Committee Secures Admissions Sustaining Cox's Charges

## QUOTAS IN OHIO WERE DOUBLED TO MAKE SURE

Kelly Says Counties Were Assessed Twice What Committee Expected to Receive for Fund

CHICAGO, Sept. 9.—The senate committee investigating campaign expenditures tonight was divided on the question of pursuing the investigation of Governor Cox's charges that millions are being sought by the republican national committee to "corrupt" the electorate.

Saturday the committee will complete its inquiry here, but after two conferences today the two senators could reach no decision as to the next step to be taken.

CHICAGO, Sept. 9.—Testimony bearing on Governor Cox's charge that a quota list of the 61 cities had been sent out by the republican national committee was elicited at today's session of the senate committee investigating campaign expenditures.

White Tracy M. Blair, assistant to J. W. Upham, national republican treasurer, was on the stand, a document was introduced which the witness identified as a substitute for "form 401" the campaign plan which he had submitted to the committee by the national executive committee.

This substitute document stated that an intensive campaign was to be undertaken in 64 cities and it also indicated that the national treasurer was to appoint city chairman of the ways and means committee.

John A. Kelly and G. DeForest Kinney, state ways and means leaders for Ohio and Illinois, respectively, later said they appointed the local chairmen themselves and that the national treasurer had nothing to do with these selections or with fixing quotas for the various counties.

Mr. Kinney also added that he was concerned only with the campaign out-of-state and Cook county.

Had Not Heard Of It.

In addition, Henry Owen, a paid assistant to Blair and organizer for Ohio, Kentucky, Tennessee, West Virginia and Indiana, testified that he had never heard of any plan to organize cities as distinctive from the county organizations. He said, furthermore that he never saw "form 401" and knew nothing of it being locked in a safe at republican headquarters after it had been rejected.

Mr. Owen told Senator Spencer that the whole republican method of raising funds was a "lock plan."

"I can buy it for you in printed form for 15 cents," he said.

"Where?" asked Senator Reed.

"From the international committee of the Y. M. C. A.," said the witness.

The plan is known to hundreds of men. It is 25 years old and anyone but original with this drive.

The committee held another night session, Chapman-Kenyon explaining that they hoped to wind up the committee hearings here by Saturday night.

Other developments today included testimony by Mr. Kelly that he fixed quotas of Ohio counties at just double what he expected to raise but did not inform local chairmen of that fact. On that basis the workers in that state, it was brought out by Senator Pomeroy were striving to get \$13,000, 000 instead of the \$650,000 which the national committee wanted.

Shot At Moon.

"We don't get the moon hoping to hit the new lops," explained Mr. Kelly.

Mrs. Bertha Decker of Chicago, ways and means vice chairman for Illinois, told of the difficulties of raising money among women voters.

"I thought that since women had assumed the privileges of the ballot they ought to assume some of the responsibilities," she said, but her figure showed that she had collected \$35,337.67 from only five counties in Illinois.

## WHY WILL GO TO HEAR GOVERNOR COX

Special Coaches Will Be Attached to Morning Train Wednesday—To Greet Candidate At Minidoka.

With special coaches attached to the regular morning train to Minidoka, arrangements were made yesterday for crowds all the way along the branch line to hear Governor Cox, democratic presidential candidate, on the morning of the 15th.

Governor Cox will leave Boise on the night of the 14th and will reach Minidoka in the early morning. The train from the Twin Falls branch will arrive at Minidoka at 10:30 a. m. As a result of this situation, arrangements were made yesterday between State Chairman Pons and Orr Chapman for the Minidoka meeting.

Mr. Chapman has arranged to arrange for a special train to Twin Falls, but as the Boise folk insisted on the nominee speaking there, it was impossible for him to make Twin Falls.

Former Ohioans will make the trip to Minidoka. There are many of those on the tract all the way from Buhl to Rupert, and they are to be organized under the direction of Taylor Cummings, so as to give the chief executive of their native state a rousing reception in the sagebrush country.

There is general regret that the presidential nominee can not get a glimpse of the Twin Falls tract. He has taken such a keen interest in reclamation projects that there is a desire that he have first hand information as to the results where water is applied to south Idaho lands. However, he will have a talk on the train between Minidoka and Pocatello with R. H. Stevenson and others, who will lay before him the opportunities that are afforded by the proposed American Falls dam, the site for which will be passed on the trip.

Mr. Stevenson, as chairman of the State Reclamation Bureau, the Chairman of the committee, will make plain to Governor Cox the results which will follow the construction of this dam.

From Buhl east the train on the branch line will pick up passengers at all stations, and those making the trip can return on the noon train, with but a half day from business.

## WATER FRONT CAT IS CLUE FOR DETECTIVES

NEWARK, N. J., Sept. 9.—Methods attributed to the scientific detective in modern days of mystery, as applied to chemical analysis of orange color, showed a water front cat brought recovery of \$100,000 worth of stolen German dyes and arrest of 17 men, the department of justice bureau announced today.

Government sleuths assigned to solve the mystery of the hold-up watchmen at a state department warehouse in Hoboken, where 4,000 pounds of dyes as part of Germany's indemnity were being held, and cartons of dyes were being held in motor trucks, had been at work on the case for weeks. Suddenly attention was attracted by the strange orange color of spots on a wharf cat.

"Following what amounted to an inspiration, a department of justice agent caught the cat and took it to a chemist where its orange hair was analyzed with the discovery," it was stated, that German dyes were responsible for the unique color.

The cat was then released and "spotted" its "home" as the hold-up watchmen at a state department warehouse in Hoboken. This house was watched for a long time.

Last week as a result of shadowing visitors to the River street house, department of justice sleuths reported they had recovered 3,000 pounds of the stolen dyes in a motor truck in Paterson, and 2,000 pounds more in a Brooklyn warehouse. Arrests followed by two and three almost immediately afterward," it was stated.

## MACSWINEY STILL SURVIVES ORDEAL

Numbers in Limbs and Dizziness Is Increasing—Lord Mayor Is Convinced Is Report.

LONDON, Sept. 9.—Late tonight Lord Mayor MacSwiney of Cork was reported to be slightly feverish. The numbers in his limbs and dizziness from which he suffered during the two days were increasing, but he was still conscious.

A bulletin issued by the Gaelic league at 7 p. m. says:

"Lord Mayor MacSwiney is in very weak. He complains of headache and dizziness. He is in considerable pain. The rigors of his body is increasing, both arms are now bandaged. He is still conscious."

REPORT IS DENIED.

NEW YORK, Sept. 9.—Edmond de Valera, "president of the Irish republic" tonight denied false reports from Cork that he was to intervene in the case of the lord mayor of Cork, reported dying as the result of a hunger strike in British jail. "The Cork rumor was that de Valera was expected to cable the lord mayor that his life was too valuable to the Irish cause to sacrifice and ordering him to break his fast."

"Such a thing has never occurred," said Mr. de Valera. "The rumor circulated in Cork that I would intervene in the last minute is far fetched. Lord Mayor MacSwiney is fighting his own battle and knows what he is doing."

## OLIVE THOMAS TAKES POISON BY MISTAKE

PARIS, Sept. 9.—Olive Thomas, motion picture actress, is lying in a critical condition at the American hospital at Neuilly where she was taken several days ago suffering from medical poisoning.

A statement issued by Dr. Joseph Thomas, an American physician, says: "The situation is serious, but recovery is hopeful."

It is learned, however, from a reliable source that the condition of Miss Thomas is extremely critical and that her recovery is doubtful.

Dr. Thomas said today that the actress had swallowed a solution of alcohol, "containing 12 grammes of ichloride of mercury," sufficient to kill 25 men, but he added that she had taken it through error.

Recently Miss Thomas, it is said, had been suffering from nervous depression and had expressed fear for the safety of her husband, Jack Pickford. According to Dr. Thomas, it was only through the prompt first aid given by Pickford on his return to the hotel where they are staying, that Miss Thomas is alive now.

OWEN ALLEGES BANKS' PLAN FINANCIAL TROUBLES

DELAWARE, Ohio, Sept. 9.—Senator Robert L. Owen of Oklahoma in an address here tonight, accused New York banks of attempting to bring about an industrial and financial depression, blame it on the Wilson administration and thereby aid the election of Senator Harding.

"These banks raised the rates on call loans to a point which reached 30 per cent last November and for the last eight months there has not been a single month when these rates have not reached 12 or 20 per cent," he said. "The amount of these loans in aggregate has been very large."

"This is money," he said, "which the banks first borrow from the federal reserve banks at 6, 8 and 7 per cent."

ADMISSION IS REFUSED.

JEFFERSON CITY, Mo., Sept. 9.—Mrs. Margaret Burlington, convicted in a federal court in Wisconsin of having used the mails to defraud and sentenced to three years' imprisonment, was refused admission to the Missouri state penitentiary today, because she had a six-month-old baby with her. ## IDAHO THEATRE BOX OFFICE IS ROBBED

Thief Breaks Into Cash Drawer, Seizes Nearly Forty Dollars, Overlooks Bag of Silver

In the late afternoon yesterday some one forced entrance to the box office of the Idaho theatre, broke open the cash drawer and carried away cash to the amount of nearly forty dollars. The wary visitor, however, overlooked \$32 in silver beneath the base which he carried off.

The robbery occurred some time between the hour when the theatre closed about 4 o'clock and the opening time at 7 o'clock when discovery of the theft was made.

The theft occurred in the theatre, hundreds of people passed the theatre during the hours between the closing of the theatre and the opening of the theatre, and anyone passing could have seen the thief at his work in opening the door or in prying open the cash drawer. Hundreds of people passed the theatre during the hours between the closing of the theatre and the opening of the theatre, and anyone passing could have seen the thief at his work in opening the door or in prying open the cash drawer.

The door to the booth is in the rear. It was opened by a pass key, apparently. A screw driver was used to pry open the cash drawer. Recently the thief, stood at his work, to keep out of sight as much as possible. This is thought to account for the fact that he overlooked the silver wrapped in packages which was under the bag. He doubtless grabbed the bag and made his getaway without a sight into the drawer.

The police were promptly notified and are on the lookout.

## COX PLEDGES SUPPORT OF IRISH CAUSE

If Elected Democratic Candidate Says He will Bring Up Ireland's Case

## CONTINUES TO HAMMER REPUBLICAN FINANCES

Declares Evidence Given at Investigation Has Confirmed His Allegations About Great Slush Fund

By the Associated Press.

BUTTE, Mont., Sept. 9.—A definite pledge to "present the Irish cause" to the league of nations, in event of his election, and further vigorous attacks on republican leaders and that party's contributions were made here tonight by Governor Cox of Ohio, in closing his Montana campaign.

In three extensive speeches today at Helena, Anaconda and Butte, and in a half dozen rear platform talks en route, the democratic presidential candidate, concluding the first week of his western tour, hammered the league, the republican "corruption fund" and labor issues into his audience.

Considers Irish Question

The Irish question developed at the governor's meeting here in front of the courthouse lawn.

"It would be my duty," he said, "and very quickly availed of, as a friend of peace, asserting the friendly policy of any member of the league to present the Irish cause to the attention of the league under the authority given by article 11 and give Ireland or any other aggrieved people the opportunity to plead their cause before the bar of civilized opinion."

Dealing with testimony before the senate investigating committee at Chicago, Governor Cox made fresh assaults upon Wm. Hays, republican national chairman, Treasurer Upham, and his assistant Henry M. Blair. The governor declared that the Chicago committee had confirmed his "slush fund" charges on the heels of denials by Mr. Hays and other republican officials.

His fund of arguments on the league, settlement of strikes by the police, instead of bayonets, and progressivism were given by the governor. He also reiterated attacks upon Senator Harding, his republican opponent, the "senatorial oligarchy" and "big business."

In discussing the league, the governor presented local questions in Anaconda and Butte with their large laboring populations, of many racial sources and their copper interests.

At Helena, Governor Cox made fresh assaults upon Wm. Hays, republican opponent, the "senatorial oligarchy" and "big business."

The Irish question, Governor Cox said, needs settlement to preclude peace between the English-speaking races. Reading article 11 of the league covenant, providing for consideration by the league council or assembly of any international questions whatever, "which threaten to disturb either the peace or the good understanding of the nations," Governor Cox said that under existing conditions the Irish question could not be presented "to the bar of public opinion."

"Under the league it can," he said, "and we have four times as many people of Gaelic blood in the United States as there are in Ireland, and their natural feeling not only figures in our domestic relations but also in the strife of the world, the stretching hands of England and America. So long, therefore, as the Irish question remains unsettled, there will be some conflict in America with the idea of world-wide cooperation between the great nations of the world."

"It must not be forgotten," he said, "that when we took up arms, the thing that gave us unity and great strength was our declaration that we were champions of the rights of the people; that we stood for the rule of law based upon the consent of the governed."

# NAME OF COLLINS IS BRIGHT ONE IN BASEBALL ANNALS

By DEAN SNYDER.

The name of Collins has been a bright one in baseball annals ever since Eddie put on an Athletic uniform back in 1906. Four years later John came along and signed a White Sox contract. This year has brought another. He is the big strapping pitcher, Warren "Rip" Collins, of the Yankees.

And "Rip" as he is known around the bustling places of New York, appears to have the goods.

Already he's established the name of having the most nerve of any player in baseball at the present time. He hails from Austin, Texas, where they carry guns and shoot on sight. "Maybe that's the answer."

Solid With Fans.

With only one year's experience as a minor leaguer he came to the hard-earned city in the big time lanes in which to break in and made himself solid.

When Bob Connery, Yank scout, took him to the training camp last spring he turned over the lanky brainiest man in baseball long ago

right hander to Miller Huggins with the compliment that "Rip" had the best curve ball of any pitcher in the bush circuits.

They don't care what the Texas John came along and signed a White Sox contract. This year has brought another. He is the big strapping pitcher, Warren "Rip" Collins, of the Yankees.

The newest addition to the Collins family is 24 years old, weighs 185 solid pounds, stands 5 feet 10 1/2 inches tall.

Eddie Is Greatest.

The White Sox have the monopoly on the other two members of the Collins family.

It was 10 years ago that they tagged Eddie Collins as the greatest second baseman in the show. He was then a member of Connie Mack's wonderful machine.

Chicago bought the star in 1915 and he has been the greatest of the game since.

He earned the name of being the spring he turned over the lanky brainiest man in baseball long ago

and has no peer in this quality even to this day. He has stood the test of time with him speed, heady base running, timely hitting, brilliant fielding and unexcelled judgment.

Eddie is 33 years old now, but still hustles like a youngster of 20. Of the three great keystones of the last 20 years, Leake, Evers and Collins, the Chicagoan survives. True, he has not many more years of stardom before him, but there's no one yet who can take up the pace that he is still setting. He has played in six world series.

"Shaunon" Chance.

With "Rip" and Eddie personified as nerve and brains respectively, the other fellow, John "Shaunon" Collins, holds a unique relation to the White Sox.

It has been his duty for ten long years to be a second-stringer, playing only when accident or emergency gave him the opportunity. On any other team he'd have been a regular.

He is the veteran of the team in point of service and Kid Gleason is using him for the first time as a regular this year as a first baseman.

John is a quiet, unassuming fellow. Like Eddie, he is a hustler. He is 34 years old.

Special Honor.

White Sox fans are going to make September 11 a "John (Shaunon) Collins day at Cominsky park. They all want to show him their appreciation of having stepped into the breach left vacant by Chick Grandt.

And so with Eddie still rated as the best second baseman in the big leagues, and John getting his first real chance and making good, while the young Texas "Rip" is blossoming out with the Yanks, it looks like the name of Collins will rattle down the hall of time for years to come.

## DEPORTED MEN ARE TOLD TO GET BUSY

Italians Sent From United States Find Bolshevism Not What They Expected

By the Associated Press.  
WASHINGTON, Sept. 9.—(United States) deported from the United States have come in contact with the soviet extraordinary commission with not altogether satisfactory results so far as the deportees are concerned, the state department was officially advised today.

All of those deported on reaching Russia were ordered to work and when some refused according to the department's advice, they were reminded that the soviet authorities had an extraordinary commission to enforce its decrees. The result was that some of those who had returned to Russia under compulsion and had indicated a dislike for work, were set to reaping railway beds, some reaped from the authorities and obtained work under assumed names while others who persisted in their refusal to do manual labor were placed under arrest and are now held subject to the orders of the commission.

## DANIELS ADVOCATES LEAGUE OF NATIONS

BANGOR, Me., Sept. 9.—Advocacy of the league of nations formed the burden of an address by Josephus Daniels, secretary of the navy, here tonight.

He said that every speaker who had taken the platform in behalf of war activities while the war was in progress had promised the mothers and sisters of American soldiers that it was to be "a war to end war."

"I should be ashamed," he continued, "if I refused to keep that promise made to the motherhood of this nation."

Secretary Daniels said that the league would fill autonomy, because no nation not governed by the will of the majority would become a member of the league.

"This document is the Magna Carta of labor," he said. "It not only preserves the rights of the American laboring man in wages and living conditions, but also carries to all other nations the benefits of better living conditions and higher wages now enjoyed by American laboring men."

## BLAIN AND LENROOT LEAD IN PRIMARY

MILWAUKEE, Wis., Sept. 9.—Atorney General John J. Blain, candidate for governor of Wisconsin on the republican ticket and having endorsement of Senator Robert M. La Follette and the Non-Partisan league, leads Roy P. Wilcox of Eau Claire, his nearest competitor for nomination by several thousand votes according to returns from Tuesday's primaries in all but three sparsely settled counties. Senator Irvine L. Lenroot continues in his lead over James Thompson of La Crosse by more than 2,000 votes. Thompson was supported by La Follette.

George Comings for lieutenant governor and Merlin Hull former secretary of state, also La Follette adherents have been nominated.

## YOUNG ROOSEVELT IS BECOMING ABUSIVE

WICHITA, Kan., Sept. 9.—Governor James M. Cox, democratic presidential nominee, was termed a "hyprocite" by a practicing politician demagoguery of the first water, by Lieutenant Colonel Theodore Roosevelt in an address here tonight.

Colonel Roosevelt, with Raymond Hobbs, is making a speaking tour of the middle west in the interests of the republican national campaign.

"In Mr. Cox," Colonel Roosevelt said, "the democrats have chosen a

man whose hypocrisy thoroughly entitles him to be the leader of the party whose administration has darkened the pages of our history during the last eight years."

## POSSIBLE AIR SEARCHING FOR ALLEGED MURDERER

SALT LAKE CITY, Sept. 9.—Possess of men deputized by Sheriff T. P. Ketter of Price, Utah, tonight are scouring the mountains and woods near Sunnyside, Utah, for George Parris, alleged murderer of John Averger.

Both men were sheep raisers and in separating the flocks Parris claimed, at Averger had killed some of his sheep. Averger denied the accusation. Parris drew a revolver and pressing it against the body of his victim he shot him through the heart, according to the authorities. He then fled to the mountains which he is said to know thoroughly.

## "RING MILLER" IS SOLD.

LITTLE ROCK, Ark., Sept. 9.—The sale of Outfitter "Ring" Miller and Catches Tony Brotem of the Little Rock Southern association club, to Pillsbury, was announced here tonight. Miller holds the league's home run record and today ran his string up to 12. Both will report at the close of the Southern association season unless Little Rock wins the Southern association pennant, in which case they will play in the series against Port Worth of the Texas league.

## HOTKINS IS FOUND GUILTY OF MURDER

DEPLANCE, O., Sept. 9.—Joshua Hotkins, Noble township farmer, was found guilty by a jury of second degree murder in the death of Arthur Gerald Bullock, his housekeeper's three-year-old boy here early this morning. The jury was out six hours.

Hotkins was charged with holding the boy by the ankles and bending him with a heavy hankie tug at the Hotkins farm home the night of last July 8.

The defense gave notice of motion being filed for a retrial of the case.

# MONDAY NIGHT

At 12 O'clock Midnight

## Final Hour of Big Vote Period

If tomorrow and Monday pass by without speedy action on your part, the responsibility will be entirely your own. Monday night, at 12 o'clock midnight, is positively your last chance to enter subscriptions in the Chronicle's big automobile prize campaign and secure "first period" maximum votes—the greatest number of votes that will ever be allowed this short election. After Monday night, and throughout the remaining days of the campaign there is a material decrease in the voting power of subscriptions.

Long term subscriptions count most and a few such orders now from unexpected sources might prove to be the deciding factors in this race. You can only lose by holding subscriptions back now—after the time for action has passed, all the regrets in the world will be of no avail.

You simply have to GET BUSY—make every hour between now and Monday night be the means of increasing your vote score. You can get the winning votes between now and 12 o'clock p. m. Monday night.

## Here's the Biggest Vote Offer of the Campaign

On each three-year subscription to the Chronicle, 35,000 votes are allowed—a four-year subscription gives you 87,500 votes—a five-year subscription credits you with 175,000 votes and a six-year subscription payment counts 262,500 votes for you, providing you secure the subscriptions NOW during the big vote period.

IN ADDITION to that, 100,000 SPECIAL EXTRA VOTES are allowed on every \$20.00 in subscriptions you turn in.

Two six-year subscriptions give you 525,000 votes and the EXTRA "club" votes besides—a total of 925,000 votes.

A glance at the vote totals will show that a few such subscriptions for any candidate would make a new leader in the race. In fact, ENTIRELY NEW candidates could, by a little enthusiastic effort, climb to the top of the list and acquire leadership for the big touring cars.

And, when one takes into consideration the value of the prizes to be awarded and the extremely short time the competition is in force, these stupendous prizes are worth any effort that might be required to secure them.

### What \$42.00 In Subscriptions Would Count

One six year subscription (\$42) counts .....	262,500
This constitutes two clubs .....	200,000
Total votes given for this subscription .....	462,500
OR	
Two three-year subscriptions (\$42) counts .....	70,000
This also constitutes two clubs .....	200,000
Total votes for this arrangement .....	270,000
OR	
Three two-year subscriptions (\$42) counts .....	52,500
This also constitutes two clubs .....	200,000
Total votes for this arrangement .....	252,500
OR	
Six one-year subscriptions (\$42) counts .....	42,000
This also counts two clubs .....	200,000
Total votes for this arrangement .....	242,000

Remember that the present Big Vote Schedule will never be repeated or extended. AFTER TODAY—only 3 days more, is your FINAL chance to get the greatest number of votes for every subscription you secure.

Don't sit back with your hands folded while someone else is working and taking advantage of the final days of the Big Votes—JUMP INTO THE CAMPAIGN YOURSELF NOW—DETERMINED TO WIN.

# BIG VOTE PERIOD WILL SOON END

That the Salvation Army is fulfilling a need in Twin Falls is evidenced by an incident which occurred Wednesday night. Temporary relief was given and the children taken under the care of Ensign and Mrs. Naton. The woman was taken to the hospital.

Countdown in the Chronicle's their friends and acquaintances, individuals "win" \$16,000 grand, cutting the number of years each of prize distribution are now systematic, they should subscribe for.

For that matter, the wide-awake contestants are busy making lists of their friends to be sure that they for everyone realizes that the regulars won't overlook a single subscription secured by the contestants these last between now and next Monday night, few big vote days will, almost contain many cases, no doubt, the candidates decide who the big winners have given "quotas" to each of new will be. Everyone is around.

Interest is at white heat as the big vote period comes to a close.

In fact, many friends of the contestants whom previously subscribed for one year are now extending their subscriptions to two, three, four and five years to help their favorites.

No Switching. Candidates are warned that "switching subscriptions" will not be tolerated and those who attempt to do so will probably have ample time—when it is too late—to wish they had headed the waiting. Every single subscription turned into the campaign headquarters may be carefully verified by the Chronicle and again by the critical judges. It is better to have a clean score at the end and be sure of holding all your votes than to suffer forfeiture of just enough votes to keep you from winning.

This is a campaign where the "best man" wins—the contestants who are the most votes will capture the big touring cars.

Candidates are sometimes careless about filling out the stubs. Perhaps the name is left off, in their haste, or the address or part of it omitted with the result that the paper cannot be delivered. Fill out every line on the subscription stub and please write plainly.

6-Year Subscriptions Count Most. Right now, during the big vote period, a 6-year subscription entitles the contestant to 262,500 votes. A 4-year subscription is worth 175,000 votes and a 3-year subscription \$7,500 votes.

Later, after Monday night, Sept. 13, the number of votes allowed on each subscription is decidedly reduced. That's why it is so vitally important that every possible subscription be secured NOW.

100,000 EXTRA FREE VOTES. In addition to the regular number the votes allowed on each individual subscription, every \$10 "dollar" of subscriptions turned in credits you 100,000 EXTRA FREE VOTES.

Office Open Evenings. Election headquarters at the Chronicle office will be open evenings to receive votes and issue supplies such as extra subscription receipt books, sample copies, etc. Monday night (the last day of the big vote period) the office will be open until 12 P. M.

All subscriptions received before that time will count on the big votes. Subscriptions that are mailed, which bear a postmark of not later than 12 o'clock P. M. Sept. 12, will also count on the present vote schedule.

Remember—THE WINNING VOTES CAN BE SECURED BETWEEN NOW AND MONDAY NIGHT.
