NEW

COX SPENDS

Sewall played at short, showing absolutely no signs of nervousness such as might have been expected of a youngster thrown into a world's series under the conditions which marked his debut.

Indians are Superior

Manager Speaker in centerfield proved a barrier beyond which it was almost impossible to drive the ball and made sensational catches far to the right and left of his normal position with an abandon which brought cheers even from the most rabid of the home team followers. Catcher O'Neill, with his two timely run scoring doubles was the star batsman for the victors.

For Brooklyn the feature individual play of the game was Griffith's wonderful catch of Speaker's terrific drive to right field in the fifth inning. The ball shot off the bat of the Cleveland manager with a report like the crack of a whip and sailed to the extreme limits of right field. It appeared to be a certain extra base hit, but Griffith started back with the crash of the bat and ball and when he reached the retaining wall, sprang high up against the concrete

## EARTHQUAKE FELT IN GOLDEN-GATE COUNTRY

By the Associated Press.  
SAN JOSE, Cal., Oct. 5.—An earthquake estimated by the University of Santa Clara seismograph as centric in the vicinity of the Golden Gate was felt here at 11:05:38 o'clock morning. The duration of the disturbance was eight minutes and it was only perceptible for five seconds. The wave length was eight tenths of a second. No damage resulted.

WILSON GETS MEDAL

WASHINGTON, Oct. 5.—President Wilson today received a charter war medal from the federal government of the Churches of Christ in America as an "expression of appreciation of the churches of his distinguished service to the church and to the world through his leadership in winning world war and bringing to the world the ideals embodied in the league of nations."

## HARDING PUTS IN STRENUOUS DAY

Republican Nominee Holds Lengthy  
Conference With Party Leaders,  
and Preparing Addresses.

By the Associated Press.  
MARION, O., Oct. 5.—Senator Harding put in a strenuous 12 hours today conferring with party leaders, preparing addresses and leaving away details of headquarters business preparatory to his departure tomorrow on his western campaign swing. The trip, which will take him to Des Moines, Iowa, Omaha, Neb., Kansas City, Mo., and Oklahoma City, Okla., will be followed by two others into the eastern and political border states so that the nominee will be kept away from Marion almost continuously until the last week in October.

In long talks today with Will H. Hays, republican national chairman, and Harry M. Daugherty, member of the executive campaign committee, the nominee reviewed the general political outlook and considered many details of campaign management. One of the subjects discussed was the eastern trip to be undertaken about October 20.

Both Mr. Hays and Mr. Daugherty expressed perfect satisfaction with the situation, reiterating their previous predictions that one of the largest majorities in the nation's history would be recorded for the republican ticket. Mr. Hays declared the democrats were preparing to concentrate on the league issue because they had failed to make headway on any other and that President Wilson had assumed active leadership of his party and for the last month of the campaign.

The chairman asserted the willingness of the republican organization to face that situation, and Senator Harding revealed that in his speech at Des Moines on Thursday he intended to deal further with the league issue. It was indicated that he might, in retelling his position, make reply to some of the arguments used by Mr. Wilson in the latter made public Sunday.

## MORE IRISH TROUBLE

CORK, Oct. 5.—The residents of Cork had another terrifying experience early today. The cause was a brush between military and unidentified persons who fired on curfew patrols. The patrols replied with heavy fusillades of machine guns.

the committee in circulating a policy.

The statement that prices would have gone down soon after the armistice in many lines had the price guarantee practice been unknown in commerce was brought out in answer to questions by Chairman Murdock who asked for opinions on that phase. Without exception opponents of the system declared their belief had been confined by breaks in commodities where the practice was not employed. They cited the sugar and silk markets as typical.

J. A. Goldsmith, representing the Silk association of America, said the guarantee could be construed in no other light than as a means of manipulating prices, a severely high level of prices and manipulating against any reduction which would have followed natural operation of the law of supply and demand.

Silk prices, he said, had declined 50 per cent in the last six months, which would have been impossible had the wholesalers been guaranteed against loss by the manufacturers.

"I would say further," he continued, "that the guarantee against decline not only tends to hold up prices but means that plants will be shut and industry stagnated in order that the manufacturer manufacturer will not have to dig into his pocket and repay the wholesaler or other purchasers. The plants are shut down and the demand remains, so prices stay high."

"What about holding up artificial prices, like war prices, and would they have been reduced except for the price guarantee?" Mr. Murdock asked.

"Unhastily, I would say they would have fallen long ago," Mr. Goldsmith replied. "I would attempt to say to what extent the guarantee has maintained the price but longer time than had the old law of supply and demand been permitted to operate."

ATTACK POLICE BARRACKS  
BIRMINGHAM, Tenn., Oct. 5.—Armed bands attacked the police barracks last night, taking prisoner fifteen police and seizing arms and ammunition. The barracks was burned. There were no casualties.

## MANY AT SWINE SHOW

DES MOINES, Ia., Oct. 5.—More than 5000 people attended the National Swine show being held today. It is predicted that a number of prize winning hogs will change owners tomorrow.

respective hotels. The announcement was made an hour later.

The details of the agreement have not yet been announced.

The main commission had been working all day on legal, financial and economic questions when late in the afternoon Joffe and Dombai went quietly into session with their secretaries and met together on the main questions in dispute between Poland and the Bolsheviks. The protocol was quickly drawn up and the signing of it by both chairmen followed immediately.

## GOV. ALLEN DENOUNCES CHICAGO TRADE BOARD

HAMPER, Kan., Oct. 5.—Governor Allen, in an address today denounced the tactics of the Chicago board of trade in hammering down the price of wheat and announced that he had made a request to President Wilson that he investigate the board of trade with a view of preventing such tactics.

"The Kansas farmer has been the victim of a gigantic steal," said Governor Allen. "The export conditions do not warrant such decreases in the wheat price as have taken place in the last few days. This practice of manipulating the market for the benefit of wheat gamblers must be stopped. The president has power under the law to close the board of trade if unfair methods are being used and he should use that power immediately."

## ANTHRACITE MINERS ASK AID OF WILSON

CANTON, O., Oct. 5.—The policy committee of the anthracite mine workers tonight sent a telegram to President Wilson requesting that he reopen the anthracite wage scale and direct the coal operators and representatives of the miners to meet in joint conference for the purpose of adjusting in equities in their present agreement.

The telegram said that the hard coal miners are now at work "and honorably carrying out the contract provisions despite the belief that their wage scale is inadequate and wholly unsatisfactory."

Members of the policy committee left here today after a conference with Secretary of Labor Wilson. They planned to spend the night at Pittsburgh.

## EN-GATE COUNTRY

Associated Press.  
SAN FRANCISCO, Oct. 5.—An earthquake by the University of seismograph as centering off the Golden Gate, at 11:06:38 o'clock this morning, the duration of the earthquake eight minutes although perceptible for four or five minutes. The wave lengths were of a second. No damage.

## ON GETS MEDAL

TON, Oct. 5.—President Wilson received a chaplain's medal from the federal council of his distinguished service in church and to the world leadership in winning the world at bringing to the world the noblest in the league of

the Dutch possession of the defense at Rotterdam, province of Schleswig-Holstein on the Koll harbor and turned back to Rotterdam. A Kiel dispatch received here says a vessel consists mainly of American canned food and also two English airplanes and three machine guns.

## WISCONSIN FOREST FIRE NOW UNDER CONTROL

EAU CLAIRE, Wis., Oct. 5.—With the dying down of the strong west wind and back firing by hundreds of men, forest fires in Clark county are now either extinguished or well under control. No fatalities and little destruction of buildings have been reported.

Fire which was within half a mile of Humboldt was checked today. From Columbia to Merrill, a stretch of eight or nine miles, swamp land covered by a second growth of jack pines was burned over. Telephone companies lost whole lines of poles.

## MEAT INSPECTOR SUBMITS REPORT

Large Number of Hogs Slaughtered Are Infected With Tuberculosis, Is Claim of Report.

The report of the city meat inspector submitted to city council at the last meeting showed that a dispiriting condition exists in the slaughter houses in Twin Falls, according to W. A. Minnick, city clerk. The report states that of a total of 269 hogs killed in the city last month, 139, or over 50 per cent, were partially infected with tuberculosis. Of the cattle slaughtered during the same period, 11 were likewise contaminated. None of the infected animals were condemned outright, but only the diseased portions were removed.

According to the figures, animals slaughtered during the month were as follows:

Steers, 2; bulls, 11; stags, 27; cows, 124; large calves, 24; hofers, 51; calves 51; bucks 20 sheep, 117; hogs, 5; pigs, 284.

## EXPENDITURES OF CITY BREAK ALL FORMER RECORDS

Expenditures by the city of Twin Falls during the month of September broke all former records.

clerk and gave assurance that the work would be performed in a satisfactory manner hereafter.

The contractors stated that it is impossible to give the service called for in the agreement with the city, unless the citizens themselves give them more co-operation. The contractors specified that table refuse and ashes must be placed in separate, movable containers in order to facilitate handling. This, they complained, is not being done. One of the contractors explained that he had been called out of town by the death of his brother and that he had turned the business over to a man, who although he was very highly recommended, failed to make good on the job.

## WHITMAN INSPECTS OLD KIMMEL MINE NEAR GILMORE

Mark Whitman, after an inspection of the old Kimmel mine at Lead, Oregon, near Gilmore, states that a conservative estimate of the ore now opened up would place the figures at about \$5,000,000. Mr. Whitman, who has been connected with some of the largest mining enterprises in the west, has been engaged to take charge of the work at the mine.

The mine is an old one which failed because the owner, it is said, tried to swing the deal with insufficient capital. Phil Thomas and Sam Egbert, both of whom are interested in the mine, accompanied Mr. Whitman on his inspection trip. There are already about 1300 feet of workings which were put in by the former owner. Negotiations for the purchase of the property known as the Kimmel mine are also being pushed.

## PEACE PREVAILS THROUGH HAITI

Marine Corps Commander Makes Report to Daniels of Recent Investigation of Island

WASHINGTON, Oct. 5.—A state of "peace and tranquillity" prevails through Haiti, Major General John A. Lejeune, commandant of the Marine corps declared in a report to Secretary Daniels today on his recent investigation. The work of the marines in suppressing banditry has won the gratitude of all law abiding natives, he added.

Instructions of Colonel John H. Russell, commanding, insisting upon "kindly treatment" of the inhabitants by the men of his force are being "loyally and conscientiously" enforced by his subordinate officers, General Lejeune asserted.

In giving out the report, Secretary Daniels, while making no direct reference to recent charges of Senator Harding that the administration was conducting "unconstitutional warfare" in Haiti, declared it was given to the public "because of recent widely published statements reflecting upon United States marines on duty there." The general was sent to Haiti to report on conditions during the period from June 20 last, when he became commandant of the corps, because of these statements, Secretary Daniels said.

While reporting an almost total suppression of banditry and lawlessness at present, General Lejeune declared that "until banditry has been completely stamped out, it is essential for the welfare of Haiti that the presence of Marine forces be maintained and be changing."

Mrs. D. E. Clark and Mrs. Bryant, local leaders from Twin Falls, L. E. Greenwood, 18 miles east of here, Britt of New Bedford, Mass., here, to Otto, of Filer, and Miss Graybill. All spoke words of commendation to the club members and urged them to strive for better things the coming year.

## REDUCTIONS IN PRICE OF WHEAT CONTINUE

CHICAGO, Oct. 5.—Wheat and corn today repeated yesterday's tendencies and declined 3 to 4c a bushel on the Chicago market. Oats, barley and rye also declined but to no great extent.

Coincident with the wheat reduction, came an announcement from Minneapolis of further reductions in the price of flour, new quotations being \$10.50 to \$11 a barrel in car-load lots. Corn declines carried down the price of hogs—"finished corn"—and the top was \$15.85 with the average near \$15.

December delivery of wheat closed today at \$5.9 1-2 compared with yesterday's 1.55 and December corn ended at 84 3-8 compared with 86c yesterday and 44.22 7-8 a year ago. Corn for October delivery was more active, ranging from 89 1-8 to 94 1-8 and closing at 89 1-2, 1 1-2c under yesterday and far below the \$1.40 quoted a year ago.

AFTER ADRIATIC SOLUTION BEING, Switzerland, Oct. 4.—Italy and Jug-Slavia. It is reported here, will open direct negotiations in Switzerland at an early date with a view to reaching a definite solution of the Adriatic question.

AUTOBUST KILLED BY TRAIN. LINCOLN, Neb., Oct. 4.—Mr. and Mrs. Michael Kelly, of Lincoln were instantly killed this evening when the car in which they were riding struck a train.

stuck by a Burlington train and a technical knock out over Frankie local leaders from Twin Falls, L. E. Greenwood, 18 miles east of here, Britt of New Bedford, Mass., here, to Otto, of Filer, and Miss Graybill. All spoke words of commendation to the club members and urged them to strive for better things the coming year.

## Distributor Wanted

We are prepared to consider the appointment of a responsible Distributor for Idaho. The opportunity is one of attractive possibilities and calls for a man or men of ability and integrity.

We manufacture power and hand driven gasoline and oil pumps, including the celebrated Guarantee Viscous gasoline pump now used by large oil companies such as Texas Co., Sinclair, Tide Water, Pure Oil, Freedom Oil, Esso and others.

Our Pumps have been on the market for a period of years, and are easy to sell. Write, stating qualifications for such a connection.

Guarantee Liquid Measure Company  
Rockester, Pennsylvania

and in a very short time. The Idaho conference pointed her to the work at Bates, Ore. Mrs. T. D. Smith and daughter Ethel visited friends in Twin Falls Saturday.

Mr. and Mrs. George Potter are planning to move soon to their ranch near Kimberly. Mr. Potter will still continue his work at the telephone, of fice.

Miss Mary Graybill and the Filer sewing club girls, Dorothy Ripley, Chandler, returned from Boise Sunday evening. They attended the State fair.

The Boys and Girls clubs of Twin Falls county made a splendid record at the State Fair in Boise. The winning team composed of Anna Shubert, Zola and Irene Bowlsby of Twin Falls won the state championship, while the baking team composed of Estelle Stoddard and Henrietta Smith also of Twin Falls, scored 97, missing first place by only one point. During the demonstration one of the girls became suddenly ill and this is doubtless the reason for losing first place.

The Filer team, composed of Dorothy Ripley, Edwina Chandler and Elizabeth Hickley, completed in the sewing class and made a good record, taking third prize.

After the dress was cut out, the girls hoisted all the seams, and the hem, put in the sleeve and put on the collar and cuffs completing the work in 35 minutes. Although this was the first year sewing was demonstrated there were a goodly number of contestants.

The girls of the county took about eight prizes in sewing, most of them firsts.

Mervin Beaman of Filer, took first in hemming and embroiderying a linen muslin, and Elizabeth Hickley also, of Filer, took first in the linen duff.

In the canned fruit department our club girls took forty prizes.

Three boys from the county were present, Milo Davis and John Owens of Twin Falls and Wm. Stevens of Murfreesboro. All three received honors. Milo Davis took state championship in corn and pig judging. Wm. Stevens second in wheat judging and John Owens received high honors in the Smith-Hutches Junior contest. We certainly are proud of the record of our local and girls.

On Wednesday evening of Fair week the county commissioners gave a five course banquet to the members of the county boys and girls clubs at the Owyhee hotel. Mr. O'Reilly, county agent, and Miss Graybill, assistant county agent, acted as host and hostess.

Mr. O'Reilly also acted as toastmaster. Toasts were given by Mr. M. T. McCall, state club leader, Miss Fay Fowler, assistant state club leader, Miss Spurling, county leader at large,

and caught the ball in one hand, fully ten feet above ground.

Cleveland found Marquard easier to hit than either Mannaux or Cadore. The Indians failed to get a runner on first after the close of the fourth inning, going out in order for the remainder of the game. Manager Robinson of Brooklyn tried every artifice of baseball to turn the defeat into victory in the closing innings, sending two pinch hitters into the game, without effect, which explains in part the appearance of three pitchers in the Brooklyn box score. Covelaskie, however, held his own at

## Yesterday's Winning Pitcher

Covelaskie, who, by pitching masterly ball for Cleveland easily won the opening contest of the world's series yesterday at Brooklyn. He held the Dodgers in check at all times throughout the game.

all times against the three twirlers used by Brooklyn.

A comparison of pitchers in the first game of the world's series shows that Covelaskie threw the ball up to the batter only 55 times in nine innings, while the total for his three Brooklyn opponents was 112. Marquard threw 89 times in six innings, Mannaux 25 times in two and Cadore Covelaskie, although yielding the same number of hits as the rival Brooklyn pitchers, was much stouter than Marquard or Mannaux. Covelaskie threw 24 balls, Marquard 31, Mannaux nine and Cadore two, while their respective totals for missed strikes were 22, 21, 10 and 1. The Brooklyn batters fouled off nine pitches for strikes and the Cleveland men 14. Only one foul occurred after two strikes were on the batter and that was made by J. Johnston of Brooklyn in the first inning.

Only six Cleveland men went out on flies, while 11 Brooklyn batters went out by the air route. Each side had 12 men grounding out. Marquard never pitched less than 10 balls an inning and doubled that number in the second when he became unsteady after Kenetich's error 1st. Burns score. Covelaskie's total in the seventh and eighth innings was 13 each. Marquard had four strikes out, Covelaskie three and Mannaux three, all of which came in the seventh when he relieved Marquard.

Division of the receipts for the game follows: 75 per cent of gross to National Commission, \$7,904.90, leaving a balance of \$71,144.10. Sixty per cent of this balance for players' fund \$42,686.46; 40 per cent to club owners 28,457.64.

The players' fund is divided, 75 per cent to the members of the two teams participating in the world's series and 25 per cent to go into a pool to be divided among the players of the teams which finished second and third in the National and American leagues.

The Cleveland players have voted a full share of the portion of the re-

ceipts to be divided among them to the widow of Ray Chapman, the shortstop who was killed by a pitched ball in a game between Cleveland and New York in this city.

Cleveland got the jump on Brooklyn by scoring two runs in the second inning. Burns first man up, hit a high fly which came down where Kenetich was standing. The wind caught the ball and Kenetich jogged a step forward, then backward, then sideward and in the end the ball dropped safely to the ground. It went as a single. Kenetich picked up the ball and threw to second to head off Burns, but no one was there to receive the throw and the ball went to left field. Burns meanwhile completing the circuit for the first run. After Gardner had been disposed of at first, Wood drew a pass and went to third on Sewell's single to right center. Wood then scored on Miller's double over the left field line.

In the fourth, inning with one out, Joe Wood doubled to left center and remained at the midway when Sewell filed to Myers. Wood scored on Myers' double to right.

Brooklyn's only run came in the seventh when Wood led off with a double to right. He took third while Myers was being retired at first and scored when Kenetich was put out at first, Burns to Covelaskie.

The spectators were slow in filling into the stands and there were many vacant seats when Burns opened the game with an infield out. Later these seats filled, but there was an apparent lack of enthusiasm compared with preceding world series. Much of the usual noise and rooting was missing and there was little evidence of concerted effort to cheer on either team. Spectators who ordered both stand and bleacher seats at several times their face value, found few purchasers and after the first inning were glad to dispose of them for 50 per cent of the original price. The high ground back of the park and roofs of apartment houses in the vicinity were thronged with men and boys, but those crowds dwindled as the cold wind and inability of Brooklyn batters to hit Covelaskie safely, chilled their baseball ardor.

## MONEY IN GRAPES

The vineyards are flourishing as never before, and so are the wine factories. The big crop in the Lakeview section of California

suppression of the opium evil. Organized action is now being taken in the Fukien Province, where most of the opium is raised, to discourage and if possible prevent the great annual crop from being planted. Educational, business and religious organizations in China are assisting in the movement. Appeals have been sent to the President of China and the Governor of the Province for their support.

The South Fukien Opium Prevention Society has issued a world-wide statement saying: "The Society, realizing the open and wilful disregard for the law prohibiting the production of opium, and knowing that during the past year enough opium was raised to last five years, and that another crop will supply the demand for fifteen years, appeals to the world press and all welfare organizations, now that the planting season for the new crop is at hand, to aid in the suppression of the great evil."

It would be more worthy of assisting, if the Chinese could control the opium trade in China directly. But they can, by law, so limit the demand in the United States for the deadly drug that the growers will find it unprofitable to continue. Not only China but all nations would be benefited by suppression of the evil.

## FORWARD CAMPAIGNING.

Who have carefully watched the campaign, and who have followed the moves of the candidates for the Senate, the open and frank statements of the candidates and the guarded statements of the friends have meant much.

Cox has advocated the League of Nations. He has been no question as to where he has stood from the first and his declaration at Reno, Nevada, that he would accept any reservation that would make the covenant stronger and do his utmost to bring about its ratification by the United States, showed his earnestness and his eagerness.

Senator Harding has been against the League but in hope that he would win the votes of many who favored the covenant he has wobbled. Now comes Hiram Johnson and takes all the wobble out of the Harding position and places his stand as absolutely opposed to the League.

Thus the issue is decisive. Cox and the League of Nations. Harding and no League. The democratic candidate is for progress and the republican candidate for reaction. To the women of the country who sent their sons to war and who desire that out of the sacrifice they made should come something that would in the future obliterate wars, the League of Nations appeals to them. They will stand by it and to stand by it they will vote for Cox and Roosevelt.

Those impudent Italian Communists have refused to acknowledge Lenin's authority over them, and the haughty Bolsheviks accordingly consider them not red, but yellow. As a matter of fact, in comparison, they seem white.

College tuition this year is higher than ever before. And the student, having paid the money, will continue, as of yore, doing his utmost to avoid getting the worth of it.

An English novelist blames the American husband for family rows. Maybe the man does start the argument, but everybody knows who finishes it.

Cleveland is so crowded that there are 80 people living in one small, four-suite tenement. Is it worth while, after all, to be the "Fifth City?"

From his recent victories over the Reds, Gen. Wrangel seems to be some wrangler.

While the bureau attempts to estimate 54,796,190 and the rural population of the country at 50,972,000. In 1910 the census showed that the rural population outnumbered that of the cities by almost seven million. The higher wages, shorter working hours, the conveniences attracted and 42,023,282 in the cities. The rural population, especially during the war when wages in big industrial centers went up rapidly. Although showing a check in the rate of population growth for the country as a whole, the bureau's figures indicated that the complete census would place the population of the continental United States at approximately 54,796,190, a gain of 12,755,000 over the 42,023,282 of 1910. Cities will absorb towns under 2,500 population, and that of the villages was 4.7 per cent. For the strictly farm territory the rate was 3.2 per cent. The urban population, the census showed, increased at a rate of 25.2 per cent while that of the rural districts, including villages and towns under 2,500 population, increased at 18.8 per cent. From 1900 to 1910, the percentage rate of increase for the urban population was 25.2 per cent, those of 10,000 to 50,000 at 26.7 per cent, and those of 2,500 to 10,000 at 18.8 per cent. From 1900 to 1910, the percentage rate of increase for the rural population was 18.8 per cent, those of 10,000 to 50,000 at 19.8 per cent, and those of 2,500 to 10,000 at 18.8 per cent.

Among the urban centers, cities exceeding 50,000 increased 26.4 per cent, those of 10,000 to 50,000 at 26.7 per cent, and those of 2,500 to 10,000 at 18.8 per cent. From 1900 to 1910, the percentage rate of increase for the rural population was 18.8 per cent, those of 10,000 to 50,000 at 19.8 per cent, and those of 2,500 to 10,000 at 18.8 per cent.

# OUTBURSTS OF EVERETT TRUE

These three classifications of cities were 25,000, 10,000 and 2,500 respectively. Up to ten days ago, the census report said, the count of population, estimated at 50 per cent complete, had reached 52,098,281. For purposes of comparison between cities and country the bureau reduced the figure to 50,972,000 by eliminating the population of the insular possessions and places in the United States for which comparison was deemed inadvisable because of new boundaries.

Of this population that class, filed as urban was reported at 52,494,749, the cities over fifty thousand population having 32,535,035 inhabitants, those of ten to fifty thousand having 11,771,224, and those of 2,500 to 10,000 having 8,190,487. The rural population was 32,025,561 in the country districts, and 6,662,032 in villages under 2,500 in population.

## The Eyes of School Children

should be thoroughly examined by a competent optometrist.

Your child may have normal vision, but may be suffering from severe eye-strain which is a constant drain upon the nervous system.

We can relieve that strain by prescribing the proper correcting lenses.

## THE BASEBALL SCANDAL.

The baseball scandal, coming near the end of the pennant race and so close to the beginning of the eagerly anticipated world's series, was something of a shock to the citizen who follows the national sport with genuine pleasure, if not with fanatic enthusiasm. Baseball has long been regarded as one of the cleanest of sports. The love of the game which thrills the heart of every American from the small boy on the vacant lot to the crowd that watches the bulletin board if it can't watch the actual play at the ball grounds, has been unwaveringly loyal because baseball is a game which calls for brains, skill and science. It is a game of beauty with very little chance for the exhibition of rough work and brute strength called for in some other sports. The killing of a player during the past season, by a pitched ball hitting him in the head, was a rare incident.

Yet in spite of all its natural advantages, baseball seems to have gone the way of professional boxing and horse racing, and to have fallen into the evil hands of gamblers and bribers. The great sportsmanship-admiring public wants to see the baseball scandal thoroughly investigated. It hopes that in the end only a comparatively few players will be found to have been touched by the uncleanness of greed and dishonesty, and that the majority of professional players will be found true to the game and the highest ideals of good sport.

## THE EVIL CROP

The co-operation of the United States and of all civilized nations is sought by China in the

## POPULATION INCREASE GREATER IN CITIES

WASHINGTON—Cities are increasing in population seven and a half times as fast as rural districts, the census bureau disclosed in a compilation of figures covering approximately 85 per cent of the new census. The figures indicated that the completed census would show the majority of the population to be city dwellers.

For the last ten years the rural growth was but one-third as great as it was in the previous decade, but the cities almost maintained their rate of growth, getting five and one-half times as many new inhabitants as the rural districts. The great increase, however, were by cities of ten thousand or more inhabitants, which place the urban population at approximately 52,494,749, the rural population at 32,025,561.

## QUICK AND ECONOMICAL TRANSPORTATION

THE power and stamina to keep loads moving day after day with a minimum of time off for repairs and unusually low operating costs are qualities that make Nash Trucks wise hauling investments.

These qualities have been proved by such Nash Truck users as Morris & Company, The Standard Oil Company, The Palmolive Company and the American Steel Foundries

# WHITE AND BLACK SOLDIERS IN RIOT

Three Men Severely Injured At Leavenworth During Melee On Streets of City.

LEAVENWORTH, Kas., Oct. 5.—Three men were injured severely today in a fight between 300 white and negro soldiers stationed at Fort Leavenworth, according to an announcement late today.

At the army hospital it was said that the injured, two white soldiers and one negro trooper, would recover. The fight is said to have started last evening when a negro soldier pushed a white soldier off the sidewalk of a downtown street. Later the disturbance became general and continued until 2 a. m. White soldiers raided a pool hall and obtained milliard cues for weapons. The civilian police were unable to handle the situation and the disturbance was not quelled until the provost marshal was summoned from Fort Leavenworth. The guard, heavily armed formed a chain across the street and forced the white soldiers on one side and the negroes on the other.

The white soldiers involved, military authorities said are a part of the regular garrison at the fort. The negroes are members of a service hospital attached to the general service schools. Military authorities said precautions were being taken to prevent any further trouble.

# Society

Under the able leadership of Mrs. John B. White, chairman of the Musical department of the Twentieth Century club, the musical department gave its first reception immediately following a brief business meeting, yesterday afternoon. Mrs. O. P. Duval and Mrs. W. H. Dwight in their usual delightful manner rendered several vocal selections. The entire trio, consisting of Mrs. Duval, Mrs. French and Mr. Neill entertained with several numbers. The old fashioned minuet was danced by Mesdames H. T. Lewis, L. C. Ulin, Lem Chaplin, N. J. Keefe, Hal Bieler, Francis Ellis, John B. White and Miss Stevenson accompanied by Miss Julia Taylor on the piano. The program closed by a cornet solo by Mr. Neill. Tea was served immediately following. The attractive luncheon was decorated with numerous bowls of fall asters in the shadow of red and purple. This is the second reception of the year given by the Twentieth Century club.

Mrs. Joseph Keefe was the charming hostess last evening at a fifty-three dinner at the Rogerson hotel. The guests were gowning in the costume indicative of the Martha Washington period having danced the

minuet at the twentieth century club reception in the afternoon. Mrs. Joseph Keefe was ally assisted by Mrs. N. J. Keefe. The table was most attractive with its centerpiece of ferns. Astors were scattered over the cloth. Nut cups of red heightened the color scheme. Covers were laid for Mesdames C. W. Dill of Shoshone, H. T. Lewis, J. B. White, Lem Chaplin, L. C. Ulin, Hal Bieler, Francis Ellis, Miss Julia Taylor and Martha Stevenson.

Mr. and Mrs. V. H. Sprague of San Antonio, Texas, arrived Tuesday at the home of Mr. and Mrs. George Sprague of Ninth avenue north. Mr. J. H. Sprague is a brother of George Sprague and a writer of quite some note, his stories frequently appearing in the Saturday Evening Post and other magazines. Mrs. Sprague is a most charming woman, a club woman and one of the leaders of the San Antonio society.

Mr. and Mrs. George Sprague will entertain informally this evening complimentary to Mr. and Mrs. J. H. Sprague and Miss Susan Sprague the latter of Boise, also a guest of the George Sprague home.

The regular meeting of the Past Noble Grand will be held at the home of Mrs. Frank Kendall Friday evening, October the eighth.

The Blue Triangle club will hold a meeting Wednesday evening in the high school dome. Arrangements have been made for girls coming along to be escorted home if they will notify Miss Georgia McManis, chairman of the service committee, or Miss Johnson, club leader.

This will be the first indoor meeting of the club, and a most interesting program has been arranged for the evening. School clothes are to be worn unless otherwise notified. Each member is privileged to bring a guest to this meeting upon notification of the club leader in advance. From now on meetings will be held every two weeks.

## WILL HOLD CONFERENCE.

BIRMINGHAM, Oct. 5.—A conference soon to be held by Premier Delmore of Ireland and the British prime minister, David Lloyd George, is expected to bring about an agreement between the allies on the question of German reparations, according to the independence policy today.

MEXICAN FOR SLOW REFORM. EL PASO, Tex., Oct. 5.—"While I am a prohibitionist and am earnestly desirous of suppressing the liquor traffic in my country, I believe the reform should come gradually in Mexico and not in a drastic manner. This will be the policy of my administration," declared President-elect Alvaro Obregon at Juarez today.

Mrs. Conrad Magel and son, Glen returned yesterday afternoon from Rochester, Minn., where they have been for some time.

## ANNOUNCEMENT.

The Howell Beauty Shop has moved to 116 Main street, room 2. Open for business Thursday, September

# FIRE DESTROYS CONVENTION HALL

Meeting Places of World's Sunday School Delegates at Tokio Destroyed by Blaze

TOKIO, Oct. 5.—Fire this afternoon completely destroyed the big hall in which the world's Sunday school convention was to have held its first session tonight. It is said that there were no casualties.

The fire, which resulted from defective electric wiring started at 3:50 o'clock, when the lights on the dome bearing the inscription "I am the Light of the World" were turned on. The building which had been constructed of light material covered with stucco, was destroyed within few minutes. A large number of delegates were inside the building when the correspondent left it two minutes before the flames started.

The cry of "fire" was immediately raised by those inside and echoed by thousands of persons approaching the central railway station adjacent. Almost immediately the entire structure was wrapped in flames with people streaming from the exits. Within ten minutes, the building had been leveled. So great was the heat that it would have been impossible to approach the building for work of rescue.

Some of the delegates who had been inside the hall said they did not know whether all those there when the fire started had made their escape. Charles T. Raines of New York asserted that he kept the delegates from overcrowding the exits. Personally he was of the belief that all of them had reached safety.

Before the fire started the correspondent found the chorus composed of Japanese and foreigners rehearsing under the direction of Prof. Augustus Smith of Boston while delegates were coming and going preparatory to the opening of the evening session.

# SPENCER REPLIES TO PRESIDENT'S DENIAL

ST. LOUIS, Oct. 5.—United States Senator Selden P. Spencer late today replied to President Wilson's denial that he had promised American military assistance to Rumanian and Serbian in event of invasion of those countries. The president's denial was provoked by a recent address of Mr. Spencer in which the senator, in

effect, declared the president had made such a promise. The senator's reply in part follows:

"I beg to acknowledge receipt of your telegram of October 5th in which you deny that you promised American military aid to Rumanian and Serbs and that the previous denial which Mr. J. P. Tammany has made at your request. The statement of yours to which I have often referred to in my address was the statement in the stenographic notes of the eighth plenary session of the peace conference in which you are reported to have said to Premier Bratianu of Rumania as follows:

"You must not forget that it is force that is the final guaranty of the public peace. If the world is again troubled the United States will send to this side of the ocean their army and their fleet."

"The statement was made upon the floor of the senate on February 2nd 1920, by Senator Reed and so far as I have learned has never been denied until now. It has been widely circulated over the United States. If you did not make that statement to Premier Bratianu, I should be much indebted if you will be good enough to inform me."

## LABOR CANDIDATE WITHDRAWS

ST. PAUL, Minn., Oct. 5.—Cyrus M. King, Deer river, farm labor candidate for governor, withdrew from the race early today. Roy E. Smeltzer, St. Paul, candidate of the same party for secretary of state also withdrew and the name of L. J. Anderson substituted.

## RECOGNIZE NEW UNIONS.

NEW YORK, Oct. 5.—The New York painters, paper hangers and decorators' local No. one, a new union organization was officially recognized today by the building trades council, affiliated with the American Federation of Labor.

## BALTIMORE TAKES FIRST GAME OF POST SEASON

BALTIMORE, Oct. 5.—Single-handed did Jack Bentley, star pitcher and first baseman of the Baltimore International League champions, and St. Paul, winners of the American association, down to defeat today in the first game of their post-season series, 5 to 2. While his twirling was a hit house toward the close, his hitting was of the "babe" Ruth type and his two home run drives were responsible for four of the five runs marked up to his team's credit. The veteran Charley Hall opposed Baltimore and he pitched a good game. Save Bentley, the remainder of the local squad could do little with his curves in the pinches.

Baltimore took the lead in the opening round on a single by Jacobson and double by Hudson. The Sabros eyed it up in the fourth on Ritzert's home run. Each club chalked up one in the sixth.

Strikes by Larry and Jacobson by Jacobson's second mighty crash sent home the birds trio of runs in the eighth inning. Our infield hits gave the boys their run in the closing round. About 7,000 fans witnessed the contest.

Score: R. H. E.  
St. Paul 3 12 2  
Baltimore 5 9 2  
Batteries: Hall and Hargrave; Bentley and Styles.

Large valves, metal fittings of all sorts, auto parts, machine castings and forgings, etc., are DEPENDABLY WELDED in our finely equipped plant at economical cost.

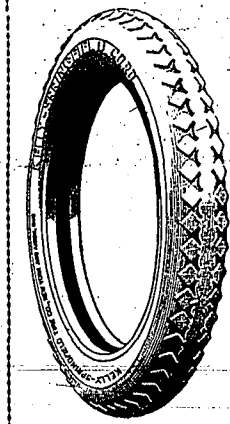

Our service will save you money, time and temper for it is the work of skilled welding specialists.

# Wanted--Bad Teeth

THE E. R. PARKER SYSTEM DENTISTS  
Will pull all bad teeth free on the streets of Twin Falls Thursday afternoon and evening.

The man who wrote "a thing of beauty and a joy forever" may not have had a Kelly Cord in mind, but certainly he gave an accurate description of one. Behind the clean-cut lines of a Kelly lies a world of strength and endurance. It's a thoroughbred, with all the name implies.

## ROGERSON ITEMS

Ernest Rogerson of Hahli motored to Rogerson, thence to Shoshone this afternoon to spend the weekend with friends and relatives.

Mrs. L. E. Joell motored to Rogerson from their home to do some shopping Saturday afternoon.

Mr. and Mrs. Ed Terpstra and daughter spent Saturday in Rogerson.

Mrs. Albert Rhodes and Miss Marcel Labrum who have been visiting for the past ten days with their sister, Mrs. Hugh Willis, left Saturday for their home in Idaho Falls.

A. E. Howell of Hollister transacted business in Rogerson Saturday.

T. J. McMillan who had planned to ship horses Saturday was unable to do so through a misunderstanding concerning the inspection of brands.

Mr. McMillan made a business trip to Twin Falls Saturday evening.

M. D. Eckley motored to Twin Falls Saturday evening.

Miss Daley Hendrix entertained her Sunday school class at an autumn party Saturday afternoon at her home west of town. The decorations were of autumn colors, red, yellow and brown and the guests were presented with tiny baskets of autumn colors filled with dainties. Miss Grace Deal and Miss Emma Hendrix assisted the hostess with the serving and entertaining the young ladies. Those present were Ruth Kickman, Viola, Delia and Margaret Stence, Florence Deal, Geraldine Eckley, Edna McMillan, Marjorie and Ruby Stewart, Beulah Leonard, Evelyn Brown, Genevieve Green, Hazel, Nellie, Fern, Ray and

George Sadtlerth, Josephine Willis, where they have been visiting. On Monday, Virginia and William Helsely their return they were accompanied by A. D. Hult, father of Mrs. Breckenridge. The young ladies were met at the church by Miss Hendrix and conveyed to her home by auto. They all report a very good time.

J. S. Russell and family motored from Twin Falls to Rogerson Sunday returning Sunday evening. Mrs. Wm. Willis accompanied them home.

Joseph B. Smith returned Saturday to Rogerson from Contact, where he has been employed in the mines.

Fred Morrison motored to Rogerson Monday morning.

Mr. and Mrs. W. O. Harris motored to Twin Falls Saturday and returned to Rogerson Sunday.

W. B. Clark of Three Creek was in Rogerson on business Monday.

## PERSONAL MENTION

Mr. and Mrs. Joseph Keefe have as their guest Mrs. C. W. Dill wife of Dr. Dill of Shoshone.

Mr. and Mrs. Louis Friedman have as their home guest their son, H. J. Friedman of Missoula, Montana. He will be here but for a brief time.

Mr. and Mrs. A. A. Timm of Ellier were among the out of town visitors in Twin Falls yesterday afternoon.

Mrs. P. H. Dow has left for Jalliet, Ill., where she will be the guest of her son. Welcome Dow, for some time.

O. D. Herrington of Jerome motored to Twin Falls and will remain several days in the interest of business affairs.

Mr. and Mrs. T. L. Breckenridge have returned from Longmont, Colo.

Mr. and Mrs. W. P. Guthrie are in receipt of a telegram telling them of the pledging of Miss Lila to the Phi Mu sorority at the University of Washington at Seattle.

Mrs. M. J. Sweeley is expected to return from Pocatello today. She has been attending the Woman's Federation club there.

Serial No. 015801.

NOTICE FOR PUBLICATION.

Department of the Interior U. S. Land office at Halley, Idaho, September 29, 1920.

Notice is hereby given that Sarah M. Joell, of Rogerson, Idaho, who on September 22, 1912, made Desert land entry, No. 015861, for N1-2, NW1/4 Sec. 22, NE1/4 E1,2 NW1/4, section 31, township 15 south, range 18 East, Boise Meridian, has filed notice of intention to make final proof to establish claim to the land above described before H. E. Powers, U. S. Commissioner, at Twin Falls, Idaho, on the 1st day of December, 1920.

Claimant names as witnesses: Marion Larson, Tom Willis, Isaac Willis, W. A. Miller, all of Rogerson, Idaho.

## BIG EATERS GET KIDNEY TROUBLE

Take Salts At First Sign of Bladder Irritation or Back-ache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation so it no longer is a danger disorder.

Jad Salts is inexpensive; cannot injure, makes a delightful after-dinner

lithia-water beverage and belongs in every home, because nobody can make a mistake by having a good Twin Falls. They returned home flushing at any time.—Adv. Tuesday afternoon.

## Decide Now

upon something you want to do a few years hence. Then work toward that goal.

Many people daily reach goals toward which they have been striving, and make new decisions to reach goals farther on.

They make this progress because of their success in saving and banking regularly a part of their income.

We welcome the accounts of all ambitious people.
