CAR SITUATION IS TO BE CONSIDERED

Congressman Smith Calls Attention of Interstate Commerce Commission to Necessity of Action.

Further steps were taken yesterday toward relieving the serious situation arising from the shortage of freight cars which is holding up shipments of this year's wheat crop to eastern points.

Addison T. Smith, congressman from this district, sent the following telegram to the Interstate Commerce Commission at Washington, and definite information concerning the number of cars which will arrive here shortly is expected here Monday from the commission:

"Am reliably informed that the three million bushels of wheat that are being harvested on the Twin Falls tract cannot be moved to the market because of lack of cars. Elevators cannot purchase and store and the farmers have no facilities for taking care of the crop and cannot borrow money to pay pressing bills for storage. In order to save the crop and relieve the farmers of their pressing financial demands, it is absolutely essential that at least fifty

cars a day be made available for wheat shipments on the Twin Falls tract above. Similar conditions exist in other grain growing sections of Idaho. Please wire what relief can be afforded.

"ADDISON T. SMITH."

CONDITION OF SNAKE RIVER.
The stored water belonging to the Twin Falls Canal Company in Jackson reservoir will last until the last of August.

The natural flow will enable the canal company to deliver about 50 per cent to the water users, from that date until the river begins to rise, which, according to its usual behavior, will be in October, possibly in the first week, say Canal company officials.

ARMY TEAM WINS.

CAMP PERRY, O., Aug. 22.—The United States army team won the United States service match in the national rifle tournament today with 4,447, while the U. S. Marine corps took second with 4,394. The finish of this match today marked the end of the national matches here.

CLOSE CHILD WELFARE CLINIC AT PARISH HALL.

The first series of free clinic meetings for examinations of children in this community was held last night at the Parish hall, and the public health committee of the county of Blaine, under whose auspices the work was done, enter-ains the belief that it was highly successful. From 250 to 300 infants were examined by doctors of the community who donated their services for this purpose. Mrs. Burton E. Moore, stated yesterday, and mother who brought their children to be examined are highly pleased with the results obtained by the meetings.

Throughout general examinations of the children were made by the medical students and records of each child's health were kept by the Red Cross. Regular clinics will probably be held in the near future. It is so desired by the people of this vicinity, since the Red Cross believes satisfactory results have been obtained. The committee in charge of the work includes Mrs. Burton E. Moore, chairman, Mrs. Emma L. Warren and Mrs. George D. Aiken.

BELFAST MOBS ARE FIRED.

BELFAST, Aug. 22.—The military fired on rioters again tonight, killing at least one and wounding six one seriously. The troops fired in an effort to protect the police station at, tucked by a mob. Disturbances were reported in several sections. When the soldiers reached the police station in an armoured car, they were met with stones. The police and military dispersed the mob. Many individual attacks were reported. The rioter killed tonight was John Lynch, 18.

CANTU'S FORCES ARE PAID.

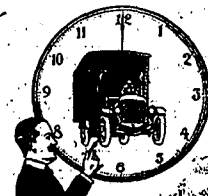

MEXICALI, Lower Cal., Aug. 22.—The last forces of Gabriel Esteban Cantu, former governor of Lower California, were paid and discharged today. Work of discharging the army forces began yesterday. Some of the men expressed surprise at the action, asserting it was in contravention of an agreement made, on the eve of Cantu's retirement.

JOHNSON REFUSES TO PERMIT STRIKE

Agitation for More Against Pitcher Mays Because of Chapman Tragedy, Is Ordered Stopped.

NEW YORK, Aug. 25.—Agitation for a strike against Carl Mays of the New York Americans has been ordered stopped by President Dan Johnson, according to an announcement by Col. Jacob Kuppert, an owner of the New York club.

After the death of Ray Chapman, Cleveland shortstop, which resulted from a ball thrown by Mays, it was reported that several clubs had discussed refusing to take part in games against New York when Mays was selected to pitch. Active agitation for a strike against Mays, however, is said to have been inaugurated by the Cleveland club.

Since the accident Mays has pitched games against Detroit and Chicago and with the order now sent by Johnson, prohibiting further action against Mays it would appear that the fatal incident is now a closed chapter.

Should any club, however, violate the order of President Johnson and refuse to play against Mays, the only course left open would be for umpires to forfeit such games to the Yankees, which under the circumstances would involve a heavy fine, according to the rules.

BISHOP COHANAN WRITES IN BEHALF OF MACHWIGER

LONDON, Aug. 27.—Bishop Daniel Cohan of Cork has written a strong appeal to the London Times urging the release of Lord Mayor Machwiger of Cork, saying his imprisonment offends all sense of justice.

"The offense charged to the lord mayor has no substance," says the bishop's letter. "The sentence has the usual character and is a manifest injustice."

"It is now a familiar and true expression that government is Ireland is government by imprisonment, by deportation, by arson and by murder," he concluded.

At the Churches

Regular prayer service, featured with special music throughout, will be held at 11 o'clock at Ascension Episcopal church today. Mrs. L. F. Albert will sing the offertory solo. Sunday school meeting will begin September 5.

Bible school services at the Presbyterian church will commence at 9:45 o'clock this morning. The fifteenth anniversary of the church will be commemorated at the regular morning service at 11 o'clock. The choir will sing an anthem, "O, For a Gospel of That City," and Miss Ellen Carlson will give a solo.

Morning worship will be held at the Methodist church at 11 o'clock this morning, with sermon by the pastor, Alexander C. Bennett. Sunday school at 10 o'clock. E. L. Ashton, superintendent. Young People's League devotion meeting will be held in the chapel at 6:30 o'clock. At the midweek meeting Wednesday, at 8 o'clock, the pastor will speak on "Our Heavenly Helper, in the Soul's Conversion."

The program for today at the Christian church, W. A. Moore, minister, is as follows: 11:15 school; 9:45 o'clock, B. W. Updegraff, superintendent; communion service at 11 o'clock; communion solo, "My Dream of Cavalry," Harkness, Mrs. C. J. McConnel. Anthem, "How Long Will This Forget Me, Lord," (Hymn) sermon, "Remembering God's Blessings," W. A. Moore; 6:30 o'clock young people's social and devotional hour, Edith M. Creel, leader. This church joins in the union park meeting at 7:30 o'clock.

Sunday school at the Baptist church will begin at 9:45 o'clock today, and morning service will take place at 11 o'clock, the Rev. C. T. Halsey of Merpherson, Kansas, occupying the pulpit. Mr. Halsey will also deliver the sermon at the park in the evening. The B. Y. P. U. meets at 6:45 o'clock. Special music is on the program for both morning and evening services.

Today's services at the First Church of Christ Scientist, 160 Ninth avenue East, will begin at 11 o'clock. The subject of the lesson sermon is "Christ Jesus." Sunday school services will take place at 10 o'clock.

FOR HALL OF FAME

WASHINGTON.—The only tree known to have been planted in memory of Abraham Lincoln right after his assassination has been nominated for a place in the Hall of Fame for "trees with a history" which the American Forestry association is compiling. A. S. Bailey of Iwern, Iowa, where the tree now stands, informed the association that the tree was planted by one John Finn, who is still living.

When Abraham Lincoln was assassinated Mr. Finn was in Chicago and he returned home much depressed. A few days later, on April 27, 1865, Governor Stone of Iowa declared a day of mourning for Lincoln. Finn went into the woods and dug up a small hackberry shoot which he

transplanted on the street in front of his home. The shoot took root and today is one of the most magnificent trees in Iowa. It is 110 feet high and nearly 12 feet in circumference, to which facts the American Forestry association points as a great lesson in what can be done in tree planting.

The daughters of the American Revolution, the Grand Army of the Republic and historical societies of the country are said to be reporting many other trees with a history to the American Forestry association. Other nominations for the Hall of Fame are:

The first algaroba tree in the Hawaiian Islands by M. J. Hordan of Pleasant, Ariz. This tree seed was taken to Honolulu by Father Buechel of California. There are now thousands of them in the islands.

The General Johnston oak on the shipboard killed by the chamber of commerce of Corinth, Miss. Under this tree General Albert Sidney Johnston was killed while leading his troops. The tree, now 300 years old, is cared for by the national government.

The Washington oak near Santee, S. C., nominated by J. Danforth Bush of Wilmington, Del. The tree was spared from the axe when George Washington urged that it be not cut down. The tree is on the estate of Colonel Henry Rutledge.

The largest canyon live oak in California is believed to have been founded by J. A. Barrett of the United States forest service near the "Hudson ranch in Bouquet canyon on the Santa Barbara forest.

The San Diego Mission palm, nominated by T. P. Getz. This is the only one remaining of the four planted in 1752. Two were sent to the Chicago world's fair in 1892 and a third was blown down in 1912.

The Hunston oak, just over the Philadelphia line in Darby, nominated by Miss Ethel Austin Shrigley of Lansdown, Pa. This tree was mentioned in a deed in 1653 and from beneath it in 1777 General Washington watched his army march from Philadelphia to Chadds Ford.

The old Sassafras tree at Harrisburg, now 298 years old, nominated by J. S. Hilek. It was 15 years old when John Harris Jr., son of the man who found the Pennsylvania capital, was born. The tree is 13 feet in circumference and 56 feet high.

AMERICA AND POLAND

For the glorious defeat administered to the Bolshevik armies by the Poles, America deserves her share of credit. That is a pleasant fact to remember, in view of the historic debt of gratitude owed by the United States to Poland, and the seeming indifference which for a time belied that obligation.

When the Poles, after long and disastrous retreats, with crumbled front, weakened spirit, were fighting with their backs to the wall in defense of Warsaw, the American declaration of sympathy and help for them and relentless opposition to Russian Bolshevism came like a fresh wholesome breeze to rouse their courage. They needed some such inspiration. With it, they fought as bravely as Poles can always fight when they have a great cause and any chance whatever of victory.

Their own valor deserves the lion's share of the credit, of course. France, too, deserves great credit for the moral and material aid rendered, and for the effective work of the French officers serving in the Polish armies. But America, by a timely stretching out of her strong hand in sympathy, by her diplomatic lining up of the allied powers in Poland's behalf, and by the overwhelming evidence of American popular support for that policy, dealt a rarely effective stroke to a world menace at a critical moment. Which seems to show, among other things, that it is just as well not to keep out of foreign affairs altogether.

FOOLS AND THEIR MONEY

Visitors to Deauville, a famous French watering place, complain bitterly of the extravagance of the newly rich who are visiting there this summer. The same sort of complaint is heard from many of the resorts of America.

There are tales of wild gambling, of fortunes lost on races, of extravagant dress and costly jewels worn in and out of season. These the complainants feel, are indications that the world is in a bad way. As a matter of fact, they are plain signs that the world is getting better. When a patient suffering from an eruptive disease breaks out all over, he is on the way to recovery.

A vast amount of wealth was accumulated during the war. Some of it went to those accustomed to handling great amounts and fitted to do so wisely. Much of it went to persons of a directly opposite type. It is these who are putting it back into circulation with dazzling rapidity, and the sooner they make a complete job of it the better, for it is the way to more normal distribution.

After all, the old Scripture about the fool and his money is not so much a warning as a promise. So long as a fool has his gold, he is dangerous, and his wealth a menace; but the minute he begins to part with it, there is a chance that some of it at least, will fall into wiser hands.

MEN AT VOTERS' SCHOOLS

Not only women, but men as well, are attending the many schools for political instruction which are being established throughout the east for the especial benefit of women voters. Some of these men on being questioned as to why they go to the classes say quite frankly that they are glad to get the bed-rock, elementary information offered.

The situation is far more promising than amusing. It shows that women are seeking information both at home and abroad, and that men are fitting themselves to give it, and that the awakened interest of the women has aroused many thinking men to the fact that their own concrete knowledge of the fundamentals of citizenship and government is vague and in need of bringing up.

With men and women both seeking a better education in the duties of citizenship and the functions of those elected to office, the prospect is bright for a future wherein all voters will use the ballot more intelligently, will practice a better citizenship themselves and demand for public office men of higher ability and integrity.

AUGUST GARBAGE

The head of a garbage plant in one of the big cities was scandalized the other day by the discovery that for the week just ended the garbage collection had amounted to half a million pounds more than the previous week. Accordingly he proceeded to give the citizens a lecture on food waste.

Nonsense. The population was not falling back into pre-war shiftlessness at all. It was simply reveling, as every American community should, in the seasonal luxuries of watermelon and corn on the cob. A critical examination of garbage cans showed very little discarded meat, bread, etc., but mostly husks, cobs and rinds. Surely the garbage plant man didn't expect his fellow-citizens to eat them.

SENTIMENTAL WASTE

About every so often some departing soul leaves a bequest for the care of a pet cat, which would feed and clothe and educate a child. Another person gives a birthday party for a pet dog. And the money spent in entertaining Fido and his friends would buy a thousand books for a much needed library.

The other day, in New Jersey, a pet canary was given a funeral which cost \$400, and police reserves had to be called out to control the curious thousands who flocked to see the funeral cortege, headed by a band of 12-pieces. Many many children in Newark went to bed hungry that night?

Nobody wishes to decry the affection of any owner for a pet animal. It is only humane for the person who must give over the care of his pet to make provision either for its decent comfort or its merciful extinction. But in a world full of dire human need, the spending of large sums of money to provide an animal with luxuries or attentions which it neither needs nor can appreciate falls little short of crime. It is a type of ruthless and brainless extravagance which an advanced civilization should find some means of preventing.

THE LOST ALMANY

The draft evasions were scandalous enough, when measured by a standard of perfection. All human measurements, however, must be comparative. When so considered, the 173,911 men listed by the War Department as having "willfully failed" their country become a cause of pride—not in them, but in the vast majority (or whom they furnish the contrast.

In the Civil War, as the Department report reminds the public, evasions were far more numerous and flagrant. In the present case, the number of slackers, while great in itself, was but a minute part of the total registration—only about two-thirds of one per cent.

Never in American history has that record been equalled. It may be questioned whether it is equalled by any other belligerent nation in the World War.

"Are twins two people?" asks an earnest seeker after truth. This reminds us of the man who had a twin brother, and who said the only way he could tell which was which was to put his hand in his pocket, and if there was any money there he knew that it was his brother.

In Budapest, Hungary, families formerly well-to-do are offering ancestral tombstones in exchange for food. There's a fine text for the study of comparative values.

The Committee of Forty-Eight is preparing to leave the Farmer-Labor party. It will be news to most of the Farmer-Labor leaders that the Forty-eighters were ever in it.

BOOZE RAIDERS ARE MAKING GOOD HAULS

Liquor and Narcotics Valued At \$30,000 Confiscated; Colorado, Wyoming and Montana Scene

By the Associated Press. DENVER, Col., Aug. 28.—Whiskey and drug raids during the last week in which seventy-five arrests were made, liquor and narcotics valued at \$30,000 confiscated, and cases of stills seized throughout Colorado, Wyoming and Montana, were made public tonight by federal prohibition agents here.

The men in custody include merchants, prominent ranchmen, a justice of the peace and hotel owners, officials said.

They declare their investigations revealed that the whiskey was smuggled from Canada and distributed throughout western states by mail.

which intends to wrap the league of nations.

"If the league does not become a thing in fact," he continued, "it is my judgment that not a single European nation will ever be able to pay its debt and if that is not paid then what becomes of fiscal conditions overseas? The financial stability of the world depends on the adoption of the league of nations."

Governor Cox added that public confidence must be given to industrial readjustments and, he said, "millions of dollars are being contributed to guarantee an unfair adjustment."

"I know men," he asserted, "that are making contributions for the purpose of using the buyout to settle industrial difficulties. Nothing could be more dangerous than that. That is building a Bolshevik factory."

The governor said he proposed to use the "golden rule" in settling industrial disputes. He also promised to remove war taxes unjustified during peace.

In addition to his address the governor met hundreds of persons at informal receptions. He marched several blocks at the head of the procession.

HARDING FAVORS COURT OF JUSTICE

Would Scrap League of Nations and Build Compact for International Conference and Justice

By the Associated Press.
MARION, Ohio, Aug. 28.—Turning away from the league of nations as a failure and a wreck "beyond reconstruction," Senator Harding broke ground today for a new international peace structure he hopes to erect about the principle of a world court of justice.

As a foundation he proposed to use the better features of the present Hague tribunal and of the covenant of the "failed league" and he promised that from the day of his election he would give to the task his best effort in counsel with the ablest statesmen. The senator's deliverance was made in a front porch speech voicing his conception of a foreign policy. The cornerstone of his program, he said, was to regain for America the moral leadership it had lost when "ambition" sought to superimpose a reactionary theory of

instruction measures the nominee said he had "no expectation whatever" that negotiations for separate treaty would be required to put the nation on a peace basis. Passage of a resolution declaring peace he said, was all that was necessary to end the present "preposterous condition."

A World Court
Senator Harding described the new peace association as an international association for conferences and a world court whose verdicts on justifiable questions this country would be willing and able to uphold. The senator also reiterated his belief that it was for American rights primarily and not to form a peace association that the nation went into war.

"It is for that same guaranty of nationality that I stand today," he continued, "and shall continue to stand so long as I live."

The speech was delivered to a delegation of the Harding club of Indianapolis and to a group from Minnesota.

Will Hays, republican national chairman, and Senator Harry S. New head of the party's speakers, headed the Indiana delegation and issued a statement declaring that Senator Harding cut an unflinching way straight through that angle of the league, of nations into which the bungling of the democratic administration

hibition, fell from a height of about 500 feet. He was hanging from one of the wings of the plane which side-slipped. The pilot of the plane was only slightly hurt.

THREE MEN ARE KILLED IN FIGHT ABOUT LAND

By the Associated Press.
SANTA FE, N. M., Aug. 28.—A gun fight resulting from a quarrel over land boundaries, resulted in the killing of three men at Lumberton, Rio Arriba county, according to word received today by the district attorney here who left today for Lumberton to attend the preliminary hearing of one of the alleged slayers.

Details are scanty, but it is known that J. M. Archileta, senior, a prominent merchant, J. M. Salazar, a ranchman, and a third man, were killed. It is reported that Salazar opened fire on Archileta Sr. that J. M. Archileta Jr. shot Salazar; that the third man was killed by a deputy sheriff during the melee.

Of all but one, the big British liner, scheduled to sail today, departed and the exception Cunarder line Panamanian, will leave tomorrow officials announced.

Most of the firemen on the Panamanian walked out in sympathy with strikers. The crews on other vessels remained virtually intact.

Hundreds of longshoremen, who quit yesterday returned today.

Union officials announced they deeply regretted the unexpected walkout coming just before new wage scale demands are to be presented.

Work went ahead well at the Cunarder line and the American and French ship piers which longshoremen deserted yesterday. But at the White Star line docks where the strike had its inception the longshoremen reported.

Most of the ships were hit in getting away, the loading of baggage in some cases being done by the officers of the steam lines.

The Gothland Belgian vessel which longshoremen had quit loading Friday also pulled out. The Cunard liner Aqueduct with Prince Carol of Rumania aboard left at 4:40 o'clock and in 20 minutes the White Star liner Olympic followed.

STATISTICS ON PUGILISTS.

BENTON ARBOR, Mich., Aug. 28.—Statistics on Jack Dempsey, heavy weight champion, and Billy Miske of St. Paul, challenger who meet here Labor Day tonight revealed Miske is a quarter of an inch shorter than Dempsey, and about as broad. While Dempsey's arms are more club-like and his chest fuller, there is but little difference between them in physical makeup. Miske now is three and a

half pounds heavier than the champion.
Miske gave an exhibition at South Elgin, Ind., today, returning here to satisfy several hundred persons who visited his camp.
Dempsey was given a bloody nose in his bout with Bill Tate, today. A straight left brought the blood.
Dempsey boxed six rounds, two with Tate, two with Panama, Joe Gans and two with Marty Farrell.

Grain

CHICAGO, Aug. 28.—Trading today was light, the market being practically without a feature although a good export business in wheat was done over night. At the finish wheat was up 1-4 to 2 1/2-3c above Friday's close with December \$2.38 3/4 to \$2.67 and March \$2.33 3/4. Corn advanced 1-4 to 54 cents. Oats were 1-4c lower to 3-4 cents higher and provisions ranged from 5 cents lower to 38 higher.

Wheat futures averaged higher as the result of lack of pressure. A house with eastern connections was the best buyer while the northwest sold, presumably hedging against cash grain.

Corn averaged higher due to the strength in wheat. Buying was mainly of a local character. Oats were in sympathy with other grains and closed firm. Provisions were dull, the feature being the demand for lard and tallow.

Note that the above schedule of voting is in the declining scale basis; the earlier subscription are secured, the more votes they receive. A special ballot good for 100,000 extra votes is issued on every election. The \$4.00 turned in. This arrangement will be in effect throughout the entire campaign and it is to be noted that the "Vote" will be given to the candidate who has the most votes.

SEVERAL CONTESTANTS MAKE SUBSTANTIAL GAINS; INTEREST IN RACE GROWS

Interest in the great Chronicle election is increasing noticeably. Every day brings inquiries though now the greater part of them are accompanied by votes from persons who, having been nominated, have thought it over carefully and decided that the opportunity of securing one of the brand new six-cylinder touring cars and hundreds of dollars in gold and silver is well worth the effort, in too good to pass by. They are starting themselves on the road to success, these men and women.

During the last few days, the campaign department has been flooded with votes which were sent by friends for their favorite candidates. Evidently some of the candidates who have been less active in the past have enrolled the help of their acquaintances. Subsequently when canvassing or subscribing to The Chronicle invariably have their favorite candidates in whose favor they cast their votes. We take this as an indication that there are to be some surprises and shifting about in the vote standings.

Time is passing rapidly and the advantage of getting a good start now cannot be too vividly impressed

upon the candidates. The opportunity is exceptionally bright now and those who are entering, as well as those who are not, will receive mighty big rewards for their efforts. Every effort put forth now means maximum results. The coming few days are filled with advantages for those who heed those calls of opportunity. For during those days the largest and best offer of votes is in effect. Under this provision every club of subscribers or renewals amounting to \$20 is worth about 100,000 votes. Indeed, one six-year subscription would mean 452,500 votes.

This splendid big vote schedule presents to each contestant the opportunity to amass a tremendous vote in just a few days. Its possibilities are unlimited for any number of clubs may be turned in by any contestant and the extra 100,000 votes will be issued for each one.

The regular votes and the extra votes on one club alone make a staggering total, and on two or three clubs—well, the total is enough to make one's head swim. Those who start now have every advantage and every assurance of success in the end. The present big vote schedule is

positively the largest and best inducement that will be made. November will see the count for as many votes as they do now—and now, or again, will your efforts accomplish so much. Between now and the next few days, you may obtain the votes that will win for you at the close of the race, early next month. The possibilities are simply tremendous.

Don't forget that nomination blank. You can start today, with a little effort and during these next few days you can secure enough votes to "clinch" the prize you wish.

CHAMBER OF COMMERCE DIRECTORS CONFERENCE

At a special meeting of the board of directors of the chamber of commerce yesterday afternoon, the directors considered giving assistance to the Idaho Nevada Holding company in its project for a railroad to Wells, Nevada, from Twin Falls. What shape this assistance will take is to be considered later.

The board went on record as favoring a municipally owned swimming pool in conjunction with a new tourist camping site. This proposition is to be considered further and to be placed before the city council for administrative consideration.

Baby Wears Abdominal Binder

I can not too strongly at this time urge the importance of supplying your needs for the present as well as the future, in everything you may be needing in infants' and small children's wear during this big Money Saving Sale.

Abdominal Binders (Bands), Tab Bands, Wrapper Vests, Bifold Vests (Rubens Style) Gertrudes, Margarets

This line is so extensive with its many kinds and qualities that to quote prices in detail would make a list almost too long, but to illustrate:
Tab bands (Merino) that sell regular at 75c now 47 cents. Wrapper Vests (Merino) that sell regular for \$1.25, now 90 cents. Tab Vests (Wool) that sell regular for \$1.50, now \$1.00. Bifold Vests (Merino) Rubens Style, regular \$1.75, now \$1.25.

KOZY WRAP YOUR BABY

These wonderful little garments sell the year round, but now the cooler nights have come and with the near approach of cold days they are just the best thing ever for the baby.

Ideal Outdoor Garments and Carriage Robes

THE KOZY WRAP keeps out the cold and draughts by means of its patented Hood, Sleeves and Flap which are adjustable to the growth of the baby, from birth to the age of three. When Babe becomes three years old the Kozy wrap can be transferred into a perfect little coat by turning under or cutting off the flap.

Other features: The patented cuffs, when buttoned, protect baby's tiny hands from the cold and at the same time act as a preventative against the habit of sucking the thumbs. When the cuffs are buttoned back they form into fetchingly ornamental cuffs.
