

BOLSHEVIKI ARE WORKING TO SAVE ARMY

Efforts of Soviet Forces to Make Successful Counter Stroke Appears Futile

BATTLE NOW IN PROGRESS MAY DECIDE FATE OF REDS

Bolshevik Troops Making Thrust in Direction of Lemberg; Farther North They Attempt Passage of Bug

By the Associated Press. WARSAW, Aug. 23.—The Russian Bolshevik forces have actually managed to force the remnants of the red army, but they have so far been easily frustrated by the Poles.

On the north there is heavy fighting in the region of Mlnawa, and Soviet forces to face two Polish armies, one advancing from Kozlin and the other from Grudnia. The Bolshevik are making desperate efforts to extricate their advanced guard, some of which had ventured as far as Eyzan and Pizna. They have losses in prisoners in this region have amounted to 11,000 in two days. The attempt of the Reds to break the Polish lines on the Przemysl-Makow-Rozany road, and cross the Narow river has failed. Polish troops advancing up the river, the Bolshevik to the north. Meanwhile the main body of the Poles, advancing from Warsaw, occupied all the territory in the fork of the Bug and the Sniawa. The only chance of the Bolshevik is to open a passage in the direction of Ostrolenka and Lomsa so as to get through to Bialystok and Grodno. The Polish troops are hastening their march toward Ostrolenka and Lomsa while the Polish cavalry, which has reached the upper waters of the Narow has already cut the road between Lomsa and Bialystok.

May Decide Fate. The battle now beginning on the middle-Narow is likely to decide the fate of all the Red forces between the Narow and Przemysl. The Bolshevik Red troops confronting infantry and cavalry are making a bold thrust in the direction of Brudy and Lemberg. Farther north Bolshevik detachments are about to force the crossing of the Sniawa, and Vladimir Volynsky, tried to force a passage of the Bug before Przpusk, but were hurled back with heavy loss. The same fate befell the reds who appeared in the region of Lemberg.

The Ukrainian regiments which are all on their old positions along the Stryka have successfully repelled all attacks of the Reds and maintained their original lines on the extreme right. In the center, the Poles which secured Brest, are engaged in fighting on the eastern border of Poland. It is expected that the daring plan of the Bolshevik against Lemberg will be definitely frustrated.

AMERICA IS ASSURED.

WASHINGTON, Aug. 23.—Confidence assurance will be given the United States, it was stated today in Foreign official circles, that Poland's notorious armies will not pursue their advance beyond the natural frontiers of the reconstituted republic announced today. The communication regarding the stand taken by the secretary Colby in his note to the Italian ambassador.

The position of the American government as outlined here was that Poland was contemplating the proposition of attacking into an armistice against Russia. Assurance of this nature, if it was added, already would set against any suspicions that Poland was contemplating the proposition of attacking into an armistice against Russia.

BORAH PROPOSES DIRECT PRIMARY

Candidates Take Second Place at Republican Convention; Senator's Proposal Center of Interest

POCATELLO, August 23.—Candidates have taken second place in the tangle of opinions tonight, the chief topic being the Borah proposal to return to the direct primary for nomination of state candidates. Opposed to Senator Borah are many of the strong leaders of the party, including much of the southeast, and indications are tonight that the question will have to be fought out on the convention floor.

The Davis strength has been maintained, and indications are that he will be named on an early if not the first ballot, which is usually well informed. The more than a score of anti who went to Decatur, Alabama, remaining there. Some of the suffragists in the house today attempted to dispense with a roll call, but a roll call was demanded, and a quorum being found lacking adjournment was taken until tomorrow.

Her, C. W. Beale, of Wallace, has drawn to him a large element of the north, which would otherwise have gone to Conner, so that the battle is divided, with no outstanding candidate. Captain Davis has shown no strength outside the Omaha county delegation. Hence it seems that unless other candidates are promoted tomorrow morning, there will be a nomination on the first ballot, and Gooding will be the man.

He was released a few months ago, they said, after having served five years of the sentence, and went to the home of his daughter in Enid.

Tennessee's Action on Suffrage Will Be Given Airing in Open Court in Few Days

NASHVILLE, Tenn., Aug. 23.—(A.P.)—Argument on the order restraining state and legislative officials from referring to Washington, Tennessee's ratification of the federal suffrage amendment, may be heard Wednesday or Thursday, it was thought tonight, though no agreement had been reached. The order was extended today to include the chief clerks of the senate and house and was amended to cover the action of the house in transacting business Saturday, when it was not at any time constitutionally organized.

At a Standstill. The legislative organization of the state has come to a standstill, the more than a score of anti who went to Decatur, Alabama, remaining there. OFFICIALS PREDICT SUGAR PRICES WILL TUMBLE

WASHINGTON, Aug. 23.—With the forced released sugar stocks official today forecast a further tumble in sugar prices. There were indications they said, unloading of stored stocks might glut the market and bring a "substantial drop" in addition to the present decline.

The department has received appeals from many dealers who seek relief from the drop which already has taken place. The attorney general however, will follow a "hands off" policy, it was said today by his assistant Robert T. Scott. The department, Mr. Scott said, is concerned only with profiteering and "unfair" transactions are given no consideration unless exorbitant prices are shown.

ROOSEVELT ASSERTS HAYS DODGES ISSUE

Alleges Republican National Chairman Does Not Make Compromising Reply to Charges

By the Associated Press. SAN FRANCISCO, Aug. 23.—Franklin D. Roosevelt, democratic candidate for vice president, in a statement issued here today declared the republican chairman, Will Hays, has failed to answer charges by him, republican campaign fund with "excess" and Governor Cox that "a huge campaign fund" was being raised, so big that the presumption must be against the honest use of such a sum.

Mr. Hays' announcement is not an answer and it will not convince this country that he and his organization does not deserve a thorough spanking," Mr. Roosevelt stated. Does Not Deny It. He said Mr. Hays had not denied that the sum of \$700,000 was allotted as the quota for the city of Chicago to raise, and charged that in Mr. Roosevelt's own county in New York, Dutchess county, the republican quota was \$7,000.

AMERICAN SOCIALIST PARTY OPPOSES POLISH SOCIALISTS

PITTSBURGH, Aug. 23.—The socialist party of America went on record as opposed to the socialists of Poland, according to a statement issued today by the party's executive committee in answer to an appeal of the Polish socialist alliance of the United States, asking for support of the Polish cause.

The Polish socialist party is regarded by the American party "as an organization that is serving the Chauvinist regime in Warsaw," the statement said, and continued. "There can be no understanding with such an organization that has so grossly betrayed the ideals of international socialism. It has become a tool of the imperialist victors of the entente."

RETREAT OF REDS DEVELOPING INTO PANIC

By the Associated Press. BERLIN, Aug. 23.—The Local Anzlober correspondent on the Russian front reports that the Russian retreat along the entire Prussian border has developed into a panic under pressure of the Polish cavalry. Herds of cattle, cavalry and infantry are intermingled in the flight. Officers and commissaries are trying to restore order with little success. Some of the regiments have thrown away their weapons.

The correspondent of the Tagblatt at Posen says that the first Russian army is in full retreat in the direction of Grednia.

The staff of the fourth army and all revolutionary companies have evacuated Lomsa whose inhabitants had formed a militia force in the service of the revolutionary government. Lomsa was pillaged before the evacuation. It is reported strong Russian reserves are being sent forward to Bialystok from Grodno. The Lomsa Bialystok Brest-Litovsk railway is in the hands of the Poles, consequently relations in the northwestern direction is imperative. Ich. ngudscelliv—RUU-?

NO COMPROMISE IS POLICY OF PARTY

Sentiment At Democratic Convention Appears to Be Adverse to Coalition With Non-Patians.

IDAHO FALLS, Aug. 23.—On the eve of the democratic state convention, with delegates here to the overcrowding of all hotels, and sentiment pretty largely crystallized, it seems safe to say that there will be no compromise with the non-partisan league by the party which two years ago was taken over by that organization.

While for some time there has been a movement to form such a compromise together with an amalgamated ticket, tonight the feeling is that this year, presidential year, the democratic will stand alone, the campaign will be made upon party lines and that there will be no fusion in the makeup of the ticket.

This is taken, say friends of Taylor Cummings, Twin Falls candidate for congress, to mean that that gentleman stands an excellent chance of nomination; and that Mayor Whitaker of Pocatello, who has the non-partisan league endorsement, will be defeated in the coming convention. Friends of former Representative Bates are not taking this sentiment as finally indicative of the convention's attitude and are tonight exerting every effort to bring about his nomination. The late general Bates is now a non-partisan league and has the support of that organization. He was a former member of the legislature from Ada county, elected as a democrat.

Today Thomas M. Robertson, of Twin Falls, vice chairman of the state committee, will call the new state committee to order for the election of temporary officers to hold till after the ticket is named, when the regular state chairman will be chosen. Mr. Robertson will at 10 o'clock tomorrow morning call the state convention to order for the election of temporary chairman and secretary. It is planned that this and the speech of the temporary chairman shall be out of the way before noon so that the committee may meet at that time.

There is a long way ahead for the nomination for governor. In addition to W. F. Alworth, of Twin Falls county, Ada county presents former state chairman, T. E. Penno, Malade county offers J. L. Evans; Idaho county presents State Senator N. B. Posthuma, Bonner county Hon. Beecher Hitebeck, and Canyon county Judge Eyrick. There is no development of strength behind any of them, and it is a free for all.

ZANGRA HOLDS TWO MEN FOR RANSOM

MEXICO CITY, Aug. 23.—Peñon Zangra has released two Americans who were kidnaped recently by him in this state of Mexico, but is holding on American, W. A. Gardiner, superintendent of the Cupresino Mining company, for 100,000 pesos ransom, and J. M. Robinson, British subject, for 20,000 pesos according to advice received today.

ENGLAND AND ITALY DESIRE WORLD PEACE

Conference of Premiers in Agreement Regarding Desirability for Peace

NUMEROUS QUESTIONS MUST BE DECIDED NOW

An Atmosphere of Unrest Exists and This Must be Cleared Before Real Amity Will Exist

By the Associated Press.

LONDON, Aug. 23.—An official statement issued regarding the conference today between Premiers Lloyd George and Giolitti, say that the premiers agreed to the vital need of the re-establishment of the peace of the world at the earliest possible moment and that the first guarantee of such a peace is to be found in the various treaties already concluded. "The victors in war," continued the statement, "should display a spirit of moderation in their enforcement of terms, and the vanquished a spirit of loyalty in their execution. With this aim England and Italy trust that the good understanding reached at Spa will be further developed to cover all outstanding questions.

Questions for Decision. There are a number of important questions to be decided, a majority of which are indissolubly connected with the march of events in territories where former belligerents. Until peace is fully established between Russia and the rest of the world, an atmosphere of disturbance and unsettlement will continue to menace the world.

"Therefore, the British and Italian governments have been taking steps in the face of much misrepresentation to restore communication between Russia and the world outside. Therefore, the British and Italian governments have just heard that the soviet government despite repeated assurances to the contrary have sought to impose on Poland conditions incompatible with national independence.

"The soviet government is based on the choice of the whole adult male population of the country without distinction of class and this so-called civil army to be drawn from one class or another, is a direct method of organizing a force to overthrow by violence this democratic constitution and substitute in its place that of a privileged few who may have absorbed the doctrines of bolshevism.

"We cannot help apprehending that when the detailed conditions of the composition of this force—kept back from the summary of the terms—later on, they will be found to be moulded on the plan of the Russian red army. For one nation to insist as a condition of peace with another that the force organized for the protection of its property and good order to the utmost shall be drawn only from one class of citizens—to the exclusion of all others is an unwarranted infringement of the liberty, independence and self-respect of that country.

"To have added such a condition after Kammenoff's pledge to the British government that nothing not of a secondary nature was omitted from the summary of the terms is a gross breach of faith and negotiation of any kind with a government which so lightly treats its word, is difficult an impossible.

JAPANESE BALL PLAYERS TO VISIT UNITED STATES

CHICAGO—Japan is planning one of the most ambitious baseball invasions of the United States, next spring and summer, that has ever been recorded in the annals of international athletics. At the same time a group of wealthy Japanese business men are hoping to persuade two top-notch American league teams to visit Japan for an extended series of exhibition games.

This news of baseball in Japan is brought back from the Orient by Prof. Fred Merrifield, who plotted carries to have teams organized in all the University of Chicago sites on its the Japanese university.

Waseda university is getting ready for a trip clear across the United States," said Professor Merrifield.

"Heretofore Waseda and Keio have played only on the west coast and at the middle west but this time the Waseda men hope to arrange games with many of the leading teams in our eastern states.

"Professor Tso Abe, the father of baseball in Japan, and dean of the colleges at Waseda, assisted by Professor Bennishoff of the same institution will be in charge of the trip.

"The Japanese squad expects to spend nearly five months getting ready to tackle the American college and with one of the most clever and hard working sets of players in their history," they promise to win their full share of success.

"They plan to start from Tokio in mid-winter, spend two weeks or more in the wonderful spring climate of Honolulu playing against the versatile Japanese, American and Chinese teams of the island, than four the west coast from Seattle to Los Angeles in the height of the western baseball season, while the midwest and eastern campuses are still covered with snow and mud.

"Will Be Acclimated.

"In this way they will easily become acclimated and get used to the food and travel that play such a big part in the success of a team.

"The Japanese boys go 'goin' look out for them, for they will be in the pink of condition.

"This careful program is an indication of the rapidly rising interest in baseball which is felt all over the island kingdom.

"Waseda was the first leader in this movement some 20 years ago. Now every school in the land boasts of its numerous 'champions' who hope to show their talents to the world.

"Active coaches are turning out pitchers, batters and fielders capable of holding places on any American college team.

"Signs of an attempt to commercialize baseball, however, are in sight. A group of influential men, trained in America and longing for the good old 'fun' days when they could enjoy such a fine game every day, plan to place the game upon a higher professional level." They have purchased a large lot near the center of Tokio and

car lot having a single owner. For more than one and not more than 10 owners, \$2; For more than 10 but not more than 20 owners, \$3; For more than 20 owners, \$3.50; provided that in no case shall any owner of such car lot pay a higher rate than the maximum charge for a car, having a single owner.

The order, it was pointed out, is not directed at the Chicago Livestock Exchange, but at the commission firms themselves, because being under federal license they are subject to regulation under the food control act which is still in force.

Wilson, by proclamation, June 15, 1918, required commission men to take out federal licenses and later prescribed regulations for conducting their businesses. These licenses and the method of determining the amount of the same are unjust, unreasonable, discriminatory and unjust.

"I find," Secretary Meredith said in his order, "that the difference in the commission rates charged for selling a single ownership car and a plural ownership car should be the actual cost of the additional weighing and accounting required in the case of a plural ownership car. I find that you are following a schedule of commission rates which, permits, and that you have been exacting, a maximum charge of \$7 in the case of cattle and calves, \$5 in the case of sheep and \$4 in the case of sheep and goats, more for a car lot of live stock having more than one owner than for a like car lot of livestock having a single owner, and that the amount of the charge is determined by the number of livestock in the car lot rather than by the number of owners. I find that both these charges are unjust, unreasonable, discriminatory and unjust.

HARDING WANTS NATION TO BE SELF-RELIANT

MARION, Aug. 15.—Policies to make the nation self-reliant in material and governmental affairs were advocated by Senator Harding today in two speeches. He spoke first to American Indians, who brought a plea for extension of their voting rights. He replied that the United States might well be best to "democratize and humanize and idealize" on the continent's native races, rather than to "waste American lives trying to make sure of that bestowal thousands of miles across the sea."

The second address was delivered to the local lumbermen's association and was a plea for a forest conservation policy that would insure a timber supply to meet domestic needs and thus raise the standard of American building conditions.

Word that the Tennessee legislature had ratified suffrage was received by the nominee with satisfaction, and he issued a statement deprecating his gratification that women would be given the ballot in November.

One of the nominee's most carefully prepared speeches since he accepted the nomination, is to be delivered tomorrow to members of former members of the Ohio legislature. It has been indicated that the address was considered one of the most important of the campaign.

In Full Array.
The Indians represented, the So-

ciety of American Indians and several came arranged in tribal garb.

"I believe in the policy of promoting the ideals of democracy in America first and the American Indian is just as much entitled to that which rightfully comes to him as any other citizen."

"Yesterday the Indians called on Governor Cox and in addressing Senator Harding today one called him 'Senator Cox.' Senator Harding joined in the laugh and said: 'Well, I don't blame you, he is a pretty live fellow.'"

Senator Harding addressed the lumbermen at a picnic, devoting his address to timber conservation.

Tonight Senator Harding received several telegrams from suffrage leaders thanking him for his part in the Tennessee fight and a group of officials of the national woman's party came from Columbus to present their congratulations.

taken to determine their actual ownership.

Another part is warehoused at Mairville in the name of the Ukrainian society and cannot be touched by the American authorities although up to this time any disposal or departure of the stocks has been prevented.

The larger part of the stocks, warehoused at Bordeaux, was ransacked by the Ukrainians for choice bits and later by thieves but the remainder has just been recovered by the American authorities and sold to the Jugo-Slav and Czecho-Slovakian governments.

The only boat that managed to sail with a cargo of the stocks was turned back in May by an American destroyer after it had left Constantinople and the cargo was later disposed of there, little money remaining after the freight charges had been repaid to the Ukrainians.

The stocks, consisting largely of clothing and medicines, were sold on the understanding that they would be used for the commission which was then in France accepted in payment notes guaranteed by the Ukrainian government of that period. Some months afterward it was discovered that the agents of the co-operative society were peddling the stocks about France and the commission decided to take them over.

SITUATION TRAGIC.

ROME.—Signor Dugoni, the socialist deputy, who has just returned from Russia after a month's stay declared "the situation there is most tragic and shocked every member of the socialist delegation."

Lenina's experiment, he said, was a complete failure. Industrial production had decreased 50 per cent, transports were utterly paralyzed, trains were running at 20 miles an hour at the pleasure of trainmen, and the locomotives were burning wood. Fifth and passenger trains were visible everywhere. Signor Dugoni said the Italian proletariat was the least fitted for such an experiment.

Signor Severi, Editor of the Avanti, published a leading article confirming the arrangement of Lenin made by Dugoni.

REPUBLICANS WORKING ON SPEAKING PROGRAM

By the Associated Press.

MARION, Ohio, Aug. 15.—A campaign program for Senator Harding on October 1, including a schedule of speaking dates and issues to be covered, will be worked out tomorrow at a conference here.

Many invitations to speak away are to be considered along with requests for front porch addresses.

Between October 1 and the election the slate is to be left blank. The last front porch date announced is September 25, and it is understood disposition of the nominee's time, late in the campaign will be taken later.

Will H. Hays, national chairman, and Senator Harry New of Indiana, head of the party's speaking bureau, are to be prominent figures at tomorrow's meeting. Among others expected are Harry M. Daugherty, member of the legislative committee; Senator Medill McCormick of Illinois and Henry Wallace, publisher of western farm magazines.

At the conference, Senator Harding is expected to talk over his agriculture speech particularly with Mr. Wallace. This address to be delivered September 8 at the Minnesota State fair is the only one so far arranged away from Marion.

Had Few Callers.

Today Senator Harding had few callers and he devoted his time to correspondence and to the front porch speech he will deliver Thursday to Ohio legislators. One of those who he saw was Mrs. Abby Scott Baker, political chairman of the woman's party, who talked over the Tennessee suffrage situation.

Assuring Mrs. Baker he was ready to go to any reasonable length to secure favorable action, the senator pointed out that unless the Tennessee situation was settled by election, there might be a legal battle over the result of the balloting in some states. A constitutional question has been

the secretary of state" could intelligently discuss European affairs because no one else knew the truth about them.

"Even as a member of the foreign relations committee," he said, "I found it was impossible to know anything about foreign affairs for I can see there is increasing difficulty in attempting to manage the affairs of the other side of the world. All I care to say, there would be a very great change in foreign policy if the republicans succeed."

Senator Harding declared comment on the Polish situation, saying he had learned "no one but the president and the republicans succeed."

BALKANS NEED MAN OF STRONG PERSONALITY

BEIGRADE.—What the Balkans now need to prevent new wars is a man of strong personality and charitable tendencies or a humorous Don Quixote, according to Premier Veselich, of Jugo-Slavia.

Whether it is within the compass of human intelligence to prevent the present war from becoming the next few weeks will show. The broader aspect of the situation is that for Central Europe or the Balkan countries to become a great battlefield will be playing into the hands of the bolshevik agent who are believed to be working industriously in each country circulating war rumors and fomenting quarrels, for which there are already too many reasons.

That the Jugo-Slav government certainly does not want war with any other country the Associated Press is authorized to state from a high authority. It was pointed out that the Jugo-Slavs got all they could possibly hope for by the peace treaties in territories from Hungary and Bulgaria, and a new war might set back the infant nation. But they are determined to have Fiume. The people make large protestations that their army can match the Italian army. The Jugo-Slav army, they say, is regarded by outsiders as being in good shape with 300,000 trench troops ready. Also the word has been passed that the army of the peasants as soon as the harvest are in at the end of July.

What the Jugo-Slavs do, it appears here, will be the signal for the Hungarians to jump after Transylvania and Slovakia and later to attempt to retake the enormously fertile Balcans from the Serbs.

Riding south from Budapest into old Serbia the correspondent found new evidences to the effect that preparations on either side of the frontier, yet all the peasants were receiving notices of mobilization. The Hungarians now within the Serbian border have appeared to be convinced that they must belong to a country whose people they regard as of a culture lower than their own. They also complain they are unable to obtain passports to visit their friends in New Hungary.

While the Jugo-Slavs are said to be unafraid of war, yet they realize

they occupy a perilous position with respect to international political dissonances, as well as concerning what the Bulgars and Greeks might do in case the Jugo-Slavs made war on Italy. Not contenting themselves with general telegrams from suffrage leaders thanking him for his part in the Tennessee fight and a group of officials of the national woman's party came from Columbus to present their congratulations.

It is shown the Italians did not trouble, the Jugo-Slav will insist strongly on an indemnity.

(A crowd of Croats attacked Italian naval officers at Spalato July 11 and killed an Italian commander and several sailors.)

A trip through the city streets convinces me that all is quiet. Citizens generally deny any war madness, during the recent celebration of King Peter's birthday no demonstrations of a war nature occurred during the large parade.

The premier, prior to the celebration, issued a request to the people asking them to refrain from unreasoning acts and to allow the government to handle the affairs with dignity. He made a speech in parliament of the same tenor, stating he was willing to abide the investigation by the American and the British regarding the Spalato incident.

The recent British loans and reports of a good harvest have improved the dinar exchange, the dollar being worth about 17 as against 10 a few months ago. Prices, however, are high, meals in hotels costing from one to two American dollars. Cheap shoes may be purchased from 10 to 15 American dollars. Country people are selling foodstuffs to Austria and to the Poles and Czechs, but otherwise no real business is going on, owing to the adverse exchange rate preventing buying abroad, and the demand of other ingredients, at a small cost.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and luster to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous hair recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray. Try it. No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application of two, your hair becomes beautifully dark, glossy and attractive.—Adv.

A PROFITABLE FOREST.

Have a public forestry project the state of Idaho which shows it is demonstrated in the recent lumber sale conducted by the state of Idaho. This sale was made under the direction of the state land commissioner. The timber which was sold, it consisted of about 200,000,000 feet, much of which was white pine. This price may or may not be equitable. That is not the point. The state sold this tract of timber for \$750,000. The company which purchased it is to pay 20 per cent in cash, the balance to be paid in 10 annual installments with interest at 6 per cent on deferred payments. Twenty years is allowed by contract for removing the timber. After that the ground must be cleaned and the slashings removed or burned. If this area is reforested properly as rapidly as the timber is removed, Idaho will be having another sale one of these days. Any state which readily owns such tracts of timber is fortunate, but it will be wasting its good fortune if it does not maintain its forests by constant replenishing. Communities which have no public forests at present, would show wisdom by starting them soon. The financial income to be derived from the mature timber is only a part of the benefit which will be received by the community.

ENGLAND AND ITALY DESIRES WORLD PEACE

Continued From Page One. war to the invasion of national rights, whether in Russia or in Poland ought to teach wisdom to aggressors. The world, east and west, is crying for peace, but peace is only obtainable on the basis of full recognition of the liberties of nations. The British and Italian governments are alarmed at the indefinite prolongation of the present state of conflict, and are anxious that the people engaged in these outbursts should bring nothing but ever-increasing misery to the peoples of the world at large, for they involved continued unrest. Truly these conflicts cause the betterment of agriculture, economic life of nations depend, cannot come into full operation. Scarcity and high prices, with attendant privations and perils, are the inevitable result. "Civilization, the culture, the art, and weakened by five years of incessant warfare, is menaced by the prospect. The British and Italian governments therefore are united in urging that every effort should be made to bring to a conclusion the existing conditions of strife between nations."

No formal negotiations have been exchanged with the allies by the United States regarding the possible transition of the Polish operations from an offensive to a defensive character. The American government is understood to be satisfied with the situation as set forth in its note and representations made to the Polish government have been only an elaboration of the principles enunciated in that document. Great Britain, however, through Premier Lloyd George already has announced her opposition to any transgression by Poland of Russian territory. For the present, the British government will continue on the announcement of the British note by Lloyd George in the house of commons before taking up a possible formal rejoinder to the American to the Italian ambassador. The first approach to a joint allied policy toward the respective situations is believed here to have been made by Premier Lloyd George in his present conferences with Premier Clemenceau of Italy and in the latter's discussions with Premier Millerand of France. It is also reported by official here, as significant, that the British premier is planning to receive this week the German premier, Hohenzollern and Dr. Brüning, former minister of foreign affairs. It is believed that the United States will not receive any further news to the American note until the conference between the German and British premier is held. British

FIGHT FIRE FIRST DAYS

IN MEXICO.—FOR eight days and nights Captain Eugene McGarvey and the crew of the big United States army transport fought and finally conquered a fire in the ship's cargo hold, through Mexican firemen's aid, in the transport's voyage to the Philippines. The officer of the watch sounded a general fire alarm and water was turned into the hold, where 4,000 tons of ammunition, all of which were stored in a single hold, were being stored. Explosions of munitions in one hold were taking place every little while, and Captain McGarvey, the cargo there included shrapnel shells, hand grenades, detaching fuses, and other explosives. COMMITTEE WILL ASK COX TO COME

Senate Committee Investigating Campaign Expenditures to Summon Ohio Executive to Testify.

By the Associated Press. CHICAGO, Aug. 23.—Governor Cox, democratic nominee, probably will be subpoenaed and compelled to appear before the senate campaign committee which today announced plans for investigating the republican and democratic national campaigns, unless he comes of his own free will, a member of the committee told The Associated Press tonight.

The members of the committee said its members felt that Governor Cox must prove the charge that the republicans were raising a \$15,000,000 fund or withdraw them and that the committee was prepared to go to any length to obtain evidence in the matter.

No official subpoena will be issued, however, until the committee meets next Monday.

"If Governor Cox has not given us a satisfactory reply by that time, I feel certain a subpoena will be issued," he said. Senator Reed said he had not received an answer to his telegram to Governor Cox up to 9 o'clock tonight.

HEARS FROM KENYON. DAYTON, Aug. 23.—Development in connection with his charge that a "slush fund" of \$15,000,000 was being raised for the republican campaign and personal affairs today engaged Governor Cox. He received a message from Senator Kenyon, republican, Iowa, chairman of the senate campaign fund investigating committee, requesting information.

No reply was made by the governor as he had sent Senator Reed of Missouri, a democratic member of the committee, a message to transmit information soon.

Will Be Made Public. In addition to the information to be given by the committee, Governor Cox said that he would make public other facts in future addresses.

Declaring that he did not expect to testify before the senate committee, Governor Cox said:

"I will not deny the matter to the committee later. All the information I have will be given to the public and, therefore, I don't see any use in going before the committee. I think also, that the committee will recognize that as a candidate, I should give it out in such a manner as I see fit, but I have no objection, of course, to conceal anything from them that I have myself."

"I will give out my information as I think the public interest demands and I think I should be judge as to when it is to be given."

CEMETERY WILL BE KEPT FROM ENCRoACHMENT

PARIS.—In order to prevent any commercial encroachment upon Romagne cemetery, where 23,000 American soldiers are buried, the French government has been asked by the American army graves registration service authorities to purchase the gentle slope facing the front of the cemetery, and the entire crest of the hill occupied in part by the cemetery, as well as plots at both sides.

The Romagne, Surmeaux, and Belleau Woods cemeteries have been approved by the secretary of war as the permanent "resting places" of more than 30,000 soldiers dead who will continue to sleep in French soil. Surmeaux, which is on the slope of Mont Valerien, is already protected against encroachment of any sort, and the same is nearly true of Belleau Woods.

The extra ground to be purchased at Romagne will not only safeguard the cemetery against any encroachment, but will provide areas which will be used by American horticultural experts to surround the hallowed spots with trees and shrubbery. At the present time the cemetery is surrounded only with a long wall, and there is no available space for planting.

The beautification of the cemetery will not begin for some months, as most of the plots in the cemetery now are to be removed to America, and this work will not start until mid-September and cannot be finished until sometime next year. After this work is finished bodies from other cemeteries will be moved in.

OREGON ANTELOPE GOING TO NEVADA

PORTLAND, Ore.—The last important herd of antelope in Eastern Oregon is straying over the border into Nevada because of scarcity of grain in the Oregon state. Game Warden George Tonkin of Pendleton, who was in Portland today after several weeks spent in investigating the proposed establishment of a preserve for the animals in Lake County. The greatest enemies of antelope here Tonkin are sheep herders, who kill them for food and "big game" trophies from soldiers, states who imagine, according to the warden, that by killing the antelope they are getting a sample of near-African hunting.

AMERICANS SMASH THE OLYMPIC RECORDS

ANTWERP, Aug. 23.—(A. P.)—Several Olympic records were smashed today. Three Americans, Frances Crohn, Len Frapcho, Irene Guest of Philadelphia and Ethelda Bleibreyer, women's swimming association, chalked up new records in winning their heats of the 100 metre style. Duke Kahanmoku repeated his record breaking performance of yesterday by covering the 100 metre in 1:01 2-5. Pua Kealeha, Honolulu, tied the Olympic record when winning his heat in the same event. This makes eight Olympic records broken by Americans in two days, one world record bettered and two Olympic records equaled.

J. Howell, San Francisco, won his heat in the 400 meters breast stroke today in six minutes 55 seconds. In the 100 meters free style, Kahanmoku and W. W. Harris, Honolulu, were first and second respectively. Geo. Vernot, Canadian, failed to qualify.

Norman Ross, Illinois, was second to Kealeha in his heat in that event. In the 100 meters free style for women, Mrs. Schroth won the first heat in 1 minute 18 seconds; Charlotte Boyle, women's swimming association, finished second. Irene Guest won second heat in 1 minute 18 4-5 seconds. Ethelda Bleibreyer won the third heat in 1:14 2-5. The previous record was 1:19 4-5.

MAY IS WELL RECEIVED BY THE BALL FANS

NEW YORK, Aug. 23.—Carl Mays pitched for the New York Yankees against Detroit today and shut out the Tigers, 10 to 0. It was Mays' first appearance in the lineup since an accident, a week ago that resulted in the death of Ray Chapman, Cleveland shortstop. Mays pitched a steady game and while the Tigers got 10 hits off him, they were so scattered that they counted for naught. The Yankee pitcher passed three men to first, but failed to strike out a Detroit batter. Twice, when his curves broke close to batters, Mays shouted "Took out."

"That the New York fans were with Mays was evidenced by the reception given him. When he appeared in front of the grand stand to "warm up" he was cheered. This was repeated when Mays was announced as the pitcher for the Yankees, and again when he took his place in the box. The cheering had hardly died down when Mays pitched a strike on

the applause was renewed. As the game progressed with the Tigers unable to score, fans shouted words of encouragement to Mays to "shut them out," and he, with the aid of his teammates scored 10.

Mays earlier expressed to several baseball writers his resentment of the reported movement of the Boston and Detroit clubs against him and reference to him as a "bean" ball pitcher. "Both those clubs have pitchers who have hit more men this season than I have," says Mays. "Dush of Boston has hit 23 men and Zimke of Detroit has hit either nine or ten, while I have hit six."

SAYS EUROPE ON VERGE OF NUMEROUS WARS

BUDAPEST.—Admiral Nicholas Horthy, regent of Hungary, told the Associated Press correspondent that in his opinion Europe is on the verge of other wars which will not be severe but will repeat the injustices and incongruities of the peace treaty. I am quite sure that old Hungary will come back again," he continued. "It was formed by natural necessities, so it cannot be held apart by paper treaties."

Allied military observers here feel that war is in the air and that Hungary is likely to begin it by invading Slovakia on a pretext of saving that country from bolshevism but with the intention of crushing the Czechs, which the Hungarians feel would be an easy task, and then attacking Rumania with the aid of the Bulgarians, who want to recover Dobruja, and of the Serbs who want the East.

War prophets here are asking what Hungary intends to do with the arms

his first hat to Young of Detroit and food she is collecting. It is the feeling of it by the commandant here, that Hungary has more than \$1,000,000 worth of American canned meats, that she has received 28 tanks and a large number of rifles and that she is collecting. These latter are ostensibly intended for the peace treaty.

Market News

Grain

CHICAGO, Aug. 23.—The general trend of the grain market was lower, and lower prices today. Relatively low temperatures had some effect on all cereals, but sentiment was generally bullish among the pit element. At the finish wheat was off 4 1-4, to 10 1/4 cents, December 2.33 1/4, 1-4 and March 2.23; corn ranged from unchanged to 3/4 lower, while oats showed net gains of 7-8 to 11-16. The lowest lot provisions ranged from 6 to 10 lower.

Despite the fact that commission houses with eastern connections were fair buyers of wheat the market slipped, 7 1-4 to 8c, the March delivery displaying the most weakness and at any time going to a discount under last December.

Corn displayed a heavy tone and ruled lower much of the time after starting practically unchanged to 1c higher. December and May deliveries sold at new low figures on the crop as the result of general selling by strong commission houses, which were more than offset the effect of the strength in September. This delivery attracted light and filled very sharply during the early part. At the finish, December was off 2-4 from Saturday's finish.

Oats were depressed by the action of corn and commission house selling. All deliveries sold at new low on the crop and closed well toward the bottom.

Provisions trade was erratic. After starting firm market, weakened with the easiness in grains and a decline in hogs.
