

GONZALES IS OUT OF RACE FOR PRESIDENT

Move Believed to Assure Harmony Among Many of Revolutionists

TO SELECT PROVISIONAL CHIEFTAIN ON MAY 25

Obregon Ordered Great Military Display at Time That Assembly Makes Its Selection.

By the Associated Press.
WASHINGTON, May 17.—Pablo Gonzalez withdrawal from the contest for the presidency of Mexico popularized the state department today. It was regarded as "best indication" that the de facto government leaders desired to eliminate the danger arising from political rivalry. Further evidence of co-ordinate action was seen in the announcement that Manuel Palmer, to whom oil producers have paid tribute for several years, had been appointed chief of military operations in Tamaulipas state.

Report Developments.
Restoration of wire communication with the capital brought from the American embassy long reports on developments. "There was no word, however, as to the fate of Carranza, who has fled to the hills near Jalapa, with revolutionary troops on his trail. Official advice were summarized by the state department as follows: "The American embassy at Mexico City reported to the department of state today under date of yesterday, that General Pablo Gonzalez has publicly surrendered his authority to the provisional presidency."

In a manifesto yesterday, Gonzalez announced that he would not prosecute revolutionary unit, restore tranquility, eliminate the possibility of future conflict and to leave congress untrammelled in its elections of a provisional president, he irrevocably withdrew his candidacy for president in provisional term and will surrender to the provisional president the authority to which revolutionary conditions have forced him to assume.

The Mexico City Press yesterday announced that Carranza was captured and taken to the hills near Jalapa, where he remained with the train and was being given every protection. The press stated that those who accompanied Carranza are being pursued by revolutionary cavalry.

A circular signed by General Obregon has been published ordering a military parade to embrace 30,000 men as participants at Mexico City May 24, as a demonstration of allegiance to the provisional president to be elected by the Mexican congress on that date. The press stated that members of the Mexican diplomatic corps have been given 15 days to declare their allegiance to the new regime.

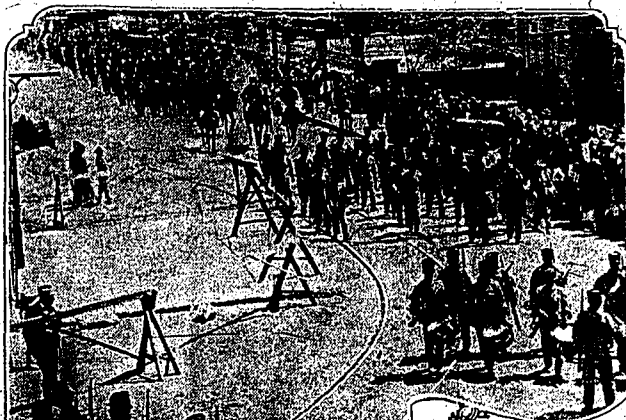

The appointment of General Palmer as chief of military operations in Tamaulipas state has been announced.

Restore All Traffic.

Monterrey, Nuevo Leon, having been turned over without resistance to the forces of General Obregon and General Gonzalez and all human bridges between Nuevo Laredo and Mexico City having been restored, it was announced at Laredo Saturday that through passenger railroad service would be immediately resumed from the border to Mexico City. The Mexican Congress did not arrive at Monterrey on May 13, as was expected, and in the afternoon of that day Porfirio Gonzalez demanded a levy of 200,000 pesos (\$100,000) from the "chamber of commerce. The chamber refused to comply with the demand, and threatened execution and looting if the money were not forthcoming by May 14 and called on the mayor to assist in collecting the money. General Antonio Villarreal, of the Obregonists, was expected to arrive at Monterrey today, and it was reported that there has been no disorder and that the Americans are safe.

Cochula, Jalisco.
From Saltillo, capital of Coahuila, came word under date of May 13 that

Band Leads Rebel Troops Into Juarez

Drum corps and band led the revolutionary troops into the city of Juarez when it was taken recently in General Obregon's revolt against Carranza. The soldiers were formerly Carranza troops.

SAYS REGULAR EL DORADO WEALTH IS DISPLAYED

By the Associated Press.
NEW YORK, May 17.—Heller of 33 boards the mythical city of fabulous wealth—until today was expressed by immigration inspectors tonight after examining immigrant aliens from South America with bank rolls running into the hundreds of thousands. Most of them arrived on the steamship, *Maendel*, 24 days.

One couple when asked to register and deposit their money for safekeeping, pending an investigation as to their admissibility, laid down a bankroll of \$14,000 and 14 pieces of

expensive jewelry. A Spanish woman said she had nothing smaller than a check for \$11,000 on a bank in Los Angeles, which she wanted cashed to "pay her expenses" to California, where she has relatives.

A young Spaniard, traveling with his mother, presented \$2,000 in cash and letters of credit for many more thousands. The couple—she was a widow—when one family laid down so much money and securities that the immigration officials did not have time to count it. It was said unofficially that the family total would reach \$300,000.

NEW ALTITUDE RECORD IS SET BY COOMBS

By the Associated Press.
MINNEAPOLIS, N. Y., May 17.—The world's altitude record for a pilot and three passengers was broken here today by Clarence E. Coombs, who rose to the height of 17,150 feet. This is 50 feet higher than the altitude reached by Capt. Lowell H. Smith, commanding officer of Puryear field in El Centro, Cal., last Monday. Coombs, formerly a flight sergeant in the American army air service, captained two newspapers and an official of an airplane company. He used an Orco, plane with a 150-horsepower motor. This is the third time that the altitude record for a single motor plane has been broken within two weeks. Coombs set a mark of slightly over 16,000 feet May 3 and this was exceeded three days later by Captain Smith.

CHARGES REPUBLICANS WOULD DISCREDIT WILSON

WASHINGTON, May 17.—Republican leaders in congress were accused today in the house by Representative Pou, democrat of North Carolina, of having joined a conspiracy to discredit President Wilson. Mr. Pou cited the resolution which would make it unlawful for the president to leave the country, another declaring the office vacant because of absence from the country, and a third seeking investigation "of tokens of appreciation given the president while abroad" as proof of his assertion.

WITHDREW USE OF UNIFORMS BY WELFARE ORGANIZATIONS

WASHINGTON, May 17.—The privilege of wearing army uniforms and use of military titles, accorded during the war to officials of charitable and social organizations, was withdrawn today by the war department. Secretary Baker, in a letter to the American Red Cross, Y. M. C. A., Y. W. C. A., National Catholic War Council, Jewish Welfare board, Salvation Army and American Library association, asked that use of the uniforms and titles be discontinued.

DE WITT CLINTON GOES TO NEW HOME

By the Associated Press.
NEW YORK, May 17.—The De Witt Clinton, the first steam rail locomotive to be operated in this state and the second in the country, today received the second great humiliation of its life.

In 1831, in attempting an "official run" from Albany to Schenectady, it broke down and was assisted by horses. Today, almost a century later, it was dragged through New York streets, from the shops where it has been stored, to the Grand Central station, where it has been placed on exhibition, by large motor trucks, the horses' successors.

The "old iron horse" without its tender, weighs only 8,420 pounds. In winning the distinction of being the first successful locomotive in the state, it attained a speed of almost 30 miles an hour between Albany and Schenectady. Fired with yellow pine, it showered sparks on its passengers, burning their parcels, but steamed gloriously into its terminal, to the music of bands and the roar of cannon.

WHOLESALEMAN ARE BLAMED FOR EXISTING HIGH PRICES

ATLANTA, Ga., May 17.—Blame for existing high food prices must be placed on wholesalers and jobbers rather than on grocers, President J. A. Times of the National Retail Grocers' association said today opening the annual convention of that organization. Government officials have told "wonderful yarns" about profiteering, he said, "but no case of profiteering on the part of grocers has been found."

FAMED EDITOR DIES

MOHARTOWN, N. J., May 17.—William A. Allen, 80, editor of Town Topics and founder of the Smart Set magazine, died today from complications following an attack of influenza. He is survived by his widow and a daughter. He was a veteran of the Civil war.

SEEKING REPEAL OF EXCESS PROFITS LAW

Resolutions Toward This Action to Be Presented Manufacturers.

By the Associated Press.
NEW YORK, May 17.—Repeal of the excess profits law, enactment of a national bankruptcy act, establishment of a system of general business education and voluntary curtailment by individuals in consumptions and expenditures to eliminate the need for governmental loans, are urged in resolutions presented by committees today at the 25th annual convention of the National Manufacturers' association. They will be acted on this week at the convention, which is attended by more than 1,000 delegates.

The platform committee announced it would be ready to submit its completed industrial platform tomorrow night. Upon its approval copies will be sent to the dominant political party convention.

In asking for the repeal of the excess profits tax, the taxmen committee suggested a satisfactory substitute be found.

The report declared a carefully devised "gross sales tax" might meet the situation, but suggested that the "most reasonable form" would be a limited tax on turnover of wares, goods and merchandise. A gross sales tax, it was pointed out, would produce an annual revenue ranging from \$2,000,000 to \$6,000,000,000.

The committee asserted the present tax discourages new ventures and confirms old ventures in their monopolies.

In recommending a system of industrial education, the industrial education committee said the purpose of such teaching is to develop efficiency of employees and owners to the maximum, so that production may be increased and labor turnover be decreased.

TO RUBY LEVI P. MORTON IN PUGHKEESE, N. Y.

By the Associated Press.
PUGHKEESE, N. Y., May 17.—Funeral services for Levi P. Morton, former vice president of the United States, who died on his 85th birthday yesterday, will be conducted Wednesday by Bishop Charles Sumner Burch in the church of Messiah at Rhinebeck. Burial will be in Rhinebeck cemetery.

PAY RESPECTS TO MEMOIR.

WASHINGTON, May 17.—A resolution expressing regret at the death of former Vice President Morton was adopted today by the senate on motion of Senator Lodge, republican leader.

The senate adjourned as a mark of respect.

SOUTH DAKOTA WANTS TO BE SURE OF THE WEATHER

By the Associated Press.
MERRI, S. D., May 17.—Governor Norbeck has fixed Monday, June 21, as the new date for the convening special session of the legislature. It appears that there can be no trains from the western part of the state for a couple of weeks on account of the damage to the crossing, and the session is put to a date where it is practically certain that communication with the western part of the state will be resumed.

DOWAGER QUEEN DIES

LONDON, May 17.—The condition of Dowager Queen Alexandra, who is suffering from a bronchial cold, is causing anxiety, says the Star today. It cites the fact that Alexandra is 75 years old.

MORE STORES TAKING CRACK AT H. C. OF L.

By the Associated Press.
SAN FRANCISCO, May 17.—A large San Francisco store devoted almost exclusively to women's wear advertised today and "until further notice" 20 per cent reduction in prices on all merchandise. Several haberdasheries announced similar decreases in men's furnishings exclusive of clothing.

TO AID "RESTORATION"

SAGINAW, Mich., May 17.—"To aid in restoring prices to a normal level," several local dealers in men's furnishings have announced that for a limited period they will sell their stock except made-to-order goods, at from 20 to 25 per cent under current prices. The sales are being conducted on the cash and carry plan and no return is applying in the whole, on change accounts.

FRENCH DEPUTIES TO FACE GREAT PROBLEM

By the Associated Press.
PARIS, May 17.—The French chamber of deputies when it convenes tomorrow will face a situation fraught with greater internal difficulties.

The deputies first will have to decide whether the government's policy of law "for improvement of the situation" should be considered to the exclusion of the ratification of the general federation of labor. Discussion of ratification of the treaty with Austria is first on the order of the day, but it will be postponed at the request of the government which desires to liquidate the internal situation immediately.

Premier Millerand will make a statement relative to his meeting with the British prime minister, Lloyd George, at Hythe, and then express willingness to reply interpellations on strike matters of which 16 are on the list.

Debate on the strike situation and dissolution of the general labor federation is expected to last through two sittings.

A careful canvass of the chamber today elicited an expression of opinion that the government will control more than 450 votes as against its opponents' less than 100.

SMALL PAPERS ARE IN DIRE STRAITS

Organization Formed to Endeavor to Relieve the Print Situation.

By the Associated Press.
WASHINGTON, May 17.—Representatives of more than 100 newspapers meeting here today to deal with the hardships surrounding publication of the smaller papers, organized the United States Publishers News Print Conservative League and called on similar organizations to join it for mutual protection.

Some reports sent in by editors unable to attend pointed distressing pictures of the trouble ahead, due to inability to obtain newspaper and high prices. Many editors soon will be forced to suspend unless there is quick relief, letters and telegrams said, while some editors declared the weekly "walk the globe" would be a thing of the past in many little offices if prices kept climbing and mills failed to answer newspaper appeal.

One editor whose paper has not missed a publication since the Civil war, telegraphed he could not get away because there were only two rolls of news print in the shop and where the next would come from no man could say.

Hope was expressed by the publishers, however, that through organization relief might come. Among the officers elected was Orville Elder of the Washington, Iowa, Journal, vice president.

Resolutions requesting all publishers of papers of 50,000 circulation and over to reduce consumption 10 per cent Sunday and 5 per cent daily were adopted, and half a dozen similar organizations were asked to help obtain legislation "to alleviate the evil."

NEBRASKA G. A. R. MEETS

By the Associated Press.
FREMONT, May 17.—The forty-fourth annual encampment of the Nebraska Grand Army of the Republic began here this afternoon. Governor McKelvie made an address tonight at a reception to the visiting veterans.

PENNSYLVANIA PRIMARIES BE HELD TODAY

Little Interest in Republicans, Penrose Faction Having Full Control.

PALMER FACES TROUBLE TO MAINTAIN POWER

Bryan-Hitchcock Row Will Come to Head With Gathering of the Nebraska State Convention.

By the Associated Press.
PHILADELPHIA, May 17.—All political parties in Pennsylvania will hold their primary elections tomorrow. Republican and "democratic" parties each will elect 75 delegates to their national conventions.

Presidential preferences are not directly involved in the republican primary, the contest being largely over the personnel of the delegation and to settle factional differences.

Wood Is Sole Candidate.

Edward H. Wood, Philadelphia, is the sole candidate on the republican presidential preference ballot. Attorney General Palmer was the only candidate to file nomination papers on the democratic presidential ballot, but the faction opposing him for control of the organization in Pennsylvania has urged its followers to write in the name of William G. McAdoe.

There are 12 candidates for the 12 places for delegate at large on the republican ticket. The regular republican state organization has 12 candidates and some are being opposed by the Veto faction in Philadelphia. Senators Penrose and Knox, Governor Sproul and the mayors of Philadelphia and Philadelphia are among the 12 stated candidates. Senator Penrose is opposed for re-nomination to the senate.

Opposition To Palmer.

The faction opposed to Attorney General Palmer, headed by Judge Eugene C. Bonawit, Philadelphia, has placed a complete ticket in the field against the Palmer candidates.

HITCHCOCK-BRYAN ROW ON.

OMAHA, Neb., May 17.—Delegates and democratic candidates are arriving tonight for the democratic state convention tomorrow afternoon. The only unusual feature developed so far is the overlapping delegation from Lancaster county, where a second set of delegates were named at what was called a postponed convention today.

The original convention was held at Lincoln a week ago when delegates favored by the Bryans were selected. Part of those named today were on the Bryan side and the contest will come when an attempt is made to seat the others in the state convention.

Sentinel G. M. Hitchcock will arrive tomorrow morning for the meeting, but William J. Bryan will not be present. He has been looked after by his brother, Charles.

REGULARS ARE SEATED.

SPOKANE, Wash., May 17.—The "organization" forces of the democratic party in Washington late today won their fight before the credentials committee of the state convention, in session here to name delegates to the national convention and elect a national committee, to seat the "regular" delegation of 258 members from King county (Seattle).

NIX, SAYS "MADDOE."

COLORADO SPRINGS, Colo., May 17.—William Gibbs McAdoe, former secretary of the treasury, is not a candidate for political office, he stated emphatically tonight.

"I am not in the political game and I have no intention of being present at the democratic convention in San Francisco," he said.

McAdoe is at a local hotel with his wife. They will go from here to Taos, New Mexico by automobile.

NAME GEORGIA DELEGATES.

ATLANTA, May 17.—Georgia's delegation to the democratic national convention will be elected at a meeting tomorrow of the state democratic convention.

The recent primary election in Georgia, which elected Governor McCalister, is expected to cause trouble for the delegates.

LOCAL LEGION IS TO MEET TONIGHT

State and Entertainment to Follow Important Business Session of Twin Falls Post.

Twin Falls Post No. 7, American Legion will meet this evening at the Elks hall at 8 o'clock.

Matters of importance to the entire legion membership are to be discussed. Activities in the local post have been in a measure dormant since the late convention was held here.

State headquarters are now established here and Department Adjutant Albert will be at the meeting to tell of the plans for the increasing of the work of the membership throughout Idaho.

C. J. DeLong has been appointed as a committeeman of one to make arrangements for the entertainment. He is said to have something up his sleeve that will make the legion members inclined to have been present at the gathering. In addition to the entertainment a real feed is promised to those who will be in attendance.

This is American Legion week and a determined effort is being made to obtain as many members as possible. The local post will get in, if possible, all stragglers, while reports received at department headquarters disclose that 32 new members were added yesterday to the rolls of various posts throughout the state.

Governor Davis last week issued the following proclamation on the American Legion last week:

Whereas, At the conclusion of the great world war the veterans of the United States army, navy and marine corps formed and established the American Legion in order to uphold and defend the constitution of the United States, to maintain law and order, to assist and perpetuate 100 per cent Americans, to inculcate a sense of the individual obligation to the community, state, and nation, to make right the wrongs of might, and to transmit to posterity the principles of freedom, justice and democracy; and

Whereas, American citizens everywhere should co-operate with the former service men in teaching all men the advantages of our great democratic institutions;

Now, Therefore, I, D. W. Davis, governor of the state of Idaho, do hereby designate the week from May 17th to 22nd, inclusive, as American Legion week, and call upon all citizens of the state of

Idaho during said week to aid and assist in every way possible the American Legion and the local posts thereof, in carrying out the high ideals and noble purposes for which said organization was formed. In order that former service men may have the aid and assistance of all citizens in preserving and perpetuating the free institutions of our common country.

In witness whereof, I have hereunto set my hand and caused the seal of the state of Idaho to be affixed by the secretary of state, this 13th day of May, 1920.

ALLEGED BOOTLEGGER ARRESTED SATURDAY

Frank Holly was arrested Saturday night by Officers Han and Austin in a local rooming house charged with having illegal possession of liquor. He was unable to furnish \$500 bond and was remanded to the county jail. Sheriff A. N. Sprague after looking into the matter a few days ago had a warrant sworn out Saturday.

MARRIED AT HOME OF BRIDES MOTHER BY THE REV. BENNETT

Tom Wilson and Miss Pearl Cherry were married at the home of the bride's mother, 129 Ninth avenue Sunday morning at 10 o'clock by the Rev. Alexander C. Bennett. After a short trip the couple will reside in Twin Falls. Miss Cherry was formerly a teacher in the Hickell school.

AUTO SPEEDERS ARRESTED.

Automobile speeders appeared in city yesterday morning before Magistrate W. A. Mabee. One man gave the name of John Lee, saying he was a chauffeur for J. L. Booth, C. N. Letty and L. S. McCarrahan was the other two. They were arrested by Traffic Officer Frank J. B. A fine of \$10 each was imposed on all.

LEAVES FOR SUMMER SCHOOL.

Miss Julia Hiltner, county school teacher, will teach in district number 2, summer school in the Shoshone basin. She left yesterday for the position.

MARRIAGE LICENSES ISSUED.

Two marriage licenses were issued by the county recorder's office yesterday to Henry C. Cruts and Miss L. L. Sprague of Kimberly, and Harold Thompson and Miss Mary E. Robinson of Eden.

ELKS DANCE WEDNESDAY.

This will be a leap year dance and the last of the season. Everybody come. COMMITTEE.

JAPANESE MIKADO IS DYING, REPORT

Death May Lead to Change of Government in the Land of Nippon.

TOKIO, Japan.—Yoshihito, the mikado of Japan, is a dying man. He is the last of the dynasty autocrats. The emperor of Austria-Hungary is no more.

This is the first news of his desperate illness that has reached the world. No Japanese newspaper has even mentioned it; the law prohibits them from commenting on such matters relating to the royal family. But I have it today from the most reliable sources that he is now in his last illness and that it is only a question of a short time before this mikado will be gathered to his 121 fathers who have ruled Japan before him.

Emperor Yoshihito's condition is said to be pitiable. His ailment has affected his brain and he is incapable of attending to the simplest affairs of state, even if he is able to recognize those about him.

Only a few days ago, a great conference of imperial princes and elder statesmen was held to discuss the financial crisis in Japan. The conferees did not go to the imperial villa at all, unless Yoshihito was entirely incapable, so much meeting could have been held except under his chairmanship.

On April 15, new ministers from Great Britain, Mexico and Czechoslovakia presented their credentials. For the first time on such an occasion they were received by the crown prince instead of the emperor.

The stricken ruler is living at the imperial villa, located close to the beautiful seashore village of Hayama. The grounds are most carefully guarded and a heavy wall of secrecy has been drawn about Yoshihito, even inside the house itself, so that the facts of his deplorable condition shall not leak out. However, many stories of his unbalanced actions and habits are carried under the breath from place to place over the nation.

It is possible that a regent may be appointed if death does not come shortly.

FACTS ABOUT THE MIKADO.

Emperor Yoshihito is about 41 years old. He ascended the Japanese throne in the summer of 1912 when his great father, Mutsuhito, died. Mutsuhito will always be famous as the emperor under whom Japan blossomed out of barbarism into civilization in a few decades.

Yoshihito is the 123rd emperor of Japan in direct line of succession, the dynasty being the oldest in the world. In fact, this ruling line runs back to the Japanese word "history" but dates from the time when the emperor was accepted as the founder of the dynasty.

The average reign of the whole line is 20 years and seven mikados, the old title of the ruler, were women. Each mikado had a personal name, but its favorite name was each also a posthumous name by which he or she is known in history.

The title mikado, meaning "Exalted Gate," was the official designation of this sovereign for more than 2,000 years and the name occurs in poetry and history through the whole range of Japanese literature.

The mikado was himself ruled for many centuries by a shogun, a sort of prime minister, but in 1867 this high lord was done away with and the emperor became a real autocrat.

In Japan the government is a constitutional monarchy more like Germany was under the kaiser than as England is under a king. Although there is a parliament which has been gaining in importance and power of late years, it is still very much subordinate to the ruler.

The emperor is really a screen behind which the representatives of the old feudal aristocracy, known as "elder statesmen," control the whole country, its politics and its economy.

In the old days, these elder statesmen were semi-independent princes, continually vying with each other and with the dominant shoguns. In the half century or more since Japan chased away barbarism, they have been bending every effort to keep the old aristocracy in control of the government. They have so far managed to hold down the franchise and retain the law making the government ministers responsible to the emperor and not to parliament.

Moderates and liberals have been very active in Japan for 10 to 15 years, their greatest efforts being against militarism and to make the government responsible to parliament and therefore, responsible to the people.

The paragraph in Mason's dispatch that a regent may be appointed is significant. A regent would be appointed by the elder statesmen and their selection would stand with them for militarism and against people's rights.

The crown prince, Hirohito, who was 19 years old in April is the legal successor to the throne. He has been in the navy and is said to have liberal views on the subject of a regent. If he is not appointed regent, will civil war follow? The people against the old feudal lords? And if so, will the result be a constitutional government on the order of England's or, indeed, a republic?

JURY SELECTED FOR CARVER TRIAL

At the trial held in the district court yesterday morning the selection of a jury took place in the case of the state against William Carver was completed. Presentation of evidence starts today.

About 30 witnesses will appear for the state and defense. Carver is charged with causing the death of a Basque herder when a controversy took place regarding sheep that had strayed onto Carver's property.

Jurymen who will serve are: D. H. Davis, Joseph P. Luck, E. D. Vanatta, Allen P. Smiler, Alfred Pettigrove, William A. Gill, D. F. Clark, Earl Felt, H. M. Miller, J. P. Denny, L. A. Beckington, A. M. Barrett.

ASKS JUDGMENT FROM FRUIT COMPANIES; APPLES FREEZE

In an amended complaint, filed at the district court, C. A. Robinson asks judgment for \$14,000.10 against the Fruit Company. It is alleged that a contract to purchase 14,765 pounds of apples was not carried out and that an agreement to supply 40,000 apple boxes was delayed, so that 25,000 boxes of apples were lost owing to a freeze.

AMENDED COMPLAINT FILED.

An amended complaint was filed in the case of Jess Dunn against P. M. Sorell. Plaintiff asks an order restraining defendant from foreclosing on crop mortgages.

FUNERAL SERVICES TODAY.

Eather M. Lykens, infant daughter of Mr. and Mrs. J. C. Lykens, died Saturday night. Funeral services will be held this morning in the Grossman funeral chapel. Rev. Charles W. Cook will officiate. Interment will be in the Twin Falls cemetery.

TELEGRAPH COMPANIES PREPARE FOR CONVENTION

SAN FRANCISCO, May 15.—Telegraph companies operating from San Francisco are preparing to handle virtually an unlimited amount of press reports on the Democratic National convention to be held here beginning June 28.

The company alone, the Western Union Telegraph company, has announced that it is completing at a cost of \$200,000, improvements in its plant that will take care of 1,000,000 words daily in addition to its regular business. The Postal Telegraph Cable company is also increasing its facilities and news agencies and associations are getting ready to move quickly an augmented "load" they will carry over the wires.

Under the multiplex automatic system.

Under the multiplex automatic system, that permits four messages to be carried each way, eight altogether, on one wire, the Western Union is preparing to take care of 250,000 words of news material for evening papers and 250,000 for morning papers each day. B. H. Collins of the general manager's office here announced. No additional wires are being put in, only "channels" for extra sets of automatic instruments are added. The multiplex system is almost twice as fast as the Morse, in which the message is ticked off by hand, and the company now handles 65 per cent of its business by the new method.

The company will have installed here at the time of the convention 23 miles of pneumatic tubes to carry messages directly into its main operating room where an intricate system of belt conveyors makes it possible to get each message sent within one minute.

With its new improvements, the plant here, the Western Union announced, will be the most modern in the world and the third largest in the United States.

HOUSE GOES SLOWLY ON PEACE RESOLUTION

By the Associated Press.

WASHINGTON, May 17.—The peace resolution adopted by the senate Saturday was formally presented to the house today and laid on the table.

Contrary to announced plans it was not sent immediately to conference, but was considered informally by the foreign affairs committee. Chairman Porter was asked to confer with senate leaders with the hope of agreeing upon some plan by which the house could accept the senate measure without a conference. Some members, however, said they preferred the house resolution.

Before leaving tonight for Pennsylvania, Chairman Porter announced that he would not be able to arrange a meeting with senate leaders until Wednesday or Thursday.

ASK TO RAISE EXPRESS RATES 10 TO 25 PER CENT

By the Associated Press.

NEW YORK, May 17.—A hearing on a petition filed with the Interstate Commerce Commission by the American Railway Express company, asking permission to raise rates 10 to 25 per cent was held today by F. H. Barclay, commission examiner.

Statistical data showing increases in operating costs was presented by Charles A. Lutz, vice president, Express

increases, he testified, amounted to 98 per cent since 1914. His examination was postponed until June 23 to have been a breach of faith by Great Britain if the dispatch of ammunition had been prevented.

Among those attending the hearing were representatives of the chambers of commerce of Omaha and Sioux City.

ENGLAND IS FORCED TO SEND POLAND SUPPLIES

By the Associated Press.

LONDON, May 17.—A question concerning materials which were being shipped from England to Poland was raised in the house of commons today. Andrew Bonar Law, government spokesman, said they formed part of the supplies purchased by Poland last year and that they were being shipped by the Poles because they are the property of the Polish government. Mr. Bonar Law admitted Great Britain had sold Poland some surplus stores last October and that it would have been a breach of faith by Great Britain if the dispatch of ammunition had been prevented.

TRADE CONFERENCE URGES PEACE PACT

Wants Agreement Which Will Protect the Rights of American Citizens.

By the Associated Press.

SAN FRANCISCO, May 15.—The adoption of a peace treaty safeguarding rights of American citizens, and return of control of the American merchant marine to private ownership and operation were striking features of a national program for foreign trade adopted today at the closing session of the seventh annual foreign trade council convention here.

More than 2500 active leaders in foreign trade unanimously adopted today at the closing session of the seventh annual foreign trade council convention here.

More than 2500 active leaders in foreign trade unanimously adopted the broad program urging changes in governmental policy to enable Americans to compete with other nations with equality in all foreign countries.

The convention closed after four days of intensive study in all problems relating to international commerce from the American standpoint, and the program was a digest of needs to improve trade as suggested by specialists in these problems.

Among points urged were the following:

"As collateral influences in the program of expansion of exports and imports, it is important that all interests of producers generally should be safeguarded and maintained on a fair and equitable basis; that production should be increased to the maximum in order to restore normal conditions of employment and living."

"We should build ships for the world markets, as well as for our own requirements. There is no reason why American shipbuilders should not again be among the largest of our exporters. Marine insurance can be best carried on by private enterprise. The appropriations for the maintenance of the United States tariff commission should be increased, and its investigation supported by congress and the business public."

"Continued development of inland waterways is necessary to the perfection of economic trade routes."

"There should be reorganization of the foreign service of the government so that it will eliminate any duplication of effort, and enable it continuously to perform that effective work essential to the fullest development of our foreign trade."

Need of adequate cable, mail and wireless service to every section of the globe is a prime essential, and should be the base of a systematic policy of the government, the program declared.

MUST KEEP HANDS OFF

By the Associated Press.

WASHINGTON, Ind., May 15.—A policy of "hands off" for the American Legion as an organization in all disputes and controversies between employers and employees, or between capital and labor, is outlined by Franklin D. Oiler, national commander of the legion in a letter mailed today to Thomas Goldwater, state adjutant of New Jersey.

UKULELE PORTUGUESE AND NOT HAWAIIAN

By the Associated Press.

HONOLULU.—The ukulele, known as the Hawaiian national instrument, is not Hawaiian at all, but Portuguese, says Mrs. Rosa Alan, writing in the Hawaiian Educational Review, an official publication of the territorial department of public instruction.

"The ukulele," said Mrs. Alan in an article on musical development in Hawaii, "was evolved by a Portuguese from the five-stringed lute-patch fiddle, which was brought here by Portuguese immigrants. The guitar was introduced at the same time, but the use of the steel bar, instead of fingers on the keyboard, was the invention of a Hawaiian boy, Joseph Koahehu."

"As to Hawaiian singing," Mrs. Alan continued, "according to present standards of music, no such thing existed two generations ago. The only Hawaiian music in the early 60s and prior to that was the guttural oil, also called a mole or chant, with a limited scale of four notes. The only other singing was at religious or sentimental exercises and then the sound was an ear-jarring jargon, worse than the musical efforts of a Chinese congregation."

From this, foundation Mrs. Alan traced the musical development of the islands which she characterized as "little less than marvelous."

MAKE PLANS FOR TWO NEW HIGHWAY DISTRICTS

By the Associated Press.

MISSOULA, Mont., May 14.—Plans for two important highway projects which are to be undertaken this year were announced here recently by George Lantz, forest service district engineer. The first will provide a direct highway from Missoula south by way of the Bitter Root valley into the Salween city country in Idaho; and the second will give direct communication between Hamilton, at the upper end of the Bitter Root, and Anaconda.

According to Mr. Lantz, the forest service will undertake the building of a road seven miles long from the Montana-Idaho state line north to the Bitter Root fire line highway, while the state of Idaho will construct a road connecting Gibbons pass of the state line with Gibbonsville and Salmon City, Idaho.

YOUNG WOMAN WORKS UNUSUALLY SIMPLE SWindle

SAN FRANCISCO.—Police officers stationed in the fashionable shopping district here are looking for a smartly dressed young woman who has been working successfully an unusually simple swindle on patrons of the big stores.

Registering well bred embarrassment she would confront one of a throng of shoppers with a distressed whimper:

"My dear I find I lack a dollar for a purchase and the clerk is waiting. Could you—and let me have your address."

Obtaining the money she would disappear.

When this ploy by chance was made twice in different stores to the same shopper her game was up in San Francisco.

BACKWARDNESS IS ENDANGERING GRAIN IN MONT.

GREAT FALLS, Mont., May 14.—The backwardness of the present spring season is causing anxiety for the grain raising farmers, according to county agents who have visited Great Falls from eastern and northern sections of the state. These farm experts expect that the recent cold weather will be followed by good grain crops, although not seeded until the latter part of the month.

The Rocky mountains still are covered with a heavy coat of snow, and unless there is an extremely big spell it is said this will insure an abundant rainfall in the growing season.

LIONS MENACE HERDS

BILLINGS, Mont., May 14.—Ranchers report that mountain lions are preying on cattle in the Lockwood district near here. Traps have been set and hunters have gone out but thus far without success. Serious losses have been reported.

KILLS POLICE MATRON PLAN.

ANACONDA, Mont., May 14.—Declaring the idea for such an officer only a fact, Mayor E. J. McCall has rejected petitions from civic organizations to re-establish the office of police matron here. The office was established last fall but later was abolished.

RACING IS RESUMED.

MONTREAL, May 13.—After a 3-year suspension due to the war, horse racing will be resumed in Canada tomorrow when the Mount Royal tracks reopen.

FARMERS ARE OPPOSED TO NO LAND BILL.

By the Associated Press.

"HIT AGO," May 17.—Farmers of many parts of the country are opposed to enactment of the Nolan land tax bill pending in congress, according to a referendum taken by the American Farm Bureau Federation. It was announced today by J. W. Coverdale, secretary. Returns from 340 counties in 15 states gave a vote of 236,097 against the bill and 2,177 for it.

The opposition, Mr. Coverdale said, was based on the conviction that the bill's enactment would aggravate the farm tenancy evil, raise farm loan rates and reduce food production.

The referendum on the land tax is the first of a number to be taken by the federation on legislative measures and public questions. Mr. Coverdale said.

INTERNATIONALISTS' PROGRAM LOSES

Radical Declaration of Principles Rejected by "Conservative" Element.

By the Associated Press.

NEW YORK, May 11.—The "radical" internationalists of the socialist party of America went down to their first real defeat in the party's national convention here today.

By the decisive vote of 103 to 33, the convention crushed a "radical" declaration of principles, submitted by the delegation from Illinois, which provided for the "dictatorship of the proletariat" and limitation of citizenship throughout the United States.

Buttress of invective marked the long debate between the "conservative" forces of Morris Hillquit of New York and the "radicals" led by J. Louis Engelhardt of Chicago.

"You are afraid of the dictatorship of the proletariat," shouted Engelhardt in closing the debate on the Illinois manifesto. "Yet you have the dictatorship of Palmer, Wilson and Harbord."

You can't fool anybody by phrases, nor can you fool anybody with the decorations of this convention hall, the American flag, the flag of Wall Street and the dictatorship of Wilson.

There is only one road to victory. There is only one flag, the red flag of international socialism. We can do nothing better than ally ourselves with our comrades in Russia, Italy and everywhere else where they believe in international socialism.

"I see only one kind of socialism, international, world socialism. We cannot compete as a phrase mongers with the labor party, the Non-Partisan league, the committee of 48, or any of the old parties. But we can compete with all in the phrases of revolutionary socialism."

James O'Neal of Brooklyn, arguing for the victorious Hillquit "conservative" platform, bitterly arraigned the "radical" dictatorship.

"Are we scientific socialists? Or are we dogmatists?" asked O'Neal. "The time and conditions which favor the Russian revolution must be studied before we attempt to adopt them here."

"I don't like the word dictatorship. Let it go throughout the country. But you favor a dictatorship of the proletariat and you cease to be a political party. Introduce such a resolution and you must do your work underground, or you will be driven under by Sweet at Albany and the politicians at Washington who exercise such a dictatorship, but that would not excuse us."

MOTHER LOVE.

A recent news item tells of a mother who for 17 years tried to get her son pardoned from the penitentiary, where he was serving a life term for murder, and of her final success. The papers are full of tributes to the "wonderful mother love" behind her untiring efforts.

Mother love is a queer thing. One can not but feel that had the mother love been wise as well as persistent, the boy would not have committed the murder in the first place. Whatever the provocation and reasons for mercy, the fact is that murder is a rather serious business. The man who performs it very seldom does so out of a clear sky—a previously unspilled life. There is almost always a history of lack of self-control behind the final deed.

Is it real mother love—or is it weak-minded indulgence—which lets a boy grow up without self-control.

There was the notorious instance a few years ago of a husband's killing of a man who was said to have dishonored his wife before their marriage. His mother's efforts to have him escape the penalty of the law were almost untiring. Nothing that money or perseverance could do was left undone. Many people who had no sympathy for the vulgar mess in which the principals found themselves were frankly sympathetic with this mother. Yet was she not, herself, largely a cause of the whole situation? The man seems to have been a vulgar degenerate, made so largely by the indulgence of his youth.

Fortunately most mothers are not, and do not need to be so desperately "loving" after their children have committed crimes. They do not follow indulgence with indulgence, and give as the last expression of their love merely the culmination of a life of trying to shield their children from facing facts bravely.

It is well that most mothers have the mother wit and mother wisdom to know that a spank in time saves nine, and the boy who is taught to control his tiny tantrums for the family good will later control his big emotions for society's good.

DIAMONDS WORN TO MARKET.

Perhaps one reason food costs so much is that many women wear extravagant clothing and jewels to market. The other day the lost and found column of a big newspaper featured four advertisements of costly jewelry lost by women in one morning at a public market.

It is pretty hard to convince a butcher that 10 cents on a pound of steak makes any difference to a shopper who wears a platinum bar pin set with 11 diamonds (one of the advertised losses), or that the wearer of a seal coat trimmed with ermine cares if sausage is 65 cents instead of 25. Also it is very difficult for shoppers so arrayed to convince themselves that unashamed economy in purchasing food exactly corresponds with the expensive elegance of their clothing.

Aside from the mere question of suitability the thing is indicative of the spirit of the times, the spirit which must change before prices will do much changing. When consumers go back to plain good judgment in dress and in purchase, prices will meet them half way.

Everything at the San Francisco convention will be cut and dried. The politicians will do the cutting and Bryan will do the drying.

STUDY THE BIRDS.

Big folks and little folks can add to their pleasures by careful study of the birds. Everyone may become interested in it.

Naturally bird study is a hobby best followed out of doors with our feathered friends in their proper environment. Good eyesight and careful observation is necessary to gain the best results. A pair of field or opera glasses will assist in "bringing the birds up to you." Time spent in the out doors will be a physical aid, too, so one has both a physical and mental string to his bow while following the birds in their flight—their names, their diet, their mating, their quarrels, their colors, their nesting and their economic value.

For something easy, learn about the robin. Note his song. Notice that he does not hop, as one might suppose, but runs swiftly. Note his unerring dash after the worm. Note his nest building. Note how he uses his breast as a trowel to smooth the interior of his mud-plastered home. Note his rough weaving.

Introductions to the birds generally is followed by lasting friendships. Get acquainted.

A NEW FRAUD.

A new fraud is being practiced on a public that has grown a little too-wise to buy gold bricks but not yet learned enough to give up the hope of getting something for nothing. A concern with headquarters in Chicago is making an offer of premiums sent with enlargements of photographs. The premium is said to be valuable and exchangeable for merchandise at some well-known store in the customer's home town. An exorbitant price is charged for the photo-enlargement, and when the premium is presented at the given shop the customer finds it is worthless and the dealer knows nothing about the proposed exchange.

The mail-order cheat is with us in season and out. Now the gentle springtime is at hand, the countryside will be full of agents seeking to part the householder from his cash. Neither the mail-order specialist nor the door-to-door applicant should receive any attention or any money at least until the prospective purchaser has assured himself beyond question of the legitimacy of the deal.

GETTING RESULTS.

"The best comes out," says the Rev. James I. Vance, founder of the interchurch movement, "not under the lash of the oath, but under the spell of an example."

Thus does Dr. Vance prove the inefficiency of profanity as a getter of results. Modern man, staunch believer in efficiency in all things, will not long tolerate the inefficiency of profanity. This itself indicates the approaching doom of cursing.

Scientists are warning that the tendency of modern races to eat only delicate foods will result in complete disappearance of the teeth in a few generations. If food prices don't come down pretty soon, nobody will be able to eat anyway, so what's the difference?

The fact that rebels are battling for possession of Tampico oil fields seems to indicate the presence of a dark person in the wood pile.

Vienna is worrying about the high price of sewing thread. Berlin is worrying about the high cost of sowing bolshevism.

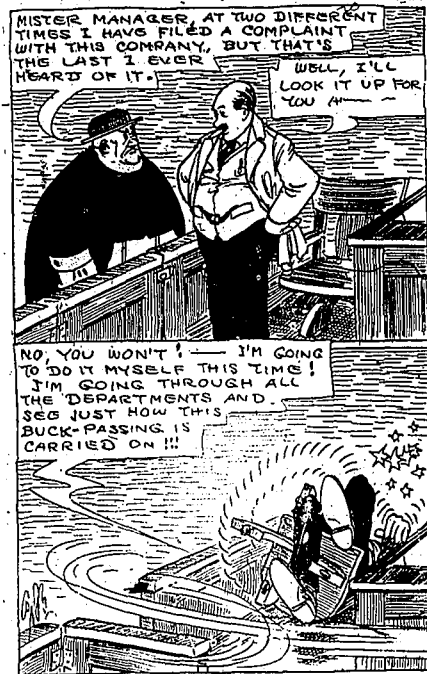

History will record that England, Italy and France saw no opportunity to get a profit out of Yap or Armenia.

Sonora's great problem appears to be that of feeding federal troops who are deserting to assist her.

The public is given to understand that the humility of Governor Cox is about 50-50.

Recognizing Armenia is about the same as exclaiming: "How natural he looks!"

EXPLAIN EMPLOYERS' SIDE OF WAGE ISSUE

Halfway Board Opens First Session in the West at Chicago District.

CHICAGO, May 17.—The opening session of the employers' side of the railway wage question was presented today before the United States railway labor board, which opened hearings in Chicago, following a recent two weeks session in Washington at which representatives of railroad employees were heard.

E. T. Whittier, chairman of the conference committee of the railroad managers, read a prepared statement in which he said that wage advances should be granted to many railroad workers to enable them to meet the high cost of living.

"We are here," Mr. Whittier said, "in good faith to assist your board to grapple understandingly with the vast and complex problem that has been presented to you."

According to Mr. Whittier, total demands of the rail employees, including new demands of approximately 25 per cent, would, if granted by the labor board, not only absorb the revenues expected from the increase in freight rates asked of the interstate commerce commission, but would force the carriers to ask for additional rate increases.

He pointed out on behalf of the rail executives that each \$100,000,000 increase in rail expenses represented a three per cent increase in freight rates. He said that for every cent an hour increase in wages to rail employees, \$50,000,000 was added to railroad payrolls.

The increase in employees in 1911 over those of 1915, he said, was 611,300, or nearly 45 per cent. The railroad payroll increased \$1,005,324,025 or 143.9 per cent.

"Our statement shows," he said, "that in 1915 the payrolls were 2.21 per cent of the gross earnings, while in 1919 the percentage was 55.66 per cent, showing that labor received approximately 14 per cent more of the gross earnings than in 1915."

"We appreciate fully that the increases received by some employees in the last five years have not been commensurate with the increases in the cost of living and that due consideration to this fact must be given by the board."

SUFFER FROM INCURSIONS.
BEIRUT, Syria, May 17.—Tyr and its hinterland has suffered from in-

ursions of Mohammedan bands recently, these incursions, it is said, being inspired from Damascus. On May 7 a band of 300 raided Tyr at daybreak. The garrison drove out the brigands but not before they had committed several murders and caused a panic. In withdrawing they sacked Al-Hadid, 20 miles inland, committing a number of outrages and murdering 50 Christian inhabitants. Other outrages are reported between Tyr and Baalbek. French authorities have sent warships to Tyr and Haid.

PENN. PRIMARIES TO BE HELD TODAY

Continued From Page One.

Senator Thomas H. Watson second, and Senator Hoke Smith a close third. The state executive committee today passed action of its sub-committee which authorized the primary and which declared Mr. Palmer entitled to the Georgia delegation.

OPEN HEARINGS QUARTERS.
CHICAGO, May 17.—Presidential headquarters for Senator W. G. Harding were opened here today.

Hiram W. Johnson, junior, will arrive in Chicago tomorrow from California, to assume charge of the Johnson headquarters.

DRIES FALLO MEET.

LINCOLN, Neb., May 17.—Nebraska prohibitionists, preliminary to their state convention tomorrow, gathered tonight to outline a program for the national convention of the party to be held in Lincoln July 21, but on account of non-arrival of many of the leading workers in the preliminary decided to defer action until the state convention meets.

COLORADO BOMBERS MEET.

DENVER, May 17.—Four delegates at large including one woman and eight district delegates to the national democratic convention in San Francisco were elected at the state convention here today. The subject of instructing the delegates was not mentioned.

COMMISSION MOVES TO BREAK BLOCKADE

Inspectors Are Assigned to Survey Conditions at Important Gateways.

By the Associated Press.

WASHINGTON, May 17.—The interstate commerce commission took its first step today toward breaking the freight blockade.

Telegraphic appeals were sent to all state railway and public service commissions, urging them to join with the government in lifting the burden, while the commission's inspectors were put to work to help get accurate data on conditions.

Virtually all the several hundred inspectors were assigned to important gateways where the flow of freight traffic was clogged. The commission was fully informed on the terminal situation by tomorrow night.

Members of the commission announced that the crisis would provide a real test for the transportation act and likewise that the emergency clauses must measure up to the claims of their staunchest supporters if freight is again set to moving freely.

With increasing complaints from shippers and requests for assistance from railroads, the commission is determined to have determined to go into the freight tie-up with hammer and tongs. Officials, however, urged patience by those watching for immediate results, since it may require days, and even weeks, to start anything like a resumption of normal transportation.

In its first attempt, the commission probably will deal with local situations through individual roads. This was expected to last, however, until a general scheme can be worked out by which priorities and emergencies can be employed.

Further suggestions of the roads were given the commission at conferences with representatives of the railroads and shippers organization office. The fuel situation has steadily developed to the danger point, representatives said, and they proposed that the commission establish a general, although counter movement of coal cars eastward.

The commission in a statement, said it was keeping in touch with the situation through its own representatives, and in co-operation with the roads. The American Railway association's car service has turned over to the com-

mission its figures on the car supply. "In the last few days," the statement continued, "complaints and requests for assistance have been received from shipping interests. These have been handled immediately with the carriers, and in many instances the inspectors of the commission have been employed upon the ground to help break the jam at some congested point."

"Many requests have been received for information as to whether the commission contemplates hearings upon the application filed by important railroads last Saturday, asking the commission to exercise its emergency powers under the transportation act. The commission does not contemplate the holding of any hearings in the near future but it expects to give such directions as seem warranted and necessary."

BIG EATERS GET KIDNEY TROUBLE

Thick Salts At First Sign of Bladder Irritation Or Back Ache.

"The American men, and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with ure acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative forces clog and the result is kidney trouble, bladder weakness and a general decline in health."

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night: If you suffer with such headache, or dizziness, nervousness, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts: take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will soon get fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage and belongs in every home because nobody can make a mistake by having a good kidney flushing any time.—Adv.

DANIELS WILL NOT BE 'RUBBER STAMP'

Declares General Staff for the Navy Would "Prussianize" the Service.

WASHINGTON, May 17.—Dredge "to Prussianize the navy department" was asserted by Secretary Daniels today in one of Rear Admiral Sims' underlying motives in criticizing the department's conduct of the war.

The secretary, testifying before the senate naval investigating committee, also charged most of the testimony supporting Admiral Sims' position was from officers who wished to remove civilian control of the department and make the secretary a "rubber stamp."

"The original charge showed hostility to certain officers and a desire to damage making officers who directed the operations during the war," said Mr. Daniels.

Mr. Daniels said that the evidence has disclosed a desire to misrepresent the secretary of the navy because he was not a rubber stamp secretary. But deeper than opinion and prejudice was a deep seated determination to organize the navy department upon the approved Prussian military and taking all away from the civilian.

Mr. Daniels said if the committee desired to raise the general staff issue, he was willing to go to the country with it. If congress approved the plan, he declared, it should "create a general staff on the German model and name some, von Tirpitz to rule the navy," make an admiral secretary and member of the cabinet and civilians ineligible for the post, but should not "put some Sims in control of the navy with a nominal civilian secretary as his clerk, messenger and rubber stamp."

"Most of those who advocate this radical departure seek to camouflage their Prussian ideas," he said. "They say they do favor a civilian secretary, and have no thought of a naval officer for secretary. What they desire is a struggle to keep the navy under civilian control and quoted former Secretaries Welles, Long and Meyer and former Assistant Secretary Barling to show the strenuous efforts they found

necessary to put forth to keep authority in the hands of the civilian secretary.

TOUCH OF 'OLD WEST' IS GIVEN 'FENDERFUT'

By the Associated Press.

PASADENA, May 17.—A touch of the "old west" was given the reception here late today to the delegates who arrived on a special train from New York to attend the 42nd annual convention of the National Flinger Light association opening tomorrow. A hold-up of an old time stage coach was realistically portrayed as the delegates left the train and before they had an opportunity to note its modern setting in "the new west."

General Porfirio Cadenas has been appointed provisional governor and post commander and that General "Copa" had been appointed commander of operations in the state of Oahu.

"Information came to the department today that at Piedras Negras, opposite El Paso, Texas, T. R. H. Bell, commander of the department of the state of Sonora, under General de la Huerta, called merchants together and requested free contributions of funds for assistance in paying troops quarantined at Piedras Negras with a view to increasing order, and that approximately 25,000 pesos (\$5,000) was subscribed by foreign and Mexican business men."

YOLANDA-HOOPER-HARRIS TRIAL OF COMMUNISTS

DETROIT, May 17.—Trials of communists charged with excesses during the Bela Kun dictatorship have been delayed by the departure of Yolanda Stannely, widow of Tilor Stannely who committed suicide on the Russian frontier when shot in an attempt to escape from Hungary last August.

The widow, an important witness, fell in love with a Russian officer who was said to have aided her to escape when she was imprisoned. She was a member of a noble family which disowned her when she became a communist.

ROBINSONS

FACTS THAT SHOULD APPEAL

There are some who do not seem to be quite clear regarding this sale. Those who do not seem to quite understand that it is a genuine bona fide quit business here closing out sale. To those I would say it is that and nothing else.

There are some who are inclined to "hold off" just to see if all that have been said regarding this big sale is, really meant. To those I have to say get in or get on the running board or you will surely miss out on a most important chance to save some money.

To the great big number, not only hundreds, but thousands—yes! I mean thousands—who have come here and bought, many of them having bought freely and in goodly quantities, I want to say to them that you have done wisely and would only add, keep on coming, you will be glad in the end.

To one and all I say now and say it with positiveness that there are plenty of goods here, those of the dependable kind, the kind you can use now and the kind you can use later on. Buy and buy freely; buy and be glad.

Buhl Defeats Paul 10 to 8

Bands Represent Both Teams—Lose Playing Noted Throughout the Game.

Buhl, May 17.—Buhl won the first baseball game of the Southern Idaho League played against Paul by a score of 10 to 8. Approximately 3,000 spectators attended. Gate receipts were estimated at \$2,000. Several fans from Twin Falls were there to witness the game. It is asserted the crowd is one of the largest ever in the northwestern part of this state, to be present at a game to baseball.

The score was 4-2-4 at the end of the fourth inning and throughout was a close contest. When the ninth inning was being played it was hard to say which would come out winner, but at the close of that the Buhl players emerged two runs ahead.

A special train took the Paul players and about 500 followers to the initial game. Between the innings two bands furnished music to the spirits of players on both sides. A Buhl and a Paul band represented the opposing organizations.

Grain

CHICAGO, May 17.—Expected federal emergency action to bring about better railway traffic conditions had a bearish influence today on the corn market. Prices closed heavy, 1 to 2 cent lower with July 176 3/8 to 176 1/2 and September 163 1/2 to 163 5/8. Oats finished 1/2 cent down to 7 1/2c up, compared with yesterday's late figures. The outcome in provisions was 15 to 30c decline.

Although as a result of wet weather the corn market showed a little strength at the opening, bulls were at a disadvantage throughout most of the remainder of the day. Attention turned chiefly to hoped-for developments looked for from the meeting held by the United States labor here, and from the session of the Interstate Commerce Commission in Washington on Wednesday. Receipts grain receipts in Chicago today, were considerably larger than have been the rule of late. Sellers' "hotter," overreached themselves to some extent and there was quite a sharp upturn in prices after midday. Nevertheless, rallies due to shorts covering failed to hold at the last.

On a rather easier with corn, except the May delivery in which offerings were light. The weather was regarded as ideal for promoting the growth of oats. Lower quotations on hogs and corn pulled down provisions.
