McGRAW SENDS WORD HE IS TOO ILL TO SEE INTERVIEWERS

NEW YORK, Aug. 16.—"Too ill to be interviewed"—this was the message delivered today to federal prohibition enforcement agents who called at the home of John J. McGraw to ask the manager of the New York Giants if it was true he had bought whiskey at the Lambs club.

An admission to this fact, alleged to have been made to the district attorney's office in its investigation of how John C. Blavin, actor, received a franchise of the skunk in front of McGraw's house about a week ago, today attracted the attention of J. H. Sullivan, enforcement officer. It was he who dispatched the agents to McGraw's home with the threat, that if McGraw did not present himself at the federal district attorney's office a subpoena would be sought.

The agents reported they could not see McGraw who is recovering from a blow on the head. This blow, they told the district attorney's office, was received in a scuffle in the Lambs club the night the actor was injured. Blavin's condition today was reported worse and for this reason District Attorney Sullivan announced he would not present the case to the grand jury for a few days.

McARTHUR ASKS ESSICK TO PROSECUTE BORTON

By the Associated Press. SAN FRANCISCO, Aug. 16.—William McCarthy, president of the Pacific league, telegraphed tonight to Edward B. Maier of the Vernon club, insisting that William Essick, manager and member of the club mentioned in charges made by Baker (Babe) Borton, immediately prosecute Borton for criminal libel.

At the same time McCarthy announced that to any person or persons who will produce evidence conclusively to the minds of five impartial judges, of the truth of Borton's charges, the Pacific coast league will pay the sum of five thousand dollars. He designated Sam San Francisco newspaper men as the judges.

Suspension of William G. Ruml, Salt Lake outfielder, and denial by Jessick, of charges against players of that team, were other outstanding developments in the series of alleged slanders in this stadium.

McCarthy's suspension was announced by Wm. H. McCarthy, league president, in this statement: "I have today notified Mr. W. H. Essick, one of the owners of the Salt Lake club, that Player Wm. G. Ruml is indefinitely suspended. This answer to the Borton charges is at least an admission that he gambled on games last season and helped the Vernon club to win the pennant."

Silberg Requested That He Be Not Taken to Lockup in Street Car Manned by the Strike-Breakers

DENVER, Colo., Aug. 16.—Seven members of the executive committee of the Denver Union Miners' Association of Street and Electric Railway Workers, which went on strike August 1, were sentenced to 90 days in the county jail for contempt of court in violation of an injunction are: Henry Silberg, president; J. A. Parker, J. S. Barnett, A. Coffey, J. E. McKiddie, L. J. Stegler and S. S. Schoepflin.

Eight hundred signed applications from members of the union pleading their intention to return to work were filed by counsel for the defendants during the hearing.

This action in effect calling off the strike August 7, and their visit to court in violation of an injunction were enforced, then rights of men and property must always be protected.

There are mitigating circumstances which the court cannot and will not overlook, said Judge Whitford in pronouncing sentence. They impose a small fine however would not be in keeping with a dignified administration of the law. A fine in jail would not either commensurate with the offense.

# TENNESSEE HOUSE TAKES VOTE TODAY

Profranchise and Anti-Suffrage Leaders Make Claims—Nashville Delegation Holds Hearings

NASHVILLE, Tenn., Aug. 16.—The Tennessee house will vote tomorrow on suffrage, both suffrage and opposition leaders announced tonight.

The committee in charge of the ratification resolution held an executive session and Chairman Riddick planned to report the measure tomorrow morning, probably shortly after 10:30 o'clock.

Conflicting claims as to results of the vote were made tonight. Speaker Walker, opposition leader, said the amendment would be rejected.

"We have ratification beaten," he declared.

Suffrage leaders still were confident they would win. They said, if members stood by their pledges, victory was certain.

Both suffrage and opposition workers tonight confirmed reports that five of the seven members of the Nashville delegation pledged to suffrage had gone over to the opposition.

The anti-suffrage were jubilant over the accession. The suffrage poll has listed from 13 to 50 members, including the Nashville delegation. Fifty votes are necessary for ratification.

Workers were everywhere today. They were on the house floor during the day session and after adjournment.

The house has 99 members and active workers, both men and women for and against suffrage are said to number at least 1,000. Campaigners were working in relays and when one decade of antagonists of voters for women became exhausted there was another to take up the task.

Attorney General Thompson has rendered an opinion that passage of the ratification resolution by a majority of the house members present would be legal.

**LINE-UP IS TIGHTENED.**  
RALEIGH, N. C., Aug. 16.—Leaders of both factions in the suffrage fight tightened their lines tonight preparatory to the first test of strength tomorrow when the North Carolina senate is to begin consideration of the issue.

The extraordinary session reconvened tonight after recess since Saturday. It occupied its time with local measures.

Both sides claimed victory. Suffrage supporters were confident of success and counted on the vote in the senate to develop strength in the house. The anti-suffrage group was seeking to swing a few votes their way in the senate where all admit the vote will be close.

Representative W. W. Neki returned to Raleigh tonight but denied he had been to Nashville as a bearer of a message to the suffrage opponents in the Tennessee legislature. He said he had been to his home in McDowell county.

Reports that Governor Cox had sent a personal representative to aid secretly in defeating suffrage were denied in a statement issued by suffrage headquarters.

The statement included a message from the governor saying there was "not a word of truth in the reports."

**CITY SUPERINTENDENT MAKES ABLE ADDRESS**  
Lauding the one school system, barring the foreign language school, and making a stirring plea for more sweeping and profound patriotism, Hjal G. Blue, superintendent of the city schools, addressed a large, interested audience at the park services Sunday night. Though the address was largely statistical, it was interesting to the many assembled there to hear him.

The address, which had to bear principally on the education of the local public regarding school matters did not dwell entirely upon conditions in this city, but covered a vast territory in the United States. He showed conditions in representative communities throughout the entire country.

Mr. Blue deplored the practice of having people who are not specially trained along educational lines to train the young minds of the country. He showed that many places exist where persons not having finished high school are employed as teachers. He advocated a higher standard in regard to the requirements of teachers. He presented figures showing how many persons allow the children to withdraw from school as soon as the age required is passed, and that many never enter in high school classes but enter life's work at the end of the eighth grade.

Mr. Blue stated, in declaring against the factions that are dissatisfied and who are stirring up trouble, that there was room for only one flag, the Stars and Stripes.

This address was given in connection with the regular Sunday evening service. Mr. Blue occupying the pulpit in place of the Rev. A. G. Bennett of the First Methodist church.

# SKULL IS FRACTURED BY PITCHED BALL

Ray Chapman Is Taken to Hospital and Surgeons Declare His Condition Is Serious.

By the Associated Press.

NEW YORK, Aug. 16.—Ray Chapman, a shortstop of the Cleveland American league, was hit on the head and his skull fractured by a pitched ball in the game with New York today. The accident occurred in the fifth inning when Chapman while at bat attempted to dodge a fast underhand curve, thrown by Pitcher Carl Mays.

The Cleveland player was given first aid and then removed to a hospital where physicians said his condition was serious. Contusion of the brain and hemorrhages developed and physicians said an operation might be necessary.

Chapman was the man at bat. Mays served one strike and one ball. The next pitch was a little high and as Chapman tried to dodge it his head came in line with the breaking curve. The crack of the ball as it struck the player's head, was so loud spectators and players thought it hit his bat. The ball bounced back on the diamond between the pitcher's box and third base and Pitcher Mays, unaware he had injured the batter, fielded the ball to first base to retire him.

Called for Doctors.  
The shortstop dropped in the batter's box and umpire Connelly realizing Chapman was hurt seriously, called for doctors and several in the stand attended the player. He received to treatment and after several minutes started for the clubhouse, he aided by team mates. Before they had crossed the diamond he again collapsed and was carried to the club house and then hurried to the hospital.

This was the second serious accident to befall Chapman since he joined the Cleveland team. A few years ago one of his legs was broken during a game and he was laid up for the greater part of the season. The team's failure to win the pennant was attributed mainly to his absence.

**NEW SUGAR FACTORY.**  
SCOTTSLUFF, Neb.—Announcement has just been made by the officials of the Great Western Sugar company at this place that the company will start work at once on the erection of a sugar factory to be located at Minature, 10 miles east of Scottsluff. The new mill is to be ready for operation when the 1921 wheat campaign opens about the first of October, next year.

With this announcement property values in the little city have gone upward, and in many instances have been doubled. This is due somewhat to the fact that the Farmers' Union Co-operative Sugar company, organized by prominent farmers' union members in this community, and affiliated with the state organization, will be entertained as guests of the place and will start work just as soon as sufficient stock has been sold.

The stock is now being offered to members of the union over the state, and it is claimed by the organizers here that a ready market has been found.

With the completion of these two factories there will be six sugar-making mills located along the Burlington line within a distance of less than 10 miles.

Eligible cash price paid for poultry. Independent Market, Twin Falls, N. H. 34c.

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Adv.

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Adv.

How would you like to climb up behind the steering wheel of one of these big, powerful, luxurious machines, start the silent motor, and speed away to wherever your fancy dictates? Wouldn't you like to drive one of these big beauties up in front of the house, hail a party of friends, and take them all out for a spin on the boulevards or into the country?

You can do it; it is simply a matter of ambition. The Chronicle is going to give away these splendid cars in just a few weeks. Energetic men and women who assist in building the circulation of The Chronicle in the Salesmanship Campaign, just starting, will reap handsome rewards. Those who have the highest vote totals will ride away in an automobile. Votes alone will win the big prizes. They cannot be purchased, and they cannot be transferred. There are only two ways to get them, through clipping the coupons in The Chronicle every day and with subscription payments. See the vote value of subscription payments. Note the tremendous voting power of subscriptions.

A few weeks gathering them among your friends may bring you one of these automobiles. It costs you nothing to try. Every prize is FREE. You have everything to win and nothing to lose.

The big race officially opens Wednesday. Jump in. Get an early start. Your chance is here. Get busy NOW!

## THE PLAN IN BRIEF

The object of this big distribution is two-fold: primarily to increase the already large subscription lists of the Semi-Weekly Buhl Republican and the Twin Falls Chronicle, to collect arrears, and to advance subscription payments from present or old subscribers, and at the same time to afford our friends and readers an unparalleled opportunity to profit, and in a big way, through their spare time during the next few weeks. So it is a plan that works both ways, and to the ultimate good of all concerned. In order to gain this end quickly and advantageously, the most valuable and attractive list of prizes ever offered by local newspapers in this section of the country, has been made ready for distribution among those who participate most heartily. Ambition and energy are the only requisites for success.

The plan adopted is the fairest and most impartial conceivable. There will be no "double vote" offers, or any other similar inducement whatever inaugurated during this competition. Neither will there be any long-term subscriptions. The plan of the campaign is straight-forward and simple, and is fully outlined in this announcement.

Let it be understood at the very outset that this is not a "beauty" nor "popularity" contest, but a strictly legitimate competitive proposition, for enterprising men and women, and boys and girls, and one in which no element of chance enters. One feature of this competition is the fact that there will be no losers in this campaign.

The first step, in order to become a candidate and compete for a prize, is to clip the nomination coupon appearing in this issue; fill in your name and address and mail or deliver to the Salesmanship Campaign department of the Twin Falls Chronicle, Twin Falls, Idaho. This coupon entitles you or the person whom you might nominate, to 5,000 FREE votes. These votes are given you as a starter, and speeds you on your way to win. Only one such nomination coupon will be accepted for each candidate entered.

### HOW VOTES ARE SECURED

The next step is to call on or write the campaign department for a free working outfit (consisting of a special receipt book, sample copies of the paper and other information relative to launching an active campaign).

Thus equipped, you have but to go to your friends and neighbors, relatives and acquaintances and have them clip the free coupons from their papers, and pay up a subscription to The Twin Falls Chronicle through you. THAT'S ALL THERE IS TO IT. However, you will never win anything unless you make the most of it, and while it will not be a very difficult matter to capture one of the big prizes, nevertheless it will be no child's game. You must plan out your campaign the same as any successful business man plans out his work for a season, and, above everything else, let no one discourage you, but stick to it to the finish. Anything worth having is worth striving for. Seven short weeks and you may be riding in your own automobile.

It takes votes to win, and votes are secured in these ways: First, by clipping the coupons appearing in each issue of The Chronicle. Begin gathering them NOW. After next week these coupons will be reduced to a lesser number of votes. The only restriction placed on voting coupons is that they must be deposited at the campaign department of The Chronicle on or before the expiration date printed thereon. Get your friends to saving these coupons for you—they all count.

The other, and faster way, to get votes is by securing new and renewal subscriptions to The Twin Falls Chronicle and The Buhl Republican. On each subscription turned in a certain number of votes are issued, the number varying according to the amount paid and during which "period" same are received at the campaign department (see schedule of votes elsewhere). So you see, the more subscriptions you secure the more votes you can get and the better your chances are to capture the grand, capital prize. Votes are also issued on job work.

### EARLY START MEANS EASY FINISH

The advantages of an early start are manifest. Not only do you have the FULL SEVEN WEEKS in which to secure the winning votes, but now and up to and including Monday, September 13, you will receive the maximum schedule of votes on subscriptions. Then, too, the first in the field will undoubtedly get the "cream" of votes and subscriptions, while those who put off entering until a later date will have to take what is left.

Don't lose valuable time waiting to "see what the other fellow is going to do," but pitch right in and show the "other fellow" how to do it.

## HOW VOTES ARE OBTAINED

The only restriction placed on voting coupons is that they must be deposited at the campaign department on or before the expiration date printed thereon.

Another way to get votes is by securing new and renewal subscriptions or collections on old subscriptions to either or both of these newspapers. (See schedule of votes elsewhere in this issue.)

Votes are also issued on payments for job work and advertising.

It should be thoroughly understood that there are cars and cash prizes for every district, and participants living in the country or small towns do not have to compete with those living in the city for prizes.

# BUHL WINS PENNANT IN THE SOUTHERN IDAHO BALL LEAGUE

Game Played Sunday at Buhl With Jerome Was Exciting From Start to Finish; It Was Anybody's Game Until Last Man Was Out; Final Score 5 to 4.

JEROME, Aug. 16.—By winning a hard-fought game of baseball at this place yesterday, Buhl won the pennant of the Southern Idaho ball league. The score was 5 to 4. It was anybody's game until the last man was out. Buhl led off in the first half of the first inning by bunting two scores, but Jerome came back in the same inning and equalized. The balance of the game on both teams played errorless ball until the fifth when Jerome forged ahead by bunting opportune hits and an error by Buhl's shortstop. Jerome held this lead until the seventh when Buhl rallied, getting three runs and then holding his lead until the end of the game, winning by a margin of one run. Both teams played to win. Hits were not frequent, and the batteries of both teams held the batters to a few bounces that decided the game. Fisher Hall of the Buhl organization, however, had the best of the argument throughout the entire game. This game marks the end of a hard contest in the Southern Idaho league between Buhl and Jerome, both fighting for the lead. Buhl has had the advantage, but Jerome has been consistent in clinging to second with a narrow margin between himself and the top liners.

TO COMPLETE GOLF COURSE. LOS ANGELES.—Completion of the golf course at the Hollywood Country club, the latest organized of the many country clubs near Los Angeles, is promised for the near future. A failure of the course will be a lake hazard in front of the clubhouse. The lake bed is constructed of reinforced concrete and extends the entire distance across numbers one and two fairways, adding a distinctive character to the first nine holes of play.

CARLISLE REFUSES TO MAKE AN APOLOGY. LONDON.—Alexander M. Carlisle sent to Earl Curzon of Kedleston, lord privy seal, what amounts to a refusal to apologize for an "affront" to the house of lords when he dramatically addressed the upper house of parliament last Monday on the occasion of the second reading of the Restoration of Order in Ireland bill.

In all, Mr. Carlisle's speech at the time, contained 161 words: "I am sorry that I have given this bill you may kill England, not Ireland." Earl Curzon, on the request of the house of lords, sent to Mr. Carlisle a formal demand, for an apology, for "a serious affront to the dignity of their lordships." Replying to Earl Curzon's letter today Mr. Carlisle said that if he had offended the king he was ready to make ample apology, but if it was solely regarded as an affront to the house of lords "then the case is different."

Concluding his letter, Mr. Carlisle said: "The most serious affront to the dignity of historic houses was and is that the descendants of those who won at Runnymede the charter of British liberties should have proved themselves unworthy of their sires." Mr. Carlisle is a prominent Belfast Irishman who now resides in London. TO TALK WITH PASSENGERS. SAN FRANCISCO.—Wireless telephone equipment that will enable persons on the Pacific coast to speak with passengers and officials on vessels 500 miles at sea is to be installed soon on many ships in coastwise and trans-Pacific service, the Radio Corporation of America has announced. "Arrangements are already under way for the installation of the wireless telephone on the International Mercantile Marine fleet of the White Star, Red Star, Highland-American and American lines," said Arthur E. Bell, Pacific coast representative of the wireless company. "Similar apparatus will be placed aboard the vessels of the China Mail and Admirel lines at the same time."

The Radio Corporation's announcement means, it is said, that persons living within reasonable distance of the Pacific seaboard can, through their local telephone operator, be connected with the nearest radio station which in turn can get in communication with any ship carrying the corporation's apparatus and hold telephonic conversation. WILL USE PIGEONS. TOKIO.—Carrier pigeons will be used instead of a cable for transmission of messages from the mainland to Hachijo island, a distance of 130 miles. It was announced here today with the abandonment by the government of its project to lay a cable to the island. Hachijo, off the prefecture of Izu, is about 100 miles from Tokyo, and is famed for its production of camellia oil, used in the picturesque hairdressing of Japanese women.

Persons contemplating entering the Chronicle's gigantic gift election should send or bring their nominations immediately. Those who are interested in seeing their friends become candidates should see that they are nominated without further delay. All nominations received now will be given credit with 5,000 votes.

### ONLY ONE WAY.

Remember, there is only one way to make nominations. Candidates must either nominate themselves or be the choice of some friend who will do it for them. The management is not going to place any names in the campaign, and if you want to be sure that your name is among those from which the owners of the grand prizes are to be chosen, the surest way is to send or bring in your nomination blank yourself—do this at once.

### OFFICE OPEN EVENINGS.

During the big prize campaign,

the election headquarters at the Chronicle office will be open every evening until 9 o'clock to answer inquiries, receive votes, etc.

Bear in mind that it will not take long to win one of the big prizes. The campaign will be a very short one. And, at the close of the campaign, the votes will be counted by a committee of prominent business men. Those who have obtained the greatest number of votes will be formally presented with the handsome prizes—prizes that were won simply by collecting votes in their spare time.

### NOW IS THE TIME.

Now, right now, TODAY is the time to begin. If you want a touring car, if you want to own an automobile of your own so that you can ride when you wish and take your friends or your family driving, there is no reason why you can not win it. Think of

having a car all your own, to go where you wish and stay as long as you please—a car that has a reputation for reliability all the way through, luxurious, comfortable and powerful. That's just what you can have if you are willing to put forth a little effort and a little hustle and energy during your spare time.

### PROVE IT, "I CAN'T."

Nearly every candidate will say: "Oh, I may try but I know that I can't win it." All will be about of the same opinion. But, the man or woman, boy or girl who first decides that he or she is going to win and has the confidence to do their very best, will be very likely to be proclaimed among the winners of the very biggest of the prizes.

### MORE VOTES GIVEN NOW.

Understand, too, that there will be more votes given for subscriptions now "than" at the end of the campaign. This is done in fairness to the ones that get out and hustle at the start and will not allow any one to step in at the last minute and win.

You can't buy these prizes—but you can win them by your own honest and enthusiastic efforts, votes positively will not be sold.

### GET STARTED TODAY.

Of course, you can accomplish nothing toward sharing in the grand gift distribution until you get started. So it is very important that you get out the nomination coupon in this issue and send or bring it in this very day. Once started, if you are the ambitious sort, you will become the possessor of the kind of enthusiasm that will lead you to greater things—enthusiasm that should make one of the big prizes yours.

### Get in the Race and Win.

Read, the announcement of the campaign, and start today. Bear in mind that every active participant who does not land one of the big prizes will be paid in cash for his or her efforts.

### Office Open Day and Night.

Election headquarters will be open today and this evening as usual and you are invited to call for any information you desire. If unable to call personally, use the telephone. The number is 245. Come in and have this generous proposition explained to you in detail and learn about the costly prizes that are awaiting those who are privileged to participate.

## Court Notes.

E. J. Lynch, who was arraigned in the probate court yesterday on a charge of having illegal possession of 34 plants of home-made beer, pleaded guilty to the charge and Judge Duval allowed Lynch over to the district court. He was released on a \$500 bond.

The arrest of Lynch resulted from an investigation instituted by Sheriff A. N. Sprague who with three officers went to Hansen on a little reconnaissance trip. Sheriff Sprague stated that he had thought something like that was going on and he decided to investigate. The liquor was found in the ice house at Hansen and was confiscated.

Those participating with Sheriff Sprague were the following deputies: Ex-Sheriff Brown, Ex-Sheriff Frank Kendall and W. O. Taylor.

### NEW INCORPORATION.

Articles of incorporation were filed yesterday for the Twin Falls Collecting, Auditing and Reporting agency. This agency is to have a capital stock of \$25,000 in 2,500 shares valued at \$10 each.

Under the articles of incorporation the new company will collect accounts of various kinds, will make adjustments, will report on the financial status of organizations, will loan their own money and the money of their clients at their request. The period of incorporation will be for 50 years. This corporation will be entitled to do business in the state of Idaho and in other states.

The directors, and, at present, the only stockholders are: C. A. Emek, F. D. Johnson and B. D. Davis, all of Twin Falls.

Charles Mull and Leonard Smith have returned from a sage hen hunt. They were very successful as all the hunters from Twin Falls have been so far this season.

# \$200.00 REWARD

TWO PERSONS WILL BE REWARDED TO THE EXTENT OF \$100.00 EACH FOR NAMING THE WINNERS.

One Hundred Dollars for a name. Can you nominate the person who polls the highest vote or even the second highest vote in the big \$16,000 Salemanship Campaign? ONE HUNDRED DOLLARS IN CASH will be paid to the person who nominates the contestant polling the highest vote in the campaign.

ONE HUNDRED DOLLARS IN CASH will be paid to the person who nominates the contestant polling the second highest vote in the campaign.

Put on your thinking cap, folks. Cast about in your minds for someone—man or woman (married or single) boy or girl—whom you think would make a good record in a salemanship campaign of this kind, and send in his or her name on the coupon below.

You may send in as many names as you like. Nominations will be filed away in the order received. If the highest nominees should be more than one person, the first nomination received will be awarded the \$100.00 in cash awards.

The name of the nominator will not be divulged without his or her consent.

You may nominate YOURSELF.

TO THE SALESMANSHIP MANAGER,

Care The Chronicle, Twin Falls, Idaho:

I hereby nominate:

# CONVENTIONS ARE TO BE HELD TODAY

Democratic and Republican County Conventions Will Meet Under Provision of New State Law.

County conventions as provided by the new state law will be held in Twin Falls today at 1 p. m. Delegates were selected at the primaries held last week.

The democratic convention will meet in the district court room; while the delegates to the republican convention will assemble in Parish hall. At both conventions delegates to the state conventions will be named and a member of the state central committee selected. As the list of delegates is certified by the county officials, there will not be any contests for seats and much of the old time rushing about credentials committee will be missed by those who revel in convention contests.

THEY ASK AID FOR POLAND.

WASHINGTON, Aug. 16.—Polish citizens in nearly all parts of the United States who on Sunday gathered in mass meeting to ask aid from the United States for Poland, engaged today for official presentation of their case to the government. In behalf of President Wilson, Secretary Tumulty will receive the delegation Wednesday noon and Secretary Colby will receive them later.

## Advisory Board

It is the sincere aim of this newspaper to conduct this campaign from start to finish in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants, and absolute honesty in all dealings is guaranteed.

However, not all wisdom lies within any one man or institution, and for that reason an Advisory Board has been decided upon, whose functions shall be to guide any question of sufficient moment that may happen to arise during the competition and from which a committee shall be selected to act as judges and count the votes the last night of the election. The personnel of this board is as follows: H. H. Grant, Twin Falls; Leo F. Bracken, Twin Falls; J. A. Keeler, Twin Falls; J. S. Brown, Twin Falls; Thomas M. Robertson, Twin Falls; C. A. Robinson, Twin Falls; W. Orr, Chapman, Twin Falls.

All of these gentlemen are well known to everyone in this territory, and the final results as given out by them will be beyond dispute.
