MARRIAGE, SUBJECT OF SUNDAY SERMON

Woman's Proposal Text of Rev. Bennett's Discourse Tonight—Other Services.

At the Methodist church Sunday morning, "The Great Watchword of a New Day" will be the subject of the sermon by Rev. Alexander G. Bennett, and in the evening his topic will be "A Woman's Proposal: Should a Man Accept or Reject?" There will be music by the choir at both times and in the morning Leonard Sedgwick will sing "The Lord is My Light" while in the evening Mr. Wood, Mrs. Mott will sing a duet, "Praise With the Lord."

Subjects for the Sunday sermons of W. C. L. Owen at the Baptist church are "The Life That Counts" the morning and "The Fables of Aesop" in the evening. There will be choral music at both services. A trained choir will furnish music.

Allen

MAKE THE TEST YOURSELF

The new ALLEN motor will astonish you by its flexibility and real power.

With unusual four cylinder economy of gas and oil, it possesses the "pick-up" and powerful performance formerly thought attainable only in high grade sixes and eights.

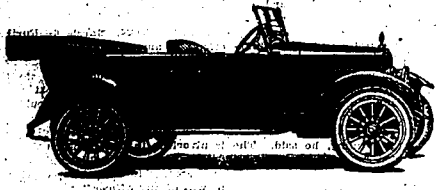

But we don't want you to take our word for it—come and learn for yourself.

Compare the new ALLEN with any other car you want to—and make the comparison upon both performance and looks.

Drive and ride in other cars—then drive this new Allen yourself.

We'll gladly demonstrate without obligating you in any way.

of great merit at the Episcopal church services.

"Some Reforms Needed in Twin Falls" will be the Sunday evening topic of Rev. A. H. Brand at the Presbyterian church. In the morning he will speak on a well selected topic. There will be special music at both services.

Rev. W. A. Moore of the Christian church has two good topics for today's services. Special music has been arranged for both the morning and evening services.

Rev. John Gehring will be in charge of the services at the Lutheran church.

"Will a Man Rob God?" is Rev. Charles Ronk's topic for Sunday morning at the Church of Bethlehem. In the evening he will speak on "A Great Answerable Question—An Appeal to Young Menhood and Womanhood." An inspirational hour is promised by the pastor to all who attend these services.

The lesson subject at the First Church of Christ Scientist will be "Man." Testimonial meetings are held regularly in Parish hall on Wednesday nights.

Being a Girl, Mark Twain—Mildred Houston.

The First Cail, G. M. Cooke—Marjorie League.

Auntie's Doleful Philosopher, Anonymous—Octavia Williamson.

The Phenomenal Baby, Anonymous—Hazel Witt.

Each winner in respective classes will receive a gold medal after the district contest is held. The above program will begin at 7:30 o'clock Tuesday night.

Society

Charming indeed was the progressive five hundred party given yesterday afternoon by Mesdames B. F. Magol and J. F. Martin at the home of the former. Mrs. Zack North was successful in carrying off the first prize while Mrs. T. T. Greenhalgh took second. The home was artistically decorated with baskets of daffodils and the tally cards carried out the same color scheme. After a delightfully spent afternoon the hostesses served luncheon. The guest list included, Mesdames W. G. Allen, P. H. Taber, E. J. Sheneberger, H. G. Bonnot, William Macaulay, C. H. Shaw, T. T. Greenhalgh, O. Laird, John Green, Marion Bantz, Rupert, T. F. Murray, L. Rasmussen, Zack North, J. W. D. Smith, J. C. McLean, Harry Alexander, A. W. Peck Jr., W. T. McMaisters, Frank Ellis, Merlin Batley, C. E. Painter, Robert Logan, T. E. Hunter, H. G. Beeler, George Davidson, Dufresne, Misses Julia and Suzanne Taylor, Martha Stevenson, Louise Wolfe, Marie Nowlin Schulte, Harriet Warner, M. Putnam, Tress

McMahon, Florence Costello, Alma Bonolt and Rose Murray.

The Methodist Foreign Missionary society met at the church Thursday at an all-day meeting and finished a 100-yard bolt of gauze bandages which will be sent to the hospital in China. There was a splendid attendance and an enjoyable time was had by all.

The regular meeting of the M. B. and B. club will be held at the home of Mrs. C. W. Griggs Wednesday afternoon.

Mrs. Dorothy Reed was hostess at a party yesterday afternoon celebrating of Glenns Ferry, who died Thursday last, with birthday. Several guests were held and a delightful function was held yesterday afternoon.

Two course luncheon was served at five o'clock. The table was decorated with cut flowers and a huge birthday cake. There were nine little guests present.

WATER VALVE BLOWS OFF.
Due to an eighty-pound pressure on the wooden water main at Fourth street and Fourth avenue East, a valve was blown off yesterday morning. No serious damage was done.

The Lovliest, Newest Things to Wear

How many, many ladies have exclaimed these words when we have taken garments off the racks to show them. Have you seen them? If not a treat is in store for you, and it will be our pleasure and our treat.

The New Suits Are Wonderful

With flare coats and some with Eton jackets and even the skirts show some new effects. Tailored models in navy are very good and—well, just look at them and try them on. Look around and you'll be convinced that it is more economical to buy your suit here.

Coats of Distinction

The unusual—not like every other one—something individual without having to pay a small fortune for it. Is that what you're looking for? Then come right in. Here you find the largest stock to choose from and you certainly can be pleased.

Who Wouldn't Like the Dresses

Smart-looking-dressy, in taffeta, georgette and satin. With the advancing price of silk we have succeeded better than we expected in keeping prices down. Don't just look at them. Try them on—they are so different and surprisingly pretty.

---and the Prettiest New Skirts

So rich we never dreamed of such pretty skirts—made of the richest, most lustrous silks—some of them extremely bright in color. And they are so prettily made. We have the blouses to go with them. New ones—classy ones.

THREATEN TO RIVAL
U. S. IN DAIRYING

Canada and Argentine Making Rapid Strides in the Industry.

WASHINGTON.—Canada and Argentine may soon prove serious competitors of the United States in the dairy industry, government officials believe. The industry in both countries is in its infancy yet Canada is producing 70 per cent as much cheese and 12 per cent as much butter as the United States, while Argentina is producing 18 per cent as much cheese and seven per cent as much butter. Canada's butter exports were 21 per cent as large as those of the United States while her cheese exports greatly exceeded exports from the United States. Argentina's butter exports were double those of the United States and her cheese exports equalled 32 per cent of those of the United States.

It is generally believed, government officials say, that Argentine and Canada are capable of extensive development of their industries and it is probable, therefore, that the United States may experience in the future particularly energetic competition. Argentina, 21 days distant from New York, they say, may not be thought of seriously at this time as a direct competitor in the domestic market, but indirectly Argentine butter may supplant Canadian butter in the English market, in which case Canadian butter would find a logical outlet in the United States.

Canada is in a better position today in the world's markets with her butter and cheese than is the United States, officials declare. Moreover, Canada's policy with her returned soldiers and immigrants toward land development is bringing results which eventually will mean larger production.

In the United States available lands are scarce and all lands generally expensive. It is reasonable to believe, government officials say, that in the future production will not increase in proportion to the population as the greater part of the really productive land is now utilized. Reduction of the importation of European butter is again giving real competition to our products.

FOODSTUFFS CHEAPER IN MEXICO THAN UNITED STATES

JUAREZ, Mex.—Comparison of the prices of groceries in Juarez with those that prevail in El Paso, opposite here, reveal that most foodstuffs are cheaper on the Mexican side of the river, according to a compilation just prepared by Stephen E. Aguirre, vice consul for the United States at Juarez. Rice and sugar are three cents a pound less in Juarez than in El Paso.

JUAREZ IS FLOODED BY A LARGE AMOUNT OF BOOZE

JUAREZ, Mex.—During the "eleventh hour" rush of liquor exportation from El Paso to Juarez last month immediately preceding the coming into effect of the prohibition amendment of the American federal constitution \$146,646 worth of spirituous liquors was shipped to Juarez, form the American side according to statistics just made public by the American consulate here.

The vessel is reported to be 15 miles off Nantucket shoals.

TO DEVELOP BASIN OF COLORADO RIVER

Southwestern States Convention to Work For Its Development.

LOS ANGELES, Cal.—The formulation of a plan for the development of the entire basin for the Colorado river at a cost of more than \$100,000,000 will be principal business of the annual convention of the League of the Southwest to be held here from April 1 to 3.

The governors of the eight southwestern states—California, Arizona, New Mexico, Nevada, Utah, Colorado, Oklahoma and Texas—are expected to participate, together with the heads of city and county governments in these states and representatives of civic, patriotic, educational, industrial and commercial organizations. Workers of national fame are expected to have places on the program.

In working out its development plan the league does not propose to rally to the support of any one of many projects for improvement of strictly local projects, but will rather support a single interstate movement for general benefit from legislation already enacted or still pending at Washington, according to the convention committee's outline of the proposition.

Frank A. Gesell, chairman of the convention committee, discussing plans for the gathering said: "More progress has been made in the last three months than in the last quarter-century in legislation providing for improvements in the great empire of the west and southwest, including Colorado river projects. The entire west—thirteen states in all—is vitally interested in legislation at the national capital in the form of bills already passed or still pending."

"It will be important for the southwestern states to send the strongest delegations possible to the convention of the League of the Southwest, to unify the benefits of this legislation into a grand movement directed to a single purpose. Every section of each of these states will be affected by the work of this convention."

Fifteen Years Ago

The First National Bank of Twin Falls opened its doors. Mr. J. M. Maxwell, then, as now, was the cashier of the first bank on the tract. From the small beginning the bank has grown to one with a payroll of eighteen. As the oldest bank in the county our policy always has been to further the best interests of the Twin Falls tract. In pursuing this policy the bank has grown with the Twin Falls district from deposits of \$47,374.61, our first call March 14, 1905, to \$2,113,570.45 on our last call. Not only does this growth reflect the prosperity of the tract, but also reflects the policy of the First National Bank.

Hudson For Five Years the Master in Motor and Style

Hudson Created the Touring Limousine the Sedan, and Other Distinctive Body Designs, and the Exclusive Super-Six Motor

No other fine car is so well regarded by so many people as the Hudson Super-Six. The proof is everywhere about you. More than 85,000 are now in service and for five years it has been the world's largest selling fine car.

Observe its predominance in any assemblage of fine cars. Each body type is noted for handsome appearance and rich completeness of every detail. Hudson created new standards of beauty. All know how its leadership in design is acknowledged.

But Hudson's chief appeal must always be in performance.

If any car disputes Hudson's supremacy in speed, endurance, hill climbing or acceleration, it is not by official proof.

Hudson Solves Greatest Of All Motor Problems

All automobile engineers were seeking ways to reduce motor vibration when Hudson solved the problem through the patented Super-Six motor. It added 72 per cent to power and almost doubled efficiency. No weight or cylinders were added.

And the Super-Six at once proved its leadership. It became the most famous speed car, winning all important stock car speed records, and with special cars embodying the Super-Six

principle it won distinction in all championship speedway events.

But it was not to prove speed that these tests were made. Hudson merely established the speed qualities in development of its value as a reliable, enduring car, such as you want.

These Tests Helped Build the Present Hudson

And remember, it was chiefly through endurance, made possible by its exclusive motor, that Hudson won these victories. Such tests impose a strain that could be equalled, in ordinary driving, only by years of hard use.

These records are three, four and five years old. Yet they have never been matched. And the Hudson of today is a better car because of what they taught.

But not the slightest change has been made in the Super-Six motor principle. For no way has been found to improve it.

And because it has found no rival in performance Hudson's sales leadership among all fine cars has been unbroken.

Hudson production has always been under the demand. This year shows a repetition of the shortage. So to get a Hudson at all this summer calls for early decision.

SPANIARDS CHANGE GOVERNMENT OFTEN

Fifty Ministerial Changes Are Made
In Less Than Two
Years.

MADRID.—Spain has had not less than eight new governments with 20 ministerial changes in less than two years. Last year, alone, saw four changes in cabinets with 44 ministerial changes. Virtually every one of these changes was due to the military juntas, or as they are called "Constitutional committees."

These juntas were originally formed in fight against the army, and to the army, the chief advantage of the members being that places on the general staff were allotted to favorites of the government of the day. One of the first actions of the juntas, which are presided over by the colonels, the highest ranking officers who are allowed to join, was to decide

that none of the members should allow their names to be placed in nomination for places in the general staff.

The result would have been that after the deaths or retirement of the present members there would be no officers to form the staff. But 23 officers refused to be bound by this decision, with the result that they were halted before courts of honor and their positions from the army imposed upon. Government, under pressure from the liberal, socialist and other progressive elements in the Cortes, have promised to revoke these decisions of the courts of honor, but found it difficult to do so for the juntas threatened to withdraw their support from the government, and a new war should an emergency arise such as a revolution or social war, the army would be leaderless.

Thus the juntas, became a political force, which opposed radical legislation and otherwise interfered in affairs of state. They are really a great fraternal society, the members of which accepted orders only from the president of the Cortes. In all affairs of the army, ignoring those of king, generals and government.

To dissolve these juntas the Cortes must pass a bill to repeal the act which legalized them, and the moment that is done, every infantry officer, who obeys the orders of his junta, must resign from the army.

Sooner or later the new cabinet must face a debate on the military question. This has, since the intervention of the juntas in politics, each time led to the downfall of the ministry.

King Alfonso's name has invariably been left out of the discussion but it is said that the officers induced him to support the organization and his action recently in attending a big banquet given at Toledo by the infantry officers has lent color to the report.

TERRITORIAL FORCE TO BE ORGANIZED BY BRITISH

LONDON.—Army authorities have decided that the reorganization of the territorial force shall be undertaken with the following conditions of service: Obligation to serve overseas in a moment of "extreme national emergency," but not until the reserves have been called to the colors; no territorial soldiers to be called upon for foreign service without the sanction of parliament.

It has also been definitely decided that the territorial reserve (militia) is to be retained.

WOMEN'S ATHLETIC CONFERENCE TO MEET IN SEATTLE IN MAY

SEATTLE, Wash.—Five western universities have been invited to send women delegates to the Women's Athletic conference of the Pacific Northwest to be held at the University of Washington here in May. Representatives from the University of Oregon, University of California, University of Southern California, University of Washington, Agricultural State college and Colorado Agricultural college have been invited to attend.

RACE HORSES ON SNOW.
Gstaad, Switzerland.—For the first time in Switzerland, horse races with sprinting competitions on the snow are being held at this famous winter resort in the Bernese Oberland. Forty horses have been running and there have been about 4,000 spectators at most of the events. Swiss cavalry officers rode most of the winners.

HOG ISLAND TO END WAR WORK IN JUNE

Last Vessel for Government Use To Be Launched There.

PHILADELPHIA.—The world's greatest shipyard at Hog Island, built to overcome the ravages of the German submarine and help win the war for the allies, will launch its last wartime ship in June and turn it over to the government in September. When the last of the fabricated ships of the war-time contract leaves the vast plant on the Delaware, Hog Island will have turned over to the government 122 vessels, a record of more than one ship a week since the first boat was sent overboard in August, 1915.

There have been several double-launchings in one day, and on Memorial day last year five ships were launched, in a little more than an hour, establishing a world's record.

When Hog Island was going at top speed during the war with 50 ways occupied, approximately 25,000 men were employed. This force has been reduced to about 22,000 and after the last ship is launched in June the force will be reduced to 25 per cent of this number. These men will complete and equip the ships still left to be turned over to the government.

What is to become of Hog Island is the great problem confronting the owners of the yard. Recently the United States shipping board took over the title to the ground. Philadelphia has been urged to take over the yard and continue it either as a shipbuilding plant or convert it into a great terminal. Efforts to interest the state have also been made, but the amount of money required to buy

the great plant has been a stumbling block. It was proposed that the state purchase the 500 acres with two miles of water front and lease them out to manufacturing and other concerns.

TO ENTER MOVIES.

LONDON, March 5.—Mrs. Francis J. Gould, whose marriage was recently dissolved by the courts in Paris, has signed a contract to become a film star with a new British moving picture combination, according to this morning's newspapers. She will receive a salary which is considered phenomenal for Great Britain. It is said,

TO HOLD OUTDOOR BOXING.

YAKIMA, Wash.—Outdoor boxing smokers will be held by the Yakima post of the American Legion in the near future at the state fair grounds here, it was announced recently. The boxing smokers were held here in the armory until a recent order closed the building to the shows.

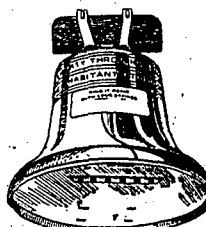

We've Got the Men

During the last two months in our advertising in this paper we have endeavored to initiate into the minds of Twin Falls folks not only their rights, but also their duty to use a higher class of decoration in their homes and business houses, and also stated we were ready to help them out. Now if you have questioned our ability to turn out the work on the score that we did not have the men, replying to that criticism we can truthfully say we have the men picked from the best in the land. Clean cut, efficient, with never a radical among them all. If you really want the best work in Twin Falls, phone 231 for we've got the men.

TWIN FALLS VICTOR IN TOURNAMENT

Big Crowd Witnesses Hard Fought Game Between Old Hoop Rivals.

Twin Falls high school basketball team won the championship of South Central Idaho by defeating the Gooding team in the final game of the tournament held here Friday and Saturday. The game was played before one of the largest crowds ever assembled to witness a basketball game in Twin Falls. As a result of winning the tournament the Twin Falls team will represent this section in the state tournament to be held at Moscow March 19 and 20.

All during the first half one could not pick the winner as Gooding was a few points in the lead until near the close of the half, which ended with the score 21 to 15 in favor of the local team. In the second half the Twin Falls boys outplayed their rivals for championship honors and the game ended with Twin Falls having scored 52 points to 39 for Gooding.

Boutler was the chief point winner on the Gooding team, netting seven field goals, a single and Carter of the Twin Falls team each scored eight field goals. Boutler and Taylor, local guards, kept the opposing forwards from scoring by being always where they could cover their men. The game was fast throughout with very little time out.

General satisfaction was expressed with the work of Referee Culbertson. Presentation of the cup was made by C. W. Thomas of the chamber of commerce to Captain Newman, who spoke a few words of acceptance on behalf of the team. The defeat by Twin Falls left Gooding runner up and the cup for that honor went to that city.

Twin Falls defeated Buhl in a fast game in the morning, score 57 to 25. Gooding won over Burley, 32 to 13.

BUHL.

BUHL, May 6.—Miss Winifred Allen was a hostess at a dinner and informal party at her home on Eighth avenue Thursday evening. There were six guests. The evening was spent in games and music.

Mrs. Eddie G. Lewis, the Ladies Aid of the Methodist church spent a pleasant afternoon at the home of Mrs. Porter on Eighth street yesterday.

Mrs. Nel Larson, who is transacting business here, expects to leave for Kansas in a few days.

BUHL HIGH SCHOOL NOTES.

It is the first of March and we have only ten more weeks of school. The thought of this, at once, a bright and a gloomy vista to all eyes, and especially to members of the senior class. The years of high school are not long and they are the best of a lifetime.

We have had a strenuous and unfavorable basketball season. The outlook for next year is better.

If the weather permits, basketball practice will begin next Monday but we are approaching this season with a wealth of lucky material. Good luck to the basketball team.

The treston-green department of content has been postponed to Friday, the 12th. This is on account of the storm at the head of the high school department. Miss Mary Diney, Miss Diney endured a removal of tonight last Saturday, but expects to be at her post again soon. This will mean state participation of the Junior.

Senior stunt night for another week. A pall has been cast over the school this week by the death of Arlo Morrison's mother. We extend our heart-felt sympathy.

Some new books for supplementary reading by English students have been placed in the library. They are indeed welcome for our library is by no means over-stocked with literary works. The reference department, however, is quite up to date.

Buhl high school is again approaching normal in percentage since the "flu" epidemic. Enforced absences work a hardship on faculty and students alike.

Guillford Bell returned to school last night after an absence of two or three months.

Mattie Rogers was absent last week, taking her brother, Bryn's, place in the rural free delivery. Bryn has the "flu" and Mattie is the only other person this side of Baker, Oregon, who knows the intricacy of that intricate route.

The high school assembly enjoyed a rare treat last Tuesday afternoon. Doctor Arthur Walwyn Evans lectured to the students. He chose as the subject of his lecture "You" taking as a whole and dividing the mental and three parts: Physical, mental and moral.

BUHL DAIRYMAN HAS HIGHEST PRODUCING HERD

Records just submitted by the Pioneer Cow Trading association show that Henry Schick of Buhl has the record producing cow for the month of February. Golden Hecus Lass is the name of the cow and 62.4 pounds is the amount of butter fat produced for the month. Not only has Mr. Schick the highest producing cow but he has also the highest herd average for the association which is 42.3 pounds of fat.

J. L. Showers, the association tester, tested 298 cows during the month.

DOUGHTY SEEK \$142 JUDGMENT FROM WALLACE

The J. E. Doughty Garage Co. is the plaintiff and H. B. Wallace, the defendant in a case filed with the probate court yesterday. The plaintiff alleges that between December 1 and December 27, 1919, he performed work on a Haines car for the defendant and supplied parts, gas oil, grease, etc., and that the services and materials were worth \$142, no part of which has been paid. Judgment is asked for the amount stated.

COMMENCEMENT WEEK IS SET FOR MAY 9 TO 14

May 9-14 will be commencement week at the high school according to school authorities. The baccalaureate sermon, presentation of the senior play and graduation exercises will be the main events of the week. If satisfactory arrangements can be made the graduation exercises, including an address by a prominent speaker and the presentation of diplomas, will probably take place on the night of Thursday, May 13.

TWO ARE CHARGED WITH WITTING ROGUE'S CHECKS

Charged with being accomplices of G. W. Lewis, now serving a term in the state penitentiary for writing bogus checks here last fall, William W. Smith, aged 29, and Arthur Smith, 20, both of Oakley, are being held here awaiting trial in probate court.

The young men have resided in Oakley for some time and it is thought that they added Lewis in cashing the checks and getting away with the money. Deputy Redmon made the trip to Oakley to bring them here.

DEMANDS START FOR HELP ON MANY FARMS

SHOP LITTERS BUSY.

Several merchants have found that apparently there are a few shoplifters in Twin Falls who are not content with taking little things, but in one or two instances have tried to take ready to wear.

COMPLETE PLANS FOR S. I. LEAGUE

Meeting Featured by Absence of Twin Falls Representatives—Adopt Constitution.

Baseball magnates of the southern Idaho baseball league held a meeting here last evening to finally adopt a constitution and by-laws. The meeting was featured by a lack of interest on the part of Twin Falls fans. When the meeting was called to order there were no Twin Falls representatives present. Chas. McCauley was informed of the situation and came to the meeting. Mr. McCauley notified John D. White who then came to the gathering.

The meeting in adopting its constitution and by-laws demonstrated that the officials of the league are in a state on clean baseball. Every precaution is to be taken to fortify the organization against rowdiness. The league will be responsible to the president, who will be paid a goodly sum and will have authority to fine and eject unruly players.

The meeting continued until well past midnight. Representatives were present from Buhl, Jerome, Burley, Rupert and Paul.

WEEK'S PRECIPITATION AT JACKSON LAKE 44 INCH

BURLEY, Idaho, March 5.—A report from Moran Wyo., at the outlet of Jackson lake reservoir on the Snake river, for the week ending February 28, shows a precipitation equivalent to 0.44 of an inch of water. This makes a total precipitation since September 1 equivalent to 13.14 inches at Moran. The elevation of Jackson lake on February 28 was 6737.20, corresponding to a storage of 128,760 acre-feet. On the same date last year the storage was 209,740 acre-feet.

RETURNS FROM KIMBERLY.

Mrs. James Wolf has returned from Kimberly where she has been staying with her daughter, Mrs. Jack Clairborn, who severely injured her ankle in a fall. Mrs. Clairborn was brought to Twin Falls and has been unable to return to her home. For the present she will remain with her mother in Twin Falls.

NEW COMPANY WILL MAKE U. S. GOODS

Concern Is Formed in London by American Chamber of Commerce.

LONDON.—A new company has been formed to arrange the manufacture of American goods in Great Britain for British and empire markets. It is to be called the American Chamber of Commerce in London.

With the growth of the movement for preferential arrangements among the countries making up the British empire, many American manufacturers already have considered it desirable to establish factories in Canada. The new company is working, however, on the proposition that the advantage of a factory in Great Britain are greater.

The American Chamber of Commerce understands that the new company will encourage and assist American manufacturers of successful commodities to establish plants in Great Britain, but where the American manufacturer is not interested in doing so and is willing to sell his manufacturing rights, the new company will undertake to find British or French manufacturers who will take over these rights. Similarly it will introduce into American goods which have proved successful in Great Britain or France.

The new company is understood to have received many inquiries from manufacturers on both sides of the Atlantic who are anxious to have their goods produced in the other country. The function of the new company is to bring such manufacturers together, its profits arising out of the percentage of the royalty or a lump sum payable for the patent or the process.

JANIN IS BOYCOTTED FOR DELIVERING UP KOLCHAK

By the Associated Press.

LONDON, March 5.—Major General Julien Janin, commander of the Czechoslovak army in Russia, says the Times China correspondent, has been boycotted by all the Russians for signing the order delivering up Admiral Kolchak to the Reds. The correspondent adds that Janin justified his act on the ground that the Reds threatened to tear up the rails if Kolchak was not surrendered and that the death of one man was preferable to the stoppage of the evacuation of the allied troops.

BOSTON SYMPHONY ORCHESTRA MEMBERS GO ON STRIKE

By the Associated Press.

BOSTON, March 6.—About 80 members of the Boston Symphony orchestra, in pursuance of their decision to refuse to play unless the manage-

ment reinstated Frederic Franklin, the concert master, who was dismissed last night for failure to respond to a signal from conductor Pierre Monteux, did not take their seats for tonight's concert.

Frederick P. Sabot, president of the board of trustees of the orchestra, told a committee of the musicians before the concert that Franklin would not be reinstated. When they informed him that one-quarter of the orchestra membership would not join in the evening's program, Mr. Sabot announced a change in the selections to be played, whereby the concert was enabled to proceed without them.

Franklin appeared at Symphony hall before the concert, but was told that he would not be allowed to take part.

DRUNKENNESS IS NOT AN EXCUSE FOR MURDER—LORDS

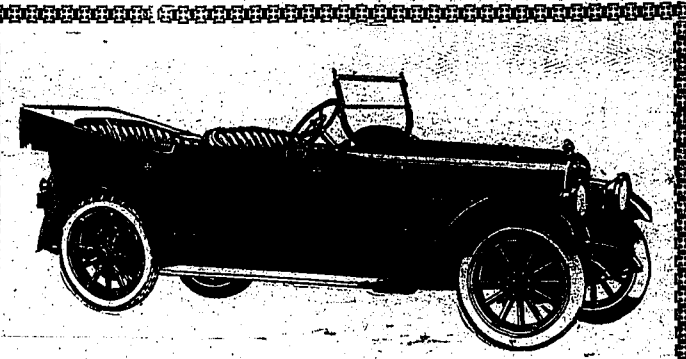

LONDON, March 5.—The House of Lords ruled today that drunkenness is not an excuse for crime by ordering that conviction for murder be restored in the case of Arthur Beard, who was condemned to death for murdering a 12 year old girl in Chester, the reversing the decision of the criminal court of appeals which reduced the crime to manslaughter.

Beard, while under the influence of

drink, strangled the little girl and a plea of drunkenness was put in during his trial. It is understood that the death sentence will not be carried out.

JOHNSON DELEGATION TO STOKES

SAN FRANCISCO, March 5.—A ticket of 26 candidates for delegates from California to the republican national convention "pledged to vote for Hiram W. Johnson on every ballot until Johnson is nominated by the convention, or until Johnson himself renounces the delegation," was announced here today by Frank P. Flint, president of the "Johnson President" club.
