

GOVERNOR COX ADDRESSES ENTHUSIASTIC AUDIENCES AT CAPITAL OF IDAHO

Candidate Claims Republicans Are Raising \$25,000,000 To Defeat Him

OPPOSITION TO LEAGUE GREAT POLITICAL PLOT

Object is to Create Disorder So Feeling Will be Increased Against Wilson Administration

BOISE, Ida., Sept. 14.—A fund of from \$15,000,000 to \$20,000,000 is being raised to defeat him, Governor Cox of Ohio, democratic presidential candidate, declared today during his tour of Idaho and eastern Oregon.

The governor's statement was made during an hour's speech from the second story veranda of a Nampa Idaho hotel, and in response to a question from his audience asking how he expected to return conditions to normal "when 80 per cent of the wealth is held by two per cent of the people."

Eight speeches, dealing mainly with the democratic doctrines of "peace and progress" were delivered today by Governor Cox.

Regarding his physician's orders banning outdoor speeches, the governor, believing his attack of "speakers' laryngitis" on the wane, delivered a string of rear platform and other open air addresses and closed his tour with a speech before a large meeting here tonight at Cody athletic park.

At Huntington, Oregon, early this morning the candidate began work, and enroute here made addresses at Ontario, Oregon, and Weiser, Pa.

The league of nations was preached by the governor in all and was emphasized here in the home city of Senator Borah, republican "irreconcilable" foe of the league.

"You don't know where the road, history will write it as the most reprehensible in all time, no need, "Governor Cox reiterated that the republican platform and candidates were ambiguous and vacillating on the league issue.

"Stop building battleships," he said, "and we will use the money in the main for reclaiming arid lands."

The candidate repeated his charges and evidence in their support vigorously.

DETAILS OF PROJECT ARE MADE PUBLIC

Headquarters League of Nations Submits Text for Proposed World Judiciary

PROPOSED TRIBUNAL WILL SUPPLEMENT HAGUE COURT

Independent Judges Are to Preside Over Deliberations; There Will be Fifteen Members

LONDON, Sept. 14.—The headquarters of the league of nations today made public the text of the project for a permanent court of international justice, as adopted by The Hague committee of jurists of which Elihu Root was a member, together with a letter from the council of the league to all governments which have entered the league.

The council does not propose to express any opinion on the merits of the scheme until they have had a full opportunity of considering it.

The council would regard as irreconcilable difference of opinion on the merits of the scheme as an international misfortune of the gravest kind. It would mean that the league would be compelled to admit its incapacity to carry out one of the most important of the tasks which it was invited to perform.

The draft of the proposed world court given out today consists of 62 articles divided in three chapters on organization, competence of court and procedure. A preamble states the general purposes of the court as follows:

"A permanent court of international justice to which parties shall have direct access, is hereby established, in accordance with article fourteen of the constitution of the league of nations. This court shall be in addition to the court of arbitration organized by the Hague convention in 1899 and 1907, and to the special tribunals of arbitration to which states now at war are invited to submit their disputes for settlement."

Articles two and three give the membership of the court as follows:

"The permanent court of international justice shall be composed of a body of independent judges, chosen regardless of their nationality from amongst persons of high moral character who possess the qualifications required in their respective countries; for appointment to the highest judicial offices, the members of the court shall possess the highest degree of recognized competence in international law."

The court shall consist of 15 members. Eleven judges and four deputy judges. The number of judges and deputy judges may be increased by the proposal of the council of the league of nations, to a total of fifteen judges and six deputy judges.

The manner of choosing the judges by the different national groups is provided. The members of the court are elected for nine years. The president and vice president of the court serve for three years. The seat of the court is established at The Hague.

A session shall be held each year on June 15 and at such other times as may be called, whether necessary by the president of the court or shall sit at the Hague or at any other place which may be decided by the court. The court shall have the right to hear and determine proceedings, in accordance with the rules and procedure of the league of nations.

# RACE FOR PENNANT GETS COMPLICATED

NEW YORK, Sept. 14.—New York today gained first place in the American league pennant race with a six-point lead while all five other contenders of both major leagues lost to second division clubs by one-sided scores.

The Brooklyn nationals suffered their first defeat in 11 games today when Chicago halted Cy Young and his team while all five other contenders of both major leagues lost to second division clubs by one-sided scores.

The Chicago White Sox today defeated Cincinnati and New York failed to take advantage of the slip. The Reds had low score in Philadelphia, and New York fell before St. Louis. The Yankees won their fifth consecutive game and made it three straight from Detroit. Cleveland and Chicago ever; they have reduced the hours to both were shut out; the Indians being unable to hit Rommel of Philadelphia while the White Sox could do little with Acosta of Washington.

Tomorrow will be a day of rest for the pennant contenders, with the exception of Cincinnati and Brooklyn who play Philadelphia and Chicago respectively.

Both added another mark today when he scored twice and brought his season's total of runs to 147 equalling the American league record set by Ty Cobb in 1911. The National league record is held by Hamilton of Philadelphia, in 1914.

## RED AND BLACK FLAGS FLY ON GREAT PLANTS

PARIS, Sept. 14.—Travelers freely describe the picture of the metropolis of workers as possessing odd features. Plagiatists on printed plants bear two flags—red for the socialists and black for the anarchists. Many houses display the red flag.

Troops guard the banks but do not interfere with the occupation of the works. Transport workers allow no movement of government troops.

The government has informed the manufacturer's association that it does not wish to employ troops in clearing factories but that a better course is for the employees to negotiate a compromise with the workmen's committee. Employers have agreed for the present not to go to the courts.

Shop committees at first required workers to be on duty 16 hours a day for work and 8 hours for living expenses. Owing to protests, however, they have reduced the hours to 12.

Workmen are obliged to give some time to military drill. They are little equipped with small arms and some have machine guns. One factory in the possession of the workmen is turning out machine guns.

Shop committees attend strictly to the operation of the works. Employers report that the workmen have only from 25 to 50 per cent efficiency as the men spend much time in discussion.

Each plant is a miniature stronghold with barbed wire entanglements. General managers of most plants have been removed by vote of the workmen.

## CONSTITUTIONAL ASSEMBLY DEFIES GOVERNMENT HOLOGRAM

HAIIPHONG, Camb., Sept. 14.—In defiance of Governor M. H. Houtong who in a message had said that the assembly was not to be called until the government had been specifically called to consider, the Constituent Assembly met today in special session, adopted a resolution ratifying the suffrage amendment. It then elected an advisory committee to prepare a piece of general legislation although the government had given warning that it would "block" any measure so adopted.

The resolution, making the provision that the right of women to vote apply at the November election may be jeopardized by a decision in Tennessee which would nullify ratification by that state—the thirty-sixth to ratify—personally. It applies to members by a proclamation read by him after his message to the assembly, which had just opened, of a special session to be held next Tuesday specifically to act upon the 19th amendment.

Although the legislature ratified the amendment, the coming special session will again do this. Today it ratified on a resolution offered by Republican House Leader King in committee following a conference of several leaders with the governor; who declined to sanction action today. Next Tuesday the governor will send to the communication which he received from secretary of State Clegg by which embolism the proclamation declaring the 19th amendment to be in force.

## GOMEZ PROMISES NO REVOLUTION IN CUBA

HAVANA, Sept. 12.—Personal passions cannot be allowed to force Cuba down into the level of countries where the administration can only be ousted by revolution, declared Jose Miguel Gomez, liberal candidate for president of Cuba, in a statement today.

"There will be no more revolutions in Cuba," he said, "because there will be no more usurpation of power."

Against what he terms the "retarded proposals of a naive parliament" by the government, the liberal candidate declared that he has appealed to the American government to take "preventative measures" in order that election abuses and their "terrible consequences" may be avoided.

The American government, he said, has manifested its obligation to use all means in its power to see that the provisions of the Crawford law are strictly enforced, and therefore the liberal party will not contest the rights of suffrage; rentals of telephone, fraud and coercion are not allowed to intervene.

**JACK JOHNSON SENT TO PRISON FOR ONE YEAR**

**CHICAGO, Sept. 14**—Jack Johnson, former world's heavyweight champion, was sentenced to one year and a day in Leavenworth penitentiary and fined \$1,000 today by Federal Judge George A. Carpenter for violation of the Mann act.

The sentence confirmed that passed on Johnson in 1918 when he was convicted of transporting a white girl from Pittsburgh to Chicago for immoral purposes.

Johnson later fled to Europe, forfeiting his \$50,000 bonds, and from there, until a few weeks ago, when he surrendered on the Lower California border, he was a fugitive from justice. Johnson's first wife committed suicide in 1913 and he thereupon married Lucile Cameron, the principal white witness for the state.

Since his return to Illinois Johnson has been boxing daily in his jail cell, in anticipation that he might be released and permitted to take up fighting again.

Johnson, nattily dressed in a blue suit, bright blue tie and patent leather oxfords, was smiling broadly when he entered the court room. When sentence was passed, however, he appeared much downcast, as he had hoped for greater leniency. Permission was granted his attorney to file a writ of error and a stay of execution of the sentence was given until Saturday.

## GOVERNOR COX SPEAKS AT CAPITOL OF IDAHO

Continued From Page One.

The republican campaign contribu-  
tion. Referring to alleged prohibitions  
by William M. Wood, president of the  
American Woolen company to the re-  
publican campaign handbook enter-  
prise of William Barnes Jr., of New  
York, Governor Cox said he observed  
by today's papers that the corpora-  
tions mills had been ordered re-opened.  
The governor said he was "to-  
modest" to discuss the incident fur-  
ther, except to recount his recent at-  
tacks on the corporation and Mr.  
Wood, whom he charged with seek-  
ing to depress wool prices, in the face  
of increased demand, and to force  
employees to accept lower wages. In  
this connection the governor again  
denounced "big business" and charged  
it with continuing toward "ruin of  
the presidency."

Governor Cox was accompanied on  
his tour through Idaho by Senator  
Nugent, democrat, who is seeking re-  
election; former Governor J. H.  
Flavelle and W. A. Walters, demo-  
cratic gubernatorial candidate.

Referring to the repeal of the  
Idaho primary law, Governor Cox  
said that it was a mistake, adding:  
"You can trust the people whom  
you repeal the primary law and take  
the power from the people you are  
prejudging that the people cannot  
be trusted either in their judgment  
or in their patriotism and that is a  
blunder upon the citizenship of any  
state."

The governor left here late tonight  
to conclude his Idaho campaign to-  
morrow morning at Pocatello, Carey  
Junction, Logan and Bringham, Utah,  
will be reached to Okden for an after-  
noon address and the Utah cam-  
paign will close tomorrow night at  
Salt Lake City.

### TALKS ABOUT IRELAND.

BOISE, Ida., Sept. 14.—In arguing  
for the league here tonight, Governor  
Cox, in answer to a question, de-  
clared his promise to call it to the at-  
tention of the league council if he  
should be elected.

"It is not necessary for a league to  
start justice over there," the govern-  
or's audience declared, but the  
candidate replied that Ireland now could  
not get a hearing "even in a senate's  
court."

"Under the league," the governor  
added, "it can be enacted to the bar  
of public opinion of the world."  
"Under article 11 of the league con-  
stant provision for blanking before  
the council any matter threatening  
international peace, Governor Cox  
continued: "The cause of Ireland  
appeals to many people and it is im-

portant that English speaking peo-  
ples shall live in harmony.

"It is an irritant and will continue  
to be under the present order," he  
said, but promised to bring to a close  
of any matter "interfering with the  
right of self-determination of peoples,  
whether in China, Turkey, Ireland or  
anywhere else."

Governor Cox also reiterated the  
charge that a "corruption fund" was  
being used "to influence on people hav-  
ing deep racial prejudices or feelings  
to arouse sentiment against the pres-  
ent administration."

Repeating his charges regarding  
republican campaign funds, the gov-  
ernor stated that a "reactionary re-  
giment would not have public  
confidence."

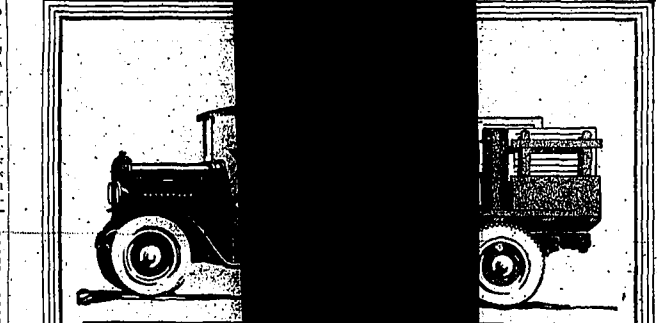

"You can't raise a campaign fund  
of \$15,000,000" he said, "to buy an  
administration that's going to live."  
The governor declared that states-  
men who criticize the league without  
offering any substitute toward world  
peace should "stand aside and permit  
America to try out the old" plan  
proposed.

Senator Harding, the democratic  
candidate stated, had commented on  
the Maine election to the effect that  
Maine had "voted to preserve the  
constitution." The governor said the  
American Bar association had given  
an opinion that no provision of the  
league violated the constitution nor  
trampled on American sovereignty.

Governor Cox spoke for nearly two  
hours to his home audience, standing  
before a throng in the baseball park, and  
was applauded frequently.

# TWIN FALLS COUNTY FAIR OPENS WITH GOOD CROWDS

The Twin Falls county fair opened yesterday with the largest number of paid admissions recorded since the inception of the fair five years ago. All day visitors arrived at the grounds and from all parts of the county.

The exhibits displayed this year are the largest and most comprehensive of any of the county's fairs. The women's department had an especially large well arranged exhibit and the showing of livestock far surpassed former years. One feature of the fair was the fact that practically every exhibit was in its place by noon.

Judging of the exhibits continued throughout the day and will probably be concluded today. Judges were unanimous in the opinion that the displays were the finest they have seen for some time.

Racing and concerts provided the amusements for the afternoon, while in the evening in addition to concert dancing and a large tent show drew large crowds.

Today will be the third day at the fair and is expected to be one of the largest days of the week. In addition to the announcement of winning exhibitors the *Held Chamber of Commerce* derby will be part of the attraction.

The junior farm bureau members had probably the largest showing of any particular body at the fair. One entire booth was devoted to their activities and in the other exhibits members of the farm bureau junior had displays.

The McMillan junior club had a showing of vegetables, fruit, samples of baking and canned fruits and vegetables. Their exhibit was very cleverly made up. The Maron farm had a junior club a pleasing display of fruits and vegetables, as did the club headed by Mrs. E. A. Bryant. The Mount View club had a showing of fruit and vegetables as well as a considerable amount of art work. The Flagg club, the Perry club and the Springs Social Sewing club all had splendid exhibits. In addition to the exhibits a demonstration of cooking and other arts learned by the clubs were given. All day a number of interested spectators watched the girls bake bread, biscuits and other samples of the culinary art. The busi-

ness of fruit by different methods was also demonstrated. Miss Mary Graybeal is in charge of the demonstration.

### Center of Interest.

The women's building was the center of much interest, owing to the many pleasing and instructive exhibits. Under the direction of the farm bureau, a complete home was shown with the proper color effects for each room. A kitchen with an electric range, cabinet and other accessories was included in the display and in which demonstrations of the various existing methods were made. Mrs. Stewart Revich of Hansen demonstrated in the kitchen yesterday. A model farm was also shown in the building, showing the best arrangement of subjects, buildings and trees. A proper lunch for school children was also shown together with a lunch which was not the best for the pupils.

The largest haling display in the history of the fair was shown in many instances of both sexes. Eggs, bread and butter were shown in the department, and the judges, it is said, experienced considerable difficulty in choosing the winners.

The display in the art department was also the largest shown of any of the county's fairs and brought forth much comment. A large and original work in embroidery and other arts was shown under the direction of Mrs. Stella Van Hise. A comprehensive display of clothing was shown under the direction of Mrs. W. F. Alworth. The exhibit demonstrated the many objects that could be made from discarded clothing. Hats, too, were shown and all demonstrated the value of the work of the farm bureau home department.

According to fair officials the exhibit of eggs and cattle far exceeded anything shown here before and even at other fairs in the southern part of the state. The swine shown here was especially good. One large Poland China boar, the son of a \$20,000 boar and owned by J. L. Wilson and sons of the Kin-Son ranch at Nampa, was the center of much interest. Mr. Wilson also had an exhibit a number of pens of animals from his ranch. Mr. H. Hambo had a showing of several pens of Duroc Jersey hogs. The Minidoka county Duroc breeders

exhibited several pens of swine, as did the Twin Falls county farm bureau junior Duroc breeders. Joe Heller of Castleford exhibited some fine specimens of the Poland China breed.

### Many Fine Cattle.

The cattle exhibit was the largest of any of the stock departments and some magnificent animals were shown. The most of the cattle shown were Shorthorns although there was one exhibit of Jerseys. Members of the farm bureau junior had several pens of Shorthorns. L. K. Cole of Filer and Shorthorns as did the Big Springs ranch owned by Holmes and Brooks; Frank Sullivan's sons; B. B. White of Filer; L. H. Brown of Filer; W. T. McMaster of Filer; Hogan Brothers of Kimberly; K. H. Proctor and sons of Kimberly; J. G. Hayden of Castleford and Musgrave and Sons of Filer. B. B. White of Filer had a pen of milking Shorthorns.

John H. Gott had a pen of registered Hampshire sheep which were the subject of much admiration from

the spectators. Hobbs and Olfelt exhibited some Rambouillet sheep which were admired by many.

The horse department, while no large, was made up of some very high grade animals. The condition of the animals with their gaily decorated harness and bells were much admired. The exhibit of poultry and hares was of much interest to fair visitors. In addition to the large exhibits a demonstration in culling was given.

The produce building was filled practically all day with visitors admiring the various displays of fruit and produce. In the building a model farm with grain growing and hay ready to stack was shown. The farm was exhibited by the University of Idaho extension department. The Cottonwood ranch had a showing of fruits, grains and vegetables as did the Roseworth tract. The Better Babies display and an exhibit of flowers were interesting.

Farm machinery along the main chimney row was an interesting and instructive exhibit.

# THURSDAY IS TWIN FALLS DAY AT FAIR

Many Stores Will Close Early in Order to Permit Employees to Attend

Thursday, Twin Falls day at the county fair promises to be well attended by Twin Falls people and all over a number of business houses have indicated their intention of being present in full force.

The United Stores will close their place of business Thursday at 10 o'clock in order to permit their employees to attend at the Idaho Department store will close at 12.

Mr. Dunke, of the United Stores prepared the closing of his store so that all his employees might have time for a good dinner and an early start for Filer. "I believe that we merchants should

show to the fair management what we feel in the way of interest in this big event," said Mr. Dunke last evening. "The county fair is the showing of our yearly achievements. Here we display what our farms have produced. And the men of the city and towns on the tract are as vitally interested in this showing as are the farmers themselves. So we will take time off to visit the booths, see the displays and shake the hands of the men and women who have produced them."

A series of Wednesday night Bible lectures are to be given in the Christian church, the first lecture being given tonight at 7:30 by Mrs. C. E. Evans at one time associated with Knox T. Taylor in Bible institute work. All lectures are free.

# THE TIME IS SHORT

Hustle is the key that will unlock the treasure chest that is so filled with magnificent Chronicle prizes, by far the most valuable and attractive ever offered by any newspaper in this section of the state in recognition of energy and activity. Never before have there been such a glittering array of gifts presented as in The Chronicle's great gift-giving campaign. And never were there such battles waged to win them. Present indications point to a hairbreadth finish. And, while it is certain that the winning votes will run high, it is also reasonably sure that the big motor cars will be won by a very narrow margin. Count your votes—count the other fellow's votes—then go out and hustle for more votes—always MORE VOTES. It would be better to win the prize you most desire by a million votes more than enough than to get left by a few hundred thousand—to let one of these beautiful cars slip through your fingers because you lacked a few thousand votes.

## THE VOTE SCHEDULE

SECOND PERIOD Sept. 14th to 25th		THIRD PERIOD Sept. 27th to Oct. 9th		FOURTH PERIOD Oct. 11th to Oct. 16th	
1 year	\$ 7.00.....5,600	1 year	\$ 7.00.....4,500	1 year	\$ 7.00.....3,000
2 years	14.00.....15,000	2 years	14.00.....12,500	2 years	14.00.....8,000
3 years	21.00.....28,000	3 years	21.00.....24,000	3 years	21.00.....20,000
4 years	28.00.....70,000	4 years	28.00.....60,000	4 years	28.00.....50,000
5 years	35.00.....140,000	5 years	35.00.....125,000	5 years	35.00.....100,000
6 years	42.00.....210,000	6 years	42.00.....190,000	6 years	42.00.....150,000

A special ballot, good for 100,000 votes, will also be issued on every "club" of \$20.00 turned in.

As close as the race now stands, success or failure, gold or glory--**EVERYTHING**--depends upon what each candidate is able to do these last few days. Second period closes Saturday night, Sept. 25.

# CANDIDATES SWINGING INTO LINE IN THE CHRONICLE'S BIG GRAND PRIZE GIFT CAMPAIGN

### Great Race for Gold and Glory Fast and Close as the Hustlers Enter the Home Stretch—Beautiful Cars and Thousands of Dollars Are Awaiting the Winners in the Next Few Days. "Who Will Win" is a Question Most Heard as Election Nears the End—Next Few Days Will Tell the Story.

## ON THE HOME STRETCH

Going up.

Swinging in to line, all atingle with high hopes and ambition, candidates in the Chronicle's now famous campaign have swelled their vote totals to a wonderfully high mark and from now on to the finish, it will be a pretty exciting race between the leaders.

The first period of the campaign which closed Monday night was a tremendous success. Tens of thousands; yes, hundreds of thousands of votes were issued, and every "Live" candidate profited mightily.

It is a strange coincidence, too, something unusual in affairs of this kind, but each of the leading candidates who are striving for first honors and the grand prizes, benefitted so equally during the period just closed that, without hair-line figuring could today's leaders be determined.

The competition, therefore, so far as the relative standing of the candidates is concerned depends almost entirely upon the results obtained by the various contestants between now and the finish as to who the ultimate winners will be.

The above is not "mere talk" for the sake of telling but a real fact—theories or rumors notwithstanding. Hence the struggle for supremacy will be fought out during the next few days for the entire campaign comes to a fateful close in just a few weeks. The "second period" closes next Saturday night.

## THE STANDINGS

### DISTRICT NO. 1

District No. 1 includes participants residing in the city of Twin Falls. Some of the big automobiles and just as many cash awards as there are active candidates will be distributed in District No. 1. The names up to the present line in District No. 1 follow:

### DISTRICT NO. 2

District No. 2 includes participants residing outside the city of Twin Falls. Some of the big automobiles and just as many cash awards as there are active candidates will be distributed in District No. 2. The names of present candidates for District No. 2 follow:

Mrs. O. J. Bellwood	2,054,900

Miss Edna Ryan	2,503,150
Mrs. T. G. Stevens	1,002,300
Mrs. P. H. Winder	795,450
Miss Ethel Williams	1,445,650
Miss Arvilla Wood	8,000
Mrs. Mabel Swanson	8,000

And now for the whirlwind finish. Now for the sensations and surprises. There are the days that will test the resourcefulness of the candidates. Here is where their courage upholds them and makes them fight, or the lack of it takes the stiffness out of their knees and leaves them trailing times, too, supreme courage urges them on when they are all that in the GREATEST FIGHT OF ALL.

Yes, will you be rapidly during the next ten days; that is while the "second period" adventure is in effect. The LIVELIEST part of the competition is now at hand and while all the leaders are on the same footing, at the same time, those who want to—and will—are afforded the opportunity of the entire campaign to forge ahead and carry the winning votes.

From now on until the finish is the time when 100 per cent efficiency counts.

"Is the reward who quits to Misfortune,  
"Is the knave who changes each day;  
"Is the fool who starts like a whirlwind,  
Then throw all his chances away.

The time to succeed is when others

Discourage, shows traces of fire; The battle is fought on the home stretch,  
And WON, 'twixt the flag and the wire.

**Subscriptions Still Count Big.**

During the "second period" (those next ten days) subscriptions will count big. In fact, they count for almost as many now as during the "first period" just closed. For example—our 6 year subscription, containing 100,000 EXTRA FREE VOTES allowed—on \$20 "clubs" counts for 416,000 votes now where, formerly 462,000 votes were given.

**Better Be Safe Than Sorry.**

A few more laps and the course will have been run. Only a short time remains to choose between victory and defeat—success or failure. Don't overlook a single chance to better your opportunity to win. Avail yourself of every opportunity this "period" affords.

Think and plan constantly, for this means success. Figure ways to win, and always remember that your advertisement, as keen, perhaps and as successful as yourself, are racking every acute brain for the same purpose.

It means something to win in a competition of this kind—IT MEANS about \$2000 each to six different

persons. It is a demonstration of capacity that is extraordinary. It proves a winning personality. Sometimes it proves up the "yellow" in some "chagr" friends, but will reward the true friends and it always tests your mettle and measures your strength.

And now for the fatal FINAL HOME STRETCH.

### FUNERAL SERVICES FOR ARTHUR G. SHIELDS TODAY

The funeral services of Arthur G. Shields, who was fatally injured Saturday morning at Eden, will be held today from the DeWitt chapel at 2 p. m. The local post of the American and the Eden post will have charge of the burial.

He is survived by his parents, Mr. and Mrs. James Shields of Boise, one brother and four sisters.

### MUSICAL SHOW COMING

Crist and Costa's clever musical revue "The Dancing Kewpie Dolls" will be the attraction at the Orpheum today and tomorrow. This unusual organization comes to the Orpheum highly recommended as an offering far above the average aggregation of this kind touring this country. The "Dancing Kewpie Dolls" are presenting the same class of entertainment as the big time vaudeville acts are presenting over the Orpheum theater circuit and the Panopticon, and is the very latest style of musical entertainment. The musical revue has gained wonderful popularity with the theater goers in the past several seasons, so much so that even in New York the biggest musical successes are the revues. The Winter Garden, Ziegfeld Follies, The Passing Show, are all nothing more than revues, at this style of entertainment has met with instant approval of the smart set. The "Dancing Kewpie Dolls" are presenting in their revue, bits taken from many of the 2-act musical success plays in the big eastern cities, and their entertainment may be called Odds and Ends of the 1920 musical shows. The company carries its own special stage settings, which is said to be stupendous and

their costumes are gorgeous and on a par with any. The entire production is said to have an atmosphere of class and their entertainment is pleasing and very enjoyable throughout.

## COMMISSION SETS DATES FOR HEARING

Application for Permit to Construct Proposed Railroad Will Be Heard Sept. 20, 31 and 22.

The date for the hearing of the application of the Idaho Central railroad company for a certificate of public convenience and necessity to construct a new line of railroad from Hogerson to Wells has been set for the 20th, 21st and 22nd of this month. The commission will hold a hearing at Wells on September 20th, at Contact, September 21 and at Twin Falls, September 22. Dates set previously were postponed. The Public Utilities commission of Idaho and the Public Service commission of Nevada will hear the application jointly.

Concrete plans for the raising of this districts portion of the \$500,000 bonus fund are rapidly being completed. A canvass taken Monday of the various business houses of the

city showed all heartily in favor of the proposed road and nearly every firm pledged a substantial amount towards the bonus. Asher B. Wilson, who is at the head of the drive, stated that everyone seemed to be in favor of the drive and were willing to do everything possible to put it across.

Word from the drive committee in Nevada indicates that practically all of the amount due to be raised in that section was pledged.

### COUNTY CHEMIST FINDS DOG AFFLICTED WITH RABIES

County Chemist E. R. Dooley yesterday found traces of rabies in a dog which was killed recently at Hollister. The animal had not bitten any one seriously, it is stated, but its actions indicated it afflicted with rabies so it was killed. The head was sent to the county chemist yesterday who, after an examination pronounced it afflicted with rabies.
