer Epina, which was wrecked off Cape Patras, Greece, last night, early this morning.

Diplomatic Storm Center

The Adriatic territory, cause of many notes between President Wilson and the supreme council. Wilson is taking the part of Jugo-Slavia while the other powers are favoring Italy.

WILSON DELAYS SENDING ADRIATIC NOTE TO ALLIES

WASHINGTON, Feb. 21.—President Wilson's note on the Adriatic settlement did not go forward to the entente premiers today as had generally been expected but will be called early next week. It is believed that while the president sets out his argument, with a great degree of finality, the note will not close the door to any further negotiations through the usual diplomatic channels. One Make's Objection. The question of making public the text of all the notes on the situation still is being discussed between various foreign offices, but no decision has yet been reached. Objections to publication have been made by at least one of the participants.

The situation in Italy is again reported here as serious with both labor and socialist leaders anxious that the Adriatic question be settled.

By the Associated Press. BOSTON, Feb. 20.—A letter sent to Acting Secretary of State Polk, today by 114 Episcopal clergymen of this state urges "that all due influence be used to end Turkish rule in Europe forever and to secure the great church of the Holy Wisdom to its rightful Christian uses."

"We feel," the latter add, "that it is both immoral and dangerous to allow the sudden and nominal surrender in Constantinople or over Christian peoples anywhere, and mindful of the millions of eastern Christians martyred by order of the Turkish power, we appeal for justice against their murderers."

SUFFRAGE DEMONSTRATION FAILS TO BE A SUCCESS

By the Associated Press. TOKIO, Wed., Feb. 11.—The Universal suffrage demonstration which had long been planned for today in the hope of influencing pending legislation, proved something of a disappointment. It had been announced that 100,000 persons would engage in it, but those actually participating were less than one-quarter of this number. The city was strongly guarded and the utmost good nature prevailed during the day.

Visitors visited the diet building, the suffrage party headquarters and the palace, after cheering for the emperor, the crowd dispersed.

LONG HIDDEN TRIBUTE TO WASHINGTON BY LINCOLN IS DISCOVERED BY HISTORIAN IN CAPITOL LIBRARY

By the Associated Press. NEW YORK, Feb. 21.—Seventy-five years ago, on the anniversary of the death of Washington, the president of the United States, said, "We are met to celebrate this day. Washington is the mightiest name on earth-long, since the mightiest in the cause of civil liberty, still mightiest in moral reformations. On this name an eulogy is expected. It cannot be. To add brightness to the sun or glory to the name of Washington is alike impossible. Let none attempt it. In solemn awe preserve the name of Washington as it is, and let it be the subject of our admiration and reverence."

SHIPPING BOARD MAKES RECOMMENDATION OF AWARDS

By the Associated Press. WASHINGTON, Feb. 21.—Awards totalling \$1,722,388 for the vessels requisitioned while under construction in American yards during the war were recommended today by a committee of the shipping board. Of this sum \$1,002,000 would go to the Barber Steamship company of New York for two vessels; \$177,220 to the Brooks-Stanley company, of Minnesota, for one vessel; \$252,668 to the Lockport Steamship of New York for four ships and \$199,068 to the Ocean Steamship of Georgia for two ships. One of the Barber company's claims was for the steamship Omega, which was in the charter to the French government when sunk by a enemy submarine.

By the Associated Press. NEW YORK, Feb. 21.—Gold valued at \$14,300,000 has been withdrawn from the sub-treasury here this week for shipment to Argentina. It was announced today.

ROBERTSON NAMED AS VICE CHAIRMAN

Local Man to Have Charge of Democratic Campaign in Southern Idaho.

BOISE, Idaho, Feb. 21.—Word has just been received to the effect that Hon. Jerome J. Day, chairman of the democratic state committee, has named Thomas M. Robertson, of Twin Falls, vice chairman of the organization. Mr. Robertson, it is understood, will have active charge of the party organization in South Idaho, with headquarters at Twin Falls. Mr. Robertson is known to those who have kept pace with political activities in Idaho for the past number of years. He was an efficient friend of the late Hon. Arthur M. Bowen, and his work in behalf of that gentleman has been a source of pride to the hearts of Idaho democrats.

Thomas M. Robertson last night stated that he had accepted the vice chairman ship of the state committee after consultation with prominent democrats of the county. "The honor and responsibility" came to him unthought, and his first inclination was to decline it. However, members of his party insisted that he accept; that the record of the county was deserving of this trust, and that as president of the Jefferson club, he was the man for the post. Hon. M. Robertson advised Chairman Day that he would undertake the work.

MURKIN NOT OPPOSING THE CARRANZAS REPORT SHOWS

By the Associated Press. MEXICO CITY, Feb. 21.—Reports emanating from the United States regarding the alleged anti-government attitude of Gen. Francisco Murkua, military commander in the states of Coahuila, Nuevo Leon and San Luis Potosi, were shown to be without foundation when General Murkua arrived here this week for a conference with President Carranza. There are reports current that he may become secretary of war.

By the Associated Press. CHARLOTTE, N. C., Feb. 21.—Charles M. Hoberson, negro lawyer, of Shreveport, has been chosen minority delegate to the national republican convention to be held in Chicago June 8.

MAY BE ABLE TO ANNOUNCE DATE SOON

Work Being Pushed on Mager Garage Building for Big Automobile Show.

ACCESSORY DEALERS ARE SEEKING TO HAVE SPACE

Twin Falls Car Merchants to Be Given First Opportunity To Make Reservations For Exhibit.

Work is being pushed on the Mager Garage building, with the result that buyers are anticipated that The Chronicle's Big Auto Show can announce a date for the opening of the event within a short time.

The concrete for the third floor is in and will be set in a short time. This floor will be set for the auto show, work on it progressing while the first and second floors are being finished ready for the show.

Inquiries are in from all surrounding towns and communities, asking space for display of lines handled. It is evident now that the display of autos will be especially attractive and will occupy an entire section of the building. Tentative plans have been made to place this display on the ground floor, where it will be readily accessible.

Road Attractions Coming. Already communication has been established with a number of sportsmen who are anxious to exhibit for the week of the show. Definite arrangements, however, have not been made for these, as it is the desire of the management to secure the best available, in order that the highest class entertainment may be provided for the spectators. The sportsmen will, through the automobile dealers, be asked to exhibit in the immediate vicinity of the building.

Accessory dealers have been making plans. Of course local dealers will be spared for first. There is any space left from the main lotment for this line, outside firms will be asked to exhibit. Dealers will be made to know of this immediate district, not those of Twin Falls alone.

To Outclass Others. There is no doubt from the reports in from all circles, and from the claim that The Chronicle's Big Automobile Show will far outclass any show of the kind ever attempted in the state. And right now The Chronicle guarantees that it will far outclass the Elks Lake show.

There will be something doing. The Automobile Dealers in Twin Falls are a live bunch. They are organized throughout the northwest, the most wide-awake in the state. They are making it jazz. They will have displays which will be marvels for their attractive conceptions, and they will impart a spirit not seen in the ordinary automobile show.

A check room will be provided for the use of those who desire to remain some little time. When this check room will be sold at privilege or operated by the management has not been finally determined. But the public will be afforded this convenience in any event.

CONTINUE POSTPONEMENT OF GILMUR MURDER CASE

By the Associated Press. MONTESANO, Wash., Feb. 21.—The trial of ten alleged I. W. W. murderers of Warren O. G. Gilmer, was postponed again today. The I. W. W. jurors, Edward McKeown, improved, but Judge John M. McKeown decided to postpone the trial until court until Tuesday.

DEDICATE MEMORIAL TO LINCOLN

By the Associated Press. PRINCETON, N. J., Feb. 21.—Princeton's new memorial to Abraham Lincoln, which was dedicated today, is the only one of its kind in the world. The memorial is a large, white, marble structure, which is a tribute to the great leader. It is located in the center of the campus, and is a landmark of the university.

COLONEL PATCH TO RUN FOR SENATE

Designs As Adjutant General—Will Make Race to Head Republican Ticket.

BOISE, Ida., Feb. 21.—Col. L. V. Patch of Payette Saturday announced he is tendering his resignation as adjutant general in Idaho to become a candidate on the republican ticket for the United States senate.

Col. Patch commanded the 146th Field Artillery overseas.

There has been talk for several months of his candidacy, but it has not generally agreed that he could be induced to become a candidate for the gubernatorial nomination on the republican ticket with a view of defeating Gov. D. W. Davis to run for the senate. The announcement that he expects to seek a senatorial toga definitely sets at rest all talk of a combination between himself and Governor Davis.

Col. Patch Saturday issued the following statement:

"Inasmuch as I will announce my candidacy for the United States senate on the republican ticket during the course of the week, I am tendering my resignation as adjutant general of Idaho to take effect April 1, 1921, fixing the date as of April 1 as I feel it my duty to complete the organization of several national guard units which are now being formed.

After April 1 I expect to launch an active campaign for my candidacy and during that time I do not feel that I should be acting in the capacity of a state officer."

"There is a difference in Starting Batteries—

and that difference is the big difference between true dependability and the 'maybe' sort of service.

"To build an automobile battery that is simply powerful is not difficult—no more so than to create one with the sole object of durability in view. But to combine both these features in compact, practical form is a real feat of storage battery engineering. In the

"Exide" Starting & Lighting Battery

power and durability are perfectly balanced. The makers of the "Exide" know. For thirty years, in the largest battery works in the country, they have been making batteries for all purposes; for thirty years they have been gathering practical experience—and this experience, which is built into every "Exide" Battery, is the real foundation of "Exide" quality.

"Long years of road work under all sorts of conditions have demonstrated "Exide" reliability. There is an "Exide" made for every model of car.

"I sell the "Exide" because I know what the "Exide" will do. I offer "Exide" Service to

my customers because I know how much a real service will do toward eliminating their battery worries.

"As convincing evidence of the inherent quality of all batteries built by the maker of the "Exide," I would like to show you a letter and give you one of the booklets, both relating to war work done by The E. S. B. Co., sent me a few days ago from the home office. It is a fact, that during the big struggle the U. S. Government, for its battery requirements, both on sea and land, used in vast quantities the "Exide," as well as other batteries made by The Electric Storage Battery Co."

FIND NEW SOURCE OF POISONED OLIVES

Every Effort Being Made to Confiscate Fruit Packed in California.

By the Associated Press.

CHICAGO, Feb. 21.—Federal and state food inspectors in 52 towns of eight states are making frantic efforts tonight to locate and destroy dozens of bottles of ripe olives containing the deadly bacillus botulinus, as a result of deterioration.

A single case of olive poisoning at Knapell, Mont., which led to discovery of the danger, is the only one reported so far. Federal chemists who uncovered the widespread distribution of the poisoned fruit, are bending every effort to reach and confiscate the bottles and a warning has been sent broadcast advising housewives to return unopened all containers holding suspected brands.

The olives, packed in 1918 by a California company, were sold to the retail trade through Sprague-Warner and Company, local wholesale grocery house. Major A. A. Sprague, head of the firm and federal fair price commissioner for Illinois, has furnished a record of all sales to federal authorities and has instructed his

salesmen to call on every customer and take up the olives.

Five dozen bottles of the poisoned fruit have been distributed to dealers in 17 Illinois towns. It is not known how many dozens are in stores in the other states.

"Brands involved are 'Batavia,' 'Fennell' and 'Richelleu.' Only ripe olives, stuffed with pimentos and sold in bottles, are affected. J. L. McLaughlin, superintendent of the Illinois division of food and dairies said investigation disclosed that no blame attached to either packer, wholesaler or retailer.

Labels on the bottles show they were distributed by the Chicago firm, but do not carry the packers' names. The bottles contain six ounces net and are of the number ten size, according to the labels.

Towns in which olives are known to have been distributed, and the number of bottles in each are: Nebraska: Richelleu brand, Plattsmouth, Holtan 12; Wichita 24. Iowa: Richelleu brand: Des Moines 12; Boone 6; Odebolt 6; Boone City 12. Missouri: Richelleu brand, Waboo 12. Kansas: Richelleu brand, Pittsburg, Holton 12; Wichita 24. Iowa: Richelleu brand: Des Moines 12; Boone 6; Odebolt 6; Boone City 12. Missouri: Richelleu brand, Waboo 12. Kansas: Richelleu brand, Pittsburg, Holton 12; Wichita 24. Iowa: Richelleu brand: Des Moines 12; Boone 6; Odebolt 6; Boone City 12.

Bacillus botulinus, a deadly poison, first discovered in a ham in 1899, appeared in ripe olives last fall when

five persons died after a dinner at a Canton, Ohio, club. The deaths were traced to the olives. Several other cases have been reported with fatal results.

Prior to the discovery of the present case federal authorities, according to Mr. McLaughlin, believed that the only dangerous olives on the market were the whole ripe olives packed in glasses.

Investigators of the department of chemistry, Washington, uncovered a fatal case of olive poisoning at Knapell, Mont., while investigating botulinus cases in New York. Their investigation traced the poison to the stuffed olives shipped from here.

Mr. McLaughlin warned housewives to beware of preserved goods having an unpleasant odor. The affected olives have a noticeable smell and are usually soft. The germ, it is believed, can be killed by boiling canned goods, and Mr. McLaughlin advises housewives to cook all food from tin or glass containers.

Of 64 cases of the poisoning reported since 1899, 54 have been in California, Mr. McLaughlin says. A number of the cases have been caused by home canned fruits and vegetables.

"It is odd," Mr. McLaughlin adds, "that according to information available concerning one of the recent poison cases in the east a total of 2,045 cases and bottles of suspected California ripe olives were sent to a federal laboratory and that of all these containers only seven were found to contain bacillus botulinus."

Buhl.

Buhl, Ida, Feb. 21.—Buhl high school was defeated by Rupert in a hotly contested basketball game on the Buhl floor by a score of 35-33. It was a fight from start to finish with Rupert's efforts leading in the first half. Buhl came back strong in the second half and nearly overcame the lead piled up on them in the first half. The Buhl boys were outkicked in the second half and missed quite a few shots, but they had the ball in their territory most of the time. Pary of Buhl was the outstanding star.

Within a short time Buhl will see the erection of a new high school. This was recently assured by the school board at a recent meeting. The present building can hardly accommodate the pupils and at the rate Buhl is growing it will not be sufficient. The old building will then be used for the grammar grades. The site for the new building has been decided upon. Two locations have been suggested, one in the Federal Park heights and the other near the city park. The building will be two stories with a large basement. A big assembly room will accommodate about 200 pupils.

Robert White, a former high school student, visited the school Wednesday. Paul Fingert is recovering from an attack of the "flu" and will soon be back in school.

The boys' basketball team routed Rupert in the high school gym Friday night. This will be a surprise game. The girls' basketball team will play Twin Falls Saturday night.

The Junior basketball girls have challenged the Senior girls to a game Friday evening. The challenge was accepted and an interesting game is anticipated.

The students are taking a lively interest in the oratorical contest to be given March 5. A number will take part.

Superintendent Allen was here by quite ill he began at his duties this week.

This week finished another month of school work. The pupils are kept busy burning the midnight oil reviewing for tests.

Isabel Sandberg, a member of the senior class, is ill with the influenza. We hope for her speedy recovery.

The high school much appreciated a program given Wednesday morning. The orchestra rendered several pleasing selections. Last study gave an interesting recital and Miss Cumbee entertained with plantation songs. The seniors, at a class meeting last week, chose for their class orator, Frank Lough, and Kar Evans as class poet. They have chosen the rose for their class flower.

FILER NEWS NOTES.

FILER, Feb. 21.—Filer is the first town in Idaho to go over the line in the Near East relief fund. It raised \$300, while its quota was \$500.

The Near Easters' association of Filer rejected the contractors offer ranging from 7 to 12 cents per pound, claiming this price is inadequate. At a meeting held at the high school it was unanimously decided not to accept any contracts less than 8 cents per pound.

The American Legion will send Centralia \$100 to help settle alleged propaganda which it is claimed to be spreading in Centralia in regard to the trial now in progress for the Armstrong case. The morning after the catastrophe the local union sent a message offering the Centralia post the moral and financial support. In answer to this message the Centralia Legion has asked for the financial support. It is announced \$25 has already been raised.

Johnson, Willard Bolton, Zack North, Carl E. Dwyer, Harry Benoit, J. F. Martin, Granville Height, Harry Alexander, Alvin Seligman, Whiton Peck Jr., A. W. Ostrom, B. K. Losh, J. E. Byres, W. L. McInnis, B. L. Harsfield and H. E. Barber; Misses Julia and Suzanne Taylor, Jennie Walker, Irene Visser, Alma Benoit, Katherine Gates, Florence Costello, Harriet Warner and Marguerite Gourley.

A theater party was given Friday evening by the Pythian Sisters honor-

ing Miss Dora Eldred after which a banquet was held. Each member responded with a toast during the evening. Those present were: Mesdames Johnson, Graybeal, Hampton, Woodhead, M. Johnson, Minnie, Cutting, E. Woodhead, O'Holley, Kendall and Bower.

The M. S. and S. club will give a social and bazaar at the home of Mrs. Fareman Wednesday afternoon. Miss Harriet Warner was present last Friday evening at her home with a card party. There were 12 guests present. At the close of the evening the hostess served delicious refreshments.

Miss Marjory Brown, assisted by her mother was hostess at a 6:30 dinner party last evening. The table was decorated with the patriotic colors and hatched. This evening was spent with dancing and cards.

The Country Women's club was hostess to their families at a dinner last Thursday at the home of Mrs. J. L. Miller at Curry. The dinner was decorated with a noon after which the time was spent with contests and music. The table was decorated with flags and had as its centerpiece a cherry tree with a hatched close by. The place cards were unique in shape in two parts which were matched to show the partners. Dr. White gave a short address on the household store.

There were forty members Mrs. Frank Winsor was president of the decoration committee. J. H. Housman was chairman of the noon.

WHO IS UNFAIR?

There have been circulated in Twin Falls within the past day or two copies of a list of firms declared "fair" or "unfair" to the union. The circular bears this caption: "The Women's Union Label League of Twin Falls recommends the following business firms." Firms not found on the list are by inference not to be dealt with by sympathizers of union labor.

This is a weapon which union labor has seen fit to employ in Twin Falls. But in the employment of it those behind the movement have been unable to hide the eleven holes. The hourly hand protrudes. Let us instance: The Times Printing & Publishing Company is the only printing firm on the "fair" list. Yet every printing house in Twin Falls is a closed shop, and on the editorial page of all the daily newspapers his regularly appeared the union label, placed there by the sanction of the International Typographical union. But because these papers do not lend themselves

to the demands of a bunch of agitators, bent upon the destruction of peace in the community and the hum of clear and clean understanding; because the newspaper publishers are Americans and not Red sympathizers, they are omitted from the "fair" list. Let me say that most all the employees of The Chronicle have been associated with me in years past. The mechanical force is composed entirely of union men.

Since the day I bought The Chronicle the Union Label has floated at the editorial head. Today it is taken down. If it affords no protection from such unfairness as this action then it means nothing.

WASHINGTON'S TIME AND OCEAN

Again on February 22 we pause to pay homage to George Washington. Today we look upon him not only as the first great leader of our nation, but also as its founder. Every official act of his is considered, in the light of subsequent history, as just and wise. His judgment appears to us to have been almost infallible and his motives always of the highest. If we realize vaguely that great eras arose in his time, we feel that they must have been met and safely passed at a sign or a word from that first great president.

But turn to the intimate history of George Washington's career with this same optimistic faith, and the surprises are many. Very few of Washington's contemporaries thought him uniformly wise and just. Many bitterly denounced both his acts and his motives. There existed in his day the same petty squabbling and the same forces of selfishness and greed which have always in the history of mankind opposed themselves to the forces of progress and justice. There were two sides at least to every question fought out in those early days of the republic, with perfectly honest, capable men and women to be found on either side, earnestly advocating their views.

Today we are in the midst of stirring times. New and old legislation is needed in almost every phase of our national life. Great policies are needed to settle great questions—international and domestic. The bitter antagonizing that blinds thought is here; also the honest men and women who, without bitterness, earnestly seek the right. The crisis seems to us the greatest in our history, and the whole future safety of the nation seems to depend upon the decisions now made. In all this strife and worry history is a great comfort and source of peace and sanity. Present differences of opinion, social and political, will fade and only the results accomplished will show in the future. It is inevitable that there be two sides to every important question, and it is right that honest, intelligent citizens strive earnestly for the rights as they see it. Only thus will the truly wise, just and uncorrupted policy finally be brought forth and made effective. And in many cases it will be found to be a compromise—as it was in Washington's day.

By the Associated Press.
WASHINGTON, Feb. 21.—Weather predictions for the week beginning Monday are:

Upper Mississippi and lower Missouri valleys: Unsettled first half of week with rising temperatures Monday, normal and above thereafter. Probably snow about Friday.
Northern Rocky mountain and plateau regions: Fair first half of week with temperatures above average. Probably occasional snow last half of week.
Southern Rocky Mountain and plateau regions: Unsettled first part of week with snow in mountains, temperature above normal. Fair middle of week with snow or rain about Friday; moderate temperature.

WOOD MANAGERS NOT YET DECIDED UPON ATTITUDE

By the Associated Press.
FARGO, N. D., Feb. 21.—Major General Leonard Wood's campaign managers have not decided whether they will file his name in the presidential primaries in North Dakota on March 14.

The headquarters in Fargo so indicated today, in response to an inquiry by a Fargo newspaper. The republican state convention held in Bismarck 11 days asked that presidential candidates do not file in the March 14 primary, declaring that it would expediate the state situation. Senator Frank Johnson has already filed, and Governor Frank Lowden's campaign managers have announced that he will not file.

CANADIANS TO HAVE THE WORLD'S BIGGEST R. R. SYSTEM

By the Associated Press.
MONTREAL, Feb. 21.—The Canadian national railways will be probably the most extensive system in the world, with a total mileage of 21,213 as the result of the acceptance, of stockholders of the Canadian government offer to nationalize the Grand Trunk and the Grand Trunk Pacific. The national system now consists of the Inter-Colonial and Canadian Northern totaling 13,640 miles. The Grand Trunk has a mileage of 4,755 and the Grand Trunk Pacific 2,818.

DRUGGIBLE IS SOLD

By the Associated Press.
NEW YORK, Feb. 21.—The first druggible airplane built for passenger service in this country was sold today to a Kansas syndicate, according to the Manufacturers Aircraft association. The druggible is 95 feet long, has a gas capacity of 30,500 feet, a cruising radius of 400 miles at 40 miles an hour and can carry two passengers besides the pilot.

The machine will be used between Kansas City and St. Louis and other middle western points.

MUST APPROPRIATE FUNDS.

By the Associated Press.
WASHINGTON, Feb. 21.—Congress will have to appropriate funds for reconditioning the 34 German liners which the shipping board has been trying to sell. Chairman Payne announced today, if the controversy which has arisen over the proposed sale of the ships results in legislation requiring their repair and operation by the government.

WILSON SENDS CONDOLENCE.
WASHINGTON, Feb. 21.—President Wilson today sent this message of condolence to the widow of Rear Admiral Perry:

Mrs. Wilson joins me in extending our warmest sympathy to you and your children in the death of your distinguished husband. May the memory of his intrepid and indefatigable effort in the cause of science do much to assuage your grief. "Woodrow Wilson."

ACQUITTED OF WIFE MURDER.
MINNEAPOLIS, Minn., Feb. 21.—Ralph J. La Count, charged with the murder of Madeline La Count, his 16 year old wife, tonight was acquitted by a jury in district court here. The jury was out six hours. La Count immediately was released by the court. Mrs. La Count was found dead on September 12, 1919. She had been struck over the head with a baseball bat and strangled in the throat with a bread knife.

MUST PAY TAX ANYWAY.
LOUISVILLE, Ky., Feb. 20.—Kentucky distillers were informed today that they would have to pay the 45.49 cent tax on whiskey regardless of whether the liquor has been stolen from them. The ruling was made by

Daniel Roper, a commissioner of internal revenue, in a letter to Elmer Hamilton, collector of internal revenue for Kentucky. The latter is understood to have received numerous protests from distillers here against having to pay taxes on liquor stolen from their stores or cellars.

TO GIVE AUSTRIA FOOD.

LAST RITES SAID FOR MRS. T. D. CONNER

Pioneers of Tract Pay Respect to Memory of Venerable Matron.

FILED, Feb. 21.—Friends from all over Twin Falls county came today to pay respects to the memory of Mrs. T. D. Conner, and to escort the remains to the train for shipment to the old home in Colfax, Wash.

Mrs. Conner was one of the early settlers of the tract. She came here from Wallace with her husband in 1905, and has lived continuously on the beautiful ranch where she died. As a mark of respect, pioneers of the tract came from every community, and the line of automobiles following the cortege carried many who came about the same time, to make their homes on what was then on a barren sagebrush tract.

Mrs. Conner was from a family of pioneers. Her parents crossed the plains in the early days, and settled in Oregon, where she was born. The family moved to Colfax when Mrs. Conner was but a child. Her mother, Mrs. Smith, was the first white woman resident of Colfax. She still resides there, and there the deceased is being taken for burial.

FIND BURGESS CAME TO HIS DEATH FROM PATENT MEDICINE

A coroner's jury, which investigated the death of W. M. Burgess, returned service man, returned a verdict that he came to his death from heart trouble due to an overdose of proprietary medicine.

Evidence introduced at the inquest was substantially that published in the Chronicle Saturday morning. Burgess came to Twin Falls with other service men to officiate as a pall bearer for a veteran of the civil war. He remained here while his companion returned to Hazelton. He became ill in a local restaurant and passed away when taken to a local hospital.

MRS. LUKE M. WRIGHT IS DEAD AT HOME IN OGDEN

Word was received in Twin Falls yesterday of the death in Ogden, Utah, of Mrs. Marion Marie Wright. Mrs. Wright was the wife of Luke M.

Wright, manager of the Wright store in Twin Falls for the first few months after its purchase from Sam Hart. Mrs. Wright had been ill since the birth of a child, January 17, last. Born in Ogden, October 27, 1895, Mrs. Wright was the daughter of the late William Eccles and Mrs. Marion Eccles. She was married in September, 1917.

FORMER SERVICE MAN IS GIVEN AN AIRPLANE PATENT

John D. Bradish, an employee of the local postoffice, yesterday received information of the approval of his application for a patent on an airplane stabilizing machine. The patent covers a device which is an improvement on flying machinery of the airplane type to provide a form and construction for the support of a plane and a novel manner of suspended fuselage, motor, power plant, and other parts of local weight therefrom whereby a pendulum action of stability is secured as well as serving a parachute in event of stoppage of the motor.

MINOTTO REFUSES TO MAKE COMMENT ON M. CALHAUX

By the Associated Press. CHICAGO, Feb. 21.—James Minotto, son-in-law of Louis F. Swift, today declined to discuss statements of ex-Premier Joseph Calhaux, on trial in Paris, that Minotto was a German spy who duped him when Calhaux visited South America in 1914-1915.

That is an old story. There is nothing to it, Minotto said. "I am interested in it—so you would be interested in the picture of your grandmother—but it is all dead to me," he added.

Since his release from Port Orange, where he was interned as an alien enemy during the war, after detention proceedings had failed, Minotto has dropped his title of count. He is now employed in the office of a Chicago exporting firm.

INDICATIONS POINT TO RESUMPTION OF RELATIONS

By the Associated Press. MEXICO CITY, Feb. 21.—Persistent reports that diplomatic relations between Mexico and Great Britain were about to be resumed were partially confirmed yesterday when it was learned from semi-official sources that Robert Leach, British minister to Cuba is to be sent to this city.

General Canullo Aguilar, it is said, will go to Shanghai as soon as formalities are completed.

General Aguilar was granted unlimited leave of absence from the army yesterday for the announced purpose of engaging in politics. He is a supporter of Ygnacio Bonillas, former Mexican ambassador at Washington.

FIRST AMERICAN SHIP BUILT IN CHINA IS LAUNCHED

By the Associated Press. SHANGHAI, Feb. 21.—The Colossal, the first American government ship ever built in a Chinese shipyard,

will be launched here March from the ways of the Kiangnan dock and engineering works, according to present plans of the builders. Their boat will be followed at intervals of six weeks, by three others that are being built in Shanghai for the United States navy.

JANITOR BANKER BUYS VOTES FOR NEWBERRY, CLAIMS

By the Associated Press. GRAND RAPIDS, Mich., Feb. 21.—Marking ballots for Indian voters and hiring of campaign workers by a janitor who holds a bank directorship as a sideline, were points alleged in government testimony at the Newberry election conspiracy trial today. The court sat only half a day, but 13 witnesses were on the stand. The progress raised the hopes of Frank C. Bailey, assistant attorney general, that he would be able to complete the prosecution's case next week.

SEAPLANES TO BE USED IN LOOKING FOR DEEP SEA FISH

By the Associated Press. WASHINGTON, Feb. 21.—From the war experience in the use of seaplanes to locate submerged submarines, the navy is now planning to use aircraft in adding tuna and other fish to the list of deep sea fisheries in finding schools of fish. The bureau announced today that recent experiments with naval seaplanes off the California coast undertaken with the authority of the navy department, have shown the possibilities of fishing with planes.

POPULATION REPORTS ARE MADE ON CENSUS

Cincinnati First Tabulated Has Population of 40,158—Washington 437,414.

By the Associated Press.
WASHINGTON, Feb. 21.—The population announcements for the 1920 census were issued tonight by the census bureau and were as follows:

Cincinnati, 40,158; an increase of 267, or 10.7 per cent.

Washington, D. C., 437,414, an increase of 193,445, or 32.1 per cent over 1910.

Cincinnati ranked as 34th city of the country in 1910, with a population of 352,591. Washington ranked 34th with a population of 331,069. Census bureau estimates of Cincinnati's population July 1, 1917, were 414,246 and Washington's on that date 365,282.

In making the announcements tonight, Director Rogers stated the figures were preliminary and subject to correction. The final figures will be those certified to congress.

The city of Washington is co-extensive with the District of Columbia. In counting the national capital's population only the actual residents were enumerated, all transient persons, members of the diplomatic corps, and

members of congress and their families being admitted.

From now on, as soon as the statistics gathered by the enumerators and special agents are checked and verified, the data will be made public. The population of the large cities of the country being given out first. Then will follow the population of the various counties, which number more than 2,000, together with their divisions of townships, precincts and towns. With the population of each incorporated town or village.

After the statistics have been completed the population of the various states will be announced and then the count of the entire United States.

Work on the 1910 census is proceeding much more rapidly than that on the 1920 census in 1920. The first announcement from the 1920 enumeration was made 60 days after taking of the census began, while in the 1910 census Washington, D. C., and Cincinnati have taken only 52 days. As the population of the various cities, towns and villages are ready to be made public, Director Rogers of the census bureau will certify to the mayor or other executive head of each place. The final count is contained in the preliminary figures should any place consider its population inaccurately counted, there will be the opportunity to place proof before the census bureau and, if a claim is substantiated, verification of the census bureau's figures will follow.

CHINA-AMERICAN BANK OPENS
By the Associated Press.
WASHINGTON, Feb. 21.—Dr. Paul Hsien, former American minister to China, was advised in a cablegram today from Peking that the China-American bank had opened for business there and had received deposits in excess of \$2,000,000 on the first day.

Dr. Hsien said the bank was capitalized at \$10,000,000 and that it would open branches throughout China. The capital was supplied by American bankers and Chinese business men.

BRITISH RAILWAY PLOTTING
CLYDE.—Thirteen soviet have been founded in various parts of Great Britain. The "Soldiers' and Workmen's Council" here holds regular meetings in which the overthrow of parliamentary government is advocated. The authorities do not regard the soviets as representative of the working men and pay no attention to them.

LONDON.—"Next time," admonished the magistrate to a man charged with pushing women from the sidewalk, "be more polite." Suppose you had been brought before me as a judge on this charge, then what?

FOX MOTHER OF PUPPIES
LIVERPOOL.—Three puppies are on exhibition here with a white fox said to be their mother. This is the first time the owner claims that cross breeding of foxes and dogs has been successful.

FOOL OUT OF ARMY PANTS.
LONDON.—A good-looking woman was fined \$2.50 a few days ago because she wore an English dress uniform. The charge read "wearing his majesty's uniform in a manner likely to bring it into contempt."

SPANKS WITH TONGS.
LONDON.—Charles Slater spanked his daughter. He used tongs. She showed her face in court. He is in jail.

To prevent the "singing" of telephone or telegraph wires passing over houses, they are mated by putting on their small olive shaped pieces of lead or fitting corks to them.

Not All Men Are Afraid of a Boycott

Plenty of Twin Falls people, many of them in hearty sympathy with the aims, the ambitions and the welfare of the employees in every walk of life have made up their minds that the domination of the little group of self-appointed leaders in the Unions of Twin Falls MUST END.

This does not mean that they are against the worker in any way, shape or form. It does mean that the flat proposition of compelling any man to belong to a Labor Union in order to hold a job has been weighed in the balance and found wanting.

This proposition is endorsed in its entirety by the members of the Twin Falls Employers' Association.

The Twin Falls Employers' Association DOES NOT stand for reduced wages, increased hours of work or curtailment of production through the compulsory employment of incompetents at wages equal to those of the hard-working and competent.

The Twin Falls Employers' Association DOES stand for a square deal to all alike, including both employer and employee and in its efforts to bring this about it asks the co-operation and endorsement of all alike.

Here is the membership list to date; compare it to the list recommended by the "Women's Union Label League." New members are coming in at the rate of from fifteen to twenty-five a day. Join with us in an effort to make Twin Falls the best town in the West through the fostering and encouragement of the biggest single year's building program ever attempted, an enlarged era of general business activity in all lines and progress and prosperity for all.

See that your name is added to this list. The principles of the Open Shop are principles of which no man need be ashamed. These principles are endorsed by thousands of workers everywhere, many right here in Twin Falls. Show these men that you are with them and not with the little group of unscrupulous leaders whose only arguments is the strikes and whose only idea of securing wage increases is through cutting down the work-product of a day's labor.

CAUSEWAY DELAY COSTLY ONE GALVESTON, Tex.—Delayed completion of the new causeway here is costing the people thousands of dollars. Traffic to the island is being diverted over a temporary structure, which has been partially condemned. Contractors handling the work on the new causeway blame the war, scarcities and labor trouble for the slowness, while workmen say insufficient wages are paid to hold men. The causeway will be completed in a year.

Grain

CHICAGO, Feb. 21.—Corn sold down further in price today, owing more or less to bearish forecasts of the governments—coming reports of the season. It was said that the government report soon to be issued will show an unusually large total of feed grain still undispensed of by growers. This gossip apparently gave from emphasis to selling pressure due to belief that the federal grain corporation had started to liquidate its holdings of wheat and flour, thus seemed likely to have no foreign outlet. Contrary announcements of possible renewal of flour buying on the part of the government tended temporarily to stimulate a little demand from shorts in the corn market, and so too did the cancelling of freight restrictions east of Chicago. No other support developed, however, and the close was near the lowest level of the day.

Outs weakened with corn. Provisions were depressed by the closing of the port outlook for export business.

AUTOMOBILE GOSPEL

Due to the recent war, England is overstocked on heavy trucks while demand is pronounced for light one and one-half ton capacity. The de Soto type are the first in the world. They are private machines of the wealthy who had to give them up during the financial depression of 1912.

Although there are 6,000,000 farmers in America, only about 70,000 motor trucks are being used for farm work.

Sixty-three million dollars' worth of passenger cars and motor trucks were exported in 1918, despite the great curtailed production.

Foot pedals enable a new vice to be operated and at the same time leave the user's hands free.

American manufacturers have practically controlled the South African automobile market for the last four years.

There are no road rules or speed limit in Chile outside of the cities.

There are 2,478,552 miles of public roads in the United States yet only 12 per cent of this total, or 299,135 miles are improved with some form of surfacing.

Cuba is improving many of the old military roads, as well as constructing new highways.

One-half of all the rubber imported to this country goes into automobile tires.

An inventor has patented a double snowplow to be fastened in front of an automobile to clear the track for its wheels.

The Haynes, America's first car, now exhibited at the Smithsonian institute, Washington, D. C., was invented, designed and built by Elwood Haynes in 1893.

There are 7,000 concerns in the United States making automobile parts. Approximately 28,000 motor trucks were produced in the United States during 1918. This brings the total number of trucks to practically 1,000,000.

Despite the restrictions imposed during the war period, the motor car industry has averaged a production of 1,500,000 cars every year during the last three years.

Several lines of motor buses are now operated in Tokyo, Japan. A stop watch that has been invented for the interior of a closed automobile is electrically connected to

one on the instrument board to remind the chauffeur of an engagement.

MAINTAIN STAND ON RESERVATIONS

Senate Refuses to Modify Withdrawal—More Democrats Join the Republicans.

By the Associated Press.

WASHINGTON, Feb. 21.—The final of the reservations attached to the peace treaty last November was rejected unchanged and by an increased majority today in the senate, after the treaty's irreconcilable opponents, holding the balance of power, had balked the efforts of republican and democratic leaders to secure modification in the interests of compromise.

The outcome, although involving the defection of four more democratic senators from the ranks of those who have stood against all reservations, generally was accepted by all elements in the senate as tightening the treaty deadlock, and bringing the question of ratification one step nearer the political campaign.

Most of the debate preceding the roll call revolved about the treaty as a campaign issue and drew from conspicuous figures on the republican side a volley of criticism of the utterances made on the subject by Ellsworth in his address before the New York republicans.

Senator Johnson of California, an

active candidate for the party's presidential nomination, pronounced "utterly silly" the declaration of Mr. Root that the United States should enter the league of nations with reservations and then move to reform it after a new president is inaugurated. Senator Lodge of Massachusetts, republican floor leader, declared that amendment of the league covenant once it was ratified would be "practically impossible," and Senator Borah, of Idaho, a leader among the republican irreconcilables, gave notice that he would carry on his fight before the people regardless of the action of the party's national convention.

The reservation on which the senate acted relates to withdrawal from membership in the league, providing that this nation shall be the sole judge whether its obligations have been fulfilled in case it desires to withdraw, and that notice of withdrawal may be given by a concurrent resolution of congress. The vote on its adoption was 45 to 20, ten democrats joining the republican line, supporting it. Four of these, Senator Ashurst, Arizona; Fletcher, Florida; Henderson, Nevada; and Nugent, Idaho, had stood on all previous roll calls steadfastly against any qualification of the treaty.

One of the four, Senator Ashurst, announced to the senate beforehand his intention to go over to the reservations. Having become convinced that ratification of some sort was a prime necessity, he said, he was ready to vote "for any reservation or amendment that will ratify this treaty."

"If we'll vote our own convictions and not those of the president," he told his democratic colleagues, "we'll have a treaty."

FRANCIS IS WILLING TO DO ANYTHING FOR HIS PARTY

By the Associated Press.

JOPPIN, Mo., Feb. 21.—In answer to a telegram from the French-Foreign Senate club of the fifteenth congressional district as to whether he would accept nomination for vice president, David H. Francis of St. Louis today sent the following reply:

"I am in no sense a candidate, but if the democratic party should nominate me for any office my interest in democratic success and my sense of party duty would impel me to accept. Francis said he would not be a candidate for the United States senate unless he was given the nomination without opposition.

SOVIETS OUTLINE THEIR TERMS TO THE FINNISH

By the Associated Press. COPENHAGEN, Friday, Feb. 21.—Svein Lunne, in proposing favorable peace terms to Finland, has made his offer conditional upon permission to use Finnish harbors, according to a Helsingfors dispatch to the Social Democrats.

COUNTY WOOL MEN HOLD BIG MEETING

Officers of Association Are Elected for the Year—Other Business Transacted.

At a meeting of the County Wool Growers association held at the local farm bureau office yesterday many questions of great moment to the sheep raisers were discussed. Officers for the coming year were elected, and resolutions passed favoring a submission of all facts concerning the "scalping" situation in the legislature to a committee of a law governing the shipping process to eradicate the disease.

Reports showed that the ram sale of last year netted \$27,321.50 and arrangements are to be made for a thorough ram sale during the coming year.

Suggestions were made during the latter part of the meeting in connection with a wool pool for the Twin Falls tract but this system was not wholly favored by the growers and they were inclined to postpone definite action on it until April could be more fully investigated. However, it was indicated by W. F. Alworth that in the event of a number of the smaller interests showing an attitude favoring such a pool, the necessary arrangements could be made by the local farm bureau.

The meeting was held at three o'clock and was attended by about 50 wool growers of Twin Falls and several other communities. The officers elected were: J. H. Seaver, president; Iva T. Edwards, vice president; H. H. Schellman, secretary-treasurer; R. T. McCann, J. J. Dammitt and K. A. Gillet, directors.

FRENCH MAKE BIG RUSH TO BUY LATEST BOND ISSUE

By the Associated Press.

PARIS, Friday, Feb. 20.—A great rush of selling orders from clients anxious to have money available for subscription to the new loan is reported by brokers here. From the moment banks opened their doors Thursday morning they were filled with eager subscribers to the loan and a great rush of business has continued.

The marked effect of the new loan was a sharp rise in the exchange rate for the franc in London.

NEW YORK UNION LEADER THREATENS GENERAL STRIKE

NEW YORK, Feb. 21.—Unless the "rent profiteering" bill is passed by the legislature within six months, a general strike of all workmen will have to be called here in violation of all agreements, Edward I. Hannan, president of the Central Federated union, predicted today.

The bill urged by Mr. Hannan is de-

signed to amend the code of civil procedure so that no exaction may be brought against a tenant unless the rent sued for is "reasonable." The burden of proof would rest upon the landlord.

"We are willing," Mr. Hannan said, "that a landlord should receive a reasonable return upon his investment. This bill is aimed against landlords who have equities of only a few thousand dollars in the property they own and are attempting to make profits of 50 to 100 per cent."

JACK WON'T SPLIT WITH JACK, HE WIVES CHICAGO

By the Associated Press.

CHICAGO, Feb. 21.—Jack Dempsey, the world's heavyweight champion, in a message to friends here today, denied reports that he intended to break with his manager, Jack Kearns.

"Kearns will be my manager as long as I remain in the boxing game," the champion's message read. "I give him credit for my success as a pugilist and becoming world's champion."
