## LEGION CONVENTION STARTS REAL BUSINESS WITH THE ADOPTION OF CONSTITUTION

**Reduces Number of Members  
of Executive Committee  
From 17 to 5.**

**DR. LINDLEY DELIVERS  
A SPLENDID ADDRESS**

**Twin Falls and Boise Posts  
Are Exonerated of the  
Charges Made by  
Downey Man.**

Designation of the number of delegates allowed in the convention, an address by Dr. E. H. Lindley, president of the University of Idaho and adoption of a new constitution featured the sessions of the American Legion yesterday.

**The Proxy Question.**  
A total of 28 votes can be cast in the convention. The session opened yesterday morning with the presentation of the report of the committee on order of business followed by the report of committee on credentials. This report urged the prohibition of the casting of proxy votes in any manner. This precipitated a debate that lasted for more than half an hour. It necessitated the only roll call that has so far been called for since the convention convened.

**Small Posters Position.**  
Necessity of small posters having the right to grant proxies was urged by a number of delegates. They stated that because of geographical conditions a number of the posts of the state will be unable to send delegates to far parts of the state. Practically no objection to the argument of the need of such action was given, but strenuous objection was made to the telegraph after the arrival of the holders at the convention. A motion to permit the use of proxies at this convention was defeated by a vote of 14 to 13.

**Bracken Gains Point.**  
Leo Bracken of Twin Falls, who had registered "no" on the issue, then moved that proxies, duly authenticated by the post which sought representation through delegates from other units and which had been given prior to the convening of the gathering be allowed. This motion carried by a practically unanimous vote.

**Exonerate T. F. Post.**  
A special report was presented by the committee on credentials on the charges that had been made by G. O. Hyde of Portland post of Downey that Twin Falls and Boise posts had paid their membership lists and that postal influence controlled these votes.

**Hyde Makes Apology.**  
This committee found that there was absolutely no basis for charges of political corruption among the delegates representing the two posts. It recommended that Mr. Hyde make an apology for these charges. This Mr. Hyde graciously did in a neat speech from the platform. The report and apology was then unanimously accepted by the convention.

**Dr. Lindley Talks.**  
Dr. E. H. Lindley, president of the University of Idaho, delivered the address of the convention at the opening of the afternoon session. Standing at his table, "The American Standard," Dr. Lindley painted a splendid picture, starting with the pre-war attitude of the American toward European standards in pre-war times, when American dependence upon Europe for culture had led to a similar dependence for moral standard, the speaker disclosed how the American standard had proved itself superior during the great war.

**Cites Chateau Thierry.**  
Moral standards, however, are indelible," asserted Dr. Lindley, "and grow out of particular conditions. Chateau Thierry and the subsequent victory of the allied armies was a triumphant assertion of the superiority of the American standard over the German. The American army embodied the American standard without being able, perhaps to understand it. The best standards find incarnation."

## WORTHWINE OF BOISE TO RUN FOR COMMANDER

With the state constitution of the Idaho department of the American Legion adopted and the number of officers that are to be filled definitely known, candidates for the positions commenced to make their appearance last evening.

O. W. Worthwine of Boise, whose candidacy for the position of state commander was endorsed at the last meeting of the John Hagan Post No. 2, yesterday entered actively into the campaign for the position. Mr. Worthwine's candidacy has been talked of ever since the convening of the convention, but active work in his behalf was not really started until yesterday morning.

Several ineffectual boasts for officers as authorized under the old constitution were dropped in the hot yesterday, when changes were made in the numbers. New boasts also were started by those who had not been active in the race.

## RED CHEVRON CONTAINS STORIES ON TWIN FALLS

Delegates to the convention of the American Legion, which is meeting here, have been the recipients of copies of the Red Chevron which is published in Boise. This is the second issue of the paper. The two leading stories in the paper this issue are on Twin Falls and on the convention. These are written by D. Harold McGrath. Several other stories pertinent to the service men now in convention here are contained in this issue.

## KANSAS WHEAT CROP 73 PER CENT NORMAL

**By the Associated Press.**  
TWIN FALLS, Idaho, April 8.—The Kansas wheat crop suffered April with an average condition of 73 per cent of normal based on the total of \$1,260,000 acres sown last fall, according to a report made today by the Kansas bureau of crop estimates. This is 28 per cent less than the very high average of 101 recorded the year ago. The report continues, "but only six per cent less than the average of 79 as estimated the last ten years on April 1. The 1918 crop showed a condition of 67 on the same date and the disastrous year of 1917 showed wheat condition as low as 45 on April 1."

## UNTRIFIED—MEET AS PER SCHEDULE

**By the Associated Press.**  
WATERBURY, Conn., April 8.—The democratic national convention will be held in San Francisco, according to Homer S. Cummings, chairman of the democratic national committee. He made this declaration here tonight when he was shown a dispatch saying it was proposed to hold the convention in Oakland, across the bay. Mr. Cummings said:

"There is always a certain amount of dissatisfaction and complaint at the annual picnic of the republican service which would effect the level or alter the marginal limits of Lake Tahoe on the Nevada California boundary, were the Nevada state to Secretary Payne by Senator Phelan, Representative Raker and Attorney General Webb of California. Secretary Payne said no request for an appropriation for this project would be asked until the legal aspects of the question had been decided."

## TWO STATES QUARREL OVER LAKE CONTROL

**By the Associated Press.**  
WASHINGTON, April 8.—Fraternal animosity between the republican service which would effect the level or alter the marginal limits of Lake Tahoe on the Nevada California boundary, were the Nevada state to Secretary Payne by Senator Phelan, Representative Raker and Attorney General Webb of California. Secretary Payne said no request for an appropriation for this project would be asked until the legal aspects of the question had been decided."

Before leaving office, Secretary Cummings announced that he would have an original suit instituted in the supreme court to settle the conflicting claims of the two states.

## UTAH SWITCHMEN JOIN STRIKE

*Mexico, Too, Is Up on Toes Over Coming Election*

Yencelia Bonillas, ambassador to the United States and candidate for the presidency of Mexico, received great welcome during his trip from Laredo, Texas. Great crowds lined his train and the reception given him at Mexico City was the biggest of the kind since the welcome accorded President Madero in 1911.

## NAVY'S HOPE LIES IN CIVILIAN HEAD

**Commander-in-Chief of Atlantic Fleet  
Disagrees With Admirals  
Made by Sims.**  
**By the Associated Press.**  
WASHINGTON, April 8.—Admiral H. B. Wilson, commander-in-chief of the Atlantic fleet, disagreed today with many of Rear Admiral Sims' criticisms of the navy department's conduct of the war. Before the senate investigating committee, he actually declared the active fleet never was better prepared for war than in April, 1917; the department wholeheartedly and energetically co-operated with the allies from the moment war was declared and "full and complete plans" were prepared to meet a German naval offensive.

"The navy's accomplishments in the war, the admiral said, "deserve the commendation of the nation" for they were so stupendous as to make "relatively unimportant" any mistakes. Five days after the United States declared war, he said, Rear Admiral Sims' representatives of the allied admirals that the United States navy would do whatever they suggested as best for the common cause, the witness said, and plus then agreed on were immediately placed in effect. At that time, he asserted, the foreign officials did not "express any dire need or urgency" for naval assistance.

On cross-examination the admiral suggested that greater authority and responsibility be given the chief of naval operations, but said that he would not have that official encroach on the authority of the secretary of the navy, for, he added, "the navy's salvation is to have a civilian at the head."

## PENROSE UNOPPOSED IN PENN PRIMARY

**HARRISBURG, Penn., April 8.**—Pennsylvania's period for filing nominating petitions for printing of names on the ballot for the state primary on May 13 closed tonight. Tonight, United States Senator Boies Penrose, who is unopposed for republican nomination. Attorney General Palmer, democrat, and Edward Handolph Wood, Philadelphia, republican.

Practically all of the candidates for republican nomination and for democrat are unopposed, although four candidates, one of them Mrs. Mary Roberts Rinehart, authoress, Pittsburgh, have been put forward for delegates at large by the wood league. The state elects 12 delegates at large.

**PRINCE SAILS FOR HONOLULU.**  
SAN DIEGO, Calif., April 8.—The British cruiser Renown started away from its berth off Coronado shortly after 6 o'clock tonight, carrying Edward, Prince of Wales, towards Honolulu, the next leg of his trip to England, there caused intense excitement in the Mexican quarter here tonight.

## STILLED HOPES WILL REST IN SHRINES OF GREAT LOVE

**By the Associated Press.**  
NEW YORK, April 8.—Bringing from Southampton, England, bodies of 84 American soldiers who died in the service of their country on foreign soil, the army transport Nansetown docked here today, her flag at half mast.

The bodies were those of enlisted men, most of whom died during the war at aviation and bag camps in Great Britain.

From this part they will be shipped within a few days to virtually every state in the union. Each body, enclosed in a metal-lined, flag-draped casket, will be accompanied by a soldier guard—made up as far as possible, of men who served in the same organization as the deceased. These guards of honor will remain with the bodies until the earth finally closes over their former comrades. Then they will return to the base to make the funeral report that will officially close the record of those who, when their country called, responded to the limit of their power.

## SCIENTISTS AIR THEIR TROUBLES

Trustees of Publishing Company Enter Court to Head Off Intended Troubles.

**By the Associated Press.**  
BOSTON, April 8.—A bill was filed in the Massachusetts supreme court today by Herbert W. Eastman, and other trustees of the Christian Science Publishing society seeking a temporary injunction to restrain Luther H. Goodrich of Brookline, and other members of the First Church of Christ, Scientist, from "taking further action intended" to interfere with them in the discharge of their duties or to compel them to resign their offices as trustees of the society. The bill alleges that the defendants have entered into a plan and conspiracy for the purpose of nullifying the effect of the decision of Judge Dodge master in the suit of the trustees against the directors, in favor of the plaintiffs. It is alleged that the defendants have conspired since the decision of the master was filed.

It is charged that the defendants in pursuance of the alleged conspiracy have undertaken to procure the cancellation of subscriptions by Christian Scientists to the periodicals of the society, have interfered with employees to hinder, delay and prevent the publication of periodicals on their appointed dates and have sent out false and misleading statements regarding the administration of the trust by the trustees.

## WANT CONTRACT ENFORCED

**DENVER, April 8.**—Denver building contractors filed suit for an injunction and damages in the district court today against the carpenters, lathers and plasterers' unions, now on strike. The action is intended to compel performance of a building trades agreement.

## OBREGON IMPRISONED?

**EL PASO, Texas, April 8.**—An unverified report from Mexico City that General Obregon had been imprisoned there caused intense excitement in the Mexican quarter here tonight.

Each body, enclosed in a metal-lined, flag-draped casket, will be accompanied by a soldier guard—made up as far as possible, of men who served in the same organization as the deceased. These guards of honor will remain with the bodies until the earth finally closes over their former comrades. Then they will return to the base to make the funeral report that will officially close the record of those who, when their country called, responded to the limit of their power.

## MYSTERY CASE IS ON IN DEADWOOD

Accused Woman Claims Mother Crawled into Furnace and Burned to Death; a Suicide.

**DEADWOOD, S. D., April 8.**—Testimony intended to show that Mrs. Hilda Neamy, for whose murder Mr. and Mrs. George Seale are on trial here, had brooded over a lawsuit and was mentally unbalanced, was introduced today by the defense.

Taking of testimony is expected to be completed tomorrow and attorneys said the case might go to the jury tomorrow night.

Mrs. Seale, daughter of the dead woman, underwent a cross-examination today at the hands of the prosecution. She said her mother had worried about a lawsuit and several days before her body was found in the furnace of the home in Deadwood, she told her that Christmas would be a sad one for the family.

John Neamy, a son of the dead woman, also testified that Mrs. Neamy had indicated her desire to die. He said that his mother told him just before he was sentenced to jail for a minor offense, that he would never see her alive again.

Other witnesses were called to testify in regard to the dead woman's mental condition, some of them testifying that she brooded and others that they could see no appreciable change in her mentality.

The defense maintains that Mrs. Neamy ended her life by crawling into the furnace. The state contends that she was murdered and that possession of her money and property supplied the motive.

## ENTER BRITISH ZONE

**By the Associated Press.**  
WASHINGTON, April 8.—Refugees from the German communist forces are entering the British zone of occupation around Coblenz in large numbers, the state department was informed today. More than 5,000 were discharged and interned Tuesday and reports were that at least 15,000 more were expected yesterday.

## INSURGENTS MAKE CLAIMS OF BIG GAINS

**Regular Union Leaders Strive  
Hard to Provide Men to  
Break Walkout.**

**WORKING FORCES ARE  
SAID TO BE INCREASING**

**Believe Men Involved in Shop-  
men's Strike at Ft. Wayne  
Will Soon Return to  
Their Places.**

**By the Associated Press.**  
OGDEN, Utah, April 8.—About 150 switchmen employed by the Ogden Union Railway and Depot company, which operates all the terminal facilities of the Southern Pacific, Union Pacific and Oregon Short Line railroads, went out here at 7 o'clock tonight. The members went into session to frame their demands which will be presented to the officials tomorrow. The meeting will undoubtedly last the entire night, according to members who attended the meeting.

**SALT LAKE CITY, Utah, April 8.**—The strike of engineers and switchmen affected 25 men in Salt Lake City at midnight. The Oregon Short Line reported that 200 men failed to report for duty for the early morning shift. At the Denver and the Grande, which also does the switching for the Western Pacific, 15 men failed to report at midnight. The Oregon Short Line men are also doing the switching for the Los Angeles and Salt Lake railroad.

**FROM COAST TO COAST.**  
CHICAGO, April 8.—While leaders of the insurgent strike of engineers and engineers tonight confirmed that their strike had spread from coast to coast and involved some 25,000 men, officers of the unions who have condemned the walkout after taking stock of the situation said that the bulk of the trouble had passed.

The reports from nearly a score of cities where the insurgents struck, union officers said, indicated that about 15,000 men had been affected directly or indirectly, including 8,000 in Chicago where the trouble started several days ago.

**Union Leaders Fail.**  
Union leaders today failed in their efforts to win over any considerable number of the strikers, but tonight said various groups had returned to work and that they saw signs of weakening among the men who, they said, would be brought back to work in a few days for lack of funds.

Vice President A. F. Whitney of the Brotherhood of Railroad Trainmen, who testified that President E. Heberling of the Switchmen's Union of North America, in predicting that the strike would be broken within the next two days, said that the spread of the insurgent uprising in other cities was only a natural sequence of the movement.

**Grains Is Confident.**  
John Gryman, leader of the rebel yardmen's association, avowed that the walkout was growing hourly and that the men would not return to the fold of the paragon union.

Gryman was quoted from the brotherhood during the war for alleged pro-German utterances, according to one of the brotherhood officials.

Chicago packers tonight said that no serious shortage of meat was in sight and while reports were made of small supplies of cold at various places it was said tonight that means would be found to take care of the more urgent demands.

**Working Force Increased.**  
Railroad men tonight said that more men were at work in the Chicago yards than at any time since the strike started and that methods of handling cars and detouring com-

## CAN REINSTATE LAPSED INSURANCE

Word Received From Washington Insurance Bureau Concerning Is Enacted.

Word has been received at the home service bureau of the Red Cross from Director R. G. Timoney Jones of the bureau of war risk insurance that the insurance division of the bureau is virtually at the end of its period of congestion. The letter stated that all ex-servicemen wishing to take advantage of the liberal provision for reinstatement must make a two months' payment with the application and a satisfactory statement as to health.

During the month of March \$25,000 worth of insurance was converted through the local department of the home service bureau, it is said.

All U. S. insurance lapsed more than 18 months can be re-instated. The time limit has been changed until July 1.

## VACANCIES IN S. L. RECRUIT DISTRICT

Army Branches Open for Infantry, Motor Transport Corps and Air Service.

Two vacancies exist in the general recruiting service, according to Sergeant Crowley, in charge of the local army recruiting station. The openings are in the Salt Lake district. Men were honorably discharged as uncombined officers only are eligible for the posts, it is said. Included in the compensation is commutation of rations, light and quarters.

Men will be accepted for three year enlistments in infantry organizations serving in the United States, Panama or Alaska, also, general assignments for the Mexican border service in several divisions. According to Recruiting Officer Crowley, the motor transport corps will accept men who have had no special training in that line and after completing their school work they will be allowed to select their own station.

Tank corps recruits will be sent to Camp Meade, Maryland and Virginia for training. It is said that men showing proficiency in mechanics can secure three year enlistments in the air service. Those who can show a certificate from a mechanic school will not be required to pass the examining test.

The chemical warfare service branch is reported filled.

## BUHL SPEED LIMIT 15 MILES AN HOUR

Council Authorizes Marshal to Arrest and Punish All Violators of New Statute.

TWIN FALLS, April 8.—At a meeting of the city council a speed limit for automobiles within the city was set at 15 miles per hour. The marshal has full power to enforce the new ruling. A change in the auto parking rule was made so that auto will now park head in instead of the old way of backing in, as it has been discovered that the time and trouble of backing in was less advantageous to traffic than the new method.

The Misses Edith and Carol Mason were hostesses at a dinner party recently. The house was decorated with Easter season flowers and greetings. ## Society

The ladies of the auxiliary of the Twin Falls Post No. 7 entertained at a 1:30 luncheon yesterday afternoon at the Loggerson hotel for the visiting ladies attending the American Legion convention. The table had a large knot and little heart shaped red, white and blue candy boxes and place cards of the same were the novelties of the luncheon. Mrs. Boyd gave the welcome address; Mrs. C. C. Siglinis gave a welcome address for the War Mothers; Mrs. T. R. Irwin gave a talk explaining the War Mothers and the Auxiliary and their connection with the legion; and Mrs. John S. Green, chairman of the entertainment committee, gave a most delightful after-dinner story. The guests were Messdames McLeod, Spengler, Albert, Hanker and Helen Morgan.

The visiting ladies of the American Legion delegation were entertained Wednesday evening with a theater party and dinner afterwards by the ladies of the Twin Falls Post. The committee in charge of the entertainment were Messdames John S. Green, Carl DeLong, C. C. Siglinis, T. O. Lloyd and Taylor Cummins.

The Twin Falls American Legion Post gave a most delightful dancing party last evening at the Loring Hotel. The hall was decorated with flags. There was a large attendance and an enjoyable function.

Mrs. E. B. Moehman entertained in honor of her son, Allen, who celebrated his ninth birthday. The home was beautifully decorated in red, white and blue. Games were played in the home and husband was enjoyed on the lawn. A two course luncheon was served. On each plate a tiny house with a gay flag floating over the top was placed for a souvenir. A large birthday cake with nine candles graced the center of the table. The guests were as follows: DeVanville, Hoderick White, J. D. Gibbs, Frank McAtee, Herman Gray, Glenn Moon, Laughton Nelson, Jack Gray, Ray Moon.

The Mountain View club held its regular meeting Wednesday afternoon at the pretty new home of Mrs. Phoebe Prince. There were sixteen members and seven visitors present. A pleasant afternoon was spent by all. Refreshments were served by the hostess assisted by her daughter, Velma and Alice. The next meeting will be on all day gathering at the home of Mrs. Ruth Gamble, April 21. A large attendance is desired.

## RIVALS ROAR IN GEORGIA MEETING

Two Sets of Delegations Are Named to Republican National Convention.

ATLANTA, Ga., April 7.—Two sets of Georgia delegates were elected today to the republican national convention and will make a contest there for recognition.

The break came after turmoil in which Pickett, Chief Deacons, took a hand on complaints of articles in the state capital where the meeting was held. One of the factions, headed by Roscoe Pickett, state chairman, elected four delegates at large instructed for Major General Leonard Wood.

The other, headed by Henry Lincoln Johnson, negro, formerly collector of internal revenue here, and C. P. Goree, a lawyer, of Atlanta, elected uninstructed delegates.

The meeting was called for noon in the house of representatives, but two hours before that time the Pickett element arrived and proceeded to do business behind closed doors. Arriving to find themselves barred from the convention, the Johnson-Goree faction, pounded the doors, creating much excitement that the police were called. Governor Dyer decided that

the hall should be opened to all. The Pickett followers explained later they had intended to open the doors at noon.

Shouting and shoving, the Johnson-Goree faction marched into the hall, and proceeded to take chairs. Then Johnson himself took the platform, called the meeting to order and tried to make a speech against factionalism, but was almost drowned out by a chorus of shouts. Finally the two factions held separate meetings in the same hall and elected their respective delegates.

Delegates at large elected today follow:

Pickett faction: Clark Greer, Atlanta; Charles Adamson, Cedarhurst; A. J. Tillson, East Lake; Dr. G. P. Washington, negro, Waynesboro.

Johnson-Goree faction: C. P. Goree, Atlanta; H. J. Johnson, negro, Atlanta; J. H. Watson, negro, Albany; and B. J. Davis, negro, Atlanta.

Both sides announced they had elected individual district delegates in each congressional district. The Pickett delegation being pledged to Wood and the other uninstructed.

Pickett was chosen an national committeeman and Greer as state chairman by the Pickett followers, while Johnson was selected by his element as national committeeman with Goree as state chairman. These officers also are expected to be decided finally by recognition at the Chicago convention.

TWO CUTTERS GO TO RELIEF OF DISABLED STEAMER MYSTIC

By the Associated Press.  
BOSTON, April 8.—The coast guard cutter Osage from this district and the Seminole, on duty off the Newfoundland coast, were ordered tonight to the assistance of the steamship Mystic which was reported with her boilers disabled in the Gulf of St. Lawrence. The Mystic left Avonmouth for New York on March 21.

ARGENTINE LIKES OWN DANCE.

By the Associated Press.  
Buenos Aires.—The Argentines have retained its affection for its national dance, the tango, despite the introduction of American "jazz" music and syncopated melodies in the program of Argentinian balls and dances. This was shown during the balls held in a recent carnival when tango tunes outnumbered the fox-trot and one-step in a proportion of three to one. Several American writers, however, are very popular. The Argentines call the syncopated music "Yanqui" tunes. Some native musicians have grown rich composing tangos. One of the most popular here is called "Pan y Agua" (bread and water). The title of another is translated as "Flower of the mud."

### THE PLATFORM HEROES.

Who was the greatest hero of the war, on the American side?

The country generally has acclaimed Sergeant Alvin C. York of Tennessee for this role. The sergeant, a modest man and a religious, has admitted the impeachment, and on the strength of it he is now touring the country making lectures, the proceeds of which, it is said, he gives to Tennessee charity.

Now comes one Mike Donaldson, likewise a sergeant, a veteran of the Fighting 69th. Mike insists that he is not only a better fighter than Sergeant York, but also a better talker, and he challenges the Tennessean to a public debate on the merits of their respective claims to supreme heroism, the public to decide the question.

If, as seems from Donald's first name and his connection with the Fighting 69th, the challenger is an Irishman, Sergeant York's friends will do well to dissuade him from accepting the impetuous challenge. The public never could decide upon the real qualities of hero service by virtue of hearing the fighters debate, but there is little reason for doubting that Donaldson starts out with a big advantage. Aren't all Irishmen good debaters, and aren't all Irishmen real fighters?

### REFORMED TOO LATE.

A Chicago father groans in anguish as he buries his son, and a mother weeps beside the new grave of her first born, killed by that father's well-meant bullet. The boy died with a plea for forgiveness for the father who had shot him, as all agree, to save him from becoming a gang bandit.

A common laborer and a foreigner, this father was heart-broken by the insistence of the wayward youth in traveling the road to crime via the corner gang. Prayers and pleadings were unavailing, scoldings only added sullenness to the boy's persistence. The father, determined that his boy should be saved to become a good citizen, delivered him bodily to the police. He was sent to a boys' home, only to be freed at the insistence of the mother, loving but weak.

Two weeks ago, the father, finding sleep impossible while the boy was engaged in he knew not what deviltry, set out on a search. Finding the son among a gang of young law-defiers, he sought to take him home. Then shooting resulted and the boy died, the result of a father's effort to save not only his life but his soul.

Mothers may condemn, but fathers everywhere will but pity this parent. No one knows what he now suffers; what he

has suffered. And how is he to know that he began too late to save a boy's soul?

Not after the boy joins the gang, but before, the father should make his mark upon him. Not after the lad has tasted the poison of police-baiting, but before, the wise father will reach his boy's heart and mind.

### NAVAL PREPAREDNESS.

Admiral Mayo, who commanded the Atlantic fleet during the war, takes issue with Admiral Sims as to the fitness of the United States navy for that struggle. He makes the flat statement that the American sea service was never better prepared than when war was declared. He amplifies that statement by adding that we were as well prepared as England was when the war broke out.

While some, upholding Sims, dispute this, perhaps it is not far from the truth, but the truth is the statement is not very creditable either to England or to ourselves. For the British navy was notoriously not ready when the war broke out in 1914, strange as it may seem to have caught John Bull's navy unprepared.

As Sir Percy Scott has shown, only ten British warships were fitted with the system of director firing for their heavy guns and on no ship had the same device been installed for the six-inch guns. The admiralty had fallen into the error of regarding the submarine boat as nothing more than a toy. The navy was short of surface craft to hunt the undersea boat. And, as they afterward found out, the English guns had a far shorter range than those of the enemy, and German shells had more penetrative power.

### DIMES FOR MARNE MONUMENT.

The other day a California high school pledged a subscription to the Marne memorial which is to be a gift from the people of this country to France. The student body agreed by a standing vote to pay an assessment of one to ten cents per student. This is a typical and commendable example.

It is part of the plan for the memorial that many small subscriptions shall be sought rather than a few large ones. It should be a very simple matter to obtain subscriptions which would quickly cover the cost of the monument, but that would rob the gift of its savor, and would mean that the few instead of the many would share the joy of giving.

The idea in itself is a beautiful one, and the American people, especially the school children, are working for it with enthusiasm. But not the least valuable result is the recognition of the effect of many small sums in making a large amount. This gives a renewed dignity to bits of money which in these spendthrift days have fallen into poor reputé.

Labor unions which fulfill their contracts in letter and spirit can effectively advocate the right to collective bargaining. But of what avail is talk for such a principle from one who advocates violation of the very bargain made collectively?

## GOLBY'S SPEECHES COME TO PLAQUE

Irish Pickers Print Words of Secretary on Plumber Street Banners.

By the Associated Press.  
WASHINGTON, April 7.—Barrage banners inscribed with quotations and to be taken from a recent speech by Secretary Golby, the Irish pickets today transferred their activities from the British embassy to the state department.

During the business hour of the afternoon, the pickets presented to the gaze of homebound hand workers banners bearing the quoted inscriptions:

"There is not even a scintilla of legality in England's claim to rule Ireland."

"The death of your martyrs has called into existence millions of Irish by principle."

"I cannot stand by quiet and passive while these native offerings are laid on the altar of patriotism."

The banners bearing said statements attributed to Secretary Golby were taken from his address at Carnegie hall, New York, May 14, 1916.

At the end of an hour, the pickets withdrew to their headquarters. A squad of police appeared on the scene as soon as the banners were erected, but no effort was made to interfere with the picketing.

Resumption of the patrol in front of the British embassy has been definitely postponed until after the next Monday of the four pickets now under arrest. Arraigned before United States Commissioner Richardson, the quartet was released on \$1,200 bail each, after pleading not guilty to a violation of section 4052, revised statutes, in having "voluntarily and publicly and by violence the person of his excellency, the counselor of the embassy and charge d'affaires of Great Britain, the Hon. Ronald C. Lindsay."

One of the four prisoners was pronounced "insane" after her release from detention.

"Just an attack on woman's nerves" her colleagues said.

None of the women offered any complaint against the food and lodging afforded them at the house of detention. "Plenty of Irish potatoes, they said, were offered, from best Irish, Hungarian, southern and New England family dinner."

The state department refused to comment upon the new system resulting from the transfer of the patrol from the embassy to the doors of the department.

### FRECKLES

March Brings Out Unsightly Spots—How to Remove Easily.

The woman with tender skin dreads March because it is likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind, Othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin and white. No matter how stubborn a case of freckles you have, the double strength Othine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails.—Adv.

### IF BACK HURTS

BEGIN ON SALTS

Flush Your Kidneys Occasionally If You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood then you get sick. Nearly all rheumatism, headaches,

live trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders, come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irritable of passage or attended by a sensation of swelling, get about four ounces of Bad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Bad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

### PADGHAM IS NAMED HEAD OF YOUNG MEN REPUBLICANS

H. A. Padgham, of Gooding, Idaho, recently appointed state chairman of the Young Men's Republican club of Idaho, by National Committee Chairman Kinney, at the request of the state chairman of the republican organization, attended a called meeting of the club at Twin Falls last evening. Routine matters were discussed and Floyd C. White of Idaho, who has been succeeding with the organization of the club pending the appointment of the state chairman attended the meeting and turned over to the new chairman the records and files of the organization.

The meeting was then adjourned subject to the call of the chairman.

# FORD PUTS CASE UP TO SENATORS

Urges Immediate Investigation of Election Charges by Committee From That Body

By the Associated Press.  
DETROIT, Mich., April 8.—A telegram urging an immediate and thorough investigation into the charges of fraud in connection with the Newberry-Ford senatorial campaign in Michigan was sent to the United States senate election committee by Henry Ford this afternoon.

That the investigation is particularly urgent now because of counter charges "growing" out of the recent Newberry trial "that I also extended large and unlawful sums" was the contention of Mr. Ford.

"These charges are being published broadcast," the message stated. "For more than a year I have urged this investigation and now I appeal to you personally to order the immediate taking of testimony."

The election committee, which already has ordered a recount in the Michigan senatorial election, is scheduled to meet Friday.

# LEGION CONVENTION STARTS REAL BUSINESS

Continued From Page One.

In the strongest majority—best physique, best brain, highest efficiency and finest courage.

Outlines Principles.

The principles embodied in the American standard were outlined by the speaker as: first, soldierly obedience to law—recognition of necessity of law, but self-government, second, the obligation to treat persons as persons and never as things, and third, the treatment of persons not as they

are, but in the light of best possibilities.

"The American tradition represents the matured concepts and application to government in contrast with which bolshevistic theory and practice is immature," declared Dr. H. H. Harkness, "The statement of the American Standard in the relations is a long and difficult process but it conceivably the best prospect which democracy now possesses."

Following the address the convention took up the report on constitution and by-laws. The constitution alone was submitted yesterday afternoon, the by-laws being made the first order of business when the convention convenes this morning.

Major Important Changes.

Consideration of every article proposed was thoroughly discussed before adoption. Several radical changes from the former constitution were registered. In place of the large, cumbersome executive committee of 35 as provided in the old time constitution, the new one calls for the election of a department commander, and four vice commanders, one to be elected from the first congressional district and two from the second. The commander will appoint the adjutant-general officer with the advice and consent of the executive committee.

Dues Question Today.

Questions of dues will be settled to day when the committee on budget and state dues, of which John McEwen of Wallace is chairman, will report. Need of sound dues upon which to work in addition to the experience of the officers, according to the report of Adjutant-General Officer LaVerno Collier.

The committee on resolutions spent all of yesterday considering proposed changes. This committee will make its report this afternoon.

Will Hold Night Session.

Plans to conclude the convention by a 4 o'clock kitchin supper have been abandoned and arrangements have been made for the holding of a night session in the Elks hall. Officers will be selected as the concluding business of the gathering.

Last evening the state officers of Twin Falls entertained the state officers at a dinner at the Rogers hotel. Last night the evening session was crowded at a dinner given in honor of the visiting delegates.

# PROBE FOR CAUSE OF AIRPLANE FIRE

Blaze Destroys Liberty Motors, Planes and Other Army Property at Dallas, Texas.

By the Associated Press.  
DALLAS, Texas, April 8.—An official investigation has been ordered to determine the cause of an early fire at the aviation repair depot near here today, which destroyed five of the main buildings, more than 30 army planes, several hundred Liberty motors and much other army property, with an estimated loss of more than \$1,000,000.

The fire, which broke out at 10:30 p.m. today, started at a shipping platform and spread rapidly to the buildings before being controlled. The buildings destroyed were the supply warehouse, paint house, heater house, vulcanizing house, and the "quarantine" department. Ninety thousand yards of the main house, used in repairing airplanes, were also destroyed. The loss of \$150,000 per year, was included in the stores destroyed.

The airplanes destroyed were several which had been sent over to the front lines in France. Two German bombers had been repaired, and were ready for a return trip to their home station at American, Ga.

# LAST RED CENTER AT ESSEN FALLS

Trail of Murder and Last Marks  
Cause of Bolshevik Deaths  
in Germany.

By the Associated Press.  
ESSEN, April 7.—The last important red center fell into the hands of the government troops yesterday afternoon after severe fighting in the suburbs. The reds made their last stand on the canal, but when the Bolsheviks charged on both flanks the reds broke and fled. Some of them surrendered their arms at the city hall during the retreat, while others threw them away.  
Mareus, the notorious murderer of Munich hostages, was killed. The reds have started breaking up into small marauding parties.  
Heavy fighting is still in progress in the rural communities in the neighborhood of Essen, where the material damage is said to be considerable.  
During the last few days the red rule in Essen degenerated into indiscriminate looting.  
More details now are available of the earlier atrocities, notably the cold-

blooded murder of a lieutenant and 20 men who hoisted a white flag tentatively defending the pumping station.  
According to the Lokal Anzeiger the Russian Bolsheviks Hudek and Lasse attacked the red central council at Dortmund Monday and ordered the reds to fight in the latter end, the result being wholesale looting of villages, where the workmen were turned upon the reds. Many persons on both sides were killed or wounded. The losses of the Bolsheviks up to Sunday are given as 170 killed, 340 wounded and 123 missing.  
According to the Freiheit, the working men at Elberfeld have organized armed guards against the marauding red bands. Hundreds of the disintegrating red army, fearing the "white terror" took refuge in the British occupied zone where they were dispersed.  
The Freiheit also complains that several executions by the Bolsheviks will continue, notwithstanding the agreement to the contrary.

## ITALIAN UNIONS ORDER A CESSATION OF STRIKES

By the Associated Press.  
ROME, April 8.—The general federation of labor and the socialist party leaders last night ordered a cessation of the general strike proclaimed in Bologna, Florence, Leghorn, Modena, Spezia and other places, fol-

lowing a clash between police and workmen near Bologna in which seven workmen were killed and several injured.  
The strike was declared by local unions without authorization of the confederation and the workmen. Attempts to bring about order in Rome, Milan and other large cities failed.  
Three workmen were killed in a fight with the police near Modena Wednesday.

## SOLDIER KILLS NURSE WHO NURSED HIM TO HEALTH

By the Associated Press.  
BOULOGNE, April 8.—Crime, which has been rampant in France since the war, has afforded an instance of peculiar turpitude in the case of Maurice Ducloux, a former soldier. On March 12 at Abbeville, he murdered a woman, who as a Red Cross nurse had cared for him when

wounded. The victim was Madame Bonjour, wife of the head of the bar in Abbeville. She was killed by Ducloux and then robbed.  
Ducloux has just been arrested. His home at Talence, a suburb of Bordeaux, was searched and police which belonged to Madame Bonjour was found there.

## SYRACUSE GIRL MAKES GOOD HER ESCAPE FROM CRIME

By the Associated Press.  
SYRACUSE, (Theopolis), Crimea, April 8.—After two years of hardship and adventure in Siberia, Mrs. Elizabeth Hollinger, of Syracuse, N. Y., has made good her escape through the south Russia zone of hostilities to the American Red Cross here. She is one of thousands of refugees now crowding the shores of the Black Sea, seeking an exit through Russia's back door.  
Mrs. Hollinger, who has resided

for 20 years in Russia, was living at Kiev when it was occupied by the Soviet army. She left her home, staying in the day time in a local cemetery, and at night visiting the dwelling of humble friends, who secretly provided her with food. Eventually she was discovered and arrested, but on account of her nationality was released, though forbidden to leave the region.  
Conditions were unbearable, so she escaped at the first opportunity and traveled west, suffering from cold and hunger, to Yekaterinodar, and thence walked to Novorossisk, where she was cared for by the Red Cross. She was at that time in a state of almost complete exhaustion, numbed with cold and half starved.

## TWELVE ARE KILLED IN EXPLOSIONS IN FRANCE

CAMBRIA, France, April 8.—(Haven).—The explosion in which

## Grain

**By the Associated Press.**

**CHICAGO**, April 8.—Reports that prominent traders might be indicted for charges of criminal manipulation of grain markets had a bearish effect today on the corn market. Traders looked for the price to be lower than it was in the week ending May 14 to 16 and July 14 to 16. Oats finished 1-4c off to a like advance and provisions down 25 to 40c.

A general investigation of an alleged corner in the wheat delivery corn attracted more attention at the opening today than at any previous time. The fact that several of the biggest speculators mentioned as the individuals alleged to be given particular notice, large, the bearish sentiment they considered was temporarily offset by the government report pointing to a smaller yield of winter wheat than had been looked for.

## FLOOD IS OPPOSED TO PEACE BY RULE

**Republicans in the House Hope for Vote on Resolution Same Time Friday.**

By the Associated Press.

**WASHINGTON**, April 7.—Final determination was reached today by republican leaders in the house to bring to a vote in that body late Friday the resolution to declare the state of war with Germany at an end. A special rule reported today by the rules committee, provides for six hours debate on Thursday and five hours on Friday, after which the passage of the resolution may offer only a motion to reconsider.

Completion today of the minority report presenting views of democratic members of the foreign affairs committee on the resolution cleared the way for the long debate. The resolution of the House, ranking democratic member of the committee, presenting the minority report, challenged the power of congress to bring the war legally to an end and characterized section 5 of the resolution as "an attempt to preserve ourselves out of the wreck of America's rights which have been so outrageously surrendered in former sections of the resolution."

"From whatever angle this resolution is viewed," he continued, "it presents itself as a proposition not only ineffective in achieving its proclaimed purpose, but as a sure method of continuing our foreign relations, injecting new and complicated questions into an already difficult situation and involving a surrender of American rights and an impairment of American prestige and honor."

The minority report took particular exception to the statement in the resolution's preamble that the president had informed congress the war was at an end.

"At no time and under no circumstances has the president made any such assertion," the report said. "It is true that, on the signing of the armistice, the president, in the course of an address to congress, used the words 'the war thus comes to an end,' but he spoke of actual hostilities as everyone knew, and not of the technical state of war. It takes a treaty to end a war."

"The authors of the resolution, and the members of the committee on foreign affairs who voted for it, knew that this was the case. By quoting this statement of the president as the basis for the resolution, the authors of the resolution lay themselves open to the charge of maliciously misquoting practice."

"The supreme court recently declared that what the president said does not announce the legal termination of the war. The report declared, citing the decision in the Kentucky distiller case."

Representative Flood asserted that sections of the resolution restricting trade with Germany or seeking to restrict the powers of congress, but citing many authorities to sustain his contention that "so far as it seeks to direct the president to issue a proclamation to the German government, it contravenes upon 'by treaty-making powers and is not within the power of congress."

# LONE BANDIT BINDS CREW OF MAIL CAR

Rifles Mail on Santa Fe Train  
and Makes Getaway  
in Safety.

COMPELS ONE MAN TO  
BIND FOUR COMPANIONS

Leaves Train at Kansas City  
Suburb and Makes Escape.

Police Engage in  
Man Hunt.

By the Associated Press.

KANSAS CITY, April 8.—The mail car of Atchison, Topeka and Santa Fe railroad train No. 9, Chicago to Kansas City, was robbed by a bandit between Lexington Junction and Kansas City tonight. No estimate of the amount of loot obtained was available.

Bandit Boards Train.

The bandit boarded the train at Lexington Junction, Mo., 26 miles east of here. Entering the mail car, he carried a revolver, he forced four of the five mail clerks to lie face downward on the floor, and compelled a fifth to bind them. He then bound the fifth man himself and proceeded leisurely to rifle the registered mail.

Leaves Train at Suburb.

The bandit left the train at Sheffield, an industrial suburb of Kansas City.

No inkling of the robbery was obtained until the train reached Kansas City, where the five clerks were found bound.

Police in Hunt.

Motor cars of police armed with riot guns were sent immediately to the spot where the bandit left the

train and are proceeding to search the Cleveland woods. Other police are watching all roads leading to the city. Postoffice officials act to work immediately in an effort to check the registered mail to determine the amount obtained by the bandit.

Estimates of the amount taken by the bandit were unobtainable late tonight.

Employees at the central postoffice, on the night force, however, said that the train the last three nights has carried registered mail of unusually high value, due to the fact that express companies have been curtailed by the strike of Chicago switchmen.

This registered mail has on previous nights in that period consisted largely of currency and bonds, they said.

At San Wayne the strike of 2,200 employees shopped which had no connection with the switchmen's walk

out, was believed settled, while at Cleveland the men failed to vote, on a strike at a meeting and at Sheridan, Wyo., the men decided to remain at work and send a delegation to Chicago to aid in breaking the strike.

Yardmen on all but two roads at Memphis are on strike. If they their demands are not granted, day if their demands are not granted.

Congress Will Inquire.

WASHINGTON, April 8.—Congress will inquire today after the strike of railroad employees which, starting at Chicago, have spread to half a dozen cities from the Pacific to the Atlantic.

Senator McCormick, republican, Ill., introduced a resolution authorizing the interstate commerce committee to investigate the strike which, starting at Chicago, have spread to half a dozen cities from the Pacific to the Atlantic.

The resolution proposed an investigation of any existing strike of railroad employees not authorized by the leaders of the railroad workers' union, Senator Pomeroy, newcastle, Ohio, wanted to know whether the resolution would apply specifically to the strike reported today from Los Angeles, Buffalo and other cities.

Senator McCormick said it would apply to all strikes in which the men "have disregarded the judgment of their responsible leaders."

These walkouts, he declared, have taken place despite the efforts of the leaders of the railroad craft to prevent them.

With the unauthorized strikes spreading, President Wilson's advisers urged him to speedily appoint the railroad labor board provided for in the transportation act.

Those who called said he probably would make them in a few days.

EMBARGO IN EFFECT.

SAN FRANCISCO, April 8.—An embargo that the Southern Pacific railroad would accept no perishable freight or livestock to be moved from or through the San Francisco bay region or the Los Angeles district was now in effect by President William Stanford as the result of an "unauthorized" strike of switchmen and yardmen at those rail centers.

All switchmen, engineers and firemen in the San Francisco and Oakland yards, numbering 420, were out, a statement issued by the Southern Pacific company said and effect of the strike was making up passenger trains. The company estimated the total number of strikes on its lines in the coast division at 500.

Reports from Los Angeles quoted strike leaders there as saying 1,400 men employed on the Santa Fe and Santa Fe and Salt Lake companies in the Los Angeles district were out and that not a box car had moved in the district during the day.

Switchmen grow at Cotton and Mine, Southern Pacific division points in southern California, also were reported out.

At a meeting of strikers in Los Angeles it was announced that an "unauthorized" embargo from Chicago was expected there soon.

FOOD SUPPLIES THREATENED.

JESSY CITY, N. J., April 8.—Transportation of New York's food supply, already hampered by a strike of harbor workers and coastwise, longshoremen, was further imperiled tonight by strikes of switchmen, yardmen and other workers on railroads having terminals in Jersey City. Nearly 2,000 men were involved at midnight, according to police reports, with the threat of the strikers being increased hourly.

The strikers gave no reason for leaving their work. Railroad officials expressed the opinion that the men walked out in sympathy with the unauthorized strikers of railroad employees in Chicago.

J. J. Mantell, general manager of the Erie railroad, declared about 250 employees had quit work without notice but that loyal men had volunteered to fill their places and that virtually all trains were running on schedule. He asserted a "regimentation" movement had carried the strikers off their feet.

Other roads reported by the police to have been affected were the Delaware, Lackawanna and Western, Pennsylvania, Lehigh Valley and the Central railroad of New Jersey.

The police reported that the entire freight and passenger service of switchmen, yardmen, firemen, freight handlers, conductors and trainmen.

The men began quitting work shortly before midnight and are said to have refused the plans of union leaders to handle milk from trains which came into the station a short time before the strike became effective.

SWITCHMEN QUIT.

NAGAHAMA FALLS, N. Y., April 8.—Switchmen employed by the Lehigh Valley and Erie railroads walked out this afternoon. The New York Central lines were not affected. No embargoes on freight were announced and railroad officials said that eastern shipments were being handled by way of Rochester.

ST. LOUIS IS BLOCKED.

ST. LOUIS, Mo., April 8.—Reports from the various terminals of St. Louis, east St. Louis and Madison, Ill., tonight said the switchmen, who were scheduled to go on the third shift at 11 p. m., had followed the ex-

ample of the day men, and had failed to appear for work. Officials for the Terminal Railroad association, stated that some switch engineers and firemen employed there had also joined the ranks of the strikers. Officials estimated that more than 2,000 men were now out. "The terminal is the only road where engine men have gone out," it was stated.

Terminal officials announced that passenger schedules are being maintained, but freight traffic is virtually at a standstill.

STAND BY BROTHERHOOD.

LOUISVILLE, Ky., April 8.—Calumet railroad workers at a meeting here tonight voted almost unanimously against striking in sympathy with the "insurgent" railroad employees in the Chicago district, according to an announcement by officers of the Brotherhood of Railroad Trainmen.

ORGANIZE NEW UNION.

BUFFALO, N. Y., April 8.—A meeting tonight attended by about 1,200 striking switchmen, the Lodge of the International Yard Workers' association was organized. It was said by the officers that this organization would be extended to other cities where the switchmen are on strike and they declared that the association would support the Brotherhood of Railroad Trainmen as far as it affects yardmen.

Speakers at the meeting emphasized the contention that the men were not on strike, but that they had walked out in sympathy with the strikers who were moderate in tone and a strike which attempted to interpret remarks in praise of Eugene V. Debs was denounced by the assembly.

After the meeting Edward C. Holahan, president of the new organization announced that the switchmen's demand for wage increase and an eight-hour day would be submitted to officials of the railroads tomorrow. He said that there would be no compromise and that the men were prepared to remain away from the yards if their demands were not granted.

TAKE NO VOTE.

CLEVELAND, April 8.—After a stormy debate in which police intervention was threatened in Cullwood, a meeting of New York Central trainmen, yardmen and firemen ended tonight without a vote being taken. A noisy and exciting argument between the "insurgents" and loyal union members, terminated when the former left the hall.

Pennsylvania, Baltimore and Ohio, Nickel Plate and Wheeling and Lake Erie employees were said to be holding meetings here tonight.

About 1,500 union switchmen are employed in local terminals.

CLERKS MAKE DEMAND.

CHICAGO, April 8.—Chicago demands for a standard wage scale are met by the Chicago and Northwestern railroad, 250 clerks will resign rather than strike, they said today. The employers were granted five days in which to reply.

KANSAS CITY, April 8.—All railroads entering Kansas City and operating under contracts with the Brotherhood of Railroad Trainmen, tonight were wholly or partially affected by the strike of switchmen which began last night. W. M. Corbett, general manager of the Kansas City Terminal Railroad company announced:

Only the Rock Island whose switchmen are members of the Switchmen's Union of North America, remained unaffected, according to Mr. Corbett. Locomotive firemen in the employ of the terminal company were the last to quit. They left their engines late today.

# RATES ON FRUIT NOT TO BE LESS

Examiner Butler Recommends Dismissal of Complaint of Public Utilities Commission.

BOHSE, April 8.—Green fruits and apples will be subject to no reduction in freight rates from Idaho to the east if the recommendations of the public utilities commission to readjust rates on these items, are followed by the interstate commerce commission.

The utilities commission desired an adjustment so that the shipments of fruit and apples would not be subject to the 25 per cent increase which went into effect on all freight on June 25, 1918.

A copy of the tentative report by Butler recommending dismissal of the complaint was received on Wednesday by the public utilities commission.

Strong exceptions will be taken by the commission to many of the points in the report which will, no doubt, be subject to severe criticism from the fruit men.

Following the general increase in rates in June, 1918, the commission of Idaho, Washington and Oregon filed a complaint which resulted in a modification in October, 1918, of the rates so far as they affected apples so that the maximum rate should not exceed \$1.10 per 100 pounds. This modified tariff expired May 1, 1919, and the full increase of 25 per cent has been applicable since then.

WILL START WORK  
ON NEW BUILDING

T. J. Woods to Erect Business Block On Lot Opposite Postoffice.

Excavation will be started on the lot at the corner of Main avenue and Second street west this morning. It is reported that a large mercantile establishment will occupy the building when it is completed. The lot is owned by T. J. Woods.

Yesterday the large bill-board fence surrounding the vacant lot was removed in preparation of the erection of a building. It is to be either a one or two-story affair; details are not completed nor definite plans drawn yet, according to Mr. Woods.

From indications the proposition seems to prevail that a firm from an outside state will conduct business here. It is anticipated the erection of the new building will be completed within four months.

The lot was recently purchased from the Idaho State bank by Mr. Woods.

BRITISH COTTON GROWING TO ENTER LARGE PROPORTIONS

By the Associated Press.

LONDON, April 8.—A large venture in cotton growing requiring capital of many millions of pounds, shortly is to be put before the Lancashire cotton interests, says a dispatch to the London Times from Manchester.

It is being framed as a co-operative enterprise of the whole of the cotton trade and not as a private undertaking. The field for the new trusts in cotton has not yet been settled, but there is likelihood that it will be in Nigeria.

# FILER MEN DISCUSS NEW SUGAR FACTORY

Vice President of New Manufacturing Company Assures Operation Will Begin Next Fall.

PHOENIX, April 8.—At the meeting of the local Commercial club Tuesday evening a discussion was held concerning the proposed new sugar factory. A. W. Black of Bay City, Mich., vice president of the company, gave assurance that the factory would be in operation this fall unless some serious misfortune should occur. He stated that the machinery for the factory already had been purchased.

Refreshments were served to the commercial club members and visitors at the meeting.

Mr. Black has been appointed chairman of a reception committee for the entertainment of the delegation of Salt Lake City business men, who will be in Phoenix April 22.

SYRIAN KING ASKS  
TO BE RECOGNIZED

By the Associated Press.

DAMASCUS, April 7.—Vla Constantinople.—Faisal, recently chosen king of Syria, has appealed to President Wilson for recognition of the kingdom of Syria, given the president assurances of the protection of the rights of all foreigners there.

Faisal said in his appeal that Syria could not exist divided into four sections as arranged by the allies, and consequently the establishment of an independent kingdom was the only means by which the Arabs could attain the justice and rights promised them by the allies, especially Great Britain, in consideration of Arab participation in the war against the central powers.

REPLACE MEMBERS OF  
QUORUM OF TWELVE

By the Associated Press.

KANSAS CITY, Mo., April 8.—Francis M. Schuyler and Peter Anderson today were replaced as members of the "quorum of twelve" of the Reorganized Church of Jesus Christ of Latter Day Saints, by Thomas W. Williams and Myron A. McConkey, by action of the general conference of the church today at Independence, Mo.

Mr. Williams and Mr. McConkey were immediately ordained. The vote was 701 to 1 in favor of the replacement.

OVER 1,000 OUTRAGES  
LAID TO SINN FEINERS

LONDON, April 8.—One thousand and eighty-nine outrages were committed in Ireland between January 1, 1919, and March 29, 1920, according to an official White paper, which attributed them to the Sinn Fein movement.

Thirty-one police, military and official and five civilians were killed; 81 were fired upon; 32 were assaulted. This total does not include the police barracks to the number of more than 200 destroyed during Easter week.

GIBSON LEAVES WARSAW.

WARSAW, April 8.—Hugh S. Gibson, the American minister, left Warsaw for Washington Tuesday. He will travel by way of Berlin, Paris and London. After a conference in Washington with Secretary of State Clegg, Gibson will go to his home in Los Angeles.

# A padded cell like a padded price

seems soft at first—but try to get out—what you put in.

The success of your Spring clothes buying is going to depend on the integrity of your clothier. If he sells you a cotton suit at any price IT WON'T HOLD UP. If he is a profiteer YOU'LL BE HELD UP; so what's the difference?

This simile is not aimed at any store in particular. It's given because it's true—so that you'll be particular.

We want you to receive the last drop of value out of every dollar you spend for Spring clothing.
