### AMERICAN IS A VICTIM OF MEXICAN HATE

Employee of Petroleum Company Killed, Says Report to State Department

### ANOTHER IS FATALY INJURED IN FIGHT

Train With U. S. Officer on Board Attacked—Greaser Confesses to Killing Aiators.

By the Associated Press.  
WASHINGTON, April 2.—Two incidents involving American citizens in Mexico were reported today to the state department.

One of the attacks resulted in the killing of H. A. Jafarwan, an American, and the wounding, probably fatally, of Alexander Oberg, whose nationality was not stated, at the Amatlan camp of the International Petroleum company, by whom both were employed. The attack which occurred March 30, is stated in the dispatch, to have been made by Mexican follow employees. The department instructed the embassy at Mexico City and the consulate at Tampico to urge the Mexican government to institute measures to apprehend and punish the Mexicans involved.

Train Is Attacked.  
The second incident was an attack on a train which Major Edgar W. Barr, military attaché of the American embassy at Mexico City, Mrs. Barr and two other Americans, Mr. Florence Hall and a Mr. Ward, were traveling. All escaped without injury. The attack took place March 28, near Tres Marias on the Mexican city-Cuernavaca line.

Marine Confesses.  
The department was informed from Mexico that Calisto Ruiz, charged with the murders of Lieutenant Connolly and Waterhouse, American aviators, whose bodies were found in Lower California, had confessed to the crime and would be tried at La Juana.

Another dispatch said orders for the return of the airplane of Lieutenant G. L. Usher and L. M. Wolf, aviators, who recently were forced to land in Sonora, had been issued.

### CONFESSES TO MURDER

MEXICALI, Lower Cal., April 2.—American consul Hoyte said here tonight he had been notified by Governor Echeverria, of the northern district of Lower California, that Calisto Ruiz and Sundgren, Hawaiians, had been arrested in the southern district of this territory in connection with the murder of Lieutenant Cecil H. Connolly and Frederick B. Waterhouse, American aviators, whose bodies were found on the beach at Los Angeles bay.

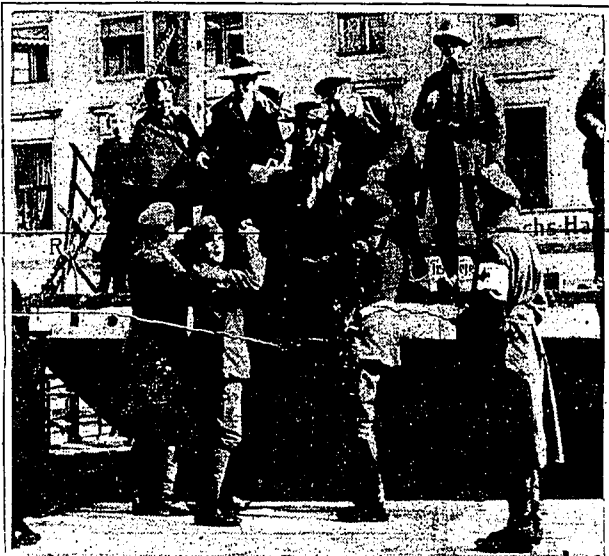

As the southern district is not in Governor Cantu's jurisdiction, Consul Hoyte stated the governor informed him he had referred the case and had given the prisoners into the hands of the judge of the Mexican sixth district court at Tijuana.

It was said Ruiz had confessed he and Huerto had quarreled with the aviators and had beaten them to death with clubs.

Consul Hoyte said he had asked the Mexican judge for confirmation of the alleged confession and a statement of the case.

JUDED; MAID KILLS SELF.  
BEADWOOD, S. D., April 2.—Miss Marie "Mack" made in the home of James E. Russell, after her own life because she was deserted by the man she was to marry, according to testimony at the coroner's inquest here today.

### Pictures of the German Revolution

A drawbridge in the Spittelshofen neighborhood (above) was raised high enough to prevent soldiers from storming the Kapp positions. When pedestrians crossed this bridge they were helped over the open section by soldiers. Kapp soldiers and officers, with their artillery, stationed in front of the Brandenburg gate (below), scene of much fighting.

### HUNDRED CONGRESSMEN TO MAKE TRIP TO THE ORIENT

WASHINGTON, April 2.—More than 100 members of the house plan to leave San Francisco July 5 aboard the transport Mount Vernon for a two month trip to the Orient. The itinerary will include Hawaii, the Philippine Islands, China and Japan.

The growing importance of legislative questions involving the Pacific, those contemplating the trip said today, necessitates first-hand information. The matters to be studied include the request of Hawaii for statehood, the movement in the Philippines for independence and Chinese and Japanese immigration. The party will go overland to San Francisco and returning will visit Los Angeles and other southern California cities.

### TRY TO DEVISE PROPER WAY TO PAY WAGES

CLEVELAND, Ohio, April 2.—In an effort to devise a wage payment which will satisfy workers, owners, managers and consumers, a firm of New York industrial engineers, employed jointly by unionized employees and associated employers in the Cleveland women's garment industry, today announced a set of ten principles of wage payment.

These principles are based upon the industrial experts' definition of wages as a share in the fruits of industry and not a payment made by the employer.

### DANISH PARLIAMENT TO BE CALLED IN SESSION

COPENHAGEN, April 2.—It is now understood that parliament will meet April 15 to pass certain bills which are now pending.

T. Stauning, socialist member of the cabinet which just resigned, expressed the belief that a compromise would be impossible.

"The labor ministry has just proclaimed dissolution of parliament and new elections. We socialists cannot possibly accept the proclamation in any other light than a new challenge and break off negotiations," he said.

Regarding the latter situation, the former minister said: "A general strike is now inevitable. I cannot yet say whether the men in the gas and water works will also be called out."

### SOLDIERS WILL GUARD AGAINST NIGHT RIDERS

By the Associated Press.  
MAYFIELD, Ky., April 2.—A machine gun squad of the state national guard was on duty here tonight following a report that a second attack was to be made on Mayfield tobacco plant by night riders as a result of tobacco.

A number of citizens spent last night under arms awaiting an attack but none materialized. The machine gun squad was asked for by Judge Frank Gardner of the circuit court as a precautionary measure and was ordered here from Leitchfield by Gov. Morrow.

Judge Gardner instructed a special grand jury to investigate the burning last Friday night of the Mayfield tobacco plant by a band of night riders, said to have numbered 200. The bringing in witnesses announced to appear before his grand jury.

The governor has offered a reward of \$200 for the arrest and conviction of each of any ten men who took part in the attack last week.

### DELAWARE SUFFRAGISTS UNDISMAYED BY DEFEAT

DOVER, Del., April 2.—Undismayed by the defeat of the resolution to ratify the federal woman suffrage amendment by the lower house of the Delaware legislature, suffragist leaders today started a state-wide drive in an effort to win over members of the legislature by changing the opinion of their constituents.

Headed by Mrs. Florence Hillis, president of the Delaware suffrage association, a large delegation of suffrage workers started from here on a tour of the state.

### SWITCHMEN'S UNION HAVE INTERNAL FIGHT

By the Associated Press.  
CHICAGO, April 2.—Differences over the working agreements virtually were settled tonight at a meeting of representatives of the Brotherhood of Railway Trainmen and officers of the Chicago, Rock Island and Pacific railroad. It was said by a conferee after an executive meeting.

A new set of working rules would be submitted and signed tomorrow, it was said, and the referendum taken by members of the brotherhood employed by the Rock Island lines disregarded.

A. F. Whitney, president of the brotherhood, and H. P. Gallagher, general chairman, represented the brotherhood at the meeting, which was held immediately following the canvassing of the strike vote.

### ANOTHER STRIKE ENDS

TOANOK, Va., April 2.—A settlement of the strike on the Norfolk and Western railway was reached tonight at a conference of representatives of the line and the unions, including international heads of the crafts whose members struck in sympathy with the clerks who walked out March 22. It was said all employees of the company would resume work immediately.

CHICAGO, April 2.—A meeting of "local" members of the Brotherhood of Railway Trainmen called by A. F. Whitney, vice president of the organization, was broken up by striking switchmen, whose walkout last night crippled freight service on the Chicago, Milwaukee and St. Paul railroads. H. P. Gallagher, chairman of the brotherhood was ejected.

Mr. Whitney said the strike was unauthorized and urged the men to return to work. Demands for one dollar an hour for overtime, 95 cents for overtime, time and one-half for overtime, and double time after eight hours overtime were made by the striking switchmen. The strikers asserted they resigned individually.

The strike has not affected passenger service, railroad officials said.

### TWIN FALLS VICTOR IN CROSS-COUNTRY RACE

In spite of the biting cold weather which prevailed here yesterday, the cross-country run between the Lincoln and Twin Falls high schools was carried off according to schedule yesterday afternoon. Phil King of Twin Falls won first, Stanley of Gooding second, Bailey of Twin Falls third and Heng and Hertz of Twin Falls tied for fourth.

The boys received two one-half miles. They were forced to run against a strong wind from a point east of the city to the Lincoln field.

### JOHN D. HANCOCK LAUNCHED IN WEST VIRGINIA

By the Associated Press.  
CLARKSBURG, W. Va., April 2.—The first "John W. Davis for president" club was organized in his home city here today by 100 demonstrators from all portions of West Virginia.

Those present pledged their support to a movement to obtain the democratic nomination for the ambassador to Great Britain. Congressman G. Ely, who addressed the meeting, declared that he had obtained pledges of support for Ambassador Davis from Texas, California, North Carolina, Arkansas and Florida.

### SENATE TO ACT PROMPTLY ON HOUSE PEACE RESOLUTION

By the Associated Press.  
WASHINGTON, April 2.—Prompt action by the senate of the house resolution declaring the state of war with Germany at an end is expected by republican leaders. They had a conference today to discuss future legislation at this session and Senator Lodge of Massachusetts, said later that he did not anticipate any great delay in the senate.

Mr. Lodge, who returned today from a brief vacation, said the whole controversy had been "threshed out pretty thoroughly" and that he believed the house resolution would be adopted probably with the united republican support and general opposition by the democrats.

### CASH BONUS APPROVED BY COMMITTEE

Ways and Means Committee Votes to Have Bill Drafted Within Fortnight

### IRRIGATION AND HOME AID TO BE LEFT OUT

Complications Prevent Inclusion of all of Legion Plan in Proposed Measure Say Republicans

By the Associated Press.  
WASHINGTON, April 2.—Soldier relief legislation with probable provision for a cash bonus, funds for which would be raised by sales luxury taxes, was approved today by the house ways and means committee by a vote of 12 to 6. Details of the bill to be recommended will be worked out by sub-committees to be appointed Monday.

Hope for Quick Action.  
Members of the committee hope to obtain final action by the house before the contemplated recess for the national political conventions, but they express doubt whether action by the senate could be had at this session.

Senator John F. Massachusetts, republican leader, after a conference today with other senate republicans as to future legislation in the senate, said he thought this would include a bill to give a money bonus to former service men, with provisions for a special tax to raise the necessary funds. The measure approved by the house committee declares against bond issue. It is understood to have been submitted by Representative Longworth, republican, Ohio, and was discussed at great length in executive session.

### Follows Legion's Plan

While the exact form of the legislation was not decided upon, committee discussion was based on the legislative approval of a plan of extending vocational education as an alternative to the cash bonus. These two plans are a part of the American legion's program. Its other selected plan of government aid to soldiers and sailors for building homes or obtaining ownership of farms were said by some members of the committee to involve too many difficulties to be worked out by legislation before the recess.

Spokesmen for the committee said it was intended to have the final draft of the legislation ready for submission to the house within a fortnight. It was said that there had been no decision as to whether the bonus would be paid in a lump sum or be graduated according to the length of service of each individual.

The program is understood to have the approval of the republican leaders of the house.

### SENATE TO ACT PROMPTLY ON HOUSE PEACE RESOLUTION

The leaders decided at the conference that army reorganization legislation would be the next measure taken up by the senate. They expect to dispose of it by the time the house has acted on the peace resolution. It will be followed by the house bill to increase duty-free tariffs.

Mr. Lodge said early action on the Anglo-American-French treaty was not expected and that until the treaty of Versailles had been disposed of its consideration was impracticable.

A recess of congress over the convention period, Mr. Lodge said, was probable. Congress hardly can complete its work by June 1, he added, and would have considerable work to do after the conventions.

## UNITED STATES TO REMAIN OFF OF ALL COMMISSIONS

By the Associated Press.  
LONDON, April 2. A reply has been received through the American embassy in London to the effect that it will not be possible for the United States to be represented in any capacity on the special commission which the council of the league of nations recently decided to send to Russia. This announcement was made by the league of nations here today.

At a recent meeting of the league of nations council in Paris it was decided that the government of the United States be informed of the resolution to send a commission of investigation to Russia and that the nomination of an American citizen as a member of the commission would be welcomed.

## TRAINMEN'S REFERENDUM TO BE COUNTED TODAY

By the Associated Press.  
CHICAGO, April 2. A referendum on working agreements taken by members of the Brotherhood of Railway Trainmen employed on the Chicago, Rock Island and Pacific railroad would be counted tomorrow, A. P. Whitney, vice president of the brotherhood said tonight.

Wage increases are not involved in the vote, according to Mr. Whitney. Should the brotherhood members vote to reject the present working rules, the brotherhood would be turned over to the general railway committee for action, he said.

Mr. Whitney denied reports that a secret order had been sent out for a strike of trainmen on the Rock Island system.

## MAY WITHDRAW AMERICAN COMMISSION FROM ARMENIA

By the Associated Press.  
WASHINGTON, April 2. The war department is considering withdrawal from Armenia of military members of the mission headed by Col. W. M. Bankhead sent over last year to supervise the work of the American relief administration and the committee for the relief of the Near East. Since the functions of the officers of the mission are not of a military nature, the department has wished to recall them for some time and the state department may be asked for information as to the advisability of bringing the mission to an end.

## SEITZ SENDS AN EASTER MESSAGE OF THANKS TO U. S.

VIENNA, April 1. President Seitz of Austria, through The Associated Press, sent an Easter message to the American people as follows:

ation of \$1,000,000 for the erection of memorial tablets at various points in memory of American soldiers killed in the world war was introduced today by Senator Harding, republican, Ohio. By the Associated Press.  
ATLANTA, Ga., April 1.—The name of President Wilson, which had been entered by petition in the Georgia presidential preferential primary, has been withdrawn by action of a number of signers of the petition.

The time limit for entries expired today at noon and official announcement of the candidates who had been notified revealed that President Wilson was not among them.

Attorney General Palmer, Thomas E. Watson, former candidate for president on the populist ticket, and Senator Hoke Smith, were the only candidates whose names will appear on the ballots.

## BELA KUN GOES ON HUNGER STRIKE IN AUSTRIA

VIENNA, April 1.—Bela Kun, the former Hungarian dictator, and his associates, who are under detention in Austria, have gone on a hunger strike to enforce their demands for liberation. The Austrian government has refused to meet their demands, taking the ground that it would be unable to do so.

The Hungarian communists have replied that they are willing to put themselves under the protection of the workers' council, taking all risks themselves and relieve the Austrian government of all responsibility.

## STOCKYARDS TO RESUME WORK; STRIKE IS ENDED

By the Associated Press.  
CHICAGO, April 1.—More than 7,000 Chicago stockyard employees will be back to work tomorrow as a result of decision today by striking feeders and stockhandlers to return to their jobs and relinquish their wage differences. Federal Judge Alschuler will officiate. The freight embargo on livestock entering Chicago was lifted immediately.

The 300 feeders and stock handlers had been out four days and many packing house workers were idle. Three federal mediators of the department of labor had conferred with the men.

The mediators, J. F. Spangler, Hugh Kerwin and Patrick Gill, who arrived yesterday, told the men they were striking in violation of their agreement with the Union Stockyards and Transit company, their employer. Previously, Dennis Lane, secretary of the Amalgamated Meat Cutters and Butchers union, notified the men he would not confer with them.

## BASEBALL LEAGUE TO OPEN MAY 16

Southern Idaho Organization Has 20 Game Schedule—To Play Sundays Except At Oakley.

BOHLE, April 2.—The first game of the schedule of the Southern Idaho baseball league will be played on May 16 and the season will close on Labor day. The complete schedule of games for the season has not been given out, but each team will play 20 games, one a week, this summer, according to the decision reached at a meeting of officials of the league at Jerome last Saturday.

On account of an ordinance at Oakley prohibiting the playing of baseball there on Sunday, the games scheduled for Oakley will be played on Wednesday afternoons. In addition to the regular Sunday games, special games will be arranged for the "Friday" special games will be divided up evenly as possible among the cities interested so that all may share alike in the increased gate receipts which usually result from holiday games.

R. G. Bennett, vice president of the First National bank of Jerome, presided at the meeting of officials which was held at the North Side Inn. Jerome baseball fans entertained the of-

ficials at a banquet during a recess in the business meeting. Tenth men who were present report that the best sportsmanly fellowship prevailed at this gathering.

Announcement has been made that managers have been selected for three of the clubs. In addition to C. B. Sheldahl, formerly of the Western league, who will manage Tual, the manager of the New England league will look after Butley's team and Chick Frazer, former Cub, will pilot the Jerome players.

**LOSES CHANCE TO TAKE FIRST IN ALL EVENTS IN A. D. C.**  
By the Associated Press.  
MONTPELIER, Vt., April 2.—W. Anderson of the Vermont team, Chicago, lost a 120 yards and an excellent chance to take the lead in the all events in the American Bowling congress when he finished his team and doubles game today. Then he discovered he had overlooked the individ-

uals in filling his entry list. Officials refused to allow him to go on in the singles. He had scored 675 in the team play and 622 in the doubles and needed 615 in the individuals to take first place.

Few prize winning scores were made today and changes of importance failed to come in any of the events.

Teams from Toledo, Port Dodge, Ia., and other cities were on the drive tonight.

**THE FIRST CLEARING HOUSE**  
Those who have noted with satisfaction the institution of a clearing house in Twin Falls perhaps feel that realize more than that the new departure is a mark in the advancement of a city.

That Twin Falls has been growing; growing rapidly, in commerce as in population, has been apparent for some time to those who observe, and this added evidence of this truth is certainly a delight to our people. And this all brings to mind that the modern day clearing house is the outgrowth of an idea of boyhood; a plan for the escape from sleep.

Many years ago two boys were employed in banks located at opposite ends of London. The daily job of each was to carry to the other bank whatever checks his bank held against the other.

Well, one day the boys got into way, compared checks and found they balanced.

"What's the use of my going all the way to your bank and you going all the way to mine?" asked one boy of the other. "Let's exchange checks right here."

And so they did, each returning to his own bank, carrying the checks from the other.

From this very simple arrangement between two boys, there was evolved the clearing house, a co-operative organization flourishing now in every large city and between banks.

## CUPID GONE MAD?

Persons who anxiously look forward to the fond day when "P. R. E. N. T." signs will again hang in windows of vacant houses will find much encouragement in a comparison of the figures for building permits and marriage licenses.

For records of various American cities show that marriage licenses are from three to 15 times as great as are permits for the erection of houses and apartments.

That's a pretty good ratio. Where's Cupid going to find men for the young couples who bravely tackle the path of matrimony in times such as these? Surely not in the homes of their parents—for that's a proverbially poor place for brides and grooms.

And if not, then where?

To those whom matrimonial debate dates back some years, there is something gloriously daring in the exploit of the youngsters of today who gamely tackle the problems of home-finding, furniture buying and food and clothing purchasing.

How many times have Dad and Ma looked around at the furniture collected during years of married life and thought their lucky stars that they didn't have to buy it at present prices. And wondered if their newly launched matrimonial bark could have withstood the financial brack of today.

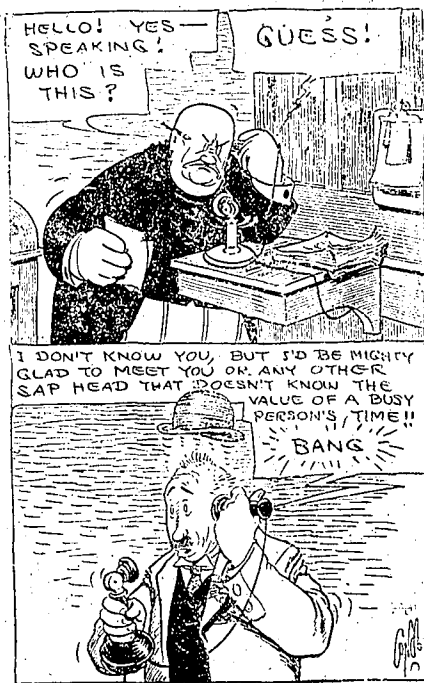

And yet thank goodness to romance lives on in spite of high prices.

## DUBLIN QUIET SPITE OF TROUBLE RUMOR

Not-Slightest Sign of Possible Easter Uprising As Has Been Predicted.

By the Associated Press.  
DUBLIN, April 2.—The situation in Dublin today was normal. There was not the slightest sign of any Easter uprising, rumors concerning the possibility of which recently became so general as to provoke questions on the subject in parliament.

The resignation of James Ian MacPherson as chief secretary for Ireland, did not cause a ripple of excitement. Irishmen regard Field Marshal Viscount French, the viceroy, as solely responsible for the direction of affairs, and seem not to be interested in MacPherson's successor.

Some rumors are circulated that there may be trouble in Cork when the result of the attempt to the death of Lord Mayor MacDonagh, who was executed last week, is announced. The highest is still progressing.

The new field marshal, Sir William Robertson, who has been rumored to likely to proceed General Sir Frederick Smith as commander of the troops in Ireland, is on a visit to Belfast with Lord Dunsford.

The lord mayor of Dublin has received a letter from Premier Lloyd George dated March 24 alluding to the impossibility of obtaining evidence in the ordinary way calculated to lead to the arrest and conviction of murderers, in the formidable campaign of terrorism now menacing Ireland. The letter says this fact places the executives under a great handicap, because they do not desire to arrest the mischief. On the other

hand, it adds, the last duty of the executives is to leave no stone unturned to lay hands on those terrorizing society and it may therefore be necessary to disregard to some degree the normal life of the community.

**COLORADO PROJECT POSSIBLE WITHOUT TAX ON PUBLIC**

By the Associated Press.  
LOS ANGELES, April 2.—The Colorado river power and irrigation project, which is expected to take definite form as the result of the annual convention here of the League of the Southwest, can be developed, United States Senator Robert L. Owen of Oklahoma, told the convention today, without the imposition by congress of a further tax on the American people.

"The merits of the project," he said, "speak eloquently for themselves."

He declared the federal reserve and the federal farm loan acts had made millions of dollars for the government without costing the government anything. The same principles of co-operation between the government and the citizens could be utilized in the Colorado river project, he said.

## WOULD EXTEND MARITAL LAW

By the Associated Press.  
PRAGUE, Czechoslovakia, April 1.—Three measures introduced by the assembly by the government are causing much speculation here. They provide for the extension of marital law in Slovakia until the end of the year, would authorize the opening of private mail and the suppression of newspaper censorship, would forbid public meetings and provide for imprisonment without trial when it is deemed necessary.

## URUGUAY PUBLISHER KILLED IN DUEL

Former President Shoots Opponent Through Back—Result of Long Standing Feud.

By the Associated Press.  
MONTEVIDEO, Uruguay, April 2.—Washington, Heltran, editor of the newspaper El Pais, was shot and killed in a duel today by Jose Batlle V. Ordones, former president of Uruguay.

The duel took place with the usual formalities, and with several and surgeons in attendance. The weapons used were pistols. Heltran was shot in the breast and died soon afterward.

morning newspapers today printed announcements of the impending duel. They said that former President Batlle had sent his seconds to Heltran, challenging the journalist, because of statements published in El Pais, which Batlle considered offensive. Heltran was a member of the chamber of deputies and a leader of that party, which is opposed to the "Batllistas."

Batlle twice had been president of Uruguay. His last term was from 1906 to 1911.

Yesterday was not the first time that Jose Batlle V. Ordones met an adversary on the field under the code of honor. On January 15 last Batlle was twice wounded in the arm during a duel with events fought with seconds Leonel Alipio. He was rendered incapable of continuing the fight a few seconds after it started and the duel was suspended.

It was said at the time that Batlle had read 25 seconds to Aguirre because of an article printed in El Pais, of which Aguirre was co-editor, charging that the former president was seeking to acquire predominance in the chamber of deputies to criticize his permanent ends.

In 1906, while president of Uruguay, Batlle agreed to fight a duel with Dr. Luis Alberto de Herrera, a member of the chamber of deputies and former secretary of the league of nations, after Batlle's term of president had ended. Nothing as far as is known, ever came to this agreement.

## LEAGUE OF NATIONS LIKE KAISER BLENDED PLAN

By the Associated Press.  
SAGINAW, Mich., April 2.—Declaring that the league of nations is but a variation of former Kaiser William's plan for centralization of the government of the world, Senator Miller, leading candidate for the republican nomination for president, delivered a scathing arraignment of the league before a large audience here tonight. The speaker appealed for a less centralized form of government, declaring that communities should be able to govern themselves. He also scored railroad organizations which threaten to tie up the transportation of the nation unless their demands for certain concessions were met.

## CANADA IS THREATENED WITH GENERAL WALKOUT

By the Associated Press.

WINNIPEG, April 2.—Probability of a general strike, in Canada as a protest against the recent conviction of seven leaders in the Winnipeg strike last summer, was expressed by union labor leaders here today, at a meeting in the board of day of April 2, 1920, in the matter of trade building. A Dominion-wide agitation for the release of the convicted men already had begun, the

speakers declared, and a ballot may be taken on a general strike, following the lead of the Montreal trades union.

Resolutions condemning the attitude of the government in the case of strike leaders and pledging support to any legitimate means to secure their release, were adopted unanimously. Four thousand persons attended the meeting.

W. A. Hoop, one of the speakers, said labor would vote actively in the next provincial election and that it would make an effort to elect a majority of the members of the legislative council.

The release of the convicted men, the speakers declared, was a necessary condition for the release of the convicted men.

## WORKMAN ABDICATE IN RUHR DISTRICT

General Strika Called Off—Police to Resume Their Activities.

By the Associated Press.

DUSSELDORF, April 2.—Control by the workmen ceased theoretically at noon today throughout the Ruhr district and the police forces were ordered last night at Essen. Today being Good Friday, religious ceremonies were strictly observed. The turning over of their duties to the police in the various cities is expected to be a gradual process.

The general strike was called off this morning and resumption of work will take place tomorrow. Street cars, however, were operating in most places today.

The workmen's leaders are satisfied that there will be no great difficulty in executing the terms of agreement, virtually all arms in Düsseldorf being already deposited in the barracks and other buildings. Some of the red guards are marching in a happy frame of mind to their quarters to get orders for their new pay. This money will be taken from a joint fund contributed by the workmen, the local authorities and the government.

The central committee apparently believes the reports which have been current that Reichswehr troops are advancing into the district, as it is announced workmen are again standing ready to damage the mines and the Krupp and other plants, as they have threatened to do. The workmen are confident that their control will prevail, expressing the belief that the strikers are based on some misunderstanding which the alarmists are construing as an invasion.

## WILL WANT TO INVADÉ RUHR.

PARIS, April 2.—Dr. von Mayer, German chargé d'affaires, visited Premier Millerand today and requested his former request for authorization for the entry of German troops into the Ruhr region. He informed the premier that some contingents of the Reichswehr entered the neutral zone Thursday north of the line.

Woodhulmen, Dr. von Mayer explained this was done without authorization of the government on the order of Commander Severin, and under the same misapprehension as had caused Colonel Müller to leave the French government had authorized the occupation of the Ruhr district. The chargé d'affaires added that the Berlin government had ordered the troops not to continue their march forward and said they would be maintained at the same place there as if the French had authorized it.

According to Dr. von Mayer, the Reichswehr effective comprise three battalions of troops, an engineer's battalion and some batteries. Later Premier Millerand sent a note to the German chief of affairs requesting the government to withdraw the troops. The note does not give any time limit for the evacuation of the German troops.

Officially the matter is regarded as a simple incident. The good faith of the Berlin government is not questioned, as it is said to have taken the initiative in informing the French government of the situation and immediately ordered the troops not to advance further.

## CHARGE UNFAIRNESS IN WHEAT GRADING OHIO COAL MINERS GO OUT ON STRIKE

Merrellth Listens to Appeals of Growers of Minnesota and the Dakotas.

By the Associated Press.

CHICAGO, April 2.—More than 200 farmers, coalminers and millers today attended a hearing conducted by Governor Merrellth of the department of agriculture on alleged unfairness of specifications for wheat grades. Farmers asserted that specifications for number one wheat, in which most of the trading is done at present, called for a grade so perfect that it was difficult to fill orders.

Harry N. Owen, who represented spring wheat growers in Minnesota and North and South Dakota, read a list of modifications requested by the grade. He represented, Mr. Owen said, farmers were becoming discouraged because of high grain standards.

The qualifications are far too severe, he said. "Unless something is done this year the farmers will plant only 50 per cent of the former acreage."

# TRACK MEN MEET AT BURLEY APRIL 30

A Program of Twelve Events Has Been Arranged for South Central Idaho High Schools.

A number of high schools of the South Central Idaho districts will hold an intercollegiate track meet at Burley April 30 at which there will be 12 athletic events, according to word which has been received at the Twin Falls high school from J. J. Rae, superintendent of the Burley school.

The twelve events are the 100, 200 and 440-yard runs, half-mile and mile runs; 220-yard hurdles, shot put running broad jump, high jump, pole vault, javelin throw and half mile relay. Preliminaries, if necessary, will be held commencing at 9 o'clock in the morning. The regular program will commence at 1 o'clock and will follow the order named.

Several of the local faculty will act as officials at the meet. Following is a list of the appointments: M. J. Mitchell, Twin Falls, judge of the course and referee; R. E. Penman, Twin Falls, official starter; E. P. Stanger, judge of field events; L. N. Lockhart, Rupert, and D. L. Robey, Pocatello, official timers; Mrs. Tweedy, Rupert; S. B. Trough, Kimberly and Eugene Lackey, Burley, field judges; A. C. Beckett, Burley, clerk of the meet.

All entries must be in the hands of the clerk by April 21. Only juniors and seniors of the entering high schools are eligible to enter the competition. Any high school in the district may enter three men and start two in any one event. The half mile relay is the last event on the program and the men for this race may be picked on the field. By this arrangement at each school will be able to put in the men who have stood up best during the other events. Thirty-six medals will be given - a first, second and third in each event.

The trophy cup given by the association, will be permanent possession of the school winning the meet. The Burley Rotary club will award a med-

al to the individual who scores the highest number of points.

J. J. Rae, who will have complete charge of the meet, inquired of the Twin Falls schools as to its interest in a team tournament and it is possible that an intercollegiate team tournament will be arranged.

Twin Falls high school has not participated in any track meets during the past three years and many of the entrants will have had the benefit of

but one season's training, but a large group is working out daily under the direction of D. L. Robey and the locals are planning on giving the other schools some good stiff opposition.

## BLAME MISTAKES ON NAVY DEPARTMENT

Failed to Prepare Ships for War, Is  
Declaration of Admiral  
Fulham.

By the Associated Press.  
WASHINGTON, April 1.—Charg-  
es that the navy department had made  
no effort from 1915 to 1917 to pre-  
pare ships of the Pacific fleet for war  
were made before the senate naval  
investigation committee today by  
Rear Admiral William F. Fulham, who  
reemphasized that force and directed  
all allied naval operations in Pacific  
waters during the war.

Admiral Fulham, in review, on the  
Pacific coast were not made ready,  
the officers asserted, despite his re-  
quest by utilizing naval apprentices at  
training schools that he was able be-  
fore the war to get the vessels away  
from the docks for short training  
cruises. Even after the outbreak of  
war in Europe, he said, the depart-  
ment was "indifferent" to the recom-  
mendations of senior officers that  
steps be taken to prepare.

The admiral testified that it was  
only by going over Secretary Daniels'  
head and sending letters and outlines  
of plans and policies direct to As-  
sistant Secretary Roosevelt that a  
sympathetic attitude could be ob-  
tained for preparations measures.

The committee adjourned Mon-  
day when Admiral Hugh Rod-  
man, commander in chief of the Pa-  
cific fleet, probably will testify.

## FLETCHER IS BLAMED.

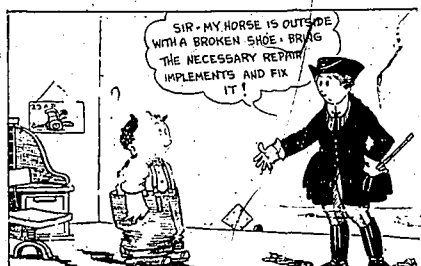

WASHINGTON, April 1.—Loss of  
the transport Anitiles off the French  
coast in October, 1917, was attributed  
directly to Admiral William H.  
Fletcher's alleged disregard of in-  
structions from Vice Admiral Sims.  
In testimony today by Capt. C. L. Long,  
operations officer on Sims' staff at  
London, before the naval board in-  
vestigating Admiral Fletcher's removal  
from the fleet command.

When the Anitiles was struck by a  
torpedo the convoy was proceeding in  
single file, Captain Long testified,  
adding that this was the "most dan-  
gerous possible formation." Admiral  
Fletcher, he said, had previously been  
ordered by Admiral Sims to form a  
"line abreast" formation. No such in-  
structions, he said, ever were issued.

Every convoy that sailed from the  
French coast during Admiral Fletcher's  
command of fleet, Captain Long  
declared, proceeded in column forma-  
tion, which made them particularly  
vulnerable to submarine attack. The  
fact that a line formation with flanks  
of the convoy prohibited, was safer  
should have been evident on its  
face," the witness said.

## FEDERAL EMPLOYEES TO GET BONUS, SENATES DECISION

By the Associated Press.  
WASHINGTON, April 1.—The \$240  
annual bonus for federal employees  
who have not participated in general  
wage increases was restored by the  
senate today in passing the legislative,  
executive and judicial appropriation  
bill.

The senate also authorized an in-  
crease of \$50,000 for the land depart-  
ment over house figures and refused  
to sustain the house in abolishing the  
sub-treasury system.

JOHNSON CLOSES HIS CAMPAIGN IN MICHIGAN PRIMAIRIES.  
By the Associated Press.  
DETROIT, Mich., April 2.—Senator Hiram J. Johnson of California came back to Michigan tonight to close his campaign for presidential preference in Monday's primaries.

Johnson said he had no fear of a social upheaval, that the country was in no danger of a revolution, but that he was not a reaction.

"The United States must work," Johnson said, "and the progress that the have made in the last few decades. Social justice is the only cure for anarchy."

The scholar expressed contempt for "two classes of men that have arisen—slaves and masters."

He characterized his campaign as "an experiment in politics."

"If I can prove," he said, "that a man who has no great wealth and who will not let himself up with those who are to control the government of the United States can win, I will have done a great thing for the generations to come. In this campaign the contributions that have been made in behalf of some candidates are scandalous."

SAYS WOMAN COULD NOT ALONE HAVE KILLED DAUGHTER.  
By the Associated Press.  
PAW PAW, Mich., April 2.—Mrs. Sarah Taber could not alone have been responsible for the death of her daughter, Maple Taber, according to testimony today at her preliminary hearing on a charge of murder, by Dr. A. S. Warden, University of Michigan pathologist.

Dr. Warden performed an autopsy over Mrs. Taber's body shortly after it was found in the woman's "baby chow" in the basement of her Lawton home, and found, he testified, that death was due to blood surgery. The operation, he believed, could not have been performed by Mrs. Taber unless, he also testified, that the body had been partially embalmed.

Mrs. Taber, who 76½ years old, was arrested this morning on a new charge, the original proceedings have been discontinued when the supreme court found the evidence insufficient. The hearing is expected to continue into next week.

## JURY DISAGREES IN BRODERICK CASE

Ten Favor Convicting, Two Acquittal—Defendant Is Unmoved by Result.

By the Associated Press.  
ST. LOUIS, April 2.—A mistrial was declared tonight in the case of Urmia Broderick. In years ago, charged with first degree murder for killing her step-father, J. P. Woodlock, who was shot to death in their home here, April 14 last. After deliberating for more than 24 hours, the foreman of the jury reported that the body was "strongly leaning" toward Broderick, presiding, then declared a mistrial and ordered the case retried on May 3.

The foreman stated that the jury had stood ten for conviction and two for acquittal since last night.

The defendant was apparently unmoved by the result and asserted that she was not worried as to the ultimate outcome when the case again goes to trial.

In October of 1916, Urmia shot and killed her father, Thomas P. Broderick, but was exonerated by a coroner's jury when it was testified that she fired in defense of her mother, who, Broderick, it was said, was beating.

The case went to the jury last night after Miss Florence Melancon testified the girl and her mother, Mrs. Lillian Woodlock, had offered her money to say she saw Woodlock make advances towards Urmia.

Woodlock is charged with complicity in her husband's death and will be tried later.

Mrs. Florence Taylor, who testified with the Woodlocks, also testified that Mrs. Woodlock had urged her to leave Urmia and attacked Urmia.

The girl maintained she shot Woodlock in defense of her mother, with a revolver she purchased to take her own life in event he remarried her in his alleged repeated attempts to seduce her. She kept the revolver concealed in the folds of her garments, she explained.

The state contended Urmia and her mother plotted to murder Woodlock, and tried to show that he was shot while asleep.

WOOD VIEWS MCKINLEY MONUMENT FOR FIRST TIME.  
By the Associated Press.  
CANTON, O., April 2.—Major General Leonard Wood late this afternoon viewed for the first time the McKinley monument and placed a large wreath of roses on the tomb of the martyred president.

General Wood in an address later, paid tribute to President McKinley in opening a two-hour discussion of national issues, emphasizing universal military training and the benefits which he said would accrue to the nation by adoption of that system.

Major General Wood declared that the nation needed a budget system and recommended it as among one means of improving the present system that every cabinet member should be permitted to appear on the floor of either house of congress to defend the policy of his department.

"The budget system is the most sure means of bringing about a general national retrenchment," he declared.
