

SAYS BENSON TOLD HIM TO WATCH BRITISH

Sims Asserts Chief Made Sensational Statement During War.

DANIELS' MEMORY AT FAULT, ADMIRAL SAYS

Denies That He Was Criticized by Secretary For Indiscretion in Speech.

By the Associated Press. WASHINGTON, March 22.—Admiral Sims told the senate investigating committee today that Rear Admiral Benson, chief of naval operations during the war, and now chairman of the shipping board, was the officer who told him not to let the British put the wool over your eyes, we would as soon fight them as the Germans.

Twice Given Instructions. This was not a formal instruction, the admiral said, but was told to him before other naval officers after Secretary Daniels had given him final instructions previous to his departure overseas, where he became commander of American naval forces. It was repeated the following day, he declared, and six months later when Admiral Benson visited Paris.

Admiral Sims was reluctant to reveal the name of the officer making the statement, but Chairman Hale insisted.

Is An Indiscretion. Cross-examination by Senator Pittman, democrat, Nevada, developed that Admiral Sims had shown his letters criticizing the navy department's conduct of the war to Henry P. Davison of New York, about January 15, Admiral Sims conceded this was "an indiscretion."

Senator Pittman said he had reason to believe a copy of the letter had reached a Washington newspaper correspondent, who probably would be called later.

Explaining his interpretation of what Admiral Benson said, the witness said he had not given the statement serious consideration then because he had assumed it resulted from what he described as an intense anti-British feeling entertained by Admiral Benson. He added that Admiral Benson was an "outstanding and honest man."

Commenting briefly on Secretary Daniels' statements before the committee, Admiral Sims said that his testimony on awards, the secretary stated he had reminded me of the indiscretion in a speech I made at Guild Hall.

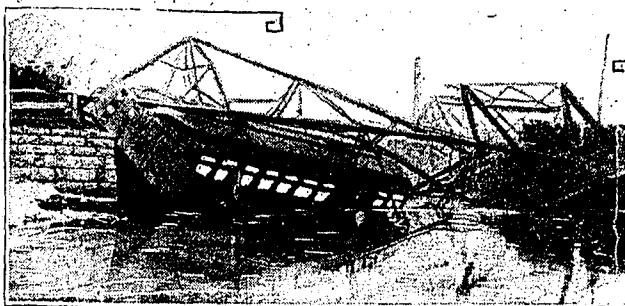

Says Secretary Mistaken. "The secretary's recollection is thoroughly mistaken," the witness added, "no reference was made to that occasion."

In reply to questions by Senator Pittman calculated to bring out that he made public his letter regarding naval decorations before Secretary Daniels received it, Admiral Sims declared neither he nor any of his staff gave the matter any publicity.

"I am not speaking chicken," he said, "and am not putting my head into a noose unnecessarily. I even carried the only copy around in my pocket, so I would know it did not get out prematurely."

Senator Pittman read letter and papers from Admiral Sims' files, including a letter to Secretary Daniels dated November 15, 1917, declaring that the extent of American military participation in the war department was dependent on the rate of shipbuilding in the United States and suggesting that "a good proportion of our national army could perhaps be more efficiently utilized in prosecution of the war by utilizing it as labor in American shipyards."

Passengers Are Lucky. When Car Takes a Plunge

At Fond du Lac, Wis., a street car loaded with shop workers crashed through a bridge, plunging into the water. Passengers escaped through windows and while 17 were hauled safely to shore, the car half submerged in the stream.

NOSKE QUILTS EBERT; OTHERS TO FOLLOW

Conditions in Industrial Parts of Germany Are Reported to Be Serious.

By the Associated Press. BERLIN, March 22.—Gustav Noske, minister of defense, presented his resignation to President Ebert this afternoon and the president accepted it. Other cabinet changes are imminent. It is announced that the independent today demanded a definite labor cabinet and that the government is considering the demands.

WHOLE CABINET TO QUIT. BERLIN, March 22.—The whole Ebert-Daue cabinet probably will resign, according to German advisers. The crisis has been brought about by the opposition aroused by the agreement with the trade unions, especially in the rural districts. The situation in the western industrial regions and in upper Silesia, particularly Breslau, is still serious, the advisers said. The country populations, however, are calm.

BERLIN IS CALM. PARIS, March 22.—Berlin is calm, says reports reaching the German peace delegation tonight. Part of the strikers have resumed work and the posts and railroads are working, but not the subway or tramways. Leipzig is calm, the advisers say, but the situation in the Ruhr district, near the area occupied by the allies, is unfavorable. Johann Gieseler, minister of posts and telegraph, has gone there for a party with communist leaders.

STREETS ARE BARRICADED. COLOGNE, March 22.—Barricades are being thrown up in the public parks of Berlin, advisers say. A rumor was being related in the Berlin newspapers today that President Ebert had requested Philipp Scheidemann to form a new cabinet. Information from the Essen area says living conditions are becoming critical, that fanatical sentiment rages and that reaction by the public is expected if the Reichswehr does not drive out the Reds.

AURORA BOREALIS PUTS WIRES OUT OF ORDER

By the Associated Press. NEW YORK, March 22.—Aurora borealis tonight kicked up his heels, danced all over the sky and put telegraph wires out of commission. The wire chief at Western Union headquarters reported the company had no instruments strong enough to measure the voltage in the electrical currents. Nature's skylarking in the northland at times during the night made telegraphy an impossibility.

The American Telephone and Telegraph company, which also reported its telegraph service was completely demoralized, said the northern lights had not interrupted its telephone service. Cable terminals were hard hit, as was wireless apparatus. Crowds in the streets were given an opportunity to see an electrical display in the sky.

MINERS' LEADERS' HELD ON CONSPIRACY CHARGES

By the Associated Press. TERRE HAUTE, Ind., March 22.—Ed Stewart and William Mitchell, president and secretary treasurer, respectively of District No. 11, United Mine Workers of America, and 18 others were arrested here today by a United States marshal on a charge of conspiracy to enhance the price of coal in connection with the recent indictment by a special federal grand jury at Indianapolis.

The Park Bond Issue

At a special election today, the qualified voters of Twin Falls will decide whether or not bonds will issue for the purpose of buying a site and improving a city park.

It is a plain question, upon which there should be full and willing expression at the polls. The full vote should be cast in order that the popular will be registered.

Either Twin Falls wants parks and playgrounds, or Twin Falls does not. This question should be answered not by a few with aggravated feeling, but by the masses. And the answer should be made with vision; with conception of conditions which will obtain in a few years, and with purpose to community building.

Twin Falls is destined to be a city; we are approaching that state now. Soon there will be demand for room for the woman with the baby buggy; for the children who would have outing within walking distance; for the youth and the aged that they may enjoy the open air and God's sunshine. If such provisions are to be made, the time to act is NOW. If, however, it is the desire of the community to stint now, and permit the community to cramp its environment, and occupy with buildings all the open spaces of today, then by expression at the polls it has chance to say so TODAY.

Surely this question is one for candid, sober consideration. There is no need for malicious lie, scandal and abuse. There is no need for the lurking inuendo or the veiled evasion of truth. Yet that form of campaigning has been injected into the effort to defeat the bond issue. The charge has been made that the site selected has been chosen to clear up a loan which is heavier than justified by the values of the land.

The falsity of this is shown by affidavit of the owner that THERE IS NO INCUMBRANCE ON THE LAND AT ALL.

The statement is made that the price of the land is too high. Other land about has sold for vastly more, and the owner of this land has an offer exceeding that made for park purposes.

The deal for the land CARRIES NO COMMISSION TO ANYONE, says the owner in his affidavit.

Hence, with these facts before us, we may vote with clarity of vision as to the real issue.

Do we desire a Park for future generations?

Do we desire that there be camping grounds for tourists, as provided by other cities in south Idaho?

If so, vote YES.

Twin Falls cannot saw wood with a hammer.

MAY SUSPEND WORK IN HARD COAL MINES

By the Associated Press. NEW YORK, March 22.—Negotiations for a new wage agreement for anthracite coal miners were virtually at a standstill today, pending decision tomorrow by the miners' general scale committee as to whether there is to be a suspension of work April 1, when the agreement expires.

Sentiment of the miners as interpreted by union leaders is unanimously in favor of a walkout unless mine operators agree to make a retroactive wage increase.

DECLINES TO DISSOLVE INJUNCTION AGAINST BOARD

By the Associated Press. WASHINGTON, March 22.—Justice Bailey of the District of Columbia supreme court today declined to dissolve the temporary injunction granted Wm. Randolph Hearst to prevent the shipping board from selling the 29 former German passenger ships, but took under advisement the motion of counsel for the shipping board to dismiss the suit. Dismissal of the case was asked on the ground that the proceedings were against the United States and Mr. Hearst had no such interest in the matter as would entitle him to maintain the action.

CHICAGO CITY WORKERS THREATEN TO STRIKE

By the Associated Press. CHICAGO, March 22.—The first walkout in what may be a general strike of city employees occurred today when 500 teamsters and chauffeurs quit work, tying up collection of garbage and interfering with street cleaning.

The strikers demanded an increase of \$2 a day. The chauffeurs received \$6 and the teamsters \$9. Officers of the Clerks and Stenographers' union notified the city council that a strike would be called Thursday unless demands for a wage increase of \$25 a month were granted, and delegates from other groups of city employees asked for wage advances.

The council today considered the 1920 budget which totals \$21,100,000, in an effort to straighten out wage difficulties, but took no action. WILL LIFT EXPRESS EMBARGO. By the Associated Press. CHICAGO, March 22.—The embargo on express shipments to and from Chicago caused by the strike of clerks and freight handlers will be lifted in 14 states and the District of Columbia tomorrow, it was announced tonight by the American Railway Express company.

MISSING FARMER'S BODY FOUND IN CREEK CANYON

The body of Fred Eggertson, who disappeared from his home last Tuesday was located yesterday evening by Mr. Green, a surveyor, near the mouth of Rock Creek. The sheriff's office was at once notified and officers left immediately for the place toward. The body could be plainly seen, but could not be brought in last night because of inability to reach it without the aid of ropes and machinery for the purpose of letting some one down into the canyon. The body will be recovered this morning. From the position of the body the sheriff was led to believe that Mr. Eggertson did not come to his death by falling into the canyon and an investigation will be necessary to determine, if possible, the cause of his death. The body will be brought to Twin Falls and an inquest will be held some time today.

NITTI SAYS RUSSIA MUST BE RECOGNIZED

ROME, March 22 (Havas).—President Nitti, outlining to the chamber of deputies today the policy of the new cabinet, declared all European countries were facing a difficult situation and were threatened with famine unless peace should quickly be reestablished. The premier said that more than 200,000,000 workers do not produce the necessities of life. Russia and Europe, he said, could only recover by recognizing Russia and Germany.

The political and economic disorder would only disappear when Europe had become imbued with peace, he continued, and Italy would work to this end, feeling that the interests of Europe could be put above hatreds and divisions. "Before the league of nations, in which we believe and which we want, there is a society of European peoples, which by its own efforts, must better the conditions of human life," he said.

BRITISH SOLDIERS RIOT IN BERLIN

Two Shot Dead, Four Wounded When Troops Shot Into the Crowds.

DUBLIN, March 22.—There was a riot here tonight in which two men were shot dead and four seriously wounded. The riot was precipitated by the disorderly conduct of soldiers, about 300 of whom paraded in the streets about 9 o'clock Sunday night. The mob was hammering in doors and smashing windows.

After parading through Harcourt street, the soldiers returned toward their barracks followed by a crowd of civilians. At the Porto Bello bridge near the barracks a clash ensued in which a volley was fired over the crowd.

The soldiers who started the disorder eventually returned to their barracks. Other soldiers not concerned in the rioting were roughly handled by police.

REPORTS OF RIOTS DUBLIN

LONDON, March 22.—(Havas) from Dublin dealing with the riot there. One says the soldiers were leaving a theater singing "God Save the King" when they were attacked by a crowd. A soldier fired his revolver in self-defense, whereupon shooting became general and a man and a woman were killed. Another version is that the fatalities were due to volleys fired by troops ordered from the Portobello barracks to protect unarmed soldiers.

DOLLAR AND A HALF DAY URGED BY LEGION

WASHINGTON, March 22.—The executive committee of the American Legion tonight put up to congress the proposal to pay adjusted compensation to former service men and women at one dollar fifty cents for every day in service. This action reversed a previous vote by the legion which had recorded 37 state representatives for the legislative committee's plan for cash relief at one dollar a day, adopted as a substitute for the original proposal of \$50 a month. The committee's determination to boost relief followed a general review of a composite bill which the legion will vote on today covering the grandstand of the Transvaal Speedway, causing a loss, according to officials of the speedway association, of \$100,000.

AWAIT WORD FROM WILSON ON PACT MOVE

Notification of Rejection by Senate to Powers Is Expected.

STEP WOULD DO MUCH TO CLARIFY THE SITUATION

Separate Peace With Germany, Modus Vivendi With Allies, Most Likely Course

By the Associated Press. WASHINGTON, March 22.—In the absence of any authoritative prediction of what President Wilson would do with the unratified treaty, the impression gained in diplomatic circles today that the first step probably would be a notification to the other powers that the senate had refused ratification.

Would Clarify Relations. Diplomats pointed out that such a notification could be given to clarify relations between the United States and other powers, regardless of the decision the president might make later on the treaty's re-submission to the senate or negotiations of a separate peace.

In some quarters, it was predicted that Mr. Wilson might however combine a notification of the treaty's failure with some announcement of his future purpose, so that the nations that have ratified may be advised of what course they can expect developments here to take.

Senate leaders are understood to have been influenced partly by such a possibility in their decision to delay action on a declaration of peace, preferring to know what the president will do before going ahead. Today there was some discussion of the peace declaration proposal in conference, but it was predicted that it would not come upon the floor for two weeks or more.

DIFFERS AS TO METHODS

Opinion differed in senate and house both of which would have to act on the declaration should take. Mild reservation republicans have declared they would be adverse to including any statement of policy which would regard the treaty and the league of nations as dead, while republican irreconcilables want questions of policy left out.

In predicting a notification might be sent to the other powers of the senate's return of the treaty to the president, diplomats said that the case had taken a different aspect since the adverse ratification vote in November. Then the treaty was not sent back to the president and it was possible for him to preserve silence.

Offers No Great Difficulties

The question of establishing a modus vivendi with the allies over clauses of the treaty in which the United States is inextricably bound by her interests, in case a separate peace is declared on, is not believed to offer great difficulties. Allied officials, it is thought, would be quick to endeavor to reach an understanding which might preserve ties established by the war.

In some diplomatic quarters it was thought probable a separate peace might be established with Germany, a modus vivendi negotiated with the allies and the question of the content of the league of nations alone left to the "solemn referendum" of the nation.

The fate of the French defensive treaty appears to diplomatic officials to have been forgotten.

MERGENTHAU TO MEXICO.

WASHINGTON, March 22.—Selection of Henry Morgenthau, former ambassador to Turkey, to be ambassador to Mexico is expected to be announced soon. It is known that his name is foremost among those under consideration.

SPEEDWAY IS DESTROYED.

By the Associated Press. TACOMA, Wash., March 21.—Fire at Tacoma on today destroyed the grandstand of the Transvaal Speedway, causing a loss, according to officials of the speedway association, of \$100,000.

BORAH ATTACKS WOOD CAMPAIGN

Rings General to Make Statement of His Expenditures and Receipts for Public Information.

By the Associated Press.
WASHINGTON, March 22. Acting on published reports that large sums had been contributed to Major General Leonard Wood's campaign fund, Senator Borah, republican, Idaho, called on the general and his campaign managers today for the names of subscribers, amounts and "the manner in which it is being used."

General Wood's managers not only owe it to their candidate but "to clear these charges in an unmistakable way," Senator Borah declared in a statement.

"The use of money in elections has reached a point where the people will have to take hold of it," he said. "It is nothing less than a national peril that two months before the convention the use of money in the attempt to control the convention has reached the point of a scandal."

"That a vast sum of money is being spent in perfectly legitimate ways," Senator Borah declared, "is one thing, and that the people generally are becoming re-

money for corrupt purposes." "From what I have known of General Wood I would not suspect him for a moment of doing the things himself being charged against him. But it is not sufficient that he does not himself actually participate. He cannot be the recipient of favors of such a campaign without himself being responsible."

"I hope General Wood or his managers will not permit this matter to go until it will become a subject which others will have to take hold of."

SAYS EXPENDITURE LEGITIMATE

CHICAGO, March 22. That no money had been expended except within the strictest limits of state and national law to advance the candidacy of Major General Leonard Wood for president, was the statement made tonight by William C. Proctor, chairman of the Wood national committee, in regard to Senator Borah's query in a statement today asking about campaign funds. Chairman Proctor's statement follows:

"General Wood is the candidate of the people and not of the politicians. His candidacy has been fought by political combinations and manipulated groups from the beginning. The campaign is being conducted by men who are not politicians. Convinced they are that General Wood is the man needed to lead the government during the four fatal years ahead of us and believing that such is the sentiment of

Every dog has his day, as they tell us. The four pups in the above picture are apparently having a good time. They are housed in the care of Mrs. H. E. Radcliff.

the country, his campaign has been conducted solely on the basis of presenting the man, his character and his record to the people. No money has been expended except within the strictest limits of the state and national law and solely for the purpose stated.

Local Bricks

Mr. and Mrs. T. M. Marker of Jerome motored to Twin Falls yesterday afternoon on a combined business and shopping trip.

Albert Hatch of Delta, Utah, is in Twin Falls visiting at the home of his sister, Mrs. Charles Bullis.

Nelson Hayward, who has been in Boise during the past few days looking after business interests, returned home last evening.

A. A. Sheenish of Buhl motored to Twin Falls yesterday afternoon on a few hours business trip.

Mrs. H. E. Radcliff of Buhl was among the out-of-town shoppers in Twin Falls yesterday afternoon. Mrs. Radcliff returned home last evening.

Mr. and Mrs. Roy M. Calhoun of Buhl spent Monday afternoon in Twin Falls on a combined business and shopping trip.

Miss Ruby Zeller of Heyburn is in Twin Falls for a few days visiting at the home of friends and relatives.

E. D. Sawyer of Bonetto, who arrived in Twin Falls late yesterday evening, is expecting to remain in the city several days attending to business matters.

Mr. and Mrs. Arthur McDonald, accompanied by Mrs. William McDonald of Hollister, motored to Twin Falls yesterday afternoon for a shopping and business trip.

W. M. Hoover of Hazelton, who arrived in Twin Falls yesterday afternoon, will remain for a short time looking after business matters.

Grover Farmer of Rogerson arrived in Twin Falls yesterday afternoon for a few days' stay.

Mr. and Mrs. William McCorkel of Rogerson arrived in Twin Falls yesterday afternoon called here by business matters.

W. B. Brace of Burley is in Twin Falls and will spend several days looking after business interests.

Leonard Smith left for California, where he will join Mrs. Smith who has been there for some time.

P. M. McClint of Wendell arrived in Twin Falls yesterday afternoon to make a short business stay.

C. H. Robertson of Hagerman mo-

tored to Twin Falls yesterday forenoon and will remain several days in the interests of business.

The regular meeting of the E. O. S. will be held this evening after which a dance will be given.

W. G. Reed and E. P. Dunlap left last Saturday for California where they will visit for some time. Mrs. Reed has been in California during the winter months.

A. F. Grith of Idaho arrived in Twin Falls yesterday afternoon to spend a few days looking after business interests.

Mr. and Mrs. T. M. Barnes of Jerome motored to Twin Falls yesterday afternoon for a few days' stay.

C. O. Jell of Halley arrived in Twin Falls yesterday afternoon with the expectation of remaining a few days visiting friends and looking after business.

Probate Judge O. P. Divall and Prosecuting Attorney Frank L. Stephenson spent yesterday in Buhl in connection with legal business.

TEAM STUCK; MEN LAUGH;
ANGRY DRIVER USES CLUB

A butterfly charge has been entered in probate court by William Chapman against James Murphy. The two men were working on the Eighth avenue lateral and, according to officers connected with the case, Murphy became angered by derision aimed at

the team which was stuck in a two-inch gash in his neck. Murphy put his team in the barn at 11 o'clock and a new driver was on the job by the afternoon.

Highest cash price paid for poultry Independent Market, Twin Falls, T. H. Stu.

BUILDING PERMIT ISSUED.
W. E. French obtained a permit yesterday for the erection of a one-story frame structure, 16x32, on lots 14 and 15, block 2, Golden Rule addition. The estimated cost of the building is \$750.

NOTICE.
Is hereby given that the regular and annual meeting of the Deep Creek Land and Water Company, limited, will be

Shoshone St. and Main avenue, Twin Falls, Idaho.

BRITISH ATTACK U.S. IN SOUTH AMERICA

Telegram Claims that this Country Is Losing Trade in the Southern Republics.

BERNOS ALIEN.—Some British interests here have undertaken a publicity campaign in what has been referred to as "The South American Telegram." The "telegram" makes comparison between the losses sustained by the European allies in the war, particularly the British dominions, as compared with those of the United States and pointed out that the losses of the European countries had reduced their productive capacity, whereas the United States had not suffered at all economically.

Another of these "special telegrams" quoted the president of the British board of trade in London as saying: "I believe that the United States is gradually losing the markets gained when Germany was wiped off the seas and while Great Britain was fighting in the war, Britain is not only regaining, but is enlarging her markets in South America and the Orient. We are replacing Germany in Latin America and supporting the United States in war markets."

The truth of this statement as far as it concerned Argentina was immediately challenged by the River Plate American, a weekly commercial magazine, which has published an in-

terview from Dr. Julius Klein, United States commercial attaché.

"Frankly," said Dr. Klein, "I'd like to know in what ways the British are enlarging their South American trade at our expense. The available figures showed anything but a loss, so far as our business in these markets is concerned. Perhaps the president of the board of trade is referring to prospects for 1920, for which, however, no figures are as yet available, so far as I know."

"Speaking in the light of the latest statistics that we have at hand," continues Klein, "we are approximately one-third of all the goods she buys abroad—and from personal observation since there has been no indication of losses to American trade. I have no doubt that we are going to meet with good, strong competition from the British, but the inclination of the American exporter seems to say, 'Come on, we are ready for it.'"

SIXTY TRY FOR TRACK. ARN ARTHUR MICH.—Sixty aspirants to Michigan's track team are being tried out by Coach Parrell. With two exceptions these include all of last year's regulars, Captain Sedgwick and "Pat" Smith being the only members of last year's squad missing this season.

According to Coach Parrell, Carl Johnson, Michigan's all round star from Spokane, this year will specialize in the hurdles and will keep out of the sprint.

TEACHERS TO CONFER. MISSOULA, Mont.—The first annual conference of high school teachers, officers and members of boards of education will be held at the state university here, March 22 to 27. Dr. Charles H. Judd, director of the school education of the university of Chicago, will be instructor in chief.

It is intended that the conference shall be a professional school for intensive instruction. One session of the conference has been placed at the disposal of the state superintendent of public instruction for consideration of administrative matters.

POLAND REUNITED TO ATLANTIC OCEAN

Wedding Ring Is Tossed Into the Sea to Symbolize the Event.

WARSAW.—Tossing of a wedding ring into the ocean marked ceremonies recently held at Puck, or Putzig, to celebrate the reuniting of Poland to the sea, an event of which all Poland has dreamed for many years. Polish troops in their northward march on their own soil, as provided under the treaty of Versailles, had reached the coastline of the Baltic and begun to make themselves at home in the stretch of land northwest of Danzig. This brought Poland to salt water again, after an absence of 118 years.

While Polish ships are to have use of wharves at Danzig, which is to be a free port under the league of nations, the republic is desirous of a port which it may call its very own, and it is with this end in view that the Polish government has settled upon Puck, as it is spelled in Polish, as a site of the port where in the future Poland may have absolutely free access to the sea under jurisdiction of the own officials.

It was at the seaside near Puck where formal exercises marking Poland's return to the sea were celebrated the other day and it was a great event. Thousands from all over Poland assembled in holiday attire to commemorate the historical occurrence, and also the recovery of Polish lands which went to France after Poland's first dismemberment by the three conquerors, Prussia, Russia and Austria, in 1772.

General Haller, commander-in-chief of the Polish army in France during the great war and under whose leadership the Polish-Americans fought, headed the military expedition which entered Puck to behold in the name of President Pilsudski, Poland's gateway to the seven seas. The towns and villages throughout were decorated with thousands of flags and banners of the Polish national colors, in white and scarlet, which were flying in these parts for the first time in a century and a half.

There was a race of the detachments of Polish soldiers to actually reach the coast and be the first to dip a Polish flag into the waters of the Baltic. Speaking at the exercises, General Haller said that from that day henceforth the seas of the world were open to the Polish sailor and that the Polish seamen would be quick to make the best of it. Then, in accordance with an old Polish tradition, General Haller threw a gold ring into the ocean as a sign that Poland had been wedded to the sea, this time, he said, he hoped forever and forever.

Plans for a Polish navy are already under way.

BUILD HIGH SCHOOL NOTES

The local declamatory contest was held in the high school auditorium Friday evening, March 12. The contestants took keen interest in this and each did exceptionally well. Those who competed in the contest were:

Orations.
A Vision of the War and a Vision of the Future..... Paul Dalley
The Speech of Black Hawk.....
Americanism..... Frank Lough
The Master Character of Victor Hugo..... Homer Cox
Dramatic.
Benedict Arnold's Deathbed.....
One Niche the Highest, Beth Inglesby
Humorous.
Naughty Nell..... Marjorie Hobson
Foreign Views of the Statue.....
Little Johnny Visits the Dime Museum..... Dorothy Miller
Stuntling Revelations..... Ruth Allen
A Trial Execution..... June Smithwick
How We Mounted a Horse..... Derinka Clinton
Frank Lough carried off the honors in the oratorical division, also winning the gold medal given by the law firm of Ostrom and Green for the best oration. Miss Beth Inglesby won the

dramatic and Miss June Smithwick in humor.

The Juniors are busy rehearsing their playlet, "Double Crossed," which is to be given at the Stone Theatre, Thursday evening, March 25. The cast is as follows:

Edith Thompson..... Jean Wisner
Mary Kier..... Winifred Allen
Mrs. Thompson..... Goldie Rudi
Joe Thomas..... C. C. Clinton
Mel Treman..... Tolly Sandmeyer
The Butlers..... Russell Smith
A repetition of the Senior class forces, "The Black Branch of Promise Case," will also be given at this time.

The Junior and Freshman classes are giving an entertainment in honor of the Seniors, Sophomores and the faculty on Friday evening. We are anticipating an enjoyable affair. The baseball season opened Monday. About fifteen men are out each night for practice and all are enthusiastic for a good season.

Mrs. C. F. Clark delightfully entertained the faculty and students in Wednesday morning assembly. She rendered a number of readings. The continued applause at the close of each reading showed how well she was appreciated. The readings were "The Yeh-Harvard Boat Race," "When the Folks Ain't Gone," and "The Crooked Manhood Family."

Test week again and those familiar scenes of an armful of books being carried home for a night's cram. We hope the results will be noteworthy. The board of education decided at a new meeting, that Puck shall have a new school at an early date as

it is possible to build one. The plans for the building have been adopted and will meet all the present needs of a modern high school.

A number of students made known their ancestry on St. Patrick's day by donning their colors.

The high school boys are now training for track. Puck will have a real age yield of 30 barrels to the acre.

track team if the enthusiasm so far shown continues. A squad of boys led by Ewan Drinnan take cross country runs to develop wind and endurance.

The best known cranberry section in the world is in the Cape Cod district of Massachusetts, with an average yield of 30 barrels to the acre.

HEALTH FOR CHILDREN.

There are many tentative programs in the United States for insuring the physical fitness of the child population. So far no definite national program has been undertaken, in spite of the fact that 50 per cent of our 25,000,000 school children have defects which retard their normal development.

It is said that 80 per cent of the defects are remediable in childhood, among them poor teeth, diseased or enlarged tonsils, bad vision, wrong posture and adenoids. Malnutrition, another all too common defect, can be overcome. It is due sometimes to poverty, but quite as often to unscientific feeding. Both parents and children can be taught what are the nourishing foods and how they should be prepared.

Unnecessary physical defects mean not simply discomfort for the children themselves. If not cured or checked in time they develop into permanent disabilities, which are far more serious, and they act as a handicap to the whole community. According to Russell Sage Foundation investigations, children with remedial defects make 9 per cent slower progress in their studies than well children. Defective teeth cause children to fall behind in school work six months in eight years.

It has been found that an improvement in scholarship of 57 per cent has resulted after dental repairs. Adenoids usually add a year and a half to the time required normally to complete the work of the eight elementary grades.

Of course all this means a social and economic loss to the community. But efficiency should not be the only reason for working for a sturdier race and improving the health and physical fitness of the youngster. Justice and humanity demand that they be given the bodily health and strength which will enable them to live and serve joyfully, with spiritual poise and mental vigor.

THE RAIL-AND-AIRWAY STATION.

A plan now being considered by the Chicago Air Board proposes converting the roof of the union station into a landing field for airplanes. The roof is to have an area greater than two city blocks, and if constructed with the requirements of a landing field in view, could serve nicely for that purpose.

This looks like a sensible suggestion for aiding the commercial development of aircraft for cities. It is pretty certain that the heavier-than-air machines will be used more and more for carrying both freight and passengers, but there is no space in the busy sections of any large city for landing fields for airplanes. Particularly there is no such room near the great railroad depots, around which all transportation activity centers. If rail and air station can be simply combined, however, perhaps the problem is solved.

It does not require much imagination to hear the conductor call the station and add, "Change here for airplane to northern Michigan towns." Or perhaps it's the airplane conductor who is calling the transfer to surface lines to points not on the flying schedule of the air line.

Most of the burglaries lately seem to be for booze. Any citizen with a private stock had better buy a steel safe for it.

Maybe the Allies will have to march to Berlin yet.

STANDARD CONTAINERS.

There is a new federal law establishing berry and grape baskets of standard capacities, endorsed by the Bureau of Markets of the Department of Agriculture. It is good as far as it goes, but it might go a great deal farther. An effort is being made to extend the principle of standardization to larger shipping containers, particularly hampers and round stave baskets. Ultimately, it may be expected that baskets, boxes, hampers, crates, barrels and other common types of container will be brought under some regulation, not merely in interstate trade, but in local trade.

The prevailing system is certainly chaotic. It makes confusion and expense in manufacturing the containers, and still more in the distribution of the fruits and vegetables. There are so many different sizes, and so much variation from the old, simple measures of the quart, gallon, bushel, etc., that a consumer has little idea how much of anything he is getting, and often the dealer or the producer is uncertain about it.

The present tendency to sell food of all kinds more and more by weight instead of "dry measure" helps to bring order out of chaos; but as long as foodstuffs are measured at all rather than weighed, there ought to be no possibility of doubt about the measure used.

The process of reform would be hastened if consumers would always insist on knowing what quantity in weight they are getting when they buy any kind of produce in a container whose contents are not plainly indicated.

EMIGRATION.

Ellis Island records show that emigration lately has been somewhat larger than immigration. From the first of January until the middle of March 53,000 persons have entered the country; while 61,000 left it. Previously, since the armistice, the two movements have been almost exactly equal.

These figures are considered remarkable because the immigrants are so few in number, and because the emigrants exceed them. Before the war we were having a net immigration of nearly 1,000,000 a year. During the war there was naturally little movement in either direction. Now, with freedom of travel pretty well restored, it is significant that more people are leaving our country than are coming to it.

The excess is small. If continued for the whole year at the rate established thus far, it would amount to a net loss of 40,000 or 50,000. The striking thing about it, however, is the mere fact that immigration has sunk to such a low ebb as to permit any emigrant excess whatever. If this phenomenon is not merely seasonal, to be corrected by a return movement in the spring, it will deserve careful attention.

The suggestion that the outward movement is due chiefly to American prohibition is probably not worth serious consideration. The emigrants are said to have gone mainly to Poland and Czecho-Slovakia. The new freedom and opportunity opened up in these fatherlands would account for that.

Aviators says that six miles up in the air there is always a strong wind blowing, reaching sometimes 300 miles an hour. There's a fine source of power—just build windmills six miles high.

Now they say the soldier bonus is going to become a party issue. Aren't there enough artificial party issues to swamp this campaign?

Remember nasty Sampson-Schley controversy, after the Spanish-American war? And is the Sims-Daniels row going to drag on in the same nauseating way?

England seems to be waging peace in Ireland.

OUTBURSTS OF EVERETT TRUE

ZAPATA GENERAL GIVES HIMSELF UP TO CARRANZA

By the Associated Press.
LAREDO, Tex., March 22. Manuel Palafox, famous Zapata commander of the southern Mexican rebel movement, today surrendered unconditionally to Mexican federal authorities in the capital, according to El Universal and Evolucion, Mexican City newspapers.

Palafox, who was the author of the famous Zapata program, the plan of Ayala, was the outstanding figure in states of Mexico, Durango, Mexico and others. His surrender is regarded as one of the most important in the recent developments hastening the pacification of the republic.

AGAIN PROPOSE UNION OF SOUTH AMERICAN COUNTRIES

By the Associated Press.
WASHINGTON, March 22. Action for reunion of the Central American republics into one nation has been revived in Guatemala, according to advices today, the result being that a tense political situation has developed. President Cabrera of Guatemala, has been an active opponent of the idea. Salvador and Honduras have been contending for such a union for years. Costa Rica is favorable but Nicaragua is opposed.

STORM ADDS TO DAMAGE

HUTCHINSON, Kas., March 22. The third severe wind and dust storm within a week swept southwestern Kansas today, adding to damage already done to the growing wheat. The sun was obscured by dust and sand. Fire which broke out here for a time threatened the city.

SEEKS CLOSER COMMUNION BETWEEN ARMY AND PUBLIC

By the Associated Press.
WASHINGTON, March 22.—Efforts to effect "closer communion between the army and public were ordered by Secretary of War Baker in a letter to-

day to General March, chief of staff. He declared that all officers be instructed to establish cordial and personal relations with civilian officials, business men and heads of civic organizations so that they might be made agencies for "an active, working force for the upbuilding" of the new army.

HIRSH JOHNSON HAS NO PLAN FOR A THIRD PARTY

By the Associated Press.
DAY CITY, Mich., March 22. Senator Hiram W. Johnson of California on a campaign tour of Michigan, said tonight he would have nothing to do with a "third party" in connection with the possibility of such a move by "Republican liberals" an outburst in the senate today by Senator Francis of Maryland.

"I have had my experience with a third party," he said, "and that is enough."

WESTERN ELECTRIC REPORTS

By the Associated Press.
CHICAGO, March 22.—Sales of the Western Electric company in 1919 totaled \$125,732, 480 and net profits were \$4,358,569, according to the annual report made public today. The sales were the largest for any peacetime year. The net profits were equivalent to \$17.25 a share, on the 150,000 shares of common stock outstanding.

FIRE CAUSES \$500,000 LOSS.

By the Associated Press.
PITTSBURGH, Pa., March 22. Fire starting in a logging "bar line" caused damage estimated at \$500,000 to the plant of the Constantin Reimann company today.

SEEK TO PREVENT VOTE ON PROHIBITION AMENDMENT

By the Associated Press.
JEFFERSON CITY, Mo., March 22. Counsel for the Anti-Saloon league of Missouri filed a brief in supreme court today to prevent the referendum vote in November on the action of the

Missouri legislature in ratifying the constitutional prohibition. The suit will be argued at the April term. It seeks to prevent Attorney General McCallister and Secretary of State Sullivan from submitting the question to popular vote.

BONILLAS ROYALTY GREETED ON ARRIVAL IN MEXICAN CITY

By the Associated Press.
LAREDO, Tex., March 22. Yencen Bonillas, Mexican ambassador to the United States, received a great demonstration on his arrival in Mexico City, Friday, according to copies of Mexican City newspapers received here. He definitely accepted the nomination for the presidency.

The papers say the race has now narrowed to Bonillas and General Alvaro Obregon.

WINDSTORM AGAIN HITS KANSAS; CAUSES DAMAGE

By the Associated Press.
TOPEKA, Kas., March 22.—A severe windstorm, the third in eight days, blew across Kansas today. It stirred up great quantities of sand and dust and caused a minor property damage. Wire communication was somewhat impaired.

Export of apples from the United States last year consisted of 24,764,359 pounds of dried apples and 1,712,367 ripe or green apples, involved at a total sum of \$18,581,110.

Brazil, which up to 1912 was not regarded as a major growing country, is now said to be next to the United States, the largest producer of maize.

Since the Columbia river salmon industry was started by pioneer fishermen in 1876, a total of \$130,000,000 worth of salmon has been taken from the 36,000 acres of fishing territory in the river from Cascade Locks to its mouth.

SOUTH DAKOTA TO HOLD PRIMARY TODAY

Four Republicans Have Had Spirited Struggle to Gain Preference

By the Associated Press.
SIOUX FALLS, S. D., March 22.—Two of the four candidates for republican presidential endorsement at the South Dakota primary election tomorrow were among an army of political campaigners in action throughout the state tonight, urging men and women voters to go to the polls.

The spirited struggle of General Leonard Wood, Senator William Johnson, Governor Frank O. Lowden and Senator Miles Pindexter, for republican primary issues, South Dakota's ten delegates to the republican national convention will be instructed to support the candidate receiving the primary plurality.

General Wood received endorsement from the majority faction of the state convention held at Pierre December 2. Lowden got the minority endorsement while Johnson and Pindexter filed as independents for support at the primary. The democratic convention endorsed President Wilson for a third term. James W. Gerard of New York was the minority choice and James G. Monroe, of Maywood, Ill., filed as an independent.

Party candidates for United States senator, congressman, governor and other state offices are to be maintained. The Non-Partisan league ticket will not be on the primary ballot as there was no contestants. The league has a party status in South Dakota.

Factional fights are being waged by the republicans and democrats for control of the state organizations. Willis C. Cook, a Sioux Falls publisher, who is seeking election as republican national committeeman, is opposed by Philo Hall of Brookings, the independent candidate. National committeemen James Mee, of Centerville, and John A. Howler, Sioux Falls, are seeking support from the democrats. The faction of the republican party

Latest Picture of the Aged Financier

which was in control at the state convention, is headed by Governor Peter Norbeck, candidate for United States senator to succeed Ed S. Johnson, who is not a candidate for reelection. Johnson is a democrat. Judge Dick Hancy, of Huron, is Norbeck's opponent. F. S. G. Cherry of Sioux Falls and Tom Tammann, of Hankinson, are the democratic candidates.

Senator Pindexter addressed a

mass meeting in Sioux Falls tonight. General Wood had arranged to make an address at Rapid City tonight but a message from his publicity representative, stating that the meeting had been cancelled for lack of time, was received here. "It is understood that Wood left for Chicago."

There are more than 2,000 potato flour factories in Germany.

WOMEN ATTACK N. Y. LEGISLATORS

Assert Sweet, Speaker, Is Aiding "Powerful and Perilous Influence"

By the Associated Press.

ALBANY, N. Y., March 22.

Charges that a "powerful and perilous influence" is exerted over public opinion in the state by a "well financed and active combination" backed by the Associated Manufacturers and Merchants, and aided by Speaker T. G. Sweet of the assembly, are contained in a report filed with Governor Smith today by the New York State League of Women Voters. The report declares that this combination is interfering with open and orderly legislative action on important matters.

"We are reliably informed," it says, "that last August the Associated Manufacturers and Merchants had raised a fund of between \$100,000 and \$200,000 for propaganda purposes and that this has been used for the support of the New York League for Americanism," the manufacturer who helped organize the league according to the report, has said that "the Americanism part of it is a joke" and that the real object of the league is to "kill off health insurance and other food legislation."

The report declared Charles H. Townsend, secretary of the League for Americanism, has long been employed by insurance interests to go from state to state to fight workmen's co-operative illness insurance and was brought to New York and hired as secretary of league after his fight against similar legislation in California.

The report says that "F. L. Hoffmann was one of Babcock's advisers in California and before the campaign was over it was discovered Hoffmann was the state clerk of the Prudential Life Insurance company."

The air mail service is saving the United States \$100,000 a year, says Otto Praeger, second assistant postmaster general.

SENATE CONFIRMS THE APPOINTMENT OF COLBY

By the Associated Press.

WASHINGTON, March 22.—The nomination of Cambridge Colby as secretary of state was confirmed today by the senate.

Word reached the state department today from New York that Mr. Colby would come to take the oath of office tomorrow.

The first business to receive his attention will be the issuance of about 4,000 passports that have accumulated since Under-Secretary of State Polk ceased to act as secretary.

Reorganization of the department will be another task. There are many

vacancies to be filled and the office of assistant secretary has been vacant since William Phillips was appointed minister to Holland. Under-Secretary Polk will resign as soon as possible.

Third Assistant Secretary Long, candidate for the senate from Missouri, also is planning to resign.

GENERAL RETURNS HOME.

By the Associated Press.
WASHINGTON, March 22.—Brigadier General W. W. Harris, former commander of the Paris district of the American expeditionary force, sailed from Antwerp Saturday for the United States, having been ordered home by Secretary Baker to testify before congressional committees investigating charges of cruelty at prison farms over which he had command.

Harnessing a Thousand Springs So the People May Be Served

A step toward fuller completion of the Idaho Power Company's system of great electrical plants to serve the people with electrical energy so vital to the development of Idaho—a step that is costing considerable money, is now being made at Thousand Springs where we will bring into operation a great power plant with a generating capacity of 13,300 horsepower.

Will Insure Land From Drouth.

Day after day, stone masons, carpenters, blacksmiths, steel workers, civil and electrical engineers, accountants and many other experts and builders are toiling to complete as quickly as possible the Thousand Springs plant so those who are waiting for this power may be served in time for the summer irrigation season.

The history of Thousand Springs is in itself of much interest, for it is at this point where the famous "Lost Rivers" of Idaho are supposed to break forth from their barriers of rock and again leap beneath the sunshine and stars to the Pacific ocean beyond. Our Thousand Springs power plant site represents a most unique and elaborate problem requiring the greatest engineering skill to solve.

Power From Waste of Lost Rivers.

Here at Thousand Springs, where the water is boiling out from subterranean channels 186 feet above the Snake river at a temperature of about 60 degrees Fahrenheit, we have constructed a great harness

of cement and steel which collects these waters that formerly went to waste and generates them into power that can be delivered hundreds of miles away to homes and farms which otherwise would be without light or power.

One Unit of a Great System.

In 1906 the first unit of the Thousand Springs plant was completed, with a generating capacity of 5,300 horsepower. The new unit, now under construction will generate 8,000 horsepower, making this plant capable of producing 13,300 horsepower of electrical energy. Most of this will be used for irrigation purposes in the summertime—for pumping water from the Snake river to make the parched lands spring into waving fields of alfalfa, wheat and other grains, or become checkered with fruitful orchards.

Thousand Springs plant is only one unit of our great system of electrical development. We are offering everybody an opportunity to become a stockholder in our big organization, which is one of the greatest factors in the development of Idaho. Our 7 per cent Cumulative Preferred Stock which we are now offering to the public is a safe, sound and conservative investment.

You May Become Part Owner.

You can invest in 7 per cent Cumulative Preferred Stock in monthly installments and, while paying for it, you receive 6 per cent interest on your payments. Once payments are completed your stock earns you

7 per cent very year, and this is paid in four installments on February 1, May 1, August 1, and November 1. You thus become a part owner in the development of Idaho.

The Idaho Power Company now serves more than 27,500 customers. "It will serve many more in the future." Its management is efficient and conservative. Write us for full details of our 7 per cent Cumulative Preferred Stock and our Special Savings Plan. Remember—you do not have to have a lot of money. If you can only save a small sum each month you can become an owner of this high interest bearing stock.

Clip, fill out and mail the coupon. Complete details of our preferred stock plan will be sent you immediately.

Idaho Power Company,
Boise, Idaho.

I am interested in your 7 per cent Cumulative Preferred Stock and Special Savings Plan. Please send me full information concerning this. It is understood I am under no obligation whatsoever.

FINISH FORMATION R. R. WAGE BOARD

Data gathered during Government Control to be Used in New Investigations.

By the Associated Press.

WASHINGTON, March 22.—Formation of the joint railroad wage board was completed tonight by the conference committee, representing the railroad corporations and the 16 railroad unions, which elected E. J. Winter of the Pennsylvania railroad, chairman. The bi-partisan body is ready to consider wage demands of the two million workers which have been twice before the president without settlement.

The board today began re-examination of the voluminous records and data on workers' claims gathered by the wage adjustment boards of the railroad administration. The corporation representatives agreed to include these in the board's wage records and to employ them as far as practicable, as a basis on which to discuss the controversy.

According to indications, the board will not deal with the question as a whole, until minor points of differ-

ences are eliminated.

The suggestion of the president that the board should give close study to the relationship between present railroad wages and the cost of living, and that the cost of labor in other industries probably will not enter into the consideration until toward the end of the year, seemed to be to talk of "specimens" rather than generalities at the outset and on this point, union leaders said they had won.

Railroad representatives explained that the Association of Railroad Executives had instructed them to enter the negotiations "in a spirit of co-operation" but they reminded the union leaders that financial responsibility rested on the corporations which must be considered when wage claims were under consideration. Reference was made, it was said, to the hearings now before the interstate commerce commission and the statement made that wage increases hinge on higher rates.

Union leaders wanted the report that their demand would aggregate an additional one billion dollars on railroad operating expenses.

DAVIS CUP COMMITTEE MEETS

By the Associated Press.

NEW YORK, March 22.—The Davis cup committee held an executive meeting here tonight to discuss plans for the international tennis matches for the Davis cup and also the advis-

ability of sending representatives to compete for the English championship. The committee will announce its decision later.

HIGH SCORES REGISTERED
BY AMERICAN JOCKEYS

By the Associated Press.

PHOENIX, Ariz., March 22.—The scores on the individual and two race events were made this afternoon at the American Jockey Congress. In the two men division, G. Jacobson and H. Paul, Ben Moines, with 1212, headed among the high 15 names.

Frank Marlow, a former A. R. C. champion, scored fourth place in the individual race, riding into eighth place, J. Kinney, Ben Moines, scored 664 and headed ninth position.

L. Levine, of Chicago, was high for the day in the all events, setting 1841 and seventh place.

J. Winstedter and W. Schroeder, Chicago, scored fourth place in the two men standing on an early shift tonight, scoring 1217.

UNITED STATES WILL BE
REPRESENTED AT GOLF MEET

By the Associated Press.

NEW YORK, March 22.—The United States for the first time will be officially represented in Great Britain at the meeting of the Royal and Ancient committee on golf, the delegation sailing May 22 for London, according to a message tonight from George H. Walker of St. Louis, president of the United States Golf association.

Upon arrival in London the delegation will hold a conference with A. C. Croome, chairman of the sub-committee, considering the standard ball question, after which it will go to Mphrict to confer with the Royal and Ancient committee on proposed rule changes.

AMERICAN HOCKEY TEAM
ACCEPTED BY OLYMPICS

By the Associated Press.

NEW YORK, March 22.—Acceptance of the United States hockey team entry for the Olympic games was announced in a cable received today by the American Olympic committee from Antwerp. The committee stated the team would sail for Antwerp April 7 or 10 and would arrive in time for several days practice. Information also was received that all the hockey games as well as the figure skating championships, would be staged on artificial ice in Antwerp. Among the hockey entries counted on in addition to the United States team are seven from Canada, Sweden, Norway and possibly Denmark.

CHICAGO BEATS PENNSYLVANIA

By the Associated Press.

CHICAGO, March 22.—The University of Chicago defeated the University of Pennsylvania 28 to 24 tonight in the first of three games for the national interscholastic basketball championship. The second game will be played at Philadelphia Wednesday and a third at Princeton, if necessary.

TENNIS MATCHES TIED

By the Associated Press.

BERKELEY, Cal., March 22.—Matches in the east versus west women's tennis competition were tied at two all here today as the result of the

Victory of Miss Eleanor Goss of New York over Mrs. Ethel Sutton Bruce of Los Angeles in the most closely contested of any of the four matches played thus far. The score was 6-3, 6-1.

BABY THOUGHT DEAD IS
REVIVED; THEN PASSES

By the Associated Press.

SAN FRANCISCO, Cal., March 20.—Baby Harry Fritzsche, two days old, who was reported dead and carried several blocks in a suit case to an undertaking establishment, only to revive on the enlaving table yesterday, died today after having been returned to a hospital.

LIBERAL HINTS AT PLANS
FOR AN IRISH UPRISE

By the Associated Press.

LONDON, March 19.—Allen Dulles, American ambassador, has given nothing to the Irish Free state, of his intention to back Dr. Eamon Dwyer, in the house of commons, tonight.

whether the government is informed of a rising planned in Ireland for Monday and a local rising at the same time at Liverpool, Manchester and Glasgow. He will ask also whether the navy has seized a condemnation of arms and ammunition from Germany and whether there is reason to suppose that the German secret service is lack of the planned uprising.

JAMAICANS WANT STATE TO
CONTROL LIQUOR TRAFFIC

By the Associated Press.

KINGSTON, Jamaica, March 17.—The government formally introduced legislation today for state control of the liquor traffic. The measure will be opposed on the ground that it is unnecessary.

The governor of Jamaica, Sir Leslie Probyn, in his address at the opening of the legislative council today, submitted a proposal to reduce by 50 per cent the duty on cotton and wool.

on goods produced in the British empire on entering Jamaica. This would have the effect of diverting trade from the United States to the United Kingdom.

Citizens Appeal to Council—Fire Department Wages Discussed—Other Matters.

The city council meeting last night opened with a committee report from E. White and W. E. Sanger that a ditch running near their property which was constructed as a means of getting water to about 200 acres of land while other street water was being done is still the only means for supply water to the land and that when the water in the ditch is the ditch is several feet in depth. The council instructed the city attorney to notify the Pacific Security company, the responsible party to construct a permanent conduit within 30 days.

Some discussion was held in regard to the petition of the members of the fire department asking for an increase in wages. Chief Warrell of the fire department was in attendance to answer questions of the council but could not give exact figures as to wages paid in neighboring cities and the matter was laid over until next meeting so that a comparison might be made with other cities of the state. In regard to the question of maintaining the department Warrell said he believed the same number of men would be required but that there would be a saving in upkeep cost. In regard to the complaint made by the firemen concerning the bedding, the chief recommended the purchasing of new mattresses.

Several names were submitted for the selection of a man to assist in

Park Site Facts

This Is Park Bond Election Day For Twin Falls

The following affidavit by the owner of the proposed park property shows clearly that no "interests" are receiving any direct profits from the sale of the land and that the property is entirely clear of any debt or incumbrances:

Affidavit.

St. John Skinner, being first duly sworn on oath, deposes and states as follows:

(1) No Real Estate firm or individual will receive any commission on the sale to the City of the proposed park site, as indicated in the "Times" of March 20th, 1929.

(2) No Real Estate firm or individual has any listing on this property offered to the City as a proposed park site.

(3) No fee (100 acres) of the proposed park site has ever been offered by myself for sale at the rate of \$400 per acre, as indicated in the issue of the "Times" of March 20th, 1929.

(4) There is no mortgage or claim of any kind against this property or any part thereof, as indicated in the same issue of the "Times."

(5) All statements contrary to the above facts are untrue.

(Signed) ST. JOHN SKINNER

Subscribed and sworn to before me this 22nd day of March, A. D. 1929.

(Seal) ALBERT J. PRADY, Notary Public in and for the State of Idaho, residing at Twin Falls, Idaho.

A Commission in full.

(1) Proposed park site, 200 acres, at \$200 per acre, total \$40,000.

(2) 11 acres corner of park site, at \$1,250 per acre, sold to L. H. Williams for total of \$13,750.

(3) 6 acres on west of park site, at \$1,100 per acre, sold to Dr. Scott, Mr. S. S. S. and Mr. S. S. S.

(4) 11 acres on east of park site, at \$1,100 per acre, sold to Robert E. S. S.

St. John Skinner is not on record and small parcels from other owners.

Report on Park Site.

March 15, 1929.

"After making an inspection of your park site, as represented by Mr. Wheeler of the Canal company, I have the following to report:

"The park site, recommended by parks and playground bureau of the Twin Falls Chamber of Commerce, known as the St. John Skinner farm, one-eighth mile, northeast of the city limits, is found to contain some alkali at the present time, but in very small quantities. With proper handling of drainage as conditions demand, I can see no reason why the land should become alkaline to the extent of prohibiting crop or tree growth."

"Very truly yours,

"E. D. HITCHCOCK, Soil Specialist."

Vote "Yes" on Park Bond.—Adv.

DECIDED AT INQUEST

Man Found With Body Believed to Have Died Means of Taking Life.

At the inquest held last night at the coroner's office, it was decided that the body of a man found in the water near the city limits was that of a man who had taken his own life.

The body was found in the water near the city limits on Sunday morning, and it was believed that the man had taken his own life.

MATURE PLANS TO EXCHANGE TEMPORARY LIBERTY BONDS

WASHINGTON, March 22.—The treasury has completed arrangements for the exchange of temporary liberty bonds for bonds of permanent form with interest coupons to maturity attached, Secretary Houston announced today.

Exchange of temporary third loan bonds began March 15, all bonds being authorized to under the transfer within the next month, officials expect to exchange permanent bonds for bonds of other liberty loans except those which still have one interest coupon. They need not be exchanged until after these coupons mature, the latest date being October 15.
