

KAPP FLEES BERLIN; RED FORCES BUILD BARRICADES IN MANY PARTS OF CITY

Government Supported Only by Machine Guns Fail to Win Support.

LUETTITZ TO TURN REINS OVER TO NOSKE

Ebert Strongly Entrenched at Stuttgart—National Assembly Goes Into Session.

By the Associated Press.
BERLIN, March 17.—Wolf-
gang Kapp has fled Berlin, leaving
the "chancellor" in an automobile
at 6 o'clock this evening.
It is stated that the communists
are constructing barricades at
many places in the northern and
northeastern sections of the city.
The leaders of the general strike
have issued a proclamation
saying: "The general strike of
the railwaymen has been com-
pletely successful and therefore
it is suspended forthwith."

KAPP SIGNS RESIGNATION.
BERLIN, March 17.—(Evening)
After holding the reins of power for
less than five days, Dr. Wolfgang
Kapp, the self-appointed chancellor
and dictator, has retired from office
and control. He resigned today, and
an official communication explained
that the chancellor considered his
mission fulfilled when the government
demanded addressed to it. He was
also moved to this action by the ex-
treme necessity of the fatherland,
which demanded union against the
danger of Bolshevism.

Circumstances Mystery.
The real circumstances of Kapp's
retirement are still shrouded in mys-
tery. An important factor undoubtedly
is to be found in the deliberations
of the under-secretary and imperial
council yesterday, which Major Gen-
eral von Luettwitz attended. The
views of this conference were that
both Kapp and von Luettwitz with-
drew in order to terminate an intol-
erable position.

Von Luettwitz agreed to this, but
when he returned to the chancellor-
ship he allowed himself to be persuaded to
change his mind and retain office. To
him has been delegated the executive
power by the former revolutionary
chancellor, and it is difficult to say
what will happen now that von Luett-
witz remains the military dictator at
Berlin.

Noske to Resume Control.
It is reported, however, that Gustav
Noske, minister of defense in the old
(Ebert) government is coming here
tonight and von Luettwitz perhaps
will transfer his new found authority
to him.

In conference with the foreign cor-
respondents yesterday, Kapp's pres-
ent made play with the Bolshevist
danger. In a second conference an
attempt was made to conceal the fact
that the Berlin government was likely
to be of only short duration.

Depended On Machine Guns.
Although the general strike dealt
this government a mortal
blow, the decisive fact is that
Kapp and his supporters had no
political prestige, being built only on machine
guns.

The statements made at these con-
ferences made a strange impression
and caused a suspicion that the cry
of alarm about the Bolshevists was
preliminary to the announcement of
retreat. The chief of the press bu-
reau warned the correspondents
against showing themselves in the
streets as a communist revolt was ex-
pected hourly.

Ebert Strongly Entrenched.
That any kind of compromise is out
of the question now is undoubted.
President Ebert of the old govern-
ment is strongly entrenched at Stutt-
gart, where, according to semi-offi-
cial dispatches, the council of the em-
pire met today and unanimously ap-
proved the old government and
strongly condemned the military coup
at Berlin.
Frightened Berliners last night

NEW YORK IRISH MARCH BEFORE DE VALERA

By the Associated Press.
NEW YORK, March 17.—A mighty
host of Erin's sons and daughters,
marching thousands strong in review
before Eamonn De Valera, "president
of the Irish republic," gave New York
today its most impressive St. Patrick's
day parade.

For the first time in a St. Patrick's
day parade there appeared a large
delegation of the Protestant Friends
of Irish Freedom, carrying a banner
pointing out that Dean Swift, and
Charles Stewart Parnell were Pro-
testants. Scores of other banners
bore inscriptions typifying Ireland's
"struggle for freedom."

A delegation of turbaned Hindus,
representing the "Friends of Freedom
for India," lent a novel aspect to the
parade.

LACK OF HEAT CAUSE OF POISONED OLIVES

By the Associated Press.
WASHINGTON, March 17.—Failure
of some packers to use a sufficiently
high temperature during sterilization
of ripe olives in glass containers per-
mitted development of the botulism
germ, which caused the deaths of 26
persons two months ago, said a re-
port of specialists of the bureau of
chemistry, who have just concluded an
investigation in co-operation with the
public health service.
The poison would develop just the
same in tin containers, the report
showed, if the olives were not suf-
ficiently processed, but as there is
no danger of botulism involved in
tin, the packer does not hesitate to
apply the proper degree of heat to kill
the germ in sterilization.

WILL CO-OPERATE IN "SAVE MONEY ON MEAT"

By the Associated Press.
NEW YORK, March 17.—Co-opera-
tion with the federal government in the
"save money on meat" campaign from
March 22 to 27, was pledged in
resolutions adopted today by rep-
resentatives of wholesale and retail
meat dealers at a conference in the of-
fice of Federal Food Administrator
Arthur Williams. In addition to New
York, the campaign will be launched
in New Jersey, Iowa, Illinois, Indiana
and Wisconsin, to reduce the price of
meat and to get the public to use
more frequent meals, whence
come many "expensive cuts."

MEAGER RETURNS FROM NORTH DAKOTA PRIMARY

By the Associated Press.
FARGO, N. D., March 17.—Returns
from yesterday's presidential prefer-
ence election were still too indefinite
and meager tonight to indicate the
outcome of the fight for delegates to
the national conventions, waged in
the republican and democratic pri-
maries between groups of candidates
endorsed by the Non-Partisan league,
and others opposing the league.
In the cities the tickets opposed to
the Non-Partisan league are leading,
but the rural vote, where the Non-
Partisan league's strength lies, was
light.

ARGUMENTS IN NEWBERRY CASE BROUGHT TO CLOSE

By the Associated Press.
GRAND RAPIDS, Mich., March 17.
—With all defenses exhausted, the
last and the government plea win-
ning under way, the Newberry elec-
tion conspiracy case tonight was within
a few hours of submission to the jury.
Judge C. W. Sessions, who has pre-
sided throughout the eight weeks
trial of the case, has indicated that
he will not charge the jury until
Friday unless arguments are
completed by tomorrow noon.

BUYS MUCH FUEL OIL.
WASHINGTON, March 17.—The
shipping board announced today that
it had been ordered to purchase more
than 12,000,000 barrels of fuel oil for
delivery at Atlantic and Gulf ports dur-
ing the next six months. The contract
prices ranged from \$1.27 to \$1.56 per
barrel.

COAL COMMISSION THAT SPLIT ON WAGES

Left to right: Secretary of Labor Wilson and the three members of the coal commission, James P. White, Henry M. Robinson and Roubinoff Peale. Robinson represents the public; Peale the operators, and White represents the miners.

EXHIBITORS ARE TO SELECT SPACE TODAY FOR DISPLAY IN BIG AUTOMOBILE SHOW

This afternoon exhibitors will be
allocated their choice of space in
The Chronicle Auto show. The
allocation will be by drawing held
in the partially completed Magel
garage, which will, when com-
pleted, house the great show.

Banners and display bills in
colors have come from The
Chronicle press, and are being
hung throughout the territory
adjacent to Twin Falls today.

As rapidly as new autos can
visit the various committees, ad-
vertising literature will be dis-
played and distributed for every
make and corner of the country
will learn about the big event
which is designed to draw more
people to Twin Falls than ever
visited the city in one week.

Today the big event is the al-
lotment of space. After this
allocation, space will be awarded
in the order of application, only
those whose applications are in by
the time of the drawing, 3 p. m.
today, will participate in the al-
lotment.

Necessary men will have splen-
did showings of their wares in the
show. This fact is disclosed by
the arrangements now in making
for the display.

Demand for hunting for the
show will be great. Every one of
the hundred odd columns in the
great garage building will be
draped, while about the man-
nual walls will be festoons of
the American colors. Potted
plants, ferns, flowers and other
touches of beauty will make the
showing doubly attractive and
inviting.

Each evening there will be
vaudeville attractions, free to
those who have paid their admis-
sion to the Auto Show. These
shows will be clean, and as high
class as can be obtained for the
dime. Advertisements have
been placed in Bill Board, and
other eastern papers seeking the
best attractions available for the
week, May 10-15.

Musical? Of course, in plenty
for enthusiasm and enjoyment.
Not a dull moment during the
auto week.

VIRGINIA REPUBLICANS HAVE STORMY MEETING

By the Associated Press.
ROANOKE, Va., March 17.—In the
of the stormiest scenes that ever at-
tended a political gathering in the
state, Virginia republicans in conven-
tion tonight elected four dele-
gates at large and four alternates to
the national convention in Chicago
and instructed them to support Gov-
ernor Frank G. Lowden of Illinois for
the presidential nomination. The
opposition fought for unsuccessful dele-
gates.

Support of Henry W. Anderson of
Richmond for vice president also was
expressed, the delegation receiving
the instructions for both men by a
vote of 244 to 194.

At one point Delegate Lou W. Sum-
mers of Abingdon jumped to his feet
and exclaimed:
"I rise to say that the men in this
convention who are advocating an un-
instructed delegation are flouting
Wood money in their breeches at this
moment."

SHAMROCKS AND GREEN HONOR IRISH SAINT

Only the color blue and the sand
have failed to know that yesterday
was St. Patrick's day for there was
much "wearing" of the green and
many spoken references to the patron
saint of the "Emerald Isle."

Perhaps the most common visible
expression of sentiment for Ireland
was the wearing of the Irish national
emblem, the shamrock. In this three-
leafed emblem, Irish color and an
Irish plant have been combined for
the original shamrock is white and
its significance comes from the legend
which says that St. Patrick once
placed a leaf of it for use in illustrat-
ing the doctrine of the Trinity.
But others showed that they were
compliant of the day by wearing con-
spicuously something green. Green
neckties and green ribbons were not
uncommon.

TWO DELEGATES ARE INSTRUCTED FOR WOOD

By the Associated Press.
ST. PAUL, Minn., March 17.—Two
delegates uninstructed and two others
pledged to vote for Leonard Wood
for the nomination as president at
the national republican convention in
Chicago were named today at two
district conventions.
At the Minneapolis meeting, an at-
tempt to have the delegates instructed
for Senator Hiram W. Johnson of
California, failed. Eight other dis-
trict conventions are to be held Fri-
day.

GOVERNMENT TO PROCEED AGAINST TRADE ORGANIZATIONS

By the Associated Press.
WASHINGTON, March 17.—Trade
organizations exchanging trade infor-
mation were placed in the category
with trusts by the department of jus-
tice which, following the recent court
decision in the hardwood lumber case
at Memphis, announced tonight its
intention to proceed against all com-
mercial groups conducting operations
similar to those of the hardwood lum-
ber men.

BUILDING CRASHES; THREE ARE DEAD; SIX INJURED

By the Associated Press.
MONTREAL, March 17.—Three
men were killed, another is dying and
five more were injured seriously today
when a building in Quebec col-
lapsed. A dozen persons were buried
under the debris.

HOUSTON IS OPPOSED TO REDUCTIONS

Secretary Declares Income and Excess Profits Levies Must Be Maintained.

URGES SIMPLIFICATION OF PLANS OF TAXATION

Flat Tax on Gross Instead of Graduated Rates Is Favored by Cabinet Officer.

By the Associated Press.
WASHINGTON, March 17.—In-
come and excess profits taxes cannot
be reduced until after 1922, Secretary
Houston today wrote the house ways
and means committee, urging an im-
mediate simplification of these taxes
and substitution of a flat tax on gross
profits instead of the graduated rates
of 20 to 43 per cent.

Proposes Declining Rate.
Only very moderate reductions may
be made in the calendar year of 1922,
collected in 1923, the secretary wrote.
Under the plan of a flat tax, the let-
ter stated, "it would be possible to
reduce the existing rate, say of 25 per
cent for the first year in which the
change is in operation, 20 per cent for
the second year, and 15 per cent there-
after."

Immediate action to the govern-
ment under the supreme court deci-
sion that stock dividends are not tax-
able will approximate \$100,000,000,
the letter stated. Mr. Houston added,
however, that the ultimate loss would
be only twenty-five million dollars, as
much of the original loss would be re-
gained through the sale of stocks and
subsequent taxes on them. The sec-
retary estimated that \$35,000,000 col-
lected in 1918 would have to be re-
funded and \$70,000,000 would be lost
in 1919 taxes.

Claim Many Escape.
Aggregate losses for 1918 and 1919
under exemption to personal service
corporations will approximate \$13-
000,000, involving 2,500 corporations,
the secretary wrote, adding that the
need for immediate legislation to
meet this situation arose "not so
much from the possible loss of revenue
as from the obvious undesirability
of permitting 2,500 corporations
and their stockholders to escape the
taxes upon individuals."
Kitchin Kicks.

Representative Kitchin, Democrat,
North Carolina, however, said the
proposed present tax laws have the
approval of President Wilson, former
Secretary McAdoo, and congress,
he stated, adding they are working
satisfactorily.

ALLENBY FLOURISHES COMMENT BY EGYPTIAN ASSEMBLY

By the Associated Press.
CAIRO, Egypt, March 17.—Field
Marshal Allenby, British high com-
missioner in Egypt and the Sudan has
been in the session in the Egyptian
parliament, which, following his
meetings, proceedings or resolu-
tions by the legislative assembly or
the provincial councils or other elec-
tive bodies, or members of them, out-
side their legal competence.
Violations of the proclamations are
to be dealt with by martial law.

CHINESE TO JOIN WITH JAPANESE IN THE FAR EAST

By the Associated Press.
LONDON, March 17.—The Chinese
and Japanese governments have
been in the session in the Far East
the Harbin correspondent of the Lon-
don Times, under date of March 16,
says he is reliably informed. The
Chinese contingent will consist of four
divisions and the Japanese of three.

BUENOS AIRES POLICE ARE STIFFENING RED MOVEMENT

By the Associated Press.
BUENOS AIRES, March 17.—The
police are continuing raids on an-
tislavery resorts in order to suppress
activities of the communists, which
which, it has been learned, need the
general revolution which was to have
taken place Saturday but was forestalled
prompt action of the government.

SET PRICE TO HAUL ORE

By the Associated Press.
TOLLEDO, March 17.—One dollar a
ton will be the price paid vessel own-
ers for carrying ore this season from
Lake Superior ports to Lake Erie, ac-
cording to an announcement made at
shipping headquarters here today.

ALLIES WISH TO AID THE SULTAN

Occupation of Constantinople Due to
Desire to Overthrow Ruler's
Enemies' Control.

By the Associated Press.
CONSTANTINOPLE, March 16.—
The allied high commissioner here
has issued a statement declaring that
the allies have no intention of destroy-
ing the authority of the sultan but
wish to strengthen his power and that
they may be compelled to modify their
decisions if measures and ill-
order continue.
The allies have accepted the mini-
stries of war and navy and assumed
control of the posts, telegraph and
telephone.

MOVE LONG EXPECTED

WASHINGTON, March 17.—Allied
military occupation of Constantinople
was forced on the allies by the
growing power of Mustafa Kemal
over the sultan's government, the only
element of authority in Turkey favor-
able to acceptance of allied peace
terms, according to officials. The
move was not regarded, however,
as an attempt at permanent settle-
ment, but rather as in line with the
plan of Turkish adjustment drawn up
in London by the ambassadors conference.

BOLSHEVISTS INTEND TO OCCUPY ANOTHER CITY

By the Associated Press.
LONDON, March 17.—A war office
communication issued this evening
announces that the Russian Bolshe-
vists have issued a proclamation stat-
ing that it is their intention to occupy
Ekaterinodar province of Kuban,
Thursday.
The communication adds that Gen-
eral Doukhovoi and his Bolshevik lead-
ers in southern Russia, have left Ekater-
inodar, that the women and children
have evacuated the town and that the
British mission has gone to Novor-
ysk, 60 miles from Ekaterinodar on
the Black sea.

BOLIVIA IS WARNED TO KEEP THE PEACE

United States Tells Southern Republic
It Should Stop Demonstrations
Against Peru.

By the Associated Press.
WASHINGTON, March 17.—In-
sistent representations to Bolivia not
to disturb the peace of South Amer-
ica have been made by the American
government as a result of the anti-
Peruvian manifestations at La Paz. In
consequence with the communications
it was stated that Peru has sought the
good offices of the United States to
prevent hostilities.

Two notes have been sent, and a
third is ready to go forward unless a
reply to the others is received soon.
The first was dispatched immediately
after official news was received Mon-
day of the attack on the Peruvian leg-
ation in the Bolivian capital. The
second was put on the cables yester-
day.

Officials view the situation as seri-
ous and the representations made by
the state department were described as
"urgent."

BOMB INDIA RUBBER FACTORY

By the Associated Press.
BARCELONA, Spain, March 17.—
An explosion occurred yesterday in a
India rubber factory in the Gracia
quarter when five bombs placed by
masked men were detonated. The
plant was seriously damaged. Two
other bombs without fuses were found
at midnight. No arrests have been
made.

UNPAID NOTES ARE CAUSE OF SIX SUITS

Complaints Filed in District Court Involve \$300,000 in Principals Alleged Due.

Alleged failure to meet payments of promissory notes totaling in amount almost \$300,000 at the time stated, resulted in the filing of six complaints in district court yesterday.

G. G. Wright, holder of a note for \$750, interest at 8 per cent, due December 1st, made by J. C. Kendrick and C. J. Kendrick on September 25, 1918, asks judgment for the amount of the note and interest together with the costs of the action and \$200 for fees.

The Aultman & Taylor Machine company seeks judgment against H. H. Barry for the sum of \$351 plus \$200 for fees and the costs of the action due the company alleged, on a promissory note which he holds.

Jack Craig claims to hold a note made by J. M. McInnis which was due December 20, 1919. The note for \$1,000 with interest at 8 per cent makes the amount due at present \$1,092.22. Craig alleges and asks judgment for that amount plus \$200 for fees and costs of action.

G. G. Wright's complaint against A. W. Bishop charges him with non-payment of amounts due on two promissory notes, one for \$1,000 and the other for \$1,100, due November 1, 1919, and asks judgment for the amount of the notes plus fees and costs.

James H. Wise has filed complaint against Quinle Foster, Ida J. Foster and J. W. Kehr charging them with failure to meet obligations on two notes on which the total principal and interest now due is \$23,999.12. Judgment is asked for this amount together with costs and \$250 for fees.

J. N. Davis is seeking judgment

against W. W. Anbury and Addie Anbury for \$84.50, some interest, costs of action and fees amounting to \$35, because of alleged non-payment of a note due January 1, 1920.

QUARANTINE ON IDAHO HAY BY MONTANA IS MODIFIED

Shipments of hay into Montana may continue from all counties of Idaho except Bingham, Ada, Blaine, Lake, Shoshone, Blaine, Frankfort, Power and Payette, until April 1, when the quarantine levied to exclude the alfalfa weevil from Montana will go into effect against the entire state of Idaho, according to word received last Monday by Allen Cannon, state commissioner of agriculture. The original quarantine order affecting the state was to have gone into effect on March 10.

Governor Stewart of Montana has ordered that all shipments made under the modification of the quarantine must be distributed and fed under the direction of the state health board of Montana. The quarantine will close one of Idaho's greatest markets for alfalfa and other hay.

DEPENDANT FILES ANSWER TO DIVORCE SUIT CHARGES

Elise Paddock, defendant in suit for divorce, filed an answer to the charges brought against her by Frank L. Paddock, in which she asks the decree of divorce be granted to her; that she be given the custody of their three children; and that she receive alimony of \$50 per month and \$250 for fee costs.

PROUGH BOUND OVER; TO BE TRIED IN DISTRICT COURT

William Prough, arrested Monday on a charge of unlawful taking of a car, charged with burglary, was bound over to district court to be tried there.

GEM THEATER

Showing Today, Friday and Saturday.
MATINEE AND EVENING.

The fates were cruel, yet kind to Mary Warren. She was stricken blind on the train. She could not see the man who had come to wed, but the heart of Sim won her instantly. She visualized him a big, handsome man, but her ideal was the young doctor Sim had called to help restore her sight. Then Sim is shocked when the neighbors demand he marry the girl who shares his shack. The ceremony over, Sim is told to kiss the bride, but one look at her beautiful face was enough for Sim Gage. "WON'T YOU PLEASE KISS HER FOR ME, DOC? SHE'S YOUR KIND," Sim whispers to the physician. But there's more to Sim's HEART than that—the giving up of life itself after rescuing her from the raging torrents.

Service

THERE is undoubtedly no public service that touches directly so many individuals and enters so completely into the social and commercial life of the people as does telephone service. More business is transacted over the telephone than there is through face to face conversations. More social activities are planned, more invitations sent, more engagements made or cancelled by telephone than by any other means.

This places a tremendous responsibility upon those charged with the duty of rendering telephone service. Any failure of the service would have a disastrous effect upon both the business and social relations of a community. A general cessation of the service would cause nationwide confusion.

Telephone employees realize their responsibility and recognize their obligation. It is this loyalty to duty that makes it possible for the Telephone Company to render service even under the most difficult conditions.

Quite generally there are at this time inadequate facilities causing congestion and confusion, a condition from which there can be no immediate relief. Sometimes the elements rage in a mad fury, but men and women brave the storms that the public may be served. Occasionally a scourge of sickness depletes the ranks, adding to the burden of those who escape, but who perform their more difficult tasks with smiling determination to continue the service.

With such a spirit in the telephone organization, the service will at all times be the best that human effort can produce, in the face of whatever adverse circumstances may prevail.

BOISE POST TO SEND 10 LEGION DELEGATES

Capital City Legionnaires Will Have Four Votes At State Convention

Ten delegates to represent John Reagan Post, American Legion, Boise, at the state convention to be held in Twin Falls April 7, 8 and 9 were elected at the meeting of that post last Monday night, according to word which has been received here.

Pictures which show that the appointment of votes to the Boise post is only four also reveal the fact that the Twin Falls post with its membership of over 500 is the largest legion post in the state.

The delegates chosen to represent the Boise post were: O. W. Worthington, Edgar Hawley, Kenneth Johnson, Mark Shields, McKee R. Morrow, Fritz Hummel, C. F. Dienst, Clyde J. Scudor, Dr. Fred A. Pittenger and Dr. W. A. Titus. Five alternates were also elected.

Milton Emmett and Roy Hooper have been chosen as delegates to represent the Kellogg Legion post.

The Blackfoot legion elected as its representatives, W. C. Allen and Mark Tuohy, with H. G. Knight and Percy Stuart as alternates.

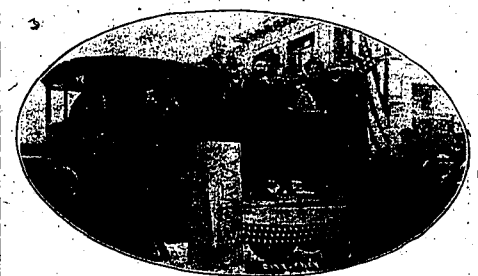

CARDWELL PROMISES TO CARE FOR STOCK UNTIL SOLD

A Mr. Cardwell against whom a complaint was made in police court Monday for neglecting to properly care for his stock, gave promise that the animals would be cared for until next Saturday when they would be sold.

ELMER MERCANTILE COMPANY IN SUIT TO COLLECT \$93.62

B. P. Kirkpatrick is charged in a complaint filed in district court yesterday with having purchased goods from the company to the amount of \$93.62 for which he has not paid. The company asks judgment for the amount of the bill plus interest at 7 per cent to time of payment and costs of the action.

Auction of Big Cake During The Salvation Army Drive

Above is a picture of the sale at auction of a gigantic cake made by Fred Waggoner for the Salvation Army during the recent drive. Tom Kato was the purchaser of the cake. The picture shows Ensign and Mrs. Naton as well as Mr. Kato.

Plans to make completion of the drive for funds for the purchase of the Salvation Army will be made Friday evening at 8 o'clock at a meeting of the advisory board at the Elks hall.

The board will consider ways and means of securing the necessary funds. Approximately \$200 of the needed \$2500 was secured in the one day drive.

Members of the advisory board are: Taylor Cummings, chairman; H. H. Grant, secretary; J. S. Hummel, C. N. Bentley, J. A. Keefe, H. H. Stevenson, H. A. Reed, W. G. Thompson, Dr. H. W. Sawyer, W. O. Taylor, Thos. M. Robertson, V. H. Ormsby, L. T. Wright and L. M. Dow.

Society

Mrs. Marshall was hostess yesterday afternoon at a delightful bridge party for a number of her best friends. The home was tastefully decorated with the green of St. Patrick. Festoons of green were suspended from the chandeliers to the edge of the table. The menu was carried out in the green and the place cards were of the shamrocks. The guest list included, Mesdames E. L. McVicker, Finner, Foley, Jacobs, Hoggan, Seligman, Chapman, Keister and J. H. White.

Mrs. Oris Cryder was hostess last Tuesday evening at her home at Curry at a silver shower honoring Miss Joanne Johnson, who was married last evening to Mr. Percy Hilt. The evening was spent with games and music. The guest of honor was presented with a set of silver knives and forks. Refreshments were served at the close of a delightfully spent evening.

The B. Y. P. U. is giving a box social at the Baptist church this evening. A delightful bidding was set for the partners of the evening. The funds will go toward the buying of the furniture of the new rest room of the B. Y. P. U. A delightful program has been arranged for the evening.

The Ladies Aid social circle of the Baptist church will meet with Mrs. William Graham this afternoon. Mrs.

H. C. Keniston will be the leader of the day. There will be a review given of the meeting recently held at Boise of the inter-church movement. Mrs. J. A. Woods, Mrs. Charles Brown and Mrs. J. Butler will be assistant hostesses.

The Moslem society of the Presbyterian church will meet this afternoon at 2:30 in the church parlors.

The Wednesday Bridge club was entertained at the home of Mrs. Charles Macnealey yesterday afternoon. Mrs. Jack George was successful in winning the high score. The next meeting will be held at the home of the president, Mrs. Lester Morse.

The Business Women's club was entertained at the home of Mrs. E. L. Warren last evening with a delightful St. Patrick's day party. The guests were entertained in St. Patrick's day attire. After a program, which was both clever and entertaining, the hostess served refreshments.

The Presbyterian church gave their weekly church supper at the parlors last evening. This is but one of the many popular dinners given by the women of the church.

Buy Now-- While the Sale Is On

All during this month we are selling our electric vacuum cleaners at special sale prices and on special easy payments. After March 31 they will go back to the usual prices.

By taking advantage of this sale and our \$5 down and \$5 a month payment plan you can do this spring's housecleaning electrically. No dust—no moving furniture or taking up rugs.

By using the various attachments you can clean the places where dust hides and always escapes the dust rag and broom. And the electric way does it without trouble and waste of time. Carpets, rugs and upholstery are not only cleaned but restored, beautified and given longer life by vacuum cleaning.

Call us today and ask for a practical demonstration of these electric vacuum cleaners in your home. Ask about our special sale prices.

CONGRESS IS "DRY" BOSS.

Light on the statute of prohibition has been given by Judge Rellstab of the federal district of New Jersey. Passing on a plea for an injunction restraining federal officials in that state from enforcing the Volstead act, Judge Rellstab not only refused the injunction, but gave an opinion clarifying the authority of Congress over the various states in this matter.

The federal amendment grants to the federal government and the various states "concurrent" power to enforce prohibition. This has made trouble already, and has led to the New Jersey legislature enacting a law to legalize 3.1-2 per cent beer, in defiance of the congressional law setting one-half of one per cent as the maximum alcoholic content.

Judge Rellstab declares that the will of congress is supreme; that the states are not obliged to enact any special prohibition enforcement laws of their own to supplement the federal law, but that if they do, their must harmonize with the federal law.

"If the state enacts legislation," he says, "whether under the eighteenth amendment or in pursuance of its police power, and it authorizes or permits the doing of something already forbidden by congress, as the state of New Jersey has done, such authorization or permission will be rendered unlawful ab initio by such contrary determination of congress, and will afford no protection to any who violate the congressional statute."

In putting the prohibition amendment into effect, he explains, "congress alone of all the legislative bodies must take the lead, and its leadership, when assumed, dominates."

This interpretation would seem to settle the matter in New Jersey, and for New York and other states that have been planning to follow New Jersey's example. The final determination, however, rests with the United States supreme court, and the decisive opinion may be expected from that body this month or next. In the mean time, state legislatures and eager brewers may as well take no chances on any overturning of federal authority in behalf of alcoholic "state's rights."

"CHEAPER MEAT WEEK"

The week of March 22 has been set aside by the department of justice as "save money on meat week."

During that week the public is requested to buy only the cheaper cuts of meat, refraining from juicy tenderloins and high-priced roasts and chops. Chuck roasts, stewing meats and those portions of the animal especially suited for soup making are to be bought. While the campaign is on, the department will hold prices level, preventing any profiteering in these lower priced cuts.

One of the reasons always advanced by the meat sellers for the high costs of meats is that the public will not buy the cheaper cuts. They are practically waste on the dealer's hands, and in order to cover the loss he is forced to charge more for the meat he can sell. Also, the greatly increased demand for the better grades of meat leads to a natural decrease of the supply, with the following unavoidable raise in price.

The public should join heartily in this experiment. Even those happily plutocratic people who can afford the higher prices should realize that a national wrong is to be righted if possible, and

should confine themselves to the purchase of those cuts of meat recommended during the campaign. The movement can be successful only through widespread unselfish co-operation. Moreover, the lasting effect upon prices will come only if a great majority of the people learn through this period of intensive education how useful and delicious the cheaper grades are in varying the menu; and so demand them more frequently.

AIR SUPREMACY.

Britannia, not content with ruling the wave, seems determined to rule the air. Certainly her present activity points in that direction.

The British government is doing far more today to develop aviation than any other government in the world, perhaps more than all the rest together. It is keeping up and improving its aerial war craft, as a matter of course; but it is devoting its main efforts to commercial development. There is an "air ministry," working with a liberal appropriation, which is doing all in its power to stimulate manufacture and help in the adaptation of aircraft for commercial purposes. It co-operates with private enterprise in every imaginable way and has already set up a system whereby aviators are provided with complete maps, and information regarding weather, altitude, soil, nature of surrounding country, landing places, air-dromes, hotels, etc., in every place where an airplane is likely to go.

Back of all this is a frankly declared military purpose. England has learned her lesson from the war. British experts are convinced that mastery of the air will soon be of more importance than mastery of the seas, and they hold, logically enough that air supremacy in war will be built on commercial development in time of peace.

Such supremacy, Americans will readily agree, should belong to the Anglo-Saxon race. But why should it belong to the other great branch of the race? Why not to America, which created the airplane?—Or if America has no desire for supremacy, why not at least develop our air power, as we are preparing to develop our sea power, to equality with Great Britain's?

LAKE MEN FOR OCEAN TRADE.

The United States Shipping Board conducted a new kind of school in the federal building in Detroit during the past winter. It was a land school for navigation open to Great Lakes seamen interested in getting jobs at sea.

Captains, mates and common sailors attended the first school, which was such a success that a second was opened the latter part of the winter. There were both night and day classes. The instructors were experienced mariners, and there was no charge. A student who graduated from the navigation course was at once assigned to the coast and given an ocean job, usually as an officer.

Many of the men who were studying in the school were utilizing time usually spent in loafing or in doing odd jobs to kill time until the lake season re-opened. Their class work not only stimulated their ambition and gave every one of them a chance to get ahead, but it helped to meet the need for a steadily increasing supply of men for the American ocean-going traffic. Government officials will do well to repeat their winter school in Detroit and other lake ports next winter.

The U. S. attorney for New York has asked the government to establish whisky stations to ward against profiteering druggists who are charging \$7 per half pint—and there will be a lot of men who will know at least to what station in life they have been called.

Every time Holland writes another note to the Allies explaining why she can't give up the kaiser, Wilhelm realizes more fully how noble it was of him to refrain from Belguiming Holland.

were taking: "The white of red terror," which? This was in consequence of an official announcement that the reds were planning a rising had calling upon the people to save the country from Bolshevism.

ASSEMBLY IN SESSION.

STUTTGART, March 17.—Nearly 200 members of the national assembly were already here this morning, and most of them participated in group sessions in preparation for the opening session of the assembly set for 4 o'clock this afternoon. President Engel, Minister of Defense Noske, Foreign Secretary Mueller and other members of the cabinet, arrived from Dresden Monday.

One and two day protest strikes in sympathy with the old government threatened to reduce the attendance of the assembly, but seven special trains from various districts managed to get through. The sympathetic strike in this region ended last night and traffic is now normal.

KAISER WELL GUARDED.

AMSTERDAM, March 17.—The confinement of the Dutch guard at Van Houten castle, which since the middle ages has been protected by moats and drawbridges, has made the former kaiser's refuge a veritable prison fortress, capable of defense even in the unexpected event of an attack by soldiers desiring to free the exile. The castle is situated in a big square. The four sides are posted, while two of them have additional walls. The latter two sides are on the public road, and on the other two sides which have no walls are private paths belonging to the von Bentinck family. Constables and military police patrol the roads with loaded rifles day and night.

HUMANIANS FAIL TO MEET THEIR OBLIGATIONS. CLAIM

By the Associated Press.
 NEW YORK, March 17.—Difference in exchange rates and refusal of Humanian merchants to meet bills of nearly \$400,000 were given as reasons for George Morgenson and Company,

an exporting concern with offices in Paris and other European centers today assigning all its property to William C. Flitt, its attorney for benefit of creditors.
 The Morgenson concern asserted its liabilities were \$2,000,000 but that its assets, if realized, were considerably more than that.

Used Cars

Grain

CHICAGO, March 17.—Fresh upswing in the value of corn took place today simultaneously with reports of bubonic plague in Argentina and of export buying of foodstuffs at New York. The corn market closed strong, 1-4 to 2-1-4 net higher with May 157 1-4 to 157 1-2 and July 155 1-8 to 155 3-8. In oats, the finish ranged from 1-4¢ decline to 1-5¢ advance. Provisions scored gains of 12¢ to 25¢.

Corn began to expand again as the market opened but heavy selling to realize profits led to a decided break before the market again went soaring in earnest. Nearly all of the news which developed was adverse to the bears, but the feeling was prevalent that some reaction would result from the fact that since February 9th there had been an extreme rise of 32¢.

Partial advances due to Argentine news were therefore made the signal for general selling. Independent strength shown by oats however, helped the sharp rally, that followed, and so too did persistent gossip of big purchasing to supply trans-Atlantic needs emphasized by reported difficulties in Argentina.

Eastern shipping demand lifted the oats here to 27 1-2¢, the topmost figure in a record.

Prudence of provisions was ascribed to enhanced values of hogs and grain.

CASH GRAIN.

INSTRUCTED FOR WOOD.
ATLANTA, Ga., March 17.—Eighty-third republican national convention delegate, Dr. W. H. Harris, instructed for Major General Leonard Wood.

NOTICE TO CONTRACTORS.
Sealed proposals will be received at the office of the Twin Falls Highway District, 7 Power Building, Twin Falls, Idaho, up to 2 o'clock, March 20th, 1929, for the construction of approximately 27.5 miles of bituminous macadam pavement and culverts. Proposed work will be let in two contracts, approximately as follows:

CONTRACT NO. 3.
Roads—12.25 Miles.
28,800 cu. yds. earth excavation.
115,000 sq. yds. 5-inch macadam base course.
115,000 sq. yds. 2-inch penetration macadam top course.
Culverts.
702 cu. yds. concrete culverts.
50,700 lbs. reinforcing steel.
360 ft. 12-inch cast iron pipe culverts.
1,270 ft. 18-inch corrugated iron pipe culverts.
150 ft. 24-inch corrugated iron pipe culverts.
32,500 lbs. structural steel.
12,000 ft. 11 M. timber floor.
Roads—13.30 Miles.
35,200 cu. yds. earth excavation.
144,000 sq. yds. 5-inch macadam base course.
144,000 sq. yds. 2-inch penetration macadam top course.
Culverts.
700 cu. yds. concrete culverts.
55,900 lbs. reinforcing steel.
690 ft. 12-inch cast iron pipe culverts.
600 ft. 18-inch corrugated iron pipe culverts.
30 ft. 24-inch corrugated iron pipe culverts.
1,000 lbs. structural steel.
Alternate bids for 2-inch asphaltic concrete top course, with standard bituminous and Toppack type will be received on both contracts.
Crushed rock, cast iron pipe, reinforcing steel and cement will be furnished by the contractor by the Highway District at cost.
The Highway District also has for loan to contractors: several graders, frames, wheel frames, etc., one Buffalo Little Roller and one scarifier.
The Allen Oil Co. of Twin Falls, Idaho, will contract for delivering asphaltic oil on the road bed.
But little equipment will be required by the contractor, considering the size of the contract.
Complete set of plans and specifications may be seen at the office of the Twin Falls Highway District or a set for private use will be furnished upon application by making a deposit of \$15.00, \$10.00 of which will be refunded upon return of the plans and specifications within 10 days after letting of contracts.
Proposals shall be submitted upon blank forms provided for the purpose by the undersigned and shall be accompanied by certified check, payable to Stuart H. Taylor, Treasurer of the Twin Falls Highway District, in the sum of 5 per cent of the amount of the contract.
The Board of Commissioners reserves the right to reject any or all bids.
TWIN FALLS HIGHWAY DISTRICT.
By C. B. CHANDEL, President.
STUART H. TAYLOR, Secretary.
W. L. JOHNSON, Chief Engineer.

DEMOCRATS IN SENATE REJECT G. O. P. OFFER

Join With Irreconcilables in Voting Down Lenient Reservation.

IRISH QUESTION DEBATE SUDDENLY CUT SHORT

Parliamentary Rules Invoked to Stop Talk-Fest-Hoover Enters Into the Situation by Borah.

By the Associated Press.
WASHINGTON, March 17.—The republican irreconcilables combining with the democrats, overturned on the senate floor today the plan of republican leaders to attach to the peace treaty a general declaration of American policy toward future European wars.

Daily Only Two Democrats.

The declaratory reservation which would pledge the United States to regard with "grave concern" any attempt to European peace or freedom was voted down 25 to 29 after the irreconcilables had tried in vain to amend it. Intended as an effort to the reservation denying the obligations of article ten, the proposal had been accepted by the republican leaders to attract many democratic votes, but on the roll call only two senators on the democratic side supported it.

Disposition of the reservation was regarded as clearing up the last doubtful issue of the treaty fight, and the leaders announced to bring a vote on ratification by Friday. By unanimous consent it was agreed to limit speeches on all other pending reservations to 15 minutes. About a dozen reservations remain to be voted on but it generally is expected that none of them will be adopted.

Bryan in Limelight.

As the ratification controversy neared a conclusion William J. Bryan began a series of conferences with democratic senators, throwing the weight of his influence against the advice of President Wilson that administration senators force vote against ratification with the republican reservations. Mr. Bryan is understood to have told his friends to the senate to take the best ratification they could get, but there was no evidence tonight that he had unduly weakened the democratic record standing out against the republican program.

Mr. Bryan disclosed his plans to some extent tonight, speaking between the local Irish democracy crisis, when he said he would urge the party convention at St. Paul, Minn., to adopt a platform plank favoring amendment of the constitution so that a majority of the senate instead of a two-thirds majority could ratify treaties. A majority in each house of congress could declare war, he said, and the treaty ratifying power was no more important than the war power.

Action on the declaratory reservation, which was introduced by Senator Lenroot, republican, Wisconsin, was reported after the senate had adjourned itself with some difficulty from the debate started yesterday on the Irish question. Two propositions seemed to add toward Irish independence were laid aside by votes of more than two to one, discussion on each of them being ended summarily by a motion to lay on the same, not debatable under senate rules.

Senator Borah of Idaho, leader of

the republican irreconcilables, proposed to add to the reservation a provision that the United States would reserve "independent and uncontested power" in deciding what it would do and at first Senator Lenroot accepted the amendment. Later, however, he withdrew his assent, declaring the change might eliminate all the obligations assumed by the treaty, and Senator Borah withdrew his amendment and announced he would vote against the reservation.

In addition to the declaratory reservations and the two relating to Ireland, the senate acted during the day on only two reservations. One by Senator Norris, republican, Nebraska, withholding assent to the British practice over Egypt was rejected 21 to 25 and one by Senator Owen, democrat, Oklahoma, declaring the armistice terms still binding was beaten 55 to 12.

Hoover Gets Into Record.

Herbert Hoover's memorandum to President Wilson opposing American representation on all of the committee under the peace treaty was read into the congressional record by Senator Borah, who declared it is "infinitely a stronger indictment against this program than it has been able to be in any other way." At the same time, however, he was congratulatory of a statement given out today by Mr. Hoover relative to the memorandum also was inserted into the record. In that statement Mr. Hoover said he had modified his views as to American representation on the reparations commission.

Senator Borah also read a statement published by Mr. J. Bryan, republican, in 1915, declaring the United States could not go into European politics without losing its leadership in world affairs and becoming a party to a military alliance. Referring to Mr. Bryan's presence in Washington, Senator Borah said he understood he had come "to canvas" those democrats who wanted to break with the president and help ratify the treaty.

BUILDING PERMITS ISSUED YESTERDAY INVOLVE \$7,200

Permits for buildings and alterations costing in total about \$7,200 were granted at the city clerk's office yesterday. E. V. Berg has permission to build a 26x24 house on lot 5, block 59 on Second avenue north, at an estimated cost of \$4,000. Permit has been granted for repairs in the basement of Wright's store to the estimated amount of \$1,200. "Chay" Thumman secured a permit for a 2x20 structure to be built on lot 7, block 1, South Park addition. J. L. Burton has permission to erect a garage, 14x20, costing about \$200, on lot E 6 1-2, block 2, Murdock addition, Ash street and Eighth avenue.

DR. OLSON, CHILD SPECIALIST NOT TO BE IN TWIN FALLS MARCH 30

Miss Edna Ludwig, home demonstration agent of the Twin Falls community bureau, received a telephone message yesterday from Miss Ada B. Ziehn, assistant state home demonstration leader, that Dr. Raphael Olson, child specialist of Salt Lake, would not be able to keep his appointment for the conduct of a clinic and lectures on health of children and child diseases in Twin Falls on March 30 and 31.

Whether or not other arrangements can be made is not known.

BERGDOFF COURT MARTIAL BROUGHT TO SWEDEN ENO

By the Associated Press.
NEW YORK, March 17.—Court action on Governor's Island of Governors Island, charged with desertion in violating the draft, ended abruptly today when his counsel announced on a bench would be offered because they believed the government had failed to establish its case. Official publication of the verdict, it is expected, will be made within a week.

Captain Bruce R. Campbell, military counsel for Bergdoff, tonight said procedure of the court indicated Bergdoff had been found guilty.

RAILWAY MEN ACCEPT TERMS OF CONTRACT

\$25,000 to Be Given for Promotion When Bond Is Furnished.

\$500,000 BONUS TO BE HELD UNTIL COMPLETION

No Contracts Binding Until Whole Amount Is Raised. To Organize Holding Company.

A contract, drawn up by a committee recently designated for that purpose, was presented to the promoters of the proposed railway to Twin Falls and said to be acceptable by them at a meeting held in the chamber of commerce rooms yesterday afternoon.

The raising of \$25,000 to be given to the promoters providing they furnish good and sufficient indemnity bond, will be the next step toward actual construction of the new railroad. Immediately upon receipt of the \$25,000, surveying of the right of way will be commenced. Actual construction must be started within 90 days of receipt of money. The company must forthwith the bond if construction work should come for a period of 30 days or more. The railroad must be in operation within 18 months from the time of payment of the \$25,000. It is expected that the bond will be furnished within the next few days.

According to the contract the Idaho-Nevada-Texas Water Railway company agrees to build a standard gauge railroad, equipped with rolling stock, depot, switches, etc., terminal connections, and side tracks for the bonus sum of \$500,000.

No money will be advanced and no

contracts will be made absolutely binding until the total amount of \$500,000 has been raised and the promoters have given the sufficient bond. The principal provision of the contract is to the effect that the construction company will not receive the \$500,000 until the proposed railway is entirely built and completely equipped. If the company fails to live up to any part of the contract it will forfeit its right to any part of the \$500,000, and in this event the money will revert immediately to the original subscribers and the promoters must return the \$25,000 or forfeit their bond.

It is thought that plans of procedure and form of bond will be secured and executed before the end of the week.

A holding company composed of representatives from the fitness banks in Twin Falls county will be organized for handling the funds as soon as the required bond is furnished by the contractors.

SEEKS THE PAYMENT FOR BILL OF \$57.00

If L. Dinkelsch, who works under the trade name of American Electric company, has filed a complaint against Little Gager charging her with alleged non-payment of \$57 for materials and work in connection with the installation of electric fixtures in her home completed December 10, 1919. The plaintiff holds a lien on the property and asks that action be taken by the court whereby he may secure payment for materials and work.

REECE GETS SEARCH WARRANT TO FIND HIS LOST GARAGE

J. W. Reece appeared before Judge Duval in probate court yesterday and complained that Fred Wilson had stolen his 1914 garage valued at \$50. A search warrant has been issued and effort will be made to locate the missing building among the effects of Mr. Wilson, and decision will be made by the court as to who is its rightful owner.

FOUR TWIN FALLS PEOPLE ARE LICENSED TO MARRY

Marriage licenses were issued yesterday to James W. Myers, age 27, of Twin Falls, and Berline Krumm, 26, of Denver, Colo.; Allen L. Meyer and Anna B. Oving, both of Twin Falls; and Percy Hite, 21, of Jerome and Jennie Johnson of Twin Falls.

WEST END PROJECT READY FOR WATER

Lake Covering More Than 300 Acres Formed by Closing Gates of New Dam.

With March 1st water will be turned into the land in the Idaho Farm Development project near Homeworth in the west end about April 15. Work on the concrete dam has been completed and the closing of the gates has formed a lake covering an area of 300 to 400 acres to a depth of over 40 feet. The dam spans water from Three creek, House creek and Cedar creek which have as their source perpetual springs.

Officials and engineers have stated that the dam will make available sufficient water to irrigate 25,000 acres of land. Only 5,000 acres are now in the new project.

About twenty houses are being built on the tract and between 30 and 40 farmers are putting in first crops. This is the shortest time in the history of irrigation in this state following the allotment of the land in which crops have been planted.

F. C. Meredith is president of the Idaho Farm Development company, and E. T. Meredith, secretary of agriculture, a brother, is extensively interested in the development of the project.

A force of men numbering about 100 is busy making the final preparations for the turning on of the water next month. An excellent road running from Idul to Japhidge crosses the tract.

TO ATTEMPT TO PREVENT SPREAD OF CORN BORER

By the Associated Press.
WASHINGTON, March 17.—A quarantine against the shipment of flowers, straw, vegetables or other carriers of the corn borer, from infested districts of Massachusetts, New Hampshire, New York and Pennsylvania, after March 23, was announced today by the secretary of agriculture. Provision is made for the movement of the products after authorized inspection by government agents.

OPPOSED PROPOSED RAISE IN THE PRICE OF OIL

SAN FRANCISCO, March 17.—(Pol-

lowing announcement today by the Standard Oil company of California of an increase in the price of fuel oil gasoline, the California state railroad commission termed the increase as "unjustified for the increase in the price of oil" and in a letter to K. R. Kimbrey, president of the company, asked that he make a full explanation to the public as to the necessity for the advance.

STOWAWAY CLAIMS TO BE HEED, PROMINENT SOCIALIST

By the Associated Press.

LONDON, March 17.—A dispatch to the London Times from Alva, Finland, says that at a preliminary hearing and under cross-examination the Finnish stowaway bound for Sweden recently asserted that his name was John Treed, and declared that he was the editor of two newspapers in Oregon. The man, who previously had given his name as Caspimilch and declared that he was an American, said he had arrived in Russia five months ago, according to the dispatch.

BANK CLOSES ITS DOOR

By the Associated Press.

AURORA, Neb., March 17.—The American State bank of Aurora voluntarily closed its doors this afternoon and an examiner from the state banking board is expected to be put in charge tomorrow.

RUB RHEUMATIC, ACHING JOINTS AND STOP PAIN

Instant Relief With a Small Trial Bottle of Old "St. Jacobs Oil."
