CARRANZA FAST LOSING POWER OVER MEXICO

Forces Disintegrate Without Giving Battle to the Rebels.

MARCH TO BE MADE ON NATIONAL CAPITAL SOON

Prediction Made That 10,000 Troops Will Travel Through Chihuahua to Leading City of Nation.

By the Associated Press.
WASHINGTON, May 5.—Recognition of Carranza's rapidly diminishing power in Mexico was admitted by government officials today but the dispatch of a flotilla of destroyers to southern waters was not taken to indicate that foreigners are in immediate danger. "The six destroyers which sailed from New York will arrive at Key West tomorrow and will be in the harbor the next day," said the one that necessity urges. Before his departure, Captain Alyson Long, commanding the flotilla, conferred with the secretary of the navy who gave him instructions as to the policy to be pursued.

Development of the revolution as reported to the government has been so rapid as to convince many officials and especially army officers that Carranza cannot maintain his authority much longer, not so much because he is opposed by a formidable military force as because he commands an army that is daily dissolving before the regulars, instead of offering battle.

Rebel Doubts Regulars.
Information obtained through official channels has been the basis of an estimate that places the strength of the rebels at almost double that of the government. The co-ordination of the rebel forces has been hindered rather than aided by the rapidity with which new groups form in the different states and the promptness with which the federal garrisons have joined in the movement even before being directly threatened.

It is claimed that Carranza would have difficulty now in leaving the country supported by reports from federal sources.

TO MARCH ON MEXICO CITY.
JUAREZ, Mex., May 6.—Ten thousand revolutionary soldiers shortly will begin a march upon Mexico city from the state of Chihuahua, according to reports. The rebels have tonight by Jesus M. Churubusco federal judge of the Juarez district, recently appointed to aid in the transfer of federal funds here incidental to the change of government.

"Six thousand of the soldiers will come from Sonora," Senor Cuau said. "The other 4,000 will join the column on its way south from Juarez."

Seven hundred Yaqui troops from Camas Grandes have arrived in Juarez during the last few days, according to military officials here. Two hundred of this number reached here today.

Escalera Retains Command.
General Jose Ozalde Escobar, commandant of the three militia districts, will remain in charge of the marines here by orders of General Adolfo de la Huerta, provisional commander of the revolutionary army, according to Senor Cuau. General Escobar has been prodded by de la Huerta for action in joining the new movement, the Juarez attorney said.

Carlos Felix Diaz of Mazatlan, Sinaloa, will take charge of the custom house tomorrow. Jose G. Loya of Villa Ahumada, Chihuahua, has assumed control of the national telegraph office in Juarez. With band concerts, a military parade, a bull fight and patriotic speech making, Juarez will celebrate the national holiday of "Cinco de Mayo." The patriotic society and eight benevolent organizations of the town distributed 2,800 pieces of clothing to approximately 2,000 destitute boys and girls; gathered in the plaza of the custom house.

HONORS GENERAL ALLEN.
By the Associated Press.

COBLENZ, May 4.—The Belgian war medal has been conferred by King Albert on Major General Henry T. Allen, commander in chief of the American army of occupation.

KNOX DENOUNCES WILSON FOR MAINTAINING WAR

By the Associated Press.

WASHINGTON, May 5.—Senator Knox of Pennsylvania today opened the republican fight in the Senate for peace. Urging adoption of his resolution repealing the declarations of war against Germany and Austria, the former secretary of state spoke for an hour and a half to a crowded chamber.

The peace resolution, which Senator republicans proposed to substitute for the house measure declaring peace with Germany alone, was not formally introduced before the Senate, and after Mr. Knox's address, other business was taken up.

With a vote of the peace resolution by President Wilson predicted by both republican and democratic leaders, Senate procedure with the measure as it is in prospect, the republicans do not plan to call up the resolution until late next week, and Senator Hitecock of Nebraska, administration spokesman, will defer his remarks until then. Senator McCumber of North Dakota, republican member of the foreign relations committee, plans to speak soon, however, in opposition.

Senators Knox charged President Wilson with contending arbitrarily that the nation still was at war and with denying peace to America in order to coerce the Senate into ratifying without change the treaty of Versailles. The Senate declared that peace, legally as well as actually, now existed and that the proposed peace resolution was needed to end a "paper war status" and to strip the president of war powers.

DELAWARE SENATE VOTES FAVORABLY ON SUFFRAGE

By the Associated Press.

DOVER, Del., May 5.—The resolution to ratify the proposed federal woman suffrage amendment which had been in committee since March 24, was adopted by the Senate today upon the reassembling of the state legislature after a recess of two weeks. The vote was 11 to 6.

Only two republicans voted against the measure, and but one democrat supported it. Suffragists held a big demonstration in the Senate chamber after the vote was announced.

It is proposed to send the resolution to the house tomorrow, where speedy action on it is expected. Although the lower branch of the legislature defeated a similar resolution on April 24 by a vote of 22 to 9, suffragist leaders claim to have increased their strength sufficiently to ensure the concurrence of the house in the same measure.

Anti-suffragists deny this and declare victory in the house against ratification as it stands as ever, and that the measure surely will be defeated by that body.

URGE ADOPTION.

WASHINGTON, May 5.—Resolution to ratify the suffrage amendment was adopted tonight by the republicans congressional committee and transmitted to the speaker of the house at Dover. In view of the action of the senate today in voting to ratify, republican members of the house were requested to fall in line and make Delaware the 36th state to ratify.

NEW STEAMSHIP LINE TO SAIL FROM BALTIMORE, MD.

By the Associated Press.

BALTIMORE, Md., May 5.—Another steamship line is to be added to the lines sailing from this port. The Trans-Oceanic company, it was announced today, will operate a line between Baltimore and Rio and Yo-kohama.

The first sailing will be May 15, followed by a monthly service. The steamer Jumna Maru and Kalki Maru, each of 4,500 tons capacity, will be placed in the service. The route will be by the way of Panama Canal, touching at Vancouver, B. C., for coal.

GOMPERS-ALLEN DEBATE TO TAKE PLACE ON MAY 28.

By the Associated Press.

TOPEKA, Kan., May 5.—Friday, May 28, has been set for the trial of the Gompers-Allen debate on the Kansas industrial court law, according to information received by Governor H. J. Allen today. The debate will be held in Carnegie hall, New York.

CANADIAN LEADER PASSES.
By the Associated Press.

QUEBEC, May 5.—Sir Louis Amable Jeetze, Lieutenant-governor of the province of Quebec from 1898 to 1903, and chief justice of the provincial court of King's bench from 1903 until his retirement a few years ago, died here tonight. He represented the Dominion of Canada on the Alaska boundary commission in 1903.

—

FEELING HIS OATS

DOZEN VAUDEVILLE ARTISTS TO ADD GAIETY TO BIG SHOW

By the Associated Press.

The most expensive lot of entertainers which ever came to Twin Falls were given the tag of "the world's largest galaxy of stars" by the Chronicle Auto Show, all of guest week.

A full dozen star performers, all a world of experience of the big vaudeville circuits of this country, will be on hand for the opening and will remain for a show with an entire change of program each evening.

A stage has been built on the second floor of the big Majestic building, with dressing rooms as wings to the structure, and here the performers will be found each evening to brighten the hours and to add a bit of metropolitan gaiety to the greatest Auto Show Idaho has ever known.

Anti-suffragists deny this and declare victory in the house against ratification as it stands as ever, and that the measure surely will be defeated by that body.

URGE ADOPTION.

WASHINGTON, May 5.—Resolution to ratify the suffrage amendment was adopted tonight by the republicans congressional committee and transmitted to the speaker of the house at Dover. SCIENTIST CONVICTED OF KILLING OF HIS CHILD

By the Associated Press.

NEWARK, N. J., May 5.—Andrew Antel, a Christian Scientist, in night was found guilty of manslaughter by a jury in the court of common pleas for failing to provide medical treatment for his nine year old daughter, Dorothy, who died a year ago with what physicians diagnosed as nasal diphtheria. The girl had been provided with Christian Science.

The jury made a strong recommendation for clemency in returning its verdict. By order of the court, just returned a verdict of not guilty against the mother, charged with a similar offense because she allowed her son to lay the father is accused as "the head of the family" and responsible for the care of his children.

Counsel for Walker announced an appeal would be taken.

HUN TALK ON MARINES.

By the Associated Press.

LONDON, May 5.—A German delegation headed by Dr. Zeugner has arrived in London to settle with the maritime section of the reparations committee the question of the remaining ships to be handled over to the allies.

JOHNSON CONCEDES DEFEAT.

NEW YORK, May 5.—Defeat of Senator Johnson by Major General Wood in New Jersey primaries was conceded by Allen Trimble, New Jersey manager of the Johnson campaign in a telegram made public to-night.

WOOD RETAINS HIS LEAD IN IND. PRIMARY

Has Plurality Vote Over Johnson, Lowden and Harding.

CALIFORNIA SENATOR BESTS HOOVER 2 TO 1

Nugent of New Jersey Makes an Attack on Cummings; Says Edwards Can win the Presidency.

By the Associated Press.

INDIANAPOLIS, Ind., May 5.—With only 211,000 votes cast, or 2.57 per cent of the state's total, Indiana's most heavily populated state, more than that of Mass., Leonidas Wood, with 56,152 votes, in the republican presidential preference race, was leading Senator Hiram W. Johnson of California, his nearest opponent, by 5,400. Gov. Frank O. Lowden of Illinois and Senator Warren G. Harding of Ohio, the other two contestants in the race, were several thousand votes behind. The vote for 5,177 precincts was:

Wood, 56,152; Johnson, 52,662; Lowden, 36,362; Harding, 18,777.

No Democratic Candidates.

There were no candidates for the democratic presidential preference vote in Indiana.

The race between Wood and Johnson has been one of the closest in Indiana political history in recent years.

Unless instructed by the republican state convention which meets here to-morrow, the Indiana delegation to the national democratic convention, which will be chosen in the state convention by the delegates elected in yesterday's primary, will instruct the state law providers that only a majority of the votes cast bind them on the delegates.

In interest in the gubernatorial contest seemed to lag, when it became practically assured that Warren T. McRay would be the republican nominee and Dr. Carlton McCulloch, the selection of the democratic party.

JOHNSON NEARLY 2 TO 1

SAN FRANCISCO, May 5.—With 10,924 precincts tabulated and only Mono county, a sparsely settled mountain community, unheard from, returns from yesterday's presidential preference primary continued to add to the majority of the delegation that will support Senator Hiram W. Johnson at the republican national convention.

Johnson left for the convention.

The question of adding the western states to the "no" side was referred to the league by the supreme committee, composed last Friday on the theory that under Article XXV of the league agreement members already pledged themselves to take interest in the "affiliation of suffering throughout the world." Some Jugo-Slav and Czechoslovak troops are among the prisoners and the 200,000 internees is based only on those held in prison camps; those who have become amalgamated with the native population being stricken from the list.

The republican contest apparently did not interest as much as the strength of the democratic and prohibition parties. The fate of the independent candidate of Henry H. Children of Los Angeles, and the democratic ballot still was in doubt.

Interest in the contest apparently was turned to the strength of the democratic and prohibition parties. The fate of the independent candidate of Henry H. Children of Los Angeles received a very light vote.

ATTACKS CUMMINGS.

THENTON, N. J., May 5.—Declaring that the great unrest in the country and the drift toward radicalism was directly due to prohibition, James R. Nugent of Newark, one of the democratic big four from New Jersey at the national convention meeting of the democratic national delegates, together with the democratic state committee here today, vigorously attacked National Democratic Chairman Homer S. Cummings. He asserted that the full blooded and virile leadership of the democratic party was needed.

Nugent said that matters had come to a "pretty pass" when the democratic party of the nation had to be

BAIL FURNISHED IN HARMS CASE

Will Face Charge of Assault—Victim
of Shooting Is Resting
Easily.

Charged with making an assault with a dangerous weapon, John Harms was placed on \$2,500 bail when he appeared before Judge O. P. Duvall in the probate court yesterday. The money was given for his release. Bondsmen were John E. White, Bert Caldwell, Tom Stump and Harms' legal in-state attorney, May 12.

The accused, Dr. Charles H. Harms, told the court he had killed a man. Later the supposed dead man was found in the county hospital. The trouble which caused the shooting is alleged to have started over Harms' wife, W. T. Kennedy, the victim of the affair, is still in the hospital though reported to be resting comfortably.

Local Briefs

W. E. Correll of Three Creeks is spending a few days in Twin Falls looking after interests here.

T. A. Hayward of Boise arrived in Twin Falls yesterday afternoon with the expectation of remaining for a few days in the local office.

Mrs. Ada E. Butler of Harrison motored to Twin Falls yesterday afternoon to make a brief shopping trip.

Frank Ward of Albion arrived in Twin Falls late evening to make a brief business stay.

A. L. Hendrieles of Boise was a Twin Falls visitor yesterday. He recently returned from Boise where he participated in the rifle practice.

Dr. W. A. Sullivan, wife and baby, returned from a six week's visit at Salt Lake City. They reported a delightful trip.

Dean Permed Jane French was un-

available detailed from arriving in Twin Falls yesterday afternoon. She will arrive here tomorrow.

W. H. Craven of Hollister arrived in Twin Falls yesterday afternoon on a short business trip.

H. J. Hooper of Boise is in Twin Falls for a few day's called here by important business affairs.

J. T. Young of Pasco arrived here yesterday afternoon for a brief business trip.

John O. Eastman of Boise motored to Twin Falls yesterday evening to make a short stay here.

Miss Georgia Bell of Boise is spending a few days here holding private interests and visiting with friends.

Mrs. E. S. Ardis of Boise was among the out-of-town shoppers in Twin Falls yesterday afternoon.

Newell S. Wright, secretary of the chamber of commerce, who has been in Pasco during the past few days, is returning to Twin Falls this evening.

Doc. W. A. Payson is returning to Twin Falls this morning after a few days trip to Boise where he has been attending the ophthalmic association.

Robert L. Reed and Lucile Hammond of Twin Falls, who left last week for Salt Lake City, were married yesterday afternoon. They will return to Twin Falls in a few days to make their appearance.

D. L. ONeill of Pasco arrived in

D. Campbell of Jerome motored to Twin Falls yesterday afternoon and spent the day looking after affairs here.

CARD OF THANKS.

We wish to thank our friends and neighbors, also Dr. Leete, for their kindness shown us during the sickness of our baby, Marion, who has much improved at this writing.

TERM, AND 2018; W. J. DEISS.

PLAN FEATURES FOR INTERCLASS DAY

Four Classes Will Compete for Various
Honors—Two Classes Stage
Events at Lincoln Field.

Interclass-day-is-planned at the

high school today and certain features

will mark the advent of the close proximity

of the finishing lessons for the term.

At 10:30 o'clock the freshmen and

junior-sophomores will stage a

programme with Stan Stevens in Lin-

coln field. At the conclusion of the

sports games the juniors and seniors

will prepare for a flag race to be held

on the school campus.

During this event the seniors will

raise and attempt to defend a ring

while the juniors swarm about for the

purpose of pulling it from the ring.

INTERMENT: T. P. CEMETERY.

Funeral service for Mrs. Grace M.

Steering was held yesterday afternoon

at 2 o'clock at the First Methodist

church. The Rev. Alexander G. Ren-

eroff officiated. Members of the Kin-

herty Road Club were in attendance.

INTERMENT: T. P. CEMETERY.

BOSTON, May 5.—Foster's acquisition, with the bases full in the last of the 13th, enabled McNally to score, Boston defeating Philadelphia 4 to 3 today. In the last of the ninth, with Boston trailing 3 to 1, Foster singled, with two out, went unopposed to third and scored when Wallie muffed Scott's fly, the latter reaching second. James ran for Scott and Wallie

rebounded his first appearance of the season for Boston, batted for Watson. His double, right-fielder Jones with the dying run, caught the rest of the game.

Score: Boston 4, Philadelphia 3. Batteries: Kinney and Perkins; Bush, Pennock and Walters, Schaefer.

SENATORS' WIDY BEATEN.

WASHINGTON, May 5.—Rugged support behind Johnson cost Washington the opening game of the series with New York today 7 to 1, only one of the visitors being earned. O'Neill was split at short in the first inning and was relieved by Ellerbe.

Score: New York 7, Washington 1. Batteries: Mayo and Ruetz; John- son and Pfeinlich.

SE. LOUIS 12; DETROIT 4.

DETROIT, May 5.—Seven hits, an error, and a base on balls gave St. Louis eight runs in the fourth inning of today's game with Detroit. From then on the visitors had trouble in maintaining the lead.

THE CHEMISTS PAY

In an qualified analytical chemist with 10 years' industrial experience behind me," writes a "diagnosed citizen" to his newspaper, "and my present salary in \$1,500 a year, which works out at slightly over \$28 per week. I am considered a very efficient chemist, and so I am rewarded with the above enormous salary, which at the present purchasing price of the dollar is equal to about \$12. The profession is so commercialized today that it is in line with that of the ordinary trades, such as bricklayers, carpenters, plumbers, etc. The only difference is that we get about half the salary these mechanics receive. We are not unionized, and to my way of thinking we shall never get a square deal until we are."

Here is certainly food for reflection even to one who has reflected much on the present substandard of the "middle classes." It may be admitted that a professional chemist, or a doctor or minister or expert bookkeeper is not necessarily "any better than" a bricklayer or carpenter. But he has certainly spent a great deal more time, effort and money in qualifying himself for his profession than the average mechanic has spent qualifying himself for his trade. Thus, quite aside from any other question it is evident that on purely economic basis the skilled brain worker should naturally expect a higher rate of pay for his services than the skilled hand-worker.

It is a strange social and economic to-and-fro when manual work of no great difficulty requires only a short period of apprenticeship, is reckoned twice as valuable as difficult mental work which presupposes long arduous toil of education as well as exceptional intelligence. This incongruity becomes all the more apparent which such a professional man as this chemist is composed, ability for ability, and service for service with the unskilled laborer who, in countless instances, now receives more than he does.

"And how long is this absurd situation going to last? Will it be necessary as the chemist suggests for the professions to organize unions and enforce their right to a fair compensation, as the traders have done? If they do, nobody can blame them; least of all, the employer who is exploiting them."

SAFETY ON LADDERS.

Just when is a ladder safe, both for the man working on it and the people walking under or near it? Safety News has worked out a diagram indicating that the angle of 75 degrees offers the maximum of safety. An easy way to secure this angle is to find the length of the ladder, and then place the ladder feet one-fourth that distance from the vertical surface it

leans against. This angle prevents underrunning or slipping, and yet gives the workman at the top of the ladder a good grip.

The "Scientific American" also recommends that safety points be put on the feet of all portable ladders so that they may get a good grip of the ground.

The one superstition which always seems to have real sonic back of it is that it is unlucky to walk under a ladder. There is always danger of the ladder slipping, or the fact of a sudden or unforeseen movement of the pedestrian making it slip, and even if the ladder stays in place, there is a danger of the dropping over of paint or dropping of nails or small objects used by the worker.

The knowledge of the simple rule of prudence given above should induce to make ladders safe for everyone.

WASTED TREES

Lumber experts estimate that more than half of the timber cut in this country is wasted. Some of them put it as high as 60 per cent. There is a great deal of waste in the stumps, tops and limbs. There is waste in the big timber and the sawdust, waste in the seasoning, waste in the planing and other manufacturing processes.

A great deal of this waste, perhaps most of it, is said to be preventable.

The sawdust and other debris that usually clutters the vicinity of a sawmill could be turned into wood alcohol and if efforts being made at Madison, Wis., are successful, that wood-alcohol may be refined into a perfect, non-poisonous equivalent of grain alcohol. Vast quantities of discarded bark could be used for fueling or other purposes. Resinous woods have their content of turpentine, etc., glands and small pieces could go to the manufacturer of small wooden articles of various sorts. And for wooden debris of almost any kind there is always the possibility of alcohol or paper pulp. These last two are especially worth considering at the present time because of the increasing shortage of gasoline and paper.

Here is one of the most important and promising fields of conservation that ever offered themselves. Restoration is going to be of little use unless lumbermen and manufacturers reform their methods of handling the timber that is cut.

It is a strange social and economic to-and-fro when manual work of no great difficulty requires only a short period of apprenticeship, is reckoned twice as valuable as difficult mental work which presupposes long arduous toil of education as well as exceptional intelligence. This incongruity becomes all the more apparent which such a professional man as this chemist is composed, ability for ability, and service for service with the unskilled laborer who, in countless instances, now receives more than he does.

"And how long is this absurd situation going to last? Will it be necessary as the chemist suggests for the professions to organize unions and enforce their right to a fair compensation, as the traders have done? If they do, nobody can blame them; least of all, the employer who is exploiting them."

WOMEN'S AUXILIARY AMERICAN LEGION

The Women's Auxiliary of the American Legion will meet at the Hotel Peterson Friday evening instead of Thursday as previously announced.

This will be a social meeting and all members of the American Legion are invited to attend. All mothers, sisters and daughters, wives of service men are eligible to membership in the auxiliary and are urged to join at this time. The charter will be closed after Friday, but anyone unable to attend the meeting may send her name and dues to the secretary, Mrs. C. H. Kringel, 354 Third Avenue East. The membership fee and dues are \$2.25--Adv.

Following county warrants will be paid upon presentation at the County Treasurer's office in Twin Falls, Idaho.

County Hospital warrants, Nos. 667 to 705 Inc., 1919 Series.

County Hospital warrants, No. 1 to 33 Inc., 1920 Series.

Interest will cease on the above warrants May 16th, 1929.

GETTING READY FOR THE FRACAS

Two for Main Event Team Daily Preliminaries in Readiness—Sem-Artists Ready.

End of the padded mitt game is anxiously waiting for the arrival Friday night to witness the 25 round of scheduled boxing at the Loring Theater. Al Nelson of Boise and Jack Ryan of Memphis, Tennessee, in the main bout, are in training every afternoon and night trying out their jabs, which will be seen on the fight of the presenters at the glove show, Lester Mouser of Elmer will referee.

The preliminary scrappers are already in shape for the fracas and are evincing a desire to get into the ring space. Those who will participate on the certain rascals are Wallington Wallack of Bush vs. Roy Cunningham of Butte vs. Jack Shandoff of Twin Falls.

The semi-final will consist of a match between Billie Woodhead of Twin Falls and Young Rice of Burley. It will be remembered that Woodhead was knocked out in the first round at the right shoulder at Rupert this evening. An exhibition of merit is expected in this bout. The last two mentioned when they finish tomorrow night might as they both are training in earnest for the event.

TWIN FALLS PLAYS RUPERT TODAY

Expect to Early Cup Contest—Boise Coming Friday and Saturday.

At Lincoln Field this afternoon at 3 o'clock the baseball game between the Twin Falls and Rupert Americans will be called. The local men were in practice yesterday afternoon and evening shadowing the fielders and the two games scheduled were those Friday and Saturday will be the final ones on the card for the season. Those who will play this afternoon are: Jamieson, Fix, Kringle, King, Thomason, Tucker, Phillips Watson. Two subs, Decker and Pitzner, will be holding for emergency.

All members of the local teams are in the best of condition and when the game starts this afternoon Coach Domman feeds into the local followers of the sphere will emerge winners.

The team comprises a set of fast and original players, said Domman, and with the entire interest in the baseball registered there is not the chance of several of young bats or the come-uppers with the ball.

After the heating died in the Wednesday played on the local diamond Tuesday, the men are not swelled up with the thought they are invincible.

According to Domman, they are rather in a more serious mood and valuing daily practice with new vim and enthusiasm with the idea of showing by repeated action with the local diamond they are superior in the great American game, besides stellar attractions & various athletic meets.

ALL FOR COUNTY WARRANTS

The following county warrants will be paid upon presentation at the County Treasurer's office in Twin Falls, Idaho.

POST PROTESTS CLOSING OF HOUSE INVESTIGATION

By the Associated Press.

WASHINGTON, May 4.—Failure of the quadrennial Episcopal address yesterday, to mention the inter-church world movement, brought forth protests today at the general conference of the African Methodist Episcopal church in session here.

Many delegates spoke in favor of the movement and, in motion we adopted insuring that the bishops prepare a supplemental report setting forth their views of it.

The general report showed receipts for the last four years were \$1,053,000, an increase of \$202,000.

Mr. Post charged that the house immigration committee had withheld "important and impartial testimony which is believed to be favorable to me." In presenting a review of some cases in which decisions have been made by him, further, he wrote, that his official judgment, save for criminal violation of law, may be challenged only by impeachment.

Besides asking opportunity to testify and produce witnesses in his behalf, Mr. Post requested that the Yates committee require that definite and comprehensive charges against him be lodged with the committee and that evidence, while he had been kept secret by the immigration committee, be included in the record of the investigation.

Conceding the cancellation of 1,000 warrants for arrest, Mr. Post said that such action by him was necessary because of "defect, failure or complete absence of proof or other adequate reasons."

After receipt of the letter, Chairman Campbell reiterated that the committee did not intend to call Mr. Post as a witness, but that he would be heard whenever he presented himself.

By the Associated Press.

BOISE, Idaho, May 4.—William Wild, an inmate of the Idaho state penitentiary here, is dead, and J. C. McDonald another convict, is in solitary confinement awaiting trial for murder. Wild died today after being hit on the head yesterday by McDonald during an alteration in the prison barber shop. The weapon McDonald used was a piece of 2x1 planking. Both men were serving indefinite sentences from 1 to 14 years. Wild, for horse stealing and McDonald, for breaking into a drug store to steal cocaine. Nothing is known of McDonald's antecedents, but Wild is survived by his 75-year-old mother, who lives at Albany, Ore.

By the Associated Press.

BUFFALO, N. Y., May 4.—The charge that the Buffalo Evening News, after putting into type last week certain portions of Elbert H. Gary's testimony before the Senate steel investigating committee, was freed to change it under pressure from the typographical union's shop chapel, was vigorously denied today by Edward H. Butler, owner of the paper. The allegation was made in Washington yesterday by E. J. McCormick, general manager of the Buffalo Commercial, before the Senate committee investigating news print.

peace, that, hereafter, if arrests based upon acts of a political nature are made in Ireland by any form of authority, the right of trial shall without unnecessary delay be accorded to the accused."

AFRICAN METHODISTS WANT INTER-CHURCH MOVEMENT

By the Associated Press.

ST. LOUIS, Mo., May 4.—Failure of the quadrennial Episcopal address yesterday, to mention the inter-church world movement, brought forth protests today at the general conference of the African Methodist Episcopal church in session here.

Many delegates spoke in favor of the movement and, in motion we adopted insuring that the bishops prepare a supplemental report setting forth their views of it.

The general report showed receipts for the last four years were \$1,053,000, an increase of \$202,000.

Mr. Post charged that the house immigration committee had withheld "important and impartial testimony which is believed to be favorable to me." In presenting a review of some cases in which decisions have been made by him, further, he wrote, that his official judgment, save for criminal violation of law, may be challenged only by impeachment.

Besides asking opportunity to testify and produce witnesses in his behalf, Mr. Post requested that the Yates committee require that definite and comprehensive charges against him be lodged with the committee and that evidence, while he had been kept secret by the immigration committee, be included in the record of the investigation.

Conceding the cancellation of 1,000 warrants for arrest, Mr. Post said that such action by him was necessary because of "defect, failure or complete absence of proof or other adequate reasons."

After receipt of the letter, Chairman Campbell reiterated that the committee did not intend to call Mr. Post as a witness, but that he would be heard whenever he presented himself.

HOUSE MEMBERS PROTEST TREATMENT OF IRISH

By the Associated Press.

WASHINGTON, May 4.—A cablegram, signed by 88 members of the house, protesting against imprisonment without arraignment or trial of persons arrested in Ireland for political offenses was sent today to President Woodrow Wilson and the British parliament.

The message read:

"With the profound conviction that further wars and acts of war should be avoided, and believing that scholastic arrests without arraignment or trial distract the peace and tranquility of a people, are destructive of human rights, and are at variance with that principle of liberty which is embodied in the United States constitution in the provision—that no person shall be deprived of life, liberty or property without due process of law," the undeveloped members of congress of the United States of America, protest agains further imprisonment without arraignment or trial of persons residing in Ireland arrested for acts of a political nature; and we ask in the spirit of American freedom and justice, that our friends in the people of England and Ireland, and in the name of international

SALT LAKE TRADESMEN HERE TODAY

Will Be Met at Station by Business Men, Then Conducted to Shoshone Falls

CITY'S FEATURES WILL BE EXPOUNDED TO GUESTS

Twin Falls to Hold Reception and Smoker in Parrish Hall to Remain Here Over Night.

More than 100 Salt Lake residents will arrive in Twin Falls this afternoon at 2:10 o'clock; according to officials of the chamber of commerce. They will be taken on a tour to some of the prominent beauty spots after leaving the train at the station; several business men of this city will meet them, it was announced.

In the evening a reception and smoker will be enjoyed at the Parrish Hall. A special train will convey the Utah men on their itinerary which includes 54 cities in Idaho.

Accompanying tradesmen on their trip in the Ariel orchestra of Salt Lake and it is said that the musicians will be available for all entertainments which are scheduled, also that Twin Falls' entertainment committees should feel at liberty to call upon them at any time during the sojourn here.

To Hear of Features.

Some of the promising features of this city that will be called to the attention of the tradesmen regarding the district's commercial growth will be that from the beginning of this year there has been up to and including May 1, 25 new business houses erected and several already open for business, said Newell Wight, secretary of the chamber of commerce.

Contained in the building process are three garages, three automobile repair shops, an auto parts establishment, two grocery stores, a music company, three cafes and restaurants, tailors, shoe repairing establishments, plumbing and metal shop, one building supply company, drug store, stationary store, two office buildings. Store space will be furnished for three other business concerns on the ground floors along with the new Elks temple.

Besides the following it is said that the wholesale district contains 15 blocks surrounding the two Owasso Mills, railroad stations and freight yards, and several new storage houses together with enlargements and buildings improvements have been necessitated owing to the increased business.

Noted among the principals are the enlargement of a wholesale oil yard, making a more spacious transfer building and the reconstruction of a contractor's plant.

Many Public Buildings.

Regarding the public buildings, those adding to the greater expense of Twin Falls, are buildings that are now under construction, namely, two churches, Elks' temple, high school addition and a labor temple. The total cost of the aforementioned will be \$755,000. In addition to these a hotel company and theater corporation recently organized will commence building operations in the near future, said Secretary Wight.

Several new homes have been erected and scores of others are being planned, said the secretary. Two new apartment houses now under process of construction will cost \$200,000 each and one is nearly completed. As a whole this city is showing signs of great growth, he said.

The Salt Lake visitors will remain over night in Twin Falls and leave here early the following morning for Jerome. It is expected the trip will be completed on Wednesday, May 2.

COMMANDS CHRONICLE ON BEING CREDIT TO CITY

B. B. Slocum of Bush sent a letter of recommendation to The Chronicle yesterday and stated that he wished to have the paper sent to his address for an indefinite period. Mr. Slocum was visiting in Pennsylvania and during his sojourn there compared this paper with others in eastern towns. "The regular chronicle published in Twin Falls is credit to the city and cannot be surpassed by other journals of the same size," he said.

NEEDLE WORK TO BE ON DISPLAY

credentials to settle the contests between dual delegations from Jackson feated by imperialistic powers and Buchanan counties. No business may be transacted by the convention until the question of which of the rival delegations is to be seated in this permanent reorganization has been determined.

SOCIALISTS OUTLINE ISSUES
NEW YORK, May 5.—A forecast of the issues that will figure in the campaign manifesto of the socialist national convention opening here next Saturday, made public tonight from socialist headquarters, included demands for "recognition of soviet Russia, the independence of Ireland and self-determination for small nations."

He said that the republican party had lost its opportunity and it had failed; that not only had it thus throttled the treaty of peace, "but after a year of sterile doings, it could not record the passage of one single constructive measure."

America acted like "a veritable crusade" bringing quick results.

Sewing Girls' club leaders under the auspices of the local club leaders will give a display of their handicrafts this afternoon at Syringa. Different finished products of the needle will be shown at the exhibit which will be devoted to the communities in which they are held; it was announced at the farm bureau by County Club Leader A. L. O'Reilly.

Another will be staged Friday at Poplar Grove and the third one until the festival which is scheduled for Bush in the near future will be held at Bush Saturday afternoon. Mr. O'Reilly inspects the work which the girls have put into their projects, plays up the articles they have dressed, aprons and house-caps to be used by the mothers, it is said.

When the annual festival is held, each community will send work that was previously allotted to them and it will be displayed for the inspection of the public that they may ascertain the progress made in the girls' sewing clubs.

WOOD RETAINS LEAD IN INDIANA PRIMARY

Continued From Page One.

With the leadership of Mr. Cummings, who was one of the leaders of Senator Underwood's available, Mr. Nugent made it plain that he did not intend to gather the leadership of Mr. Cummings and declared that the democratic party could win the presidency with Governor Edwards as its candidate.

ELECT ANOTHER SET.

VICKSBURG, Miss., May 5.—The regular republican party of Mississippi at its state convention here today selected delegates at large who seek recognition at the republican national convention. Delegates already have been selected by the "Mississippi republican party." The "Mississippi republican party" delegates were instructed for Maj. Gen. Leonard Wood,

COMMITTEE FAILS TO REPORT.

100,000 PRESCRIPTIONS WERE FILLED BEFORE NUMBER 40 FOR THE BLOOD WAS DISCOVERED

J. C. Mendenhall, Evansville, Ind., spent 40 years in the drug business, compounded over 100,000 prescriptions, and for 10 years, 40 for "bloodless" tones discovered. 40 for an old doctor's prescription has cured the worst cases of blood troubles, chronic rheumatism, catarrh, constipation, stomach trouble, indigestion, functional nervous disorders, skin eruptions, such as eczema, sores, ulcers, pimples, etc. Thomas Anderson, 42 Linden St., Winston Salem, N. C., writes as follows: "I thought I would write and give you my experience with your great medicine, Number 40. For the past 10 years I began to take Number 40 for my suffering with chronic stomach trouble, could not eat anything without great distress, was run down, weighed 120 pounds. I improved from the start, and am now on my fourth bottle. Can eat anything I want, weigh 156 pounds and feel like a new man and wish to thank you for the wonderful benefit I have received by taking this wonderful medicine. Sold by Rogerson Hotel Pharmacy.

\$1.98, \$6.98 and \$7.48.

ROBINSONS

There are two features that are specially worthy of note in connection with the sale of the stock of goods in this store, mentioned below.

The quantity of merchandise sold and the amount paid for it is remarkably large for the time of year and when the weather conditions and other "attractions" are taken into consideration, it is really surprising that the volume of business has been so great, in fact hard to believe.

Even more noteworthy is the fact that the goods can not be replaced at wholesale for the prices at which they are being retailed, it can be readily understood what an opportunity this is.

In other words, when a thousand dollars' worth of goods are carried from this store in a single day, as has been the case in more than one instance during this sale, and no doubt will be done again, the same quantity and quality could not be replaced at wholesale for the amount paid for them at retail. Just stop and think what this means to those making these purchases.

The most gratifying thought in all that has occurred during the busy days of the sale is the many, many kindly words that have been spoken by those who have helped to make this business one of which I am proud, and the sincere expressions of regret that it is not to be continued here.
