### JOHNSON CRIES FRAUD IN NEW JERSEY PRIMARIES

#### CALIFORNIAN AVERS VOTING IS SUSPICIOUS

"I Haven't Forgotten Crooked Minnesota Primary," He Asserts.

#### STILL BELIEVES HE WILL CARRY STATE

Manager in Eastern State Also Declares That "Robbery" Was Practiced by Opponents.

By the Associated Press.

NEWARK, N. J., April 28.—Charges that Senator Johnson had been "robbed" of the republican preference for president in at least three counties of New Jersey were made tonight by William P. Verdon, republican leader in Hoboken, and one of the most enthusiastic Johnson supporters in the state. Mr. Verdon made his allegations in a telegram sent to Senator Johnson in which he said: "You were robbed in Camden, Morris and Essex counties."

He expressed the opinion that Johnson would win at least 41 of the 28 delegates.

JOHNSON IS SUSPICIOUS. RICHMOND, Ind., April 28.—I make no charges, but I have a very lively recollection of the "fraudulent Minnesota primary and I have wired my friends in New Jersey for detailed information," said United States Senator Hiram W. Johnson here late tonight, in commenting on the New Jersey primaries. He had just received a telegram from William P. Verdon, telling of charges that he had been robbed in three counties.

"I will not make any statement until I have the facts before me," said Senator Hiram W. Johnson when shown dispatches here tonight stating that William P. Verdon wired him that he had been robbed in at least three New Jersey counties in yesterday's primaries. The senator has just been handed a copy of the telegram, two inches thick. Indicating the telegram, he said he would have to study them before speaking further.

The first telegram was one stating that he was leading by 400 votes with 20 districts missing. Indicating a newspaper dispatch stating that he was 46 behind with 88 districts missing, he said, "that's funny."

Previously he had made the following statement while en route to the coliseum from the train:

"I am delighted with the results in New Jersey. I entered the state without any previous organization and had been assured that Wood was expected to beat all other candidates by a ratio of 5 to 1. But the results show us almost equal. I consider my results in New Jersey the most remarkable thing in my whole campaign."

Senator Johnson said that he did not yet concede New Jersey to General Wood and declared that when the final returns were in, he believed they would show he had won.

Senator Johnson's complete statement, which he will make following,

which are some strange circumstances connected with the returns from New Jersey. They are being resolved every few hours. Any man with experience in politics will understand this. I make no charges, but I have a very good recollection of the fraudulent Minnesota primary and I have wired my friends in New Jersey for detailed information."

#### ENGLISH AROUSED BY PAID-UP INSURANCE SENATE RESOLUTION PART OF BONUS BILL

Suggested House of Lords Answer to British Feature to Be Added to Soldier's Relief Measure by House.

By the Associated Press.

LONDON, April 28.—The United States senate's fish resolution was brought up in the house of commons today and drew several pointed questions. Ronald McNeill, unionist for the Canterbury division of Kent, asked the government if it had "any official information regarding its manifesto to be issued in Washington by an organization known as the 'Philippines commission for independence, in which it was maintained that American belief in the principle of self-determination would be demonstrated more impressively by conceding the repeated demands made for independence by ten and one-half million inhabitants of the Philippines, than by passing resolutions in the Senate expressing sympathy with the cause of Irish independence," whether "as a mark of respect for the American Senate, the house of commons would be enabled to follow the precedent set by the Senate by moving a resolution in support of the Philippine demands for self-determination."

Andrew Bonar Law, replying for the government, said he had no information on the question which did not seem to be one in which the British government was concerned.

Numerous other questions followed and Sir Edward Carson, the Ulster unionist leader, asked whether it was not better for each country to leave the other alone.

Bonar Law replied he thought that in other words that was his answer.

#### BERLIN BAKERS MAKE BIG INCREASE IN BREAD PRICE

BERLIN, April 28.—The Berlin bakers announced a 70 per cent increase in the price of bread, effective May 10, when the household loaf of 1,900 grams or, roughly, four pounds, will cost 4 1/2 marks. All bakers' wages have been increased proportionately.

STRIKE IS REINFORCED.

TOLEDO, April 28.—The strike of switchmen in the Toledo district was renewed on a small scale tonight when five crews of three men each in the yards of the Michigan Central Railroad company, refused to go to work, thus.

BERLIN GROWS THROUGH LAWS.

By the Associated Press.

BERLIN, April 28.—The diet has approved a bill creating a new greater Berlin, which in point of area is 62 square kilometers, ranking with New York. The newly incorporated communities will give the capital a population of 2,000,000, placing it fourth on the list of the world's capital cities.

#### BORAH HEADS DELEGATION TO CHICAGO

Coeur d'Alene Convention Sends Eight Uninstructed Delegates.

#### FOUR OF THEM SAID TO FAVOR GENERAL WOOD

Guthrie to Go—Arkansas to Be Represented by Two Sets—One "Lily White," Other Colored.

#### SHOOTS MAN THROUGH LEG OVER WATER USE

EL PASO, April 28.—R. Abel, a tenant farmer running the "Mossy" place, was shot through the leg here tonight by Homer Ramseyer who is a tenant on the "Cerro Farm." The shooting resulted from an argument over water rights. Abel's injury is said to be superficial and no bad results are anticipated if complications do not result. The shooting was done with a .32-caliber revolver.

The shooting took place about 7 o'clock. Ramseyer claims that Abel started the trouble by attempting to take his land with a shovel. He is said to be the man have been on bad terms for several months.

Abel was taken to his home where he was treated by Dr. Dugdale. Ramseyer was arrested by county officials, but was released on his promise to appear in Twin Falls tomorrow. His wife is seriously ill and the officials advised her to remain with her during the night.

#### REDS KILLED 9,464 TO ENFORCE THEIR VIEWS

By the Associated Press.

CHIHLA, April 28.—The Moscow Internation, a name of which has been received here, points the last instalment of the report of the extraordinary commission appointed for combating the counter-revolution during 1918 and 1919. In this period the commission arrested 128,000 persons, of whom 21,000 were accused of counter-revolutionary crimes, 19,103 of offenses committed as officials, 8,307 of speculators and 9,514 for expressing anti-governmental opinions. The persons shot aggregated 9,464. The figures refer only to the work of the Moscow and Petrograd commissions.

SENATOR BORG IS AN UNARMED SUPPORTER OF THE CAVALRY OF SENATOR HIRAM W. JOHNSON OF CALIFORNIA.

The report of the resolutions committee, adopted with no show of opposition, contained the following:

"We recognize that Senator Borg, in his opposition to the League of nations as presented by President Wilson has rendered to the nation a great service."

WOOD HAS MAJORITY.

(Special to The Chronicle.)

COEUR D'ALENE, Idaho, April 28. Republicans of Idaho in convention here today selected eight delegates to the national convention in Chicago in June. Senator William E. Borah, John Thomas of Gooding, John P. Gray of Coeur d'Alene, and Stanley A. Easton of Kellogg were selected as delegates at large. Henry M. Jones of Lewiston and Harold Jones of Nampa were selected as delegates from the first district, while W. T. Guthrie of Twin Falls and M. B. Yeoman of Idaho Falls were selected as delegates from the second district.

While the delegation is uninstructed, it is said that some of those selected favor General Wood, one is for George Lovden of Illinois or Senator Harding of Ohio. Borah is for Johnson, while the attitude of the other two delegates is unknown.

Thomas is chairman of the state central committee and a prominent member of Gooding; John P. Gray is one of the leading lawyers of northern Idaho; Easton is general manager of the Bunker Hill & Sullivan Mining Company.

The two delegates from the first district are former servicemen. Jones was in command of Company F, Second Idaho, at the time it entered the federal service. Later he was with the 116th Engineers. Jones is the son of his father in the publication of Nampa Leader-News. He is an ex-service man. M. B. Yeoman is publisher of the Register at Idaho Falls and has served two terms in the state senate. W. T. Guthrie is one of the prominent lawyers of Twin Falls.

TWO CONVENTIONS IN ARKANSAS.

LITTLE ROCK, Ark., April 28.—When the republican state convention this afternoon voted to seat the delegation from Pulaski county composed entirely of whites, all the negro delegation in the convention withdrew and adjourned to another hall, held a convention and nominated candidates

#### DE LA O LEADS REGULARS TO BIG VICTORY

Rallies Carranzans After Governor is Made Prisoner by the Revolutionists.

#### JUAREZ GARRISON TO REMAIN LOYAL TO CHIEF

Report of Impending Uprising Answered by Declaration of Loyalty by Troops' Leaders.

By the Associated Press.

EL PASO, Tex., April 28.—Revolutionary troops in Chihuahua City have been driven from the state capital by loyal forces led by General de la O, a chief who was formerly the president of Governor Andrew Ortiz, now a moderate for constitutional government.

This information was received here tonight, while Juarez troops were sleeping on their arms, ready for any attempted rebel movement, after their leaders had announced that they will remain loyal to the Carranza government.

Governor Made Prisoner.

According to the report from Chihuahua City the rebel forces at the outbreak of the uprising entered the home of Governor Emilio Salinas and made him a prisoner.

Following the first few skirmishes between rebel and Carranza forces, the loyal troops were brought together by de la O.

Then followed the battle for the possession of the city, during which the rebels were driven to the perimeter, 5 miles beyond the city limits.

General de la O has wired Carranza officials that he has sufficient control of the situation to hold the city until the arrival of reinforcements, now en route from the north.

General J. G. Escobar, Juarez district commander, and Colonel Augusto Mora, commander of Juarez garrison, both of whom have announced that they will remain loyal to the Carranza government. This announcement was made following persistent reports that General Escobar and Colonel Mora had split, and attempts were being made to induce the troops, which Mora is said to control to revolt tonight.

Their formal statement read:

"We know that our duty is with the government. We will stand loyal to the government."

Reports that Francisco Villa was within a few miles of Juarez tonight preparing to attack the city were discounted by officials. Troops from the garrison had been sent south under Villa's command. So little is known what he intended to meet any attempt of rebel forces to advance on the border post. At the same time every precaution was being taken in Juarez, and the garrison was ready to put down any attempt at an uprising or an attack from without, military men declared.

Villa with 200 men, was at San Esteban, 20 miles east of Chihuahua City Monday and offered to join the rebelling forces preparing to attack the loyal troops in the state capital, if he would be permitted to execute his enemies, including those who had any part in the execution of General Felipe Angeles. Villa also specified that he was to have the privilege of executing General J.

Escobar, commander of the Juarez garrison, who played an important role in inflicting defeat on Villa forces in the battle of June, 1919.

This information was brought out by a courier from Villa, who requested that money be sent his family in San Antonio, Texas.

That General Ignacio Enriquez, candidate for governor of Chihuahua, was killed in the fighting of the city Tuesday, was a report received here this afternoon.

### POLES MAKE ADVANCE.

By the Associated Press.  
WARSAW, April 27.—Newspaper dispatches report that the Poles, who have been fighting the Bolsheviks, are crossing the Bug river, retreating in confusion, the dispatches say.

### How much should I give to make this a better world?

A CERTAIN man in New York filled out his income tax report.

It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148.

Think of it—thousands spent for luxuries and pleasure for himself; and \$148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

- less than we spend for daily papers
- less than a local telephone call
- less than a third of the day's car fare
- less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than \$20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole task, no business could have done it better.

They have budgeted their needs no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men or women who love America—to you—they are asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because you passed through?

## EDUCATION PLAN OF CHURCH DRIVE

Business Men Meet in Perrine to Plan  
Financial Campaign Money  
for Colleges.

During the financial drive of the Interchurch World Movement no difficulty has been experienced in getting subscriptions from the business men.

O. W. Lovell, last evening, Twin Falls made up to be \$10,000 over and above what the various denominations have given. Thirty-four denominations are said to be participating in the movement.

At the Perrine hotel, several business men congregated with Dr. Hurl, and made plans for the campaign to be carried on in the city.

A luncheon was served. All money taken throughout the country is to be divided pro rata for the different colleges as a humanitarian motive is the foremost feature of the present drive.

One of the men engaged in the campaign, Dr. George L. Johnson, of the Idaho Medical College, is trying to

remind us in the employ of the church to have to look out for the children.

The Barnet circuit is noted for its activity, but the board is not collecting data on such occasions. Mr. Jamison wrote the board a letter, quite round and regular, in which he proposed the query asking if returns were wanted on such officials. Almendro, the board strongly suspected that the clerk may have been actuated by a spirit of facetiousness.

In the air, in the rings, and the arenas, thrillers follow sensations; when the elephants pile up to the top of the tent, it seems as though the limit had been reached but to another section a troupe of lions, tigers, and bears in a half of trees.

The circus convention is as rapid as action at all times, so the eyes and ears must be constantly on the alert, for it is not too hard to make a mistake.

### WILL SEEK INCREASE

IN PACIFIC PAY

By the Associated Press.

SEATTLE, Wash., April 27.—The board of regents of Washington State college will seek with all available resources to increase compensation of faculty members of the institution, it is indicated in a letter sent the members of the faculty, the staff of the experimental station, the extension service and administrative employees, including some and considerable patterns will be required to work on the problem.

Alton M. Thompson, President of the board, who sent out the letter on behalf of the board, declares that if faculty members find they can better themselves, they will do so.

The letter continues: "The administration of the college will place no obstacle in the way of their doing."

"We fervently hope no one is desired who cannot render his best to the institution," he says.

### ELECTION SOON HAZARDOUS.

By the Associated Press.

HELENA, Mont., April 27.—Sitting in an election office, under certain circumstances, is a hazardous occupation, according to a letter from

in many of the counties the identical methods are in force and it is to avoid duplication, the workers are now switching to, if it is not, the rule. The rule of continuing until voluntary as it is the distinctive mark of the church, that nothing is forced.

Laymen will be appointed for carrying on the work of education in various districts, said Dr. Hurl, and students now in universities are being apparently trained. The plan to seat out so that all places will be covered, and the election officials are to be out of the way, are to be used to make sections established churches to be used as community houses. Moving picture apparatus will be installed and pictures shown that are of educational advantage.

Field directors from each state will be called to Cleveland, Ohio, to be present Monday, May 10, for the conference. During the session it is said that future plans will be worked out to make the interchurch work more inclusive.

Several of the churches throughout the country have installed moving picture machines and the government seems to be rapidly growing concerned over the educational value of work. It is said,

**PRICES AND STARS.**

At last prices have reached the stars! Astrologers find in the planets hope for the long-desired reduction of costs, and a tendency toward simplicity. The latest reading is directed particularly toward feminine frivolities, but there is more than an indicator that male and female both are to share in a chastened attitude toward wearing apparel and vain show. One horoscope says:

"During this planetary direction there should be an excess of simplicity and frankness. The stars supposed to influence the feminine mind toward truth are held to cause the expression of change in dress and habits. For this reason the end of the vogue for extravagant attire and cosmetics is believed to be near."

There are many indications which point toward the fact that the peak of extravagance has been passed. The attitude of the sales-person is a good sign. No longer is the humble seeker after a moderately-priced garment frozen by a look. Instead he is helped, encouraged, deferred to, and in some cases actually finds something to wear at something near what he can afford to pay.

And now that the stars are taking a hand, who shall doubt that the end is in sight—that men and women are turning to a saner frame of mind, and that presently the worker will spend his energies upon necessary commodities; the shopper his coin upon something that is worth his coin upon something that is worth the money?

There is an old saying, "The sky's the limit." If prices have reached the stars, they are just naturally bound to come down.

**BUSINESS METHODS FOR LABOR.**

The refusal of the railroad labor board to deal with the "outlaw" strikers, establishes a business-like policy in the government's attitude toward labor, and helps to make labor itself more business-like.

To deal with the strikers alone would not only have condoned their offense but would have invited chaos in labor relations, where order and system are needed most urgently than in any other department of American life.

The strikers were rebels against their own labor organization, disobeying the officers they themselves had chosen and ignoring contracts made by those officers in their name. They struck in disregard of public rights and national law. They ignored the orderly procedure by which it had been arranged that cases like theirs should be adjusted. Their strike was not a final, desperate effort, resorted to after all other means had failed. They had not even presented definite claims to their employers or the government. They struck first, in a spirit of blind discontent, and formulated their demands afterward.

No institution can get anywhere by that sort of procedure. Organized labor today must, above all things, become business-like. It has suffered much and failed much because of its failure, for various reasons, to live up to its contracts. In so doing, it has undermined its own cardinal principle of collective bargaining. Neither private employers nor government can make bargains with labor unions unless there is a reasonable assurance of the unions keeping their bargains.

To that end it is necessary that labor should have not only thorough organization but thorough discipline. The railroad

labor board therefore, in refusing to deal with a group of rebellious and contract-breaking employees, has performed a service for union labor.

**NUTS AS FOOD.**

Nuts are among the most valuable foods of man. Too often they are not given their proper place in the menu, but are added to an already too-rich meal, and thus acquire a bad reputation which they do not deserve.

Nuts are hearty food, and when eaten in any quantity should take the place of meat. Bread and butter, a handful of nut meats and a bit of green salad make a well-balanced, nourishing meal. Half the same quantity of nut meats on top of a turkey dinner may be the last straw under which the overworked system succumbs.

One of the great needs of the dietary is fat, of which many varieties of nuts supply in good measure. The German nation went to pieces at the end largely because it had not enough fats. Had they had the black walnut and butternut trees which America has ruthlessly destroyed in the last few years the result might have been different.

Nut trees are an excellent investment. The quicker growing kinds, if planted by the young man, should provide a neat little income for his old age. The slow growers will be a pleasure to his maturity, and a heritage for his children.

Why are we so unwilling to look ahead? "Who plants a tree plants hope." And who plants nut trees and tends them with any degree of fidelity, and good sense plants security. A few fruit and nut trees may not keep the wolf from the door—in fact, by themselves they will not—but they will add greatly to the comfort and pleasure of life in food, in beauty, and in satisfaction that one has done something that one has done something for the country's future.

**ARE YOU?**

Are you scolding about the high cost of food, and still too lazy to cultivate a garden in the back yard or around the corner?

Are you rowing about the price of new clothes when the ones you have would look all right and last for months with a little brushing, mending and pressing?

Are you spending money for trashy novels and poor magazines at the bookstore when the free public library which your taxes help to pay for is full of live, interesting literature to which you are a stranger?

Are you raising the daily howl over the cost of domestic service when one-quarter of the time and energy you spend at dancing, bridge and driving your car could obviate the need for any assistance except for the heaviest labor?

Are the meat bills a daily affront to you, while their sole items are porterhouse steaks, lamb chops and sweet-breads?

To sum it all up—are you really the innocent victim of the conscienceless profiteer, or the deliberate slave of your own weakness?

When it's all over, there ought to be a bonus of a medal or something for the faithful and long-suffering army of ultimate consumers and contributors, who have dutifully bought all the bonds and paid all the bills.

Many a digestive system that resisted successfully all the ravages of rum is put out of commission by soda fountain concoctions.

Economy parades may be all right; but true economy, like true piety, can be practised just as well in private.

Cyclones and tornadoes everywhere. This is the year of big winds, in meteorology as in politics.

May day this year isn't going to be a very good time for American reds to dance around May poles.

## CLAIMS CORNER ON SPOT NEWS PRINT

"Absurdly high prices are exacted by Smelters by two big publishers."

By the Associated Press.

WASHINGTON, April 28.—"Curdly high prices for news print" was thought in the spot market to be "caused" resulting naturally from the present shortage. George McAneny, president, manager of the New York Times, declared today before the Senate committee investigating the paper situation. The market price is twice or three times as much as that for paper bought under contract, he said.

Brokers and some manufacturers were blamed by Mr. McAneny for the high prices. "Overing a question to Senator Reed, senator, Missouri, as to whether they were profiteering, he said, 'they are selling the paper.'

Frank P. Glass of Birmingham, Ala., until recently president of the American Publishers' association, described spot market prices as "excessive" and without distinction big and little manufacturers added that the paper makers were making "big profits."

John C. Long, Boston, photographer, Providence, Pittsburgh, and Baltimore are scheduled to appear as witnesses at a committee hearing indicated today that the investigation would be directed at profiteering, manufacture costs, setting prices, paper composition and advertising. Among today's witnesses, Charles Lane of the New York Evening Post and Mr. McAneny suggested the best remedy for the spot market condition was to prohibit others to stop competitive bidding.

## CALIFORNIAN AVERS VOTING IS SUSPICIOUS

Continued From Page One

for Senator Hiram W. Johnson of California, announced tonight he was not willing to concede to Maj. Gen. Leonard Wood victory in the New Jersey preferential presidential primary. He added that even if Wood carried the state the margin would hardly be enough to insure him victory for Johnson.

"We entered New Jersey with no funds and virtually no organization to battle one of the strongest political organizations in the country, the New Jersey republican state organization."

he said. "Unless Wood wins by a large majority, it will be a sell, which were none of them. He declared that the Illinois expedition was typical of what might be expected under the height of nations."

### LOWDEN ATTACKS LEAGUE

THEIR HAUTE, Ind., April 28.—The league of nations without reservations would have created a superstate which would have overawed and overcome the American republic, Gov. E. O. Lowden of Illinois, candidate for the republican nomination for president, said tonight in an address.

The reservations "insisted upon by the senate were righteous and just," he said.

### WOOD HAS SLIGHT LEAD

NEWARK, N. J., April 28.—Revised returns in all but 84 districts in New Jersey, tabulated at midnight gave Maj. Gen. Leonard Wood a majority of 6,612 votes over Senator Hiram W. Johnson of California in the preferential presidential primary held yesterday. The vote was Johnson, 56,700; Wood, 54,102.

### HARDING IS VICTOR

COLUMBUS, April 28.—With 41 precincts out of a total of 5,882 in Ohio tabulated, results of voting in yesterday's presidential primary election in Ohio gave Senator Warren G. Harding a lead of 15,182 votes over Major General Wood. The vote stood Harding, 125,903; Wood, 109,517.

Henry M. Daugherty, Harding campaign manager has deferred

on the face of available returns, to

William S. Boyd, Cleveland attorney and Wood candidate, for delegate allocation to the Chicago convention.

Three Harding candidates for delegate-at-large apparently are elected. Returns tonight indicated 38 and possibly 31 of Ohio's 48 delegates to the republican national convention will be pledged to Senator Harding on that choice, while 7 and possibly 10 of the delegates will be pledged to Wood.

### WANTS DECENTRALIZATION

RICHMOND, Ind., April 28.—A plea for decentralization of the power system during the war, in an effort to win quickly and for an American apart from the League of Nations was made by Senator Hiram W. Johnson of California, candidate for the republican nomination for president in an address here tonight. The senator was three hours late in arriving.

President Johnson's speech

former Congressman Frederick Landis of Logansport, Ind., spoke for almost two hours. He was joined and many persons left the hall when he said:

"If General Wood and his campaign managers had gone to France they would have bought the German army."

Speaking of the losses of neutrals Senator Johnson declared that the American people must decide whether the American youth shall fight. Of Article X of the peace treaty he said that even the president admitted that under it American boys could be sent

abroad at Tanta, 54 miles northwest of Cairo, noted for its Mohammedan festivals, and fairs. Women entreated into a certain house on the pretext of getting a wealthy admirer had been robbed of their jewels and then kidnapped. Afterward their bodies were found, except for the heads, 29 of which were found in the house.

Associate Justice Clark in the Moore opinion were Justices Pitney, Day and McKenna.

Justice McKenna announced the majority opinion in the Moore case.

## Can You Answer Yes?

Alluring ways to become separated from our earnings confront us on every side. Compared with these the channels of profitable saving are relatively small.

Yet in the business of getting on in life saving is admittedly of far greater importance than earning or spending.

Do you save? Do you save haphazardly? Or do you save and bank consistently?

When you answer yes to the last query you can begin to expect big things of the future.

AUTOMOBILE BANDITS WREAK HAVOC IN MARYLAND

By the Associated Press.

MARYLAND, April 28.—The

so-called automobile bandits shot and killed Francis M. Belliveau, a director, manager and office boy at the post office depot into the vault, looted them in and carried off \$10,000 to the First National Bank of Sandy Spring, Maryland, of \$4,500, and escaped. Police are searching Howard and Montgomery counties tonight. One posse met the bandits about dusk, but after shots were exchanged the bandits were not again.

Five thousand dollars reward has been offered. The persons looked for in the vault were rescued 25 minutes later.

## AMUNDSEN STOPS TRIP TO THE POLE

Steamer *Maud*, bearing Capt. Bond, bound to mouth of Kolymsa River.

By the Associated Press.

WASHINGTON, April 28.—The Amundsen polar exploration party in the steamer *Maud* is becalmed at the mouth of the Kolymsa river, Siberia, and awaiting a change in the weather which was anticipated in radio messages made public today at the navy department. Amundsen, who directed the *Maud* to sail to the same point in 1911, reached the Arctic in May 1912, and reached 161° 7' S. to 165° 25' S., the southern limit of the ice pack, in September 1913, and had not since been heard from until the radio station at Cordova, Alaska, established communication with the party recently. The first message was picked up March 25 from the station on St. Paul island, it said.

"St. Paul reports s. n. s. from Resolute station at Amador stating Amundsen expected ice-bound in Kolymsa river and requesting we handle important dispatches."

Later radio messages were exchanged between Amundsen and his family in Norway, but no information regarding the location or the members of the expedition or the reason for closing back were given.

A dirigible team in answer to a message from the Cordova station asking for all available information said a messenger had started south and that Amundsen intended to take the steamer Victoria at Nome, Alaska, for Seattle but that the time would depend on the weather. STRIKE LEADERS CASE IS POSTPONED UNTIL MAY 5

By the Associated Press.

SALT LAKE CITY, Utah, April 28.—Although the hearing of the ten Salt Lake strike leaders scheduled for today has been postponed until May 5, testimony of five government witnesses from Idaho, including W. E. Morrison, department of justice agent in Boise, was read into the record before the trial starts.

CANADA WANTS MINISTER.

OTTAWA, April 28.—In answer to a question by Dr. H. S. Beland today, Sir George Foster informed the house of commons that negotiations had been completed with the Canadian government for the appointment of a Canadian minister to the dominion government, but that the government was not yet prepared to make any definite announcement.

## Build a Home For Your Car

The blueprints, specifications and list of building materials for the garage shown above will be supplied free of charge at the Boise Payette Lumber Company's yard.

The plan includes all the conveniences of the modern garage and is designed so as to make the most economical use of lumber and building materials.

SIZE 14x20

The floor space provided is ample for the largest cars with a generous allowance for work bench, tools stored, paraphernalia and unhampered accessibility.

It is permanently substantial, built on a concrete foundation and roofed with shingles. The windowed side door adds to the light and convenience of entrance.

This plan may be altered to conform to your desires. Let us discuss and decide with you on the best home for your car.

said late tonight, that telegrams from commanders of the troops mobilized at Ciudad Juarez for the Sonoran campaign, declared they intended to remain loyal to the government.

It is difficult to get the exact number of those offered assistance should Juarez need it.

AMERICANS ARE READY.

EL PASO, Tex., April 28.—American troops in El Paso tonight were ordered to be prepared for action in event a threatened uprising in Juarez endangers this city.

military police in the city have been issued rifles and ammunition and the city police have made arrangements to patrol a dead line in lower part of the city beyond which civilians will not be permitted to go in the direction of the Rio Grande.

REVOLT IS GROWING.

WASHINGTON, April 28.—Mexican rebels here today, both through American and rebel channels, continued to make a rapid spread of the revolution, and movement against the Carranza regime particularly in the eastern parts of Mexico City itself. Government officials here, however, said they saw nothing in these rather scattered incidents immediately critical of the situation faced by the federal authorities.

The best available information, it was added, indicated that the rival forces under arms were nearly equal in number.

News from southern part of Mexico confirmed reports that Carravaca Puebla and Cuauhtemoc had gathered

in some strength in the southern part

of the state of Mexico adjoining the federal district.

General Alvarado, representative of the Sonora government here, but who has returned to the border temporarily, has sent to Postmaster General Burleigh a suggestion for a reciprocal arrangement regarding the movement of mails to and from rebel territory.

Under recent rulings of the postmaster all mail directed to Mexicans in Sonora and Sinaloa must be passed through El Paso or some other government controlled port of entry.

REPORT IS UNCONFIRMED.

AGUA PRIETA, Sonora, April 28.—Reports of a rebel attack on Mazatlan through military headquarters here remained unconfirmed tonight.

General P. Elias Calles, commander in chief of the "Liberal" constitutional army in the northwest, in making this announcement, said he had been expecting an attack on the Carranza garrison at Mazatlan by troops under General Angel Flores for two days.

General Calles did announce today as confirmed the revolt of three Carranza leaders in Chihuahua who had approximately 4,000 men under their command.

The forces were at Chihuahua City, capital of the state, Jimenez and Partida.

REVOLT AT ARKANSAS CITY.

JULIAZIE, Mex., April 28.—Troops at Villa Cruz, commanded by General Alvaro Gonzalez, have revolted and taken possession of the post one of the most important in the nation, according to a report received here tonight.

By the Associated Press.

PHOENIX, April 27.—Gabriel of America's foreign office gave to the Associated Press today the text of a message to be dropped from airplanes on the next coming period of premiers. D'Annunzio planned to shower the San Remo conference but did not start soon enough. The message reads:

"The League of Flamen, a confederation of peoples oppressed and wronged by Anglo-Saxony hegemony; by the pseudo league of nations and by the peace conference, has been constituted."

Gabriele D'Annunzio, defender of Italy's eastward march, is its chief. He has already the adherence of Ireland, Egypt, India, Persia, Afghanistan, the whole of Islam and the oppressed peoples of the imperialistic Belgrade government, including the Croats, Montenegrins, Albanians, Bulgarians and Macedonians. These will find at Flamen the support they lack to organize a fight against their despots. The League will combat the government of Hungary, filled by eviles, which is the shame of Europe, and of Turkey, envied by rapacious merchants. In contrast to the pseudo league of nations, it will cause the rights of nationalities to prevail.

The peoples enslaved by the British empire and by the United States must be delivered. The German must be freed by hateful governments thirsty for revenge must be restored to their empires. The nations, allies built by the International bank over the bodies of 10,000,000 dead must be destroyed."

BORAH HEADS DELEGATION TO CHICAGO MEET

for the national convention and for governor.

Several white delegates left the original convention, and went with the negroes. Delegates in the rival convention claimed they would carry the fight to the popular national convention and that they wanted to nominate a friend of theirs as candidate for governor, who is J. H. Blount of Forest City, principal of a negro school at Helena.

The remaining delegates elected eight delegates at large to the national convention, each to have half-vote. The delegates were uninterested.

Charles Cole of Butteville, who was chairman of the original convention, was nominated for United States senator and Wallace Townsend of Little Rock was nominated for governor. H. L. Remond was targeted republican national committeeman.

The military police in the city have been issued rifles and ammunition and the city police have made arrangements to patrol a dead line in lower part of the city beyond which civilians will not be permitted to go in the direction of the Rio Grande.
