

BOLSHEVIKI ARMIES ARE ON ADVANCE

Little Republic Desires Expression From State Department and President.

PLEADS FOR AMERICA TO NOT DESERT HER

Fears Soviet Government Will Not Accept Armistice and That Russian Hordes Will Overrun Polish Country.

By the Associated Press.
WASHINGTON, July 23.—Poland, deeply bested by the Russian Bolshevik armies, called upon the United States today for moral support in her now desperate battle with the soviet forces.

Through its legation here the new republic not only asked for an expression from the state department, but also from President Wilson, declaring that such public statements would go a long way toward strengthening the morale of its soldiers and people.

Given consideration.
Poland's request was given serious consideration at the state department, and it was expected that a decision would not be long delayed. Whatever the ultimate decision, however, there were indications of their sympathy with Poland. It was recalled that the American government had steadfastly refused to recognize the soviet regime and that less than two years ago the state department requested the allied and neutral nations to join in declaring the Bolshevik international outlaw.

Arguments that the legation presented set forth the incongruity of the United States abandoning the republic with whose establishment it had enough to do. It was declared that while the situation of the country had been made desperate by the enormous weight of the Russian forces, it was not yet too late to avert disaster.

Hope for Armistice.
Hope was expressed at the department that the Bolshevik would accept the Polish request for an armistice but recent reports from Moscow of the attitude of the soviet government caused officials to regard the outcome with much skepticism.

Experts were divided as to just how much support should be given to Poland to revive her fighting forces to the point where they could withstand the Russian armies. The offer of Great Britain and France to send troops was regarded by a few as more than enough, and in this the Polish legation agreed. It was argued that Poland had a national army and a half million it could put into the field and that it sufficient arms and ammunition and backed by the moral support of the United States and the allies it could stem the advance of the red armies.

Extension of Credits.
The more conservative declared an extension of credits alone would enable the Poles to hold their own. No suggestion that the United States participate in the actual physical aid to Poland, but a national loan either France or Great Britain, but such a request would not come as a surprise. It was indicated, however, that the present position of the United States in international affairs would make any action other than a possible extension of credits impracticable.

Some quarters believed that neither France or Great Britain would be so generous that they would supply the dispatch of more than very small forces, but it was argued even the entrance of a division or even a brigade alone, would serve to stimulate the Poles.

Situation serious.
Government officials were not inclined to minimize the seriousness of the situation. Army officers and state department officials agreed that the dispatch of troops to Poland would be a very serious step, and that it would be a very serious step, and that it would be a very serious step.

BETTER MARKETING METHODS WANTED

By the Associated Press.
CHICAGO, July 23.—Plans for co-operative marketing of grain and livestock and development of better marketing facilities were discussed today at a meeting of the American Farm Bureau Federation.

The organization plans a permanent bureau in Chicago vested with authority to determine the best means of disposing of produce through co-operative efforts. This would eliminate speculation and stabilize prices to the consumer, speakers said.

"We plan to organize local grain interests in every state, so that the producers will have control of the grain until it reaches the manufacturer," said J. R. Howard, president of the federation. "This is a fight against the broker and the middle-man."

Conducting Research Work.
Secretary of Agriculture Meredith, who was on his way to Washington to lead the delegation that the department of agriculture was conducting research work among the farm organizations so as to promote co-operation with the department.

"We have had to eliminate much information relating to agricultural problems owing to lack of funds," he said.

Other speakers today included Senator Gagner of San Francisco, representing 15 Pacific coast co-operative producers' organizations, C. H. Gustafson, president of the Farmers' Union of Nebraska, and Frank Myers, secretary of the National Farm Grain Dealers association.

M. Myers told of the progress in organizing farmers' co-operative elevator companies in the Mississippi valley. He said there were about 600 Illinois alone, and 4,000 in the middle west. In Iowa, 15,000 farmers are shareholders in co-operative elevators, he said.

A committee of 500 farmers from every state in the union will call on President Harding and Senator Gagner with a request that they state their positions on agricultural affairs. It was decided today by the national board of farm organizations. Questions already have been sent to the candidates.

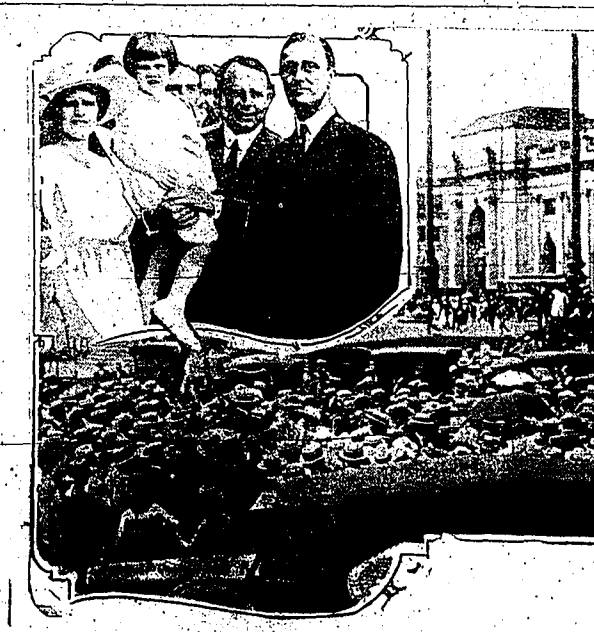

CARDINAL GIBBONS IS EIGHTY-SIX YEARS OLD

By the Associated Press.
WESTMINSTER, Md., July 23.—Cardinal Gibbons today observed the eighty-sixth birthday of his holiness, the venerable prelate, who has been a priest in the Roman Catholic church for nearly a century.

Cardinal Gibbons was born in Ireland, and came to America in 1853. He has been a member of the U. S. Synod of Baltimore since 1880. He is the only cardinal in the United States who has been a member of the U. S. Synod of Baltimore since 1880. He is the only cardinal in the United States who has been a member of the U. S. Synod of Baltimore since 1880.

Condition is appalling.
By the Associated Press.
BELFAST, July 23.—The most severe case of influenza observed here today was that of a man, who was sent to a hospital, the chief secretary for Ireland, saying:

Cox and Roosevelt Call on President Wilson

With cries of "Hello, Mister President!" Washington gave its greeting to Democratic Nominee James W. Cox, governor of Ohio, when he arrived here to consult with President Wilson and party leaders. Above—Governor Cox holding little Fredricka Barton, who gave him the welcome bouquet, and Franklin D. Roosevelt at the Washington, D. C. depot. Below—The crowd waiting outside the depot to cheer Cox.

MYSTERY SHROUDS FINDING OF CORPSE

Body Found in Trunk—Necropsy Trying to Find Out Identity of Victim.

By the Associated Press.
NEW YORK, July 23.—Removal of every vital organ, save the brain, from the body of an unidentified young woman found here today, clothed and mutilated in a trunk shipped by express from Detroit, makes it virtually impossible to determine the cause of death. Medical examiner Schwartz announced tonight. "The cutting was, perhaps, the work of a butcher," he said, "or some one slightly acquainted with surgery. A large bladed knife, similar to the type used by physicians in performing an autopsy, and saw were used."

Dr. Schwartz declared the opinion the solution of the mystery must come from Detroit.

"It is almost certain that a criminal operation was performed," he declared, "that can be determined by finding traces of cholera in the brain."

DETROIT, July 23.—A young couple giving the name of Mr. and Mrs. J. Leroy occupied an apartment at 105 Harper street, the address found by a New York expressman in a trunk containing the body of a young woman, according to a statement given to the police by Mrs. Lettie Brooks, manager of the apartment house. The apartment was rented to them on June 7. They left about a week later without giving notice. Mrs. Brooks stated that the only person the man, leaving, taking with him two heavy trunks. He explained she said, that his wife had left the night before.

LIGHTNING IS CAUSE OF NUMEROUS FIRES

NIAGARA FALLS, Ont., July 23.—Lightning caused many fires here and in nearby places during a heavy storm which swept this section tonight. Several farm houses were burned. Telegraph and telephone lines were reported out of commission throughout the district.

Four inches of rain fell in about two hours flooding streets and causing thousands of dollars' damage. "The incline building at the Whitpool rapids were badly damaged."

HEAVY STORM VISITS TWO DAKOTA COUNTIES

By the Associated Press.
FAIRGO, N. D., July 23.—Two known dead, a dozen injured, three probably fatally, and extensive property damage, was the toll of a terrific storm which swept after parts of McHenry and Ward counties in North Dakota last night.

The dead are: Mrs. Immanuel J. Kandi, living near Drake, and Mrs. Andrew Bots, who lived near Minot. Mr. and Mrs. Andrew Bots, residing on a farm near Drake, were injured seriously when the storm raged every building on their farm. They were taken to a hospital at Harvey, where little hope is held out for their recovery.

Andrew Bots, husband of one of the storm's victims, is in a Minot hospital and it was said his condition is critical.

Many farm buildings in McHenry county were destroyed and much livestock was killed.

MAKING AN EFFORT TO START NEW REVOLT

MEXICO CITY, July 23.—Some of the military chiefs and deputies are trying to set free General Francisco Mariel and General Francisco Mariel, who were placed under arrest shortly after the collapse of the Carranza regime so that the two generals can start a new revolution, according to a statement issued to the press today by Gen. J. D. R. Carrido, inspector-general of police.

Detectives, the statement declares, already have the names of all the conspirators and are ready to make arrests when necessary.

ENJOINS RIGHT WING

WARSAW, July 23.—Having Grodno within their line the Bolsheviks have spread the tip of their right wing across Germany and into Poland proper. Beating down upon the Polish region from the north the Reds have sent patrols toward east Prussia and are meeting with little if any resistance.

ENJOINS SECRETARY OF STATE

By the Associated Press.
LINCOLN, Neb., July 23.—In the district court here today Judge Morning issued an injunction directed to Secretary of State Amersbury forbidding him placing on the November ballot a referendum on the prohibition amendment. The injunction was not opposed by Secretary Amersbury.

SEN. REED SEES ANOTHER WAR NEAR

Demands United States Get Troops Out of Europe At Earliest Possible Opportunity.

By the Associated Press.
WARRENSBURG, Mo., July 23.—Voicing a warning that another European war of major proportions loomed United States Senator James A. Reed in an address tonight urged that American troops be brought home.

He declared the present situation as between Russia and Poland grew out of "Polish ambition, Japanese cupidity and the greed of Great Britain for further British trade territory."

After attacking the league of nations covenant and reviewing the Polish situation, Senator Reed said: "I especially challenge attention to the terrible danger in which we now stand. We have 18,000 of our soldiers now in Europe. What is to be their fate? There still exists a technical condition of war. It already has been construed to include the right of the president as commander in chief of the army, to move the troops into Russia. Many of them served there, the last 12 months. They can at any moment be attacked. If they are, the United States is at war without any action whatever on part of congress. For when our armies are attacked a state of war exists whether it be legally declared or not."

"Every moment we keep our soldiers in Europe they are a menace to us. I can not overstate the gravity of the situation as it now appears."

SUMMONED TO APPEAR BEFORE GRAND JURY

By the Associated Press.
CHICAGO, July 23.—Sixty railroad officers and union leaders today were summoned to appear before the federal grand jury next Wednesday in connection with a probe of the unauthorized walkout of railroad workers here in April.

The subpoenas were issued at the request of Charles F. Clegg, United States district attorney and Major E. L. Home, special assistant attorney general, who since his arrival here several days ago has conferred with leaders of the recognized railroad brotherhoods.

ARMYSHIP GOING ABOARD

NEW YORK, July 23.—Plans of Archbishop Daniel J. Mannix of Australia to visit Ireland are being commented on by the Irish press. It was announced here today that the archbishop will sail for Queenstown July 27 on the Maudslayi. It was stated, and after a day in Dublin will continue his journey to Rome.

SHORTAGE OF COAL MENACE TO COUNTRY

New England in Bad Shape for Fuel; Illinois Miners Demand Raise in Wages.

TUMULTU REASSURES GOVERNORS OF STATES

Tells Them Sufficient Quantities of Fuel Will Be Delivered in Their Districts in the Near Future.

By the Associated Press.
WASHINGTON, July 23.—Coal shortages represented as already in existence in some sections of the country and threatened in many others, claimed the attention today of nearly half a dozen departments and agencies.

Appeal to Government.
The Interstate commerce commission was urged to order priority in the flow of movement of coal to New England, and Illinois operators renewed their appeal to the White House for governmental intervention in the mine laborers' strike which is reported to have closed down half of their mines. Relief for New England was promised through early action of the commission and the approval of the mine operators was answered by the dispatch of three government labor conciliators to the strike districts.

Attorney General Palmer announced that he had called an informal meeting of a score of mine operators, coal exporters and representatives of manufacturing interests to be held in New York Tuesday.

It was indicated that the president was powers might be called into use in laying a ban on export should the priority orders of the interstate commerce commission fail to bring satisfaction to the region. This plan was being taken up at the New York meeting along with discussion of prices, transportation problems and production.

The proposal for priority in the water movement for New England contemplates movement of 1,250,000 tons a month through Hampton Roads, Baltimore, Philadelphia and New York. An additional all-rail movement for New England of 750,000 tons a month was promised by co-operative efforts of the carriers and the operators.

The plan would continue until April 1, 1921, and would prohibit the removal of coal from the New England area to any other destination than New England until after the daily assigned quota of each shipped for New England was met. The plan would also require that the coal be shipped in the New England area is expected to be issued soon. The Illinois operators, in renewing their appeal at the White House were understood to have opposed recognition of the right of the miners to consider of the demand of mine laborers or shift men for a \$1 a day increase in pay.

Telegrams were sent by Secretary Tamm to the governors of North and South Dakota and Wisconsin as well as governors of New England states, assuring them that coal in sufficient quantities for the needs of the community would be delivered to their districts.

WIRELESS OPERATORS DEMAND

WASHINGTON, July 23.—Demand of wireless operators on shipping board vessels for increases in pay, of \$30 to \$75 a month and an eight hour day was laid before the board today by a committee of the United Radio Telegraphers' association.

The operators said they expected an answer from Chairman Benson of the board tomorrow. They also expected that the board would license wireless operators who would be licensed according to the tonnage of their vessels was under discussion as was a plan to license the men according to years of service.

HIGH PRICES FOR GRAPE.
LOS ANGELES, July 23.—The California fruit distributors announced today that it had sold 10 carloads of late grapes for future delivery at \$110 per ton, the highest price ever paid for grapes in California.

MOVING PICTURES BOOSTING IDAHO

Buhl Considers Joining Snake River Valley Community Club the Organization Issuing Pictures

BUHL, July 23.—Work is under way to have moving pictures taken of the crops, houses and stock in Idaho which will then be distributed throughout the United States.

C. J. Blanchard of the United States reclamation service, is to arrive here Aug. 1 and he will supervise the work of taking the pictures. Work will commence immediately after his arrival.

A committee of three men, H. W. Barry, E. B. Shepard and C. S. Peck, has been appointed to solicit the necessary funds to acquire membership for Buhl in the Snake River Valley Community club under whose auspices the pictures are to be made. Money will also be raised to employ the services of C. J. Blanchard, executive of reclamation in Idaho. It was estimated that Buhl's quota would amount to approximately \$2,000. In the making of these pictures 1,000 feet of film is to be used.

William Larson of Paul, Idaho, and John H. Barst of Burley were here and explained the proposition. Both of these men are officers of the club. Mr. Larson explained that after approval by the department, 37 sets of the films will be finished and shown through the states in the Union. It being estimated that 4,000,000 people will view the pictures of Idaho, and after a sufficient sum of money is raised a man will travel with these pictures and give short lectures.

Mr. Larson reported that he has had good success in getting the other towns of the district to join the Community club. Mr. Larson is very enthusiastic about the work being done and assures that this is the best and most economical way to boost the state of Idaho.

PROTEST ANNEXATION

BUHL, July 23.—The people of the McCollum addition will appear at the next meeting of the city council with a petition protesting against the annexation of the McCollum addition to the city of Buhl. The objection rests on the fact that the McCollum addition was made by the city of Buhl, and that the proposed annexation will financially benefit the residents of Buhl at the expense of the residents of the McCollum addition.

RAID J. W. HEADQUARTERS. VALPARAISO, Chile, July 22.—A raid by the police on what is said to have been J. W. headquarters was made tonight. Twenty-seven persons were arrested and anarchistic literature and a large quantity of arms and explosives were seized.

WESTERN STATES LEAD

WASHINGTON, July 22.—Three western states—Wyoming, Montana and Idaho—led all others on May 4 in the number of bank depositors per 1,000 population, according to figures compiled today by the comptroller of the currency. Wyoming heads the list with 394 depositors for each 1,000 persons in the state. Montana ranked second with 39 and Idaho third with 359.

Eleven other states had the following ratio per 1,000 population: Pennsylvania, 239; Colorado, 280;

Will Pay

Three or four months rent in advance and take excellent care of well furnished, all modern bungalow in good location. Will furnish own linens, silverware and dishes. Will give satisfactory references. No children.

Address Chronicle.

REFUGEES RUSHING WEST BEFORE RED ADVANCE

These snapshots by the world famous photographer, James Hare, who is covering the Polish-Bolshevik war, show graphically how the Polish peasants and villagers have picked up "bags and baggage" and rushed west as the Polish line fell back. Above, a crowd of refugees resting along the railway tracks. Left, one refugee who is moving everything he has right with him in a hard cart. Right, refugees stopping at a pump along the road.

Oregon, 276; Minnesota, 271; Iowa, 282; Virginia, 259; Vermont, 255; California, 248; South Dakota, 244; Maine, 239; and Texas, 238. Alaska and Hawaii ranked lowest, with 30 and 24 depositors, respectively, for 1,000 inhabitants.

The averages for all states was 190 per 1,000, or one depositor for every 5 1/4 persons in the country. The total number of depositors on May 4 was \$2,820,000. Of this number 1,055,000 were time or savings accounts.

BUHL NEWS NOTES.

BUHL, July 23.—Dr. F. L. Edole left Friday afternoon for Boise where he was called to appear as witness against V. A. Fitzgerald, who is accused of selling illegal state dental licenses. V. A. Fitzgerald is manager of the Parker Dental system in Idaho. Dr. Edole hopes to return by next Tuesday.

Mrs. Edole was called to Portland, Oregon, on business. She leaves Saturday morning.

The Buhl baseball club will play for August when they will try to annex another game to the winning column in the "standings of the clubs in the Southern Idaho Baseball league."

Buhl has been successful so far in winning most of their games from Rungwin, but notwithstanding all the struggles have ended with a one run margin in favor of Buhl, and the locals expect a hard tussle.

FILE NOTICES OF THEIR WITHDRAWAL

Fifteen Democrats Withdraw As Candidates in Twin Falls Precincts. Notices Filed With Clerk.

The following democrats have filed notices with the county clerk that they do not care to be candidates in the coming primary election to be held August 3: H. W. Sawyer, precinct No. 3, Twin Falls, withdraws as a candidate for committee man.

H. N. Leete, candidate for delegate to the democratic county convention withdraws. He is from precinct No. 2, Twin Falls.

Tom Berrington withdraws as a candidate for democratic committee man in precinct No. 2, Twin Falls. F. G. Leichter, of precinct No. 1, Twin Falls, does not care to be a candidate for delegate to the county convention and withdraws.

J. A. Keeser, candidate for delegate to the county convention from precinct No. 2, Twin Falls, declines to stand as a candidate and filed his withdrawal.

HELD UP OAF.

Omaha, Neb., July 22.—After being arraigned in police court on a robbery charge, a youth who gave his name and address as Harry Sarathian, aged 19, of Chicago, was held to district court under \$2,500 bond yesterday. He was arrested Tuesday following the holdup and robbery of a downtown cafe, whose guests were "covered" with pistols while one of the trio looted the cash register.

REAL ESTATE TRANSFERS.

Nancy J. McLain to Lawrence Talmadge lot 8, Bennington addition, Lawrence Talmadge to A. McDermid, lots 7 8 9 10 and 11, block 17, Kimberly.

H. W. Mund to T. H. Walden, lot 17, block 25, Kimberly.

Idaho Co-operative Beet Sugar company to H. M. Vanderpool, part of section 7-10-14.

Ray L. Ramsey to Angli Kyo lot 10, block 48.

W. A. Foster to W. H. Craven, E 1-2 lot 17, block 4, Murtaugh first addition.

CARD OF THANKS.

We wish to extend our heartfelt thanks to our many friends and neighbors for their kind assistance and words of sympathy at the death and burial of our little Dorothy, and also for the many beautiful floral offerings.

MR. AND MRS. W. S. PARISH AND FAMILY.

MEMORIAL TO WILSON.

WASHINGTON.—A memorial protesting against the expulsion of Kharpout from the boundaries of United Armenia was presented to President Wilson in his capacity as arbitrator of the boundaries of Armenia by representatives of Kharpout now living in America.

Recalling the preponderance of Armenian schools, colleges and business houses in Kharpout over other nationalities, the memorandum declares without the rich and fertile provinces of Kharpout, Armenia and Cilicia would be a barren mountainous country, deprived of the means of becoming a self-sustaining nation.

F. E. PHELPS OF UTAH GETS ROAD CONTRACT

Flier Highway District Accepts Bid; Work to be Started by August 1.

PHILET, July 23.—The Flier highway district has accepted the bid of F. E. Phelps of Utah, whose bid amounted to \$2.00 per square yard, practice in Shoshone and adjoining actual work on the construction is to start by Aug. 1.

The type of road to be constructed is the "B-1" type, which is solid concrete, 18 feet wide, 6 1/2 inches thick at the center and 5 1/2 inches thick at the sides. The mixture used will consist of one part cement to five parts sand and gravel. The cost of the road per mile will amount to \$12,260. The total cost of paving will be \$202,778.50. Federal aid will total \$140,000, and will be deducted from this amount; \$8,560 will be refunded from the state.

By letting the contract for construction of this work to F. E. Phelps, the Flier highway district saved a

half a cent per yard, the previous bid let to Robert Payne in June being withdrawn by him. His total amount was one-half cent more per yard than the present contract at \$2.00.

FOR ATTORNEY GENERAL.

KELLOGG. Announcement is made by Lester B. Harrison that he will become a candidate for Attorney General, subject to the action of the Idaho Falls convention. Mr. Harrison is a young man of recognized ability as an attorney and has a wide practice in Shoshone and adjoining counties.

He is a native of the state of Washington; was educated in the public schools of Whitman county, crete, 18 feet wide, 6 1/2 inches thick at the center and 5 1/2 inches thick at the sides. The mixture used will consist of one part cement to five parts sand and gravel. The cost of the road per mile will amount to \$12,260. The total cost of paving will be \$202,778.50. Federal aid will total \$140,000, and will be deducted from this amount; \$8,560 will be refunded from the state.

Mr. Harrison has been induced by the democratic central committee of Shoshone county for the position to which he aspires.

THE CANADIAN MARKET.

Somehow commerce always seems more im-
pressive at a distance. It is more romantic to
sell goods to a distant country than to a neigh-
boring one; just as it is more romantic to sell
California products in Boston, or New England
products in San Francisco, than to a firm across
the street.

Here is Canada, the best customer the United
States has, after Great Britain and France, and
yet given little thought by many business men
in quest of trade expansion. It is well enough
to aim at greater Latin-American trade, and
gratifying progress has been made in that quar-
ter. Yet Canada is buying from the United
States right now more than all of Latin-Amer-
ica together, and there is no sound economic
reason why she should not continue doing so.
Americans talk of keeping the door open in
China, when in spite of utmost efforts, Ameri-
can business men are not selling in China more
than one-eighth as much merchandise as they
are selling across the Canadian border.

The obvious conclusion is that the best pos-
sible political and trade relations are to be
maintained with so good a neighbor and so
good a customer as Canada. That country is
our most natural and most accessible foreign
market. It is growing and developing along
with the United States, and steadily increasing
its purchasing power.

The present Canadian trade situation, how-
ever, is too one-sided to last. We can not keep
on indefinitely selling Canada nearly twice as
much as we buy from her. The balance has to
be made more nearly even somehow, or Canada
will increase her present efforts to buy else-
where what she needs. The fortunate thing
about it is that the United States itself needs
such large quantities of wood pulp and other
products that Canada is fitted to supply.

American business brains might well occupy
themselves with plans to promote trade in both
directions. It is particularly true of the States
and the Dominion that they grow rich by trad-
ing with each other.

PLENTY OF COAL.

There is comfort, though cold comfort it
may be, in the announcement that there is
plenty of coal in the ground. At a recent
convention of coal experts, it was reported that
the hard coal in this country will not give out
for 150 years, and the soft coal is virtually in-
exhaustible.

J. W. Paul, chief coal mining engineer of
the United States bureau of mines, is quoted
as saying that there is enough to supply the
American people for 6,000 years. Few per-
sons have any interest extending beyond that
time. It is a period as long as the traditional
age of the world. If the soft coal lasts as far
into the future as from the present time back
to Adam, there is no need of worrying.

Some coal men may question these figures.
They are not given as accurate, for there is no
possibility of computing the future population
of the country and its fuel needs. But any one
who has looked into the matter will grant that
not even the remotest generation in which living
men and women can have any personal concern
will lack fuel if any reasonable care is taken of
the supply.

The lignite deposits alone in Montana and
North Dakota, as yet hardly touched, amount
to trillions of tons. That coal, and its products,
will be found useful for countless generations
when the accessible veins of anthracite and bi-
tuminous have run out.

A private stock in the cellar has one advan-
tage over the saloon, anyway. It keeps the men
home nights.

The president's health seems much improved
since he got congress off his hands for the
summer.

THE "FARMER-LABOR" PARTY.

Many "third parties" have come and gone in
the United States. Our government still alter-
nates between the two parties that originated
at the founding of the republic and have sur-
vived, with changing names but little essential
change, until this day. At present these two
historic parties are somewhat confused in policy,
spirit and membership, and yet each of them has
incomparably more unity than the "Farmer-
Labor" party just launched at Chicago can pos-
sibly have, with its medley of discordant ele-
ments.

Our government, as has been said so often, is
a two-party government. The constitution seems
to take the two-party system for granted, and
the nation is adapted to the system by experi-
ence and preference.

This seems to be a natural outcome of well
ordered political freedom. It is a government
of majorities. Majority rule is most easily
achieved with two big parties instead of many
little ones. With two parties, the shifting of a
small percentage of votes to the more conserva-
tive party or the more radical party at any
time will bring a change of rule and accomplish
the popular will automatically. With many
parties, one cannot have a clear majority, and
so majority action depends on inter-party alli-
ances and intrigues, opening the way to cor-
ruption and often defeating the popular will.

It does not seem likely that this two-party
system will be jeopardized by the organization
of the new party at Chicago. The latter has
far less strength, in unity, program and leader-
ship, than had the party launched by Theodore
Roosevelt in 1912—and where is that party
now?

SEASONAL INEFFICIENCY.

"A seasonal industry is an inefficient one,"
says Sidney Hillman, head of the Amalgamated
Garment Workers of America. He gives as a
good illustration the industry that produces
women's garments, and which, he says, "has
only a three months' manufacturing season." Manufacturers therefore "must obtain money
for their yearly profits and overheads out of
that three months' of business. That is the
reason for the tremendous cost of women's
clothing. It is known that manufacturers selling
their products cheapest are those that work
their plants 12 months of the year."

The loss of employees' working time is an-
other important factor in keeping up prices for
seasonal industry products. If an employe
works only three months, or six months, or
nine months a year instead of 12 months, he
must live for the whole 12 months on the
earnings of that period. Accordingly he must
get more money per working day than he would
need otherwise. The public pays an extra wage
in every seasonal occupation, just as it pays an
extra profit to the manufacturer.

Surely a civilization as intelligent as we boast
burs to be should be able to devise some method
whereby seasonal industries should spread their
work through the year, utilizing both capital
and labor to the full, and thus avoiding this
senseless waste. The solution may be found in
dove-tailing industries adapted to different sea-
sons, or in standardization. A standardized
product is seldom subject to seasonal influences
or accidents—it can be turned out regularly,
the year round. But who would undertake to
standardize women's garments?

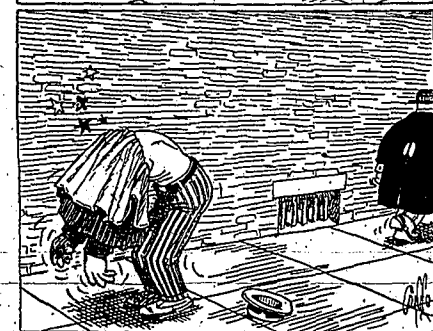

The managing director of the American
Wholesale Coal association says there is no
shortage of coal, and is not going to be any
shortage. That's what the fuel administrator
said in the summer of 1917, and do you re-
member the following winter?

John D. Rockefeller, at 81, plays a better
game of golf than ever. If they don't look
out, John D. will go actively into the oil busi-
ness again, and clean up his monopolistic suc-
cessor, the British empire.

A Delaware chemist says that buttermilk con-
tains as high as 3 per cent alcohol. Thus
dairies are in plain violation of the Volstead
act, and there was something in Charlie Fair-
banks' "buttermilk cocktail" after all.

One of the American delegation of athletes
named for the Olympic games is a Hawaiian
bearing the fine old American name of Duke
Kahanamoku.

OUTBURSTS OF EVERETT TRUE

BOLSHEVIKI ARMIES ARE ADVANCING

Continued from page 1

fact that Germany still is technically in a state of war with Russia, de-
spite her expressions of a position of
neutrality was commented upon. It
was pointed out that by signing the
treaty of Versailles, Germany auto-
matically abandoned the Brest-Lit-
vsk treaty and that since that no
pact had been entered into by Ger-
many and Russia.

In Polish quarters the apprehen-
sion was expressed that the allies
might not upon Germany as a last
resort to help stem the Bolshevik
tide. In such a case, it was said,
Germany might find the opportunity
of demanding cessation of the other
allied armies and other modifica-
tions of the peace treaty in return
for her assistance.

POLES FIGHT HARD.
WARSAW, July 23.—Uncertainty
today marked Poland's military situa-
tion, although it was announced the
Bolshevik onslaught on the extreme
right and left wings of the front had
been checked at least temporarily
and that the Poles were fighting de-
terminedly.

At the center of the front the Bol-
sheviks were pounding against the
former Russo-German position of
which the Polish forces have taken
advantage at various points in Poles-
ia, north and south of Pnauk, with
every indication that the Poles would
be able to hold the line.

"Grodo was not fallen," was the
word passed around today and it had
a tendency to improve the feeling
generally. It had been spread for
two days that Grodo had been taken
and that the Reds were continuing
their southward march.

It was announced that Bolshevik
detachments had occupied several dis-
tinctly fortified towns and the suburbs
of Grodo, and that fighting for pos-
session of the forts was progressing.

Along the river Zbruka, the Poles
were holding the Bolshevik offensive
which was designed to sweep across
the Galician frontier and towards the
battle-scarred fields and valleys lead-
ing to Lemberg, one of the republic's
chief towns. It was announced the
Bolsheviks who forced the Zbruka,
north of Kamienka Podolska consist-
ed of only a small detachment and
that while they persisted in their on-
slaught, the Poles repelled attacks
along the entire front. Kamienka Po-
dolska, the chamber of the river, was
held by Ukrainians in Bolshevik hands.

Along the river the Reds were
retarded and the Polish cavalry out-
maneuvered the cavalry of General
Badenky. With the Poles fighting
on their own ground in the south,
it was said the situation showed im-
provement over yesterday.

PLACE ON BALLOT.
OKLAHOMA CITY, July 23.—The
newly formed farmer-labor party will
have a place on both primary and
general election ballots in this state
this year, it was learned today at the
office of the secretary of the state
election board, W. C. McAlister.

CABINET RESIGNS.
BELGRADE.—The cabinet of Pre-
mier Vessitch has submitted its resig-
nation to the prince regent as a re-
sult of the chamber of deputies vot-
ing confidence in the ministry yesterday
when a question arose on the atti-
tude of the government with regard
to the selection of teachers.

NEW AIR LINER TO BE GREATEST EVER

By the Associated Press.

MILWAUKEE, Wis., July 23.—An-
nouncement is made today of the ex-
pected launching in Milwaukee of a
new air liner, next month, designed to
surpass existing constructed air liner
in America or Europe for passenger
and freight carrying capacity.

The craft, it is said, designed for
night flying, will sail noiselessly and
will have a lifting capacity of 5,000
pounds deadweight.

SENATOR HARDING RUSTS FROM ARDUOUS LABORS

By the Associated Press.

MAJORITY, O., July 23.—Senator
Harding devoted virtually all of today
to resting and recuperating from the
fatigue of notification day. He spent
a short time in his office reading tele-
grams of congratulation on his ap-
pointment, but the greater part of
the day was occupied with an auto-
mobile trip to Mansfield, 40 miles
away, where he had luncheon and
played a game of golf.

The congratulatory messages came
from republicans everywhere. One
was from Senator Knox of Pennsylv-
ania, a former secretary of state,
who wired that he considered the
speech "a strong and stirring utter-
ance by an earnest and patriotic man
expressed with that becoming mod-
esty without which no man is truly
great."

Many were from former members
of the progressive party. O. H. P.
Shelley, republican national com-
missioner, declared the nominee's pro-
nouncement insured that "the pro-
gressive party of the west will line up
solidly for him."

Bunch of Senators.
Accompanying Senator Harding on
the motor trip to Mansfield and mak-
ing up a forenoon on the golf links
were Senators Freilingerhove of New
Jersey, Hale of Maine, and Ekins of
West Virginia, all of whom spent the
night at the Harding home here.

In a statement before his departure,
Senator Freilingerhove declared the
democrats were divided hopelessly as
to which part of the country should
be made the theatre of their cam-
paign. He said he expected final de-
cision of the question to be made by
the election of President Wilson.

"Democrats know the president is
about the poorest asset they have,"
he continued, "and most of them
would be delighted to forget him and
let the country forget him. He is on
their hands, and he most decidedly
desires to let them get away from
him."

THE BUREAU HEADS.

SAN FRANCISCO.—Appointment of
three bureau heads for the republican
campaign in the six Pacific coast
regions were announced at the
regional headquarters here as follows:
Speakers' bureau—Representative
Addison T. Smith of Idaho; Oregon
bureau—Former State Senator, John
T. Hart of Idaho; Inland bureau—Rep-
resentative John I. Nolan of San
Francisco.

FIRES UNDER CONTROL.

LOS ANGELES.—Forest fires in the
San Jacinto mountains, 40 miles
east of Riverside, Calif., which for
several days threatened the mountain
region of Idyllwild and many hun-
dreds of acres of grain, were reported
under control in measures reported
here tonight.

CHAIRMAN HAYS SAYS HE'S RUNNING ON HIGH

By the Associated Press.

CHICAGO, July 23.—Will H. Hays,
chairman of the republican national
committee, and other republican lead-
ers returned to Chicago today from
Marion, Ohio, where they attended
the Harding notification celebration
yesterday.

"The republican national campaign
is now on in every sense that terms
policy," Chairman Hays said. "We
are running on high and there will
be no letup until election night."

TRAILHEAD HEADQUARTERS OF DEMOCRATIC CANDIDATE

By the Associated Press.

DAYTON, O., July 23.—Governor
James M. Cox, democratic nominee
for president, arrived at his home,
Trailhead, shortly after 8 o'clock to-
night, having returned from Colum-
bus. He was accompanied by Mrs.
Cox and their daughter.

COLUMBUS, O., July 23.—Governor
Cox, democratic presidential nomi-
nee, today transferred his "political
war councils to Trailhead, his home,
where he will remain until he finishes
his acceptance speech for August 7.
He discussed campaign issues and
other policies today with Senators
Horton of Mississippi, and King of
Utah, and E. H. Moore, his conven-
tion manager.

"We went over general public mat-
ters as they have paraded themselves
before the senate," said the gov-
ernor. Senator King declared that
the governor's stand on the league
and other vital topics would "entirely
satisfy every democrat."

"An one of the democratic senators
who voted finally for the league res-
olutions to the league after advocat-
ing unreserved 'ratification,' said the
senator, "I am perfectly satisfied
with the governor's views; also with
his position on labor and progressive
legislation."

PATRIOTIC DEMONSTRATION.

SANTIAGO, Chile.—A patriotic
demonstration occurred here when a
crowd, singing the national anthem,
marched to the war office. The
throne was addressed by Luis Las-
tanos, secretary of the interior, who,
in alluding to the military measures
taken by Chile shortly after the over-
turn in Bolivia, said:

"The calling of the reservists and
the manifesto issued did not signify
an intention to wage war against Bol-
ivia or Peru, but constituted a dem-
onstration called for by circumstances
to show that patriotism was vigilant
with regard to the destinies and in-
terests of the country."

General Pinochet expressed the
opinion that the sympathies in the
army with the revolution idea was
confined to the younger element, the
tendencies of the high chiefs, he said,
being largely liberal.

FLYING ACROSS KOREA—MADE AVIATOR SEASICK
TOKIO.—Lieutenant Ferrarin, one
of the two famous Italian aviators
who fled from Rome to Tokyo en-
route to the United States, while
probing the length of Korea that
they made him seasick. The tem-
pest met in the Hakkone mountains
was unparalleled.

"The flying experience," he
said, "has been a very bad one,
with such conditions. The air was so
disturbed over Korea that the ma-
chine pitched like a small boat in a
heavy swell, and for the first time in
my life I experienced it. It was so
severe that when I reached the
strait, where an escort of Japanese
destroyers was waiting for me, the
air conditions improved and the rest
of my flight to Tokyo, except for the
storm in the Hakkone, was made in
ideal weather."

One of the most difficult parts
of his flight to Tokyo, he explained,
was between Hampton and Bangkok where
they were forced to make a landing,
making it extremely difficult to keep
on the course. "Between Ubon and
Hanoi, Lieutenant Ferrarin was forced
to follow a train for about three
hours, in order to keep on the right
course."

"The most exciting part of my trip
occurred in Asia Minor," he said.
"About 100 miles from Aleppo I was
subjected to heavy machine gun fire
from the Arab rebels. Again in Baluch-
istan, where I was forced to land on
account of minor engine trouble, I
was captured by the natives, impris-
oned and not allowed to leave until I
established my identity. They thought
I was a British aviator, but when
they learned I was an Italian I was
liberated."

CHRISTENSEN IS MUCH DISPLEASED

Farm Labor Party Says Candidate Harding's Acceptance Speech Is "Blank."

SALT LAKE CITY, Utah, July 23.—The speech of Senator Harding accepting the republican nomination for president is "blank," Parley P. Christensen, candidate for the same office on the ticket of the farmer-labor party, declared in a formal statement today. Mr. Christensen ridiculed the republican nominee for accepting yesterday a nomination which he declared was tendered to him in a Chicago hotel room early in the morning of June 12 last. In a bitter couplet the farmer-labor candidate professed his inability to see "nothing much" in either Senator Harding's words or mind.

Mr. Christensen said Washington and Lincoln were defenseless before the "charge" made by Senator Lodge in notifying Senator Harding of his nomination that, "you are imbued with the spirit of Washington, Lincoln and Roosevelt." He continued:

Harding Reactionary.
 "But there are those of us still alive who fought by the side of Roosevelt when he was being called every kind of a criminal and traitor by the reactionary Harding. I, as one of those, can testify to my belief that if Theodore Roosevelt were alive he would scourge the combination of profiteers and politicians who now so brazenly link his memory with their nefarious effort to turn this republic over to a soviet of Wall street bankers."

"Senator Harding's address is an enlightening exhibition of the high and mighty art of shadow-boxing. The language of nobility and truth is lumped at its ghost and shouts to the onlookers 'he alive! he alive! I tell you his alive!'"

Only "Pontius Palmer," Mr. Christensen said, forswore a "red configuration" with vision equal to that of Senator Harding. He went on:

"As to the vital issue before the people, issues involving their deliverance from economic bondage and political servitude, the senator from Ohio pours forth a sea of words signifying nothing. He who but a few hours ago solemnly said the working man should be satisfied with a \$1 a day and the farmer contented with \$1 a bushel for wheat, has become so progressive to a better wage than that, but adds that labor must give its full measure of service for high wages. Is this country is going to avoid industrial and economic chaos?"

Result to Worker.
 "This is a comprehensive insult to the slowness of the American worker and a groveling guarantee to big business that has nothing to fear from Harding if he is elected. Senator Harding knows, as does every other member of the senate, for they have all been treated with the impartial profits and wages report, prepared by J. Felt Lanck, former secretary of the national war labor board, that the ratio of profits in prices has increased from one to two hundred percent as a result of war time emergency profiteering and that the ratio of wages in prices has decreased by nearly the

same percentage and that the dissipated purchasing power of the average man's dollar makes his economic condition worse than it was before the war.
 "If this country is to suffer industrial and economic disaster it will be because the people have been deceived once more into surrendering control over their lives and their rights to the financial pirates."
 Mr. Christensen charged that Senator Harding and the democratic presidential nominee, Governor Cox, represented those he designated as "financial pirates." He declared Senator Harding's address convinced him that the Ohioan was dominated by the "will of organized capital." That if he were elected "economic chaos and a nation of soup kitchens" were inevitable.

Man of Words.
 "Senator Harding talks much and says nothing," the farmer-labor nominee continued. "There is not a red-blooded American sentence in his address. Those who have felt the lash of the profiteer and the industrial autocrat, felt the sting of high prices and inadequate income certainly can find no ray of hope in it. The soldiers are sick of the 'generous expression of gratitude' that Senator Harding promises them. Farmers will look in vain for a definite pledge of relief from the burdens imposed upon them. Organized finance alone can find no ray in the address, for organized finance Harding is a good candidate."

PROHIBITIONISTS PREPARE FOR AN ACTIVE CAMPAIGN

By the Associated Press.
 LINCOLN, Neb., July 23.—Members of the prohibition national committee held a meeting this afternoon, following final adjournment of the convention at an early hour this morning and made preliminary plans for conducting the campaign. Virgil O. Hineshaw of Chicago continues as national chairman. Mrs. Ida B. Wise-Smith of Cedar Rapids, Iowa, was elected vice chairman of the committee. Other officers elected by the committee are: Secretary, Mrs. Frances E. Beauchamp, Lexington, Ky.; treasurer, H. P. Maria, Lincoln, Neb. The executive committee is made up of Chairman Hineshaw, Robert H. Patton, Springfield, Ill.; E. L. C. Hohenthal, South Maunster, Conn.; W. G. Calderwood, Minneapolis; Dr. E. B. Prough, Harrisburg, Penna.

The executive committee was authorized to demand that the official prohibition bullet be given a place in as many states as possible. It was explained to the committee by Chairman Hineshaw that the party was on the ballot in only six states. In the other states it can get on the ballot only by petition.

GREAT LAKES WATERWAY IS NATIONAL NECESSITY

DETROIT.—An address by United States Senator Charles E. Townsend of Michigan, characterizing the proposed Great Lakes-to-the-sea waterways project as a national necessity, will feature the opening session here tomorrow forenoon of the Great Lakes-St. Lawrence "Eidewater" group in the "bycronic" session, which will continue through Saturday, many other speakers of national note will address the convention, up-

holding the affirmative side of the enterprise.
 More than 1,500 representatives of 14 central western states comprising the Tidewater association and delegates from Canada will attend the meeting.
 One of the main objects of the meeting is to put definitely on record the various arguments that have been advanced in favor of the proposed marine highway from the lakes to the sea. Chief emphasis will be given to the scheduled address by the commercial, industrial and agricultural advantage which proponents of the project contend its undertaking will yield to continental North America.

The enterprise contemplates reclamation of the St. Lawrence river between Lake Ontario and Montreal at an estimated cost of \$160,000,000. Strongest opposition has thus far come from the state of New York. Anderson, of New York, vice president of the American Manufacturers' Exporters' association, is to address the afternoon session tomorrow, describing the project as "A Benefit to the East."

Others expected to address the meetings include W. L. Root, president of the Toledo, St. Louis, and Western railroad, who will discuss the "Railroad Point of View," S. L. Lenoir, of Wisconsin, on "The West Demands St. Lawrence Outlet to the Sea," and Herbert Hoover, who is expected to discuss "Distribution of Food."

REINSTORFF AFTER BUSINESS

BERLIN.—Count von Reinstorff, former German ambassador to the United States, in a new periodical "Gedanken Eckart," urged that full cooperation should be directed at making our business relations with the United States the closest possible.

He declares that Germany must expect nothing from America politics, but that "the Americans are tired from a humanitarian standpoint." This, he says, is explained by the fact that the "war proved a disappointment for the United States."

After emphasizing the necessity for the Germans to work hard at reconstruction, as they could only pay their debts by labor, the former ambassador forebodes the "possibility that American capital and German labor may work together. He claims that the Americans have but little experience in Russian conditions, he says, they might be induced to enlist German co-operation there."

SENATOR JOHNSON PLEADED

SAN FRANCISCO, July 23.—Senator Hiram W. Johnson of California declared in a statement, issued today that Senator Harding in his speech of acceptance of the republican presidential nomination took an unequivocal stand upon the "prohibition" issue in this campaign, the league of nations, and that his position has "made republican success certain and his election assured."

Quoting from the speech of acceptance delivered by Senator Harding yesterday at Marion, Ohio, Senator Johnson said the republican standard bearer was "to be congratulated upon his firm and emphatic stand against the proposed 'league' and against his words 'strike an answering chord with every American'."

CHANGE OF POLICY IS PLAN OF THE BRITISH

By the Associated Press.
 LONDON, July 23.—Another change in the government policy toward Ireland is expected to be announced within a few days. But the cabinet has not yet been able to determine fully what will be the cabinet is having difficulty within itself. Premier Lloyd George's friends say that he is willing to give Ireland almost anything except a republic, but the Tory elements in the cabinet are reported to be in favor of strengthening the military and police forces, declaring martial law in Ireland.
 Notwithstanding the fact that some members of the government profess a desire to end the strife through open discussion, the opinion of the cabinet as a whole is said to be that the Sinn Fein would ignore an invitation to a conference. It is declared that the Sinn Fein hold that their government is functioning, that their courts are working, and that they are in possession of the island. They have nothing to negotiate.

MORE EARTHQUAKES

By the Associated Press.
 REDDING, CAL., July 21.—Four sharp earthquakes shook today and last night about Redding and the nearby town of Clear Lake, the latter causing slight property damage.

MATT KING FINED

By the Associated Press.
 SALT LAKE CITY, July 23.—Matt King, a member of the Pacific coast league, who jumped the team Thursday, was indefinitely suspended and fined \$100 today by Manager Fred Johnson.

PLAY GOOD TENNIS

KANSAS CITY, July 23.—Wallace Bates, California, tennis star, set the pace today in the singles matches here by disposing of Philbrick Smith, Ames, Iowa, in straight sets.

DECIDING CONTEST SCHEDULE TODAY

Resolute Won Yesterday's Race in Grand Style; Sir Thomas Lipton Is Still Confident.

By the Associated Press.
 SANITARY TIDEON, N. J., July 23.—Yesterday's race between the 45-minute and 40 seconds handicap overboard today and defeated the British challenger, Shamrock IV, boat for boat, in the fourth race of the 1920 regatta for the America's cup.

The series now stands a tie, and the deciding race will be run tomorrow. Shamrock was the first race last Thursday when an accident to Resolute's rigging forced her out while still in the lead. Shamrock IV scored the second victory last Tuesday. Resolute came back on Wednesday, running a dead heat with the challenger and winning by her handicap of seven minutes and one second. Resolute will enter tomorrow's race a favorite in the wagering, her two victories having been more convincing than Shamrock's.

Fastest Race Yet

Today's race was the fastest so far, Resolute completing the 40-minute triangular course in 3 hours, 37 minutes and 32 seconds. Shamrock IV followed 31 minutes and 41 seconds later, but the actual difference in sailing time was only 3 minutes and 18 seconds. Resolute having led across the starting line by 23 seconds.

Although it lacked the thrilling neck-and-neck finish that put Resolute's victory Wednesday in a class by itself, today's encounter had a picturesque quality all its own. A heavy blanket of fog hung over the sea at Ambrose channel lights until within a few minutes of the start, while blowing out the excursion fleet and the tall masted rivals that were coming out from their haven behind Sandy Hook.

But suddenly the breeze strengthened and the fog began sweeping out to sea. As the pull lifted, Shamrock with her sails set, loomed through and here down on the mark like a huge gray ghost. Resolute followed hard on her stern, and after a lift of jockeying about the Hedges, they were off down the Jersey coast.

At Her Old Tricks

Resolute was at her old tricks. She pointed high into the breeze. When they swung about for the first mark, Resolute's work in the waves had gained her an advantage of more than a quarter mile. Again, Capt. Charles Francis Adams II held Resolute well up against the wind with the result that he was able to make the mark without a tack. Resolute headed off more and was compelled to tack, which brought her around the mark nearly two minutes behind Resolute.

The challenger gained on the second mark, but the fog began sweeping out to sea. As the pull lifted, Shamrock with her sails set, loomed through and here down on the mark like a huge gray ghost. Resolute followed hard on her stern, and after a lift of jockeying about the Hedges, they were off down the Jersey coast.

Shamrock was closing up the gap when a freaky bit of weather blew up that foiled even the seasoned Jersey skipper. Captain William F. Burdon, had on the challenger as an adviser, and robbed Shamrock IV of whatever chance she had of taking the lead and winning.

The aloofs were running fast in a 15-knot breeze when signs of a terrific squall became apparent. Shamrock IV hastily took down her club topsail and her large jib topsail and prepared for rough weather. Resolute, prepared ahead under full sail for a squall, was rapidly being on setting its sails before the squall broke. And the squall didn't strike—at least not with the intensity Shamrock IV's skipper obviously expected.

Back Blow Came
 There was a brisk blow for a few minutes and a short torrent of rain, which Resolute weathered without taking in any salt save her jib topsail.

A brief calm intervened and the

the wind picked up again. Shamrock caught it first and crawled slowly until she was nearly if not fully, abreast of Resolute. But when the defender caught the wind, she forged quickly ahead with her superior rig, breaking out a bluenish jib topsail to aid her progress.

Shamrock IV piled canvas on then, breaking out both battooner and spinnaker, but the finish was close at hand and she was unable to close the gap.

The steam yacht, Lipton, carrying Sir Thomas Lipton, led the chorus of screaming whistles that greeted the victor. A few minutes later a tiny tug was under the bow of the victor, its crew of yachting enthusiasts giving three cheers and a "who's all right—Lipton" for the British sportsman.

Lipton Waves Cap.
 Sir Thomas could be seen on the bridge waving his cap jauntily, apparently unmoved by the fact that today's race had not gone according to his predictions and his hopes.

SANDY HOOK N. J., July 23.

Resolute's time allowance will remain at 6 minutes and 40 seconds. The regatta committee announced. This decision was made known after the official measurer, who went over Shamrock IV's new log and top sail before the race this morning, had submitted his report.

VACATIONS FOR CHILDREN.

BERNE, Switzerland.—One hundred thousand of the poor and underprivileged children of Europe have so far been given vacations of four to six weeks in Swiss homes. Most of the children came from Austria and Germany.

PRICES TO COME DOWN.

ARHEVILLE, N. C.—Shump in existing high prices next year was predicted by M. E. Foster, publisher of the Houston, Texas, Chronicle, and president elect of the Southern Newspaper Publishers' association in an address at the closing session today of the association's annual meeting, which was held here.

Mr. Foster was confident that 1921 (soon) will

would see a marked decrease in prices.
 Labor problems were discussed by E. H. Rushman of the Nashvillia Banner, who also introduced a resolution, which was adopted, pledging members of the association to use no more newspaper between last May 1 and next Jan. 1 than they did during the corresponding period last year. Mexico and Alaska were suggested by J. C. Wilmouth of El Paso, as sources of wood pulp for manufacture of paper.

VALVE IS FRACTURED.

FALMOUTH, England, July 23.—The American steamer Aramb, bound from Liverpool for Hampton Roads, was into Falmouth today with auxiliary injection valve fractured.

WOULD-NOT ACCEPT.

WASHINGTON, July 23.—Thomas J. Spallacy of Hartford, Conn., who is understood to have been selected to succeed Franklin D. Roosevelt as assistant secretary of the navy when the latter retires next month to make the race as the democratic vice presidential candidate, said today he had not been offered the post and would not accept it if it were offered.

STILL IN ST. PAUL.

ST. PAUL, Minn., July 23.—A broken landing gear in plane No. 2 kept the four army airplanes flying from Minneapolis to Alaska, from hopping off from Speedway field, Fort Snelling, to Fargo, N. D., this afternoon. The flight probably will be attempted tomorrow morning.

By the Associated Press.
N. Y. YANKEES, July 23.—The New York Yankees won the American league leadership from Cleveland today, winning the third game of the series, 6 to 3. The teams met in their final game of the series tomorrow. The visitors went after Blawie in the first inning and scored on Chapman's triple and Speaker's sacrifice fly. New York failed to score until the fourth when three runs were put across on an error and three hits. Ruth knocked out his 33rd home run, 85th.

Batteries: Okrie and Woodall, Leonard; Rommel and Perkins.

SISLER KNOCKS HOMER.
WASHINGTON, July 23.—Sisler's homer in the ninth was the only run made by St. Louis today off Erickson. The Nationals got a run in the seventh through Shank's triple and Lile's single off Sothern and then bunched three hits off Wellman in the eighth to score two more runs.
St. Louis..... 1 6 0
Washington..... 2 7 7
Batteries: Sothern, Wellman and Seaver; Erickson and Gharitty.

LULL IN FIGHTING.
ATHENS.—Because of the far-flung fronts the fact that Greece is at war is not apparent here or at Saloniki, except for occasional uniforms to be seen in the streets.
There would appear to be a decided lull in the Asia-Minor operations with the Greeks awaiting the next move of the Turks. This move is dependent partly on the Turks signing the peace treaty, which is considered a foregone conclusion, but what Wustapha Kemal Paasha, the nationalist leader, will do remains an unanswered question.
The Greeks in their operation in Thrace hope by crossing the Maritza river and taking Adrianople, to dishearten Kemal's nationalists and to break up Bulgarian assistance to the Turks, which is growing stronger through the pouring in of Bulgarian regulars.

CRACK SHOTS TO MEET.
SAN FRANCISCO.—Crack shots of the United States marine corps will conduct a civilian school at Mare Island, near here, from July 26 to August 8 at which students of universities, colleges and high schools will be instructed in the use of rifles, pistols, machine guns and automatic rifles.
Enrollment can be made by mail to the island or by reporting in person July 26. Men attending will pay their transportation to Mare Island. While there their only expense will be about 80 cents per day for board.

NEW Gotham Ball Lot.
NEW YORK.—Somewhere on Manhattan Island, location not yet announced, Colonels Houston and Rupert will begin construction soon on a \$5,000-person ball park for the Yankees.

GIANTS UNABLE TO MAKE MUCH HEADWAY

Heather Was Invaluable at All Stages;
Benton Also Did Most Effective Work.

STANDING OF THE CLUBS.

National League	W.	L.	Pct.
Brooklyn	52	37	.580
Cincinnati	46	38	.548
Pittsburgh	42	40	.512
New York	43	42	.506
St. Louis	43	46	.483
Chicago	44	47	.484
San Francisco	45	53	.459
Philadelphia	40	49	.443

By the Associated Press.
CINCINNATI, July 23.—Newly tied, followed by Allen's sacrifice fly in the eighth inning today enabled Cincinnati to win from New York, 1 to 0. Ruether was invaluable at all stages, the Giants not getting a runner past first after the fourth inning. Benton also was very effective. Score:
R. H. E.
New York..... 0 4 0
Cincinnati..... 1 6 2
Batteries: Benton and Snyder; Ruether and Allen.

SIX TO FIVE.
ST. LOUIS, Mo., July 23.—Boston defeated St. Louis 6 to 5 in a see-saw game today, driving Halbes from the box in the seventh inning. Pick hit a home run in the first, scoring Powell, who had tripled ahead of him. Score:
R. H. E.
Boston..... 6 17 0
St. Louis..... 5 15 4
Batteries: McQuillan and O'Neill; Halnes, Schardell and Clemens, Dillhoefer.

MAMAUX KNOCKED OUT.
PITTSBURGH, July 23.—Brooklyn defeated Pittsburgh today, 6 to 5. Mamaux was knocked out of the box in the eighth inning when the locals scored three runs. Smith replaced him and prevented further scoring. Schmidt and Hoefner were hit by foul tips and forced to retire. Score:
R. H. E.
Brooklyn..... 6 12 0
Pittsburgh..... 5 13 3
Batteries: Mamaux, Smith and Miller; Adams and Schmidt, Haefner, Lee.

MADE SAVAGE ATTACK.
CHICAGO, July 23.—Philadelphia's attack in the ninth was so savage that Vaughn, who held a three-run lead, saw the victors, walked out of the box. Carter was unable to subdue the attack and before Bailey stopped the rally, 7 runs had been scored, giving Philadelphia a 10 to 7 victory over Chicago. Fletcher's homer off Dally, with two runners on base, clinched the game for Philadelphia. Score:
R. H. E.
Philadelphia..... 10 11 2
Chicago..... 7 8 6
Batteries: Smith and Wheat; Vaughn, Carter, Bailey and Dally.

SEVENTH PRECINCT VOTERS.
ATTENTION
Voters residing in the Seventh Precinct may register at the Washington School Building, Edinburg, July 24th and Saturday, July 25th, between the hours of 9 a. m. and 5 p. m. Voters may also register at the residence of Mrs. Herbert Wirth, on Heyburn Ave., the third house east of C. E. Booth Residence.
Adv. 7-25-23-24.

CENSUS RETURNS.
Washington, July 23.—Pocatello, Idaho 14,251, increase 5,851, of 64.3 per cent.
Albany, Ore., 4,840, increase 565 or 12.2 per cent.
Corvallis Ore., 5,762, increase 1,200, of 26.4 per cent.

SPORT NOTES.
BERKELEY.—University of California's baseball team, on its recent eastern tour, won 17 games and lost 10, according to a report made by "Lute" Nichols, graduate manager. Teams representing Harvard, Dartmouth, Amherst, Pennsylvania and other eastern schools were defeated by the Californians.

SAN FRANCISCO.—Dipsea Indians of the San Francisco Olympic club are preparing to hold their annual

seven-mile cross country Dipsea race on September 26.

The race will be the sixteenth annual Dipsea run. It will take the usual course over the Lone Tree trail, starting at Mill valley and finishing at Willow Camp. Mill Valley and Willow Camp are Marin county points across the San Francisco bay from here.

Rules of the Pacific Association of the Amateur Athletic Union will govern. No entries will be received from runners under 17 years of age.

SAN FRANCISCO.—Football games with California, Stanford, Santa Clara and other California schools are being sought by a team recently formed by the San Francisco Golden Gate Post of the American Legion.

Several former Princeton, Harvard and Cornell football men will play on the Legion team. The first game will be against the Olympic club here in September.

SALT LAKE CITY.—Salt Lake state troopers soon will be playing polo. It is expected, as polo ponies are to be furnished a new cavalry troop here, according to a telegram from the war department.

The ponies, it is thought, will be

from mounted schools and remount stations where the game was taught.

LITTLE BOY KILLED.
OMAHA, July 23.—Philip Rysstrom, aged 4, son of Henry Rysstrom, a rice planter of Richvale, Cal., was killed here today when struck by an automobile truck.
The accident occurred just after the boy and his parents had returned from a store, where they purchased some camping equipment preparatory to an automobile trip home tomorrow. They have been visiting here. The driver of the truck was arrested.

Bergdoll Loses Air License.
NEW YORK.—Governor C. Borgdoll, escaped prisoner from the military prison where he was sent for draft desertion, has had his pilot's license revoked by the board of governors of the Aero Club of America. He was given a certificate in April, 1912.

Legion For Sports.
CHICAGO.—The Hyde Park post of the American Legion has voted unanimously to back before the legislature a clean sports bill suggested by the Illinois State Athletic Board.

Live Stock

CHICAGO, July 23.—Cattle, 4,000; mostly steady on spot, light selling best. Quality very plain, no very choice heifers, horns, yearlings and light steers at \$15.50@16.00; also heaves at \$16.25; fully steady; bulk all weight, \$12.00@16.00; good stock, steady; in-between kinds drags; bulk cows, \$6.50@10.00; veal calves, \$16.00@16.50; top, \$17.00.

Hogs 22,000; strong to 15 higher, closed low 10c lower than yesterday's average; early top, \$16.50; late, \$16.50; bulk light and light butchers, \$16.00@16.25; bulk packing hogs, \$14.00@14.30; pigs, strong.

Sheep, 12,000; lambs steady to 25c lower; sheep, mostly 25c lower; choice Idaho lambs, \$15.00; top native lambs, \$16.40; bulk, \$12.00@14.50; choice Montana weathers, \$9.75; ewes, \$8.00; choice feeding lambs, \$13.75.

Grain

By the Associated Press.
CHICAGO, July 23.—Breadstuffs crop estimates tended to depress all grain values today notwithstanding the black rust peril. Wheat closed heavy, 1-2c to 1c net lower, with December 2.58 and March 2.62 1-2. Corn finished unchanged to 1-2c down, oats off 1-2c to 1c and provisions varying from 2c decline to 17c advance.

An expert whose crop estimates of late have been near the government figures, came out with a forecast putting the 1920 yield of spring wheat at 300,000,000 bushels, despite existing conditions with rust infection spreading. He also predicted 550,000,000 bushels of winter wheat. These estimates, together with reports of sinking rates in western Canada, led to a change of sentiment regarding wheat and more than offset an earlier advance due to supply conditions likely to be met as damage by rust.

There is little avail in the further anticipation of public interest. Ralls were intermittently firm to strong on acceptance by virtually all the brotherhoods of the terms of the railway labor board wage increase and the seemingly reasonable freight rate advance, asked for by the Association of Railway Executives.

The strength of transportation was overcome in the earlier dealings, however, when the railway, it is supposed, to a concerted bar drive. Steels, equipments, oils and motors recorded extreme reversals of 2 to 5 points, from their best, popular specialties also breaking abruptly at the week finish. Sales amounted to 475,000 shares.

Forecasts of tomorrow's clearing house statement favored a correction of last week's loss, expansion and indications pointed to a strengthening of the local federal reserve bank's ratio of reserves.

Bonds were not affected by the unsettled in the stock market, Treasury issues and the general domestic list, holding steady, with no feature in the foreign group. Total sales, par value, aggregated \$1,750,000. Old United States bonds unchanged on call.

WILL NOT NEGOTIATE.

DUBLIN.—Inquiry concerning the report that the Sinn Féin and the British government are prepared to discuss the terms of a settlement of the Irish question, disclosed today that an eminent Sinn Féin connections informed friends that he had received a communication, with credentials which satisfied him that it had emanated from the cabinet. This he had submitted to Arthur Griffith, founder of the Sinn Féin organization.

Many attempts, it is asserted, had been made previously to sound the Sinn Féin on the possibility of a compromise, and there appears to be no reason to suppose that this will be more fruitful than the others. The Sinn Féin, declare that they will not negotiate.

REFUSE TO CEASE WAR.

LONDON.—The refusal of the Russian soviet government to cease war against Poland at the behest of Great Britain is continuing to Moscow wireless dispatch received here. It is signed by Premier Lenin, Minister of War Trotsky, Foreign Minister Tchitcherin and Commissioner of Justice Kurok and says: "If England had not desired war," says the dispatch, "she would have stopped supplying Poland with munitions and money."

"Our refusal of 'hostile mediation' does not mean that we have altered our policy toward Poland, Moscow more than once has proposed peace to Warsaw and if she will now appeal to us directly peaceful relations will be established between Russia and Poland, better and more substantially in this way."

OTTO KIRCHNER DIES.

DETROIT.—Otto Kirchner, former attorney general of Michigan, died at his home here Wednesday evening after a year's illness. He was 74 years old. Mr. Kirchner was for several years professor of law at the University of Michigan. He was a member of historical associations.

SEATTLE.—Ray C. ("Mike") Hunt, captain of the University of Washington football team in 1915, has been engaged to assist Clarence Doble in coaching the Cornell university, after this year, according to a letter received here from Doble.

Doble, former University of Washington coach, was with the United States Military Academy at Annapolis until he went to Cornell last year. Hunt is from Yakima, Washington.

FINANCIAL REVIEW

By the Associated Press.
NEW YORK, July 23.—Trading on the stock exchange today was almost entirely obscured by foreign events, the market for international remittances evincing decided weakness as the result of latest developments in central Europe, particularly the Russian-Polish situation.

Heavy selling of bills on London, Paris and Berlin effected further material impairment of rates to those centers, finally encompassing many of the neutral capitals, as well as far eastern and other remote centers.

Optimistic trade prospects, as voiced by Chairman Gary and other leaders of the industry and liberal offerings of call money at 8 per cent, albeit 3 per cent ruled at the end.

THE BOYS IN THE OTHER CAR

WILL MOVE CLOCKS AHEAD ONE HOUR

Sunday Morning at 12:05 P. M. Set for Chicago, St. Paul and Denver, K.

In accordance with petition submitted to the Chamber of Commerce by business concerns, laboring people and farmers, it is hereby requested and expected that all clocks (except railroad clocks) in Twin Falls city and rural community will be moved ahead one hour at 12:05 Sunday morning, July 25th, 1920.

Signed,
Chas. Burman, Twin Falls Chamber of Commerce.

At a meeting of the Twin Falls Chamber of Commerce rooms at 5:30 last evening, it was decided that the petition which contained the names of nearly three hundred representative signatures designated a desire that the clocks in the city or Twin Falls be moved ahead one hour to conform with the mountain time system. The change will be effected tomorrow morning at 12:05 when it is expected that all local clocks except those of the railroads will conform with the change.

During the week, the chamber of commerce has been working in an effort to obtain the consensus of opinion in this community, and also has been investigating the results of the time change in other communities where it has been inaugurated. It was found that the people of Bull, who turned the clocks ahead a short time ago have found it to be considerably better for the community in

that it brought the time of the day nearer to the time indicated by the position of the sun, and enable men engaged in business, to close their places in time to enjoy the evening. It also enables those people to commence the day's activities before the heat of the day sets in and makes working uncomfortable.

Last evening it was reported at the meeting, favored and even requested the change. It was said that the district judge, the county court house officials and the county officers generally favored the scheme and would want to go it out in force. Although the public council had not acted upon the question, it was reported that certain city officials had stated approval of the plan and confidence that the council would favor it.

Bank officials, too, through the clearing house, were said to have requested that the change in the time system be made as soon as possible. The Western Union officials stated would remain to the electric system, but the secondary electric could be moved ahead in order to conform with the action of the city, it was said. It is expected that several of the attorneys in the Twin Falls hotel will make the change very shortly after the action of this city.

The secretary of the chamber of commerce reported that a rehearing of the case would be granted to the interstate commerce commission, and would be held in the city of Washington, D. C. Such hearing, if it results in a favorable decision, would place the railroad time within the Rocky Mountain time belt. The commission has not set a date for the new hearing, however.

Some objection was made, however, against the change as it is inaugurated. The objectors did not contest the plan of moving all activities a half hour, but more objected to tampering with the clocks. It was suggested that business places, instead of opening at 9 o'clock should open at 7, and that 11 o'clock should be called noon. It was suggested, too, that all hours of meetings, or of announcements, to be ahead one hour, and not change the clock. This, however, was answered by several voices who claimed that that plan had been previously tried and would not succeed.

After considerable arguing upon this point, the motion was made that the clocks be moved ahead one hour, commencing Sunday, July 25, 1920, at 12:05 a. m. The motion was seconded and carried.

The petition, the text of which is given below, stated that one week's advertisement would be given in case the community favored the change, but in view of the fact that the petition was so strongly endorsed in favor of the change, it was thought that the week's notice could be done away with and the change be effected tomorrow morning. The text of the petition follows:

"We, the undersigned citizens of Twin Falls community, request the Twin Falls Chamber of Commerce to establish the plan and practice of placing Twin Falls community on the Rocky Mountain time belt regardless of the fact that railroad time will remain, as at present, in Pacific Coast Time belt.

"Such a change, if put into effect, would mean that citizens will advance their clocks one hour.

"This change, before being put into effect, will be brought up for public discussion at a meeting of the chamber of commerce and citizens of the community, as called upon by public notice, and advertised for at least one week before being put into effect, by mutual agreement of the citizens."

YANKS BELT TIGHTEN

By the Associated Press.
WARSAW, July 23.—American aviators continue to operate on the southern front, notwithstanding the wounding of Major P. Cedrick Pantbury and the disappearance of the biplane flown by Arthur D. Kelly. Although he received two flesh wounds, Pantbury again is in action after two days rest. It is supposed that Cooper and Kelly either were shot down or forced to land within the Bolshevik lines.

NOMINATION FIGHT IS GETTING WARM

Contest Gets Hot in Twin Falls and Castleford as Issues Oppose Secretary's Candidacy.

Breaking loose in both Twin Falls and Castleford, the contest for the republican nomination for senator yesterday took on a very hot and promising absorbing interest in the county primary campaign.

Last night former Secretary Swedley delivered an address to a crowd of several hundred in the city park, defining the reasons which he said prompted his candidacy and made plain his position on county division.

An inviolable county division, and it stood to the state senate will not there fight it. And if the matter comes up for vote, I will vote for it," declared the former senator in making his address.

Senator Swedley said that he was impelled to enter the campaign for senator first, by the desire to relieve the heavy burden of state taxes; and second by a desire to enlist the power of his state to aid in the movement for the reclamation projects in the Snake river valley. He said that with these two motives impelling him, he found himself at once faced with the change that he favored county division.

He said that he was sure that he would make his position clear upon that question. This he did as above stated. The speaker reviewed the fights which have now become history and in which the county division question was an issue; dwelt upon the hampering influence they had exerted upon the affairs of the community and the legislative work of the state, and pointed out that the Twin Falls county members of the legislature are helping by their votes to create new counties, thereby giving other parts of the state greater representation in the senate in proportion to population.

He said that in the creation of the new counties since Twin Falls was divided from Cassia, members of the legislature from Twin Falls county had cast 64 votes for such divisions and but seven votes against them, yet all the while they had steadily refused to create Bull county. He discussed the ill effects of the highway district plan of the expense, which he said, was unnecessary, declared that one-half of our highway district bond issue of a million and a quarter had already been spent and that we have but two million of road as a result, and asserted that this was all the result of the fight which led Bull to carve out her highway district and block our county road bond issue.

Senator Swedley closed his talk with a criticism of the expenses of state and county governments. He pointed to the fact that the board of county commissioners, with no road work to do, it being paid \$4,500 per year, while originally the county commissioners were the road work, took after, drew but \$300 per year for the board of three men. He deplored the extravagance of the state administration, but said that if the legislature had not provided the funds, the governor and his administration could not have spent them.

One man, declared the speaker, proposed that if we elect him he would save the state a million dollars. He said that he had not the time to tell him that, and not nothing. Then another came along and proposed a taxless state, and we felt for that and their heads got nothing.

But the contest is not alone upon the issue of county division or the question of a road bond. It is a speech by Senator Swedley last night, in Castleford a meeting of farmers was held the night before. There was a large turnout, and the gathering took up the question of the senatorship. The change was made that Senator Swedley is the attorney for the Land and Water company, and that that matter may in some way effect the water rights on this tract. There is on the statute books a law that provides water from one segregation being transferred to lands outside the segregation. The charge is made that if elected, Senator Swedley would seek to amend this law, so that water could be sold from this tract, under the old contract, and the proceeds turned over to the Land and Water company. Some weeks ago the canal company directors adopted a resolution warning the settlers of a plan to amend this law, but the name of no candidate was mentioned in the resolution.

It is significant, however, that Claude Brown, one of the directors of the canal company, was chairman of the Castleford meeting, where the whole subject was gone into detail, and where resolutions were adopted opposing the candidacy of Senator Swedley. The resolutions were unanimously adopted as follows: "Whereas, Claude Brown, attorney for the Twin Falls Land and Water company, is a candidate for the nomination of state senator on the republican ticket, and "Whereas, This representative gathering of West End water users

feels that it would be extremely unwise to send to the legislature a man who is legal representative of a corporation whose interests are directly opposed to those of the Twin Falls community.

"Therefore, he resolved: That we hereby condemn the candidacy of the aforesaid, M. J. Swedley."

Society

Mrs. H. B. Johnson delightfully entertained a number of friends Friday afternoon at a bridge game in honor of Mrs. Chapman a former resident of Twin Falls, who is here visiting. The house was beautifully decorated with cut roses and most delicious refreshments were served by the hostess at the close of the afternoon. Mrs. E. C. Cox received the prize for high score and Mrs. Chapman received a lovely glass prize.

A lawn social was given by the Yaeven lodge Tuesday evening at the home of W. L. Knudsen in honor of the state manager, H. M. Wolff, who is in Twin Falls visiting.

Nat Williamson and Ted Schwarz entertained the Rexford and their lady friends at a dancing party yesterday evening at the Schwarz home. The house was beautifully decorated and delicious refreshments were served at the close of the evening. Those present were the Misses Rose Johnson, Lettie Phillips, Myrtle Clark, Vera Cook, Theodore McKinn and Margaret McAttee; Messrs. Harold Decker, Carl Edwards, Victor Stroheck and Cain Sletty.

Personal

Miss Rachel Gulgley of Castleford was a Twin Falls visitor yesterday afternoon. Mr. and Mrs. Jack Thorp and Mr. and Mrs. C. D. Thomas will leave Sunday for a trip through Yellowstone park.

WANT MORE MONEY

OLYMPIA, Wash., July 21.—Supplemental petition for increases in freight and passenger rates to meet wage advances granted railroad employees by the railroad labor board was filed with the state public service commission today by G. M. Reid, attorney for the Association of Railway Executives. The new rates would apply to all roads in the state under the authority of the association.

Local Briefs

Fined for Speeding.—W. H. Lowe was arraigned before Police Judge W. A. Minick yesterday, charged with exceeding the speed limit. Mr. Minick imposed a fine of \$10.

Donates Big Prize.—An indictment for the women to compete in the baking exhibit of the Piler county fair, L. H. Hestegren of the Twin Falls Milling company, has donated two barrels of flour to be used as a sweepstakes prize. It is reported that no decision has yet been made as to whether the prize would be given as a whole or whether it would be divided.

Fires Complaint.—In the probable cause a complaint has been filed by Carl H. Williams against Louis Ulrich charging Mr. Ulrich with wrongful appropriation of water from the ditch of the Utah Lake Canal company.

Out on Bail.—Carlos Hernandez, a Mexican, is out of jail on bond. He is alleged to be implicated in a certain holdup transaction which happened in this city several weeks ago.

Signal Fire.—The fire department was called out today on an alarm from 600 Third avenue west, where a short circuit had set fire to the wiring in one of the light socket connections. Much smoke resulted, but no damage was done.

Archdeacon Herv.—Archdeacon Howard Stoy arrived here from Piler yesterday to assist the Rev. John C. Donnell with the morning prayer service at the Ascension-Episcopal church.

Wins Banner.—The Twin Falls Presbyterian church again won the pennant for attendance at the annual outdoor convention held at Bellevue, The Rev. and Mrs. Asher H. Brand and others who attended have returned. A movement was started to have the regular annual church meeting (about as the same time) held at the same place at the summer outdoor meeting. This question will be acted upon at the general meeting at Idaho Falls this October.

Senator Borch, Cushing.—Senator William E. Borch will be in Twin Falls Tuesday evening, to address an audience at the Lavington theater on the foreign policies of the United States, this league of nations and like issues, according to an announcement made by E. T. Horgan, chairman of the republican county central committee.

DISTRICT COURT NOTES.

In the district court a divorce case has been filed. The plaintiff is Robert Holmes and the defendant is Mrs.

Holmes. The couple married in 1914 and separated in February, 1917. They have no children. The plaintiff alleges desertion and abandonment.

Wiley Williams files a suit in the district court asking that John Theobald be compelled to cancel certain mortgages which he alleges to have paid out to pay the costs of the suit and suit.

Attorney for the Higans in the case of Olga Hagan against John Hagan has filed a stipulation in which they agree to waive the finding of facts and the conclusions of law in order to permit the issuance of an immediate decree.

At the Hotels

Among those arriving at the local hotels yesterday were:
Parker—Mr. C. J. McCormick, Burley; Claude Wakeland, Boise; Antenna Powell, Rogers; A. R. Collin, Pine; E. G. Hall, Halley; Rev. Howard Stoy, Picerello.
Rogerson—Mr. H. Rankin, Ray W. Pelton, C. B. Ashen, Boise; E. W. Juhl, J. L. Brown, Picerello; W. H. Pavey, Piler; Frank Mattison, Burley; Mr. and Mrs. A. Hazard, Buhl; A. W. Bowman, Montello; Mr. and Mrs. Bert Harnett, Gooding.

OWEN OWENS DEAD: BURIAL SUNDAY AFTERNOON

Owen Owens, 18-year-old son of Mr. and Mrs. Myra Owens, died early yesterday morning from injuries received on the rock road near Shoshone Falls.

The deceased sustained a fractured skull when the horse he was riding collided with an automobile, and never regained consciousness after the accident occurred. An operation of decomposition was performed Thursday in a foreign effort to save his life.

Funeral services will be held Sunday afternoon from the Presbyterian church at three o'clock, the Rev. Asher H. Brand officiating. Burial will be made in the Twin Falls cemetery.

CHICAGO MAN DIES HERE.

Charles D. Olendorf, aged 44, of Chicago, died at the county hospital yesterday afternoon from pneumonia. He was a brother of Mrs. Charles K. Bruggeman, who lives near this city.

Mr. Olendorf arrived in Twin Falls the middle of last week to spend some time visiting with Mr. and Mrs. Bruggeman, and contracted pneumonia after he had been here four days.

The body, which is now at the Grossman undertaking parlors, will be shipped to Chicago Sunday for burial. Mr. and Mrs. Bruggeman will accompany the remains to that city.

To the Stockholders and Friends of The United Silver Mining Company

Of Twin Falls, Idaho

July 24, 1920.

The company invites you to its "open house" Saturday, July 24th, Room 15, Perrine hotel, to inspect large blue prints, just out of the property of the company. Also to view a panorama photo four feet long and other pictures taken on the property last week, and last but not least, to read the report on these mining claims showing the development made since April last. Work has been continuous with four men under the direction of Mr. George H. Marshall, our president and superintendent.

The report referred to was made by Walter Hovey Hill of Boise, Idaho, and includes his field work which required 13 1-2 days. He is a United States deputy mineral surveyor and mining engineer of high standing in his profession.

We have numbers of letters from satisfied stockholders who have inspected the property and in every case the visitors to the property increase their holdings from 100 per cent to 500 per cent.

We leave Twin Falls with at least three automobiles on Tuesday, July 27th at 5 a. m., with some of our prominent citizens. The trip requires three days and is always enjoyed.

At stock sold has been placed with our own people. All our directors are home folks. The property has real merit. It will pay you to investigate fully. Our officers are all men of large mining experience. Such men as J. T. May, Theodore Parks, George H. Marshall and S. Henry Bolton need no introduction in Twin Falls county.

Proof is abundant that this company will make a success and that their five claims are all heavily mineralized. Assays have been taken as high as \$85 ounces silver with some gold. You are each and every one invited to see specimens of the ore and our overwhelming proof that we are a going concern. Only a small block of stock is for sale at 25¢ per share, for \$2.00. The price will be advanced to 50¢ or \$1.00 without notice in a very short time.

Interested call at Room 15 Perrine hotel any time prior to Tuesday, June 27.

S. Henry Bolton
J. T. May

P. S. If you cannot come in write. You will receive in return our printed matter by early mail without charge.
