SCHROEDER TELLS OF HIS QUEER EXPERIENCE "OUT OF THE WORLD"

ARMY AVIATOR RELATES OWN STORY OF TRIP

Major Reiterates His Intention of Again Trying to Break His Great Record.

SUBCONSCIOUS MIND PREVENTED HIS DEATH

Scientists Marvel That Man's Heart Did Not Burst When He Was Seven Miles In the Air.

By MAJOR R. W. SCHROEDER, Who Made A New World Altitude Record.

DAYTON, O., March 4.—They say that I have a mania for soaring into airless space just to demonstrate that it can be done.

As a matter of fact, my whole purpose is to bring back scientific information, and when I lost control of myself and my machine at 35,000 feet, I was still several thousand feet short of my goal.

I am going to make 40,000 or 45,000 feet the record.

My whole trouble on this flight was the failure of the oxygen tanks to provide an adequate supply. When I felt the oxygen giving out, my strength was rapidly leaving me. I was not frightened, because only a small portion of my mind was in action.

I had opened wide the valve of the oxygen tank, but got no benefit. Then I raised my goggles. A blinding shock rocked my head and my sight was gone.

Loss of Consciousness.

A second later, I lost all consciousness. If I did anything to save myself, it was automatic. Left to itself, my machine hurtled downward until, within a mile of the earth, I reached a normal atmosphere and began to revive.

Then my subconscious mind came to the rescue. I moved like a man in a dream, but what I did was the right thing under the circumstances. Habit saved me. I seized the control, straightened out for a glide and headed for McCook field by instinct. I made a rough landing, but was unhurt.

There was a quarter of an inch of frost over my eyeballs and the fluid of the eye was congealed. My heart was swollen until it pushed up in my chest, and could be clearly defined.

Prior to this flight, I reached six miles and had a similar experience as my oxygen had failed me.

Judge Keweenaw Mountain Lands of Chicago, is among those who have wired me congratulations.

He said that he wished he had been with me. I am glad he wasn't. For one thing, I could never make seven miles with a passenger.

But I am far from being contented with my present record. I have repeatedly said that I will not stop trying for altitude until I am killed or develop the yellow streak. No, after I am immune to that misfortune, but I feel none of the symptoms as yet.

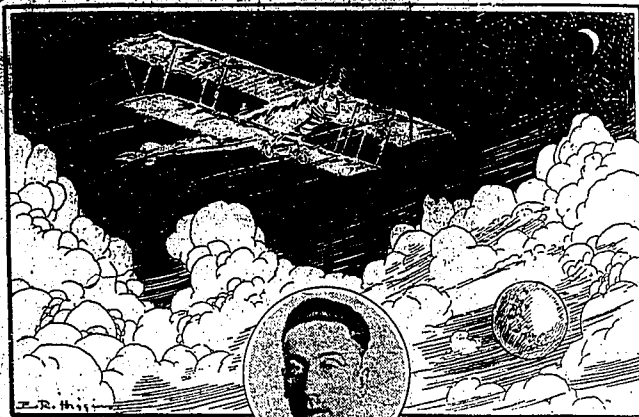

Major Schroeder practically left the world behind him and swung into the "cold between the spheres" on his altitude record-breaking flight.

Rev. Father F. L. Odenbach, professor of science at St. Ignace college, Cleveland, makes Schroeder's flight to height of seven miles, seem little short of a miracle in the light of science.

Here are the points Rev. Father Odenbach calls attention to.

When the plane was 5.6 miles high, Schroeder had passed through one-half of the earth's atmospheric belt. When he was at his maximum height he had passed through three-quarters of the air belt and had but a quarter of the earth's air between him and the "nothingness" of space.

Air pressure is 15 pounds to the

MAJOR R. W. SCHROEDER

MATURE PLANS FOR DRIVE FOR S. A.

Legion Committee to Commence Its Work at 12.30 Today.

Plans of the American Legion committee to make a drive today to raise the budget of the Twin Falls Salvation Army corps were completed yesterday.

The members of the committee will meet today at 12.30 o'clock at the Elks hall. As soon as all members present the committee will start their campaign.

Efforts to raise as much of the funds as possible will be concentrated in the residence section. On the majority of the streets two men will do the canvassing.

Following are the members of the committee and the streets which they will canvass:

D. A. Edwards, 11th north and 11th east; George Edinger, 10th north and 9th north; Sidney Graves and Paul R. Taber, 10th east and 5th east; Merlin Bailey and W. J. Allen, 8th north; Wilton Peck and Bert Sowle, 8th east; Tracey Journey and James Wynn, 7th north; Benoit and J. J. Leverage, 5th east; Herbert Laughter and Jack Thorpe, 6th north; John S. Green and Tom Berrington, 6th east; Laurie Wall and Guy Kinney, 5th north; A. R. McVicar and A. Waite, 5th east; Dr. Swartz and Tyler Cummins, 4th north; W. B. Trost and Dickson, 4th east; Dr. P. C. Bagge and Clyde Simpson, 3rd north; E. Evans and Walter Day, 3rd east; John Sinner and Ray Brown, 2nd north; E. Brown and E. A. Landon, 2nd east; Ross Johnson, Main avenue; H. J. and Beryl Taylor, 2nd west; Bowen, 3rd west.

The program for the opening Saturday includes the following:

Commandant George from Boise will open meeting, followed by prayer, Rev. A. G. Bennett.

H. R. Grant, secretary and treasurer of the Salvation Army local work will speak. Taylor Cummins, chairman of the advisory board, will speak. John E. Davis will welcome the Salvation Army on behalf of the city; Ensign and Mrs. Naton will speak and sing duet; Paul R. Taber will welcome the Salvation Army on behalf of the American Legion; announcements. Ensign Naton; offering. Commandant George; the Boise band will play; Mrs. M. J. Sweetley will speak in behalf of the women of the city; Rev. Conrad Owen will welcome the Salvation Army in behalf of the churches; "America" by audience; benediction.

PALMER SAYS MACHINERY NEEDED TO STOP DISPUTES

WASHINGTON, March 4.—In his first speech since formally announcing his candidacy for the democratic nomination for president, Attorney General Palmer told the National Press club tonight that the worst need of the hour to stabilize industrial conditions was machinery to adjust differences before they got to the point of a strike.

Mr. Palmer declared there need be no compulsory arbitration or restriction of the right to strike if provision were made for the public to be informed of disputes affecting them.

IS YOUR CONTRIBUTION READY?

"A man may be down, but he is never out."

The little Salvation Army corps which has been established in Twin Falls has commenced its work of exemplifying this motto in this city.

Its budget to carry on its work here for the remainder of its fiscal year has been set at \$3,500. An effort will be made today to raise the budget.

The work of solicitation will be in the hands of a committee of the American Legion. They will call at your home today. Have your contribution ready so as not to keep the boys waiting.

The former service men wish to make their drive "snappy."

They ask your co-operation.

OUIJA BOARD LEADS TO INSANE ASYLUM

By the Associated Press. MAINTINEZ, Cal., March 4.—Following their arrest as insane suspects as the result of a 24 hour seance with ouija boards, Adeline Bottini, her mother, Mrs. S. Bottini, Mrs. Joseph Solovini and Mrs. Edward Moore, were committed to state hospitals for the insane by the superior court here today.

The women were in a group of seven men and women who were arrested in a house at El Corrito, near here yesterday, after residents in the neighborhood had complained to the city marshal of their alleged peculiar actions. The police were refused admission to the house and were forced to break down a door before its occupants could be induced to surrender.

The three male members of the party testified at the hearing that they had tried to induce the women to cease the ouija seances, but without effect. The men admitted that the last seance in which they participated had lasted for 34 hours and they were so devoted to the boards that they did not take time off to eat or sleep.

Especially charges were placed against all seven following their arrest.

WARMER WEATHER PREVAILS OMAHA, Neb., March 4.—After a typical March blizzard last night and this morning, warmer weather is predicted for Omaha, and visitors tomorrow. Wire and rail traffic were both slightly improved early today, but had reached normal by noon. The lowest mark for the day was 4 above zero at 5 o'clock this morning. The fall of snow here was very light.

MUTINEERS ARE BROUGHT TO NORFOLK, Va., March 4.—The shipping board steamship Poughkeepsie, with 34 members of the crew, from troops, guarded by bluejackets from destroyers, arrived at Hampton Roads.

Department of justice agents brought the prisoners to Norfolk tonight for arraignment before the United States commissioner.

FRENCH WILL OPPOSE ANY REVISION OF PACT

By the Associated Press. PARIS, March 4.—The French government will make determined opposition to any revision of the treaty of Versailles that would modify her claims on Germany. It was learned today.

The attitude of the French government, according to the official point of view, is in perfect accord with the new chamber of deputies. It is held that any further concessions by the French government to Germany would not be tolerated by parliament and, if made, the government would be overthrown.

The French official view of the economic situation, it was stated in authoritative circles today, is quite the same as that set forth in London, that is, all Europe must be put on a prosperous basis. The French, however, it was pointed out, are beginning to think that allies have forgotten that France herself is not on a prosperous basis and not in a position to make concessions that would affect her own economic interests to any one, least of all to Germany.

HOW RESULTS FROM REPORT TO INVESTIGATE PALMER

By the Associated Press. WASHINGTON, March 4.—A hot row broke out in the house today when the republicans forced through a resolution authorizing investigation by the judiciary committee of the acts of Attorney General Palmer in connection with prices charged for Louisiana sugar. The democrats bitterly opposed the project, charging repeatedly that it was designed as an indirect impeachment of Mr. Palmer and only intended as a means of checking the "growing popularity" of a democratic presidential aspirant.

In reply, the republicans charged that the president and Mr. Palmer were directly responsible for prevailing high sugar prices; that Mr. Palmer had no authority to recognize the high figure at which Louisiana sugar sold and that he had failed to press action against profiteers.

CAILLIAUX SCATHINGLY DENOUNCED BY WITNESS

By the Associated Press. PARIS, March 4.—It was ambassador's day at the trial of former Premier Joseph Caillaux before the nominal sitting as a high court on the charge of having intrigued to promote a premature peace with Germany.

Three former French ambassadors at Madrid, Petrograd and Berlin were the first witnesses for the prosecution. They were William Martin, Maurice Paleologue and Jules Cambon and their testimonies were varied as their opinions concerning the accused.

M. Paleologue, after informing the court that he realized he faced a man who was defending his honor and perhaps his life and would weigh every word, launched into a scathing arraignment of M. Caillaux. He concluded by dramatically pointing an accusing finger at the prisoner and shouting: "You are the stirrer of France."

RAILROAD WAGE ISSUE TO BE TAKEN UP ANEW

By the Associated Press. WASHINGTON, March 4.—Wage demands of 2,000,000 railroad workmen, the most effective of work-week, when the representatives of the brotherhoods meet officials of the corporations in the first conference on the wage problem. The date has not been definitely determined tonight by Director General Hines, in whose hands were left arrangements for the conference. It probably will be Tuesday or Wednesday.

The employees will be represented during the preliminary session by the heads of the 15 unions who have fought the wage battle together since last August. Their selection has been communicated to Mr. Hines.

Representative of the railway executives will be selected probably tomorrow.

Sessions of the bi-partisan committee will be largely informal for several days as it will require time to agree on procedure.

ROTARY PLOWS FIGHTING SNOWS ON COLORADO R. R.

By the Associated Press. DENVER, March 4.—Rotary snow-plows and crews of section hands were fighting the snowdrifts tonight in southwestern Colorado, trying to clear the Denver and Rio Grande railroad tracks from Durango to Silverton. Road officials expected to have the road open Saturday.

Five snows on the Colorado and Southern railroad between Leadville and Como, Colo., were cleared away early today.

Clearing weather has come to the aid of the railroad workers and the chief difficulty now is not so much in clearing the tracks of snow as it is in removing the masses of mud and rocks which have swept down the mountain sides.

Silverton has been without train service since February 25, but telephone messages said there was no suffering as inhabitants there had prepared for just such an emergency. A passenger train was stalled at (man for many hours, officials said, but food was plentiful.

The main line of the road, from Salt Lake to Denver, was expected to be cleared during the night.

Train number 4, from Salt Lake to Denver, was now bound in the grand valley of western Colorado for 14 hours and No. 2, the scenic limited, was held four hours. The latter train was expected to reach Denver early tomorrow.

Trains from the east into Denver today were delayed an hour to one and one-half hours.

ALLEGED SLACKER SEEKS TO BE DECLARED CIVILIAN

By the Associated Press. NEW YORK, March 4.—Consul for Grover Cleveland, Bergdoll, wealthy young Philadelphia, charged with desertion from the army in evading the draft law, tomorrow will try to have him declared a civilian and not a soldier, and ordered out of the jurisdiction of the military authorities. It was reported today after the opening of his court-martial on Governor's island.

Harry Wainburger, Bergdoll's counsel, said further he would try to show Federal Judge Hand that there never was a violation of the draft law in Bergdoll's case, and that the action of the local board for division 31 in Philadelphia presented Bergdoll from appearing in the draft law by testing him and rendering him, unanswerable, physically and mentally, for his duty.

DISCOVER SALMON KETCHERMAN, ALASKA

water salmon banks were covered off Cape Smyth, east of Unalakleet, British Columbia, according to reports from the U.S. Fish Commission.

It is assumed that for the benefit of returned soldiers, a provision for "statement." Mr. Smith said the help will be expected to be in the bill of law that under the bill, I have said.

OPPOSITION DEVELOPED TO BONUS PLAN

Former Service Man Denounces It as "Money Hand Out" Thrown Away.

SMITH BILL IS FAVORED BY SEVERAL WITNESSES

Land Legislation Would Be Better than Cash Grant, Is the Belief of Several.

By the Associated Press. WASHINGTON, March 4.—Plat of opposition to financial relief legislation for former service men, the first to be expressed by a former soldier, was set today before the house and means committee by Walter J. Burns, of Green Point, N. Y., a former artillery captain. A "money handout" to the ex-service men, he said, "would simply be throwing away."

Always Take the Money.

All soldiers would take the money grant if congress authorized it, Burns told the committee. Representative Rainey, democrat of Illinois, replied that this was true even of members of congress.

"who talk and vote against salaries and mileage allowances, but always take the money."

Burns contended that the satisfaction of having fought to defend the country was sufficient reward.

Wouldn't Want a Bonus.

"If the war had continued we the most of American soldiers would have been as tickled if I wouldn't want any bonus," he said.

Representative Garner, democrat, said not a former service man in his district had written in favor of the proposed financial relief.

"They don't know you are in a great deal, a representative of a labor organization, seated in the committee room interpreted."

Says Legion Divided.

Even the American Legion is divided on the question, Burns said.

Reclamation of arid lands in the west and south with preference right to all former service men is on existing desired public law was urged by a delegation headed by Representative Smith, republican of Idaho.

More than 150,000 men have already signed their desire for the lands but are without funds to carry out the plan.

Benefit to soldiers under arid land grant bills would be less than any bonus of financial aid well said.

Extension of preferential right on all public lands to service men was urged by house ways and means committee today by D. W. Ives, of Berkeley, former engineer in the United States reclamation service. He approved Smith land bill providing for issue of \$50,000,000 to be sold over an existing reclamation of lands. The bonds would bear 5 percent and would be tax free.

What effect would a tax-free bond interest on low that would take the loans? was the question.

Representative Smith, republican of Idaho, author of the bill, committed the only other name of the Mondell measure created an expense, as five hundred dollars would have to be paid to carry its provisions into effect.

It is assumed that for the benefit of returned soldiers, a provision for "statement." Mr. Smith said the help will be expected to be in the bill of law that under the bill, I have said.

DISCUSS PURE BRED JERSEY CATTLE CLUB

Dairy Association. Hear Report Of Farm Bureau Officials On Visit to Oregon.

At a meeting of the Twin Falls Dairy Association held at the farm bureau offices yesterday afternoon, discussion was had as to the advisability of bringing in pure bred Jersey cattle for the use of boys' clubs in the section.

W. Obleman, county agent, and J. J. O'Reilly, county club leader, told of recent visit to the herds of

Oregon. Much interest was shown in the reports made by the farm bureau officials. It was agreed that everything that could be done to further the dairy industry could be carried out.

Another meeting will be held within a few days when final decision will be made on the plan to be carried out. At present it is planned to have Mr. O'Reilly and a representative of the association make a trip to Oregon to purchase at least 22 pure-bred animals.

STEPS TO RECOVER AUTO.

Suit was filed in the district court yesterday against Joseph Edwards by R. H. Goodwin, an representative of the Goodwin Automobile company, seeking to recover an automobile of its cost.

RULON TO MANAGE JOHNSON CONCERN

Salt Lake Auto Man Assumes Position —Transfers Chronicle Auto Show Plan.

Charles O. Rulon, who recently purchased an interest in the Johnson Auto Sales company, has assumed his duties as general manager of the concern. Mr. Rulon comes to Twin Falls from the Hottel-Hill Automobile company. He was associated with that concern for the past ten years as an assistant manager.

"I believe that Twin Falls offers the best opportunity west of the Mississippi for the automobile business," said Mr. Rulon. "Twin Falls is making tremendous strides in every way. It is a substantial city and the growth is not a flash in the pan."

"Naturally we believe that the Johnson Auto Sales company will obtain its share of business due to this growth. It is well established here now and it will not be long before we are, of necessity, forced to expand our establishment."

Mr. Rulon stated the plans being made for The Chronicle's automobile show.

"I fully approve of a well handled automobile show and I am assured that The Chronicle will maintain its reputation for successiveness with the coming exhibition. A show naturally makes the visitors think automobile and the automobile industry is certain to benefit."

Mr. Rulon's family will move here in June.

DOUGLAS HEARING IS HARD FOUGHT IN PROBATE COURT

Hearing of evidence in the case of the state against Ross E. Douglas in which Mr. Douglas is charged with embezzlement of \$2500 from the Citizens Electric company occupied the entire day in the probate court yesterday. As on the previous day the testimony of each witness resulted in continuous legal battles between Attorney Miller for the defendant and prosecuting Attorney Stehman for the state. It is expected that the state will conclude its case today.

Local Briets

Miss Ruth Tubbs of Idaho Falls is here for a few days visiting at the home of friends.

Miss Margaret Hamilton of Hollister, who is confined to the Boyd hospital with a severe case of pneumonia, is reported improving.

T. George Hilsop, who accompanied his wife to California a few weeks ago returned to Twin Falls Wednesday afternoon.

James Fulton of Jerome motored to Twin Falls yesterday forenoon for a short combined business and pleasure trip.

Clarence Mallory of Rawlins, Wyo., arrived in Twin Falls yesterday afternoon for a visit at the home of his mother, Mrs. W. S. Mallory and sister, Mrs. J. H. Wiso.

Mrs. Y. L. Creed of Filer motored to Twin Falls yesterday afternoon for a few hours spent in the shopping district.

Mr. and Mrs. J. O. Taylor of Pocatello were among the out of town arrivals in Twin Falls yesterday forenoon. They will remain for several days before returning home.

G. K. Hunt of Boise arrived in Twin Falls yesterday afternoon for a brief business trip.

W. M. Hoover motored to Twin Falls yesterday forenoon from his home in Hazelton for a short business trip.

W. E. Stuke of Boise was among the Twin Falls arrivals yesterday afternoon and will remain several days in the interest of business.

Mrs. W. S. Wright of Boise, who arrived in Twin Falls yesterday afternoon, will remain for some time visiting friends and looking after interests here.

Attorney Ostrum of Miami was among the business men in Twin Falls yesterday afternoon looking after legal matters.

Mrs. E. J. Lyon of Filer spent Thursday afternoon in Twin Falls visiting the shopping district.

Mrs. G. R. Kenyon of Duluth motored to Twin Falls yesterday afternoon for a few hours spent in shopping; friends were visited while here.

Mr. and Mrs. T. A. Connor of Hazelton were among the out of town visitors in Twin Falls yesterday afternoon.

D. L. Beamer of Filer motored to Twin Falls yesterday afternoon for a brief business trip of a few hours' duration.

Mr. and Mrs. A. A. Slegmund of Duluth, accompanied by Mrs. Snyder and Miss Snyder who are their home guests from Clinton, Iowa, motored to Twin Falls yesterday afternoon for a brief business and pleasure trip; friends and relatives were visited while here.

Mrs. E. H. Miller of Duluth spent Thursday afternoon in Twin Falls visiting with friends and shopping.

Mrs. F. J. Hunsicker of Shoshone arrived in Twin Falls yesterday afternoon for a brief visit at the home of her mother.

Mrs. G. T. Wyland of Pocatello is in Twin Falls for a couple of days looking after business interests.

Mrs. M. C. Putnam has as her home guest Mrs. Erickson of Salt Lake City. Mrs. Erickson is leaving for her home this afternoon.

Mr. and Mrs. E. W. Johnson of Welser were among the out of town arrivals in Twin Falls yesterday afternoon. They will remain for several days.

Dr. T. O. Boyd, accompanied by Boyd Keough is leaving this afternoon for California. There they will join Mrs. Boyd and Truman Boyd, who left a week ago for a visit at the home of relatives.

Mr. and Mrs. A. A. Timm of Filer motored to Twin Falls yesterday afternoon for a short combined business and shopping trip.

Mr. and Mrs. O. A. Thompson of Jerome are in Twin Falls for a few days visiting at the home of relatives.

PLANS MADE FOR ST. PATRICK DAY PROGRAM BY K. OF C.

Twin Falls council Knights of Columbus are busy making preparations for a St. Patrick's day program to be given at the Cotton hall on March 17. The program will be announced shortly.

TOURNAMENT TO BE OPENED HERE TODAY

Seven Teams to Endeavor to Obtain Premier Honors in Hoop Game On Local Floor.

The southern Idaho basketball tournament will be opened this afternoon at 2:30 o'clock in the high school gymnasium. Eleven fans are to compete.

L. L. Culbertson of Weiser, who will act as head referee, accompanied by Ira Tweedy, superintendent of schools of Burley, who is manager of the tournament, arrived here last evening.

Mr. Culbertson is one of the well-known athletic leaders of the state. He is a graduate of Morningstar college and is an athlete of renown himself.

As one of the features of the tournament arrangements have been made for a wrestling tournament between halves. Wrestlers from Gooding high school will take part in the contest against local talent.

JAKE IRWIN WINS.
Weidman was given Jake Irwin of Twin Falls Athletic club over Blah, Kimberly favorite, in an exhibition.

wrestling match held on the home floor last night. The contest lasted 11 minutes and 45 seconds. Irwin winning the fall with an arm lock hold. The boys are both in the 145 pound class.

GOODING WRESTLERS COMING.
Two Gooding wrestlers are to be matched with Twin Falls men of the local athletic club, Saturday between halves of the last game of the Southern Idaho basketball championship tournament to be held on the high school floor March 5 and 6. D. E. Robey, athletic instructor of the school club said that if arrangements could be made for so doing, a similar match would be staged between halves in every game of the tournament.

EDDIE MCGOORTHY BADLY BEATEN BY FRANK GODDARD

CIRCULATION EXPERT TWIN FALLS VISITOR

Charles Partlow Ends Campaign At Idaho Falls—Goals to the Coast.

Charles Partlow, newspaper circulation expert, was in Twin Falls yesterday enroute to the coast. Mr. Partlow has just closed a successful circulation campaign in Idaho Falls for the Register of that city.

More than \$5,000 in cash was distributed to the participants in the campaign here last Saturday in addition to two automobiles. One young lady secured \$452.50 in subscriptions in the six weeks of the campaign and received a \$2175.00 Studebaker for her reward; while another secured \$357.00 worth of subscriptions and received a handsome new Oldsmobile touring car as her prize.

Mr. Partlow has copyrighted his plan of conducting newspaper campaigns under the name of the Partlow Plan, and because of the absolute fairness to both the publisher and the subscribers, the services of his company are in demand by the better class of newspapers everywhere. The outstanding feature of his plan is the fact that the biggest of the awards are given away for small amounts in subscriptions proportionately, and that every participant, winner or loser, are guaranteed and paid in cash for their efforts. No participant is permitted to secure votes and subscriptions without remuneration for their efforts. From the standpoint of the newspaper, although practically as much money is given away as is received during the campaign, the circulation is invariably greatly increased, so that the advertising may be materially increased.

Newspapers who have tried the Partlow plan declare that while it is the most costly plan of increasing circulation, it is the most effective and results in making innumerable new friends for every publication on which it is used.

THREE COUNTRIES SEEK TO WIN DAVIS CUP

SYDNEY, N. S. W., March 4.—The time limit for challenges for the Davis cup, the chief lawn tennis trophy of the world, has ended. The United States, Great Britain and South Africa will be the only competitors for the cup, which now is held in Australia.

A dispatch from London February 26 said Holland also had challenged for the Davis cup. The announcement was made by the British Lawn Tennis association. The challenge of the United States Lawn Tennis association for the trophy was accepted in a cablegram received from Thomas H. Hicks of Sydney, secretary of the Australian Lawn Tennis association, February 26.

The conditions of play for the Davis cup provide that contenders must have their challenges in the hands of the holders of the cup by the first Monday in March. This year's matches probably will be played between Zealand between the Australian champion teams and winners of elimination matches between British, American and South African contenders. The draw for these preliminaries should come forward from Sydney almost immediately.

SEATTLE TEAM HOPES TO KEEP OUT OF CELLAR

SEATTLE.—Seattle's baseball club in the Pacific Coast league, which finished in the cellar last season, is not going to repeat this year, according to William Knicker, president of the club, and Clyde Worra, who have been busy several weeks buying players and lining up a club they believe will land in the first division.

Last year a new club for Seattle was built up in one month's time by Manager Bill Glynn. Although the team did not touch the first division Seattle gave it full support.

Several big league veterans may appear with Seattle this year. Al Demaree, who has pitched for New

York, Boston, Chicago, and Philadelphia clubs, will lead Seattle's five pitchers. Seattle's infield, it is said, will be one of the hardest sprays to evade the selective draft hitting aggregations in the league law, and the outfield will be fast.

DEMISEY AND KEARNS RELEASED ON BOND

By the Associated Press.

LOS ANGELES, Cal., March 4.—Jack Demisey, heavyweight champion of the world, and his manager, Jack Kearns, today furnished \$1,000 bonds each before a United States commissioner here, to appear in the

United States district court in San Francisco March 20 to plead to an indictment charging them with concealing men wanted in their behalf. The amount of the bonds was fixed by the commissioner.

LIST MAJOR SPORTS.

STANFORD.—Football, baseball, basketball, crew and track have been

FOOD PRODUCTION THIS YEAR.

The outlook for food production this year is not encouraging. Farmers in all parts of the country are explaining that they are going to be seriously handicapped by the high wages demanded by farm laborers, by the shortage of help at any time, and by the high cost of equipment and supplies.

Reports from one agricultural state show that last year the number of people on 3775 representative farms decreased per cent and the hired men decreased 17 per cent. This is considered fairly typical. Most everywhere men and boys are said to be leaving the farms in greater numbers than ever to go into other occupations. Farm wages, which were 80 per cent higher than they were before the war, are expected to average 14 per cent higher this year than last. The cost of farm machinery and other equipment continues to rise.

It may be argued that the high prices likely to be received for products this year will take care of added expenses of production. It cannot be kept up if the necessary help is not obtainable at any price, or if the farmers for any reason are not able to command the price of necessary labor-saving machinery to take the place of physical labor, in time to use in this year's crops. There is no doubt that large numbers of farmers will be obliged to curtail their cultivated acreage. The situation is one calling for immediate action on the part of every agency, public and private, that can help in any way. The labor supply must be lined up and made available. Capital and credit must be provided so as to insure the fullest possible use of the nation's great agricultural plant. Transportation problems must be worked out. Greater efforts must be made to keep the workers on the land where they are most needed.

A hungry world must be fed. Food is the basic need, the commodity on which all other commodities depend. There must be more food and cheaper food before there can be more than cheaper industrial commodities.

The farmers must be trusted to do their best in their duty of production. Self-interest will see to that. There is a duty resting also upon millions who are not possessed farmers—upon all who possess patches of unused but cultivable land, whether many acres or but a few square feet in the back yard. It should be a greater year of amateur gardening than ever. Dig, plant and produce. It is the way to cut your own immediate living expenses and strike a telling blow at the fundamental causes of the whole big, complex cost of living.

FREIGHT RATES.

It is agreed on all sides that a considerable rise of railroad freight rates is inevitable in the near future. Present rates are plainly insufficient to meet fixed charges and operating costs under the conditions established by the new railroad law. The government cannot continue to meet deficits as it did in war times, and there will be no public sanction for government subsidies. The natural thing will be for the interstate commerce commission to grant a general rate increase as soon as the needs are thoroughly understood and the proper plan can be worked out. This will be unwelcome, of course. But

it will have to be endured. It will be no worse to pay the railroads what they need directly than to pay it through the United States treasury.

American transportation cannot be starved any longer. The price of such starvation is costlier to the public than the price of legitimate support of the railroad industry.

Bygones must be bygones. The railroads have sinned much in former years, and have paid a big penalty for their sins in bankruptcies, lost profits and lost public esteem. Now a new era begins, with the railroads and the public virtually partners.

The public will do its part, and pay what is necessary, cheerfully enough, provided it obtains the improved service it pays for, and provided the rate increases granted as passed on to it honestly and fairly, instead of being multiplied in the process as they usually are.

A LEAGUE ELECTION.

Opponents of the league of nations are not saying very much about the result of the recent election in the third Missouri congressional district. The result, as was admitted by both parties during the campaign for the election of a successor in congress to Secretary Alexander of the interior department hung upon the league issue. The republicans made opposition to the covenant their platform, and Senator Hiram Johnson made some vitriolic anti-league speeches in the district. Senator Reed of Missouri, a democrat has been among the most bitter opponents of the league in any form. But the voters repudiated both their own senator and the bitterender from the east. They elected Captain Jacob Milligan, league advocate, by a majority slightly larger than that by which the district was carried by Alexander in 1918.

It has been pointed out that the result is not so much defeat for the republican candidate, as such, as it is a rebuke for senatorial obstructionists of both parties.

INSCRUTABLE WOMAN.

Sued by a young woman for \$25,000 for breach of promise, a Pittsburg man says he never proposed. But it occurs to him that perhaps, this being leap year, the young lady herself is proposing, and he is too glib to refuse. So he says he will marry the lady on sight. But the plaintiff refuses to wed, now that her suit has been filed.

Neither will she talk about the matter. Verily the ways of a woman are past finding out, and leap year only adds to the difficulty of man's ever achieving any insight into her vagaries.

New York is going to build an automobile "highway" under the Hudson. Fine idea, but we should think that would be a low way.

Carranza says he's going to leave office next December. Something seems to tell us that Mexican conditions will improve about that time.

The Italian idea of a fair peace settlement is very much like the old Roman one—an arrangement that lets Italy run everything.

The Russian Bolsheviks say they want peace. The allies, however, want to know first whether Lenin's peace emblem is a dove or a buzzard.

Sir Oliver Lodge says spirits can return after death. Look out for John Barleycorn.

No, the old-fashioned paper collar is not coming back. Paper costs too much.

Prices will go down when the thermometer goes up.

ORDER TO SHOW CAUSE WHY ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE.

In the Probate Court of Twin Falls County, State of Idaho. In the matter of the estate of Edwin K. Crader, deceased.

M. O. Stephenson, the administrator of the estate of Edwin K. Crader, deceased, having filed his petition herein praying for an order of sale of the real estate of said deceased for the purposes therein set forth.

It is therefore ordered, By the said court, that all persons interested in the estate of said deceased appear before the said probate court on Thursday, the 25th day of March, 1920, at 2 o'clock in the afternoon of said day at the Court Room of said Probate Court, in the County of Twin Falls, Idaho, to show cause why an order should not be granted to the said administrator to sell so much of the real estate of said deceased as shall be necessary.

And that a copy of this order be published at least once a week for not less than four successive weeks in The Twin Falls Chronicle, a newspaper printed and published in said Twin Falls County, Idaho, and that said publication be completed at least five days prior to said 25th day of March, 1920.

That the description of said property sought to be sold hereunto is described as follows: Lot 2, block 27, of the original townsite of Twin Falls, County of Twin Falls, State of Idaho.

Dated February 27, 1920.

(SEAL) O. P. DUVALL, Judge of Probate.

James R. Bothwell & W. Orr Chapman, Attorneys for Administrator.

Residing at Twin Falls, Idaho.

ROCKEFELLER BOARD GIVES \$1,675,000

Various Colleges of Country Receive
Sum from General Education
Organization.

NEW YORK—Appropriations to colleges and universities totaling \$1,675,000 were announced in the annual report of the general education board. The board was founded by John D. Rockefeller to promote education in the United States "without distinction of race, sex or creed."

A half million dollars was appropriated to the Harvard graduate school, Drury college of Springfield, Mo., and Tulane university, New Orleans, received \$200,000 each. Others included were Ames Scott College, Decatur, Ga., \$175,000; West Virginia Wesleyan college, Buckhannon, W. Va., \$125,000; College of St. Catherine, St. Paul, Minn., \$100,000; Emory and Henry College, Emory, Va., \$75,000; Salem college, Winston-Salem, N. C., \$75,000; Westminster college, Fulton, Mo., \$75,000; Cornell college, Mount Vernon, Ia., \$50,000; Dakota Wesleyan university, Mitchell, S. D., \$50,000, and Jamestown college, Jamestown, N. D., \$50,000.

Appropriations for medical schools amounted to \$700,000. The board continues to provide for negro schools, mainly for annual maintenance, and \$115,000 for experimental education contributed to

teachers' college for the support of the Lincoln school.

In addition, the board appropriated \$199,795 as its regular support given Southern State University and state department of education for work in the secondary education field and for the promotion of rural education.

Referring to Mr. Rockefeller's recent gift of \$70,000,000 of which \$20,000,000 was for medical education, the board's report says that it will now be possible to add medical schools whose clinical departments are not on a full time basis. The system of university clinical teaching organized at Johns Hopkins, Washington university and Yale will be introduced at the University of Chicago and at Vanderbilt University.

As a result of the board's survey of public education in Delaware last year, the report says that a comprehensive school code modern type has been adopted. A similar survey is in progress in North Carolina and appropriations have been made to supplement funds provided locally for surveys in Virginia and in Alabama.

ARMY AVIATOR RELATES OWN STORY OF TRIP

Continued From Page One.

square inch at sea level. At seven miles it was less than half of this.

Should Have Died to Death.

"Major Schroeder should have died

at every pore and from his mouth, ears and nose," says the professor. "If it was a half inch thick it must not understand why his heart did not explode and every cell of his body puff up and burst. A London aviator flew to 25,000 feet and his machine was a shambles when he landed. He was almost dead from blood loss."

No Dust Up There.

There was no dust where Schroeder flew except the debris of space. Everywhere on earth there is dust. Some of it in minute particles, even a microscope can detect. Where Schroeder flew, there was not an atom of dust, a few, very few bits, torn perhaps from some shopping star.

"That was why Major Schroeder said it was dark," explained Rev. Odenbach. "We can't see a light beam unless it is diffused by some object. Dust is the ordinary diffusing medium. He probably saw things in a grayness, like we do in a total eclipse. He could not see the wings of his machine because there was no dust to scatter the light. It would simply be directly reflected and he lost to his eyes. He could have seen objects in the machine if the light struck them. They would have to be close to him."

The plane was not ice-coated while it was seven miles up where it was 57 degrees below zero says Father Odenbach. There was probably but little ice found during the climb.

The plane rising was warmed by the heat at lower levels. Above five miles there was no water vapor and hence could have been no ice formed. But while Schroeder was in this sub-level his machine was cooled. When he began to descend with great speed he passed through an ice cloud that is known to surround the earth, but even this did not overfly his machine with ice.

"It was when he struck some very thick layer of water vapor above a huge cloud—that he was frozen," says the scientist.

"The vapor settled on his intensely

cold machine and was frozen there. If it was a half inch thick it must have been a very large cloud."

Father Odenbach praises the feat highly and says it is little short of wonderful. He thinks the feat will be of great value in weather prediction.

Public Demonstration—Twin Falls Dehydrating Company. Ever-ready products. Idaho Power company—March 5th and 6th. Adv. Mar. 5.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts If Your Back Hurts or Bladder Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally.

says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast in a few days your kidneys will feel fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful after-

cent lithia-water drink, which one should take now and then to keep the kidneys clean and active and blood pure, thereby avoiding serious kidney complications.—Adv.

YOUR FRECKLES

Need Attention in March or Face May Stay Covered.

Now is the time to take special care of the complexion if you wish to look well the rest of the year. Then March winds have a strong tendency to bring out freckles that may stay all summer unless removed. Now is the time to use Othine—double strength.

This preparation for the removal of freckles was written by a prominent physician and is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of Othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.—Adv.

TELLS HOW REDS OBTAIN FIGHTERS

Russia Completely Mobilized Through Efforts of Bolshevik Commissars.

THE HAGUE.—It has been entirely mobilized, the soldiers up to 25 years and the officers regardless of age, writes a staff correspondent of the Amsterdam Handelsblad, who has just returned from a tour of Soviet Russia.

"They are forced to fight, under the permanent supervision of commissars who are Bolsheviks," he says. "It is very simple. A soldier who betrays the Bolsheviks or forsakes his duty is shot; or, if he succeeds in escaping, his family is killed in his place."

The correspondent who from articles appearing in his paper, apparently tried to view things from a fair and neutral standpoint, dined with several Bolshevik officers' messes while en route to Moscow, from the Polish front and had an opportunity to study the Red army in detail.

"The soldiers," he says, "are very polite and there seems to be a quiet and agreeable discipline. The pay is \$500 rubles a month for a soldier, \$200 for a company leader and \$400 for a regimental leader. The former gets

emuls of the czar's army, six of whom are now serving in Trotsky's staff, get \$,000 rubles a month. Nobody in Russia receives a larger salary, with the exception of Lenin, who now gets \$,000 rubles a month.

Every Red army corps has a board of commissars, and besides there is a commissar for every regiment, battalion, brigade and division. They wear as a distinction a red star on the left breast on which are embossed a hammer and a plough with a silver barbed branch all around and under it the distinction of their arms; a small machine gun, two crossed sabres, etc.

The officers in this army are exiled leaders, and they wear an armband bearing the Soviet coat of arms and embroiled beneath are the grade markings, one, two, three or four golden blocks.

"The Red army," he says, "is not led by the young proletarian but by the decadent bourgeoisie."

The contrast between various types in the officers' mess at Kropke (near the Polish front) proved striking, the correspondent says. The brigade commander was a charming gentleman, formerly a colonel in the czar's army and speaking beautiful French; of the two commissars, one has almost an artistic appearance; the other is a big, tall unshaven brute with a sinister face.

"After so long understanding the strength of the Red army, one must not now exaggerate it," the correspondent concludes, declaring that a year ago it would have been a ridiculous army, but that now its strength lies in the fact that its opponents are worse off."

SAWTELLE IS HOME OF LARGE NUMBER OF OLD-TIMERS

SAWTELLE, CAL.—The presence of the Soldiers' Home here and the fact that scores of married veterans of various wars live in little homes nearby has brought Sawtelle distinction as having the largest proportion of elderly people in its population of any California town. Because they are old, however, is not a condition limiting activity.

"The Old Polka Dancing club" has long held sway here, with frequent hops at which numerous veterans aged 80 and upwards have disported themselves with matrons of like age, or sometimes with more youthful partners; while the Ladies of the Grand Army of the Republic have just announced a series of "Daylight dances" to be held the first and third Friday afternoons of each month.

The civil war veterans and their ladies are not the only dancers here. The Sawtelle Woman's club is giving a series of dances; the Spanish War veterans of the local camp are directing a similar series; and the chamber of commerce has announced that community dances for everybody are to be features of civil life in future.

"We've mostly got blue uniforms and white whiskers," remarked one dancer, "and by wearing red geraniums we make 'em patriotic affairs."

CALDWELL TO HAVE "FEEDERS DAY"

Breders to Investigate Work of Winter's Experimental Station in Canyon County.

CALDWELL, Idaho.—A "feeders day" was to be held March 17, has been arranged in cooperation with the Canyon county farm bureau and the Caldwell Commercial club. It will offer Idaho stockmen and bankers a first hand opportunity to study the results of a winter's experimental feeding of steers and yearlings at the Caldwell substitution, and to investigate the opportunities for winter feeding offered by Canyon county farms.

Stockmen, bankers and all other interested people are invited by the university, county and town from all sections of the state, and are expected especially from those sections in which feeding conditions and available feeds are similar to those in the Boise valley.

Guests will assemble in Caldwell on the morning of March 17, in time to start at 9 o'clock on an automobile excursion, under auspices of the farm bureau and the commercial club, to visit several steer feeding farms in the Boise valley. Arriving at Nampa at noon, they will stop for lunch and informal speech-making, at which C. L. Ross, president of the state farm bureau, will be the toastmaster.

The party will reach the Caldwell substitution of the university experiment station at 2 o'clock, there to study eight lots of steers, that have been fed through the winter, on different rations, under direction of J. E. Nordby of the experiment station staff. The visit to the steer pens will be followed by brief talks on farming and steer feeding, after which the party will return to Caldwell for the evening. Dean E. J. Iddings of the agricultural college of the state university will preside.

Prominent cattle men and sheep men of the state already have signified their intention of participating in the excursion and studying the feeding experiments. Shorthorn sales will be held at Caldwell by the Boise valley Shorthorn Growers' association, March 18 and 19, and a Shorthorn banquet will be held on the evening of March 18. The entire series of events was planned together. It is announced, so as to provide a program of special attractiveness for stockmen.

In the winter's experiment at the substitution farm, 96 steers were fed on different rations in eight lots of 12 steers each, in an effort to ascertain the feeding values, with relation to expense, of different combinations of hay, silage and grain. This experiment is only the first of a series of larger experiments which the university announces it will undertake next year, and in years following. Pens already have been prepared for the feeding of sheep, and a sheep experiment will be added to the steer experiment next winter.

Of the 96 steers, one lot was fed on long alfalfa hay, while the other lots received other foods, as follows: Cut alfalfa hay; long alfalfa hay and silage; cut alfalfa hay and silage; long alfalfa hay and silage; long alfalfa hay, silage and five pounds of barley; cut alfalfa hay, silage and five pounds of barley; long alfalfa hay and eight pounds of barley; cut alfalfa hay and eight pounds of barley.

Winter yearlings were fed with the waste from the feed lots, as another phase of the experiment.

Divide were said to have cost operation which the state was purchased by the Duke of Bedford by a company in 1911.

HAVE BIG COTTON SALE.

CALEXICO, Cal.—The largest cotton sale ever made here was consummated when H. Anholz bought 2114 bales, about 800,000 pounds, from James Peters for about \$400,000. The cotton will be shipped to New Orleans.

FAMOUS LONDON THEATERS PUT ON AUCTION BLOCK

LONDON.—Several famous London theaters, including the Drury Lane and the Strand were among those offered for sale at auction the other day when the famous Covent Garden estate went under the hammer. For Drury Lane 184,000 pounds was offered, for the Strand 77,000 pounds, for the Eldwych 65,000 pounds and for the Waldorf hotel 145,000 pounds, but none of these bids exceeded the reserve, at were among the bidders. The estate

LADY ASTOR TALKS.

BIRMINGHAM, Eng.—Lady Astor addressed the opening meeting here the other night of a woman's campaign for state purchase and control of the liquor trade. She characterized the plan as "practical" but said no government in England at the present time could hope to win an election with prohibition as its main platform plank.

EXPECT LARGE ATTENDANCE AT MINING CONGRESS

SEATTLE, Wash.—Mining men from several western states, Alaska and British Columbia are expected to attend the Seattle sessions of the International Mining convention to be held here April 7-10. Professor Henry Landes, head of the mining department of the University of Washington, who is chairman of the program committee, expects 1,500 to attend.

Invitations to speak at the convention have been sent Herbert Hoover, president of the American Institute of Mining, Herbert Winslow, past president of the Institute, T. A. Rickard, San Francisco, mining editor, and George Otis Smith, head of the United States geological survey.

Mining picture stories of the coal, petroleum and copper producing industries are to be exhibited at the convention. Round table conferences will be held.

LAKE ERIE IS FLOATED.

QUEENSTOWN.—The American steamer Lake Erie which was sunk eight months ago at Penarth Road after leaving Cardiff under bond, has been refitted. She has been towed to Queenstown for repairs.

APPROVE ARBITRATION BOARD.

CARSON CITY, Nev.—Governor Emmet D. Boyle has approved a plan for a board of mediation to adjust labor disputes. Co-operation of Joseph Lord, federal mediator in several mining disputes, has been offered and the plan has the sanction of mining interests represented by Clyde Heller, president of the Tonopah Belmont, and Jim Butler mining companies.

Service

is the essence of banking—Your banker often has a vast store of knowledge and sound advice at the disposal of those who need it. Bankers are business men and they offer invaluable services in the line of expert advice, criticism and suggestion. Service of this kind is the very essence of banking.

The young man in business is particularly welcomed at this bank. The officers and board of directors offer their hearty co-operation and interest. Come in and talk with us. Learn how banks serve businesses such as yours. Tie up with the big constructive force a banking connection here offers.

IDAHO STATE BANK

TWIN FALLS, IDAHO

A Long Look Forward

From the time the farmer breaks the soil, he carries in his mind the vision of the harvest. The picture of the bountiful reaping is his inspiration; it makes the work in the meantime seem less tedious.

So it is with the Farmer's Bank Account. It is not the first deposit that inspires so much as the anticipation of the time when he will have a much larger amount to his credit.

BI-PARTISAN RESERVATIONS ARE ADOPTED

Modifications Are Made to Two of Senator Lodge's Qualifications.

LEADERS CHANGE FRONT DURING THE DEBATE

Lodge Favors Walsh Motion Until Defeated, Then Opposes It When Reintroduced By Its Author.

WASHINGTON, March 4.—Two more peace treaty reservations were adopted by the senate today after their original terms as framed by the republican leaders last November had been modified to conform to agreements of the recent bi-partisan compromise conference.

Nearly unanimous vote. One of them, withholding assent from the shantung settlement, was changed on motion of the republican leaders themselves and by practically unanimous vote. Consideration of the other however, providing that American representatives in the league of nations be chosen by congressional action, raised a bitter controversy which in the end broke down for the first time since early November the solid republican lineup behind the republican reservation program.

The language finally substituted for the republican draft of the league representation reservation was written by Senator Walsh, democrat of Montana, and by later the republican bi-partisan conference. Today it was offered in the senate by the republican leader, Senator Lodge of Massachusetts, was objected to by Senator Hitchcock of Nebraska, the administration leader, was withdrawn, re-offered by Senator Walsh, accepted by the senate over the republican leader's opposition, and then finally adopted with the republicans voting solidly for it and with Senator Walsh and thirteen other democrats opposing it.

Many Contradictions. The unimpeachable brought about many sharp contradictions as to what the republican leaders had said before the bi-partisan conference, and prompted Senator Lodge to declare that hereafter he would have nothing to do with the compromise agreements tentatively reached while the negotiations were in progress. His declaration immediately drew fire from the mild reservation republicans. Senator Kellogg of Minnesota, a member of that group, asserting that he never would be bound by his leader's decision. It was the mild reservationists who, a few minutes later, made possible adoption of the Walsh reservation.

The unexpected flap over a reservation generally regarded as the minor consequence came when negotiations for a compromise on Kentucky crucial question of article 10 again had reached a state of earnest activity.

ity. Prominent senators of the two parties, unopposed to the working with the knowledge of the party leaders, brought their consultations to a point where the advice of President Wilson was sought indirectly during the day as to certain proposed changes in the republican article 10 reservation, but no definite information had been forthcoming from the White House and that the outcome remained dubious.

The modification of the Shantung reservation, so as to eliminate reference to Japan and to China by name was agreed in the senate with little debate and by a majority of 69 to 2, and the reservation was readopted, 48 to 21, with 10 democrats voting for it. Last November the vote had been 53 to 41, only five democrats being counted in the majority.

On adoption of Senator Walsh's change in the league representation reservation, eight republicans voted with the democrats in the affirmative and the result was a majority of 37 to 32. The vote on final adoption of the revised reservation was 55 to 14, all at the republican end of the aisle, with 17 democrats voted for adoption.

FORMER TWIN FALLS GIRL IS NOW SUCCESSFUL SOLOIST

Miss Lorene Riley, formerly of Twin Falls, Idaho, continues to do "splendored" in Portland as a splendid vocalist. Among the music items in the Sunday, February 25, issue of the Portland Oregonian, the following item appeared: "Miss Lorene Riley, soprano, student of Gino Tietze, Portland, sang last Monday night on such a high level in the public auditorium (which seats 5,600 people) on the occasion of a concert in aid of funds for the Muscular lodge. Her voice is a good one and is being well trained. She sang 'Waltz of the Sea' (Scott) and 'Dawn' (Kernan)."

Miss Riley is a niece of Mr. and Mrs. William M. Moore, of Twin Falls.

FILLS SUIT AGAINST TALBOT. In an action filed in the probate court yesterday the Bank of Commerce of Buhl asks judgment for \$36.48 alleged due on a note. G. E. Talbot is the defendant.

WOULD RECOVER ON NOTE. An action was started in the district court yesterday by Frank D. Hartwell against J. T. Heath and Peggy Heath, seeking to recover \$137.11 alleged unpaid on a note.

WETS' RAISE OLD ISSUE. DEFEATED IN THE HOUSE.

WASHINGTON, March 4.—Sleaz warfare against the prohibition enforcement act was inaugurated today by "wet" members of the house. Though repulsed, 254 to 86 in a initial attack, made in the form of a straight-out repeal provision offered by Representative Egan, democrat of New Jersey, as a rider to the legislative bill, the anti-prohibitionists told the house they had planned to raise the issue again during consideration of every bill that comes up at the prohibition amendment.

While the "wet" of the house were making their fight, Attorney General Thomas P. McGrath of New Jersey, filed suit in behalf of his state in the supreme court to declare the amendment unconstitutional and to prevent federal officials from enforcing it. The court, on the motion of Assistant Attorney General Ferguson, fixed Monday for hearing arguments in the original suit filed by Rhode Island and on the appeals from Kentucky crucial question of article 10 again and Massachusetts decisions having reached a state of earnest activity.

FARM BUREAU WILL NOT JOIN RADICALS

Effort to Alleviate Agriculturalists' Woe Ends in Strongly Denounced.

CHICAGO, March 4.—The American Farm Bureau Federation at the closing session of its first annual meeting today adopted a resolution denouncing the attempt to ally the agriculturalists of America with the radicals of the industrial world. The federation is composed of 1,000,000 members of farm bureaus in 28 states.

The resolution adopted by the federation reads: "We, the American people, firmly to understand that the organization styled 'The Farmers National Council' has no authority to speak in behalf of the farmers of this country and any and all efforts on the part of 'The Farmers National Council' to ally agriculturalists of America with the radicals in the industrial world, is hereby denounced."

Resolutions relating to legislation and other desires of the federation were also adopted, the salient feature being the creation and appointment of a bureau that will have direct supervision of the various items pertaining to the work of the federation.

Among these bureaus would be those on trade relations with foreign countries, on distribution of farm products, on statistics, on legislation, on transportation and for business organizations with authority to set up without delay a business organization under direction of trained experts.

Other resolutions indicated, the American legion and conservation of health and industry, connected strikes and legislation tending to lay a tax of one per cent on land holdings in excess of \$10,000.

The executive committee departed for Washington where they will present the federation's program to congress. They will also decide on permanent headquarters.

ELKS ELECT OFFICERS FOR THE ENSUING YEAR

At a well attended meeting last evening the Twin Falls lodge of Elks elected officers for the ensuing term. Judge O. P. Davall was selected as exalted ruler. Other officers elected were: Leading Knight, H. R. Grant, loyal knight, Paul H. Taber, leading knight, Herbert G. Lauterbach, secretary, H. H. Deles; treasurer, H. L.

Maxwell, Elton J. W. C. Decker, three-year term, W. O. Taylor, delegate to the grand lodge, Frank Mattison; alternate, H. H. Deles.

HILTOP RETURNS FROM TRIP TO CALIFORNIA

T. George Hiltop, president of the Twin Falls Horticulture society, returned to Twin Falls Wednesday, March 4, from an extended tour of the southern part of California. Mr. Hiltop stated that the vast tracts of fruit groves in southern California are now beautiful sights as the trees are beginning to blossom. According to Mr. Hiltop the reports of a decided slump in the grape industry resulting from the suspended marketing of grapes is at fault, for he said that grapes raising has become even more profitable than it was before prohibition went into effect and better prices have been offered on crop contracts for the coming season than ever before. Instead of the vineyards being torn up, he said, more acreage is being put under grape cultivation now than in pre-war times.

ROCHDALE STORE TO START COLLECTION OF ITS FUNDS

At a meeting of the Twin Falls County Farmers association last evening a decision was reached to proceed

TWIN FALLS MAN BUYS HOTEL IN IDAHO

Word has been received here of the purchase by W. D. Henry of Twin Falls of the Illinois hotel at Parma, Idaho. Mr. Parma bought the place from Don Lyman, also of Twin Falls. Mr. Lyman had purchased the hotel a month ago from D. O. Custer, postmaster at Parma.
