

PLAN ANNUAL CLUB JUNIOR FESTIVAL

Boys and Girls Clubs of County Preparing for Event at Buhl—Municipal Band to Play.

Play day for members of the Boys and Girls club has been designated as Saturday, May 22, at Buhl. The entire county of Twin Falls will be represented at the annual fair bureau junior festival athletic event and approximately 400 will participate in the meet. One sewing article from each girl will be placed on display.

The day will be started with a parade led by the Buhl municipal band and each girl that marches will wear some article made by her. It is said only club members will be eligible to enter and compete in any of the events that will be staged.

Prizes are to be awarded to the lucky contestants and specials will be donated to the clubs making up the best club yell and the best club song. The various clubs throughout this county are now endeavoring to produce yells and songs for the festival. The affair is reported to be one of

the greatest and largest events of the year and plans are being worked out so it will pass all expectations.

Local Briefs

Mr. and Mrs. L. L. Levey of Gooding motored to Twin Falls yesterday afternoon to attend the Twin Falls Chronicle Auto Show.

Among the Gooding residents visiting The Chronicle auto show are Mr. and Mrs. Earl Williams, County Assessor William Kennedy and wife and Walter Darling.

ORIGINAL SPORT MODEL CHALMERS ON EXHIBITION

Announcement was made that the new sport model Chalmers arrived in Twin Falls yesterday and will be placed on display at The Chronicle Automobile Show today and Saturday by the Johnson Auto Sales company, distributors. The new acquisition is said to be entirely new and it is predicted it will instantly appeal to all auto-enthusiasts having a desire for something different.

The color scheme and trimmings are said to be original and smart causing the car to command immediate attention. The management of the Johnson Auto Sales company say the supply of these sport models will be exceedingly limited and advise persons desiring this type of car to place their orders at once if they wish it early in the season.

CHARGED WITH VIOLATING T. F. MEAT ORDINANCE

On the charge of having transported shipments of meat at his store in Twin Falls, M. H. Skaggs of Pocatello will fight the case when it is called in the city court this morning. L. V. Fair, manager of the store, was cited into the municipal court yesterday charged with violating the meat ordinance. He said one of the cases had been opened and they had been sent by railroad.

CANADIAN PRINT MAKERS IN COMBINE

Prices Set in Northern Country Control These in This, Wisconsin Claims.

WASHINGTON, May 13.—A combination of Canadian manufacturers practically controls the print paper market through the Canadian Export Paper, Ltd., the senate committee investigating the paper shortage was told today by J. E. Gaffney, sales manager of the Interstate Pulp and Paper company. He asserted that the combination controlled about 75 per cent of the Dominion output and that the prices it set were followed by other manufacturers.

Victor F. Lawson, publisher of the Chicago Daily News, said his experience had been that the Canadian company prevented competition. The News Mr. Lawson added, was virtually compelled to accept the company's terms in purchasing paper.

Chairman Reed, of the committee, said a solution of the paper problem could be reached either through agreement among publishers to curtail paper consumption or through an export tax on print paper, recommended by Assistant Attorney General Ames. The committee would prefer that the

"great papers of the country solve the problem" themselves, the chairman added.

M. A. Bodenhamer, representing the International Typographical union, declined charges recently made before the committee that the union, through its shop chapels, exercised a censorship on labor news.

"Neither the international union nor any of its locals have ever presumed to control or dictate the editorial policy of the newspapers with whom we have business associations," he declared.

CALLED HER WICKED NAMES MRS. BARRON SEEKS DIVORCE

Elmer Barron alleges that her husband, George Barron, called her vile and wicked names on the street and that on day while they were in a store in Lohi he knocked her down, pulled her hair and threatened to kill her. The couple were married in Twin Falls county June 14, 1917. They have no children. An order was filed in the district court to show why defendant should not be required to pay a \$1000 amount for her maintenance, while action for divorce is pending.

Defendant is said to be a writer with an approximate monthly income of \$100.

The Current Event Department will hold a cooked food sale at the Clothing Exchange on Saturday, May 15.—Adv.

LOOKING FOR SUMMER HOME FOR FOUR MOTHERLESS BAYES

Babies reared in care from 13 months to nine years are waiting for a mother. They originate from Holliester and have been living with the father who is a farmer. The father finds it an impossibility to farm and at the same time give proper care to the children, so the children are in the orphanage. The orphanage has charge of them and is anxious to find a home for them during the summer months. The children are all five years of age or less. The father, who is a well known authority, has charge of them and is anxious to find a home for them during the summer months. The children are all five years of age or less. The father, who is a well known authority, has charge of them and is anxious to find a home for them during the summer months.

SHIP BODY TO ILLINOIS

Funeral services of James M. Bowser, were held in the Grosvenor funeral chapel yesterday afternoon at 2 o'clock. Rev. Conrad Owens officiated. He is survived by his brother, E. A. Bowser, and his sister, Mrs. Cora E. Bowser, both of Twin Falls. The brother will accompany the body to Chicago, Illinois, where the interment will be made. Bowser was born at that town and his father and mother are buried in a cemetery lot. The body will be shipped Saturday morning.

LEADERS ARE TO MEET

For clothes cleaning and renovating, all leaders of the home demonstration bureau will meet with Miss Esther Wold, clothing specialist, Tuesday, May 18, at the home of Mrs. A. F. Alworth for an all-day session. They will each bring a lunch and at noon a spread will be made of all lunches put together. It is expected that more work can be accomplished in that way.

PAVING NOTICE

Property owners desiring to have their lots paved, should advise the Paving Engineer in advance of construction. Expense of same to be borne by property owners; and payments to be made to the contractor direct in cash. W. A. MASON, City Clerk.

WILL HEAR FIGHTING CASE

Warren Christensen appeared before Magistrate W. A. Munkley yesterday.

day and entered a plea of not guilty. He is charged with creating a disturbance and willfully fighting in the football hall on the night of May 13, 11:15 o'clock. The case will be tried this morning in the city court at 10 o'clock.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become soggy of paralyzed and lazy. When your kidneys get sluggish and can't you must relieve them, like you relieve your bowels; removing all the body's uric waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water results

and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then get into normal action. It is inexpensive, cannot hurt, and makes a delightful, effervescent acid of grapes and lemon juice, sweetened with water drink.—Adv.

combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular water before breakfast for a few days and your kidneys will then get into normal action. It is inexpensive, cannot hurt, and makes a delightful, effervescent acid of grapes and lemon juice, sweetened with water drink.—Adv.

To Land Buyers

We have some good farms which can be bought at very reasonable prices with crop and immediate delivery and some subject to lease with share of crop to buyer and possession in the fall.

Prospects were never better for good crops and good prices for products. Now is the time to buy, crops will not go with the land much longer.

Come and see what we have to offer; it will pay you to do so.

Call on or address.

The Boise Branch of the Goodyear Tire and Rubber Company will have a

TIRE EXPERT Here at

Reynolds Bros. Co.

Opposite Sales Ground.

Saturday, May 15

It will be to your benefit to call on him and have him explain tire construction.

When our customers ask our advice on tire equipment, we suggest "Goodyear" because we know Goodyear will bring them back—not for an adjustment but for more tires when they need them. We are proud to recommend these tires.

We are also proud that we have the opportunity to demonstrate the superior quality of Goodyear tires through an expert. Don't Forget the Date.

May Time

in nature is like May-time in life.

Youth is glorious, vibrant, sparkling—the future is apt to be unconsidered.

No one would want to dampen the ardor of youth or strike a more somber note. But if there can be introduced in it just the necessary touch of responsibility, we have the combination that compels success.

So our officers urge the young folks to work and save in the brightness of the present so as to carry that brightness through life.

Buster Brown Is Coming

Owing to a slight misunderstanding with Buster, it was made known in yesterday's Chronicle that the time set for his entertainment would be 3 p. m., but Buster called us up over the long distance and said that he would like to take the Saturday afternoon train out of Twin Falls so that he might be on time to keep his engagement in the next town, so to please Buster, we are changing the time to 2 p. m., Saturday.

Buster will be here with his dog Tige on this coming Saturday, and he promises every little boy and girl a reel good time, so be sure and come.

Buster and Tige will hold their reception in the HIGH SCHOOL AUDITORIUM, where there will be enough room to hold all who wish to come, and don't forget to be there at the right time—

FINAL PROGRAM OF H. S. STUDENTS

Eighty-Five Graduated—National Colors Decorate Stage—President Prader Delivers Address.

Commencement exercises were held last night in the Lavering theater. The

Oregon Farm AND Stock Ranches

Mr. Farm Buyer, would you like to know what Union County, Oregon, has to offer the prospective land buyer? Do you know you can buy four acres of highly productive Oregon land for what you get for one acre on the Twin Falls tract? Do you know that this same Oregon land will produce as well without irrigation as your irrigated land? If you want to learn something about what Oregon has to offer the prospective land buyer, see me in person at the Hotel Rogerson. I will be here only a few days.

L. B. Larsen

with
The Security Land Co.
La Grande, Ore.

house was packed to its utmost capacity. It is said that the graduation class this year is the largest ever held in Twin Falls. Eighty-five students were graduated. One of the distinguishing features of the occasion was the high average of the students of each standing in the various classes, and of the season's athletics.

The program was carried out to the meet minute details and in its entirety was appreciated by the assembly. When the opening number was announced there seemed to be great expectancy and the play rendered by the high school orchestra was exquisite in the presentation to music of the Golden Specter. Following that the Rev. Asher H. Brand gave the opening prayer.

Miss Helen Allmendinger rendered a most pleasing solo, accompanied on the piano by Mrs. O. P. Duvall. Presiding, Professor Charles R. Prader of the Idaho Technical Institute, delivered a striking address on "Some thousands of democracy." During his talk he pictured the dark side of the present times. It was remarkable in its presentation and material in action. While relating the dark side he said the people were living in the jazz age and were merely jazzing along.

After giving illustrations of the dark side, he pictured the bright side and drew conclusions leaving a stigma that we were not as bad as we would concept. He quoted Theodore Roosevelt and said the world at large would not accept halfway measures if it must be either up or down.

At the end of his talk the high school orchestra played the "Hawaiian Rose," seeming to proclaim in a mysterious manner that the world is not all bad. Presentation of diplomas were made by David P. Clark, chairman of the board of school trustees. He was assisted by Principal M. C. Mitchell. Five of the graduating students were not present owing to unforeseen circumstances. At each of the students passed, Principal Mitchell called the first name of each one, then continued and named the five absent. It was an extraordinary feat of memory.

Miss Allmendinger then rendered two other selections with Mrs. Duvall at the piano. The Rev. Charles W. Hook pronounced the benediction.

The stage was decorated with the national colors with a large flag draped in the center giving an appearance of calm and prosperity. The graduates of the class were seated on an elevated platform in a circle. Final activities of the Twin Falls high school were indulged in last night and several of the faculty will soon be leaving for other climates for their annual summer vacation.

Those who received diplomas were: Lucile Baker, George Barton Baker, Marjorie Zolma Baker, Muriel Froese, Loren Barker, Stella Florence Dunner, Frank Heer, Anna Mayne Billings.

HOWARD REFUSES TO "LOVE" GOVERNOR ALLEN

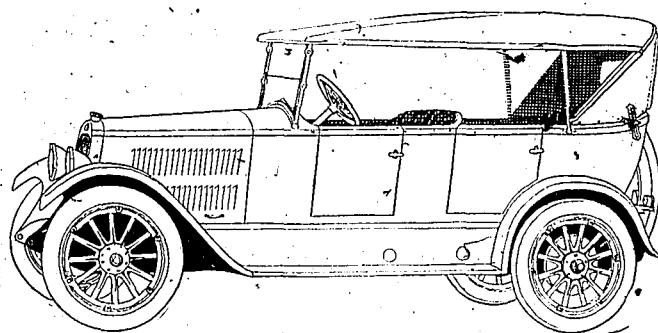

TOPEKA, Kan., May 13. — Dr. Charles M. Shedd, a well-known pastor and author, in an address before the Kansas Congregational conference here today, told how he had failed to induce Alexander Howat, president of the Kansas sinners, to love Governor Allen.

"I asked him what he thought would be the first thing Jesus would do if he were here today," said Dr. Shedd. "Well, I expect He first would clean up Governor Allen and the state house."

"I asked him if he believed in Christ's teachings—all of them. He assured me he did. 'Then,' I said, 'if that is the case you should love Governor Allen.'"

"Howat leaned up against the door and thought for a moment, then said like a flash: 'Well, von go back to Topeka and tell Governor Allen to love me.'"

THE 1920 MITCHELL

This New Style Idea Has Created a Show Sensation

Never has a motor car created a more favorable impression, at a motor show, than has the new Mitchell six. Its graceful harmony of lines and its refinement of furnishings and equipment, have met with the approval of all visitors. Its sturdy build has been commended by all who took the trouble to inspect and compare.

The new Mitchell sets the pace in motor car design for the year 1920. It is a car of the future and depicts advanced features of body and mechanical construction. Show visitors have been quick to see and appreciate all the fine points represented in the new Mitchell.

And the new Mitchell drives and performs in keeping with its looks; you would be surprised with the great roadability of this car—its smooth, responsive power, has a strong appeal for the veteran at the wheel; its well balanced body, comfortable seats and unusual room makes it the ideal family type of car.

In every particular this new Mitchell represents motor car values not found elsewhere. During the remaining days of the show we urge comparison. The Mitchell is able to incorporate all this great value in a moderate priced car because the Mitchell is 99 per cent factory built. Profits usually absorbed by body, motor and parts makers, are built into the car.

Chicago	11	12	.478
Philadelphia	9	12	.429
St. Louis	9	12	.429
New York	7	12	.368

ST. LOUIS, May 13.—St. Louis broke Boston's winning streak by winning today's game, 9 to 2. Smith put the locals in the lead in the fifth inning when he drove the ball into the right field bleachers scoring Haines, who had singled ahead of him.

McHenry was put out of the game by Empire Moran in the sixth inning for arguing when he was called out after grounding to Bueckel while attempting to get out of the way of a pitched ball.

Score: R. H. E.
Boston..... 2 10 3
St. Louis..... 9 12 1
Batteries: McHenry, Jones and O'Neil and Gandy, Haines and Clemens.

CHICAGO 2; DODGERS 1.

CHICAGO, May 13.—Grover Underwood won his sixth straight game today when Chicago defeated Brooklyn 2 to 1, although smothered by the visitors. Elliott's double, Hatcher's error and Johnson's single gave the visitors their lone run. Chicago tied the count when Deal struck out and Elliott who dropped the ball threw wild to first. Terry walked. Deal at bat, third and scored on Killefer's hit. Two bases on balls with a hit between and a sacrifice fly gave Chicago the winning run.

Score: R. H. E.
Brooklyn..... 1 9 3
Chicago..... 2 10 1
Batteries: Grover and Johnson; Alexander and Killefer.

NEW YORK 4; REDS 0.

CINCINNATI, May 13.—Henton

was strong with runners on the bases today and the champions were shut out by the Giants, 6 to 0. Fisher was wild in the first inning, but Hatcher took advantage being hampered by stretched support. Langer was hit hard in the last two rounds. The fielding of Haines was a feature.

Score: R. H. E.
New York..... 6 10 0
Cincinnati..... 0 7 4
Batteries: Henton and Snyder; Langer, Fisher and Hadden, Allen.

BRICK AND FRAME BUILDING PERMITS GRANTED.

Building permits were granted to three persons yesterday by City Clerk Myrick. J. A. Bohlwein will erect a garage on lot 11, block 45 on Fifth avenue east, size 14x16 at an approximate cost of \$150.

There was issued a permit to erect a one-story frame structure on lots 12-14, block 29, size 29x36. The cost will be about \$3,000.

A one-story brick building will be put up at a cost of \$2,000 by J. C. Beauchamp. The size was given as 26x18 and will be placed on lots 6-7, block 32.

WANTS SUM FOR SUPPORT CASE CALLED FOR FRIDAY.

An order to show cause why a husband should not be a responsible sum for his support and minor child is fixed at the district court by Jsa Cannon against Joseph Cannon. The case will appear in the district court before Judge W. A. Rathbone Friday morning at 10 o'clock, May 21.

Market News

Live Stock

OMAHA May 13.—Hogs, receipts 9,000; opening 10 to 15c higher; closing steady; strong weight hogs at advance. Top \$14.50; bulk of sales \$13.50@14.

Cattle—Receipts 5,000; beef steers steady to 25 cents lower; bulk of sales \$13.50@14.25; best heavy steers held at \$13.25; she-stocks steady; bulk \$8.75@11; stockers and feeders slow about steady.

Sheep—Receipts 4,000; steady to 25 cents lower; best California yearling hogs \$18.75; top clipped lambs \$12.40.

Grain

CHICAGO, May 13.—Support for high prices gave out today in the corn market, rallies failed to last, and there was a heavy close, 1 5-8 to 2-4c net lower, with July 17 1/2-1-6 to 1 1/2-1-2 and September 1 1/2-1-4 to 1 1/2-1-2. Only loss 1-8 at 1-1-4 to 1 5-8, and provisions 25 to 52.

It quickly became apparent that notably lack of confidence had developed as the part of buyers in the corn market, and that difficulty would be encountered in sustaining prices at the season's new top record established yesterday. In this connection, much attention was given to talk of special efforts which western railroads had begun with the purpose of, curtailing the movement of grain. A report last evening was shipping corn to Chicago, and that Kansas City and Milwaukee were ready to follow suit put the bulls at a further disadvantage, and made values drop rapidly at the close. Sunshiny weather was likewise a rashy factor, and the two were adverse to grain strikers' contention to work.

Houses with certain connections were conspicuous in the selling. Provisions reflected the weakness of grain, notwithstanding the best domestic demand for lard and bacon this season.

Produce

CHICAGO, May 13.—Butter, higher; creamery 47¢@57¢; eggs unchanged; receipts 30,022 cases. Poultry alive, higher; fowls 36c.

POTATOES.
CHICAGO, May 13.—Potatoes were steady; receipts 30 cars; Northern white \$7.25@7.50; Canadian \$5.50@6.40. New steady; Florida No. 1 \$15.50; No. 2, \$13.

Finance

NEW YORK, May 13.—Plant prices of Liberty bonds today were: 3 1/2% \$85.40; 4 1/2% \$85.40; second 4 1/2% \$85.40; third 4 1/2% \$85.40; fourth 4 1/2% \$85.40; Victory 3 1/2% \$85.40; Victory 4 1/2% \$85.40.

NEW ORLEANS CELEBRATION

NEW ORLEANS, May 13.—Thousands bare coats, shiny trousers, last year's straw and reepled shoes were the order of the day here, signaling the opening of the city's second organized drive on the high cost of living. Proclaimed "old clothes" day by Acting Mayor Hicks, the celebration was to arouse interest in the "wear 'em and patch 'em club" designed to force down clothing costs. Originators of the plan predicted a far more beneficial effect than resulted from the overall movement.

WILL NOT PRESENT PLAN.

WASHINGTON, May 13.—The navy department said today that the plan prepared before the United States entered the world conflict, will not be furnished to the senate committee investigating the Sims-Hanley row.

Near Admiral J. S. McKean, who had been asked to furnish the plan, wrote today that since the strategy of the plan was similar to any or all other plans covering the Atlantic ocean it would give a possible future enemy of the United States an immense advantage if the plan were made public.

ternationally known leaders of the world-commerce find many things within this pocketbook which may fall to the lot of Americans, but the speakers agreed that two courses are plain, one leading to business reverses, low wages, panic and stagnation, and the other to prosperity, progress and security for the business men and the worker.

NON-SUIT MOTION DENIED BY COURT

Defense in Canal Company Case Starts Its Introduction of Testimony.

Motion by the defendants, in the action of the Frank De Klotz and others seeking to have the recent canal election result set aside, for an order of non-suit was denied yesterday by Judge W. A. Imbuck with privilege of renewal at the end of the introduction of further testimony.

Petitioners in the action yesterday concluded the evidence that they have been introducing.

Jack Schaeffer of Tual was the first witness called. He testified that he had been elected head by P. H. Smith which entitled him to 717 votes in the election. He asserted that he met Mr. Smith in the Twin Falls Bank and Trust company building where he was in Twin Falls and told Mr. Smith that the latter could vote the shares that went with the land that he had purchased from Mr. Smith as he was going east. This stock was voted through proxy, T. M. Robertson holding the proxy.

Immediately following Mr. Schaeffer's testimony W. A. Taylor was called to the stand. Mr. Taylor was examined as to the actual ownership of land and holders of water, said of several hundred acres for which Louis G. Hill through a proxy cast the votes. This was indicated by counsel for the defendants that it would be shown that Mr. Hill cast these votes for D. D. Detweiler in whose behalf the contest was instituted and that this proxy was analogous to those which are contested by the petitioners. If the motion contested by the petitioners are illegal, it is contended, those cast by Mr. Hill for Detweiler are likewise illegal. Such a ruling would leave the results relatively the same, it is contended by the counsel for the defense.

It is anticipated that the introduction of evidence will be concluded within the next two or three days.

STATE HIGHWAY BUREAU OPENS BIDS FOR T. F. HIGHWAY

According to information received at the Twin Falls Highway District, the bureau of public roads, state department of highways, at Boise, issued a call for bids that improvement may proceed through the Twin Falls and Filer highway district. Bids are to be opened Monday, May 24. It is announced.

The intended work under these projects includes bituminous highway surface in Twin Falls district and from Curry. This is the first notice of the purpose of the state highway officers in this district it is said.

The Life Insurance Company of New York says that you want to support your wife only as long as you live all gold and well. If you want to support her as long as she lives a life insurance policy will help you do it.

The Current Event Department will hold a cooked food sale at the Clothing Exchange on Saturday, May 15. Adv. M-11 15

HOME PEOPLE TO BE GIVEN BEST PROGRAM

Continued From Page One.

and entered Idaho left on the evening train, after having spent two days in Twin Falls. All promises, the show the best ever pulled off in the north-west, not even barring that in Salt Lake City. This show was more interesting than those in Salt Lake; the program, given over to display is greater and the entertainment provided for out-of-town guests of the Utah metropolis.

In a neatly decorated booth, J. W. Durup is advertising the 1926 Buick Truck-Luxury tractor, Combined Harvesters, farm and road machinery and the Intermountain Auto. It was impossible to place much of the actual machinery on display, but there is an abundance of attractive literature which is on a most attractive display.

The Life Insurance Company and C. Duane McLeod occupy one of the most attractively decorated booths at the show. The Life Insurance Company is in the show, they show how it is to be a life insurance company which means a secure life, theft, collision or liability. Mr. McLeod is advertising the Twin Falls History of the World War, a newly printed book containing information on the war and part played by Twin Falls county in the world war, together with pictures of a large number of local persons who were in the service in one capacity or another. The booth is trimmed with red, white and blue streamers and a number of recent army recruiting posters give a national as well as a military touch to the decorations.

The Barrett Auto Sales company is exhibiting a Studebaker which has been dismantled to show its construction and the operation of several mechanical features. In the same exhibit is a Citroën tractor which has seen some service, but is none the less interesting on that account. Attached to the tractor is an exhibit showing a number of three-quarter ton trucks is the feature of the exhibit of the W. K. Lovering company of Salt

Lake. The truck was driven overland from Salt Lake with a half ton overload and averaged over some hundred miles about 17 1/2 miles per gallon of gasoline. The company is also exhibiting a 1 K. W. farm lighting unit and a 1200 automatic pressure water system. On account of the present shortage in available freight cars the company was unable to include in its exhibit an 1800 electric refrigeration unit, for which it is the agent. In another booth is shown a Mitchell five-passenger touring car. The car is beautifully painted, the color of the body being Princess Pat blue. It has many attractive features, the coloring in the painting design on which the car is built. The radiator, windshield, doors and top have a backward slant that caused the car to have a distinctive appearance. The color of the car is brought out by the trimmings of the body, which are in orange, black and white.

The Wright Auto company's exhibit consists of a Yale and a Cole Right. The Yale is impressive in its support of complete darkness, while the Cole Right with its array body is not lacking in its effect on the eye. Yale penants and red and blue streamers are used for decorations of the booth.

A farm lighting plant constitutes the main part of the exhibit of the American Electric company although there are several other features which should not be overlooked. Now a Royal vacuum cleaner cuts up bits of paper and blows up dirt, and how an Apex or Woodruff washer operates is shown by demonstrations which are given by the company's representatives of the booth. Miscellaneous electric devices are also displayed in conformity with the company's slogan, "Electricity for the Farm."

Two Moore five-passenger touring cars, which were driven from Boise constitute the exhibit of the Wilson Garage of Boise. Mr. H. C. Wilson is in charge of the exhibit and here he will make arrangements whereby there will be a dealer in Twin Falls for Moore cars in Twin Falls.

Not the least impressive feature of the show is the Magdol Bros. exhibit of Nash trucks, one a two-ton with rear drive only and the other a two-ton four wheel drive. A large lath which is to be installed in the company's new garage and which was bought of the Internationals Electric company, occupies a place in the booth with the Nash trucks. In another booth in which the company is exhibiting oak motor cars, is an oakland chassis and motor with white ribbons leading from the various parts of the car to a chart on which is described the particular construction of the part from which the ribbons lead. The Oakland Semble Six touring car shows up beautifully against the oakland color of blue and white in which the car is trimmed.

The Electric Service company is exhibiting Willard batteries, Bosch magnos, Delco and Honey starting, lighting and ignition system parts. Klaxon horns, some samples of completed armature winding and come in an unfinished state.

Electric motor shows the spin across which the magnet will throw a good hot spark. A cut open model of Willard battery gives an observer a splendid idea as to the construction of the battery. The Willard covers, red and white, are used in decorating the booth.

Ford enthusiasts undoubtedly were surprised to find that no Ford automobile models were on display but the reason for this lack is that no car was available for the show and the representative of this famous little automobile have to be content with showing a chassis equipped with an electric motor which shows the operations of the cylinders, the clutch and the gear axle. Two Fordson tractors to which other pieces are attached occupy a second booth of the Western Auto company's exhibit. One of the tractors has been dismantled to some extent to permit the showing of the interior mechanism of the tractor.

For the convenience of the patrons of the show, Zenger and Graham have established a refreshment stand in the rear left hand corner on the first floor. Although they are not for exhibit

purposes they can show you some fine waltzers and help you thrill a little.

Mr. Watson of the D. C. Watson company is in charge of the company's booth where Eklide batteries and various ignition systems are being shown.

Occupying the center of the booth is a model Delco-Light system which is in operation during show hours. These systems are used for lighting buildings and also furnish power for operating cream separators, washing machines and the like.

Browning Bros. Co. of Ogden has a booth on the right hand side of the first floor in which are shown the Thermoid Croidle Compound tires. Just what Croidle is cannot be told but Mr. Neale of Ogden who is in charge of the display, will tell you all about what it is used for.

of Thermoid tires are shown in the D. S. Roberts, the local dealer in tires for the Browning Bros. company. In the left hand corner of the show is the company booth where the show hours.
