

REPUBLICANS HAVE GREAT CAMPAIGN FUND, DECLARES THE DEMOCRAT CANDIDATE

Fifteen Millions Already Subscribed and Sky Is Said to Be the Limit.

BUCKEYES HAVE DONATED TO IMMENSE SLUSH FUND

Raised Campaign Treasure in Twinkling of an Eye; Money to Be Used to Help the Big Interests Is Claim.

SOUTH BEND, Ind., Aug. 19.—Charges that at least \$15,000,000 are being contributed to the republican campaign fund by selfish interests were made today by Governor Cox in two addresses opening the Indiana democratic campaign.

"That is its low mark," he said, "and the sky is apparently the limit. In Ohio \$600,000 was raised in the twinkling of an eye. They have subdivided America into seven districts and influential men representing selfish and greedy interests are passing the hat. They are trying to buy a governmental under-throat—it is a more bagatelle thing what the contributors expect to get back."

Plans for the league of nations, denunciation of what he said was the republican plan for a separate peace with Germany, promises of tax reductions, and problems of the high cost of living were other features of the addresses. In South Bend today on the court house square, attended a banquet of the Indiana Democratic Editorial association and tonight addressed another large public meeting.

With republican campaign funds, a special object of the governor's attack, he declared Wall Street interests were planning to emasculate the federal reserve act, should the republicans win, by providing that lenders only shall be eligible to a federal reserve board membership to secure overdrafts and interest rates.

He also urged federal regulation of packers and other cold storage concerns with time limits for storage of foodstuffs.

To the editors in his audience, Governor Cox gave his views on the present situation, urging re-forestation, inveighing against a print paper commission and declaring manipulation and panic has contributed to paper shortages. He suggested federal supervision. He also took sharp exception to Senator Harding's depreciation of the disappearance of political organs. Urging an "independent press" he said Senator Harding's was a fantastic proposal suggesting control of papers by the senate oligarchy.

Will Help Maintain Peace.

Tennessee's ratification of suffrage brought from the candidate, in his advocacy of the league, the statement that war is more impossible today than yesterday.

"Thank God," he added, "the mothers of America have a voice in saying when war shall or shall not be."

Praising women as progressive, inventive and patriotic, Governor Cox continued: "Their mother instinct is going to stay the hand of war and that is sufficient to justify the cause of woman suffrage."

The league, he declared, is necessary to keep faith with the boys who died in France and also, he said involves the home happiness and the self-respect of every man, woman and child."

It is needed, he said, to reduce the cost of living by decreasing taxes for agricultural and industrial purposes, and to stabilize agriculture and industry.

Republican arguments that the league would impair American sovereignty were pronounced "moonshine" by the governor, declaring that it would impair the sovereignty of no one, so would be that of 30 other league members.

League Is Salvation.

The league of nations is the salvation of the peoples of every nation," he said.

Continued On Page Four.

FARM LOAN BOARD HAS BEEN STARTED

WASHINGTON, Aug. 19.—Organization of the co-operative farmer-borrowers of the United States as a national body including members of the four thousand farm loan associations already organized under the federal farm loan act, has been started, the national board of farm organizations announced tonight. The plan arose out of paralysis of the federal act as a result of the suit pending in the supreme court to test its constitutionality. It was said:

Local farm loan associations will be formed into "state unions" and state conventions will be called to name delegates to a national convention.

HARDING REPLIES TO HIS CRITICS

Says He Is Tired of Autocracy Holding Behind Democracy; Alleges Filibuster Saved Money.

By the Associated Press.

MARION, O., Aug. 19.—(Reaffirming his faith in "party" sponsors in government, Senator Harding said in a speech today that his democratic critics were correct in supposing that if elected he would "permit the senate to have some say in determining the policy of the government."

I want to have done with personal government. I want to put an end to autocracy reared in the name of democracy."

Saved Some Money.

The senator also referred to the senate filibuster which blocked several big appropriation bills in the last days of the democratic congress, and said that while he did not approve at the time, the developments had saved about a billion dollars by putting the supply measure over into the republican congress.

The speech was delivered from the front porch and was cheered by a delegation of members and former members of the Ohio legislature. It was the second day, a group of civil war veterans from Kenton, Ohio, having induced him to make a brief visit when they paid him a noon day visit. To them he reiterated his belief that it was for American right that the nation entered the world war and added a promise that if he were elected, the world would be no responder of American nationality.

"There have been varying opinions expressed," he said. "As to why your grandsons went into the great war. Some have said it was for democracy and some have said it was to make sure there would be no more wars. But if we went in for democracy's sake, oughtn't we to have gotten into it when it started? And if we went in to make sure there would be no more wars, should we have waited until today and then been criticized?"

The simple truth is, and it doesn't disprove the opinion of any one that we went in because American rights were threatened.

COUNTERFEITING STAMPS IS CHARGE AGAINST MEN

By the Associated Press.

SAN FRANCISCO, Aug. 19.—Earl R. Comyns, an automobile dealer, and David Sanders, a printer, were held here today for trial on a charge of conspiracy to counterfeit international revenue stamps used on bottles of spirits in government bond.

Charles F. Gelling, chief of the United States revenue bureau, here and a squad of deputies, announced they had seized 10,000 stamps and a large number of plates at Sanders' printing shop. At Comyns' home 22 cases of liquor in cases marked as "taxpayers" were found. The liquor was found to be "mostly of a compound of cherry, whiskey, sugar and water."

According to the officials, shipment of this compound to the Mexican border already had been made for sale at \$75 a case. A hearing before United States Commissioner Kull Sanders admitted making a sale for the compound.

Admits He's the Smallest Pony

Milwaukee seems to be the home of the smallest pony in the world—"Little Pony." He weighed 12 pounds at birth and was about the size of a puppy. Today, he is a month old, stands 26 inches high and weighs 25 pounds. The pony's young admirers have no trouble holding him in their arms.

FOREST FIRES ARE BECOMING FIERCE

Winds Have Caused Wave of Devastation to the Westward; Many Fires Are Beyond Control.

SAN FRANCISCO, Aug. 19.—Forest fires were worse in Montana, Idaho and California today, high winds in places nullifying the work of weeks of defensive work.

In northern Idaho and western Montana winds have spread fires beyond control of the fire fighters, officials announced. The worst is in the Selway and St. Joseph forests in Idaho and Flathead forest in Montana. The Otter creek fire in the Selway forest has covered 4,000 acres.

In California, towns in the old gold mining district in Stanislaus, Tuolumne and Calaveras counties and even as far distant as Stockton, 75 miles away, have been called upon for aid in fighting a fire that has burned more than 10,000 acres of the Stanislaus forest. This fire is threatening Vulture timber.

Another fire has swept 20,000 acres in the Lassen forest and a third is burning uncontrolled in the Klamath forest. One fire on the Shasta forest, was controlled today.

ROBBERS DO WELL

SIoux CITY, Ia., Aug. 19.—Robbers entered the A. C. Brown general merchandise store at Trequella, S. D., and the garage owned by Guy Crawford and made off with \$4,000 worth of milk and woolen goods and \$1,000 worth of automobile tires.

BOHMER 19TH COOKS RACE

NEW YORK, Aug. 19.—Sophie 19th, of Hood farm, Lowell, Mass., former champion of Jersey cow, has come back at the age of 15 years and six months with a ninth official record of 1:10.918. Her world's champion butter cow, the American Horsey, cattle club announced today.

In nine years' credited with having given 110,918 pounds of milk and 9355 pounds of butter. At an average of 1314 pounds of milk and 76 pounds of butter per year.

Sophie 19th has a clear lead of .89 pounds of butter fat over her nearest competitor, Tilly Allie, who averages 127 pounds of butter fat per year.

was stated.

POLISH FORCES CONTINUE TO ADVANCE AND THREATEN TO CUT OFF RED RETREAT

LLOYD GEORGE WILL NOT VISIT UNITED STATES

LUCERNE, Switzerland, Aug. 19.—Premier Lloyd George arrived today. To the Associated Press he said that up to the present, the only official meeting arranged was one with Signor Ciotelli, the Italian premier. This probably would take place Monday. No visit from Dr. Simon, the German chancellor or Prince Faisal, King of Syria, has been arranged, he added.

His private secretary asserted there was no truth in the report that the premier intended to visit the United States and Canada in October. He said, however, the premier hoped to make a visit next year if possible.

WALKER DECLARES FIGHT IS NOT OVER

Forty-Seven Members of Tennessee House Sign Pledge to Vote for Reconsideration.

NASHVILLE, Aug. 19.—Forty-seven members of the Tennessee house have signed a pledge to vote for reconsideration of the anti-suffrage amendment, Speaker Walker declared tonight, speaking at a mass meeting of those who are opposed to suffrage. Others will sign the pledge tomorrow he said, declaring that the ratification vote would be reconsidered.

Mr. Walker was leader of the anti-suffrage forces in the fight in the house and changed his vote to "aye" to move for reconsideration.

ANTI-POLISH BIOTS HAVE BEEN RESUMED

NASHVILLE, Aug. 19.—Failure of anti-suffrage leaders to force the Tennessee house to reconsider its action yesterday in ratifying suffrage was overshadowed in interest by the launching of a county grand jury investigation into charges that improper influences have been brought to bear on members of the legislature in consideration of the measure.

Newspapers in the Nashville Tennessean and the Nashville Banner reported that Judge C. C. Wallace, judge of the city court of Louisville, Tenn., and E. E. Murray of Nashville, alleging that an attempt has been made by a suffrage leader to bribe Representative H. T. Dunn, reported that it was a feature of the developments.

The grand jury charged by Judge J. D. B. Debow of the Davidson county criminal court before noon had summoned J. T. Echelberger of Washington, D. C., a publicity man in charge of headquarters here of the anti-ratification forces.

Judge Debow's charge was directed at alleged special interests which it has been charged have representative here working against ratification. It has been reported by some of the friends and advocates supporting the ratification, he told the jury "that forces of corruption and representatives of special interest have come into this state from beyond our borders and that lobbyist have been and are in this city invading and infesting the rooms of our state capital and the lobbies and public assembling places in our hotels, and other places in and about the city."

The grand jury charged the jury to return indictments promptly if an investigation developed that laws regarding lobbying have been violated.

French officers attached to the international commission left their headquarters and singing French songs as they marched away, which were drowned by the crowd which sang "Victorious, We Will Beat France."

LEWIS DECLARES WORK IN MINES WILL PROCEED

CLEVELAND, Aug. 19.—Officials of the United Mine Workers of America concluded their conference today after failing to reach a settlement with the bituminous coal operators of the central competitive field.

There will be no general suspension of work, John Lewis, president of the Mine Workers, declared. The whole matter can be adjusted without inconvenience to the public, he said.

At a policy meeting of the miners here today it was decided to meet the operators tomorrow in Ohio in the same spirit.

Officials here made separate suggestions for a settlement, including material wage agreements.

Reserves Advanced 60 Miles in Three Days; Make Junction With Another Army.

POLISH OFFENSIVE SAID TO BE IN FULL SWING

More Than 10,000 Prisoners Have Been Taken Together With Cannon, Machine Guns and Army Supplies.

By the Associated Press.

PARIS, Aug. 19.—Polish forces are advancing with undiminished speed along the line running from north of Warsaw to Wladawa, about 110 miles southeast of Warsaw. Principal interest, however, attaches to maneuvers of General Pilsudski's forces. Masov reserves which he had concentrated at Wlangoed have advanced 60 miles in three days and effected a junction with another army operating from Cholm. United, these armies are within 18 miles of Wlangoed, 120 miles east of Warsaw at noon Wednesday and have now probably occupied that important center, which the Reds, late Wednesday night, were reported to be evacuating.

Reds in Bad Way.

The course of the middle Bug below Wlangoed once attained, the retreat of the Bolsheviks concentrated in the Siedle region will be cut off and they will be left with only one way to retire by the Bug.

This is the way of Warsaw road. North of the Siewer the Polish left wing is continuing advance and is now well up in the fork between the Siewer and Bug, making a converging attack on the Polish bridgehead. In the center, the Poles are driving the Reds back on the upper Bug between Chelmsk and Drohobycz.

Near Thorn, in the Danzig corridor northeast of Warsaw, fresh troops have appeared. They surrounded the Red detachments, which reached the Vistula and removed all danger to communications between Warsaw and Danzig by the Vistula and also cleared the railroad from Danzig to Siedle.

IN FULL SWING

WARSAW, Aug. 19.—The Polish offensive is in full swing. More than 10,000 prisoners, 30 cannon, 300 machine guns and thousands of supply carts have been captured. The Poles have occupied Pionsk, Putusk and Wyszak.

Owing to the Polish pressure from the northeast, it is reported that the Bolsheviks are withdrawing, their forces which reached the Vistula south of the Prusian border and to the northwest of Warsaw.

The Warsaw sector is rapidly being cleared. North and northeast of the capital the Reds are being shoved back by the Poles, who are following them up along the front, using artillery in such quantities as to cause great confusion among the invaders who are on the run.

To the east, the Bolsheviks are reported to be making their way across the Bug. Siedle was taken by the Poles Wednesday.

ARE NOT CONQUERORS

MOSCOW, Aug. 19.—"We are not conquerors, and shall evacuate Polish territory immediately. If Poland accepts our guarantee that the Polish republic will abandon its aggressive policy and is resolved to commence peace and constructive work."

This was a statement made by Dr. Danilovskiy, chairman of the peace armistice delegation at the opening of the Russian-Polish conference in Moscow according to details here.

"Soviet Russia," Dr. Danilovskiy declared, "can negotiate with sincerity and brotherly feeling. It is ready to restore the war-torn Poland to its former position and to assist in the restoration of peace and friendly relations between the two countries."

MYSTERIOUS PHIALS ARE CAST UP BY THE SEA

NEW YORK—For two weeks there have been cast up along the Jersey and Long Island shores thousands of mysterious phials, filled with a white powder and hermetically sealed—phials which little children have found explode like miniature bombs when hurled against a rock.

From Scituate, N. J., as far north as Coney Island and Long Beach these phials have been washed ashore and picked up by beach bachelors, who wove "spy" theories about these little glass tubes until finally the matter reached the attention of the port authorities and men of science.

Then the chemist spoke. The phials contained neither explosives, not poisons, neither habit forming drugs, nor one of rare curative powers. They contained Calcium hydrochloride, a preparation used during the war to purify water, to protect man and not to kill him.

Still then only half the mystery was solved. Having identified the phials as part of those made in the United States and encased in vacuum tubes for shipment overseas for use by Indian soldiers the authorities were still unable to answer the question of how, nearly two years after the war, the phials came to be washed ashore at summer resorts.

Discovery that the phials formed part of American army stores exploded many theories. One that held for several days was that a German submarine—such as for instance the Bremen, sister ship of the Deutschland, which made two undersea trips to the United States—had set out for three shores loaded with a cargo of rare drugs and by mischance had never arrived.

Another exploded theory was that some craft attempting to smuggle prohibited drugs into the United States had been wrecked and her cargo washed ashore.

The logical conclusion that it was containing the water purifier had been hurried overboard or that a ship had sunk met no support. The only theory substituted was that mysterious ocean currents had brought back, after two years, phials lost in the torpedoing of some transport on the other side of the Atlantic—for proof has been obtained that sealed bottles cast overboard have traveled still unable to answer the question of

INCREASE IN CHILD LABOR IS REPORTED

CHICAGO.—Four thousand more children were working in Chicago today than a year ago, according to Clyde A. Brown, acting director of the city vocational guidance bureau. The increase in child labor is said to be regional in the Middle West but exceptions are noted in Missouri, Kansas and North Dakota.

Necessity of the child helping the family meet the high cost of living, the pulling power of higher wages, a necessity of adult labor together with the discovery by employers that women and children often could take the place of men were cited by Mr. Brown, as reasons for the increase in child labor in other parts of the United States.

Minnesota officials report that child labor is nearly doubled in that state. The greatest increase, they say, is among children of the "white collar" class whose parents have been forced by rising prices to permit their children to work. About 5,000 under 16 years of age are now at work in Minnesota statistics on child labor for the year are not yet tabulated but officials say enough returns are in to indicate a considerable increase over previous years. Some boys under 16 years have been reported receiving \$100 a month.

T. C. Jennings, Texas state labor commissioner, reports an increase of about 10 per cent in Texas child labor over last year. Postponement of compulsory school attendance he says has been a factor.

State Labor Commissioner Claude E. Connolly of Oklahoma says more violations of child labor laws have been brought to the attention of his office this year than previously, from which he deduces an increase in juvenile workers. Connolly said the increase in violations was probably due, in the first place, to the fact that more jobs in the state than workers.

A. L. Urick, Iowa state labor commissioner, recently reported that approximately 1,000 more permits had been issued in the past year to children between the ages of 14 and 16 than in the year previous.

Kansas and North Dakota report child labor in those states is almost negligible. St. Louis reports a decrease. Children now employed in that city are stated to number 5,000 which is 750 less than were at work there a year ago. The state factory inspector's office says no decrease is general all over the state. The federal tax on child labor is given as the cause of the decrease.

ARRANGEMENTS FOR CHAPMAN'S FUNERAL

Famous Baseball Player Will Be Laid in His Grave Tomorrow—Populace in Mourning.

By the Associated Press

CLEVELAND, O., Aug. 19.—Final arrangements for the funeral of Ray Chapman, star baseball player, were completed today. Because of the many requests for seats in the church it was decided to hold the services in St. John's Cathedral. Chapman will be buried here, the services to be private.

Tomorrow morning's funeral services will consist of solemn high requiem mass at 10 o'clock with the sermon by Rev. Dr. W. A. Seullen, chancellor of the Cleveland diocese. Among pall bearers will be Tris Speaker, manager, Steve O'Neill and Joe Wood of the Cleveland Indians; Tom Hafferty, former baseball player. The team will attend the funeral.

Twenty thousand six hundred and twenty-three persons donated 10 cents each toward the "flower fund." A floral basket with 2,063 flowers will be purchased, and all money left over will be turned over to the "Ray Chapman memorial fund" committee.

JOHNSON TO HELP HARDING.

SAN FRANCISCO, Aug. 18.—Senator Hiram W. Johnson will make a speaking tour through eastern states in behalf of the candidacy of Senator Warren G. Harding, according to announcement tonight at the western headquarters of the republican national committee. The committee quoted a letter from Senator Johnson in which he said: "My heart and expectations are to spend October in intensive work in behalf of our candidate in the doubtful states in the east."

EXPENDITURES ARE REDUCED.

WASHINGTON, Aug. 18.—Government expenditures for July fell off more than \$1,500,000 compared with June, according to the monthly statement issued today by the treasury. Ordinary expenditures including \$11,000,000 to purchase obligations of foreign government totaled \$306,601,839 compared with \$474,322,258 in June, which included only \$3,000,000 for the purchase of foreign obligations. Payments on the public debt totaled \$213,046,742 as against \$2,101,466,360 in June.

"Try It Out Yourself" says the Good Judge

And you will find how much more satisfaction a little of this Real Tobacco gives you than you ever got from a big chew of the ordinary kind. The good, rich, real tobacco taste lasts so long you don't need a fresh chew nearly as often. So it costs you less. Any man who uses the Real Tobacco Chew will tell you that.

Put up in two styles. W-B CUT is a long fine-cut tobacco. RIGHT CUT is a short-cut tobacco.

Advices Ordinary Buttermilk for Wrinkles and Enlarged Pores

This Good Looking Young Woman Uses Old Time Recipe of Buttermilk Cream in a New Way—A Gentle Massage With Finger.

Before Retiring All That Is Necessary.

Buttermilk and Cream—Simple Remedies—Keeps Face, Hands and Arms in Excellent Condition—Soft, Smooth and Beautiful.

The old-time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is grandmother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow-white hands and arms.

there any doubt about the result—it is just a common ordinary buttermilk in the form of a wonderful cream, gently massaged with the finger tips around the corners of the eyes and mouth.

To get the best effect, be sure to follow the simple directions. Drugists guarantee a noticeable improvement after the first application or they will refund the money. W. H. Wright and Sons Co., can supply you.

State Labor Commissioner Claude E. Connolly of Oklahoma says more violations of child labor laws have been brought to the attention of his office this year than previously, from which he deduces an increase in juvenile workers. Connolly said the increase in violations was probably due, in the first place, to the fact that more jobs in the state than workers.

A. L. Urick, Iowa state labor commissioner, recently reported that approximately 1,000 more permits had been issued in the past year to children between the ages of 14 and 16 than in the year previous.

Kansas and North Dakota report child labor in those states is almost negligible. St. Louis reports a decrease. Children now employed in that city are stated to number 5,000 which is 750 less than were at work there a year ago.

The state factory inspector's office says no decrease is general all over the state. The federal tax on child labor is given as the cause of the decrease.

GRAND CIRCUIT RACES.

PHILADELPHIA, Aug. 18.—Upsets in two of the five races featured the second day of the grand circuit race meeting at Narberth today. The track was slow, owing to rain. The bicentennial was the defeat of Peter Manning. Tommy Murphy's trotter, which hung up a new world's record for trotting geldings at Cleveland. The veteran Ed Geers was behind Murphy's horse in the \$5,000 Wingo stake race, and in the first heat came from behind with a rush, beating E. Colorado. In the second heat, however, Peter Manning made a break at the first turn and was many lengths back of the field at the first turn. He was eliminated. Tara's Hall won in 2:08 1/4 but was beaten by E. Colorado in the third heat. The race was decided on the three heat plan and the money divided according to the standing, with E. Colorado, winner of the cup and the largest share of the purse. The best time was 2:07 1/4.

The second surprise came in the \$2,000 Newbeck farm stake for three year old trotters. Grand Britton, driven by J. F. Dodge, was picked to win but after taking third place in the first heat broke and was disqualified in the second. Emma Harveyer won in straight heats. The best time was 2:10 1/4.

Lon McDonald captured the B. F. Kelly's theater cup in straight heats with Baroness Cochato in the 2:14 trot. His best time was 2:12. Dora Haynes was the winner of the Novelsly dash at one mile and 100 yards in 2:11 1/4.

Only two started in the 2:02 pace for the Horse Association's cup and Geers won with Goldie Todd. Best time, 2:07 1/4.

MANY INFANTS ARE KILLED. (TOKIO).—So many cases of infantile have been recorded in China recently that the authorities have been greatly disturbed. This year being the Monkey year in the Japanese calendar, an old superstition has made the mothers believe that children born in that year will meet with misfortune. Special orders have been issued by the police that all prospective mothers should be registered and watched and that the "monkeys" superstition should be eradicated, whenever possible.

GOLDEN TROUT.

SALT LAKE CITY.—Fishermen in Utah next year probably will have their leisure of catching golden trout, a fish that resembles in color the goldfish but which grows to large proportions. The state fish and game commission has imported 2,500 eggs from California and these are to be hatched at the Murray game farm. California this far has been the only western state where this variety of fish has been found and it is supposed to be a cross between some species of ornamental goldfish and a head trout. They are said to be very game, to propagate rapidly and their meat is of delicious flavor.

FRECKLES

Don't Hide Them With a Veil—Remove Them With Othine—Double Strength.

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications would show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine. It is this that is sold on the money-back guarantee.

WHY IS IT

THE TWIN FALLS CHRONICLE IS ANNOUNCING A TREMENDOUS GIFT DISTRIBUTION WHICH IT WAS HOPED WOULD HELP TO COLLECT UP ARREARAGES AND SUBSCRIPTION ACCOUNTS AND POSSIBLY SECURE MORE READERS TO THIS PAPER.

IN PLANNING THIS ADVERTISING EVENT, THE CHRONICLE HAS TRIED NOT TO BE "CHEAP"—A GLANCE AT THE PRIZE LIST WILL VERIFY THIS STATEMENT. OVER FIVE TIMES AS MUCH MONEY HAS BEEN APPROPRIATED FOR DISTRIBUTION AS IS USUAL IN TOWNS OF THIS SIZE.

\$16,000.00—THINK OF IT, SIXTEEN THOUSANDS OF DOLLARS, IS TO BE DISTRIBUTED IN A FEW SHORT WEEKS TO THOSE WHO PARTICIPATE IN THEIR SPARE MOMENTS.

THE RESPONSE TO DATE—THE LACK OF INTEREST AND EFFORT IS PITIFUL. FEW PERSONS HAVE ENTERED THEIR NAMES AND EVEN FEWER HAVE EVEN ATTEMPTED TO SECURE A SUBSCRIPTION OR A RENEWAL.

EASILY MORE SUBSCRIPTIONS HAVE BEEN PAID AT THE OFFICE, SINCE THE CAMPAIGN WAS ANNOUNCED, BY SUBSCRIBERS THEMSELVES IN THE REGULAR COURSE OF BUSINESS THAN MOST OF THE PARTICIPANTS HAVE BROUGHT IN.

NOW, THE CHRONICLE IS GOING THROUGH WITH THIS PROPOSITION.

THE BIG AUTOMOBILES AND ALL THE HUNDREDS OF DOLLARS IN GOLD AND SILVER ARE GOING TO BE

GIVEN AWAY JUST AS ANNOUNCED. THE CHRONICLE, IN ITS EXISTENCE, NEVER HAS NOR NEVER WILL BACK DOWN ON A PROPOSITION OR A PROMISE.

BUT—IT WOULD SEEM THAT MORE PEOPLE, WHO ARE JUST AS LIVE AS PEOPLE IN OTHER COMMUNITIES, JUST AS WIDE AWAKE, CERTAINLY JUST AS INTELLIGENT, WOULD REALIZE THE OPPORTUNITY FOR PROFIT BEFORE IT IS TOO LATE.

FURTHERMORE, THE CHRONICLE DOES FEEL THAT ITS READERS SHOULD BE WILLING TO DO MORE THAN COLLECT A FEW COUPONS AND SIT BACK WITH HANDS FOLDED IN RETURN FOR THE BIG GIFTS THEY WILL RECEIVE.

THIS IS THE LAST CALL—THE FEW NAMES THAT HAVE BEEN ENTERED WILL SOON BE PUBLISHED AND THE DISTRIBUTION OF PRIZES WILL BE MADE AND THIS MAMMOTH EVENT WILL RAPIDLY PASS INTO HISTORY.

IF YOU ARE ALIVE, IF YOU HAVE THE LEAST SPARK OF BUSINESS JUDGMENT—THE LEAST AMBITION TO BETTER YOURSELF FINANCIALLY AND ADD TO YOUR PRESENT INCOME—GET IN YOUR NAME. SHOW A LITTLE ACTION AND MAKE MORE MONEY IN YOUR SPARE MOMENTS THAN MOST PEOPLE MAKE IN A YEAR.

YOU'LL NEVER AGAIN IN TWIN FALLS COUNTY HAVE SUCH AN OPPORTUNITY—WE'LL WAGER YOU THAT. NEVER AGAIN WILL A NEWSPAPER OFFER SUCH AWARDS.

THIS IS YOUR OPPORTUNITY

CHRONICLE

THE MICHIGAN HAVEN

Chicago police say they seldom
have a case of "penhandling" any
more. On West Madison avenue, for
many years a great meeting place for
America's vagrants, they still gather
on their way east, west, north and
south. But as a rule they do not beg.
The reason? Lack of drink, the police
say, and high wages—especially
farm wages. And thereby brings a
tale.

A Chicago newspaper tells of one
"veteran" of the road, 70 years old,
known for decades as a man chroni-
cally "drunk," hungry, thirsty and
ragged. On his last appearance he
looked prosperous. In a burst of
confidence he unbuckled a money
belt.

"Look," he said, "I've got \$500
there, and I'll have a lot more before
the season is over. As long as big
pay lasts, I'm going to work. When
the pay drops, I'm stepping out to
buy me a little ground in the coun-
try."

Would you believe it? That's what

they talk about in that hole-stamp-
ing country, "back to the
farm." They see the need of produc-
tion and the opportunity it offers.
When farmers can pay such wages,
they want to be farmers. Dependent
all their lives, they begin to see
a vision of independence. While
reformers talk over their heads, and
unintelligible citizens' candi-
date and hesitate, the "dregs of so-
ciety" lead the way. The non-pro-
ducers are becoming producers.

REPUBLICANS HAVE
BIG CAMPAIGN FUND

Continued From Page One.

Cox retorted, is a "smoke screen of
hypocrisy to secure the spoils of
office." He also denied that the
league would get America into every Eu-
ropean squabble.

Some people objected to President
Wilson's visit to France. "The pres-
ent visit," he asserted, "to prevent
continuation of a dishonorable
peace," and "he won a greater vic-
tory at the peace table than was
secured in battle." Governor Cox also
ripped Senator Harding's front
porch campaign and often assailed
the republican senatorial oligarchy
which he said was now attempting
to elect one of its members pres-
ident. Attacking the republican
campaign fund, Governor Cox said,
"the minimum fund which is de-
manded is \$15,000,000."

"This would be used in certain
close and pivotal states," he said,
"and it will be put to the uses which
cannot be defined in outline."

Certain bankers who, the governor
said are contributing are those who,
he charged, were seeking to emu-
late the federal reserve act.
Many bankers in writing their
checks, he continued, to the republi-
can "national committee," are simply
making an investment.

Such contributions are not being

ad would not be received by the
democrats.

Referring to the spread of Bohem-
ian Governor Cox declared:
"Surest guarantee of Bohemianism
is an administration which is revealed
to have bought the presidency."
He emphasized that he was not
making his fight against the republi-
can rank and file but against the sen-
atorial oligarchy which has secured
control of the party.

PRESIDENT WILSON NOW
ATTAINS NORMAL WEIGHT

By the Associated Press.

WASHINGTON, Aug. 19.—Pres-
ident Wilson has regained his normal
weight of 175 pounds, according to
an article appearing today in the
Washington Times quoting Rear Ad-
miral Cary T. Grayson, the president's
physician, as having made that state-
ment today. The article also de-
picts, according to Grayson, the
president does in a normal day, in-
cluding the exercise of his left arm
by bending and withdrawing it. He
shaves himself, sometimes with a
safety razor, climbs stairs with a
cane to exercise his leg muscles, dic-
tates rapidly and frequently writes
short-hand notes of what he wants
done, uses an indelible pencil to sign
most letters to department officials.

GAMES WILL BE HALTED
FOR FIVE MINUTES TODAY

KANSAS CITY, Aug. 19.—Pres-
ident Hickey of the American associa-
tion announced today all association
games will be stopped for five min-
utes tomorrow in honor of the mem-
ory of Ray Chapman.

POLISH FORCES
STILL ADVANCE

Continued From Page One.

Dispatch to the London Times says Leon
Trosky, Bolshevik minister of war,
arrived Monday at Trosk, on the
east Prussian frontier, secretly from
Bialystok to negotiate political and
strategic questions with German staff
officers.

A preliminary conference occurred
in East Prussia on August 12.
The dispatch adds that the Danzig
constitutional assembly in the ab-
sence of its Polish members and
against a vote of the independent so-
cialists passed a resolution demanding
power for the declaration of neutral-
ity in the Russo-Polish war.

It is asserted by the correspondent
that German volunteers from East
Prussia are forming an army near

Vilna to march ostensibly as a rev-
olutionary army into east Prussia and
bring about joint action by east
Prussian and the soviet against Po-
land.

ALL-METAL PLANE
LANDS IN MEXICO

OMAHA, Neb., Aug. 19.—Friends
of Eddie Rickenbacker, American ace,
and John Larson, inventor of the
Larson all-metal airplane, here to-
night expressed fear for the safety
of the pair when Gould Ditz of
Omaha received a letter dated Aug.
14 and bearing a Mexican postage
stamp. The letter was signed by
"Rickenbacker and John Larson." It
said:

"Yesterday I thought I would be
in Omaha today or tomorrow, but
the wind blew us into Old Mexico.
Will we see you in a day or so?"

The Larson plane, piloted by Ricken-
backer, was making the return

flight from California to New York,
having established a transconti-
nental mail air line route from east
to west.

STATE COMMITTEE CALLED.
WALLACE, Idaho, Aug. 19.—Dem-
ocratic state chairman J. J. Day
has issued a call for a meeting of the
new democratic state committee to
gather at Idaho Falls at noon Aug-
ust 24, for the purpose of organizing
for the coming campaign.

BLAINE COUNTY FAVORS BOTHWELL

Democratic Delegation Instructed to
Vote for Judge Bothwell for the
Nomination for Governor.

HAILEY, Aug. 19.—Inaugurating a
movement for the nomination of a
south Idaho man outside Boise, dem-
ocrats of Blaine county have made
plans for a vigorous campaign for the
nomination of James R. Bothwell of
Twin Falls for governor. Tuesday
the delegation from this county was
instructed to vote for Judge Bothwell
and to use all honorable means to
bring about his nomination at the
Idaho Falls convention. This action

has been followed by a movement
headed by party leaders from all fac-
tions, with the end in view of bring-
ing about the nomination of the for-
mer judge of the fourth district.

Court Notes.

The suit brought by Edward Gor-
sath against Fred Rutherford, to gain
judgment on a promissory note, was
dismissed yesterday morning by
Judge O. H. Duvall. Dismissal was
made on motion of J. W. Taylor, at-
torney who announced that the case
had been settled out of court. The
note was for \$120.

Action was started in the probate
court against Mrs. Fred Hartwell by
George Jennings, a Buhl physician,
through his attorney to secure judg-

ment for \$151 alleged to be due for
medical services. Trial is set for
August 27.

Alleging the issuance of a check on
June 27, 1920, for \$7.50, which was
returned by the First National bank
of Buhl, complaint has been filed
against C. E. Painted charging him
with the issuance of fraudulent
checks. The complaint was filed in
the probate court.

Fannie M. Punnock is seeking a di-
vorce from her husband, J. M. Pun-
nock, according to a complaint filed
in the district court yesterday. The
grounds for divorce are stated as
cruel and inhuman treatment. Ac-
cording to the complaint, the couple
were married in Boulder, Colo., Octo-
ber 22, 1915. The plaintiff alleges
that the defendant beat her and took
the clothes from her body and that
he mugged her about the price for
necessities for the children. She also
alleges that they have a community
ownership in certain property.

Personal

Mark Wilkins has gone to Robin-
son's bar to install a heating system.
Ross Bates and Ralph Coburn left
last evening for Salt Lake to take ex-
aminations preparatory to joining the
navy.

Mrs. Hull and daughter, Delight
of Hansen, were in Twin Falls shop-
ping yesterday afternoon.

Mrs. Gus Oler left yesterday for
Buhl where she will visit with friends
indefinitely.

Mr. and Mrs. Edward Light of
Eden was in Twin Falls yesterday af-
ternoon shopping and visiting with
friends.

Mrs. H. H. Fisher of Kimberly was
in Twin Falls yesterday on a combin-
ed business and pleasure trip.

Mrs. Glen C. Gould of Buhl was in
Twin Falls yesterday afternoon shop-
ping and visiting with friends.

Miss Vivian Turner of Kimberly
was in Twin Falls yesterday after-
noon visiting with friends.

Mrs. Ernest Emmerson of Kimberly
was a Twin Falls visitor yesterday
afternoon.

Mrs. E. E. Hayes of Filer was in
Twin Falls visiting with friends.

H. Babbel of Salt Lake is here
looking after business interests.

Mrs. Bullock and daughter, Lucille,
have returned to Pocatello after
spending several weeks with Mrs.
Bullock's cousin, C. P. Cosgriff.

Mr. and Mrs. L. S. McCracken left
yesterday for Sterling, Kansas, where
they will visit with friends and rela-
tives for a month.

Miss Merv Glavin of Denver is
in Twin Falls visiting at the home of
Mr. and Mrs. W. L. Hoffedtz.

Mr. and Mrs. H. R. Waples are
spending their vacation at Lava Hot
Springs.

Mr. and Mrs. A. L. Judd of Payette
are visiting with their daughter, Mrs.
Glen Sturdivant.

METHOD IN BOYCOTT OF BRITISH IN INDIA

NEW YORK, Aug. 19.—Six addi-
tional modes of attack in the boycott
by Hindus and Mohammedans against
the British government in India, the
first of which were reported to have
been put into effect August 1, were
made public today by the India infor-
mation bureau. The boycott has
been termed "a protest against unsat-
isfactory terms of the Turkish peace
treaty," provisions of which are said
to deprive the Mohammedans of
"every vestige of power."

Four measures of opposition in-
cluding the relinquishment of British
titles and honors, resignations from
offices, refusal to service in the army
and to pay taxes, were announced
July 14.

New phases of the boycott are:
Non-participation in loans by the
British Indian government for mili-
tary purposes.

Suspension by Indian lawyers of
practice and settlement of civil dis-
putes by private arbitration instead
of in government courts.

Boycott of government schools by
Indian parents.

The boycott of reform councils,
meaning a refusal on the part of the
Indian community to participate as
candidates or voters in the elections
next November.

Non-participation in government
social functions and Durbar.

Various development of the Swa-
deshi movement (cultivation of home
industry and purchase of Indian-
made goods only.)

Dr. N. S. Hirdker, director of the
bureau also announced that a recent
dispatch from Lucknow said that
there was a complete cessation of
business and that joint Hindu and
Mohammedan meetings were attend-
ed by thousands of persons who sub-
scribed to the non-cooperation move-
ment.

MISSILES ARE THROWN.

NEW YORK, Aug. 19.—Two men
were shot and four others hurt by
missiles thrown during a fight be-
tween striking longshoremen and
non-union workmen at Ninth
avenue and Fourteenth street tonight.
The trouble started when non-union
men, on their way from the pier, en-
countered strikers who, according to
the police, started throwing rocks
and bottles. Revolvers were drawn
and shots fired, two of which took
effect among the strikers. Police re-
sponded and arrested the non-union
men.

Would You Invest YOUR Money at 2% Interest?

During the year of 1919 the Common Stock of the Idaho Power Company earned only 2 per cent. One-half of this was placed in a necessary surplus fund, and the other 1 per cent was paid to the owners of the company's Common Stock in dividends.

The average person is likely to think of the owners of any large company as rich individuals who would be better off without so much money. Do you realize that over half of the stockholders of the Idaho Power Company are small investors—people who are earning a living by hard work? And, in many cases, their investment represents the savings of years.

THIS QUESTION MUST BE DECIDED

Aren't all these people entitled to a reasonable return on the money they have saved and invested? The state law says that they are; yet, under present conditions, the owners of Idaho Power Company Common stock are receiving only 1 per cent a year on their investment.

ALMOST 25 MILLION DOLLARS INVESTED

This company serves more than 31,000 customers, scattered over an extensive territory in Southern Idaho and Eastern Oregon. It operates 10 great generating plants, and maintains 1,836 miles of transmission and distributing pole lines, besides the many sub-stations and other equipment which are required to furnish 100 per cent service. All this property and equipment represents an actual investment value of approximately 25 million dollars. Of this amount the company owes \$9,800,000 in the form of notes and bonds. There is \$1,160,000 worth of Preferred Stock, sold to secure money for development, and on which a fixed rate of interest must be paid. Then there is \$15,000,000 worth of Common Stock representing the investment of a great number of individuals.

THINK OF WHAT THIS MEANS

Here is a system that costs 25 million dollars, furnishing a service which is absolutely necessary to the development of the state. It is the property of a great number of people who are entitled to a reasonable dividend on this investment, just as surely as the grocer is entitled to a reasonable profit from his store, or the land owner a reasonable profit from his land.

Yet, in 1919, when our earnings were the largest in the history of the company, the Common Stock dividend amounted to only 1 per cent interest on the money invested and it was impossible to pay any more.

LET US SHOW YOU WHY

The Idaho Power Company is required by law to give 100 per cent service to its customers. This means that its entire system must constantly be maintained in first class condition. It means that a large sum of money must be spent annually in order to keep all equipment up to requirements. Now the state also regulates the rates that this company can charge, and the law distinctly states that these rates should be sufficient to provide for maintenance and replacement and for a fair return on the money actually invested in the company.

NOW, HERE'S AN IMPORTANT POINT

Before the stockholders can receive a cent of dividends, the cost of maintaining 100 per cent service must be paid out of the earnings of the company. Then interest must be paid on the notes and bonds outstanding; 7 per cent interest must be paid on all Preferred Stock, a fund for replacement must be provided; and what is left may then be divided among the owners of Common Stock.

This system of distribution is all right. The only trouble is that, under the present rates, there is practically nothing left to divide among the owners of Common Stock.

STUDY THESE FIGURES

The following figures cover the distribution of our income during the year of 1919:

Total income for 1919	\$1,881,359
Operating expense	\$709,136
Taxes	224,759
Balance after paying operating expenses and taxes	\$ 947,464
Interest owed on bonds and notes	461,236
This leaves a balance of	\$ 486,228
Dividends paid on Preferred Stock	61,220
Set aside to provide for replacement of property	125,000
Balance left to pay returns on \$15,000,000 worth of Common Stock	\$ 300,008

Figure this out for yourself and you will find that it represents only 2 per cent earnings on the investment. Ask the banks what they are charging for the use of money today.

In the table we just presented to you, notice the item marked, "Set aside to provide for replacement of property." Such a fund is absolutely necessary, for all equipment wears out sooner or later, and must be replaced if the company is to continue to operate. The Public Utilities Commission declared that \$480,000 could be allowed each year to provide for replacement. Notice that we are able to allow only \$125,000. And, in spite of our cutting down on this item, we were able to pay 1 per cent on the Common Stock.

HAVE YOU THOUGHT OF THIS?

No matter how much the business of this company grows in the future, its earnings can never be increased sufficiently to make up for the lean years. The rates will always be regulated by the law so that the company will never receive more than the income allowed for each current year, and will have no chance to make up former losses.

Now, it is true that, by the action of the Public Utilities Commission on June 2, 1920, the Idaho Power Company was granted an increase of 10 per cent in its rates, with the exception of cooking and heating charges. This increase was regarded as an emergency measure and is totally inadequate to meet the legitimate needs of the company.

In building up its great system, the Idaho Power Company has worked for the development of the country as diligently as for its own welfare. But we put this question to you fairly: Is it right to ask our stockholders to continue to use their money for this purpose without receiving a fair rate of interest on that money?

Present condition have forced us to ask the Public Utilities Commission to allow us an increase in rates, and it is our purpose to place the cards fairly on the table and ask you, our customers, whether we are not entitled to it.

Idaho Power Company

OTHER PEOPLE'S OBSERVATIONS

and experiences rightly play their part in the lives of all of us.

But the experiences we go through ourselves have a value peculiarly their own.

Anyone who carries a Checking Account will tell you of its worth.

But not until you have the experienced of possessing one yourself will you be benefited fully.

Why not start your account here this week?

Wells City, Mo., 7807 decrease 4910, or 32.9 per cent.

AGRICULTURAL MISSIONARY.

WEST SALEM, N. C.—Gordon K. Middleton, instructor in agriculture in the North Carolina state college of agriculture and engineering, has been named an agricultural missionary to China by the foreign mission board of the Southern Baptist convention and will leave soon to take up his work in Kaitung college, Hunan province.

To form the basis of the agricultural and livestock department of the college a number of American breeders have contributed a number of head of dairy cattle and Mr. Middleton will take these to China with him. The dairy herd will be cared for by Chinese boys in exchange for their board and tuition. In addition, a demonstration farm similar to those operated in connection with American agricultural colleges will be established with a practical Chinese farmer as a co-operative guide.
