## CITY PAVING IS COMPLETE

Twin Falls, Now Has 15.14 Miles of Main Surface Streets and Alleys; Increase of Over 11 Miles

With the completion of the paving program, Twin Falls takes rank as one of the best paved cities of its size in the United States. The city now has 15.14 miles of paved streets and avenues.

The paving recently done by the Warren Construction company totals 11.84 miles, whereas before the work was undertaken there were but 3.3 miles of paved highways in the entire city. It is impossible to make computations to any fixed width be-

cause this dimension varies from 16 to 60 feet, according to the street. The new work was done at a cost of \$135,875.00, of which about the owners of the property on which the improvements about will pay \$649,172.00. The city will pay the balance which amounts to \$187,706.70, this item being incurred by the street intersections. The paving assessment for 1920 is \$3,558.95, covering a payment of 10 per cent on the principal involved and the 7 per cent annual interest on the bond issue.

A bond to the amount of \$5,000 is now held by the city, having been given by the construction company as a guarantee of all repairs. The bond will probably extend over a period of 120 days but may be for a longer time.

### BUSH FOUND GUILTY OF STEALING AUTOMOBILE

Others alleged to have been associated with Cross and Bush are Fred Mankin, William Austin, Dick O'Connell and Charles Bates.

### SUITS FOR NOTE

J. H. Morgan yesterday filed suit in the district court, against Seth Custer and Nancy E. Custer. The suit is for \$521.56, with interest at 10 per cent per annum from February 6, 1919. The principal is the amount remaining unpaid on a promissory note. The plaintiff asks 10 per cent for attorney's fees and for costs of the suit.

### POSTPONE TRIAL

The trial of A. J. Hill, J. F. McDonald and A. L. Harris, charged with drunk and disorderly conduct on Labor day, which was originally set for yesterday afternoon in the police court, has been postponed until 2:30 Friday afternoon. ## Big Sacrifice Lumber Sale

This week quite a number of the public in Twin Falls and vicinity appreciate what a real sale means. As predicted, this lumber is going very fast. Henry Ford and a few others are not the only ones who can burst the high-cost of living. We said we would and we are doing it. A survey of our yard last week and a glance over the same now will convince you that we mean what we say. The proof of the pudding is in the eating thereof. You will have to hurry.

## GET THE GAMBLERS

Gambling has been on the increase  
in this country for some years. The  
sort of thing that it leads to when  
it goes unchecked is evident in the  
baseball situation. It is this the thing  
came to stop.Wrestling, one of the finest manly  
sports, has fallen into disrepute be-  
cause the bouts were fixed, and boxing  
likewise. Horse racing has come  
under the ban for the same reason.  
Legislation and publicity having  
turned the spot light on these fields,  
the gamblers have turned their at-  
tention to baseball, seeing in the  
knowledge that here public opinion  
would be slowest to awake. The high  
standing of the game and the num-  
bers involved seemed to the average  
mind to make it gambler proof.While no manly sympathy should  
be directed toward the mercenary  
fools who sacrificed good paying jobs  
the efforts of their honest team  
mates, and the confidence of the pub-  
lic for their manly sports, investigation  
and punishment must not stop with them.  
The sure-thing gambling rings, the  
country over, and their name is legion,  
must be broken up, their members de-  
tected and punished to the limit of  
the law, until not a man remains  
who dares to do this sort of thing.ONE SUIT OF CLOTHES  
FOR PEOPLE OF RUSSIAWASHINGTON, Oct. 6.—One pair  
of shoes and one suit of clothes for  
each person is the maximum to be  
allowed by the soviet government inPermitted according to plans reported  
to the state department through of-  
ficial channels in Poland. The  
scheme was said to be one of the  
measures to be adopted to obtain  
supplies for the food army.Night searches of the dwellings of  
officers and their families began Sep-  
tember 30, surplus clothes, food and  
other supplies being confiscated. The  
report said. Workmen insisted that  
the searches be confined to the dwellings  
of the officers and their families.Only about two-fifths of the new  
Russian naval recruits have received  
uniform because of the shortage.Not only are wooden houses being  
destroyed, but the wooden frames of  
lost small stone structures are being  
razed to obtain the wooden frames.  
It is said that a cord of wood costs  
thirty-five thousand rubles.UNITED CONFEDERATE  
VETERANS HOLD REUNIONHOUSTON, Texas, Oct. 6.—Hours  
tonight were host to more than  
8,000 gray haired men whose steps  
were faltering and whose eyes were  
dim, but whose spirit became young  
again as they gathered for the third  
annual reunion of the United  
Confederate Veterans.For many of the old soldiers it  
will be their last reunion and appar-  
ently all are minded to forget their  
age and as nearly as possible, their  
past. The reunion of the Confederates  
in which they participated more than  
half a century ago. For them the  
cause of the south, although lost, still  
is sacred and whenever one of the  
numerous bands on the streets of  
the city is heard to sing the strains  
of Civil war days, they let out their  
rebel yell with all the vigor with  
which they shouted in 1861.However, that they have passed  
their allotted time, and are ready  
to go is not so evident. With  
hardly an exception they are feeble  
and many of them, despite their  
dramatic spirit are dependent upon  
younger relatives or boy scouts in  
their movements about the city.

TO RIGA FOR CONFERENCERIGA, Oct. 6.—Prince Sapieha, the  
Polish foreign minister, is rushing to  
Riga from Warsaw so as to be here  
when the final signing of the armistice  
between the Poles and the Bol-  
sheviki takes place. He is expected  
to arrive Thursday or Friday.The correspondent learns that one  
of the Polish terms to which M.  
Joffe, head of the Bolshevik delega-  
tion has not yet agreed, is the ques-  
tion of Poland's gold. The Poles de-  
siring a restoration of the gold taken  
from the state bank at Warsaw when  
the Russians fled before the Ger-  
mans. They want either the repay-  
ment of this gold over a period of  
years or concessions equal to its  
value. The financial commission is  
working on the problem.The armistice agreement provides  
among other things, for a mutual  
return of prisoners, war and political;  
restoration of archives and other  
property taken by the Russians from  
the Polish legation at Moscow under  
the soviet regime, and the restoration  
of art and other historical objects  
taken from Warsaw since 1918.The agreement also provides mutu-  
ally for the non-payment of inden-  
nity reparations, except that both Po-  
land and Russia agree to restitution  
or payment for property taken  
from each by the other without  
military necessity.Otherwise the terms in general are  
said to be similar to the original  
declaration of the Poles made at  
Paris, except on the boundary settle-  
ment which is most important.

# COMMISSION ENDS. OPEN INVESTIGATION

Manufacturers Guarantee Characterized As Good Insurance By Witnesses.

WASHINGTON, Oct. 6.—The practice of manufacturers guaranteeing against price decline was characterized as good form of "insurance" by representatives of interested employers at the federal trade commission hearing. They urged the commission to follow a hands-off policy and decide complaints against the guaranties on the merits of individual cases.

The commission concluded its open investigation although briefs may be filed during the next 30 days. Proponents of the guarantee practice emphatically denied that it aided in maintaining high prices. On the contrary they declare it had resulted in an immediate passing of the price reductions by manufacturers to consumers. As the manufacturer assumed the risk of losses, the dealer was forced through competition to sell at his lowest figure, speakers argued.

W. T. Nardin, St. Louis, declared that the evaporated milk industry which he represented, could not avoid the practice and that sales could not be carried on effectively due to the nature of the product without giving dealers such protection. He challenged the statement that few guar-

anters ever had paid or that he had called upon to pay through price reduction, citing cases where guaranties had run thousands and even tens of thousands of dollars in a single year.

Mr. Nardin said that had the guaranties not been in operation many commodities, such as the famous sugar in its price collapse and brought "scores of substantial businesses" to the verge of bankruptcy. He believed the guaranty would have prevented sugar prices from having reached the "peak" to which they soared and would have prevented a tumbling which "certainly must send a lot of people to the wall."

"Some speakers said yesterday that everybody ought to take his own risk," Mr. Nardin continued. "They said each dealer should accept his own responsibility. I object to that as being fundamentally wrong."

Speakers opposing the practice told the commission that there was no way to avoid the overstocking by dealers who were certain of maintaining no loss under the guarantee.

ANCONA, Italy, Oct. 6.—An Ancona hunger strike is over. A matter of delicious marmoset was set before the strikers and they were unable to resist it.

The hunger strike was started by persons charged with being involved in the anarchist riots last June as a protest against the delay in their trial.

## FILE CHARGES AGAINST NEW YORK BOMB SUSPECT

PITTSBURGH, Oct. 5.—An information charging violation of the federal criminal code by unlawfully transporting, carrying and conveying an explosive in interstate travel was filed today by an agent of the department of justice against Florian Zelenko, of New York, who was arrested Sunday night with a quantity of dynamite in his suitcase.

Government officers continued to question the prisoner today in an effort to ascertain if he knew anything about the recent explosion in Wall street.

Agents of the department of justice said tonight that they had confirmed that part of Zelenko's story relative to the manner in which he obtained the dynamite. They said that they had been informed by a coal com-

pany at Whitman, West Virginia, that Zelenko told authorities that when he left the job with the coal company he could not sell the dynamite, so brought it with him.

## Decide Now

upon something you want to do a few years hence. Then work toward that goal. Many people daily reach goals toward which they have been striving, and make new decisions to reach goals farther on. They make this progress because of their success in saving and banking regularly a part of their income. We welcome the accounts of all ambitious people.

## Grain

CHICAGO, Oct. 6.—Violent upturn in the price of what today accompanied discussion regarding possibility of an embargo on imports from Canada. The market closed strong 3-4 to 10-14c, not higher 11 December \$1.99 3-4 and March \$1.97 1-2.

Corn gained 2-4 to 3-1-8 and only 1-1-5 to 1-3-8. In provisions the outcome varied from 40c decline to 45c advance.

Buying on a huge scale made wheat jump as soon as trading began. Most of the purchasing was ascribed to shorts. Notable reactions took place at every bid in the bidding but the market as a rule went higher, and the finish was near the topmost point reached. Some at least of the selling on today's advance was from Winnipeg houses.

Corn and oats sympathized with wheat. Strength in cereal offerings were small and farmers' quotations were reported as having advanced, but all grain held back. Export demand for hard tended to make provisions average higher.

## TURN HAIR DARK WITH SAGE TEA

It Mixed With Sulphur It Darkens So Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's recipe, and folk are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when a youth, full appearance of the greatest advantage.

Nowadays, though, we don't have the troublesome business of gathering the sage and the mossy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wych's Sage and Sulphur Compound." It is very popular, because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it, and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but only to be hidden in the luster with Wych's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft tulle and appearance of abundance which is so attractive.—Adv.

## MAYOR'S CONDITION REMAINS UNCHANGED

By the Associated Press. LONDON, Oct. 6.—The condition of Francis MacSwiney, lord mayor of Cork, remained unchanged tonight. Authentic information concerning Mayor MacSwiney's fast continues to be confined to cryptic statements issued by the Home Office and the somewhat more elaborate bulletins from the London headquarters of the Irish Self-Determination League. The statements from both sources have been for some time of a rather stereotyped form, they inquire this afternoon in both "whether the prisoner is in any way better or worse, and whether the prisoner is in any way better or worse."

League officers said they thought that although the mayor was much exhausted "careful nursing" would restore him to normal health should his release be effected within a few days.

The same informants expressed the opinion that Mayor MacSwiney would be able to withstand the effects of his abstinence from food for "quite some time."

The home office, which has maintained marked reticence to discuss the case, withheld comment on these possibilities. "So far as we know he is receiving no food" remains the only government reply to queries and the question as to whether the government has taken measures to insure its knowing about attempts be made to administer nourishment, meets with the official rejoinder "government agents are always in attendance at the prisoner's bedside."

With but three more days in which to turn in subscriptions and secure the greatest number of votes for each subscription, interest in the campaign, then and enthusiasm in the process of the contestants in The Chronicle's mammoth \$16,000 grand prize distribution is growing by leaps and bounds.

Each contestant in the race realizes that the grand prize—representing \$16,000 in actual cash—are practically within their reach, to be claimed for their very own or forfeited to more aggressive opponents during the next few days, depending almost entirely upon their final impetus efforts put forth while the BIG VOTES are allowed.

Contestants Must Not Halt.

If the contestants halt now for a moment—if they slack up or let their enthusiasm wane—if they overlook one opportunity to better their chances to win, they are taking the desperate risk of losing the big prize already partially won and which really belong to them. A candidate who fails to do his or her utmost during the remainder of this "period" is certain to bring dismal dismal disappointment upon himself or herself as well as upon their friends who are naturally interested in their success as the candidates themselves.

Last Chance for BIG VOTES.

Never again during the election will it be possible to secure so many votes on subscriptions as between now and 11 o'clock Saturday night, October 9. To hold back subscriptions now or to depend on "promises" to subscribe at a later date simply means that you will have no votes on each subscription. So, as putting it in your own hands and yours. If you

would be declared the winner of one of the big cars, you cannot possibly afford to let this BIG VOTE PERIOD pass without having done your very best.

Now, during these last three days of the big vote period, you can make sure of being the winner of the big touring cars now waiting to be driven away by their "live wire" winners.

BEAR IN MIND that you can pile up the WINNING VOTES THESE NEXT THREE DAYS.

A little mathematics will prove it; before this Saturday night a six-year subscription in The Chronicle will count 320,000 votes. A few of these would work wonders for anyone in the campaign.

A one-year subscription (received in the first period of the campaign) now lengthened by six years would count 543,000 votes. See what a difference a few of these would make. A six-year subscription given in the first period now lengthened another six years would count 725,000 votes.

Contestants are warned that this is the last week up until 11 o'clock Saturday night that "second payments" would count for additional votes.

Contestants are warned that this is the last week up until 11 o'clock Saturday night that "second payments" will count for additional votes.

Keep constantly in mind the fact that the big campaign closes forever one week from this Saturday night.

# LOCAL MAN MEETS INSTANT DEATH

Charles E. Carpenter Falls From Scaffold to Cement Floor of Shop; Dies Instantly

Charles E. Carpenter was instantly killed yesterday when a scaffold upon which he was working gave way, throwing him 25 feet to the cement floor of a shop. The accident occurred on the Conrad Smith ranch about five miles south of town at 1:15 in the afternoon.

According to the coroner's report Carpenter was building a silo on the Smith ranch and while he was standing on a scaffold constructed on the inside of the structure, it, in some way, collapsed. He fell squarely on his head, breaking his neck and fracturing his skull. Death was instantaneous. Dr. Weaver was called immediately but was unable to render any assistance.

The deceased was 35 years old and had resided in Twin Falls about 16 years. He was unmarried and has no relatives in this vicinity. The family in Ohio have been notified.

The home was graced with masses of fall asters and trailing autumn vines of red and green.

Miss Irene Parrott was hostess Monday afternoon after school to a number of her friends honoring her seventh birthday. The time was spent on the lawn and in the home with games. Mrs. R. A. Parrott, assisted by Mrs. Stever and Miss Edna Parrott, served refreshments at the close of the afternoon. The table was centered by a huge birthday cake containing seven candles. Bowls of roses were used throughout the house. Each little guest was presented with a parrot as a souvenir. Those present were, Margie Dennison, Francis Murray, Virginia Young, Edna Stever, Betty Blue, Clara May Davies, Marjory Wooster, Jennie Heap, Marion Babcock, Dorothy Warner, Joyce Williams and Edith Wick.

## ROBINSON'S

# Announcement

It is considered by most of us as something of-a fact, commonplace and not worthy of more notice, but not so in this instance.

I desire to announce that I have sold my stock of Collins Company, Inc., with stores at Idaho Falls, Logan, Utah, more familiarly known as the S.

All be given as soon as the inventory now under and they expect to open for business this coming, the 9th, and are planning some worth while bargains for all who care to see them.

It is seldom that I have made an introduction with more pleasure than I do this one and in asking the many friends of this store to come and get acquainted with those who will continue this business I feel sure that they will be glad for having done so.

My acquaintance with Mr. and Mrs. Collins has extended over a period of several years and I feel that those who come to the store often will be glad. They know only fair treatment and honest dealing.
