

SAVE WARSAW
FROM PRESENT
ENEMY ATTACK

Polish Forces No Longer Are
Fighting Defensive Battle;
Both Sides on Offensive.

FRENCH GENERALS ARE
DOING EXCELLENT WORK

They Are Getting Important
Results; Poles Reported to
Be in Possession of Key to
Warsaw Defenses.

By the Associated Press.
PARIS, Aug. 18.—Warsaw seems to be saved from the Bolsheviks. President Pilsudski's army no longer are fighting a defensive battle, and the bold offensive on both sides has reached the first objective. The offensive on the left wing is being led by the French Generals, Henry and Dillote, and has yielded important results. It has once more put the Poles in possession of the key to the Warsaw defenses, the fort between the Narow and Dug—while the forces advancing toward Mlaw which have reached Tschernof, 12 miles south of Mlaw, will force the Bolsheviks marching toward Plock and Thorn to back a hasty retreat and open the direct railroad to Danzig. But the maneuver on the right between the Vistula and Bug is more interesting from the strategic viewpoint because it threatens the strength of the Bolshevik forces. The movement has gained rapid headway and driven the Bolshevik back all along the line toward Brest-Litovsk.

TO ASSIST POLES.
WASHINGTON, Aug. 18.—A dispatch from the American government would support Polish independence to the full extent of the constitutional power confided in the executive was made today by Secretary Colby, speaking to a delegation of American citizens of Polish descent who called to present memorials adopted at mass meetings, Mr. Colby said, "every measure that can legally be taken will be adopted to render effectual the position of this country." He declared, however, "that the question of material aid on any broad scale was a political one."

"We cannot go to the relief even of Poland," he said, "provided the view prevails that we have no concern with anything beyond our national borders. The question you see in its larger and true aspect is a political question."

"I call your attention to the fact that the attitude of this government can only be the attitude of its people, and you, as Americans, electors have the power to determine the tone and the weight of public opinion."

Mr. Colby said there those who opposed any intervention "that call on us for active effort," and who had "frustrated and rejected the enlightening and machinery in conjunction with the treaty of Versailles to cope with such conditions, which now unhappily exist. He also said there are those in this country, who are surveying conditions that no exist in central Europe with a view to the future, that they make no attempt to conceal."

While the executive arm of the government has "some measure of initiative and of action," he continued, "you must look to the true sources of power in this country."

POSITIONS SATISFACTORY.
MOSCOW, Aug. 18.—Soviet Russia's positions on the Polish and south Russian fronts were pronounced "satisfactorily," said Leon Trotsky, Bolshevik war minister, in an address today before the Russian soviet.

Discussing the military situation Trotsky declared that "on the front against White Poland, our red troops have fulfilled the fundamental part of their task. The holding up of our advanced troops before Warsaw, in no way alters the affairs, as the Polish front is divided into two parts—military and diplomatic—and possesses two centers, one in Warsaw and the other in London. The importance of Minsk as of exceptional importance, because they are developing on unstable foundation of

REPUBLICAN CANDIDATE
TAKES HIS OWN LIFE

ST. LOUIS, Aug. 18.—Financial difficulties, it is believed to have prompted the suicide of Otto P. Stifel, former brewer and houseman, the republican congressional candidate from the Eleventh district, who shot himself at his home near Valley Park today.

A noun Stifel left was professed by the statement that it was for "the benefit of the public and my creditors."

"It is, a brief review of how I came to get into a financial jam," the note continued. "Prohibition is the main cause here, the writing became indistinct."

Stifel went out of the brewing industry before prohibition became effective, converting his establishment into an oleomargarine plant. He was one of the chief figures in the Federal league and later acquired an interest in the St. Louis American league club.

WRANGLER IS ADVANCING
ON THE BOLSHEVIKI

CONSTANTINOPLE, Aug. 18.—An official communiqué issued Monday from army headquarters of General Baron Wrangel reports further advances against Bolshevik forces in south Russia.

The anti-Bolshevik forces claim the capture of several villages in the provinces of Tauride and the Don, and the crossing of the Dniester river in this section.

Cossack troops are said to have revolted against the soviet government and joined the forces with General Wrangel.

SALAZAR IS GOVERNOR
OF LOWER CALIFORNIA

MEXICALI, Lower California, Aug. 18.—Gen. Luis M. Salazar succeeded Col. Estaban Cantu as governor of the northern district of Lower California at 6 o'clock tonight.

Ceremonies incident to the transfer occupied about 40 minutes. Reading and signing of an agreement by which Colonel Cantu agreed to relinquish office took up much of the time, together with the reading of telegrams to and from Adolfo de la Huerta, provisional president of Mexico, indicating the approval of the central government in the eight articles embodied in the agreement.

The signatures of Colonel Cantu, General Salazar, Jose Aguilar, territorial secretary of state under Cantu, and V. Alamo Nobles, editor of El Democrata, of Mexico City, and special representatives of the provisional president, were affixed to the agreement.

PRICES HAVE DECREASED.

WASHINGTON, Aug. 18.—Wholesale prices of commodities declined approximately 2.3 per cent during July, according to the report today by the department of labor. The decrease in clothing and clothing materials was the most notable shown in the department's list of index numbers amounting to 1.3 per cent. At this point, the department reported, prices were still above levels of July, 1919, food articles having increased during the year 24.1 per cent, clothing and clothing 12.4 per cent, and fuel and lighting 17.4 per cent. Fuel and lighting materials increased 2.3 per cent during July, 1920, making their current level the most disproportionate to other com-

FUNERAL OF CHAPMAN
WILL BE HELD FRIDAY

By the Associated Press.
CLEVELAND, O., Aug. 18.—Raymond Chapman, president of the American League and star infielder of the Cleveland club, will be buried Friday. At the request of the family the body will not lie in state.

The funeral will be held at 10 a. m. in St. Philomena's church. The pallbearers to be announced tomorrow will include, it is understood, ushers at his wedding, only a few months ago.

Chapman's death received official recognition from Cleveland today, when flags on the city hall and court house were flying at half mast.

It is probable that the funeral team will be brought from New York to attend the funeral.

"Many of St. Louis," a large crowd of friends and admirers was at the depot when Chapman's body arrived today. Mrs. Chapman, accompanied by her parents, Manager Spinker and Joe Woods of the Indians, and several others were on the same train. Hundreds of messages of condolence were received today. Among them were messages from Governor James M. Cox and D. B. Johnson, president of the American League. Fifteen thousand men went on and children tonight had contributed to cents each to the "flower from a fan" fund. It has been decided to use about one-third of the contribution for a floral design and the balance will be donated to the memorial fund for the republican national convention that postponed Senator Harding tonight announced he would support Governor Cox, democratic nominee.

Mr. Cantu was instructed at the convention by Governor Lowndes and on the final ballot, when Senator Harding was nominated he voted for Senator Johnson.

"I shall continue to affiliate with the republican party, his statement," "This I cannot in good conscience support a candidate who was not the real choice of his party."

ROOSEVELT LOOKING FORWARD
DEER LODGE, Mont., Aug. 18.—Addressing farmers of Deer Lodge and Silver Bow counties at their annual picnic today Franklin D. Roosevelt declared the question of the hour was "whether we are going forward or backward."

"We must look forward," he continued. "We will not be satisfied with the ideals of our ancestors. We must work shoulder to shoulder in order to attain our ideals."

HICKS REFUSES TO
SUPPORT HARDING

CHICAGO, Aug. 18.—H. L. Hicks, one of Illinois' eight delegates-at-large to the republican national convention that postponed Senator Harding tonight announced he would support Governor Cox, democratic nominee.

Mr. Hicks was instructed at the convention by Governor Lowndes and on the final ballot, when Senator Harding was nominated he voted for Senator Johnson.

"I shall continue to affiliate with the republican party, his statement," "This I cannot in good conscience support a candidate who was not the real choice of his party."

ROOSEVELT LOOKING FORWARD

DEER LODGE, Mont., Aug. 18.—Addressing farmers of Deer Lodge and Silver Bow counties at their annual picnic today Franklin D. Roosevelt declared the question of the hour was "whether we are going forward or backward."

"We must look forward," he continued. "We will not be satisfied with the ideals of our ancestors. We must work shoulder to shoulder in order to attain our ideals."

MADDOX IS SMILING.

By the Associated Press.
WASHINGTON, Aug. 18.—William G. Maddox called on President Wilson today for the first time since the democratic nomination. As a member of the executive office he was hailed by photographers. "We didn't like the first," he said, "but now I'm smiling. I don't want anybody to think I'm an underdog over the question."

AMERICA AND FRANCE
ARE IN AGREEMENT

French Government Heartily Endorses Stand Taken by United States Relative to Poland.

By the Associated Press.
WASHINGTON, Aug. 18.—The American and French governments are in agreement in principle as to the future of Poland and Russia, Secretary Colby declared today in a statement interpreting France's rejoinder to the American note to Italy. His statement accompanied publication of the translation of the French note which was delivered to the state department August 11 by Prince de Bearn, the French chargé.

France's declaration "of its opposition to the dismemberment of Russia, is 'most gratifying,'" Mr. Colby said, and added:

"The response is a notable declaration from every viewpoint and brings to the position taken by the United States a striking emphasis and powerful support."

The secretary referred to France's recognition of General Wrangel in South Russia as a divergence between the two governments on one point, but said the United States was "disposed to regard the declared agreement of France with the principles of the United States as of more significance than any divergence of policy involved in the specific action of France in this respect."

Holds Same Opinion.
The French note declares that the French government is of the same opinion as the American government "concerning the present rulers of Russia and proceeds to condemn the Bolsheviks in language almost identical with that in the American note to Italy. Asserting France is in complete accord with the United States as to the 'necessity for an independent Polish state,' the note adds:

"This is why there is agreement between the French government and the American government to encourage all efforts made with a view to bringing about an armistice between Poland and Russia, while avoiding giving to the negotiation a character which might result in the recognition of the Bolshevik regime and in the dismemberment of Russia."

By this declaration France was regarded here as joining with the United States in opposing recognition of the Bolsheviks, such as has been proposed by Great Britain.

OPERATORS AND MINERS
REACH NO AGREEMENT

By the Associated Press.
CLEVELAND, O., Aug. 18.—The joint scale commission of operators and miners of the central competitive bituminous coal fields—comprising Ohio, Indiana, Illinois and Western Pennsylvania, adjourned also shortly before midnight without reaching any agreement after having been in session five days.

Following adjournment of tonight's conference it was announced that the miners would hold a separate caucus here tomorrow morning when a telegram will be prepared and sent to President Wilson informing him of the failure of the conference to reach any agreement in line with his request.

The telegram will state that the failure to reach any agreement was because the operators failed to submit any proposition adequate to meet the requirements of justice to the miners.

DELEGATES HAVE RETURNED

LONDON, Aug. 18.—William Adams, labor member of parliament, and Harry Gosling, leader of the English transport workers, who went to France to confer with French socialist leaders, have today returned tonight. They declare their trip, except that they had been courteously treated in Paris and remained there sufficiently long to fulfill their mission.

ROOSEVELT PRAISES CLERKS

ANACONDA, Mont., Aug. 18.—Fribble to the part played by the federal clerks in Washington during the war was paid by Franklin D. Roosevelt, democratic vice president, at a luncheon here today. He said he had been in the support of his heart in seeing the clerks were "accorded a square deal" and a living wage.

NEWSPAPER MAN DIES.

RICHMOND, Va., Aug. 18.—Col. Charles E. Haskroff, 71 years old, editor and manager of the Richmond Times-Dispatch for the last six years of the war, died at his residence here today of heart failure. He had been in Richmond since his return from the democratic national convention at St. Louis.

RATIFICATION IS
PLEASING TO COX

Democratic Candidate for President Glad Tennessee Legislature Endorsed Amendment.

COLUMBUS, Ohio, Aug. 18.—Governor Cox and his aides joined today in hailing Tennessee's ratification of suffrage. That the enfranchisement of women would help the democratic presidential and senate ticket was predicted by the governor's advisers, who said they believed a great majority of the women stand with Governor Cox on the league of nations issue.

Governor Cox, on receipt of the news, issued a statement declaring "mothers of America would stay the hand of war," and also that the ratification was a promise of performance of democratic platform pledges.

Senator Harrison of Mississippi, leader in the Cox campaign, who came here today from New York to arrange the governor's speaking itinerary said:

"Our campaign plans will not be changed as a result of Tennessee's ratification. They will proceed with the league of nations as the paramount issue."

Governor Cox was visited by a delegation of women suffrage workers, headed by Mrs. Abby Scott Baker of the national league. They pressed with the governor the league of nations as the paramount issue."

Conferences with Senator Harrison kept Governor Cox busy almost until his train left tonight for South Bend, Ind., where he speaks tomorrow before the Indiana democratic editors' association.

Candidates to Meet.
A new speaking engagement which is expected to bring Governor Cox and Senator Harrison together for the first time during the campaign was announced today. Governor Cox accepted an invitation to speak here Aug. 31 on "presidential day" at the Ohio state fair and it was announced Senator Harrison also would talk.

Senator Harrison also announced tentative plans for the governor's western trip in September. It will start Sept. 2 or 3, Senator Harrison said, and the swing around the circle into every western state, taking about three weeks. The tentative plan calls for travel first in the northern states, then the Pacific states, to Lower California and return through southwestern states. Two principal addresses daily are contemplated, with numerous afternoon receptions and automobile side trips. The final itinerary, Senator Harrison said, would be announced soon.

That the league of nations issue is to be pressed by Governor Cox and his advisers in the democratic speaking tour was indicated by a remark the Governor made today to Senator Harrison at all meetings for former soldiers and their friends.

In arranging for the governor's western trip it was decided not to use a special train, unless absolutely necessary. The governor and his party will have cars reserved for the trip, however.

COURIER IS CARRYING
DOCUMENTS TO MOSCOW

WARSAW, Aug. 18.—The foreign office on Tuesday started a courier for Moscow with important documents for delivery to the Bolsheviks. It was indicated by a remark the Governor made today to Senator Harrison at all meetings for former soldiers and their friends.

In arranging for the governor's western trip it was decided not to use a special train, unless absolutely necessary. The governor and his party will have cars reserved for the trip, however.

The indications are that the Minsk conference will continue for a week and possibly longer. Four newspaper correspondents, one an American, departed today for Minsk.

ROOSEVELT IS PLEASED

BUTTE, Mont., Aug. 18.—Franklin D. Roosevelt, democratic nominee for vice president, informed of the action of the Tennessee legislature to ratify the amendment to the constitution of the United States, declared he had been assured the supreme court's ruling in the Ohio case served to nullify the article in the Tennessee constitution.

Suffrage opponents in Tennessee held that the two cases were not parallel and that the present legislative action would be in violation of the state constitution.

The Tennessee constitution provides for a constitutional convention in the event of a change in the constitution. The amendment to the constitution of the United States, which would give women the right to vote, was passed by the Tennessee legislature in 1901. The amendment was later vetoed by the governor, but it was later passed by a second legislature in 1902. The amendment was then ratified by the people in 1903.

VICTORY FOR
SUFFRAGE IS
TO BE TESTED

House May Rescind Its Action
and Tests Will Be Made
in the Courts.

EXCITING SCENES IN THE
TENNESSEE LEGISLATURE

Vote Is Close and Every Tac-
tic Known to Parliamen-
tarians Is Used to Defeat
Ratification of Amendment

By the Associated Press.
NASHVILLE, Tenn., Aug. 18.—The amendment extending equal suffrage to American women was ratified today for inclusion in the federal constitution, the Tennessee house voting 50 to 46 to concur in the senate resolution adopted Friday, 15 to 4. The action made Tennessee the thirty-sixth state to approve the amendment which lacked tonight only formal certification by Secretary of State Colby to complete its acceptance.

There is still a possibility that the house may rescind its action. At the last moment Speaker Walker, anti-suffrage leader, changed his vote from "aye" to "nay," saving the way for a motion to reconsider. Under house rules he can present such a motion within the next two legislative days.

Should today's vote be confirmed or the house fail to take further action before adjournment Friday, millions of women will be free to vote in the presidential election. Only successful litigation contesting the legal right of this legislature to nullify the act could prevent it.

To Help Action.
Steps for such a test of the provision of the Tennessee constitution involved already have been taken by the Tennessee constitutional league.

Suffragists launched an uproarous demonstration. Women screamed, some placed their arms around the nearest men and danced, so far as it was possible to do so in the crowd. Hundreds of suffrage banners were waved wildly and many removed the yellow flowers they wore and threw them upward to meet a similar shower from the galleries.

Few tears of joy were shed by the suffragists. Some wiped their eyes, but on the whole they considered it no time for weeping. The happiness was beyond that.

Great Up roar.
A motion to adjourn until tomorrow was offered, but in the uproar it is doubtful whether any member heard it.

The intention to attack the legality of ratification if the house failed to rescind its action was destroyed. The clause of the Tennessee constitution on which would be based the test is article 2, section 32. It follows:

"No convention of general assembly shall not act on any amendment to the constitution of the United States proposed by congress, unless such convention or general assembly shall have been elected after such an amendment is proposed."

The Tennessee legislature was elected in November, 1918, and the suffrage amendment was not submitted until months afterwards.

The supreme court of the United States, in deciding a case originating in Ohio, held valid a clause in the constitution of that state relating to referendum on amendments. Based on opinions by W. T. Frieron, solicitor general of the United States, and State Attorney General Thompson, Governor Roberts called the legislature to extra session to act on suffrage, declaring he had been assured the supreme court's ruling in the Ohio case served to nullify the article in the Tennessee constitution.

Suffrage opponents in Tennessee held that the two cases were not parallel and that the present legislative action would be in violation of the state constitution.

The Tennessee constitution provides for a constitutional convention in the event of a change in the constitution. The amendment to the constitution of the United States, which would give women the right to vote, was passed by the Tennessee legislature in 1901. The amendment was later vetoed by the governor, but it was later passed by a second legislature in 1902. The amendment was then ratified by the people in 1903.

HARDING IS TO MAKE TRIP WEST

Plans Being Made to Visit Several State Fairs in Central Portion of the Country.

MARION, Ohio.—A trip by Senator Harding to St. Paul and Minneapolis in September, to speak on agricultural issues at the state fair, is under serious consideration by the nominee and his advisers.

After a conference with Minnesota publicans and agricultural leaders, a senator said he felt strongly inclined toward acceptance. He added that should he go he did not intend to speak at any other western and northwestern state fairs to which he has been invited.

That the candidate also is thinking of the tariff issue as a feature of his campaign was revealed by him in making public a message to California regarding the fruit industry. It said the republican party would stand protective schedules to prevent injury of American interests by after-competition and Senator Harding added that he felt the tariff question was bound to come more and more to the front.

The wool situation is even more stressing than the fruit situation in California," he said.

The outcome of the Ohio primaries as discussed by Senator Harding and in the Hartford and the senator expressed satisfaction with the republican nominations.

Going to Minnesota. September 6, Labor day, was the date suggested by party leaders for Senator Harding's address in Minnesota. In choosing the setting for the agricultural speech they also are un-

derstood to have given consideration to the state fair of Iowa and those of other states. In his telegram on tariff, sent former Senator P. P. Flint, of California, Senator Harding said:

"Your telegram describing the depressed condition of the California lemon industry suggests several things. I feel an especial concern for the California fruit industries because they have given the country a splendid illustration of the beneficial results of highly organized, well-managed co-operation.

"It is especially necessary that the great industry should not be permitted to suffer because of a maladjustment of tariff rates. American markets cannot be systematically surrendered to foreign producers, however kindly we may feel toward our allies; and the conditions your industry faces are those that many others do now or will later confront unless proper protection is given in view of the extraordinary conditions in the commercial world.

"The republican policy of giving first attention to American interests, rather than to those of other countries, will insure against disaster to industries situated as in this one. To such a policy, I gladly subscribe." The nominee indicated today that he might have some comment to make soon regarding the European situation.

TO OPEN NEW CLUB HOUSE. BOISE.—Plans are being made by members of the Boise Golf club for the opening of the new clubhouse, which has been remodelled from an old stone house which stood on the property.

The old house, one of the first built in Boise, has been completely made over and has been equipped with every convenience for devotees of the Scotch game. The exact opening date has not yet been decided upon.

MEAT AND DAIRY DEPARTMENT REPORT

Twin Falls Inspection Bureau Issues Document Setting Forth Some Facts and Figures.

The meat and dairy department of the city of Twin Falls has issued a bulletin giving interesting facts relative to the work of the department.

The city ordinance on sausage manufacturing was considered, and the results are as follows: Heavy spices are used in many instances to cover inferiority in the meat content of prepared meats. Fairly common. In this manner the meat is so disguised that none but the analyst is able to detect that the ingredients have passed the useful stage as edible meats, and many times such ingredients on analysis will show a marked degree of putrefaction.

Artificial colors are also frequently used to disguise inferiority so it is a safe rule to avoid the extra heavily spiced and artificially colored product in selecting prepared meats.

2. An addition of cereal content to sausage enables the maker to incorporate larger quantities of water as the starch content is 12.5 per cent and allows the ground meat to take up and hold for a length of time excessive water. This not only gives a lesser intrinsic value to a product offered for sale at a meat price, but lessens greatly the keeping quality of the sausage.

An average analysis of a tip-top Frankfurt would show about as follows:

Water	42.1 pct.
Fat	29.8 pct.
Protein	11.7 pct.
Carbohydrates	2.2 pct.
Ash, not over	3.7 pct.
A. Watermarked from poor quality beef 80 per cent and pork 20 per cent, would show the following content if not adulterated with water and cereal:	
Water	64.0 pct.
Fat	18.6 pct.
Protein	19.5 pct.
Ash	.9 pct.

The suitable portion of chuck meat runs sometimes as high as 20 per cent protein, while lean ribs run as low as 9 per cent fat.

3. A large krillie content should be looked upon with disfavor in a sausage, as this feature indicates that the excessive starch and water content is used in order to disguise the meat, lip, ear and tendon content.

Not All Healthful. It is well to remember that not all prepared meats that taste good, smell good, and look good, are healthful. A positive action, such as a headache, a numbness or a headache as a sequent to a meal of such meat indicates the beginning of decay in the meat and in many cases, leads to serious illness from poisoning.

Sausage containing 2 per cent or less of cereal should be branded with indelible ink, "Sausage, Cereal Added."

Sausage containing between two per cent and five per cent of cereal should be branded "Sausage, Water and Cereal."

No sausage should contain more than five per cent of cereal and be termed sausage.

Sausage containing two per cent cereal adds excessive 10 per cent water, and 5 per cent cereal adds excessive up to 20 per cent water, beyond that from a solid meat product.

The following analysis was made on local prepared sausage:

Analysis No. 1150. Future reference by number only.

Sanitary Examination.

Color	Normal
Odor	Fresh
Taste	Med. Spice
Putrefaction test	Negative

Chemical Examination.

Water content	80.3 pct.
Protein	14.6 pct.
Fat	17.3 pct.
Starch	3.4 pct.
Ash	3.4 pct.

Artificial color

Berger News

Miss Francis McGregor is home to spend her vacation.

T. I. Shaw and family have arrived here to make Berger their home.

Mr. Shaw is the new manager of the Boise Payette Lumber company.

W. W. Powell arrived home last week making the trip overland from Detroit with a new Hudson car.

T. A. Sanderson of Twin Falls was here several days last week looking after business interests.

Mrs. A. G. Ayers was shopping in Twin Falls Saturday.

Mr. and Mrs. R. Cappe of the

Knoll Mercantile company visited Mr. and Mrs. Fred Roper last Sunday.

Mr. and Mrs. Grapville Davis of Clover, visited the latter's parents, Mr. and Mrs. J. A. Young Thursday.

Mr. and Mrs. Thomas Parrott entertained at dinner Sunday Mr. and Mrs. Fred Roper and children.

Malcolm Wallace, who has been spending the summer with his aunt and uncle, Mr. and Mrs. E. L. Molin, returned to his home in Illinois Thursday. He will enter the state university Sept. 1.

J. E. Thomas and family of Twin Falls visited friends in Berger Sunday.

Mr. and Mrs. Eugene Olmstead of Genoa, Ill., who have been visiting Mr. and Mrs. J. M. Pierce several weeks, left for Coeur d'Alene, Idaho, for a short visit before returning to their home in Illinois.

Alma Lillian and Francis McGregor visited friends in Hollister Monday.

Mrs. C. Stansbury of Twin Falls visited Mrs. M. Z. Stansbury several days this week.

Mrs. A. B. Dobbs visited her daughter, Mrs. Alfred Barrett Monday.

Court Notes.

The trial of John T. Claugon, charged with battery, was set for Monday by Judge G. P. Duvall, probate court. Claugon was arraigned on a complaint entered by Stanley L. Thomas and yesterday "pleaded" guilty to the charge.

Erto Barnett was arrested in Buhl yesterday, charged with stealing two suitcases of clothes valued at \$300. Barnett was placed in jail to await his preliminary trial.

According to reports, Barnett and another fellow were rooming together at a hotel in Buhl, and when the former left to accept a position in that vicinity he took property with him. He claiming that he took it from the hotel in order to take care of the clothes and other things contained in the suitcases.

The arrest was made by Deputy Sheriff E. R. Sherman, who brought the prisoner with him from Buhl.

Suit was brought by Tom Koto to recover \$465.34 and interest from William G. Reed. The case has to do with an agreement made between the two parties in connection with the construction of the building at Main avenue, located on lots 19 and 20, block 88.

In the case of R. L. Newberry vs. Oregon Short Line Railroad company, involving a suit for personal and property damage alleged to have been sustained through the carelessness of the company's agents, the defendant has applied to the district court for an order of removal of the case. The company's representatives urge that the case be sent to the United States district court at Boise. The plaintiff alleges that when he was struck by a train at a crossing near Eden he sustained personal injuries and that damage was done to his car to the extent of \$400.

FLYING FIELD DEDICATED. ELKO, Nev.—"Rickenbacker Flying Field," named in honor of Captain Eddie Rickenbacker, famous American ace, was formally dedicated here recently when the first blaking machine airplane in which Captain Rickenbacker was a passenger arrived en route west. Several suggestions as to improvements were suggested by the visiting aviators and work has been started on the change.

ROBINSON'S

WORTH BEARING IN MIND

That we are now in the last days of this big Closing Out Sale.

That at no time in the past two years has dependable merchandise been sold as cheap as it is being sold here at this time.

That you can buy goods here at retail at lower prices than merchants are paying for the same kind of goods for the coming Fall season.

That we are selling more goods in this dull Summer month of August (with less than half a stock) than we have ever sold in a cold Fall month.

That lots and lots of people—yes, lots of them—are buying Blankets, Sweaters, Underwear and other cold weather goods in quantities.

That there will be no goods here for you to buy unless you come soon. This is not a warning, just stating a fact.

My suggestion is to come soon. Buy freely of the things you will need. Don't wait or you will be sorry later.

Edward Robinson

Make Up Your Mind Today to Save \$10 a Month

It is not difficult to save \$10 a month. Yet this amount invested each month for ten months makes you the owner of a one-hundred-dollar share of Idaho Power Company Preferred Stock, and lays the foundation of a permanent income.

Idaho Power Company Preferred Stock PAYS 7 Per Cent

As you look over the rich and growing territory served by this company, as you think of its 31,000 customers all demanding power; you can't question the safety of this investment.

Never since the organization of the Idaho Power Company, has the interest paid on preferred stock been less than 7 per cent a year.

You can buy this stock for \$100 a share, cash down; or you can buy it on the ten payment plan. And even while you are paying for the stock, you receive 6 per cent interest on all partial payments.

"Too Much Johnson"

It blows the roof from a happy (?) home and bares the wiles of the well known "worm called man."—Pure delight for the ladies—Let HIM come if he dares!—A picture for laughing purposes only.

ARE YOU ASLEEP?

DO YOU KNOW that the Chronicle will, in a few short weeks, give away absolutely free the handsomest and most costly collection of prizes ever offered in Idaho—to be given away without a cent of cost simply as a reward for ambition and a little pleasant, easy effort?

DO YOU REALIZE that the grand capital prizes in this election—6 brand new 5-passenger touring cars, worth \$2,100, \$2,000, \$1,945, \$1,945, \$1,750, \$1,630, respectively, each, represent more than the average head of a family earns in a year's time and more than most people save in a lifetime?

COULD YOU USE one of the purses of \$500 in gold—or one of the four \$250 bags? Or, wouldn't a little pin money—thirty per cent commission on every dollar you collect, if you fail to win one of the grand prizes, come in handy?

CAN YOU IMAGINE an easier, quicker or more pleasant way to secure a nucleus for a home, a vacation trip or a start in business—than through the offer this newspaper is making?

THERE'S NO DENYING the fact that any one of the above mentioned prizes would be a source of pleasure and profit, and especially so when acquired solely through your spare time and effort, without one penny of cost.

DO YOU WANT one of the splendid Touring Cars or a big bag of gold, at the expense of the Twin Falls Chronicle, or would you prefer it to be in cash—green backs, good old coin—of-the-realm?

DO YOU WANT one of these grand prizes? Well, you can have any prize in the list if you will but grasp the opportunity and take immediate action, and you can do it in just a few days of your spare time.

The Twin Falls Chronicle and The Buhl Republican are now being read by hundreds of people in Twin Falls county and surrounding territory, but there is no such thing as "good enough"; continual growth and expansion is wanted. To make this growth possible, the participation of live, energetic men and women (married or single) is necessary. And, in order to obtain the desired interest in this campaign, the most elaborate list of prizes ever offered by any newspaper in this section of the state has been made ready for distribution among those who participate most heartily.

Here is an opportunity, surely, for the man or woman who looks at a thing from a business standpoint and who arrives at a conclusion as to its merits by the way it appeals to them as a business proposition. Some six persons will earn over \$300.00 a week during the next six weeks! How's that for a business proposition?

CAMPAIGN JUST STARTING

The competition, which is just starting, is now open to any reputable man, woman or child in Twin Falls, Twin Falls county and surrounding territory. All that is necessary to enter the race is to clip the free nomination coupon appearing in this paper, fill in your name and address and mail or bring it to the Campaign Department of the Chronicle, Twin Falls, Idaho. This coupon entitles you to 5,000 FREE VOTES and gives you a quick, flying start toward success.

Upon Receipt of the Nomination Coupon, Detailed Information, together with a Free Working-Outfit, will be sent and a representative will call and lend further assistance.

ARE THE SCHOOLS READY?

The vacation period is more than half over. Only a few weeks remain before the children will be gathered together for study once more. Are the schools ready?

Have the buildings been cleaned up and put in proper repair? Is there fuel enough? Are there teachers enough? And if not, what is being done about it? Teachers cannot live on chalk and text-books, popular superstition to the contrary notwithstanding. They have to have food and clothes and a place where they may lay their heads. And these things must be provided, through salaries of living dimensions, by the taxpayers. If the taxpayers fail in their duty, the children of the district are going to grow up without the schooling, which, as American children, is their birthright.

Here is another point. Are school diseases going to be permitted to ravage the homes this winter as usual, simply because teachers allow children with running noses to remain in the schoolroom with other children? Measles, whooping cough, scarlet fever, infantile paralysis, as well as flu, all begin with what is referred to as "nothing but a cold." Old fashioned parents may rail at the foolishness of it, but the health of the whole community will be immensely conserved and benefited if every cold is considered as a communicable disease. No school should open without a definite order from the authorities to this effect.

Parents also have a duty, before school begins. Each child should be taken to the dentist for whatever work may be necessary, and should be looked over by the family or school physician with special reference to bad tonsils, adenoids and defects of vision. Here, more than in any other department of life, an ounce of prevention is worth a pound of cure.

It is not necessary that there be a bad epidemic of any kind this year, nor that children fail to pass because they were kept out of school by physical defects that might easily have been remedied in August.

A LITTLE VACATION.

Summer is on the wane; schools will soon be open, and any vacation schemes which have not been accomplished must be gone about without delay, or before it seems possible fall will be here, with its inevitable return to the steady grind.

It is late for the defrauded or neglectful vacationist to plan for an extensive trip, but not too late for taking shorter trips, out into the country nearer home. There is as much food for pleasant experience, for new and refreshing thoughts, in these nearer beauty spots as in the highly advertised resorts far away. It is the newness that counts, not the size or distance or cost.

A summer in Europe or in one of the great national parks is a fine thing. But two hours a day, or two days a week, or two weeks altogether, spent under the trees or along the streams near home, are not so bad, and he who missed the big outing will find healing to mind, body and spirit in the little trip. After all, half a loaf is better than no vacation.

SIGHT-SEEING.

Sight-seeing is apt to be a very routine business. Visitors to our big cities follow the prescribed lines, taking in hastily the biggest or the oldest buildings, the largest industrial plants, the most famous amusement places and a monument or two. Then they go home believing they have "seen" the city, but really knowing little of its actual life.

A far western editor recently visited Chicago for the purpose of learning something about that thriving city. In his own words he "shied on the board of trade," "sought no statistics of exports of lake tonnage, of manufactures," "declined invitations to see the

stockyards." Those outward signs of prosperity he was willing to take for granted. By a method all his own he sought deeper for evidence that this material prosperity was actually reflected in the lives of the city's inhabitants.

He explored parks and children's playgrounds. He sought out schools of art and music not found in the guide book. He learned all he could about the city-planning movement. He found a great deal that was good and full of promise of further progress. He came away believing that Chicago was truly prospering in intellectual and moral development as well as in material affairs.

If this editor returns to his own community and begins to exert his influence to insure to his fellow-citizens the fullest, richest community life, he will have facts with which to illustrate his proposals. But regardless of whether he intends to use his Chicago experiences as a background for public service at home, he probably enjoyed his visit more and came nearer to getting acquainted with the middlewestern metropolis than most other visitors. He has pointed out to other tourists a finer kind of sight-seeing than usual, and a kind which should have beneficial results both for the communities so visited and for the back-home communities to which the visitors return.

SALVAGE.

An interesting point in the general question of salvage is the fact that the city of Toronto, Ont., is planning to buy metal compressing machines which will compress into bundles all the tin cans now thrown on city dumps. Intended in the first place as sanitary devices, it is believed that the compressors will not only pay for themselves but provide an income for the city in excess of the cost of operation.

It leads to the general question, "What is waste?" If old tin cans can be salvaged and the material in them put to new uses, if garbage can be "reduced," producing usable materials, if old rubber, old paper, old lumber, old everything can be made to perform a service, is there any such thing as real waste?

Apparently there isn't. The only trouble is in getting the stuff which is waste in its present form into the place where it becomes raw material for something else.

During the war the army and Red Cross salvaged just about everything. Old bits of metal, junk of every kind, went into the sorting houses and from there to the place where it would do the most good. Much of the waste of war was thus nullified.

Why cannot cities, big and little, take over such work? Most communities collect ashes and garbage at the present time, but the majority consider such collection an expense rather than a revenue-producing business. Yet the junk men who sort over the rubbish on city dumps make good livings thereby. Some of them acquire fortunes.

If a city collects garbage as a sanitary measure, why should it not look into the matter of making this collection pay? And when it finds that other cities do make it pay, why does it not add the function of collecting trash as well?

It is not the business of the schools to take on collection of papers and old rubber, or of the junk man, nor even of the charitable society. It would seem to be a municipal function to get rubbish out of houses, and to turn it over to a general salvage organization which, with its paper balers and tin can compressors and what not, should serve as a clearing house for getting the matter into its proper place again.

Rubbish collections at regular intervals, moreover, would help to keep down fires.

WINNERS AND LOSERS.

Men versed in the ways of finance have been puzzled to account for the profits made by Charles Ponzi, the Boston "wizard." But one thing they have all been sure of. Somebody was losing that money.

It was a safe supposition from the first. And it is a safe proposition in every case where somebody comes forward with a spectacular get-rich-quick proposal. Attention at first is directed only at the winners—the promoters, and those whom they graciously permit to share their big profits. But eventually the other side of the story is revealed, and it is found that for every dollar easily gained by somebody there was a dollar, or more than a dollar, lost by somebody else.

FALL FESTIVAL IS TO BE GREAT AFFAIR

American Legion and General Public Are Working Hard to Hand for Success of Enterprise.

Indications are that the Fall Festival to be put on in Twin Falls in October will be a mammoth day and night affair, largely the work of home talent, with booths and music and a large attendance. This seemed to be the consensus of opinion at the meeting last night, although later developments may alter this arrangement.

Plans were crystallized at the meeting of the committee in charge at the chamber of commerce rooms last night. It was decided that the legion executive committee should have charge of the arrangements and that a meeting of the main committee of the festival be held this coming Wednesday. The legion committee will meet Monday night.

The reports of the various committees, appointed at the last meeting were heard. The committee on a place and date for the festival, the action of the American Legion in appointing the committee which had extensive powers to take charge of the presentation.

It was estimated that it would involve an initial cost varying from \$500 to \$1,500 to put the event across, but after discussing the probability of having to incur large financial obligations was thought negligible.

Home for the Legion. One of the most important points of the meeting, it was said, was the definition of exactly what this drive is for. It was decided that the project was to further the construction of a home for the American Legion, which would serve to serve the capacity of a community building. The American Legion would have control of it, but the understanding expressed was that it would provide also a place for community meetings.

Talk then turned to the features of the proposed festival. A carnival suggested met with the argument that previous experience of legion points in other parts of the state was that the persons connected with such an event were able to frame things in such a manner that they got the money and the post got the experience. The consensus of opinion, recognizing the possibility of carnivals, favored the proposition with improved professional help only insofar as it was needed.

The plans discussed in advisory manner were that the lion of the former Red Cross production be followed, essentially. The construction of booths in the park and on Shoshone street were agreed upon, and that they be for the purpose of selling many things. The confetti sale is to be handled by the Henry V. Walling circle of the G. A. R.

It was argued that as many legion men be drafted into the work as possible and that every legion man in charge of the booths should be in uniform. It was generally agreed that the act of putting on a parade in uniform was not feasible.

Organization Work.

Organization work will be begun today and it is the plan to ask every organization, every lodge and every club in the city to help in the plan over. It was suggested that the stores be asked to close on that day, the date to be set soon and that each store establish a booth occupied by clerks with order books to take care of orders and to take the profits of these sales to the building fund. Mr. Wight, secretary of the chamber of commerce was asked to confer with the merchant's committee of the chamber of commerce in regard to this matter.

Careful consideration was given to the school children and to every other organization, and it is planned that the date set shall be the best for everybody. It is planned to attempt to have school dismissed for that one day, so that the school children may take part in the festival. Athletics, music and amusements will be arranged for as soon as plans are under way. It is planned to ask neighboring posts to co-operate with the local post.

SUFFRAGE VICTORY IS TO BE TESTED

Continued From Page One.

hoes were present today and the alignment, until a vote on concurrence was taken was a tie, each faction polling 48 votes on a motion by Mr. Walker to take the resolution.

O the ballot for concurrence the lineup was 49 to 47, until the speaker changed his vote. This apparently would give suffragists an advantage of only two votes, but their leaders dared tonight that members in favor of suffrage, who were absent today, would arrive probably tomorrow.

The motion to reconsider may be carried by a majority vote of the members present and since Mr. Walker

tion, suffragists planned to be on hand in full, for force the next two days.

Suffrage leaders said they expected no defections, but on a previous vote, while opposition leaders were waiting an active campaign to increase their strength.

Walker Causes Trouble.

The end came suddenly and there was no indication a vote was imminent, when Speaker Walker, called Representative Overton to the chair and took the floor to reply to a suffragist who has charged special interest were at work to defeat ratification.

"The battle has been won and the measure has been defeated, Mr. Walker said. 'I resent the iniquitous remarks that special interests are here alone against this measure. I resent this on behalf of the womanhood that is for and against suffrage. It moves that this measure go where it belongs, to the table.'"

Instantly the chamber was in uproar. Suffragists clamored for recalculation while a chorus of "second the motion," came from the anti-suffrage ranks. Mr. Overton, however, refused to recalcify anyone and ordered the roll called. The result was in doubt on unofficial tallies. An appeal to the clerk developed that his tally also showed a tie, 48 to 48. Pandemonium reigned. Members crowded around the speaker's stand, many demanding another roll call.

Mr. Overton, who occupied the chair during the remainder of the session, ordered a second roll call, which showed a tie of 48 to 48, and the speaker declared the motion lost for want of a majority.

Instantly anti-suffragists demanded a vote on the original motion. The vote was on partisan lines, but when the name of Representative T. Burn, republican, was called, he voted "aye." The opposition then conceded defeat, for Mr. Burn had voted with them to table the resolution and his change gave suffragists the needed majority.

The stand of other members was unchanged until the name of Representative H. P. Turner, democrat, was reached and he passed. Instantly there was a shout of satisfaction from the anti. He had voted against the motion to table and his failure to vote again balanced opposing forces, but just at the end of the roll call, he requested the clerk to record him as voting "aye." Mr. Turner said he voted "aye," Mr. Turner had said repeatedly he would neither vote for nor against, ratification unless it was evident his vote was needed, but in that event would vote for the amendment.

a stormy movement among the workers. Great Britain also is passing through an unheard display of excitement among her workers, in connection with the peace negotiations between Russia and Poland. "On General Wrangel's front we are opening the gates to our enemies, but we shall assault them in the flank and rear. The fate of the revolution will be decided on the Polish front. This is why we have concentrated our forces in the west and are only leaving posts on the southern front to hold up Wrangel's advance."

WORLD'S RECORDS BROKEN IN OLYMPIC

110 Meter Hurdles Is Won By Canadian, Former Dartmouth Star—Belgians Ignore Events.

ANTWERP, Aug. 18.—The breaking of one world's record—the 110 meters hurdles—which had stood for 12 years and the scoring of points by ten nations in four final events were features of the fourth day in the track and field sports in the Olympic games today.

The record was made by Earl Thomson, representing Canada. He was a former Dartmouth college star, and the American athletes claim some credit for his prowess. Thomson went over the hurdles in 14.4 seconds, the old record, both Olympic and world's was 15 seconds. F. Smith, United States, in the Olympic games in London in 1908. H. Barron, of the Meadowbrook club, Philadelphia, who was second, and Fred S. Murray, of the New York A. C., were the runners who forced Thomson to extend himself. Thomson was an example of the perfect hurdler today, with a stride over the hurdles fully 10 feet apart in the last 50 yards where he gained ground in his greatest leg.

Three Second Places.
While Italy, Canada, Finland and Sweden won all four places today, the consistent performances of the Americans gained them three second places, two thirds, two fourths, one fifth and one sixth—a total of 11 points. Sweden came next with 15 and Finland third with 12. These three nations now are leading in the point honors, with England fourth.

Notwithstanding the brilliant athletic performances, the Olympic games are failing to attract many Belgians. As a result, the governors are bitterly disappointed. They point out that the bulk of the spectators are Anglo-Saxons. Aside from the consistency of the Americans, there was nothing especially noteworthy in today's performances. The shut-out of Americans from first places were decisive. In the 110 meters hurdles, Thomson led Barron by two yards. Also in the shot-put the defeat was noticeable. P. J. McDonald, of the New York A. C. champion in the Stockholm games of 1912 was able to get no better than fourth and that was obtained with a put made in the elimination trials Tuesday.

The loss of Sol Butler, due to a pulled tendon, prevented the Americans from making a better showing in the 100 meter sprint, while the victory of William Plant to start in the 10,000 meters walk owing to a strain, cost America one of her best walkers. The mile runners did exceedingly in the trials of the 1,000 meter run. Three out of four qualified. Joe Ray of the Illinois academy, though slowed up by a weak tendon, proved the best of the Americans, leading a fast field most all the way and winning his heat impressively.

TOTAL SCORES.
ANTWERP, Aug. 18.—The total scores in the athletic events—track and field—after today's events in the stadium follows: United States, 101 points; Finland, 49; Sweden, 24; England, 24; France, 11; South Africa, 11; Italy, 10; Canada, 9; Norway, 6; New Zealand, 3; Estonia 3. These figures represent the scoring in the finals of eleven contests since Sunday.

KNIGHTS OF COLUMBUS VISIT BATTLE GROUND

CHATEAU THIERRY, France, Aug. 17.—General Mangin, who commanded French and American forces which launched the great counter attack against the Germans between Bolson and Chateau Thierry in July, 1918, today guided the visiting Knights of Columbus delegates over the battlefields.

Madame Jusserand, wife of the French ambassador to the United States, and Captain Marcel Knecht, once a member of the French national militia, in the United States, interpreted the remarks of General Mangin who described the progress of the battles.

Extolling American efforts in this sector, General Mangin is at attack, attack, keep on attacking, that is what the Americans did, and that is how the war was won.

The Knights were received by local officials. Then they placed a wreath on the American cemetery in Belleau Wood. When they returned from the cemetery the mayor presented them with an engraved stone from the bridge defended by the Americans at Chateau Thierry which is to be given to the American Legion in the United States.

Later in the afternoon, General Mangin took the delegation to the Bolson region. The delegation consisted of French military and naval attaches accompanied the party throughout the day.

WASHINGTON, Aug. 18.—The wheat market today was quiet. The price of No. 1 hard winter wheat was 1.35 a bushel, up from 1.34 a bushel. No. 2 hard winter wheat was 1.34 a bushel, up from 1.33 a bushel. No. 3 hard winter wheat was 1.33 a bushel, up from 1.32 a bushel.

Detroit	42	70	.376
Philadelphia	36	76	.316

NEW YORK, Aug. 18.—Pipp's home run in the ninth enabled New York to defeat Cleveland, 4 to 2. Fowler, running for Lewis, scored ahead of Pipp. The latter's hit went to the fence in right center. For seven innings the game was a pitching duel between Dagby and Quinn, the latter retiring in the seventh, to permit Menzel to bat.

R. H. E.
Score: 3 5 0
New York 4 9 1
Batteries: Dagby and O'Neill; Quinn, Collins and Ruel.

MYERS DOES WELL.
DOSTON, Aug. 18.—Myers pitched his first home game today for Boston and defeated Detroit 6 to 5 in the eleventh inning when McNally scored on second base on the pitcher's inside single.

R. H. E.
Score: 5 8 2
Boston 6 12 4
Batteries: Myers and Stange; Myers and Schang.

ST. LOUIS HAMMERS' HAND.
WASHINGTON, Aug. 18.—St. Louis hammered Shaw and Acosta for 17 hits today and defeated Washington 13 to 2. Slaton and Jacobson were the batting leaders. Shocker held the locals safe.

R. H. E.
Score: 13 17 0
Washington 2 10 1
Batteries: Shocker and Severoli; Shaw, Acosta and Oharity.

CHICAGO LOSES GAME.
PHILADELPHIA, Aug. 18.—Rommel scattered Chicago's five hits today and the pennant contenders lost the first game of their last series of the season here, 1 to 0. Dugan's long double drove home the only run of the game.

R. H. E.
Score: 0 5 0
Chicago 0 6 0
Philadelphia 1 7 0
Batteries: Williams, Wilkinson and Schalk; Rommel and Perkins.

EXHIBITION GAME.
DETROIT, Aug. 18.—The Brooklyn Nationals defeated the Triangles, a local independent club in an exhibition game, 1 to 0.

R. H. E.
Score: 1 5 1
Brooklyn 1 5 1
Triangles 0 6 4
Batteries: Miljus, Mohart, Krupar and Taylor; Louke and Hering.

ROSE IS BARRED.
BOISE.—Roy Rose, bantamweight boxer, has been barred by the state athletic commission from taking part in any athletic or boxing contests in Idaho because of his refusal to fight Art Drueger of Salt Lake here recently in violation of a contract he had made with a boxing club.

Commissioner Thomas J. Sherlock of the Idaho commission has announced he will request the athletic commissions of California and Oregon to bar Rose from boxing in those states also. Last year, for a similar offense, "Bickley" King was barred from athletic activity in this state.

GLOOM IS APPARENT AMONG THE PLAYERS

Deaths of Chapman Causes Depression As Battle for Pennant Is Resumed in League.

NEW YORK, Aug. 18.—The gloom cast over baseball by the death of Ray Chapman, shortstop of the Cleveland team, was apparent today when the Indians and New York Yankees resumed their battle for leadership of American league. Chapman's death was more deeply impressed upon spectators by the flag at the pole grounds flying at half mast and the bands of mourning worn on the left sleeves of the players. The fans paid tribute to Chapman's memory by applauding Lunte, his successor, when he came to the bat.

There was much curiosity during the preliminary games as to whether or not Chapman's death would affect the game. Chapman's death was not in uniform and it was said he was not at the grounds. New York players could not venture to guess as to when Mayes would again appear.

Although the game was closely contested, there was not the same enthusiasm exhibited as at previous games. There were flashes of clever fielding but the players seemed to lack the pep and spirit that might be expected from clubs fighting for the leadership. The attendance was about 15,000, the smallest at New York-Cleveland contest since the race began.

Termination of the game—Pipp's home run that brought victory to the Yankees—awoke the fans and the game was accorded the usual demonstration.

HEAVY PROGRAM FOR HARDING IN SEPTEMBER

By the Associated Press.
MARION, O., Aug. 18.—Labor, the league of nations, agricultural issues and the tariff are to be headlines of Senator Harding's campaign during early September, under a program revealed today in connection with announcement of plans for his first speech outside of Ohio.

The labor address will be delivered Labor day, Sept. 6, probably from the front porch. Agriculture and the league are to be discussed Sept. 8 at the Minnesota state fair. En route to St. Paul and Minneapolis, Senator Harding said, no other speeches would be made and that his decision to go was not a modification of his front porch program.

The nominee today made plain his purpose to emphasize the tariff as his campaign develops. He said he expected to see a "lot of shouting" about the tariff, and that he would advocate a protective schedule worked out by congress in co-operation with the tariff commission.

To Take It Easy.
Senator Harding plans to make his trip in leisurely fashion, leaving here Sept. 6 and stopping en route for political conferences. He will have an ordinary sleeping car for himself and party.

He said his acceptance of the Minnesota invitation would preclude any possibility of his going to other western fairs and added that it had been under consideration since the second day after he was nominated.

While this speech is to be devoted primarily to agriculture, he expects to include an elaboration of the foreign policy he announced in his speech of acceptance. It is believed he will take note of the recent democratic utterances on the league of nations and in reply will carry a step further his proposal for peace by

resolution and for an international association not impairing American independence.

Senator Harding today expressed the opinion that the tariff commission "is not functioning" to its full possibilities and said he believed it could be made an important help in framing "a tariff which protects American interests."

"The tariff will be an issue," he said. "How can it be otherwise? Europe is bound to make every possible effort to rehabilitate her trade. There is only one way she can do this. We are the best buyers. America is the chief nation that offers attractive markets, outside of Japan and Spain."

Most of this morning, Senator Harding spent in conference with former Senator John W. Weeks, of Massachusetts, member of the campaign committee.

PONY AT MASTER'S SIDE

RENO, Nevada.—Although he had thrown his rider and kicked him to death, the cow pony ridden by T. R. Judson, employee of the Spanish ranch near Reno, Nevada, stood for days by the side of his dead master, and when found was weak and tottering from want of food and water. Judson had left the ranch for a ride and it is presumed the pony's foot became entangled in a wire and the rider thrown. There he had kicked Judson in the head, killing him instantly.

When Judson did not return to the ranch for several days a party was sent out to look for him. They found the horse not 10 feet away from the body, the bridge reins dangling to the ground. Western horses are broken so that when the reins dangle the horse will stay in one spot as safely and securely as when tied.

DISTRIBUTE HONORS IN THE OLYMPIAD

Athletic Advancements Is Shown in Wide Distribution of Honors—Americans Have Hard Luck.

OLYMPIC STADIUM ANTWERP, Aug. 17.—Athletic advancements demonstrated today by the wide distribution of honors in the third day's contests in the seventh Olympiad. For the first time, American athletes failed to win one of the six gold scoring places when all four qualified for the 5,000-meter race failed to finish. In all the other finals and qualifying rounds, however, the Americans were placed in several cases against sensational performances against strong competition.

R. W. Landon of the New York A. C. won the high jump with a new Olympic record of 1.93.1.3 meters, although it was announced he has made 1.94 meters until a sag of the bar was remeasured. Three other Americans placed.

In the eliminations for finals in the shot put and broad jump, two Americans qualified in each, although hard luck interrupted with their performance in the latter event. The shot putters, misunderstanding French officials, put the shot a long time before discovering it was just a warm-up and later some of them did not do so well as in the practice.

In the broad jump the negro, Sol Butler of Dubuque college, American record holder, pulled a tendon in his second jump and could not qualify. These Americans also qualified in the 110-meter hurdles.

The most sensational performance was that of the half mile result in the

800-meter final which saw victory of the Chicago A. C. almost won by a margin of 1. Scott U. S. A. and A. B. Apple of the Los Angeles A. C. finished fourth and fifth, respectively, while a. Ghill of England won by a yard, due partly to the fact that they were watching the expected winner of the race, Rudd, who faltered at the tape, while Hill slipped through unobserved.

Americans admitted Rudd was not quite in his best form, although he was down to the finish, collapsing as he crossed the line. Campbell of Yale, and Apple's most sensational swimmer, the latter's reputation was serious after minutes of a terrible and heart spasms but he was all right later.

The American tug of war team was pulled up by the English team but had a chance for re-entry in case England wins, under the rule which permits defeated by the winner to contest for second place.

SANTOLI DEFEATS LONDES.
SAN FRANCISCO.—"Aunt" Sarah Santoli, champion of the light heavyweight wrestling championship of the world, defeated Jim Londey by straight falls here last night. Santoli got the first fall in two hours, 27 minutes, 35 seconds, and second in 12 minutes, 15 seconds, both with an arm scissors hold.

VALUABLE DAIRY COWS.
SALT LAKE CITY.—Utah dairy cows produced \$720,000 last year or nearly \$80 a cow, according to a report made public here by J. B. Dorman, head of the local office of the dairy division, department of agriculture. Dorman estimates there are 100,000 cows in the state. Milk production this year, Mr. Dorman estimates, will be 436,000,000 pounds and the value of the product, \$225,000 higher than that of last year.

Our Fall Showing of Wool Sweaters

A Charming and Colorful Display

There are scores of occasions on which a sweater is the most appropriate outer garment you can possibly wear. You'll never begrudge the small amount of money you spend for one of these cozy, convenient, practical affairs of wool in the cheery shades which prevail for Fall. Slip-over and regular coat-styles—these are but a few of the many features of the new styles presented for your inspection and approval.

Many Pretty Styles Offer

You're missing a great treat if you do not see this display of new Fall sweaters. It is undeniably one of the best we have offered in years. It has always been our endeavor to show the new styles first and we're therefore offering this collection of sweaters in which are represented the latest productions of leading manufacturers. Here are sweaters that faithfully reflect the favored Fall and Winter fashion-features.

When a mere coat is not sufficient protection against the cold and piercing winds of Winter, a sweater worn beneath it gives it the additional warmth necessary to comfort. Tren, too, on days when a heavy coat is burdensome a sweater is just the wrap needed. Here are good sweaters in all styles and sizes. Knit of fine quality woolen yarns in every wanted color. They're well worth the moderate prices we ask.

You Must See this Wonderful Collection

We herewith extend to you a most cordial invitation to this Fall showing of sweaters. It is a most important display because it is in every sense of the word a style exhibition, featuring all the finest Fall sweater fashions in very generous assortments.

Grain

GRAIN
By the Associated Press.
CHICAGO, Aug. 18.—Grain trade displayed considerable strength at the start today, but about mid-morning, the market reacted and prices declined from the day's final.
Wheat closed at net gain of 1-4 to 1-2 cent with March 2-4 3-4, corn, was 1-2 to 3-4 below yesterday's final. Oats were off 3-4 to 1-2, while provisions were almost at a standstill.
Wheat showed much firmness with buying by cash buyers, while there was some covering by shorts. There was little pressure and export business.
Corn early showed strength along with wheat but prices did not hold, the break occurring when scattered rain was reported in Kansas and Nebraska and the buying power dropped off.
Oats moved in sympathy with corn the bulk of trade being light in volume.
Provisions were easier with grain and hogs and averaged lower with trade limited.

THEY GET ENOUGH WAGES.

OMAHA, Neb., Aug. 18.—The Nebraska railway commission today declined to increase wages of Omaha street car men. The commission held present compensation was sufficient to attract enough men to maintain efficient service and that an increase would make higher wages necessary. At present motormen and conductors receive from \$2 to \$3 cents per hour for the first year, and 57 cents thereafter.

ALIAS SUMMONS.

In the District Court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls.
Frank Caudill, plaintiff, vs. J. G. Zollman and Jennie Doe Zollman, whose real name is unknown, husband and wife, and Frank T. Keneley and Gertrude Amy Keneley, husband and wife, defendants.
The State of Idaho sends greeting to J. G. Zollman and Jennie Doe Zollman, whose real names have been ascertained to be Dora W. Zollman, husband and wife, and Frank T. Keneley and Gertrude Amy Keneley, husband and wife, the above named defendants.

You are hereby notified that a complaint has been filed against you in the district court of the Fourth Judicial District of the State of Idaho in and for Twin Falls county, by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within said judicial district, and within thirty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

The said action is brought to foreclose a certain mortgage held by the plaintiff, Frank Caudill, of date August 17, 1916, given upon lots 13, 14, 15 and 16, in block 145, city of Twin Falls, Idaho, excepts portion of lots 15 and 16 fronting thirty-five (35) feet on Second (2nd) street west and 100 feet on Fifth (5th) avenue west at the southeast corner of said block 145; and said plaintiff is demanding judgment for the principal sum of Two Thousand dollars (\$2,000.00), with interest thereon at the rate of 10 per cent per annum from October 27, 1916, and for attorney fees in the sum of Three Hundred dollars (\$300.00), and costs of suit and that a decree be entered ordering the sale of the premises herein described for the purpose of satisfying the amount of judgment so obtained.

Witness my hand and seal of said district court this 27th day of July, 1920.
SEAL C. C. BIGGINS, Clerk.

Frank L. Stephan, Attorney for Plaintiff, residence and office, Twin Falls, Idaho.

July 25 Aug. 4-14-20-27-Sept. 1.

NOTICE

To the Stockholders of the Twin Falls Canal Company:
Owing to the necessity of transferring the stock ledger it will be impossible for the office force of the Twin Falls Canal Company to send out statements to each stockholder for the maintenance charge due September 1, 1920.
For this reason we are publishing this notice to the stockholders, so that they may be advised that the payment of \$1.00 per acre will be due September 1st, together with 10c per acre as a special assessment, the notice of which appears elsewhere.
The board of directors earnestly request the stockholders to make prompt payment of those charges, so that the obligation of the company may be promptly met.
