

KAPP QUILTS BERLIN IN FAVOR OF EBERT IS LONDON REPORT

TIMES TELLS OF FINISH OF REVOLUTION

Hindenburg Denounces Anti-Ebert Movement, Adding Strength to Old Regime

MINISTERS REFUSE TO PAY SOLDIERS MONEY

Luetwitz Threat of Capital Punishment Will Not Be Carried Out Belief in Berlin.

By the Associated Press.
LONDON, March 17.—Chancellor Kapp, head of the government at Berlin, has resigned in favor of President Ebert, says the Berlin correspondent of the London Times, under date of Tuesday evening. Efforts to form a Kapp ministry have been abandoned.

KAPP LACKS SUPPORT.
BERLIN, March 16.—The new Kapp government at Berlin has not found the support it had looked for,

GEN LUTWITZ

and while its hold on the administrative activities is growing weaker, the strength of President Ebert and his supporters including the members of the national assembly at Stuttgart, has increased materially. If all reports are to be believed, consequently Ebert's return to Berlin at an early date is confidently predicted in some quarters.

At End of Resources.
That Dr. Wolfgang Kapp has virtually reached the end of his resources, so far as concerns himself as head of the revolutionary movement is evidenced by the fact that he is said to have been ready to retire since Saturday, but was persuaded by Colonel Bauer, leader of the royalist party, and Major General Ludendorff to remain.

General Groener, the Prussian minister, the Frankfurter Zeitung

SURE AND WE'RE ALL IRISH THIS DAY

GOMPERS ENDORSES AMERICAN LEGION

A. F. of L. Head Sees No Reason for Differences Between Two Organizations.

INDIANAPOLIS, Ind., March 16.—Personal endorsement of the American Legion by Samuel Gompers, president of the American Federation of Labor, is contained in a letter from Mr. Gompers to F. B. Wilkin, secretary of the Union Labor Council of Needles, California, according to an article printed recently in the Needles Gazette, a copy of which has been received here. The letter, it is stated, was written in answer to a question from Mr. Wilkin, as to the attitude of Mr. Gompers and the American Federation of Labor toward the legion.

"Mr. Gompers' letter is quoted as follows: 'The American Federation of Labor has not made any declaration regarding the American Legion, but speaking for myself I can not see any reason why ex-service men, whether members of organized labor, or not members of organized labor, should not join the American Legion.'

"When I was in New York recently, Mr. Franklin D. Roosevelt, national commander of the American Legion, asked for a conference with me which, I of course readily granted at which we discussed several subjects matter of the legion. He greatly depreciated that acts and declaration of a few men, members of the legion, speaking for themselves for themselves and without authority to speak for the legion, should be accepted or credited with representing the American Legion and that for which it stands, any more than the organized labor movement should be held responsible for any overt act of any one of its members. His declaration, in no way detracting from the attitude of the American Legion toward organized labor was practically the same as the statement which he gave to the press on January 7."

TO INVESTIGATE THE ANTI-SALOON LEAGUE

ANNAPOLIS, Md., March 16.—Speaker M. E. Tamm, of the house of delegates, furnished a surprise today by announcing the appointment of a committee of five to investigate the Anti-Saloon League.

A petition from the Anti-Prohibition league of Talbot county, asking for investigation of the Anti-Saloon league was presented several weeks ago.

ALL IS READY FOR DRAWING OF LOTS TOMORROW FOR PLACES IN BIG AUTO SHOW

Tomorrow afternoon promptly at 3 o'clock, lots will be drawn for the distribution of space for the Auto Show.

The drawing will be held in the new Magel garage building, in which the show will be housed. There are two mammoth floors, each 125x125 feet. These floors are each available for the auto show, and exhibitors who have made reservation prior to the drawing will be awarded their space in the order of their numbers drawn from the hat.

Yesterday, following announcement of the date for the show, May 10-11, exhibitors made haste to reserve space for their displays. The rush was continued all evening at the close of business hours, so that there will be full representation at the allotment drawing Thursday afternoon. But few of the local dealers and distributors are unrepresented in the reservations, and these are out of town.

COLBY TO DEFEND SELF TO SENATE COMMITTEE

WASHINGTON, March 16.—Dainbridge Colby, nominated by President Wilson to be secretary of state, accepted an invitation today to appear Thursday before the senate foreign relations committee to make a statement regarding certain questions which are delaying his confirmation. The committee action is understood to have been taken by common consent of republican and democratic members, as a result of information gathered in secret hearings on Mr. Colby's qualifications to head the state department. The nature of this information was not divulged, however, and it was said the statement to be made by him would be regarded in the same confidence.

ALIENS RELEASED BY ORDER OF DEPARTMENT OF JUSTICE

DETROIT, Mich., March 16.—Twenty-eight aliens held here pending deportation proceedings were released today on orders from the department of justice at Washington. Causes against seven others who were at liberty on bonds were withdrawn.

RAILROAD UNIONS TO SUPPORT NEW LAW

By the Associated Press.
WASHINGTON, March 16.—B. M. Jewell, acting president of the railway department of the American Federation of Labor assured the interstate commerce commission today that labor's support for a thorough trial of the new transportation act. Testifying before the commission in the hearing to determine whether interstate railroad officers are eligible to appointment on the railway board, Mr. Jewell declared that the 16 organizations for which he spoke were ready to assist in the bill's application. Railroad labor, he said, felt that its duty was to be "helpful at all times in giving the law a fair and reasonable trial."

PARLIAMENT UNANIMOUSLY RATIFIES PEACE TREATY

Ottawa, March 16.—Parliament ratified the peace treaty with Bulgaria by a virtually unanimous vote tonight after spirited debate in a prolonged session.

MINNESOTA REPUBLICANS MAY GO SOLID FOR WOOD

By the Associated Press.
ST. PAUL, Minn., March 16.—Republican leaders in the Twin Cities tonight admitted that the county convention to be held tomorrow in St. Paul and Minneapolis, will practically decide the outcome of the Minnesota delegation of 24 to the national convention would be solid for the nomination of Major General Leonard Wood.

There are ten congressional districts in Minnesota. Each district chooses two delegates to the national convention and the state convention selects four delegates at large. The county conventions will be held tomorrow, the district convention will be on Friday and the state convention will be held in the St. Paul auditorium on Saturday.

In the seven districts outside of St. Paul and Minneapolis, the Wood forces scored a conceded victory at the preferential primary yesterday. In the fifth and tenth districts which include Hennepin county (Minneapolis), supporters of Senator Hiram Johnson of California claim control. In the fourth district, Ramsey county (St. Paul), the dispute regarding control will be decided at the county convention tomorrow. Wood managers admitted tonight that Johnson received the endorsement in a majority of the precincts but the Wood men claim to have carried the precincts sending the largest number of delegates to the county convention.

FARMERS QUESTIONNAIRE TO BE READY SHORTLY

By the Associated Press.
WASHINGTON, March 16.—S. Barrett, chairman of the national board of farm organizations that is preparing a series of interrogations to be submitted to aspirants for the presidency, announced tonight the work probably would be completed tomorrow.

There was no intention, he said, to offer questions with a double meaning or to lay traps for candidates, and the elimination of such pitfalls from proposed questions took much of the committee's time.

DANIELS ENDORSES PLAN FOR HEBREW NATION

By the Associated Press.
BALTIMORE, Md., March 16.—Endorsement of the movement to establish in Palestine a national home for the Jewish people, made tonight by Secretary Daniels in an address before the Zionist organization of America for the Palestine restoration, was supplemented by high tribute to those in America.

"I would not be here tonight in sympathy with the spiritual life which is behind this movement," he said after devoting impressions that anything like a general exodus was contemplated; "but I would be mobilizing the 14 and 16 inch guns to prevent the loss of America of the thousands of Hebrews who have contributed, are contributing and will contribute to the best life and best thoughts of America. They are so rooted in our national life the bulk of them could not wisely be transplanted. 'I come here today as a Christian, devoutly believing in the divinity of Jesus Christ.' Mr. Daniels continued, 'He says that this holy movement has our Godspeed to all who are engaged in it. But I could not in conscience be with you, and share your religious and patriotic fervor as I do in full measure, if I did not know your wholehearted devotion to the principle of religious liberty.'

LOGS JAM; HIT SMELT MARKET; PRICES RISE

By the Associated Press.
PORTLAND, Ore., March 16.—A jam of three million feet of logs in the Coville river at Rocky Point, three miles above Kelso, Wash., caused an advance of one half cent per pound in the price of smelt in the Portland market today. The jam, which has retarded the progress of fish boats necessitating the use of trucks to bring the smelt to market and also checked the current of the stream, preventing the fish from running. Thus a dearth of smelt in the height of the run is threatened.

BLIZZARDS IN NORTH DAKOTA CLAIM LIVES

Eighteen-Year-Old Girl Dies in Effort to Save Brother and Sister.

FOUR BOYS FREEZE ON THEIR WAY TO SCHOOL

Weather Bureau Reports the Storm Worst Since 1888 in the History of Bismarck District.

By the Associated Press.
CENTER, N. D., March 16.—Hazel Miller, 18 years old, gave her life yesterday to save her younger brother and sister from freezing to death in the blizzard which has been raging over the state for two days. When the sleigh in which they were riding was blown over and wrecked, Hazel wrapped blankets and her own coat around the children and sat upon the snow to await help.

FOUR CHILDREN VICTIMS

BISMARCK, March 16.—Four school boys, sons of Gust Wohlika, a man now living near Bismarck, were frozen to death in Monday's blizzard it was learned tonight when their bodies were found by Wohlika. The boys, Adolph, Ernest, Herman and Herman, set out from school Monday afternoon with a team but half way the horses became exhausted and collapsed no further. Adolph bundled up his younger brothers, placed them in the wagon box, and set out for help. His body was found near his home. A mile down the road the father came upon the team and wagon, practically buried by snow. After digging away the snow he came upon the three frozen bodies of his sons.

Worst Blizzard in Years.

Reports to the weather bureau indicated that North Dakota was in the grip of the worst blizzard since 1888. Trains were stalled and schedules annulled in some instances. Two Great Northern trains were reported stalled between Minot and Williston. No freight trains are running in the state. No Great Northern trains arrived at Fargo today from the west while those from the east were late.

Minot Cut Off.
Minot was still cut off from wire communication tonight. From six to eight inches of snow have fallen throughout the state.

According to the weather bureau here, the storm area extended from Manitoba to Wisconsin and from Manitoba, Canada, to Nebraska.

SHIP TO BE CHRISTENED WITH JUST PLAIN WATER

By the Associated Press.
BLOOMINGTON, Ill., March 16.—When Miss Margaret Fenton appears Saturday as the official representative of Bloomington at the christening of the ship, "Evergreen City" at Bristol, Penna., she will break on the prow of the vessel a bottle of water taken from a well from which Abraham Lincoln many times slacked his thirst.

Miss Fenton was chosen by popular ballot to be the official christener of the ship named in honor of Bloomington by the United States shipping board for the record made by this city in the Victory loan drive.

THREE WHIPS OF SHONTS AKE FILED FOR PROBATE

By the Associated Press.
NEW YORK, March 16.—Three wills of Theodore P. Shonts, president of the Interborough Rapid Transit company were filed today for probate. One will, executed in 1905, filed in behalf of the widow, Mrs. M. Shonts. The other two, the bulk of his estate, were filed today. Two other wills filed by Mrs. J. Sullivan, attorney for the estate, make provision for a trust income from which is to be paid between Shonts' widow, "friend" Mrs. Amanda Thomas

MAKES FAST TIME IN STEVENS CAR

Rupert Man Loses But Demonstrates Ability of Automobile.

One hour, twenty-six and one-half minutes is the time it took O. A. Murroll to come from Rupert to Twin Falls with a Stevens car east Thursday evening.

One hour, twenty-five minutes or less is the time he thought he could make it in.

Of a minute and a half made a difference of \$500 to Mr. Murroll. That was the amount of a wager he had with a fellow townsman.

But Mr. Murroll says that he would have made it easily had it not been for a strong wind and about 15 miles of soft road which he had not taken into consideration and is willing to make a thousand dollars that he can make the same run in an hour and 15 minutes with the road in condition.

Harry Dun, the man on the long end of the wager, accompanied by a man named Larson, followed Murroll to Twin Falls. The journey was made with less speed than was that of the car ahead but less successfully in some respects as in turning out for a team the car was ditched and Larson was through the windshield with the result that 15 stitches were taken in his leg upon arrival in Twin Falls.

Although the lower came within 20 seconds of winning there was no quibbling over results.

BURLEY COUPLE MARRIED HERE
At the home of Rev. Conrad E. Owen of the Baptist church occurred a very

pretty wedding Monday. Monte Burns and Miss Mabel Pollard, both of Burley, were married by Rev. Owen. The young couple left the same day on a wedding trip.

**HERMAN STRICKER, AGED 70
DIED HERE YESTERDAY**

The funeral of Herman Stricker, aged 70, who died recently of senility at his home at Rock Creek after a short illness, was held yesterday. Father (Tom) S. Keyser of the Twin Falls Catholic church conducted the services of which Chester P. J. Grossman was in charge.

G. A. R. members of the local post under the leadership of James Hie went to Rock Creek to be present at the funeral of Mr. Stricker who was a civil war veteran. Mr. Stricker's long residence has made him one of the best known men of the tract.

NOTICE TO COLONIAL APARTMENT TENANTS.

We wish to inform our tenants that owing to labor conditions over which we have no control, the apartments will not be ready for occupancy as soon as expected. Hoping that you will bear with us for a while longer, we are,

Yours truly,
COLONIAL APARTMENTS.

SHTLER CONTINUES EXTRADITION FIGHT

Files Writ of Habeas Corpus in District Court—To Appear March 19.

The filing out of a writ of habeas corpus in district court yesterday is the latest move of E. L. Shtler, oil driller, charged with the theft of \$7,000 worth of drilling machinery by W. D. Meyer of Vale, Oregon, to prevent his extradition to Oregon for trial there. Shtler will come before Judge Habcock of the district court on March 19.

After a hearing of evidence and arguments which lasted for several days Judge Duvall in probate court bound Shtler over under \$3,000 bond to await extradition papers from Oregon but pending action in district court following the filing of the writ he can not be extradited.

Shtler is charged with having removed machinery at night from a rig owned by Meyer and left unguarded eight miles from Vale, and hauling it 75 miles to Jewett, Idaho, for shipment to an oil field where Shtler had a contract for drilling with the Union oil company of this city. Attachment on the machinery was filed by Shtler when business connections were broken with the oil company some time ago. Investigation conducted by the Oils company is said to have been responsible for Meyer's appearance at the scene of operations on trial of his lost machinery.

PROUGH CHARGED WITH THEFT OF BURGLAR SACKS

William Prough, arrested Monday on a charge of unlawfully taking 35 burglar sacks valued at about \$15, belonging to C. H. Mail, will come up for trial before Judge O. P. Duvall in probate court this morning.

Society

Mrs. Frank Winter was the charming hostess yesterday afternoon with a shower honoring Miss Jennie Johnson, who will become the bride of Mr. Percy Hite this evening at 6 o'clock. Games and contests were played during the afternoon. A game of Around the World was started at which the bride to China and it was then that she was presented with many beautiful pieces of China. The guests each homed a tea towel and gave to the guest of honor. Miss Johnson has been employed at the Wright store for some time and has a host of friends among the younger set. After the wedding the couple will make their home on the north side, the present home of the groom. A delicious two-course luncheon was served by the hostess at the close of the afternoon.

Among the charming affairs of the week was the sixteenth anniversary

Girl Holds Record as "Child Finder"

By a kind of "sixth sense," 18-year-old Rebecca Matosian (right) finds lost children and unites them with their parents. She is working now among the Turkish deportees.

dinner given last evening by Mr. and Mrs. E. L. Vicens. At 7 o'clock the guests were seated at a beautifully appointed table. The centerpiece was a bowl of pink carnations and violets. Place cards carried out the same color scheme. The house was dimly lit with its profusion of pink rose buds and violets. The guest list included Mr. and Mrs. William Oliver Taylor, Mr. and Mrs. John Graham and Judge E. A. Walters, and Dr. and Mrs. H. W. Wilson.

Mrs. E. J. Osterander will be hostess tomorrow afternoon for the members of the Thursday Luncheon club. This is the first meeting called since the discontinuation of the club at the beginning of the war. Plans will be made for the reorganization of the club at this meeting.

The Business Woman's association gave its weekly dinner last evening at the home of Mrs. H. J. Youngs. There were 30 members present.

The Country Woman's club will be entertained Thursday afternoon at the home of Mrs. Frank Howsam.

Mrs. Charles Mearns will entertain the Wednesday Bridge club at her home this afternoon.

The Twentieth Century club was hostess yesterday afternoon at an open meeting. The attendance equalled any of record for this organization. At 2:30 a short business meeting was called at which time Nevell S. Wright, secretary of the chamber of commerce, spoke on the plans of the proposed park. The club went on record as ap-

proving the plans and will do all it can to aid the furtherance of the park. The open meeting was a St. Patrick's day program, divided into three parts, songs, dances and drama of Ireland. Mrs. W. E. Aaron, as chairman of the day, handled the well presented program. At the close of the afternoon refreshments were served.

MUST HAVE "DRY" RECORD TO GET LEAGUE ENDORSEMENT

By the Associated Press.
WESTERVILLE, Ohio, March 16.—Rev. Dr. P. A. Baker, general superintendent of the Anti-Saloon league, today issued a statement announcing the league would not support any candidate for president who was not "distinctly" in favor of prohibition.

BUILD NEWS NOTES.

BUILD, March 16.—The city council at its regular meeting Monday night authorized the purchase of a new electric alarm to be used as an alarm in case of fire.

The board directors of the chamber of commerce will hold a meeting in the chamber of commerce rooms on Thursday at 2 p. m.

C. E. "Sarge" Clark of the Buhl Independent left this afternoon for Salt Lake where he will consult a specialist regarding some trouble which he has had following a serious attack of influenza.

A St. Patrick's day dance will be given in Stone's hall by the Woodmen of the World.

Bids for construction work on the new high school will be opened at 4 p. m. April 20. Separate bids will be allowed on the heating and plumbing work according to plans and specifications prepared by B. Morgan Scott, local architect. Final decision on the building site has not yet been made but the probability is that it will be near the city park.

The Junior and senior classes of the high school will present their closing of the year on March 25. "A Negro Breach of Promise" is the title of the comedy to be given by the senior boys. Following this will be a playlet, "Double Crossed," by the juniors. Miss Mary J. Bohn of the English department will be in charge of the preparations of both plays.

BASKET BALL TEAM IS IN MOSCOW FOR TOURNAMENT

The Twin Falls high school basketball team is in Moscow awaiting the opening of the tournament which will decide the state championship. Twin Falls boys won the right to contend for state honors by winning the tournament of south central Idaho schools here a short time ago. Among other

INCREASE SALARIES OF STAFF OF HARVARD INSTRUCTORS

CAMBRIDGE, Mass., March 16.—Salaries of the teaching staff at Harvard will be advanced from 40 to 50 per cent by September 1. President Lowell announced to the faculty today that the results of the Harvard endowment fund campaign had enabled the governing board of the university to draw up a new scale of salaries.

Woman's Part In Man's Success

Often the strongest impulse to save comes from the woman of the household.

Every man should consider himself fortunate who has a wife or mother who helps him to save money.

The important part about saving is not the amount of money you set aside each week. The essential thing is the firm decision to save a definite, regular sum, no matter how small it may be.

Even \$1, saved regularly each week, will make your savings grow amazingly.

And this bank helps by adding four per cent, compounded semi-annually.

A NEW NATIONAL PARK.

Early in May officials of the interior department will visit the area proposed for a new national park. This is an area of several hundred square miles lying along the north rim of the Grand Canyon of Colorado, in the extreme northwestern part of Arizona. The view from the rim of the canyon is said to excel in spectacular wonder and beauty the view of the more frequented southern rim. Although it is in Arizona, very few natives of that state have visited the region because it is almost isolated from the rest of the state by the canyon itself. It is more accessible from Utah, but few visitors have ever approached it even from that side. There are some settlers in the vicinity, but not many. The section is almost unexplored. It is heavily timbered, and is said to be almost the only spot remaining in the United States where all manner of wild animals may yet be found unmolested in their native habitat. There are bear, deer, wolves, cougar and many others. If the park is established soon these animals will be protected before human visitors have begun to drive them out and destroy them as they have in other parts of the country. It is a national park, too, the region will be made more accessible to tourists. Every citizen of the United States should rejoice that another of the country's spots of natural scenic beauty is to be saved for the whole nation to enjoy. Too many of the national glories have been allowed to pass into private hands or have been so commercialized that they are very nearly spoiled for the truly appreciative eye. Every additional region held as a national reserve is a gain whose value will be realized with increasing satisfaction through future years.

FOOD HOARDS.

The plans for the U. S. Department of justice to throw accumulated food stores into the open market are good as far as they go, but at best they can hardly accomplish so much as the public seems to expect. It is reported that Chicago storage houses hold at the present time nearly 1,000,000 pounds of butter, as against a little over 2,000,000 pounds a year ago, and about 5,500,000 pounds of cheese as against 1,560,000 pounds of cheese last March, with other storage products in proportion. This certainly shows speculative hoarding on a lamentable scale. There is no doubt that the withholding of foodstuffs from the market in larger quantities than usual has been a factor in keeping up the high price level. It does not follow, however, that the emptying of the storage houses will make a very important or lasting improvement. The sudden dumping of any considerable surplus on the market will naturally drive prices down at the time. But when that surplus is sold, prices will probably return to about the same old high level—particularly if the storage supply has been exhausted. The importance of the actual quantity of food, too, is likely to be exaggerated. Five million pounds of butter is a good deal; but it is only two pounds apiece for the people of Chicago and its immediate suburbs. How would it take Chicago to exhaust the entire hoard? And it must be remembered that Chicago warehouses serve a large territory, domestic and foreign. The storage warehouse, intrinsically

one of the finest public utilities of modern times, has assured itself to notorious abuses of late, and those abuses are to be corrected by every possible means. But it is not all-powerful, for either good or evil. All the storage products of America would probably be eaten up in a week or two if the public had to draw on them alone, or primarily. It is the current supplies coming into the market right along that feed the nation. The food in storage, like the money actually in bank vaults, is a very small part of the whole. It is merely a part of the temporary surplus of perishable foods. All that can be done through law and public supervision is to see that this surplus is not made unnaturally large, so as to create an artificial scarcity for the benefit of speculators.

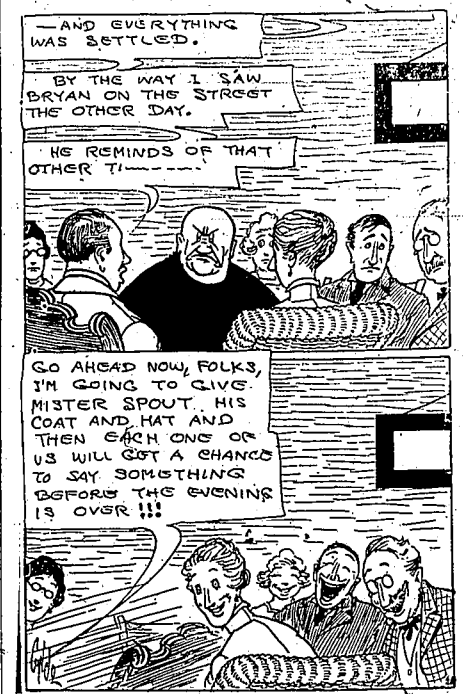

ADVICE TO GIRLS.

Mrs. Catherine Sellin of Kane, Pa., hale and hearty at 95, gives advice to girls of the new generation on the question of health. "To attain sound health and long life," she says, "a girl must observe these simple rules. She must eat slowly breathe deeply, get plenty of sleep, never expose her throat in cold weather by wearing these modern low-necked dresses, and she must not wear high-heeled shoes." Good enough advice, very likely—but what chance is there of its being followed? The venerable Mrs. Sellin, we fear, is a back number. Every slip of a girl nowadays knows a heap more than a grandmother or great-grandmother can possibly have learned in a long life of experience and observation. Another thing that Mrs. Sellin recommends is exercise, particularly digging in the soil. "The best thing in the world for a woman's health is to put on loose overalls and work around in the garden." The very idea. Can anybody see, even in his mind's eye, any present-day girl doing so perfectly outrageous a thing as working in a garden? Not that the modern girl is averse to exercise—but she prefers to take it in a dance hall. One thing the old-fashioned advises the girls. She did not specifically recommend dish-washing, as many a doctor has done, as an aid to health, beauty and longevity. If she had, she would have met the obvious retort, "What are electric dish-washers for, anyhow?"

AERIAL FOREST RANGING.

During 1919 experimental air patrols were established in a number of Pacific coast forest reserves. They proved so successful that it is now planned to set up such patrols in every forest reserve in the coast region. Fifty forest rangers from Oregon, Washington, Arizona, Utah, Nevada, New Mexico and California are now taking a preparatory course at March Aviation Field, Near San Bernardino, Calif. This special course will train them as aerial observers. It includes wireless telegraphy and co-operative communication work aircraft. The establishment of these air patrols ought to mean a great gain in the prevention and checking of forest fires. It has been found that fires are more promptly located from aircraft flying above the forests, and certainly swift communication of the fact and careful control of operations are assured by the use of airplane observers. There will still be need for the ranger who works on the ground within the forests, but his work will be made more effective because of his team-mates in the air. The gas problem is certainly growing serious. The natural gas in this country is rapidly approaching exhaustion, and no way has been found to utilize campaign oratory. Why all this fuss about sending messages to Mars? What has Mars ever done to us?

OUTBURSTS OF EVERETT TRUE

MEAT INJURIOUS TO THE KIDNEYS

Take a Threespout of Suits, or Back Hurts of Bladder Botherers. We are a nation of meat eaters and our blood is filled with uric acid, says a well known authority, who warns us to be constantly on guard against kidney trouble. The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative forces flag; and thus the waste is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead, and you have slugging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or constipation, or feel weak, or get "grumpy," and your mouth about four times of Jud Salts, take a teaspoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. For famous salts is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jud Salts is inexpensive and cannot injure; makes a delightful effervescent effervescent drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

NOTICE OF WRIT OF ATTACHMENT.

In the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls County. The First National Bank of Twin Falls, a corporation, plaintiff, vs. W. P. Burgis, defendant. Notice is hereby given that on March 2, 1920, a writ of attachment was issued out of the above entitled court in the above entitled action, attaching the property of the above named defendant for the sum of \$650.00. In witness whereof, I have hereunto set my hand and the seal of my office this 4th day of March, 1920. (SEAL) Clerk of the District Court. By C. L. BOWEN, Deputy.

IN BANKRUPTCY NO. 1129.

In the District Court of the United States for the District of Idaho, Southern Division. In the matter of Charles C. Livington, Voluntary Bankrupt. Notice is hereby given that Charles C. Livington has filed in the United States district court for Idaho his application for discharge in bankruptcy, and that all creditors and other persons in interest are required to show cause, why they oppose the granting of said petition, should not be granted, by entering their appearance in said proceedings on or before the 12th day of April, 1920, and within ten days thereafter filing the particular grounds of their opposition, in the office of the clerk of said court. Given under the authority of the

NOTICE OF STOCKHOLDERS MEETING.

To the Stockholders of the Twin Falls Dehydrating Company: Notice is hereby given that a special meeting of the stockholders of the Twin Falls Dehydrating Company will be called for the purpose of increasing the capital stock of the corporation to seventy-five thousand dollars, and that said meeting will be held at the Parish Hall in Twin Falls, Idaho, on Tuesday evening, April 6th, 1920, beginning at 7:30 o'clock. By order of the Board of Directors. W. L. PHIBBS, President.

ALIAS SUMMONS.

In the District Court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls. Marian Dunn, plaintiff, vs. F. A. Dunn, defendant. State of Idaho Sends Greetings to the above named defendant. You are hereby required to appear in an action brought against you by the above named plaintiff in the district court of the Fourth Judicial District of the state of Idaho, in and for the county of Twin Falls, and answer the complaint filed herein (a copy of which is hereto attached) within twenty days (exclusive of the day of service) after the service on you of this summons, if served within this district; or if served out of this district, within forty days. The said action is brought to dissolve the bonds of matrimony between you and the said plaintiff and to secure from you, to the said plaintiff, an absolute divorce. And you are hereby notified that if you fail to appear and answer the said complaint, as above required, the said plaintiff will take judgment against you as prayed for in said complaint. Given under my hand and the seal of the district court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls, this second day of March, 1920. (SEAL) C. C. SIGGINS, Clerk.

NOTICE TO CONTRACTORS.

Sealed proposals will be received at the office of the Twin Falls Highway District, 7 Power Building, Twin Falls, Idaho, up until 2 o'clock, March 20th, 1920, for the construction of approximately 275 miles of bituminous macadam pavement and culverts. Proposed work will be let in two contracts, approximately as follows: CONTRACT NO. 3. Road—12.25 Miles. 28,800 sq. yds. earth excavation. 115,000 sq. yds. 5-inch macadam base course. 115,000 sq. yds. 2-inch penetration macadam top course. Culverts. 700 cu. yds. concrete culverts. 50,700 lbs. reinforcing steel. 350 ft. 12-inch cast iron pipe culvert. 1,270 ft. 18-inch corrugated iron pipe culvert. 150 ft. 24-inch corrugated iron pipe culvert. 33,500 lbs. structural steel. 42,000 ft. H.M. timbered floor. CONTRACT NO. 4. Road—15.20 Miles. 32,500 cu. yds. earth excavation. 144,000 sq. yds. 5-inch macadam base course. 144,000 sq. yds. 2-inch penetration macadam top course. Culverts. 700 cu. yds. concrete culverts. 55,800 lbs. reinforcing steel. 600 ft. 12-inch cast iron pipe culvert. 500 ft. 18-inch corrugated iron pipe culvert. 90 ft. 24-inch corrugated iron pipe culvert. 1,600 lbs. structural steel. Alternate bids for 2-inch asphalt concrete top course, with standard bitulite and Topexa type will be received on both contracts. Crushed rock, cast iron pipe, reinforcing steel and cement will be furnished to the contractor by the Highway District at cost. The Highway District also has for lease to contractors several graders, freemovers, wheel freemovers, etc. one Buffalo Pitts roller and one scarifier. The Allen Oil Co., of Twin Falls, Idaho, will contract for delivering asphalt oil on the road, but. But little equipment will be required by the contractor, considering the size of the contract. Complete set of plans and specifications may be seen at the office of the Twin Falls Highway District or set for private use will be furnished, upon application by making a deposit of \$15.00, of which will be refunded upon return of the plans and specifications within 10 days after letting of contracts. Proposals shall be submitted upon blank forms provided for the purpose by the undersigned and shall be accompanied by certified check, payable to Stuart H. Taylor, Treasurer of the Twin Falls Highway District, in the sum of 5 per cent of the amount of the contract. The Board of Commissioners reserves the right to reject any or all bids. TWIN FALLS HIGHWAY DISTRICT. By C. R. CHANNELL, President. STUART H. TAYLOR, Secretary. W. L. JOHNSON, Chief Engineer.

ORDER TO SHOW CAUSE WHY ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE.

In the Probate Court of Twin Falls County, State of Idaho. In the matter of the estate of Edwin K. Crader, deceased. M. O. Stephenson, the administrator of the estate of Edwin K. Crader, deceased, having filed a petition heretofore praying for an order of sale of the real estate of said decedent, for the purposes therein set forth. It is therefore ordered, By the said court, that all persons interested in the estate of said decedent appear before the said probate court on Thursday, the 25th day of March, 1920, at 2 o'clock in the afternoon of said day at the Court Room of said Probate Court, in the County of Twin Falls, to show cause why an order should not be granted to the said administrator to sell so much of the real estate of said decedent as shall be necessary. And that a copy of this order be published at least once a week for not less than four successive weeks in The Twin Falls Chronicle, a newspaper printed and published in said county, county, Idaho, and that said publication be completed at least five days prior to said 25th day of March, 1920. That the description of said property sought to be sold hereunder is described as follows: Lot 2, block 37, of the original townsite of Twin Falls, County of Twin Falls, State of Idaho. Dated February 27, 1920. (SEAL) O. P. DUVALL, Judge of Probate. James R. Bethwell, W. Orr Chase, Attorneys for Administrator. Residing at Twin Falls, Idaho. 43-Feb-27 Mar. 12-19

PLAN MANEUVERS OF BOTH FLEETS

Combined Outfit to Later Visit Pacific Coast Ports As One.

By the Associated Press.
WASHINGTON, March 16.—The Pacific and Atlantic fleets will meet off the Pacific coast of Panama next January in their joint maneuvers, designed to keep the navy "on its toes" during peace time.

This was decided today at conference between Secretary Daniels and Admirals Rodman and Wilson, fleet commanders. It is practically certain a battle between the fleets, similar to actual warfare, will be arranged. It may also serve as a test of the Panama canal as an element of naval strategy.

After the practice, the combined fleet will visit principal Pacific coast ports of the United States to give the people a opportunity to see the navy. It is the first time that the entire battleship strength has visited the Pacific coast since the Atlantic fleet made its memorable cruise around the world in 1907-08.

The fleet which will steam out of Panama bay for San Francisco next year will be many times larger and more powerful than that which the late Rear Admiral Robley D. Evans took through the Golden Gate in 1908 after a voyage around Cape Horn. There will be 16 battleships of the dreadnought class—the same number that circled the globe—perhaps a

dozen second line battleships, 11 cruisers and all supporting units of destroyers, submarines and auxiliaries.
Among second line ships will be a number that made the cruise around the world. But they will go to the Pacific before that time, as six, including the Connecticut, which was Admiral Evans' flagship in 1908, have been assigned to take the midshipmen from Annapolis on June 8 on a cruise to Hawaii and several Pacific ports. The voyage will end August 28.

OUCH, LAME BACK. RUB LUMBAGO OR BACKACHE AWAY

Rub Pain Right Out With Small "Trial Bottle of Old 'St. Jacobs Oil'."

"Kidneys cause backache." No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Oil." Rub it right on your painful, back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from your druggist and rub it up. A moment after it is applied you'll wonder what became of the backache or lumbago pain. Pains with a St. Jacobs car. But, "St. Jacobs" wherever you have sciatica, neuritis, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

SOUND AMERICA ON TURKISH QUESTION

Polk Said to Have Expressed Personal Opinion on the Situation.

PARIS, March 16.—(Havas).—The United States government, according to the Temps today, has been sounded as to its views of the settlement under consideration for the solution of the Turkish problem. The government has not yet replied, adds the paper, but Acting Secretary of State Polk expressed his personal opinion on various points of the proposed adjustment. At the meeting of the council of ministers today, Premier Millerand placed the latest developments in the foreign situation before the cabinet members, dwelling particularly upon the events in Germany.

MAKE NO COMMENT

WASHINGTON, March 16.—Announcement from Paris today that the tentative agreement in connection with settlement of the Turkish question had been communicated to the United States, brought no official comment here as to the attitude of the American government toward the proposals. The plan includes recognition of an independent Armenia and retention of the Sultan in Constantinople as drawn up, but it was suggested that recent events might necessitate modifications and also that Russia would be included in the final settlement.

LONDON TIMES REPORTS END OF REVOLUTION

Continued From Page One.

asserts, has telegraphed to Field Marshal von Hindenburg that, in his opinion, the Kapp-Ludowicz government is an impossible one, whether from the viewpoint of home affairs or foreign affairs. Greener is quoted as saying that von Hindenburg is the idol of the German people, and a word from him would suffice to bring back the regular troops to a constitutional basis.

Would Be Mediator.
General Greener is also credited with having sent a message to Ebert offering to act as mediator between him and von Hindenburg with a view to restoring constitutionalism.

Von Hindenburg has written to Dr. Kapp advising him to withdraw from his position, Cologne dispatches say, and has advised President Ebert to call for new elections.

Thus far, however, what the constitutional president intends to do, is not known in Berlin. But the future action of the national assembly will probably decide his attitude. Those who optimistically believed Ebert might enter into negotiations with the Berlin government are disappointed to learn today that no definite negotiations are under way, though the basis of agreement as outlined yesterday by the Kapp faction seemed to afford an opportunity for the two contending governments to enter into a discussion.

Ebert's Grip Disclosed.
President Ebert's firm grip on administrative affairs in Berlin is indicated by the fact that the imperial finance minister, by his orders, has refused to turn over the money necessary for the payment of the troops, demanded by the revolutionary chancellor, and the under-secretaries of the various ministries, as well as other officials have absolutely refused to take their orders from the new gov-

ernment. Some of them have quit Berlin.

Strike More Pronounced.
The general strike proclaimed not only in Berlin but throughout Germany is more pronounced today than ever, with the result that thousands are feeling the pinch of hunger, and the socialist and labor leaders are urging that this weapon be used in its full force in behalf of the constitutionalists.

Capital punishment has been decreed by General von Luttwitz for those fomenting strikes or exercising passive resistance in any vital service. This decree was declared to be effective after 3 o'clock this afternoon, but it is considered questionable whether this threat will be put into operation. With the extension of the strike and the determination of the strikers, that would mean serious bloodshed.

It has been estimated that 60 were killed in yesterday's fighting, although this figure is semi-officially denied. There were fresh collisions today in the neighborhood of Potsdamplatz.

KAPP WEAKENESS SHOWN.

PARIS, March 16.—Official information from Berlin today showed that the compromise reported last night as having been accepted by the Ebert government merely constituted the conditions offered, which were, refused because independent socialists withdrew owing to dissatisfaction with the labor clause while the moderate and majority socialists would not hear of Gustav Noske being replaced as minister of defense by a general.

The attitude of many officers in the revolutionary army is declared to have encouraged the mid government in believing that the Kapp regime is only partially supported.

Compromise negotiations, according to advisers were suspended until tomorrow.

General Morke and several officials understood to be representatives of the new government, have left Berlin for Stuttgart, seat of the Ebert government.

Chancellor Kapp is regarded now as having lost his influence, this being shown by his refraining from attempting to form a cabinet and announcing he is leaving the former government officials in entry on the work of their departments. These officials are believed to favor the old government. There is, however, a militarist element determined to fight to the end for control and there is a workers' element equally determined to oppose the militarists, advisers indicate.

SIX ARE KILLED.

BERLIN, March 16.—Clashes between regular troops and civilians are reported to have occurred this afternoon at the Kottbusser Tor, one of the underground railway stations, and in other parts of the city. Six persons were killed and many injured.

PERE MARQUETTE RAILROAD BUY'S GOVERNMENT EQUIPMENT

By the Associated Press.
TOLSONO, O., March 16.—Purchase of \$10,000,000 worth of equipment from the government was announced by officials of the Pere Marquette railroad here today. The equipment includes 3,000 freight cars, 30 light locomotives and ten heavy switching engines, it was said. The announcement said the government will accept company stock secured by a lien on the rolling stock.

STATE OFFICIALS MUM ON BOUNDARY DISPUTE

By the Associated Press.
AUSTIN, Texas, March 16.—State officials here were silent today concerning the boundary dispute between

Texas and Oklahoma, seemingly having adopted a waiting attitude pending possible further action by Oklahoma claimants to Red river oil lands valued at several millions of dollars. There was a possibility, however, that Texas would ask the supreme court of the United States for a writ to stay the decree of Federal Judge P. A. Youmans, of the western district of Oklahoma which seeks to dispossess Texas of the property in favor of the Indian Development company of Oklahoma.

SPECIAL VENTURE CALLED IN J. W. W. HEALING

SPOKANE, Wash., March 16.—As a result of charges made in superior court today by two prospective jurors in the case of James Stevens and Charles Butte, alleged Industrial Workers of the World, on trial here charged with criminal syndicalism, that efforts had been made to influence their opinions regarding the case, an entire special venire was impaneled and the case was continued.

DE VALERA ISSUES APPEAL TO IRISH

St. Patrick's Day Proclamation Is Issued by "President of Irish Republic."

By the Associated Press.
NEW YORK, March 16.—Eamon de Valera, "president of the Irish republic," tonight issued a "St. Patrick's day proclamation" to the sons and daughters of the "Gael," urging them to "show the world the right of moral beauty and to teach mankind peace and happiness in keeping the law of love."

"Never before have the scattered children of Erin had such opportunity for noble deeds," the proclamation reads. "Today you can serve not only Ireland, but the world. A great war and a more cruel peace have shattered the generous soul. Apathy mocks the high minded and heartless cynicism points the way of selfishness."

"We who have had the cup of the fruition of hope dashed from our lips in every decade and have not despaired; whose temper has never cooled, but who have always looked forward to the good in tomorrow—the world needs what we can give it today."

"We are aware of the needs in political slavery—we can be the shafts of dawn for the despairing and the wretched everywhere."

"The world looks to the Irish in America to help it," the proclamation declared, and added:

MAKE RECORD FLIGHT.
By the Associated Press.
TOKIO, March 16.—Lieutenants Ozaki and Wada, have just accomplished the longest flight yet made, by Japanese aviators. The flight, which was between Tokio and Seoul, Korea, a distance of 963 miles, required portions of three days.

Coats

May be Long or Short

Many will prefer the jaunty short coats, but for those who prefer the longer ones, we've provided too; and so the showing of both long and short coats is extremely pleasing.

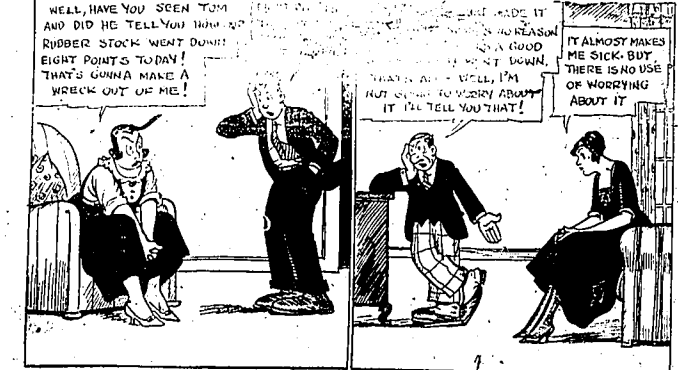

It seems that all the whims of fashion are represented here in this collection of coats. You will see collars of various types—some coats full flaring in the back, with and without belts—some will have slash pockets and others big, roomy pockets to place things in—some will be knee length, some a little longer; and some slightly shorter—any of them are good in Fashion's eyes—it's just for you to pick the one that's best for you.

While the assortments are at their best is the time for you to try on the different models and decide which length is best for you—and which of the season's popular materials pleases most—will it be Polo Cloth, Silvertone, Pomerey, Suede, Duvet De Laine, Tricotine, Tinseltan, Poplin or one of the others—they are all here for your inspection now.

Grain

CHICAGO, March 16.—Active; closed, especially from eastern shorts, gave a new high today to the corn market. The close was nervous, 2 1/4 points higher with May 155 1/4 to 156 3/4 and July 148 3/4 to 149 1/2. The close was 1 1/2 to 1 1/4 and 1 1/2 to 1 1/4.

Much increased strength of corn was evident right from the beginning and was not checked except at intervals when profit taking by holders led to setbacks. For the first time in several weeks, elevators here were receiving eastern cars for the shipment of grain. Besides, confirmation was at hand that an export effort would be made to supply cut cars daily to facilitate the grain movement to the seaboard and that shipping permits and other restrictions had been put in an end to. Bullish sentiment was further stimulated by knowledge that congressional approval had been voted for the sale of five million barrels of government flour to Europe on credit. On the bulley, new top figures for the season were reached by all elevators except May. Toward the last, however, bears contended that the advance had about run its course and they succeeded in lowering the price a few points to the highest level yet on the crop.

Provisions were moderately responsive to the return in grain.

INDIANA JUDIST SUICIDES.

By the Associated Press. HAMMOND, Ind., March 16.—Judge John H. Gillett, 62 years old, formerly chief justice of the supreme court of Indiana, hanged himself in the garret of his home today with a clothline. Judge Gillett's wife died a year ago and he had been dependent since, according to friends. He was the author of several books on law.

PATRIOTISM PLEA OF NEWBERRY DEFENSE

Attorney Explains "Unconscionable Conspiracy" in 1918 to a Trial Jury.

GRAND JURORS, Mich., March 16.—Only patriotic motives, according to arguments of the defense, impelled the 86 Newberry election conspiracy trial defendants to enter into what James H. Murfin, counsel for the defendants, said today was "the unconscionable conspiracy of 1918."

Murfin told the jury that "as a thought for overnight," he would let them ponder "whether a man cannot unconsciously become a party to a criminal conspiracy." Previously he had said:

"I am here fighting for the salvation of Truman H. Newberry. If he were charged with spending or earning to be spent more money than the law allows I would not waste my breath or your time. But he and the other men are charged not with that offense but with being conspirators, with working subterraneously in the dark with vile hearts and unclean minds."

NEARLY \$100,000 IN INTEREST DUE FROM ALGERIA

By the Associated Press. WASHINGTON, March 16.—Unpaid interest on loans to foreign governments accruing up to November last, totaled \$236,240,114 while the estimated interest for next year was \$465,215,612, Secretary Houston informed the senate today, answering a resolution of inquiry. Belgium owed \$370,381; France \$55,858,101; Great Britain \$105,503,126; Italy \$39,228,303; and Russia \$15,051,977, of the unpaid interest, he said, while the interest

falling due in 1920 includes Great Britain, \$31,328,800; France, \$159,304,272; Italy, \$73,699,549; Belgium, \$18,822,074; Russia, \$9,399,365; and Czechoslovakia, \$2,515,004.

MARYLAND GOVERNOR COMES OUT AGAINST DRUGS

By the Associated Press. ANNAPOLIS, Md., March 16.—Governor Ritchie took an open stand tonight for the passage of legislation authorizing the manufacture and sale of beer, cider and light wines in Maryland. He sent his message on the liquor question to the house.

The message is an endorsement of the Jones bill to legalize 3 1/2 per cent beverages and contains an endorsement of the wet program as far as it is proposed to put it into effect in Maryland.

LOCAL POST FAVORS FARMS OR HOMES

Referendum Shows Members Unanimous in Opposition to Bonds Plan.

Twin Falls, post, American Legion went on record last evening as favoring either land reclamation for soldiers or the furnishing of funds for the first payment either on a farm or a home in the city.

The post unanimously rejected any proposed bonus, either through the selling of bonds or through the issuing of short time bonds. There was not one vote cast for either of these issues.

Fifty-seven votes were cast in favor of some beneficial legislation with even votes against this. The reclamation plan was favored by 31 votes while three men opposed the necessity of this plan. Thirty-seven votes were recorded in favoring home aid. Two men favored vocational education.

The referendum was taken after the presentation of a communication from Congressman Addison T. Smith, asking that the referendum be taken. The post voted to have Taylor C. Quinn, vice national executive committee man for Idaho, present the result to Mr. Smith in person, when he arrives in Washington to attend the meeting of the national executive committee of the legion. Mr. Quinn leaves for Washington this morning.

Coming Attraction

"Moonshine Trail"

Following the business session the legion members enjoyed a social session. Several wrestling matches and boxing matches were staged; Thomas W. Stroeter entertained with a piano selection while the American Legion quartette gave several of their favorite selections to the delight of the large crowd present.

Previous to the meeting the committee in charge of preparations for the convention met and took stock of the plans for the affair as practically complete.

DECLARE HARD COAL MINERS' PAY EQUITABLE

NEW YORK, March 16.—The earnings of labor in the anthracite coal fields, and the demand of the miners for a 60 per cent wage increase were discussed today by the subcommittee of miners and operators meeting here to negotiate new wage agreements for the hard coal workers. No action was taken.

The operators declared that the pay now received by the miners is "equitable" and that advances granted the workers since 1915 have more than kept pace with the high cost of living.

Although the conference was executive, it was learned that the operators produced a volume of income tax reports, showing that the workers have been making a "living wage."

Representatives of the operators tonight in discussing workers' demands declared that any wage increase granted will have to be borne by the public. A 30 per cent advance in wages and a seven-hour day they asserted, will mean an increase in the price of coal of at least \$2 a ton.

John B. Lewis, international president of the United Mine Workers, who is in Washington attempting to bring about adjustment in the bituminous case, has "wired" his representatives here that "satisfactory progress" has been made. It is expected that the award to the soft coal men will be announced the latter part of this week.

MISSIONARY HELD BY BANDITS RELEASED

Report Received of Capture of British Missionary by Same Bandits.

PEKING, March 11.—Rev. Dr. A. T. Shetton, a missionary of the Disciples of Christ church, who was captured by bandits Jan. 3, at Loanyuan, near Yunnan-Fu, was released through the efforts of the American legation and is proceeding under escort to Yunnan-Fu, where he is due to arrive next Monday. He is reported to be well.

Strangely enough with advice of the release of Dr. Shetton came news of the capture by the same band of a British missionary named Metcalf, belonging to the China inland mission.

Dr. Shetton and his wife and daughter, were on their way from Kuang to Yunnan-Fu and had reached Kufeng, less than 50 miles from their destination when captured. The Americans had a small escort which gave battle to the bandits, with the result that several of the escort were killed. Mrs. Shetton and the children were allowed to proceed but Dr. Shetton was held with the purpose of enforcing political demands made by Yang Tien-Fu, the bandit chief.

The bandit at first demanded amnesty for himself and the release of his family, which was being held as hostages at Yunnan-Fu and also that he be appointed chief of the constabulary of his district. Later when terms had virtually been arranged, he stipulated that he should be allowed to keep taxes on his own account.

NAMES NEW ATTACHEES. ST. LOUIS, March 16.—Dr. Shetton, St. Louis, is the new American consul in Singapore, Brunei, and Sarawak for the middle west with headquarters here today received a cablegram from President Wilson, of Brazil, notifying him of his appointment of Brazilian commercial attache for the United States at Washington.

NEW MOVE MAY GET PACT ITS NEEDED VOTES

Proposed Reservation Softens Harsh Terms of Article X Qualification.

HOPE FOR SUFFICIENT WILSON DESERTIONS

Will Reconsider Balloting if First Attempt at Ratification Is Failure in Effort to Force Issue.

By the Associated Press. WASHINGTON, March 16.—A general declaration of international policy, under which the United States would view with "grave concern" any future upheaval threatening the peace and freedom of Europe, was agreed on by republican senate leaders today and presented as a new reservation to the peace treaty.

Intended to replace the more definite pledges of article ten, the reservation is to be pressed in the senate as the farthest step the republican leaders are willing to go toward abandonment of American isolation and participation in European conflicts. Its text follows:

"It shall be the declared policy of this government that the freedom and peace of Europe being again threatened by any power or combination of powers the United States will regard such a situation with grave concern, and will consider what, if any, action it will take in the premises."

Senator Leonard of Wisconsin drafted the reservation in consultation with other republican leaders and introduced it in the senate at the end of a day of debate on the Irish question which delayed treaty action. It generally was predicted tonight, however, that the ratification roll call would come Friday or Saturday.

Not many democrats had had an opportunity tonight to study the new republican proposal, and it was uncertain how much support it would command from that side of the chamber. Some senator predicted, however, that it might have the effect of softening the sentiment of the administration over the republican article ten reservation and win over enough democratic votes to ratify the treaty.

Would Prevent Failure. A claim of further gains in breaking down administration resistance was made on the republican side during the day and some leaders were asserting tonight that the roll call would show a total vote close to the two-thirds required to ratify with the republican reservations. It is understood to be the purpose, if ratification fails, to reconsider and take a second vote in the hope that after they have made their record of opposition, a handful more of the "demonstrative senators" will leave the administration's lead and save the treaty from another failure.

The new reservation follows the general outline of a declaration which was contained in a resolution introduced several months ago by Senator Knox, republican, Pennsylvania, and never acted on by the senate. Those who support it declare that while it would leave the United States free from any definite promise to intervene in European affairs, it also would give evidence of the nation's vital interest in any future war such as the one just closed.

WANT BANKERS' AID IN NATION'S THRIFT DRIVE. By the Associated Press. WASHINGTON, March 16.—In a personal appeal sent to the heads of 2500 financial institutions, Secretary Houston today sought the cooperation of the bankers in the treasury savings movement. The prosperity and welfare of the nation, he said, was dependent on thrift, economy and saving. Bank officials were asked to give wholehearted support to distribution of thrift and savings stamps and certificates as "an effective and patriotic service."

Secretary Houston said the movement was on "a firm and permanent basis."

"Aside from the fact that the proceeds from the sales of securities will be used in serving the cash requirements of the treasury," he continued, "the movement is of the very essence of fundamental economics, affording a tangible means of combating high prices and extravagance and the ill that follow in their train."

Even considerations of self-interest should impel banking institutions to assume their acknowledged and rightful leadership with sufficient vigor and force to arouse the American people.

ATTEMPT TO DODGE TAX BY LEASING TO CUBANS

By the Associated Press. NEWARK, N. J. March 16.—Richard Lindbergh, counsel for the Francisco Sugar company, a New York corporation, admitted today that the company proposed to lease its assets to a Cuban corporation known as the Compania Azucarera Francisco in order to escape payment of federal income and excess profit taxes of approximately \$1,000,000 annually.

The lawyer made this admission during hearing on a suit brought by William H. Allen of Philadelphia, a stockholder, to prevent the company from taking the proposed action. Allen, who declared he would lose \$15,000 a year if he won his suit, set forth through his attorneys that "it is a scheme against public policy."

LOW WAGES HIT HEALTH SERVICE

Insufficient Force Trying to Care for 12,000 Discharged, Wounded Service Men.

By the Associated Press. WASHINGTON, March 15.—Low pay has depleted the professional personnel of the public health service, Surgeon General Cummings stated today, until the force is entirely inadequate for the task of caring for former soldiers in addition to its regular work.

"We are today caring for 12,000 discharged soldiers, sailors and marines in our hospitals with a force that is not sufficient," the surgeon general said. "We cannot get the medical personnel for the lower grades, that are necessary for the effective operation of the hospitals. We cannot get specialists who are necessary in the care of tuberculosis patients and the mentally deranged. We cannot attract to the corps a sufficient number of highly trained surgeons to look after those who require delicate operations."

"In one disease alone, tuberculosis, we will have to care for 12,000 soldiers within the next year. It is almost a hopeless undertaking, unless we can get the doctors and we simply cannot under the present rate of pay."

"To make matters even worse, about 10 per cent of the officers in the regular corps have resigned and the vacancies created by their resignation remain unfilled."

HUNS LOST CHANGE IN 1918, SAYS SIMS

Could Have Paralyzed Shipping and American Troop Movements Then.

By the Associated Press.

WASHINGTON, March 16.—Germany missed an opportunity to paralyze shipping and American troop movements to France in the summer of 1918 by not sending a battle cruiser to raid convoys, Rear Admiral Sims said today, continuing his testimony before the secret committee investigating the charges against the navy department's conduct of the war. Although the department was warned in September 1917, of this danger, he said, it had no comprehensive plan to combat such an enemy move 10 months later.

"The department acknowledged that it had not approved plans and said that it depended upon European forces and upon the British grand fleet to stand off the danger until it had time to act," Admiral Sims asserted.

The department suggested plan after plan in the intervening months, the admiral said, all based on a wrong premise and most of which had been previously considered and rejected by the allies as unworkable.

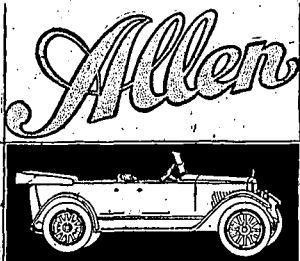

In August, 1918, word came that

the enemy was preparing two cruisers for raiding duty. Admiral Sims said, and not until then did the department abandon its own ideas and accept his recommendation, made 10 months before, that battleships be assigned to protect troop ships. He read from the cablegram accepting his plan, in which the department said it was "only a temporary expedient" and did not "solve the problem of continued enemy battle cruiser activity in the Atlantic."

STORMS HAMPER VOTING IN DAKOTA PRIMARY

By the Associated Press. SIOUX FALLS, N. D., March 16.—Inclement early tonight were that a fairly heavy vote had been cast in the cities in North Dakota, presidential preference primary election but a marked decrease in the rural sections was expected as a result of the terrific blizzard that has raged in the state since last night. The polls were open until 9 p. m.

Little interest attached to the presidential preference vote as there was but one candidate in the field, Senator Hiram Johnson, republican, of California. In addition to each party electing a national committee man, five presidential electors and ten national convention delegates, the voters registered their opinions on four constitutional amendments, seeking the repeal of the state's "blue laws."

The Smaller Fine Car

People have always wanted a car of moderate size that would measure up to a super-standard of excellence. Actually, a really fine product costs but a little more than one of average goodness.

Come in and appraise the Allen on this basis
