

## COX REPLES TO HARDING SUPPORTERS

Will Fight Campaign Upon League Issue of Opponents.

Answers Statement of Prominent Men Who Endorse Republican Nominee.

By the Associated Press.  
DETROIT, Oct. 15.—Governor Cox announced tonight that his campaign would be fought squarely upon the league of nations issue as drawn by Senator Harding, in the latter's Do Moines Iowa speech in which the senator said that he favored "staying out."

The governor's announcement was made in a statement replying to that issued by 31 "prominent" republicans headed by Elihu Root, Herbert Hoover, Henry W. Taft and others, declaring their support of Senator Harding.

Answers Harding's Supporters.  
That he did not see how the 31 signers could support Mr. Harding constantly was asserted by Governor Cox here for an address at the auditorium. The governor's statement said:

"The gentlemen say 'the question is whether we shall join an agreement containing the exact provision negotiated by President Wilson, or an agreement which omits or modifies some of its provisions'. It is to be inferred that any one who stands for the covenant as adopted, with or without reservations is friendly to the league, and that any one who is against the covenant, with or without reservations is clearly its opponent to the league, Senator Harding, in his Do Moines speech said: 'Governor Cox favors going into the league and I favor staying out.' It is an interpretation, but rejection I am making. I leave the people of America to decide the case just as these gentlemen have presented it. I submit in answer the spoken words of Senator Harding. If these gentlemen do not know what he has said to the American people then it is not my understanding how they can, as a matter of ethics, advocate his candidacy.

"If they do accept in good faith what he has said, then I cannot see how they can, as friends of the league, advocate his candidacy. They attempt to justify their most astonishing position on the subject of President Wilson's standing in his attitude on the league. On the subject, they say Mr. Root insisted upon the agreement absolutely unchanged. These gentlemen, upon reflection must realize that this is not justified by the facts.

Citing the reservations offered by Senator Hitchcock of Nebraska, administration leader in the treaty conference, Governor Cox said that President Wilson had written Senator Hitchcock stating that he could not accept the reservations "as they stand."

In conclusion Governor Cox said: "If things continue as they have been going for the last ten days it will be a difficult matter to determine whether the people are more shocked at Senator Harding himself or at the desperation of his sponsors. A frantic effort is being made to stem the tide of resentment. It is flowing in every community. The senatorial oligarchy has apparently drawn the red reservation and yet Mr. Root, president and distinguished as he is, is unable to bolster up the wiggling and wobbling candidate. After a long period of vacillation the people have taken him at his spoken word at Des Moines and upon this the campaign will be fought from now on. Senator Harding is against the league with or without reservations. Upon that we are willing to rest our case."

REYNOLDS TAKES MATCH.  
REYNOLDS, Ill., Oct. 15.—Jack Reynolds' famous Japanese leg scissor gave him a straight victory over "Smoky" Reynolds tonight. Reynolds took the first fall in 25 minutes 55 seconds and the second fall in 21 minutes 30 seconds. The men are welterweights.

PATTERSON BEATS WILLS.  
SPRINGFIELD, Ill., Oct. 15.—Patterson, the "Joplin shadow" knocked out young Harry Wills of Savannah, Ga., in the ninth round here tonight.

## TAKE STEPS TO PREVENT COAL FAMINE

No Signs of Mediation To Avert Strike In England.

Cabinet Discusses All Plans Necessary To Protect the Public Interests.

By the Associated Press.  
LONDON, Oct. 15.—There were no signs late tonight of any intervention or mediation to avert the coal strike, which, by decision of the miners' delegates, is to continue this morning and into effect on Saturday night, taking from the mines more than 1,000,000 tons.

The cabinet today discussed and decided upon all necessary steps to protect the public services and the interests of the public in general. The fact that the government has had such a long delay to make its preparations has tended to give a feeling of confidence to the people. Premier Lloyd George will remain in London over the week-end instead of taking his customary visit to the country, so as to be ready for any development.

Emergency orders empowering the local authorities to take steps to economize in the use of coal and lighting have been issued by the secretary of mines. This order will limit the consumption of domestic coal to one hundred weight weekly per household. The food ministry has been given permission to resume partial rationing if it becomes necessary.

As the strike has been brewing for so long the authorities have accumulated large stocks of coal, while private consumers have laid in supplies. Hence, unless the strike is unduly prolonged, or the railway men decide to join the miners, it is not expected the country will suffer seriously.

Public sympathy appears to be entirely with the government.

Many people concede that the miners are entitled to an increase in wages by virtue of the increased cost of living but contend the men should have accepted the government's offer to submit the matter to an independent tribunal. There is no doubt negotiations will continue during the strike and the hope is expressed that something in the direction of a settlement may come from the reassembling of parliament next Tuesday.

In a speech after the miners' conference today, Robert Smillie, the miners' leader, expressed regret that the strike had been called off the miners through the "obedience of the government and its unwillingness to recognize the miners' demands." He declared he had adopted a pacifist attitude in the belief and hope that a great industrial struggle would be averted but now that the miners had decided to enforce their claims by the only weapon left to them, he urged them to "hold their fire."

As they had passed through more perilous times, Mr. Smillie said unity was needed and hoped there would be no split on the good name of the miners' federation.

WILL COMPLY WITH WILSON REQUEST

PHILADELPHIA, Oct. 15.—Governor H. P. Allen of Kansas said here tonight that he would comply with the request of President Wilson and forward to Washington information in his possession concerning the recent developments in wheat. He expects to return to Kansas within a few days and said that he would give the matter his attention then. In a statement Governor Allen said:

"As soon as I have returned to my office, I will give attention to the president's request and will have forward to the department of agriculture and the federal trade commission according to his request the facts about the situation as these facts have been ascertained by the Kansas wheat growers and wheat dealers.

## FIVE GREAT POWERS HOLD CONFERENCE

WASHINGTON.—For the purpose of getting a better understanding and no negotiations through the guarantee of unrestricted communications, the representatives of the five great powers are meeting at the state department.

## HARDING FAVORS GOOD IN LEAGUE

Republican Aspects America Must Do Everything Possible to Prevent Future Wars.

INDIANAPOLIS, Oct. 15.—Asserting that America "must do everything she can" to prevent future wars, Senator Harding renewed tonight declaration of six weeks ago that in organizing the settlement of the world for peace is the present association of nations to make the Versailles league of nations.

Quoting from his league speech of August 28, he pointed out that the league might be "amended or revised" if its preservation were found necessary to the peace of Europe.

"When I met," he said tonight, "I will immediately summon the best minds of America to consult and advise as to America's relationship to the present association of nations to modifications of it, or substitutes for it. The senate and our party have recognized good in a new world fellowship and cooperation but we insistently reject all that menaces America. We must separate the wheat from the chaff."

The senator's speech here coincided a day of hard campaigning through the southern half of Indiana. He will renew his plea to the Indiana voters tomorrow as he travels westward for a night meeting at St. Louis.

In all his speeches today the candidate argued for preserved nationalities and urged the election of a republican congress making a special appeal for Senator James E. Watson, who accompanied him on his train.

## COOLIDGE APPEALS FOR RETURN TO COMMONPLACE

PHILADELPHIA, Oct. 15.—An appeal for a return to the commonplace in America was made here tonight by Governor Coolidge, republican candidate for vice president, in the opening address of a tour which will take him into several border and southern states in the next week.

"When my countrymen turn their attention again to the commonplace," he said "I shall know that American institutions are secure. I want to see the gospel of the republicanism of the future to be sound, the good, the wholesome commonplace."

Governor Coolidge was given an enthusiastic reception at the Academy of Music where the address was delivered. His appearance on the platform was the signal for a demonstration in which were mingled college cheers by a number of his freshmen. Other speakers were Governors Sprout of Pennsylvania and Allen of Kansas.

## WILL COMPLY WITH WILSON REQUEST

SAN FRANCISCO, Oct. 15.—William A. Kelly, internal revenue collector for Nevada, arrived here today on orders from Washington, D. C. It was announced to assist the United States district attorney and prohibition officials in their investigation of an alleged illicit liquor-selling conspiracy.

## To Gain Votes Quickly Today

During this, the last day of the Chronicle's great campaign, every six year subscription to The Chronicle will count 350,000 votes.

Three such subscriptions secured this week will count 1,050,000.

Six such subscriptions will count 2,100,000.

Ten such subscriptions would give a candidate 3,500,000.

As close as the race stands these long term subscriptions this last week will very likely determine the big winners.

## Notice to Contestants

The First National Bank, where the locked and sealed ballot box is placed, closes at 4 P. M. this afternoon. After this hour the box will be removed to the front window of the Irrigated Lands Company office just above the Chronicle office, where it remains till the closing hour, 11 o'clock tonight, October 16th.

Candidates who cannot get to the Bank before it closed may deposit their subscriptions and remittances for same in the sealed and locked ballot box in the Irrigated Lands Company office, after 4 o'clock and up until the final hour. After 11 o'clock the box will be turned over to the judges, who will break the seals, unlock the box and canvass the results contained therein. ALL SUBSCRIPTIONS MUST BE IN THE BALLOT BOX BY 11 O'CLOCK TONIGHT—none will be accepted after that time.

## Important Notice

All subscriptions deposited in the sealed ballot box must be accompanied by cash, money order or certified check for the full amount to cover. This ruling is made in fairness to all candidates and will be strictly adhered to.

## COMPLETE ARRANGEMENTS FOR M'ADOO RECEPTION

Announcement was made last evening by W. Orr Chapman, chairman of the Democratic Speakers' bureau, of the completion of final arrangements for the reception of former secretary of treasury, William G. McAdoo, who will speak at the Lavington theater here on the evening of October 20.

The special train bearing the distinguished speaker will arrive at 6 p. m., Twin Falls time, and Mr. McAdoo's address will follow at the Lavington as quickly as possible after his arrival as possible. It is planned to have a short parade from the depot to the theater building composed of Mr. McAdoo and representative citizens of the county.

Mr. McAdoo will be met at Pocatello by a number of prominent delegates of this tract, according to the plans of Mr. Chapman, and he will be escorted from that city here.

Following his address here, Mr. McAdoo will leave for Ogden where his next speech is scheduled. He is due to leave Twin Falls at 8 p. m. in order to enable him to make connections at Pocatello.

Frank Kendall has been appointed marshal of the day and will be in immediate charge of the arrangements.

## SKULL OPERATION WILL PREVENT PRISON TERM

DENVER, Col., Oct. 15.—When Fred Waterstrat is released from the state prison at Stillwater, Minn., he will be free to come back to Colorado, where he was wanted today on a charge of jail-breaking at Colorado Springs.

Governor Shoup said today that he would pardon the man upon receipt of word that a skull operation performed at the Minnesota prison had eliminated the criminal tendencies of the man's brain.

SHARKEY TO GET DECISION.  
NEW YORK, Oct. 15.—Jack Sharkey, New York bantamweight, was awarded the judges' decision over Charlie Leaux, bantamweight champion of France, in a 15 round bout at Madison Square Gardens tonight. The French titleholder weighed 117 1/2 pounds and Sharkey a half pound heavier. Joe Lynch, New York, and Jabey White, Albany, bantamweights, fought a 15 round draw.

## SEEK ESCAPED CONVICTS

JEFFERSON CITY, Mo., Oct. 15.—Two of four convicts who escaped through the bars of a sewer at the Missouri penitentiary today in an attempt to escape were being sought tonight. The other two returned to the prison, saying they could not remain in the sewer because of the water and gas.

## KILLING OF HAITIANS TO BE PROBED

Board of Inquiry Is Appointed For An Investigation.

Will Look Into All the Wrongs Alleged Committed By U. S. Marines.

By the Associated Press.  
WASHINGTON, Oct. 15.—Secretary Daniels announced today that he had appointed a board of inquiry to make a thorough investigation of all wrongs alleged to have been committed by United States marines in Haiti and particularly the reference to "indiscriminate killings" in Brigadier General George Barnett's confidential letter of a year ago to John H. Russell, marine commander in Haiti.

Makes Report Public.  
Secretary Daniels, at the same time made public Colonel Russell's report on the investigation ordered by General Barnett. Although directed to the department under date of March 12, 1920, the report never reached there, the secretary said, until brought back by Major General John A. Lejeune, commander of the corps on his recent return from Haiti. A joint report of General Lejeune and Brigadier General S. D. Butler, who accompanied the marine corps commander to Haiti, giving the result of a supplementary investigation made by him during their visit to Haiti, also was given out.

Colonel Russell's report of that March giving the result of the investigation ordered by General Barnett as a result of evidence adduced at the trial of two marine corps privates which showed, the general said, there had been "practically indiscriminate killing" of captive bandits, placed the responsibility for "conditions" in northern Haiti on Major Clark H. Russell, who was then in command in that district.

Expressing doubt as to whether evidence secured in the investigation was "sufficient to warrant trial by general court martial on charges of such a serious nature," Colonel Russell recommended that the evidence be placed before the judge advocate general of the navy for determination as to whether the officer should be tried.

## Recommended Court Martial

While agreeing with Colonel Russell as to Major Wells' responsibility for conditions, the report of General Lejeune and Butler recommended court martial proceedings as well against all persons implicated who can be brought within the jurisdiction of the court.

That there had been "illegal execution of prisoners" in northern Haiti during the winter of 1919-1920, became known to Brigadier General A. W. Catlin, then commanding in Haiti when he made an investigation the following March; the two generals reported.

Catlin transferred the officers against whom charges were made, but took no further disciplinary action.

## EVIDENCE OF 'WHOLESALE' BIBEERY DISCOVERED

LOS ANGELES, Cal., Oct. 15.—Evidence of "wholesale bribery of players" in the 1919 season by gamblers has been discovered, according to an announcement tonight by W. G. Doran, chief deputy district attorney, who is directing the investigation begun today by the Los Angeles county grand jury into alleged corruption in Pacific coast league baseball games.

Doran stated testimony already given by the investigators indicated scores of games were "thrown" for money last season.

## M'ADOO BELIEVES ECONOMIC BOYCOTT WOULD PREVENT WAR

SOUTH BEND, Ind., Oct. 15.—Belief in the economic boycott as a means of preventing war in the future under the operation of the league of nations, was announced tonight by W. G. Doran, secretary of the treasury in an address here today.

Mr. McAdoo was firm in his opinion that with the league of nations in operation, under the provisions of the treaty, war would be impossible since so many hurdles would be placed in the way of those nations who contemplate war.

# MANY SUBSCRIBE TO RAILWAY FUND

A new and revised list of subscribers to the railroad bonus fund to date has just been issued by the committee in charge of the drive, and when totaled shows that \$17,054.06 has been received. The revised list shows one subscription of \$1,750, two of \$1,000, one of \$1,200 and seven of \$1,000.

Only a very small portion of the city of Twin Falls has yet been notified by the committee, and according to Newell S. Wright, secretary of the committee, who says that the list, the only thing that has been lost to date, is expected that when these committees complete their plans and really begin to work, the goal of \$50,000 will be rapidly approached.

### SENATOR JOHNSON URGES ELECTION OF HARDING

CLEVELAND, Oct. 14.—The election of Senator Harding as president of the United States was urged tonight by Senator Hiram W. Johnson of California, in the second of his speeches under the auspices of the republican national committee. He also attacked the league of nations and the treaty which embodies it.

"Eighteen months ago, when President Wilson called the league of nations the greatest magna charta humanity ever given," Mr. Johnson said, "and when all of us, with the bloody war on our hands were having a mental reflex a psychological reaction which was necessary, we accepted it with relief."

"At that time it was treason to denounce it, or to preach Americanism and nationalism, but thank God, after a year and a half it is respectable to preach Americanism again."

### CLAIM GOVERNMENT IS BEING DECEITFUL

NEW YORK, Oct. 14.—Paul Anderson, special agent of the internal revenue service, charged today before United States Commissioner Hitchcock that the government was being deceived by emigrants who through collusion with those in authority were having their income taxes reduced prior to receiving passports.

Appearing in the case of Leo Levy, a deputy collector, and Luigi Caramia, his brother-in-law, Anderson asserted that for a long time, "outside men" have been circulating among aliens at the custom house premises, offering the small fee reduced, for a fee, by "inside men."

Levy and Caramia were held by Commissioner Hitchcock on a specific complaint charging that Caramia made a tax dodging bargain with an alien and that Levy carried through his alleged part.

### HARDING REFUSES LEAGUE DEBATE WITH DEMOCRAT

ON BOARD SENATOR HARDING'S SPECIAL TRAIN, Oct. 14.—Republican managers on Senator Harding's train announced definitely today that the democratic proposal for a league of nations debate between the republican nominee and Governor Cox would not be accepted.

Senator Harry K. New, head of the republican speakers' bureau, said he had not yet received the proposal sent him by Senator Pat. Harrison, in charge of democratic speaking arrangements and added: "I would not for a moment consider a proposition so utterly absurd."

### GAIN CONTROL OF OIL BLAZE IN IOWA CITY

DES MOINES, Ia., Oct. 14.—Fire fighters this evening gained control of the mammoth blaze which has destroyed 2,000,000 gallons of gasoline and crude oil stored in the Manhattan Oil company's tanks here. The fire started this afternoon following the small explosion in one of the tanks, thought by some to have been caused by lightning. The adjoining tanks owned by the Cedar Rapids and other oil companies are thought more to be safe.

Loss estimated at \$1,000,000.

## Society

Mrs. Thomas Robertson entertained last evening seven friends of her son, John, complimentary to his thirtieth birthday, at a six o'clock dinner. The table was centered with a pumpkin jack o'lantern, placecards and cut glass followed out the Halloween suggestion. The lights were covered with orange and black shades. The evening was spent with games. Those present were Owen Wright, Laurence Hall, Edward Horshook, Virgil Wright, Howard McKelison, Richard and Thomas Robertson.

The high school gave a dance last evening for the Y.M.C.A. team and students of the high school at the Lavering pavilion. This is the first of school dances given this year. Punch was served during the evening.

The Epworth League gave an indoor track meet at the church last night evening. There was a large attendance and a jolly time was had.

Miss Evelyn Wick entertained Thursday evening at her home with a delightful card party. There were twelve guests present. Six dressing as boys and the remainder as girls. The evening was spent with dancing. The hostess served refreshments at the close of the evening.

### MANY KILLED DURING TWO-HOUR STRIKE IN ITALY

LONDON, Oct. 15.—Many persons were killed in others wounded in various places in Italy during a two-hour strike Thursday, says a dispatch to the London Times from Rome.

Nine persons were killed at San Giovanni, four were killed and 14 wounded in Bologna and one man was killed and several men were injured in a clash between strikers and the police at Milan. Bombs were thrown at several hotels in Milan, including the Hotel Vavour.

# HIGH SCHOOL MEN OVERWHELM BUHL

Two Easy Game From Hival City  
With Score of Eighty-four  
to Nothing.

Buhl high school sent a doubling team here yesterday afternoon to battle the local football eleven and in spite of their many attempts to assist the officials in refereeing the game, they went home with a sound drubbing, the score being 84 to nothing. This is the largest total that the home boys have piled up in any of their three games and they have not yet been scored upon.

Twin Falls was much improved, particularly in the line, while the backs were a little better although they committed many disastrous fumbles. Of the backs Newman and Pix were the stars. Putzer, Irwin and McAttee putting up the best battle amongst the linemen. Newman showed his usual brilliancy in carrying the ball, scored six touchdowns and kicked twelve goals without a miss. His forward passing, though seldom called on, was also of the highest order. Pix pulled several sensational runs and scored three touchdowns. Horis and Phipps also did very good work. Hertz in carrying the ball and Phipps in making interference and opening up holes for the other backs.

What was probably the sensation of the game came in the last few minutes of the final quarters when Newman threw a short pass to Yochan and the latter ran 80 yards over his opponents goal line. Long runs were a common occurrence, all of the local backs showing exceptional ability in running through a broken field.

Putzer and Irwin showed great aptitude in opening holes for the man with the ball, ripping the Buhl line wide open, on almost every plunge. McAttee put up a splendid game in spite of the fact that he is in a crippled condition, once catching the ball on the kickoff and running it back for 20 yards.

Buhl was unable to gain ground consistently at any part of the contest, although they used the forward pass very effectively, completing nine, most of which were for long gains.

At the start of the contest the teams lined up as follows:

Twin Falls: 16, Taylor; 17, McAttee; 18, Putzer; 19, Denton; 20, Irwin; (Captain); 21, Balter; 22, Epier; 23, Newman; 24, Hertz; 25, Pix; 26, Putzer.

Buhl: 16, Lough; 17, Gurnee; 18,

Darigan; 19, Putnam; 20, Dunn; 21, Hinton; 22, Ambrose; 23, Clinton; 24, Slek; 25, Snyder; 26, Angelo, (Captain).

## HARDING REFUSES LEAGUE DEBATE WITH DEMOCRAT

ON BOARD SENATOR HARDING'S SPECIAL TRAIN, Oct. 14.—Republican managers on Senator Harding's train announced definitely late today that the democratic proposal for a league of nations debate between the republican nominee and Governor Cox would not be accepted. Senator Harry S. New, head of the Republican Speakers' Bureau said he had not yet received the proposal sent him by Senator Patrick Harrison, in charge of democratic speaking arrangements and added: "I would not for a moment consider a proposition so utterly absurd."

## RESUME TRADE HEARING.

SALT LAKE CITY, Oct. 14.—The federal trade commission hearing of the complaint against the Utah-Idaho Sugar company, the Amalgamated Sugar company, Ernest R. Woolley, and other Utah residents, charging conspiracy in restraint of interstate trade was resumed here today. Several weeks ago the hearing was transferred to Medford, Oregon, for the taking of testimony.

## PLACE COTTON EMBARGO.

DALLAS, Tex., Oct. 13.—Embargo against cotton shipments on Texas from Missouri, Kansas and Texas railroad have been lifted, J. F. Osborne, division freight agent, announced here today. Simultaneously, the road announced a similar embargo had been put into effect on its line from Parsons, Kan., to Denison, Texas.

## DR. EVANS HOLDS RECORD IN TEN-YEAR CONTRACT. FOR TWO THOUSAND TALKS

Dr. Arthur Walwyn Evans, the distinguished Welsh orator, has the unique distinction of possessing the longest term lecture contract in existence.

He came to the United States from Wales about ten years ago, a brilliant young orator, whose work immediately attracted attention. His popularity increased with each appearance and return calls came from nearly every committee. He quickly became one of the most popular lecturers in America.

He was just good enough that the Affiliated Bureaus, a couple of years ago, signed him up on a contract covering all his lecture engagements for a period of ten years! And during the life of his contract he is to lecture

at least two hundred times a year—a minimum of 2,000 lectures between 1918 and 1928.

Mr. Evans is the type which fulfills the real mission of the platform. He is a scholar of rare attainments, a gifted orator, and a keen analyst of men and affairs. His life in Great Britain and later on this side of the Atlantic has broadened him with a knowledge of the relationships of two great peoples, and he intimately knows the problems of England and America.

That Western Democracy Means to Me," is his most popular theme, and in it he tells in fearless language not only what is wrong with us here but also what is right with us.

## DECLARIES LEAGUE NOT ISSUE OF CAMPAIGN

DES MOINES, Ia., Oct. 14.—Parley P. Christensen, farm-labor candidate for the presidency, in an address here tonight said that the league of nations

was not his issue of the campaign, but had simply been dragged along for the democratic and republican nominees to spar over.

"Both Mr. Harding and Mr. Cox are in favor of some league of nations, whether it is Mr. Wilson's or some other; and whether democratic or republican with there is certain to be a league, because such an agreement has been reached between the financiers of the world, who control both parties. It is a commercial proposition, practically decided upon already, and both Mr. Harding and Mr. Cox are going to vote for it. I am in favor of a league of the free peoples of the earth."

## HARDING WRITES TO CAMPAIGN WORKER

NEW YORK, Oct. 13.—In a letter received here today by Mrs. Arthur Livermore, republican campaign worker, Senator Harding declared that it was "most important to elect a republican house and senate as to elect a republican executive."

"We cannot carry out republican policies or make good on our republican promises unless we have congress to give official expression in legislation," Senator Harding wrote.

"You know we have been preaching the gospel throughout the campaign, of the restrained and maintained functioning of the legislative branch of the government."

Senator Harding included in his letter an appeal for the re-election of Senator James W. Wadsworth Jr., of whom he said, close observation of his public services make me esteem him as one of the most useful, most able and most trustworthy men in public life today."

## MINER SWEEPER OFF TO AID MEXICAN BOAT

SAN DIEGO, Cal., Oct. 13.—Under orders from Rear Admiral Wilby, the United States mine sweeper Kinkaid sailed today evening for this port to the assistance of the Mexican gunboat Progreso, reported stranded on Sacramento reef, San Gerónimo Island, off the Lower California coast, with 250 passengers aboard.

## GOMPERS DENIES HE COULD DELIVER VOTE

BALTIMORE, Oct. 13.—In an address today before the convention of the International Brotherhood of Bookbinders Samuel Gompers denied reports that he "could deliver the labor vote to the democratic party" and said no person ever heard such an utterance coming from him.

Mr. Gompers said that he owed allegiance to no political party, that he was a partisan to principles and labor.

"We are not Bolsheviks," continued Mr. Gompers, "nor have we our hands at the throat of our government. We purpose to exercise our rights solely as American citizens."

"I cannot ask one vote and that vote in my own. I can only ally myself against the man who has lined himself with the reactionary interests and against the interests of the working people. I am going to urge all I can to cast their vote for Harding and that intelligent Coolidge, but for Cox and Roosevelt."

## WHEAT DISTRIBUTES EXCESS WOOL PROFITS

WASHINGTON, D. C.—Distribution of excess profits made by dealers who handled the wool clip in 1918 under regulations of the War Industries board is being made by the United States Department of Agriculture to some 100,000 wool growers. It was announced today. It is estimated by the Bureau of Markets, which has charge of making the refund from the dealers to the growers that the total amount of such excess profits was more than \$1,000,000, of which approximately \$160,000 has been turned over to the bureau for distribution.

## CHINESE APPROVE SENDING JAP TROOPS TO MANCHURIA

HONOLULU, Oct. 12.—The Chinese government formally has approved the sending of Japanese troops into the Hailuon district of Manchuria, to protect Japanese nationals there, say Tokyo cablegrams to the Nippon Jiji, Japanese language newspaper here. The cablegram adds that China has requested the Japanese government to withdraw the troops as soon as order has been reestablished.

## STEAMER REPORTED ASHORE PRINCE RUPERT B. C., Oct. 12.

## COUNTY SEED IS BEST IN STATE

Henry Christ, representing State Seed Commissioners Office, Com. during Tests.

"That the certification averages of seed grown in Twin Falls county is higher than that of any other counties in the state which he has yet yielded is the statement of Henry Christ, of the state seed commissioner's office."

Mr. Christ is now in the city conducting certification tests for the best farm bureau. These samples will be exhibited at the state seed show at Samsa in January next.

Mr. Christ says that he has found some exceptional samples, both of yellow wheat and red clover here. He is making a special effort to secure some good alfalfa seed to be placed on exhibition at the show in January. Mr. Christ will remain in Twin Falls for the next few days in order to complete his work here.

# BIG CIRCUS

Like all big shows you will find the fakirs and side shows before entering the big tent; they tell you in elaborate type what they have on the inside for you to take home for practically nothing. True they have a few baits for a come on but when it comes to cutting prices on the entire stock they fail to hold the crowds. Barnum may have been right when he said there was a sucker born every minute, but times have changed since Barnum's day and the public is getting wise to fake sales and wants real values—not goods marked up and then marked down. If you will compare the quality of our goods with any in Twin Falls you will be convinced that dollar for dollar the goods and merchandise we are offering are much better buys.

**CLEARCUT ISSUE**  
Every great step in human progress has met with opposition. Washington faced it, Lincoln faced it, Wilson faced it.

When the Constitution of the United States was under consideration, it was violently opposed in many quarters on the ground that, if adopted, the boys of North Carolina might be sent to help quell the rioters in Mexico. When the Mexican Derringer was under consideration, the same kind of people had visions of America's young men dying on the battle fields of South America, to maintain this doctrine.

Now we have the League of Nations issue with the same reactionary attitude that our boys will be sent overseas to help settle European quarrels. Without a League of Nations two millions of our boys were sent overseas and two million others were ready to go overseas. With a League of Nations future wars will be well nigh impossible and America will never again see four million of its men under arms.

Governor Cox has declared that he will prevent the League of Nations to Congress as soon as he can do so. Senator Harding has pledged himself to "scrap the measure." The covenant of the League of Nations is in the hands of the President. His action is necessary to bring it before Congress. Governor Cox promises to do that. Senator Harding says that the league is dead. The issue is clear-cut. It is either Cox and the League of Nations or Harding and no league.

## TIDE TURNS TOWARD COX

A most significant symptom of the political situation is the turning of the tide toward Governor Cox. One of the chief reasons for this change is the attempt of Senator Harding to play the role of weatherman. He has tried to be "all things to all men" that he might by all means win some. Having failed in so many diverging directions, he is beginning to turn himself coming back; having endeavored to prove himself in accord with so many varying views held by so many differing groups, he is now facing the fact that he is pleasing none of them.

A great factor in the turning of the tide has been the wonderful campaign which Governor Cox is making. At the time of his nomination at San Francisco, Cox was little known outside of Ohio. In the west, especially, there was little enthusiasm for him. Sparse and inadequate newspaper reports tended to add this disappointment. But those who heard him later or read faithful press reports of his speeches became enthusiastic in their allegiance. They recognized in him at once one of the ablest of campaigners and most sincere, earnest and serious-minded of men.

Discussions of the major issue of the campaign, the League of Nations, showed a thorough familiarity with the theme and a deep, sympathetic appreciation of its future significance. As a result, that large majority of the people of the country who believe in the league are recognizing the fact that a new prophet has arisen in Israel to take the place of him who was stricken down. Everywhere leaguer supporters of all political faiths are turning to him as a savior from international disaster.

## EMPLOYEES OF NEW FORD PLANT SUSPENDED

CORK, Oct. 15.—Nearly 1,500 employees, or virtually the entire staff of the new Ford automobile tractor plant here are reported to have suspended themselves at least temporarily out of work when they returned to the plant this afternoon from mass celebration for the hunger strikers in prison.

The workers were ordered to the plant this morning forbidding the men to interrupt their work to attend church services on pain of dismissal or having their wages docked.  
A prominent Sinn Féin leader visited the plant and appealed on behalf of the men to the American manager, Edward Grace. Mr. Grace declared that he was contemplating installing an entire new force of operators. However, he finally consented to take the present workmen back but not until next Monday.

**WHEAT PRICES CERTAIN**  
TO GO UP IN STATEMENT

WASHINGTON, Oct. 14.—Wheat prices are certain to go up, the American Farm Bureau Federation asserted in a statement tonight, because there is a world shortage and the United States is "overvalued." The recent drop in prices, the statement said, was due to "their propaganda by traders who sold heavily in foreign markets several months ago and are now endeavoring to fill those orders at a low figure."

"Almost every bushel of 25,000,000 bushels of wheat has cleared for foreign ports," it continued, "and the most optimistic figures have never indicated a total exportable surplus to exceed 20,000,000 bushels."

"The wheat crop of the northern hemisphere, exclusive of India, are more than 100,000,000 bushels under a year ago."

# RICH NEW YORKER WILL TRY TO SAVE DYING RACE

NEW YORK.—Because of his boyhood love for the South Sea Islands tales of Robert Louis Stevenson, New York's most picturesque author and multimillionaire, is going to purchase a sea vessel, hire an entire crew and sail to the Marquesas Islands to save a dying race. He is A. M. Andrews, employer of 5000 people, and owner of great estates in Manhattan, Chicago and California.

For 25 years Andrews, who has been a devotee of Stevenson, has wanted to visit the blue lagoons, the coral reefs and the waving palms of the tropical South seas. But the all sorts of affairs he has kept putting off pleasure until "tomorrow," and so has never done the thing he wanted to do most of all.

**Time His Islands**  
It is not likely he would be ready even now to start on this romantic trip of his dreams, but the other day he received a letter from "The Ghost," the great beauty of the Marquesas Islands, with whom he has corresponded for some years.

She wrote that the influenza epidemic has just killed her mother and that presently the entire race is dead. She wrote, "I hope you will come to help us, but hurry, for otherwise we will all be gone to the Great Spirit. Entire families here are empty, and only a few of us are left now to await the last call."

Andrews immediately set about to man the vessel "Hima," and has ordered it stocked with provisions, medicines, clothes and trinkets, and will soon set sail to minister to these people and to try to save to posterity the race he has always wanted to live among.

**Was Once Newborn**  
Fascinatingly, it was when he himself faced death at 20 from the ravages of tuberculosis that Andrews became attracted to the South Sea Islands life. He had been a newborn in Chicago with a stand in front of the old Chicago Herald when he was taken by the white plague. He fled to California and there, while fighting to regain his health, while the hours reading Stevenson's adventure stories. Then and there he made up his mind to go among the Marquesas.

Sec. 2. The board of directors of this corporation are hereby authorized to raise funds and revenue with which to improve all its business affairs, including the maintenance and the expense incurred in the distribution of water to the various parties entitled to the use thereof by the levying of a service charge to be paid by each stockholder or other person holding a contract with the Twin Falls Land & Water Company or with this company, for the purchase of water rights or shares as a condition precedent to the right of any said parties to receive a distribution of any water from or through the system of this corporation; and to provide for a penalty, to be paid by any party or parties failing to pay such service charge or the same becomes delinquent under the provisions of the resolution of the board of directors levying the payment of which said penalty shall likewise be a condition precedent to the right of said stockholder or other person holding a contract with the Twin Falls Land & Water Company, with this company for the purchase of water rights or shares to receive a distribution of any water through the system of this corporation; and provided, further, that nothing herein shall be construed to prevent said corporation from raising such funds, or revenue in any other manner not in conflict with law. Said service charge to be assessed upon the basis of the number of shares of water owned by him, or for which he has a contract with the Twin Falls Land & Water Company or with this company.

Sec. 3. All service charges levied or assessed by said corporation shall be under and by virtue of resolutions from time to time passed by the board of directors of said corporation, filing the same with the county clerk, within the time when each respective service charge levied and assessed by them shall become due and delinquent, and the penalty imposed upon the parties otherwise entitled to the use of water from the system of said corporation in the event such service charge is not paid before the same becomes delinquent.

## ARTICLE VI

**Amendments**  
Section 1. These by-laws may be amended at the regular or special stockholders' meeting, regardless of the purpose for which such special meeting may have been called, by a majority vote of the stockholders present in person or by proxy and voting on the question. PROVIDED, that a copy of such proposed amendment shall be filed with the secretary at least sixty days prior to date of the meeting at which proposed amendments are to be voted upon.

The secretary shall prepare ballots containing copies of proposed amendments, which shall be in similar form to those used in voting on constitutional amendments at general elections.

The secretary shall mail to each stockholder a copy at his last known address of the proposed amendments, together with notice of meetings.

Sec. 2. All other by-laws and parts of by-laws in conflict herewith are hereby repealed.

Adopted at a regular stockholders' meeting held in the City of Twin Falls, Idaho, on the 9th day of December, 1919.

# BEGS GERMANS TO JOIN REVOLT

Soviet Leader Addresses Meeting of Independent Socialists and Anarchists

HAILE, Germany, Oct. 15.—For fully four hours tonight, M. Zinovieff, chairman of the executive committee of the third international and one of the four big chiefs of soviet Russia, pleaded with the independent socialists at their convention here to join with Moscow, create a revolution in Germany and help carry out the proletarian program for a world revolution.

Zinovieff declared the agrarian policy of the soviet was necessary because the peasants would not be satisfied to work the land solely for the state. He defended terrorism on the ground that it had been necessary in the early stages of the revolution. The speaker asserted that the Germans now were ready for revolution, which later would be extended to Asia and America.

The speaker denied that the bolsheviks would use Germany to attack France but he declared that if the Germans joined the Third International they must accept Moscow's orders.

During the speeches of Dittman and Stocker, the conference frequently threatened to end in disorder. The gray head of Georg Ledebour always was a storm center to the radicals. But he invaded the left wing and threatened its leader, Adolf Hoffman. The members of the left continually were held down by their leaders and the uproar generally proceeded from the galleries and the conservatives.

## SURETY COMPANY CLAIMS GOVERNMENT IS AGAINST IT

PROVIDENCE, R. I., Oct. 14.—The National Surety Company of New York has filed a statement with J. F. Wilbour, Rhode Island insurance commissioner, charging that the federal government is boycotting it, and requesting that the attitude of the government be not permitted to prejudice the standing of the company.

Commissioner Wilbour has approved the stand taken by the company and condemns the present federal administration for its "coercive methods and despotism" which, he said, seem to be the keynote of the present national administration.

In a statement filed with Mr. Wilbour, President William B. Joyce, of the National Surety Company, said John B. Payne, secretary of the department of the interior, upon assuming office, issued an order that "until further notice sureties approved by the treasury department other than the National Surety Company of New York are preferred on bonds required by the interior department."

In pursuance of this order, President Joyce declared that the department of the interior has refused to accept bonds of his company without any justifiable reason for so doing.

## WOMEN ARE HOPING FOR CABINET POSTS

WASHINGTON.—The women of the nation are going to expect the next president to give them representation in his cabinet, declared Mrs. Abbey Scott Baker, political chairman of the National Woman's Party, here today.

"And what's more, they don't want some petty and baby job, such as chief of the bureau of education or in charge of child welfare. The next

president should appoint a woman to the position of secretary of war or secretary of the navy. There are two of these positions that have to do with war. A woman certainly should have one. Make a woman secretary of war and it would be pretty certain there would be no war. That is the desired result."

Mrs. Baker says the position of war secretary should be the easiest in the cabinet. Mrs. Baker is one of the few women connected with the National Woman's Party who is heart and soul in favor of the league of Nations.

"The world has submitted it is desirable to have women at the balloting," said Mrs. Baker. "It follows that it is desirable to have them in high position, in order that they may be official pulch to the desires of the millions of voters of their sex."

## WHEAT PRICES MAKE SHARP ADVANCE YESTERDAY

CHICAGO, Oct. 15.—After fluctuating through a narrow range for several days, wheat on the Chicago board of trade today advanced sharply, reaching a point 13 cents higher than yesterday's close, closing nine to ten cents above yesterday's market. Possibility that the Federal Government might take steps to protect wheat prices might bring an embargo on Canadian imports was given as one of the causes for the rapid climb, shorts covering their commitments hurriedly. Large Canadian importations have been given as one of the reasons for continued weakness.

While October options at Winnipeg went down 3-4 and closed at \$2.11, the December wheat option in Chicago was around the \$2.18 mark. Difference in exchange has held the American price equivalent to the higher Canadian figure.

## STANDARD OIL COMPANY FOUNDS FRENCH BRANCH

PARIS, Oct. 15.—The Temps this morning prints a dispatch from New York saying that the Standard Oil company had founded a branch in France. The dispatch added that negotiations between A. C. Bedford, president of the Standard Oil company of New Jersey and The Banque de Paris et Paysbas had reached the final stage in the organization of a French subsidiary of the Standard Oil company, with Jules Cambon as president.

The news created considerable of a stir on the Paris bourse and was the cause of greater speculation in oil stocks than had been seen for a long time. "Royal Dutch shares" declined four hundred francs while Shell transport stocks also went weak, closing eight points below yesterday's figures.

## BROTHER OF MACSWINEY APPEALS TO AUTHORITIES

LONDON, Oct. 15.—Peter J. MacSwiney, brother of Lord Mayor MacSwiney of Cork, who came to England without a passport or seaman's certificate, thereby violating international law, today appealed to the American authorities in London for advice and to ascertain if there was any method by which he might be given the status of an American citizen here.

The American authorities informed

## MILLERS ASK REVISION OF OCEAN FREIGHT RATES

CHICAGO, Oct. 15.—The Millers National Federation today chose a committee of 25 to supervise efforts to procure revision of present ocean freight rates on American flour and appropriated \$250,000 to be used in its work.

Action was taken after an all day discussion in which it was charged that present rates on flour are discriminatory. Flour should be given the same consideration as wheat, members of the federation declared, in adopting resolutions asking that the high rates created by the United States shipping board be removed as "a wartime emergency no longer necessary."

Members of the federation, in addresses today, charged that British millers make flour from American wheat which is shipped cheaply, and thereby procure European trade which had belonged to the United States millers for years. The high rate on flour, they charged, deprived American millers of work in milling American wheat in this country. Present rates on wheat will result in exportation of 100,000,000 bushels of the 1920 crop, it was said.

Continuation of the present rates will rob the American miller of the entire export trade, according to resolutions adopted.

The committee includes: Chairman A. L. Goetzman, Lacrosse, Wis.; Frank Kell, Wichita Falls, Tex.; H. K. Shaffer, Omaha; Charles L. Ross, Wellington, Kan.; and Carl E. Humphrey, El Reno, Cal.

## PENDLETON, Ore., Oct. 15.

Fourteen claims today were filed for the \$750 offered by the city of Pendleton and United States court for the capture of John Laffeborn, alias Jack Hunkle, at hearings by members of the county court and a city committee.

A contest also impends over the \$4,166 reward for capture of Neff Hart and Jim Owens. There will be no contest for the reward offered for the capture of Stoop and Henderson. Two sheep herders, it was announced, have a clear title to \$500 each.

## POBEE ENTRANCE TO HOME OF KIDNAPPER

EGG HARBOR CITY, N. J., Oct. 14. For unidentified men today forced an entrance into the New Orleans home of August Pasquale, "The Crank," alleged confessed kidnapper of 18-month-old Blakey Conklin, and attacked Best Updyke, watchman. Updyke was badly beaten before Pasquale's bull dog, adopted by Updyke, drove off the men. The stranger made a hole in the wall of "The Crank's" home and removed some articles believed to have been money or papers.

Pasquale is being held in Pennsylvania as a result of his confession that he smothered the baby during the kidnapping.

## USEFUL ORDER FIXING PRICE OF SUGAR IN CANADA

OTTAWA, Oct. 14.—The dominion government today suspended the order issued last night by the board of commerce of Canada, fixing the price of sugar in the dominion at not more than 21 cents a pound, until a hearing before the cabinet on October 20. The prime minister, as a result, has postponed his western trip for one week.

## CRUDE OIL ADVANCES

OIL CITY, Pa., Oct. 11.—The price of Cabell crude oil was advanced 25 cents to \$1.45. Somewhat crude was divided in two grades and the lighter oil quoted at \$1.40, an advance of 25 cents per barrel, over the heavier grade.

## TIMBER WORKERS OFFICIAL SBOORTED FROM CITY

KLAMATH FALLS, Ore., Oct. 14.—E. H. Wood of Everett, Wash., who held the position of president of the Timber Workers' union, on his arrival here today told a story of having been expelled from the city jail at Susanville, Cal. "By a mob" and threatened with hanging if he returned to that city.

Wood was arrested at Susanville Monday as an industrial worker of the city. Monday night the city marshal released him, Wood declared, to the custody of a group of men "numbering about thirty."

They took him to the city's outskirts told him to go and said he would be hanged if ever he returned, according to Wood's account given here today. After releasing him, Wood said, the men evidently repented of their decision and tried to capture him once more, but he eluded them by hiding in the underbrush.

Wood declared he would go to Sacramento and ask redress at the hands of Governor William D. Stephens.

## DRIVE AGAINST H. C. I. COSTS NEARLY \$500,000

WASHINGTON, Oct. 15.—The government drive against the high cost of living, abandonment of which has been set for November 1st, has cost approximately \$500,000, according to figures at the department of justice which today sent letters to all fair price organizations informing them of the conclusion of the campaign.

Department officials said the drive had been successful, but that lack of After releasing him, Wood said, the men evidently repented of their decision and tried to capture him once more, but he eluded them by hiding in the underbrush.

Wood declared he would go to Sacramento and ask redress at the hands of Governor William D. Stephens.

## INTEREST CENTERS IN TODAY'S FOOTBALL GAMES

CHICAGO, Oct. 15.—Although every football eleven in the Western conference will be engaged in battle tomorrow, chief interest centers in the contests between Iowa and Illinois at Urbana which is expected to develop into one of the hardest fought contests of the season.

The Illinois eleven, winner of the 1919 championship of the "Big Ten" will go into the game with a squad of veterans, but Iowa holds a slight advantage as a result of two nearly season contests. The Hawkeyes are reported to be in mid-season form.

Having beaten Cornell college, and Indiana, Iowa is considered as a contender for the western championship.

Northwestern will take the field against Wisconsin at Madison, North-western's surprising upset of Minnesota last week has made this eleven a dark horse in the campaign. Ohio state's showing against Purdue tomorrow will be watched with interest because of the important games on the "Turkey" schedule later this month, Minnesota will clash with Indiana at Minneapolis. The Gopher eleven is expected to show a reversal of form in such a game.

## CALL ROBINSTEIN IN CONNECTION WITH SCANDAL

CHICAGO, Oct. 15.—The Cook county grand jury in continuing the baseball scandal today subpoenaed Arnold Rothstein of New York and three St. Paul men to appear before it next Tuesday. Rothstein is mentioned by several witnesses as having been in the city and will be asked, possibly, if he was such, concerning the scandal. He has had with him, Alvin Karpis, concerning the possibility of "fixing" the 1911 world series.

The St. Louis men called are Harry Goodman, Joseph Kohn and Thos. C. Kearney.

It was said that they would be asked to substantiate the testimony of "Kid" Gleason, Chicago American league club manager, concerning a trip he made to St. Louis last fall to investigate possible crookedness in the series.

Some came because of the recommendation of friends; others at the invitation of the bank to try its service. Some selected us because our location is convenient for them, while others were willing to come a little out-of-the-way to utilize our facilities.

Everyone is here because "we satisfy." That is a pretty good reason for selecting your banking home.

## TWIN FALLS COUNTY FAIR IS HUGE SUCCESS

By J. M. Murkel, Secretary

"Let's learn from the greatest universities in America—the state and county fairs," said Fred High, the greatest authority on Chautauque in this country. If Mr. High is right, then Twin Falls county has just closed a small sized college.

"The preparation of the report on this year's fair reveals some very interesting things," said the secretary in discussing the matter with the board of directors.

The receipts are about all in and the bills and premiums are about all out. A complete and exact statement of affairs cannot be given for a few days as there are a few small items yet to come in and several bills have not yet been presented. Besides the Farm Bureau Junior department premiums will not all be paid until the completion of some special work to the satisfaction of the county leader. So far as the award sheets show the major portion of the premiums have been paid. However, there are a few that have been returned to the secretary because of incorrect address

or for other reasons. These all await claimants and will be sent as soon as the correct address can be learned. Inquiries should be addressed to the secretary. In the mailing out of over four hundred checks for premiums alone, some errors are apt to occur.

The gross receipts for the year are about eleven thousand dollars. Admissions totaled nearly six thousand; grandstands, thirteen hundred; concessions, sixteen hundred; rent, nearly nine hundred, and other sources brought the total up to the greatest gross receipts of any year in the history of the fair.

The race program cost \$2,700; the attractions cost \$2,000; expenses of judges were \$300; \$352 were paid to eleven exhibitors in the horse department; \$300 were paid to fourteen exhibitors of Short horns and other beef cattle; the dairy department had twice as many exhibitors as last year and the swine department cost the fair nearly \$500 besides the Futurity fund provided by the National Association. Last year the poultry show cost, in premiums, \$127. This year

more than three hundred dollars have been paid out and some awards are still in question. The Women's department took over three hundred dollars and were well worth the money. In all the amount of premiums paid this year is about fifteen hundred dollars more than last year.

There are some other things about the fair that are significant. It cost \$126 less to police the grounds this year than last. There were no "dope" fiends to annoy and no sheet writers to pester; no short character artists and no semi-nudity on the midway. The Kelly comedians paid more in commissions than all the shows with the carnival last year. Flynn paid more for the merry-go-round concession than all the rules paid to commissions and Flynn was pleased with the conditions. The entertainment in front of the grandstand pleased the crowds.

Once was a county fair, a chautauque, a musical festival and a neighborhood gabfest all combined. No bullfights, no bullfrogs, no "hooah" shows and no snout.

We need a few more improvements before the next fair. Sanitary drinking fountains; a new Women's building; larger grandstand and a better parking system. All in all, it was a hummer and is so pronounced by all that attended it.

## GIVE OUT LIST OF OFFENSES

DUBLIN, Oct. 15.—Dublin castle today gave out a list of outstanding offenses from January 1 to the week ending Oct. 2. It was accompanied by the statement that it was "a significant fact that for all the murders and shooting of police the number of perpetrators apprehended could be counted on the fingers of one hand."

"In this fact," the statement adds, "might be found the motive for reprisals. The authorities cannot get the men responsible, or if they do they get off through hunger striking or clemency of the government. No one can be found to testify against them, either through intimidation or because of political sentiment, therefore many of the police feel that drumhead justice is the only way to deal with them."

The list of offenses follows:

"Court houses destroyed 62, royal Irish constabulary barracks destroyed 54, royal Irish constabulary barracks damaged 158, raids on mails 646, raids on coast guard stations and light houses 88.

"Raids for arms reported 2,075

(many of these raids do not come to the knowledge of the police), police killed 109, police wounded 174, soldiers killed 16, soldiers wounded 61, civilians killed 27. These figures do not include the casualties in the Ulster riots in July and September."

"Coincident with this announcement the Sinn Féin Irish Bulletin publishes the details of attacks on 68 police barracks up to September 30, of which buildings, it is stated, twelve were captured and two destroyed during fighting. While 44 successfully resisted attacks. In the twelve barracks captured, 81 police were made prisoner, disarmed and subsequently released without injury.

"Seven men alleged to have taken part in attacks," the Bulletin continued, "were tried by court martial and sentenced to long terms of penal servitude."

The Bulletin adds that in addition two civilians were murdered as a reprisal and the town of Tim was burned. It asserts that the object of attacks on barracks was to secure arms for Ireland to defend herself. The Bulletin says the police casualties in these attacks were eight killed and thirty-three wounded, and five attacking parties lost seven men killed and forty-seven wounded.

STATE COLLEGE COW MAKES GREAT RECORD

DOZEMAN, Mont., Oct. 14.—Grace Koningen, a cow from the Holstein herd at Montana State college, here, will have produced 25,000 pounds of milk by the end of the year as the record of her fifth lactation period. It is estimated. This cow, now seven years old, is a granddaughter of Nora Koningen, foundation cow of the college herd, and was sired by a grandson of Colanthe Fourth Johanna, who at one time held the world's record for butter production.

For a time Grace Koningen was producing 100 pounds of milk per diem in four milkings, but the animal husbandry department of the state college was forced by lack of funds to let down on the care and attention needed for the maintenance of this high record. At present the cow is producing 60 pounds of milk daily, an amount expected to give her the highest production record for Montana.

HAVE SUGAR EMBARGO.

VANCOUVER, B. C., Oct. 13.—Embargo on "importations" of granulated sugar and an increased local price of 2-cents a pound plus freight was ordered here today by the Canadian board of commerce. Granulated sugar had been selling here at 19 cents a pound and Java sugar at 15 to 17 cents.

**FIGHTERS DENY THAT BOY UNFAIRLY FOUGHT**

**NEW YORK, Oct. 14.**—Reports circulated in sporting circles and published in some newspaper intimating that the bout Tuesday night at Jersey City between Georges Carpentier and Buster Lewis was not fairly fought, tonight brought strong denials from the principals and others interested in the contest.

"Before I came to America," said Carpentier in a signed statement, "I looked upon all Americans as the personification of fair play; of sportsmanship in the true sense. In fact, I thought America was the land of the square deal. You went to war to insure the world fair play. I did all you asked me to do. I fought the man you selected for me to fight. And this is what I got—the fight is called a fake."

"Give me a square deal. That is all I ask."

"I place my honor as a soldier and a citizen of France to the great American republic, that I fought to the best of my ability and I sincerely believe from the bottom of my heart that Lewis did the same."

"It is not possible for me to do anything to prove that this cowardly attack on my honor is undeserved."

In regard to the fight, I know my vindication will come if ever Carpentier meets Dempsey. In the second round, Carpentier hit me harder than I have ever been hit before. From that moment to the end of the contest I was dazed."

John S. Smith, chairman of the New Jersey boxing commission expressed the opinion that the bout was absolutely square.

The Chronicle's gigantic voting campaign will come to a close tonight, at eleven o'clock. A few words relative to the fair manner employed in winding up this big event may not be out of place.

No doubt today will be one of the biggest days of the contest. It is not unusual in events of this nature, considering the value of the prizes at stake, that the business turned in during the last day and night of the campaign be equal or exceeded the amount turned in during the entire time of the race previous to that day. Consequently the management has arranged every detail in such a manner that it will be absolutely fair, square and impartial to each and every candidate in the list. There promises to be a fierce battle for the honor of winning the Four Big Automobiles, and the biggest prize ever offered in a similar event by any newspaper in this part of the state.

In this event the prizes are surely worthy of the effort—in fact, they represent more than an average man's salary for more than a year. The cars themselves represent small fortunes.

Now, all this week up until the close of the contest, all business turned into this office by candidates may be placed in envelopes furnished

by the office and sealed. No one, other than our cutting friends, the Chronicle office, except the candidate himself or herself, can know what these envelopes contain. They will be opened in the presence of judges after the campaign is over at 11 o'clock tonight and the ballots made out to the amount of subscriptions enclosed.

The ballot box will be turned over to the judge, the count made, and the results announced in Sunday's paper, if possible.

Early Sunday morning however, the results will be bulletined at The Chronicle office showing the winners of the prizes.

Pair and Square. This method of closing the campaign is absolutely fair and square to everyone, for even the management itself has no way of knowing what any candidate has turned in until the point is ended.

Our Thanks. The management wishes to thank the contestants one and all for their assistance in making the big subscription campaign the phenomenal success which it has been. Our only regret is that instead of four, there were not only about two dozen automobiles to be distributed among the current workers who have been the means of giving The Chronicle an enormous paid-in-advance circulation.

spent Friday afternoon in Twin Falls shopping and on Saturday afternoon for Mr. and Mrs. Leslie Alberts are leaving this morning for Minneapolis where they will visit for some time.

Mr. C. W. Colner of Hansen, motorist to Twin Falls yesterday afternoon on a short pleasure trip.

**WHEAT GROWERS HOLD MEETING AT BUHL**

The Idaho Wheat Growers' association had a splendid meeting at Buhl Thursday night packing the chamber of commerce rooms with a crowd belated at 300. George C. Jewett, president of the association, and J. T. Fisher were the principal speakers, and J. H. Barker presided.

There will be other organization meetings at Kimberly on October 18, Fisher, 19, Castleford 20 and Hanson 21. At the first two meetings Mr. Jewett and Mr. Fisher will be present at the speaker, the latter two being conducted by Dr. John E. White and Bruce Campbell, state organizer.

**MAHON LYCUM COUSINS.** Arthur Wadley Evans, October 20; Mazar Laddie Quarten, December 10; Lincoln McClung, January 20; Garner Johnson Stinson, February 4; Wadley Girls, February 10; Season Tickets, adults, \$3.00. Children \$1.50.—Adv.

**SUIT IS FILED**

Suit has been filed by F. R. Cox against Guy T. Peters and Henry. The complaint asks to recover \$500. It is alleged on a note given July 1, 1916, and asks for attorney's fees and costs also.

**WILL ATTEND FUNERAL.** Mrs. A. J. O'Reilly left yesterday for Salmon, Ore., to attend the funeral of her mother. Mrs. O'Reilly will remain in that city for some time.

**W. S. C. DEPARTS IDAHO.** W. S. C. DeWitt, Idaho, Oct. 15.—Washington State College, defeated the University of Idaho here today with a score of 14 to 7.

## DRIVE CONTINUES WITH BIG SUCCESS

Subscriptions to Railroad Bonus Come in Daily—Total Amount Will Soon Be \$100,000.

Subscription Report.

western Idaho Wholesale company, \$750; J. A. Graham, \$500; and the Home Lumber Company, \$500.

## SENATOR JOHNSON URGES ELECTION OF HARDING

MILWAUKEE, Wis., Oct. 15.—The election of Senator Harding as president of the United States was urged here tonight by Senator Hiram W. Johnson of California, in the second of his speeches under the auspices of the republican national committee.

"Just now the overshadowing pall on the republic which we love, is the league of nations. It is the greatest issue in the United States since the civil war. The line of demarcation in the present campaign is clear—the democrats are on one side and the republicans are on the other. There is no ambiguity in the stand of the republican party, or in the stand of Mr. Harding."

"For reasons of their own, certain interested individuals and newspapers may represent and misinterpret his words. I repeat those imputations upon the sincerity of the utterances of the candidate, and the manifest endeavor in some quarters to distort his plain language."

## IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally If You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of swelling, stop about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined

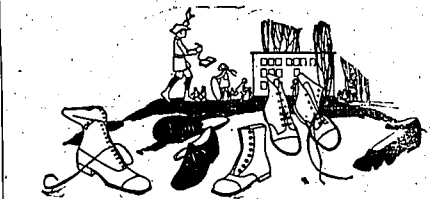

with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

## BRITISH APOLOGIZE FOR CENSORING OFFICIAL MAIL

LONDON, Oct. 14.—The censoring of American diplomatic mail by the British military in Ireland has led to informal inquiries at the foreign office by J. Butler Wright, charge of the American embassy, a quick expression of regret on the part of the British government and a personal apology from the officers responsible.

The letter in question was an inflexible missive sent by the embassy to the American consul at Dublin, Frederick T. F. Dumont. It was seized by the British military in a raid on the mail, and the British explanation, that the letter was opened by officers not accustomed to censorship, without intent to pry into the diplomatic correspondence of the United States, has been accepted by the embassy.
