OF FINANCING  
NEW PROJECTReclamation of Hansen-Butte  
Lands Considered at  
Civic MeetingFAVOR FORMATION OF  
IRRIGATION DISTRICTLocal Men Hear Addresses on  
Methods of Handling the  
Immense Acreage  
Involved

At a meeting last night at the rooms of the chamber of commerce, which was called to consider means by which the local organization might assist in the opening up of the Hansen-Butte reclamation project, it was the unanimous opinion of those present that the organization of an irrigation district was not only the best method to finance the proposition, but almost the only practicable manner in which the thing could be successfully done. The project comprises approximately 40,000 acres of land.

T. D. Nash was the first to speak, asking for the moral support of the organization. He said that the project was an old one which had fallen through lack of water, but since there was no reasonable doubt that the American Falls dam was to be built, the proposition had been revived. The idea is to develop the project along the lines of an irrigation district, and Mr. Nash gave many reasons why that would be the best method to employ, laying particular stress upon the fact that it would give the farmer ten years to get on his feet before he would be required to pay anything beyond the interest on the bond issue. The Hansen-Butte project, would have to bear a heavier load than most irrigation projects, all the cheaper locations having been already taken up, and it is necessary to give the farmer the longest possible time to meet his obligations, according to Mr. Nash.

Plan Power Plant.  
Mr. Nash stated that it is planned to construct a power plant, because when the height to which it is necessary to pump much of the water is taken into consideration, the cost of purchasing power would be prohibitive. He said that the petition had been filed with the county commissioners and that the hearing had been set for October 31. Financing the proposition has been tentatively arranged for and would be probably very already done. The cost of the project would amount to not more than 100 per acre, and enough water could be secured to give three acres of land, which he thought, would be sufficient.

Mr. Nash then said that under any other plan than that of an irrigation district, it often occurs that the promoting company and the settlers become involved in litigation which ties things up for several years and in the end amounts to more than the original cost.

No organization has yet been formed and that is a step which is necessary before any contracts can be entered into legally.

Indorses Plan  
H. T. Henderson, representing the Denver firm which has the proposition under consideration, indorsed the irrigation district plan as the best method to employ, and stated that it was imperative and that the settlers should own their own power, since it would be possible to use the channels for power as well as for irrigation. He said that the greatest light to which it will be necessary to pump water will be one hundred and fifty feet. The cost according to his estimates, could not run over \$100 per acre. His company will take the bonds at par, and both a flat rate, and an estimate based on cost per acre are under consideration. Mr. Porter here called attention to the fact that the work

## Gompers Takes His First Air Trip

Samuel Gompers, president of the American Federation of Labor, recently took his first airplane trip. Gompers had an important address to deliver here, but missed his train at Buffalo. The labor leader chartered an airplane and arrived here in time for the speech. This picture shows Gompers in the plane in full togs of the aviator.

TWO GAMBLERS ARE  
INDICTED BY JURYFirst Action is Taken Against Those  
Alleged to Have Engineered  
Deal

By the Associated Press.  
CHICAGO, Sept. 29.—Confessions from Claude Williams and Oscar Felsch admitting that they were bribed to "throw" last year's world of New York Lottery, however, came at the same time the grand jury investigating the baseball scandal took its first action against the gamblers who are said to have engineered the deal by indicting two men whose names already have been brought before the jury and who are nationally known, was expressed by an official in the state attorney's office. The statement by Williams and the newspaper reports of Felsch's confession filled with those made yesterday by Eddie Cicotte, and the Jackson.

John Heydler, president of the national league, and John McGraw, manager of the New York Giants, told today the jury details of the Lee Magee and Hal Chase cases and also concerning the dropping of Heinie Zimmerman. McGraw was requested to return Tuesday and bring with him Fred Tenney, New York pitcher, and Benny Knopf, outfielder. Heydler was asked to appear again at his convenience after the world series.

McGraw is said to have told the jury that he dropped Hal Chase from his club after President Heydler had told him Magee had confessed that Chase bribed him to throw games. He said he had heard of many other "fixing" activities of Chase before the Magee case.

Zimmerman was dropped from the New York team; McGraw is said to have told the jury, because information from the New York manager that the third baseman offered Benny Knopf \$500 to help throw games.

CALL POLICE TO EJECT  
CELEBRATION INTRUDERS

NEW YORK, Sept. 28.—Police were called to Carnegie hall tonight to eject a crowd of men and women who forced their way into the building during the bicentenary celebration of the landing of the Pilgrims. The intruders carrying banners with anti-British inscriptions created great disorder with shouts of "Hurrah for America!" "Down with England!"

COX DISCUSSES  
FORCE IN LEAGUEDeclares Moral Influence Sufficient  
But Indicates Necessity of Armed  
Force if Needed

TOPEKA, Kan., Sept. 29.—Force as an element of the league of nations was discussed today by Governor Cox in his travels which embraced parts of a meeting tonight at the auditorium.

"I believe that the moral influence will be sufficient," the democratic candidate declared, but indicated that behind moral force it was necessary to have armed force and he paralleled the case to the country shortly when he said is seldom called upon to use physical force to carry out decrees, but has it if necessary. The governor said that Colonel Roosevelt criticized the Hague tribunal for lack of force.

Pointing out that in two years of its existence the Monroe doctrine has never required a shot for its maintenance, Governor Cox said: "Bear this in mind. First, that matters must be submitted to discussion and arbitration and then if a nation violates it, the league recommendations, they are going to impose the commercial embargo. It is the judgment of men like Elihu Root and Judge Taft that the commercial embargo will be an effective preventative of war. It is the judgment of the most profound students of the whole question that the commercial embargo will be sufficient."

Besides two afternoon speeches at St. Joseph, Mo., and Atchison, Kan., the governor made a few brief remarks at Meriden, Conn., and other towns en route.

Arrest of a man at Baltimore who interrupted Senator Harding's speech there Monday night was a subject of caustic criticism by Governor Cox in all of his major speeches today. The governor said it was not a "trivial circumstance" but was symptomatic of more serious conditions and in this connection he declared upon his charges that the "voluntary practice" was a "disgraceful" and "democratic" of the league fight and buying or absorbing democratic and independent newspapers.

men's Agreement  
With Japan

CLEVELAND, O., Sept. 29.—F. W. Galbraith Jr., of the army, was unanimously elected national commander of the American Legion to-day at the closing session of its annual convention. Galbraith received the majority necessary for election on the second ballot, his closest opponents being Harford McNair, of Ohio, and J. E. J. Herbert of Massachusetts.

Upon motion of McNair, seconded by Herbert, the election of Galbraith was declared unanimous. The passing of a resolution which puts the legion on record as being in favor of the rigorous exclusion of Japanese as immigrants, cancellation of the so-called "gentlemen's agreement" with Japan, the exclusion of "picture brides" and the decision of the convention to continue its policy of "strict neutrality" in regard to political questions were the predominant questions acted upon.

On recommendation of the American Legion committee on immigration, which stated that the National American Legion commission be adequately financed, that its activities be concentrated on a nationwide, educational, Americanization and pro-American work and propaganda, and that its office be moved from New York to legion headquarters at Indianapolis.

Urging a congressional study of labor needs of Hawaii in view of the need for adequate supply with Japanese immigration cut off.

Commend Work.  
Commending the work of the department of Hawaii in securing preference for American citizens in employment and demanding citizen law, or on federal work.

Urging that colleges give entrance credit for work in American history and civics, and that these subjects be taught in elementary and high schools and required for graduation.

Urging legion posts to see that all members of the legion qualify for citizenship and that these subjects be taught in elementary and high schools and required for graduation.

The fight this afternoon came on the question of political restriction. When the committee on constitutional amendments made its report, it suggested a few amendments to certain articles of the constitution, the principal one being that "no person shall be eligible for the office of national commander or national vice commander. The report was adopted. It did not mention politics.

ARMY PLANES RETURN  
FROM ALASKA FLIGHT

HAZLETON, B. C., Sept. 29.—Three United States army planes, returning from the Alaska flight, arrived here today. One of the planes broke a propeller and its landing gear in making landing and the party will be held up here for repairs. The planes encountered strong head winds between Telegraph Creek, B. C., and here and were unable to average more than 60 miles an hour during the day. Captain St. Claire Street, commander, said. They had been held at Telegraph Creek by unfavorable weather.

HAKATON, B. C., Sept. 29.—Lieutenant Ross Kirkpatrick in plane number four of the Alaska flying expedition arrived here at 6:08 p. m. today, three hours and twenty minutes before the other two planes. The expedition was led by Captain St. Claire Street.

KANSAS CITY, Mo., Sept. 29.—Divorces were being granted at the rate of about one decree every ten minutes today when five divorces by the circuit court began disposing of 275 default cases. All of the cases are scheduled to be disposed of within three days. Crowded elevators shot up and down in the county courthouse building, the attendants shouting "second floor for divorces."

HONEYWELL WINNER OF  
NATIONAL BALLOON RACE

By the Associated Press.  
NEW YORK, Sept. 29.—Although winners of the national elimination balloon race have not been officially announced, Alton Clark, of Chicago, tonight declared that no other competitor's record was sufficiently close to dispute the victory with H. E. Honeywell of St. Louis.

Honeywell, flying the balloon "Kansas City II" covered 480 miles from Birmingham, Ala., the starting place, landing yesterday at Thonerville, Ont.

Contest committee officials said that Honeywell with Captain L. F. Thompson, of the army, and Ralph Upson of Akron, Ohio, who took second and third places respectively, according to official reports, would almost certainly be chosen to represent America in the Gordon Bennett international race next month. Triumphant reports credit Thompson with a flight of 690 miles and Upson with 620.

CRITICISM DRAWS  
ATTACK BY HOUSTONSpeeches of Harding on War Finance  
Causes Reaction to Decline  
Nominally "Badly Advised."

WASHINGTON, Sept. 29.—Criticism of the treasury plan of war and post-war financing in recent speeches by Senator for the day, a statement tonight from Secretary Houston in which he accused the republican presidential nominee of "a partisan attempt to deprive the American people of their legitimate pride in financing the war."

Statements attributed to the senator relative to increase in the public debt under the present administration likewise were attacked by Mr. Houston. "They indicated," he said, that Senator Harding "knew little of the subject himself and that he is being badly advised."

The senator's advisors, Mr. Houston added, appeared "not to have taken the trouble to ascertain the facts or to attempt to misrepresent them for partisan purposes."

The statement declared that not only was the public debt not increasing but that the treasury's expectation of a lower outstanding gross debt on September 25, 1920, compared with \$30, "would be amply fulfilled." Mr. Houston placed the reduction at \$25,916,000 since July 20.

NEW YORK STARTS  
BASEBALL INQUIRY

NEW YORK, Sept. 29.—While a Chicago grand jury was investigating charges that the 1919 world's series was "fixed" New York authorities today started an inquiry into reports that the same charge of gamblers played a crooked series for 1920.

Acting on a newspaper story that members of the Brooklyn National league, winner of the league pennant, were to be bribed to lose to the Cleveland Indians, District Attorney Lewis ordered a crooked series for 1920.

At the same time he telegraphed to Chicago for any evidence available there.

"If there is anything wrong with this world's series, we are going to find it out before it is too late," said Mr. Lewis. "I intend to investigate fully certain rumors which have come to my attention. I feel this is a duty I owe to the followers of baseball. If the games are to be on the level, we will establish that fact, and if there is crookedness we will prosecute to the limit."

IN ACCIDENTSenator Harding's Special  
Train Narrowly Escapes  
Serious WreckCANDIDATE COMPLETES  
SPEECH MAKING TOURAmericanism and Issues of  
Campaign are Featured  
in Addresses in Half  
Dozen Cities

By the Associated Press.  
ON BOARD SENATOR HARDING'S SPECIAL TRAIN, Sept. 29.—Senator Harding's special train escaped a serious wreck, by a hair's breadth today as it was carrying the republican nominee across West Virginia on the last leg of his last campaign trip.

His private car "Ideal" left the rails near Millwood, a small mountain village and with its trucks banging themselves to pieces over the railway ties was dragged across a high trestle at the rate of 30 miles an hour. The train came to a stop beyond the trestle and the cars of the "Ideal" veered off the ties entirely and buried themselves in the gravel.

The other cars of the train did not leave the rails and no one was injured. A defective coupling in the front truck, which failed to place the car crossed a switch was blamed for the accident. In its perilous career, the heavy car splintered ties and snapped off rail bolts for more than 300 yards and two of the ties in the trestle it crushed entirely.

Complete Trip.  
Though the special, minus the abandoned "Ideal" turned northeastward for Marion, the senator completing his three day trip with two evening addresses in Ohio. During the day he had spoken in a half dozen West Virginia cities and had addressed a half-dozen meetings at Ashland, Kentucky.

Americanism, representing government and governmental economy featured the nominee's speeches and he also touched on most of the major issues of the campaign. At Ashland he condemned "pork barrel" river and harbor legislation and asked for a more efficient development of the nation's inland waterways.

Speaking to a crowd at Mason City, Va., he exhorted his supporters to vote for the American car of state.

"The great car of state," he said, "going forward to the fulfillment of national commitments, somehow got off the track last year in Paris and its left hand is very bad and I think maybe crossing the trestle of internationalism in the senate, to prevent us from completely leaving the track we might have had a very serious wreck for the United States."

He was telling you that instead of trying to put a broken car on the track let us cut it loose and go on and keep our engagements with all the world."

The allusion aroused a cheer. Another shout of approval came during a speech at Harrison, W. Va., when in referring to Governor Cox's discussion of the "America first" slogan in South Dakota, last night, the republican nominee said:

"I note by the morning papers that some one has taken up the slogan and tried to compare it with that used by the Germans during the war. Somehow or other the comparison has appeared to me. And have noted in a colloquy between the democratic candidate and a citizen of Germany during the war was attempted to make the slogan 'America first' appear as one of selfishness and an ultimate menace for us in our relations with the rest of the world. I do not know that I can pronounce correctly the well known slogan 'America first' as 'Deutschland über Alles.' But I mean, I understand, that they were thinking of Germany first."

# FOOTBALL TEAM READY FOR GAME

High School Completes Training for Gridiron Battle With Filer Saturday on Local Field.

The football squad at the high school was put through a stiff series, nage yesterday afternoon by the coach, the last before their game Friday afternoon with the Filer high school team.

As yet the lineup for the opening game is tentative, but Newman, Pix, Hertz and Philps are probabilities in the backfield, with Upler and Putzier at end, Bailey, Nicholson and Scott, Luckies, Irwin, Adams and Stearns, Suerds and Denton or Meates, center, the most likely choices for the line positions.

Newman has been doing the kicking in a very satisfactory manner and will be called upon for this important duty when the team opposes Filer. Philps, Pix and Hertz are showing up well among the backs and will be depended upon to make the gainst against the rival school.

Filer beat Jerome last week, but from all reports has not a very formidable team, and it is expected that the local boys will walk away with the game. The prospects for a successful season are very bright, since there are nine letter men back from last year. Nine of them, however, are certain of their jobs, for the youngsters are showing lots of pep and enthusiasm in their efforts to win a regular berth on the eleven.

**ST. LOUIS, Sept. 29.**—Cleveland gained another tap on Chicago in the struggle for the American league championship today, winning from St. Louis 10 to 2 and making a clean sweep of the four game series.

The victory put the Indians a game and a half ahead of the White Sox and in a position to clinch the pennant by winning three more contests. Today's game was a virtual walk-away for Cleveland. Wellman who was knocked out of the box by Cleveland Sunday, started again and in addition to being hit freely, issued five passes, finally leaving the game after the seventh inning with the visitors holding a five-run lead.

Van Glines who succeeded himself also was wild and made two errors that allowed three more runs to score.

Coveleskie was master of the situation, keeping his hits well scattered and would have had a shutout but for errors by Gardner and Sewell. Spakker, Wood and O'Neill led the attack for the visitors, the latter's double in the first inning driving over two runs and sending Cleveland off ahead.

# CONVENTION CONSIDERS NUMEROUS RESOLUTIONS

CLEVELAND, Sept. 28.—The second annual convention of the American Legion today underwent for nine hours a barrage of resolutions and committee reports.

The stand of the legion in regard to organized labor was not mentioned in the report of the committee on resolutions. However, a minority report was submitted, which recommended that the "American Legion reiterate its position, that it has no participation in controversies between capital and labor. The American Legion is not opposed to organized labor when it conducts itself, as we believe it normally does, in conformity with law and order."

Heated discussion followed and the minority report was amended to eliminate the last sentence. Still the debate continued, some members taking the position that the American Legion need not make any statement on the subject. Others contended that people censured the legion because they did not take the exact stand taken on this matter.

However, a substitute for the minority report was presented by California and adopted, stating "that this convention endorsed the statement recently issued by the national committee, Franklin D. Miller, and accepts that statement as the legion's interpretation of its position in relation to organized labor."

The attitude of the national commander has been that of "strict neutrality."

The stand of the legion regarding politics was not brought up today. The chairman of the committee on constitutional amendments reported that it had not reached a decision but would bring it in tomorrow. Article 15 of the legion constitution then was

read which provides that the report of the committee on constitutional amendments must be read 24 hours before action is taken. The chairman proceeded with the business finished by his committee, when he closed recommendations regarding re-structuring of the United States with a vice-commander as an intermediate administrative unit in each district; that no national commander be eligible for reelection and that past national commanders be made life members without voting power.

Message to President.  
 The first resolution submitted and unanimously passed was a message to President Wilson expressing "sympathy for him in his present suffering, and reoriented to him our will."

## FILER NEWS

FILER, Sept. 29.—The meeting held in the L. O. P. hall Monday night to discuss the extension of the railroad from Twin Falls to Wells, was very well attended by the farmers of the community.

Mr. Davis of San Francisco, president of the road, Mr. Gray of Contact, Nevada, who is interested in the road, and Mr. Wilson, president, and Newell S. Wright, secretary of the Twin Falls Chamber of Commerce were present and discussed the meeting. Some who had come to the meeting with little interest in the matter, left with a different opinion. It might be made a reality. Filer and community are asked to raise a bonus of \$75,000 and the prospects seem good for raising the amount.

All who subscribe toward the project are to be protected against loss in the following manner: All notes are to be placed in the local banks and with the exception of 10 per cent will not be collected until the rail, road is completed. This 10 per cent is to be paid at the time the notes are given, and Mr. Davis will give a bond for \$25,000 which will be used in refunding this 10 per cent should the road not be built. Another meeting will be held in the L. O. P. hall Friday night of this week at which time committees will be appointed and other steps taken to further on the project. Those present agreed to talk with their friends and neighbors and endeavor to have a much larger attendance at the next meeting.

The reception for the Filer teachers held at the Rural high school building Monday night was well attended. A musical program consisting of the following numbers was given. Piano duet, Mrs. Goodie and Miss Irma Deal, piano solo, Miss Florence Otto; vocal solo, Mrs. L. H. Brown; vocal solo with mandolin accompaniment, Mrs. K. H. Ripley; address of welcome, on behalf of the Filer Women's club, Mrs. C. E. Deal, followed by short address by Mrs. T. E. Moore, the club president; response by Prof. E. E. Hays; solo solo, Raleigh Drake, and vocal duet by Miss Lucile Murray and Mrs. E. B. Ripley. A social hour followed when all present met and welcomed the teachers. Light refreshments were served.

The J. T. Carey grocery store posted into the hands of the new owners, The United States Monday. They expect to put in a complete line of dry

goods, ready to wear garments, boots and shoes, and groceries. The premises is for as complete a stock as is found in the Twin Falls store.

## LOOKS LIKE CLEVELAND.

NEW YORK, Sept. 28.—Cleveland virtually was assured today by the suspension of the Chicago players in connection with the alleged fixing of games in the world series last year. The Indians increased their lead over the White Sox to a full game today by defeating St. Louis and have one game to play with St. Louis and four with Detroit.

With most of their regulars banned the White Sox who rested today will be forced to patch up teams in the field Friday for their series of three games with St. Louis. Cleveland must win one game more than its rival to retain first place.

## FALL FROLIC AT EDEN WILL BE LIVE EVENT

Plans for the Fall Frolic at Eden to be held Saturday October 2nd, include speeches by Cox and Harding, to be delivered through the medium of the phonograph, as one of the features.

There will be a ball game between the business men and the farmers; athletic events for all ages and concluding with a wedding of Old Man Grouch and Miss Gossip, who will be sent skyward in a balloon.

There will be no entrance fee, and the committee in charge of arrangements extends a cordial invitation for everyone to come and join in the fun, making.

## GUESTS OF CITY

NEW YORK, Sept. 28.—Members of America's victorious Olympic team will be guests of New York City next

Saturday, and, after a parade down Fifth avenue, will be decorated with medals at the city hall by Mayor Hylan. P. W. Ruben, secretary of the Amateur Athletic Union announced tonight. The athletes will have an escort of fifteen hundred police and numerous bands.

## EINSTEIN WILL QUIT.

BERLIN—According to reports, Professor Einstein plans to leave Germany because of the persistent hostility of the fan, German circles, which has taken the form of deriding the professor's theory of relativity.

## SHORT SKIRTS BANNED.

PARIS—The Bishop of Paris has issued a notice prohibiting women whose skirts are bare and who wear short skirts and thin stockings from entering the churches.

## LIKE REPUBLICAN PLATFORM

PHOENIX, Ariz., Sept. 28.—In the endorsement of the republican platform and of national and state candidates, was contained in a platform adopted by the republican state council of Arizona, meeting here today.

## BOUQUET SAVES WOMEN.

PHOENIX, Ariz.—Twenty women were thrown into a road in a wagon collision, directly in the path of a motor bus. It was dark but one of the women waved a white bouquet and halted the bus driver.

## You Can Buy a Dollar's Worth For a Dollar Here Nowadays

Have you ever stopped to think that I put prices down long before others did. Long before the mail order houses did. Have you every stopped to think that no where for months have the same class and kind of goods been sold as low as in this store.

Sales have been big here for weeks; others have been complaining of light sales. THERE MUST BE A REASON.

## Big Sacrifice Lumber Sale

This week quite a number of the public in Twin Falls and vicinity appreciate what a real sale means. As predicted, this lumber is going very fast. Henry Ford and a few others are not the only ones who can burst the high cost of living. We said we would and we are doing it. A survey of our yard last week and a glance over the same now will convince you that we mean what we say. The proof of the pudding is in the eating thereof. You will have to hurry.

## It Sounds Differently At Different Times

When the jolly good sport is in the thick of it, spending his money right and left, and having what he thinks is the time of his life—thrill advice is pretty sure to sound feeble to him.

But when the din has died down, and the dollars that are left look lonely, and he begins to look a little down on his luck himself—that wisdom-of-saving talk sounds very sensible and sane.

It IS sensible and sane—it pays. Our patrons will back us up in this statement.

## AIR FLIPPERS

All the facilities of the biggest automobile organization in America are said to have been offered gratis to the United States government for use in developing a light, speedy airplane for trans-Atlantic travel. Commenting on this offer, Henry Ford says:

"Trans-oceanic travel in airplanes notable for lightness and speed rather than lifting power will be common beyond comment in three to five years. Berlin and London will each be a day from New York, and the Pacific will be crossed almost as readily as the Atlantic."

"So there is to be an ocean flyer. The prospect calls up visions of floating service stations and repair ships spread over all the seven seas, with fast patrol boats ever ready to push out and tow in a fallen flyer, and clean the carburetor or fill the gasoline tank and replace a spark plug.

Maybe it can be done. Flippers cross great continents; then why not oceans? It is not likely, though, that there will be any great rush of trans-Atlantic travel on the new craft until it has had a thorough try-out in less ambitious land flights, or in flights along the Great Lakes. Detroit fortunately is well situated for such experimental purposes.

## THE LAMENTED TOWN BAND

Alas for the small town band! Nearly every town used to have one, and nearly every state would have its band tournaments, with honor and prizes for the winners. Now a lodge convention usually has trouble in securing a suitable band. Many a town, in an emergency, has to borrow its music from some town far distant, and is not at all sure of being satisfied with that. Bandsman in the public squares are rotting from neglect. The volunteer band business is not what it used to be.

Why? We are fallen upon a mercenary and unmusical age. "Nowadays," says a veteran player, "you won't find men who are willing to leave their regular employment whenever you happen to want them. Men's time is too valuable." Too valuable, indeed, to make music for themselves and their fellow-townsmen. And

what do they do with their time? What further satisfactions do they get out of it than they used to?

Worse still! "About all the average person seems to want these days," says the same mourner, "is a drum, cow bells, a piano and a saxophone to make a noise for dancing. The more out of tune the players are, the better the dancing public seems to like it. There are many calling themselves musicians who play with even the top-notch jazz orchestras who couldn't successfully play in a band to save their lives."

There we may have the real fact of the case—it may be the deterioration of public taste and demand that is responsible for the vanishing of the town band. Wherever there is a real demand for music, musicians generally appear. But it works both ways. Good music, too, makes public taste and creates a demand for itself. Perhaps one reason why the public stands for jazz is that it has not been hearing enough real music. Here is a hint for any citizen who feels the urge to save the musical soul of his community:

There is hope, even now. It is rumored that jazz is waning, though so far there is little audible evidence of it. There may be a chance yet for that old small town band. It would really do about as much for the small communities as anything else imaginable.

One of the most successful features of many of the fairs held during the late summer and fall has been the children's exhibit. One such display at a comparatively small fair showed over 400 entries, including poultry, pigs, garden truck, potatoes, foods and clothing, all made or raised by the members of the boys' and girls' clubs in the country schools.

It would be difficult to estimate the value, to the youngsters of the country, and to the nation at large, of this sort of work. It means that an army of children, many thousand strong in the rural districts of America are learning in their youth the best methods of farming and stock raising, and something of the industrial arts as well. When they come to maturity they will want farms of their own and will know how to operate them for agricultural and financial success.

## Wool, wages and worth

You're probably wondering what you will have to pay for a good suit of clothes this Fall.

—the newspapers have given you a great deal to think about.

—reports from Washington have been full of hope and promise.

Clothing does not come from Washington. Manufacturers in Chicago pay the cost of woolens and the wages of garment workers.

—they know how much it costs to produce a good suit of clothes. The House of Kuppenheimer does not make any other kind.

We could buy other clothing for less money, but we would rather pay more to get clothes that satisfy us, because we want to sell clothing that satisfies you.

If you should make a list of all that goes into the making of a suit —you would wonder how it has been possible to keep the price of good clothing down as low as reputable houses have held it.

—you would find that many things in the making of clothes have increased nearer 300 per cent than 250 per cent and the average increase has been almost 260 per cent.

It has been a big opportunity for The House of Kuppenheimer to help America's men through the reputable merchants who represent these famous clothes.

We have not felt like tooting a horn about it—but rather let natural conditions bring out the results.

However, in the face of false propaganda which has misconstrued the price situation to the public during the past few weeks, we wish to make this statement—and we are mighty proud of it:

"During the war and since, this store and The House of Kuppenheimer have co-operated in holding prices down as low as possible on these famous clothes.

—both we and the makers have sacrificed more than half our profits to do it.

—we are doing it this fall. —it is good business and a service hard for competition to equal.

—the consumer cannot possibly wish for prices to come down to their natural level more than we do.

—we cannot blame the consumer for being skeptical with all that he has heard and read.

—but we can assure him that he must pay at least \$55 to obtain a good and economical suit of clothes or an overcoat.

—the moment they can be lowered the great Kuppenheimer institution will see that you get the benefit of it immediately.

—until then beware of the disreputable concern that offers just-as-good clothing for less.

The cheapest clothes to buy are the best clothes—that wear and hold their shape the longest.

Take our word for it—or test it out—we are in business for a long, long time; your confidence is our most valuable asset.

## DISCUSS PLAN OF FINANCING PROJECT

Continued From Page One.

might go to some company which can take the bonds, as there would be no cash market for them.

Asset to Twin Falls.

W. J. Porter expressed his conviction that the development of the project would be a great asset to Twin Falls and that it was entitled to the support of the business men of this city. He cited as one great advantage of the irrigation district plan, the fact that by issuance of bonds the first payment could be put off until the end of the eleventh year, and that as the bonds would run twenty years, if the settlers were then unable to meet their payments, it would be possible to issue refunding bonds. He stated that another reason why it was imperative that an irrigation district should be formed was that most of the land in the territory under consideration had already been proved up, or entered, and that under a private project difficulties would be encountered in securing the necessary mortgages. This difficulty is enhanced by the fact that many of the landowners are non-residents.

Mr. Porter called the attention of the meeting to the fact that after the organization had been completed, a meeting of the board of directors would be called immediately, and that the board would then call for bids, allowing the contract to the cheapest bidder, and being under no obligations to let the work to the firm which now has the matter in hand. The petition which has been filed, he said, contains the signatures of one hundred and fourteen landowners, who control 17,000 acres of the 35,800 in the project.

J. A. Cron endorsed the idea, and called for more co-operation among the settlers. He called attention to the fact that Mr. Morrison has the flood water right and asked that his help in co-operation be solicited, since if he could be persuaded to cede his rights to the organization, it was his opinion that

only two acre feet of water would be necessary.

M. J. Stebbins stated that while he could promise nothing on behalf of the chamber of commerce, he was personally heartily in favor of the proposition, would do everything in his power to help in its successful culmination, and that he considered the Hansen-Little project of greater importance to Twin Falls than the irrigation project.

Newell S. Wright, secretary of the chamber of commerce, stated that one way in which his organization would probably be able to assist, the settlers would be in disposing of any surplus land they might wish to sell.

## DESERTION IS CAUSE FOR DIVORCE ACTION

Addie Mounce yesterday filed suit for divorce from her husband, A. V. Mounce, of Buhl, alleging desertion. The complaint states that Mr. Mounce deserted her last September and has not been living home since. She asks the custody of their daughter, Ma Mounce, 16 years of age. Mr. Mounce is a prominent real estate man in Buhl.

## MAY FORM POOL OF SEED GROWERS

County Agent Plans Organization of Local Growers to Observe Marketing Conditions.

A large number of seed growers of the county have been interviewed by the county agent, W. E. Powers, relative to the advisability of forming a pool of alfalfa, red clover and alsike seed, and many inquiries have been received relative to the progress of the organization.

Mr. Powers states that in order to make the pool worth while, it is imperative that practically all the growers get together on the proposition. In order that this may be done, he requests that all growers interested write to the County Agent, Farm Bureau, Twin Falls. Meetings will be set for several parts of the county some time soon and Mr. Powers will issue announcements as soon as the state fair is over, when he can turn his attention to the work.

## HOUSE OF DEPUTIES TO BOOST RAILROAD

SANTIAGO.—A bill has been introduced in the Chilean house of deputies in furtherance of the long discussed project to build a railway across the Andes connecting Salta, center of a rich agricultural region of northern Argentina with the Chilean port of Antofagasta. The bill

provides that the contractors would receive a state guarantee of six percent of the actual cost of the railway for 15 years after it is opened. The cost is estimated at \$15,000,000. The Chilean newspapers commenting on the measure say the railroad not only would serve as an outlet to the Pacific for products of northern Argentina such as sugar, but would open to exploitation rich mineral regions of north-central Chile. The only direct rail route now connecting the two republics is the trans-Andino from Los Andes, Chile, to Mendoza, Argentina.

## HENRY CRITICIZES JOHNSON

LOS ANGELES, Sept. 28.—Francis J. Heney of Santa Monica, California, in an address here tonight the league of nations, criticized United States Senator Hiram W. Johnson for opposing the league covenant, and declared the senator had made an "appeal to the most selfish instincts of humanity." Mr. Heney declared the plan of the covenant had first been outlined by Theodore Roosevelt in 1915, "so accurately that you would think he had sat in Versailles and drawn it."

## WOMAN SEEKS OFFICE

ST. PAUL, Minn., Sept. 28.—Ruth Friedman was filed as a candidate for lieutenant governor by the socialist party of Minnesota today and is the first woman entered for a state office at the November elections. Other candidates chosen: Peter J. Lamson for governor; J. H. Hirt, for secretary of state; P. H. Phelps, state treasurer, and Thomas May for the railroad and warehouse commission.

## Society

The first meeting of the Windward club was held yesterday afternoon at the home of Mrs. J. C. Beauchamp with sixteen members present and one guest, Mrs. James R. Bellwell. The afternoon was spent with singing and late in the afternoon Mrs. Bellwell delightfully rendered several piano selections. The Beauchamp home was beautifully decorated with masses of fall asters. The next meeting will be held in two weeks at the home of Mrs. T. E. Warner.

Mrs. Charles Burton delightfully entertained the members of the Wednesday bridge club yesterday afternoon. Three tables of cards were formed. The next meeting will be held at the home of Mrs. L. Closs Wednesday, October 6.

The Wednesday Bridge club was entertained at the home of Mrs. F. R. Cox yesterday afternoon. The home was artistic with its decorations of fall asters and California poppies. Mrs. Harry Barger carried off first prize of the afternoon. The meeting will be held at the home of Mrs. J. T. Moore next Wednesday afternoon.

## HAVE POOR WINE YEAR

PARIS.—The vintage of 1920 is expected to be much inferior to that of 1919, especially in quantity. Recent bad weather has hit the champagne vintage.

## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Luster to Hair.

You can turn gray and faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks are not wanted around, so get busy with Wyeth's Sage and Sulphur Compound to night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.

## DOG WINS RELAY RACE

BRUSSELS.—A mongrel dog won one of the relay races at the Antwerp stadium. It ran out on the track and led the field of runners to the post.

LANSTRUM SEES HAYS of Montana, conferred with WILL H. NEW YORK, Sept. 28.—Dr. O. M. Hays of the republican national committee on the republican prospects in Montana, conferred with WILL H. Lanstrum, Helena, Montana, member of the central republican committee, big state today.

# ONLY 8 DAYS OF BIG VOTES

Less than 8 days more—then the LOWEST and LAST vote schedule of the Chronicle campaign goes into effect.

The winning votes for the biggest list of prizes ever offered in Twin Falls county can and WILL be secured this week. There's only one way to win and that is by having the largest number of votes when the final count is made. Good intentions don't count—you've got to have results and THIS is the period to get them while you get the greatest number of votes for every subscription you secure.

Don't make the mistake of holding back your subscriptions. Get them all in before 11 o'clock Saturday night, October 9, while your subscriptions count BIG and while it is easy to establish yourself far in lead in the race for the Automobiles.

Remember that these automobiles are real prizes—they are worth \$2,135.00, \$2,100.00, \$1,945.00 and \$1,630.00 respectively—each a small fortune in itself. Figure it out for yourself and see if it isn't worth your mightiest effort during these next eight days.

Keep in mind that every \$20 "club" of subscriptions is worth nearly 200,000 votes this period because the 100,000 EXTRA FREE VOTE OFFER is still in effect and every 6-year subscription counts 390,000 votes. It's easy to pile up a big vote total if you get the subscriptions before 11 o'clock Saturday night, October 9th.

## Saturday Night, October 9

### The Vote Schedule

Up to and including October 9th, the following number of votes will be issued on subscriptions:

THIRD PERIOD Sept. 27th to Oct. 9th		
1 year	\$ 7.00	4,500
2 years	14.00	12,500
3 years	21.00	24,000
4 years	28.00	60,000
5 years	35.00	125,000
6 years	42.00	190,000

From October 9th to October 16th (week of the election), the following number of votes will be issued on subscriptions:

FOURTH PERIOD Oct. 11th to Oct. 16th		
1 year	\$ 7.00	3,000
2 years	14.00	8,000
3 years	21.00	20,000
4 years	28.00	50,000
5 years	35.00	100,000
6 years	42.00	150,000

In addition to the above vote schedule, 100,000 EXTRA FREE VOTES are given with every \$20 "club" of subscriptions, turned in besides the regular number of votes allowed on each subscription.

## Corn

CHICAGO, Sept. 29.—Seaboard buying of wheat together with frost weather likely to affect the corn crop to some extent, had a bullish effect on grain prices. Wheat closed strong, 1-4 to 3¢ net higher with December 1.14 1-2 to 2.54 1-4 and March 2.20. Corn gained 1-8 to 1-7-8 and provisions 10¢ to 60¢. Scantiness of offerings in wheat tended to draw attention to seaboard buying than might otherwise have been the case. The cautious disposition of sellers was in turn assisted in some degree to gossip of a possible scarcity of wheat at domestic milling points between now and next June owing to large export shipments. Bullish sentiment was noticeably augmented by the strength of coarse grain.

Corn strength reflected official forecast that the frost area would stretch outward across the Mississippi to Indiana. Besides month-end evening up by September shorts continued. One was lifted by the up turn of corn. Improved cash demand helped to rally provisions from a setback due to lower quotations on hogs.

CASH GRAIN.

REPORT INDICATES MONTENEGRO MISTREATMENT. WASHINGTON, Sept. 29.—Terrible tortures and hardships were inflicted upon the Montenegrins by the Serbian army of occupation, according to an official report of a commission of investigation appointed by the Montenegrin foreign office after the withdrawal of the Serbian troops. Copies of the report have been transmitted to the European government and one is also understood to have been submitted to the state department.

The commission charges that "crimes committed in Montenegro were ordered by the Serbian authorities. The report avers that the purpose was either to force those persecuted to declare allegiance to the Serbian king or to obtain information about their male relatives who had escaped from the Serbian authorities. "Brutal violence and abuses are recorded," says the report. "Owners of homes and huts were compelled to set fire to their humble dwellings and then the soldiers pushed them among the flames where they perished. "All sorts of atrocities. "Women and children shut in the homes were submitted to the additional torture of being thrown; they even put cats under the skirts of women that were then sewed around the limbs, the animals then whipped, so causing awful pain to the victims. Old people, women and children were beaten mercilessly with heavy sticks or iron rods and also with wet ropes; inmates of prison were left without nourishment some times as long as 10 days; the bodies of the dead in the prisons were left among the prisoners for seven days; the prisoners were forced to put their feet on the fire and nails were thrust under their finger nails. "Youths were being by the hair and plunged into water up to their mouths. Men were attached to carriages by place of horses and then killed. The corpses of Montenegrins, brutally murdered, were left in the middle of streets to be prey for dogs. Mothers of the rebels were thrown upon the fire; old men had their teeth pulled; women were violated."

The commission said it examined 100 and 100 witnesses. "Among them several of the victims themselves who succeeded in escaping."

NOTICE OF WRIT OF ATTACHMENT. In the District Court of the Fourth Judicial District of the State of Idaho in and for Twin Falls County. The First National Bank of Twin Falls, a corporation, plaintiff, vs. Fred W. Factor, defendant. Notice is hereby given that on September 18th, 1920, a writ of attachment was issued out of the above entitled court in the above entitled action, attaching the property of the above named defendant for the sum of \$1120.25 and interest.

In witness whereof, I have hereunto set my hand and the seal of this court this 20th day of September, 1920. C. C. SIGGINS, (SEAL) Clerk of the District Court. By C. L. BOWEN, Deputy. Asher B. Wilson, Attorney for Plaintiff, Twin Falls, Idaho. 1x Sept. 21 Oct 1-4.

Miss Edna Ryan	112,350
Mrs. Mabel Swanson	\$0.000

The biggest list of awards ever given away in all Twin Falls county will soon be distributed to the fortunate winners in The Chronicle's \$16,000.00 election. Just a few more days and the election will be over—less than eight days the big vote offer of the campaign will come to a close, after which the contest will be over and the prizes will be put in schedule.

Hustling and scurrying about with all the vim and energy imaginable, candidates are preparing for a whirlwind finish of this fateful period. All realize that the big prize winners will be determined by this period's efforts. The ones who will lose out in the end are those who fail to take advantage of the tremendous opportunities offered in these eight days.

Remember that the prizes The Chronicle is going to give away are not cheap and, plainly—worthwhile trinkets. The first four grand prizes, the five, fine motor cars are real fortunes in themselves and far more than the average family earns in a whole year—more than most people save in an entire lifetime. Aren't they prizes that are worth winning?

The difference in value of the first four prizes and the fifth prize is \$7,500. Yet the \$500.00 is such an award that any one would be proud to receive.

Think of the other cash awards, prizes, prizes, making this the most stupendous prize distribution ever put on in this section of the state. All these prizes will be awarded in just a few short days.

Such intense interest has been aroused among the friends of the candidates as well as the citizens themselves, that you hear predictions on all sides as to the probable winners. One friend has his particular candidate scheduled to win another friend has his favorite in mind. It is the fact of the matter is that the race is so extremely close that any contestant in the list is in line for the biggest of the prizes in the amount of effort is put forth.

## BONUS TOTAL IS GROWING RAPIDLY

Committees Secure Pledges, Wednesday Amount to \$7,300—Drive Progressing Smoothly.

Actual Subscription Report.	
Twin Falls	\$29,155.00
Wednesday's Report	7,300.00
Contact, Nov.	21,657.50
Total	\$58,092.50

The drive to raise Twin Falls quota of the \$500,000, which is necessary to the completion of the Idaho Central railroad, according to latest reports, is progressing smoothly. The total amount pledged Wednesday was \$7,300, bringing the grand total since the opening of the campaign to \$58,092.50.

With less than half of Twin Falls canvassed, the committees are confident that the city will raise its quota of the entire amount with ease. Additional subscribers to the fund yesterday were as follows:

W. H. Smith, W. C. Guthrie, W. E. Sanger, L. C. Tins, H. E. Cutting, E. A. Moon, J. A. Barrett, J. S. Lawrence, C. G. Benson, William Warberg, J. W. Harder, Earl Felt, Max Pink, C. T. Dracken, William Bousman, W. H. Wall, G. W. Tarr, French Dry Cleaning company.

## PERSONAL MENTION
