

SONORA SEEKS BELLIGERENT RECOGNITION

Steps by Carranza Seeking Troop Movement Through U.S. Is Opposed.

BORDER STATES PROTEST ACTION TO WASHINGTON

Declare It Would Precipitate Battles on This Side of the Border Claim of Douglas Men.

By the Associated Press. AGUA PRIETA, Sonora, April 16.—The state of Sonora will appeal to the United States for recognition as a belligerent. Announcement of the appeal was made here today by Francisco Elias, a leader in the Sonora revolt against the Carranza government of Mexico.

Sonora hopes to be recognized as a belligerent, according to Senor Elias and thus forestall permission being granted Carranza troops to cross United States territory to attack the state from the border. The appeal, if granted, also would throw open the ports of the state on the international boundary to trade with the United States without restriction.

Does Not Mean Recognition. Senor Elias said recognition as a belligerent would in no way involve recognition by the United States government of the government of Sonora, nor otherwise involve its relations with Mexico as a whole. He said that in previous Mexican revolutions the United States had recognized any faction as a belligerent that had been in possession of any part of entry to the United States for 72 hours. Troops were ordered sent here with all dispatch to guard the city against any attack of federal authorities when it became known the government of Mexico had asked the United States for permission to send troops here from Juarez, Chihuahua, through United States territory. Gen. J. M. Pias, in command of the Sonora army in this district, ordered all garrison commanders to send all available troops to Agua Prieta. Four hundred were marching here from Naco, Sonora, tonight.

Border States to Protest. The Sonora officials said they had received assurance, strong representations would be made at Washington against permission being granted. They expect border American states to also protest to Washington against the Carranza request. Gen. P. Elias Calles, commander in chief of the Sonora forces, in a telegram received here today from Hermosillo, said Sonora soldiers were continuing their invasion of the state of Sinaloa, but no mention was made of their present whereabouts or whether additional fighting had taken place.

PROTEST TROOP MOVEMENT.

DOUGLAS, Ariz., April 16.—The Douglas chamber of commerce sent messages to Arizona delegates in congress, the governors of Arizona, New Mexico and Texas and other officials tonight, asking that steps be taken to prevent the passage of Mexican federal troops through United States territory, as requested by President Carranza. Another telegram was sent to Postmaster General Burleson asking that he rescind his order forbidding mail sent to Sonora and specifying that it be sent into Mexico through Juarez, Chihuahua, Arizona, Sonora and representatives and the three governments also were asked to use their influence to have the order revoked. Chamber of commerce speakers said mail routed through Juarez would not reach its destination and American mining companies and other concerns in Sonora would be unable to adequately look after their Mexican business.

Open on This Side. The message concerning the proposed passage of Mexican federal troops from El Paso, Texas, to Douglas said that to enter Sonora to attack the Sonora troops the Carranza soldiers would be compelled to fight their way from United States territory.

MORE IRISH HUNGER STRIKERS RELEASED

By the Associated Press. DUBLIN, April 16.—Twelve more hunger strikers were released from Mountjoy prison today. The doubt over the terms under which the prisoners have been released are not yet cleared up. Work progressed as usual today and there was quiet throughout the city.

PROTEST OF NO AVAIL.

NEW ORLEANS, April 16.—Despite the protest of Major Brathwaite, British consul general, Eamon de Valera, provisional president of the Irish republic, was welcomed here tonight by a distinguished banquet and was given the freedom of the city. Major Mills filed a formal protest in the name of the British government with Acting Mayor. Ticks against the plans for the entertainment of the city.

PREPARE FOR TURKS TO SIGN PEACE TERMS

PARIS, April 16.—The Turkish delegation which will be sent to France to sign the peace treaty between the allies and Turkey, is expected here before the end of April or during the first few days of May. The delegation probably will establish its quarters at the Hotel Des Reservoirs, Versailles.

WOOL GROWERS TO RECEIVE BIG SUM

Excess Profits Made by Dealers During 1918 Distributed Under Government Orders.

WASHINGTON, April 16.—Excess profits of more than one million have been obtained by dealers in transactions during the war time period when the national supply was all under government regulation will be collected and returned to the growers by the bureau of markets of the department of agriculture. The decision announced tonight by the department followed a hearing on questions relating to the valuation and handling of the 1918 clip. The bureau took on December 31, 1918, the work of the war department, cloth, settlement board and that cloth regarding fleece wool only would be handled by the bureau.

Reports have been secured from nearly all large dealers as to business conducted during the period under inquiry, it was said, but the work of checking up accounts has been delayed by the discovery that some 30 country dealers had operated without federal licenses. Secretary Meredith said the work of collecting and returning excess profits would be pushed vigorously. Bernard Baruch, former chairman of the war industries board, Judge Edwin B. Parker, a member of the board, and Samuel H. Pennell, former chief of the wool section, and several members of congress representing districts interested in the matter under discussion, were present at this conference.

WOOD CHALLENGES THE STATEMENT OF PALMER

Declares No Sign of I. W. W. Morrison Avers Attorney General's Charges Are Baseless.

By the Associated Press. PHILADELPHIA, April 16.—Tramway and garden, and all other employees of the Pennsylvania, the Reading and the Baltimore and Ohio railways in Philadelphia who are on strike, were ordered late tonight to resume work at once. The order was issued by representatives of the strikers at the conclusion of a conference with William J. Tracy, chief of the state department of mediation and officials of the railways.

BREAK IN MISSOURI. SPRINGFIELD, Mo., April 16.—One thousand nation-wide of way men and shop employees, employed by the St. Louis and St. Francisco railroad here, who have been on strike since Monday, tonight voted to return to work pending word from the labor board appointed by President Wilson. Striking action was voted to return this morning.

Outward indications point to an early end to the nation-wide railroad strike.

The first big break in the strikers' ranks in the east, their last remaining stronghold, came yesterday, when 500 Pennsylvania firemen and engineers at Baltimore voted to go back to work. Similar action by the teamsters' brotherhood there was reported by its president, although at a meeting last night in Baltimore trainmen declared they had voted to remain out, even at the risk of being expelled from the unions.

Eastern railways continued to report increasing defections in the strikers' ranks, but these were disputed by strike leaders who declared the main body of their men was still holding firm. Continued improvement also was reported by the roads of the middle and far west.

Vote to Go Back. Switchmen at Toledo, Ohio, voted to return to work, pending a settlement of their grievances by the labor board. The railroads there will give their answer today.

Railroads in all sections of the country reported that passenger service was nearly normal while freight service virtually abandoned since the strike began, was rapidly being resumed.

STRIKE IS COLLAPSING.

NEW YORK, April 16.—The collapse of the "outlaw" railroad strike, which is entering its second week, here was believed to be near tonight by railroad officials, who supported this opinion with statements of grant.

B. P. O. E. FURNISH BURLEY WITH MEMORABLE DAY

BURLEY, April 16.—Burley took Burley by storm today. Members of the authorized herd came from Twin Falls, Blain, Ellet and Kimberly. They came from Pocatello, from Butte, from Ogden, from Boise, Nampa, Payette, from Idaho Falls, from Salt Lake.

There were five hundred Elks on the train from Twin Falls that arrived here yesterday morning. Of this number 257 had purchased tickets at the depot, while more than 100 were forced to pay their way on the train. The day was a success. In every way—the biggest day in the history of this thriving city.

Three bands, added to the gaiety, those of Twin Falls, Burley and Pocatello, Boise, with Elks from many western cities, was the first orchestra to make its appearance. Next came the special trains from Pocatello, and vicinity and from Utah. "Bill" reigned supreme.

With the arrival of the Twin Falls delegations the real activity commenced. At 2 o'clock the ceremony of instituting the new Burley lodge was inaugurated.

HUN OFFICERS CHARGED WITH CONSPIRACY PLANS

BERLIN, April 15.—Three Reichswehr officers and three civilians were arrested today. They are accused of conspiracy against the government. Two of the officers are Altvater, a well known submarine commander, and Captain-Lieutenant von Velsbach, the latter of whom has just returned from captivity in England.

An extraordinary feature of the case is that the accused met in the ministry of defense building, where they gathered in Captain von Velsbach room yesterday to discuss "joint action on nationalistic and counter-revolutionary basis." The meeting was broken up by emissaries from Minister of Defense Grottel to whom the plot had been reported.

One of the civilian prisoners is Horstmann, organizer of the so-called Fraternity of Front Soldiers.

RE-ESTABLISH COMMERCE.

PARIS, April 16.—The Journal Official will publish tomorrow a decree re-establishing liberty of commerce between France and the countries of Central Europe, subject to the general tariff.

PROPOSE E. T. MEREDITH AS A CANDIDATE

Boom for Secretary of Agriculture Is Launched by Iowa Democrats.

RESOLUTIONS IN HIS FAVOR TO BE FOLLOWED

Hitchcock Says Friends of the Treaty Will Stand for Any "Reasonable Reservations to Pact.

By the Associated Press. ST. LOUIS, Mo., April 16.—Action to cause the name of Edwin T. Meredith, United States secretary of agriculture, to be presented to the democratic national convention at San Francisco for president of the United States was taken here today by democrats in state wide conference.

Resolutions formally "presenting to the democracy of the nation," Mr. Meredith, "as our candidate for president" were presented by Claude R. Portage, counsel for the federal trade commission. The resolutions also urged upon the delegates from Iowa to the national convention to use their influence to put Meredith as a candidate before delegates from other states and to bring about, if possible his nomination.

Wilbur Marsh, national committee man from Iowa told the conference the Iowa delegation would be instructed as requested in the resolutions. When chosen several weeks ago the delegates were not instructed for any person as a candidate.

Meredith Not Present. Mr. Meredith was not at the conference. In addition to Mr. Marsh, W. H. Jackson, national financial secretary attended. Members of the state committee also were present. The conference was called by J. W. Reynolds, state chairman. Mr. Porter came direct from Washington to the meeting.

LEAGUE MUST WIN.

LINCOLN, Neb., April 16.—Speaking in connection with his candidacy for endorsement by Nebraska voters at the April 2 primary as a democrat and presidential candidate, United States Senator G. M. Hitchcock declared in an address here tonight that the fight for the league of nations must be won, and predicted some way would be found whereby America would enter the league.

Friends of the peace treaty in the senate, said Senator Hitchcock were willing to subscribe to "reasonable" reservations in order to "meet the objections of the suspicious, the fear of the timid, and to silence the tongues of enemies."

SUTHERLAND TALKS.

WASHINGTON, April 16.—Senator Hiram W. Johnson, West Virginia, tonight announced his candidacy for the republican presidential nomination.

"If the voters of West Virginia shall express their preference for me in the primary," his statement said, "and thus instruct the delegates from the state, I shall accept, and will assume that the delegates thus selected will make an honest effort to secure my nomination."

"If my nomination shall be found to be impracticable, they will be absolutely free to vote for the candidate most likely to meet all the conditions and insure success at the polls. I want to see the most available man nominated."

NORRIS PRAISES JOHNSON.

WEST POINT, Neb., April 16.—Speaking here this evening in the interest of the candidacy of Senator Hiram W. Johnson, Senator George W. Norris declared it his belief it was necessary to elect Senator Johnson president of this country to maintain its independence of government and protect the liberty and freedom of its people. Senator Norris said Johnson was a representative of the common people, without funds with which to wage a presidential campaign such as his opponents are conducting.

MYSTERY SURROUNDS DEATH OF ELEVEN PROMINENT RUSSIAN CITIZENS IN RUMANIA

BUCHAREST, April 16.—The discovery of the yacht Ostara, stranded at Sulina on one of the mouths of the Danube, of the bodies of 11 noted Russian citizens who were washed ashore through the head, and not a living soul on board, has presented to the Rumanian authorities one of the most mysterious tragedies of Bolshevism in the Black sea. The bodies have been identified as those of members of the noted Russian families of Paley and Skladowski. On board the yacht were fourteen million rubles in gold and paper and jewels. The bodies of the eleven Russian citizens still gripped in his hand when his ship was found and whether the party committed suicide or were murdered is a question that remains unanswered. An investigation is being made by the Rumanian authorities, aided by Russian friends of the two families. All that is known is that the two families fled from their estates to Odessa, and when the Bolsheviks arrived there in February, put their belongings on board the yacht, which was towed by a Russian steamer. The two broke several times owing to severe storm and finally the yacht lost the steamer altogether and proceeded to Constanta. The refugees were refused permission to land. It is believed, as a result of the investigation so far made, that after the yacht lost its tow it drifted at the mercy of the storm, and the refugees, six men and five women, became exhausted from the cold waves breaking over the vessel, and lack of food. Unable to manage the yacht, the party made a despairing effort to put her ashore on the desolate beach near Sulina. There they succeeded in launching small boats, but Rumanian guards, under strict orders to permit no landing through fear of the Bolsheviks, ordered them to return to the vessel. It appears that some coast fishermen offered a rescue when the vessel began settling, owing to the consequent ponding of the heavy sea, but soldiers prevented. How the families met their death probably never will be known. Some money and valuables were missing when the refugees had on board and Rumania was checked up and Rumania has been asked to attempt to recover them. King Ferdinand and Queen Marie of Rumania have taken a great interest in the investigation because when the royal family was driven into exile and the capital removed to Jassy, the king and queen were offered the magnificent homes of the Paleys, across the Bessarabian border. The Paleys belonged to one of the ancient families of German-Mennonite colonists who settled in the province of Kherson, at the invitation of the Russian government.

WHY BUDGETS FAIL.

The fundamental reason why budgets fail is that human nature is human. It is the exceptional person to whom such routine is natural. For the rest of the world account-keeping is artificial and burdensome. Like many other forms of work, however, it is necessary if life is to be free from the discomfort and worry. But if the housekeeper's records take more than two minutes a day with an extra hour once a month, they are out of proportion.

Trying to account for every cent every day is one sure cause for failure. Life is too short. And who cares, six months hence, whether the dollar went for a sham-poo or a box of candy or a sheaf of magazine? Set aside a lump sum for personal expenditure and forget the details.

The secret of keeping house accounts successfully, say ones woman who has tried many ways, is to keep the account book near the kitchen. If it is in the desk upstairs or in the library table drawer, life rushes swiftly by and sweeps it aside. If it hangs on the kitchen wall or nudges the cookbook on the shelf it will keep itself noticed.

Another woman spends an hour or two every six months making out little slips with columns for meat, grocery, bakery and ice, equipment, help, dry goods, drug store, miscellaneous. These hang on two hooks by the kitchen window, a pencil with them. Below is the pad for market lists. The house purse is in the table under this, and the market basket under the table. When she returns, she puts the basket under the table and the purse in the drawer, and writes up the money spent before she takes off her wraps.

These slips are laid in the drawer as finished. Large bills are paid monthly by check, and the totals of the slips are transferred to a card file at the same time.

These succeed not because they are perfect systems, but because they fit the people who use them. The only way to keep a budget is to keep on trying until the right plan is found for person and circumstances.

BEING A BOOB.

What do you talk about when you meet your friends? What do you talk about when you are alone? Can you think things clear through, or are you lazy?

"What boobs these mortals be!" misquotes Franklin P. Adams in Harper's Magazine, and submits overheard conversations of ordinary people to prove it. The speakers apparently did no thinking at all. They merely made noises. "Somewhere in this favored land," F. P. A. went on to say, "they are talking of literature, art, philosophy, religion, economics and yachting, but not many of them. The excessively human race, taking it by and large and better shelter, is a race of poor boobs."

Not that particular item of information matters. Every boob in the boobish human race has gaps in his knowledge, and certain equally curious mountain peaks of knowledge standing out from the plain of his ignorance. What does matter is whether or not people learn to think for themselves. The man who in a conversation about the president said: "Whose fault high prices? Wilson! Don't tell me he ain't getting his out of it!" had quite evidently failed to think himself out of the maze of modern economics into any place of clear vision. The man who promptly retorted: "You're crazy. He gets seventy-five thousand a year salary" may have meant well, but he

had not thought very far into the demands of the presidency upon the presidential wage.

It does not matter greatly to the country whether we talk of the movies or of erudite science. But it does matter to the country whether we talk intelligently of the movies we have just witnessed, and whether we are capable of just judgment in matters of new clothes and the weather. For it is we poor boob who govern this great nation, and in whose hands the execution of great policies lie. If we are boobish at home and abroad, if we think and act boobishly, how can we avoid electing people who will serve us as boobies deserve to be served?

POLITICAL FREEDOM.

Many politicians seem very sure that the affairs of the nation must be fought out on party lines—that party is more important than principle or program—that no man can hope to win an election from president down to constable, unless he is a party man, accepting the "organization" and obeying its orders.

They have made a mess of our status among the powers of the earth because of this. And yet they continue to urge, without shame, that parties are greater than America.

But surprises may yet be in store. There is a new feel in the air today. The old-line politicians have failed to reckon on the present generation.

This is a generation which has faced death for an ideal. Men and women and children—those who fought, those who gave, those who saved and those whose only sacrifice was anguish waiting—they have seen pain, and they have seen truth not vouchsafed to those who have not sacrificed.

Somehow, next November, they may show their will. And it will not be the will of a selfish, restless, indecisive people. These are but surface wavelets over the frue of a great sea.

FAME AND THE FAMOUS.

It has become trite to say that fame is fleeting. As Ovid exclaimed: "Fame! It is the flower of a day, that dies when the next day's sun rises."

An exaggeration of course but containing a real truth, which is being exemplified anew by the effort to secure nominations for the Hall of Fame of New York University. With all the roster of famous names in American history, the electors are hard put to find heroes enough to adorn the niches in the hall. Indeed, of those already selected, many are names already forgotten. James Kent, for instance, and Joseph Story, Asa Gray, Mark Hopkins. It is to be counted for ignorance that one can scarcely recall such names in history, or, recalling them, remember their great deeds.

And so with some of the new names submitted. They include Frederick Douglas, John Clarke, George Innes, Homer D. Martin, Dr. Titus H. Coan, Dr. Lewis Henry Morgan and Dr. William Shippen. Truly such a list of names is a serious test of the question: What is fame?

There is acute danger of an amicable settlement of the Italian-Jugo-Slav dispute. If this sort of thing is allowed to go on, we shall have peace before we know it. Forewarned is forearmed. Who will start the next row?

And 100 congressmen are going to take a vacation trip through the Orient next summer at Uncle Sam's expense. Uncle won't grudge the expense if they become oriented on international affairs.

The reason why people are not much interested in advice to "buy cheaper cuts" is that they don't believe there is any such thing.

Raising coal prices \$1.50 per ton to meet a 40 per cent advance in the cost of production isn't the way to persuade consumers to "order next winter's coal now."

OUTBURSTS OF EVERETT TRUE

STRIKE LOSES ITS GRIP ON EASTERN LINES

Continued From Page One.

Improved passenger and freight service on all roads into New York. Further disintegration in the strikers' ranks was reported late today following a meeting in Jersey City. The attendance was about half the size of yesterday's and was interpreted by railroad managers as due to a realization on the part of the strikers that the fight has been lost. Many more were reported to be hastening to take advantage of the provisions of the railroad's ultimatum which expires at noon Saturday.

VOTE TO STAY OUT.

CLEVELAND, April 16.—In spite of the situation caused by the railroad and General Palmer's declaration of power in the United States to create New York, giving striking members of the railroad brotherhoods until noon today to return to work, 500 serious indeed. But there is no such members of Lake Front lodge, No. 268, Brotherhood of Railroad Trainmen, employed in the local yards of the Pennsylvania lines, at a meeting today unanimously voted to remain on strike.

The three transportation brother- only development of the day affecting

boob chiefs here, W. G. Lee, of the trainmen; W. K. Stone, of the engineers; and W. S. Carter, of the firemen, were in conference for three hours today considering the ultimatum of the general managers. The three leaders framed their answer to the ultimatum and telegraphed it into today. They would not divulge the nature of the reply.

MORRISON CHALLENGES PALMER

WASHINGTON, April 16.—Attorney General Palmer's conclusions that the "outlaw" railway strike was traceable to activities of radical and revolutionists was sharply challenged tonight in a statement issued by Frank Morrison, secretary of the American Federation of Labor. An independent investigation of strike causes by the railway executives, the statement said, revealed "just a plain, ordinary strike for more pay."

"If there were enough revolutionary power in the United States to create such an outbreak as this," Mr. Morrison said, "the condition would be tomorrow to return to work, 500 serious indeed. But there is no such members of Lake Front lodge, No. 268, Brotherhood of Railroad Trainmen, employed in the local yards of the Pennsylvania lines, at a meeting today unanimously voted to remain on strike."

SEVERE PUNISHMENT IS GIVEN TO "U" STUDENTS

By the Associated Press.

AUSTIN, Tex., April 16.—As a result of a mass fight on March 1 in Austin this evening accompanied by severe injuries, neither the sophomore nor the freshmen classes at the University of Texas, will be allowed to hold receptions for the next two years, according to an announcement made by the president. Four hundred and sixty-four students alleged to have participated in the fight received sentences ranging from being placed on disciplinary probation, to suspension for two weeks without the privilege of taking spring examinations. Payment for damages to the building in which the fight was staged said the president, must be made within 10 days or all men involved will be suspended.

KING OF SWEDEN VISITS IN FRANCE INCOGNITO

By the Associated Press.

PARIS, April 16.—The king of Sweden, traveling incognito, arrived in Paris this evening accompanied by Count Ehrenmark, Swedish minister to France, who met in Hollande, and G. C. d'Amboise, private chamberlain to the king.

When the king alighted from the train he was greeted by a representative of President Doumergue, the prefect of police and other dignitaries. The party drove to the Swedish legation where the king will stay while in Paris.

EXTEND ZEMSTVO GOVERNMENT

By the Associated Press.

MOSCOW, April 15.—The establishment of a Zemstvo government in the Far East, extending from Lake Baikal to Vladivostok, has been proclaimed by the provisional government of Verkhniy Olenok, which has addressed a communication to all governments in this effect. It is signed by President Arosimoff.

CHURCHMEN OPEN LOCAL CONFERENCE

Plan Business Men's Session—Purpose Is to Emphasize World's Spiritual Need.

Dr. C. W. Harris, state secretary of the world inter-church movement, was the principal speaker at the meeting held in the First Methodist church last evening. About 300 were present. Dr. Harris spoke while the stereoscopic views were being thrown on the screen. The topic was "Hanged Conscience in the East." Other speakers were E. A. Krussman, of the Y. M. C. A., at Pocatello, and A. V. Willey of Idaho Falls. The session last evening was the last of the county meetings to be held in this state. It is said that community conference will be held until April 26.

The county meetings will be followed by a series of community conferences and will be in turn throughout the world according to Dr. Harris. It is his intention to speak at special meetings when numerous business men are gathered at noon luncheons. Eleven denominations participated in this inter-church movement in the southern part of Idaho and during the time Dr. Harris has been interested in the work he has traveled and addressed large audiences in 15 counties in this part of the state.

The chief purpose of the sessions are to emphasize the fact that the inter-church world movement as a whole is essentially spiritual and to assist in winning men to Christ and His church.

States Director Randall, leader in the financial movement, asked for con-

operation to the fullest extent when he presented the plans for the campaign to raise Idaho's quota to \$522,222 in the inter-church world movement budget. He also appealed for unity of effort and efficient team work during the week of the campaign April 26 to May 2.

Arrangement will possibly be made so Dr. Harris can speak before Twin Falls business men at noon luncheons next week. He is scheduled to deliver addresses at Piler, Monday evening and at Bluff on Tuesday. It is said that a business men's banquet is being planned for the session at Bluff. Other well known men in this campaign will speak before the assemblies.

PROPOSE E. T. MEREDITH AS A CANDIDATE

Continued From Page One.

Taking for his general text the problems that the United States had fallen heir to as a war aftermath, Senator William W. Johnson this afternoon addressed an audience that taxed the capacity of the community building here. He said he wanted the power that had been conferred on President Wilson—a greater power than was bestowed on any other ruler in the world—repeated, and he denounced the spotlight of public opinion cast on government administration. Senator Johnson argued for a budget system in expenditure of public funds.

EXCHANGE EXPLAINS STUTZ SUSPENSION

Declared Lack of Free and Open Market Evidence—Cancer On Stock.

By the Associated Press.
NEW YORK, April 16.—The New York stock exchange, in an exhaustive review of the circumstances leading to its suspension of dealings in Stutz motor stock, tonight issued a statement denying that such action was dictated by a desire to protect the short interests, or that it had been "influenced by the personal interests of its members."

The committee knew which the "corner" in the stock which the public did not know, the statement said, and "knowing that there was no longer a free and open market, it was bound to suspend dealings in it for the protection of the public."

When Allan A. Ryan, chairman of the board of directors of the Stutz Motor Car company, went before the business conduct committee of the exchange, he declared Stutz Motor stock was cornered, the statement said, and gave corroborative details. "Aside, if true, indicated he owned considerable Stutz stock and that he and his family, friends and immediate associates owned, or had contracts for, the delivery in form of stock aggregating 112,400 shares, or 10,000 shares more than the total capital stock of the company." He was then informed, it adds, that "the situation must not continue; that he alone was in a position to put an end to the corner and must take whatever steps were necessary to do so."

Y. W. C. A. ADOPTS SOCIAL PROGRAM FOR THE YEAR

Judges of the contest will be E. P. Nafziger.

PROSECUTION CONCLUDES EVIDENCE AGAINST CALLAUX

By the Associated Press.
PARIS, April 16.—After speaking for the greater part of three days, Theodore Lecanux, prosecutor general, tonight concluded something up the prosecution's case against Joseph Callaux, former premier of France, who is on trial for alleged treason. He de manded application of the penalties prescribed by articles 77 and 79 of the penal code declaring that article 205 of the military code which calls for

the death penalty, by decision of the court of revision, was inapplicable. The prosecutor charged occupied Callaux from the same degree of guilt which applied to Robey and M. Duval; saying that "the fingers of God" were pointed by the "finger of God" whereas Callaux only should suffer the political penalty. Robey, Duval and M. Duval were put to death for their crimes.

NEW OVERALL RECRUITS ARE ADDED DAILY

Thousands of New Yorkers
Sign Up with the Blue
Denim Brigade.

NEW "STYLES" APPEAR
IN NEW STYLE CLOTHES

Movement Launched Here by
A. W. Sowle—Many Places
Report Growth of
the Drive

By the Associated Press.
NEW YORK, April 16.—Thousands of recruits in New York flocked today to the altars of "General Overall," whose march against the guerrilla forces of the high cost of clothing started recently in the south, gained strength in the west and now has reached the east for decisive battle. The blue denim brigade which has its inception here among members of the Chess club of dramatic press agents, critics and theatrical writers, obtained reinforcements today when DeWitt Clinton high school students voted to wear khaki overalls. Then Columbia university endorsed the movement and other schools and business and professional classes began to fall in line.

H. S. Kids John Mover.
Boys of the Jamaica high school voted to wear khaki on all occasions. The Bronx Business Men's club and the Women's Civic Federation promised support.

How strong is the popular indignation against the fancy prices being asked for ordinary clothing was evidenced in the number of applications made to the Chess club for phony today in its overall parade that was postponed in order to make the affair

an impressive demonstration. Late reports from headquarters indicate battalions of volunteers are springing up everywhere. Not to be outdone in strategy, the overall revolution was said, have been quietly buying large quantities of denim and khaki in wholesale lots to affect any counter move to corner the supply and boost prices. Reinforcement have also been recruited by the literary clubs of New York and New Jersey. Various styles in blue denim have been advanced. A popular one at present is a "neat little jacket, belted in the back, to cost 75c." The rule for the denim brigade at Columbia next week. It was announced tonight, was strictly overalls for men and women.

Movement Started Here.
Conventional clothes are to be discarded and men will appear this morning in Twin Falls dressed up in khaki and denim. The movement was inaugurated by A. W. Sowle, manager of the Perrine hotel, earlier than yesterday.

OFFICE MEN IN MOVEMENT.
FORD 107-LAC, Wis., April 16.—Twenty-five office employees today formed an overall club. They signed an agreement to wear overalls during office hours until "a reasonable reduction in the cost of other clothing takes place."

MANY TO FACE LIQUOR CHARGES IN MICHIGAN

By the Associated Press.
MARQUETTE, Mich., April 16.—With the returning of indictments against John, Peter and Steven Sencel, Iron River machine gun owners, the federal grand jury today completed its work. Forty-seven indictments were returned by the grand jury Wednesday, involving the largest number of alleged liquor law violations recorded at one court session in upper Michigan.

One indictment reported today was against Mrs. Genevieve Stewart, wife of a Gladwin druggist. Mrs. Stewart pleaded guilty and was fined \$100 on a charge of selling liquor illegally. The Sencel brothers, who were charged with illegally possessing wine, which led to the "invasion of Iron county by the bootleggers," head of the central division's prohibition enforcement agents, probably will be arraigned tomorrow.

Considerable interest is attached to the outcome of the case throughout the peninsula. In view of the recent announcement of federal agents that if the brothers were convicted, Major Dalrymple would press action against Iron county officers, who, he contended, were guilty of interfering with the seizure of the Sencel wine by his agents.

ATTACK HANDLING OF MEXICO BY U. S.

Henry Lane Wilson Says Blame for
Thousands of Deaths to
Administration.

By the Associated Press.
WASHINGTON, April 16.—While the state department was considering today a new phase of the latest Mexican problem—a request from the Carranza government that its troops be given passage across American territory to attack revolutionists in the state of Sonora—Henry Lane Wilson, former ambassador to Mexico was drawing a gloomy picture of the situation beyond the border before a non-ate investigating committee.

Mr. Wilson asserted that "the unfortunate and mischievous policy of the present administration" towards Mexico, was responsible for the conditions he described. That policy, he added, had "brought the United States to maintain Carranza in power and with him the legend that there is peace and order in Mexico."

"The state department did not make public the text of the Mexican request, nor was any official intimation given as to the nature of the reply to be made or when it would be sent. The only comment made was that the request was 'under pressure' from Mexico."

Wilson contended that the request contemplated movement of Mexican federal forces by rail through El Paso to Douglas, Arizona, where they would recross the border to attack Hermosillo, capital of Sonora. Mr. Wilson, who was appointed to the post in Mexico City by President Taft and continued there during the early months of President Wilson's first administration before his resignation was accepted, said he had been told by Carranza that he had been promised his arrangement of the administration's policy.

"To date," he said, "it has cost the people of the United States upwards of a half billion dollars. It has led to the violent death of 300,000 Mexicans, and to the death by pestilence and famine of 500,000 more. It has caused—up to this week—the murder of 665 American citizens within Mexico. It has cost \$8,000 of our troops on the border. It has left in the Mexican treasury a deficit of over \$100,000,000 to replace a surplus of \$100,000,000 left by Diaz."

William J. Bryan, as secretary of state, "from the state department like the book kitchen of a restaurant," Mr. Wilson said. Almost every diplomatic representative of the United States sent to Mexico since the fall of Diaz, and some officials at the department, he added, had been unable to tolerate the Mexican policy. He named former Ambassador Henry P. Fletcher, George A. Chamberlain, consul general, and John Bassett Moore, former minister at the department, as among the number.

Much of the former ambassador's testimony was devoted to the story of the Madro revolt against Madro, and the following revolt against Madro. The policy of the United States, he said, had first become "impossible" when it involved an interference in Mexico to overthrow Huerta. As ambassador, he said, he had predicted the result which he said existed today. The policy of the United States, he said, had been to present his resignation before getting it accepted.

Mr. Wilson will continue his testimony tomorrow and among other matters mentioned to appear later is John Lind, one of the representatives sent into Mexico by President Wilson at various times. He has been summoned to testify April 25.

and Brooks.

E. A. Ewing of San Antonio, Texas, and W. H. Brooks of Seattle, last evening entertained members of The Chronicle force who formerly resided in Wallace, Idaho, and families, at a dinner at the Perrine hotel. The affair was in the nature of a reunion. Messrs Ewing and Brooks having been members of the force of the Wallace Press-Times at the same time as their guests. There were twenty present at the affair.

In the fall of 1914, R. H. Stevenson, publisher of The Chronicle, became editor and manager of the Wallace paper. He gathered around him a force from many parts of the nation, the majority of whom are now employed on The Chronicle. In 1917 the force disintegrated. Mr. Stevenson having gone to Cheyenne, Wyoming, as manager of the Wyoming State Tribune.

On purchasing The Chronicle, Mr. Stevenson again gathered around him the majority of those who had been associated with him in Wallace. They came here from all parts of the country. Some had crossed the continent twelve, others had located on the coast, still others had been associated with publications in eastern Washington cities.

Recently Mr. Ewing came here from San Antonio on business. Last week Mr. Brooks arrived from Seattle to take charge of details of The Chronicle's big auto show. Mr. Ewing leaving today for Boise. Thus, last evening was made the occasion for the reunion of the "old Press-Times bunch."

Those who enjoyed the hospitality of Messrs Ewing and Brooks were: Mr. and Mrs. R. H. Stevenson, Mr. and Mrs. William M. Moore, Mr. and Mrs. R. C. Atteberry, Mr. and Mrs. Frank Kleffner, Mr. and Mrs. J. A. Killin, Mr. and Mrs. D. Harold McGrath; Miss Helen Kleffner and Martha Stevenson; Sylvester Kleffner, Baby Helen Marie Atteberry, Oren Killin and Baby "Dillie" Killin.

AGRICULTURAL MAN TO EXPOUND PLANS

Engaged in Formulating Scheme for
Introducing Farm Development
Co-operation of Farmers Asked.

W. W. Bates, of Wilder, Idaho, connected with the United States Federation of Farmers arrived in Twin Falls yesterday in the interest of the organization. It is the ultimate aim of the federation to stabilize the price of all farm products he said. It is absolutely non-political, according to Mr. Bates. He says that is uniformly opposed to class distinction and claims that such a state of affairs should not exist in civilized communities.

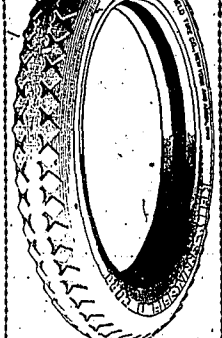

He is engaged now in formulating plan for introducing farm development and getting the men to cease all activities which cause unrest and discord.

It is impossible for state and national officials to work out the farmers problems satisfactorily and effectively without the co-operation of the farmers who are in touch with the practical farm life, Mr. Bates said.

ESTABLISHES PLANT AT EAGLE.
Contractor Charles Holmer of Twin Falls is establishing a plant at Eagle, Idaho, under contract to put down the bitulite pavement between Collierville and Star. He will possibly get the contracts for the road paving at Eagle this summer.
