PRICE FIVE CENTS

JOHNSON AND HARDING LEAD WOOD IN NEW JERSEY AND OHIO PRIMARIES

Californian Margin 1000 in East-Ohio Senator 11,000 Ahead of General.

REGULAR BIG FOUR SURE VICTORS IN MASS.

Cox and Edwards Secure Democratic Vote in Respective States Without Opposition.

By the Associated Press. NEWARK, N. J., April 28.—Major General Leonard Wood led Senator Hiram W. Johnson of California by 650 votes in 1,801 out of 2,016 election districts in New Jersey's preferential presidential primary at 3:20 o'clock this morning. The vote was Johnson 47,002; Wood 46,291.

COLUMBUS, O., April 27.—Returns from more than three-fifths of the state in today's presidential primary election in Ohio showed Senator Harding leading General Wood by approximately 9,000 votes. Harding 55,948; Wood 46,964.

In 3,459 precincts Johnson led 12,924; Hoover 8,568.

For delegates at large, 3,459 precincts gave: Herrick (Harding) 82,705; Galvin (H) 75,576; Willis (H) 71,368; Boyd (Wood) 67,585; Turner (W) 65,892; Daugherty (H) 64,000.

Governor Cox, only presidential candidate on the democratic ballot, drew practically all democratic votes, although McClellan's name was written on occasionally. All delegate candidates were pledged to Cox.

Three Harding Men Lead. Late returns show three Harding men and one Wood man are leading the republican "big four" delegates. They showed Mayor Galvin of Cincinnati, and former Governor H. B. Willis and Myron T. Herrick, all leading, and W. H. Boyd, a Wood man, not far behind.

Available returns showed Harding delegates selected in eight districts and Wood men in two. The vote for republican delegates at large: Boyd, (Wood) 55,855; Galvin, (Harding) 59,136; Daugherty, (H) 50,564; Willis (H) 55,941; Turner (W) 53,875; Herrick (H) 65,299.

Harding headquarters tonight claimed Harding had carried the state by a plurality which may reach 50,000. Wood headquarters made no claims. Returns late tonight indicated Harding candidates for district delegates had won in 10 out of the 22 districts, with Wood candidates apparently victors in two.

JOHNSON HAS SLIGHT LEAD. NEWARK, N. J., April 28.—Senator Hiram W. Johnson of California, was leading Major General Leonard Wood by less than 1,000 votes in returns from three-fourths of the state in the republican preferential presidential primary tonight in New Jersey at 2:30 a. m. today. The vote in 1,529 of 2,005 precincts gave Johnson 37,123; Wood 37,728.

In the fight for the republican "big four" returns from 546 districts showed that Senator W. H. B. Willis and Joseph Freilichberger pledged to the choice of voters as expressed at the primary were running a close race for the head of the ticket with former Governor Edward Stokes, pledged to General Wood, and J. M. Lillard, pledged to Senator Johnson, following in that order.

Edwards Wins Easily. The democratic "big four" pledged to the candidacy of Governor Edward L. Edwards, who has announced that he would carry his fight against pro-Johnson in the San Francisco convention, led by elected without opposition.

It consists of Governor Edwards, J. H. Nugent, Frank Hague and P. W. Donnelly of Trenton. Democratic voters were not asked to express any direct presidential preference.

In addition to four delegates at large New Jersey sends 24 republican district delegates. In nine of the 12 districts there were contests between Wood and Johnson men, in two others there were contests between delegates pledged to Wood, and those desiring

OPPOSE UNIONS' CONTROL OF R. R.

United States Chamber of Commerce Leaders Discuss Methods of Combating This

By the Associated Press. ATLANTIC CITY, N. J., April 27.—Discussion of labor's relation to capital, to which the United States Chamber of Commerce in convention here will devote its Thursday session, began with the railroad group tonight when speakers urged an organized effort to combat the control it was alleged union labor has assumed over railway operation.

R. H. Angel, banker, of Knoxville, Va., declared "union labor is in control of the railroads absolutely and if we wait a little while they will have a strangle hold on us from which we can not extricate ourselves."

"Labor has made the challenge and we should accept it for this fight which has been thrust on us must be fought on some time," he said.

He asserted he was not antagonistic to union labor, nor to workingmen, but he was opposed to "anything like the dictatorial plan."

"The chamber of commerce should make recommendations to both national conventions in favor of platform planks against union labor domination. The party which will lead us to salvation is the party that will save us from this trouble."

A number of delegates expressed support of such a policy.

FAIL TO FIND CLUE TO MURDERERS OF WOLFS

TEXAS LAKE, N. D., April 26.—Floodings being used in the search for the slayers of Mr. and Mrs. Jacob Wolf, their five daughters and Jake Hider, chore boy, failed to find a second today. John E. Williams, state attorney said tonight, no further details that might aid in solving the mystery had been unearthed. Funeral services for the victims will be held Tuesday.

SIN LEADERS INTERVIEWED

LONDON, April 26.—An Irish twenty-nine Sinn Féin men were interviewed in Wormwood Scrub, prison according to a statement made in the house of commons today by the home secretary, Edward Shortt and all but five are on longer active.

SMOOT DENIES HE ACTED AS PARTISAN

Tells Babson All Members of His Committee Approved the Attack on the Orel Bureau

By the Associated Press. WASHINGTON, April 27.—Charges of partisanship in the joint congressional printing investigation committee made by Roger B. Babson and of "interests in the official bulletin," were denied by Senator Smoot, republican, Utah, chairman of the committee, in a letter to Mr. Babson, made public tonight.

The report, Mr. Smoot said, was approved by, or submitted to democratic as well as republican committee members.

"You ask in your letter," he said, "whether the attack on certain in part of the campaign of a few republicans to discredit the democratic administration and others prominently associated with it." The report was adopted without any dissent from the democratic members who were either present or to whom a copy had been submitted.

The report, therefore, was a statement to congress by the committee itself, and not by me personally. I am not seeking, however, to evade any responsibility for the report or my approval of it."

TO SEEK LOST TREASURE

VANCOUVER, B. C., April 27.—To active into the unknown depths of the sea off the west coast of Vancouver Island and west thereof the treasure ships hidden for many years is the object of S. M. Madden and his party of salvagers who will begin operations early in May.

Last autumn Madden made submarine cruises along the coast which line the coast of the island and located our large wrecks besides a number of small ones.

Two of the larger he identified as the Pan-of-Melford and the Valencian and one of the others he thinks is the long lost H. M. S. Concor which disappeared in 1902 and has not been heard of since.

Some of the boats which met their fate on the perilous west coast carried cargoes which at the time of sinking did not make it worth while salvaging but under present day conditions it is thought there is freight aboard the vessels almost worth its weight in gold.

REVOLT BELOW RIO GRANDE IS GROWING FAST

Reports Received in Agua Prieta Tell of Increase in Forces.

HINT SIMULTANEOUS REVOLT IN CHIHUAHUA

Troops Will Soon Be Marching on Mexico City, One of The Claims Made by Rebel Leaders.

AGUA PRIETA, Sonora, April 27.—Rebel troops are preparing to march on Mexico City from the state of Guerrero. Gen. P. Elías Calles, commander in chief of the "liberal constitutional" army, announced here today.

The revolution in Guerrero, he said, was more serious for the Mexican federal government than the movement in Sinaloa where troops under Gen. Angel Flores continue to progress toward Mazatlan. The revolutionists from Sinaloa and Sonora plan to join with the rebels in Guerrero for the attack on Mexico City.

"Hope for Capture of Mazatlan. Capture of Mazatlan by the rebels they expect will greatly lead to the subjugation of the balance of Sinaloa and rapid progress through Nayarit, which is said to be sympathetic with the Sonora cause. In Jalisco, the next state south, revolutionary forces are said to be making headway as is also the case in Colima, where the capital city of Colima and the port of Manzanillo are objectives of victorious rebel troops.

Mexico City also was reported in revolt against Carranza, and adjoining Guerrero.

Oregon Directs Movement. General Alvaro Obregon was said to be directing the revolutionary movements in Guerrero after having fled recently from the Mexican capital.

Reports from El Paso that a force of Carranza troops in Chihuahua City had revolted gave strength to the rebels' assertions that Carranza officials' massing troops in western Chihuahua for an attack on Sonora were having difficulty in organizing their men for battle. Military headquarters here forecast that within two weeks communication by rail from the border of the United States to Mexico City would be completely cut off.

More soldiers arrived here today from eastern Sonora and southern parts of the state. More were enroute, it was said, and it was said at military headquarters that should Carranza postpone an attack on Sonora, rebel troops from this state would attack Chihuahua.

Chihuahua to Revolt. Sonora officials said they had been advised that Col. Felipe Del Arco would revolt with his men at Chihuahua City. They said arrangements had been made whereby Del Arco and commanders in two other important Carranza garrisons in Chihuahua were to join the revolution simultaneously at a prearranged signal.

A bulletin issued at headquarters by General Calles today said Gen. Manuel M. Dignies, who was named to lead the Carranza troops against Sonora through Sinaloa has been unable to get transportation for his men from the state of Sinaloa to the border in Jalisco.

Harassing de Santiago. Colonel Yofsi, who was proclaimed commander of the revolutionary army in Nayarit by Gov. Jose Santos Gudiño is harassing federal troops under Gen. Francisco de Santiago, who has been attempting to go to the aid of Carranza troops in Sinaloa, the bulletin said.

Several regiments of infantry have been formed from Sinaloa recruits aided by General Flores since he invaded that state, it was said, and these will be formed into an army division to be known as the Sinaloa army corps of the "liberal constitutional" army.

AMERICA RED COMES HOME

VIENNA, April 26.—Junius Brill, an American who has been imprisoned in Austria with Bela Kun, former Hungarian dictator and Lenin's associate, has been released and given a safe conduct to the United States.

SENATE INCREASES THE NAVAL APPROPRIATION

By the Associated Press. WASHINGTON, April 27.—By a long on appropriations with record-breaking rapidity, the senate late today virtually completed consideration of the annual naval appropriation bill. Within 50 minutes and virtually without debate, appropriations of \$161,000,000 were made as compared to \$122,000,000 authorized by the house. Except a minor increase in the independent appropriation bill, the increase was made ready for passing tomorrow.

There was no discussion of the bill, the program for which appropriations were increased from \$122,000,000 to \$161,000,000 to expedite completion of the three-year program authorized in 1916.

As fast as the reading clock could read, the senate voted its approval of items carrying millions of dollars, including an increase from the house appropriation of \$15,750,000 to \$20,000,000 for naval aviation and an annual appropriation of \$10,000,000 for a new naval base on San Francisco bay.

Virtually the only discussion came on the naval aviation and San Francisco bay base items. Senator Lodge, republican leader and chairman of the naval committee, emphasized the necessity for increasing naval defense on the western coast, the former declaring that any immediate danger to the United States lay in the Pacific.

ACCUSE POST OF GIVING FREEDOM TO MANY REDS

By the Associated Press. WASHINGTON, April 27.—Illegal actions of Louis F. Post, assistant secretary of the department of labor, recalled in blocking deportation of alien radicals, members of the house, declared today before the ethics committee.

"The responsibility lies at the door of Secretary Wilson for not recommending removal of such a man, if these charges are true," Representative Rodenberg, republican, Illinois, member of the committee, said during the hearing, which inaugurated investigation of Mr. Post's official conduct.

Representative Johnson, republican, Washington, chairman of the house immigration committee, presented a report by committee investigators on more than 300 cases, in which it was said Mr. Post had cancelled or stayed deportation recommended by immigration authorities. Counsel for Mr. Post interrupted to assert Commissioner General Cammetti of the immigration bureau, was without legal authority to make any recommendation regarding deportation warrants.

CRITICISM OF SIMS CAUSES A PROTEST

Charges Made by McKean Result in Tilt Between Hale and Trammell

By the Associated Press. WASHINGTON, April 27.—Criticism of Rear Admiral Sims, voiced today by the senate naval investigating committee by Rear Admiral J. S. McKean, former assistant chief of naval operations, resulted in a tilt between Chairman Hale and Senator Trammell, democrat, Florida, senior chairman.

McKean was reprimanded by Senator Hale for indulging in "personalities." The officer declared he was only following a precedent set by Admiral Sims, while Senator Trammell remarked that the senatorial committee to personalities to personalities had not run against Admiral Sims' "snappy comments."

Admiral McKean, whose appearance followed completion of the cross-examination of Capt. W. V. Pratt insisted that he was not seeking to defend Sims and was merely a private citizen.

Admiral Sims' charge that delays by the navy department prolonged hostilities four months and cost 200,000 additional lives were "unmistakable." Admiral McKean said, adding that if it had been made by a private in the "government issue anything," it could be understood, but that coming from "rear admiral, the head of the navy college, it was an insult to every officer and man in the navy or who served in the navy during the war."

"It has been and will be entirely disproved," he declared.

The charge that the department had an plan for war was unfounded, he said. He added that his plan had been in existence for years before the war and was corrected up to the time the United States joined the allies and constantly changed as the situation altered. The plan was not perfect, he said, because of "the elements injected into the war by German submarines."

LIND TELLS HIS STORY OF THE MEXICANS

Wilson's Ambassador Informs Senators Revolution Was Necessary.

DID NOT MAKE ATTACK ON CHURCH, HE CLAIMS

Has No Suggestion to Offer of Best Methods to Settle Trouble Below the Border.

By the Associated Press. WASHINGTON, April 27.—The story of John Lind, former governor of Minnesota, of his experiences in Mexico as Ambassador Wilson's personal representative, was told today to the senate investigating committee. Included was a personal account of the dictatorship he had followed overthrow of the Mexican government and before American occupation of Vera Cruz.

Revolution Necessary. Revolution was necessary in Mexico, Mr. Lind contended, to rectify conditions. "Though it will take decades to bring the people up to our standards," he denied he had ever, as Examiner Kearnful, for the committee asked, "attributed all of the ills of Mexico to the influence of the Catholic church," and denied he had ever made such statements to Nelson O'Shaughnessy, former American charge d'affaires in Mexico.

"What Mexico needs is education," he declared. "It is very unfortunate that the influence of the Catholic church, has been against schools in Mexico. As in the United States, its influence has not been in the direction of establishing and maintaining public schools."

That he had ever said the church should be abolished as an institution in Mexico, or that he had said he advocated recognition of Carranza, "lost poor Mexico" fall back on the very fact that the Catholic church," Mr. Lind likewise denied.

No Opinion Expressed. At the conclusion of his account of the failure of his mission with Huerta, Kearnful asked for Mr. Lind's opinion as to the present policy that should be adopted towards Mexico.

"Though I do not know the present conditions," Mr. Lind returned, "it behooves us as a great neighbor of a weak country to be very patient, not to judge them as we would England, France or Canada, as to their responsibility in international affairs."

"Do you think we should refrain from insisting on protection for American lives and property in Mexico?" Attorney Kearnful persisted.

"No, of course not, nor do I think the best protection will be afforded by insisting by a military, warlike attitude," Mr. Lind responded.

"When for five years our strongest verbal representations have been disregarded," Attorney Kearnful continued, "what 30,000 Americans have gone to financial ruin in Mexico, where hundreds have been murdered and we find nothing but levity for our further representations, what should be our attitude?"

Not Far to Answer. "That is not far to answer," Mr. Lind returned. "I think the statement is much exaggerated. Many have suffered loss of lives and property from criminals in this country during the same period."

"Have you heard that any of our generals or high officers in public life were concerned with the losses?" the examiner pursued.

"Certainly not," Mr. Lind said. "Of course, so our defense Americans to a certain extent along the border and in the interior would mean the military occupation of Mexico, as disastrous to us as to Mexico. There may come a time when force is inevitable."

REGULARS JOIN REBELS

EL PASO, Texas, April 27.—Private advisers reported from Juarez today said that the Sixty-second Mexican battalion, which left Juarez turned back when this was discovered, it was said.

AUTOMOBILE BLAZES IN MAGEL GARAGE

Firemen Compelled to Use Gas Masks;
Damage Slight; Chemical Used
on Flaming Gas.

Gasoline became ignited, causing a fire at the Magel Garage yesterday evening at 7 o'clock. The damage is estimated at \$250. When the fire department arrived the interior was filled with smoke, gas masks were used to advantage by the fire fighters. In a half-hour the fire was under control.

While one of the workmen at the garage was cleaning an automobile of gings with gasoline another dropped a knife on the wiring, causing a short circuit which quickly ignited the gas and filled the room with a dense smoke. Three firemen fire extinguishers were sprayed on the burning gas, while the men waited for the fire department.

The floor was saturated with oil and other inflammable liquid together with a large grease pan under the car. When the fire department arrived it was impossible to get into the building without a mask. Chief Warner, however, one and went to the burning car and with the aid of a searchlight played a stream of chemical on the flaming gas.

When the fire was under control the firemen pushed gas into the alley. Other cars that were on the floor were not harmed, it is thought. An inventory will be taken this morning to determine the exact amount of damage.

GOODING COURT TO TRY DORIS LEE

**Alleged Bandit Leader Transferred to
North Side Court; Husband
Is Acquitted.**

Charles Charles Lee, the supposed leader of a gang of robbers, was indicted yesterday at Rupert. The wife, Mrs. Doris Lee, was taken to the Gooding court today for the Gooding sheriff, Samuel Saunders. She will be tried on the charge of larceny this morning.

Mrs. Lee has been held at the Twin Falls county courthouse for the Gooding authorities as there is no place for women at that jail, it is said. Her husband was arrested and remanded to custody at Rupert.

When the Lee woman left this city to help get her husband out of the jail, said the officers, a search was made of her room, searched, incriminating letters and alleged stolen goods were found among her belongings, it is claimed.

The sheriff's department at Gooding was notified and she was placed under arrest.

WASHINGTON TEAM WINS.

The Washington second team baseball team won their second game yesterday afternoon by a 10 to 8 score. Two members of the Bickel first team were used but even they were unable to stem the tide of victory, so it is said. Bickel played a good game but they were far outclassed by their smaller opponents. Other games are scheduled to take place soon.

KING ALFONSO FLEED.

by the Associated Press.
MAYFIELD, April 27. King Alfonso was found 200 yards away from the scene of the shooting in the gardens of the Alcazar. Every member of his party who followed, likewise was found. The first person on the road found had that it had committed an offense was when the prosecution is prosecuted and said:

"You are, walking on the grass is forbidden. I want you to go back to your quarters." At the first Alfonso was released, then he laughed and paid this money.

TO MAKE 1920 BIG AVIATION SPORT YEAR

American Flying Club Plans Calendar—First Event May 7 at Minnola.

NEW YORK, April 27.—An event planned for 1920 promises to make it a big aviation year, according to the American Flying club. The first event of importance will be the flying field day of the Intercollegiate Flying association at Minnola field, N. Y., May 7. Eleven colleges and universities will be represented in a varied program of flying stunts, which will be concluded with a cross-country flight. In this race each will be permitted to enter two airplanes and a cup will be awarded to the winner. The start will be made at Minnola field, where the race also will end after a circuit that probably will include Philadelphia and Princeton.

Arrangements also are being made by the club for a seaplane race around Long Island. This probably will be held early in the summer. The club is cooperating with the training and operations group of the United States air service in planning for a trans-continental air race between New York and Alaska, a distance of 4570 miles. In the tentative plans the course is mapped out from Minnola,

across United States territory to Minnola, N. D., crossing to Saskatchewan, British Columbia and Alaska, and across the Dominion to Fort Ekbert on the Alaska border. In Alaska the route runs to Circle, Fort Yukon, Fairbanks by way of Fort Gibbon, thence to Nulato and Nome. Compulsory stops at an average of each 150 miles will be arranged.

Flying events of a sporting nature will not be confined, however, to the United States. In 1920, in France a flying meet is scheduled to be held at Juvisy, near Paris, May 22 and 23. The British aircraft exhibition, which will be held at London in July. In addition, the British government has offered several millions of pounds in prizes for various airplane sporting events to be held during the year. The Cape to Cairo route is being planned. Between the two poles the distance by rail, steamship, or ground transport is approximately 5225 miles. The aerial line is about 5200 miles.

There will be a new pentathlon championship this year. Robert Le Gendre of Lewiston, Me., who won the pentathlon last year, is injured, so he can not compete. Cornell, Yale, Chicago, Princeton, Illinois, Michigan and M-

T. athletes hope to turn back the British invaders this year.

No longer will it be announced that Bobby Waucho of Fort Worth is booked to hammer Kid So-and-So for 150 lbs. home and everything. Bobby saves his money.

The Yankees are counting on Ken at three more days over this year. The "stake" will be not a truck delivery. It travels laterally and then sweeps down and away after the fashion of the famed ladyship, now a historical curiosity only.

Edith Gable-Happ went south with the Reds he knew little about playing. Gable couldn't beat out a world's champion third baseman as he is with the Kelly's club. His work is evidence after it had been buried in him how.

Old Man Trouble again has the address of the New York Yankees. It's Carl Mays again. Bryan Haywood, Philadelphia fondle him he will have Mays arrested on his appearance at Shore Park. His charge is that the former Red Sox heaved a baseball at him last season.

Asleep Logan post had dug up the corpse of the boxing game at Providence after it had been buried 20 years ago. The police commission has given the Region authority to hold weekly jousts with the hellions.

METHODISTS TO LIFT BAN ON AMUSEMENT

Would Change It From Mandatory Act to a Word of Advice

By the Associated Press. SYRACUSE, N. Y., April 27. (By Dr. Edmund M. Mills, acting secretary for the general conference of the Methodist Episcopal church, which opens Saturday at Des Moines, Iowa, stated tonight that the conference probably would revise the ban on amusements, changing it from a mandatory act to a word of discipline to a word of advice.

Members submitted to in Mills from country-wide conferences show that about one-third of the preachers want to eliminate all reference to dancing, theaters and card playing, with others indifferent as to how to deal with the proposition.

In view of the fact that the preachers do not put men and women on trial for those amusements, Dr. Mills will move elimination of the following words in that part of the book of discipline dealing with the trial of a member for imprudent conduct.

"Dancing, playing at games of chance, attending theaters, horse races, circuses, dancing parties, putting on dancing schools or taking part in such other amusements as are obviously of misleading and questionable moral tendency."

For such offense the law calls first for reproof by pastor, secondly reproof by pastor and church elders, or "disown" members of the church and for the third offense, the accused shall be brought to trial.

After striking out the words referred to, Dr. Mills would have a star placed at this point dealing with trials making it compulsory for the ministers to read the chapter on "amusements" under the head of "advice."

ENGLAND AGAIN PROTESTS WILLIAM IN HOLLAND

By the Associated Press. THE HAGUE, April 27. Responsibility for the continued residence in Holland of former Emperor William of Germany was placed squarely and exclusively on the Netherlands government in a note sent to Premier Lloyd George of Great Britain of March 21 and published today for the first time in the Orange book containing documents relating to the demanded extradition of Count Hohenlohe.

The note pointed out that William, in spite of precautions, is a very serious danger so long as left within 40 kilometers of the German frontier, and is a potential center of reactionary propaganda and a constant menace to the peace of Europe.

THE "PULL" THAT FAILS.

There is a common impression that the son of the big business man has a better chance of business success than other lads. With his father's money, his father's experience and the opportunities his father opens up for him, how could it be otherwise? So argue the envious sons of humbler men. And they are notably wrong.

Roger W. Babson, the statistician, in an article in the Independent, tells what he learned about the matter in a study he made a couple of years ago. He looked into the records of the heads of the 100 foremost American industries. Of these eminently successful business men he found the largest group constituting over 30 per cent, were sons of poor preachers. The next largest group, 25 per cent, were sons of doctors, country lawyers and teachers. Only 10 per cent were sons of merchants and manufacturers, and only 5 per cent the sons of bankers.

From this it appears that the son of a professional man, no matter how humble the family or income, has a far better chance to succeed in business than the son of a big business man.

Why it should be so is a question deserving a good deal of thought. Heredity and environment seem to play odd tricks. Success comes to those of whom it might least be expected. What are real qualifications for a business career? What is a "chance?"

Some day some philosopher may explain these things. Meanwhile, let the boy without a family "pull" take heart. He has a better chance than the boy with the pull. It does not look that way now—but wait till 20 years from now.

TREES OF REMEMBRANCE.

In many communities Arbor day this year has become a kind of Memorial day. The suggestion that memorial trees be set out in honor of the men and women who gave their lives in the war has met with wide interest and enthusiasm.

Last year Charles Lathrop Pack, president of the American Forestry association, published an appeal urging that memorial trees be planted in squares and streets. That appeal has been heeded all over the country. A recent number of the magazine, American Forestry, reports such memorial planting in Connecticut, Georgia, New Jersey, Tennessee, Pennsylvania, Wisconsin, Indiana and other states. In one city a high school which sent 233 members into the war, has planted a tree for every one of those boys. Each tree bears the name of a service man, and the whole group is known as "Liberty Grove."

In another city where a "Road of Remembrance" was set out with trees, contributions were handed by a local welfare association. Two and a half dollars paid for a tree and the name tag to mark the tree for some special boy.

This is a very beautiful thing for schools and communities to do. There is no lovelier memorial than a fine, growing tree.

BORN IN GERMANY.

Twenty American soldiers landed on these glorious shores the other day, each bringing with him a German bride. Twelve of them also had babies. And the story goes that what the proud fathers, every one of them, wanted to know was whether his kid would have a chance to be president.

Unless there is another amendment to

the Constitution by the time these young people are 35, the chances are they will have to forego that honor in favor of those born of American mothers on American soil. They cannot even, worse luck, be favorite sons of states in this glorious union—unless Uncle Sam has annexed by that time the sections of the German Empire—Republic where they first saw the light.

But they can be favorite grandsons. And in backyard arguments with the other fellows they can have the last word about international politics and domestic affairs. "Sleep under featherbeds? They do, too. Aw, gwan, hadn't I ought to know I was born there?"

ABOUT BUILDING HOMES.

The movement for home-building, nationwide in scope, is being given publicity of an unusual sort these days. One of the latest bits of propaganda which emanates from some source, and which is designed to induce home owning and home building is unique in character. It has appeared in newspapers from east to west, as follows:

Rent is a monthly reminder that you don't own your own home.

The primary purpose of rent is to keep a roof over your head, but it sometimes fails to do even that, especially in the cyclone area of Kansas.

The secondary purpose is to enable the landlords to run about in limousines and the tenants to run about in circles. And it's a lot harder to pay for the upkeep of a circle than for the upkeep of a limousine.

Anything within four walls and a roof is good enough to rent. The thicker the walls, the higher the rent. The idea is this: The thicker the walls the less noise and disturbance the other tenants will make for you to hear, and if you are not bothered by the other tenants you will have that much more time to figure out how to meet the rent.

Whenever a landlord gets low in funds he can raise the rent. Then it's up to the tenant to raise the wherewith.

Rents are so high now that the authorities in several cities are planning to establish tent colonies. This might be called a canvas-back ducking of high rents, and it ought to work all right in fair weather. But when a high wind comes along and spreads your roof out on the lining room table you will long for an old-fashioned ceiling that knows its place.

Besides people who live in cloth houses must not forget shadows.

Apparently, Biogenes was even wiser than history has given him credit for being. He lived in a barrel and stayed off the landlord.

Another way to laugh at the landlord, a safer and more comfortable way, is to own your own lot. Nothing is easier when once you are put on the right track—Exchange.

TRADES FOR BUSINESS MEN.

New York, Commuters, aroused by the stoppage of transportation during the rail road strike, volunteered in large numbers to act as firemen, brakemen, etc., to keep the trains running. Now they take taking up the idea permanently in a broad way every business or professional man undergoing a course of training in some manual occupation that would enable him, in an emergency, to jump in and help keep the industrial machinery moving.

It is an excellent suggestion. It has been compared to the "Plattsburg idea," and might conceivably do as much for industry as the voluntary training of business and professional men at Plattsburg did for the army when we entered the war. There would be incidental benefits, too, of certain value to the volunteers. The physical exercise would do their bodies good, and the acquired knowledge of how the other half works might do their souls good.

H. S. STUDENTS TO JUDGE STOCK

Five Will Be Selected for Interstate Judging Contest; Local Event in Fall.

About 40 students in the animal husbandry class at the high school went to the sheep ranch of Dr. J. E. White yesterday afternoon for the purpose of studying varying conditions regarding them. Twelve others will leave today. Studies concerning the horse, dogs and cattle will be the plan for the remainder of the school term. It was announced.

Instructor Deanna said the students are to be taught how to judge live stock, potatoes and grains so they can enter the interstate contest which is to be held in Lewiston about the middle of October. The states that will compete are Idaho, Oregon and Washington.

The present lessons are to determine the five best students who are able to enter a livestock judging contest. A local contest will be held in Boise about September 1 and those winning honors at the affair will be sent to the interstate judging contest at Lewiston, it is said.

H. S. BALL TEAM PLAY AT WENDELL

Another Game Scheduled Friday; Some Members on Track Team; Will Go to Burley.

The high school ball team will leave this afternoon for Wendell, where they are to meet a fast team, said Coach Deuman. Those who are to take part in the game are in training and expectations are that they will emerge from the contest as victors. A fast and clever aggregation for the local school is the feature of the game, and in the past few games have given to them the necessary self-confidence to take on all comers with a sure sign of winning. It is asserted. Members of the team will play again Friday at Rupert. They will leave here at noon on that day and stay overnight at Rupert, leaving there the next morning and returning as far as Burley to attend the district track meet. A few of the ball players are on the track team so it is essential they keep in form for the Burley event. The possible aggregation which will leave here today and Friday to participate in the games are: Yachum, Kringie, Pix, Thometz, King, Tucker, Putzinger, Phipps, Watson, Jamison, Fyfe, Dwyer. Some of the lads are to act as subs.

OGDEN BANK PLAINTIFF IN SUIT FOR MONEY

Complaint was made in the district court by the Ogden National bank of Ogden, Utah, against Nephi Larsen of Rock Creek, Idaho, seeking settlement on a promissory note. It is alleged defendant executed and delivered to the Hansen Lumber and Feeding company of Ogden, a promissory note for \$100.

Plaintiff purchased the note and is holder now. The note is claimed to be due and wholly unpaid. Plaintiff asks judgment against defendant in the sum of \$100 and interest which now amounts to \$141.25, attorney's fees, \$15, together with all costs and disbursements of suit.

Society

The last meeting of the Twentieth Century club was held Tuesday afternoon in the Old Fellows' hall. There was an exceptionally large attendance and an interesting as well as instructive meeting was held.

Mrs. W. Z. Iron will be hostess May 6 to the members of the Shunpike club. Mrs. E. Olinsted entertained the last meeting.

Mr. and Mrs. H. A. Costello were hosts last Monday evening at a dinner. Covers were laid for eight. Those present were Mrs. H. B. Lewis, Mrs. and Mrs. Charles Hart, Mr. and Mrs. John Costello and Mrs. H. O. Milner.

The Blue Lakes Boulevard club was entertained at the home of Mrs. V. B. Place Monday afternoon in honor of Mrs. A. E. Birden, who is soon to leave for Chicago to make her future home. Mrs. Birden was presented with a guest of honor gift during the afternoon. A delightful program was given by the members of the club. The hostess, assisted by Mesdames James Campbell and Jere Long, served refreshments.

REPUBLICANS WIN MASSACHUSETTS.

BOSTON, April 28. Returns early today from all but 11 of the 1,128 precincts in the state yesterday's primary showed the election of the four delegates at large, who as a group headed the republican ticket. They are Senator Lodge, Speaker Gillett, former Senator Crane and E. A. Thayer.

The four "regular" democratic candidates for delegate at large were elected, the fifth, candidate, former Congressman O'Connell running for defeat.

Those elected are Senator Walsh, R. H. Long, District Attorney Webster and D. E. Doherty.

The vote of the state complete follows:

Republicans:
Lodge 75,428; Gillett 62,254; Crane 60, 927; Thayer 48,347; Frothingham 32,863; Fuller 30,479; Lawson 18,321; McCall 21,195; Wood 12,592.
Democrats:
Wobch 22,291; Long 21,829; Pelletier 19,829; Doherty 18,129; O'Connell 14,114.

Of the 35 republican delegates including those at large, 29 are undisciplined, but several have announced their intention to vote for Wood.

Two are pledged to Wood and four were undecided on the ballot as favorables to Wood. The two undisciplined Wood candidates, elected were from the 28th district, the home of Congressman Larkin, state manager for Wood.

In Bangor, where General Wood has a local residence, Lodge, possessor of the largest republican vote, with Frothingham second, Crane third and Pelletier fourth.

IDAHO TO BE UNINSTRUCTED.

CHICAGO, April 27. (AP)—The general of all delegates to the Idaho state republican convention for Miss Pennington of Moscow, who will meet here tomorrow, to minute eight delegates to the national convention at Chicago, continued was in a resolution unanimously passed by the convention to "thoroughly and every means in their power" to secure the election of a representative of Idaho to the national convention of the United States.

It was declared an undisciplined delegation under control of Senator Bush, would be equivalent to a John Birch delegation.

In an informal caucus on the train en route to Cedar Rapids the delegates from southern Idaho conceded four delegates and of eight to northern Idaho districts.

A temple discussed in many confers, which was being continued here.

ences tonight was the endorsement of the administration of Governor D. W. Davis. This, delegate said, the party, error, was seeking and J. W. Engstrom, state treasurer, and other leaders were opposing.

BOYDENTER ENDORSED.

BELLEVILLE, Wash., April 27. The republican state convention, opening in the hall at an important fight over the reorganization of a national committee to succeed S. A. Pennington of Tacoma, today elected four delegates at large to the national convention, named seven presidential candidates and adopted a platform.

The state's delegation was notified of in a resolution unanimously passed by the convention to "thoroughly and every means in their power" to secure the election of a representative of Idaho to the national convention of the United States.

BALL SEASON OPENS AT IDAHO "C" TODAY

MOSCOW, Idaho, April 27.—A contest with the University of Oregon

is scheduled to open the baseball season of the University of Idaho on the local campus tomorrow. Games have been scheduled also with the University of Montana for May 13, 14 and 15 at Moscow, Idaho, and May 21 and 22 at Moscow. Games also probably will be played with Whitman and Washington State colleges.

FIND CANNON BALL AN TREE By the Associated Press. VANCOUVER, B. C.—An old fashioned cannon ball of the 25-pound variety, used many years ago on this coast by the admiralty ships, caused the False Creek Lumber company a loss of \$250 the other day. It was

imbedded in a huge log cut at Dunsmuir. The tree had grown around the ball and felled it so well that it had not been discovered until the saw struck it. The missile must have been discharged many years ago by a passing warship.

Can You Answer Yes?

Alluring ways to become separated from our earnings confront us on every side. Compared with these the channels of profitable saving are relatively small.

Yet in the business of getting on in life saving is admittedly of far greater importance than earning or spending.

Do you save? Do you save haphazardly? Or do you save and bank consistently?

When you answer yes to the last query you can begin to expect big things of the future.

JAMES OLIVER CURWOOD'S Wonderful Story An Eight-Part Production

A stirring tale of the Royal Mounted Police.
A story of the wildest adventure in the snow wastes of the frozen Northland.

A wonderful new picture of God's Country, by the famous writer, James Oliver Curwood; and author of the picture, "Back to God's Country."

The masquerading of an outlaw as an officer of the Royal Mounted Police.
Can you imagine a girl falling in love with her supposed brother. You will find a strange, unusual and tender love story in "The River's End," by James Oliver Curwood.

He loved her—she thought him her brother.

John Keith was impersonating Derwent Conniston. He had rehearsed thoroughly every detail of the English officer's life, but had not been warned that Conniston had a sister And so, when he found her a slim, wonderfully pretty little thing who called him brother, he felt within him the impact of conflicting emotions, of contradictory impulses.

He loved her instantly; he wanted to tell her the truth, yet he knew if he did so, he, a fugitive from justice, would be hanged.

This is only part of the extraordinary tale, "The River's End," by James Oliver Curwood and

BONUS ISSUE CAUSE OF HEATED DEBATE

Claim To Republican Insurgents Will
Vote for Tax on War Profits
In Johnson's Claim.

By The Associated Press.
WASHINGTON, April 22.—The fight over the subject of raising the bonus payments for soldiers and sailors who served in the world war has become a heated debate in the house today. The republican insurgents, who are opposed to the war profits tax, are demanding that the bonus be paid in full to the soldiers and sailors who served in the world war.

Representative Johnson, republican, South Carolina, announced that he will support the war profits tax. He said that the war profits tax was a necessary measure to raise the money to pay the bonus to the soldiers and sailors who served in the world war.

CANDIDATES GIVE ANSWER TO FARMERS

Majesty 'Favor Cooperative Bargaining
and Other Issues Pro-
mulgated by Agriculture.

By The Associated Press.
WASHINGTON, April 22.—Approval of cooperative bargaining, improved rural credit, reduction in the "growing evil" of farm tenancy, and national conservation was scored by presidential candidates who have answered political questionnaires of the National Board of Farm Organizations. Replies were made public today from Governor Wood, Senator Owen, James W. McAdoo, and other candidates.

Mr. Wood's approval was blanket, except the plan calling for payment of the war debt, "lightly through a highly graduated income tax."

Senator Owen submitted a detailed reply as "a private citizen," reiterating his public statement that he was not a candidate and Governor Spruill of Tennessee also denied that he was considering entering the race.
