

REBELS CLAIM CHIHUAHUA IS THEIR CITY

Calles-Huerta Forces Say the Carranzistas Are Deposed From the Capital.

AGUA PRIETA CITIZENS CELEBRATE VICTORY

Washington Permits Americans to Pay Taxes to the Sonora Government; Watch Vera Cruz.

By the Associated Press. AGUA PRIETA, April 30.—Chihuahua City, capital of the state of the same name is definitely in the hands of the revolutionists, it was announced by General P. Elias Calles here tonight. Chihuahua City is one of the largest cities in northern Mexico. It has a population of approximately 40,000.

General Ignacio Enriquez, candidate for governor of Chihuahua, according to General Calles, was at Santa Ysabel with 4,500 state militia marching toward Chihuahua to reinforce General Eugenio Martinez and Colonel Francisco del Arco, former federal commanders who deserted with their troops.

Telegraph is Established. Telegraph communication was established between Chihuahua City, Santa Ysabel, Hermosillo, capital of Sonora, and military headquarters here shortly before 7 o'clock tonight. General Calles said he was in direct communication with General Enriquez.

The revolutionists control virtually all northwest Chihuahua. It was said, with the exception of Juarez, opposite El Paso, and Casa Grande, near the Sonora border.

Rebels May Revolt. The rebels on the verge of joining the revolt, according to claims of military leaders here and its fall was expected within 24 hours. At Casa Grande, Carranzista troops have been concentrating for three weeks for an attempt to invade Sonora and wrest the state from the revolutionary leaders.

The revolutionists claim they have between 6,000 and 7,000 troops under their command in Chihuahua. These include infantry, cavalry, and "elite" forces, "elite" or home guards.

Telegraphic communication with Chihuahua was perfected tonight between the governor's palace at Hermosillo, Sonora, and the governor's palace at Chihuahua City, in which the rebels have established their headquarters. The telegraph line was operating from Chihuahua City to Minaca, Chihuahua, on the Kansas City and Orient railroad, thence to La Junta, Sonora; Alamos, Sonora and Hermosillo. Communication there was established to the headquarters of General Calles here through Nogales.

Citizens Hear News. When news of the Chihuahua victory was known bugles and bands paraded the streets here and others called the citizens and soldiers to general military headquarters. The message from Chihuahua was read to them by Luis Leon, private secretary to General Calles. He was often interrupted by cheers. General Calles issued a statement which said in part:

"The revolution is sweeping forward beyond all expectations. In less than 90 days Carranzas will be deposed. Justice once more will prevail then in Mexico. The Carranzista forces are revolting so rapidly there is no fighting. This shows the strength and justice of our movement."

General Villaret, former governor of Nuevo Leon, and who was president of the Agua Calientes convention that led the rebellion of Carranza as president of Mexico, was here today to confer with Calles on the political situation. Villaret declared to be one of the strongest men in Mexico, said he was throwing his entire support to the revolution.

THE MAY QUEEN

AMUNDSEN WILL NOT ABANDON EXPEDITION

By the Associated Press. LONDON, May 1.—Rolf Amundsen, Norwegian Arctic explorer, has not abandoned his expedition, but after his impending visit to Nome, Alaska, he intends to enter the ice pack around Wrangell Island, of the northern coast of eastern Siberia, and thence drift across the polar sea, says a dispatch to the London Times from Christiania.

A wireless dispatch received at Nome, Alaska, the night of April 22 from Amundsen, Siberia, a trading post on Behring sea, said Amundsen had arrived there. An American navy wireless dispatch received at Corvallis, Alaska, also reported the arrival of Amundsen from his ship the "Maud," which was said to be ferried near the mouth of the Kolyma river.

A message dated from the Maud somewhere in the Arctic, the first received from the explorer since he began his tour of exploration, begins with the departure of the Maud from the vicinity of Cape Chelyusky, says the London Times. It came by Amundsen and Nome. The message was undated, but probably was written about Christmas time.

"MISS MIAMI" TIME FAST.

By the Associated Press. NEW YORK, April 30.—An air flight from Miami, Florida, to New York with one stop, in 15 hours and 25 minutes, flying time, was made today by the passenger airplane "Miss Miami" piloted by Harry Rogers. The journey of nearly 1500 miles along the coastline was interrupted at Morehead, City, N. C., where a stop was made for fuel.

INCREASE RE-DISCOUNT RATE

CHICAGO, April 30.—The Chicago federal reserve bank today announced an increase in the re-discount rate on paper secured by Liberty bonds of Victory notes from 5-1/2 to 6 per cent, effective Saturday.

BITTER ATTACK IS MADE UPON POST

Nullifies Efforts of Senate Department Claims of Members of Committee.

WASHINGTON, April 30.—Administration by Louis F. Post, assistant secretary of labor, of radical deportation cases was attacked and defended today before the house rules committee, which is investigating Mr. Post's official conduct. Members of the immigration committee, headed by Chairman Johnson, declared they had evidence that government efforts to break up "the most damnable conspiracy in the nation's history" was practically nullified through release by the department of labor, largely at the instance of Mr. Post, of most of the 6000 communists arrested in the nationwide raids.

The course of the department of labor, including that of the assistant secretary, was decried by Jackson H. Hinton, counsel for Mr. Post, who declared the only criticism that could be directed against his administration was that he had "overseen humanely" and had protected on the theory that only in the most exceptional cases should a man be torn from his family and sent from the country. Mr. Hinton attacked the department of justice, asserting its agents had used methods in dealing with the alleged radicals that were not countenanced even in Russia where the earliest regime was at the height of its power.

Representative Sigel, of New York, republican member of the immigration committee, declared that secrecy maintained by the department of labor in deportation proceedings was without precedent and without authority.

DIFFERENTIAL, Scotland, April 30.—The Scottish trades union congress has passed a resolution in favor of liquor prohibition.

JOHNSON STARTS HIS CONTEST IN JERSEY

By the Associated Press. NEWARK, N. J., April 30.—Harry Kalich, attorney for Senator Johnson tonight made application to Chief Justice Gummere of the New Jersey supreme court for a recount of the ballots in Tuesday's primary in Essex, Camden, Gloucester and Cape May counties. Justice Gummere will announce his decision on the application tomorrow.

The papers state that the petitioner, Senator Johnson, has reason to believe there were errors by the various election boards in several of the counties in receiving and rejecting votes and in counting votes, to an extent sufficient to change the result of the election.

WOOD TO HAVE 16.

NEWARK, N. J., April 30.—More complete returns received tonight from Tuesday's primary election in New Jersey apparently served to confirm indications that Maj. Gen. Leonard Wood would command 16 of the state's 28 delegates to the republican convention in Chicago, unless revised official figures or a recount should upset present totals.

Complete returns for the preferential presidential contest gave Wood a lead of 1,092 over Senator William W. Johnson of California. The vote was: Wood 52,437, and Johnson 51,465.

It previously had been reported that the complete count showed a margin of 1,207 for Wood, but corrected returns for Camden county showed a gain for Johnson of 111 votes and a loss for Wood of 4.

FIRE FATAL TO TWO.

By the Associated Press. MITCHELL, Neb., April 30.—Everett Morgan and Ole Marsh lost their lives in a fire which early this morning burned the rooming house in which they were sleeping. The fire is supposed to have been caused by the upsetting of a lamp.

PENROSE WANTS KNOX TO ENTER THE RACE

By the Associated Press. PHILADELPHIA, April 30.—United States Senator Louis Penrose told callers today that United States Senator P. C. Knox is the "best equipped" to be the next presidential candidate of the republican party. Senator Penrose is convalescing at his home here after a long illness.

Governor Spruill, who was expected to be the first presidential choice of the Pennsylvania republican organization, made a statement to the effect that he agreed with Senator Penrose. The governor said the friendship between Senator Knox and Senator Johnson, of California, has aided in turning attention to Senator Knox's candidacy.

"Close observers," said Governor Spruill, "are of the opinion that much of the unexpected strength shown by Senator Johnson is due to his stand on the league of nations and the peace treaty. Senator Knox represents the same point of view and I agreed with Senator Penrose that he is probably our best equipped international statesman and ranks with Senator Lodge in his position in the senate."

PLAN TO REOPEN THE WORLD WHEAT MARKET

By the Associated Press. NEW YORK, April 30.—A national conference to discuss methods for re-establishing a free and open market for wheat through the grain exchanges of the country upon the termination of the authority of the United States grain corporation, June 1, will be held in Chicago May 7, 8 and 9. The United States wheat director, announced today. Representatives of wheat and flour trade organizations and newspapers are requested to attend the meeting in a letter sent out by Mr. Barnes.

"Problems of great national importance make such a meeting imperative in the public interest at the earliest possible moment," Mr. Barnes declared. "The problems, he said are the present level of wheat prices and the apparent reluctance of the exchanges to return to the pre-war conditions of open trading and re-establish the heading facilities which have been suspended during three years of government wheat control."

WOOTTON ACQUITTED OF KIDNAPPING CHARGE

TOMBSTONE, Ariz., April 30.—J. E. Wootton, charged with kidnapping in connection with the Blaine deportation, was acquitted by a jury here today. Wootton was arrested July 12, 1917, following the murder of a federal agent.

The jury brought in its verdict at 1:25 o'clock. The jury retired for its deliberations at 12:12 o'clock this afternoon. Shortly after its return from supper, it was announced that a verdict had been reached. Only one ballot was taken.

Judge Patton asked counsel for the state if there were any other charges against Wootton, and a negative reply was given. Thereupon the court ordered that the defendant be exonerated and discharged, and an adjournment was taken.

CANADIAN DIPLOMAT ATTER UP TO WILSON

WASHINGTON, April 30.—Plans for the full diplomatic representation of Canada in Washington are now before President Wilson and until he has acted on them it is not expected that any formal steps will be taken at Ottawa to forward the project.

MORGAN BUYS CANADIAN BONDS

WINDHILL, April 30.—Sale of \$2,550,000 provincial bonds to J. P. Morgan and company of New York was announced here today. This issue, for five years at 6 per cent, will be used to pay for the capital expenses voted at the last session of the legislature. The purchase was made in American funds, but the actual price paid could not be ascertained.

GOVERNMENT READY FOR A RED OUTBREAK

Department of Justice Now Believes There Is Little Danger of Trouble.

ASSASSINATION PLOT HAS BEEN BLOCKED

Socialist Leader Says Palmer Statement "Child of Own Brain"—Denounces It as Anarchistic.

By the Associated Press. HARTFORD, Conn., May 1.—Colonel Charles W. Burpee of the first state guard regiment here at 1:10 a. m. this morning called his staff out.

It was given out officially by Colonel Burpee that the call was sent to all officers and men of the state guard as the result of a telephone tip that the capital building, the state armory and the first Hartford bridge were to be blown up before dawn. Within half an hour about 75 men had responded, cordons were thrown around the capital and the state armory, and a detail was on its way to the bridge. From all points in the city additional guardmen were hurrying to the armory.

WASHINGTON, April 30.—After checking over confidential reports from all parts of the country government officials expressed confidence tonight that threatened May demonstrations by radicals would not result in any nationwide attempt at violence.

While talking to the situation the department of justice renewed its warning to local authorities everywhere that if the radical elements were to be kept under control, every law enforcement agency, state or local, must be awake and equal to the dangers, real and fanciful.

Violence to Be Sporadic. Assistant Attorney General Garvin, who directed talks on communist and communist labor activities in January, declared as he went home for the night that his reports indicated that whatever violence might occur would be sporadic.

Most of these reports showed that the radicals were preparing signs and propaganda demonstrations but meetings are scheduled in many places and it is not these that trouble might develop, according to Mr. Garvin. The department has said it will allow "those gatherings to talk themselves blue," but government agents would observe the line of agitation. Agents have been instructed "not to incite or excite trouble in any such assembly."

It was disclosed by Mr. Garvin that several members of federal, three federal judges and an attorney recently active in investigating radical disturbances had been marked for assassination. With the early disclosure of the plots, however, Mr. Garvin believed the officials against whose lives the plots were directed now are well protected.

Will Make It Holaday. Appeals of the communist labor leaders for May day strikes appear not to have met with a kindly reception, although there were threats of strikes in some sections. Thousands of workers may lay down their tools tomorrow, but Mr. Garvin believed this would be more in the nature of a declaration of a holiday than with a malicious intent to cause a great interruption to industry.

Timber workers in Wisconsin and in Washington may remain away from work, according to reports. Federal agents advised, however, that their latest information disproved claims of direct collusion between those workers and the radical leaders.

CLOTHES TO STRIKE. CHICAGO, April 30.—Federal, state and city forces tonight were prepared to combat any overt act that might arise out of the "vigorous demonstrations planned" tomorrow in celebration of May day.

Sixty more suspects were rounded

## MORE REPUBLICANS REBEL AT SALE TAX

Opposition to Proposed Means of  
Raising Funds Is  
Growing.

By the Associated Press.  
WASHINGTON, April 29.—Opposition among house republicans to a sale tax for raising part of the \$1,000,000 needed for soldier relief legislation, led today to an open break at the final meeting of the republican members of the ways and means committee, called to complete the draft of the measure.

Representative Yancy, North Dakota, and Frear, Wisconsin, bolted and joined in conference with republican insurgents to lay plans for opposition fight at their party caucus tomorrow night. Their withdrawal from the ways and means committee conference left the republicans with a minority of but one in the full committee, if the bolting members vote with the democrats.

Republican committee finally completed the committee draft of the relief bill today making few changes in the general scheme. In adopting the sales tax of one per cent on gross monthly business, the republicans decided this levy would not apply unless the aggregate sum exceeded \$1,000, instead of the previously adopted limit of \$500. Other forms of taxation approved by the republicans include a tax on all stock exchange transactions, and increased taxes on incomes, tobacco and real estate sales.

Taxes, it was decided today, would be effective next Jan. 1, with the cash bonus payments to be again in installments, beginning April 1, 1921. For the other forms of relief, including land settlement, home purchases, vocational training and gold-ship bonuses, the republican committee decided to appropriate \$25,000,000 to be available for carrying out these plans when the bill is approved by the president.

The sales tax, the republican committee also decided, should apply to hotels and restaurants, but by increasing the exemption limit to \$1,000 a month, they pointed out that only the big eateries would be subject to this levy.

## TUBERCULAR CATTLE ARE SCARCER IN THIS STATE

Deputy state veterinarian, A. R. Kettler, arrived in Twin Falls yesterday noon and resumed duties at his office in the bureau of animal husbandry. While he was in St. Anthony several head of cattle were tested for the state industrial school. At Preston, Veterinary Kettler examined about 30 head for tuberculosis. All results obtained were said to be negative. The disease is contagious, said the veterinarian. In comparison with cattle throughout the entire country, all tests show that pure cattle in this state far exceed those in others.

Since being connected with the local office, Mr. Kettler has found eight head of tubercular cattle, he said.

## BOUND OVER TO DISTRICT COURT; TRY JUVENILE CASES

After pleading guilty in the public court yesterday afternoon, Green Sheppard, the self-confessed burglar of the Toggery, was bound over to the district court by Judge O. P. Duvall.

Juvenile cases will be heard this morning at the probate court. One of the first will be Edward Henstock of Hollister, charged with stealing two band instruments from pupils at the high school. Henstock was assistant janitor and was arrested in the basement of the school after a warrant had been sworn out. A complaint was sent to the sheriff's office that he had attempted to dispose of the articles to a local music player.

# SCIENTISTS DECLARE FOR ORIGINAL PLAN

Majority Report Asserts Conditions Are Both "Encouraging and Constructive."

By the Associated Press.  
NEW YORK, April 29.—Supporting the manual of the mother church and the Christian Science organization as projected by Mary Baker Eddy, the church committee on general affairs after five months' investigation of the denomination's affairs in Boston, made public majority and minority reports here today. The findings aggregate 18,600 words and are said to be "encouraging and constructive."

Among the majority recommendations are: That no member of the mother church shall receive for official services in excess of an aggregate of \$10,000 a year; that it be "stronger and more open relationship between officials and members," that officials of the mother church should discontinue class teaching during their term of office, that "as soon as present conditions will permit, rotation in office and equality of the sexes where permissible, be applied to all the official positions of the mother church."

The last named recommendation would apply to the directors, the period of service in a particular office would be limited to five years and the totality of official service not to exceed 10 years.

"The minority report differs from the majority report primarily on account of the opposition of Edward J. Lacey, secretary, to the findings made public to the membership instead of only to the board of directors."

"Both majority and minority reports sustain the manual and the recommendations are said to be in conformity with the manual."

The report supports the authority of the board of directors as projected by the manual, declaring that the latter provides sufficient checks to prevent abuse of that authority.

"Each member of the church," it says, "is intended to be self-governed, and is subject to discipline only so far as he shall depart from the tenets and be found having the name without the life of a Christian Scientist."

The committee declares that on no subject of the inquiry, was there a stronger or more generally expressed feeling than on the importance of a closer relation between the governing officials and the members of the church.

Investigation of the Christian Science Publishing society, the trustees of which for more than a year have been in litigation with the board of directors, the committee states, was rendered impossible because of a request on the part of the trustees that the "proposed examination and report be deferred until the pending controversy has been disposed of."

The majority report said that "the granting of very high salaries to the chiefs of the churches has been a matter of considerable adverse comment in the field and it believes that there is some justification therefore. According to the payroll 11 of the officials are receiving a total of \$36,400 a year inclusive of \$21,190 paid to four directors as trustees under the will of Mrs. Eddy."

Commenting on this, the committee says:

"There appears to be a great disproportion in the remuneration for service in favor of the high officials of the mother church as compared with those who do the routine work, such as stenographers, clerks and assistants many of whom receive less than \$1200 a year."

Regarding the church movement, the committee recommended to the directors that it has been a "syndicate of members of the mother church to be cleared from and by various parts of the Christian Science field, in a manner to be designated by the board of directors; this syndicate to be representative of the field and to act as a channel of communication between the field and the church and other departments of the church, the members of the syndicate to be subject to rotation in office."

It further recommended that the activities of the church be grouped

into departments, each department to be presided over by a committee of three, the chairman of which shall be a member of the board of directors; the committee to have no executive authority but to collect information, initiative proposals, make recommendations and under the direction of the board of directors to supervise the administration of their respective departments."

Mr. Norwood dissented from the incorporation in the report of the plan providing for a syndicate.

## DELEGATES MUST WEAR

CANON NATIONAL CONVENTION

SPOKANE, Wash., April 29.—Percentage of union made and labelled wearing apparel will determine acceptance of delegates elected by unions of this city to the central labor council, according to a plan adopted by the council and referred to the local unions for their approval.

Under the proposed plan, delegates would be subjected to examination by a committee of the council when they presented themselves for membership.

Unless at least 60 per cent of their garments have union label, they would be denied a seat.

Women delegates would be excepted.

## DENIES ALLEGED CONFESSION

PONTIAC, Mich., April 29.—Amos West this morning in the presence of his attorney, Prosecutor Glenn C. Gillette, and a number of newspaper men repudiated the confession the prosecution declares he made in the Vera Schneider murder case.

The prisoner maintained that his first story told when he was stopped at the scene of the murder, in the truth, and that his admissions made, according to the prosecutor in the presence of several officers yesterday, were false and due to his fear of officers and fatigue from questioning.

FRENCH PASS TAX BILL.

PARIS, April 29.—The new tax bill which has been debated in the chamber of deputies for the past week, was passed tonight, the vote being 535 to 69.

# CHAMBER OF COMMERCE OPPOSES CASH BONUS

By the Associated Press.

ATLANTIC CITY, N. J., April 29.—The chamber of commerce of the United States at the closing session of its eighth annual convention here tonight, voted in record favor of a "constructive Americanism," urged that a treaty of peace "should be placed in effect without further delay" and adopted a resolution opposing a cash bonus for soldiers but favoring immediate provision for disabled or sick soldiers or their dependents.

The opposition to a cash bonus for soldiers originally had been drafted and approved and the resolutions committee in more comprehensive form, calling attention to the alleged danger of certain classes of labor "abandoning work if granted a cash bonus, thus disorganizing industry, causing further increases in prices of necessities and resulting in decreased production."

Announcement that the resolution had been prepared caused Franklin D. Roosevelt, commander of the American Legion, to request a hearing before the committee. He conferred with the committee today, after which it was reported the resolution had been modified.

SUFFRAGE COSTS HEAVY.

WASHINGTON, April 29.—The campaign for ratification of the federal suffrage amendment has cost the national women's party \$25,559.14, headquarters announced today. Most of the contributions came in small amounts from individuals, women, the record sum for any one month being \$18,362 in March 1920.

## OUR OWN LUXURIES.

Cleopatra may have dined on tongue of humming birds. She may have dissolved a pearl for drink. But nothing equals for quality and delicacy what may be purchased in almost any market in the United States, and which the Twin Falls tract produces of like character.

Consider the impression, if one knew nothing about honey, and for the first time heard it described. The nectar of flowers sweetness gathered in infinitesimal portions from myriad blossoms until there is enough to fill a spoon, or spread on bread.

A dish of humming bird tongues is a crude, unimaginative dish compared to that. More costly? Yes. But cost never was a true test of value. In this, as in many other instances, the finest thing is relatively cheap. The world provides no more fanciful dainty than that which is gathered for anyone who keeps a hive of bees.

Lucullus, Roman consul, is said to have brought fruits to his table from great distances. He is said to have introduced the cherry tree into Europe.

But no fruit he could obtain equalled the fruit which modern horticulture has developed. All his wealth and power could not get him such an apple as can be found in any Twin Falls county orchard.

## MIGRATORY BIRD LAW VALID.

A great many persons will rejoice over the fact that the supreme court has upheld the migratory bird law in a recent decision. This federal law and the treaty between the United States and Canada protecting migratory birds were challenged by the state of Missouri as unconstitutional and interfering with the state's sovereignty and with individual property rights.

The supreme court held that the protection of migratory birds is a matter of national interest and that none of the birds lived permanently in any one state. The destruction of these birds would soon result in increased destruction of the food crops, trees and plant life of the whole country, for the birds more than pay their own board and lodging by devouring the insect pests harmful to plants.

The treaty specifies certain closed seasons and other forms of protection for these wandering creatures of the air. Killing, capturing or selling any of the birds is prohibited, except where government regulations raise the ban.

It would be a comparatively simple matter to reduce the number of these migratory birds if a time ever came when there were too many of them. It would be impossible, however, to restore any species which had been wiped out by indifferent and ruthless sportsmen, hunting for the mere sake of bagging game.

## REASONS FOR HISTORY.

"If we provide generous salaries for the playactors who minister only to the amusement of the public, and take pains to pay those who are not really necessary, how much more should we look after those who are molders of the style and character of our youth?"

Who is it speaking thus? The spokesman of a teachers' committee calling on a board of education to complain about salaries? Or are these the words of the sympathetic president of some mothers' club.

Neither. This familiar argument, for higher pay for teachers was written in the

year 534 by King Athalaric, in a letter addressed to the senate of Rome. He was making for the teachers of his city the self-same plea that may be heard in almost any community in America.

Pleading for better pay, the teachers of our time point out that they cannot do their work at school properly so long as they must worry about making ends meet at home.

Mark what King Athalaric said to the same purpose:

"Let them who have to try the philosophical problem of thinking about two things at once; but, with their minds at ease about their subsistence, devote themselves with all their might to the teaching of liberal arts."

Though 1400 years have elapsed since Athalaric spoke thus, the optimistic teaching profession does not yet despair of winning proper public recognition. But Kenneth C. M. Sils, an American educator, writing in the Review, observes: "If the grandson of a Goth could write so intelligently, we have a right to pride ourselves too much on our distance from the dark night of Gothic ignorance, if the same problems still confront us and if we are no less stupid in their solution?"

## THE APPEAL FOR GOD'S SHARE.

"Give God his share," says a sign put out by churches that unite to raise a fund.

The cause is even better than the slogan.

When Jacob brought his hungry brother's birthright for a dinner and got it from his father by a trick, he had to run away and the story tells that he met his God at Bethel and proposed that if God would prosper him in the new land that he sought he would give back a tenth of all he made to God.

Thus God's share was settled.

But as years went on this rather sordid "covenant" of Hebrew tradition took on a deeper meaning until men realized at last that God's "share" is not a share at all. He demands not a part of man's possessions, but the very man himself, and all his devotion.

"Thou shalt love the Lord, thy God, with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength."

And "thou shalt love thy neighbor as thyself."

The two are connected. To give God His share may or may not mean to subscribe to some special cause. But it surely does mean to play fair with one's neighbor in deed and thought, to care more about the work than the wages, to pay one's taxes and to see that they are not squandered, to be wisely and cheerfully helpful in all things, and ready, if need be, to give "the last full measure of devotion" to some great cause.

No church means to imply that "God's share" can be paid in money.

Revenue officers report that in one of our largest cities liquor prescriptions are written by the hundred for "sick dogs." Must be a lot of men leading a dog's life in that town.

Maybe a lot of men who are putting on Overalls will do some real work now. And then again, maybe they'll act like the man that has been wearing overalls right along.

These scientists who are so put out because they can't get any messages from Mars by wireless might succeed better if they tried the ouija board.

A juicy western steak wouldn't have any difficulty in getting introduced to a king in these days.

Still, a candidate should have some other qualification besides his ability to cuss radicals.

Wall street brokers keep up an infernal din, but the rest of the nation doesn't pay much attention to it.

## NOTICE TO PATRONS OF TWIN FALLS WATER WORKS.

The Twin Falls Water Works takes this method of reminding its patrons that the time for sprinkling lawns and using water for garden purposes is once more with us. You will please take notice that the rules of the water works require that you only water your gardens and sprinkle your lawns every other day. The patrons watering gardens find sprinkling lawns bearing even street numbers must sprinkle their lawns and water their gardens on the even days of the month. Patrons watering gardens and sprinkling lawns bearing odd street numbers must sprinkle their lawns and water their gardens on the odd days of the month.

We at this time, call the attention of our patrons to Section 17, of ordinance No. 238 of the city, which reads as follows:

SECTION 17. SPRINKLING. WATER SHALL BE USED FOR SPRINKLING and sprinkling for lawns, yards or gardens shall not be operated during or after any alarm of fire until signal is given that fire is out. Sprinklers for lawns, gardens and yards, must only be used for the purpose set forth. No nozzle for sprinkling shall be larger than one-fourth inch in diameter. No sprinkling of lawns or gardens shall be allowed after the hour of 4 o'clock p. m.

We respectfully ask our patrons to observe the terms and provisions of the above rules and ordinance. Respectfully submitted, TWIN FALLS WATER WORKS, H. J. C. Pilgrum, Superintendent.

## LOWDEN ALONE SUITS THE PROHIBITIONISTS

Anti-Saloon League Comments on Candidate—Handling Talks Wet Votes Dry.

By the Associated Press.  
WESTERVILLE, O., April 30.—Governor Frank O. Lowden of Illinois is the only presidential candidate so far whom the Anti-Saloon League of America has approved as suitable to the prohibitionists.

In a statement given out tonight, Dr. P. A. Baker, general superintendent of the league says after a brief review of Governor Lowden's record on prohibition that "prohibitionists consistently can support him, if he is nominated."

Senator Warren G. Harding's prohibition record is reviewed at considerable length, but no definite statement is made as to his acceptability or non-acceptability is made.

"Senator Harding of Ohio usually votes with the drys but always talks for the wets," the statement says, and adds: "When the 18th amendment was pending in the senate, Harding, announced from the floor that he was not a prohibitionist, that he failed to see in it a moral question and that he favored compensation of the liquor traffic. Of course any man who favors compensating the liquor traffic would not be able to see in it a moral issue."

The statement goes on to say that Harding voted for the 18th amendment and the Volstead act, but voted against prohibition in the District of Columbia.

Senator William W. Johnson of California, the statement says, "is being actively supported by the liquor interests of California, not because of any particular service he has rendered them, but because he seems to command the support of the discontented and the liquor people just at this time are very much discontented," and also possibly because "a Sacramento, California, paper" has announced Mr. Hoover dry convictions.

"Commenting on Governor Lowden, the statement says he was opposed for election as governor by many of the prohibitionists of Illinois, but since his election as governor he has been so consistently fair and friendly to the prohibition laws and their enforcement that prohibitionists consistently can support him if he is nominated."

"The statement reiterates the position of the league as regards Governor James M. Cox of Ohio and Governor Edward of New Jersey, as announced some time ago, by declaring that Governor Cox "is thoroughly wet," and that Governor Edwards is not really a candidate, but "simply running as a side partner to Governor Cox in the hope of accumulating some wet strength that may be turned over to Cox at an opportune time."

and of commemorative medallions to all competitors in the slating and hockey contests. The Olympic gold, silver and bronze medals are to be presented when completed through the various embassies.

Diplomas were awarded to the seven members of the American hockey team which participated in the slating with Canada. Miss Theresa Field, of Boston, Mass., who competed in the ladies' figure skating contest, and with Nathaniel W. Niles of Boston, won fourth place in the figure skating pairs, received a diploma and medal.

The Swedish hockey team was much surprised at its defeat in the Olympic contests last night by the Czechoslovak team, but are the winners in the ice events on points with a total of 8. Norway is second with 2 points. While the United States, Canada and Finland are tied for third place.

The Americans will leave Antwerp tomorrow. While most of them will sail on the Philadelphia early next week, several plan to undertake a trip elsewhere in Europe before going home.

more important from strategic grounds.

"WASHINGTON, April 30.—American doing business in the state of Sonora and other parts of Mexico controlled by the revolutionists have been authorized to pay taxes and customs duties to the de facto authorities.

This authorization, it was explained today at the state department, is in accordance with a recognized principle of international law and does not amount to recognition of a de facto government. The principle has been observed on several occasions in Mexico, notably when the Carranza revolution started and his forces obtained control of parts.

The state department received an extensive report today on conditions in West Cruz, from an American at that city. The report urged that warships be kept in readiness for dispatch to Vera Cruz as soon as the news came. Although Vera Cruz was said to be quiet, possibility of trouble there were described as great.

## MEXICANITES TO RESSETTLE CANADA FOR UNITED STATES

By the Associated Press.  
WINNIPEG, Manitoba, April 30.—More than 8,000 members of the Catholic Mexican church community in Manitoba and Saskatchewan will leave Canada for the United States this summer and establish a colony in the Mississippi Valley; it was announced today at the parliament building. The statement followed a visit of Bishop of Saint Charles, who told the provincial authorities that if the community settled in the United States it would be granted immunity from military service.

The exodus will depopulate virtually 15 to 17 big towns, it was said, and will necessitate the sale of, or the removal of, buildings valued at more than \$10,000,000.

## METHODISTS CONFERENCE WILL REOPEN TODAY

DES MOINES, Ia., April 30.—Meetings of commissioners and various leaders of the Methodist Episcopal church of the world were held today preliminary to the formal opening of the quadrennial conference of the church here tomorrow. A reception was tendered the delegates tonight.

Among the commissions meeting today was that of coordination of the various organizations of the church. It was appointed four years ago and today considered a report on the question of how best to coordinate the activities of various bodies in the church and remove possibilities of rivalry and friction among them.

# NEW WORLD RECORD MADE BY HURDLER

Cornell Man Sets New Mark—Medley Relay Mattered by Poor Management.

By the Associated Press.

PHILADELPHIA, April 30.—A new world's record, the defeat of England's best collegiate distance runner, three times, in the Oxford-Cambridge relay, left at the post in the star race and the winning of the pentathlon by Bradley of the University of Kansas, were the outstanding features of the opening day of the University of Pennsylvania relay carnival here today. The presence of the English university's combined track team gave an international aspect to the games and but for a heavy rain and the unfortunate flaccid which ruined the distance medley championship race, the initial day of the meet would have been a day of athletic history as one of the most successful in the long carnival record.

E. A. Montague, Oxford university, winner of the 3-mile race in the Oxford-Cambridge, did meet in London on March 27, when he did 14:42. Today was easily defeated by T. Nightingale of New Hampshire state college, by more than 40 yards in 14:55. Montague, who ran second in 15 minutes 2.5 seconds, finished some 20 yards ahead of W. K. MacMahon, Massachusetts Tech, after a grueling race.

In the 440-yard low hurdles J. M. Watt of Cornell won almost as he willed in a new world's record time of 54.1 seconds, displacing the former time of 54.4 made by Harry Illman of the New York A. C., in 1904. Coughlin of the University of the South, was second and A. Glab, Nebraska, third, finishing well in the rear of the flying hurdler from the shores of Cayuga lake.

The keenest disappointment came to the 5,000 spectators who had braved the downpour when the Ox-

ford-Cambridge team, as well as several others, did not appear for the distance medley relay championship race. After a grueling week and week race Pennsylvania State moved out the Yale quartet with Syracuse and Georgetown finishing in that order, well in the rear.

In the dressing rooms the three teams which had been left out of the race were still mulling over the mishap which cost them a chance at the championship. According to the best explanation given all three combinations were ready to go to the starting line when told to remain under cover until called. They waited for some time and when finally a messenger was sent to find the cause of the delay the race had been started.

The victory of Bradley in the pentathlon came as a surprise to eastern followers of athletics. His victory over the English Hurtele being one of the sensational aspects of the day. Bradley scored 13 points, Hurtele, of Pennsylvania, who won the pentathlon in 1918, finished second with 15 points. Hammond, Missouri third, 17. Young, edified, of the University of California fourth, 21; Hammond, Kansas fifth, 23, and of the most successful in the long carnival record.

Bradley performed consistently despite the fact that he did not win one of the five events making up the pentathlon. He finished second in the broad jump, javelin throw and 200-meter race; third in the discus throw and fourth in the 1,500-meter run. Hurtele won the javelin and 200-meter events; finished second in the 1,500-meter fifth in the broad jump and sixth in the discus throw.

Yant won the broad jump and the 1,500-meter race, and can get first place in the discus throw.

MARK RECORD BY WIRELESS.

LONDON, April 29.—Experiments which have been carried out here have resulted in the making of a talking machine record on wax of a voice transmitted by wireless telephones 40 miles away.

While the voice was speaking in the county of Essex, where there is a high power instrument, the equipment at the receiving plant in the Strand, London, was attached to a recorder, which engraved the messages in a soft wax in the same way an ordinary disc record is produced. The record was perfectly audible, though a trifle faintly.

## HIGH BALL TEAM SCORES VICTORY

Win From Rupert Teachers 14 to 7.  
Players Showed up Strong in the Game.

Members of the Twin Falls high school basketball team won from the Rupert Teachers yesterday. The score was 14 to 7. Owing to their good condition and extensive training on the local field and in the school gymnasium the lads were sure of victory before the game started but not overconfident. It is asserted.

Following the city yesterday forenoon, members of the aggregation seemed to be in high spirits and anxiety was noticed in the faces as the start was made. All were certain that the day's event would not end disastrously for them.

Amongst the sphere tossers were track men. Their duties this week consisted of double efforts owing to the necessity of practicing baseball and engaging in rounds of croquet which would keep them in trim for the district track meet to be staged at Burley this afternoon.

During the process of unlimbering at the numerous tryouts in the field, the players showed up strong and doubts as to their ability to go against the Rupert players to a decided advantage were discharged from minds of those who witnessed the remarkable ability displayed in getting hits and making bases.

up by the police today in a continuation of the day's work resulted in the arrest of more than 300 men and several women last night. One of the men, who gave his name as John Luck, was arrested while distributing handbills announcing a May day meeting. Some of the bills were seized by "the revolutionary proletariat," the police said.

Large quantities of literature of radical nature were distributed throughout the west side today. One handbill, said by the police to be signed by the "general membership of the I. W. W.," said: "Workers! line up with the revolutionary proletariat of all countries! Hurrah for international solidarity! Lay down your tools! Fold your arms on May day! Surge to the big mass meeting!"

A May day strike of clothing workers was said to have been called by the Amalgamated Clothing Workers of America, the International Ladies' Tailors' union, and the International Association of Machinists. CHICAGO, April 30.—Attorney General A. Mitchell Palmer's announcement of a May day bomb plot was "manufactured in his own mind," the national socialist committee announced today in a statement made public by Otto Harnett, secretary. The statement charges that "whatever disorder may occur tomorrow will have been caused by the 'harm' and criminal discovery of Mr. Palmer's dime novel plot" and advises socialists to carry out their plans for meetings and parades. "The socialist party," it says, "calls upon the comrades everywhere to refuse to be stampeded by the anarchistic outburst of Mr. Palmer to the violent outbreak that he is trying to provoke in his desperate campaign for the presidency."

## WOODHEAD TAKES COUNT AT FIGHT

Knocked Out in First Round; Two Preliminary Stages; Juvenile Wrestler Meets.

Ray Stone knocked Billy Woodhead out in the first round at Burley last night. "The men weighed in at 118 and 125, respectively. At the beginning of the bout a little snoring was featured, both men looking for an opening. When the opportune moment arrived, Billy seemed to be off his guard, and Rose with a swinging right smash to the jaw put him on the floor. Woodhead took the count, but it provoked laughter. The youthful wrestlers lasted 30 seconds.

A fairly good preliminary was staged between Iressee and Buckston. They fought 15 minutes to a draw. Two juveniles were on the card for a wrestling event. When they were called it provoked laughter. The youthful wrestlers lasted 30 seconds.

### TIMES CO. FILE DECLARER.

With a demurrer on file at the district court the Times Publishing and Printing company and D. M. Denton assert that plaintiffs complaint on file does not state facts sufficient to constitute a case in the action brought by J. A. Hays.

### BLUE DENIM SCARCE

### PLENTY OF THE KHAKI

CLEVELAND, April 30.—Those who hope to escape one of the worst periods of their stock through the wearing of denim will find that over all prices, like all other prices, are subject to the upward trend, according to Cleveland manufacturers and jobbers. They say there is an acute shortage of blue denim.

"The demand for blue denim has been for some time ahead of the supply," said J. H. Levi, Cleveland over all manufacturer. "Other colors of a similar cloth are plentiful. Khaki

and striped stock can be obtained without so much trouble. "One effect of the overall movement will be to increase the retail price of such garments, naturally. But I do not think that the price will increase more than a dollar a suit. The cheapest two-piece new suits \$4.50 at retail.

### JOHNSON WOULD CUT HEART OF THE LEAGUE OF NATIONS

By the Associated Press.  
SOUTH BEND, Ind., April 30.—"If I had the power, I would cut the heart out of the league of nations by cutting out article 10," Senator Hiram W. Johnson of California, told his audience here tonight in a speech in the interest of his candidacy for the republican presidential nomination. Senator Johnson tonight declined to make any comment on the New Jersey situation which Johnson may have demanded a vacant.

Senator Hiram Johnson attacked the high cost of living and declared that there are sufficient laws to punish profiteering if the administration at Washington would enforce them. He declared in favor of a national budget system saying that a discontinuance of needless extravagance at Washington would materially aid in the fight against the high cost of living.

The Californian attacked the press of the country opposed to him in the presidential race, declaring that to read some of the newspapers of the country is "crushing in the intellect."

### MUST BEGIN TO COIN

### GOLD, SAYS MINE HEAD

WASHINGTON, April 30.—The stock of gold coin in the treasury has been depleted to such an extent that immediate resumption of gold coinage has become imperative, congress was informed today by Raymond T. Baker, director of the mint. He asked for an immediate appropriation of \$60,000 so the Philadelphia mint might operate 24 hours a day, instead of eight.

## KNOX OFFERS NEW PEACE RESOLUTION

Seeks to Overcome Constitutional Objections Raised to Measure Adopted by House.

By the Associated Press.  
WASHINGTON, April 30.—A joint resolution proposing repeal of resolution by congress declaring a state of war with Germany and Austria Hungary was reported out today by the senate foreign relations committee by a strict party vote.

Introduced by Senator Knox, republican of Pennsylvania, as a substitute for the republican resolution recently passed by the house, the measure was formally presented to the senate late in the day by Senator Lodge, republican leader, with the announcement by Senator Knox that he would open debate on it Wednesday.

Leaders of both parties predicted several weeks of discussion with little prospect for action until near the time set for a recess for national conventions. In some quarters the opinion was expressed that President Wilson, in the midst of the debate, might return the treaty of Versailles to the senate. Virtually solid democratic opposition to the substitute was predicted by leaders of the party. Senator McCumber, republican member of the foreign relations committee, who did not attend the meeting said he, and probably other republicans, would oppose. The vote on the Knox resolution was 9 to 4.

Senator Shickel, democrat, of Tennessee, also was absent. Republicans said the measure was designed to meet objections raised in the house that a resolution declaring the war ended would be unconstitutional and beyond the power of congress. Straight out repeal of the war resolution in the principal object of the Knox substitute, which would request the president to establish a friendly diplomatic and commercial relation with Germany and with "the govern-

ments and people of Austria and Hungary." Like the house resolution, it would remove all American rights under the treaty of Versailles and provide for repeal of war legislation and war powers of the president. It would hold German property until all American war claims were satisfied, but does not include the house provision for acceptance of the resolutions terms by Germany within 45 days under penalty of a commercial embargo.

A formal report only on the resolution was filed by Senator Lodge and Senator Hitchcock of Nebraska, administration leader in the treaty fight, decided to submit no minority report, but to present the opposition's arguments during debate.

### CHARGE GREAT PROFIT MADE FROM ARMY FOODSTUFFS

NEW YORK, April 30.—An indictment containing 12 counts charges profiteering in evaporated peaches and tomatoes purchased from army stocks was returned here today by a federal grand jury against J. A. Kirsh & Co., commission merchants of this city and Jacob A. Kirsh, president of the concern. The indictment alleged that a consignment bought from the army for \$116,641 was sold at a profit as high as 25 per cent in violation of a contract which stipulated that the profit should not exceed 20 per cent.

### ALLEGED MURDERER FIGHTS EFFORTS AT CAPTURE

By the Associated Press.  
LOUISVILLE, Ky., April 30.—Following the shooting to death here tonight of Edward H.
