## JOHNSON WINS OWN STATE; WOOD, INDIANA

### SENATOR HAS 400,000 LEAD OVER HOOVER

Food Administrator's Manager Admits That Vote Is Against His Man.

### HOOVER STATE MAY BE WITHOUT INSTRUCTIONS

Law Provides That Majority Must Be Secured or Matter Left in Hands of the State Convention.

By the Associated Press. SAN FRANCISCO, May 4.—Returns from 3427 of the 5729 in the state gave the group of delegates pledged to Senator Hiram W. Johnson 246,928 and the group pledged to Herbert C. Hoover 138,069.

INDIANAPOLIS, May 4.—In 5,718 precincts out of 5887 in Indiana for republican presidential preference given: Wood 41,111; Johnson 36,126; Lowden 10,321; Harding 10,823.

SAN FRANCISCO, May 4.—Delegates pledged to support Senator Hiram W. Johnson for the presidential nomination at the republican national convention maintained their early lead over the group pledged to the candidacy of Herbert Hoover as later returns from today's presidential preference primary in California were tabulated.

At 10 o'clock tonight, Ralph E. Merrill, campaign manager for the Hoover Republican club of California, conceded the election of Johnson delegation and extended congratulations to the winner.

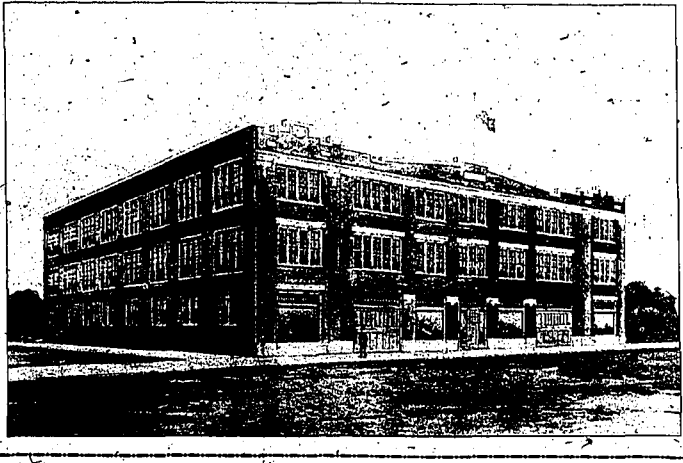

At that hour Johnson delegates lead in all of the 52 counties heard from except Los Angeles and two smaller counties in southern California. Complete returns from 2104 out of 5729 in the state gave: Johnson 159,167; Hoover 79,749; a lead of 81,213 by Johnson. In Los Angeles county 306 precincts of a total of 1275 gave: Hoover 19,471; Johnson 18,465. In San Francisco county, the home of Senator Johnson, the returns from 150 precincts gave: Johnson 25,734; Hoover 8,014. The Stanford university precinct at Palo Alto, California, Hoover's home precinct, gave: Johnson 60; Hoover 208.

CARNAHAN MAKES STATEMENT. SAN FRANCISCO, May 4.—H. L. Carnahan, western campaign manager for United States Senator Hiram W. Johnson, in a statement issued at 8:40 o'clock tonight said: "Hiram Johnson is outdoing in today's election every record he ever established in California. The results of today's primary will be more in excess of any primary in California has ever had before in California in a primary election, the present time we are carrying even Los Angeles county which was claimed by Mr. Hoover by 76,000 majority. It is the greatest sweep in the history of California politics in a primary election."

INDIANAPOLIS, May 4.—Maj. Gen. Leonard Wood had a lead of 6,719 vote in the contest for the Indiana republican presidential preference vote when 1,532 out of 5,887 precincts in the state in today's statewide primary had been tabulated tonight. Senator Hiram W. Johnson of California was leading second, with Governor Lowden of Illinois third and Senator Warren G. Harding of Ohio, fourth.

The vote for the 1,537 precincts was: Wood, 37,246; Johnson, 30,447; Lowden, 11,021; Harding, 9,225. Values one of the candidates ob-

### WHERE THE CHRONICLE AUTOMOBILE SHOW WILL BE HELD

The magnificent Municipal garage building is being remodeled, and will be in readiness for The Chronicle's Big Auto Show all of next week. Two floors, 125 by 125 feet, will afford unparalleled space for display, and the roof will be converted into a dance garden each evening.

### AUTO DEALERS MATURE PLANS FOR BIG SHOW

Meeting of Association Completes Arrangements for Display.

### BAND WILL PLAY ON THE FIRST DAY OF EXHIBIT

Much Gratification Is Expressed Over Plans for Dance to Be Given on the Roof.

Preparing for the final drive to the range for the reception of the crowds which will come to Twin Falls for The Chronicle Auto Show all of next week, and for display of cars and accessories, the Twin Falls Automobile Dealers' association met yesterday noon at luncheon at the Ingersoll. Following the luncheon the members met in the parlors for discussion of problems which arise, and authorized President J. T. Wright to name a committee to maintain the relationship of the association with The Chronicle management, to the end that the Auto Show may be advanced in all ways possible.

Dealers Receive Cars. Several of the dealers yesterday received consignments of cars, and others are expected daily, so there is a fair variety of cars for display in many quarters.

Yesterday there was continued stream of exhibitors to the Municipal garage, where the big show will be held, and plans were made for the most of the displays. Others will be on hand today, to make the final plans for their displays. Cars will probably be brought in by Friday, so that all will be in readiness for the opening Monday.

Band for the Opening. The Twin Falls people have not seen the full band this season, nor heard it, and this will be the first opportunity of the year. The band has been strikingly improved in this organization since the return of the service men from overseas, where they found their experience in the military band of great value.

Gratified Over Dance. There was general gratification over the announcement that arrangements had been made for a roof garden dance each night of the show. Yesterday contracts were let for the lighting, and the construction of a high fence along the rear to protect against mishap. The floor was gone over again, and will be in as good shape as a cement floor can be given, ready for the special treatment which will close it for the function.

Decorators continued to push their work of making the interior of the big building presentable and attractive, and another day will add much more to this appearance. The carpenters completed their work on the stage, and the decorators will take this part of the show in hand today, to make it ready for the entertainers.

Will Hang Festoons. To-day the work of hanging the festoons of crepe paper from the rafters of the long and wide corridors will be begun; electricians will begin installation of lights, the elevator will be hooked to its motive power, and the whole will take on an even busier scene than it has afforded these past few weeks.

Yesterday advertising crews in autos made trips to surrounding territory, posting advertising matter and announcing to the public again the date of The Chronicle's big show. This work will be continued throughout the days remaining till the opening, so that all within a radius of many miles will have the touch of fresh advertising.

SCHOOL MARCHES GET BONUS. NEW YORK, May 4.—Each of the 270 school teachers and supervisors in the Grand Port section of Brooklyn have been allowed a bonus of \$1000 by the American Education Society for their faithful service to the children of the company's employees. It was announced today.

### APPEAL MADE TO PAY HONOR TO FALLEN

By the Associated Press. INDIANAPOLIS, Ind., May 4.—Appeals from victims of America's fallen heroes sleeping in nearly 50,000 graves in 400 cemeteries throughout France, asking that none of them be overlooked in the Memorial day ceremonies to be conducted by the Paris host of the American Legion May 30, are being received at the national headquarters of the legion here by hundreds from all parts of the United States.

To insure success of the plan to place flowers on every American grave in Europe through contributions of \$5 from each legion post, National Adjutant Boller today wired members of the national executive committee in every state asking them to co-operate with their various department headquarters to see that each post forwards its quota of the fund in time to reach the national treasurer here within a week, if possible.

### CLAIM ANOTHER U. S. CITIZEN KILLED BY MEX.

By the Associated Press. EL PASO, Texas, May 4.—Ralph Greenlaw, son of Eben Francis Greenlaw, of Flagstaff, Ariz., who with another son, was killed by Mexicans near El Paso, 125 miles from Mexico City, was murdered Monday at the same place, also by Mexicans, according to advice received here tonight. The information was received tonight by Joe Greenlaw of Flagstaff, a third son of Eben Greenlaw, in a telegram from his sister in the Arizona town.

Further details were lacking. The American consulate here had received no advice regarding the affair.

### BROKER WINS BIG BET THROUGH RECORD CLIMB

NEW YORK, May 5.—Howard Je Ronge, a real estate broker, who years ago was a star gambler and polo vaulter at Yale, today won a wager of \$1,600 from J. Ford Johnson, another broker, by climbing 440 steps to the Equitable building, 47 stories from boiler room to flag pole, in record time of 8 minutes, 51.25 seconds. Several thousand dollars are said to have changed hands on the sporting event among friends of the two men.

The record elevators' strike was responsible for the odd contest. When Ronge reached the roof he was hit and his face highly colored.

### SWISS REFUSE TO LET KAPP HAVE HOME IN THEIR LAND

By the Associated Press. GENEVA, May 4.—Dr. Wolfgang Kapp, leader of the recent revolt in Berlin, has been refused permission by the Swiss government to reside in Switzerland. Kapp recently wrote from Sweden seeking the approval of the Swiss government to take taking up residence here. The government referred the request to the central police bureau, which, after an inquiry, recommended that Kapp be kept out of the country.

### KAISER BILL OUT OF 'JACK'; WANTS TO SELL JEWELS

By the Associated Press. THE HAGUE, May 4.—Hopes, riches and harness belonging to the former German emperor, including a set of gold mounted harness presented to him by the king, are offered for sale in a display of the emperor's belongings. The advertisement is signed only with his number, but it is agreed to "turn" photographs and further information. So far as The Associated Press is able to learn, no doubt exists that it is Count Hohenhausen himself who is disposing of the goods. For some time past rumors at Amsterdam have had it that the former emperor's financial condition has not been thriving.

### KNOX RESOLUTION DEBATE ON FRIDAY

Certain Veto of Measure Is Expected Following Its Adoption by Senate.

WASHINGTON, May 4.—The senate will begin debate tomorrow on the Knox peace resolution with the general expectation of its adoption and certain veto by the president. Republican leaders supporting and introducing opposing the resolution, introduced by Senator Knox as a substitute for the house measure said a vote probably would be reached within two weeks, or just before the contemplated recess for the political conventions.

There did not seem to be much doubt among members as to its passage, but leaders of both parties said they anticipated that with the veto message President Wilson probably would return the treaty of Versailles to the senate.

Senator Knox will call up his resolution tomorrow and deliver a prepared speech, after which, according to present plans, will lie over for a few days unless senators desire to discuss it at that time.

Senator Hitchcock, ranking minority member of the foreign relations committee, announced after a democratic conference today that the attempt would be made to delay action on the measure by a filibuster. The democratic of the committee conferred with Secretary Colby and Senator Underwood, minority leader, and it was said that Mr. Colby agreed with the democratic plan of opposition to the Knox resolution. Besides pointing out what he regarded as its constitutional objections, Mr. Colby is said to have stated it was likely to draw criticism from America's associates in the war.

### LOUISIANA GROCERS HELD ON CHARGE OF PROFITEERING

SHREVEPORT, La., May 4.—Following an investigation of several weeks, department of justice operatives on complaints that the Lever food act was being violated here, United States Commissioner Blatterly issued 14 warrants against a number of wholesalers and retail grocers. The warrants charge selling without license, hoarding and profiteering. They will be served on the accused firms today.

### LITTLE VILLAGE SCENE OF GREAT SUFFERING

By the Associated Press. MICHIGAN, Okla., May 4.—Swiftly mounting death list of a storm that swept the little inland town of Pecos, Okla., from existence late Sunday night, had reached 50 this evening with the fading today of nine bodies underneath the debris of ruined homes. Rescue workers placed the list of killed at 150.

Last night with lightning overhead and the roll of thunder another approaching storm drawing the prayers and sob of those who are left in Pecos, the burial of the dead was begun. Seventeen were buried before dawn and 20 others today. Eleven bodies of the family of R. M. Stephens were put in one grave, while another grave holds eight members of the family of John Littlefield. John Wilkinson and his family of five were buried in another.

Money for the relief of the suffering of the town went forward today. By night the fund had reached \$3,000 and towns throughout the eastern part of the state were telegraphing their sympathies to J. R. Miller of Tahlequah, Oklahoma, chairman of the relief committee.

### FARM LOANS TO BE STOPPED DURING SUMMER

By the Associated Press. WASHINGTON, May 4.—Federal farm loan officials in conference here, have found no way to avoid a summer of inactivity in banking operations. The meeting, which were practically concluded tonight, brought convincing evidence, officers said, that no further new business could be handled until the supreme court had passed on the validity of the farm loan act.

Despite the fact that the 12 land banks have borrowed approximately \$16,000,000 from private banks to loan, more than \$70,000,000 in applications for loans have accumulated. In going into the open market for funds the banks are losing one-half of one per cent interest, the government rate being 5 1/2 per cent and in private rate 6 per cent.

To offset this loss, however the net income of the 12 banks have averaged \$40,000 monthly since the first of the year.

The banks have assets of \$20,000,000 on which no loans have been placed, and Commissioner Lobdell said there was no reason for uneasiness as to the financial situation.

### DU PONT SECURES THE CONTROL OF THE WILLARD

WASHINGTON, May 4.—The Willard hotel here has been acquired by a corporation controlled by Coleman Du Pont, which has large hotels in many other cities. The hotel, known to old timers as "Willard's," has been an historic spot in the national capital for nearly a century.

### HODGSON RE-ELECTED.

ST. PAUL, May 4.—L. C. Hodgson was re-elected mayor of St. Paul today, defeating William Mahoney, labor candidate, in one of the closest contests in the history of local politics. Returns available at midnight indicated.

T. P. HIGH DEFEATS WENDELL, SCORE 22-0

With the baseball score 22 to 0 at the end of the fifth inning yesterday in favor of the Twin Falls high school stars, it was decided to call off further playing as the score was so lopsided as to indicate no chance for the local team that he could not continue unless an adding machine was given him to mark up the final total. The Wendell followers of the twirling sphere were in fine condition last the Twin Falls boys are so much superior in the ball counts that they are seemingly impregnable.

## ITALIAN CITIES SCRAP OVER A FOOTBALL GAME

ROME, May 4.—A football match between teams representing the cities of Lucca and Viareggio, played at Viareggio today, degenerated into a fight and then a riot. A former enemy settled the difference but failed. Cur-

blers then made efforts to re-establish order. The crowd attacked and disarmed them and they were obliged to flee to their barracks. The mob looted a gunshop, occupied the railway station and barricaded the roads leading into the city to prevent the arrival of reinforcements. Soldiers, however, succeeded in occupying the city and order was finally restored.

## THE GERMAN MENACE.

An American correspondent after studying the German situation, wrote lately:

"Germany, if not actually plotting a new war, is nevertheless thinking of it. The unmistakable impression one receives in traveling through Germany is that Germans are counting the hours until they can create a breach between the allies and revenge themselves against France and make the treaty of Versailles a scrap of paper. The Germans do not yet know they were beaten. They think they have merely been forced to suspend hostilities. Germans without distinction of party or creed are openly threatening, in effect, 'Let America and Britain stand aside, and we will lick France so badly she will never be able to recover.'"

Other writers corroborate this view. There can be no question that Germany today is sullen, unrepentant and vindictive. Unchastened by her defeat she is merely looking for a chance to "come back."

If Germany were to crush France, the first great barrier to German world conquest would be swept aside. Britain and America, of course, cannot permit any chance of such a catastrophe. Not only loyalty to France but care for ourselves and for civilization demands that this threatened renaissance of Prussianism be suppressed, and Germany be obliged to fulfill the terms of the treaty.

It is fortunate that the San Remo conference has upheld the French view of the matter. There should be no question of American support of France.

There seems to be ways of losing a strike and yet winning it. The coal miners, you remember, had their demand for a five-day week turned down. Now, quite generally, they are said to have their five-day week, getting it by the simple process of not going to work on Saturday.

If another war has to be fought to win what everybody supposed had been won by the last one, it will be because the United States has not ratified the peace treaty and joined the allies in prompt enforcement.

The Germans used to say, we went to war to save the money we had lent to the allies. A ridiculous lie, of course—but we might very properly and profitably make peace for that sole reason.

Bills are in the senate providing for the coinage of 2, 7 and 8 cent pieces. Now if some senator will just introduce a bill to provide something which can be bought for any one of these coins!

## THE PORTUGUESE PIRATES.

The pirates most disliked today are not those in low, rakish crafts sailing the Spanish main, but those whose craft is confined to the pirating of trademarks. The patent and trademark committee of the American Manufacturers' association found out recently that more than 40 American automobile trademarks have already been pirated in Portugal, Brazil, Spain, Japan, Argentina and Cuba are also allowing the theft of trademarks.

The association recently sent an appeal to the state department asking that the American ambassador to Portugal protect the interests of the rightful owners of the stolen trademarks.

It is natural that a company which has built up a successful business by producing a thoroughly satisfactory object of its kind should not want the mark which belongs to that object transferred to some other article which which may look like the original but which cannot be expected to stand the same wear. The practice not only allows the false article to be sold under false pretenses, thus lowering the sales of the original make, but, what is far worse, by the fact of its inferiority it lowers the reputation of the original article and thus injures its future sales everywhere. The maker has a right to protection, but trademark laws in many countries are notoriously deficient.

Somebody complains that it is costing \$1,220,000 a day to maintain the American forces on the Rhine. Well, it cost over \$20,000,000,000 to win the war; is this too much to keep the victory nailed down? And Germany will have to pay it back as soon as the United States joins with the allies in enforcing the peace treaty.

The railroad strike is said to have been costing the railroads \$3,000,000 a day. This expense is passed along directly to the public, because railroad earnings for the present are guaranteed. And indirectly it has cost the public tens of millions a day. Yet the strikers wonder why the public is against them.

One newspaper, referring to contest over primaries in middle western state says: "There are those who would rather make trouble for the political leader in these parts than nominate a president." There we have American politics in one sentence.

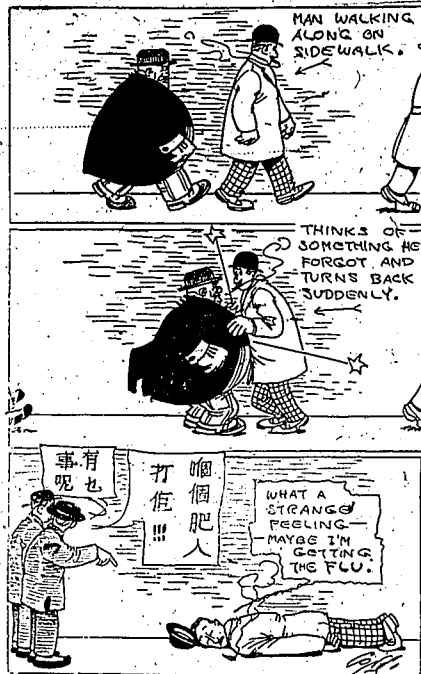

Report from San Remo: "The two prisoners were observed by the populace strolling up and down the balcony, chatting in the sunshine." At last, "covenants openly arrived at!"

A mad cow raised a disturbance in a quiet village the other day. Why should the cow get mad? She doesn't have to pay for milk.

If guests can be lodged comfortably in jail for \$1 a day, as the jailer at Louisville, Ky., says they can, why not build jails instead of hotels and houses?

Maybe the United States could accept a mandate for Milwaukee.

## METHODISTS HEAR AFRICAN CONDITIONS

Report Also Made On European Conditions As Reported As Discouraging.

By the Associated Press.  
 DEN MOINES, Ia., May 4.—Reports of the conditions of the Methodist Episcopal church in Europe and Africa were made to the general conference here tonight by Bishops John L. Nielsen of Zurich, Switzerland, and John S. Johnson of Africa, formerly of Sioux City, Iowa.

Bishop Nielsen was in Switzerland throughout the war, and during the period which has followed, and has had charge of the distribution of relief supplies sent by the church. He stated that catastrophe threatens Europe unless speedy and effective efforts are made to sustain the millions of children who are in a subnormal condition physically owing to insufficient nourishment.

"If you will draw a line," said Bishop Nielsen "through the devastated areas of Belgium and France from north to south, east through Germany, Switzerland and North Italy to Austria-Hungary, Albania, Serbia, Czechoslovakia and Poland, then farther east through the Balkan states, Russia and Siberia, you will find hardly one child in a thousand that is normal physically, intellectually, or morally. The condition of European childhood is in its most serious and far-reaching problem."

Bishop Nielsen stated that during the past year the Methodist Episcopal church has sent to Europe more than \$200,000 in relief supplies, including food, clothing and medical supplies. This speedy aid has undoubtedly saved thousands of lives and has won for the church the highest respect and gratitude of the people. The speaker aroused enthusiasm when he declared that the peoples of Europe as a whole have by no means lost their confidence in the American people.

Bishop John S. Johnson, stated that the situation which exists in the African Congo mission between the Methodist church and the Methodist church south may be a prophecy of coming union in America, the so-called "south" having been dropped, and the missionaries of both denominations now work together. He also stated that the war had opened up new opportunities for the spread of Christianity in Africa.

The speaker sounded a warning note, however, when he said that Mohammedanism is increasing there at a more rapid pace than Christianity, and that which work must be done in the next ten years if Africa is to be christianized. He declared that the decay of Islam's political power has not destroyed the aggressiveness of the Mohammedan religion.

The advance of the church in Africa was outlined and future plans detailed. Great industrial schools and an increase in Mexican and evangelistic forces will be undertaken at once. Much attention will be paid to social and religious work at Johannesburg, South Africa, which the bishop designated as one of the most deplorable places in the world morally.

Bishop Johnson was raised to the Episcopacy from the state of Iowa. No special order of business was announced for tomorrow's sessions.

Mr. Willard said in discussing the problem of financing the roads. Some of these loans and bonds have been issued at an interest rate as low as 3 1/2 per cent and Mr. Willard declared that in taking care of this amount of obligations at the current rate of interest necessitated the most careful study of the revenue production question in order that the roads' credit be kept unimpaired.

"Further the European market, heretofore, available for American railroad issues are now closed to us," he said, "and, in fact are absorbing our surplus funds and this applies not only to Europe, but to practically the whole world, including Japan and the east."

## LODGE CHAIRMAN OF G.O.P. CONVENTION

Republicans in Congress Prefer Massachusetts Senator to Rival of Idaho.

WASHINGTON, May 4.—Senator Lodge of Massachusetts is the temporary chairman of the republican national convention at Chicago and will deliver the keynote speech, according to republican leaders in congress who have conferred recently with Chairman Hays of the republican national committee.

Republicans in congress are said to have been virtually unanimous in urging the selection of Senator Lodge as the committee on arrangements which will meet at Chicago May 23. No contest over the chairmanship is anticipated, although some friends of Senator Hiram Johnson have been urging substitution of Senator Borah of Idaho, and reports have reached here that former Senator Newkirk of Indiana, also applied to the chairmanship.

Republican platform promulgated will be considered here May 15th by the general platform committee appointed by chairman Hays. Many questionnaires on numerous issues have been turned in by the platform committee and others. At the conference here it is expected to outline some of the general principles, at least to be recommended to the Chicago committee on resolutions.

Although May 23 also has been set

for a meeting of the republican national committee of Chicago to take up the contest of delegates from a number of states, Chairman Hays was urged while here this week to postpone the meeting and inform republican leaders here that they felt confident that the meeting would be put over until about June 1. In making postponement, the republican leaders told Mr. Hays that several senators on the national committee and others who desire to attend probably would be held here during the week of May 23 by the peace resolution and important legislation.

## SENATOR HAS 100,000 LEAD OVER HOOVER

Continued From Page One.

With a majority of the votes cast, which on the face of the early returns seemed highly improbable, Indiana's delegation to the republican national convention in Chicago will go without instructions, unless instructed by the state convention. The delegates to the national convention will be chosen at the state convention, delegates to which were elected today. There were no candidates for the democratic presidential preference.

Dr. Arthur B. McCulloch of Indianapolis, with 11,446, had a lead in the race for the democratic nomination for governor when 724 precincts had been tabulated. Mason Niblack of Vincennes was second with 5,101. John S. Buchanan of North Manchester was third with 4,791 and J. Kirby Kink of La Fayette, who made his campaign as an avowed prohibitionist, and was endorsed by William Jennings Bryan, was fourth with 3,574.

With 1,258 precincts tabulated in the republican gubernatorial contest, Warren P. McCray of Kentland, had a commanding lead with 36,958, while James W. Peeler of Indianapolis had 23,292 for second place, and Edgar C. Turner of Anderson was third with 14,697.

KENTUCKY FAVORS COX.

LOUISVILLE, Ky., May 4.—Just before the democratic state convention adjourned at 1 o'clock, this morning, it voted to send the entire Kentucky delegation of 25 persons to the democratic national convention instructed for Governor James M. Cox, Ohio, for the democratic presidential nomination.

Johnson N. Camden, Versailles, was elected democratic national committeeman from Kentucky. The eight delegates from the state at large included: United States Senators A. O. Stanley and J. C. W. Beckham; congressman Albion W. Barkley and Ben Johnson; Desha Breckinridge, editor of the Lexington Herald; Miss Laura Clay, Lexington; Mrs. Cora Wilson Stewart, Frankfort; and Mrs. Nora Layne, Ort Thomas.

ADMINISTRATION MEN WIN.

DALLAS, Tex., May 4.—With undebated returns shortly before midnight showing complete counts from democratic conventions in 158 of the 256 counties in Texas, delegates favoring

endorsement of the national administration were assured of control of the state democratic convention May 23. The returns from the county conventions which met to name delegates to the state convention, gave the administration forces 147 counties, with a convention voting strength of 1,655 and the democratic forces opposed to endorsement of the Wilson administration eight counties with a combined vote of 38. Three counties with 27 votes selected unaffiliated delegates.

William G. McAdoo was endorsed for the democratic presidential nomination of four counties.

WOMEN WANT TWO DELEGATES. KANSAS CITY, May 4.—An ultimatum was delivered to the republican state committee by women delegates tonight demanding that two women be named to the regular delegation to the national convention by the state convention tomorrow, according to a report that was confirmed by the party leaders.

According to the same leaders, tentative plans had been made for eight delegates at large, with one half a vote each, one to be a negro, with eight women alternates, one of whom should be a negro woman.

TWO UNINSTRUCTED.

DENVER, Colo., May 4.—Two uninstructed delegates to the republican national convention in Chicago were selected today by republicans of the first congressional district of Colorado, comprising the city and county of Denver, for tomorrow's vote. The delegates are James C. Burger and Mrs. Anna M. Sett.

WOULD ENFORCE SUFFRAGE AMENDMENT WHEN ADOPTED.

By the Associated Press.

WASHINGTON, May 4.—A bill providing for federal enforcement of the woman suffrage constitutional amendment was introduced today by Senator Watson, republican, Indiana, and referred to the judiciary committee. It proposes a fine of \$500 and one year imprisonment for interference with women voting in all elections, including state, territorial, county, city, parish, school districts or others.

## INVEST in one of -The WEST'S GREATEST INDUSTRIES-

### IDAHO POWER COMPANY 7% PREFERRED STOCK

Become an investor in the progress of the west's greatest states, Idaho and Oregon, by investing in Idaho Power Company 7 per cent cumulative preferred stock.

#### A Most Attractive Investment

This is one of the safest and most attractive investments on the market today, for our 10 big electrical generating plants serve industries and homes of 60 communities and their adjacent farms and mines. You become a part owner of our huge system which covers the entire southern part of Idaho, and runs into Oregon on the west and Nevada on the south. We generate electricity at the following hydro-electric power plants which are situated at Ox Row, Ore., and Horsehoe Bend, Barber, Swan Falls, Maind River, Lower Salmon, Thousand Springs, Shoshone Falls, American Falls and Arrowrock, Idaho.

#### More Than 31,000 Customers

We are now serving more than 31,000 customers, an increase of 50 per cent in the last four years. During 1919 the Idaho

Power company supplied power service for pumping water to irrigate about 90,000 acres of land, and the pumping of water for irrigation, next to the railroads, has been the most important factor in the upbuilding and growth of Idaho. We supply the power for the operation of the interurban and city electric railway lines operating in and out of Boise, Nampa and Caldwell.

Our product is a vital necessity in this great irrigation, mining and timber country. Without electrical energy thousands of fertile acres would be desert; great wealth producing mines would be practically valueless; enormous flour mills would have to seek elsewhere for their power, and thousands of Idaho homes would be without electrical convenience.

#### Buy on Payment Plan.

Idaho Power company 7 per cent cumulative preferred stock can be purchased for \$100 a share plus the accrued dividend to date of payment for stock, or on a ten-payment plan of \$10 per share monthly.

While buying your stock you receive 6 per cent interest on the partial payments.

Management of the Idaho Power company is very conservative, and by investing in its cumulative preferred stock you receive 7 per cent per year, payable quarterly, for money loaned to a business already substantially and permanently established, yet having a large field for growth.

HELEN, DO YOU REMEMBER DONALD SPENCER WHOM YOU WENT WITH BEFORE YOU WERE MARRIED? WELL, HE HAS MADE QUITE A NAME FOR HIMSELF.

HAVE SOME MOTHER-TIME BROUGHT ME THESE?

HE WENT INTO THE AUTOMOBILE BUSINESS AND MADE STACKS OF MONEY. HE HAS A BEAUTIFUL HOME AND THREE OR FOUR CARS AND A CHAUFFEUR!!

THAT'S FINE! I'M GLAD TO HEAR IT.

AND HE WAS VERY FOND OF YOU TOO, HELEN DEAR! THEY'RE PLANNING TO GO ABOARD VERY SOON UNDERSTAND? YOU COULD HAVE HAD HIM EASY AS PIE TOO!

OH NOW FORGET IT! NOTHER!

WOULD YOU LISTEN TO THAT OLD BIRD RAVE! WONDERIF SHE THINKS SHE'S SHOWING SOMEBODY A GOOD TIME? SITTING THERE STUFFING MY CHOCOLATES AND CHATTING THAT OTHER GUY STUFF! ALL SHE'S THINKING ABOUT IS WHAT SHE WOULD GET OUT OF IT—THE OLD FOX!

WASHINGTON, May 4.—(General Public Gonzalez, long regarded by Carranza as his staunchest supporter, has joined in the revolution, according to advices today through official channels. He was a few miles east of the Mexican capital yesterday in command of two regiments of federal troops and had severed both railway lines extending to Vera Cruz.

General Gonzalez, however, had been through unofficial channels with the high military officers whom Carranza summoned in council, a few days ago, had supplemented their advice to him to resign with an ultimatum fixing May 15 as the limit for his tenure of office.

The announcement of the military group to force him out of office would go far, officials here believe, to account for the failure there has been met by Carranza in getting underway an offensive campaign. To date the revolution has moved forward in a series of steps, the first mentioning the ultimate overthrow of his military advisers were determined to follow a course that would inevitably involve the country in a civil

Leaders attending the conference said they contemplated inviting Alfonso to Paul, Mexican minister to France, under Carranza, to become minister of industry and commerce, a position he formerly held. Paul may have the post, it was said, if he will subscribe to the doctrines of the revolutionaries. Calles, rebel minister of war, until recently was a member of President Carranza's cabinet. Serrano, the chief of staff, had this position under Gen.
