Billion Dollar Increase in Pay Would Necessitate a Big Increase in Freight Rates.

By the Associated Press. WASHINGTON, April 1.—Wage negotiations between the conference committees representing the railroads and the unions were broken off tonight when the railroad representatives declined to continue consideration of demands which have been estimated to total one billion dollars.

Under the provisions of the transportation act, the wage controversy now will be referred to the railroad labor board, which is yet to be appointed by President Wilson.

Two Sides Disagree. E. T. Whittier, chairman of the rail wage conference committee, announced the decision in a statement which said the two sides were in disagreement as to the provisions of the transportation act.

The railroad committees held that such an agreement might be reached, but they did not believe that "congress over contemplated that a controversy involving so great an addition to transportation costs and in which the public is therefore so vitally interested, should be disposed of by direct negotiation."

Public Must Consent. Mr. Whittier's statement said in part: "The representatives of the railroads take the position that they could not assume the responsibility of adding such a burden to the cost of transportation, which are necessary to the public, without the full knowledge and consent of the public."

Mr. Whittier's statement said in part: "The representatives of the railroads take the position that they could not assume the responsibility of adding such a burden to the cost of transportation, which are necessary to the public, without the full knowledge and consent of the public."

As support of the position taken by the management conference that congress did not intend a large increase in transportation costs should be made without consent of the public, Mr. Whittier quoted section 307 of the transportation act giving the labor board power to suspend a wage agreement likely to require substantial readjustment of freight rates.

WOOD DEFENDS RIGHT OF MILITARY CANDIDATE

By the Associated Press. CHEYENNE, Wyo., April 1.—General Leonard Wood, candidate for the republican presidential nomination, defended his title as "military candidate" in an address delivered at a republican rally here tonight. He denounced the candidacy of a "favorite son" and upheld a system of compulsory military education as the "crucial need of the youth of America."

General Wood declared he had no patience in dealing with national questions with the "favorite son" idea. "It is a national issue now, and a state issue," he said.

DELAWARE ASSEMBLY KILLS SUFF AMENDMENT

By the Associated Press. DOVER, Del., April 1.—Ratification resolution to make Delaware the thirty-sixth state necessary to write the woman suffrage amendment into the constitution of the United States went down to defeat in the house of representatives today. The vote was 22 to 9, but before the result was announced, three members changed from yes to no to place themselves in a parliamentary position for another amendment, and one member who was not down as voting asked to be recorded in the negative.

In a parliamentary sense, according to the rules of the legislature, the suffrage question is not dead for the special session, but legislative leaders generally confessed that the hope for affirmative action in both houses is forlorn.

WASHINGTON, April 1.—For the first time in history, a criminal indictment was returned today against persons alleged to have obtained advance information of a supreme court decision for the purpose of stock market speculation. Former Secretary Nauv, Ashton F. Embury, former secretary to Justice McKenna, was named as the man who disclosed the substance of the high court's forthcoming decision in the Southern Pacific case last November. He was said to have received \$500 for the information, whereby the other defendants, E. Millard Mayer, New York broker; Harold B. Moore, lawyer of Washington, and James Howard Graves, former partner of Embury in the department of justice, were indicted.

NEW YORK, April 1.—A confidential report to President Wilson by Herbert Hoover, in which the food administrator six months ago outlaid his position on control of the Chicago packing industry, in response to the president's request, was made public tonight by the Hoover National Republican club with the announcement that the president had directed its publication.

WILSON IS BOSS OF THE TROOPS ON RHINE

By the Associated Press. WASHINGTON, April 1.—President Wilson informed the house today in response to a resolution of inquiry that American troops on the Rhine still were controlled by the terms of the armistice and were subject only to his orders as commander in chief of the army. Field Marshal Foch, of France, the president said, had no jurisdiction over the troops nor are they in any way controlled by the decisions of the allied Rhineland commission which comes on tomorrow. The hearing, it is expected, will last about three weeks.

ARMENIA MANDATE TO LEAGUE OF NATIONS

By the Associated Press. WASHINGTON, April 1.—While the state department was without confirmation tonight of a report from Paris today that the allied supreme council had decided to offer a mandate over Armenia to the league of nations, in other official circles it was said such action had been taken and the subject would be discussed in London April 7 at the meeting of the council of the league.

SOCIALISTS IN N.Y. ASSEMBLY ARE UNSEATED

FIVE MEN TO TAKE THE CASE TO COURTS

Hughes Denounces Action as Un-American and Danger to Democratic Institutions.

By the Associated Press. ALBANY, N. Y., April 1.—The five socialist members of the state assembly—Louis Waldman and August Chausson, of New York; Samuel A. Dewitt and Samuel Orr, of the Bronx; and Charles Solomon, of Kings county—were expelled from the lower house of the legislature today by an overwhelming majority.

The next step in the fight against the socialist party, characterized as a "traitorous party" by the assembly judiciary committee, will be taken to the legislature tomorrow. Bills designed to carry out the recommendations of the judiciary committee that "appropriate legislation be enacted to the end that hereafter no party, group, or political organization which allows as acceptable its members, or whose principles, policies or program are responsive to be determined by an organization, nation or state, composed of persons not members of the electorate of the nation or state, shall be privileged to occupy the position of a political party on the official ballot of this state" are expected to be introduced in the assembly.

Legislative circles tonight were discussing the statement given out today by Louis Waldman and Charles Solomon, two of the ousted assemblymen in which they said "the workers by whom we most earnestly must and will be heard. If the people are to be driven from the ballot box, where shall they go?" Reports reaching here from New York today that the socialists would appeal to the courts were given little or no credence by most members of the assembly declaring that the courts could not review the action of the assembly in voting to deny seats to the five assemblymen because, they said, "the house is a judge of its own members and its decisions are final."

TO APPEAL TO COURTS. NEW YORK, April 1.—The five socialists expelled from the New York assembly today will appeal to the supreme court, and if necessary to the United States supreme court, S. John Block, state chairman of the socialist party announced here tonight. He said counsel for the socialists, of which he is one, would meet in a day or two to determine whether an immediate appeal to the state supreme court should be made.

"The fact that action was taken by a majority of the assembly does not establish the constitutionality of that action in any way," he said. "In fact the action of the assembly was unconstitutional ever taken in the history of the democratic government in the United States. The action was an invasion of the constitutional rights of the voters of the five districts the expelled assemblymen represent, as well as of the five men themselves."

Samuel Orr, one of the deposed assemblymen, representing the fourth district of the Bronx, said: "It is needless to say that this will not establish the constitutionality of the expulsion. Theaiser and the czar tried it and failed miserably in the attempt." HUGHES ATTACKS MOVE. NEW YORK, April 1.—Charles E. Hughes said today that he regarded the expulsion of the socialists from the New York state assembly as "a serious blow at the standards of true Americanism and nothing short of a calamity."
