

FORCES OF ADMINISTRATION APPEAR IN FULL CONTROL

Insurgents Grumble but Machinery Seems to Run True to Form.

OPPOSITION TO LEAGUE OF NATIONS WEAKENS

Bryan Evidently Will Not Be Able to Put Plank in Platform; Wet Plank Rather Shaky.

SAN FRANCISCO, June 25.—So far, the surface indications were concerned, at least, the friends of President Wilson and his administration appeared in complete control of the political machinery of the democratic party today in the national convention.

The security police, this note adds, must be disbanded within three months, but give permission for the disciplinary force to be increased to 150,000. Demand is made that the German constitution be made to conform with these military stipulations so that conscription may be abolished by law. In conclusion the note asks that legal measures be taken against the export of war materials.

Details of the substitution of 150,000 disciplinary police for the security police are supplied in the second note. In view of the incomplete delivery of aeroplanes material, the third note says, the construction of such material was to be resumed in Germany on July 10, may not be resumed until three months after the surrender to the allies of the aeroplanes material is completely carried out.

Another development pointing in the same direction was the apparent collapse of a fight against Senator Glass of Virginia in his candidacy for chairman of the resolutions committee, a post for which he is prominently reported to have been selected by the president himself.

In addition there was accumulating evidence that William Jennings Bryan would find the cards against him in his attempt to put a plank in the platform of nations league in disagreement with the president's views and a prohibition enforcement plank framed without the acquiescence of the administration.

With regard to prohibition, however, the situation remained in a state of considerable uncertainty with the trend apparently toward exclusion of the subject from the platform entirely. Those who want a liberalization plank continued an active campaign and some members of the New York delegation declared they would carry their fight to the floor of the convention itself, but a feeling gained headway that in the end both Mr. Bryan's prohibition plank and that of the anti-bond drive would be voted down.

It is, Not Clear.

Just where President Wilson stands on that subject has not been made clear, but increasing significance was attached to the day's conference in the absence of any reference to prohibition in the Virginia democratic platform, unqualifiedly endorsed by the White House.

Neither has the administration placed its hand in regard to presidential candidates and tonight the relative standing of aspirants remained apparently unchanged. Attorney General Palmer arrived during the day to take personal charge of his campaign, and by the afternoon the punning of candidates and their managers among the uninitiated delegates is expected to be at its height.

Those who originally had suggested a fight against Senator Glass for the platform committee chairmanship apparently had turned their efforts tonight toward selection of Senator Walsh of Montana as permanent chairman of the convention. Senator Walsh, who said President Wilson's lead in the senate in March to vote for the treaty with reservations, heretofore was urged as the logical opponent of Senator Glass.

It was said tonight that the administration chief had reached the decision as to the permanent chairmanship, and that in the end they might accept Senator Walsh without a contest. There also was talk of selecting Senator Robinson of Arkansas for the platform.

Favor No Prohibition Plank.

The trend for no plank at all on prohibition apparently had its greatest support today from some of those previously counted on to stand for a liberalization plank. Some of the best informed were predicting tonight that the fight to be made

DEMANDS OF ALLIES OF GERMAN NATION

Terms of Treaty Must Be Carried to Army of German Republic

By the Associated Press.

BERLIN, June 25.—Three notes dealing principally with the question of German disarmament have been received by the president of the German peace delegation. The first outlines many infringements of the military clauses of the armistice, saying the allies have determined to reduce the German army to 100,000 men, still stands.

The security police, this note adds, must be disbanded within three months, but give permission for the disciplinary force to be increased to 150,000. Demand is made that the German constitution be made to conform with these military stipulations so that conscription may be abolished by law. In conclusion the note asks that legal measures be taken against the export of war materials.

HOOVER IS IN FAVOR OF RESERVED LEAGUE

Former Food Controller Wants Treaty and League Ratified With Article 10 Eliminated

By the Associated Press.

NEW YORK, June 25.—Speedy ratification of the treaty of Versailles after the elimination of Article X of the league of nations covenant, was urged by Herbert C. Hoover in a statement published today in the New York Evening Post and the platform on which the republican party should stand in the coming presidential election.

Mr. Hoover took the stand that the implied threat of employment of military force to guarantee the integrity of frontiers was not of place in a league which he declared was "the product of the liberal ideals of the world." The league's power, he declared, would be more potent if the threat of military force were removed and the league relied wholly on its moral and economic power.

"It appears to me to be time to raise the question," said Mr. Hoover, "as to whether this same cause I refer to—the guarantee and to the use of military force—this has brought about the formation of the United States is not also undermining the league in Europe. . . . Has not experience and discussion shown that the time has arrived to reconsider this part of the league foundation?"

He declared the "first and foremost duty of the league" was reduction of all armaments, and suggested that America's continuance as a league member be conditional on the achievement of a reduction within a specified time.

Mr. Hoover declared that sooner or later the United States must ratify the treaty of Versailles in some form, and that talk of negotiating a new treaty was "bunk."

"The treaty of Versailles," he said, "is the character of independence of Poland, Czechoslovakia and Finland, and the warrant of increased national territory of several great nations. . . . It is the guarantee of the disappearance of four great autocracies and no European nation is going to risk their revival. It is a mortgage upon the enemy states, and they are not going to offer the opportunity to Germany, Austria, Hungary, Turkey and Bulgaria, to escape their debts by intrigue at a new peace conference."

The league of nations covenant is an essential part of the treaty. It does possess two functions: First, it gives the title to mandates; it today governs certain neutralized areas; it ratifies the score of details of settlement with enemy states. Its second function is its provision for pre-

CANDIDATE CONFERS WITH PARTY LEADERS

Thompson and Roosevelt See Harding and Come Away Well Pleased With Situation

By the Associated Press.

WASHINGTON, June 25.—Conference with republican leaders were continued today by Senator Harding, the candidate of the republican party for president, with William C. Thompson, chairman of the ways and means committee of the republican national committee, and Theodore Roosevelt, son of the former president, at conference.

Each of the conferences lasted about an hour and were in accord with the plan of the nominee to submit prominent republicans for the purpose of ascertaining their views relative to the campaign.

The meeting between the nominee and Mr. Thompson lasted largely to campaign financial matters. Mr. Thompson announced after the conference that on Mr. Harding's recommendation the policy inaugurated several years ago of limiting campaign contributions to \$10,000 would be followed this year.

"Through my department," said Mr. Thompson, "there has been no contribution to the republican national committee in excess of \$1,000 and we mean to go on with that limitation. Senator Harding wants the financial side of the campaign set in harmony with the policy of his pre-convention campaign. The senator spent the least of any of the candidates in the pre-convention period and takes especial pride in having it known that the major portion of his limited fund came through small contributions from neighbors and friends in his home town."

Came On Invitation.

Mr. Roosevelt came at the senator's invitation and after the conference issued a statement endorsing Senator Harding and declaring him to be a standard bearer who would "represent and unite the entire party." He said his talk with Senator Harding had been "most satisfactory."

Interest was expressed in political circles here in the announcement from Boston today of the conference between Senator Harding and Governor Coolidge of Massachusetts, the republican presidential nominee. The two are not strangers, having met several months ago when Mr. Harding was campaigning in Massachusetts.

Arrangements for the meeting of the two nominees were made by National Chairman Hays at Senator Harding's suggestion that an exchange of views on the campaign would be profitable. The speeches to be made by each of the candidates in accepting their respective nominations probably will be discussed also.

While plans for the conference have not been completed it is understood that it will be held at the senator's office at the capital.

In addition to his conference today, Mr. Harding played a round of golf with Senator Hitchcock of Nebraska, who is a candidate for the democratic presidential nomination. Senator Hale of Maine and Senator Ekins of West Virginia.

WOMEN DEMOCRATS MAKE SUGGESTIONS

Submit Numerous Recommendations Regarding Platform; Would Be Silent On Prohibition

By the Associated Press.

SAN FRANCISCO, June 25.—The women members of the executive committee of the democratic national committee today decided to recommend that no reference be made to the prohibition question in the platform to be adopted by the convention.

It was also agreed to recommend that President Wilson's stand on the peace treaty and league of nations be approved.

The following planks submitted by the labor committee of the women's bureau of the democratic national committee, Mrs. Robert B. Rineer, New York, chairman, were adopted:

"We affirm our right of collective bargaining between employers and employees through representatives of their own choosing. We approve also the national industrial councils established by employers and employees within the various industries, the fluidity of which shall have the effect of ordinary collective agreements, but not of judicial decisions subject to compulsory enforcement."

We insist on the abolition of the labor of children under 14 years, and that children between 14 and 18 shall be permitted to work only after passing examinations by local school and health authorities assuring proper standards of health and education.

"We confirm our belief in the principles of the democratic platform of 1916, and again urge the general adoption of the eight hour day."

Backs of Service.

"We believe that wages should be put on the basis of service, not of sex, and that minimum wages should be fixed which will insure to all wage earners a proper standard of health, comfort and efficiency."

We urge that the federal trade commission be given greater powers over the basic food industries of life."

REMEMBER CUSTER MASSACRE

By the Associated Press.

DENVER, Colo., June 25.—General Custer made his famous "last stand" against the Indians of the Little Big Horn forty-four years ago today. Commemoration of the Custer massacre, the most famous of Indian battles is general throughout northern Colorado, Wyoming and Montana today.

DISCONTENT IS MANIFESTED

By the Associated Press.

HELIJIN, June 25.—Discontent is manifested by the working classes over the new wage tax of 10 per cent which is to be collected at the source of income beginning today.

The tagblatt points out that the measure has no critics except the communists who, it says, advocate repudiation of the war debts and confiscation of private fortunes, yet balk at a practical suggestion for collecting revenue, without which the country cannot continue its existence.

VAUDEVILLE ACTOR ACCIDENTALLY SHOT

Kitty Gordon Shoots, Alleged Blank Cartridge But It Was Real, Thing Victim to Hospital

By the Associated Press.

CHICAGO, June 25.—Joseph A. Huck of Milwaukee, a vaudeville actor, appearing at a Chicago theater, was accidentally shot late today by Miss Kitty Gordon, headliner on the bill.

The shooting occurred during the next to the last act in the matinee performance, while Huck was standing "off stage" awaiting his turn in the final act.

The .38-caliber revolver used by Miss Gordon part with her husband, Jack Wilson, supposedly contained only blank cartridges.

According to the police, however, it developed that the revolver had been used off the stage by Wilson as a safeguard against the theft of his wife's jewels and inadvertently left one loaded cartridge in the weapon.

Huck was taken to a hospital.

LIBERTY LEAGUE FOR LIGHT DRINK

Ask President Wilson to Pave Modification of Volstead Act In Behalf of Wine and Beer

By the Associated Press.

NEW ORLEANS, June 25.—Declaring that "in Louisiana wine is in demand," despite federal prohibition laws, Arsene Perillat, chairman of the Liberty League, which claims 15,000 members in Louisiana, today telegraphed President Wilson urging him to recommend to the democratic national convention a platform plank proposing modification of the Volstead act.

The message to the president, similar to ones sent last night to William J. Bryan and democratic convention leaders, asserts that the league does not desire a return of the saloon or sale of distilled liquors but, "merely the right of the individual to use wine and beer as he has long been accustomed to."

WATER POWER COMMISSION

Men Have Become Impatient Because of the Long Delay; Announcement Has Good Effect.

By the Associated Press.

CHICAGO, June 25.—A decision of the wage demand of railroad employees was made on or before July 20, Chairman Bartons announced today. The award would be retroactive to May 1. President W. G. Lee of the Railroad Brotherhood of Trainmen said in an announcement that the all danger of a general strike.

Mr. Lee said that secret plans had been made by a disaffected union element to spread the strike throughout the country because of the continued delay in announcing the wage ruling.

Would Have Quit.

"The men would have quit at midnight tomorrow night," Mr. Lee said. "It was impossible to hold them to that any longer. Men of any organization have been waiting patiently for nearly a year."

The railway board's statement declared that an agreement on a method of working out the wage problems had been arrived at and that no time would be lost in reaching a conclusion.

Lee and other representatives of the recognized railroad brotherhoods who met here today to discuss the railroad wage situation, said there was no doubt the men would be satisfied with the promise of a decision to relieve their impatience.

"Was the decision the result of a warning of a probable strike brought by you and your associates to the board?" Lee was asked.

"You can draw your own conclusions as to that," Lee answered.

In a later statement Mr. Lee declared that "even the most conservative members of these organizations lately have been bitter complaining of the delays and insist upon a decision."

"Now that it has been definitely decided that the award will be handed down not later than July 20," the statement continued, "we urge our members to continue to carry out their obligations to their organizations and the contract relations with the employers as the most effective means of helping the situation."

General Chairman to Meet

General Chairman of the 15 recognized railroad organizations will meet in Chicago July 19 to consider and pass upon the awards by the board. It was announced.

"We came here to prevent a strike and at the same time to obtain full satisfaction for the men," said Timothy Shea, president of the Brotherhood of Locomotive Firemen, in commenting on the board's announcement.

"We have held our men back for three months ever since the outbreak of the strike. We have lost \$5,000,000 by revoking charters of unions which called walkouts. We could not hold the others another week, if the board had not promised us to announce its decision in the immediate future."

Resolutions relating statements of the Chicago Yardmen's association that its members, who were the first to start the "vacation" walkouts, would not return to work until their full equality rights were restored were adopted at a mass meeting called by the association tonight for the announced purpose of "presenting their side of the case to the public."

The resolutions called for the enactment of various civil and commercial organizations to urge the interstate commerce commission to restore their equality rights. Copies will be sent to the democratic national convention at San Francisco.

Charges Inefficiency

John Grunna, president of the organization in his address charged that "all present labor difficulties in the railroad industry are due to the inefficiency of the old law railroad brotherhoods."

"But for the inefficiency between the men and the roads would have

CONVENTION CONDUCT

"We have someone purged our politics," says Irvin Cobb. "We have re-ordered our priorities. Why don't we remodel our national conventions so that their proceedings may bear some similitude to convocations of the Mael and descendants of Simple Simon and the Mad Hatter? Dullness is rarely a pretty, spectacle, and especially does it lack in appeal when it is a made-to-order, cooked-up-and-warm-over brand of counterfeit delirium."

A convention whose work may profoundly affect the life of the nation for a whole generation seems to think, according to Cobb, that it has to be "have" as nearly as possible like the progeny of whirling dervishes and the set of Balmain's suits.

It is a lush and irreverent judgment, but it is not devoid by any of the conventions of the big parties in recent years.

Surely there is no job in the world, for more clear-headedness and businesslike seriousness than that of naming a president of the United States. A rational human being might expect the work to be undertaken and carried through in a rational way. It may be, and very likely is, rational enough at bottom—there are usually a few men at a convention who know exactly what they are doing, and who go ahead calmly and do it, while the mass of delegates knowingly or unknowingly plays their will. But it is necessary to have all the noise and hysteria, all the "hilling" and flag-waving and marching and dancing and yelling, all the endless hours of nominating speeches that are usually a dreary gap in the real operations of the convention and a tax on the endurance of delegates and news representatives alike?

Just because both parties do it, and have long done it, the politicians seem to imagine they have to keep right on forever going through the same old solemn farce of long speeches that influence nobody and "demonstrations" prolonged to equal or surpass all previous endurance tests of the sort, and all the make-believe show business which everybody but the merest novice sees through and discounts.

Why cannot an important political convention be as sane and businesslike as a convention of manufacturers or merchants or school teachers, or farmers or master plumbers?

ARRANGE DETAILS OF GRADING SCHOOL

County Agent Powers Anticipates Successful Session Farm Bureau Office Issues Instructions

County Agricultural Agent, H. E. Powers, is making final arrangements for the Grain Grading Demonstrations which have been arranged for thru the Farm Bureau. Demonstrations are to be given in five places in Twin Falls county—at Piler, Friday, July 2nd and Kimberly, Saturday, July 3rd. These meetings are to be held at the high school buildings in the respective places and are called for 1:30 o'clock. I should like to have a number of 4-point samples of wheat and, of course, would like to have many of those furnished by farmers of the community. You will confer a favor on both Mr. Shee-

man and myself if you will deliver samples or report to the Wheat Grading Commission.

It is the territory or to the Farmers' Grain and Milling Company if in the territory.

Recently the State Department of Agriculture adopted the Federal Standards for grading wheat. These standards that all trading in wheat will be based.

Misunderstandings as to the application of these standards and to the results of the grading of wheat of grain upon a grade basis have been the cause of considerable dissatisfaction among both producers and elevator operators. These are rapidly being overcome until there is now an increasing tendency in favor of the purchase and sale of wheat by grade.

You know when the buyer is using the proper apparatus to accurately determine the grade of your wheat—can you say your finger—any minute that he may make? Do you realize that wheat is perhaps your biggest money crop and a slight mistake in grading may mean several cents a bushel? Do you know that all trading in wheat in this state is now under the Federal Wheat Standards? If not, it is important that you familiarize yourself with the standards and their proper application.

The grading demonstrations will take up all of the grading problems and its regulations established in this state to cover the work. Make every effort to be present at at least one of these demonstrations and equip yourself with the necessary information to intelligently market your wheat crop.

ON SUNDAY NIGHT THE QUESTIONS WILL BE ANSWERED

Sunday night is "Question Night" at the Christian church. For over twenty years W. A. Moore, the pastor, has given his flock the opportunity of asking questions that are answered from the pulpit. Mr. Moore has probably answered more questions before a congregation than any other minister in America. Among the questions for Sunday night are the following:

"What standing before the law and before God has a child born out of wedlock?" "Why did God permit so good a man as Job to suffer so much?" "Is it better for a girl in trouble to suffer the shame or to go to a doctor to help her out of the trouble?" "What would you do if you had a million dollars?" "Who will be nominated at San Francisco?" "What should the United States do with the foreigners?" "What is the difference between Socialism and anarchy?" "Which is most important, the presidential candidate or the party platform?" "Should a father do when his boy begins to grow wild?" "What should the city council do with a dance hall that comes near being a nuisance?" "Are there people living who will never be born?" "Do we know Jesus was raised from the dead?" "What must one do to inherit eternal life?"

BISHOP TOURIST TO VISIT

The Rt. Rev. Frank Hale Tourist, Bishop of the Idaho diocese of the Episcopal church and Archbishop Howard Stoy of Portland are expected to arrive in Twin Falls this morning, for the first visit to be made by Bishop Tourist to the American church pulpits.

Sunday morning they will conduct holy communion and morning prayer service at the Ascension church. Bishop Tourist will also address the Sunday School classes. Anyone wishing to make arrangements for baptism or confirmation during the bishop's stay here is requested to communicate with Fred W. Moore, clerk of the society and lay reader.

Tenmore to evening hours of the bishop's visit have been made for a dinner to be given at the Puerbo hotel, and for a reception at the Parish hall. The reception will be conducted by the Women's Guild.

INTERESTING EXHIBIT FOR THE COUNTY FAIR

General Manager A. B. Hull, yesterday stated that the Association had after a conference with Mr. Markel, who is the Secretary of the Twin Falls County Fair Association, decided to enter an exhibit at the fair which would be composed of the different species of far-bearing animals; forty varieties of domestic chickens; fifteen varieties of turkeys; twenty varieties of pigeons; seven varieties of ducks; five varieties of geese, some turkeys, pea-fowls, guineas, and probably some wild birds and animals, the whole comprising a rather unusual exhibit.

WAGE DECISION WILL BE ANNOUNCED SHORTLY

been settled within two weeks. Grunion continued.

"Because the brotherhood failed to more than 275,000 men now have left the roads and their places are being taken by 16-year old youths in violation of the law of the land. As a result of the inefficiency of these boys daily murder is being committed; the hospitals are filling with legless and armless men and millions of dollars worth of equipment is being destroyed."

"The brotherhood approved the announcement of the railroad board that its decision would be made by July 26, to save their own bread and butter. They knew nearly every man in the service would join us unless they took prompt action to stop it."

"The president of the railroad board has taken other jobs since we organized and they will never go back until seniority rights and higher pay are granted. We are not to be starved out."

To Alleviate Unrest.

WASHINGTON, June 25.—Announcement by the railroad labor board in Chicago today that its award in the pending wage controversy would be given on or before July 26, is expected both by government officials and railway union heads to exercise a powerful influence in alleviating unrest among the workers.

A setting of a definite date for an

nouncing the award was received with unqualified satisfaction by union heads who were slightly worried by the sporadic strikes in Baltimore, Philadelphia and other eastern railway centers. They said tonight that not only could the announcement by the board be expected to prevent the outbreak of job walkouts but it would undoubtedly tend to bring about the return of workers now out.

RAISING COYOTES AS A BUSINESS

Most all boys living on Idaho farms or ranches can obtain all the young coyotes they may happen to desire—and with those they can vary their start operations in the business of raising coyotes for the "trade". It requires only a small run-way about sixteen by sixteen feet, divided into two eight by sixteen foot spaces for a pair of coyotes. The amount of strong wire and posts to enclose these spaces will not cost a great deal. A pair of coyotes will produce on an average of five puppies per year which will sell during the following winter at from twenty to thirty dollars apiece or from one hundred to One Hundred and Fifty dollars per pair. A few pairs on even a dry farm could be made to produce quite a substantial income.

"WHY SMITH LEFT HOME"

It was a confounded shame to treat a man so! Gosh but Smith was mad!

What if he had eloped? Didn't he go through a marriage ceremony, a wreck, a fire, an earthquake and a quarrel with the cook to pay for it?

Didn't he suffer all these troubles without so much as a "kiss" from his bride?

And now to be scorned by Friend Wife and Friend Wife's ma just because another wicked woman forgot that Smith was a model man! Gosh, what a mean, spiteful world!

And what a side-splitting picture! You'd laugh till you cry!

PLENTY OF BASEBALL FOR FANS OF BUHL

Numerous Games Scheduled; Good Brand of Ball Is Assured, the Public

While the third base ball team is over-playing Jerome for the honor, the Paris field will not be empty, the bank clerks will combat the retail clerks in a regular ball game, the boys say that they will present a good brand of ball for the spectators.

The followers of Isaac Walton are gradually being lured away for a few days to cast a fly in some shady pool, in an endeavor to bring home a nice piece of fish. (C. L. Horton, Sam Allen, and G. J. Coleman, are planning a little fishing tour Sunday around the Hatley country and expect to bring home quite a catch of fish.

Mr. J. Dalley is awaiting the arrival of Mr. and Mrs. E. C. Hoyer of Miles City, Montana, who are on their return from the Shriners convention, he expects them in Saturday afternoon. Sunday morning they leave for about a one week fishing trip, the party will take them about 100 miles north of Hatley, Idaho, where Mr. Dalley states that many fishermen have traveled this far for any of the fish family.

Pat Winans and Mr. Al Anson returned yesterday from a successful fishing excursion from around Thousand Springs, bringing home with them a big catch of fish.

Ray Goslin arrived here yesterday from Nampa, Idaho. Mr. Goslin intends to locate here, if he can find a suitable place to follow his line of candy and ice cream manufacturing.

Miss Laura Shields returned yesterday from Seattle, Washington attending the University of Washington.

Mr. Fred Hopkins arrived home after a year spent in school at the University of Oregon. Mr. Hopkins will practice engineering during the vacation period.

The auto tourist park is being well patronized by the travelers who say that Buhl is one of the finest parks in the state, each night the camping site is a bustling, busy place, hurrying back and forth preparing their meals in the new kitchen recently built. All the tourists leaving have a good word for the city of Buhl.

DELEGATES ARE BADLY INJURED

Twenty-One Persons Hurt When Temporary Structure Falls; Posing for Picture

By the Associated Press.
PHILADELPHIA, June 25.—Twenty-one delegates attending the northern Han convention were injured today in the collapse of a wooden structure upon which more than 500 persons were standing to have a group photograph taken. The lower tier of the stand was only a foot above the ground, but the back tier fell 5 feet when the underpinning gave way. None of the injured are considered serious.

The accident occurred while the 4,500 delegates were leaving the auditorium after a morning session. The injured included Mrs. Maud Northrup, Metairieville, Ore., wrenched back and the Rev. P. J. Erickson, Seattle, Washington, badly bruised.

HOOVER IS IN FAVOR

(Continued from page 1.)

Realization of future war. The first phase of no more he re-opened than the treaty itself. The second function relates to the future and is subject to amendment; it can be amended by the league organization itself.

"In the face of these conditions," he concluded, "cannot the republican party strengthen its own position by adopting the definite constitutional policy of ratification subject to the minor reservations and a wider vision of internationalism by excluding the guarantees and their military enforcement—and making membership in the league conditional upon disarmament within a given period? Such policies will protect American independence, free from every-where, except the use of our own and economic strength to enforce peace. It will leave our democratic friends fencing upon the ground of adequacy of a practical military plan upon which their safety devices only further endanger the real value of the league."

AMERICAN LEGION MEMBERS ATTEND FINE BANQUET

Members of the local post of the American legion who attended the banquet given by the Jerome post on Thursday evening are: C. L. DeLong, Herbert Lauderbaugh, Leo F. Bracken, and Lester A. Albert.

The banquet was given in the North side hall at Jerome, and there were about 100 representatives from all of the posts in this section of the state. The main feature of the evening was the speech by Governor Davis on "Americanism."

NEW YORK, June 25.—The Boston Americans defeated St. Louis today in the first of a four game series, 6 to 3. Hooper's hitting accounted for all three of the Boston runs scored off Quinn. "The three runs scored off Pennock were due to home runs, Ruth getting two and Peckinpaugh one. Ruth now has 22 home runs to his credit. His drive in the first inning went into the center field bleachers. It being his longest hit on these grounds. Score: Boston 6, St. Louis 3.

CLEVELAND IS DEFEATED
CHICAGO, June 25.—Chicago for the first time this season, defeated Cleveland, winning from Cleveland 6 to 3.

The locals concentrated their attack in two innings, driving out six runs, three of which were for extra bases. These coupled with a pair of walks and an error, netted six runs. The visitors played an uphill game but were unable to hit Williams in the pitcher.

Sixteen Defeats
WASHINGTON, June 25.—Philadelphia suffered its 16th consecutive defeat today, Washington winning the opening game of the series, 4 to 2. Shaw was wild but effective in the pitcher. He allowed only four hits and struck out eight of the visitors. Score: Washington 4, Philadelphia 2.

ST. LOUIS MADE RALLY
ST. LOUIS, June 25.—St. Louis rallied in the eighth today and defeated Detroit ten to six after a long battle with Detroit.

The visitors had driven Williams from the box and overcame a six run lead. In that inning two passes, a hit batsman and a double by Slater and triple by Austin scored four runs. Score: St. Louis 10, Detroit 6.

PITTSBURG SECURES HITS OFF HENDRIX
PITTSBURGH, June 25.—Pittsburgh defeated Chicago today 6 to 3, due mainly to their ability to pole out long hits off Hendrix. Carey stole home with the run that put the Pirates in the lead and they were never headed after the third. Cooper was hit hard early in the game but lightened up after the third. He hit also in the attacks on Hendrix with a single and a triple, scoring two runs. Score: Pittsburgh 6, Chicago 3.

BOSTON, June 25.—Boston and Brooklyn divided a doubleheader today, Brooklyn taking the first game two to one, and Boston the second 4 to 2. Good support for Calders in the pinches, Pillingham's wildness and timely hitting gave the visitors the upper hand. In the second game Scott allowed only five hits. Calders out-pitched him, hitting and Porter's hitting, which was remembered for three runs assisted in Boston's victory. Score: Boston 4, Brooklyn 2.

PHILADELPHIA, June 25.—Rixey's effectiveness and Mott's poor out-

standing played the major part in New York's nine to one victory over Philadelphia in the opening of the series here today. Wheat's home run scored Philadelphia's only run. Score: New York 9, Philadelphia 1.

KNIGHTS OF PYTHIAS HELP THIRTIETH UNFORTUNATE BROTHER
Fred Keller who has been at the Hot Lake, Oregon, sanitarium for the last two months, taking treatment for mental trouble, was returned to Twin Falls Thursday. He was accompanied here by a member of the local order of the Knights of Pythias, who was sent to the Oregon city by the local lodge for the express purpose of bringing Mr. Keller home.

The medical authorities at the sanitarium said they could do nothing further for Mr. Keller. Officers of the local lodge will see that he is well taken care of, by placing him in some institution that is fitted to handle this kind of a case.
