

STRIKE FALTERS IN WEST; GAINS IN THE EAST

OUTLOOK IN CHICAGO IS MUCH BETTER THAN FOR DAYS; RAILROADS CLAIM

Federal Government Will Not Shirk Its Duty, Say Justice Officials.

REBELS WITHOUT HEADS DECLARES WHITNEY

Strike Leader Murphy Avers Wages Must Be Raised or men Will Not Resume Their Work.

By the Associated Press. CHICAGO, April 12.—At a meeting tonight of the Chicago district council of the Switchmen's Union of North America, a resolution was passed declaring it the consensus of delegates that all union members return to work immediately pending settlement of all questions of dispute. The resolution declared that the walkout was in "direct violation of the contractual relations of the constituents and rules of the union, as well as the laws of the land."

SHOPMEN TO REBEL. CLEVELAND, O., April 12.—While brotherhood leaders were doing their best to turn the flank of the switchmen's strike, the shopmen of the crafts in the railway shops tonight were reported to be laying plans for a city-wide walkout from railway shops Thursday.

A scheme is said to be under way to form a "Cleveland Shopmen's association," and to cut loose from the American Federation of Labor.

GO BACK AT PUEBLO. PUEBLO, Colo., April 12.—At 10 o'clock tonight the Missouri Pacific railroad agreed to take back the switchmen who walked out Friday morning and the men called off their strike and will go back to work tomorrow morning.

RETURN IN OREGON. DAYTON, O., April 12.—Seventy-five yardmen of the Pennsylvania and Baltimore and Ohio railroads into today voted to return to work.

CHICAGO April 12.—While the unauthorized strike of railroad employees which started here two weeks ago with the walkout of 700 switchmen on the Chicago, Milwaukee and St. Paul railroad, today appeared gradually to be waning in the middle west and the far west, the situation east of Cleveland took on a more serious aspect.

The center of development in the walkout of insurgents had shifted to the east, where additional ranks of the rebel railroad workers had caused a serious stoppage of freight and passenger traffic and the closing of several industries.

The situation in the Chicago yards showed a marked change and reports from other large railroad center in the middle west indicated that the crisis was past and that the strikers were returning to work in considerable numbers. Officers of railroad brotherhoods, who have been fighting the strike, were confident that the breaking up of the walkout in Chicago would be followed by a general resumption of work in other areas.

Palmer to Take Stand. A pronouncement of the government's course in the strike was expected to be made at Washington tomorrow by Attorney General Palmer. Investigators at the department of justice were completing an inquiry to be made, Mr. Palmer said.

"The federal government will not shirk its responsibility," he said. "More freight moved into the Chicago yards today than on any day since the strike started, railroads announced."

The General Managers' association Continued On Page Eight.

CONTRADICTORY CLAIMS ON COAST SITUATION

By the Associated Press. SAN FRANCISCO, April 12.—Conditions in the Pacific coast states arising from the strike of railroad switchmen were reported tonight by railroad company officials as "materially improving," while leaders of the union on strike contended they were "holding their own."

O. W. Kern, general chairman of the Brotherhood of Locomotive Firemen and Enginemen, left San Francisco for Los Angeles in connection with dispatches from the southern city that engineers and firemen had threatened to strike if asked to move trains made up by men replacing strikers as having quit their work at the Southern Pacific, but this was denied by company officials.

General Manager Dyer of the Southern Pacific tonight said no word had reached the general office here of a reported agreement between company officials and leaders of the striking switchmen in Fresno that the 720 men on strike there would return to work tomorrow.

JUSTICE OFFICIALS ACTION UNDECIDED

Palmer Declines Government Will Not Shirk Its Responsibility in the Railroad Strike.

By the Associated Press. WASHINGTON, April 12.—Determination of the government's course in the railroad strike crisis tonight awaited further information from department of justice officials.

Attorney General Palmer after conference with government officials, said a decision might be reached tomorrow, adding that the "government would not shirk its responsibility." Members of the White House tonight announced that President Wilson would send to the senate tomorrow names of 9 members of the railway labor board, created by the transportation act. Nominations had been delayed, it was added, by time taken in selecting representatives of public knowledge as to the agencies which caused the unauthorized walkouts. Many official reports from strike centers have indicated activity of the Industrial Workers of the World, and officials said that it was proposed to determine whether the latter organization was carrying out a program that would bring it within reach of federal statutes.

Mr. Palmer declared that if federal action was taken, the government would not enter the controversy as a supporter of either side. If action, he said, would be governed by its responsibility to the people. The army transport service of the army is ready to move "to the aid of any city imperiled" by the strike, according to an announcement by the council of national defense.

GUATEMALA CHANGES RULERS OVERNIGHT

MEXICO CITY, April 12.—The Estrada Cabrera government in Guatemala has been overthrown, says newspaper dispatches. The revolutionaries have formed a new government with Carlos Herrera as president. Advice to the Universal, from Tapa, Chiapas state of Chiapas, say that the unionist party is triumphant.

Nevada officials plan to revive the recent Pickford-Morris dispute with an investigation, but Mr. Mary Pickford-Morris does not appear worried. Neither does Douglas. Neither does "Doc." This is the first picture taken of Mr. and Mrs. Pickford-Morris since their marriage.

GOMPERS URGES MEN HOUSE DEBATES ON TO SMASH "REBELS" WHO WON THE WAR

Head of American Federation and Lee Outline Situation to Cleveland Men.

By the Associated Press. CLEVELAND, April 12.—The switchmen's strike spread tonight to the car repairers, one of the six shop crafts affiliated with the American Federation of Labor, 200 of whom walked out in the Collinwood shops of the New York Central line, Cleveland railroad terminals tonight were tied up, not a switchman or yardman being at work. The car repairers quit to enforce demands for 67 to 72 cents an hour and in sympathy with striking switchmen.

Nearly 400 members of five local lodges of the Brotherhood of Railroad Trainmen met today and were addressed by Samuel Gompers, president of the American Federation of Labor, and W. G. Lee, president of the brotherhood.

Mr. Lee outlined the situation and dwelt on the start of the trouble in Chicago.

Mr. Lee said that the strike of the Chicago yardmen's association was unauthorized and "illegal" and that the principle underlying the strike was destruction of their brotherhood and the Switchmen's Union of America and call on the men to remain at work and carry out its contracts.

Mr. Gompers urged the men to remain loyal to their union principles, carry out orders of their leaders and help smash the "insurgents."

STRIKE MAY FORCE UTAH MINES TO BE SHUT DOWN

By the Associated Press. SALT LAKE CITY, April 12.—Because of the strike of switchmen and yardmen employed by the company, the car repair shop of the Denver and Rio Grande railroad here closed late today and about 600 men employed were laid off. Strikers in Salt Lake City number approximately 500.

The strike also may force Utah coal mines to suspend operations, it is declared by operators here, as none of the product is being shipped. In Carbon county the situation is said to be especially critical. Approximately 4,000 men are employed in the mines there.

INJUNCTION BARRIS FINES.

By the Associated Press. PITTSBURGH, Kans., April 12.—An injunction restraining officials of Kansas mine unions from fining members or officials who appear at witnesses before the new Kansas industrial relations court, was issued today by District Judge A. J. Curran, who last Friday sentenced Alexander M. Howit, president of the Kansas miners, and three other union officials to jail for contempt of court.

At their convention here recently the miners voted to assess fines against any member who appeared before the tribunal.

UNIONS AGREE TO HELP BREAK R. R. WALKOUT

By the Associated Press. NEW YORK, April 12.—Union labor's cooperation in an effort to break the unauthorized strike of railroad workers here was pledged tonight by representatives of the four brotherhoods in conference with representatives of the eastern roads. A statement given out after the meeting characterized the strike as a "mob movement" and asserted it was "bound to break."

John G. Walter, secretary of the bureau of information of eastern railroads, said it was the common opinion of the brotherhood leaders that the strike would turn itself out. He said the conference "received information that the strike was causing up around Chicago, Indianapolis, Columbus and other western cities, but some members of the local body."

"The surprising thing about the strike is that men who are regarded as conservative have become impregnated with radicalism," he said. "The strike is one fostered purely by radical influence."

It was announced the brotherhood leaders had "told their head" to have the big bridge the radical action who invaded New York from New Jersey.

BORAH OPPOSED TO UNIVERSAL TRAINING

By the Associated Press. WASHINGTON, April 12.—The senate refused today to admit to the senate reauthorization bill the provisions for compulsory universal training recently submitted for the military committee's plan for obligatory training. The motion of Senator McCallister, democrat, Tennessee, to strike out was defeated 37 to 9.

The action of the senate was expected to result in carrying the voluntary training proposal into conference for adjustment.

Only youths between 18 and 23 would be accepted for voluntary training under an amendment suggested today by Chairman Wadsworth and written into the bill. Previous age limits were 18 to 28.

Twenty-five republicans were joined by 12 democrats of Idaho and Grinn of North Dakota voted with the following demerits to eliminate the training sections:

Idaho, South Carolina, Harrison, Mississippi, Kentucky, Tennessee, Missouri, Tennessee, West, Missouri, Tennessee, Virginia, and Trammell, Florida.

WILSON CHANGES MIND ON WOOD'S HOLE PLANS

By the Associated Press. WASHINGTON, April 12.—President Wilson will not establish the summer White House at Wood's Hole, Mass., as had been expected, but probably will select some other place where his family accommodations are available for the large staff of secretaries and attaches.

It became known today that the announcement that the president had selected the estate of Charles R. Wood, minister to China, for his summer home, was premature. The president had accepted Mr. Crane's offer of a lease, but it had not been inspected by the secret service operatives and White House attaches.

DISTRICT PYTHIANS CONVENE AT GOODING

Members of the Knights of Pythias lodge will convene at Gooding today for the district convention. W. A. Minnick will be one of the representatives from the Twin Falls organization. Members from Mountain Home, Glens Ferry, Shoshone, Hailley, Rupert, and Burli are expected to be in attendance.

During the afternoon session business will be conducted and in the evening a competitive night work will be the feature.

The next meeting is to be held at Kollage June 15. The affair will be the grand lodge session and a tent will be selected this evening to compete with the one from the north when the meeting is called this summer.

NO SCHOOL MARCHES AT VASSAR.

By the Associated Press. NEW YORK, April 12.—Vassar college will not graduate a "school march" this year, according to results of a survey of the senior class, made public here tonight. Low salaries, it was said, had caused students to turn to business, social service and other professions.

NEW REPUBLIC HAS FORCE OF 20,000 MEN

Sonora Masses Fully Armed Soldiers to Meet Any Invasion by Carranza.

STILL HOPE MOVEMENT WILL END PEACEFULLY

Sineola Expected to Join in Secession if Need Be—Calles Explains Reason for the Act.

By the Associated Press. NOGALES, Sonora, April 12.—The new "republic of Sonora," less than 18 hours old, has a fully armed soldiery of more than 20,000 men prepared to resist invasion of the state by troops of President Carranza of Mexico, according to the statement of Sonora officials here tonight.

Federals Join Rebels. General Jose Iturbide, former commander of the Mexican federal troops of Sonora, arrived here today from Hermosillo, the capital. He said he had abandoned all efforts to control any federal military force in the state and that his entire command in Sonora had announced its adherence to the Sonora government.

General P. Elias Calles, former governor of Sonora and until recently a member of the Carranza cabinet, became temporary executive of the state today when Governor Alvaro Obregon was taken to a hospital for an operation. Calles left the Carranza camp to further the presidential candidacy of General Alvaro Obregon and become military commander of the new "republic" when the state withdrew from the Carranza government.

The report the congress of Sinaloa had expressed its sympathy with the action of Sonora was followed today by an unconfirmed report the Sinaloa congress had pledged its support, if need be, to the new Mexican "republic." Sonora officials here said they were confident that in any critical situation Sinaloa would throw its active support to Sonora.

Officials of Sonora expressed the hope the troubled state of the Carranza government would be overcome, but in the meantime they continue to take all military measures necessary to combat an armed attack by Carranza forces.

General Calles, in a statement today, reiterated the movement was a potential one if the Carranza government accepts the constitutional doctrine of state's rights.

"Under the constitution of Mexico," he said, "the federal government consists of a compact between the several states. It prohibits sending federal troops into a state against the wishes or permission of the state."

"President Carranza sought to violate this contract and break the good faith of the central government with the state of Sonora." Until the government at Mexico City is willing to act under its contract and observe its terms, the people of Sonora must regard the compact as broken and not obligatory.

Sonora officials here have repeatedly expressed the desire that the Carranza administration recede from its alleged intention of sending troops into the state and thus bring about the return of the state to the confederation of Mexican states.

Nogales political leaders said today they hoped arbitration would be resorted to to help the trouble.

Action Not to Be Official. The prospective delegation of Sonora citizens to Washington will not go in an official capacity, if it is decided for one to be formed, it was said today. The delegation may go, it was said, to present the views of Sonora if arbitration is agreed upon by the state and central government.

The Sonora "republic" appears to be without hindrance within the state in its action. Here and elsewhere on the international boundary between this state and the United States custom houses are being operated by officials appointed by the state.

DENMAN ACCEPTS HIGHER POSITION

Builds Classes From 34 to 75 During Three Years. He Has Been in Twin Falls.

Accepting the position of supervisor of agricultural education for this state, George Denman, head of the department of agriculture in the Twin Falls high school, will leave his present duties and take up the new and higher calling July 1. He was appointed by M. S. Lewis, director of vocational education for this state. His headquarters will be at Boise, Idaho, in the government building. Three years marks the period Denman has been connected with the local school and during that time he has built the classes from 34 to the present number of 75. He is well liked by the pupils and has rendered the greatest efficiency in the particular line which was allotted to him when he arrived for class instruction, according to school officials.

After being graduated from the Kansas State Agricultural college, Denman, taught one year in Cawker City, in the junior high school. During the world-war, Denman was in the service and when it ended he was discharged he came to Twin Falls and took up the agricultural work in the local high school.

More chances of advancement is expected in the new position which Professor Denman will go to and the compensation will add greater interest in the remarkable qualities to which he will be attached. Responsibilities will be greater but he is capable of handling the work, Superintendent H. G. Bliss said.

Besides the vocational duties in the present position, Mr. Denman has been interested in the school athletics and the baseball teams have progressed into first class condition under his coaching.

U. OF I. NEWS NOTES.

MOSCOW, Ida., April 12.—Spring vacation ended April 4. Everyone of town returned much rested and happy. The students of the last stretch of eight weeks of school work as soon as possible. Those who stayed in Moscow had the best of times as well as a good rest also.

Paul Ellis and Bruce Johnson spent their vacation in Pocatello, renewing their knowledge of the lumber camp. Helen Roberts and Alberting Benoit went to Spokane as guests of Mary McKenna.

We received word the other day that Leona McCall of Shoshone, Idaho, is in the hospital in Twin Falls for an operation. Miss McCall was obliged to leave college on the account of poor health. All here hope that after her operation she will be able to return to Idaho university.

We received the dancing class of the university entertained the Faculty Women's club. Zella Ellis gave a solo dance, which was a great success. Miss Ellis has had several years of training and her dance was one of the best numbers on the program.

The members of the student body of the university are petitioning the board of regents to build a swimming pool and new gymnasium among the first new buildings to be erected on the campus. During the recent tournament here the students were made to feel the need of the new gymnasium.

The students feel that the gymnasium above all places should be a large, well-equipped building for the use of the whole university. It is the place to play, to rest and to develop the physical side of the men and women. It should be the place to go of one's own free will, but as it is here at Idaho, the attraction must be very great in order to draw the crowd.

The dressing rooms are so small that the ever increasing class cannot be properly accommodated. The showers are too few and are not well arranged. Even the offices of the physical directors are so inconvenient that it is hard for them to carry on their work. With the constant increase of the student body, it is positive that some arrangements will have to be made to accommodate the people.

Mr. Kjosness returned last week from a trip in southern Idaho and reports that "the southern Idaho athlete" are certainly displaying splendid spirit. They will contribute more than their share of enthusiasm and financial support. Those of us who are actually on the campus will hold our own by seeing that Idaho athlete teams receive the proper sort of inspired backing from the student body.

Editor ("Dinner") Dwight, Irvin Spaulberg, Gladys Chanda, Verena Walters and Bruce Johnson are all on committees for the Freshman

Glee. It is the annual Freshman Glee. It is anxious to see if it will compare with the ones given previously. From the committees appointed we are rather inclined to think it should surpass all others.

The social side of the university is certainly full. The glee clubs are training for an operetta to be given the first part of May. The stunt day will soon arrive and then soon after that comes the graduation week with all of its excitement.

CENSUS REPORTS.

By the Associated Press.
WASHINGTON, April 12.—Population statistics announced today by the census bureau included:
Pilot, Mich., 91,599, an increase of 53,045, or 12.5 per cent.
Adrian, Mich., 117,871 an increase of 1,115 or 10.4 per cent.
Wabash, Ind., increase of 1,185 or 13.6 per cent.
Emporia, Kan., 11,273, increase of 272, or 2.4 per cent.
Freeport, Ill., 19,669 increase 2210 or 12.0 per cent.

NATIONAL GUARD MARCH ONLY A SLIGHT GAIN

By the Associated Press.
WASHINGTON, April 12.—The national guard during March made a net gain of 3,279 in enlistments. It was officially announced today. The guard numbers 42,600 or about 24 per cent of the maximum of 179,000. New units authorized today included one squadron and three troops of cavalry for Colorado.

ENGLISH ROYALTY ARE NOT TO VISIT IN SPAIN

By the Associated Press.
LONDON, April 12.—Arrangements of King George and Queen Mary do not include a visit to Spain this year, it was announced today.

A dispatch from Madrid April 9 said it was reported that the king and queen of England were about to visit Spain.

RIOT DECREASES IN HAWAII.

HONOLULU, T. H.—The idea of March brought a decrease of the influenza epidemic in the islands, according to the territorial board of health.

The island of Oahu and Kauai suffered heaviest. The former, on which Honolulu is located, registered 3,435 cases between January first and March 15, with 424 deaths. During the same time the island of Kauai reported 6,033 cases and 85 deaths.

ESTABLISH FISH MEAL PLANT.

CORNOYA, Alaska.—A fish meal plant, first of its kind in Alaska, is to be installed in Cordova about May 1, by San Francisco and Montana firms. It is reported. The meal will be used for feed for cattle and poultry. Fish oil, for medicinal purposes and for use in soaps and paints, will be extracted.

EXPORTS FROM HAWAII TO U. S. HAVE INCREASED

HONOLULU, T. H.—Exports of the territory of Hawaii to the mainland of the United States jumped \$22,000,000 during 1919, according to figures just announced by Raymer Sharp, special deputy collector of customs. The total value of merchandise

shipped from Hawaii to the mainland during 1919 was \$98,882,985 for 1919, against \$75,769,749 for 1918.

Imports from the mainland in 1919 totaled \$49,383,469, as against \$48,882,955 for 1918, an increase of \$10,000,884.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness result from uric acid says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder where it often causes irritation and inflame causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder.

Here you have a pleasant effervescent lithia-water drink, which quickly relieves bladder trouble.—Adv.

To the Public

We are now ready to draw GREEN PRODUCE contracts with growers for acreage in the Vegetable, Fruit and Berry lines. Come in and see us or call 986; we will be glad to give you all the details. In view of the fact that labor will be scarce on the larger tracts we are drawing special Stringless Bean contracts for one-eighth, one-quarter, one-half, three-quarters and one acre plots with residents and growers in the city and immediate vicinities.

The demand for "EVER READY PRODUCTS" this coming year necessitates the planting of beans on all available small garden tracts in the city of Twin Falls.

FIGHT FANS WANT ANOTHER SETTO

Hagen, Collins, McKay and Gittum
Among Those Most Prominent
to Meetings at Deshabille.

Arrangements are already under way for the staging of another boxing exhibition in Twin Falls. Harry McKinley and Tom Bertram of the Twin Falls Athletic association are repeatedly besieged with requests of the fans for information as to when the next bout will be staged. These gentlemen declare that they will have something in this line to pass out within a few days.

It is probable that a bout will be held during the middle of May. Jim Woodhead, who is up to a main-dip of 11 pounds, made Al Nelson of Boise step his best to win a decision over him last week, is being for another bout. All he asks is that the difference in weights be slightly reduced. He believes that he demon-

strated in the last round of the last contest, that he can more than hold his own with his heavier opponents. If the latter will come down to about 120. There are many who are convinced that Woody would have won the last fight if his manager had not interfered to stop the fight during the early part of the contest.

Another bout from outside points have made inquiries here concerning the prospects of the game in this section. Tommie Hagen, erstwhile army boxer, who claims Seattle as his home, is one of those who wish to show his wares here. Hagen has fought in many parts of Idaho. He shows the marks of many a hard battle and has a reputation of always trying to win even though he has probably lost as many times as he has been victorious. One of his arch-foes of the ring is Jack Collins, another service man, who served overseas and is entitled to wear a gold stripe. Hagen and Collins first started after one another's goat back in 1915 in Wallace, Idaho. Collins had been put to sleep by Frank Barkey in a match at Burke. Tommie Hagen was brought into the country to fight Barkey. In that one round Collins had offered to help Hagen in his training but switched camps. On the night of the Barkey-Hagen fight Collins had a falling out with Barkey and the two staged an unofficial bout on the main streets of Wallace. Collins put up a corker of a fight against the wily Canuck until the police interfered. Hagen was one of those on the side lines and he was rooting for the man who had the same night put him to sleep. Recently they met at Pocatello. Now they want to meet again and it is possible that the local management might be able to get them to sign articles here.

Fans here are also asking the management to try and bring in Harry Gittum and Gordon McKay for a bout. McKay is to meet Mike O'Dowd in Pocatello on July 1 for the middle-weight championship of the world. He is always willing to mix with any of them. A defeat at the hands of Gittum is the only blotch on his record for the past year. He was given a severe decision in a bout with Barkey last September. Every where he has been overlooking this.

McKay attracted attention to him when a member of the fight commission. He received at Camp Fremont in August, 1918, and Idaho friends of his immediately arranged a bout for him with the champion mid-weight of the can. This is the second time that a champion of the San Francisco bay section and his level opponent by those who had seen him work in the short goes. He had easily won the championship of the camp during the summer and had not lost a match when he was signed with McKay. They were to fight four rounds.

McKay had not been vaccinated

and his left arm was not in a boot. He had had it bandaged thoroughly before the fight. Mike Hinton, the local time-keeper, who was in charge of the bouts that night and he had opposed McKay's fighting because of the arm and was voted down by the McKay fans.

When the new bout called into the line in the first round the Fremont champion proceeded to devote his time to the bandage on Gordon's left arm. Time after time he clucked and as they broke he pulled his arm down over the bandage. McKay's face was grim but he said nothing.

The second round opened with the champion pulling the same stunt. Suddenly McKay's right shot to the champion's jaw. The champion's foot left the air, his head hit the canvas, and Frank Hagen had a new middle-weight champion.

McKay fought O'Dowd in the east and while losing the newspaper headline he made exceptionally strong impression.

Belief that boxers of this calibre can make the game successful here is growing among local fans who enjoy the game that the army made famous.

OPEN HOSPITAL IN BOISE FOR WOUNDED

Thirty Service Men To Be Cared for
At Former Barracks Building.

The first building at the Boise barracks to be repaired and arranged as a hospital for treatment of disabled soldiers, machine, sailors and nurses, will be opened Monday, April 13, with beds for 30 patients, according to word received here yesterday by local officials of the public health service.

This will be only a temporary arrangement, the plan being to open up other buildings now being repaired, about six weeks later. The total capacity of the entire hospital when all the buildings are available will be 250 patients.

Patients will be assigned from all parts of the third-war district, which includes Idaho, Washington and Oregon, for treatment at the hospital. The first patients may not arrive until three or four days after the opening of the first building April 13. The hospital will be known as the United States public health service hospital. Officers in charge will be Major Webb, Major A. J. Campbell, chief of the medical service; Captain J. C. Cronch, chief of medical service; six nurses will be used to care for the first 30 patients.

COMMERCIAL AIRPLANES ARE PLANNED IN MEXICO

CALVESTON. — Airplane freight and passenger service throughout Mexico is assured within three months, dispatches to Mexican Consul Meade Pierre here state. Huge multi-engine planes, operating in four distinct air routes, will fly between the Mexican capital and the cities of Tampico, Vera Cruz, Nuevo Laredo and El Paso. Two machines will operate daily each way. British and Mexican capitalists, it is reported, are backing the new venture, which will inaugurate service under the name Mexican Air Corporation.

Sixty or British-made airplanes, each having a carrying capacity of four to five passengers and three tons of freight, have been purchased as an initial equipment.

TWO FLEETS INJURED. — CAMDEN, N. J., April 10.—Lieutenant Mark C. Fogue, of Portland, Ore., and Lieutenant Richard Wright, of Cleveland, Ohio, were injured today when the naval mail plane they were piloting from Hamilton, Pa., to Washington, caught fire, 1700 feet over Berlin, 15 miles from here.

ICE CREAM COMES DOWN. — CHICAGO. — A Chicago manufacturer who supplies ice cream cones has announced a reduction in prices for the coming summer that will enable dealers to absorb the war tax and still sell the cone at five cents.

GRIDIRON KIDS CANDIDATES AT ANNUAL DINNER

Notables Are Guests at
"Non-Partisan" Political
"Convention."

HOOVER ONE WHO IS
JOSHED BY PAPERS

Ouidja Board Gives 'Insight'
Into Mysteries of Elimination
of Lansing From
the Secretaryship.

By the Associated Press.

WASHINGTON.—Having arrived at the presidential age of 55 years—the Gridiron club, celebrated the event Saturday by turning its dinner into a national non-partisan political convention, in which 1220 candidates heard their claims presented in a fashion new to party politics.

Many were nominated and were well discussed in such a way as to suggest to all the candidates who were present the notion that perhaps they take themselves too seriously.

Many Notables Present.

The Gridiron convention was called to order by the ringing of a dinner bell, and when the delegates, who also included guests filled into the hall and took their seats at the dinner table they discovered that both great political parties were heavily represented by hosts of their most distinguished members. Among those present were Secretaries Colby, Meredith, Houston, Payne and Daniels, Attorney General Palmer, Speaker Gillett, General Pershing, the Japanese ambassador, the Polish minister, former Secretaries Lansing and Lane, Henry S. Campbell, chairman of the democratic national committee; Will L. Day, chairman of the republican national committee; Senators Watson of Indiana, Owen of Oklahoma, Harding of Ohio, and President of Washington; Governor Sprague of Pennsylvania, and Major of Kentucky and Col. George Harvey.

The convention was opened by the selection of a temporary chairman, following which it proceeded to elect a permanent chairman, who proved to be W. T. Jarman, the new president of the club. The proceedings were mixed and fast and, while touching upon many phases of the 1920 campaign, really settled none of them.

A press section was filled with news paper, correspondents and a large number of editors and publishers tried to crowd in. Dr. Albert Shaw could not get a seat among the correspondents, who also rejected applications from William H. Taft and William J. Bryan. A pair of "sister sisters," who applied for seats met the same fate.

Mr. Hoover.

The working correspondents, however, were not without their troubles. "I was told to describe Herbert Hoover," said one. "To what party does he belong?"

"I don't know," was the answer. "I haven't asked him since yesterday."

Platform planks on prohibition, labor, the tariff and the war made their appearance.

"My paper wants to know," one correspondent asked, "whether McAdoo is for or against government ownership of railroads?"

"Answer yes," he was advised.

A session was given over to three mothers, who assembled spirits and made them talk by means of a Ouija board, operated mysteriously without the use of hands and in full view of the delegates.

The spirit of Charles E. Hughes remarked: "I would have been all right if Will Crocker had not fed me those California ripe olives."

Said the spirit of Josephus Daniels: "I am being banished for my sins."

The spirit of Vice President Mar-

shall observed: "What the democratic party needs is a foot killer. Then the few of us left can form a new party."

Frank Hitchcock's spirit told the delegates: "I pay to advertise, I put an ad in the paper, reading as follows: 'Situation wanted as political manager for some candidates. Terms: Florida delegates on delivery. That color guaranteed.' Now look at the job I got."

The spirit of Robert Lansing solemnly said: "May I not suggest to you, my dear Colby, that it would be the part of wisdom and discretion to have your office on the ground floor?"

Cordially and, sincerely yours.

There was a musical interlude, also political, in which Senator Harding, Attorney General Palmer, Herbert Hoover, General Leonard Wood, Governor Lowden and William J. Bryan all found themselves caricatured.

The political status of the peace treaty was also considered.

Wanted at once, eight experienced salesmen. Apply to Mr. Robinson, Thursday, 241 Main Ave. East.

Highest cash price paid for poultry. Independent Market, Twin Falls, Th. Th. Sat.

WIT SCHOONERS FOR TRADING. SEATTLE, Wash.—Four auxiliary schooners, the Thrasher, Tyer, Hollenbeck and Silver Wave, are being fitted

here this spring for trading along the Siberian and Alaskan coasts of the Arctic ocean. They are being "healed" in town banks to protect them in backing the ice fields.

The Thrasher, the largest, will lead the little fleet north. The Thrasher replaces the historic old trader Belvedere, which after more than thirty years in service, was crushed in the ice off Siberia last fall.

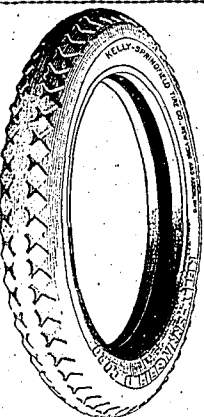

The Tyer and Hollenbeck will work along the Siberian coast and ascend the rivers. The Hollenbeck plans to remain five years in the Arctic. The Silver Wave will work from Nome, Alaska.

Wanted—Three Experienced Sho and Furnishing Goods Salesmen. Top wages. Apply to Mr. Robinson, 241 Main Ave. East, Tuesday.

Market News

Grain

CHICAGO, April 12.—Corn prices underwent a sharp setback at one time today as a result of opinions current in some quarters that the end of the railway strike was at hand. The market closed nervous, at the same as Saturday's finish to 1-1/2c lower with May 1st at 1-1/2 and July 1st at 1-1/4. Oats lost 1-4c to 1-5/8c. In provisions the outcome varied from 17c decline to 1c advance.

At first the corn market showed a decided tendency to climb. Receipts were scanty and a majority of traders leaned to the view that demoralized traffic conditions would for the time being prevent any accumulation of stocks. Price bulges that ensued touched in some cases the highest level yet this season. Then however, word came that President Wilson would appoint a labor board within 24 hours and that vigorous action would be taken to stop interference with the mails. Much commotion ensued, and prices dropped suddenly. Nevertheless, a good deal of rallying power again developed in the last half hour of the session.

Oats weakened with corn after jumping to new high record figures for the crop.

Provisions were governed chiefly by the action of grain. The principal declines took place in lard.

PROSPECTOR NAMED TOWN.
TOMBSTONE, Ariz.—A prospector's curious sense of humor was responsible for the naming of this town, which recently has gotten into the news dispatches because of the divorce separation trial being held here.

According to James P. Duncan, who came here in 1879, the town was founded in that year by Ed Scheffelin, a mining prospector. Scheffelin called his mine near the site of the present court house "Tombstone mine". Duncan said, because that region was full of dark rocks that resembled tombstones.

Tradition has it, however, that Scheffelin's friends frequently called him for his faith in the locality, and told him he would find his tombstone here. After the prospector had made his fortune, in good-natured irony he is said to have named the town after the fate that had been predicted for him.

Scheffelin was found dead in a log cabin in the state of Washington, May 12, 1887. According to his wishes his body was brought back to his "tombstone" and buried near here. His pick and other tools were buried with him. Among the grave his friends erected a simple monument, fashioned after the rude, manner of a prospector's claim—merely a pile of unevenly shaped rocks.

SEEK TO MAKE REPLICA OF ANCIENT MAWAIAN VILLAGE

HONOLULU, T. H.—Eben Low, a member of the Honolulu city and county board of supervisors, announced recently that he is working on a plan to establish in Kaplanani park

Honolulu, a replica of the ancient Hawaiian village, populated by native Hawaiians, who will live the life and follow the pursuits of their forebears. "Tapa mat" and that making will be exemplified and the products sold to visitors according to Low's plan, while surf and outrigger canoe riding will be soon from the nearby shore.

PRODUCE LARGER ORANGES.
LOS ANGELES.—Nature, in California, is setting the example for increased production by producing larger oranges.

That declaration is made by officials of the California Fruit Growers' association who expect the present crop of oranges to be unusual in that respect.

The recent rains and a short crop on the trees are named as the media through which nature worked to produce larger fruit than usual.

The extra large oranges are said to be unusually fine for eating and car loads are being sent east.

GIVEN LIFE SAVING CHARTER.
SAN FRANCISCO.—The San Francisco Y. W. C. A. has been granted an American Red Cross Life Saving Corps charter, the first, it is said, awarded on the Pacific coast.

Fifteen women and girls of the Y. W. C. A., all strong swimmers, passed the life saving test directed by Commodore W. E. Longfellow of the Red Cross.

Similar tests are being given at the Seattle, Wash., association, it is reported.

FRESHMEN CREWS COMPLETE.
SEATTLE, Wash.—University of California's freshmen crew will row against the Univ. of Washington first year shell when the Washington, California and Stanford universities vary games meet on Lake Washington here May 22, according to word from Berkeley.

Washington student officials are making an effort to get Stanford for the annual regatta between the two schools.

TROPICAL "ARK" ARRIVES.
SAN FRANCISCO.—A tropical "ark" from the Bay of Bengal arrived at the wharves here on the arrival of the Pacific Mail steamer, the San Juan Cruz, "chattering monkeys, 15 of them, four enormous lion-pythes snakes, two bears and an orang-outang and fourteen cages of birds, including Indian cranes, parrots, pheasants, sparrows, doves and thrushes, a variety of brilliant colors, were included in the shipment.

TO HAVE SPECIAL TRAIN.
PORTLAND, Ore.—Special trains are to be parked in the center of Portland to house part of 50,000 visitors expected here while the Imperial council session of the Myrtle Shrine is in conference, June 22 to 24, during the rose festival week.

EXPORTS INCREASED.
CALGARY, Alb.—Exports from the central Alberta United States consular district to the United States, according to the figures made public by Samuel Best, United States consul here, reached a total value of \$10,254,827 in 1919 or more than \$4,000,000 in excess of those for 1918.

OSAGE INDIANS ARE SPENDING HEAVILY

Riches Nation on Earth Get Rid of Their Poets' Footloose—Facing Poverty.

PAWBUKKA, Okla.—The richest people in the world, the Osage Indians, are facing poverty—10 years ago.

The government "trust period" ends in 1931 until which time they receive the income from the gas and oil rights on lands allotted to them, whether they still own the land or not.

The Indians bought the land—wild, rock-strewn, arid tracts—for \$1.25 an acre. When oil was discovered they promptly sold it. Later the government decided they had sold only the surface and by act of congress the government now leases all rights to the highest bidder and turns the money over to the Indians.

This money "pours into the trust fund, for according to the Osage law, the tribe takes 'pot luck.' Whether there is all on the Indians' land or not is wealthy now.

So it happens that many a young brave wears silk shirts and drives an automobile, and many a girl whose creamy skin is barely tinged with copper, buys imported party gowns and diamonds, or possibly even a white husband, with the big quarterly checks. And if the mineral rights under former Osage lands revert to the surface owner in 1931, as they presumably will, upon the trust period is extended, their big income for nothing at all will end too; for comparatively few Indians still own oil-producing land.

Old Chief Bacon Rind says: "We have lived the life of a white man only a little while. It is still strange. Our children will not be ready for ten years to take care of themselves in the white man's world. In 25 years more they will have grown up and can manage their own affairs. We ask the white man's government to let us on taking care of them until then."

At the last quarterly payment of oil and gas money, they received a total of \$1,700,000. Last week they received \$700,000 apiece. Payments during 1920 probably will total \$10,000 apiece. A family of five Osages will have \$50,000 to spend during the year—\$20,000 in cash, \$15,000 a month, \$138 a day—without work and without risk. Pawbuka, capital of the Osage nation, seat of the government of the Indian agency and the nearest spending point of the big checks it hands out is half primitive, half ultra-modern. Pawbuka's streets and all the dusty roads that wind toward it through the Osage hills, are bright with the blankets of the Indians and congested with their high-powered cars. An Osage will not ride in a "Lizzie". There are banks instead of saloons here, otherwise Pawbuka is a typical frontier town.

It is under the "million dollar tree" beside the agency that sections of oil and gas lands are held. The bidders that gather for these sales represent the biggest oil interests in the world. A lifted hand or a nod of the auctioneer's head may mean a deal of half a million. A single lease at the last auction paid \$250,000 for the right to drill.

Only about 500,000 acres of Osage oil land have been leased. More than 1,000,000 acres remain.

The "trust" register of "who-owns" is constantly altered with Indian land and as a sixteenth or a thirty-second or a sixty-fourth part of Osage land is almost unobtainable, strangers do well to avoid careless allusions. The pleasant, well-dressed young business man, or the shrewd, suave political power with whom you are talking probably is descended from or married to the "first families."

For the story of the Osages is, in one respect, like that of less fortunate tribes; they are a vanishing people. Only they are not dying off, but "vanishing off."
