WHY MEN EMBEZZLE

A magazine writer who has been investigating the facts of embezzlement reports that there is an appalling amount of that sort of crime. In digging into the reasons why men steal, he adduces these:

In the first place, the "good old" melodramatic reason will hold. To some extent men do embezzle funds because their wives, sisters or mothers have tuberculosis or there is a mortgage about to be foreclosed. That is to say, the human emergency is always with us as the strongest of motives. To a certain extent these crimes are—not excusable, of course—but recommended to mercy. There is hope for this type of man if he is caught in time and given a chance to redeem himself.

Then, of course, there is the underpaid employee who huddles money in such quantities as to make him feel that others consider it of little value while he is in constant need of money. This man, too, may be saved.

But an extraordinary number of the embezzling crimes are committed by men who want the money to "put on dog." They are imbued by false standards of what kind of life is worth living. They start the peculation because they want the money for luxuries which they cannot afford.

And they continue to hope to escape by a lucky turn at stock. Needless to say, they never recoup. Nothing can save the man or woman who gets a good start along this line. The lure for easy luxury becomes part of the person. The false standard which follows does nothing to give these people a constructive attitude toward society.

But much can be done by an enlightened public opinion in preventing the bringing up of young people to believe that luxury is a vital part of life, that pretending to be something you are not or to own something you are not is of any lasting satisfaction. Uplift the mental energy of the embezzler in a vain effort to cover up his tracks, if put into useful thinking, would in most cases give him a solid earning power equal to the one he shames.

natural campaign four years ago and charges that the New Jersey liquor dealers were raising funds to elect the democratic candidate. Mr. Moore denied any knowledge of the charges and said the use of his name in a prospectus of the Association Opposed to National Prohibition was unauthorized. He asked if Senator Spencer, his co-defendant, was attempting to inject a wet and dry issue into the campaign.

"The fact that I am known as a strong anti-prohibitionist is of no more significance than the fact George White, chairman of the national committee, advocated prohibition when in your grip," Mr. Moore said.

He characterized the Anti-Saloon league as a "publican organization and said Wayne T. Spencer, the federal counsel and other leaders were republicans.

Mr. Spencer's statement

The statements issued by Senator Edgar tonight declared:

"I am convinced that the committee is simply becoming the vehicle for all types of insincere political charges and rumors for partisan effect." In his opinion, he continued, and in the light of the evidence before him, he has given even more consideration than his irresponsible charges warrant. It makes no difference what witnesses testify under oath, if such testimony is discredited by the facts, and once proceeds to vilify them, and apparently no one tells the truth but himself. The situation is unparalleled in American politics. Under such circumstances, who can possibly be gained by following his recalled leader further? Governor Cox owes it to the American people to withdraw his extravagant statements or stand convicted of descending to the most despicable type of professional politics.

Senator Reed said in reply:

"I have no comment to make on our investigation at this time. The duty of the committee is to investigate and report to the senate what it finds when the investigation is over and to pursue any other course is in my opinion indecent."

RANCHERS DISCUSS ORGANIZATION PLAN

Propose Idaho Wheat Growers' Association to Secure Better Prices and Marketing

Ranchers of the county met in the evening last night to discuss the plan for forming a tentative organization to be known as the Idaho Wheat Growers' association. NEGROES CALL ON SENATOR HARDING

Leaders of Black Race Tell Him Their Troubles at Camp Meeting Spirit Prevails

By the Associated Press.
MAKIN, O., Sept. 10.—Five delegations of negro republicans, representing various organizations of the race in the north and south, gathered at Senator Harding's front porch today and pledged him their support in several hours of characteristic demonstrations and oratory.

The republican nominee made two speeches praising the loyalty and patriotism of the nation's negroes, and promising that the federal government "will not fail the American negro." He asked that they make service to country the every day standard of their citizenship and declared his abhorrence of the use of "brutal and unlawful violence" against the black race or any other class.

In several private conferences Senator Harding also heard the grievances of various negro leaders, assured them he would make a careful study of the situation, lynching and segregation of negro federal employees were two of the things for whose suppression his efforts made a plea.

Camp Meeting Spirit
Conventions of negro Baptists in session at Columbus and Indianapolis sent the largest delegations and a camp meeting spirit ruled the day. The first group came up singing "Harding will shine tonight" in parody of a revival hymn, and "amen" and hallelujahs floated heavenward with each boy and girl in the procession of colorful robes of their professions of loyalty to the party of Lincoln and Grant.

Henry Lincoln Johnson, republican national committeeman for Georgia, headed the group from the National Baptist convention at Columbus, which was addressed by the nominee in the morning.

The afternoon speech was to recognize the national Baptist convention, incorporated into the meeting in Indianapolis, the National Equal Rights League, the African Methodist Episcopal church and the Methodist Episcopal church.

A prayer opened the afternoon meeting. Then the visitors flocked up the front steps of the Harding residence and kept the candidate busy for a half hour shaking hands. Two hundred thousand voices from negro women voters, one of whom praised his stand for party government and said the women of her race would claim representation in the government in proportion to their numbers.

Perishing There Also
At both the celebrations General J. J. Pershing, an overnight guest at the Harding home was an added attraction that helped stir the enthusiasm of visitors.

To each crowd he made a short speech praising the service of the negro soldiers in the war but not touching on political subjects.

One of those who conferred with the senator was William Monroe Trotter, of Boston, executive secretary of the National Equal Rights League. He asked that segregation of negro employees of the federal government be abolished and declared afterwards that the nominee had given the request appreciative consideration.

Tomorrow, Senator Harding will speak to delegations of business men from Chicago, Detroit and Indiana cities.

NEW GOLF CHAMPION IS SURE TO BE AMERICAN

ROSLYN, N. Y., Sept. 10.—The last foreign invader seeking this year's amateur golf championship of the United States was repelled today and the new champion is certain to be an American.

Francis Ouimet, of Boston again saved his country's honor in golf. In 1913, he first came into prominence by defeating the English professionals, Vardon and Hay, for the American open title. Today he eliminated Thomas D. Armitage of Scotland, holder of the French amateur championship, 6 and 4.

Armour was the last of four golfers from Great Britain seeking the title to remain in the tournament. He was the only one of the quartet to qualify. The only other foreign invader to qualify, C. P. Grier, the Canadian champion, succumbed "in the first round."

The south was victorious today in a contest with the north when Bobby Jones, the 20 year old wizard from Atlanta, defeated the young Massachusetts champion, F. J. Wright Jr., 22 years old, by 1 to 4.

The sectional rivalry will be continued for the draw, puts Jones against Ouimet. They have never met before in an important match.

The other semi-finalists are Chick Evans of Chicago and Edward P. Allis of Milwaukee. Today Evans defeated Ouimet at Oakmont last year, but also a former amateur champion, by 7 and 6. Allis won by 2 and 1 from a Washington Champion St. Davidson-Herron yesterday and defeated Ouimet at Oakmont last year. The work of Allis, former Harvard star, has been one of the surprises of the tournament.

Tuesday's amateur play began today.

today evoked considerable attention. It included pistol shots that would have done credit to a parade of the Maclean Kitties in a recruiting campaign.

Finding himself five down after the morning round, he changed to a more serious pastime and his golf improved but it was too late.

Armour Eliminated.
Armour was eliminated at the short 14th hole where a "golfer usually finishes either three or four from half a dozen up." Almost took a par 3 for the hole but Armour's tee shot failed to stay on the green which is on the top of a hill and when he had the better luck with his second he picked it up. Ouimet was five up after the morning round partly as a result of wild swings by Armour.

At the turn in the afternoon Ouimet was four to the good and then on the 16th and 17th holes he virtually clinched the match by a 310 yard drive which was followed later by a 15-foot putt for a birdie 3. In the morning round poor putting lost Armour three chances to halve or win holes.

Jones, like Ouimet, won his match on the short 14th hole. Bobby's tee shot there was regarded as the best of the tournament. The ball stopped dead a foot from the pin and he sank the putt for a birdie 2. Bobby's morning round of 72 equalled the best that has been done on the course.

He was five up after his first 18 holes, a result of a really good three, including five birdies. In the afternoon round Wright cut Bobby's lead to four at the turn but then had hard luck on a long drive. The ball popped into the rough resulting in Wright taking a six for a par four hole.

The excellent golf of Evans evoked favorable comment. After the morning round Evans led Powers, six up, largely as a result of missing holes in 25, one over par. In the afternoon he went out in 25, one under par and then he played par golf for three holes to win the match.

For the first six holes in the afternoon both Evans and Powers were even with one birdie each and the five-to-Evans-birdie 5 was a result of four fouls. Then Powers took a six approach, being tripped short of the green. Evans was at seven up having won two holes the way out and last one, Evans won the tenth hole in the afternoon round by a par 3 and was down 8-6. At the 11th Powers staged off defeat for one hole by a birdie 3, obtained by a remarkable putt.

Allis had Platt four down after their first 18 holes but by the 13th hole of the afternoon round Platt had cut his rival's lead down to one hole. At the 15th hole Platt took a put for a birdie 3 and the next two holes were halved, ending the match.

LODGE RIFES ATTACK ON LEAGUE OF NATIONS

AUGUSTA, Maine, Sept. 10.—An attack on article ten of the league of nations was made in an address by Senator Lodge of Massachusetts. He charged that President Wilson's purpose was "to use the power of all nations members of the league to carry on war," and added that "our fight is against that conception of the league."

"We ought not to accept any covenant which in any way could be made to carry our Mr. Wilson's purpose," Senator Lodge said.

Senator Lodge related the charge that "the pledge in the first sentence of article ten is an individual pledge of the United States to 'respect and preserve as against external aggression the territorial integrity and existing political independence' of all members of the league."

COX IS WELL RECEIVED BY ANACONDA PEOPLE

ANACONDA, Mont., Sept. 9.—Democratic doctrine of progress, labor and the league of nations were presented by Governor Cox of Ohio to a crowded theater audience here this evening. The governor was introduced by Mayor J. V. McCavit, who with others of an Anaconda reception committee, met the democratic presidential candidate at Butte.

To his audience here, largely working men, Governor Cox emphasized what he declared was his progressive record in Ohio legislation, citing workmen's compensation, mother pensions and other laws.

The candidate also attacked "big business" and republican "bosses." Declaring that his republican campaign fund charges had been proved, Governor Cox said that Will H. Hays, chairman of the republican national committee should resign.

"I think Mr. Hays said that if my charges were true he would resign," said the governor. "If you have read the papers I think you will agree with me that it is a lie to say that he has resigned."

"I think it will be revealed in the next few days that the fund will aggregate or already has aggregated a minimum of \$100,000."

A question from his audience—"how about Ireland?" drew from the governor his statement that if elected he would present Ireland's case to the league. The governor gave his statement on the Irish question that he had prepared to deliver at Butte.

Governor Cox related his address by telling of progressive legislation in Ohio and stating that Senator Harding led the "reactionary" fight there as in the nation. (Applauding applause was given.)

OUTBURSTS OF EVERETT TRUE

The candidate was applauded when he said that "radicalism always was the result of governmental abuse, up to a point and no further." Apparently referring to the Non-Partisan League movement in North Dakota, the governor said it could have been avoided "if the government had exercised common sense and protected the people against corruption, greedily big business, which ground down the farmers."

Turning to republican fingerings the candidate said: "This is a crooked piece of business, this attempt to buy the presidency."

"Somebody apparently at Chicago was not telling the truth," said the candidate.

"There are laws against perjury. I ask that the law be enforced. If the republicans approve of this they will continue Will Hays as chairman. If not they will have him resign immediately. I shall ask that he resign from now until election day."

Further investigation, Governor Cox said, would reveal that corporations had contributed to the republican fund and he said such action is a logical offense.

RESOLUTION URGES MODIFICATION OF ACT

ST. LOUIS, Sept. 9.—A resolution urging modification of the civil service retirement act so as to increase pensions was adopted at a session of the convention of National Federation of Federal Employees being held here.

The resolution declares that the maximum annuity of \$750 a year now was obtained under the act is inadequate and asks that employees be provided for at the rate of 60 per cent of their average salary for the 10 years preceding retirement.

Another resolution adopted requests that all federal employees classified or unclassified, be relieved after 30 years service, regardless of age.

CHILDREN WILL BE TAKEN TO THE BALTIC

NEW YORK, Sept. 10.—The American Red Cross announced that in accordance with its original plan, the 800 refugee children who are at Port St. Lawrence, in the State of New York, will be taken from New York direct to a Baltic port, where they will be taken to their parents in whatever part of Europe they reside. The children will sail September 11.

Recently the children submitted a protest to the Red Cross when it was announced that they would be taken home by the way of France, where they would be delayed for some time.

CHICAGO, Sept. 10.—Downturn in values of wheat resulted today from declines in sterling exchange and from rains bringing the drought in Argentina. The market closed unsettled, 10 to 20 cent lower with December \$2.45 and March \$2.41 1/2. Corn lost 5-8 to 2 3/4-4 and oats 1 1/2 to 3-4-1/2. In provisions, the out come was unchanged to 15c higher. Wheat bears made much of the weakness of eastern demand and were quick to associate this with the decline of sterling and with the relief of the Argentine crop. Scantiness of country offerings tended to check weakness, however, and so did crop that 750,000 bushels had not been worked here for export by way of the Gulf. Better weather conditions helped to ease down the corn market. Big clearance of corn from Argentina to the United States counted somewhat also against the bulls. Oats sympathized with the weakness of other grain.

Higher quotation on home sown firmness to producers. Cash demand for hard was likewise a strengthening factor.

METAL WORKERS TO TAKE OVER MANUFACTORIES

ROME, Sept. 9.—The greatest effort being made by the authorities to reach a solution before Saturday of the situation created by the metal workers taking over the plants.

The employers in metal factories seized by workmen in the present country over conditions in the industry were given until Saturday a revolution adopted Tuesday by the socialist members of the general confederation of labor in which to comply with the workers' demands. A rapid movement toward general nationalization was threatened should the employers decline to yield.

Meanwhile the unions all preparations such as inventories in the works and distribution of raw materials to demonstrate that the working classes, as it is put, are capable of self-government.

A Genoa says in the entire industrial zone in that city, the names of the workers have been changed, placards in the streets, and the calling them "communist soviet works." In one plant, besides red and black flags, the walls are decorated with photographs of Lenin, Marx and Engels, and a hundred men form a "Red Guard" reverend, and the same disciplinary rule as the Italian army.

In the women's section of Ansaldo works the dispatch says a notice has been posted recommending the greatest attentions to the workers and threatening that those offending against the public morals will publicly be put to shame.

From the Westinghouse works in Venice on the west side of the Gulf of Genoa, a powerful searchlight illuminates the entire western Riviera and Genoa to prevent any surprise movement on the part of the authorities.

The Glondal Italia publishes a telegram from Baranga, which states that the Ligurian mines of Lahn, employing 400 men, had been occupied by workers, neither the government nor the proprietors were able to get the workers out. Red and black flags are waving over the mines. The workmen, directing the mines, it is added, have put the fuel required from them at the disposal of their colleagues who are occupying the metal works at Spedis.

MINERS' STRIKE IS FIZZLE

BIRMINGHAM, Ala., Sept. 8.—The coal miners strike called by the Alabama division of the United Mine Workers of America, failed to attract noteworthy dignitaries. On the first day, none of the larger steam coal producers being materially affected, and some not at all.

Union officials declared tonight that between 10,000 and 15,000 miners answered the strike call, which figures including miners on strike when the present call was issued. Operators estimated the number of men now out including those who had been previously at \$200,000, but they said that the places of 2,500 have been filled.

12 O'CLOCK MONDAY EVE FINAL HOUR OF THE BIG "FIRST PERIOD" VOTES

Now is the Time For "Real Action"—Next Few Hours
Practically Decide Winners. First Position Won by
Mrs. Quigley—Miss Young is Second and Joe Bulkley
Leads District Two

How to Jump into First Place

On each six-year subscription to the Chronicle (\$42) 462,500 votes are given; on two three-year subscriptions (\$12) 270,000 votes are given; on six one-year subscriptions credit for 242,000 votes are allowed, providing you secure the subscriptions NOW during the big vote period.

A glance at the vote totals show that a very few such subscriptions for any candidate would make a new leader in the race. In fact, ENTIRELY NEW candidates could, by a little enthusiastic effort, climb to the top of the list and acquire leadership for the big grand prizes.

THE STANDINGS

Following are the names of candidates who have been entered in The Chronicle's big contest and prize campaign. The names this time, are arranged in alphabetical order; after today they will appear according to vote standing—the highest first, and so on.

Miss Grace Young	1,287,150
Miss Blair Lantzford	1,080,650
Miss Inez Van Meter	5,000
Mrs. Louis Quigley	1,632,400
Mrs. Eva Alworth	979,850

DISTRICT NO. 2

District No. 2 includes participants residing outside the city of Twin Falls. Some of the big automobiles and just as many cash awards as there are active candidates will be distributed in District No. 2. The names of present candidates for District No. 2 follow:

Mrs. O. J. Bellwood	734,650
Mrs. Pearl Barnard	6,700
Joe Bulkley	241,700
Miss Ruth Catron	713,900
Miss Lavinia Cleveland	21,400

Miss Theobald Young	5,000
Miss Lenore Brinker	5,000

With the close of the first period votes getting to be a matter of hours, contestants are putting forth their supreme efforts to win the leadership in the race for the \$2000 touring car. The candidates who have been slightly down in the list of standings are "bubbling" themselves closer and closer to the top. This is apparently making the ones who had a few more votes to their credit realize that their margin of leadership is very narrow and that it's anybody's race for the big prize.

Tuesday and Monday last days' voting out, strategies in the race is the aim of every "big wire" in the race, and from the activity that friends of the candidates are showing, it seems that there is an intense rivalry on every hand.

Each contestant has his or her circle of friends who are boosting their favorite—and those "factions" are "up in arms" in earnest, pitching in with boundless enthusiasm and energy to put their candidate "across."

Today, tomorrow and Monday are the last days of the biggest vote offer of the campaign—really it's narrowing down to a mere matter of hours and is very almost before you know it, the closing hour of the big vote will

be but a few minutes away.

There's not a minute's time to be wasted now—every single moment is of vital importance and should be the means of pushing you that much further to success. \$12 "clubs" Worth \$462,500 Votes.

If turned in now two clubs of subscriptions has a voting power of 462,500 votes. And there is no limit to the number of "clubs" a candidate may turn in.

It is to your interest to get every possible subscription in to campaign headquarters before the close of this first period. There is nothing to be gained now by holding back subscriptions—if you hold them later than Monday night you will be the loser.

After that time the voting power of subscriptions is very much reduced and still further reductions will occur in the vote schedule before the close of this short election.

Every six-year subscription NOW counts you 462,500 votes; a 4-year subscription entitles you to 176,000 votes and a 4-year subscription gives you 60,000 votes.

Besides this you are given 100,000 EXTRA VOTES FREE with every \$20 "club" of subscriptions.

Keep in mind that the voting power subscriptions is NOW at its very highest point—until Monday night, September 13.

Monday night—the last day of the big vote period) election headquarters at The Chronicle office will be open until 12 o'clock midnight to receive clubs.

All persons who are in the office on or before 12 o'clock p. m. Monday night will be waited on and will have their subscriptions counted on the present big vote schedule.

Subscriptions that are mailed, if the envelope bears a postmark of not later than 12 p. m. September 13, will count on the big vote schedule.

IT'S ANYBODY'S RACE FOR THE \$2000 TOURING CAR AND MONDAY NIGHT IS THE FINAL HOUR OF THE BIG VOTES.

OUTLINE PLANS FOR GREAT BONUS DRIVE

Advisory Committee and Directors of Proposed Railroad Hold Meeting to Discuss Methods.

Twenty-five members of the advisory committee and five of the directors of the Idaho Central Railroad company met yesterday afternoon and outlined plans for the coming railroad bonus drive. Another meeting is to be held Monday when the city of Twin Falls will be taken into districts and team captains will be selected.

It is planned by the directors and advisory committee to raise a large part of the city's share of the bonus before movement is made to specify the inclusion of the outlying land owners. The plan of the organization and procedure will be fully outlined at Monday's meeting and it is expected that the drive for the \$200,000 bonus for this district will be under full way on September 15 which was the original date for the actual raising of funds.

George L. Davis, president of the Idaho Central railroad, met with the committee yesterday and explained the details of the bonus drive and told in detail the methods the company will follow. He said the company would send engineers into the field and that actual construction work would commence just as soon as the total bonus was ascertained. Mr. Davis said that at least \$1,500,000 will be expended in this vicinity for labor and supplies which will naturally add the merchants and ranchers of this district.

"I wish to point out one weakness," said Mr. Davis, "in our railway situation by hearing on the rancher in this vast empire. Every one knows of the annual crop shortage during the crop moving season. Few people however appreciate that this shortage of crops is due to the fact that the free flow of commodities from the rancher to the consumer. The result is that the rancher in order to sell his produce, often unknown to himself, makes a great sacrifice in price in a local market such as you have experienced here. Thus the consumer at the other end is compelled to pay an increased price for foodstuffs due to the shortage movement."

"The great remedy for this situation is to build the railroad which provides ample rolling stock, track and terminals to take care of the annual peak load. This however, in poses upon the railroads a very large investment in equipment and this means a burden on the entire cost of transportation. The railroad serving this community now, should you desire to ship to the port of San Francisco would have to transport your products over a distance of 311 miles greater than the distance via Robinson and Wells, as now every shipment must necessarily go by way of Astoria and Salt Lake or else by Portland and down the coast. The construction of the Idaho Central railroad would relieve the present shipping system partially serving this vast empire during the peak load when the great crop moving season is on and the cost of transportation would be approximately 25 per cent less than now obtains. And in addition the citizens of this entire region can depend upon having through trains from Twin Falls to San Francisco without a change of cars."

MODERNIZING OF FARMS IS NEW FIRM'S SPECIALTY

At the present time the company is installing a complete plant at the summer resort, Robinson Bar. Miss Harriet Smith of Orinda is also connected with the new firm in the capacity of general manager.

AMERICAN LEGION HOLDS A SMOKER

Veterans of Two Wars are Guests; Committee Selected to Promote Proposed Home

Two hundred members of the American Legion attended the smoker given in honor of the veterans of the two wars at the Elks temple last evening. A number of musical selections were given, several minutes of business disposed of and speeches made by veterans of the three wars present. Following the program a lunch was served.

In connection with the proposed home for the legion a committee was appointed composed of three members of the legion, two from the War Mothers and two citizens. The legion members are Capt. P. W. McRoberts, Walter Heinicke and C. L. DeLong; War Mothers, Mrs. T. O. Boyd and Mrs. E. J. Osterman and citizens, J. M. Maxwell and Clarence Hickey. Committees were appointed to look after the construction of the Fall Festival to be held October 7. It was also decided that hereafter when a uniformed parade was held that the legion should not wear uniforms showing their rank.

The question of a memorial to be built for the veterans of the late war which had been referred to the legion by the county commissioners was turned to the legion with no action taken.
