

CARRANZISTAS ARE DEFEATED IN SKIRMISH

First Struggle Takes Place on Sonora-Chihuahua Border, Is Report.

PRISONERS TELL OF MANY DESERTIONS

Bonillas and Gonzales May Withdraw From Presidential Race Is Report From Capital.

By the Associated Press.

AGUA PRIETA, Sonora, April 29.—Carranza troops and revolutionists had their first skirmish in the mountains dividing the states of Chihuahua and Sonora today. It was announced at military headquarters here tonight that advance detachments of the two forces clashed near Pulpito pass.

The Sonora troops captured 11 Carranzistas, it was stated. One man on each side was reported killed. Pulpito was in the morning through the mountains which it was expected Carranza troops being concentrated on the Chihuahua side would use in their efforts to enter and subdue Sonora. The pass is about 110 miles southeast of here.

General Calles reiterated his statement that approximately 4,000 troops at Chihuahua City, Parral and Jimenez, had joined the revolution.

Denial was made of the report from the Mexican consulate at El Paso that troops under General Jimenez had defeated the rebels in a fight at Nazacotal. There had been no battle in the state of Sonora since the revolution began, General Calles said. General Baramiezo was said to be living near the Sonora-Chihuahua boundary, but was without troops under his command, it was said.

The Sonora troops said to number 400, were led by Gen. J. M. Pina. The Carranzistas were from the Eighty-fifth Infantry regiment which had been stationed at Casas Grandes, Chihuahua. General Pina reported the prisoners offered to enlist in the Sonora army and told of many desertions occurring daily from the Carranza ranks.

The fight was said to have occurred at 4 p. m. today. Besides the prisoners a small amount of ammunition and supplies were captured by the Sonorans, who said they captured 36 horses and mules.

TWO MAY QUIT RACE. MEXICO CITY, April 29.—Public expectation was aroused today as a result of the publication of reports that Eugenio Bonillas, former Mexican ambassador to the United States, and Pablo Gonzalez, had decided to announce their withdrawal as presidential candidates.

OF NO IMPORTANCE. JUAQUEZ, April 29.—Gen. J. G. Escobar, commander of the Juarez district, announced that he had been elected to the office of governor.

BRYAN SAYS DEMOCRATS MUST ACCEPT RESERVATIONS

PITTSBURGH, Pa., April 29.—William J. Bryan, in a statement issued here tonight, declared that the recent primaries were a warning that democratic senators should lose no time in voting for the ratification of the peace treaty. "Delay in ratification may delay the world in blood," he said. "The recent primaries were a warning. In Georgia, less than one-third of the democrats stood for the treaty without reservations. Two-thirds were divided about equally between ratification and rejection of the treaty. In Nebraska, Senator Hitchcock's vote would not have been worth counting had he been compelled to rely on those who endorsed his attitude on the treaty. My fight was made on a platform...

CHAOS RULES FEDERAL FARM LOAN BANKING

By the Associated Press. WASHINGTON, April 29.—Commissioner Lobdell of the farm loan board today called the presidents of 20 farm loan banks in Washington for a conference Monday to discuss the situation growing out of the action of the supreme court in ordering a rehearing of the suit to test the constitutionality of the farm loan act.

"Present indications are that a decision will not be forthcoming before fall. The board suspended making loans two months ago and now as a result of the postponement by the court, faces an entire summer of inactivity."

Mr. Lobdell said that applications aggregating fifty million dollars are on file with the 12 banks. This sum represents applications from more than 20,000 farmers, most of whom were said to have been depending on the farm loan banks for financial aid in producing this year's crops.

UPWARD TREND IN PRICES NOTED THROUGHOUT LAND

By the Associated Press. WASHINGTON, April 29.—Reports from federal reserve agents throughout the country showed a marked tendency of prices to assume their upward movement, the federal reserve board reported tonight in its summary of business conditions for April. The board noted the hopeful signs from the consumer's viewpoint, of "anxiety concerning the overstrained situation resulting from excessively high prices and wages," which it believed forecast a slowing down in the skyrocketing of prices.

CRIPPLED LAD WRITES BEST ESSAY ON ARMY

CHICAGO, April 29.—Jimmy O'Malley, aged 16, able to move only one finger and his head, because of paralysis, today received the department's silver cup for writing the best essay on "what the army has to offer a young man."

INSURE AGAINST PROHIBITION

Insurance is the term which has been applied to a rate of 10 shillings per 100 pounds sterling now being offered in the London market to cover the risk of the passing of an act of parliament within 12 months prohibiting the sale of alcoholic liquors in England.

INSURE AGAINST PROHIBITION

form declining for ratification with reservations already agreed upon by a large majority of the senate. Senator Johnson's vote is largely a protest against the treaty and against the blundering of the senators who talk for the treaty but quarrel over reservations. "A campaign in favor of ratification without reservations would result in overwhelming defeat, but what is infinitely worse it would prevent the consideration of resolving domestic problems and leave the world to chaos. Our counsel and advice today may contribute more to world peace than an army of a million men. I am sure that you will not let our party refuse to aid ratification now it must share, even if it does not fully assume responsibility for what follows."

EUROPE'S WOUNDS ARE BEING HEALED—GEORGE

By the Associated Press. LONDON, April 29.—The gaping wounds of Europe are gradually healing and San Remo conference working a distinct step in its convalescence, said Premier Lloyd George, in closing his speech in the house of commons today, detailing the results of what he described as "the most successful conference in every respect held since the armistice."

The premier's statement was most optimistic, setting forth the claim that the conference had removed all major obstacles between France and Ireland and that the allies were in complete agreement not only to enforce the treaty, especially the disarmament clauses, but against any French annexation of German territory.

PALMER SAYS REDS TO RISE ON MAY DAY

Attorney General Claims to Have Evidence of Contemplated Action.

ARE WORKING WITH RADICALS OF EUROPE

Railroads and Express Companies Are Used to Transport Propaganda About the Nation.

By the Associated Press.

WASHINGTON, April 29.—Plans against the lives of war, a score of federal and state officials have been discovered by the department of justice as part of radical May day demonstrations, Attorney General Palmer announced tonight.

Plan Many Walkouts

As in Europe, attempts are being made to incite strikes in all basic American industries, Mr. Palmer said, although he did not believe they would be successful.

All of the propaganda, advocating May day, the attorney general said, "human treatment" of the soviet government of Russia by the United States and the allied powers, Mr. Palmer continued. In foreign sections of industrial centers, appeals for "peace with Russia" have been employed as the main theme in stirring up dissatisfaction with this government, Mr. Palmer said.

Tens of inflammatory literature have been circulated in the last month across the country, and secretly distributed by local leaders, according to information obtained by department agents and it was through their activities that the government was first able to establish definitely the aims of the program for May day disturbances. Men and women have been used particularly in the textile manufacturing districts.

BILL MINNICK AROUSES IRE OF BERKELEY PRUNE PICKERS

Bill Minnick, our own Bill Minnick, says and I speak of our city administration, chief of justice in our police-court and of injustice in use of patronage; Bill, the billow; hollow, believable Bill, has drawn down upon him the wrath of Berkeley and the suspicion of the journalistic eye-thinkers of that sort of education, soda fountain and Chinese laundries. Bill suspected that Berkeley has trouble keeping her streets free from snow, and Bill asked the city clerk of Berkeley to advise the city council of Twin Falls what methods were employed to raise the money for this work.

In the Berkeley Gazette, James H. Hays, in an article of the fact that the house of perpetual spring fever is not together with snow and calls Bill "an innocent customer," which shows a wondrous ignorance of our Bill. Says the Gazette: "Alvay G. Briggs is always obliging, especially in Bill, but the wails of brother city clerk of eastern cities who are constantly writing to Berkeley for plans on Berkeley's system of

government, copies of ordinances which are in 1920, and the stick today when he received a letter from City Clerk W. A. Minnick, of Twin Falls, Idaho, requesting a copy of Berkeley's snow ordinance.

"We intend to do nothing about the line of removing snow in your city," wrote the innocent customer, who probably thought that California's sunshine had melted at the Berkeley, where the Los Angeles agents leave off. "Do you remove the snow and assess the property owners?" he queried further.

Briggs, who admits he is an authority on local weather, says that the city of Berkeley, outside of the motion pictures occurred some nine years ago when Grizzly Peak got a slight white drab lasting a few hours. Berkeley's city clerk is even willing to wager a copy of the proposed zoning ordinance against a new edition of the book that there isn't such a thing as a snow shovel in Berkeley.

Homer Hamseyer, tenant farmer at the Mosley place in Piler, was arraigned in the probate court yesterday afternoon on a charge of assault. He was held under \$1,000 bail. BROOKLYN, April 29.—Brooklyn made it two out of three from New York by winning today 3 to 0. Two hits and a base on balls off Tony, a double by Fletcher and a snuff by Doyle, all with two out, gave Brook three runs in the first. After that and Mitchell had a scoreless "duel." Hubbell followed in the seventh and allowed one run.

Brooklyn 3 2 0
Batteries: Toney, Hubbell and Snyder; Mitchell and Krueger.

PHILIES 1; BRAVES 0.
BOSTON, April 29.—Monday, had the honor of Philadelphia's defeat today. In the seventh, J. Miller singled, stole a second, went to third on Piantoni's sacrifice hit and scored when O'Neill dropped Maransville's perfect throw to the plate in H. Miller's grounds.

PITTSBURGH, April 29.—Cincinnati defeated Pittsburgh today 8 to 2. Bang kept the fire of the home team well scattered, while the visitors hit Carlson and Hamilton freely. After Carlson had filled the bases in the third, with two out, he was displaced by Hamilton, who walked the next batter, forcing in one run. He was hit hard in every inning thereafter until he fell by the pitcher.

PITTSBURGH, April 29.—Chicago's contract of attack today, including home runs by Ponder and Robertson, and easily defeated St. Louis 6 to 2. Vaughn pitched a fine game until the latter part when his wildness, coupled with errors by Herzog and some over-throwing hitting, netted the visitors their runs.

Myers pitched well for Cleveland, the poor work of Submittie Nummacker on first, resulting in all except one of Chicago's runs.

SENATORS 2; YANKEES 1.
NEW YORK, April 29.—Washington got an even break with the New York Yankees by winning the last game of the series today, 2 to 1. Johnson outpitched Jack Quinn, though it took a great catch by Milan to save Johnson in the ninth. A home run by French proved to be Washington's winning run. In the fifth, in trying to throw out Dode at first third baseman, Shannon, hit Johnson on the head with the ball, knocking him unconscious, but the other game went on.

ST. LOUIS 2; TIGERS 0.
ST. LOUIS, April 29.—St. Louis made a clean sweep of the series with Detroit, winning today's game by 2 to 0. It was the second consecutive shutout administered to Detroit and the 11th straight game the Tigers lost.

BOSTON 7; ATHLETICS 1.
PHILADELPHIA, April 29.—Boston needed only four hits to defeat Philadelphia in the final game of the series today, 7 to 1. Grain

CHICAGO, April 29.—Closing down of some Chicago grain elevators together with disquiet regarding the financial situation led to weakness today in the grain market. Prices generally unsettled, 3-4c to 3 1/2c net lower, May 1924-1925 to 1924-1925 and July 1924 to 1925. Oats finished at 7-8c. The wheat market is distinctly less satisfactory and that other industries would be forced to quit. Cautiousness of banks in making loans was also down, as well as the heaviness of stock market quotations. Numerous railroads were out, but some of an impressive character or apparently associated with anything beyond transient pit conditions.

Oats were weak with corn except that, related covering by unlicensed shorts limited the May option somewhat sharply. Oats available for immediate use here commanded \$1.10 a bushel, the highest price on record.

Proteins averaged lower in the absence of demand for meats.

FRECKLES

March Worst Month for This Trouble How to Remove Easily.

There's a reason why nearly everybody has freckles in March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get an ounce of Othine, double strength, from your druggist and apply a little of it night and morning, and in a few days you will see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if Othine fails.—Adv.

SPLENDID VOCATIONAL EXHIBIT IS MADE

Sale of Quilt to Benefit Funds to Purchase Chair for Cripple.

From a quilt made in the new building school yesterday during the vocational exhibit, the first object witnessed was a large patchwork quilt made by the girls of the first and White class of 1924. Pinned in the center was a note which read that the proceeds from its sale were to be donated for a cripple's chair. One of the handicrafts of the exhibit was the students work of the manual training department accomplished under the supervision of Instructor Donald Fisher.

Practical work has been attempted in the normal walking department this year for an excellent. The girls of the four classes, freshmen, two classes advanced freshmen and advanced sophomores, has not been devoted to make work as during the semester the classes are required to construct and finish a garment. What mistakes are made in one period the students remedy at the next semester. Numerous artistic designs are on the go, including several mechanical drawings consisting of abstract architectural and machine plans. A small model doll house is one of the exhibits which seemed to appeal to the females. It is a modern electric room having electric light.

Other work of the manual training department on display are: three tables, two dictionary stands, etc., tables for the different grades, and an

office desk. The classes made in various parts of the city this year to date two barages, two watering troughs, four bulletin boards, bleacher seats for gymnasium and five tables for the physics department.

The mathematics room had sheets of applied geometry during in line, surrounding the walls and in the double entrance room. A table covered with hanging dainties assailed ones' gazes; some upon the entrance. Across the hall in the bowling room a marvellous collection of contemporary dishes together with three graduation exercises were arranged on tables and stools.
