

## LEE DISMISSED AT GOODING COURT

United States Officers to Take Him to Salem on a Charge of Bank Robbery.

Charles (Jack) Lee, who was arrested about two weeks ago at Gooding, supposed to be the leader of an organized gang of burglars, was tried at the Gooding court yesterday and released at noon. Two United States officers from Salem, Oregon, appeared for him. Lee was taken to that city last night. He is wanted in Oregon on the charge of bank robbery, according to the sheriff's department. Owing to the more serious charge was among the Twin Falls business city. It is reported that he was dismissed after the trial had been heard in the Gooding court. Enough evidence was produced to convict him, may the officers, but it was decided to allow the Oregon officers to return with him to Salem and have him placed before their court. After getting Lee at Gooding the

United States officers took him to Shoshone as other business pertaining to the government had to be transacted before their departure. They left Shoshone last night at nine o'clock.

## Local Briets

Mrs. Francis Lee Johnson of Mur-rough motored to Twin Falls yesterday afternoon for a brief shopping trip. While here Mrs. Johnson attended The Chronicle Auto Show.

Mr. and Mrs. Guy Shearer of Elmer W. H. Pavey of Elmer motored to Twin Falls yesterday afternoon.

Mr. and Mrs. W. A. Glasgow of Buhl were among the out of town visitors in Twin Falls yesterday afternoon.

While here they attended the Twin Falls Chronicle Auto Show.

Senator and Mrs. Hulse of Jerome motored to Twin Falls yesterday afternoon on a brief combined business and pleasure trip.

L. M. Sweezy of Boise arrived in Twin Falls yesterday afternoon and will remain several days looking after business matters.

While here he will visit at the home of his parents, Mr. and Mrs. M. J. Sweezy.

Mrs. Elmer E. Hoag of Elmer was among the Twin Falls shoppers yesterday afternoon. Mrs. Hoag returned home last evening.

Mr. and Mrs. M. B. Taylor of Hansen motored to Twin Falls yesterday forenoon and remained during the day.

C. L. Harden of Hagerman is in Twin Falls for a few days called here by urgent business affairs.

FUNERAL SERVICES FRIDAY

FOR LATE RALPH COX

Funeral services of Ralph Cox, son of Mr. and Mrs. T. R. Cox of Twin Falls, who died at the county hospital yesterday after drinking a strange concoction Sunday, will be held Friday morning at 9 o'clock in the Catholic church, Father J. J. Koyser will officiate. Interment will be in the Twin Falls cemetery.

Cox was an ex-serviceman and a member of the American Legion. Legion members will form into a cortege and will march to the grave. When the body is ready for burial the ritual will be performed and to mark the fact service performed for Cox a firing squad will fire a volley over the grave. Military honors will be given the ex-serviceman.

TWO BRIDGES FOLLOWS BY CANAL WATER RUSH

Two bridges were said to be endangered from water that was run into canals yesterday. One is the Rock Creek and the other bridge is in the southwestern part of the city.

Owing to the structures being placed in such close proximity to the bed of the canals the rush of water was so severe that both were followed and reported to the Twin Falls Highway district office to be in bad shape.

Workers will be notified and the bridges will be strengthened this morning it is announced.

## TO INSPECT LOCAL RECRUITING STATION

Captain Lee From Utah City to Arrive This Noon—Army Men Doing Extensive Advertising

Assistant Inspector Captain Alva Lee, of the army recruiting stations in this district, with headquarters at Salt Lake, Utah, will arrive in Twin Falls this noon to inspect the local station, according to Sergeant R. M. Crowley. With his appearance here it is expected that the usual schedule of the recruitments organized at the Utah City will be announced.

The team became a realized ambition of the officers traversing the district about two weeks ago. Sergeant Crowley was selected for the sphere losing nine but did not accept, owing to other matters which were considered more important in his life of work.

During the past two days two men from the local office have been on an extensive advertising campaign in

towns within a radius of 20 miles of Twin Falls.

FUNERAL SERVICES HELD FOR MRS. MULLIKEN, AUTO VICTIM

Funeral services for Mrs. J. H. Mulliken were held yesterday afternoon from the Grossman chapel. The Rev. Arthur H. Brand officiated. Interment was in the Twin Falls cemetery. Mrs. Mulliken was killed when an automobile in which she was riding Sunday was overturned on the road to Burley. The car was hurled to one side of the road and Mrs. Mulliken was pinned underneath, dying from a broken neck.

CLUB MEETING POSTPONED. The Winwood club meeting, which was scheduled to be held at the home of Mrs. Babcock, has been postponed for two weeks.

WILL ERECT POPCORN STAND Charles Underwood was granted a building permit yesterday by City Clerk Minnick. He will erect a popcorn stand on lot 14, block 71, of section at an estimated cost of \$150.

## PLANT QUARANTINE BOARD MEETS TODAY

Western States Meet in Salt Lake to Fight Against Pests.

SALT LAKE, May 11.—A call for the second annual meeting of the western plant quarantine board to be held here May 11-13, inclusive, has been issued by G. W. Hecke, director of agriculture of California, who is chairman of the board.

The western plant quarantine board was organized at Riverside, Cal., in May, 1919, with a membership composed of the quarantine officers of the 11 western states, the territory of Hawaii, the province of British Columbia, and the northern district of Lower California.

The purpose of the organization is to protect the western states, provinces and territories as a whole against the introduction of plant pests and diseases not established west of the Rocky mountains by promoting uniformity of action in the prevention and enforcement of quarantine regulations and to protect each other through close association enabling a better understanding of the quarantine problems in each state.

The efficient and harmonious solution of many complex problems which

have arisen during the first year of the existence of the board has proven conclusively the need for such an organization. It has become more and more apparent that there is much good to be accomplished through co-ordinated effort by the different states, and the program for the second annual meeting embraces subjects of vital importance to the United States in general and to the West in particular.

The tentative program follows in part, and especial attention is called to the fact that the representatives of each state will report fully on the work and problems of his jurisdiction. Address of welcome—Gov. Simon Bamberger of Utah.

Opening address—G. W. Hecke. Reports of quarantine officers. "Under What Conditions Should a Quarantine Be Modified or Repealed?"

"Transportation Agents as Potential Quarantine Officers."

"Handling of Imports of Plant Products in the Mail."

"Quarantine Methods Against Cotton Pests."

DENMAN LEAVES FOR HIGHER CALLING

George Denman, biology and animal husbandry teacher at the local high school, has announced his intention of pursuing home project work this summer in this city until July 1, when he will leave for his new duties as supervisor of agricultural education for this state.

His headquarters will be in Boise in the government building.

Mr. Denman has been at the Twin Falls high school for the past three years in charge of the department of agriculture. He has been a decided success in the agricultural line at the school since his incumbency and built the classes from a membership of 21 to the number of 75 at the close of this school year.

In addition to the vocational duties at the high school Mr. Denman has been interested in baseball and the team has made excellent showings under his coaching. It is asserted.

MANUAL TRAINING INSTRUCTOR KEEPS IN TOUCH WITH WORK

Donald Robey, manual training and track instructor at the Twin Falls high school will leave for Boise Friday noon where he is to accept a position with a building contractor for the summer months. He expects to drive there in his car.

Wishing to keep in touch with contemporary methods in the building line and carpentry work he will pursue that calling for two months, after he may become more efficient in the instruction of manual training.

Mr. Robey is a machinist by trade and has served his apprenticeship, therefore is more capable of performing the duties allotted him at the local school, say school officials. He will return to Twin Falls Aug. 1, and prepare for the new work next year, he said.

WILL TAKE BODY TO UTAH CITY FOR FUNERAL SERVICES

D. W. Dundee, friend of the Anderson family, arrived here yesterday noon from Salt Lake, Utah, to look after the belongings of Earl Anderson, who died Sunday evening at the county hospital. He had been indulging in a strange mixture and was taken from the orphan rooming house to the county hospital where he succumbed shortly after his arrival there.

The body will be taken to his home in Salt Lake City where the funeral and burial will take place. Mr. Dundee will leave with the body this noon. Owing to the lad's father being unable to come here a friend was asked to get the particulars and remove the body to the Utah city.

CARD OF THANKS.

We wish to thank our neighbors and friends for their kind and tender sympathy shown us during the sickness and death of our little darling, Verdon Lee.

By the Associated Press.

NEW YORK, May 11.—Men prom-

inent in the business and literary life of New York will gather at 11:30 o'clock tomorrow morning in the church of the Ascension to pay last tribute to William Dean Howells, novelist and man of letters, who died in his sleep at his home here early today. He was in his 84th year. Rev. Dr. Percy Stickney Grant, an old friend, will officiate. While at Savannah, Ga. three weeks ago Mr. Howells caught a severe cold which developed into influenza. He was brought home and his son, John Meade Howells and his daughter, Mildred, were with him when he died.

In accordance with the novelist's wishes, his body will be cremated and the ashes taken to Cambridge, Mass.

## Is Your Car a Tramp?

The greatest cost of running a car is the rapidity of depreciation. And this depreciation is sure to be excessive if your car is exposed to the weather.

We will help you build an attractive garage that provides shelter and security. Really your car is not safe without it, and your place not complete.

## A Simple Matter

With the blue prints, specifications and list of building materials for the garage shown above, it is a simple matter to build, and we will supply these aids absolutely without charge.

The design we suggest makes the most economical use of lumber and building materials. It provides for a building 14x20 which insures ample space and has all the conveniences of the modern garage. This building may be erected with or without a concrete foundation. It is roofed with shingles and provided with a windowed side door which adds to the light and ease of entrance.

However, if you will consult with us, our architects will gladly get up complete working plans which embrace your particular needs or desires.

To help you solve your building problem is a pleasure. Stop in today.

## PROHIBITION HELPS THEATERS.

The theatrical people used to fear that prohibition would mean the death knell of their business. They have had a pleasant surprise. One of the leading producers said the other day:

"Prohibition and the legitimate stage are good friends, and why not? The dry era has meant millions in the theaters' coffers, and just staved off a disastrous period." He estimated that prohibition has increased theatrical receipts 50 per cent.

It seems quite possible. The legitimate stage has certainly had a wonderfully prosperous season. Before the country went dry it seemed imperiled by the movies. Now there is obviously room for both, and plenty of money for both.

No doubt people are spending on shows a great deal of money that they used to spend on liquor. Prohibition gave them the wherewithal, and at the same time an idea of how to spend it. Men must have amusement. Now that there are no more saloons, thousands who used to find diversion enough in them naturally turn to the theaters instead. And despite the much-deplored "low standards" of the American stage, it does seem as if those standards are a little higher since plays have been subjected to the judgment of entirely sober audiences.

## THAT EXTRA HALF HOUR.

A good deal is being said about the fact that if all the workers now in the country were to put in an extra half hour every day on some bit of productive work the labor shortage would be made up for. Just how a man or woman with a day of definite length, containing its definite tasks, can put in the extra half hour is not clear to many people who would like to put it in and thus reduce the cost of living.

The first essential to success in this undertaking is imagination. The worker must be able to look beyond his immediate task, all the way along the chain of workers and back around to himself again. Fortified with this power to see effects reaching out at long distance from his small causes, he can find dozens of ways to utilize his half hour to aid the country's shortage and his own well being.

There is, for instance, the possibility of studying and reading along the lines of his job, so that he improves his own producing ability.

## OUR GREATEST PIONEERS.

This year is to be marked by the celebration on a large scale of the 300th anniversary of the landing of the Pilgrims. No better effect could be secured from this celebration than a revival of interest in the history of those early adventurers—the story of their lives before their coming to this country and in the days that followed; their journeyings from England to Holland and their sojourn among the Dutch, of which too little is known by most people; their voyage to this country and the record of their struggles to establish homes and a free government. And at the same time it might be well to refresh the public memory regarding the early Virginia settlers, of which the North knows too little.

Every bit of this history is as thrilling as the most exciting movie of modern days. No hero of the film ever had to contend with more obstacles and perils than confronted these brave and determined pioneers. Nobody can refresh his mind with this story and not be inspired anew with

patriotism, with pride, and with the resolve to keep America to the utmost of his ability as its creators, alike in the North and the South, meant it to be.

We read endless trash, we talk lightly of revolution, we belittle many of the things for which the Pilgrim Fathers and the Cavaliers and the rest lived hard lives and died heroic deaths. Let us turn to the histories, and read their story over again. We shall be the better citizens for doing it.

## CANNED GOODS TO BE SAFE.

In order to protect users of canned goods from improperly prepared or unfit foods, as well as "to put the industry as a whole upon a higher plane and in a better light before the public," the National Canners' association has inaugurated a very comprehensive inspection service. Under the plan all goods which have passed the required tests will be marked with a special seal with which the public is to become familiar through a comprehensive campaign of advertising.

The personnel of the present inspection service has been increased by the addition of men of high qualifications for this service, among them A. S. Daggett, formerly food and drug inspector for the United States department of agriculture at San Francisco; R. S. Hiltner, formerly employed by the United States bureau of chemistry, and Louis Garcelon, long supervising inspector in connection with the Maine sardine canneries, under the association.

This announcement is reassuring to the public, and will help to counteract the panic of apprehension in regard to canned goods which some scattered cases of poisoning have aroused. As a matter of fact, these cases were nearly all traced to one source, and the chief cause of the trouble was found to be improper sealing of glass containers, due to the use of poor rubbers.

It is impossible that the canning business should be so carefully conducted. Every condition should be of the best, including quality of food, clearly surroundings, healthy operators and sanitary canning processes. All these things can be secured under inspection such as is planned, along with supervision by the public authorities.

Some matter-of-fact person proposes a law requiring that shoes be made out of leather. First thing we know, somebody will be demanding that silk stockings be made of silk, and that maple sugar shall come from maple trees.

Another sign of the times: Delegates to the "hoboes' convention" in Cleveland went to the city hall and entered a formal protest against the sanitary condition of lodging houses.

"There is a tide in the affairs of men which, taken at the flood," sweeps a good many ambitious patriots 'way up Salt river and leaves them stranded there.

Thousands of men and women are paying physical culture experts good money to reduce their fat, when they could do it for themselves by digging a garden.

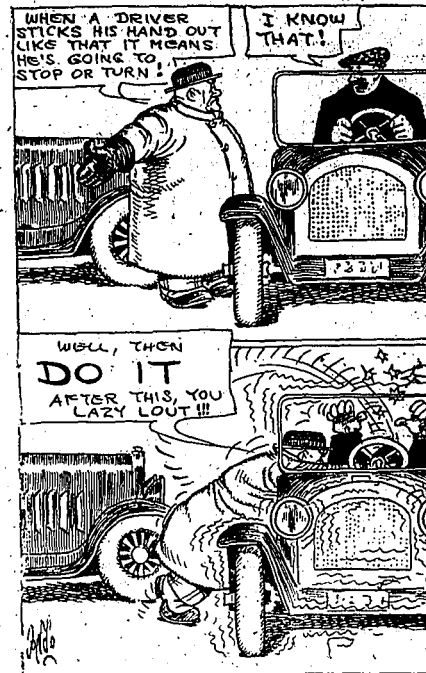

If the scarcity of farm help gets worse, the farmer will have to start his next day's work the night before.

"The American people are sound as a nut," says General Wood. Well, they have certainly been acting pretty nutty.

The farmer, as usual, is busily saving daylight in his own way.

The pretzel is said to be disappearing. Because of the high cost of varnish?

## OUTBURSTS OF EVERETT TRUE

## ALL DISPLAYS COMPLETE FOR AN INSPECTION

Continued From Page One.

They will tell not only what is shown at the great auto show, but give interesting sidelights which will enable the visitor to the more intensely enjoy the exhibits.

Then will there also be the daily airplane stunts by Aviator Hugh Barker, which, at high noon, thrill the people and send their blood licker-split up and down their spinal columns. The airplane program for the week includes thrillers which will win the applause of every witness to them. The story of this program is told elsewhere in this issue.

Tonight more room will be provided for the dancers, so that they may have the full swing about the ground floor, up and down and across connecting the two broad 25-foot aisles their full length 125 feet, giving what amounts to two big dance floors connected in "U" shape. The music, superb for dancing, is accompanied often by song, so that a Mardi Gras touch is given the whole.

The music for the dances is provided by the Bush Troubadours, which have won the popular fancy in Twin Falls by their splendid bills each night, always new, never repeated, by their inspiring and spirited dance music, and by their liberality

with encore. This dancing is free to all patrons of the Auto Show, as is also the vaudeville, a fact which is adding greatly to the popularity of the entire show. Verily, as the circus man says, it is up one aisle and down another, one continuous round of pleasure.

## REBELS FAIL TO CAPTURE CARRANZA

Continued From Page One.

Officials indicated, that called for action by the Washington government. To Consider Recognition. The question of recognition of the new government apparently in process of formation in Mexico may arise soon. It was reported today that plans for asking recognition were being presented, however, and officials here believe there must be considerable developments in Mexico before it could be forwarded with reasonable expectation of acceptance.

The fate of Carranza still remains in doubt. Official advice threw no light on his present whereabouts. He was variously reported unofficially, as prisoner and as a fugitive after escaping from the hands of his captors. The superintendent of Oklahoma was enroute from New York to Key West tonight, but reports from Captain Long, commanding the destroyer force now distributed along the east coast of Mexico, told of no disorder. The movement of the battleship was understood to be only additional precautionary measure.

## OPPOSE SOLDIER BONDS.

By the Associated Press. NEW ORLEANS, La., May 11.—Resolutions meeting against additional taxation to raise funds for soldier bonus plans in congress were adopted at a meeting today of New Orleans banks, commercial bodies and industrial plants. Increased taxation, the resolutions said, means increased cost of living and increased cost of living means additional labor disturbance, general dissatisfaction and discontent.

## EPISCOPACY REPORT BE MADE THURSDAY

Expect to Start Election of Bishops As Early As Next Friday.

DES MOINES, Ia., May 11.—Activities of the committee on episcopacy of the Methodist general conference, in session here, indicated today that a report will be submitted on Thursday which will make it possible to commence the election of bishops and other officers of the church early as Friday of the present week. If this is done, it will advance the work of the conference several days over previous seasons.

Although no report has as yet been made, it was said today that not more than one new episcopal area probably will be created in the United States. However, a number will be created elsewhere. The delegates from India have asked for four instead of two, and at present, and their wish will probably be granted. There is also an insistent demand for a second area in South America.

Announcement was made that Henry P. Davison, head of the World Red Cross, has accepted the invitation of the conference to appear before it on conditions in Europe and Monday morning, May 17, has been set as the time for hearing his address.

After some argument, a change in the discipline was adopted rendering it impossible to remove the correspondence secretary of the board on Sunday without a two-thirds vote of the board.

A report will shortly be introduced by the committee on Epworth league, proposing that the name of the governing body will be changed from board of control to board of the Epworth league.

The committee on state of the church is considering the matter of adopting resolutions favoring legislation to prevent lynchings. Both of these resolutions have been re-committed to the sub-committees having them in charge. Action of the conference today in adopting the recommendations of the committee on episcopacy and two other bishops be elected, a number of delegates said, is their opinion, might really unify the Methodist Episcopal church north and south as a time. The question of unification still is in committee.

The recommendation that two bishops be chosen was presented to the episcopacy. When the conference adopted the report there was much enthusiasm. The action ended efforts started 25 years ago to elect general superintendents for the negroes in the church.

The delegates representing the Methodist church in Chile and Argentina, South America, have just arrived. In asking to be excused from the business session, they were granted the inability to being ready for their vessel, on account of a strike of coal operatives.

## MAKE TRIP FROM SALT LAKE IN EIGHT AND A HALF HOURS

Frank Patterson drove from Salt Lake, Utah, to Twin Falls yesterday in eight and a half hours in a Hudson speedster. Accompanying him on the trip were Fred Brown, manager of the Wholesale Sales display of the Eastern Automobile company, and Harry Shipley, a photographer. They expect to remain here, visiting The Chronicle auto show for two days. While here pictures of the initial "horrible carriage" exhibition in this city will be taken for the purpose of placing them on display in the Utah city, it is said.

## WILSON TO TAKE FINAL ACTION IN MARTENS CASE

By the Associated Press. WASHINGTON, May 11.—The verdict arising from hearings begun at the department of labor today in deportation proceedings against Ludwig C. A. K. Martens, agent in the United States of the soviet government in Russia, probably will be sent to President Wilson for final action. Officials said that while Secretary Wilson would pass on the case at the conclusion of the hearings, it was expected he would forward the matter to the White House before making a final disposition of the case.

The hearings began after numerous postponements, behind closed doors, with Immigration Inspector Shell of Ellis Island, N. Y., presiding.

## CONDEMN 'EXTRAVAGANCE' OF WILSON ADMINISTRATION

By the Associated Press. SHERIDAN, Wyo., May 11.—Condemnation of the "gross extravagance" of the Wilson administration and commendation of the republicing congress in cutting \$2,000,000 from appropriation bills were the outstanding features of the platform submitted to the republican state convention at its closing session here today.

Other planks of the platform endorse more adequate compensation for school teachers and legislative action giving rural children the same opportunities enjoyed through town and city schools.

States which have not ratified the federal suffrage amendment are urged to do so in time for the 1920 election. In resolutions adopted by the convention.

## Sprouting Time

The young plants need careful attention if they are to develop fully.

So, too, with young folks who are preparing to face the world. This fast-growing bank has particular interest in the young people; we want to become closely acquainted with them; we will show them how to save their earnings and invest to the best advantage when they have accumulated a tidy sum.

"Sprouting time" is the time to begin—we pay good interest which helps your savings account grow.

## Grain

CHICAGO, May 11.—Although as a result of wet weather corn advanced to the highest prices yet this season, the gains did not hold well. Closing quotations were unsettled, carrying from 3-8¢ net decline to a fall of 3-4¢, with July 175 1-4 to 175 3-8 and September 152 5-8 to 153 2-4. Oats lost 1-4 at 3.8 to 1¢. In provisions, the outcome ranged from 5¢ off to 12 1-2¢ advance.

Fear that the rains prevailing would have a bad effect on the corn market at the opening, but a reaction quickly followed owing to announcement that the Chicago, Milwaukee and St. Paul railway should give preference to grain loading during the next ten days in arranging distribution of cars. It was said also that another of the big western roads would take similar action. On the other hand, congested traffic conditions on the latter railway have tended to make shorts anxious, and led to many bulges and reactions, with an irregular finish that apparently indicated more division of sentiment than has of late been the rule.

Reports that 500,000 bushels of Canadian oats were about on the lakes for Chicago counted as a bearish factor in the oats market.

Provisions were governed mainly by the action of corn.

## Produce

CHICAGO, May 11.—Wheat lower; creamery 45¢@57 1/2¢. Eggs lower; receipts 45,684 cases; firm \$15 1/4@16; ordinary fresh 35¢@36; at dark cases included, 33¢@34. Poultry alive, higher; springs 37¢; fowls 35¢.

## Finance

NEW YORK, May 11.—Final prices on Liberty bonds today were: 3 1/2% \$91.94; first 4% \$95.30; second 4 1/2% \$95.50; third 4 1/2% \$95; fourth 4 1/2% \$95.60; Victory 3 1/2% \$95.95; Victory 4 1/2% \$96.02.

## ANOTHER MOTOR CONVOY TO TRANSVERSE COUNTRY

By the Associated Press.  
WASHINGTON, May 11.—Another motor convoy is to be dispatched across the continent by the major transport corps. It will leave Washington about June 14 for Los Angeles, over the Bankhead national highway through Virginia, North Carolina, South Carolina, Alabama, Tennessee, Arkansas, Texas, New Mexico and Arizona.

on which debate of one hour and a half was allotted each of the two groups.

Delegates at large chosen were Senators L. V. Sherman and Modell McCormick, Congressman F. L. Smith and Rostenberg, Harold Ickes, Lieut. Gov. John Ogilby, Secretary of State L. L. Zimmerman, Mayor Thompson, Samuel Etelson and Fred Upham.

When Senator McCormick addressed the convention many delegates jumped to their feet shouting after he said: "Follow republicans, whatever. Four differences might be too many for you to do one thing and that is to present a solid front for Frank O. Lowden for president." The Cook county (Chicago) delegation sat silent while pandemonium broke loose around it.

## WANT AMERICANS TO COME INTO MEXICO

NOGALES, Ariz., May 11.—Cordial invitation to foreign business men, especially Americans, to come to Mexico and engage in trade, was extended today in a statement issued by E. L. Tamm, commercial agent for the liberal constitutional party at Nogales. Senator Tamm said he was speaking for the revolutionary government.

## HUNS COMPLETE WITHDRAWAL

COBLENZ, May 10.—The allied military authorities were informed today that the Germans were completing withdrawal of the remainder from the neutral zone down to the authorized number of units allowed by the August 20 agreement and expected, as a consequence, French evacuation of Frankfurt.

## BEAUTY AND UTILITY ARE BIG FEATURES

Dealers Show Great Conception of Vast Realm of Their Field.

LIBERAL EDUCATION IS PROVIDED BY DISPLAYS

Volumes Could Be Written of Real Interest Concerning Everything at Great Exhibition.

Article decorations, while adding charm to the displays of the exhibitors at the Twin Falls Chronicle Auto Show, do not blind the visitors to the fact that these are but beauty touches to works of utility.

The Twin Falls auto dealers have shown that they have conception of the vast realm of the field in which they are active. And, also, there is found fulfillment of the prediction that in these displays made, there would be liberal education for those who have watched with rapid strides of this great industry. The displays give emphasis in so many charming ways of the points to be brought out that volumes could be written of real interest concerning them.

It is impossible to say that this art that exhibit is best, and it is no distinction to say that an exhibit is "one of the best" for that can be said of all of them. But each of course differs from the others in the car it presents and in the scheme of decorations.

Upstairs where Reynolds Bros. are showing the Stephens Salient Six is an easy corner to stay in. Their booth has been very comfortably fitted up with pleasing decorations and several inviting dayseaters. The car exhibit consists of a Stephens roadster and a Stephens four passenger car. A Stephens Sedan is to be added to the exhibit today. Reynolds Bros. are also agents for Hood three and a rep-

resentative from the factory is there to show anyone all there is to know about Hood tires.

The Gordon Davis Auto company have arranged a very attractive booth for the display of Westcott and Allen cars. The Westcott models are trimmed with Westcott colors, orange and black streamers and pennant and race bouquets of these add to the charm of the exhibit. The cars in this booth are the Westcott Largest Six and the Westcott Lighter Six Sedan. Exhibited by the same company are the Allen five passenger car and an Allen chassis so arranged as to allow car-fair inspection. The company expects to have a Model truck on display today.

In three booths trimmed with green and white streamers and numerous plants and flowers are the cars exhibited by the Johnson Auto Sales company. A Hudson Sedan in all its majesty occupies the center of the display while on either side are Essex and Maxwell cars with a Maxwell truck occupying a place in the left hand corner. An interesting display of Plunkett, Hunt and New Departure heavyweights mounted on a display board makes a neat addition to the exhibit of cars.

In just a few minutes Mr. Allen of the Allen Oil company will show you how simple it is to make gasoline from crude oil. A model still which conforms to government specifications has been set up and in operation. Besides other apparatus used in the making and testing of automobile oils there is a showing of various grades of oil. Four oil spreads on the walls of the cylinder and the freedom with which it flows as well as the clearness of the oil used is demonstrated by a contrivance which allows oil to drop onto a glass plate beneath which is an electric light. The Allen Oil company is agent for the Mueser Electric gasoline pump and has as part of its display the pump which will be installed in the Magel garage. Press the button and your car fills up.

An example of artistic car painting has been placed on exhibition by the Cutting Auto Paint company. A Paige car has been painted a bright aluminum copper color, and one feels its attractiveness as soon as he gets on the second floor. Under the glare of the lights in the evening it is particularly conspicuous without being extremely flashy.

A Chandler four passenger roadster, a Chandler seven passenger touring car and a five passenger Cleveland make up the exhibit of the dealers of these cars in this section. Interested in the exhibit are Platts Bros., Hurley; Duhi Motor Sales company, Duhi; Arthur Bros. Motor company, Boise; and the W. B. Smith Motor company of Twin Falls. Mr. Platts of Hurley and Mr. Daly of the Duhi Motor Sales company are present at the show to explain the features of their car and assisting them is Mr. T. F. Childs of the Quikley Auto com-

pany of Salt Lake, distributors of Chandler and Cleveland cars.

The Gooding Motor company and the W. E. Smith company have Chevrolet and Paige cars and a White truck on display. A Marmon truck which was to have been a part of the showing was bought by the Salady Hardware company and as they required the services immediately it could not be held for the show. An effort to secure a Franklin truck for exhibition purposes was unsuccessful. Perhaps the most impressive car in this array is the Paige Larchmont sport model.

Three Oldsmobiles, a light six roadster, an eight cylinder, seven passenger car and an Oldsmobile truck, are being exhibited by the Merrill Auto company. The company is also agent for the Hummobile, but were unable to get a car here for display purposes, but have, on hand plenty of descriptive matter and considerable knowledge of the about car with which they will make the best of the circumstances.

### WANE COMMON-LAW MARRIAGE: DISSOLVED THROUGH COURT

Claiming Paul T. Larsen treated her in a cruel and inhuman manner and caused her grievous mental suffering, Jennie Larsen filed a complaint in Jerome county and it was sent here for action and filed in the district court.

The couple was united in matrimony by the common-law view June 1, 1917, in the county of Blaine, now Jerome county. At that time a mutual assumption of marital rights, duties and obligations took place, according to the papers filed. They have no children.

Plaintiff seeks to have their marital bonds dissolved and judgment against defendant. She asks that the court give an equal distribution of their property which amounts to approximately \$45,000. It is asserted in the complaint that defendant has all property and money under his control.

### OFFERS ANOTHER ISSUE OF TREASURY CERTIFICATES

By the Associated Press. WASHINGTON May 11.—Secretary Houston tonight offered another issue of treasury certificates of indebtedness amounting to \$100,000,000 or more. The issue will be dated May 17 and mature Nov. 15, with interest at 6 1/2 per cent.

## DEHYDRATING PLANT EXHIBITS AT SHOW

Motor Cars Not All Shown at Twin Falls Chronicle Automobile Show.

Automobiles and accessories are not all that can be seen and learned about at the Chronicle's automobile show for just after passing the ticket collector one walks right up to booth number one in which is displayed dehydrated food products by the Twin Falls Dehydrating company.

What prunes look like as they were picked and what they look like after they have gone through the dehydrating process can be seen as samples are exhibited of them in high states of edibility. Likewise with potatoes, apples, beans, carrots, onions and other vegetables. Sweet corn on the cob or off the cob as you please, when you please Christmas or the Fourth of July.

The company expects to sell from \$150,000 to \$250,000 worth of dehydrated food products, this year and has already issued contracts for large amounts of produce and has employed a competent sales manager to handle the selling of the produce in its changed form.

The entire manufacturing program has been outlined and calls for the employment of 50 persons who will work in day and night shifts during the busy season.

Every package of these Everready Dehydrated products carries an advertisement for the Twin Falls country and the savory quality of the food products of this country will become known to residents of cities all over the country.

The company knows that "the proof of the pudding is in the eating," and is acting on that knowledge by serving samples to the persons attending the auto show from 2 to 5 in the afternoon.

## ISSUES NARROWED IN CANAL CO. CASE

Names of Several Stockholders Are Stricken From Petition at Request of Plaintiff.

Hearing of the petition of Frank DeJolitz and others for a review of the last election of the Twin Falls Canal company was inaugurated in district court yesterday.

The ballots of the election were seen by both sides for the first time yesterday and as a result the issues were greatly reduced. W. O. Taylor, secretary of the canal company, was the only witness examined. He presented the books of the company as well as the ballots. These were introduced in evidence.

After the introduction of evidence the names of Colwell & Sparrow, Evans & John, W. M. Prizell, Fred B. Hill, Jacob Kolman, Mary J. Michels, T. F. MacPrang, W. F. Morris and Creede Rutherford, in whose names it was alleged illegal votes were cast, were stricken at the request of the petitioners. The effect, according to the testimony of the witnesses, was that the names of these stockholders.

According to a statement of counsel for the petitioners the issue now is narrowed to whether or not a man must be the owner of land and also a stockholder of record in the canal company.

### INITIAL 50 MEN INTO NEW MOOSEHEART LEGION

Following the enormous parade staged by the Moose Legion lodge members Monday a banquet was given at the Moose temple and then 50 candidates were initiated. Several visitors were present from Idaho Falls and Pocatello.

Before the parade started the visitors were taken on a journey to Shoshone falls and Hansen bridge. A large truck was one of the prominent features of the procession containing numerous children who gave vent to their conceptions of a Mooseheart legion in this city.

### WILL SHIP BODY TO ILLINOIS

Funeral services for James M. Bow-

er will be held in the Graysmire funeral chapel Thursday afternoon at 3 o'clock. The Rev. Conrad Owens will officiate. It was announced at "funeral" parlors that the body would be shipped to Illinois Friday noon. Mr. Bowser was killed in an automobile accident at midnight Saturday when the car in which he was riding catapulted from a bridge about five miles southeast of Twin Falls.

### PLANT QUARANTINE BOARD OPENS SALT LAKE SESSION

By the Associated Press. SALT LAKE CITY, Utah, May 11.—The second annual meeting of the western plant quarantine board, organized a year ago at Riverside, California, for the purpose of getting together in the fight against crop pests of all sorts, opened at the Utah state capitol here today.

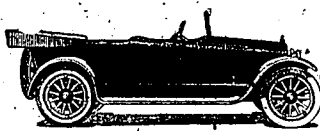

## Relief from Headaches

Over 70 per cent of headaches are traceable to defective eyes or weakened eye muscles. Poor eyes throw the whole nervous system out of balance.

Our expert optical service is the remedy.

## The Profit in Your Business Depends Upon Swift and Sure Deliveries

In building the 3-ton Bethlehem Dependable Delivery, we aimed direct to this point. We went straight to dependable delivery, which can only come out of a quality truck. The 3-ton Bethlehem provides a combination of quality features not possessed by any other truck in that field at anywhere near its price. Compare each of these Bethlehem quality-specifications with any other 3-ton model:

1. Electric Starting. 2. Electric Lighting. 3. Especially designed Bethlehem Motor Bosch Magneto Equipped. 4. Bronze backed motor bearings. 5. Spicer Drive Shaft. 6. Level Gear Rear Axle. 7. Ross Steering Gear. 8. Chrome Vanadium Steel Springs. 9. Semi-Flexible Frame. 10. Meyer's Magazine Oiling System. 11. Cord Pneumatic Tires 35 x 44 front and 35 x 5 rear.

The 3-ton Bethlehem is a model for business men who realize the advantage of standardizing on one quality-make of truck. It is a swift and sure model on which to build a Bethlehem Dependable Delivery System.

We have built in the Bethlehem 3-ton truck, quality at its lowest price.
