

## PROTECTOR WILL EXPLAIN POSITION IN REGARDS TO PRESIDENTIAL CAMPAIGN

Place Signatures On Statement Favoring Harding

Believe, So They State They Can Advance Peace By Support of Republicans.

NEW YORK, Oct. 14.—A statement explaining the positions in the presidential campaign of thirty-one prominent men who have advocated some form of international agreement was issued over their signatures tonight and announced they would support Senator Harding.

Elihu Root, Herbert Hoover, George W. Wickersham, Henry W. Taft, and Lawrence Lowell, among others, were among the signers of the statement part of which follows:

"The undersigned who desire that the United States shall do her full part in association with the other civilized nations to prevent war, have earnestly considered how we may contribute most effectively to that end, by our votes in the coming election."

"The question between the candidates is not whether we shall join under an agreement containing the exact provision negotiated by President Wilson at Paris, or under an agreement which omits or modifies some of those provisions which are very objectionable to great numbers of American people."

"We have reached the conclusion that the true course to bring America into an effective league to preserve peace is not by insisting with Mr. Cox upon the inclusion of such a provision."

"The undersigned believe that we can most effectively advance the cause of international cooperation to promote peace by supporting Mr. Harding for election to the presidency."

The statement bore the following signatures: Lyman Abbott; Robert S. Brookings, president of Washington University; St. Louis; Nicholas Murray Butler; Paul D. Cassatt; Charles W. Dabney, university of Cincinnati; Wm. H. P. Faunce, president of Brown University; Frank J. Goodnow, president of Johns Hopkins University; Warren G. Harding, president of Dartmouth College; J. M. Lawrence, bishop of Massachusetts; J. M. Lindsay, Columbia; A. Lawrence Lowell; John Henry McCreary; Samuel Mather, Cleveland; Geo. A. Plimpton, Amherst College; Henry S. Pritchett, president of the Carnegie Foundation for Advancement of Teaching; Charles A. Steiwer, president of Union College; Schneidly N. Y.; Elihu Root; Jacob Gould Schurmann; Henry L. Stimson; Oscar S. Straus; Henry W. Taft; Isaac M. Ulman; New Haven; Louis B. Warren; Peace; Wm. Allen White; G. W. Wickersham; W. Willoughby; John Hopkins University; and L. Wilbur, president of Leland Stanford University.

### BORAH RENEWS ATTACK ON LEAGUE OF NATIONS

NABUHA, N. H., Oct. 14.—Senator Borah, of Idaho, speaking here tonight, renewed his attack on the league of nations. He declared that article eleven of the league covenant was "more infamous than article ten" adding that article ten was a straight conflict for the United States to furnish military force for any war by any nation in the league.

"Under article eleven," he said, "we are compelled to furnish men and money for police purposes anywhere they may be determined upon by supreme council sitting behind closed doors. While the United States would have a vote in the council. European diplomats would see to it that its actions were unanimous."

## HARDING TOURS THROUGH SOUTH

By the Associated Press.  
LOUISVILLE, Ky., Oct. 14.—The administration attitude toward foreign trade, the Wilson policy in Mexico and the league covenant written at Versailles were the special objectives of Senator Harding's assaults on the democratic lines in his campaigning today and tonight through the hinterland of the solid south.

Chargings that "secret diplomacy" as practiced by democratic officials had kept American business men from learning of trade opportunities abroad, the republican presidential nominee declared the state and commerce departments must be reorganized to give more active aid in developing commerce with other nations.

"The president's Mexican policy," he denounced as having brought distrust in Mexico and humiliation at home and he advocated a program of adjustable relations to insure protection of American interests on Mexican soil without interfering unduly in the internal affairs of the Mexican republic.

He reiterated that he wanted no council of foreign powers to dictate America's part in the world and, reading article ten, told his audiences that as spokesman for the republican party he was "opposed to it."

## DECLARES G. O. P. RANKS BROKEN

Chairman White of Democratic Committee Says Republican Campaign in Disorder.

NEW YORK, October 14.—George White, chairman of the democratic national committee, tonight issued a statement in which he said that "eleventh hour plans of the republicans would fail to check the republican and independent stampede to Governor Cox, which has already begun."

"The republican campaign is in disorder," Mr. White declared. "Party ranks have been broken. Those who for years have affiliated with the party because they have believed that it stood for high principles are deserting it."

"Independents who have often supported it are turning to Governor Cox. In close counsel and deep concern, the Harding campaign managers are seeking frantically to work out eleventh hour plans to regain lost ground."

"One of their plans," Mr. White said, he understood, was to announce in advance the personnel of the cabinet as Senator Harding would constitute it, if elected.

"It is to contain names of distinguished men who are accurately discharging their party obligation at the expense of their convictions and their consciences."

"If the plan is carried out its purpose will be to impress a disgusted nation with the fact that a weak president would surround himself with strong men. It would be a confession of inefficiency unparalleled in the history of American campaigns."

## FARMER FEDERATION TO EXPLAIN WHEAT SITUATION

CHICAGO, Oct. 14.—Decision to issue a statement explaining to farmers of grain growing states the situation in the wheat market was reached at a meeting today of the executive committee of the American farm bureau federation. The statement, the committee announced would point out the danger of a shortage before another harvest and would urge that exports be curbed.

## WITNESS SAVES LIFE

BILLINGS, Mont., Oct. 14.—The presence of mind of a nurse, Miss Pearl Hanson, saved the life of a delirious patient at Melville, near here, recently. The sick person, a woman, cut her throat. The nurse, after disarming her, threw a bicycle pump into her throat and kept her alive until a surgeon could reach her.

## GRAND JURY INVESTIGATES DEATH OF MINING MAN

LOS ANGELES, Oct. 15.—Investigation of the death of Jacob C. Denton, mining promoter, whose body was found September 23 in a room in the cellar of his house here was begun late today by the county grand jury.

Buck M. Hildgett, attorney for the Denton estate, and A. J. Cody, a private detective who found the body, appeared as witnesses. Several other witnesses have been subpoenaed but when the inquiry will be resumed will be determined tomorrow when the grand jury is scheduled to begin an investigation of alleged corruption in Pacific coast baseball league games.

## In Reichstag; Now in French Assembly

PARIS.—The recent presidential election revealed an interesting side-light of the world war, during the war when German armies were marching Paris, Abbe Welter (left) represented one of the Abbaton districts in the reichstag, but now he represents his people in the French assembly. At the right is Minister of transportation Jourdain.

## THREE KILLED IN RAID BY TROOPS IN IRELAND

DUBLIN, Oct. 14.—Two persons, a boy of 15, and another civilian, were killed and four others wounded, including a policeman on duty, when soldiers with two lorries and an armored car attempted to raid a building, containing a tailoring store, on Talbot street this afternoon. Other deaths are expected.

Later the official report on the arrival of the troops a body of civilians outside the shop opened fire and one officer was killed and one non-commissioned officer wounded. The first was returned by the troops, resulting in the death of two civilians. Three arrests were made.

## REPORT THREE DEAD

LONDON, Oct. 14.—A British dispatch to the "Central News" reports that three civilians were shot dead and more than 30 wounded in the Talbot street affair. The district this evening was in a state of high excitement and several raids were being carried out in the neighborhood.

## RAID COKE CITY HALL

COKE, Ok., Oct. 14.—The first raid on the city hall since Terence MacSwiney, the lord mayor, was arrested last August, took place shortly before noon today when a mob of about 100 men, with soldiers, a machine gun mounted on a Lewis gun, and armored cars drove up and took possession of the building. The raiders remained for more than an hour. They made one arrest, John Egan, clerk in the highway department, on whom they found a ticket for a raffle of a revolver.

Every person in the building was searched and looted. In the meantime there was a systematic search of the various department offices.

Officials of the treasury department assert that 32 pounds sterling which was private funds, was taken from the safe.

## FLIES TO BEDSIDE OF DYING FATHER

LOGAN, Utah, Oct. 14.—Lieut. Russell L. Mangham, Utah's premier aviator during the war, received news of his father's serious illness at Mather Field, Cal., early today.

He left Mather Field by airplane at 8 o'clock this morning. Arriving at Logan at 4 o'clock this afternoon, a few minutes after his father, Peter W. Mangham, had expired.

## DISCOVER DYNAMITE IN BUCKWHEAT ISLAND SHANTY

NEW YORK, Oct. 14.—Ten cases containing about 500 sticks of dynamite were discovered in a wooden shanty on Buckwheat Island, off Staten Island, and part of the contents removed. The discovery, the police believe, may give them a lead in solving the Wall street explosion.

There were no marks on the boxes, it was said, by which the owners or manufacturers could be identified. The dynamite was brought to Manhattan by federal authorities who are trying to ascertain how the dynamite got to the island.

## FARM LEADERS CARRY FIGHT TO TREASURY

Asks Amelioration of Credit Of Conditions From Houston.

## Secretary Declares It Not Good Business to Further Extend Foreign Credits

WASHINGTON, Oct. 14.—Agricultural interests carried their fight for amelioration of credit conditions today to Secretary Houston of the treasury department. They asked for rehabilitation of the war finance corporation to foster exports to Europe and were told by the secretary that it was not in line with good business for the government to extend further credits to Europe which would be the result if the request were granted.

The treasury would not be a party, Mr. Houston also declared, to the withholding of any commodity from export in order to maintain artificially high prices.

## Favor German Credit

Senator E. D. Smith of South Carolina and other spokesmen for the delegates in urging restoration of the finance corporation, declared in favor of extending credit to Germany.

"Germany," the Senator said, "must live, but no reason why her bonds should not be accepted."

Later the delegates carried out their plan for asking a preferential reduction on agricultural paper at a hearing before the full membership of the federal reserve board. They characterized the situation facing the producers due to the falling market as "alarmingly" and insisted that one of the main purposes of the federal reserve law was to furnish elastic currency for the agricultural interests in such emergencies.

Ask Lower Discount Rate.

"Ask one specific thing," Senator Smith said. "Give the agricultural interest a lower rate of discount in this distressing time than you do anybody else."

There was a distinct feeling of optimism among the delegates when they left the conference. Although no action was taken on any of the proposals presented to rest on the belief that board members were sympathetic toward the problems of the farmers.

## MANY KILLED DURING BIG STRIKE IN ITALY

LONDON, Oct. 15.—Many persons were killed and others wounded as a result of a strike in Italy during a two-hour strike Thursday, says a dispatch to the London Times from Rome.

Nine persons were killed at San Giovanni Rotondo and four were killed and 14 wounded in Bologna and one man was killed and several men were injured in a clash between strikers and the police in Milan.

Bombs were thrown at several hotels in Milan, including the Hotel Cavour, where the British delegation to the league of nations conference was staying. No one was injured.

The offices of a socialist newspaper were set on fire.

A dispatch received in London Wednesday night said the leaders of the Italian socialist party and the general concentration of labor in Italy had published a Rome manifesto in the Avanti of Rome ordering demonstrations in every town in Italy on Thursday. The object, it was stated, was to force the Italian government to recognize soviet Russia.

## GAIN CONTROL OF OIL BLAZE IN IOWA CITY

DES MOINES, Ia., Oct. 14.—Fire fighters this evening gained control of the mammoth blaze which has destroyed 2,000,000 gallons of gasoline and crude oil stored in the Manhattan Oil company's tanks here. The fire started this afternoon following a small explosion in one of the tanks, thought by some to have been caused by lightning. The adjoining tanks owned by the Cedar Rapids and other oil companies is thought now to be safe.

Loss is estimated at \$1,000,000.

## DIBBLELIVES REPORT

DANZIG, Oct. 15.—Admiral Borok, the Polish naval commander at Danzig, said in a statement following a press conference in the report that Russian Bolshevik submarines are operating in the Baltic or elsewhere. The admiral said the report came from a British source.

## To Gain Votes Quickly This Week

During this, the last week of the Chronicle's great campaign, every six year subscription to the Chronicle will count 350,000 votes.

Three such subscriptions secured this week will count 1,050,000.

Six such subscriptions will count 2,100,000.

Ten such subscriptions would give a candidate 3,500,000.

As close as the race stands these long term subscriptions this last week will very likely determine the big winners.

FOR THE LEAGUE

We see in this country the unusual situation of a former president, William H. Taft, openly for the League of Nations, supporting a candidate who is uniformly opposed to the League. Mr. Taft takes issue with Senator

Harding regarding his construction of Article X, Senator Harding stating that no American can be simultaneously for Article X and for the Constitution of the United States. Mr. Taft states that Article X covers the Monroe Doctrine and extends it to the world. Mr. Taft also states that under its obligations the United States cannot be forced into war.

Very in spite of this opinion and the stand taken by Senator Harding, Mr. Taft has not the nerve to take a stand against the candidacy of the republican standard bearer but in a half-hearted, apologetic way, supports him.

And we also have that leading republican Elihu Root, returning from Europe, favoring a court of justice as an integral part of the League of Nations. Thus far he is silent.

We have Senators Borah and Johnson opposed to any kind of a league and Senator Harding stating that they are in perfect accord with the republican platform and its candidate.

Then we have Governor Cox absolutely for the League of Nations and if America is to enter the league and have its part in the bringing of peace to the world, the voter must cast his ballot for Cox. There is no other course for him to follow.

## RESUME MURTAUGH DISTRICT HEARING

Petition for Formation of Irrigation District Considered by County Commissioners.

The hearing on the petition to form the Murtaugh Irrigation District was resumed before the county commissioners yesterday. Mr. Swenson, the state reclamation commissioner, was unable to attend because of illness, nor did his expected representative show up. Harry Dibble, who is connected with the federal reclamation service and now stationed at American Falls was present and made much valuable data on the proposed plan. Mr. Dibble stated that the capacity of the reservoir at the American Falls dam will be about 3,000,000 acres of water, 300,000 feet of which have already been constructed for by other irrigation districts. He expressed his belief that the irrigation district was the most feasible plan of handling any reclamation project, being the conviction on the fact that every acre within the irrigated territory is compelled to pay its apportioned share of the expense of construction and maintenance.

Mr. Dibble also appeared at the hearing, representing the interests of the Murtaugh Canal company. Mr. McPherson was opposed to the plan, stating that it would not prove practical to pump the water to a height of 150 feet which would be necessary under the present arrangements. He said that the cost of such a method of operation would be prohibitive. Mr. Dibble took issue with Mr. McPherson on the first premise of this declaration, saying that it could undoubtedly be accomplished, but that the cost might be, too high.

The hearing will be resumed Thursday, October 21. Such a long postponement was necessitated by the illness of Mr. Swenson, who will be ready and able to testify at that time.

## FILES SUIT AGAINST TWIN FALLS DAILY TIMES

D. M. Denton yesterday filed a complaint in the district court against B. F. Detweiler, Elmer Aman, L. G. Hill, S. N. Pittullo, J. A. Cron, Peter Erickson, H. Murphy and Frank DeKloet, majority stockholders of the Twin Falls Daily Times. The complaint states that on May 3, 1920, the plaintiff sold to the defendants 10,000 shares of stock in the paper in question, for the agreed sum of \$10,000. Of this amount, it is alleged, only \$7,951 has been paid, leaving a balance remaining of \$2,049. Denton

asks for judgment to this amount to go with interest at the rate of 7 per cent from May 3 until the date of final payment. Wolfe, Martin & Wade are attorneys for the plaintiff.

## APEX OF HIGH COST OF LIVING REACHED

TOPEKA, Kan., Oct. 14.—The apex of the high cost of living has been reached in America and from now on prices will undergo a continuous downward readjustment. Herbert Hoover declared today in an address to the Topeka Rotary club. "If this price readjustment is not based on a plan providing easy stages in its descent it will go down with a crash and result in the destruction of countless industries," continued Mr. Hoover. "America needs a national program to control this downward readjustment and to protect our industries from ruin."

"Labor wages do not need to come down with the high cost of living," he declared. "The present readjustment demands reconstruction and reconstruction means adding to the capital account or building up our railroads and industries."

## Society

John Robertson will be host this evening to a number of friends, the occasion being his birthday. There will be six guests present.

The Winona club was entertained Wednesday afternoon at the home of Mrs. T. F. Warner. At the close of the evening the hostesses served refreshments. There were 12 present.

The Episcopal Guild met at the home of Mrs. Frank McAtee yesterday afternoon. A business meeting was held the fore part of the afternoon and was followed by a social hour. Refreshments were served by the hostess.

Mrs. Bert Magel entertained the members of the Henry V. Walling group, Ladies of the G. A. R., at her home last evening. The time was spent with initiation. The hostess served at the close of the evening.

The Woman's Christian Temperance Union will meet at the home of Mrs. James Barry Friday afternoon. Mrs. Clara and Mrs. Gladon, assistant hostesses.

## LOCAL HIGH TO PLAY BUHL HERE

Lincoln Field Will Be Scene of Conflict Between Pigske Warriors of Two Schools

Today at Lincoln field the football team of the local high school will take on the eleven from the Buhl institution. The game promises to be the best of the season, taking into consideration the ancient rivalry between the two schools, and will be for blood from start to finish.

Very little is known of the strength of the Buhl outfit, but they were badly beaten by the Buhl team, and it is predicted that Twin Falls will add another victory to its string. To date the local boys have rolled up 122 points in only two games, while their goal has yet to be violated by their opponents.

Coch Evans of the local aggregation has been drilling his men thoroughly for the past week in preparation for the big game and they are in very good condition. Evans, McStee, tackle, is the only one of the first string men who is in any way incapacitated, but he will be in the lineup when the whistle blows this afternoon. The coach has not yet decided definitely on the lineup but it will be picked from among the following: Bigg, Taylor, Shelby, Spier and Thornetz, ends; Bailey, Carter McAtee and Stearns, tackles; Nicholson, Irwin, Adams, Puzler and Seft, guards; Denton and Babcock, centers; Newman and Yeckel, quarters; Es, Hiler and Hertz, halves; and Philip and King, fullbacks.

## COMMENCE BRICKWORK ON NEW THEATER BUILDING

The work on the new picture theater being constructed on Main avenue by the Twin Falls Amusement company is

progressing rapidly. The basement has been completed and the brick work on the upper portion of the structure was commenced yesterday. This theater, when it is completed will rank as the best that the city has to offer in the line of show houses. When it will be ready for actual use is not yet known but the work is being pushed as rapidly as possible.

## TEXTILE MILL CLOSES

No straining, no breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relieves instantly. It's just fine. Don't stay stuffed up with a cold or nasty catarrh. Adv.

## BONUS DRIVE TOTAL GROWS

Six Business Houses Solicited Yesterday Net \$100 Towards New Branch Railroad.

Subscription Report.	
Twin Falls City	\$5,562.06
Boys' Club	1,500.00
Kindergarten	450.00
Wells	5,000.00
Elks	1,000.00
Country	24,000.00
Total	\$28,512.06

That the railroad drive here in meeting with great success is evidenced by the fact that although only six establishments in the business district were visited by the committee yesterday, \$100 was raised. Work in this city will now be undertaken again in earnest.

Much of the time of the men in charge of the drive here had been occupied in the organization of the

towns and communities in this vicinity, and consequently it has been necessary to neglect the work in Twin Falls in order to place operations in those places in full swing. Results of the various visits have been eminently satisfactory, according to Stewart S. Wright, secretary of the chamber of commerce, and the work is now progressing in splendid style.

The railroad plans also being presented to the farmers on the tract by the John E. White, Jr. "White" has held numerous meetings in organizing local branches of the Idaho Wheat Growers' association and at all of them has put the proposition squarely up to the farmers, explaining to them precisely what the proposed road would mean not only to themselves, but to the community in general.

The following subscribers were added to the growing list yesterday: Three title stores, \$500; Parrott Optical company, \$250; J. K. Barber Shop, \$200; H. H. Johnson, \$150; City Cleaners, \$100; D. B. Adams and Sons, \$100.

CANDIDATE VISITS CITY.

Judge J. M. Shank, of Idaho, democratic candidate for the state legislature, was in Twin Falls yesterday in the interests of his candidacy.

## ARREST WHISKEY RING GO-BETWEEN

Alleged Operator in Contraband Liquor Held—Warrants Issued for Others in Connection.

By the Associated Press.

CHICAGO, Oct. 14.—Arrest today of Charles Schillinger, alleged go-between and the asking of three John Doe warrants for suspected revenue agents involved in "whiskey ring" operations today were followed by the appearance of Walter Sadler, a former New York stockbroker, before a federal grand jury investigating an alleged plot to flood the country with contraband whiskey. Announcement was made that Sadler would later return to Chicago to give further testimony.

Court attaches said that Sadler told the jury something of his dealings with a distillery at Louisville, Ky., from which whiskey was said to have been shipped. Seizure of this liquor preceded Sadler's confession that a \$1,000,000 "whiskey ring" had sought to distribute liquor throughout this country.

Schillinger, whose arrest followed complaint by Andrew Pappas, proprietor of an inn, that he had paid Schillinger \$12,000 for whiskey, but received only part of the amount bargained for, is thought by the police to have obtained \$100,000 from moonshiners to whom he failed to deliver liquor as ordered.

Further release of liquor from bonded warehouses in Illinois was temporarily suspended today by R. W. Stone, state prohibition director.

ANSWERS CHARGE THAT  
RESERVE BOARD RESPONSIBLE

CHICAGO, Oct. 14.—Charges of farmers' organizations that the Federal reserve board is responsible for declining commodity prices in the grain and cotton markets were answered today by James B. Forgan, chairman of the board of the First National bank of Chicago and president of the advisory council of the federal reserve board. The efforts of the federal system to curtail credit, Mr. Forgan said, have been directed against nonmetallic industries and speculation. The office of the board

to member banks has always been that the latter "give every encouragement possible to the essential agricultural industry."

"The strained conditions of the money market at the present time may make it difficult for the farmer to obtain funds from his local bank, but this reserve board is not responsible for fundamental economic conditions," he said.

## Grain

CHICAGO, Oct. 14.—Grain futures averaged lower today, influenced by heavy selling of wheat and corn on the part of a leading eastern trader. Wheat closed nervous at 1 1/2-2 1/2 net decline, with December \$2.07 3/4 to \$2.08 and March \$2.03 1/2 to \$2.04 1/2. Corn finished 3-8 off to 2 1/2-2 1/2 up and down 1/2 to 5/8. 3/4. The outcome in provisions was a rise varying from 25c to 67c.

Acceptance of local view in regard to the government report about farm reserves had a depressing effect on wheat values at the outset, but indications that some export business was in progress led to a quick upturn. Then came a wave of selling orders from the east and throughout the remainder of the session the buying side was at a disadvantage.

Receipts were small and reports on country offerings conflicting.

Corn and oats were governed mainly by the action of wheat. The chief exception was that October delivery of corn was bid up sharply with little offer from rural holders. Forecast of a falling off November 1 in the total of warehouse stocks here gave a lift to provisions.

RICHARD BARTHELMESS and GEORGE FAWCETT in  
D.W. GRIFFITH'S "Scarlet Days"

D. W. GRIFFITH Presents  
"Scarlet Days"

A Tale of the Olden West  
A Paramount-Artcraft Picture

The trail, the strife, the dance hall glare. The blood of youth adventuring. And through it all—a soul, as only Griffith can paint it on the screen.

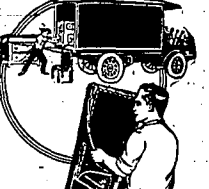

Presented by a great cast, including Richard Barthelmess, Clarine Seymour, Carol Demster and Ralph Graves. A flaming epic of love and life in the days when the West was young!

Also A Snub Pollard Comedy

The day of days is almost here! Next Saturday is the last day of the balling!

When the clock points to the hour of eleven, Saturday night, there will have ended the shortest, the greatest, the most liberal and the hardest fought newspaper circulation campaign ever conducted in this vicinity. SATURDAY IS THE LAST CHANCE for the reader to get everything in readiness for the overwhelming rush of subscriptions that will come. Every hour that remains has infinite possibilities, and every minute is vitally important. Your supreme final effort today and tomorrow may land that prize for which you have been working and have set your heart on getting. The friends who have responded with supporting force can hardly resist at the moment when a little extra effort will win the victory.

### WILL BE A CLOSE RACE

It has been predicted that this will be a race of narrow margins; hence every subscription no matter how small is valuable. Think what victory means in this race—luxury, pleasure, the very best things that life holds! But to start for home, Ah, that is a motive that only youth and expanding ability will determine.

### BEST CAMPAIGNER WINS

This has been a fairly tough campaign. It has been conducted about absolutely in the spirit of the law. The campaigner is going to win. Those who apply themselves during every minute of the time there is left are the ones whose chances are best. The battle of balling has been waged at an exciting, cheering pace. The few days and many evenings may be spent by the quiet, but energetic workers. Who knows how many may have found the path from the bottom to the top, and the last vote standing.

### STILL TIME TO WIN

This opportunity has stimulated every candidate to increase his or her efforts to the limit of his or her ability. For each candidate has realized that his competitors are doing the same thing.

A candidate must read or bring their subscription book in, when a check, however small or they will not be recorded. Every day and every hour, pointed by a multitude to cover some and no money will be returned after votes have been based on their subscriptions. This rule will be strictly enforced for the mutual protection of the Chronicle and the many candidates.

There is still time to make a winning race. Toward home near for those who have the stamina to grasp it. Only a little added work may

place you among the happy circle who will be honored by one of the many large prizes.

### NOV. 25 THE TIME

With the end of the campaign but thirty-six hours away and the race apparently so close that a few big subscriptions now from unexpected sources might be the very ones necessary to stem the tide of defeat and turn it to a sweeping victory, candidates are straining every nerve in their final efforts for supremacy, while all Twin Falls county is watching, waiting, wondering—and waiting for their favorite. Now is the time if ever to help your favorite in this race for rich prizes, the winning of any one of which means honor, glory and the equivalent of a small fortune. Your subscription now for some, three, four, five or six years may be the deciding factor in the race. Here's an opportunity to do a real kindness for a friend; a gift that may mean a prize worth over \$2000.00 for him or her, and without costing you one cent more for your paper subscription. Don't wait to be asked to subscribe, for in these last frantic days the one you would like to help may not be able to reach you. The campaign closes forever, promptly at eleven o'clock Saturday night, October 16th.

### STEWART PLOT TO BLOW UP PENITENTIARY

KINGSTON, Ont., Oct. 14.—A plot to effect the wholesale escape of prisoners in Portsmouth penitentiary and then blow up the prison with nitroglycerine was thwarted today. Prison officials acting on a warning that an attempt would be made to free the convicts, saw down portions of the penitentiary wall and uncovered a store of rifles, shotguns and ammunition with enough of the explosive to have destroyed the structure.

Authorities declared their belief that the plot was about to be put into execution, prisoners freed, guards slain and the prison itself blown up.

Although an official account of the episode has been given, it is known that suspicious of the prison authorities recently were aroused. An investigation is under way. Four convicts, known to be exceptionally dangerous, have been placed in solitary confinement.

### BOOTLEGGER BURNS BRIDGE

GILLESBURG, Mont., Oct. 14.—A bootlegger, who was caught by the police, burned a bridge over the Milk river at Summit, destroying it, according to word received here. The fire will undoubtedly result in the farmers in that section, who will have to drive 50 miles out of their way with their grain, as the bridge cannot be replaced this fall.

### RAILROAD CONTROL WOULD MEAN CONTROL OF STEEL

NEW YORK, Oct. 14.—Return of the railroads to government operation would be the forerunner of federal control of fundamental sources of production such as steel, coal and copper, declared Alvin B. Johnson of Philadelphia, president of the Railway Business Association, in an address at a banquet of the American Manufacturers' Export association.

"The national welfare requires us to stabilize the railway situation," said

Mr. Johnson, "because we are in a position to preserve the principle of individual ownership of property and of individual ownership of the railroads. The speaker said his address could be summed up in a golden rule, as follows:

"Transportation is a business. It is the business of businessmen to put the transportation business on a business basis. Let us get business with a business program for transportation."

Alfred Reeves, general manager of the National Automobile Chamber of Commerce said that the greatest development in automobile sales must come in foreign countries, thus necessitating greater exports from the United States.

Mr. Reeves said that in this country there is one automobile for every 14 inhabitants, whereas in the remainder

of the world there is only one car for every 24th inhabitant.

American automobile manufacturers, Mr. Reeves declared, favor allowing foreign built cars to enter the United States on the same terms that American cars are allowed to enter the other countries.

J. S. Rowe, newly appointed director general of the Pan-American Union, told the exporters that capital must be

more freely invested in Latin-American before American trade can hope to obtain a permanent foothold in those countries.

Otto H. Kahn, financier, speaking at the afternoon session, advocated the revision and recommendation that congressional committees be authorized by law to have associate or auxiliary members who could attend all hearings and make authoritative reports.

# News of Lower Prices

—this week's crowds gave evidence of the welcome that we know will come with the relief from high prices.

—there are two ways of looking at this price question; one is to hold stocks on hand at prices made on the basis of what the merchant paid; the other is to reduce prices of stocks on hand in keeping with the lower markets.

—we adopt this latter method. Although there will be some losses in unloading the stocks we have, still we will the sooner be in position to make the usual profit on the stocks that are now offered at lower prices.

—today's quotations are the same as though all these stocks had been bought at the lowest market prices.

—we're glad to give you all the benefits.

## Coats \$29.50

You recall our recent sale of coats at \$29.50—a sale in which every garment in the offering was sold before the day had passed? Well, here's another sale of equal importance, of equal attractiveness. Thirty coats are in the offering—coats that would usually have to be sold for ever so much more. We like the idea of selling them out quickly at a very small margin. Smart styles—all new, of course. The fabrics and trimmings and models that are most wanted. Have a look at them. Second floor—\$29.50.

## Groceries

Always a few extra pennies to be saved downstairs in this department.

**TOMATOES**—You may have eight large cans of well processed Utah tomatoes carefully selected. Friday and Saturday, 8 for \$1.00.

**MILK**—Many people prefer the Segro Milk to pure cream. It gives the coffee a better flavor. Friday and Saturday, 8 large cans for \$1.00.

**LUX**—We have already sold more Lux in the past few weeks than we had thought to sell in six months. It sells elsewhere for 15c—11c.

**OATMEAL**—A large well filled carton of Quaker Oats. Enough for a great many breakfasts. The kiddies like it. 20c like it.

**CORN FLAKES**—Three large well filled cartons of E. C. Corn Flakes. At this price the thrifty mother may save for the kiddies like them. Three for \$2.00.
