

SENATE REJECTS TREATY FOR FOURTH TIME

RATIFICATION LACKS SEVEN NEEDED VOTES

Twenty-one Democrats Desert Wilson in Effort to Approve Pact.

PRESIDENT BITTERLY ASSAILED BY MANY

Members of His Own Party Declare That Covenant Cannot Be Successful Issue in Campaign

By the Associated Press. WASHINGTON, March 19.—The treaty of Versailles, failed of ratification for the fourth time tonight and then the senate voted to send it back to President Wilson with a notification that it had finally refused to advise and consent to its ratification.

On the decisive roll call, the vote was 49 for ratification to 35 against, the opposition numbering in its ranks 20 democrats who were unwilling to see the treaty go through with the republican reservations objected to by the president, and three democrats and 12 republican irreconcilables. Twenty-one democrats quit the president's lead and voted for ratification, but the defection failed by seven votes of providing the two-thirds requisite to ratify.

But Over Into Campaign. The result was regarded everywhere in the capital as having put over into the political campaign for decision the long and bitter fight between the chief executive and the senate majority. A move to reconsider the vote and its inception leaders on both sides agreeing that further ratification efforts would be a waste of time and to the senate membership remains to be seen.

Whether the president would return the treaty to the senate remained undetermined, but the republicans served notice that if he did, it would serve for many weeks to come in a committee pigeonhole. In the vote of 47 to 37 by which the senate passed the hands of the subject and sent the treaty to the White House the republican leaders had the support of some mild reservationists as well as the irreconcilables of their party, while the democrats voted almost solidly in opposition.

The next step-planned by the senate majority—is a declaration of a state of peace to relieve the nation of the war status which the democrats maintain, and be ended only by the treaty's ratification. A fight on that proposal probably will begin when the senate reconvenes Monday.

Failed Four Months Ago. The roll call on ratification came four months, almost to the hour, after the failure of the three attempts at ratification on November 19. On that occasion the greatest strength developed for ratification with the republican reservations was 41 votes, only seven democrats voting with the republicans in the affirmative. The vote against was 51, made up of 13 republicans and 38 democrats. Twenty-eight roll call follows.

Gaiety Reigns As Americans Re-build Rheims

You've got a thrill coming when that trip-to-Europe dream comes true and you're in the old Rheims, again, through the streets of war-torn France. It won't look so little, as it did at first, for the town is being remade and renovated by American architects liberally supplied with French funds.

FARMER MISSING SINCE TUESDAY

No Trace Found of Fred Eggertsen Who Mysteriously Disappeared From Home.

Fred Eggertsen, farmer and businessman, said to be somewhat demented, disappeared from his home near the rim rock north of the city on Tuesday, and officials who were notified yesterday morning have been unable to find any trace of him.

He has, according to information given to officials by his wife, often left the place, but never for an extended period, and owing to the circumstances of his disappearance some apprehension is felt concerning his safety.

His actions and mode of living for the past several years have been out of the ordinary, but there is nothing to indicate that there has been any change in the state of his mentality of late. He has been perfectly peaceful and has cared for himself even to the extent of getting his own meals.

Some time during the war he drew about \$2,000 which he had deposited in a bank. He gave \$250 to the Red Cross and purchased \$200 worth of war savings stamps. The remainder he is supposed to have hidden somewhere in the rocks of the river canyon and it was his custom to make two trips each day into the canyon for the purpose. It is believed, of determining the security of his money. He has made these trips regularly in all kinds of weather.

Apparently he had no fear of the descent of 600 feet into the canyon although he is 50 years of age and is a very large man, weighing about 225 pounds. He has been seen to set on a ladder to reach the canyon and at times has been heard shouting there, seemingly without a care in the world.

At the time of his disappearance he was wearing blue overalls, a cap, mackinaw and moccasins. There is a possibility that he has been to visit a son who lives in Nebraska, but the fact that he has good clothes at home which he wears on occasions leads to other conclusions. Inquiries have been sent to the various stations around Twin Falls but none have reported sale of a ticket to any one answering the description given. He is about five feet eight inches tall and has sandy whiskers streaked with gray.

The prevalent opinion is that some accident has befallen him while in the canyon and a searching party will leave the court house at 9 o'clock this morning to search the canyon in the vicinity of his home.

Word was given out at the court house that any boy scouts who cared to volunteer their services and who would be at the court house at the time stated would be taken along to aid in the search.

CONVENTIONS SELECT TEN G. O. P. DELEGATES

By the Associated Press.

ST. PAUL, Minn., March 19.—Five delegations of two members each instructed to vote for Leonard Wood for president, four instructed delegations and the tenth district split into two rival factions, one for Wood and one instructed, will be sent to the republican national convention at Chicago next June. Eight districts held conventions today and two yesterday.

The Tenth district convention, which met at Minneapolis today, proved the most interesting and turbulent. Delegates from Hennepin and Wright counties and those from Anoka, Kanabec, Miller, Lake, Chicago and Pine counties, fought at the opening of the meeting over naming of a chairman. The latter delegates left the convention floor and met in a convention of their own. They named Col. A. E. Pratt of Anoka and Lowell E. Jensen of Minneapolis as delegates to vote for Wood. The other convention elected Congressman T. D. Scholl, of Minneapolis and J. A. Methuen, of Buffalo as uninstructed delegates. Seating of these delegations will be fought out at the Chicago convention.

TREAT IS SOBBY THAT THE SENATE AGAIN REJECTS PACT

By the Associated Press.

GREENSBORO, N. C., March 19.—Former President William Howard Taft, who arrived here tonight from Winston-Salem, where he told the senate had failed to ratify the peace treaty, stated:

"I have nothing to say, except I am very sorry. That seems to me to be all there is to say. However, although the senate has refused to ratify it, the treaty may be brought back. It was once, you know. It might be again. I hope so."

NEW YORK, March 19.—Anticipated increase in immigration at Ellis Island this spring will be handled by an augmented force of inspectors and interpreters as a result of conference ending today between immigration officials of this city and Alfred Hampton, assistant commissioner-general of immigration. EVANSTON, Iowa, March 19.—Demanding a 40 per cent wage increase, no carrying of trays and no serving at banquets, the waitresses at the Hotel Murlington struck tonight when their demands were refused. Cashiers, bus boys, bell boys, stewards and other employees are being recruited to serve breakfast tomorrow.

BERLIN REMAINS IN CHAOS OF REVOLT

Spasmodic Disorders Continue Causing Many Additional Casualties.

By the Associated Press. BERLIN, March 19.—Berlin has not yet succeeded in emerging from the chaos resulting from the Kapp revolt a week ago and its subsequent failure. Although most all, if not all, of the troops which formed the backbone of the revolt have left the city proper, disorders continued spasmodically Thursday night and Friday. Many additional casualties, both in killed and wounded, occurred.

A number of persons were killed or maimed in front of the Hotel Adlon, in further shooting and three officers were shot to death and another was mortally wounded today by security police at the Brandenburg gate. The police ordered an automobile hearing the officers, who were reported to have been members of the battle force which invaded Berlin, to halt. A crowd surrounded the car and the officers opened fire with revolvers upon civilians. An innocent motor car appeared upon the scene and added to it three hand grenades into the officers' car and simultaneously the police fired with their rifles upon it. The three officers fell dead and the others toppled over wounded. Under the London was crowded at the time, and the explosions of the grenades caused a panic. Six civilians were wounded by the bursting missiles and were taken for medical aid into the Hotel Adlon.

Reports from cities and towns in various parts of Germany tell of continued persecutions by radicals, but in some of the cities the radical movement seemingly is waning and workmen are returning to their jobs. This is especially true in south Germany.

DEFEAT CHILE EITHER FOR OR AGAINST OTHER POWERS

By the Associated Press.

CANTIAGO, Chile, March 17.—Luis Barros Borgoña, former minister of foreign affairs and at present chief of the information bureau at the foreign ministry, in an interview today denied that Chile had assumed an attitude for or against either Peru or Bolivia in the present controversy. He declared unfounded the assertion by certain Peruvian circles that Chile was furnishing war materials to Bolivia.

Peru has protested against a reported granting to Bolivia by Chile of a seaport in the province of Arica, former Peruvian territory, held by Chile since the war of 1879-83. The situation has given rise to demonstrations in both Bolivia and Peru.

WILD STAGE COMEBACK IN WHEAT FIELDS, CLAIM

1,600 LONGSHOREMEN AT GALVESTON WALKOUT

By the Associated Press.

GALVESTON, Texas, March 19.—Fifteen hundred coastwise longshoremen, employed by the Marine and Malibu lines were on strike here tonight, apparently in sympathy with the strike of New York dock workers. So far no demands have been submitted by the men, steamship officials here said.

The men have been receiving 60 cents an hour for regular and 90 cents for overtime.

A strike of Mexican line longshoremen, which began Feb. 4, and ended Feb. 26, resulted in the men going back to work at their old scale of wages. Union leaders announced at the time that they were "going back to work temporarily" and intimated that another walkout would take place after the "transportation lines had been returned to their own use."

LORD MAYOR OF CORK, SINN FEINER, MURDERED

By the Associated Press.

LONDON, March 19.—The lord mayor of Cork was shot dead at 1 o'clock this morning. The revolver was fired by masked persons whose identity is unknown. They entered his residence, and after firing the shot, escaped in an automobile.

Mrs. MacGuire telephoned immediately for a doctor and a priest. The mayor died soon after the arrival of the priest.

Mayer MacGuire, a prominent Sinn Feiner, was injured after the Easter rebellion.

BRYAN SAYS PACT DEBATE IS DISGRACE

Declares Debate Over Mere Words Shows Senators Fail to Understand Issues.

HOPES TO LIVE TO SEE ALL WORLD DRY

Outlines His Views on Other Issues—Righteous Principles Always Victorious He Says.

By the Associated Press. NEW YORK, Mar. 19.—William Jennings Bryan had a birthday cake tonight with 60 candles on it. Its dimensions were three feet by two and it was brought into the banquet hall at the Adams club where hundreds of his friends were starting a dinner in his honor.

"All right to wish for the 'White House' came a query as the toastmaster urged each guest to make a wish when Mr. Bryan blew out the candles. But Mr. Bryan did not blow out the candles after all. He uttered this wish to a woman from each table.

Says Treaty Not Dead.

A loud remark of "The treaty is dead now" interrupted Mr. Bryan as he was declaring that "the senate debate on the treaty is a disgrace." He flattered only for a second, he replied: "I am not willing to concede it is dead. The treaty has been defeated. The people are greater than the senate and they can force the senate to do their will."

"The senator who is willing to spend one year arguing over a word doesn't know the needs of the domestic problem in this country," he added. This statement brought forth a storm of applause.

Mr. Bryan referred to the action taken by the recent democratic state convention at Albany against prohibition.

There will be no wet plank in the platform in this at Chicago or San Francisco," he declared, with the prediction that he will live to see the time when not a saloon in the world will be open.

Bryan Outlines Policies.

Bryan declared tonight that his ambition was not to enjoy the honors of public office but to discharge as fully as possible his debt of gratitude to the American people.

This was the Nebraska's first pronouncement on the democratic presidential nomination since the announcement of his brother in Lincoln on March 19th, that if the "commoner" were elected a delegate to the national convention he would not vote for United States Senator D. M. Hitchcock of Nebraska.

Mr. Bryan made known his speech at a dinner at the Adams club arranged in celebration of his sixtieth birthday anniversary by friends and admirers of all parties.

His address was not a mere recital of facts but embraced many states.

After submitting "some conclusions drawn from 30 years of experience in the arena of politics" Mr. Bryan said:

Righteous Are Victorious.

"Even in my youth I had no doubt of the final triumph of every righteous cause and my faith is even greater now than it was when I was a young man. I have seen reform after reform accomplished and great principles, that were at first scoffed at, written into the unchangeable law of the land."

"No one has been happier than I in the character and constancy of his friends or more generously rewarded for labor in the political vineyard. My ambition is not to enjoy honors of office, but to discharge as fully as I can the debt of gratitude to the American people."

"I am aware that my place in history will not depend upon what I do now, but upon what I am able to do for my country. If a kind Providence adds years to my life they will be spent in an earnest effort to aid the cause of the oppressed."

BERT AGAIN CONTROLS IN HUN CAPITAL

Hoek Commences to Bring Order Out of Chaos of the Kapp Regime.

ALTIK TROOPS WOUND MANY ON DEPARTING

French Compliment German Rulers Upon Solution of Crisis—British Deny Aiding Reactionaries

By the Associated Press.
BERLIN, March 18.—The Ebert government is again in control in Berlin. Vice-Chancellor Schaefer, in whose hands the sudden retirement of Dr. Walther Kapp, temporarily placed the administrative power, and Gustav Noske, minister of defense, are engaged in bringing about order in the city and restoring activities to their normal basis. The full ministry is expected back in Berlin shortly.

Ebert Troops Guard Streets.
Regular troops, loyal to the Ebert regime, are guarding the streets, and detachments of them went part of the day in tearing down wire entanglements and barricades which the revolutionary soldiers had erected in production. In this connection there was an unfortunate accident, the firing of a mine to destroy a barricade at Kottbuser, in southwestern Berlin, killing 12 persons and injuring 28. The battle troops, leaders of the insurgent bands that marched into Berlin Saturday morning, took vengeance on the people who hoisted and lowered them in Wilhelmstrasse and Unter den Linden. They were lined up for departure from the city, and after withstanding the jeers for a time more or less impatiently they opened fire, rounding several.

Troops Terrify Mob.
After the troops had passed Brandenburg gate they fired a parting volley with machine guns, wounding a score or more, and the mob was pushed to the Adlon-hotel, the gates of which were torn down in the ensuing panic.
Dr. Kapp's descent upon Berlin and his subsequent retreat has precipitated parliamentary chaos.

Must Build New Cabinet.
The coalition parties must construct new cabinet, which is expected to reveal at least half a dozen new faces, despite the prospect of further ministerial changes as a result of the June elections.
The assembly will not be dissolved immediately because it must first approve the budget, dispose of further taxation measures and the law decrees.

ing the nationalization of the railways and pass a new election law.
There are conflicting reports concerning amnesty for the rebels and this matter promises stormy scenes in the coming meeting of the assembly, as two popular leaders in Berlin have favored severe punishment for Kapp and his adherents.

French Compliment Ebert.
The French charge d'affaires called on Vice-Chancellor Schaefer and Under-Secretary von Helldorf today and complimented them and their government upon the happy and rapid solution of the crisis. He expressed the opinion that it would undoubtedly contribute toward strengthening liberal and democratic thought in Germany.
The censorship has been lifted and the newspapers all are allowed to publish. Lord Kinnock, the British charge, has taken the first opportunity to publish an emphatic denial that the allies gave any support or sympathy whatever to the new government.

Independents Issue Manifesto.
The independent committee, has issued a manifesto saying in effect:
"The counter-revolution has been suppressed, but the Bauer-Noske government is trying to re-establish the old regime by cowardly compromise. Another Junker, von Seeberst, replaces the Junker von Loeftwitz."

Hard on Profiteers.
Food prices have continued to soar, and the people are in a state of revolt. As they could place their hands on the markets were despoiled and all the stalls soon stripped. Attempts at profiteering evoked bitter opposition, several shops being wrecked. The inability of the police to pay the price demanded for staple foods is bound to cause considerable distress and agitation.

The fact that the independents and communists so far have not resorted to the extreme violence characterizing the revolutionary strikes of 1918 and 1919 is regarded as a hopeful sign. It admits of two inferences: "First, that they are hiding their time until they can perfect their physical organization for a supreme effort to seize the government; and second, lack of military equipment and fear of the troops now in control."

GERMAN ASSEMBLY MEETS
SPITZHAUSEN, March 18.—The German national assembly opened at 1:30 o'clock this afternoon in the five-story building. It was presided over by Konstantin Fehrenbach, who became the call for the present session. There was a large attendance of delegates, especially from the socialist parties and also of unaffiliated Reichwehr officers.

President Fehrenbach said that many conservatives and national liberal members had not come, while others were not able to appear. He sharply criticized the universal of the "reactionary rebels" and urged the resumption of work throughout the country.

The state president of Wurttemberg welcomed the assembly in the name of Wurttemberg after which Gustav Bauer, the chancellor, spoke in behalf of the government.
The house was closely guarded by Reichwehr troops and armored automobiles patrolled the streets. The first session was without incident.

DISPATCHES MORE OPTIMISTIC
LONDON, March 18.—Diplomatic dispatches from Germany filed last night give a much more optimistic view of the general situation, notwithstanding that there have been more reports of Spartacist uprisings. This is a complete reversal of the opinion expressed Tuesday night by the same diplomats.

who then intimated that the Spartacist activities were more to be feared than the Kapp government.
It was stated at the foreign office this evening that it could not be expected that the Spartacists would give peace to Germany immediately. The Kapp government called. Official dispatches indicate, however, that if the national assembly led by the men who once before put down a Spartacist attempt takes a strong stand against activities, the Ebert government may have secured of a sound foundation at least for a time.

FIGHTING AT KIEL.
By the Associated Press.
COPENHAGEN, March 28.—A telephone message from Hamburg today said there was violent fighting between troops and students on the one side and workmen on the other, presiding at Kiel. The message said the workmen were attacking with bombs, hand grenades, machine guns and trench mortars and that many persons had been killed or wounded.

SERIOUS IN PROVINCES.
By the Associated Press.
BERLIN, March 18.—Serious news is coming to Berlin from the provinces today. Bitterfeld, Saxony, is reported to be in the possession of workmen's councils, and the whole of the Rhenish Westphalia industrial district is said to have turned communist. A railway in reported to be marching from the south of Munster, severe fighting is said to have taken place at Muelheim, and seven persons are reported to have been killed and 15 wounded at Plauen.

Calcutta is in the hands of communists and Meiningen and Langerstadt in control of the workmen.
There was conflict between troops and a mob yesterday in the Neukoln quarter as a result of attacks by a mob on the military pickets, some of whom were thrown into a river. The troops were summoned and dispersed the rioters. One of the pickets was badly injured.

SENATE VOTES SYMPATHY TO IRISH CAUSE.

Continued From Page One

Underwood, Williams and Welles, 16.
Total against, 26.
Of senators absent and paired it was announced that Senators Chubbett, Tamm, Johnson, (South Dakota); Overman, North Carolina; Owen, Oklahoma; and Stanley, Kentucky, democrats, favored the reservation, and that Senator Forney, republican, Maine, opposed it. The position of other senators not voting was not stated.
Additional votes for the measure on the second vote was recorded by Senators Fernald, Maine; McCormick, Illinois; and Stuart Utah; republicans; Johnson, South Dakota; Owen, Oklahoma; and Stanley, Kentucky, democrats, who did not vote on the first roll call. Senator Page, republican, Vermont, changed from opposition to support of the reservation. His opponents gained the votes of Senators Glass, Virginia; Overman and Simmons, North Carolina, democrats; and Bacon, Wisconsin, republican.

Before the second vote, two futile efforts to amend the reservation were made. A motion by Senator Calder, republican, New York, to strike and the clause dealing with self-determination, was tabled, 51 to 30, and an amendment by Senator Stettin, republican, North Dakota, to change the phrase "we hope for a free determination of Irish freedom" was tabled, 70 to 11.
After the Irish reservation finally had been approved, Senator Simmons, democrat, North Carolina, made a last minute fight to secure a change in the republican reservation to article ten, but his a lecture preceding that the United States would use its "friendly offices" to help preserve territorial integrity and political independence was tabled by a vote of 45 to 24.
After a final attempt to modify the republican reservation to article ten had failed the senate tonight reapproved by a vote of 14 to 25, the adoption of the reservation.

All of the opponents of article ten reservation on the final vote were democrats. Forty republicans were joined by 14 democrats in its adoption. The democrats who voted for the reservation were, Ashurst, Chubbett, Johnson, Gore, Henderson, Kendrick, Nye, Phelps, Pittman, Pomeroy, Reed, Shields, Smith of Georgia and Walsh of Massachusetts.
All supporters of the Simmons article ten substitute were democrats: Pusey, democrats, Gore, Oklahoma; Ketchum, Missouri; Shields, Tennessee; Walsh, Massachusetts; and Williams, Mississippi, voted with the republicans to table the proposal.

The boy's failure to keep his promise to appear in court led to an investigation at the high school. He was questioned by Superintendent Hal G. Blum and Mr. Ault but, it is said, declined to answer. He was then taken before Judge Duval and because of his persistent refusal to answer questions was ordered confined in the county jail. A package of cigarettes was taken from the lad and was to be held as evidence until consultation with his parents resulted in giving him probationary freedom. He refused to tell where he had obtained the cigarettes.

SENATE REJECTS TREATY FOR FOURTH TIME

RATIFICATION LACKS SEVEN NEEDED VOTES

Twenty-one Democrats Desert Wilson in Effort to Approve Pact.

PRESIDENT BITTERLY ASSAILED BY MANY

Members of His Own Party Declare That Covenant Cannot Be Successful Issue in Campaign

By the Associated Press. WASHINGTON, March 19.—The treaty of Versailles failed of ratification for the fourth time tonight and then the senate voted to send it back to President Wilson with a declaration that it had finally "refused to advise and consent to its ratification."

On the decisive roll call the vote was 49 for ratification to 35 against, the opposition numbering in its ranks 20 democrats who were unwilling to see the treaty go through with the republican reservations objected to by the president, and three democrats. Twenty-one democrats quit the president's lead and voted for ratification, but the defection failed by seven votes of providing the two-thirds requisite to ratify.

Put Over Into Campaign.

The result was regarded everywhere in the capitol as having put over into the political campaign for decision the long and bitter fight between the chief executive and the senate majority.

A move to reconsider the vote and try once more to ratify collapsed in its inception, leaders on both sides agreeing that further ratification efforts would be a waste of time as long as the senate membership remains as it is.

Whether the president would return the treaty to the senate remained undetermined, but the republicans served notice that if he did, they would renege for many weeks to come in a committee pigeonhole. In the vote of 47 to 37 by which the senate waived its hands of the subject and sent the treaty to the White House the republican leaders had the support of one mild reservationist as well as the irreconcilables of their party, while the democrats voted almost solidly in opposition.

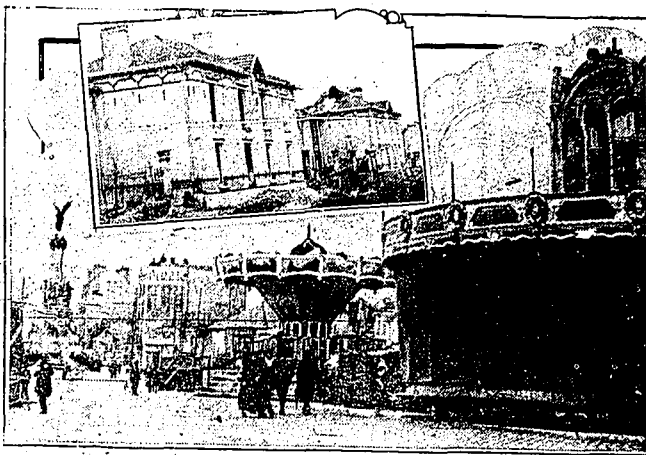

The next step planned by the senate majority is a declaration of a state of peace to relieve the nation of the war status which the democrats maintain can be ended only by the treaty's ratification. A fight on that proposal probably will begin when the senate reconvenes Monday.

Failed Four Months Ago.

The roll call on ratification came four months, almost to the hour, after the failure of the three attempts at ratification on November 19. On that occasion the greatest strength developed for ratification with the republican reservations was 41 votes, only seven democrats voting with the republicans in the affirmative. The vote against was 51, made up of 13 republicans and 38 democrats. Tonight's roll call followed.

The Roll Call.

FARMER MISSING SINCE TUESDAY

No Trace Found of Fred Eggertsen Who Mysteriously Disappeared From Home.

Fred Eggertsen, farmer and businessman, said to be somewhat demented, disappeared from his home near the rim rock north of the city on Tuesday and officials who were notified yesterday morning have been unable to find any trace of him.

He has, according to information given to officials by his wife, often left the place, but never for an extended period, and owing to the circumstances of his disappearance some apprehension is felt concerning his safety.

His actions and mode of living for the past several years have been out of the ordinary, but there is nothing to indicate that there has been any change in the state of his mentality of late. He has been perfectly peaceful and has cared for himself even to the extent of getting his own meals.

Some time during the week he drew about \$2,000 which he had deposited in a bank. He gave \$250 to the Red Cross and purchased \$200 worth of war savings stamps. The remainder he is supposed to have hidden somewhere in the rocks of the river canyon and it was his custom to make two trips each day into the canyon for this purpose. It is believed, of determining the security of his money. He has made these trips regularly in all kinds of weather.

Apparently he had no fear of the descent of 600 feet into the canyon although he is 50 years of age and is a large man, weighing about 225 pounds. He has been seen to sit on rocks projecting over the canyon and at times has been heard singing there, seemingly without a care in the world.

At the time of his disappearance he was wearing blue overalls, a can of ketchup and mustard. There is a possibility that he has gone to visit a son who lives in Nebraska, but the fact that he has good clothes at home which he wears on occasions leads to other conclusions. Inquiries have been sent to the various stations around Twin Falls but none have reported sale of a ticket to any one answering the description given. He is about five feet eight inches tall and has sandy whiskers streaked with gray.

The prevalent opinion is that some accident has befallen him while in the canyon and a searching party will leave the court house at 9 o'clock this morning to search the canyon in the vicinity of his home.

Word was given out at the court house that any boy scouts who cared to volunteer their services and who would be at the court house at the time stated would be taken along to aid in the search.

CONVENTIONS SELECT TEN G. O. P. DELEGATES

By the Associated Press. ST. PAUL, Minn., March 19.—Five delegations of 196 members each instructed to vote for Theodore Wood for president, four unstructured delegations and the Tenth district split into two rival factions, one for Wood and one unstructured, will be sent to the republican national convention at Chicago next June. Eight districts held conventions today and two yesterday.

The "Tenth" district convention, which met at Minneapolis today, proved the most interesting and turbulent. Delegates from Hennepin and Wright counties and those from Anoka, Kanabec, Miller, Lake, Chisago and Pine counties, fought at the opening of the meeting over naming of a chairman. The latter delegates left the convention floor and met in a convention of their own. They named Col. A. F. Pratt of Anoka and Lowell E. Jensen of Minneapolis as delegates to vote for Wood. The other convention elected Congressman T. D. Schall of Minneapolis and J. A. Methuen of Buffalo as unstructured delegates. Heading of these delegations will be fought out at the Chicago convention.

BERLIN REMAINS IN CHAOS OF REVOLT

By the Associated Press. BERLIN, March 19.—Berlin has not yet succeeded in emerging from the chaos resulting from the Kapp revolt a week ago and its subsequent failure. Although most all, if not all, of the troops which formed the backbone of the revolt have left the city, disorders continued sporadically Thursday night and Friday.

Many additional casualties, both in killed and wounded, occurred.

A number of persons were killed or maimed in front of the Hotel Adlon, in further shooting, and three officers were shot to death and another was mortally wounded today by security police at the Brandenburg gate. The police ordered an automobile bearing the officers, who were reported to have been members of the battle force which invaded Berlin on Kapp, a crowd surrounded the car and the officers opened fire with revolvers upon civilians. An armored motor car appeared upon the scene and soldiers in it threw hand grenades into the officers' car and simultaneously the police fired with their rifles upon it. The three officers left the car and the others remained wounded. Later den Linden was crowded at the time, and the explosion of the grenades caused a panic. Six civilians were wounded by the bursting grenades and were taken for medical aid into the Hotel Adlon.

Reports from cities and towns in various parts of Germany tell of continued operations by radicals, but in some of the cities the radical movement seemingly is waning and workmen are returning to their jobs. This is especially true in north Germany.

1,600 LONGSHOREMEN AT GALVESTON WALKOUT

By the Associated Press. GALVESTON, Texas, March 19.—Sixteen hundred coastwise longshoremen, employed by the Morgan and Malloy lines were on strike here tonight, apparently in sympathy with the strike of New York dock workers. So far no demands have been submitted by the men, steamship officials here said.

The men have been receiving 60 cents an hour for regular and 90 cents for overtime.

A strike of Morgan line longshoremen, which began Feb. 4, and ended Feb. 28, resulted in the men going back to work at their old scale of wages. Union leaders announced at the time that they were "going back to work temporarily" and intimated that another walkout would take place after the "transportation lines had been returned to their owners."

BRYAN SAYS PACT DEBATE IS DISGRACE

Declares Debate Over Mere Words Shows Senators Fail to Understand Issues.

HOPES TO LIVE TO SEE ALL WORLD DRY

Outlines His Views on Other Issues—Righteous Principles Always Victorious. He Says.

By the Associated Press. NEW YORK, March 19.—William Jennings Bryan had a birthday cake tonight with 49 candles on it. The democrats were there, two by two and it was brought into the banquet hall at the Aldine club where hundreds of his friends were staging a dinner in his honor.

"All right to wish for the White House?" came a query as the toastmaster urged each guest to make a wish when Mr. Bryan blew out the candles. But Mr. Bryan did not blow out the candles after all. He allotted this task to a woman from each table.

Says Treaty Not Uragu.

A loud remark of "the treaty is dead now" interrupted Mr. Bryan as he was declaring that "the senate debate on the treaty is a disgrace." He stated only for a second, he replied: "I am not willing to concede it is dead. The treaty has been defeated. The people are greater than the senate and they can force the senate to do their will."

Mr. Bryan referred to the action taken by the recent democratic state convention at Albany against prohibition.

"There will be no wet plank in the platform either at Chicago or San Francisco," he declared, with the prediction that he will live to see the time when not a saloon in the world will be open.

Bryan Outlines Policies.

Bryan declared tonight that his ambition was not to end the honors of public office, but to discharge his fully as possible his debt of gratitude to the American people.

This was the Nebraska's first pronouncement on the democratic presidential nomination since the announcement of his brother in Lincoln on March 10. But if the "Commonwealth" were elected a delegate to the national convention he would not vote for United States Senator E. M. Hitchcock of Nebraska.

Mr. Bryan made known his speech at a dinner at the Aldine club arranged in celebration of his sixtieth birthday anniversary by friends and admirers of all parties. This address was the first on a speaking tour that will embrace many states.

After submitting "some conclusions drawn from 20 years of experience in the arena of politics" Mr. Bryan said:

Righteous Are Victorious.

"Even in my youth I had no doubt as to the character of every righteous cause and my faith is even greater now since I have seen reform after reform accomplished and great principles, that were at first scoffed at, written into the unbreakable law of the land."

"No one has been happier than I in the character and constancy of my friends or more generously rewarded for labor in the political vineyard. My ambition is not to enjoy honors of office, but to discharge as fully as I can the debt of gratitude to the American people."

"I will aware that my place in history will not depend upon what I do for me, but upon what I have done for my country. If a kind Providence adds years to my life, they will be spent in an earnest effort to do."

IRST OF INDICTED PUT UNDER ARREST

pect Other Coal Operators to Surrender Themselves Next Week—Miners Names Withheld.

By the Associated Press. INDIANAPOLIS, Ind., March 19.—First of the first of 125 coal operators or miners indicted by a special grand jury here for alleged violation of the Lever fuel contract, all but one of the first of the federal grand jury here, was effected today when Carl J. Fletcher of Indianapolis, secretary of the Knox county (Ind.) coal operators association, surrendered to the United States marshal here. Fletcher was released immediately when he furnished bond of \$10,000 for his appearance in court May 4. Others of the men indicted are expected to surrender within the next few days.

It was said, at which definite information as to Indiana operators who were indicted was given out. This association said to have been organized by federal officers, did not exist in connection with the specific charges against those indicted.

According to operators, the first and most of the operators indicted were men present at water scale conferences in the central competitive field along the passage of the Lever act. Operators also ventured the opinion that the charges against them were in connection with the coal operators' association, which was organized by federal officers, did not exist in connection with the specific charges against those indicted.

MEMBERS OF CREW OF U. S. STEAMER TO FACE CHARGES

By the Associated Press. NORFOLK, Va., March 18. Thirty-one members of the crew of the American steamship Poughkeepsie were convicted in the federal district court here today of conspiring to incite a revolt aboard the Poughkeepsie February 5, while the ship was at the Bermuda Islands. Each was sentenced to 40 days' imprisonment and to pay a fine of \$50.

The Poughkeepsie was forced to put into Bermuda for repairs during a voyage from Europe to the United States and members of the crew, claiming that their articles had expired, refused to work the vessel. The ship was taken to an American port. An armed band from a destroyer boarded the ship and put the men under arrest and the Poughkeepsie later was brought here.

MARSHALL SAYS 'NO'

SISTERS IN N. Y. ASYLUM TEN YEARS ILLEGALLY

By the Associated Press. WHITE PLAINS, N. Y., March 18. Miss Phoebe Brush, 68, and her sister, Ada, 56, once heiresses to property valued at \$1,000,000 and who have spent the last ten years in the state hospital for the insane at Central Islip, when they should have remained there only ten days, were set free today by Supreme Court Justice Arthur S. Tomkins.

He ruled that the two women were not in the asylum illegally in June, 1908, as the original papers were faulty, calling for temporary commitment, and since then no further action had been taken to make the commitment final and binding.

The Misses Brush are reported to be descendants of an old colonial family that settled in Long Island more than a century ago. Their wealth, it is said, has dwindled to about \$30,000. The strange case was brought to court through the interest taken by Mrs. Florence Ferguson, once a nurse at the hospital, in whose care Justice Tomkins today entrusted them.

The sisters said today that they were kidnapped and taken to the asylum. Once they escaped but were returned to the hospital.

At the time of the commitment it was reported they had been sent to the asylum after Ada had announced she was to wed a clergyman, declaring he had "made eyes" at her during the sermons. The church was guarded when the clergyman later married another woman. The sisters would appear and create a disturbance.

DUCHESS OF MARLBOROUGH STATES ACTION FOR DIVORCE

By the Associated Press. LONDON, March 18. The Duchess of Marlborough has instituted a suit for the restoration of conjugal rights. The husband of the duchess, which is the usual preliminary to divorce in England, apparently has caused no surprise in London. The Marlboroughs have been separated for several years, the duke spending most of his time at Blenheim castle, and the duchess residing in London. The two sons of the couple have divided their time between a mother and father.

The magnificent London home of the duchess, which her father, William K. Vanderbilt Sr., presented to her, was not occupied during the war, the duchess preferring a more simple residence. The house recently was rented for use as offices by the league of nations.

The Duchess of Marlborough was Consuela Vanderbilt of New York. She married the Duke of Marlborough in New York in 1895. The couple

No one, after reading her letter, can continue to doubt the great healing power of PE-RU-NA for troubles due to catarrh or catarrhal conditions in any part of the body. Her letter is an inspiration to every sick and suffering man or woman anywhere. Here it is: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PE-RU-NA and can carefully say I am well. When I began to use PE-RU-NA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PE-RU-NA too highly, for it was a God-send to me. I got relief from the first half bottle and twelve bottles cured me. I advise all sufferers to take PE-RU-NA."

As an emergency remedy in the home, there is nothing quite the equal of this reliable, time-tried medicine, PE-RU-NA. Thousands place their sole dependence on it for colds, coughs, stomach and bowel troubles, constipation, rheumatism, pains in the back, side and limbs and to prevent the grip and Spanish Flu. To keep the blood pure and maintain bodily strength and resistance, take PE-RU-NA. You can buy PE-RU-NA anywhere in either tablet or liquid form.

Grain

CHICAGO, March 19.—Widespread acceptance of opinions that the big upturn of grain values had culminated led to a sharp break today in the corn market. Prices closed heavy, 2 1/2 to 3 1/2 net lower, with May 1920 wheat to 152 7/8 and July 1920 146 3/8 to 146 3/4; oats finished 3-4 to 1 7/8 down and provisions unchanged to 30 cents higher.

It was not until the last half of the session that the corn market gave way. Previous traders showed unusual wariness, and as a result a steady decline was in effect. The smallness of supplies and the unfavorable weather tended to handicap the bears. On the other hand, bulls were curbed by the uncommon extent of the loss of funds. The loss part of the day, heavy liquidation developed, owing largely to absence of shipping demand from the east and to reports that a number of eastern distributors were cancelling purchases. With no aggressive support forthcoming, the decline that followed was swift, and suffered but little check even when local sellers were ready to take profits.

Ons paralleled the action of corn. Export call for oats appeared to have eased. The rise in foreign exchange lifted provisions, but later was nearly offset by the weakness of grain and hogs.

MOSSCOW AGAIN IS STATE HOOP CHAMP

Defeated Twin Falls 31 to 14—Carter Is Picked for All-State Center Position.

MOSSCOW, Idaho, March 19.—Moss-cow high school for the fourth consecutive time won the basketball championship of Idaho tonight when its team defeated Twin Falls 31 to 14 in the final contest of the annual interscholastic tournament. The score at the end of the first half was 12 to 12; Twin Falls 7. Ability at shooting baskets accounted for the victory.

Twin Falls played a strong, aggressive game and showed better condition than Moss-cow but was defeated by conventional and lucky long shots.

Taylor and Plutizer, Twin Falls guards, broke up Moss-cow's play for shots under the basket and forced the winners to resort to long shots. Krenge and Neuman, Twin Falls forwards, flashed over the floor and recovered the ball nicely. Neuman and Taylor of Twin Falls and Stagner of Moss-cow were the most aggressive men on the floor. Krenge shot four baskets accurately, including four out of seven shots. Carter of Twin Falls, an center, shot two field baskets and won a

big factor in the Twin Falls offensive. Carter was made all-state center for his remarkable basket shooting and playmaking. Not one personal foul was called on him during the tournament's play.

Hill of Driggs, was named all-state forward for his clever offensive work. Campbell of Wallace is the other all-state forward. Stagner and Conelson of Moss-cow were made all-state guards. They, by close guarding, kept down the Twin Falls scoring. Stagner, an running guard, pushed play after play.

The second all-state team named consists of Krenge of Moss-cow as center, Stagner of Moss-cow and Neuman of Twin Falls forwards, Taylor of Twin Falls and Campbell of Wallace guards. Twin Falls was awarded a handsome silver cup as runner-up. Moss-cow was presented with the championship trophy and basketball used at the tournament and Driggs was awarded the silver cup for the best sportsmanship and shooting. A general get-together was held and the cups were awarded after the tournament.

FILER, March 19.—Filer representatives at the sub-district deductory contest, held at Filer tonight, captured two of the three possible first places, the other first going to Twin Falls. The contest was won, chosen and the best thing of the school's interest was evidenced by the support given their representatives.

Elmer Noll of Filer won first in the dramatic contest with "The Gypsy Flower Girl." Orrenetta Murray won a second place for Twin Falls with "When the Fleet Goes By."

RATIFICATION LACKS SEVEN NEEDED VOTES

Continued From Page One.

In the seven hours of debate preceding the vote, republican leaders declared themselves ready to take the issue to the people. From the democratic side several senators bitterly assailed the president for his stand and declared the administration could not afford to carry the issue as it presented itself today into the campaign. There was no reply from those who opposed ratification. Irreconcilables and administration democrats alike remain silent in the confidence that they were in complete control of the situation.

After the roll call, the mild reservation republicans joined with the democrats to set the parliamentary stage for a reconsideration that would permit another vote on ratification, but the effort soon was abandoned. Republican democrats advised the republicans that they thought it futile to try to change such more democratic votes. The motion to reconsider, made by Senator Robinson, democratic, Arkansas, finally was thrown out on a point of order and no appeal was taken.

Big Change Notice.
The lineup of the entire senate today was 57 for ratification to 29 against, including members paired. Four months ago the total alignment was 47 for ratification and 39 against, with one not voted.

Eighteen democrats today changed from their position of November 19, 1919, when they voted against ratification, to today when one Senator Shields of Idaho, who voted for ratification November 19, since became known as an "irreconcilable" today voted against ratification.

The Treaty Democrats.

Of the democrats who switched to support the treaty, 15 voted for ratification and 15 additional. Senators Gerry of Rhode Island, and Jones of New Mexico, paired for ratification. The fifteen were: Ashurst, Beckham, Chamberlain, Fletcher, Henderson, Harwick, Kopp, Nugent, Pheasant, Lott, Ransdell, Smith (Maryland), Tamm, Walsh (Montana), and Weaver.

In the republican ranks, the irreconcilables gained but one new adherent, Senator Penrose, of Pennsylvania, who voted for ratification four months ago, but today was paired as an opponent of the treaty. Twelve republicans "bitter-enders"—Borah, Chandler, Fernald, France, Gurnea, Johnson (California), Knox, La Follette, McCormack, Moses, Norris and Sherman—voted today, as they did four months ago, against ratification, while three others, Penrose, Fall of New Mexico, and Poinsette, were paired today in opposition. On November 19, Senator Poinsette voted in opposition, while Senator Fall was not present but his opposition was announced.

In sending the treaty back to the president, the senate acted on the motion of Senator Lodge of Massachusetts.

senate republican leader, who declared that he believed the treaty would be a waste of time and delay public service.

World Without Action.
The democratic leader, Senator Hitchcock, Nebraska, pleaded that the action is withheld for a few days, because the senate is in a hurry for action. He added that in a reasonable delay brought no prospect of ratification, the move of the republican leader might be concurred in with virtual unanimity.

Senator Hitchcock also objected to a regular day of debate for the senate to take up the treaty for ratification tonight, made after Senator Robinson's reconsideration motion had been ruled out.

Just before the senate adjourned, Senator Knox, republican, Pennsylvania, moved to take up his resolution declaring a day of debate. The senate will be resumed Monday under present plans, and republican leaders expect the resolution or some similar measure to be adopted. President Wilson has indicated his opposition of such a course however and should be a cause declaration the leaders are uncertain whether they could muster the necessary two-thirds of both senate and house to repass it.

The Knox resolution, introduced in December, provides for repeal of the declaration of war, for retention of certain concessions granted by Germany insuring the peace treaty and for a re-declaration of the hope of congress that some trilateral may be created to adjust international disputes.

AMERICAN, FOUNDER OF MANY INDUSTRIES, PASSES

By the Associated Press.
ATLANTIC CITY, N. J., March 17.—Washington S. Valentine, financier and founder of numerous Latin-American business enterprises, died here last night following an operation for a complication of diabetes. Funeral services will be held in New York Saturday.

Mr. Valentine was one of the first to introduce modern machinery in the Central American mines. In 1906 he formed the Honduras syndicate with John Jacob Astor, Chairman Depew, Seward Webb and others. His efforts in the modern republic marked the beginning of the Honduras Rosario Mining company, the largest mining enterprise in Central America and one of the world's largest silver producers.

In 1907 Mr. Valentine began work on a plan to merge South and Central American countries into one great body for the betterment of all Latin Americans. The principal result of this was to develop the Central American peace conference which was conducted in Washington by the United States and Mexican governments.

ASSIGN ARMIES TO SERVE IN THE NORTHWEST FORESTS

By the Associated Press.
SAN ANTONIO, Texas, March 16.—The first bombardment group of the air service and the 147th squadron of the first pursuit group, both stationed at Kelly field, near here, today were assigned by Colonel J. E. Fechet, southern department air service officer, to go to the Pacific northwest this summer for service in connection with the prevention of forest fires in case additional patrols are desired. Colonel Fechet today was directed by a war department order, received at department headquarters today, to reassign previous orders directing the selection of five squadrons of cavalry for that purpose.

FACULTY MEMBERS QUIT WHEN STUDENTS ARE NOT PUNISHED

By the Associated Press.
LOS ANGELES, Texas, March 19.—Four members of the faculty of Los Angeles college have resigned because of differences of opinion with President John A. Earl concerning punishing a man and woman student, it became known today. The four instructors are said to have desired immediate expulsion of the two students, while President Earl held they should be given a trial. Names of the students are withheld.
