

HAYES FILES SUIT AGAINST TIMES-DENTON

Alleges His Note, Given to Aid Finances, Now Wrongfully Withheld.

WAS TO HAVE CHOICE OF STOCK OR PAPER

Publishing Shares Worth "Ten Cents on Dollar" by Increase in Capital Is Contentment of Plaintiff.

Trouble which has for some time been brewing among the family of shareholders in the Times Printing & Publishing company yesterday found its way into the courts, when J. W. Hayes, one of the leading supporters of the Times and a director in the company, filed suit through his attorneys, Bothwell & Chapman, for the recovery of a certain note in the sum of \$1,000, which note he alleges was issued by him for the purpose of securing credit for the Times Printing & Publishing company and with the understanding that it would be returned to him at its maturity.

Was Used As Security.

It is said the note was used as collateral security by Mr. Denton for the Times company at a local bank.

The allegations of the plaintiff, Hayes, set forth in interesting detail the arrangements made by Mr. Denton in financing the Times. The complaint recites that Mr. Denton asked Hayes for the loan of a thousand dollar note, the note to mature November 1, 1919. This note was given April 26, 1919, and was given as a plaintiff at a time when the capital stock of the Times company was \$5,000. It was the understanding, says Mr. Hayes, that he was to have the option of the return of his note after it had been used for credit at the bank, or stock in the Times company. He preferred the return of his note, he states for the reason that after he had loaned it to the Times company, Mr. Denton and the other shareholders had increased the capitalization of that enterprise from \$5,000 to \$75,000, thus, as he recites, rendering the "said shares of capital stock of said corporation worth to not exceed the sum of ten cents on the dollar." Wherefore, Mr. Hayes demanded the return of his note according to promise by Mr. Denton. And the suit filed last evening is for the purpose of forcing the return of the note and the payment by the Times and Mr. Denton of the costs of the action.

Follow Oklahoma Meeting.

The action taken by Mr. Hayes follows his return from Oklahoma, where he went for some time with Mr. Denton upon this and other matters. It seems that there had been a pool formed in this community for the purpose of acquiring lease holdings in an embryo oil field in Oklahoma. Mr. Denton was entrusted with the acquisition of these leases. It was claimed that Mr. Denton had the leases recorded in his own name, and for the purpose of having the matter straightened out, several of those who were interested made the trip, taking with them Attorney Turner K. Hackman. A stock company had been incorporated, and at the request of the Twin Falls gentlemen and upon their insistence, Mr. Denton transferred the leases to the incorporation.

Hackman His Informant.

In the discussion which brought this suit about, Mr. Denton told Mr. Hayes that he had been telling things about him in Twin Falls, that Attorney Hackman was his informant as to this. Hayes and Denton went to face Hackman, and the attorney insisted that Hayes had made certain statements which he denied. The two were at each other like a flash. In the melee Hayes grasped the attorney's ear in his hand, and lacerated it severely before bystanders could separate them.

Hayes returned to Twin Falls Wednesday and at once began preparations for the recovery of his note, with

Arrangements Completed for Invasion of City by Local Antirebel Herd.

With 273 tickets sold and many yet demanding them, with dozens of autos for those who can not leave in the early morning, there are assurances that more than three hundred Twin Falls folks will make the trip to Burley today for the institution of the new Elks lodge in that thrifty city. Arrangements have been completed, the band of 25 pieces is in line and in tune, and the stage is set for the big event of Elksdom in Idaho this year.

Home lodge, Paracello lodge, Idaho Falls lodge and visiting brothers from all over the state will be on hand. Idaho will have a special train, and Paracello and Idaho Falls will have a special leaving at 9:30. Many of the brothers went up last night to make preparations, for the local lodge will have charge of the institution and the initiation work.

Today is really for her guests and the big event, with a welcome such as only Burley can give, and a hospitality as broad as it is liberal.

Members of Twin Falls lodge will assemble at the lodge room shortly before 9 o'clock, and will march to the depot led by the band, leaving the lodge room promptly at 8 a. m.

Last night a large class was initiated by Twin Falls lodge, and the newly made brothers will join the other men in the trip, there to enjoy the ceremonies and the jollity provided.

AUTO DEALERS TO NAME OFFICERS ON TUESDAY

For the purpose of making the organization of auto dealers, and kindred organizations permanent, and for the purpose of electing permanent officers, those eligible to membership have been asked to meet Tuesday evening. At that time permanent officers will be chosen.

Plans are to make this organization, born from the enthusiasm of The Chronicle Auto Show, a permanent affair, with permanent officers whose duty it will be at all times to work for the upbuilding of the industry in Twin Falls.

Idaho has made wonderful development in the use of autos within the past two years, the number of licenses now far exceeding those of Utah, and Idaho Falls county leads in licenses in Idaho. Hence it is apparent that the Twin Falls organization will be the most important in the state, and that its influence will become permanent when the legislature takes up matters affecting roads and traffic.

ULTIMATUM IS GIVEN MEN BY THE RAILROADS

Must Return to Work Immediately or Rights Will Be Lost.

WILSON CALLS WAGE BOARD FOR HEARING

Shortage of Coal and Raw Materials Causes Shut-Down in Many Industries in the East.

By the Associated Press.

Railroad officials have drawn down the gamut to their striking employees.

Supported by the federal government's convention, that the strike which for the past week has nearly paralyzed the freight and passenger service of the country, was planned by railroad agitators with ulterior motives.

Ohio has refused outright to deal with the yardmen's association, which is conducting the strike in that territory.

In New York, railroad executives warned the representatives of the railroad brotherhoods that they would be given "until noon Saturday to get their men back to work."

The strikers are not back by that time, the railroad managers announced they would open their books for a period of 24 hours to reveal most "unscrupulous" for re-employment, reserving the right to refuse to rehire those who by their actions and utterances have shown "unfitness for further service."

Drastic action also has been taken by government agencies. In Chicago 25 leaders of the insurgent switchmen, including John Granau, whose dismissal started the flood of railroad news yesterday, were arrested last night on charges of having violated the Lever food act. Two hundred additional warrants were expected. Federal prosecutors in other sections continued to accumulate evidence against strike leaders and more arrests are expected within the next 24 hours.

Meanwhile members of the newly created labor board, whose nomination was confirmed yesterday by the senate, have been summoned by President Wilson to meet in Washington today and organize.

Strikers Lose Same.

Small defections in the strikers ranks continued yesterday with the main body of strikers in territory east of Chicago and north of Pittsburgh holding firm. Railroads entering New York were fast resuming normal passenger service, but freight service in the east, while showing signs of improvement, was still patchy.

Freight embargoes are beginning to have a serious effect upon industry, especially in the east, where shortage of coal and raw material has resulted in the shutdown of several factories and mills, throwing thousands out of work. The food situation continues serious but nowhere are there reports of famine conditions.

Military train crews have been pressed into service to move government supplies from New Jersey terminals and sidings. Bodies of soldier dead, arriving from abroad, also will be moved in trains manned by soldiers. Motor trucks are still being utilized to move civilian food supplies in eastern territory.

Will Make Strong Effort to Overcome Calles—Report Two Gunboats Surrendered to Rebels.

By the Associated Press.

AGUA PRIETA, Sonora, April 15.—Military forces of the "republic of Sonora" have crossed the state line of Sinaloa, captured two towns and are continuing toward Culiacan, capital of the neighboring state, thus taking the aggressive in the states fight against the Carranza government of Mexico.

Capture Mining Cities.

In Puerto, one of the most important mining camps in Sinaloa, about fifteen miles from the Sonora border and San Ildefonso, had fallen to the Carranza forces, according to official information received here.

Reports that six other states, Michoacan, Morelos, Tabasco, Yucatan, Campeche, and Jalisco, had fallen to the Carranza movement against Carranza remained unconfirmed tonight.

It was known that agents and sympathizers with the Carranza movement were active throughout the republic seeking aid.

Reports to military headquarters here contained the information that President Carranza plans to send thousands of troops against Sonora in an effort to put down the uprising. Leaders of the Carranza movement declared that by this plan a new revolution has been born.

Yucatan Movement.

More than 3,000 troops already have entered Sinaloa. Was, said, and among them is a large contingent of well equipped Yuma Indians, who are counted to be among the best soldiers in Mexico. Other troops are being rushed to the Sinaloa frontier and along the line between the two states.

Four hundred troops were expected here tonight from Culiacan to undertake the defense of Agua Prieta and the district between here and Pulpico, through which it was reported, Carranza intends sending an army into this district. There are more than 500 Sonora troops already stationed in the new and reinforcements are being sent there.

To reach Pulpico pass the Sonora troops have a shorter march than Carranza troops marching from Casas Grandes. The Sonora troops have the added advantage of having more water and food supplies for their troops and horses than the Carranza soldiers.

Surrender Gunboats.

Sonora officials declared today that Carranza troops in Sinaloa in large numbers are joining the Sonora forces. It also was reported that the commanders and crews of the two Mexican gunboats Guerrero and Chapala, deserted to the Sonora government had placed both vessels at the disposal of General P. Elias Calles, commander in chief.

Military headquarters of Hermosillo announced today that General Arnau Gomez, who for several years had been in command of Mexican federal troops in the state of San Luis Potosi had revolted with his entire army and declared himself against Carranza. This announcement had been expected by Sonora officials. Gomez is a cousin of Sonora and it was stated he had 2,500 soldiers under his command who were recruited from Sonora.

All of Sonora now is under military rule. All saloons have been closed by General Calles and the entire resources of the state are at the call of the army.

APPEAL TO N. Y. TO GET OPERA HERE

Main Booking Office Asked to Change Dates So Summer Singers Can Play in Twin Falls.

In an effort to bring grand opera to Twin Falls for the first time in the history of the city, an effort is being made in New York to change the entire western circuit's trip of the Sonora Opera company, an organization of imported artists, 50 in number. The western agencies of the organization have been unable to secure the cravers desired, so the matter has been taken up by the New York headquarters, in the hope that dates may be so changed that Twin Falls may have her first season of grand opera. The movement has the support of not only the music lovers of the city

multitude, but of those whose pride in the growth of the city awakens in them desire that this magnificent organization turn for a season in the beautiful city. Twin Falls could have no greater publicity than would be afforded.

So it is that there is intense interest in this effort to bring grand opera to Twin Falls, since the city council refused to permit the function on Sunday. But with New York headquarters at work there is still hope, even though the western agencies failed to make the changes in dates which are necessary.

AN OPEN LETTER

Announcing a Fact

There seems to be an impression in the minds of some that part of the stock in this store is not for sale; that this is not a closing out sale as advertised. I wish to say in this connection and with the utmost positiveness that this sale is being held exactly as stated and that there are no reservations but, on the contrary, it is my earnest desire and wish to sell the stock with as little delay as possible and that no effort will be spared to bring about this result and that prices have been made with this in view.

In the short time that has elapsed since my return after an absence of several weeks it has not been possible to re-mark each and every item, but there is comparatively a small portion of the stock that has not been re-marked and the balance is being re-marked as fast as possible to do so intelligently.

Without hesitation or fear of contradiction I wish to say that there is no cleaner, better assorted or more saleable stock of merchandise in this part of the country and it has been bought to the best possible advantage, and at the regular prices at which the goods have been sold they are cheap in comparison with other goods of the same class, but at the prices at which they are now being offered a purchase at this time would prove most advantageous and I sincerely urge each and every one in need of the kind of goods here being offered to make their purchases at this time.

HITCHCOCK STANDS FOR WILSON FIRST

Declares That Attack of Bryan on President Caused Him to Enter Presidential Race.

By the Associated Press.
HASTINGS, Neb., April 14.—United States Senator G. M. Hitchcock in an address here tonight declared one reason why he had consented to permit use of his name as a presidential candidate in Nebraska was because he felt that if the state were to present a candidate to the democratic national convention "he ought to be a man who is at least in harmony with the present attitude of the democratic party."

William Jennings Bryan, he declared, came to the Jackson day dinner in Washington some time ago "with a prepared speech in which he practically challenged the leadership of President Wilson and announced himself as an advocate of an extraordinary program at the approaching democratic convention."

Mr. Bryan's action at that time "was regarded practically as an avowal on his part," Hitchcock asserted, "that he would be or might become a candidate for the democratic nomination for president. The action throughout the country so restricted his action. Personally Mr. Bryan announced that he was not a favored candidate, but that he might be induced to become one. This was followed in Nebraska by an effort on the part of Mr. Bryan's brother to organize a Bryan ticket of delegates to the national convention. I was told a place upon that ticket had been left vacant for me if I would accept it."

"Under those conditions I felt that if Nebraska were to present a candidate to the national convention he ought to be a man who is at least in harmony with the present attitude of the democratic party and not one who is attempting at this time to displace President Wilson as leader of the party."

"I thought, 'I hoped at the time I announced my candidacy that Mr. Bryan would accept the challenge and put his name before the democracy of Nebraska against mine. He preferred not to do so.'"

PERISHING WOULD ACCEPT.
WASHINGTON, April 14.—While General Pershing is not seeking a presidential nomination he told fellow Nebraskans here tonight he is receiving offers in his honor by the local Nebraska society that "the 'patriotic American' could refuse to serve if 'called by the people.'"

The statement followed reference by other speakers to a march on Nebraska to bring General Pershing as the "favorite son" candidate from that state for the republican nomination.

"It seems fitting that I should say to you, my friends," General Pershing said "that my whole life has been devoted to the service of our country, and while in no sense seeking it I feel that no patriotic American could decline to serve in that high position if called upon to do so by the people."

General Pershing also expressed his views as a Nebraskan as to labor and agricultural problems.

"Labor in Nebraska is especially honorable," he said, "and the laboring man is held in high esteem. Agriculture, General Pershing said, was Nebraska's chief industry."

SAYS LEAGUE CERTAIN ISSUE.
HOLIBERG, Ariz., April 14.—United States Senator Hiram W. Johnson, Nebraska, candidate for the republican presidential nomination address here tonight declared the league of nations was bound to be an issue in the coming campaign. Senator Johnson spoke in connection with his candidacy for endorsement by Nebraska voters at the presidential preference primary April 20.

He declared it was "all well enough for the politicians in Washington" to say that the league shall not become a political issue, but that regardless of what they assert, the issue is here and will be with the American people until they have decided it for themselves.

HOOVER'S NAME BARRED.
BALTIMORE, Md., April 14.—Following a meeting of Hoover men today

it was announced that it had been decided that Mr. Hoover could not enter the republican presidential primaries in Maryland at this time.

John T. Stone, president of the Maryland Country company stated, however, that if other candidates for the republican nomination file in Maryland the friends of Mr. Hoover will resign the matter and decide then whether to reconsider the decision to not enter.

Senator Hiram Johnson has authorized his representatives to inaugurate his candidacy in the state today.

LOWDEN PLURALITY 74,813.
CHICAGO, April 14.—Governor Frank O. Lowden's plurality over General Leonard Wood in yesterday's presidential preference primary, tonight stood at 74,813. With 62 out of 102 counties complete, and with only 249 of 49,841 votes cast in Cook county, Johnson votes were recorded in 1,056 precincts outside of Cook county.

THE DUBLIN PLAN.

A new and interesting turn is given to the Irish question by the report that the Sinn Fein will accept the home rule bill, after all, for 'expediency,' and utilize the machinery set up by the bill to accomplish its own purposes.

The measure provides for two co-ordinate Irish parliaments, one in Dublin and one in Ulster. The Sinn Fein idea is to permit the establishment of the British parliament, carry the elections and control the parliament, and then have the parliament itself formally proclaim an Irish republic. Such procedure, they argue, would serve to convince England and the rest of the world that the unrest in Ireland is not the work of minority agitators, but that the big majority really want independence.

This would be a dramatic stroke, if carried out as suggested. It would undoubtedly, too, give the Irish separatists a moral advantage. Whether it would be effective so far as Great Britain is concerned is another question.

The London opinion seems to be that it would only serve to consolidate British opposition still more, resulting in an iron determination to keep Ireland within the empire at all hazards. Thus it might precipitate civil war. Of the issue of such a war there could be no question. Ireland is not strong enough to fight Great Britain. The world hopes, for Ireland's sake and for the sake of human freedom in general, that it will not come to that.

The wiser thing, for Britain's own sake, if a Dublin parliament ever proclaimed a republic, would be to let South Ireland go. There is no advantage in this age of the world in a civilized nation continuing to govern, by force, a civilized race that is determined to govern itself. The Sinn Feiners evidently are counting on an appreciation of this truth being driven home to the British people; and they may be right about it. The British, with all their stubbornness, may decide at last to give up Catholic Ireland as a hopeless proposition, merely exacting what political and economic guarantees they can for themselves and the Ulsterites.

THE FRENCH INVASION.

The British, like the American government, refused to give official sanction to the French military expedition into the German neutral zone and the seizure of certain German cities to insure German good behavior. But the British public, like approval.

The London Daily Mail says:

"The Germans have no excuse. Had their conduct been tolerated they would have proceeded to fresh violations of the treaty and more tricks. As it is, they discover that the allies cannot safely be defied. British public feeling warmly supports the French action."

The London Evening Post expresses a similar view, explaining:

"There cannot be a shadow of doubt that the advance of Gen. von Watter's force in the neutral zone was a deliberate essay to test the practical value of the treaty. Had the provocation been overlooked, it would have been taken throughout Germany as a signal that there was nothing in the treaty that could not be disregarded safely and in due time set aside."

In this country there is little disposition to criticize France. It is held, with good reason, that France is setting about her

own initiative to teach the Germans a lesson in keeping treaty pledges has done her allies a valuable service.

The unfortunate thing about it is not that France has done what she did, but that France was driven to take the action alone as a result of the partisan failure of our congress to ratify in some manner the peace treaty and participate in its enforcement.

WOMEN VOTES.

Seldom is any state act so important as will be that of the next legislature that passes the woman's suffrage amendment. One more vote will round out the requisite 36 states and clinch ratification. If favorable, it will mean the enfranchisement of 10,300,000 women, who, added to the 16,500,000 already possessing the national ballot, will make a total voting power of 26,800,000 women.

That power may turn the election. The women can choose the next president and congress and determine the future policies of the country, if they swing decisively to one party or the other.

No wonder the leaders of the big parties are eager for the credit of bestowing the suffrage right. They know that whichever party can point to the winning act of ratification will have a big trump to play in the campaign.

It seems likely that the amendment will be ratified before November, but it is a toss-up which party will finish the task. The democrats may do it in Louisiana next month, or in North Carolina in July. The republicans may do it in Vermont or Connecticut, if the governor of either of these states sees fit to call a special session for the purpose. So far both governors have refused; but things may appear in a new light after the party conventions.

WOMEN'S CHOICE IN POLITICS.

"He was sort of a 'skinny' and wore a pinchback coat."

That, as a description of Chairman Will Hays of the republican national committee, is Mrs. Anna P. Murphy's idea of the kind of politician she does not like and refuses to vote for. Mrs. Murphy is not only one of our new voters, but she is also a new woman politician. She is an editor and a leader of her sex at Homestead, Pa., where she has been a well known republican.

When facetious males wanted to poke fun at ardent suffragists they used to tell that the women would vote for the handsomest man, regardless of qualifications. But at heart they weren't quite so sure of that, and at best they thought only the very young and frivolous dear thing would be so influenced. And yet here is a campaigner and an editor, a business woman and a politician of some experience, who finds a skinny man with a pinchback coat most obnoxious—too obnoxious, in fact, to gain any further support from her. "Give us Boies Penrose if we're going to win," she says.

Every reader draws his own moral from this. They're learning things about suffrage in the old eastern states.

William Randolph Hearst is not one of those Americans who "would just as lief fight England as Germany." He would much rather do it.

"Conditions on the Rhine," says the New York Post, "are truly Ruhral." Yes, and Farmer Foch is doing some spring harrowing.

With rents at their present height, a lot of American families are going to find automobile touring cheaper than living in a house next summer.

It looks as if various politicians with presidential bees in their bonnet are going to get stung.

Doesn't the average family worry more about the price of gasoline than it does about the price of bread?

NEGRO GOES TO JAIL FOR STARTING RACIAL TROUBLE.

By the Associated Press.

Franklyn, a negro, said to represent "The Crisis," a New York publication, has been sentenced in Holmes county, this state, to six months' imprisonment and fined \$400, according to charges laid last night. With rents at their present height, a lot of American families are going to find automobile touring cheaper than living in a house next summer.

It looks as if various politicians with presidential bees in their bonnet are going to get stung.

Doesn't the average family worry more about the price of gasoline than it does about the price of bread?

MATURE PLANS FOR JULY 4 BOX MATCH

Al Sommers, Leading Light-Heavies of Northwest, May Be Brought Here

Demand for a box fight of high class (rather on July 4) is being made on the officials of the Twin Falls Athletic Association. These officials have indicated a willingness to accede to these demands as they wish, so they state, to give the fans the best available.

Under the plans that are being matured an open air pavilion will be the scene of the contest and the heat in the country that can be secured will furnish the amusement.

The local management has already started anding for Al Sommers, a former service man, is to fight Harry Gillum in Lewiston in a short time. A letter was dispatched to Sommers yesterday asking him what kind of terms he would want to appear here.

Sommers is out of the pork and beans class. Starting as a light-weight, in which class he found Mickey King, one of the best that has ever been put out on the Pacific coast, Sommers has developed into a heavy-midweight.

In addition to King, he has fought Marty Parrel of New York; Battling Ortega; the Mexican fighter who named nation-wide prominence in the middleweight division; Gordon McKay, of Idaho, who is to fight Mike O'Dowd in Pontello July 4; Mexican

Red Carter, who is credited with a draw with Jack Dempsey, now world's heavyweight champion; "Chet" McIntire, holder of the northwestern heavy-weight championship; Billy George, Mike Gibbons, former middleweight champion of the world, who lost his title to Mike O'Dowd, whom Harry Gillum has challenged for a finish (right); Dick Wells, of Cincinnati; Slating Levinsky, former light heavy-weight champion of the world; Billy Murray, Jack Torres of Albuquerque, Harry Gillum and a host of others.

The writer saw Sommers in his bouts with Wells and Jack Torres. Wells, with a reputation of a coming world-beater, blew into north Idaho looking for some easy pickings. He was matched with Sommers and after the bout Wells beat it back to the Ohio city, having received a sufficient trimming in his first western contest to satisfy him.

Torres was then brought out of "old" Idaho. Torres was a prime favorite of the fans of northern Idaho and was an odd-end favorite over Al. In fact the Torres men were betting money, marbles and chalk on their man when he crashed through the ropes. The bout went the full distance, but Torres received the worst beating that was ever given to him.

By Williams Honey Gives Phillies Victory Over Dodgers—Giants Lose Again

CINCINNATI, O., April 15.—Vaughn's wildness and the rugged fielding of the Chicago team enabled the world champions to win their second game of the season today although they made only four hits. Score: R. H. E.
Chicago 3 6 6
Cincinnati 4 4 0

Grain

CHICAGO, April 15.—Talk of acute shortage of bread grain had a decided bullish effect today on corn. There was a persistent climb in prices, with a nervous finish at 1-1/2c to 3-1/8c net advance. May 169 1-4 to 169 1-2 and July 162 5-8 to 163 7-8. Oats gained 3-4 to 2c, and provisions 42c to \$2.

Exporters were bidding highest prices of the season for wheat and rye to ship to Europe, and it was said that while from breadstuffs supplies obtained in North America are only other bread resource of which Europe could be certain until new crops were harvested, 100,000,000 bushels of wheat from Argentina and minor quantities from Australia and India. Corn was also current that prospective reduction of the wheat crop in the United States appeared to be causing anxiety abroad. Meanwhile, demoralized traffic conditions resulting from the railroad strike made more and more apparent the inadequacy of the stocks of corn at terminal markets. Ethical absence of selling pressure on corn resulted, and at no time was there any important setback in values.

Cuts ascended with corn, and touched new high record prices for the crop.

Provisions were lifted by grain strength and by rumors that the semi-annual warehouse report would exhibit no burdensome new increases of stocks.

DISCUSSING THE SWELL DANCE THEY SAW AT THE GATON

LAST INTERCHURCH MEETING TODAY

Three Sessions Will Be Held in Methodist Church; Illustrated Address This Evening.

Meetings of the interchurch conference will start this morning at 10:30 o'clock in the First Methodist church. Other meetings will be held in the afternoon and evening at 2 and 7:30 o'clock. The session in the evening will consist of an illustrated address on "America and the World." Dr. O. W. Harris, state secretary, will be the principal speaker. These are the last meetings of the interchurch movement to be held in Idaho. Some of the best speakers in the state will be at the sessions, it is said. The purpose is to make an actual survey of church conditions all over the country. The denominations are represented and the work is said to be co-operative, not competitive. All meetings are open to the public. C. E. Munson of Twin Falls is county chairman of the movement. W. M. Hertzog, state leader, has been surveying throughout the state the problems of industrial, religious, educational, trade and moral uplift conditions, and they are said to attain a high percentage.

Dr. H. H. Shawhan, interchurch field worker, reporting, on various states in the union, commented on our experiences well attended to this present work. He said that those connected with this work were attempting to bring facts before the people of America.

Three thousand conferences have been held since Easter and the first one for Idaho is to be held today, he said. In closing, Mr. Shawhan remarked: "There has been a rising tide of interest and with all the signs of progressiveness I see about me in Twin Falls I am confident this last one will be the best."

From April 26 until May 2, R. B. Standish, state leader in the financial drive, will conduct a campaign for the budget.

Mr. Shawhan will remain in this state until the financial drive is completed.

CHEMISTS TELL OF SUBSTITUTE PLANS

Chemists in the United States Say—Have Sugar Substitute for Malt Syrup.

By the Associated Press.
ST. LOUIS, Mo., April 14. Speakers at today's session of the convention of the American Chemical society said chemists can be utilized in producing dyestuffs and that efforts were being made to obtain sugar substitutes from malt syrup.

Experiments are being made into the feasibility of substituting wood pulp for cotton, it was explained, with a view to reducing the cost of cotton material. This pulp, already in being used as a substitute for cotton in the manufacture of explosives, it was said.

Dr. C. O. Johns, of the department of agriculture, explained that "cayenne" and lime beans are good foods for maintaining strength and relieving bodily fatigue, but that adzuki, soy and mung beans, Chinese products, and peanuts promote bodily growth in addition to maintaining strength. Two types of a "cayenne" as well as the brown and blue vat dyes are the latest properties discovered in the humble cornucopia, according to Dr. N. P. Munroe of the United States bureau of chemistry.

It recently has been discovered, he amplified, that furfural, a rare and expensive chemical used as the base of some dyes, can be obtained by boiling the cobs in sodium phosphate for two hours.

In the process, he said, the price of furfural, \$17 a pound, can be reduced to 15 cents.

HAYES FILES SUIT AGAINST TIMES-DENTON

Continued From Page One.

The result that his action was filed yesterday afternoon with the clerk of the district court.

The petition recites:

"That at all the times herein mentioned the defendant, The Times Printing & Publishing Company, a corporation, has been and now is a corporation duly organized and existing under and by virtue of the laws of the State of Idaho, having its principal place of business in the City of Twin Falls, County of Twin Falls, State of Idaho, where it is engaged in the general printing business and in the publication of The Twin Falls Daily Times, a newspaper.

"That at the times herein mentioned the defendant, D. M. Denton, has been and now is the majority stockholder of said defendant, The Times Printing & Publishing Company, a corporation.

"That on or about the 26th day of April, 1919, at Twin Falls, Idaho, the defendant, D. M. Denton, by means of fraudulent misrepresentation at said time made to plaintiff, induced and procured plaintiff to execute and deliver to the said D. M. Denton, defendant herein, a promissory note in the sum of \$1,000.00 payable to the order of the defendant, The Times Printing & Publishing Company, a corporation, which said promissory note was due and payable on November 18, 1919.

Alleges Misrepresentation.

"That the said defendant, D. M. Denton, then and there stated and represented to plaintiff that the said promissory note would be used to secure credit for the defendant herein; that when said promissory note reached maturity plaintiff might, if desired by him, pay said promissory note and receive therefor capital stock of the defendant, The Times Printing & Publishing Company, a corporation, to the amount of \$1,000.00 according to the par value thereof, or that if plaintiff did not at the maturity of the said promissory note desire to pay the same and to receive said shares of capital stock thereof, that the said defendant, D. M. Denton, would return the said promissory note to plaintiff. That at the time of said transaction the defendant, The Times Printing & Publishing Company, a corporation, was capitalized at the sum of \$5,000.00.

"That thereafter, to-wit: on May 17, 1919, and on June 21, 1919, the defendant, The Times Printing & Publishing Company, a corporation, filed in the office of the county recorder of Twin Falls county, Idaho, amendments to its articles of incorporation increasing its capital stock from said \$5,000.00 to the sum of \$75,000.00. That the defendant, D. M. Denton, plaintiff, is informed and believes and therefore alleges the fact to be, that the amount of said capital stock is greatly in excess of the reasonable value of the assets of said corporation and that by reason of the said increase of the capital stock of said defendant corporation and by reason of the liabilities of said corporation the said shares of capital stock of said corporation are not worth to exceed the sum of ten cents on the dollar.

Knows Value of Stock.

"That the defendant, D. M. Denton, at the time of the execution and de-

livery of said promissory note by plaintiff to him well knew that the capital stock of said corporation would be increased before the maturity of said promissory note and that the stock to be issued to the plaintiff at the time of the maturity of said promissory note would have little or no value.

"That long prior to the maturity of said promissory note, at said time and since said time plaintiff has been informed and notified the defendant

herein that he did not desire the said shares of capital stock of said corporation, but that he desired the return to him of said promissory note. That notwithstanding the statements, representations, promises and agreements made to plaintiff by said defendant, D. M. Denton, and notwithstanding that the defendants herein are now the owners and holders of said promissory note, the said defendants, and each of them, have and do fraudulently refuse, neglect and fail to re-

turn said promissory note to this plaintiff.

"Wherefore, Plaintiff prays and demands judgment against said defendants:

"That the said promissory note be delivered up, canceled and returned to plaintiff.

"That plaintiff have and receive his costs and disbursements in this behalf incurred and expended, and for such other and further relief as to the court may seem just and equitable."
