Court-Martial, It Is Said.

By the Associated Press.
LAREDO, Texas, July 15.—The situation in Nuevo Laredo was quiet but tense tonight with the whereabouts of some 300 Mexican rebels who attacked the town early today unknown. Besides the garrison of about 300 men several hundred citizens responded to a call to the defense of the town and were under arms tonight, fearing an attack.

Eight federal soldiers and one rebel were reported killed today. In addition in a fight with a small party of Yaqui Indians from Piedras Negras, who reinforced the Nuevo Laredo garrison today, eight men were killed, six miles south of the border. Fifteen wounded rebels were reported to have crossed to the Texas side during the day. These reports could not be confirmed.

Washington Situation.
A frantic situation.
American military authorities are watching the situation closely. Army aviators reported tonight that they had lost trace of the rebels. While fighting was in progress in Nuevo Laredo, United States aviators flying low over the Mexican town dropped notes warning the combatants not to fire into American territory. Reinforcements for the United States units at Laredo were expected here tonight, two troops of cavalry from Fort Sam Houston and one from Fort Brown having been enroute today. Four airplanes from San Antonio arrived here before daybreak.

The international bridge was closed all day except to refugees coming from the Mexican side. At the request of Mexican authorities American troops are guarding the Texas side of the Rio Grande and keeping the curious from approaching the river where danger of shooting by stray firing would exist.

MEXICO CITY, July 15.—General Pablo Gonzalez, former candidate for the presidency, and Generals Carlos Chon and Juan Salas were captured near Monterrey this morning, according to an announcement made by the war department this evening.

HAPPY SURETTE

NEW YORK, July 15.—Surette, formerly star chimpanzee, across now in the Bronx Zoological gardens, today is the fond mother of the first infant of the species ever born in the United States, and the second ever born in captivity.

Surette spent several years on the stage where she was noted for such exhibitions as eating a knife and fork, tumbling over a hot iron, and performing other feats showing rare histrionic talent.

FUSION MOVEMENT
BADLY SHATTERED

Labor Element Only One Standing Firmly; Others Are Hunting For Landing Places.

By the Associated Press.
CHICAGO, July 15.—Members of the committee of 18, who yesterday bolted the fusion movement of the farmer-labor party, tonight after a day of futile wrangling, adjourned with no arrangements made to put a separate presidential ticket in the field.

Adjournment was only accomplished when the committee leaders turned out the lights and ordered the hall cleared.

The leaders presented a report providing for the continuation of the organization in each state. The report was adopted. It makes no provision for a national ticket, but does provide that another national convention may be called at some future date.

Parley P. Christensen of Salt Lake City, presidential nominee of the farmer-labor party, threw the forty-eight convention into an uproar by sending it a message characterizing its action as "foolish."

Will Keep In Stage.

Regardless of the action taken at this meeting, however, Christensen's message said, "I am the candidate of the farmer-labor party and will continue in the race."

Three of the minority groups originally subscribing to the fusion movement, well represented in today's meeting, besides a part of the forty-eighters, leaders of the World War Veterans and people's party joined the bolt.

Of all the groups which joined the new party convention yesterday only two, the well organized faction of the farmer-labor ranks and that is the former labor party. The dominant farmer group in the amalgamation, members of the Non-Partisan league, stayed to the last, but their personal representative, characterized as the "intolerance" of the labor party leader.

"You can never make a class party in this country and have it amount to anything," he declared, "you never build up a labor party successfully in this country as in Great Britain."

SEEMS AN INVESTIGATION.
By the Associated Press.
NEW YORK, July 15.—Henry Woodhouse, one of the governors of the Aero Club of America announced here tonight that he had asked Attorney General Palmer to begin a federal grand jury investigation of charges he had submitted against individuals, who, he alleged "obtained millions of dollars of government funds under misrepresentation and conspiracy." These persons, Mr. Woodhouse declared, "tried to use officials of the Aero Club of America as a shield for a conspiracy to have government airplanes that cost over \$100,000,000 destroyed, so as to benefit certain manufacturers."

OMAHA MAN TO FLY.
By the Associated Press.
OMAHA, Neb., July 15.—C. N. Dietz, wealthy Omaha lumber dealer, intends to fly from Omaha to Alaska in an all metal monoplane, leaving here July 21 and stopping enroute at Point Lake, Wyoming, on a fishing expedition. Herbert E. Smith, director of operation of the federal air mail station here will pilot the plane at least as far as Dome Lake, it is planned.

COX PREPARES FOR
TRIP TO CAPITAL

Democratic Candidate Going to See President Wilson About Best Way to Run Campaign.

By the Associated Press.
COLUMBUS, July 14.—Governor James M. Cox, democratic presidential nominee, spent the most of the day tonight on executive duty at the state house preparatory to his departure tomorrow for Washington where he will confer Sunday with President Wilson. Before leaving the governor will receive eight leaders of the national women's party, who are to present arguments that he use the Tennessee legislature to ratify immediately the federal suffrage amendment.

Suffrage leaders who will confer with the governor at 2 p. m. were arriving tonight. Those scheduled to speak tomorrow are:

Mrs. H. O. Havemeyer, New York City; Miss Alice Paul, national chairman women's party, New Jersey; Mrs. James M. Hester, Columbus; Mrs. F. Bayard Hill, Wilmington, Delaware; Miss Mary Howard Bunch, Henderson, Ky.; Mrs. Margaret C. Van Jones, Seattle, Wash.; Miss Anna Foxton, Charleston, S. C. and Miss Mary Winsor, Haverford, Penna.

Confined to Platform.
When asked whether prohibition would have a place in his speech of acceptance, the governor stated that it was the custom of some states to have a speech to a discussion of the party platform. The platform is silent on prohibition.

Returning delegates from the San Francisco convention and other party leaders are said by Governor Cox to be strongly in favor of establishing three headquarters: Eastern in New York; central at Chicago, and western at San Francisco.

Governor Cox intimates today that while in Washington he may confer with members of the federal trade commission relative to data for use in the campaign. He said former Congressman T. T. Ambery is making all arrangements.

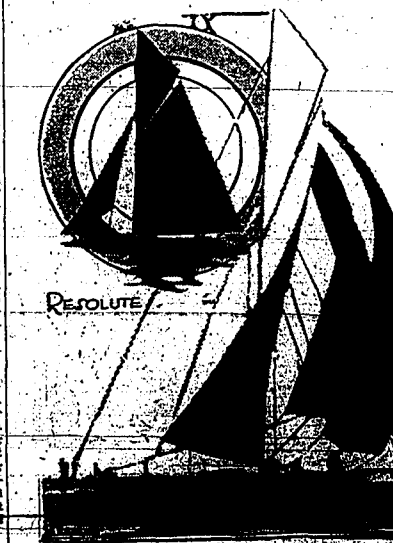

The governor received a letter today from Governor Cornwall of West Virginia, in which the West Virginia executive advised him that the state is in the doubtful column and advised him to "law it out with the republicans."

The governor's curiosity to know who was the lone Panama-Pacific delegate who persisted in voting for him practically all through the San Francisco convention while almost the entire state delegation voted for Palmer, was satisfied today when V. F. Davis, of Lancaster, Penna., called and claimed credit for being the single Cox supporter.

FROM THE LUSITANIA

The name of the ship the Germans torpedoed still remained clear and distinct on the wave beaten canvas, which was addressed to the sea through-out three years of war and two of peace. The jacket was found by two railroad detectives.

By the Associated Press.
SPA, Belgium, July 15.—The German ministers are disposed to accept the note of the allies and to answer in the affirmative tomorrow without qualification. (2) The allied governments will pay for this coal up to the German market price by placing the respective sums to Germany's credit on her reparations account, and the difference between German market price and the world market price in cash unless the manner of payment shall be determined in a different way in a general agreement on financial questions.

(3) For the duration of the aforesaid coal deliveries the clauses of the 'decision' on the coal question communicated to the German delegation July 8 and amended July 11 will not be applied; either shall the amounts of coal to be delivered monthly be increased by the reparations commission during this period.

(4) Wherever shall be made as soon as possible an arrangement concerning the situation in Upper Silesia, by which either the German government will recover control over Silesian coal or by which her monthly share of Silesian coal is fixed at not less than 1,600,000 tons monthly.

(5) There shall be constituted as soon as possible a mixed commission at Essen for the purpose of investigating means for improving the condition of the miners with regard to food, clothing and housing and improving thereby the coal output in the Ruhr district.

"The allies shall declare themselves ready to grant to Germany necessary credits for the importation of food stuffs for her population, as well as for the importation of raw materials for German industry and agriculture. The deliberations in this regard will take place in connection with the general deliberations concerning the financial question with the cooperation of the experts on both sides."

SHAMROCK IV
WINS IN RACE
BY ACCIDENT

Resolute Forced Out of Race
Because of Breaks of Part
of Her Rigging.

SIR THOMAS LIPTON
MAKES A STATEMENT

Sees No Glory in Winning
Race, Under Such Circumstances; Has Confidence in
Shamrock's Prowess.

By the Associated Press.
SANDY HOOK, N. J., July 15.—Great Britain gained her first victory in 42 years on the America's cup today when Sir Thomas Lipton's challenger, Shamrock IV won the first race of the 1920 regatta after the defender, Resolute, had been forced out of the running by an accident to her rigging.

Must Win Two More.
The challenger must win two more races out of a possible maximum of four if she is to achieve Sir Thomas Lipton's dream of taking the boltonia trophy back to Britain. Resolute must win three out of four to retain the cup which has been in possession of the New York Yacht club since 1851. The second race will start at noon Saturday.

Shamrock IV's victory today was won in the face of what seemed certain defeat. Resolute had taken the lead at the start and held it until, as she swooped within half a mile of returning mark, 15 miles from the start, her great area of canvas shivered and fluttered down her mast. A sudden gust had snapped her throat halyard and a second later the jaws of her gaff were shattered beyond repair.

Resolute in Trouble.
When the Resolute was seen to be in trouble a tug bearing Sir Thomas Lipton's colors drew swiftly up to the steam yacht Victoria from which Sir Thomas was following the progress of his challenger. Many believed Sir Thomas was ordering Shamrock IV to fall to cross the finish line, making it no race. A statement issued later said this was his initial impulse, but that he had been persuaded by his companions to permit Shamrock IV to finish, as it was felt that construction and sturdiness of the contender should be taken into account.

More than 100 craft, ranging in size from an ocean liner to power boats, followed the contenders over the 30-mile course.

Shamrock IV was given a 'mighty ovation of screaming whistles as she flashed across the line at 25 minutes 26 seconds after 4 o'clock, having completed the course in four hours, 24 minutes and 45 seconds.

Sky Overcast.
The weather was anything but satisfactory. The sky was heavily overcast and what little breeze was stirring was fitful.

The added weight of the rain caught by the Resolute's sails was declared by yachtsmen to have been largely responsible for the accident. The rival yachts came sailing out from their berths behind Sandy Hook shortly after 10 o'clock. By 11 o'clock they were cruising in great circles about the Ambrose lightship, looking for position.

A novel feature was the appearance over the course of air and sea planes. A half dozen plane newspapermen, news photographers and moving picture men, a number had engaged passage in commercial flying planes, but inclement weather prevented them from appearing.

VICTORY NOT EARNED.
ABOARD STEAM YACHT VICTORIA (by wireless to the Associated Press).—The first race of the 1920 regatta was won by Shamrock IV, a 100-ton schooner, over Resolute, a 100-ton schooner, in four hours, 24 minutes and 45 seconds. The race was sailed in a foggy, overcast sky, with a light breeze. The race was sailed in a foggy, overcast sky, with a light breeze.

RAILROAD SITUATION GRAVE.
DUBLIN, July 15.—The railway situation in Ireland was never so grave from the government's viewpoint as today, when the workers refused to move freight trains carrying any sort of war material, and Sinn Feiners kidnaped five men who offered to move the trains after the others had declined.

The policy of dismissing recalcitrant workers, which the Sinn Feiners are directed by the government, is rapidly depleting the ranks of the railway workers. Fourteen men are said to have been dismissed in Dublin during the last 24 hours. Trains to the north of Ireland have been running on time during the past three days.

The practice of dropping off at a siding cars containing armed police and soldiers in the Great Northern railway has temporarily caused concern to the report that any railway man attempting such tactics would be shot on the spot. The source of this report cannot be traced, but it is having its effect nevertheless.

By the Associated Press.
NEW YORK, July 15.—"Babe" Ruth, star batter of the New York American League club, knocked out his 29th home run in the game against St. Louis today, equalling the major league record he made last year. His hit in the 11th inning won the game for the Yankees, there being two men on base at the time. The score was 13 to 10.

Ruth took but little more than half the season to equal his previous record. He failed to pound out a circuit smash in April, but made an even dozen both in May and June. His best performance was in the thirteen games from May 23 to June 2, inclusive, in which period he added 19 to his total.

His banner day was June 2 when he hit three homers in a double header. He launched a pair of his favorite four base hits in one outburst on four successive May 11, May 27, June 25 and June 30.

GIVE FLAG TO FRANCE.
PARIS, July 15.—Yesterday afternoon at the club of the Knights of Columbus an American flag was presented to France by a delegation of girls from San Francisco.

Julius J. Jusserand, French ambassador to the United States, delivered a speech in which he referred to the affection uniting France and Great Britain. He also touched on the care which France is giving to the graves of American soldiers killed on the field of honor.

Myron T. Herrick, former American ambassador to France and Rear Admiral Thomas P. Mahrunder, naval attaché of the American embassy, also spoke of the close friendship uniting France and the United States. The flag was to have been presented personally to Marshal Foch, who was unable to be present, owing to his call to Spa. Captain Andre Tardieu thanked the American girls in his behalf.

BRITISH TROOPS IN CONSTANTINOPLE

Evacuate Batum as Alleged First Step Toward Opening of Trade With Bolsheviks

CONSTANTINOPLE, July 15.—The British troops which evacuated Batum arrived in Constantinople today. Great Britain's evacuation of the port is regarded by persons of other nationalities in Constantinople as the initial step toward trading with the bolsheviks, which, it is declared, the government could not do consistently while the British controlled Batum. Georgia nominally is under the Turkish government but actually is dominated by the Russian soviet, while Batum and Poti are regarded as the gateways through which an immense trade will be inaugurated with the bolsheviks.

The Georgian government is looked upon as only a makeshift through which a large bolshevik mission at Tiflis is acting to get necessary supplies which are being shipped out by way of Baku, the Caspian sea and the Volga.

The bolsheviks already have stripped Azerbaijan, Georgia, of all sorts of manufactured articles and foodstuffs which have been sent to Moscow. The action has caused consternation among the local population whose paper money is becoming of less value daily.

The announcement that the state department of the United States has removed the prohibition against trading with soviet Russia at London risks and without passport facilities makes it possible for Americans to enter the field in which Italian and French have been working for many months.

The Americans are free now under the state department's ruling to sell anything to the bolsheviks except arms and ammunition or other potential war materials. It is thought the trade will be greatly facilitated as it is no longer necessary to consider ultimate destination.

The evacuation of Batum by the British is considered in high quarters here as a partial victory for Krasin, the bolshevik minister of trade and commerce and a clear indication that Great Britain does not propose to be outstripped in the race for soviet trade. The Caucasus abound with rumors concerning oil concessions which the Italians are alleged to have obtained.

TO OPEN NEW ROAD. BOISE, July 15.—A rough the hitherto supposedly impassable canyon five miles in length on the north fork of the Boise is now being made by a crew of forest service men and when finished will open a wonderful fishing, hunting and recreational region which has never been accessible before, according to Forest Inspector Grandjean, who, with Supervisor Campbell and R. E. Gery of the land department of the national forest at Oshon, have just returned from a three weeks' inspection tour. This new trail will enable persons to travel to the extreme headwaters of the north fork of the Boise to what was known as the old Barber lumber company's camp on the north fork. It will be a safe route and will enable travelers to avoid all heavy summits, and shorten the distance to a beautiful recreational section. It is expected for five days of their trip and Mr. Gery said he had never seen the forage any better on the Boise. The party saw a great deal of game—deer, elk and mountain goats. The latter were on several occasions only 100 feet away. The deer came straight up to the ranger's cabin for their titbit of salt which Mr. Grandjean had brought with him.

The men inspected the middle fork of the Boise and the south fork of the Payette.

MANY CONTESTANTS IN BICYCLE RACES

America to Have Strong Opposition In Velodrome Track Events; Famous Dutchman Enters.

ANTWERP, July 15.—America will have 12 opponents in the bicycle road race and 10 in the velodrome track events in the Olympic games. Among the contestants will be some of the best amateur cyclists on this side of the Atlantic, including Peck, the famous Dutchman, who has been winning all over Europe.

Olympic committee today announced the following nations had entered the velodrome events to be held August 5 and 10: Great Britain, the United States, Holland, Denmark, Italy, Serbia, France, Luxembourg, Sweden, Poland and France. All of these except Switzerland will compete in the 175-kilometer road race on August 12. Czechoslovakia, Norway and Sweden have entered for the road race, but not for the velodrome events.

After much confusion due to clerical errors, it has been finally announced that the polo matches at Ostend will be played from July 24 to 31, instead of the dates in August which were announced last week. This will be the first time in the history of polo that five national teams have engaged in a tournament. America, Belgium, France, Great Britain and Spain will be represented.

Although the names of her participants have not as yet been received, America, according to the Olympic committee, has also entered the archery target events, which will be held here from August 3 to August 5. Only two other nations, Holland and France, have teams entered for this feature.

On next Friday night the Knights of Pythias in regular session will exemplify the work in the ranks of Esquire and that of Knight. All candidates who have taken the rank of Esquire are requested to be in attendance as the lodge will make a two-month vacation.

Grain

By the Associated Press.
CHICAGO, July 15.—It is established that future delivery trading in wheat eclipsed all happenings today on board of trade. After the close, officials of the exchange expressed themselves as gratified at the comparative equilibrium that wheat prices showed, and at the smoothness with which ordinary business methods were resumed after a war upset of nearly three years. The net result in value was a decline of 1 1/2 to 4 1/2¢ as compared with opening prices. December wheat finishing at 27 1/2¢ and March at 27 1/4¢. Corn closed 2 7/8¢ to 3¢ lower, oats off 3/4 to 1 1/8¢ and provisions down 17¢ to 70¢.

Except for a few minutes at the opening, there was no outside of transaction in the wheat pit. At first, every foot of the pit was occupied by brokers, and crowds of others gathered around the edges, but in a few minutes the spectators having witnessed a unique commercial event, withdrew, and it was not long before the pit buying and selling of future delivery wheat was left to less than a score of firmers. So far as could be ascertained, few if any of the transactions were of speculative character. Most of the dealings apparently consisted of hedging for rural owners of new crop wheat. Absence of speculation was ascribed to the heavy margining required as a precaution against possible fluctuation. Clear cool dry weather likely to avert black rust damage was the chief factor.

Heavy selling of corn and oats carried down prices for these cereals. Much of the selling was in the nature of liquidation by holders to whom the auspicious crop outlook was an incentive to unload.

Weaker quotations on hogs and grain lessened provisions.
