

FOURTEEN ARE WOUNDED IN BUTTE BATTLE

I. W. W. Strike Pickets Clash With Mine Guards Near Nevversweat.

POLICE RESERVES ARE CALLED TO THE SCENE

Deputy Sheriff Says First Shot Fired at Him—Alleged Headquarters Raided.

By the Associated Press. BUTTE, Mont., April 21.—Fourteen men, believed to be Industrial Workers of this World strike pickets, and one policeman are in a local hospital suffering from gunshot wounds sustained in a clash on Anaconda road near the Nevversweat mine at 4:10 o'clock this afternoon. Physicians believe two of the alleged I. W. W. will die.

Police were searching for three other men said to have been wounded seriously. Striking miners were massing in Flynder hall and the street in front of the building. Peeling runs high. Police reserves have been called out.

Attorney Blakes Inquiry. County Attorney N. Blakes started an investigation of the clash in which mine guards and I. W. W. pickets were involved, but early tonight has announced no conclusion as to the cause of the shooting. At his request the police raided the Simon boarding house, which place earlier reports stated shots had been fired. The patrolmen found the place partly occupied and not abandoned as was believed, and all the occupants declared no one had fired from the building and that there had been none there during the afternoon except the usual patrons.

Sheriff in Crowd. Sheriff O'Hourke, who was in the crowd in front of the mine, stated that he could not account for the open break, though he said several arguments were in progress a few minutes prior to the time the first shot was fired. He declared that the arguments became heated he decided to order the pickets away from the mine and was ordering his men to start the crowd moving when a shot was heard and instantaneously there was shooting in every direction.

Throughout the day there had been reports of fights between pickets and men seeking to approach mines incident to the strike called by the Metal Mine Workers' union, No. 800 to enforce demands including a wage of \$7 for a six-hour day and release of "political prisoners."

Deputy Fired Upon. Deputy Sheriff Jack Melia informed the county attorney that the first shot fired passed through his hat as he was standing facing the gates with his back to the Simon boarding house. He declared that the bullet apparently came from an upper story window of the boarding house and that when he turned he saw a man lean from the window and shoot a second time. Earlier in the day the deputy stated, shots from this boarding house were fired into a streetcar carrying miners going to work.

Scattering reports throughout the day came to police headquarters of miners, metal tradesmen and hoteling engineers being beaten by pickets. The operating companies made a special effort to get engineers and pumpmen in front of the mine to keep them from being flooded. Little effort was made to get miners through the lines.

WOMAN EDUCATOR PASSES. By the Associated Press. WASHINGTON, April 21.—Martha L. Sanford of Minneapolis, professor emerita of the University of Minnesota, who was here attending the convention of the Daughters of the American Revolution, died suddenly early today at the home of Senator Nelson of Minnesota, where she was a guest.

Miss Sanford was one of the leading women educators of the country. She was born at Old Saybrook, Conn. 23 years ago.

Soldiers and Trucks Keep Mail Moving

Above: Soldiers assisting in the handling of mails at the Erie terminal in Jersey City, N. J. Center: A fleet of U. S. motor trucks ready to start out from Washington postoffice to surrounding towns with food. Lower: A load of potatoes that postal trucks will deliver to hungry Washington, D. C., folks.

CANYON DEMOCRATS SELECT DELEGATES

J. J. Walling of Nampa Acts As Chairman of the Convention—Ross Madden Selected Secretary.

CALDWELL, April 20.—At the democratic convention held in this city Monday afternoon the following were selected as delegates to the state democratic convention, which is to be held at Lewiston June 15, for the purpose of selecting delegates to the national democratic convention which will be held at San Francisco: P. E. Smith, Caldwell; J. J. Walling, Nampa; D. O. Ruby, Caldwell; Judge G. T. Moore, James B. Newport, Nampa; T. A. Walters, Caldwell; L. L. Young, Nampa; Swan Beatty, Caldwell; Tom Poole, Nampa; H. E. Wallace, Nampa; Frank Dickinson, Roswell; F. H. Chapman, Pomeroy; G. W. Lamson, Nampa; C. C. Todd, Melba; Morris C. Rose, Parma; John D. Newport, Wilder; J. N. Lelch, Apple Valley; C. Ben Ross, Parma; Peter North, Middleton and S. D. Garman, Fargo.

J. J. Walling of Nampa was elected as chairman in the absence of W. P. O'Connor, the chairman of the county committee, who is in California for the benefit of his health, and Ross Madden of Caldwell was selected as the secretary.

The selection of the delegates was approved by the convention and a motion was adopted authorizing the committee to fill any vacancies which might occur.

The vote of the delegates in attendance are to be cast as a unit.

PARKER IS ELECTED AS LOUISIANA GOVERNOR

By the Associated Press. NEW ORLEANS, April 20.—John M. Parker, democrat, was elected governor of Louisiana today. He will take office May 17, one week after the opening of the general assembly in which a big fight will be made for ratification of the suffrage amendment.

CROWN PRINCE SEEKS HOME. AMSTERDAM, April 21.—Negotiations with the reformed church at Weterloogen for the purchase of a local presbytery, "a permanent residence for the former crown prince of Germany" have begun by the Dutch government, according to the Weterloogen correspondent of the Telegraph.

FUNERAL SERVICES TODAY

Funeral services for Fred Leiser will be held this afternoon at 4 o'clock at the Presbyterian church. The Rev. Asner, Brink will officiate. Pall bearers will be members of the American Legion. James McKenstry, Guy Lyon, L. E. Day, R. T. Hogg, Jake Irwin, Jasper McEwen. Interment will be in the Twin Falls cemetery.

INDUSTRIES FINANCE BUILDING OPERATIONS

Pittsburg's Concrete Attempt to Solve Problem of Mill and Mining Operations.

By the Associated Press. PITTSBURGH, April 21.—Important industrial corporations in the Pittsburgh district are financing home building operations by their employer to relieve the house shortage in mill and mining communities. For the general public, trust companies have adopted similar plans and are now accepting what they term "installment mortgages" to encourage home creation.

The most ambitious program of the lot is that of the United States Steel corporation. Under this plan an employee, who is willing to make an initial investment of 10 per cent of the total cost is permitted to select from a large number of plans the kind of house that will suit his family. He then picks out a lot, usually near his place of employment, and the corporation's architects and builders do the rest. When the house is completed, it is turned over to the employee who pledged himself to pay for it in monthly installments covering a period of 10 years; the total cost being just what the cost has been to the corporation. Although the plan is scarcely a month old, the bureau in charge of building is already swamped with applications.

The Westinghouse Electric & Manufacturing company also has a building plan, and has just completed and sold to employees 50 houses at cost. They too are to be paid for in the installment plan. Another and much larger program is in preparation.

The merit of these plans, builders say, is that materials can be purchased in large quantities, and the saving passed on to the workman buyer, who thus gets a much better house for less money than if he had bought the material and erected the house as an individual.

Moving day, which is May day is expected to prove a trying time for many persons, according to real estate and renting agents. "Rents have advanced steadily during the past two years until they now are from 15 to 100 per cent higher than in the early days of the war. A renters' league has been formed for the purpose of fighting the legal battles of persons who risk by being evicted because of their inability to pay the increases which become operative May 1.

CAN RE-SIZE WHEAT. By the Associated Press. NEW YORK, April 21.—Permission to re-sell wheat purchased from the United States Wheat corporation was granted to mills throughout the country today in a bulletin issued by the corporation.

SONORA GAINS GROUND IN ALL NORTH MEXICO

Official and Semi-Official Reports Show Growth of Rebellion.

CARRANZA PLEADS THAT FINANCES ENDANGERED

Hints That Success of Movement Would Prevent Mexico From Paying Its Foreign Debts.

By the Associated Press. WASHINGTON, April 21.—Reports from Mexico official and unofficial, today emphasized the growing strength of the revolutionary movement led by the state of Sonora.

Advices from private sources said two new states, Hidalgo and Tlaxcala supported by their legislatures and state troops had joined in the secession movement. Other dispatches told of scattering but striking additions to the revolutionists led by General Arnulfo Gomez, Rodolfo Gallegos, Albenito Gomez and Amaro Martinez. General Arnulfo Gomez was said to have occupied Tuxpan with 3,000 men and to be threatening Tampico, the vital center of Mexico oil region.

Mexican Movement Looms

The Mexican embassy issued a statement on the situation, declaring the revolution to be only a local movement. The statement added, however, that if the secession movement should spread, it would result in "the stoppage of business, curtailment of wealth and international commerce and the indefinite postponement of the foreign debt."

Two Governors Blamed.

The embassy said the only state governors sympathizing with the rebellion were Governor Enrique Estrada of Zacatecas and the governor of Michoacan. This was the first condemnation received here that the Zacatecas governor had joined the revolutionists and his accession is regarded as important owing to the important position of his state.

Another statement from the embassy said General Benjamin Hill, campaign manager for General Obregon, who is a candidate for the presidency and is siding openly with the revolutionists, has been wounded in a battle at Cuernavaca in which the rebels were defeated.

DENIES FLORES SURROUNDED

AGUI PHINTA, Sonora, April 21.—At military headquarters here official denial was made today of the report from Nogales, Ariz., that Sonora troops under General Angel Flores had been surrounded and trapped by federal forces after entering Culiacan capital of Sonora. A message from Governor de la Huerta at Hermosillo was made public denying the report and which also said Culiacan was captured after a few minor skirmishes.

General P. Elias Calles, commander in chief of the Sonora military forces, was expected to arrive here tonight for a conference with eastern military officials.

General J. M. Pina, commander of this district, today said a scouting party of Carranza troops had been seen at another pass through the mountains from Sonora. This pass would take invading troops within a few feet of the American boundary line at many places. General Pina said he had despatched a force to this pass as well as to Pulpito pass, further south, where the Carranza forces are expected to make the hardest fight to enter Sonora.

Rumors of clashes between Sonora troops and Carranza forces near the Chihuahua boundary have been riding the streets here for two days but military authorities denied them. They said federal troops were continuing their concentration about Casas Grandes.

WANT CONGRESS TO PREVENT WALKOUTS

By the Associated Press. ST. LOUIS, Mo., April 21.—Resolutions denouncing Congress, which laws prohibiting lockouts and strikes in all public utilities and essential industries were adopted at the closing session of the convention of the Mississippi Valley association here today.

Barry H. Morrell of Chicago was re-elected president and New Orleans was chosen for the next year's convention. Recommendations of the Mississippi Valley Waterways association that the two organizations merge were adopted and a waterways division of the Valley association was formed with James E. Smith of this city as president in charge of it. Mr. Smith was president of the Waterways association when elected to function as a distinct organization by today's action.

NEWS STAND OWNER DIES OF SMALLPOX

J. L. Ward, who conducted a news stand at the Rogers hotel, died yesterday evening at 7 o'clock at his home, 410 Sixth street east. He was 41 and a few days past middle life. He survived by his widow, Mrs. Flora Ward, and three daughters, Mrs. Bertha Taylor of this city, Mrs. J. E. Peterson and Mrs. B. Watson of Athens, Illinois.

For many years Mr. Ward was in the news business in Twin Falls and respected by all who knew him. He was familiar at the hotel news stand and was known to numerous salesmen throughout the country.

His body was taken to the Grossman funeral parlors to be prepared for burial.

Services will be conducted at the grave this afternoon at 1 o'clock. W. A. Moore will officiate. Interment will be in the Twin Falls cemetery.

THOUSANDS ATTEMPT TO CHEAT GOVERNMENT

By the Associated Press. WASHINGTON, April 21.—Despite the government's warning against tax payments as a patriotic duty, more than 300,000 firms and individuals failed to make honest returns under the revenue laws in the last two years the bureau of internal revenue announced tonight. In a six-month drive which ended February 1, \$12,061,600 in delinquent income and luxury taxes were collected, Commissioner Williams reported.

"The unscrupulous number" of persons who did not respond to the government's appeal has caused treasury officials to consider the delinquent tax problem a grave one. A new roundup of alleged delinquents has been instituted to cover the period on which returns were made March 15.

PRETTY SECRETARIES DON DENIM; GIVE JAZZ TOUCH

By the Associated Press. WASHINGTON, April 21.—The staid house office building was given a touch of jazz today by six young women secretaries who enrolled as members of the Federal Reserve Bank's "Ladies' Auxiliary."

Appearing in blue denim trousers, the bottoms of which were rolled well up above their high heeled pumps the young women were something of an sensation and had a large following of men who followed them to the bank. The drabness of the uniforms was relieved by fault-colored silk vests and silk stockings.

"This is a horrible spectacle" chorused a dozen daughters of the American Revolution, as their sight-seeing trip through the big office building was interrupted by the crowds following the young secretaries.

SISTER OF DEAD WOMAN TESTIFIES AGAINST MOTHER

PAW PAY, Mich., April 21.—Testimony concerning the finding of the body of Mrs. Maude Taylor Virgo in the basement of the Taylor home at Lawton last November was given today by Mrs. Florence Taylor Critchlow, a sister of the dead woman, in the trial of her 80 year old mother on charge of manslaughter in connection with the daughter's death.

Mrs. Critchlow had asked her mother two years previously she said, what had become of her younger sister. The mother's answer, she said, was that Mrs. Virgo had died while on a trip to Colorado and had been buried at Colorado Springs.

BRYAN LOSES 1064 VOTES BY TALLY ERROR

Still Maintains Hold on the Fourth Place—Johnson Lead Grows.

HAS MORE THAN 11,000 MARGIN OVER WOOD

Palmer Runs Second to Watson in Popular Favor in Georgia, But Wins Convention.

By the Associated Press. OMAHA, Neb., April 21.—A mistake of counting officials, in counting the vote of Douglas county was discovered here tonight which affected the standing of William Jennings Bryan in his race for delegate at large on the democratic ticket. With three precincts added and the vote corrected Bryan totalled 11,064 less votes than he was credited with in this county earlier in the day. The Douglas county vote, with 167 out of 168 precincts for democratic delegate at large was:

Neville (11) 8,006; Shallenberger (11) 7,416; Noble (11) 5,346; McNeny (11) 6,256; Stephens (11) 4,641; Berge (11) 4,135; Thomas (11) 3,571; Bryan (11) 2,574.

Mr. Bryan is still among the first four, however. The returns from 543 precincts out of 1,549 including 167 in Douglas county give: Neville 25,774; Shallenberger 22,704; Stephens 19,130; Bryan 18,823; Berge 18,614; Noble 17,579; Noble 16,796; McNeny 16,462.

BRYAN HOLDS PLACE

OMAHA, Neb., April 21.—Unofficial returns from 994 precincts out of 1,549 in Douglas county give the following count on the democratic delegates at large: Neville 26,582; Shallenberger 22,664; Stephens 18,272; Bryan 22,666; Berge 22,295; Thomas 20, 846; Noble 18,937; McNeny 18,861.

Attorney General Johnson in 1954 precincts: Johnson 41,752; Wood 30,284; Pershing 15,560; Ross 1,266.

PALMER LEADS IN GEORGIA

ATLANTA, Ga., April 21.—Complete unofficial returns from all the 153 counties in Georgia that held primaries yesterday, as received here tonight by the Atlanta Constitution, gave Attorney General Palmer 140 votes in the state democratic convention; Thomas T. Watson, 132 votes; and Senator Hoke Smith 110 votes.

Two counties did not hold primaries and their total of four votes, it was stated, will go to the candidate with the largest county unit vote. It was pointed out that official returns might change the result shown by the complete unofficial returns as contests in a number of counties were decidedly close. There are 336 votes in the convention.

Webster ran a close second in most of the large counties, and on unofficial returns from 117 counties led the field on the popular vote, the figures being Watson 33,197; Palmer 40,412 and Smith 37,616.

HONOR EARLY AVIATORS

By the Associated Press. WASHINGTON, April 21.—Naming of two aircraft auxiliaries of the American navy in honor of Prof. Samuel P. Langley and Wilbur Wright in recognition of their near work in the evolution of heavier than air was announced today by the navy department. The aircraft tender to be launched at the Hog Island yards next week has been named Wright and the name of the seaplane Jupiter, now being converted into an seaplane carrier, has been changed to Langley.

MUNDAY MUST SERVE TERM

By the Associated Press. SPRINGFIELD Ill., April 21.—The prison term imposed upon Charles B. Munday of Chicago on the charge of wrecking the La Salle Street Trust and Savings bank in Chicago in 1914 must be served, the Illinois supreme court decided today. The court affirmed a verdict of guilty brought by a jury in the Grundy county circuit court, where the case was tried after a change of venue had been granted from Cook county.

## WOMEN COMPLAIN ABOUT COW LOSS

Mayor Receiving Queues Daily Regarding Council Plans of Removing Bovines From Lots.

Regarding the plan of city council eliminating the cow from lots in the residential section, numerous complaints have been received by Mayor Eldridge, at his place on Main avenue, the past two days. He has taken the names of those making the complaint and assured them that the matter would be taken up at the next meeting Monday night.

The resolution has not been adopted and further discussion will be under way when the councilmen are again in session.

Many women have entered a protest with the mayor and claim the idea is absurd. In many instances the cow is said to be the only revenue of widowed women and some of them have children. The ladies furnish them the milk and butter, and many of them owning a cow are said to have customers for the products.

## Local Briefs

Among the out of town visitors in Twin Falls yesterday afternoon was Mrs. C. H. Schroeder of Hanger.

Mrs. Guy Shearer accompanied her husband to Twin Falls yesterday afternoon for a few hours before making the return trip.

Mrs. H. R. Atkins of Piler motored to Twin Falls yesterday for a noon remaining during the day.

Want Ads. bring quick and sure results.

## Society

Mrs. E. S. Karned was the charming business yesterday afternoon to the members of the Wednesday Night club. Mrs. George Ranley was successful in winning the high score of the afternoon. There were fifteen members present. The next meeting will be held at the home of Mrs. E. C. Karned.

A meeting of the Current Event department of the Twentieth Century club will meet at the home of Mrs. H. W. Clouche, Friday afternoon at 2 o'clock.

The Women's Missionary society of the Presbyterian church will meet Thursday afternoon at 2:30 at the home of Mrs. M. E. Gamble.

Mrs. Thomas Robertson will entertain the members of the Episcopal guild at her home this afternoon. Mrs. Robertson will be assisted by Miss Elizabeth Smith.

The Elks dance last evening was one of the most enjoyable thus far given. There was a large attendance. Lunch was served throughout the evening.

CLERK ROBBED THEN THROWN INTO RIVER

After leaving Twin Falls where he was engaged on a farm, George Hodges, a Greek 30 years of age, journeyed to Pocatello, Idaho, to secure work for the railroad. While in that city he was accosted by two men while crossing the Clark bridge, held up and

robbed of \$60 and a watch then thrown into the Portneuf river, according to a dispatch of the Pocatello Tribune. The alleged robbery occurred at 7:30 o'clock on the night of his arrival. After attending a movie show he started on a tour of the city and decided to cross the bridge. When about half way over the men appeared behind him and relieved him of the money and watch. Hodges was rescued from the river by two other men and sent to the county hospital. He has an uncle living at the Gill, Nevada.

DEPUTY SHERIFF TAKES PRISONER TO AMERICAN FALLS

Deputy Sheriff Oliver arrived from American Falls yesterday noon and reported the alleged robber of jewelry at that city. P. E. Williams, back last evening, Williams is wanted at several other places in this and different states officers say. He will be tried at American Falls first on the charge of robbery.

## INTERCLASS DAY IS PLANNED AT H. S.

Arrangements for the Affair Are Completed for Annual Scrap Between Classes.

Interclass day at the Twin Falls high school has been decided and the day selected was Thursday, May 6. At that event the juniors and seniors will stage a flag rush in the afternoon at 3:30 o'clock. The seniors will put up and defend a flag, while the juniors attempt to

draw it down. Rules governing the contest are now being arranged, whereby the interclass event can be carried out systematically and in perfect order. Nothing definite has been scheduled for the freshmen and sophomores classes to date though efforts are to be made concerning the latter events which will take place on the same day, it was announced.

\*\*\*\*\* UNIVERSITY NEWS NOTES. \*\*\*\*\*  
UNIVERSITY OF MOSCOW, April 21.—Mr. Bleamaster has announced that the inter-scholastic track meet will be held of the university May 13 and 14. Hele, Ponatello, Twin Falls

and 22 others high schools are to take part in the meet. The university expects to entertain the track men as well as not better than the basketball men. If the plans, work out, campus day will be held May 15, the day after the tournament. This is one of the university big days when the men work on the improvement of the campus in the morning and a program of sports and games in the afternoon. The meet will get an idea of what Idaho students can and are willing to do for their Idaho.

Coach Tommy Matthews has announced the following track schedule to the university:  
April 24, University of Washington, relay carnival at Seattle.  
May 1, dual meet with University of Idaho at Moscow.

May 8, dual meet with Washington State College at Moscow.  
May 12 and 14, Inter-scholastic track meet.

May 25, Northwestern conference at Pullman.

According to the report issued by Dean J. G. Eldridge, Kappa Kappa Gamma ranked first in scholarship for the college year of 1918-1919. Delta Gamma took second place and Gamma Phi Beta third. Alpha Kappa Psi, petitioning group for Phi Gamma Delta, held first place among the men's fraternities.

Edith Glasgow has returned home for a visit before he takes his appointment to West Point.

As an outgrowth of the campaign for women's athletics, the first games of basketball in equipment were held at the gymnasium on Wednesday and Thursday of this week. Each sorority house has its team as well as Kibbenhough hall, and girls living in town are also represented. On Wednesday night Kappa Kappa Gamma played Kibbenhough hall and Chi Delta Phi played Delta Gamma. Kappa Kappa Gamma and Chi Delta Phi won the games. Thursday night, Gamma Phi Beta played Chi Delta Phi and Kappa Kappa Gamma played Delta Gamma. Good spirit has been shown by all the women. Mrs. Watson, the head of physical education for women, is coaching the teams. Under her direction the girls are improving their sportsmanship as well as basketball.

The Life Insurance Man says: Let a man once find out that he cannot get life insurance and he wants it more than anything in the business world. —Adv.

## MARSHALL PLEADS FOR A FREE PRESS

Vice President Gives Members of Associated Press His Views on What Is News.

By the Associated Press.  
NEW YORK, April 20.—Vice President Marshall was applauded by members of the Associated Press at their annual meeting today when he advocated freedom of speech and press as guaranteed by the constitution, but favored "soaking it to the fellow who causes trouble in the American republic by what he says."

The vice president was the chief speaker at the luncheon of the members in connection with the annual meeting, at which the retiring five directors were re-elected by acclamation and four advisory boards and auditing and nominating committees were chosen.

Mr. Marshall told the meeting what he thought would be real news, namely a "charion call from every newspaper in America for men to stand for justice, for freedom, for right, for the maintenance of the old constitution and the old principles upon which the republic was founded."

"The problem for the Associated Press is as to whether it is to act as a mere machine, or whether with the opportunities and the privileges the Associated Press has, it will assume some of the responsibility for bringing peace and quietude, and good order at least in America, if not the world."

The vice president counseled against being discouraged at high prices. He recalled the days after the civil war, when, he said, flour sold for \$28 a barrel, quinine for \$20 an ounce and coffee for 80 cents a pound.

"Let us get down from the theory," he said, "that we must either make all the money that we can today for tomorrow we die, or we must spend all the money we have today for fear there will be no tomorrow."

The luncheon opened with a toast to the fully restored health of President Wilson, proposed by Frank L. Noyes, president of the Associated Press. Briefly reviewing the work of the Associated Press, Mr. Noyes said it had become a "hall mark of democracy whether the events recorded is the election of a president, the signing of an armistice, a decision of the supreme court or the death of a pope." He introduced Vice President Marshall as one whom the people were appreciating more and more because of his delightful personality, his resolute cheerfulness and sturdy good sense.

Melville E. Stone, general manager was called on for a speech, and said: "Don't shoot the organ, it's doing the best he knows how. It's going to continue to do the best he knows how."

## SPORTING EVENTS PLANNED AT H. S.

Wrestling and Boxing Matches Are To Be Held Next Friday Night.

Wrestling and boxing matches are planned at the Twin Falls high school Friday night with students of the high school. Local boys who are to participate in the hunt contests are in daily practice at the school gymnasium. It is expected that one or two men will arrive from Gooding to enter in the heavy weight wrestling contests. All members of the hunt affair will range in weight from 105 to 150 pounds. Boxing will include only Twin Falls interclass on that night. All encounters are held for the night of sporting events the local boys are planning to be the stellar attractions.

## LYTON CLEW ON WAY FROM ENGLAND TO U. S.

LONDON, April 21.—Captain, Torred and 23 members of the crew of the yacht Shamrock IV, Sir Thomas Lipton's challenge for the America's Cup, will sail for New York tomorrow on board the steamer Lapland. The new 23 motor Shamrock which is to act as a "trial horse" for the Shamrock IV, and which sailed several days ago from Dartmouth for New York, met with unfavorable weather in the Atlantic and had to turn back to Dartmouth, where she arrived today. The yacht has been ordered to remain at Dartmouth until weather conditions improve.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Jay Sals. If Your Back Hurts or Bladder Troubles You.

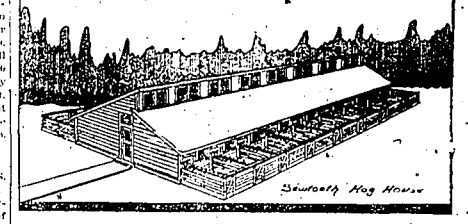

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get aches. Nearly all rheumatism, headache, liver trouble, nervousness, dizziness, sleeplessness, and urinary disorder come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or at-

tended by a sensation of scalding, quit eating meat and get about four ounces of Jay Sals from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will set fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jay Sals is inexpensive and cannot injure; makes a delightful effervescent lemon-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure thereby avoiding serious kidney complications. Adv.

## Have Us Plan Your Hog House FREE of Charge

Notice the compact, strong structure of the 16-pen hog house illustrated. This can be built in any number of units, from two pens to as many as you want. If you wish you can build a small hog house of two pens and enlarge it unit by unit as your herd grows.

This is one of the most practical and best designed hog houses known to progressive farmers. You will notice how the windows are placed so that the sun can shine directly to the farthestmost corners of the hog house. Cost of one of these modern hog houses is, of course, dependent on the kind of construction you want. They can be built with simple earth floors or with elaborate cement floors with pipe drains.

By having us plan your hog house you eliminate guesswork and there is no waste material. Tell our yard manager the size of hog house you have in mind and our architectural department will give you completed working plans free of charge.

## ROBINSONS STATING ANOTHER FACT

One of the most gratifying thoughts that has come up in connection with the sale that is now being held here in the store is the many expressions of confidence in the genuineness of all that is being done and while these expressions are numerous they have in every instance been voluntary.

From the time that this business was started, up to the present moment there has been no place here for deception, untruths or unfair dealing, and when this stock of goods passes from its present ownership, there goes with it a clean record.

There may be those who have not always approved of my methods of handling every incident in the conduct of this business, and of course there have been mistakes on my part along those lines, but these only go to prove that the business is conducted by a human being and is not a piece of machinery.

There may be some who perhaps have thought that they could not make a saving at this time worth while and it is to these I wish to say that you are under a misapprehension and my suggestion to such is to investigate carefully and in that event I feel confident that you will be convinced of the wisdom of making your purchase at this time of any merchandise in the lines carried.

This sale is genuine; it is bona fide; it is being conducted in an absolutely fair manner. It is worth your while to come here and buy.

## SCHOOL CHILDREN WRITE A BOOK

The school children of Stoughton, Wis., have written a book on influenza, including its prevention and cure. The work was started after the epidemic of 1918 and in preparation for the next recurrence. Reports are not yet in, to show how valuable the work was in helping the community to control the last outbreak, but there is little doubt that its value was demonstrated.

The students started with a canvass of their own homes as to conditions and cases. They talked with local physicians and read medical journals. In fact, they tackled any source from which reliable information could be obtained on the causes, progress and cure of flu. The students in the English department of the high school took the data, weeded it out and wrote it into the book. The mathematics department made up statistical tables, the manual arts division prepared the charts, the commercial classes handled and reported the costs of assembling and printing. Speeches were made from the public-speaking classes to the student body. The rules for prevention and treatment of the disease, probably the most finally valuable things in the volume, were obtained from state and federal health boards.

The assembling of this book as a part of their student work is another valuable example of the practical application of school work to the problems of daily life. For generations there was too little of this in most school activity. Education remained a thing apart, and hence fell short of its object.

Life is what will confront the scholar when he leaves his school—not abstract theories. Any preparation is valuable and of the right kind which makes his education a tool by which he may fashion his life more skillfully.

## JOBS AND COMFORTS.

"Eight hundred hours a year are spent in the average household at the drudgery of dishwashing!" Thus begins an advertisement for an electric dishwasher.

Now that point of view may be all right for the man who wants to sell an electric dishwasher, but it is the wrong point of view for anybody upon whom the washing of dishes devolves as a duty. It is the wrong point of view toward any job. It is just that attitude with regard to work which is at the root of the labor troubles today.

Maybe it does take 800 hours a year to wash dishes, but that leaves the little sum of 7,960 hours to devote to other things; or, to bring it down to days, it means about two hours a day at washing dishes, and 22 left for something else.

If any labor can be lightened by means of mechanical appliances, the practical thing, of course, is to install the machinery. But when all is said and done, a job is a job, and so long as mankind must eat, mankind must work; and that way to estimate the job is not in the pains that it costs, save as these can be alleviated by efficiency, and time thus saved for more pleasureable things.

The way to estimate a job is by the comforts which it provides, just as the way to estimate prices is not by the money spent, but by what the money buys.

The "one big union" aimed at by railroad strike leaders is turning out to be one big fizzle.

## BOARD FOR ASSIMILATING ALIENS.

The establishment of a federal board of assimilation to "co-ordinate all existing governmental activities relating to immigration" was urged at a meeting of the inter-racial council of New York. Delegates, representing 30 racial groups throughout the country attended the conference.

The duties of the proposed board would include facilitating the safe and expeditious distribution of immigrants to their destinations, supplying them with information with regard to securing employment to which they are best fitted, and affording them instruction in the speech, history, customs and institutions of our country. Protection against fraud and exploitation and a general policy which shall make the immigrant feel less lonely and strange are also suggested as duties of the board. The literacy test is held inadequate, and as working unfairly both for the immigrant and the people of this nation. The council urges strict enforcement of laws directed against anarchists and all persons who come here for revolutionary purposes.

These proposals, which fall in line with other carefully studied plans for putting immigration on a better footing in this country, are valuable because they are offered by representatives from the great immigrant nations who have already found footing here and made their way to positions of citizenship and security. It is hoped that such a federal board as suggested may speedily be appointed and that it may meet hearty co-operation in every community having to deal even in a small way with the alien problem.

## PIGEON FIRE-DANGERS.

The newest acquisition of the department of agriculture is the carrier pigeons that were formerly part of the navy equipment. The pigeons will be used as messengers in fighting forest fires. Rangers "at the front" will send messages by them to headquarters as to progress made, or aid needed. Many of the birds made records in the war, and were cited for faithfulness and bravery.

They are being put into training at various forest stations, so that they may become acclimated and accustomed to their new jobs.

Men interested in forestry work are very enthusiastic over the use of pigeons, believing they will be especially valuable in carrying messages in rough or mountainous regions where travel is difficult and telephone or telegraph lines inadequate. With airplanes, pigeons and wireless added to the fire-fighting forces, it seems as if the battle against these forest fires should be more successful than in year gone by. If word of a forest fire is sent out promptly, it can often be controlled with little damage. The delays are what cost. Certainly there is a special suitability in the selection of birds to help as forest wardens. They ought to be interested in the preservation of trees, and it may be that the pigeons will bring to their work a personal enthusiasm.

A Brooklyn, N. Y., haberdasher arrested for profiteering was found using the price mark code, "God help us." He evidently believed that the Lord helps those who help themselves.

The railroad strike is not very popular with hundreds of thousands of union workmen in other industries who have been paying for it in loss of work and wages and higher prices for food.

The latest report of the Carnegie foundation says that colleges should show profitable returns from their expenditures before asking for more money. Truly a utilitarian age!

Herbert Hoover says America is watching Rome burn. It must be admitted, too, that a good many Americans seem to be having a fine time at the fire.

## AMERICAN TENNIS SHARKS GO ABROAD IN JUNE

By the Associated Press.

NEW YORK, April 21.—America's leading tennis players will compete in the British championship and the Davis cup championships in England during June and July, according to an announcement here today by the United States Lawn Tennis association.

The team will consist of William M. Johnston of San Francisco; R. Norris Williams II. of Boston; William T. Tilden II. of Philadelphia and a fourth player yet to be selected, will sail for England late in May or the first week in June. The players will be in charge of Donald Hardy of New York, coach of Chicago and California, who will act as team captain and manager.

All four players can be entered in the British singles and doubles championships to be played at Wimbledon beginning June 21. These events will be the first of a series of tennis events to be held by the British during the summer.

IDAHO POWER CO.

# Dehydrating Plant Pays Out \$35,000 Per Year For Labor and an Equal Amount For Fruits and Vegetables

The employees of the Dehydrating plant receive during the year salaries aggregating \$35,000.

There is paid for fruit and vegetables during the season an equal sum.

These two sentences tell a story of the importance of this young institution to the community. With the record of but a single year in operation, it is contributing \$70,000 to the wealth of the community, money all brought in from outside points and distributed throughout Twin Falls county.

This season, the company hopes to be able to manufacture more than \$150,000 worth of dehydrated fruits and vegetables, these to be sold throughout the country. And bear in mind, the fruits and vegetables so disposed of would be WASTE ON THE HANDS OF THE GROWERS were it not for the Dehydrating plant.

There is now an organized sales force selling IN ADVANCE OF MANUFACTURE, the output of the plant for this season. When the time comes to receive the fruit and vegetables and pass them through the process which eliminates the freight costs for the consumer, makes them retain their savory individuality and preserves them indefinitely, there will be no delays about shipment or orders. The goods will go out by carloads, to make more famous this splendid country and to add to the wealth of our community.

Who can visualize this institution ten years hence? Who will say how far the Everready Products will be traveled, in their march forward?

## Live Stock

OMAHA, April 21.—Receipts, 14,000, uneven, steady to 25c higher advance on medium and light. Packers slow to follow upturn. Top, \$18.50; bulk, \$18.15.

Cattle.—Receipts 7000; heavy steers fully 50c lower; others and the stock 25c to 40c lower; best heavy steers, \$13; bulk of steers, \$11.50 to \$12.50; bulk of cow stock, \$8.50 to \$10; stockers and feeders active, 25c higher.

Sheep.—Receipts 3000; active; hams steady to strong; sheep steady; top clipped lamb, \$18.

## Grain

CHICAGO, April 21.—Grain and provisions collapsed in value today under an avalanche of selling. The strained financial situation as reflected by the Japanese banking flurry and by severe declines in the New York stock market proved too heavy a burden for grain and allied commodities. The close on exchange here in every pit was semi-demoralized with corn 4 7/8 to 1 1/2c net lower. May 1920, 1 1/2 to 1 1/2c net lower. May 1921, 1 1/2 to 1 1/2c net lower. In provisions the losses for the day ranged from 25c to \$1.30.

Weakness was apparent in the corn market as soon as trading began. At first, however, financial difficulties although given unusual scrutiny did not obtain chief rank in importance as affecting prices or activity of dealings here. Anticipation that the railway strikers in Chicago would vote to return to work and that with better weather the receipts of corn would be likely to increase, counted most in the early dealings. Rumors came when the strikers meeting voted to return to work and that with better weather the receipts of corn would be likely to increase, counted most in the early dealings. Rumors came when the strikers meeting voted to return to work and that with better weather the receipts of corn would be likely to increase, counted most in the early dealings.

## Produce

CHICAGO, April 21.—Butter, higher; creamery, 48¢ @ 54¢.

Eggs.—Unchanged; receipts, 44,100 cases.

Poultry.—Alive, lower; springs, 35c; fowls, 15c.

Potatoes, weaker; receipts 26 car; northern white sacked and bulk, \$7.25 @ 7.35; Minnesota, Russets, \$7.35.

## Finance

NEW YORK, April 21.—Liberty bond final prices today: Series 2 3/8, \$98.50; first 4 1/2, \$87.40; second 4 1/2, \$85.40; third 4 1/2, \$80.72; fourth 4 1/2, \$85.10; Victory 2 3/8, \$96.20; victory 4 1/2, \$98.50.

### SUPREME COURT HEARS NORTH DAKOTA CASES

By the Associated Press.

WASHINGTON, April 20.—Arguments on the validity of a series of acts which were attacked in tax payers suits providing for an industrial program under state control in North Dakota were heard today by the supreme court. The legislation had been upheld in the state highest court. Under the law provision was made for the establishment of a state bank capitalized at \$2,000,000 as well as a system of state controlled and operated warehouses, grain elevators and flour mills, and the state would be authorized to sell farms and homes.

The court gave no indication when an opinion could be expected.

### NO LUMBER SHORTAGE.

By the Associated Press.

CHICAGO, April 20.—Prospects of a lumber shortage were declared remote by members of the National Lumber Manufacturers' association, who met today to consider problems relative to the conservation of forests. F. V. Dunham said the present visible supply was more than 2,800,000,000 board feet, which, he declared, was sufficient to last at least 150 years.

## HOUSING SHORTAGE STILL UNABATED

Much More Progress Made in Public and Industrial Buildings.

NEW YORK, April 21.—Delay in relieving the housing shortage all over the country is greater than in any other form of building construction, according to a review of contracts issued today by the F. W. Dodge company. Public works, industrial buildings and public utilities are being constructed much faster than residences and are less affected by high prices, high wages and shortage of material.

Contracts awarded for residential buildings in the first three months of this year vary from 11 to 29 per cent of total building contracts in different sections of the country. Normally residences account for about 30 per cent of the contracts, and in view of existing needs, the review says, residences should represent about 40 per cent of the total construction.

New York state and northern New Jersey 14 per cent of the contracts in the first quarter of the year represented residential buildings, "a matter of serious concern," says the review, "as it is probable that the housing shortage is more acute in this territory than anywhere else."

In the territory east of the Missouri river and north of the Ohio residential construction was 19 per cent of the total, in New England 23 per cent, in the district of Philadelphia, Baltimore and Washington 28 per cent; in the Pittsburgh district 19 per cent, in the central west 18 per cent, and in the northwest 20 per cent.

In no district is completed building construction as high as 30 per cent.

### HAD TWENTY-NINE WIVES.

By the Associated Press.

LOS ANGELES, Cal., April 20.—This outrageous matrimonial alliance of Richard Hurler, alleged burglar, was still occupying the attention of sheriffs and deputies and in adjacent counties, while telegrams continued to arrive from other sections of the west, throwing additional light on the case.

### CASH GRAIN.

CHICAGO, April 21.—Wheat, not quoted.

Corn.—No. 2 mixed, \$1.71 @ 1.75; No. 2 yellow, \$1.77.

Oats.—No. 2 white, \$1.04 @ 1.05 1/2; No. 3 white, \$1.03 @ 1.05.

### NOTED ARTIST DIES.

LONDON, April 20.—The death was announced today of Briton Riviere, the artist, whose 80th birthday would have been celebrated next August. Mr. Riviere early in life became a painter of general subjects but in the late '60s turned to animal painting and produced a series of such subjects which won him wide recognition.

methods whereby the map is believed to have required 25 volumes, of which 10 are missing.

### COAL MINES RESUME.

CHICAGO, April 20.—Approximately two-thirds of the coal mines in Kansas made fully through a strike of miners in protest against the sending to jail of President Alexander M. Howat of the district union and those other union leaders charged with contempt of court, resumed operations today, reports received here to date indicated.

### TO LOT OWNERS IN TWIN FALLS CEMETERY.

The annual cleanup charges for caring for lots in the Twin Falls cemetery for the year 1920, will be due and payable May 1st, 1920. The charge for this year is \$1.00 for a full lot, \$2.50 for a half lot, and \$1.00 for a single grave. Payments may be made at Stuart H. Bicknell's office, TWIN FALLS CEMETERY, 2880-28-A-14-21-28.

## VOLUNTEERS ASKED FOR CAMP CLEARING

Men of All Callings Wanted to Assist in Clearing Tourists' Camp.

All men who possibly can get away from duties today are being asked by the chamber of commerce to cooperate in the initial preparations of getting ready the selected camp for the summer tourists' camping camp at Laurel grove. The chamber members secured a year's lease of the grounds and expected to start on the plan today. The park is situated at the end of Fifth and Sixth avenues and consists of one acre.

Water and a sanitary system will be provided by the city and the outlook is said to be of the best for an exceptional camp.

Today the grounds will be cleaned and the start will also be made on the work and the plans for the campers. When the men are assembled they are expected to make it a task and the crews will spend the day in relay.

## ARREST BROOKLYN PARKING MANAGER FOR PROFITEERING

By the Associated Press.

NEW YORK, April 21.—The fourth arrest in a few days of Brooklyn managers of big parking houses for alleged profiteering came today when Oliver H. Sanders, manager for the Cudahy Parking company, was taken into custody charged with selling meat at excessive prices. It was alleged he sold at 34 cents a pound meat similar to that which a few days before he had sold at 29 cents. He pleaded not guilty and was held in \$5,000 bail for examination May 5.

## CLEMENCEAU REFUSES TO TALK ON TRIP TO EGYPT

By the Associated Press.

PARIS, April 21.—Former Premier Georges Clemenceau, who has been visiting Egypt for the past two months, arrived here this morning. He was alert and smiling but avoided interviews and would not be photographed.

He was met at the station by members of his family. Many prominent men were present.

When he landed at Versailles yesterday efforts were made to get the aged statesman to talk, but all were futile.

"The war is over isn't it?" he exclaimed to the correspondent of the

Journal. "Yes? Well all I want is to be left alone."

"What am I going to do? Why, just live until I die."

The "dancer" groined out brief impressions of his visit to Egypt while the elephant trunk and monkey he brought back from the land of the Pharaoh were being placed on the dock.

"I got a fine case of bronchitis and found myself stuck in the middle of Egypt with both lungs out of commission. That's what comes from leaving in winter. Coldly I shall die from it, for I am still more cold than my dear friends think, but it prevented me from visiting in Palestine as I had planned."

## CENSUS REPORTS.

WASHINGTON, April 21.—Akron, Ohio, 284,455, increase 149,268 of 53.1 per cent.  
 Wichita, Kansas, 121,128, increase 19,675 of 16.2 per cent.  
 Mansfield, Ohio, 27,824, increase 7,056 of 25.4 per cent.  
 Duluth, Minn., 10,783, increase 1,193 of 12.1 per cent.  
 Laurel Miss., 12,027, increase 4,572 of 38.1 per cent.

## ALLEGED BIGAMIST KILLS SELF AND HIS WIFE

By the Associated Press.

EL PASO, Tex., April 20.—H. M. Harris, an El Paso insurance man and a woman well known here as his wife, were dead today as the result of a double shooting yesterday at Alpine, Texas. Deputy sheriffs carrying a warrant for Harris' arrest on a charge of bigamy heard shots as they rapped at his hotel room and on entering found the man and woman mutually wounded. They said Harris confessed before dying that he had a wife and seven children in New York.

## COAL MINERS AND OWNERS IN MONTANA AGREE

By the Associated Press.

BILLINGS, Mont., April 21.—Joint conference of the Montana Coal Operators association and the United Mine Workers of the state today reached an agreement regarding the application of the federal coal commission's wage awards, effective as from April 1 to March 31, 1922.  
 The 27 per cent rate for mine workers established by the bituminous coal commission, will mean a \$1 a day raise for Montana miners it was said by the Montana miners it was

## BUILDING WILL BE TWO STORIES HIGH

Structure At Main and Second Streets Completed by August—Will Contain 12 Offices.

Numerous leases of prospective occupants for the new building, which is being erected at the corner of Main avenue and Second street west have been refused by T. J. Woods, owner of the lot. It is said the construction of the building will not be let out to contractors as Mr. Woods expects to supervise the building operations.

The new structure will be a two-story building with a large basement. The first floor will be given over to a store while in the rear offices will be fitted up.

The entire upper floor will be fitted out for the use of offices. Included in the lower and upper floors the expectations are that 12 offices will be arranged for.

The building will probably be completed by August.

## ORATORY IS FEATURED AT HIGH SCHOOL ASSEMBLY

Short talks were given at assembly period yesterday morning at the high school by three students who were asked as representatives of this district for the state declamation contest to be held in Duluth, Friday, April 23. Ogretta Murray of the dramatic class at the high school gave "When the First Snow Falls," Frank Langer of

the high school historical class took on "Americanization," and Earl Wilson of the high school dramatic class gave a reading on "Sam's Letter." Miss Helen Moore gave a piano solo which preceded the speeches.

## RADICALS THREATEN TO BURN SPANISH SOCIALISTS HOME

By the Associated Press.

MADRID, April 20.—Extreme elements of the syndicalists have threatened to burn the socialist headquarters at Bilbao, civil and military authorities were notified by socialist leaders who demanded protection. Civil guards and police are guarding the building.

Conservative newspapers comment satirically on the action of the syndicalists in calling upon the authorities whom they affect to despoil.

## APPROVE PLANS TO PROTECT STUTZ MOTOR SHARES

By the Associated Press.

NEW YORK, April 20.—Representatives of 56 stock exchange houses under contract to deliver shares of Stutz motor stock today approved a suggestion by the Stutz protective committee that a board be appointed to arbitrate differences which led to suspension of trading in Stutz of the stock exchange.

## DEMURRER IN NOTE CASE

A demurrer was filed in the district court yesterday in the case of M. G. G. Wright plaintiff, J. C. Kendrick and C. J. Kendrick, defendants.

## HISTORY OF MENDENHALL'S NUMBER 40 FOR THE BLOOD

Forty years ago an old doctor was putting up a medicine for diseases of the blood that cured the worst cases and time proved that the cures were permanent. After many years I secured the prescription, being a druggist, and took each ingredient separately and referred to my U. S. Dispensatory and other authoritative books on medicine and found the medicinal properties set down as follows:  
 "A specific in its influence upon all glandular structures of whatever character. It is also a blood-making remedy of great power. Acts directly upon the skin and is indicated in eczema, itching, sores, ulcers, pimples and skin eruptions of whatever character. Employed in chronic rheumatism, catarrh, constipation, stomach,

liver and liver trouble. Under its use scrofulous swellings and nodular eruptions that have withstood all other treatment disappear as if by magic." To commemorate my fortieth year as a druggist, I named this medicine Number 40 For the Blood. J. C. Mendenhall, Evansville, Ind., 40 years a druggist. Frank Stacer, prominent farmer, Neuburg, Ind., makes the following statement: "I suffered with rheumatism for several years. Tried numerous remedies with little or no benefit. Number 40 For the Blood was recommended to me and I improved from the time I began taking it. I have taken in all six bottles and I feel that I am entirely well, as I have had no symptoms of the disease for two years." Sold by Rogerson Hotel Pharmacy.
