VOL. X, NO. 34.

TWIN FALLS, IDAHO, SATURDAY MORNING, MAY 22, 1920.

PRICE

## WILSON PLANS CAUSE HIGH PRICES

### Banking Section Republican Committee Blames the Administration.

### WAR FINANCING BURDEN TO PEOPLE IS CLAIM

### Regulation of Public Utilities Favored, but Opposition Is Shown to Control of Other Industries.

By the Associated Press. NEW YORK, May 21.—The Wilson administration is charged with continuing to date policy of inflation "by which it financed the war" and which is held responsible for the increase in the cost of living since 1914. In the report of the banking and currency committee of the republican national committee's advisory committee on politics and platform, made public here tonight.

"Insofar as the war period is concerned," it says, "there merely call attention to the fact without expressing an opinion as to the wisdom or lack of judgment. But the continuance of this policy since the armistice, lays the administration open to severe criticism."

### Blames War Financing.

The consequence of "this inflationary war financing," it added, "are that:

"It has caused great injury through the consequent rise in the price of goods and services that enter into living costs;

"It has greatly increased the cost of the war;

"It has caused serious loss to purchasers of Liberty bonds, who were led to believe that these bonds were investments which, considering their gilt-edge character were offering fair market rates of interest;

"Continuation of the low federal reserve discount rate necessary to sustain the administration's borrowing policy for a long time after the armistice gave rise to excessive speculation during the year following the close of the war. It caused further credit expansion weakened still more our gold reserves and has seriously delayed the time of return to more stable economic conditions. It is in no small degree responsible for the widespread feeling of uncertainty and insecurity that at present pervades our economic life."

### Supports Regulation.

The sub-committee on relations of commerce and industry in another report declared "there seems to be little doubt that public opinion supports regulation of public utilities and for the most part other classes of business should be subjected to little or no regulation." Federal incorporation of license of interstate business and preference of federal over state regulatory bodies where there is a conflict were approved.

"Oligon" seems clear," the report said "that any increase in equipment and in output in any line of business which is accompanied by a tendency toward monopoly calls for a considerable amount of regulation but that a mere increase in physical equipment and in volume of output with no tendency toward monopoly does not call for regulation.

"It is also held that a combination of units formerly under separate control but without any increase in equipment or in output, the combination being formed for some other purpose than monopoly, does not call for any considerable amount of regulation. Moreover, mere size does not seem to be the occasion for regulation."

### CATTLE SUFFER FROM FLOODS IN COLORADO

By the Associated Press. GRAND JUNCTION, Colo., May 21.—Cattle owners in Grand and Garfield counties of the Grand River valley were kept up tonight in the river which is a half mile wide at Grand Junction and over the banks in places. The "Grand River" has risen out of its banks and caused heavy damage to ranch property between here and Poudre.

Railroad communication is interrupted.

## HIRAM JOHNSON IS LEADING IN OREGON

(By the Associated Press.) Portland, Ore., May 21.—Senator Hiram W. Johnson was leading the field of four candidates for the republican presidential vote on the face of meager returns tonight from the Oregon primary election. At 11:15 p. m. the count from 25 counties including 15 incomplete precincts in Multnomah county gave: Johnson 1,178; Wood 1,104; Lowden, 417; Hoover, 222.

### ATTACH VETOED RIDER TO SUNDRY CIVIL BILL

WASHINGTON, May 21.—A rider aimed at President Wilson's recent veto was attached to the sundry civil appropriations bill, which is before the senate finance committee. It provides that no new government publications shall be issued without congressional authority.

In reporting out the bill, the senate appropriation committee recommended a total of \$440,023,000 for governmental activities covered by the measure. This was \$208,655,000 less than appropriated for the same purpose for the current fiscal year, a loss than estimates submitted by executive departments.

Increases made by the senate committee included \$4,436,000 for inland and coastwise waterways; \$2,000,000 for the customs service and \$1,600,000 for enforcement of the prohibition act.

## RECLAMATION COLUMBIA LANDS NOW PLANNED

By the Associated Press. PORTLAND, Ore., May 21.—Plans for diverting the water of the Columbia and its tributaries over 2,000,000 acres of land in eastern Washington and the Snake river valley of Idaho, formed from its present state of unproductiveness to one which will yield millions of dollars worth of crops each year, were being considered here today at a conference of republican senators from Idaho, Oregon, Tacoma, Spokane and Portland.

The proposition, known as the Columbia basin irrigation project, is one of the largest reclamation schemes in the United States. The land included is level or rolling and while the soil is fertile, the rainfall is so light that it is largely unproductive.

Through irrigation it can be transformed, say experts to one of the finest crop sections in the United States.

## START INQUIRY OF CAMPAIGN EXPENSES

Committee Ordered to Act With "All Possible Dispatch" On Bona Fide Resolution.

By the Associated Press. WASHINGTON, May 21.—Senate investigation of the pre-convention campaign expenses and pledges of presidential candidates got under way today.

Acting under the Doherty resolution adopted yesterday by the senate, the elections committee authorized a subcommittee to take up the task "with all possible dispatch," and Senator Kenyon, republican, Iowa, was named as chairman. Telegraphic requests were sent immediately to the several campaign managers of leading candidates to attend the first session here on Monday.

Senator Kenyon's associates in the work, as named by Chairman Dillingham of the elections committee, are Senator Spencer of Missouri and Edge of New Jersey, republicans, and Senators Reed of Missouri, and Pomerooy of Ohio, democrats.

## FIRE DESTROYS BUSINESS HOUSES ON NORTH MAIN

### Loss Estimated at Between \$200,000 and \$300,000 Partly Covered by Insurance.

Fire which broke out at 2 o'clock this morning, threatened for a time to wipe out the business block on Main avenue between Second avenue north and Shoshone street, and endangered the lives of several occupants of the Cotillion hall building. Miss Elizabeth Greenwald was rescued from the building while the fire was at its height.

The loss is estimated at between \$200,000 and \$300,000. The United Stores, Saladay Hardware company, Wright's and other stores in the block suffered damages, while the upper floor of the Cotillion building was completely gutted.

The fire was discovered by a member of the Chronicle staff as he was returning from the postoffice at 2 o'clock. When first seen the blaze was small, barely casting a light. Reaching the alley near the Chronicle office the reporter saw the flames burst through the building.

The fire department responded promptly to the call. By the time that it had arrived the entire block was on fire. The hook and ladder wagon had entered the alley to the rear. Shortly afterward it was discovered by Patrolman Austin that Miss Greenwald had been trapped in her office in the Cotillion building. It took some time before the wagon could return to Main street. Miss Greenwald was preparing to jump when the ladder wagon arrived and a ladder run to the window. Just as she was passed out to a waiting fireman by a lieutenant of the fire department flames burst through the window and down through the stairway. Miss Greenwald fainted but landed safely on the ground.

Two other people were in the building when the fire was discovered, a Miss Todd and a man. Miss Todd heard the fire wagon arrive and passed out safely, stopping to awake Miss Greenwald and the man who was rooming across the hall from her.

Streams were played on the fire from several sources. When the intensity of the blaze was discovered, the local fire department sent for the Buhl chemical wagon which started for here at 2:30.

Miss Elizabeth Greenwald, who was sensationally rescued, was taken to the Perrine hotel and will not suffer from her harrowing experiences. Her hair was slightly singed, otherwise she was unharmed. A. L. Metz was the man who was also sleeping in the building.

After having broken out anew after apparently having been checked, the conflagration which raged this morning in a business block on Main street, was apparently again under control at 3:20 o'clock this morning. The blaze was confined to the building occupied by the Wrights and United Stores, with the offices and dance hall above.

## SOLDIER BONUS BILL HELD UP BY THE HOUSE

### Coalition Between Republican Insurgents and Democrats Is Foregasted.

### SEEK TO FORCE RIGHT TO AMEND MEASURE

### Charge Made by Rainey That Action Is Purely a C. O. P. Campaign Proposition to Gather Service Votes.

By the Associated Press. WASHINGTON, May 21.—Republican leaders of the house decided today not to attempt passage tomorrow of the soldier relief legislation. Leaders expected to get the bill before the house Tuesday or Wednesday.

Condition Is Cause. This decision was reached because of a prospective coalition between a majority of the democrats and a minority of the republicans, the latter opposing any cash bonus. The combination planned either to defeat the bill giving the bill the right of way for passage, and the rule would leave the bill open for amendment.

Before the republican leaders were called together, an informal democratic caucus was held. It was also disclosed that the anti-bonus republicans numbered 60, and by combining with the democrats might upset the republican control.

Reports Are "Fictitious." "A multiplicity of bills" on the bill tomorrow, both Chairman Fordney of the ways and means committee, an Representative Henry T. Rainey, ranking democratic member, filed their reports on the measure late in the day.

Neither offered any direct argument for or against passage of the bill. Mr. Fordney declared legislation could only be financed by new taxes without which he said, the measure would be "inefficient if not entirely useless."

Mr. Rainey attacked the taxation scheme, declaring it ill considered and calculated to "hurry a usurious financial disaster." He advocated a war profits tax, and said that if permitted would endeavor to include it in the bill.

"Evidence that the bill is designed primarily as a republican campaign proposition," said the Rainey report, "is found in the fact that not a single tax takes effect until after the next election. There is not the slightest intention of trying to pass the bill through the senate at this session of congress. We consider this is acting in bad faith with the soldiers' organizations which requested this legislation."

Mr. Rainey declared the land reclamation plan embodied in the bill would lead to unlimited expenditures and would be stricken out of the bill.

### SAYS BONUS "DEMORAL"

BOSTON, May 21.—Dr. Charles W. Elliott, president emeritus of Harvard university, speaking at the New England Red Cross conference today, denounced the proposed soldiers' bonus bill as "demoral."

After condemning what he termed a tendency to put membership into the Junior Red Cross on a pecuniary basis on a parallel with the practice which seems to prevail in an astonishing degree in American families to make pecuniary payment for services that ought to be performed for "love and duty," he added:

## VILLA DEFIES NEW RULERS IN GREASER LAND

### Reported to Have Captured a British Subject, Holding Him for Ransom.

### REFUSES TO AGREE TO TERMS SET BY CALLES

### Quiet Reigns Below Border During the Last Few Days, Felix Diaz Would Leave the Country.

By the Associated Press. WASHINGTON, May 21.—Francisco Villa, who has defied every government in Mexico since the overthrow of Madero, already has become an embarrassment to officials of the new de facto government.

A report to the state department today that Villa had captured and was holding for \$50,000 ransom, George Miller, British superintendent of the Alvarado Mining and Milling company at Parral, Chihuahua, followed a report that General Calles had failed to obtain from the outlaw leader an agreement to stop his operations.

A. J. McQuatters, New York, president of the mining company, today sought the advice of government officials regarding payment of the ransom. The state department, it is understood, has taken no action although it was regarded probable that representations would be made, not to the authorities in Mexico City, but to the de facto leaders in Chihuahua.

### Doubt Tomorrow Story.

Representatives here of the revolutionary government said they doubted the report that a messenger had been sent for Miller's release and called attention to the release by Villa of Americans since the beginning of the year and their subsequent return. His action was explained by statements attributed to him that he was following the course most likely to provide him the most up-to-date news and a means of transmitting his own ideas to someone on the outside.

The dispatch of Rafael Zubarah, to Chihuahua was reported here as a move toward further effort to bring Villa into the revolutionary movement.

### Threat Not Carried Out.

Neither official nor unofficial reports indicated that the authorities at Mexico City had carried out their implied threat to force payment of the export taxes due from the oil companies.

Information reaching the government and the revolutionary agents agree that order in Mexico has prevailed in the past few days.

General Arietta, governor of Durango, has not yet announced his move toward further effort to bring Villa into the revolutionary movement.

### FIVE DOLLAR WHEAT PREDICTED BY HILL

By the Associated Press. SEATTLE, Wash., May 21.—Five-dollar wheat may be expected before the 1921 crop is harvested, Louis W. Hill, chairman of the board of directors of the Great Northern railroad, said here today.

He said it had been impossible for growers to hire enough men to plant the crop and that they will be hampered by lack of labor at harvest time.

## GRAND JURY INVESTIGATES

LOS ANGELES, May 21.—The federal grand jury will begin an investigation Wednesday as to why clothing prices have not fallen in Los Angeles and San Diego. J. Robert O'Connor, United States attorney, announced tonight.

## CHICAGO, MAY 21.—MILLIONS OF bushels of grain were flung suddenly on the markets today by holders who had become unweary.

The grain and its violent result was attributed mostly to sweeping changes announced in railroad operation and to nation-wide tightening of credit. Wreckage of values totaled 13 1/2 cents a bushel on corn and 6 1/2 cents on oats.

## WHEAT MARKET IS BADLY SHATTERED

By the Associated Press. CHICAGO, May 21.—Millions of bushels of grain were flung suddenly on the markets today by holders who had become unweary. The grain and its violent result was attributed mostly to sweeping changes announced in railroad operation and to nation-wide tightening of credit. Wreckage of values totaled 13 1/2 cents a bushel on corn and 6 1/2 cents on oats.

Tonight, owing to the tension created every brokerage house in Chicago was calling for heavily increased margins on all open trades, and there was prospect of another strenuous day tomorrow.

## GRAIN MARKET IS BADLY SHATTERED

By the Associated Press. CHICAGO, May 21.—Millions of bushels of grain were flung suddenly on the markets today by holders who had become unweary. The grain and its violent result was attributed mostly to sweeping changes announced in railroad operation and to nation-wide tightening of credit. Wreckage of values totaled 13 1/2 cents a bushel on corn and 6 1/2 cents on oats.

Mr. Frank Hahn, returned to Twin Falls yesterday evening accompanied by Mrs. M. M. Stack. Mrs. Stack has been visiting with friends in Buhl for some time.

Mrs. J. C. Richers of Piler motored to Twin Falls yesterday forenoon and remained for a few hours shopping and visiting friends.

Miss Margaret Ryan of Eden spent Friday afternoon in Twin Falls. Miss Ryan returned home last evening.

J. R. Abel of Piler arrived in Twin Falls yesterday forenoon and will remain for some time looking after interests here.

Mr. and Mrs. E. C. Stroud of Jerome motored to Twin Falls yesterday on a combined business and shopping trip.

MEMORIAL SERVICES METHODIST CHURCH

Special Theme for G. A. R. Members and Friends—Past Chairman to Offer Prayer.

For more than 50 years the Sunday preceding May 30 has been observed in May for the Grand Army of the Republic. All veterans are urged to attend these services in some church, accompanied by their auxiliary and allied orders.

Post Commander Vance will call a roll of those comrades whose death occurred during the past year; Adjutant M. Brice will respond by giving a brief record of their lives and Post Chaplain Stimpney will offer the ritualistic prayer.

After half a century this service is said to be in harmony with the original call for such observance by Gen. John A. Logan, first commander in chief of the G. A. R., who expressed the hope that it will be kept up from year to year while a survivor of the war remains to honor the memory of his departed comrades.

Society

The H. W. T. club was delightfully entertained at the home of Mrs. Edna Lading Thursday evening. The evening was spent with auction 500, with Mr. and Mrs. Frank Brough winning high score.

The new home of Rev. and Mrs. Alexander G. Bennett was the scene of a delightful housewarming Thursday evening. More than a hundred friends were present to open the lovely new home.

The Current Events department of the Twentieth Century club met yesterday afternoon at the home of Mrs. E. A. Landon. The members responded to roll call by current events.

The afternoon was given over to a discussion and papers on the three hundred years since the landing of the Pilgrims. The program was divided into periods, each representing 50 years.

Mrs. Edna Lading, home demonstrator, accompanied by her two daughters, expects to visit the Poplar Grove sewing club Wednesday, May 26, and the M. and S. club the day following.

Judge Lawrence Hansen is reported to be ill at the home of his brother, John P. Hansen on Fourth avenue east. Judge Hansen is said to be suffering from heart trouble.

The baby of Mr. and Mrs. Dale Singularity was born from their home yesterday morning.

Bill News Notes. Bill, May 20.—At the carnival staged at Buhl today by the local chapter of the G. A. R., the boys in which lodges, Boy Scouts and the American Legion members in uniform participated.

DOLESHEVSKI TROOPS ARE DISMISSED TO BE IN GERZBURG

CONSTANTINOPLE, May 19.—A newspaper dispatch from Brussels reports Doleshevski troops actually have entered Gerzburg, the principal city of Armenia and are negotiating with Kizilo Kadambir, commander of the 10th corps, whose headquarters are there.

For the last fortnight the general disposition in allied circles has been in relieve the Hussein Doleshevki army more intimately associated with the anti-Atatürk nationalist movement than has hitherto been suspected.

Every day brings news of new Russian agitators in various parts of Anatolia, and many Russian officers and soldiers who disappeared from Constantinople are now with the nationalists in various parts of Asia Minor.

CHICAGO, May 21.—Senator Elfram Johnson, candidate for the republican nomination for president, has engaged the Auditorium theater for June 7 and will be the principal speaker at a meeting the night before the opening of the republican national convention.

It was announced today by Edgar J. Cook in charge of Johnson's Chicago headquarters. The advance guard of Johnson leaders is expected here tomorrow.

EVICTED TENANTS HOUSED IN TENTS

Local Tenting Is Feature of the Life in Park in Newark, New Jersey.

NEWARK, N. J.—One hundred and ten families, evicted by landlords, are comfortably housed in Vallsburgh park today under tents, located in the city of Newark by the war department. It is a real tentville, where denizens although temporarily homeless, are as happy as could be expected in a community forced to live outdoors.

Capt. Thomas W. Rolley, a machine gun man with a fine overseas record, had but the place and gave each arrival a first come, first served choice of their canvas habitations. One of them was a young widow with four children. She received an order to vacate her apartment after failing to defeat her landlord in a lawsuit.

The city appropriated \$25,000 for the operation of the camp and Governor Edwards donated a big tent which, in the center, serves as a community kitchen. Army food from the municipal sales stations helps further to keep down the cost of living.

The settlement is provided with many conveniences including a sewerage system, running water, a laundry tent equipped with tubs and stoves for ironing, shower-baths and toilets.

The total cost of installing the improvements was less than \$500, according to Captain Rolley, the largest single item being \$120 for heavy insulated wire for electric lights. Boilers and a number of city employees helped to put up the tents which are 18x16 feet and lay the board flooring. The tents are boarded up three feet from the ground. Most of the inhabitants of Tentville have stored their furniture in the prospect of better days and are sleeping on cots furnished by a local hospital. The "town" is laid out in eight streets with one main avenue bisecting them.

WHOLESALE LUMBERMEN ASSOCIATION IS FORMED

By the Associated Press. CHICAGO, May 21.—The American Wholesale Lumber association was organized at a mass meeting of the lumber distributors from all parts of the country. It was announced that the purpose of the organization is to co-ordinate the interests of the lumber industry.

Officers elected followed: President, J. H. Burton, New York; vice president, R. E. Woodhead, Houston, Texas, and C. W. Johnson, Seattle, Wash.

DAYTON, Ohio, May 21.—Huttlir Levinsky of New York and Chuck Wiggins of Indianapolis fought a 12-round draw here tonight. They are system, running water, a laundry tent light-heavyweight.

The search for value is the motive that moves men to buy. Value is and always will be the mainspring of merchandising. The foundation of our clothing business will always be value. A great number of men in Twin Falls accept as law our word on quality and fashion, and we are proud that they accept at Full Value any merchandise which bears our name.

The neat suit you buy can prove to you that it is money saved to buy quality material. All good clothing must be all wool, but clothes that wear must be of good fiber wool, well tailored.

Priced at \$20.00 and up

REDUCTIONS. Recent reports tell of price slashing occasioned by the overall movement, old clothes parades and various propaganda being circulated by the press. It is only natural for "business" as some might term it—for certain retailers to realize that the stream of objections to present clothing prices could be diverted to their benefit by this situation.

The retailers who have taken advantage of all this publicity to bring out their expertly manipulated product and advertise it for say \$35.00 as a \$60.00 product when it was obtainable all the time at \$35.00, whereas prices, value for value, have not declined one dollar. —Manager Clothing Department

# BIG DAY HERE FOR SHIP-BY-TRUCK MEN

Will Arrive in Twin Falls Monday Noon—Chamber of Commerce Cooperates With Committee.

Plans are on foot to make Monday, May 24, a gala day in Twin Falls when the caravan of motor trucks in the ship-by-truck movement arrives here. It is claimed that the arrangement eliminates waste and loss of time in delivery and is a benefit to all communities. Seventeen trucks comprise the train and more than 100 men will accompany them. Following is a telegram received by T. H. Merrill yesterday: "Ship by truck with 17 trucks, four passenger cars will arrive in Twin Falls Monday noon; will precede train several hours to assign hotel accommodations and hold in any way; have several speakers for good roads meeting; everybody happy; moving absolutely on schedule."

The train is reported to have left Idaho Falls last night and going by Blackfoot and Arco will arrive in American Falls tonight. Sunday it will drive from there to Burley, then to this city, arriving here Monday noon. Those in charge of arrangements are T. H. Merrill, E. H. Johnson and Mr. Pike. The committee have secured the co-operation of the Chamber of Commerce and a surprise is said to be in store for the persons in Twin Falls Monday.

## MERCHANT MARINE BILL NOW GOES TO CONFERENCE

WASHINGTON, May 21.—The senate without a record vote today passed the house merchant marine bill providing for a permanent merchant marine policy and sent it to conference.

The bill provides for the sale of government owned ships to American citizens or corporations as soon as advisable and pending such sale for the operation either by the government or under lease. A permanent board of seven members would be named by the president, comprising two each from the Pacific and Atlantic coasts, one each from the gulf and Great Lakes and the seventh from the interior.

Male and female applicants under 17 years of age are accepted without restriction. In order to become legally discharged from Japanese citizenship obligations consent must be obtained from the secretary of the interior, Tokyo.

## TEN CENT BEER IS NOW NUMBERED IN MANILA

By the Associated Press. MANILA, P. I.—The day of the 10 cent beer is numbered, according to union leaders, in consequence of the increased internal revenue tax placed upon the beverage by a bill which was passed by the recent extra session of the Philippine legislature. The management of one large brewery gave notice that the wholesale price of beer would be increased at once, and retailers say when their present stocks are exhausted, they must either raise the price above 20 cent a glass (10 cents) or cut down the size of the glasses.

# THREATEN LESSENING OF MEAT SUPPLY

Insufficient Number of Refrigerator Cars Apportioned to Packing Companies.

By the Associated Press. CHICAGO, May 21.—An immediate restriction of the nation's meat supply is threatened by the reduced quota of refrigerator cars apportioned to packing companies by the Interstate Commerce commission, according to a statement issued tonight by Thomas B. Wilson, president of the Institute of American Meat Packers, in behalf of American packing companies. Reports received today at the institute from several sections show that some plants may have to shut down on account of the lack of cars, the statement said. "Other plants have been forced to effect a 50 per cent curtailment of the production of meat and some of these are on the point of stopping operations entirely. No packer owns enough refrigerator cars to take care of his own business. The larger packers are compelled to rely on railroad owned cars for 25 to 30 per cent of their requirements, and the smaller packers depend largely on these common carriers. Ordinarily the necessities of the packing industry are recognized and filled in order to protect the consumer. But the interstate commerce commission has diverted to other uses a considerable share of the quota usually assigned and urgently needed to move meat. As a consequence labor in being laid off and the quantity of livestock dressed is being reduced. Unless this condition is remedied a shortage of meat is bound to follow. The producer who already is losing money will suffer from a restricted market for his meat animals. The packing industry, confronted by reduced production and a continuance of fixed charges, also will be hurt."

## GERMAN INTERESTS ENTER THE MANILA HEMP MARKET

MANILA, P. I.—German interests have entered the hemp market here, and it is said in a few days they purchase 25,000 miles of Manila hemp at \$25 a bale, which is slightly above local quotations for this product. The hemp was obtained from a group of Chinese dealers and it is said that the German representatives will be a permanent factor in the hemp market.

## TENT VILLAGES SPRING UP ALL OVER ST. LOUIS, MO.

ST. LOUIS, Mo.—High rents and scarcity of houses have caused "tent villages" to spring up in the vicinity of St. Louis. The tent dwellers generally report they have "stored" their

# TEACHERS AT MORE THAN DOUBLE THE SALARIES THEY RECEIVED IN THE SCHOOLS.

The board of education, with the approval of the governor general, has offered to increase the salaries of the teachers by five dollars a month at the beginning of the next school term, June, but it is said this proposed increase has not deterred any of them from leaving.

## BIRD OF FLOWER TYPE MARKS A VERY LONG TRIP

VICTORIA, B. C.—Almost exhausted from its long flight, a bird of the plover species picked out the Nipon Yusei Kaisha liner "Taishin Maru" as a haven of refuge at the big seaport, was blowing her way across the Pacific for this port. The liner was about 500 miles out from Victoria when the feathered visitor settled helplessly on the boat deck. Flying aimlessly about above the broad expanse of the ocean the bird had sought for something to cling to in order to rest its weary wings and it eagerly accepted the accommodating vessel to save itself from destruction. The bird was picked up and soon revived when ministered to by a member of the ship's crew. It proved very tame and displayed no inclination to resume its flight.

## ROBINSON'S

### Gee! But Don't the Awful Prices Make You Dizzy?

Perhaps some of you can call to mind that song of years ago in which the refrain ran

"Oh John, tell them to stop," that was the cry of Maria.

But the more she said whoa,  
They said, "Let 'er go."  
And the swing went a little bit higher.

I am reminded of the dizzy heights to which most merchants have carried their prices. I also have in mind that prices at this store have never reached those dizzy heights.

Perhaps you will have in mind that in the past the wonderful so-called sale prices of those stores given to sales were no lower than the regular prices at this store.

Now if you will have in mind the fact that prices at this store have always been lower than elsewhere and take into consideration the big reductions that have been made for this big sale, on the already reasonable prices you can without figuring see the great advantage of buying here at this time.

*Edward Robinson*

**UNBOUND ANTHOLOGY.**

It was when the Household Book of Poetry or some similar collection of verse faced every parlor center table, but poetry books and the habit of reading them has gradually decreased as the family has taken to gadding around in the evening by automobile instead of gathering round the evening lamp.

The Poets' Guild, whose membership includes all the best known writers of present-day verse, hopes to rescue poetry from its low estate and make it once more a vital part of every-day life. To this end it has conceived an "Unbound Anthology," which shall enable each reader to make his own collection. Poems for the anthology are to be printed on single sheets of heavy paper, and sold in this form at all leading book stores. If the reader comes across a bit of verse which appeals to him, he buys a copy of it in the anthology form, and presently he has a collection uniform in size, containing only such poems as he distinctly wishes to keep. Most books of verse are thick with things one cares nothing about.

Such an anthology offers possibilities for the development of taste, convenient preservation of favorite poems and a further acquaintance with our modern writers, many of who are well worth knowing.

The federal attorney in Brooklyn, is going to arrest 3,000 men as war slackers.

Probably they have it coming to them; but what the public is concerned with now is the peace slackers. Who'll do something about them?

Why lament if your vegetables don't come up to the pictures in the seed man's catalogue? To the true enthusiast, it is marvel enough that they come up at all.

That queer noise you hear from various points of the compass is political keynotes practising their keynotes.

A good many statesmen are running for president who won't run any further than their state line.

"Three generations from shirtsleeves to shirtsleeves," they used to say. Now it's less than that from overalls to overalls.

Mexican rebels have some good points after all. They're giving Carranza what Americans always wanted to give him.

American flyers serving in the Polish Kosciuszko squadron have to sneeze to pronounce the squadron.

There were 15 regiments of Smiths in Uncle Sam's army—not to mention a few companies of Schmidts.

Last year births in America exceeded deaths by 34 per cent. This applies to fool ideas as well as mortals.

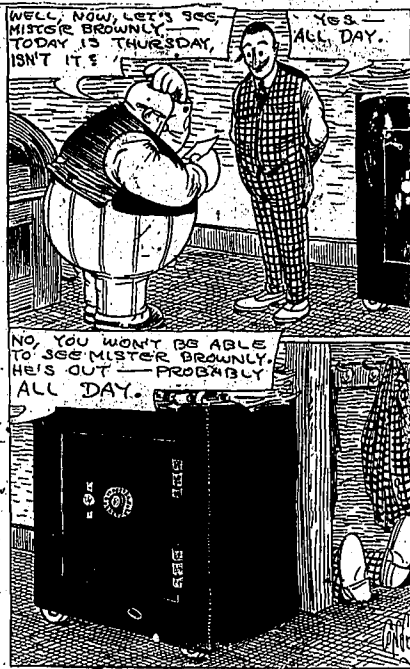

There won't be any business panic if people stop spending money they haven't got.

A seed in the garden is worth two in the seed store.

If life in town is too complex, remember that the farmers need help.

Pretty soon a lot of "favorite sons" will be orphans.

**OUTBURSTS OF EVERETT TRUE**

**TACOMA HOLDS OWN IN FLOUR MAKING**

Shifting Conditions Have Had Little Effect on Western Washington City.

TACOMA, Wash. — Tacoma, fifth city in the United States in the manufacture of flour, has more than held its own in shipping facilities following the shifting conditions brought about by the ending of the war. Alteration of trade routes to the present time have not brought back several foreign shipping lines formerly operating out

of Tacoma, but the advent of new American steamship lines have more than made up for this foreign loss. However, in this connection the old lines give promise of an early resumption of service which will give added outlets for the exports of Tacoma to Europe and oriental ports.

Unlike some of the coast cities which obtained much of their activity during the war through a boom brought by military necessity and then discovered a cessation of work upon the signing of the armistice, this condition did not affect Tacoma. Tacoma had four large wooden ship yards in operation during the war. These are now closed, but the one big steel yard which commenced operations at that time, still has government contracts on hand and combined

with naval construction will be in constant operation for at least two years—employing 5,000 men.

At the present time this port is connected to the Orient by the Pacific Steamship line; the Garibaldi; the Struthers and Dixon; and A. M. O'Brien and company, while Japanese lines in the trade out of here are the Onaka Shosen Kaisha, the formative being Tacoma; the Nippon Yusen Kaisha, the Mitsui line and other vessels engaged in a tramp service. The Grace General Steamship company and the Campanella Do Boario give Tacoma a direct service to ports of Mexico, Peru and Chile on the west coast of South America while the new line inaugurated by Swayne & Hoyt will reach to the Ilier Platte on the east coast via the Straits of Magellan. The remnants of the Pacific are reached from Tacoma by the Matson line which gives a regular service to Honolulu, while the General Steamship company will go to Australian ports from Tacoma.

The service now from Tacoma by American vessels is about the same as that of Japanese lines where before the war the trade was handled entirely by Japanese or British bottoms.

During the month of April this year four Japanese vessels took cargo from Tacoma to the Orient and the same number of American ships sailed.

In connection with the foreign trade from Tacoma, conditions for new business is most optimistic. It is said, better cargo handling facilities. This is attracting old lines as well as new where the operators desire expeditious handling of cargo.

**DAVISON SAYS THAT LAWS NOT CURE-ALL**

By the Associated Press. NEW YORK, May 21.—Present conditions of unrest and discontent throughout the country will not be remedied by legislative action or appeals to patriotism, Chief Justice Davison, of J. P. Morgan and Company today told the joint legislative committee investigating profiteering.

Mr. Davison declared that, while many factors are contributing to the cause of inflation and industrial unrest, a reduction of expenditures by the federal government, state, cities and individuals and a full day work with fair pay for every one would produce a marked effect within a brief time.

# COMMODITY MARKET SHOWS REDUCTION

### Cotton, Sugar and Corn Options Break Violently on New York Market.

By the Associated Press.  
NEW YORK, May 21.—Influenced by the nationwide price cutting action that is steadily gaining ground, the principal commodity markets of the country continued today to "mark down," quoted values. Cotton, sugar and corn options broke violently here and in Chicago and cereals and provisions, including pork, also suffered sharp reactions. Significance was attached to the drop in the pork prices as marking the first pronounced break in high price foodstuffs.

The stock exchange showed improvement on the shipper recovery of Liberty Bonds and Victory notes.

A large part of today's liquidation in cotton and cereals was attributed to the further scaling down of stocks by banking institutions here and in other reserve centers, evidently in conformity with the request of the federal reserve board.

In the local cotton market May contracts broke almost 400 points, but equally sharp reactions in New Orleans. The Liverpool market also reported substantial reactions.

Domestic and foreign metal markets quoted lower prices for spot and future deliveries, silver proving the only exception at a slight rise in London. Little business was done here in copper for the immediate delivery.

Dealings in Liberty bonds and Victory notes failed to reach the high totals of the two preceding days, but most of the day's business was on an ascending scale. Virtually all the liberty issues closed at the day's maximum quotations, gains extending from one per cent to 3.04 per cent, the fourth 4 1/4's scoring the steepest advance.

### CONTINUE ATTACK.

WASHINGTON, May 21.—Continuing outcry in the senate against provisions brought matters to a head here today when republican leaders proclaimed that the resolution of Senator Harris, democrat, Georgia, calling for corporation income and excess profit tax returns would be taken up tomorrow for action. With certain amendments, Senator Lodge, majority leader, said he saw no reason why it should not pass.

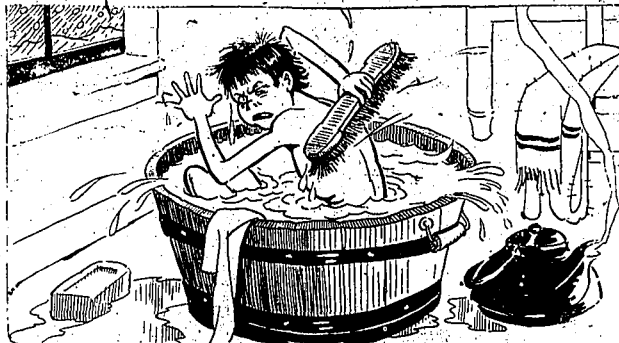

Senator Harris widened the scope of his proposal which would bring the records into the senate for 1915 and 1919 returns as well as those of 1920.

The house also is expected to continue on the profilers. Representative King, republican, Illinois, introduced a bill to prohibit for reserve banks renewing loans on or re-crediting commodity notes, draft or bills which the bill would force boarded committees on the market.

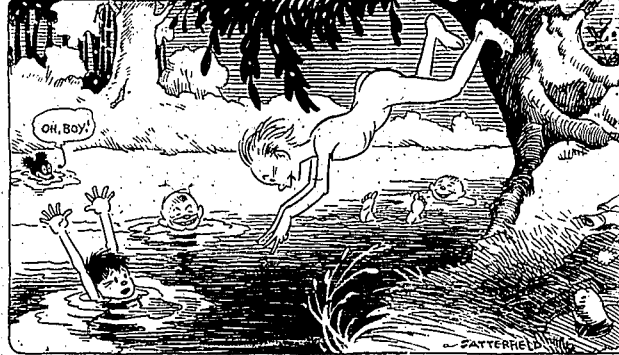

### TO FURNISH DETAILS.

WASHINGTON, May 21.—As a means of aiding the government to control the distribution of sugar, representatives of importers and brokers, conferring with department of justice officials today agreed to furnish the government with details of transactions and "sift" with this as a basis, Assistant Attorney General Garyson said the department hoped to trace "every pound of sugar and seek means

## "In the Good Old Summer Time"

But it's different in the good old summer time.

SATTERFIELD

of directing it into channels where domestic consumers pay for it."

The sugar men named a committee of three which will meet at New York early next week for further discussion of the distribution question.

### FIGHT IN PARIS.

PARIS, May 21.—The American "economy campaign" has made itself felt in Paris. It was learned today that many buyers who are here on behalf of large department stores and firms in the United States, have been notified to reduce their proposed purchases.

It is said that some of these representatives within the last week or ten days, have received cable dispatches pointing out that the "economy" movement in the United States has been a great success and that the whole country has joined in a movement to reduce the cost of living. The cablegrams are further reported to have said that as a result of the situation American women would not require expensive gowns, hats, sweaters and other wearing apparel, and that foreign purchases therefore would have to be curtailed.

### REVIVE FRONTIER DAYS.

BURNS, Ore.—Frontier days will be revived here May 24 and 25, during the convention of the Oregon State "Cattle and Horse-Busset" association. C. M. Faulkner, president of the Burns Commercial club, has announced that the town will belong to the cattlemen.

## WANT NO CHANGE IN APOSTLE'S CREED

### Majority Members of Committee Believe Present Form Satisfactory—Minority Differs.

DES MOINES, May 21.—The majority of the committee of the commission on state of the church of the Methodist Episcopal general conference today prepared and published a report recommending that no change be made in the present Apostles' creed. A minority report, however, will be submitted to the general conference. It was said, asking that a change be made to eliminate the phrase "the holy Catholic church." The creed now reads, "I believe in the Holy Ghost, the Holy Catholic church, the communion of saints, the forgiveness of sins," etc. The word "Catholic" is used in the sense of general, and has no reference to the Catholic church as that term is generally understood. However, the signers of the minority report desire to eliminate any reference to the word "Catholic."

"The island of Haiti may become the newest common mission field of the Methodist church, if a report of the committee on home missions is adopted. This recommends that the missionary conditions and needs in Haiti be investigated, with a view to establishing preliminary work there. There has been sharp contention between the Ohio and northeast Ohio conference over the boundaries between their respective territories, and the matter has received careful attention of the committee on boundaries. According to a decision just rendered by the judiciary committee of the general conference, the notice of proposed changes given by the Ohio conference is insufficient, and no change can be made at this general conference.

The report of the committee on education, recommending a number of changes in the law of church relative to the conduct of the board of education, has been adopted. The most important change is a provision which makes it necessary for each annual conference throughout Methodism to send to the board of education all money raised in the conference for educational purposes. Heretofore 80 per cent of such money has been retained by the annual deacons' board, and 20 per cent to the board for disbursement. Sharp debate was elicited for the proposed change. The report contains a clause which guarantees to all educational institutions at least as much money as they received under the old plan.

The judiciary committee has also made a report which decides that the annual conference has no authority to alter or reject such appointments of the benevolent enterprises of the church as may be sent to them by the benevolent boards. Meeting tomorrow afternoon sessions of the conference will be held, in order that all work before the body may be completed in time for the final adjournment at noon on Thursday, May 27. The standing committees are rapidly completing the work before them, and all reports are expected to be in the hands of the conference by Monday. The remainder of the time will be spent in reaching decisions concerning them.

The anniversary of the Freedmen's Aid Society was observed tonight. Addresses were delivered by Bishop-elect R. E. Jones, of New Orleans; Dr. J. W. E. Bowen of Atlanta; Dr. C. A. Tinley of Philadelphia and Dr. Judson S. Hill of Morristown, Tenn. All of the above are prominent negro men in the church. Bishop William F. Anderson, president of the society, presided.

Admiral Hodge, head of the general board, however, he agreed that all naval plans afloat in 1917 should be laid before the committee in executive session next week. The secretary wanted the committee that while

### FAMOUS PROSPECTOR OF PRINCE RUPERT DISAPPEARS

PRINCE: RUPERT—"Baldy" Sullivan, well known prospector, who after many weary months of search discovered the valuable silver property of the Spanish group at Alice Arm, has disappeared. Sullivan is a Spanish scout, short and swarthy. Long before Alice Arm blossomed forth as a boom silver camp, his unbounded faith in the district kept him prospecting through the hills. Finally, he struck a rich vein. Some of this property has been missing for weeks. He wandered away after a prolonged illness from influenza. Stacked in sacks at the Spanish group is enough silver ore to yield a modest fortune.

### IN SHADOW OF KILAUEA.

HILO, Island of Hawaii, T. H.—Navy scaphs, submarines and scout patrols recently held maneuvers in the waters of this island, and almost in the shadow of the great volcano of Kilauea. Six submarines, all of the "U" class, took part in the naval practice, accompanied by two scaphs and several scout patrols, or navy tugs. All the craft came from their base at Pearl harbor, Island of Oahu.

## DANIELS AND HALE IN READING CONTEST

### Decide to Lay All Plans of Operation Before Investigating Committee.

By the Associated Press.  
WASHINGTON, May 21.—A reading contest between Secretary Daniels and Chairman Hale of the general naval investigating committee developed today in the cross-examination of the secretary.

Exhaustive escapes from conflicting testimony of other witnesses as to the navy's conduct in the war were closed. Most of the interchanges had to do with the navy's plans for war with Germany prior to America's entry.

The secretary insisted that complete plans had existed. Senator Hale said these had been rough talk of these plans but that the committee had not seen them, despite repeated requests.

Mr. Daniels expressed doubt as to the wisdom of disclosing them in detail. After conference with Rear Admiral Hodge, head of the general board, however, he agreed that all naval plans afloat in 1917 should be laid before the committee in executive session next week. The secretary wanted the committee that while

no longer applicable plans embodied would govern in any power in that reason the tion was straggled. Throughout the secretary in committee, which aware of navy's authority in for publication of Ad criticizing the dep of the war. Who agreed that the ed the latter pro- fary said that "som- viously caused the press and that Ad- in his pocket" which to be questioned on naval produced it on order with protest.

### PLEAD FOR TEMPERANCE.

REGINA, Sask.—Making an appeal for \$20,000 to carry out the organization work in connection with the temperance campaign in the forthcoming referendum, the committee of 100 of the special society council of Saskatchewan, which sent out campaign leaflet No. 1 which sets out the facts in brief and concise form. This circular is being forwarded to 50,000 people in the province.

# JURY IS GIVEN THE CARVER CASE

## Extended Arguments Are Made By Both Sides in the Alleged Murder Case.

The case of the appeal against William M. Carver went to the jury at 4:20 o'clock last evening. An early hour this morning the jury had yet to return a verdict.

Closing arguments were heard yesterday in the case of the appeal against Carver. The defense was represented by Hothwell and Chapman, and stated there could not possibly be a compromise made, charging that Carver should be sentenced as a murderer or freed on the grounds that he committed the killing in self-defense.

When called on yesterday morning Attorney Frank Stephenson opened the argument for the state.

His argument was based on the different direction of the tracks made by Bilboe as claimed by Carver and that that Bilboe's tracks were found in the leading in another direction than stated by Carver on the stand. Sentences should not be imposed in the jury by the appearance of Mrs. Carver and the children, he said.

He held that Carver quarreled with Bilboe, then went home after a fight, and returned to renew the controversy, therefore, under the law the defendant did not have any right to make a plea of self-defense.

The following argument for the defense was opened by W. O. Chapman and he claimed that other purposes had crept into the case, as interests that are employing special counsel do not care for punishment in violation of the law, but in forcing right on the wrong side of the scale can send their sheep and hogs where they please.

He declared that sympathy was not sought, but justice. Carver is not entitled to sympathy, but to a fair trial and a fair verdict, he declared.

Attorney J. H. Hothwell summed up the defense. He told of Carver as a plain man who had defended his home from what he thought aggression. As there were no witnesses to the shooting, Carver could have been held for a better and more sure defense, but he told of all that happened even that which seemed to be damaging to him.

Attorney V. A. Walters closed the case for the prosecution.

the occupants of the two speeding buses. When the bus stopped, and one of the driver, checked the car, jumped out and fled to the hills. His capture it was thought, was only a matter of time, but it was not to be until the following day. His name is not disclosed anywhere, concerning the identity of the robbers.

### BARKER TAKES ISSUES WITH CHARGES BY C. W. ELLIOT

By the Associated Press. WASHINGTON, May 21.—Secretary Baker took issue today with Dr. Charles W. Elliot, president emeritus of the National Academy of Sciences. "Taking American secondary education as it is, for rich and poor, and in the city and in the country, east and west, I am persuaded that no college drawing its students from so wide a geographical area, can compare with West Point in the quality of the material which it receives and if more uniform excellence could be obtained by sectional or class selection, surely the college would be a but one for the national consistency which the academy has always had."

### TRY TO SIDETRACK SHIP BILL CHANGE

Recent Jokes In Effort to Eliminate  
Eliminate Continuance of Construction of Vessels.

WASHINGTON, May 21.—An unsuccessful effort was made today by Senators Lusk of Wisconsin, Elliot of New Jersey, republicans, and Nugent of Idaho, and King of Utah, to demand by a resolution, the immediate adoption of the committee amendment authorizing the board to continue the construction of ships during the next five years.

Senator King defended the committee action, declaring that the bill was framed so as to let the government out of the ship business as quickly as it could be done without a sacrifice. Senator Lusk said he was really opposed to government owning ships, and that he was opposed to the bill. "There have been vast expenditures and the waste has been something colossal," he said. "I believe the committee has reached the best possible solution of the question. It is the only practical method that has been proposed."

Senator King predicted that the bill would cause the government to lose more than \$2,000,000,000, but he believed that it was worth the cost. The house measure, which was introduced by the senate committee after prolonged hearings, also provides for early sale of ships acquired during the war and for a fund with a membership of 100,000.

While providing for no direct ship subsidies, the senate bill would exempt net earnings of American ships engaged in foreign commerce, as well as proceeds from the sale of such ships. The bill also provides for providing equivalent sums are received in new ships constructed in American yards. The senate bill would require continue shipping to the 100 percent of American ownership, while 75 percent of the stock of those engaged in foreign trade must be held by Americans. Customs investigation laws would be extended to the Philippines.

Another important provision in the senate bill is that authorizing the Interstate Commerce Commission to allow lower rail freight rates to be charged on exports than for imports if carried in American ships, which the president, under the conditions, would be authorized to arbitrate all treaties with foreign countries which interfere with this country enacting legislation permitting discrimination in favor of American ships.

WASHINGTON, May 21.—The senate resolution, repealing the resolution by congress declaring a state of war with Germany and Austria, was passed today by the house and made ready for immediate dispatch to the president, who is expected to veto it. The vote was 223 to 139, and was along strictly party lines, except the 12 democratic joined republicans in supporting the measure, while two republicans—Kelly of Michigan and Fuller of Massachusetts—opposed it. From the side of the republicans the vote it was clearly indicated that the resolution could not be passed over the veto of the president. The senate vote on passage last week was 42 to 38.

The house total lacked 17 votes of the two-thirds necessary to override the veto.

KIASSIN GOES TO LONDON. COPINHAZEN, May 21.—Gregory Kissasin, Russian Bolshevik minister, left today and commences his tour here soon early in April in connection with Russia's trade relations, has left for London by way of Stockholm. Before leaving he signed a statement to the effect that the constitution of the central soviet has been altered "in spite of recent events."

# PLAY DAY FOR CLUB MEMBERS AT DUHL

## Parade to Start Day's Events; Athletics to Be Featured—Special Prizes Awarded.

Today will be play day for farm bureau junior members at Duhl, and will be known as the annual farm bureau junior festival. About 400 boys will participate in the event and 200 girls will take part. A parade will be staged this morning led by the Duhl municipal band. The club presenting largest percentage of membership in the parade will be awarded a suitable prize by the First National bank.

During the day several athletic events will be featured and only club members will be eligible to compete for prizes. The club winning the most prizes will win for the local club leader a prize to be donated by the Golden Rule.

Special prizes are to be awarded to the club for the best club song and another for the best club yell. For the past week all clubs are said to have been working with the club object in view of presenting the best song and yell. Ice cream will be served free, also drinks and a dinner to the club members. It is said.

### LEGION TAKES NO ACTION ON RAISING OF BONDS

By the Associated Press. NEW YORK, May 21.—Franklin D. Oyster, national commander of the American Legion, declared in a statement given out here tonight that the executive committee of the legion had taken no action concerning methods of raising money for beneficial locations for former service men. He said the legion has considered the matter distinctly a function of congress and the committee has "neither approved nor condemned any suggested method, either directly or indirectly."

### STATE CONSTITUTIONAL MAY BE SENT INTO MACHINA

By the Associated Press. SAGINAW, Mich., May 21.—Reports were current here tonight that a detachment of state constabulary would be sent into this district to suppress alleged depredations of night riders reported to be engaging in a campaign of intimidation in the sugar beet growing localities.

Some beet growers recently declared a strike against what they considered unfair contracts for their 1920 crop. Houses occupied by beet field workers, it is reported, have been burned and one was destroyed by fire.

### TEN INSTEAD OF TWELVE AID KILLED AT MATEWAN

By the Associated Press. MATEWAN, W. Va., May 21.—An official checking late today disclosed that ten persons, not 12 as previously reported, were killed in the battle

here Wednesday between Baldwin-Polis detectives and miners. Three were listed as having been killed. The state constabulary and sheriff's staff patrolled the streets today, but there was no disorder. Only a prohibiting crowd from congregating near the scene were kept. Searchers dragged the river for the bodies of two other detectives who, according to witnesses were shot and killed while trying to swim to a place of safety. The authorities expressed the opinion, however, that no officers were killed in this manner.

The sheriff's deputies reported that they had been unable to find who fired the first shot.

# PLEDGE SUPPORT TO PRESIDENT WILSON

## Presbyterians in Resolutions Express Gratification For His Physical Improvement.

By the Associated Press. PHILADELPHIA, May 21.—A pledge of support "in these trying times" was telegraphed to President Wilson today by the general assembly of the Presbyterian church in the United States of America in annual session here. In sending greetings to the president, the assembly adopted the resolution expressing gratification for his physical improvement and conveyed assurances it would offer prayer for his health and work.

Completion of the first Bible translated into Chinese language was announced by Frank H. Mann, secretary of the American Bible society. He declared this one of the greatest steps this far taken toward Christianizing China and predicted millions will have center books in spreading religion among that race. It took more than a quarter of a century to translate the Bible into the mandarin language and it cost hundreds of thousands of dollars.

Mr. Mann said the purpose of the American Bible society now is to reach every person in the world with a Bible in his own tongue. He estimated last year's production of bibles at 3,000,000 and declared that at the present rate it will take 40 years to complete the work which the society started. Out of 650 different languages and dialects, the Bible has been translated into only 140, he said. He spoke of the support which has been given by the Methodists and asked greater help from the Presbyterian assembly. This was pledged.

# BERGDOLL ESCAPES FROM ARMY GUARDS

## Notorious Draft Dodger Goes A. W. O. L. While on Furlough in Philadelphia.

By the Associated Press. PHILADELPHIA, May 21.—Grover Cleveland Bergdoll, 28 years old, convicted draft dodger, recently sentenced to serve five years on Governor's Island, New York, escaped from army guards at his mother's home here today and tonight was still at large. The recently Philadelphia disappeared in his own motor car while two sergeants from Fort Jay, N. Y., his guards, were sitting in the drawing room of Mrs. Bergdoll's home. The machine was driven by Bergdoll's chauffeur, according to police.

According to information received here from Fort Jay tonight Bergdoll came to Philadelphia yesterday on a three days' furlough to attend "to important business matters." It was said by the military authorities that he had left Governor's Island on completion of military instructions. The nature of Bergdoll's business, the military authorities said, was confidential.

It was said the two sergeants had seen the night of the Bergdoll had left in his motor car. This afternoon Bergdoll was entering the sergeant's quarters. The nature of his business, according to a friend of the Bergdoll family, a telephone bell rang and Bergdoll said he would answer it. He left the room and as he left he kept glancing the two sergeants became suspicious and investigated. His car, which had been standing in front of the house, had disappeared and Bergdoll with it. The draft dodger was dressed in olive drab denim, the army prison uniform.

The two sergeants stationed police headquarters and every avenue of escape around the city were covered. Mrs. Emma C. Bergdoll, the fugitive's mother, was not at home when her son escaped, but returned shortly afterward.

### HUN REPUBLIC'S FIRST PARLIAMENT CLOSED

HELIAN, May 21.—The German republic's first parliament went out of existence today at noon for although existing in name it had lost its new existence. The parliament, which was convened, it will not again convene as a result of home-great emergency.

The closing hours of the session were marked by a termination party which was held in the hall providing for abrogation of the military courts being left in abeyance. The government was subjected to a second embarrassment by being forced to ignore Thursday's state which was planned through by the independent section with the aid of the majority coalition, demanding that the state of siege throughout the country be raised.

During the session today Minister of the Interior Keek in an address regarding for this vote said the government during the last few days had received advice indicating revolutionary agitation by radicals and that the state of siege could not be raised in the Ruhr region or Goltz, but that a partial raising of it in Bavaria was contemplated.

President Liebig issued the parties assembly libel in a brief communication which was read amid expressions of approval of the coalition and desire of interruptions of the independent socialists. The communication admitted that the achievements of the revolution were not yet definitely safeguarded and that the republic had not with numerous serious reverses, but admonished the members of the assembly to continue to fight in the coming election campaign for constitutionalism.

# HENRY LANE WILSON WOULD DIVIDE MEXICO

By the Associated Press. WORCESTER, Mass., May 21.—The "division" of Mexico at the 22nd parallel by the creation, with force, if necessary, of an independent Mexican republic—including the present status of Sonora, Chihuahua, Sinaloa, Durango, Coahuila, Nuevo Leon and Tamaulipas and the territory of Lower California—was advocated here tonight by Henry Lane Wilson, former United States ambassador to Mexico. Speaking at Clark university's conference on Mexico and the Caribbean, Mr. Wilson declared that such an independent republic, as a buffer state three times the size of Texas, between this country and northern Mexico, would afford self-government to northern Mexico, "the breeding ground of all recent Mexican revolutions," which Mexico City never had been able to control successfully.

Mr. Wilson revealed that at the time of his retirement as ambassador in 1913 he had recommended a firm intervention by the United States as an alternative to recognition of the Huerta regime. In the present emergency, however, he questioned the expediency of the present administration at Washington to carry out intervention, with success.

Mr. Wilson stated that the German republic's first parliament went out of existence today at noon for although existing in name it had lost its new existence. The parliament, which was convened, it will not again convene as a result of home-great emergency.

The closing hours of the session were marked by a termination party which was held in the hall providing for abrogation of the military courts being left in abeyance. The government was subjected to a second embarrassment by being forced to ignore Thursday's state which was planned through by the independent section with the aid of the majority coalition, demanding that the state of siege throughout the country be raised.
