FOOD ADMINISTRATOR GETS BIG G. O. P. VOTE

Leads in Democratic Primary With Edwards, Wet Candidate, in Second Place.

By the Associated Press. DETROIT, April 6.—Seven hundred and sixteen precincts out of 2421 in the state gave: Republican, Johnson, 65,684; Hoover, 37,259; Lowden, 26,331; Hoover, 16,377; Fordham, 4,899; Spooner, 876; Polinderster, 800.

Detroit, April 6.—With precinct returns from more than half the counties in the state tabulated, United States Senator Hiram W. Johnson had attained a big lead over Major General Leonard Wood for endorsement in the republican nomination in yesterday's presidential preference primary.

In the incomplete returns the fight for third place on the democratic ticket was between former Secretary of the Treasury McAdoo and William J. Bryan. Mr. McAdoo had 2,165 and Bryan 1,919.

Wood led in the early returns until the Wayne county (Detroit) vote came in.

Returns from more than two-thirds of the city precincts had been tabulated early this morning on the proposal to bond the city for \$115,000,000 to establish a municipally owned street railway system.

HALT IRISH PICKETING OF THE BRITISH

State Department Invokes Criminal Law Against Washington Women

TWO ARE ARRESTED; THEN ARE RELEASED

Military in Erin Are Heckled by Sinn Fein Attacks on Constables' Homes and Barracks.

By the Associated Press. WASHINGTON, April 5.—The federal government moved today to put an end to the picketing of the British embassy, which was renewed this morning by women's sympathizers with the movement for an Irish republic.

United States District Attorney James E. McGuire, advised the women that if his clients persisted they would be prosecuted under a federal statute which makes the picketing of an alien diplomat representative of a foreign government or of his official residence, a felony, punishable by a penitentiary sentence.

Washington Issued First. Simultaneously, Mr. Luskay communicated his decision to the District of Columbia commissioners, who instructed the police to arrest the woman after warning them. Captain Doyle and two police women were sent to the embassy in a patrol wagon and found Mrs. Mary Walker, of Astoria, Long Island, and Miss Mollie Carroll, of New York city, carrying banners on the sidewalk.

Police Act Harshly. The district attorney explained subsequently that the police had acted before Mr. O'Brien had had time to notify his clients of the government's decision.

CHURCHES CROWDED ON EASTER SUNDAY

Knights Templar Services Feature Day's Program—Much Music

Churches of the various denominations were crowded Easter Sunday. Special music had been arranged in most of them in commemoration of the day of Christ's resurrection. Festivals were given at all and a special feature was added to the services of the First Methodist church. Sixty Knights Templar gave an Easter program with Rev. A. G. Bennett acting as prelate. The music consisted of a choir of 45 persons directed by L. L. Wood. They were supported by an orchestra and a mixed quartet, Mrs. G. H. Shearer, soprano; Miss Helma Allmendinger, alto; D. A. Salmon, tenor and Nelson Hayward, bass.

At the Presbyterian church, Mrs. C. J. Lowant sang "I Know That My Redeemer Liveth." The church was filled with those who gave consideration to the Easter ceremonies.

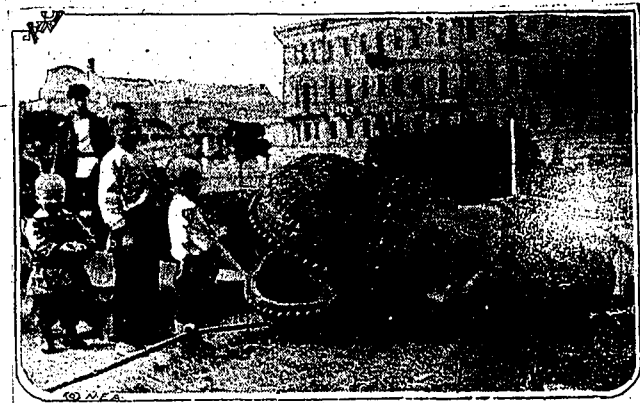

Handel's Messiah was sung by the choir at the Episcopal church with an effective rendition of the "Great Hallelujah" anthem, "Christ in Arden." Mrs. M. E. Tucker sang "I Know That My Redeemer Liveth."

The Church of the Brethren had re-dedication exercises on Easter morning. Appropriate music was featured at the services both morning and evening.

Director G. M. Powell, with addition of city singers to the choir, favored the assemblage with Stalder's Crucifixion at the evening service. A musical program was presented at the morning festival session.

A specially arranged service was given at a late afternoon meeting in the Baptist church.

Giant Fascinates Russian Boys

Kids are pretty much the same the world over, as this exclusive photograph direct from Moscow shows. The Russian boys stand fascinated by the giant head of Alexander III. The statue was torn down during the revolution. The Bolsheviks are preparing to re-erect it in a museum in Moscow.

MISSING GIRL'S BODY FOUND IN LAKE

Jeanne Dekay Believed to Have Committed Suicide While Dependent.

By the Associated Press. CHICAGO, April 5.—The body of Jeanne Dekay, 20 years old, whose disappearance from Hull house December 20 was followed by a national search, was found today in Lake Michigan near the municipal pier.

Mrs. Gertrude Howe Britton of Hull house, identified the body. Except for a coat and hat, which were missing, the clothing on the body was the same as Miss Dekay wore when she disappeared. A scar on the left temple and smallpox marks under the eyes assisted in the identification.

Mrs. Britton said she was convinced the girl had committed suicide. No evidence of violence was found on the body. Coroner Hoffman said the body had been in the water three months.

Miss Dekay was the daughter of John Wenzel Dekay, wealthy packer, now residing in Sheboygan. She was sent to Chicago by her father soon after her graduation from a London boarding school. She arrived at Hull house last December to assist in work among the poor under Miss Jane Adams' direction.

LOWDEN MANAGER IN THE CAPITAL TO MEET BORAH

By the Associated Press. WASHINGTON, April 5.—Louis L. Emerson, secretary of state of Idaho and manager of Governor Lowden's campaign committee conferred today with Senator Borah of Idaho who recently had criticized alleged excessive campaign contributions and later announced that the governor stood ready to make public a complete record of his expenses provided the same information was furnished by other candidates.

Mr. Emerson said tonight that he had come to Washington prepared to make public through Senator Borah a complete list of contributions and expenditures in connection with the governor's presidential campaign.

"I called upon Senator Borah," he added, "and was severely disappointed to find that other candidates had not seen fit to direct their managers to join me at the senator's office. There was nothing done."

STUTZ MOTOR CASE REMAINS UNSETTLED ON THE EXCHANGE

By the Associated Press. NEW YORK, April 5.—The situation in the Stutz Motor case, created by last week's ruling of the stock exchange suspending dealings in that issue, remained in a state of deadlock today.

According to the announcement of the law committee of the exchange and confirmed by the governors, the shares in Stutz were absorbed from any obligation to meet contracts expiring today, when Stutz sold "ex-dividend" of one-fifth of a share.

Application to list 25,000 shares of extra-stock of the company declared by the directors recently was made in the usual form to the stock exchange committee on listings, but it is not expected that action will be taken in this connection until an understanding is reached between the exchange and the Stutz interests.

THE TURKO-BRITISH "TREATY."

Until complete proof is offered, it is well to discredit the "secret British-Turko treaty" recently given out in Berlin. This alleged treaty, as published, is a most amazing document. It purports to have been signed by the British and Turkish governments in April, 1919. It provides that England shall guarantee Turkish independence, that Constantinople shall remain the seat of Turkish government, that England shall have control of the Dardanelles, with possession of Mesopotamia and Syria, and that England shall place at Turkey's disposal a police force to be used "in order to suppress nationalistic tendencies." Not the least interesting detail is the article declaring that "this treaty is official, but has a private character."

It is incredible that Great Britain, at the very time when she was agreeing to the Versailles treaty, should have made with an enemy country a treaty belying her own pledges, defying the principles of the Versailles document and in flagrant conflict with the purpose of the League of Nations to which she subscribed. It is also incredible that Britain should have conspired with Turkey to rob an ally of Syria, which by general agreement has been assigned to France. It is little less than comprehensible that Britain should undertake to grab the Dardanelles, and thus, without the consent of her allies or of the League of Nations, prepare to dominate Constantinople and the Black Sea.

That this document should have been made public in Berlin is in itself a ground for suspicion. The Germans have their own reasons for wanting to make all the trouble they can among the Allies, and for some time the British emissaries have been busy in Berlin.

General Leonard Wood, in a recent speech, took occasion to warn the American public that there is a conspiracy afoot, employing a widespread and intricate system of propaganda to break down the friendship of the United States with the Allies. "The effort seems especially intended to drive a wedge between this country and England. Perhaps this 'secret treaty' is a part of the plot. If so, the British government should repudiate it officially, without delay.

THE WORKER'S SHARE.

A statistician figures that if the railway employes are granted the new wage-increase they ask for, they will be getting about five times as much every year as the owners of the roads. To be exact, every dollar of the railroads' increase will be divided as follows—for labor 83 cents; for capital 17 cents.

Whether or not this is a fair division is a question open to debate, and requiring a great deal of information before a satisfactory answer can be given. These figures, however, serve once more to emphasize a fact usually ignored by socialist orators and writers and by employes in general. Most workmen seem to be sincerely convinced that they receive a very small fraction of the receipts in their industry; that the "company" is making so much money that the funds available for wages are practically unlimited, and so they are justified in making any demand they feel like making.

As has been pointed out many times, la-

bor invariably receives the larger part of the gross income of industry. The division generally gives labor 85 or 90 per cent to capital's 10 or 15 per cent.

A more general appreciation of this fact would help in promoting a better understanding between employers and employes. Fully grasped, it would enable the workmen to see that their chief hope of higher wages, lies in their producing more in a given time, so there will be more profit available to provide their wages.

There is a tendency at present not only to ignore the question of the workman's share to the employer's share, but simply to "pass the wage-increase on to the consumer," as if that settled the problem. The workman should realize that this method is bound to fail, because it fails to provide incentive for increased production, because the added wage-cost is multiplied in being passed to the consumer, and because the workman himself is the chief consumer.

BLINDNESS CURED WITH FOOD.

A little foreign boy who was totally blind was brought to a city day nursery. The nurse in charge suspected that under-nourishment was responsible, and questioning developed the fact that his diet had been almost entirely confined to black bread and coffee. A course of proper feeding was started at once, experiments being made until just the right combination was hit upon. In the course of a few months the child could see perfectly.

The value to the public of any organization which reaches out to the poor and ignorant and gives their children a chance at health and proper care cannot be overlooked. Such work should be the vital part of the life of every community. Every child rescued from the ravages of malnutrition is saved not only for himself, but for society. He has a chance to be an asset instead of a liability.

Much good work along these lines is being done everywhere, but there is still a wide field for further effort. In that connection it should not be forgotten that when carried on among the foreign element this work of saving children is one of the most potent forces for Americanization.

FINES FOR OVERCROWDING.

A Massachusetts court fined a poultry raiser \$25 for over-crowding chickens by putting 36 in a coop built for 12. It is fine to know that poultry, quite unable to speak for its own comfort and decent treatment, is looked after in this humane way. It is difficult not to wish at the same time that the courts could do something equally helpful to check the following:

- Over-crowded school rooms and school buildings;
- Over-crowded trolley cars in cities and over-crowded interurban cars;
- Over-crowded tenements;
- Over-crowded highways where the pedestrian's rights have become almost nonexistent;

The over-crowded ring in which would-be presidents have thrown their hats.

CHEAP ROAD IMPROVEMENT.

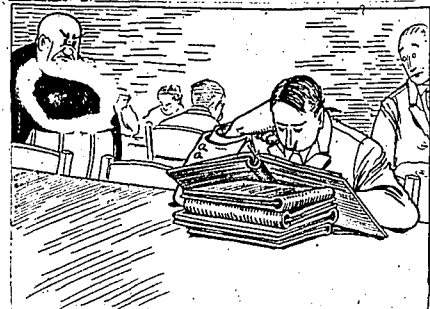

The cost of building first-class paved roads this year is said to average 35 per cent higher than last year. Many states have a good deal of money for highway improvement, particularly those utilizing automobile license fees for the purpose. It is also possible to obtain considerable financial help from the federal government. It is evident, however, that at best the money available will not go very far.

OUTBURSTS OF EVERETT TRUE MEAT CAUSE OF

KIDNEY TROUBLE

THE BOOKS AND MAGAZINES IN THIS LIBRARY ARE SUPPOSED TO CIRCULATE, AND THAT'S WHAT THEY'RE GOING TO DO!!! IF YOU CAN'T GET ALONG WITHOUT A SUGAR-REST, BRING A BRICK OR A SUGAR BOWL ALONG WITH YOU!!!

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their effort to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush off the body's uric acid waste get four ounces of Bad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the finest of crystals and lemon juice, combined with Bilex, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Bad Salts is inexpensive; causes no injury and makes a delightful effervescent lithia-water drink.—ADV.

FORN PETITION TO PRESIDENT IS REJECTED

By the Associated Press.
 WASHINGTON, Pa., April 5.—Nominating petitions intended to place the name of Henry Ford of Detroit, Mich., before the voters of Pennsylvania as a candidate for a presidential nomination at the May primary were rejected by the secretary of the commonwealth today because they did not give the name of any party and failed to comply with the requirements of the Pennsylvania primary law. In addition, the petitioners were charged with having been convicted of a crime and disqualification for not presenting the occupation of Mr. Ford and did not contain his signature that he was a bona fide candidate.

A strong force of troops and police in an armored car visited the nationalist quarters in Belfast Monday and arrested 51 men, but it is understood prominent Sinn Feiners who were not arrested.

The dispatch avers that about 50 prisoners, including those convicted under the defense of the realm act, and others against whom no charges have been made, shared a hunger strike in Mount Joy prison, Dublin, Monday, and asked that convicted political prisoners in the prison hospital be allowed to accept food.

PROHIBITION FORCES ACKNOWLEDGE CHARGES

NEW YORK, April 5.—"Charges that we've received nightly about New York's 'gay white way,' made in a sermon Sunday by Rev. John French Stratton, pastor of Calvary Baptist church was not news to us prohibition agents here," James J. Shovin, federal prohibition enforcement officer, commented tonight.

Mr. Stratton declared he had made a personal investigation of "vice" conditions and found that cocktails, highballs and whiskey straighties were sold freely and that "hooch-kooch" and "oldtime shooch" and the "chuck to chuck" were dished openly in various cafes and saloons.

"We know stuff is being sold in cafes and saloons along Broadway," Mr. Shovin said, but the fact is it is very difficult for us to get evidence. We welcome information and evidence from anyone. I might say that Mr. Stratton did not tell us anything we didn't know."

In announcing Dr. Stratton would testify before the "vice grand jury" Thursday, District Attorney Edward Swann commented:

"We have invited the reverend gentleman to come here and tell the grand jury all he knows about any violations of the law. If he has any evidence of a crime having been committed we shall ask the grand jury to indict and we shall prosecute any indictments found."

HIGHWAY DISTRICT AWARDS CONTRACTS

Work Valued at \$104,000 Will Be Done Under Force Account System.

Contracts aggregating \$104,000 in value were awarded yesterday by the Twin Falls highway district in part of a \$2,000 bond. It is said that he is a stranger in this part of the state though owning an equity in a ranch near Idaho.

Concrete curbs in the district will be built by Louz & Robertson of Wendell. This firm bid \$61,000.

A hauling contract was awarded to A. J. Lord at 40 cents a yard for the first mile and 35 cents a yard for the second. This contract calls for an expenditure of \$8,000. This is \$18,000 less than the estimate of the board according to W. L. Johnson, highway engineer.

The district also authorized the purchase of a road roller for construction purposes.

Oil, hot on the road, will be purchased from the Allen Oil company, which bid 25 cents a gallon. This bid totals \$50,000. The highway district had estimated that the oil would cost 25 cents a gallon, according to Mr. Johnson.

The last contract let was for two miles of grading. Farmers in the Triaun section made a co-operative bid of \$3,000 on this. This is at the rate of 23 cents a yard, compared to an estimated 45 cents a yard.

URGES REPUBLICAN TO BUILD OWN PLATFORM

By the Associated Press. CHAMPAIGN, Ill., April 5.—Gen. Leonard Wood, opening his week's drive in Illinois, cautioned republicans in a speech here today not to build their platform on the alleged wartime mistakes of the democratic party, but to lay down a constructive policy. "Never underestimate your enemy. Don't count on winning on the other party's mistakes. There are some things of the past. Our road. But we are ahead. WOODHEAD AND AL NELSON ARE READY

Twelve Round Match Promises To Be a Hammer, According to Promoters.

Hill Woodhead of Twin Falls and Al Nelson of Idaho, Idaho, who will clash in a 12-round go in the Laver for theater, are both ready for the bout. Nelson arrived here yesterday. The preliminaries will consist of six rounds between Kid Rogers of Burley, vs. Whapping Wallace from Boise, E. Alexander from this city, vs. Hendry McCarry from Boise will clash in the glove show in a four round contest. Lester Mueser from Piler, Idaho, will referee and Dr. J. M. Morgan will be the examining physician.

The glove show is to be given under the auspices of the Twin Falls athletic club for the benefit of the local American Legion. On that day a parade will be staged here and visiting legion members who will compete for the prize which will be awarded for the best showing, will be admitted free to the show.

Seat reservations for the best and visiting members of the American Legion will be available at the Rogersian hotel Wednesday night 6 o'clock in the evening, according to Thomas Thornton, manager of the affair.

It is expected that the main bout will possess remarkable qualities in the pugilist met game as both men are in training daily at the Lavering theater.

AGREEMENT IS REACHED.

By the Associated Press. CHICAGO, April 5.—Trainers on the Chicago, Rock Island and Pacific railroad who have been submitting negotiations with officials of the road for several weeks regarding changes in working conditions, have signed an agreement with them, the controversy being satisfactorily settled. These negotiations have in connection with the southwestern strike which, head of fields say, has not as yet affected the Rock Island road.

TO LEAD GENERAL STRIKE.

By the Associated Press. Copenhagen, April 5.—An agreement to end the general strike which resulted in forcing King Christian to Sibiria government's attitude toward the Labe cabinet, has been reached by employers and workmen. The strike weapon now has been employed with surprising effect in two important constitutional crises. The first was in Germany, where the royal government not up by Dr. Wolfgang Kapp was forced to relinquish power at the end of five days. The progress of the strike in this country was noted as speedy.

PROMISE SEED HERE WITHIN A WEEK

Co-operative Beet Sugar Concern Elects New Officers for ensuing year.

Farmers and others interested in the Idaho Co-operative Beet Sugar company yesterday met in the office of the concern in the Cattelan hall. Failure of seed to arrive and reports that the company might not be able to provide it resulted in a fierce audience.

The promoters of the concern stated that the company would have seed here this week for distribution and stated that a factory in Nevada had been purchased and that the plant would be shipped here immediately and be ready for operation in a few days.

Officers for the ensuing year were elected. Fred Hinge was named as president to succeed Oswald Wilson. Mr. Hinge is from Burrehingham, California. W. W. Wood, general manager, was selected as first vice president and Oswald Wilson as second vice president. Phil H. Crow of Tracy, Idaho, was elected secretary-treasurer.

Directors elected were: Fred Hinge, Oswald Wilson, A. W. Black, Art Anderson, of Idaho, P. H. Crow, of Twin Falls, Frank B. Moore, of Pocatello, W. H. Goodspeed, of Hamon, J. M. Hardy of Burley, W. W. Wood, A. A. Merrill was re-employed as field man.

ADMIRAL FLETCHER ATTACKS SIMS

Methods Used by Commander of Naval Expeditionary Forces Lost Much Time.

By The Associated Press. WASHINGTON, April 5.—Vice Admiral Sims' employment of American destroyers forces in European waters during the first year of this country's participation in the war was severely criticized today by Admiral Henry B. Wilson, commander of the Atlantic fleet in testimony before the naval board investigating Rear Admiral William B. Fletcher's removal from the fleet command by Admiral Sims.

Basing of all destroyers used in conveying American troops and supply transports into French ports on Queenstown instead of Brest up to the spring of 1918, Admiral Wilson declared, meant that the destroyers "worked only one way" and "wasted mileage" in a long trip back to Queenstown for refueling. If originally based on Brest, he declared, those destroyers could have worked "both ways," conveying transports out as well as into the French ports and thus made to render their maximum service, as was demonstrated some eight months later, he added, when this plan was permitted.

Disagreeing with the testimony of Capt. Byron C. Long, Sims' aide for operations at London, who said Admiral Fletcher's request that destroyers be based on Brest was denied because of a lack of oiling facilities there, Admiral Wilson declared that at the time he succeeded Fletcher's facilities at Brest were adequate for quite a large force.

Admiral Wilson declared that the

five converted yachts which it was testified had been the only force available for outward convoy of transports during Admiral Fletcher's command at Brest, were "worthless for that service."

UNPREPAREDNESS IS BLAMED FOR LOSSES

Wadsworth Urges Adoption of His Measure to Develop Democratic Army.

By The Associated Press. WASHINGTON, April 5.—Unpreparedness on the part of the United States was directly responsible for "federal extravaganzas" in levies and money, Senator Wadsworth, republican of New York, said today in opening discussion on the army reorganization bill submitted by the senate military committee. Defending the committee plan for training boys between 18 and 21 years, Senator Wadsworth declared it was "unfair to ask the veterans of the great war to contribute to the cost of the defense of the country which was rightfully the duty of their successors in age."

The bill, the New York senator said, sets up a military policy which emphasizes the dependence of the country on the private soldier and gives the private soldier the prior training which, experience shows, is necessary, "so that when he goes into battle, he may have a decent chance for his life."

Estimates that more than a billion dollars would be required "adequately" to equip the new army were contradicted by Senator Wadsworth, who said the ultimate cost would not exceed \$554,000,000. Provisions for a graduate deduction in the size of the permanent standing army from 250,000 enlisted men and 17,000 commissioned officers to 210,000 enlisted and 16,000 officers in five years, he believed, would make the cost for a compulsory military training approximately equal the necessary for the operation of the house bill which calls for a permanent army of 30,000 enlisted men and 17,000 officers.

The chairman said the re-organization bill proposed by the general staff "violated our democratic institutions," while under the committee's bill it would be possible to have a "democratic and a reformed army" as well.

Another bill seeking for the reorganization of the army and the establishment of a national military policy already has been passed by the house which, however, eliminated entirely the universal training sections.

CONDEMNNS WILSON FOR HIS 'SOCIALISM'

Peas of Ohio Accuses the President of Partiality Toward Soviet Doctrines.

By The Associated Press.

CINCINNATI, R. I., April 5.—Contemnation of the "marked socialism" of President Wilson and warning against the "trend toward nationalization of industries as suggested in his partially to the soviet plan," were voiced today at the republican state convention by Congressman Simon D. Peas of Ohio.

"The republican party believes that the progress of a nation depends upon the freedom of initiative in the exercise of talent in invention and discovery," the speaker said. "It condemns the marked socialism of President Wilson, who, under the stress of war has extended government activities to cover all productive agencies and who has called to Washington the strongest political socialist ever invited into positions of responsibility."

The state convention and the district conventions held at the same time elected an unpaid delegation of ten members of the national convention without exception. Governor Beekman headed the four delegates at large.

The platform declared for ratification of the peace treaty with "such reservations as will favor America," favored a large merchant marine, reformation of government expenditures, an adequate standing army, with citizen reserve, and equal suffrage.

Discussing the cost of living, the platform said "increased production, stimulation of enterprise, checking of private extravagance and waste, and reduction in public expenditures are a national necessity."

STRIKING STEELWORKERS DEMAND \$800 FROM TOLEDO

By The Associated Press. TOLEDO, Ohio, April 5.—Striking steelworkers today demanded \$6,000 a day for the time they are out of work as the result of suspension of city services due to the refusal of city council to permit a fare increase to take care of a wage boost. The men expect the city to compensate them, it was said.

Settlement of the strike took a backward turn today when the six councilmen who balked the agreement between the men, the operating company and Mayor Corrad Schreiber, stood pat for their former action.

BOLSHEVIKI AND JAPANESE STAGE BATTLE

Nipponese Capture Vladivostok From Slavs After Hard Battle.

CONSUL FROM MIKADO'S LAND IS RED VICTIM

Word of His Death at Hand of Soviets is Reports by Japanese Language Paper.

By the Associated Press. **VLADIVOSTOK, April 5.**—Japanese troops today occupied Vladivostok after eight hours of severe fighting in all parts of the city.

The Japanese imperial flag is flying in the place of the Russian ensign from all government buildings.

Some of the officials of the revolutionary contingent already have been arrested and deported. All Russians have been disarmed.

Throughout last night the Japanese fought with rifles, machine guns, grenades and small artillery in all portions of the city. Their incessant firing met little opposition as the Russians were taken by surprise. The Japanese moved toward occupation having been unexpected by the party in power.

VICE CONSUL KILLED.—SAN FRANCISCO, Cal., April 5.—Japanese Vice Consul Ishida has been killed by the Bolsheviki at Nikolavsk, eastern Siberia, according to cable advices received by the New World, a Japanese language newspaper here today.

The same advices said that the

Russian government furnished to the Japanese government for peace and the Japanese government has responded by sending Yuzo Murai, its special envoy at Paris and former minister to Switzerland, to Russia to investigate.

Recent Japanese and Vladivostok dispatches told of fighting between Japanese and Russians at Nikolavsk, a town on the Amur River in eastern Siberia. Vladivostok dispatches March 22 reported 10 Russians killed and \$9

A Tokyo cable to the Nippo Jiji, Japanese, commercial publisher of the Pacific March 29, credited a dispatch to Japanese military headquarters in Siberia reporting a two-day battle between Russian forces and Japanese at Nikolavsk beginning March 18. According to this report the Russians destroyed the Japanese consulate there and Vice Consul Ishida was missing.

KNIGHTS OF COLUMBUS IN FIRST POST-ELENTH PARTY

Twin Falls council, Knights of Columbus, held a social entertainment for members and friends at a dance and card party at the Colburn hall. There was a large crowd present, good music added in making the dance a success and the evening was pronounced an enjoyable one by all present.

REFERENDUM FAVORS THE AMERICAN PLAN

Vote 172 Yes to 40 No; Directors Pass Favorable Resolution On Proposal.

Result of the questionnaire vote of the membership of the Twin Falls Chamber of Commerce on the proposal to endorse the American plan was ascertained last night, when the ballots, were counted by the directors of that organization.

The vote stood 172 yes; 40 no. The affirmative vote, which had been anticipated, the total membership being little over 300. The affirmative vote is more than a majority of the entire membership, thus leaving clear all questions as to the wishes of the membership.

Following the canvass of the vote, the directors adopted the following resolution by unanimous vote: "Whereas, from answers to the members of this organization it appears by a vote of 172 for endorsement and 40 against, that they have expressed the opinion that the American plan should be endorsed.

"Now therefore, in recognition of that expression it is resolved by the board of directors of Twin Falls Chamber of Commerce that the American plan be endorsed."

The board adopted a resolution instructing the secretary to issue honorary membership in the Boise Commercial Club and to similar organizations to other Idaho cities. Honorary membership was also voted for Elmer E. T. Meredith, secretary of agriculture.

WARDING CRITICIZES THE ADMINISTRATION'S PROGRAM

By the Associated Press. **JERSEY CITY, N. J., April 5.**—Senator Warren G. Harding of Ohio, candidate for the republican presidential nomination, in an address here tonight criticized the administration's foreign policy and urged the government "to strike at the crime of profiteering on the one hand and bring to responsibility the crime of under production on the other." He said he was more interested in a republican victory next November than someone's personal triumph at Chicago in June.

Addressing the administration's Mexican policy Senator Harding said: "I would substitute for 'careful watching and humiliation and anxiety, an unmistakable understanding of the rights and righteous relationships and exact fulfillment of that understanding."

"I believe cordially in the benefits of business training," he said, "and pledge my countrymen ever to be mindful of our national defense."

NEW RITING IS MADE ON BOOZE FOR CULINARY USE

By the Associated Press. **BALTIMORE, Md., April 5.**—The following ruling was made today by the prohibition commissioner Richard S. DeLeon from Commissioner Kramer in Washington:

"Commissioner Roper, after considering this matter very carefully, has decided that under the law, there is no authority for issuing permits for liquor for culinary purposes. In the further progress of your work, therefore, you may govern yourself accordingly.

"No further applications for withdrawal should be approved under permits outstanding."

FRENCH TELL OF OPPOSITION TO HUN PLANS

Berlin Government Is Blamed for Uprising in the Ruhr District

VIOLATION OF PEACE TERMS IS CHARGED

Failure to Carry Out Disarmament Clauses Paved Way for the Kapp Rebellion.

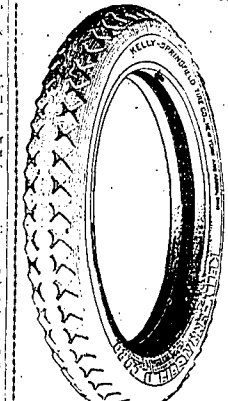

By the Associated Press. **PARIS, April 5.**—The attitude of the French government in the present German crisis is defined and explained in a note issued tonight. After reiterating that the government has no hostile designs toward Germany, desiring on the contrary the resumption of normal relations with that country and expressing realization of the difficult situation of the Berlin government, the note declares the German government has given way to pressure by the militarist party "not fearing to infringe the imperative and most solemn stipulations of the Versailles treaty."

The note continues: "The first request for permission for the entry of extra troops into the Ruhr district was made just after the insurgent movement by the military authorities on March 15. It was refused from Berlin on March 17, in the name of the legitimate government by Von Hindenburg who has remained in Berlin with the consent, at least implied, of the insurgent government.

"All information from the allied missions, and finally, the day before, from the high commission at Cologne, does not cease to show that German military intervention is invited for by the situation, and it would be attended with the gravest dangers from the point of view of security both for the population and the men in the field."

Would Be No Re-Retrocession

The note then points out that if the German government had carried out the disarmament clauses of the treaty there would have never been Kapp insurrection and the red army in the Ruhr district and remarks that "the high commission at Cologne, does not cease to show that Article 42 and 44 are such an important safeguard that Article 1 of the Franco-Anglo-American convention defines as a caucus leader those dispositions insufficient to assure the protection of Europe. It concludes: "The situation created by the abrupt offensive of the German troops in the Ruhr obliges the French government today to consider military measures the execution of which cannot be deferred. The sole object of these measures is to bring Germany to due respect of the treaty and they are expected to be permanent."

entirely of a coercive and precautionary character."

GOVERNMENT LOSES HEAVILY.—**BELLEVILLE, April 5.**—The government lost 200 men killed in fresh fighting in the triangle formed by Duisburg, Dortmund and Essen, according to official information given the correspondent this morning. Except in this triangle quiet gradually is being restored in the Ruhr district.

JOHNSON OPENS CAMPAIGN IN NEW JERSEY PRIMARIES

By the Associated Press. **NEWARK, N. J., April 5.**—Senator Hiram W. Johnson of California opened his New Jersey campaign for the republican presidential nomination with an address here tonight in which he renewed his attack on supporters of the peace treaty.

"Lots of people are having a change of heart on the treaty," he said. "They are now saying: 'Let us accept the reservations.' The reason they have come to this conclusion is that they don't want the people to pass on this infamous document, but in one way or another the American people are going to pass on it this year."

Senator Johnson referred to Herbert Hoover as "the candidate who is coming on all tickets."

PIONEER IN X-RAY IS CALLED BY DEATH

By the Associated Press. **NEW YORK, April 5.**—Dr. John A. Lee, known throughout the country as a pioneer in the use of the X-ray, died here yesterday. Death was due to burns suffered in experiments with the X-ray several years ago, when this agency was only slightly understood.

Dr. Lee established the first X-ray hospital department in the United States at St. Mary's hospital in Brooklyn. He received severe burns in 1905 and was forced to give up his work. He underwent several minor operations as the result of the infection and lost a finger by amputation. The disease finally reached his lungs and caused death.

WARRANTY COMPROMISE

By the Associated Press. **WASHINGTON, April 5.**—An appeal to the American people to support the proposal for an agreement between the Senate to vote for immediate entry of the United States into the League of Nations on the basis of the Lodge-McCumber compromise with remaining differences left for later settlement, was made public tonight in behalf of those who signed a similar appeal presented last week at the White House.

COUNCIL MEMBERS FAVOR LIGHT PLAN

Bids to Be Submitted at Next Meeting; Little Business.

The feature of the council session last night was consideration of a lighting system for this city. R. B. King, general manager of the Idaho Power of Boise company, formerly of the Twin-Falls office, addressed the members on the lighting proposition. Many new points were considered.

It was said that the city is in need of more illumination and the idea is to install a quantity of iron poles throughout the city. The cost of maintenance was discussed and it was estimated that each pole would cost approximately \$125 including all expenses connected with the project. This will be submitted at the next meeting.

After a short discourse on paying the motion picture formerly of the board and acted favorably upon to pave Elizabeth boulevard, also to level that thoroughfare.

Some discussion prevailed regarding the fire department. More details will be brought up at the next session concerning the advisability of floating bonds for motorized equipment.

In the opinion of the council it is thought probable that owing to the increased cost of bituminous paving material that \$30,000 will have to be raised by a bond issue rather than taxes. It may be put up to the public to decide whether they will put the issue over for a period of ten years or complete the payment in one year by increasing the taxes. The streets and intersections in the opinion of the council are in need of paving.

The council agreed to pay the upkeep of an automobile, pertaining to only the oil and gasoline, for a milk inspector if he will buy his own car. One is actually needed at present.

Mayor Eldridge is considering three men for the position.

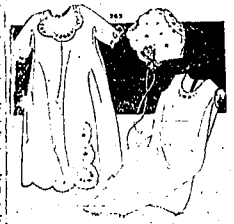

Severe conditions are causing worry in parts of this city and it is numerous instances they are said to be the source of contagious diseases. The council decided to remedy the cause in various parts, though in some instances the property owners are responsible and have agreed to arrange the matter satisfactorily. It is said the property owner will pay for the necessary expense and have the city engineer supervise the work.

Judge J. E. Davies is to have Judge J. H. Hartsch re-opened with him when three cases against the city are

called for hearing in the district court. They will come up for damage alleged to have been caused by breaks in the water main.

JOHNSON FORCE MEETS.—Members of the Johnson auto sales forces from all departments met last evening at the offices of the concern. This is one of the regular weekly meetings of the organization that were inaugurated about a month ago and which have proven exceptionally successful, according to John S. Green.

MOOSE LODGE MEETS.—The Twin Falls lodge of Moose met in regular session last evening. After the business session a social evening was enjoyed. Next Monday night 15 candidates will be initiated.
